NEWS • NOTES • BRIEFS

MANY HAPPY RETURNS to the following Rangerites who will celebrate birthdays during the coming week:
 Sunday — Clyde Reid.
 Monday — Brenda Weldon.
 Tuesday — Mrs. W. L. Bordeaux.
 Thursday — Mrs. Joe Weeks; Mrs. Gorman Morton, Mrs. Raymond Bryan.
 Friday — Jackie Browning.
 Saturday — Atha Evelyn Croix, Fanny Matthews, Butch Owen.

CONGRATULATIONS to these couples who will observe wedding anniversaries this week:

Monday, May 8 — Mr. and Mrs. E. G. Revels and Mr. and Mrs. Alton Coffman.
 Thursday, May 11 — Mr. and Mrs. Carl Page.

OUR THANKS to Mrs. Bess Brinneman for this clipping which, if poor medical advice, is good for a laugh. We quote:

We have a startling bit of information 40 years too late. A German doctor warns that beating a kid on the seat of the pants can damage the kid's brain in later life. Dr. Felicitas Hammer says such rear-end thrashings can dislodge tiny fatty particles which may subsequently cause blood clot in the brain. The good doctor could have told our parents about this. The day of the woodshed is gone and few thrashings are now administered. However, it might explain how the older generation got itself so mixed-up.

RANGER RAIN gauges recorded 10 inches early Friday morning. Sounds unbelievable what with all the thunder and lightning, perhaps just another case of "more smoke than fire". All moisture is more than welcome, knowing "there's plenty more where that came from."

GLAD TO SEE by the papers that old Highway 80 is going to be widened and become Interstate 20 from the Eastland County line east through the City of Weatherford. This is the worst stretch of road in these parts and has been for a good many years.

Right now, the road could be pretty fast if it wasn't for the trucks. Ninety-eight per cent of the trucks refuse to pull over to the right and let you by, so there is usually two slow lines of traffic — one going in each direction — on the road during busy times.

WATCH FOR THE pecan case bearers. They come out in May and you'll need to be ready for spraying. If you'll watch this newspaper, we will pass the word as soon as there are signs of the insects. Their tiny white eggs appear on the small pecans on your trees.

Orchard conditions appear pretty good right now for nuts and fruits. The rain that fell Thursday night, an inch or so over the county, didn't hurt.

Former Eastland Man Charged In Theft Case

A former Eastland man was arrested Friday morning at his home in Hurst, near Fort Worth, and charged with receiving and concealing stolen property and the Eastland County Sheriff's Dept. is receiving credit for helping solve the burglary of a clothing store in Marlin, in Wood County.

A message received by County Sheriff L. E. Sublett and his Department Friday sums up part of the story:

"Sheriff Brady Pampin and myself extend thanks and congratulations for fine effort in breaking the R. E. Cox burglary case. Your call (regarding) the suit from R. E. Cox Co of Marlin that you obtained in the course of your investigation broke the case for us." Signed, J. W. Ballard, Manager R. E. Cox Co, Marlin.

The developments in the unwinding of the case from the sheriff department's blotter: "April 28, 11 a. m. to 1 p. m.:

Worked on burglary job with officers from Euless and Hurst.

"April 29, 9 a. m. picked up a man's suit which came from burglary in Marlin.

"May 2, 8:30 a. m. to 3 p. m. Worked with officers from Marlin on clothing burglary. Picked up 71 men's suits.

The 71 suits have been returned to Marlin and Sublett reports that some of these were taken in burglaries at Kaufman and at other points. Valued at several thousand dollars, the suits were identified as those taken in a burglary in Marlin last fall.

Sublett said the suits were apparently connected with a "ring" of similar burglaries. A total of 80 men's suits were taken in January from the same Eastland store in which the Marlin suits were located this week.

The suspect, the sheriff said, stated that the suits had been bought from an unidentified man in Grand Prairie.

How Creep Feeding may help your cattle profits

Lots of cattlemen in this area have found it pays to creep feed their calves. Helps the calves, and their mamas, too.

Here's proof from work with 2800 head of test cattle where calves were fed Purina Creep Rations:

1. 34% more choice and good grade calves.
2. Heavier calves. Every 10 calves creep-fed Purina returned weight equal to one extra calf. (No extra cow to breed, feed and care for, either.)
3. Better cow condition. Cows suckling creep-fed calves carried 44 lbs. of extra condition.
4. This extra cow condition meant 16% more calves the following season.

That's a big return for just a little outlay in creep feeding the Purina Way. Come in and let us talk over your operation. Prove to yourself Purina feeding can cost you less.

Scranton placed fourth in the district and Nimrod placed sixth. Both communities are in Division II which included communities which had entered more than three years or were previous first placed winners in Division I.

June Draft Will Call for 975 Men

State draft boards will be called upon to furnish 975 men for the armed forces in June, Colonel Morris S. Schwartz, State Selective Service director, said Tuesday.

This compares with quotas of 885 for May, 675 for April, 761 for March, 674 for February, and 1,110 for January.

The Selective Service boards will forward approximately 4,000 men in June for pre-induction examination, Colonel Schwartz said, and they have scheduled 3,000 for this examination in May.

Local board quotas for induction and pre-induction examination in June are scheduled to be mailed from state Selective Service headquarters on or about May 10.

The Texas quota of 975 for June is the state's share of a national call of 19,800. This manpower is for the army.

4-H Club News Prepared
By

The Rising Star 4-H Club met and reorganized on Thursday night, April 27. There were approximately 60 people in attendance, including 15 parents and adult leaders. The Assistant Agents conducted the meeting at which 45 new 4-H Club members were enrolled. We are looking forward to having an active 4-H Club in the Rising Star area. Plans are being made to hold meetings and activities throughout the summer. The Clothing groups will start meeting on their subject matter units in the near future.

Those boys and girls who will want to be putting calves on feed for the county and area shows will be getting their livestock started in the not to distant future. Some boys and girls may even want to consider the commercial steer shows at Dallas and Houston.

On Saturday, May 13, the Asst. County Agriculture Agent and 4 Eastland County 4-H Club boys will attend the Little Southwestern Livestock Show at College Station. The boys will be observers at the show in which competition is based solely on showmanship. The young men who will attend are Carter Housel of Rising Star, Tommie and Bobby Lee of Cisco, and Bobby Williams of Gorman. These boys all show in major stock shows and will receive pointers on how they can best show their livestock.

Some more timely tips for short skirt wearers:
—If your legs are long, short hemlines will make them look longer; shorter legs will be

flattered by higher hemlines.
—If legs are not so slim and shapely, the best length is knee cap or mid-knee.
—Shoes with low, casual, squared heels are great with Sports wear. Low heels step out with dressy outfits.
—Taboo—teetering, high-heeled pumps with short skirts.
—Perfect companions—textured hose and tights—for low shaped heels.

THE GORDON SPOT

By DeMarquis (Dee) Gordon
Eastland County Extension Agent

If you are a pecan grower you better get your spraying equipment ready and buy the needed chemicals or make arrangements with a commercial applicator so spraying can be done on schedule.
The pecan nut casebearer is the little worm that goes into the small pecans and completely destroys the nuts they attack. They seem to be developing ahead of schedule this spring.
Arthur Ellington of Cisco, vice president of the Eastland County Pecan Growers Association is closely observing the development of the casebearers. As a service to pecan growers in the county he placed about 200 corrugated paper bands on pecan trees in order to trap some of the casebearers. The bands were put on trees in four orchards in the county. He has about thirty casebearers which were in the pupa stage when they were collected. They are now emerging from the pupa cases into moths or the adult stage.
Ellington said the first moth emerged on April 28. In 1966 and in 1965 the first moth emerged on May 15. This is in line with reports from over the state. The specialists say the moth emergence and egg laying will be about 10 days earlier than normal.
At the time this column is being written it is too early to set a date for the spraying, but we expect it to be from May 15 to May 20. In addition to Mr. Ellington's observation we are keeping in close contact with the Pecan Field Station in Brownwood and the Experiment Station in Stephenville as well as obser-

ving trees for casebearer eggs. Timing is very important in controlling this insect.
There are several insecticides that can be used to control the casebearer. Some of the most commonly used chemicals are Carbaryl (Sevin), Malathion, Foxaphene, or DDT. If it is necessary to spray twice, I suggest you use different insecticides each time. Sevin is used more than the others because it is effective and one of the safest chemicals on the list.
You should also add zinc sulfate at the rate of two pounds per 100 gallons of water. Zinc is a plant food which most pecan trees need each year.
If you have trouble with leaf diseases you can also add a fungicide to the spray. Some of the recommended fungicides are Du-Ter, Cyprax, Zineb, Polyram, and Bordeaux.

If you would like more information on the chemicals to use and amounts to apply come by my office and ask for a copy of "Texas Guide for Controlling Insects and Diseases on Fruits and Nuts". Watch this paper for further announcements of the time to spray pecan trees.
These chemicals are poisonous and should be used with caution. Be sure to read the label and follow directions.

CLEAN Flameless electric ranges cook with heat as clean as electric light. There are no fuel combustion by-products to soil kitchen walls, curtains and woodwork. Pan bottoms stay fresh and new looking longer with a minimum of cleaning and care.

COOL With electric cooking, there are no flames to waste heat into the kitchen air. And because the flameless electric oven heats without combustion, it requires no flow of air into and out of it. The oven is insulated all around - including the bottom - to keep heat inside where it belongs.

MODERN Only an electric range offers so many modern features for easier, more enjoyable cooking. Many models offer such features as color-lighted pushbuttons or dial controls, clock-controlled ovens, automatic surface units and meat thermometers. Honors included recognition on the Bob White Show, KBUY, Fort Worth.

Mrs. May Hosts Circle Meeting

Mrs. C. E. May was hostess for the final meeting for the year, Circle III, WSCS, First Methodist Church, at 3:30 p. m. Monday, May 1.

Opening prayer by Mrs. P. M. Kuykendall was followed by reading and approval of minutes. Twelve members answered roll call with Miss Mary Kohler recognized for perfect attendance. Mrs. Bracken submitted a very concise and rewarding report of circle activity for the year. Thirty-nine cards and 59 visits were reported for April. She commended members for their faithfulness to duties.

Mrs. J. A. Bates, treasurer, reported \$376.50 in pledges paid in full and \$20.43 previously collected from world banks. In the absence of Mrs. R. R. Mitchell, Mrs. Bates gave the Cheer Fund report, a total of \$15.52, of which, \$15.00 was applied to deficit in pledges. Get well cards were sent to Mrs. B. A. Tunnell and Max Ohr and a sympathy card to former pastor, Rev. B. L. McCord whose mother died recently.

Mrs. O. R. Criswell, program chairman, read excerpts from 1 John Chapter 4 for devotional thought and presented Mrs. J. E. Matthews who read an impressive article "Why I Am A Methodist", by Richard S. Battle.

It was with a feeling of accomplishment that the meeting was brought to a close with Mrs. Bracken leading members in repeating the Lord's Prayer.

Delicious refreshments were served to Mrs. Bracken, Kuykendall, John Ivy, Bates, Lois Fyffe, Nora Roush, Bess Brinneman, Matthews, Criswell, Miss Mary Kohler and the hostess, assisted by her sister, Miss Beulah Harriott.

MISS HIGGINBOTHAM

LOCAL MUSICIAN PURCHASES FINE INSTRUMENT FOR HOME

Happiness is many things to Miss Mary Frances Higginbotham, and this includes organ music. Accompanying picture shows her seated at the console of the 45-C Church Model Baldwin organ purchased recently.

This is not the first organ to grace the living room of her home, 921 Spring Rd. For twelve years she has owned an organ and has devoted much time to perfecting the technique that delights those privileged to hear her play.

A student of Fred Baumgartner, former head of the Fine Arts Dept. at Ranger Junior College, she has served as organist at St. Rita's Catholic Church for the past twelve years where she also teaches catechism.

This sounds like a full-time job but such is far from the case. Thirty-eight years ago, she was employed by the late George Gengler to "work a few days" at O.K. Grocery. She is still on the job at Ranger's oldest business in the same location which, she laughingly suggests, might indicate that she is the slowest person in town.

Forty-six years ago, Mary Frances moved with her parents, the late Mr. and Mrs. F. A. Higginbotham to Ranger. The Spring Rd. address has been the family home to this date. She keeps house and, probably to prevent time on her hands, grows a variety of flowers in her spacious yard.

Happiness is love of and for family and friends and her's is truly an abundant life in this respect. She projects a wholesome influence upon the lives of those whom she serves and finds this a richly rewarding experience. Added to this is the joy of being the perfect hostess during visits of her sister, Mrs. Agnes Higginbotham Robinson of San Angelo; brothers, James Higginbotham of Trinidad, and Father Paul Higginbotham, pastor of St. Mary's Catholic Church in Henrietta.

The fact that she is now the only member of her family living in Ranger offers no inducement to move away. She is a solid citizen of our town, the type of citizen that makes Ranger a desirable community in which to live.

ALERT AND WAITING—Two soldiers keep a sharp lookout across a river, alert for possible Viet Cong activity on the other shore. They are members of Company C, 2d Battalion (Mechanized), 22d Infantry, 4th Infantry Division, on Operation GADSDEN near the Cambodian border.

She is still on the job at Ranger's oldest business in the same location which, she laughingly suggests, might indicate that she is the slowest person in town.

Forty-six years ago, Mary Frances moved with her parents, the late Mr. and Mrs. F. A. Higginbotham to Ranger. The Spring Rd. address has been the family home to this date. She keeps house and, probably to prevent time on her hands, grows a variety of flowers in her spacious yard.

Happiness is love of and for family and friends and her's is truly an abundant life in this respect. She projects a wholesome influence upon the lives of those whom she serves and finds this a richly rewarding experience. Added to this is the joy of being the perfect hostess during visits of her sister, Mrs. Agnes Higginbotham Robinson of San Angelo; brothers, James Higginbotham of Trinidad, and Father Paul Higginbotham, pastor of St. Mary's Catholic Church in Henrietta.

The fact that she is now the only member of her family living in Ranger offers no inducement to move away. She is a solid citizen of our town, the type of citizen that makes Ranger a desirable community in which to live.

The Mother's Ring

Bands of 14 K. gold for Mother and Father. Gemmed by synthetic stones one for each child's birth month.

Is Mother's Day the only appropriate time to give her The Mother's Ring?

Not really. Christmas, Valentine's Day, Easter, her wedding anniversary, her birthday, the day her first child arrives may be equally significant days for her. But since Mother's Day is so close, why wait?
