CRAWFORD - DOSS REXALL DRUG

nent Ranger physician and surgeon, has announced the the Crawford-Doss Rexall Drug Store, He assumed ownership Monday morning from the former owners Stanley Owens of Strawn, O. H. Doss of Cisco, and Nick Crawford, former Rangerite and now a resident of Hobbs, New Mexico.

The new owner stated that he did not anticipate any im-mediate change in the store's policy. Mr. Doss will continue to serve as the pharmacist. Mrs. J. B. (Juanita) Blackwell will be manager of the front section of the store. Also serving the public will be Mrs. Opal Swain and Mrs. Cleta Coffman. Barbara Dawson is a part-time employee. Deliv-ery service will still be availa-

ble for drugs and medicines The drug store will observe the same working hours as in the past. Six days a week will be open from 8 a.m. 7 p.m. Sundays, it will be open from 8 till 11 a.m.

The Gohlke family moved to Ranger July 4, 1960, and recently moved into their new rome at 610 Walnut. Dr. and Mrs. Gohlke have three children, Martin, 81/2; Carrie, 815, and Greta, 5, who is a Ranger son and family since December, 1963.

Dr. Goblke and the staff for Ranger Rexall Drug invites everyone to come by and avail themselves of their high merchandise and

CYCLE. Adequate moisture at the proper time is essential in the life cycle of the weevil.

Di-Syston, a new systemic insecticide for the control of the yellow aphid, honey dew creating insect, has been successfully controlled in the county, Cooper stated.

The material is taken un into the sap stream of the trees and kills the insects. It is expected to be approved by the Food and Drug Adminis tration in the very near future. Early June is the prop-er time to apply Di-Syston.

E. L. Jackson of Cisco was business visitor in Ranger on Tuesday.

Mr. and Mrs. W. F. Deator recently, visited Mr. Sherman Deaton of Stephenville and Mrs. S. G. Bridges of Gordon.

Control weeds grasses

Use Vernami on your peanuts

VERNAM controls annual grasses and many broadleaf weeds including crabgrass, barnyardgrass, pigweed, purslane, foxtail, Johnson grass from seed and annual morning glory. It reduces weed competition in the row for soil moisture, fertilizer and sunlight. You save time and money on cultivations.

VERNAM is a liquid - easy to use. Just mix it with water, spray it on the surface of prepared peanut soil, and incorporate right away. You can do it in one trip over the field. No need to depend on rainfall to carry VERNAM down to the weed seeds. And, since it's there from the start, VERNAM reduces the chance of Southern stem blight, caused by injury from early cultivation. It leaves no soil residue to interfere with crop rotation.

Use VERNAM on your peanut land this year. Besides saving labor and money, you get better yields from reduced weed competition.

See your dealer for full information. Stauffer Chemical Company, Agricultural Chemical Division, Houston, Lubbock and Weslaco, Texas.
