Michael, District Sales Manager for General Mills, left as a winner in a recent Lucky Buck contest sponsored by General Mills. Mrs. Osteen joined her husband in front of the General Mills new \$10,000 contest display at the Eastland JRB Store Thursday for the presentation. Mr. R. V. Robinson, local JRB manager, is at right. The number printed on a five-pound bag of Gold Medal flour purchased at the Eastland JRB store corresponded to the serial number of a dollar bill owned by Mr. Osteen. Ballot Due To Be Drawn March 18

The 91st District Court handed down a ruling Thursday that Truman P. Kirk, instructor at Cisco Junior College, is not a legal resident of Eastland County and is not eligible to be a candidate for office in this county. The ruling was made by Judge E. H. Griffin of Breckenridge, who was sitting on the 91st court bench in the illness of Judge Frank Sparks. Copies were handed to attorneys, the plaintiff and the defendant Thursday morning. Judge Griffin heard the case in the Eastland court on Friday, Mar. 8. In his decision, Judge Griffin said: "It is my opinion that Mr. Kirk is not a resident of Eastland County in accordance with Section 7, Article 5, of the Texas Constitution, and I will sign the temporary injunction as prayed for by the plaintiff (Earl Conner, Jr.) and I hereby set the bond in the amount of \$5,000." Mr. Conner, who was opposing Mr. Kirk for judge of the 91st court in the May 4th Democratic Primary, filed suit for the temporary injunction to keep Mr. Kirk's name off the ballot, questioning the legal residency of Mr. Kirk. Virgil Seberry of Eastland served as attorney for Mr. Conner. Judge Griffin's letter of decision was dated Wednesday, Mar. 13, and was addressed to all concerned in the case. Bryan Bradbury of Abilene represented Mr. Kirk. The bond of \$5,000 was set, it was understood, to assure the payment of court costs in the event the suit goes to higher courts. It was understood that costs for the district court trial would be paid by the plaintiff. The decision can be appealed by Mr. Kirk in a Court of Civil Appeals or to the State Supreme Court. The Eastland County Democratic Executive Committee has scheduled a meeting for Monday, Mar. 18, to draw for places on the May 4th primary ballot, and absentee voting is scheduled to begin Apr. 15. With the injunction in hand, the county committee will be prevented from allowing the name of Mr. Kirk to appear on the ballot unless a higher court supersedes. It has been determined that if Mr. Kirk is denied a place on the ballot, his \$1,200 filing fee will be returned. Mr. Kirk has been a teacher at Cisco Junior College since September, 1965, and has law offices in the K&K Building in downtown Cisco. His wife and children reside in a home they own in Abilene where he formerly practiced law. He has an apartment in Cisco. Contacted by this newspaper, Mr. Kirk said that "I am, of course, greatly disappointed. I will have no comment until I have had time to study the decision and to discuss it with my attorney."

RJC's Ulric Cobb Selected To Try For Olympic Basketball Team

Ranger Junior College round baller Ulric Cobb has been selected to try out for the 1968 U.S. Olympic Basketball team. Cobb was notified of his selection in a telegram from NJCAA officials earlier this week. Cobb was the leading scorer for the Rangers this season. He has made all-tournament team in every tourney RJC has entered during the last two years and this year was named to both the all-conference and all-region teams. Coach Ron Butler says Cobb will report to the Baker Hotel, Hutchinson, Kansas, on March 23. There he will begin workouts with 24 other prospective Olympic team members from junior colleges throughout the United States. From this group, a ten man All-Star team will be chosen to travel directly from Hutchinson to Albuquerque, New Mexico, to participate in further Olympic trials with several other All-Star squads chosen from senior college teams, the AAU, the armed forces, and other athletic associations. The trials in Albuquerque will be held at the University of New Mexico Arena, and from these trials, about 24 players will be selected to train for two weeks late in June or July. From this training squad, 18 men will be selected for high-altitude training at Adams State College, Alamosa, Colorado, starting September 15. At the conclusion of these practice sessions, the Olympic Squad of 12 will be picked for Mexico City. Coach Ron Butler said Cobb has an excellent chance of making the Olympic team. "Cobb is as good as any other player who will be trying out for the Olympic team," Butler added.

Nine steers and heifers exhibited by seven Eastland County 4-H boys and girls were exhibited at the Houston Fat Stock Show, Feb. 26-Mar. 3, 1968. Those individuals showing livestock included: Tommie, Bobby, Caddy and Caryn Lee of Cisco, Cynthia Carter, and Ken Housnel of Rising Star. These adventurous 4-H'ers received \$420 in prize money and sales receipts. The placings in the annual show were as follows: Tommie Lee—2nd place Angus Scramble heifer born before Aug. 31, 1966, and 9th place Angus early junior yearling heifer; Bobby Lee—5th place Hereford Scramble heifer born Sept. 1, 1966, or later, and 19th place Hereford junior heifer calf; Cynthia Housnel—6th place Angus

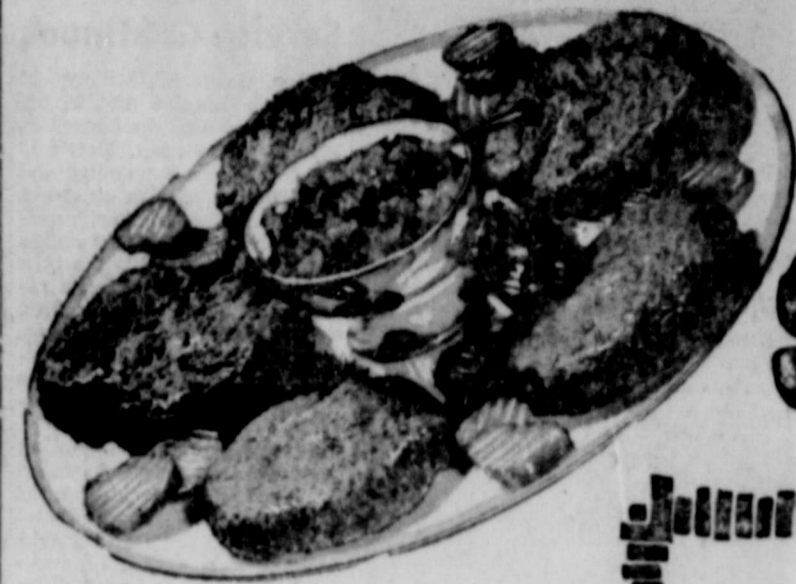

Early junior yearling heifer, and 8th place Angus Early junior heifer calf; Carter Housnel—10th place light weight steer of the junior show.
The young men and women did a fine job of exhibiting their livestock at the show, demonstrating the art of handling out an animal's good points is a key factor in placing calves at major shows. This is in part the very reason why some of our animals were able to place well. Those individuals who were not able to place their livestock did a fine job of fitting and showing as well as exhibiting the true character of sportsmanship. Congratulations to the major show exhibitors.

Before the steers and heifers had a chance to compete at the Houston Stock Show, Frank Calborn of Eastland put the county in the winners box for the third year in a row at the Houston Fat Stock Show. Frank Calborn, chosen to represent Eastland County at the Houston Fat Stock Show Calf Scramble in September 1967 finally had his day of reckoning on Saturday, Feb. 24. And when he did, Frank was one of 19 boys put in 24 competition to catch a calf in the "World's Largest Calf Scramble." For his performance, Frank received a \$150 certificate to be used toward beef breeding heifer.

Every year the Houston stock show has performances of the beef calf scramble and 45,000 in certificates are presented to boys who catch calves. Frank was one of the winners. Congratulations to Frank Calborn, son of Mr. and Mrs. Billy Calborn of Eastland.

Miss Dennis and Roger McGregor Exchange Wedding Vows March 9

Miss Pamela Jeanne Dennis became the bride of Roger McGregor in a twilight ceremony at the First Baptist Church in Jefferson on Saturday, March 9. The Reverend M. L. Boland, pastor officiated at the double ring ceremony.

The bride, daughter of Mr. and Mrs. Dwaine Dennis of Jefferson, will be a May graduate of Jefferson High School. The bridegroom, son of Mr. and Mrs. John McGregor of Jefferson High School and is employed with Thiokol Chemical Corporation.

Pre-nuptial music was provided by Mrs. Jerry Suber, organist, who also accompanied Miss Druaine Hellums, soloist, in the selections "Because" and "The Wedding Prayer."

Vows were exchanged before an altar setting which had as a focal point a cathedral arch of white tapers above an arbor of English ivy flanked by seven-branch candelabra. Swags of ivy caught with white satin bows adorned the choir rail. Pedestal baskets of Commander fern and ivy were placed before the prie dieu where the couple knelt during the musical benediction.

The ribboned section of the church was marked with double festoons of white satin ribbon, blue rings of ivy centered with white tapers nestled in double rings of ivy interspersed with ice pink and cranberry ice ribbon and tulle glowed against the windows of the church.

Given in marriage by her father, the bride wore a formal Magnolia white Saki silk sheath gown featuring an empire waist. The bodice of imported guipure lace was styled with portrait neckline and elbow length sleeves. Motifs of matching lace were repeated on the Watteau train which fell from the back of the bodice. A crown of silk and lace petals embellished with seed pearls held her elbow length bouffant veil of silk illusion. She carried a white Bible topped with a bouquet of English ivy and white roses centered with a white Cattleya orchid. Her only jewelry was a single string of pearls and matching ear clips, a gift of the groom. Matron of honor was Mrs.

James Rogers of Lubbock, cousin of the bride. Bridesmaids were Miss Cindy McGregor, sister of the groom, Junior bridesmaid was Debrah Ann Butler, cousin of the bride. Their identical formal length empire sheath gowns featured cranberry ice Alencon lace bodices with avocado green velvet bows and streamers flowing to the hemline of slim skirts of ice pink peau de soie. Headpieces were circles of matching illusion caught with silk roses. They carried frilled rosette bouquets of pink and cranberry french-carnations nestled in pink tulle poufs.

Johnny Rogers of New London was best man; groomsmen and ushers were Joe Wayne Dennis, brother of the bride and Marion E. Edwards Jr. Ringbearer was Master Mel Little of Sapulpa, Okla., nephew of the groom; candles were lighted by Dennis Keith Rogers of Lubbock and Stephen Butler of Dallas, cousins of the bride.

For her daughters wedding, the bride's mother wore a two-piece American Beauty lace sheath. Matching accessories and corsage of white cybidium orchids completed her attire. The bridegroom's mother wore a one-piece double knit frock of robin's egg blue, home accessories and corsage of white orchids.

Reception followed at the historic Excelsior House in Jefferson.

The registry table held a memory candle encircled with baby's breath, pink carnations and pink tulle. Miss Louise Wilson and Beth Broussard presided at the bride's book.

The brides table, laid with a floor length cut work linen cloth, was centered with an epergne arrangement of pink and white gladioli, stock, candytuft, carnations and pom pom mums, flanked by pink tapers in five-branch candelabra. The colonade cake, decorated with sugar spun roses, was topped with a miniature bridal couple. Mrs. Jim Butler of Dallas, a unit of the bride, served cake; Mmes. Melvin Little of Sapulpa, Okla., and Bill Elias of Brispunch service. Other members of the houseparty were Mmes. Halbert McQuinn, W. J. Francis, Edward Taylor, Creighton Laird, Jack Bullard, Norman Callison, Dru Hellums, Milton Jones, C. T. Summerlin, Herbert Liverman, George Ramsey, L.L.A. Wilson, Jim Moore, Frank Broussard, Douglas Horn, Randy Reed, Marion E. Edwards Jr., Aubrey Biggs, E. F. Brent and Miss Druaine Hellums. Mrs.

Jerry Suber provided background piano music. Rite bags were distributed by Dennis Keith Rogers of Lubbock and Stephen Butler of Dallas.

For a wedding trip, the bride chose a blue silk shantung ensemble with black patent accessories and the orchid from her wedding bouquet.

The couple is at home, 103 S. Owens St. in Jefferson.

Meetings Set On Certification Of Farm Producers

Several meetings on farm producer certification are being announced by Jesse G. Meredith, county office manager for the Agriculture Stabilization and Conservation Service in Eastland.

On March 18 there will be a meeting in the school cafeteria in Carbon at 2:00 p.m. and in the Sabanno Clubhouse in Sabanno at 7:30 p.m. On March 21 a meeting is scheduled at 2:00 p.m. in the Fireman's Hall in Gorman. Mr. Meredith will conduct all of these meetings. All farmers

in these areas are urged to attend one of these meetings as they have been planned.

1968 marks a change in reporting of acreages on price support crops. In past years, the ASCS has hired reporters to measure all of these acreages. Beginning this year, the responsibility is being shifted to the farm producer, himself. He will be required to certify total number of acres for each of his crops. Failing to certify properly and/or overplanting could cause reduction in price support payments.

Other meetings will be announced later. These meetings are planned to acquaint all farm producers with all of the aspects of this program. Mr. Meredith said.

THIS IS JOHNNIE W. MORREN

Candidate for EASTLAND COUNTY COMMISSIONER Precinct 1 (Eastland, Olden and Ranger)

The two things which he is most concerned with in this election are:

EASTLAND COUNTY AND PRECINCT ONE

He believes that the Eastland County Commissioners Court's regular meetings should be formal with an announced agenda, so that the public will know at all times what is being considered and what is to be discussed, and decided upon, and invite citizens to attend to take part in planning.

He is for:

- Scheduled road maintenance!
- Sound financial county management!
- Formal commission meetings with an announced agenda!
- 5-year master plan for the county!
- Cooperation with cities, chambers and the public on all matters.

He is against:

- Expense account for commissioners!
- 'Coffee-Cup' Commission meetings!
- Neglect of responsibilities

Large Number Received Easter Seal Society Help Last Year

Because of the steady growth in numbers of crippled children and adults in Texas, the Easter Seal Society for Crippled Children and Adults of Texas has stepped up its rehabilitation services.

According to H. T. Wilson, who is the Easter Seal Representative for Eastland County, a total of 17,622 handicapped Texans received Easter Seal treatments during 1967.

Despite medical and scientific advances, Mr. Wilson explained, "the ranks of the crippled are growing. This is because of population growth, increased number of accidents and medical treatment which saves victims of crippling diseases who might not have lived in past years."

State-wide Easter Seal services were provided for 17,622 Texans last year, he pointed out. Quoting the annual report of the Easter Seal Society for Crippled Children and Adults of Texas he said that 21 affiliated treatment centers are in operation in Texas. They include treatment and rehabilitation centers, sheltered workshops, recreation and educational programs and many others.

"Through these programs persons with a wide variety of handicaps receive the help they need to lead normal lives," Mr. Wilson said.

The largest group served include those with major deformities of bones and joints, severe speech defects, cerebral palsy, arthritis, muscular dystrophy and multiple sclerosis and stroke. The Easter Seal Campaign which provides funds for continuation for these services began Mar. 1 and continues through April 14, Easter Sunday.

A QUAIL'S NEST in a good grass cover. This area had brush control of oak and range seeded in 1965. A good job of soil, water, and plant conservation provides an "excellent home" for wildlife by furnishing essential food cover, water and protection. Picture was made on C. M. McCain farm located five miles south of Eastland.

THIS FARM POND was built by A. D. Crawford on his ranch north of Desdemona. Livestock water was its primary purpose yet it has many other uses such as water for deer, other wildlife, a home for ducks during winter months and a good "fishing hole" where a man can relax and catch some good ones. Eastland County now has approximately 3400 such ponds. Note the good grass cover established on the dam and spillway.

Wildlife WEEK Observance Is Planned In County March 17-23

The Soil and Water Conservation District is joining with the National Wildlife Federation and other conservation groups in sponsoring Wildlife Week 1968, Mar. 17-23. The theme, "Learn to Live With Nature," stresses the need for conservation education.

"People are sold on the idea of enjoying nature, but we must also sell them on the idea of learning to appreciate and care for all our natural resources," according to C. M. McCain, Chairman of the Board of Supervisors of the Upper Leon Conservation district. "Conservation education," he said, "is an important part of any school program. It can also be a community project. People young and old should learn that they can help solve conservation problems such as erosion, water and air pollution, litter, endangered wildlife and waste."

Television and motion picture star Dick Van Dyke is national honorary chairman for Wildlife Week. In announcing the observance, Van Dyke said that the amount of resources we have is limited, and every day more demands are placed upon them - that is why we must learn to live with nature - not in spite of it.

"One of the most important Wildlife Week themes we've ever had is this one of conservation education," Van Dyke said. "Everyone should learn

Band Uniforms Are PAID FOR In Full

The Band uniforms are paid for! This was the announcement made by Mrs. Mary Clark, Band Booster Association president, Tuesday evening when the club met.

Members would like to thank and commend each person who has aided in any way. They are especially grateful to the school board for consenting that the school system be a partner in the cost of the 71 uniforms needed. The board had listened and labored intently to the organization as it faced the chore of having to replace the thread-bare uniforms the band had used so many years. Carrying a big part of the support were Ranger's merchants and business firms. It was noted there is hardly a firm or an individual in Ranger who has not given financial support in some form so that the public school bands could appear in proper attire.

Not willing to leave all the hard work for adults, members of the bands from the sixth grade, junior-high group, and high school unit, put their shoulder to the wheel too, and spent many hours selling candy, toothbrushes, membership cards, decals, and helping their parents at concession stands, smorgasbords, calendar sales and carnivals.

Backing these students and carrying much of the load was the band director, Richard Helmcamp. Also working full speed with the varied uniforms project were James Clark and James Childress, school officials.

Many gave who had no direct connection with the band—that is except, interest. Heading the list of such individuals is Ranger's own Hollywood personality, Teddy Neeley, who is a star in more ways than one to many of the band students and parents, alike. Teddy contends to be long to the Ranger band is a position of pride and his interest in keen and his direct contribution was appreciated.

Parents are especially grateful to the two Band Booster presidents who have served during the hardest working years that the present members have seen—Mrs. Daisy Pounds who was serving when the uniform project was initiated and so faithfully presented the bands needs to the school board and Mrs. Clark who now served so well to keep the bands needs uppermost in the members minds. To each person and organization who has assisted Ranger Band Booster Association — again thank you!
