## Trail Dates Set In Major Cases

**PERMANENT POSITION**  
The United States Senate confirmed the appointment of Ross Hodges as Ranger Postmaster last week, according to Congressman Omar Burleson. Mr. Hodges has been serving as acting postmaster since December 31, 1965.

Tentative trial dates have been set in 91st District Court in two major criminal cases in the county officials announced Tuesday.

Monday, May 29, is the date set for the trial of Bryant W. Bowles, 45, of Cisco, and Larry O. Clark, 21, of Dallas. Bowles is under indictment and has been arraigned for kidnapping, sodomy and inducing a minor for immoral purposes. Clark is under indictment for assault with intent to rape and burglary.

Bill Thomas, Abilene attorney and former Taylor County Attorney, will assist County Attorney Perry T. Brown in the prosecution of these cases, it was announced.

Dewey Cox of Ranger is the court-appointed attorney for Bowles, and W. B. Wright of Cisco has been named to defend Clark. Truman Kirk of Cisco has withdrawn as an appointee for Bowles.

Hobby Joe Mann, 24, and his uncle, Ruby Leroy Mann, 46, both of Abilene, were to have been tried in a non-jury trial Tuesday but Presiding Judge J. Frank Sparks was asked by Judge Louis T. Holland, administrative judge, to go to Wichita Falls Tuesday to hear cases there. DA Brown indicated that he will attempt to have the Mann trials early next week. Both are charged with burglary in connection with the recent seizure of service station and take break-ins throughout the area.

The younger Mann failed in an attempt to break jail last week here when Jailer John Shook and Mrs. Shook heard him sawing a steel bar.

Calvin Sears of Cisco, indicted for hog theft, was slated to be tried June 5, it was reported. Mr. Kirk is attorney for him.

The April term grand jury was scheduled to report back for service on May 15, and a jury commission will be called for May 22, it was reported.

## ANNUAL SUB DEB TEA TO BE HELD SUNDAY

The annual Mothers' Day Tea of the Sub Deb Club will be held Sunday afternoon at the Community Clubhouse, Pine Street, from 2:00 until 4:00 p. m.

The 1967 tea will mark the 31st year of Mrs. R. L. Hamrick as sponsor of the Sub Debs. In the 31 years, 30 teas have been given, and she has watched the affair grow in popularity through the years. Planned originally to honor mothers of members only, the tea now entertains approximately 100 guests each Mothers' Day.

The Sub Deb Club was organized in the early 1930's by Mrs. A. Neill. When she moved from Ranger in 1936, Mrs. Hamrick succeeded her as sponsor, and she has continued her association with the club to the present.

The club, made up from 25 to 30 teenage girls, is a social organization interested in the community welfare. The service activities of the group include a bake sale for the March of Dimes and help with the Ranger Heart Fund. The club meets once a month in a members home.

A graduate of Texas Woman's University with both the bachelor's and the master's degrees, Mrs. Hamrick is chairman of the Division of Humanities of Ranger Junior College, where she is instructor of classes in English and journalism. She is active in the Ranger Garden Club, and the Ranger Branch of the Association of University Women. She is a member of the 1930 Club and of the First Baptist Church.

The Sub Deb Club regrets that Mrs. Hamrick will not be able to attend this year's tea, as she is a patient in Hendrick Memorial Hospital, undergoing therapy.

Sub Deb officers for the present year are as follows: Joyce Johnson, President; Joyce Falls, Secretary; Dorothy Oliver, Treasurer; Ruby Cole, Reporter; Betty Je Weekes, Scribbler; Ann Ratliff, Sergeant-at-Arms.

The Sub Deb Club would like to take this opportunity to invite all Mothers in Ranger to attend this annual event.

and Vernon Deffebach. Club president Mrs. R. V. Robinson welcomed members and guests. Highlight of the program was a review of "Papa's Wife", by Thyra Ferre Bjorn, presented by Mrs. George Robinson.

Club meetings will resume in October. Mr. and Mrs. Bill Herod attended the Western Auto Merchandising Show in Dallas last weekend.

Redistricting bills are ready for test votes in the House.

A court reapportionment measure which would add 14 courts, eliminate two and provide for district realignment, was reported favorably by the House Committee on Judicial Districts.

Bill would provide two new courts each for Dallas, Harris, Bexar and Tarrant Counties. Single courts would go to these districts: Hidalgo County, 200th District, Comal and Guadalupe Counties, 201st District; Duval, Jim Hogg, Zapata and Starr Counties, 202nd District; Randall County, 203rd District; Collin County, 204th District; Gregg County, 205th District; Crockett, Schleicher, Menard, Sutton, Kimble, Edwards, Real, Kerr and Bander Counties, 209th District; and Wharton, Fort Bend, Matagorda and Brazoria Counties, 20th District.

It would combine district courts serving Hill and Freestone Counties with other counties. It provides for abolishing the 88th District Court effective Jan. 1, 1970 and the 82nd District Court, effective Jan. 1, 1971.

Candidates for the new judgeships would run for office next year, taking over on Jan. 1, 1969.

A congressional redistricting bill, required by an order of the federal court, is complete. But it has been held back due to controversies.

Congressional redistricting as drawn by the House Committee would require no incumbent congressmen to run against another incumbent. Committee Chairman Gus Mutscher of Brenham said the bill would carve 23 new districts which vary no more than five per cent in population.

Mutscher indicated that the redistricting measure for House seats is virtually complete and will follow congressional reapportionment by about 10 days.

A bill to outlaw closed-door meetings of government agencies passed the Senate unanimously.

However, an amendment would exempt departments, agencies and political subdivisions not supported by or spending tax funds.

Misdemeanor fines are provided for violations, and "any interested person" may launch court action for mandamus or injunction against closed meetings.

Sen. Chet Brooks of Pasadena handled the measure in the Senate. It now goes to the House where Rep. Bill Rapp of Raymondville is sponsor.

House overwhelmingly passed a resolution proposing a method of state constitutional revision. A 20-member commission assisted by a 20-

member citizens advisory committee would report recommendations to the next Legislature for elimination of voters.

Rep. R. H. Cory of Victoria's author of the House resolution.

Senate State Affairs Committee approved a bill to establish a 45-member constitutional revision commission. Under this bill, by Sen. A. R. Schwartz of Galveston, the commission would be limited mainly to recommendations. It would offer suggestions to the Legislature for eliminating obsolete and repetitive sections.

### 11th COURT . . .

(Continued from Page 1) obtain the court since they are planning to start construction in the near future for a new county courthouse and would like to include the Appeals Court in their plans.

"I am sure that not all the people of the Abilene area know that to duplicate the existing Eastland facilities would increase their tax burden by a third of a million dollars, and if they know this expenditure is being considered just to satisfy a few attorneys, they would probably be against it. In fact, many from Abilene have been in Austin expressing this very dissatisfaction with the attempt.

"In my estimation, there is now way that his bill could ever make it through the complete legislative process this session.

"I have personally consulted with the Speaker and the Lt. Governor and both are sympathetic to our positions, as are many, many members of House."

The bill came out of the House Judicial District Committee Monday in what was called a "Jim Hogg meeting" called during the House session.

Two members dissented, but the committee gave the bill a favorable report, making it eligible for action by the House when the Rules Committee puts it on the calendar.

One minor amendment was adopted, on recommendation of the subcommittee headed by Rep. Raul Longoria of Pharr. It made Taylor County, rather than the City of Abilene, responsible for furnishing the quarters for the court if it is moved.

Rep. Tati Santisteban of El Paso and C. L. Ray Jr. of Marshall joined Longoria in recommending the favorable report.

Members voting against the favorable report were Rep. James E. Nugent of Kerrville and Bob Salter of Gatesville.

Other members at the meeting favored the move. The bill had been in the subcommittee since the public hearing Feb. 23. A month later the five members of the subcommittee went to Eastland to inspect facilities there as a part of the drive by Eastland people to prevent approval of the bill.

But Monday's happenings indicated that Rep. Temple Jackson of Sweetwater, author of the bill, was able to convince the "vital three" that the bill should be approved.

Rep. Burke Musgrove, Breckenridge, whose district includes Eastland, said after his decision that there is "no justifiable reason to move the court to Abilene—certainly not enough to account for Eastland's loss of its investment."

"Out of courtesy to the speaker, I plan to talk to him about it before I give any statements," Musgrove said.

## Social Security Numbers Needed By New Workers

Spring is summer job hunting season for many high school and college students. Students who will be taking a job for the first time and will need a social security number were urged by R. R. Tuley, Jr., social security district manager, to apply now and avoid the May and June

rush. He stated that, by applying now, the student will avoid unnecessary delay. In late May and early June the number of applications for social security cards is four to five times greater than in the other months of the year and some delays occur. Since employers need to see a new employee's social security card before he goes on duty, getting the card late could cause a delay in starting work, an result in missing a good job opportunity.

Tuley concluded by advising students not to wait until school is out to apply for their social security numbers. Applications may be obtained from local post offices or from the Abilene social security district office located in the Federal Building.

# County Pecan Growers Field Day Is May 16th

George Madden, Brownwood, and T. E. Denman, Stephenville, will both appear on the program at the annual spring field day of the Eastland County Pecan Growers Association. The program will be held at the Paramount Hotel at Ranger May 16th reported J. M. Cooper, East-

The morning session scheduled to start at 9:30 a. m. will be concluded with a business session just prior to lunch at the hotel. In the afternoon the group will check on the current stage of the life cycle of the pecan nut casebearer, the most destructive of all pecan insects, at the Freeman orchard in the Chaney community. The orchard is now being operated by Chester Marrs, formerly with the Leonard Orchards at Goldfwaite.

Both Madden and Denman are top horticulturists according to DeMarquis Gordon, County Agricultural Agent who served along with C. E. Smith, Rising Star and A. D. Ellington, Cisco as a committee to arrange the program.

Those desiring to learn more about pecan insects and diseases are cordially invited to attend either the morning or the afternoon session or both said Gordon. The var-

ious stages of the life cycle of the casebearer will be discussed in detail during the meeting. Madden will discuss pruning and tree spacing in pecan orchards.

Oscar Schaefer, Cook Community, former president of the organization, is chairman of the current membership drive of the organization.

The meeting is open to the general public. Both men and women are welcome to attend the field day.

## Financial Help Available For College In Four Gov't. Plans

DALLAS—High school juniors and seniors were reminded today that they may be able to obtain financial help to go to college under one of four Federally supported programs.

Dr. C. V. Galbreath, director of Higher Education for Region VII of the U. S. Department of Health, Education and Welfare, urged that seniors who are planning to attend college this

fall and who need financial assistance to meet educational costs get in touch immediately with the financial aid officer at the college of their choice and apply for a job, loan, grant or other assistance for which they may be eligible.

The four major Federal programs of financial aid to students, available to eligible students in any field of study, are: The National Defense Student Loan Program, the College Work-Study Program, the Educational Opportunity Grants Program, and the Guaranteed Loan Program.

During the 1967-68 academic year it is expected that these four programs will assist about 1,175,000 undergraduate students throughout the Nation to attend institutions of higher education, at a total cost of over \$1.1 billion.

**Student Loan Program**  
"Most colleges and universities in the United States take part in the National Defense Student Loan Program, the oldest major program of Federally supported student assistance," Dr. Galbreath said.

Under this program students borrow directly from their colleges. Repayment and interest do not begin until after the student has ended his studies, and may be extended over a 10-year period. An undergraduate student may borrow up to \$1,000 each academic year to a total of \$5,000. Graduate students may borrow as much as \$2,500 per year to a maximum of \$10,000. There is a special cancellation provision for student borrowers who become teachers.

For the academic year be-

ginning this fall, an estimated 16,550 students in Texas, in attendance at 84 institutions of higher education, will borrow an estimated \$11,600,000.

**Work-Study Program**  
The College Work-Study Program provides jobs on campus or off campus for students who need employment to help pay for college expenses. During the present school year it is estimated that more than 184,000 undergraduate students are employed in this program, earning an average total salary of about \$700 a year. During the present school year an estimated 9,980 students attending 77 colleges in Texas were employed in College Work-Study programs, at an approximate Federal cost of \$6,350,000.

**Opportunity Grants**  
"Educational Opportunity Grants," Dr. Galbreath said, "is a new program that began operation in the fall of 1966. It is intended for undergraduate students in such extreme financial need that without the grants they could not attend college."

In its first year of operation, \$58 million in Federal grants enabled 134,000 students to attend college. These students, so long as they remain in good standing, are eligible to apply for grants for each year of undergraduate study. The grants range from \$200 to \$600 a year.

During this school year 5,037 students are attending college in Texas with the help of Educational Opportunity Grants.

**Loan Program**  
The Guaranteed Loan Program, which began operation in the summer of 1966, provides a means for students to borrow directly from their bank, credit union, savings and loan association or other eligible lender. While any student may borrow, the program is intended primarily to ease the heavy burden of educational costs for middle-income families. For students whose adjusted family income is less than \$15,000 a year the Federal government pays the entire interest (6 percent) during the school years, and half the interest (3 percent) during the repayment period, which begins when studies are terminated. The loans are "guaranteed" by a State agency, or a private nonprofit agency designated by the State.

"In spite of the 'tight money market' which existed as the program got underway, and still exists," Dr. Galbreath said, "between July 1, 1966 and February 28, 1967, throughout the Nation more than 260,000 students borrowed a total of more than \$206 million in loans. During this time, 7,725 students in Texas borrowed \$5,167,290 for their

college expenses."  
"A few years ago a college education was a luxury reserved for the child of affluent parents or youngsters with outstanding scholastic ability or athletic skills," Dr. Galbreath said, "but fortunately for our young people and for our country's future this situation has changed."

Dr. Galbreath urged citizens throughout Texas to look for talented young people who might not know of these opportunities for higher education and to encourage them to finish high school and go on to college.

## Be Careful When You Spray For Bugs, Insects

Are the bugs eating up your garden?  
Most insects can be knocked out with sprays, powders and other poisons, but the unwary gardener sometimes can suffer from the effects of bug sprays too.

Some tips on use of insecticides are offered in Today's Health, the magazine of

the American Medical Association.

Read the directions on the container carefully and follow them. The manufacturer spells out the proper usage and safety precautions.

If the directions call for rubber gloves, protective clothing or goggles, leave this alone, unless you are an expert.

Store the insecticide in its original container, with original label, in a safe, locked compartment, away from children and pets.

Destroy empty containers immediately.

inhaling sprays and dusts. Stay out of freshly sprayed areas.

Do not smoke while spraying or dusting. Some of the chemicals are flammable.

If chemicals are spilled on skin, wash immediately and thoroughly.

Cover bird baths, dog dishes and fish pools before spraying. Pour left over spray down a drain or into the soil. Don't let it around in pans or pails.

In case of accident, follow the directions on the container. If in doubt, call your physician.

There may be faster means of communication, but for long-lasting effects, nothing beats the printed word.

The following letter was written to "Dear Abby":

DEAR ABBY: I'll bet the people who spend fortunes on TV advertising would be sick if they knew how few people are actually sold by it. In the first place, you get all the products mixed up.

They all make the same claims. For instance, I couldn't tell you to save my life which cigarette tastes good like a cigarette should, or which one is longer, or has the real tobacco flavor, is milder, cooler, has

**Washington**

"As it Looks From Here"

WAB BURLISON, Congressman 17th District

WASHINGTON, D.C. While attending a luncheon at the White House for General Westmoreland, pickets out front on Pennsylvania Avenue could be observed through the window.

A young man without beard and cleaner looking than the others dropped his sign "Get Out of Viet Nam" between his knees and cheered General Westmoreland as he passed in his car. He was just a little overcome but quickly recovered and again raised his sign.

It just might have been he was a hired marcher and "protester." There is now a business organized by three 18 and 19-year-old boys at George Washington University, called "Proxy Pickets." Now, anyone can have his own picket. If there is something going on which we do not like, these people will do our griping and protesting for us. If the weather is too bad, if we are too busy or too lazy, Proxy Pickets will furnish the protest.

It is reported that for \$17 five pickets will march anywhere, protesting anything for an hour. For \$154, fifty pickets will spread the gloom. Proxy Pickets have a good location, being handy to the White House, the Capitol and other places where protesting is popular. The overhead should be fairly reasonable. Many of the signs can be used over and over again, which simply say, "I protest." Participants in some demonstrations seemingly need no reason - they just "protest" anything. We are entitled to ask who pays the expenses.

The advertisement of the organization concludes, Exercise your Constitutional rights of self-expression." Evidently it does have its principles because they say they will conduct only peaceful protests and that there will be no violence, no burning anything, and they will not picket for the communists.

Many "protesters" have "protesters." Those protesting the protesters, however, are usually not very well organized and the cause they represent is usually not as well known.

Thus far there has been no organized protest march against the inflammatory statements of Martin Luther King, Stokely Carmichael or Cassius Clay. Those which have occurred have been on the fringes of other protest demonstrations.

Legal and orderly protests can be made other than by street demonstrations.

Protests have been made to the justice department to enforce what Laws we have against the desecration of our Flag, the burning of draft cards and the incitement of crowds by inflammatory statements. A Law is on the books against draft card burning, and legislation has been introduced to make the desecration of our Flag a clearer offense

and carrying a greater punishment.

The justice department replies to written inquiries with the opinion that "Any individual who calls upon his fellow citizens to disobey our Country's Laws, who advocates violence or who seeks to set one race against another does his Nation and himself a grave disservice." But, they say that whether their statements made by these men can be suppressed depends on whether they fall outside the protection accorded to freedom of speech by the First Amendment to the Constitution. It is pointed out by an Assistant Attorney General that, "Congress shall make no Law abridging freedom of speech." Decisions involving this issue are quoted under the doctrine of freedom of speech and of the press, sus-

ceptible of restrictions only when necessary to prevent grave and immediate danger to interests which the Government may lawfully protect.

Justice Holmes stated it this way, "The question in every case is whether the words used are used in such circumstances and are of such a nature as to create a clear and present danger that they will bring about the substantive evils that Congress has a right to prevent. It is a question of proximity and degree."

The department ends its response to a written inquiry that they are appreciative of the seriousness of the matter, and with judicial principles as a guide are reviewing actions by Carmichael and others to determine whether any applicable Federal Law is violated.

**CJC Student Is Named Reporter For TJCAA**

Franz Pittman of Cisco Junior College was elected reporter of the Texas Junior College Agriculture Association at its meeting in Kilgore the last part of April.

Pittman, a freshman, is the son of Mr. and Mrs. F. W. Pittman, Route 2, Rising Star.

James Cox, CJC sophomore and son of Jim Ray Cox, Route 1, Rising Star, was one of five cited for outstanding service to TJCAA based on grades, participation in TJCAA activities and group leadership.

Other new state officers are Danny Dorman of South Plains Junior College, president; Billy Jensen, Blinn JC, first vice president; Bobby Burns, Wharton JC, second vice president; Joe Jennings, South Plains, secretary-treasurer; and Bill Baker, Wharton, parliamentarian.

Miss Debbie Mathis of South Plains JC was selected the 1967 TJCAA Sweetheart.

John W. Barnes, vice president and dean of Kilgore College, told attendants at the TJCAA banquet that agriculture is no longer a field for an uneducated man.

### JOHNNY HARTFORD JUNIOR FIRE MARSHAL

**JOHNNY HARTFORD AND SOME OF THE OTHER JUNIOR FIRE MARSHALS HAVE HELPED MR. LAKE, THEIR NATURAL SCIENCE TEACHER, MAKE A MOVIE, "HAZARDS IN NATURE" WHICH HE IS NOW SHOWING AT THE SCHOOL ASSEMBLY. HE EXPLAINS THE PICTURES AS THEY APPEAR ON THE SCREEN...**

**WE FIRST VISITED A ZOO TO FIND OUT THE TRUTH ABOUT REPTILES. SOME OF THE GROUP DIDN'T CARE FOR THEM MUCH!**

**WE LEARNED THAT THERE ARE ONLY FOUR POISONOUS SNAKES IN AMERICA AND ONLY ONE OTHER POISONOUS REPTILE - THE GILA MONSTER.**

**WE ALSO SAW AN EXHIBIT OF INSECTS TO AVOID. THE ONLY REAL DANGEROUS ONE WAS THE BLACK WIDOW SPIDER. THE OTHERS WERE ANNOYING PESTS.**

**"THEN WE WENT OUT INTO THE WOODS TO POINT OUT POISONOUS VEGETATION."**

**"ON THE WAY JOHNNY REMINDED US NEVER TO PICK UNKNOWN BERRIES OR MUSHROOMS TO EAT. THEY CAN MAKE YOU MIGHTY SICK."**

A cartoon strip in the latest issue of JFM magazine helps teach youngsters across the country some hazards in nature. It is the second annual campaign against poison ivy, berries, dangerous creatures.

Now in its 20th year, Junior Fire Marshal reaches millions of elementary schools with an educational program of fire prevention and safety. This public service of The Hartford Insurance Group is endorsed by teachers,
