

In this corner, with COLLINS

It certainly seems like old times being back in Ranger. We have met several old-time friends and have met several new ones. The only problem right now is finding a place to live.

About three weeks ago my wife and I drove around the city looking at the residential section and seeing all the new homes being built and seeing some of the new businesses that have been established since we moved from here four years ago.

I certainly want to see some of the "little" boys that were in the Cub Scout Pack which I was proud to have been Cubmaster of some years ago. When we left Ranger I swore I would not take a Cub Pack again, but when one has a boy 10 and one eight years of age there is nothing else to do but take a Pack again. We really enjoy that type of "holby" but I think I will let George or someone else do it now.

A tall heavy-set man came into my office and introduced himself and I said "Why, I know you". It was Farrell Kent. We went to RJC together in 1953-54. We talked for quite a while about the school days and about some of the guys and gals we knew during our schooling at Ranger Junior College.

Tuesday morning I was in the office at Eastland and met Charles Wilson, manager of the telephone company. He said he was well-pleased with the new people who had gotten phones in Ranger. He said since the first of the year to May 1, twenty-nine new phones had been installed and said they were running out of numbers.

How about that "little" rain we had over the weekend? It looked like we would never get a rain, but when it did start it made up for lost time. There is no prospect for any rain until the ditches run down, then it will all be done over again.

DATES TO REMEMBER

- June 17—Gorman 4-H Picnic at Cisco.
June 19—Eastland 4-H June 23—Cisco 4-H
June 29-30—5 County Boys 4-H Camp, Lake Cisco.

'The Outer Steps' Is Performed At Teentown Here

One local musical group that is currently real "in" is a combo that chooses to be known as "The Outer Steps." Friends over a long period and companions in rhythm for the past four weeks, David Ailsup, Eilly Clark, Robert Cottrell, Glyn Wilson and Mark Wheat are spending many pleasant hours of vacation time in improving the technique that will impress audiences before whom they appear to perform.

Where did they get the name? "Very simple replied one member." "We were practicing outside one day when the subject of a name arose. We decided that since we were seated on the steps outside the house, what could be more appropriate than "The Outer Steps?"

After hearing them, we can heartily endorse their spirit. "They've got rhythm, they've got volume, they make music and "More power to 'em."

They have been guest performers at Teentown and are available for parties. Why not stop out the most with "The Outer Steps."

AT SCIENCE SYMPOSIUM — Roddy Carter, center, Ranger High School teacher, and Student Randall Mahaffey, 1121 Young St., listen as Dr. W. C. Dueterhoff, right, University of Texas electrical engineering department, explains the demonstration model of a multipole "magnetic bottle" for controlled nuclear research, one of the exhibits at the 7th Texas Nuclear Science Symposium held this week at the University. Carter & Mahaffey were guests of Texas Electric Service Co. at the four-day meeting in Austin which is co-sponsored by the University and the Texas Atomic Energy Research Foundation which is composed of 10 electric power companies operating in Texas.

PAT COLLINS... new Times editor

PAT COLLINS JOINS TIMES STAFF AS EDITOR & MANAGER

Pat Collins, Eastland County native and 13-year veteran in the newspaper business, has been named editor and manager of the Ranger Times.

Collins, 32, and his family lived in Ranger several years and is returning to assume editing duties Monday, June 12.

He replaces Farrell Kent who resigned to complete his education and enter the professional counseling field.

Mr. and Mrs. Collins, the former Patsy Norris, daughter of Mr. and Mrs. George Norris of Eastland, have two sons, Bill, 10, and Brad, 8. The family has been living in Graham and are presently looking for a home in Ranger.

Son of Mr. and the late Mrs. Henry Collins of Carbon, Pat graduated from Carbon High School in 1953 and attended Ranger Junior College.

Two criminal cases scheduled for Monday, June 19, in 91st District Court, have been continued, according to an announcement by District Clerk Roy Lane.

Two Cases Are Set for June 19

The jury panel has been excused for the term.

The cases scheduled had been re-set after a continuance of the original schedule of June 5. Scheduled to be tried were Harold Dean Nichols, charged with burglary of copper wire from Eastland Iron and Metal, and Calvin Sears of Cisco, charged with theft of a dead hog.

The first continuance was because Truman Kirk, attorney for Sears, was in California with his ill father, and Nichols was a patient at Eastland Memorial Hospital.

86 Students Are Enrolled at RJC For 1st Semester

Gentlemen outnumber ladies more than three to one for the first six-weeks of Ranger Junior College according to announcement of Erben Laby, registrar.

Male students number 66; females numbering 20 make the total of 86 for the first semester which ends on Friday, July 14.

Registration for the second six-weeks will be on Monday, July 17.

Area High-Water Scenes

GAME CALLED, HIGH WATER — These children pause before their washed out basketball court as water stands. They are from left Stephen Purdom, Scottie Hallmark, Michael Purdom and Tommie Hallmark, and the families live between Eastland and Carbon. (More pictures and story inside)

Graveside Rites Are Conducted For Joe Burgess

Joe Burgess, 74, died in a Fort Worth hospital at 1:55 a. m. on Thursday, June 8.

Graveside rites were conducted at 2 p. m. Saturday in Merriman Cemetery with Rev. K. C. Edmonds officiating. Arrangements were under the direction of Killingsworth Funeral Home.

He was a resident of Fort Worth and a veteran of World War I.

Survivors include a brother-in-law, James W. Huffman of Fort Worth.

T. R. Bankhead, Ranger Pastor, Moves To Evant

Mr. and Mrs. T. R. Bankhead and son Tommy, left this week for Evant where they will make their home.

Mr. Bankhead has been preacher for Eastside Church of Christ for more than two years, coming to Ranger from Burlington, Colo. A preacher for the past 28 years, much of his work has been in the northwest, in Washington, Colorado, Oregon, Wyoming, Utah and California.

The family states that their residence in Ranger has been most pleasant. They love and appreciate the many friends they have made, and the friendliness of Ranger residents will remain a treasured memory in years that lie ahead. They added: "When in our vicinity, drop by for a visit."

Ranger feels a distinct loss in the departure of this fine family, but wishes them success and happiness in their new home.

LARRY SULLIVAN

Larry Sullivan Winner Scottish Rite Fellowship

The Scottish Rite Foundation of Texas has awarded three fellowships to graduating seniors to attend George Washington University in Washington.

Two of the three fellowships went to students of Baylor University, one of whom is Larry Sullivan, son of Rev. and Mrs. Avery J. Sullivan, 715 Cherry St., Ranger, who will study toward an M. A. in government.

The purpose of the awards is to prepare qualified college graduates for a career in governmental services. The fellowships are available to qualified Texas students interested in governmental careers. Recipients are not confined to Masonic families. Since the first award was made by the Scottish Rite Foundation in 1958, 16 awardees have studied at George Washington.

Sullivan, a political science major, was vice-president of the student congress at Baylor, a member of the debate team and a member of a professional fraternity. He received the award during commencement exercises of Baylor University held on Friday, June 2.

LARRY HUNT

RODDY CARTER

1ST BAPTIST CHURCH TO ORDAIN DEACONS

Three prominent laymen will be ordained to the Deaconship of First Baptist Church during the morning worship hour on Sunday, June 8, according to announcement of the pastor, Rev. Avery Sullivan.

Chosen by the church as men possessing the scriptural qualifications for the office of deacon are Roddy Carter, James Clark and Larry Hunt.

Carter has been a member of the local congregation since childhood, is a third-generation deacon and has served as Sunday school supt. for the past two years.

Clark has been active in the entire church program since moving to Ranger two years ago. Present involvement includes the offices of church treasurer and teacher of the Friendship Bible Class.

Larry Hunt, likewise active in affairs of this church for two years, he currently serves as Music-Youth Director.

These men are joined by their families in wholehearted support of principles desirable in a deacon house holds and are making a signal contribution to all phases of Christian endeavor.

Preceding the sermon of ordination will bring a message in song. The prayer of ordination will be voiced by George Robinson.

Members of the church and friends of these families will want to witness the service wherein these men assume this sacred responsibility and all are cordially invited to attend.

Farewell Party Given Family Of Rev. Ray Elliott

Following the evening worship service at First Methodist Church on Sunday, Rev. and Mrs. Ray Elliott and Mersha were honored during a fellowship hour in the church dining hall.

From a refreshment table laid with a lace cloth and centered with an arrangement of spring flowers, punch and assorted cookies were served. A silver serving tray was presented to the honorees by the approximately 100 persons who attended.

The Elliott family left Wednesday for Brownwood where he will assume duties as pastor of Central Methodist Church.

JAMES CLARK

Swimmers Enjoy First Week Of Lesson Program

A large number of local residents enjoyed the comfort and luxury of Willows Pool during the first week of the season which ended Sunday.

Swimming makes one both hungry and thirsty and Mrs. Farney Wheat is in charge of the concessions stand and reports very good business thus far.

Swimming is a safe sport at Willows Pool with life guards Dowell Hartsfield and Larry Blackwell on hand at all times.

Manager Jack Duval states that the pool opens each afternoon at 2:00 o'clock and will be closed on Wednesday and Sunday evenings.

Quarterback Club Seeks Bids On Meats for Rodeo

In preparation for their concessions stand during the Jaycee Rodeo, July 6-7, the Quarterback Club is asking for bids on hamburger meat and wieners.

Deadline for submitting bids is June 30 according to announcement to Mrs. W. C. Sanders to whom bids are to be submitted.

A beef production short course for adult farmers will be held June 19-20-21-22 under the sponsorship of the Ranger, Olden and Eastland High School Vocational Agriculture Departments according to Mr. James Clark, Travis Hilliard, Wendie Siebert, Supts. and Beverly Dudley, Jr., Gilbert Copeland, Winfred Parr, teacher of Vocational Agriculture.

Frank C. Litterst, beef production specialist with the Vocational specialist with the Vocational Education Agency and the Department of Animal Science at Texas A&M University will be the instructor for the course. He is headquartered at Texas A&M University.

Mr. Litterst is a graduate of Texas A&M University with a degree in Animal Husbandry. Much of his work was done in livestock production. After three years of service in the U. S. Army, Mr. Litterst served as instructor in the Veterans Agriculture Program in Hays County four years and was District Sales Manager for Burrus Feed Mills, Fort Worth, Texas four years.

He then served as Manager, Baldwin Land & Cattle Company with ranchers in Travis and Shelby Counties until 1964. This included operation of a ranch consulting business in Texas and Louisiana. He has successfully operated his own ranching and farming business consisting of both registered and commercial cattle, sheep, Angora goats, Pecans and grain farming. He is a former director in the State Shorthorn Breeders Association and a member of American Angus, and Texas & Southwestern Cattle Raisers Association.

The short course is scheduled to begin Monday June 19 at 8 p. m. in the Community Center Building in Olden. Other meetings in the series of four will be held June 20-21-22. During the dates the short course is in progress, Mr. Litterst will be available to assist cattlemen with individual problems and to provide on-the-farm instruction, according to Mr. Dudley.

Cattlemen interested in attending the short course should write or call one of the teachers of vocational agriculture, Mr. Dudley, Copeland or Parr. An entry fee of \$2 will be charged.

Beef Production short course certificates will be presented to each cattlemen who attends all the training sessions. Mr. Litterst stated that the field of beef cattle production must take a close look at efficiency of production in the future. With land prices, feed and taxes rising, the producer is meeting more and more competition for the consumer's dollar at the meat counter. (Continued on Page 2)

National Guard Parade Is Held For High Officials Last Saturday

NORTH FORT HOOD—Texas' 49th Armored Division marked the mid-point of its 15-day annual field training Saturday, with a parade that its commanding general says may "possibly" be the last for the Lone Star Division.

With the Pentagon's V troop proposal announcement, it appears the 49th will become a high priority brigade, thereby losing its division status.

While complete details of the planned reorganization of the Texas National Guard are presently unknown, Brigadier General James D. Scott, who took over as commander of the 49th June 1, says that "it now appears the division will be converted into a mechanized infantry brigade."

Currently the 49th is at about half strength, with about 7,200 men. Of these, some 5,200 passed before the reviewing officer, Major General Thomas Bishop, adjutant general of Texas, Saturday.

Others are at service schools, or on the required six months active duty with regular forces.

In further discussing the proposed reorganization, Gen. Scott emphasized that it would entail no actual strength loss.

"In some cases," he continued, "men may have to

learn new skills or further develop their current skills. But our men have proved that they are highly capable and willing to just this."

He said that training during the first week has been "excellent and is a tribute to every man in the division."

This year, for the first time, the division is using the newer M-48A1 tank. Also, for the first time since its callup during the Berlin crisis in 1961, the 49th's tankers are operating on a tank course in which all three guns—the 90 MM main gun and 30 and 50 caliber machine guns—are used.

Special emphasis is being placed on air mobile training exercises, in which entire platoons, numbering over 20 men, are being flown into mock-enemy territory on the CH37 helicopter, also new to the division's inventory, and deployed on simulated tactical situations. This corresponds directly with current tactics in Viet Nam.

Also in parallel with the Viet Nam, environment, reconnaissance patrol training has men of the 49th further developing their skills in observing and scouting a "main objective" without being detected. Infantrymen are also moving over a squad attack course, sharpening the techniques of camouflage.

Still others are attending the ENTAC Missile School, learning the functions of a new anti-tank guided missile device that can be mounted on a jeep, and is considerably more potent than the recoilless rifle. Additionally, classified instruction schools are underway for battalions in the 49th with nuclear capabilities.

All of our units have been superb thus far," Gen. Scott re-emphasized.

For Sale

LAKE LOTS FOR SALE:
Furnished Lake Leon Cabin with large grassy lot with nice dock and boathouse with complete 45 horsepower ski rig, \$4,450.00.
Must see to appreciate, Lake Leon 3 bedroom lake home, complete with all electric kitchen, patio, barbecue pit, beautiful fireplace and good road, \$10,500.

Ski Boats Must Install Mirror

AUSTIN—Subscribers and readers of TEXAS PARKS & WILDLIFE magazine are alerted to State laws requiring that all ski boats MUST have rear view mirrors.

This fact was contradicted in the June issue of the magazine in an article "Legalize Your Boat." It stated that "...all motorboats towing persons on skis... are required to carry an observer or to be equipped with a rear view mirror...."

The Parks and Wildlife Department reminds readers of the monthly magazine that, in fact, no such prerogative exists under the Texas Water Safety Code. The law states the following:

"Every motorboat towing a person or persons on water skis, aquaplane or similar device shall be equipped with a rear mirror of a size no less than four inches (4") in measurement from bottom to top or across from one side to the other. Such mirror shall be mounted firmly so as to give the boat operator a full and complete view beyond the rear of his boat at all times."

The use of an observer is not required.

\$7 Passport Admits You To All Parks

AUSTIN—Texas planning outdoor vacations to visit Federal recreation areas this summer are reminded that Golden Eagle Passports, costing seven dollars, may be obtained from the Texas Parks and Wildlife Department office in Austin.

A valid Golden Eagle Passport will admit the purchaser, regardless of his mode of transportation and without further payment, any number of times, to all designated Federal areas collecting entrance or admission fees.

Persons wishing to participate in this official program of the U. S. Government, designated as "Operation Golden Eagle," may obtain a passport by mailing their seven dollar check, made payable to "U. S. Bureau of Outdoor Recreation," to the Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Texas, 78701.

RED CROSS URGES CAUTION FOR DECREASE IN DROWNING DEATHS

A six percent increase in drownings in 1966, from 6,800 to 7,200, moved the American Red Cross to emphasize new safety precautions that will lessen the chance of tragedy in the water.

These warnings were issued as the opening of the swimming and boating season neared.

Last year was the third

successive one in which there was an increase in the drowning rate, according to A. D. Taylor, Safety Services Chairman for the Eastland County Chapter. It was the first year since the early 1930's that water fatalities have exceeded 7,000, he said.

"Since the Red Cross and other organizations became active in water safety instruction

a half-century ago, drownings have declined from 10,000 a year when few people were participating to last year's 7,000 with some 100,000 people involved, Mr. Taylor said.

"That record is good but it is not good enough, he added. Mr. Taylor pointed out that about 60 percent of people who drown do so because they are in the water involuntarily—they have fallen in by accident.

"Had they been able to swim, most of them could

have saved themselves," Mr. Taylor declared. "Therefore, the first and foremost water safety precaution is 'learn to swim'. If you can swim, learn to swim better."

Other swimming safety tips are these:
Always swim with a companion—never alone. For long distance swimming, have someone in a boat accompany you.

The pyramids in Egypt are believed to have been built about 3000 B. C.

Movie On Mourning Doves Is Available

AUSTIN—The Texas Parks and Wildlife Department this week released a 25-minute, color, sound motion picture entitled "The Mourning Dove in Texas."

The film shows the life history of the mourning dove and pictures Department fieldmen gathering up-to-date information about the bird through banding, trapping and censusing operations.

Prints for club or organized

group showings may be obtained by writing to the Film Librarian, Parks and Wildlife Department, John H. Reagan Building, Austin.

Tim Bennie Wins Annual Golf Tourney at Eastland's Lakeside

Tim Bennie of Cisco won his second golf tournament Championship in two weeks when he defeated Leroy Pearson of Ranger for top honors of the Eastland Invitational Lakeside Country Club golf tournament in a sudden death playoff Sunday. The young Ciscoan took the championship at Lone Cedar tourney the previous weekend. Both players halved the 19th with pars, but Bennie fired a while Pearson was unable to match it. Bennie got down beautiful tee shot on the second and hole of sudden death

in the regulation four strokes while Pearson had to settle for five.

Bill Sikes of Brownwood, who defeated medalist Houston Satterwhite from Breckenridge in Saturday's play, was unable to keep pace with Bennie and Pearson Sunday and settled for a 74.

Steve Wheelis from Jacksboro won the tourney last year but had to settle for the top rung in the first flight this time. Dor Mitchell of Stamford took the second

spot with an 80 to Wheelis' 77. Russell Walker, Olden

Heavy Rains Cause Flooding, Big Field And Road Damage In County

A deluge of rain which came on two successive mornings in Eastland County was blamed for a number of personal injuries, property damages estimated in the "thousands" and setting the county's peanut crop production back by weeks.

Rainfall was general over the county with amounts of up to some seven inches in points, and flooding, particularly through the mid-section and south part of the county resulted in road-closings due to washed-out bridges on several highways.

Two Latin Americans were in serious condition at Eastland Memorial Hospital Monday night following a one-car crash early Monday on the Carbon-Kokomo road where two bridges had been washed out, about eight miles east of Carbon. A trailer truck was reported jack-knifed and overturned between Eastland and Cisco. Another wreck involving two autos was also reported at noon Monday, between

Cisco and Eastland.

At mid-afternoon Highway Patrolmen were investigating accidents north and south of Cisco. Rain was blamed for the crashes in most cases.

"The worst in seven years, and worst ever the old-timers say," was the report of Texas Highway Department employee Roy Taylor in commenting on the highway damage caused by the high flooding water.

The bridge over the Leon River on U. S. 183 between Cisco and Rising Star was washed out by high water, and resulted in the closing of that highway Monday. High water was reported on South into the city limits of Rising Star.

Kent Ward, 83-year old native of the Leon River area just south of Cisco, described the flood there as the worst he had ever seen.

A bridge was damaged, but repaired and open on FM 1027, southwest of Carbon with another on that road being watched closely. A bridge on the old Nimrod road (569) was also out, and two bridges were out on the new Carbon - Kokomo road.

Water was slapping the bottom of the Leon Bridge on Highway 6 between Eastland and Carbon Monday, and the worst of the flooding was believed yet to come with high water still to come from the south of Cisco area, it was reported by E. E. McAlister, Soil Conservation Service Manager.

Water was running four feet, six inches above the morning glory at Lake Leon at 4 p. m. Monday, Lakekeeper James Johnson reported, "With the big water still to come," he said.

The lake had five inches of rain itself Monday morning and some two and a half inches Sunday. Damage doesn't appear to be apparent yet, he said, but "water is lapping at a lot of cabins" with those on the island being threatened quickly.

The Old Staff road from the lake is overrun with water, clear up to the highway, he said.

Water first started going over the morning glory during the last rain about two weeks ago, he said, and was only about three feet over at 7 a. m. Monday, indicating that the water was coming in fast.

Eastland had almost two inches of rain early Sunday and almost four inches early Monday in a long-extended thunder storm which brought fright to many.

In the middle of the weather alert (which was for high wind, rain and possible hail, with chance for isolated tornadoes), a fire was reported at the Tom Stages home at the corner of Seaman and Conner at 1:10 a. m., resulting in the blowing of the fire siren which caused a lot of people to wonder if the tornado alarm had been given. (There was no fire. Someone had seen the heavy rain against an outdoor flood light which had been left on and thinking they saw smoke, turned in a "house-a-fire" alarm, it was reported.) The tornado alarm was not given.

The alert which covered Eastland County had been due to expire at 1:30 a. m. but, the severe weather continued through the morning as another storm blew in from the southwest. The first one moved out to the northeast.

A telephone pole at Carbon was reported struck by lightning at Carbon early Monday, as was a large tree near Decidmona.

Gilbert Meredith of the Agricultural Stabilization Conservation Service office reported that from 20 to 25 per cent of the county's irrigated peanuts had been planted and were up prior to the weekend storms. "A small percentage of these will need re-planting," he said.

Only about 20 per cent or less of the dry-land peanuts had been planted last week, he said, and will probably have to be re-planted.

Planting in the county is unusually late this year, he said, with an acreage of 38,771 allotted on 923 farms.

"Most peanuts throughout the Southwest have been planted except right in this area," Bob Green, assistant manager of the Southwestern Peanut Growers Association reported. "If the crops are put in by July 1st, Meredith said, it'll be the first of November before the 120-day season will be ready for harvesting."

Crop and equipment damage was heavy, with Pete Hallmark of near Carbon reporting his irrigation pump "gone", and in one area, three tractors and a hay baler were submerged in water.

There didn't appear to be any serious flooding in the northeast part of Eastland, where serious flooding has caused evacuation and serious damages in recent years.

Several homes, including some trailer houses were being threatened by high water in the extreme south part of town Monday where water was standing "lake-like" on the south side of Highway 6.

Stock pens were submerged and barns were deep in water on the south side of Burkett St. (Highway 6), as water backed up northward from the Leon River flooding between Carbon and Eastland.

Many homes were near flooding and stood in danger of serious damage should the "crest of the flooding" continue to increase.

Flooding and damage were also reported from the Sabano River in the South part of the county, where an attempt is being made to set up a flood-control district.

Lake Cisco gained some four feet of new water during the weekend and water was still running in, Mayor W. W. Sawyers reported. Nearby Lake Bernie began overflowing into the creek that empties into Lake Cisco around noon Monday.

THE LEON RIVER, three miles south on Cisco, was at a record flood stage when this picture was made at 10 a. m. Monday. Highway 183, shown here, was closed to traffic for several hours.

Landowners Contributing To Helicopter Training

Several land owners in Eastland County have already given permission for portions of their land to be used in an expanding helicopter training program at Fort Wolters, it has been announced.

Several others will be contracted in the near future for consideration of "leasing" take-off and landing spots for the "copter," trailees, Thelma J. Coats, acting information officer at Wolters, reported.

"The land that we wish to use lies east of the line from Breckenridge to Eastland, south to DeSmet, and east to Stephenville, through Linderoth in this area, T. C. Farnham and Sam Farnham have already agreed to the use

"We are interested in remote landing sites where the students can make approaches to areas surrounded by trees and hill top areas. This provides the practice needed for our students to become proficient in landings in this type area. We locate these areas where they will not interfere with grazing cattle, feed pens, tanks and houses. In most cases, the helicopters do not land in these areas so there is no damage done.

"We mark the areas with painted tires and these are put in place by helicopter. All areas selected are subject to approval by the landowner. We sign an agreement with the landowner, whereby we agree to pay for or repair any damage done by our aircraft. The landowner is free to cancel the agreement at any time.

We are in the process of personally contacting the landowners in your area for permission to use their land. Anyone interested in this program may contact the Facili-

ties Branch at Fort Wolters (FA 5-2581, Ext. 507 or 5081). Major Louis Rochat will be more than happy to explain our program to all those who are interested.

Maj Rochat was in Eastland Tuesday helping arrange Flag Day.

Some 185 landowners in eight counties surrounding Fort Wolters currently donate 335,000 acres of land for use as practice fields for pinnacle (hilltop) and confined landing spots.

Fort Wolters honored these "good neighbors" recently with an old-fashioned Texastyle barbecue at Lover's retreat, located three miles east of Palo Pinto on U. S. Highway 180.

The estimated area of Russia is 8,524,750 square miles.

The National Geographic Society was founded in 1888. The United Nations Secretariat Building in New York is 39 stories high.

The purpose is a mammal.

Buy a little place in the country with the money you save on Gas Air Conditioning.

Now you may not get a place just like this for the amount of money you save on gas air conditioning, but you can tell you've saved some money. Gas air conditioning's economy is a big advantage. It's economical to keep up, too.

Fewer moving parts in gas equipment mean fewer repairs, less labor and maintenance costs. Find out about gas air conditioning your place in the country or in the city. Call your air conditioning contractor or LONE STAR GAS.

Future Nurses: Your Club Will Begin A Summer Service Here

Future Nurses' Club of Ranger High School has begun its summer service through Ranger General Hospital and Home.

Near the close of school, officers for next year were elected as follows: President: Eileen North; 1st Vice President (Service Chairman): Barbara Rushing; 2nd Vice President (Program Chairman): Jane Pearson; Secretary-Treasurer: Margaret Williams; Historian-Reporter: Nancy Newnam; School Adviser for the local club is Mrs. Ruby K. Halbert, Home-making Teacher. Professional community sponsors for the club are Mrs. George E. Beighley and Mrs. Dewey Cox Jr. Immediate past president of the organization was Janey Johnson and service chairman for this past year was Sylvia Comacho who is still on duty to aid with summer scheduling of service.

The purpose of this high school career club is to bring together in high school young people interested in careers in nursing and health in order to share interests, explore opportunities, grow and learn about community life.

Service awards are made each year according to hours worked. For 30 hours, a cap; 50 hours, a bar on cap; 75 hours, two bars on cap; 125 hours, band on cap and 250 hours, a pin.

Awards due after this past year's service are: Becky Adams, cap; Debbie Christian, cap; Sylvia Comacho, 1st bar on cap; Cindy Dunson, cap and 2 bars; Nicki Ewing, cap and 2 bars; Sheila Graham, cap; Alice Greer, 2nd

bar on cap; Vicki Hatton, cap; Lupe Hernandez, 1st bar on cap; Margaret Huckaby, a cap, 2 bars, and band for 174 hours service (highest award this year); Janan Niska, 2nd bar on cap; Eileen North, 2nd bar on cap; Mary McGee, cap; Nancy Newnam, cap; Jane Pearson, 1st bar on cap; Barbara Rushing, 2nd bar on cap; Shirley Rose, 1st bar on cap; Mary Thomas, 2nd bar on cap; and Margaret Williams, cap.

Summer homemaking students under Mrs. Halbert's direction have been working on making the caps and assembling these service awards.

Freshmen who have expressed the desire to begin service this summer in FNC are: Peggy Graham, Paula Clark, Mary Dunson, Darlene Boone, Daisy Dunson and Candy Anderson.

Any student in grades 9 to 12 interested in joining this organization may do so by contacting Mrs. Ruby Halbert or Miss Eileen North.

Ice Cream Party Is Held For FHA Members

An ice-cream supper was the order of the day for all summer homemaking students and active FHA members from Ranger High School, Tuesday, June 13th, according to Mrs. Ruby Halbert, sponsor. The homemade ice cream and cookies were prepared by the group as a part of their summer group work. Most summer homemaking students are now working on planned summer projects in their own homes. An educational field trip to Mrs. Pulley's Jewelry Store and the Community Public Library were accomplished on Monday. Plans are being made for other field trips in the near future and FHA officers are making plans to attend a leadership workshop at Texas Tech, Lubbock June 22 and 23.

BEEF PROD. —

(Continued from Page 1)

of the beef cattle business, there is every indication that in comparing the producer of yesterday and the producer of tomorrow's beef must be produced to sell cheaper in order to be a profit-making business. Mr. Litterst indicates that the beef production short course will deal with methods of producing beef at a lower cost and the ways of producing the kind of beef that the homemaker wants to buy. He also stated that the course will include such important fields as cattle reproduction and pregnancy diagnosis, selecting bulls and replacement heifers, calf crop percentages, and supplemental winter feeding. The course can be changed to meet the wishes and interests of the farmers and ranchers enrolled.

"Short courses in beef production, as well as in other areas, are now available to farmers throughout the state under the cooperative program between Texas Education Agency and Texas A&M University," stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University, who coordinates the program for Texas A&M.

"This cooperative program," states Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people."

Specialists are now available in the fields of beef production, farm management, farm electrification, arc welding, swine production, tractor maintenance, dairy science, pasture, and oxyacetylene welding.

"The Lord Is Thy Keeper" — Psalm 121:5

CLASS HISTORY ...

On a sunny September morning in 1955, a group of sleepy and scared children were carried to school for the first time. It didn't take this group very long to get used to the idea that they had to stay in school, whether they liked it or not.

Dwight started at the Slaughter ward School. Beginning at Young were Frances, Jo Ann, Terry, Emery, Rubye, Bobby Daskevish, Linda, Larry, and Dorothy. At Hodges, there were Jerry, Joyce, Rita, Jean, Tommy, Randol, Bill Robinson, Mary Lou, Dowell, Richard Boone, and I.

In the second grade, Michael and Patsy joined us at Hodges, and Frances left Young.

By the fourth grade, we felt that there was no class any bigger and better than our own. Larry transferred from Young to Hodges, Ronny found himself at Hodges, and Patsy moved away.

By the time we were fifth graders our class was increasing in size and spirit. Patsy returned, Richard Lebedo was added at Young, and Ronny transferred from Hodges to Young.

In the sixth grade, all of our Hodges group left to join those in Young. This was a result in the consolidation of the two schools. For the first time our class was together. Patsy and Bobby moved away.

United in lasting friendships we moved up the ladder to Junior High School. Patsy, Phil, and David joined the class while Rita and Michael left us. Chosen as our class officers were Larry, Dowell, Terry, and I. Larry and I were selected class favorites.

Our second year in Junior High is filled with memories of the Puppy football team and pranks pulled in classes. Class officers were Dowell, Jerry, Tommy, and Michael. Richard Lebedo was our favorite.

The summer few by and before we knew it we were "Fish." We sure let everybody know we were around, sometimes to our embarrassment. Linda was our favorite. Bill, Dowell, Linda, and Richard Lebedo were our officers. Larry was named "Most Valuable Squadman" at the football banquet. Dwight joined us. By the end of this year, we had our feet planted firmly in RHS and her school spirit.

As Sophomores we began to receive recognition as a class. We had officers in the Student Council, Beta Club, FFA and the PTA. We chose Linda and Phil as favorites. Larry, Linda, and Richard Lebedo led our class. Bob McKelvin joined us. Jerry received Honorable Mention, all-District in Football.

As Juniors we worked hard, but had lots of fun. Ann, Larry, Joe and Bobby Daskevich joined us. David and Joyce were our favorites. Our class officers were Jerry, Phil, Jo Ann, Terry and Richard Boone. Jerry was chosen "Friendliest," and FHA Beau; Larry was "Best - All - A -

round;" Dorothy was "FFA Sweetheart," and Bob McKelvin was "Most Ambitious." Several of us held offices and membership in the Drama Club, FTA, FNA, FFA, FFA, Beta Club and band.

We gave the Seniors one of the best banquets held in several years. Our magazine sales were not to be laughed at. The Junior Play, "Harvey," was named the best liked of plays for that year. Patsy and Tommy were named "Actress and Actor of the Year."

Sportswise, we had a lot to be proud of. Jerry was a Captain on the football team. He and Bill made the All-District team, while David made Honorable Mention. Jerry was Honorable Mention All - Area in football. On the basketball court, our class can again be proud. Jerry and Phil were All-District. Jerry made the All-Area and all-state teams. Again, Phil and Jerry were All - District in track while Phil was All-District in tennis. Both of these boys were captains of the basketball

team.

Our Senior Year was just GREAT! We will never forget our Kid Day antics, the Senior Play, the Junior-Senior Banquet, our trip to Austin, and most of all the fact that the Bulldogs won Bi-District. The entire year has been a complete success.

As this year draws to a close, we sincerely say, "We, the Senior Class of 1967, only hope that the future will be as exciting and filled with happiness for you as the past 12 years have been for us.

We were well prepared for our Senior Year to arrive.

The summer passed so quickly that we could hardly believe that we were really Seniors. This moment had finally arrived after eleven long years of waiting. Michael, Rita and Virgil rounded out our class. We chose Jean and Richard Boone as our favorites. Richard Labredo, Bill, Joyce, Jerry, Dowell and I served as officers.

We were certainly popular in all - school affairs. Emery was Band Captain and Elytor of the Annual. Jerry and Joyce were named "Mr. and Miss RHS. Phil was Basketball Beau and Bill was chosen "Friendliest." I was chosen Band Sweetheart and president of the Future Nurses Club. Other presidents of organizations were: Tommy, Virginia Club; Bobby Daskevish; FTA; Dowell, Beta Club; Bob McKelvin was president of the Student Body. David presided over the newly organized "R" Club. Rubye was a cheer leader while Dorothy Ann was a maiorette in the band. Bob McKelvin and I were chosen by District VII FTA as that district's President and Corresponding Secretary. Other members of our class held positions of responsibility in the Beta Club, PFA, FTA, FNC, PFA, Annual Staff, Band, Drama Club, and the "R" Club. Virgil and Rita were named "Actor and Actress of the Year," and Tommy and I were selected "Most Versatile Actor and Actress of the Year."

Our class cannot help but be extremely proud of the Senior football boys that led the Bulldogs to their Bi-District Championship this past fall. As a result of this, many of our boys won individual honors for their achievements. These are: Jerry, David, and Bill were selected on the All-District teams. Phil made Honorable Mention. On

Personals

Mr. and Mrs. L. C. Russell visited in the home of Mr. and Mrs. Chas. Blanton in Bowie on Sunday.

Mr. and Mrs. Fred Bennett and family of Cleburne visited friends in Ranger on Sunday.

Weekend guests of Dr. and Mrs. John Foster were his brother-in-law and sister, Mr. and Mrs. Chas. Fulkerson and children of Plainview.

Richard Herweck will spend the summer in the home of his parents, Mr. and Mrs. M. Wm. Herweck and be employed at the Gordon Plant of Lone Star Gas Co. He will be a senior student at NTSU this fall.

Mr. Harvey Porter of Abilene preached at the Eastside Church of Christ on Sunday. He and Mrs. Porter were lunch guests of Mr. and Mrs. J. L. Smith. Other guests in the home were Mr. and Mrs. Terry Townzen of Lewisville and Mr. and Mrs. Randall Hoover and children of Fort Worth. The Hoover children are spending the week in the home of their grandparents.

Mr. and Mrs. Maurice E. Owen of Fort Worth were weekend guests of their parents, Mr. and Mrs. M. E. Owen and Mr. and Mrs. David B. Allsup.

Mr. and Mrs. Joe Daskevich, Jr., and family of Midland and Mr. and Mrs. Johnny Head and son of Fort Worth spent the weekend in the home of Mr. and Mrs. Joe Daskevich.

Mrs. Bob Mara and daughters are enjoying an extended visit in the home of her parents, Mr. and Mrs. J. W. Elder. Other guests in the

Elder home during the weekend were Mr. and Mrs. B. R. Elder of Midland.

Mr. and Mrs. Tony Lewis and family of Houston are visiting in the home of his parents, Mr. and Mrs. W. A. Lewis.

Mrs. Gale Dorothea of Flushing, N. Y., has returned to her home following an eight-day visit in the home of her daughter, Mrs. Jack Duvall and family.

Bruce and Sylvia Thomas of Abilene were weekend guests of their grandparents, Mr. and Mrs. L. L. Bruce with Sylvia remaining for a longer visit.

Mr. and Mrs. James Sanders of Kermit are guests of Mrs. Ella White and Mrs. J. H. McKelvin and Betty.

Mrs. Ruby Halbert returned to Ranger Friday afternoon after an informative in-service for Homemaking Teachers of Area IV held in Abilene two days last week.

Mrs. Iris Hummel has returned from Manhattan Beach, Calif., where she visited her sister, Miss Laverne Matinas who is a patient in the U.C.L.A. Heart Center, Los Angeles, Calif.

Mr. and Mrs. James E. Guess of Levelland were guests in the home of Mr. and Mrs. Billy Guess and family on Monday.

Mrs. G. A. Fyffe left Tuesday for San Diego, Calif., where she will enjoy a month's visit in the home of her son, H. D. Fyffe and family.

Weekend guests of Mr. and Mrs. C. A. Strong were Mr. and Mrs. J. H. Berry of Athens and Mr. and Mrs. Sylvester Brantson of Santo.

Mrs. Herman Jones of Mullin was a Friday guest in the home of Mrs. Lottie Davenport.

Recent guests of Mr. and Mrs. E. F. Arterburn were her brothers and their wives, Mr. and Mrs. Orval Ellison of Terrell, Calif., and Mr. and Mrs. Finner Ellison of Fort Myers, Fla. Other guests included Mr. and Mrs. Jimmy Hagar and children of Fort Worth and Mr. and Mrs. Herbert Rapp and Mr. and Mrs. L. P. Arterburn, all of Ranger.

After a two-weeks visit with relatives in Ranger, Mike Herrington has returned to Albuquerque, N. M., where he will attend the University of New Mexico, working toward his master's degree in Spanish. He will again be a member of the faculty of Albuquerque schools this fall.

MISS JENSEN AND MR. LANGFORD WED JUNE 2

Miss Carolyn Jensen became the bride of Joe S. Langford in a ceremony in Necessity Baptist Church on Friday, June 2.

Parents of the couple are Mr. and Mrs. A. J. Jensen and Mr. and Mrs. Hal Langford, all of Necessity.

The Rev. Bob Keck of Austin read the vows. Music was presented by Misses Carol Mitchell, pianist and Janie Williams, vocalist.

Mr. Jensen presented his daughter in marriage. Her empire gown of silk organza was trimmed with lace and embellished with seed pearls and crystals. A sleeveless coat extended to a chapel train. A double French bow of organza held her wisp veil of illusion. She carried a cymbidium orchid with feathered carnations and stephanotis on a Bible.

Mrs. Terry Tyson of Corpus Christi was matron of honor.

Her dress of powder blue linen was worn with a matching lace jacket. She carried a long-stem white carnation.

Sandy and Sherri Tyson of Corpus Christi were flower girls. Ring bearer was Douglas Waggoner of Abilene.

The bridegroom's brother, Marle Langford of Odessa, was best man. Ushers were Jerry Jensen and Phil Taylor, Kuree Keck and Nikki Lynn Waggoner lighted candles.

Mrs. Langford is a graduate of Breckenridge High School. Her husband is a graduate of Breckenridge and attended Ranger Junior College.

The couple is at home in Ranger for the summer. They will move to Denton in autumn where he will attend North Texas State University.

The bridegroom's parents hosted the rehearsal dinner at their home.

MISS KATHERINE PLEW

Plew-Watson Wedding Set For July 2

Mr. and Mrs. Johnnie Plew announce the engagement of their daughter, Katherine to Jack W. Watson, son of Wilson Watson and the late Mrs. Watson of Ranger.

The bride-elect is a graduate of Eastland High School.

The prospective bridegroom is a graduate of Ranger High School and attended Ranger Junior College. He is in the U. S. Air Force and is presently stationed at Chanute AFB, Illinois.

The couple plans to be married on July 2 in the First Baptist Church of Ranger.

Marsha Elliott Honored With Farewell Party

Honoring Marsha Elliott who moved to Brownwood this week, Moeckie Herrington was hostess for a going-away party at her home on Friday evening.

Guests assembled for a meal of assorted sandwiches, dessert and drinks. Following the meal, Mrs. Doris Herrington and Mike Herrington, mother and brother of the hostess, accompanied the group to Cisco for an evening of skating, miniature golf and more food.

Enjoying the occasion were the honoree, Lauranne Rippy, Shirley Christian, Deborah Yancey, Daria Jane Franklin, Neva Nichols, Candy Anderson, Janie Kay Clark and the hostess.

PIONEER CEMETERY
Pioneer Cemetery in Ranger is being mowed and cleaned in preparation for Father's Day. If you or your family have a plot there and would like to help with having it cleaned, please contact V. V. Cooper.

Texas represents one-half of the area of the continental U. S.
