SOME FOLKS THINK

BANK DRAFT PAYMENT

Folks who use our Automatic Bank Draft Plan to pay

their electric bills seem to like the idea. . They like

the convenience of having us draw a draft on their

checking account for the amount of the bill. • Then

they don't have to bother writing a check, hunting for

a stamp and remembering to mail it. And they

don't have any trouble keeping their records

the portion of the bill they would normally

keep, and it's marked "paid." . Of

course, many of our customers aren't interested in the

Automatic Bank Draft Plan. They still want to get their

bills at home and come in to pay us or send a check in

the envelope we enclose each month. • We started

effect on anyone's account until it is re-

quested, and necessary authorization forms are signed.

the Bank Draft Plan because some of our customers

asked for it, and we want all our customers

to know it is available. If you'd like to

know more about the Bank Draft Plan, we'll

be glad to tell you all about it. Then you'll

Daniel Clarence Singleton More Workers To Be Hired by Firm

Purchase of three huge machines to double the capa city of their department that makes heads for steel tanks has been announced by the Sandler Manufacturing Company of Cisco. The first of the machines arrived Wednesday and the other two were due later in the week.

The machines, each of which weighs 40,000 pounds were purchased in Peoria, Ill., and shipped to Cisco by truck. The factory already had two of the machines, which make plain and dished heads of various sizes for any

kind of welded steel tank.

L. C. Davis, vice president in charge of the factory, said all of their own tank heads since installing the two mach ines last year and has also been making heads for a Wic-B. T. Thompson, Olden, hita Falls concern. The Cisco factory will now be able to accept head orders form other plants, he added.

The new machinery installation will require the company to add five or six more men, Mr. Davis said. The Wendell Siebert, Eastland, factory now has 50 men in its

The Sandler factory turns out a line of fertilizer tanks, Dan T. Amis, Eastland, oil and sugar tanks, assorted chemical industry tanks, huge industrial engine mufflers or snubbers and special order tanks. Sandler tanks go to most states in the USA, Canada, South America, Japan, Australia, and two went this week to Yugoslavia. The factory is also making its third large water storage tank for the LRJ Ranch in Blanco County

> The factory was started some 15 years ago in a 30x40 building. Today, the plant has 39,000 square feet under roof and needs more space. An nual sales exceed \$1,000,000 Charles S. Sandler is presi dent of the company.
