Candidate for

EASTLAND COUNTY COMMISSIONER

Precinct I (Eastland, Olden and Ranger)

The two things which he is most concerned with in this election are:

EASTLAND COUNTY AND PRECINCT ONE Mr. Morren believes that a County Commis-

sioner has many responsibilities and that he is the employe of the entire citizenship of the county, pledged to serve the best interests of the county's business.

He believes that his responsibility to the citizens in his own precinct includes the efficient and thorough management of the precinct's county roads, keeping them at all times in the best possible condition. Mr. Morren will, if elected, draw up a syste-

matic schedule of road management for Precinct One, which will include regularly scheduled dragging of ditches to keep them in shape to serve the purpose for which they are intended; the placement of tin horns to help control periodic flooding conditions; and the extensive use of gravel in areas of bogginess to help control rutting.

Cleaning of ditches and the building up of road beds will prevent water from standing in the low areas, he believes, and these are primary measures in the over-all program of providing the best passage possible for precinct citizens. "PLANNING IS BASIC: We will Plan our
