REAL QUIET describes our holiday weekend. We read our horriblescope (sic) which suggested the more passive forms of activity. These we followed in a manner that would have caused Jean Dixon to smile approval.

MONTGOMERY WARD Co. winner of a half side of beef on Labor Day was Mrs. Z. W. Cook, Rt. 2, Ranger. Best wishes for good eating!

FEATHERLITE families enjoying a cook-out at the company picnic ground on Monday evening. As one housewife described it, the food was good and the kitchen was cool.

SIX STATES were represented when relatives of J. B. Craig of Ranger assembled at Quarles Lodge on Lake Leon for reunion last weekend. The 49 persons attending were from Nebraska, Kansas, Oklahoma, New Mexico, Colorado and Texas.

BOONE YARBROUGH of the Bulldog coaching staff, went over to Cisco last Friday night to see the Lobos scrimmage Rising Star. He found a much improved Lobo team in comparison to last year.

We'd all better get ready to go over to Cisco next week to back our Bulldogs in the season's opening game for both teams. Ranger barely won in last season's game here, so you can be sure that the Lobos will be out for revenge.

New Education Report Seen As 'Interesting'

The Governor's Committee on Education has prepared a report for release Sept. 8 that will be of considerable interest to the schools of Eastland County. That was a statement made last Sunday by State Representative Burke Musgrove of the 53rd District (this region) in a talk in Eastland. Mr. Musgrove said that he has received a copy of the report. The committee was appointed by Gov. John Connally three years ago after the 59th Legislature had voted for a study of education in Texas. The committee was made up of 15 leaders at the community level over the state headed by Leon Jaworski, a Houston attorney and past president of the State Bar. No legislators were permitted on the committee. Musgrove said, "The report is very comprehensive, especially in the financing area. It will have broad, sweeping application to Eastland County, which now has eight or nine

school districts. The two other counties affected most in my district will be Palo Pinto and Callahan. "I expect, however, that teachers and school administrators to be very pleased. I was amazed at the financial proposals. At this time I can give no specific information on proposals. This will be released on the official date." Musgrove said the report deals with organizational structure of schools, basic programs, spending requirements and financial foundations to produce quality education throughout Texas. He said that the purpose of the three-year study was to make Texas a leader in the nation's public education. The report answers such questions as: —What should be the goals of the public education system? —What programs and services must be provided to achieve these goals? —What must be done to staff the system with competent, dedicated, professional personnel? —What organizational structure will permit the systems to function most efficiently? —What financial changes are required to underwrite the cost of long-range plans for national leadership in education achievements? Musgrove said the committee used 128 sample school districts for the three-year study, which included Breckenridge, Cisco, Baird, Abilene, Hawley, Sweetwater, Snyder, and Ira. The schools over the state were selected to give a cross section for the study. Musgrove ventured that the minimum standard section of the report will cause the most concern at the local level. He said, "I would not stop short of predicting the governor will call a special session of the legislature to enact this proposal designed to make Texas a leader in public education." The official report comprises some 76 pages.

Mrs. Paul Derr Hospitalized After Auto Crash

Mr. and Mrs. R. W. Gordon spent last weekend in Arlington at the bedside of their daughter, Mrs. Paul Derr (Winnie Gordon) who is a patient in Surgeons Hospital in that city. Mrs. Derr sustained serious internal injuries in an automobile accident near Clovis, N. M. on Aug. 16. Other members of the family received minor injuries. Mrs. Derr was flown to Arlington on Aug. 25 and two days later she underwent major surgery and remains in the intensive care unit. Another surgery will be performed within the next few weeks. Mrs. Derr has many friends in Ranger who will anxiously await news of her complete recovery.

Jury Panel to Report Monday

District Clerk Roy Lane announced that a jury panel has been called for 9 a.m. Monday, Sept. 9, at 91st District Court. Prospective jurors are Marshall Berry of Carbon; Bert R. Kent of Olden; F. D. Hogg, Dorothy L. Grimshaw, and Pat Buckley, all of Desdemona; W. C. Browning, Sam Broom, L. D. Belyeu, Roy D. Blair, and D. F. Eaves, all of Gorman. From Eastland, Mrs. S. L. Bourland, C. R. Benton, H. O. Waldon, J. T. Berry, Jimmy Easter, C. B. Chaney, M. L. Terrell, H. S. Curtis, D. A. Collins, John F. Langford, W. M. Day, and B. H. Anderson. Cisco: Douglas Campbell, Johnny Cagle, J. C. Carr, Carl Lamb, L. E. Boo, Mrs. L. M. Cawley, Larry James Bryant, George Kinard, and C. C. Cooper. Rising Star: Clarence Stroebel, J. L. Rankin, Raymond J. Turner, A. W. Bailey, and W. E. Caudle. Ranger: Mrs. Edgar Black, Gene Bagwell, Alton L. Underwood, William L. Bourdeau, J. W. Van Bibber, Bennie Joe Stewart, David Rogers, Eva K. Poyner, E. P. Brasher, W. T. Eaton, John H. Roper, Joe H. Hudson, Tommy Gene Warford, and William H. Tackett.

Sister-In-Law Of Mrs. Hunt Dies In Calif.

Mrs. Paul Hunt has received word of the death of her sister-in-law, Mrs. Paul Taylor in Los Angeles, Calif. Final rites will be conducted in Austin Thursday, with interment in Capitol Memorial Park beside her late husband. Survivors include two sons, two daughters, three grandchildren, two sisters and three brothers. Mr. and Mrs. Taylor formerly lived in Ranger where she was instructor in art and piano. Mrs. Hunt and a niece, Mrs. Aull of Lubbock, will attend final rites.

Green Valley Ranch Resort Now Open South of Cisco

Green Valley Ranch — the realization of a dream and a dream place — is officially open in Eastland County. The resort center is located three miles south of Cisco on State Highway 206, and presently consists of a Steak House and Grand Ball Room. These facilities are open, and future plans, according to Proprietor Mrs. Winnie Hollis, call for a private club, a motel, swimming pool, stables and other resort facilities. The modern Steak House will comfortably seat 100 and the Ball Room will accommodate about 800. Robert Stewart, former chef at the world-famous Lowake eating establishments, is chef at Green Valley Steak House. Mrs. Hollis announced Green Valley is serving daily except Monday, from 5 to 10 p.m., offering top steaks and chicken for one or a family. Grand Opening and schedule for the Ball Room (couple's only) will be announced soon. Opened last weekend for a "test run", the management for completion and won by minutes. Chairs arrived by truck at 7:10 and the last one was set up at 7:57. A restroom door was hung just seconds before the official 8 p.m. opening. Construction of the resort center is unique unto itself. Modern in every respect, it has been constructed from the finest materials from a good number of famous area buildings: The Star of David's on the floor porch are from the Guiter mansion, demolished

in Abilene in 1963; other stones are from the Convention Center in Fort Worth, as well as the Wagner and Ellison mansions there. There are brick and stones from the Blue Bird Inn in Abilene as well as from the former Pressley Jewelry Building in Abilene and the beams in the Ball Room are from the old Grand Central Hotel building, one of the oldest buildings in that town. The stones in the two large fireplaces in the dining rooms are from Mexico, and overall contribute to the comfortable atmosphere. Steaks are charcoal broiled and grilled. Temporarily the steak house will be on the 5 to 10 p.m. schedule and tentative plans call for the ball room to be open on Tuesday, Thursday, Friday and Saturday nights. Descendants Of Mr. Mrs. Smith Hold Reunion The annual reunion of descendants of the late Messrs. and Mrs. Elmer and Ed Smith was held at Fireman's Hall in Eastland on Saturday and Sunday, Aug. 31 and Sept. 1. Among the approximately 70 persons attending were Mr. and Mrs. Wynelle Hughes and family, Mr. and Mrs. Don Squyres, Bill Squyres, Mrs. Lillian Smith, Mrs. Lois V. Parks and niece and nephew, all of Ranger.

with named bands to be announced for entertainment. A grand opening will be announced soon.

Funeral Rites for W. D. Waller, 57, Held on Tuesday

William D. Waller, 57, of Route 2, Eastland, was found dead in his pickup truck about 9 a.m. Sunday on East Corner Street, just east of the Eastland city limits. He apparently died of a heart attack. Funeral was held at 2:30 p.m. Tuesday in Crim Chapel in Henderson. Local arrangements were handled by Arrington Hamner Funeral Home of Eastland. He had been a resident of Eastland for two years and had formerly been an oil field worker in Monahans. He was a member of the Ranger Church of God. Born Oct. 17, 1910, in Henderson, he married Rosa Mae Lyles in Troup Feb. 11, 1928. Survivors include his wife; two sons, Travis of Cloudcroft, N. M. and Howard of Pampa; one daughter, Mrs. Shirley Coleman of Weatherford; five sisters, Mrs. L. L. Ross and Mrs. Maudie Hughes, both of Henderson, Mrs. F. Bob Scisson of Rusk, Mrs. F. M. Langford of Corpus Christi and Mrs. Carri Scoggins of Tyler; one brother, G. H. Waller of Troup; and nine grandchildren.

Local Youth Is Critically Burned Here Saturday

Little Haden Lee Johnson Continues Treatment in Abilene

Mr. and Mrs. James Johnson and son were in Abilene Thursday morning. The above item could have been repeated weekly during the past year and countless trips recorded during the past four years. Our story has its beginning in Sep. 1964 when a son, Haden Lee was born to the Johnsons. Haden was one of many children to begin life with a handicap, that of hydrocephalus (water in the cranial cavity). At the age of six weeks, Haden was placed under the care of Dr. Eugenio of Abilene and on Nov. 13 in Hendrick Memorial Hospital, underwent the first of three surgeries, the others on June 14 and Nov. 5, 1965. For all that the Johnsons were eligible for National Foundation help and friends and neighbors were kind, there remained the constant care, the periodic check-ups and the ever present anxiety that only such a situation could foster. A year ago, it was apparent that Haden was ready for therapy, so it was back to Abilene, this time to the Rehabilitation Center for physical therapy. Last June, speech and occupational therapy was added to the weekly treatment. The time and energy consuming trips, not to mention the expense of adding approximately 7,000 miles to the speedometer of the family car are paying off in the progress made by the young lad. He will observe his fourth birthday on September 29 weighing 40 pounds, average in height for one his age, able to stand and learning to maintain body balance. Mr. and Mrs. Johnson present a classic example of the power of parental love and devotion to overcome what to some would have been an unsurmountable difficulty. Theirs is a faith that does not take "no" for an answer nor does it sit and wait for the best to "just happen." They want the best for their son and to this end, they continue to work.

De Leon Farm Tour Plans Are Announced Here

The De Leon Chamber of Commerce and the De Leon Farmers Union extend an invitation to anyone interested in agriculture to attend the annual De Leon Farm tour which will start at 1:30 p.m. Sept. 6 at La Dons Cafe on Hwy. 6. Bob Walsh, WBAP Farm Director, will be tour leader. The stop at the Comanche Land & Cattle Co. Feed Lot is a must for anyone with livestock. Owner Jim Weathersby has some excellent figures on raise of gain of cattle being fed on coastal bermuda as well as information on rate of gain of cattle in the feed lot. Tour members can see Jim actually implanting cattle in the feed lot. Tour members can see Jim actually implanting cattle with hormones and can inspect a good set of feeding and working pens at this stop. In addition, practices that can be seen on the tour are good examples of strip cropping in peanuts, coastal bermuda, grass waterways, brush control and range seeding of Ernie lovegrass and peanuts that have been fumigated for nematodes. An actual demonstration of a fumigating rig can also be seen on the tour. Mrs. Margaret Burton and children of Santa Barbara, Calif. are visiting her parents, Mr. and Mrs. W. W. Nesham. Another daughter, Mrs. Pat Blackmon and children of Dallas spent last weekend in the Nesham home.

Joe Preston, 14 Year Old Ranger Youth, Is Listed In Critical Condition in Parkland Hospital, Dallas.

Preston, who resided with his mother and step-father, Mr. and Mrs. Don Sledge, So. Oak St., suffered third degree burns over 90 per cent of his body when, on Saturday morning, he tripped with a can of gasoline he was carrying inside a garage where he was a summer employee. A nearby water heater ignited the gasoline. The victim was carried to Ranger General Hospital and immediately transferred to All Saints Hospital, Fort Worth and on Monday to Parkland Hospital in Dallas. Attempts to get the youth admitted to Shrine Burn Institute in Galveston or Brooke Army Medical Center in San Antonio have been delayed due to arrival of severely burned soldiers from Vietnam, a spokesman said. Preston is an eighth-grade student of Ranger Junior High School. A fund to help pay hospital expense of Joe Preston is being sponsored by Ranger Jaycees. It was announced Tuesday. Contributions may be left at City Hall, Ranger Auto Parts, Greer's Western Store, or The Ranger Times office.

Borers Threaten Local Peanut Crop

High populations of the destructive lesser corn silk borer in Comanche and Eastland Counties are posing serious threats to peanut farmers. Agriculture Commissioner John C. White said. A Texas Department of Agriculture survey team has counted as many as two borers per peanut plant in the affected area, White said. The survey includes the Pioneer, Rising Star, Gorman, DeLeon, Comanche, Guizine and Proctor areas. "This is a matter of grave concern to peanut growers and quarantine officials alike," Commissioner White said. "Last year, in Comanche County alone, the corn

Ranger Bulldogs Tie Winters In Scrimmage Here Tuesday Night

The Ranger Bulldogs scrimmaged the Winters Blizzards in Bulldog Stadium here Tuesday night. A large crowd of Bulldog fans were on hand to see the hometown team battle the visiting Blizzards to a tie with two touchdowns each. The Bulldogs looked good in their passing but the line seemed to be a little weak. This is one thing the coaches

will work out before the Bulldogs meet the Cisco Lobos in Cisco on Sept. 13. The team from Winters is team for the Bulldogs this of the Big Country to win their district this season. They are members of District 2-A. The Bulldogs have been picked to win their district this season. Probably the toughest have returned from Odessa season will be Albany. Bill Watkin is at the quarterback position this season, with Tom Fox, 111, and Bobby Sipes as seasoned backfield men for the Bulldogs. Fox looked very good on defense in the Tuesday night scrimmage.

Funeral Services Thursday at 2 for Mrs. Griffith, 75

Mrs. Emma S. Griffith, 75, died at 12:45 p.m. Tuesday in Eastland Memorial Hospital. She had been ill about one year. Funeral services will be held at 2:00 p.m. Thursday (Today) at Arrington Hamner Funeral Chapel with the Rev. Haston Brewer, pastor of First Baptist Church, officiating. Burial will be in Eastland Cemetery in charge of arrangements. Born June 21, 1893, in Eastland County, she lived at 1204 S. Green St., where she had lived for the past year and a half. She came here from Electra and was a member of the First Baptist Church. Survivors include three sons, Cecil M. Faircloth of Eastland, Wendell Griffith of Dallas and Marvin Griffith of Mineral Wells; three daughters, Mrs. Phyllis Armstrong of Albuquerque, N. M., Mrs. Ollie B. Cochran of McKinney and Mrs. Eunice Owens of Electra; two sisters, Ida Johnson of Dickens and Minnie Atkinson of Dickens; three sons of Dickens and Minnie brothers, Jimmy Johnson, Walter Johnson of Fort Worth and Earl Johnson of Potts; eight grandchildren and nine great-grandchildren.

Reception To Honor Judge Sparks Thurs.

A reception honoring Retired Judge J. Frank Sparks will be held in the 91st District Court courtroom at the Courthouse in Eastland on Thursday, Sept. 5. Time will be 10 a.m. and friends and associates of Judge Sparks are invited to come for coffee and join in the salute to the retired jurist, according to Bill B. Hart, County Bar Association. The Association is making arrangements for the event. Judge Sparks retired recently as presiding officer of the 91st District Court. A former state legislator, Mr. Sparks practiced law for many years in Eastland County. He was appointed by the governor to complete the unexpired term of the late Judge T.M. Collie. Judge and Mrs. Sparks are continuing to make their home in Eastland since his retirement. Out-of-town attorneys and officials are being invited to attend the Thursday reception.

Area Masons Planning Workshop On Sept. 13

Billy L. Medlin of Mineral Wells, chairman of the four-county Masonic Workshop Area B-8, has announced that a Masonic Workshop meeting will be held Friday, Sept. 13, at the Masonic Lodge Hall in Cisco. The Workshops are a project of the Grand Lodge of Texas, which is aimed at improving the quality of Lodge officers. Officers of Eastland, Breckenridge, Cisco, Rising Star, Gorman, Ranger, Carbon and Desdemona Lodges will attend the meeting. Medlin said the Workshop is a part of the semi-annual program held for officers of the 972 Lodges in Texas. The Masonic Lodge is the largest fraternal group in the area, with membership of nearly 250,000. The group is noted for its charitable activities.

LVNA to Meet Monday

The Licensed Vocational Nurses Association, Division 64, will meet at 7:30 p.m. Monday, Sept. 9, in the conference room of the Eastland Memorial Hospital. Election ballots should be turned in before the meeting. All members are urged to attend.

enridge, Cisco, Rising Star, Gorman, Ranger, Carbon and Desdemona Lodges will attend the meeting.

"WHAT HAVE YOU DONE FOR YOUR TOWN LATELY?"

"What Have You Done for Your Town Lately?"

This was the subject of an address by Jack G. Springer, executive vice president of the West Texas Chamber of Commerce, at the recent annual convention of the West Texas Press Association in Abilene.

This excerpt from his remarks is reprinted today for its general interest:

Cities are built, they don't just grow.

They are built by the people who live in the community. They are built by these people working voluntarily together.

Communities, like individuals, can have diseases. Before treatment can be prescribed for any disease, the disease itself must be recognized and diagnosed. Let me mention just a few of the more common types of these community disorders:

Civic egotism can be a civic disease. The people of the community are so proud of

their community that they cannot recognize any of its needs. It's the "greatest little town in the world," with an abundance of everything that industry needs, and there are no thought of additional paved streets or more water supply or more adequate health ordinances or improved schools in better facilities.

Civic Stagnation can be a civic disease. This ailment attacks the same organs of the community body as civic egotism, but the diagnosis and treatment are different. Here the people in the community who actually make the decisions do not want industry because it would upset their pay scales. They do not want better streets and schools and health conditions because that would mean higher taxes. They give lip service to progress but when it means voting a bond issue or more taxes or digging down into their gray flannel suits to support civic improvements, they look

Boldly restyled for a more massive front-end look, the 1969 Chevrolet light conventional truck line has numerous improvements. They include brighter interiors, tighter door sealing, new cab mounts for quieter ride, automatic choke, and foot-operated parking brake. New options include a 350-cu.-in. 255-hp V8 and low-mounted side mirrors which afford better side vision and lower wind noise. The new Chevrolet trucks are on display at Fullen Motor Co. in Eastland.

out of the window. Don't hang a "Do Not Disturb" sign on the entrance of your community and expect it to grow.

Civic Apathy can be a community disease. This is perhaps the most deadly of all the diseases that find their way into the community economic stream. The people know they have problems, but it just isn't worth it to try to do anything about it. They know they have expansion possibilities, but a generation ago their fathers tried it and failed, so there is no use in making another effort. The store fronts are hopelessly out of date. The school buildings are old, inadequate and rundown. The few paved streets are worn out. Water as rationed in summer. The young people are all moving away, and population is declining. These are the marks of an apathetic community.

Civic Factionalism can be a community disease. Here the leadership of the community is split into two or more factions, and one faction opposes everything constructive the other faction initiates. If one faction says it is cloudy, the other will affirm it is clear, if one says a thing is black, the other will insist it is white. The civic potential is sacrificed on the altar of selfishness.

Group Control can be a community disease. Initiative is stifled in a community suffering from group control. By hook or crook, the leadership of the community is tightly held usually to the interest of those holding the leadership. The needs of "preferred customers" or the wills of "sacred cows" rather than the needs and opportunities of the community dictate community decisions.

There are other diseases, but these will illustrate the divisive influences of such forces as work in any community. Individually or in combination, they are mortal enemies of community unity, of community progress.

Oil Industry Is Chief Source Of State Tax Money

DALLAS — Texas' petroleum industry continued to be a chief source of revenue for the state's public education program during 1967. The industry, according to a new publication of Texas Mid-Continent Oil & Gas Association, in 1967 paid for 29 percent of the state's cost of public education, 57 percent of the state cost of teacher retirement.

The publication — "68 In Informative Facts" — states that the oil and gas industry last year paid \$262 million in state taxes, an \$18 million increase over 1966.

The annual compilation of industry statistics, released Saturday, further states that:

Texas production taxes on oil raised \$140.6 million, up \$9.6 million over 1966, while production taxes on gas totaled \$78.3 million, up \$4.3 million over 1966 figures.

The Texas petroleum industry taxes account for 21.8 percent of all state taxes.

The state's petroleum industry pays 30 percent of the state franchise tax; 37 percent of state property taxes.

The Texas Permanent School Fund in 1967 received \$35.4 million from the petroleum industry for lease rentals, bonuses, royalty payments; total since 1932 — \$655 million.

The University of Texas Permanent Fund received \$16.8 million in petroleum lease rentals, bonuses and royalty in 1967; total since 1924 — \$491 million.

The Association's leaflet also points out that Texas became the nation's leading petroleum producer in 1928. It adds that the state has produced 30.9 billion barrels of oil, 36.1 percent of the U. S. total, and Texas has derived

\$69.6 billion from crude oil sales.

Other items of interest in "68 Facts" include the following:

Oil is produced in 199 Texas counties. Texas has 5,600 oil producing firms. Texas has 207,446 producing oil wells in 8,708 fields. To prevent pollution, each day Texas oil men put over 5 million barrels of oil field salt water

Shifting Insurance Burdens —

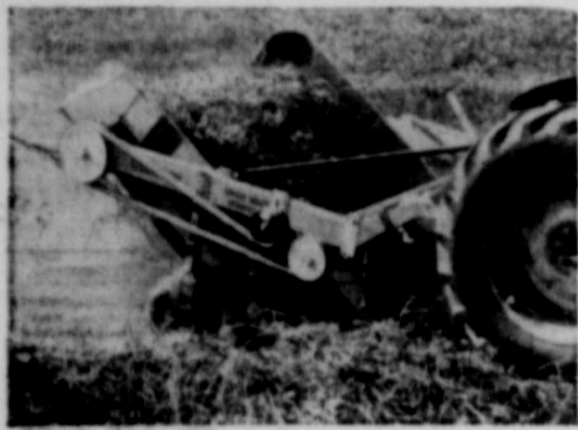

... has long been an American custom, and it's a good custom. Don't try to carry the load of financial risks yourself against the hazards of these modern times, but shift it to your local agent and let insurance do it. Your losses may be hours or years away but meanwhile insurance will give you peace of mind and financial protection that is worth far more than it costs. Loss or no loss, you win either way — with insurance.

Blind Dog Poses Real Problem To Cisco Family Leaving For India

What to do with a blind collie dog is one big problem facing the Dennis Johnson family as the young Cisco Church of Christ minister prepares to move to India for missionary work.

The dog, which looks like Lassie of movies and television and answers to that name at the Johnson household, is about 16 months old and was obtained by the family as a puppy. Lassie was a big favorite with the three Johnson children before they determined that she was totally blind.

Mrs. Johnson reported that she and the children — Cecelia, 13, Brett, 5, and Ferah, 2 — have agreed that they will have a veterinary "put Lassie to sleep" if they cannot find a good home for her before Sept. 7, which is the deadline in their planning.

"If we can't be sure that somebody will take Lassie and care for her as we have, we would rather have her dead than mistreated," Mrs. Johnson said.

Mr. Johnson preached his final sermon as minister of the 8th Street Church of Christ in Cisco on Sunday, Aug. 25, and he is busy with plans to take his family to Madaras, India, to attend a language school prior to beginning his missionary work.

Plans call for the family to sail from New York City on October 1. They are hurrying with preparations as India recently decreed that all foreign missionaries must leave that country three years hence.

Mrs. Johnson, who shares her husband's enthusiasm for their India plans, is a native of Clarendon in the Texas Panhandle. She and Mr. Johnson met while they were students at Abilene Christian College. He is 31 years old and she is 29. Their 13-year old daughter is adopted.

Mr. Johnson has been preaching since 1962, going from ACC to Park Rapids, Minn. He came to the Cisco church in March, 1966.

Gary Adams, director of the Church of Christ Bible at Cisco Junior College, will fill the pulpit of the local church until the congregation calls another minister, according to an announcement.

Preparations for their trip to India include all members of the family taking a wide assortment of immunization shots, obtaining passports and other details.

Anyone interested in Lassie was invited to contact the family in Cisco. The dog is normal in all respects except for blindness. She gets around nicely in familiar surroundings but needs time to learn where things are in new places.

"The children love her and would dearly like to have her go with us," Mrs. Johnson said. "But that is impossible. We certainly hope that somebody will take her and love and enjoy her as we have."

TAXPAYERS ASK?

Q—My daughter is going to help out in my store this summer. Do I treat her as any other employee for tax purposes?

A—Yes, her salary is subject to the same withholding requirements as your other employees if she is 21 or over. If she is under 21, then you withhold just income tax and not social security.

The salary you pay your daughter can be treated as a business expense to the extent it is what you would pay a person not related to you for performing the same services.

Q—Are wedding gifts taxable?

A—The recipient of gifts is not subject to income or gift taxes. However, the giver may be liable for gift tax if gifts to one person in a single year exceed \$3,000.

Q—Is it true you could lose your tax deductions for a business trip overseas if you take a vacation at the same time?

A—Yes, there are situations where business deductions for overseas travel can be affected by the amount of time devoted to sightseeing and other non-business activities.

Under certain circumstances, the cost of transportation, including meals and lodging, to the place of the business meeting and back to the taxpayer's home will not be allowed in full as a business deduction.

Rules for handling business deductions in these circumstances, are explained in Publication No. 463, "Rules for Deducting Travel, Entertainment and Gift Expenses."

Q—A mistake in my social security number held up my refund for weeks. Why is this number so important?

A—Because so many taxpayers have the same name, your social security number is the only positive identification of your account with IRS. Names change, too, as marital status changes.

Congress passed a law several years ago requiring individuals to use tax identification numbers. Social Security numbers were selected for that purpose because most taxpayers already had one.

This number should be placed on all individual tax returns filed, correspondence with IRS concerning returns, payments for tax liabilities and similar documents. The number should also be given to corporations and savings institutions to identify dividend and interest payments.

Q—We're going to a benefit dinner for a charitable organization. Won't this cost be deductible?

A—The cost of the tickets will be deductible to the extent it exceeds the value of the food and entertainment you receive. If the value of the meal and entertainment is not indicated on the tickets, the sponsors of the event should be able to tell you.

Q—When do I have to pay Social Security tax for my maid?

A—The quarterly payment for the months of April, May and June is due July 31. Use Form 942, "Employer's Quarterly Tax Return for Household Employees," a self-mailer, to file and pay this tax.

This tax is due when cash wages of \$50 or more are paid to a household employee during a calendar quarter.

Plans call for the family to sail from New York City on October 1. They are hurrying with preparations as India recently decreed that all foreign missionaries must leave that country three years hence.

Mrs. Johnson, who shares her husband's enthusiasm for their India plans, is a native of Clarendon in the Texas Panhandle. She and Mr. Johnson met while they were students at Abilene Christian College. He is 31 years old

H-SU Will Hold Artist Series In Coming Year

ABILENE—Cisco area residents, including school age youngsters, are invited to attend Hardin-Simmons University's 1968 - 69 Artist Series which will feature six crowd-pleasing performances. The programs will range from the beautiful Mary Costa, who has scored triumphs at the Metropolitan and San Francisco Operas, to the talented Clebanoff Strings and Orchestra.

The series will also be highlighted by the return of Roger Williams, popular pianist, probably best known for his famous recordings of "Autumn Leaves," and The Little Angels of Korea, 28 charming Korean youngsters ranging from six to 14, who will present a dance and song pageant.

Here is the schedule: Oct. 15, Mary Costa; Dec. 9, The Little Angels; Feb. 13, Roger Williams; March 14, Clebanoff Strings; April 11, Houston Symphony; May 6, Glen Yarbrough.

"I think we will have a most exciting and entertaining series," said Dr. Bill Beazley, Artist Series coordinator.

Tickets for the H-SU Artist Series may be obtained by writing Dr. W. O. Beazley's office, Hardin-Simmons University, Abilene, Texas 79601, or at Brown's Downtown, North and Walnut, Abilene.

HEIDENHEIMER'S The Family Store In Cisco

WASHINGTON
"As it looks from here"
OMAR BURLESON
Congressman
17th District

WASHINGTON, D. C.—San Antonio's HemisFair is more than just San Antonio's. It is Texas', the Nation's, the Western Hemisphere's and the World's.

By reason of it having been approved by the International Exposition Headquarters in Paris, it is international.

It is most impressive in all the ways that fairs may impress people but it makes impressions in more simple terms.

Some of those who are not Texans and lacking in bias, which those of us from Texas may have, are quick to comment upon the orderliness, its cleanliness, its courtesy, its lack of ballyhoo, which might otherwise be expected.

There is, however, one critical note. It has come under attack from numerous sources. It is the controversy of the film "Confluence USA" at the United States Pavilion. What does that mean? A

coming together of peoples, a joining of forces—everything, nothing—but officials of the Department of Commerce, the Agency under whose jurisdiction comes exhibitions, fairs and expositions, say that world's fair films are not suppose to mean, they are suppose to be, like laughter or morning dew." When Mrs. Lyndon Johnson saw the film she is quoted as saying "It lacks the element of hope." Former Ambassador Ed Clark, now Commissioner of the United States Pavilion at HemisFair, said they had to pass up a thousand good things in America to fine one of its bad things to show."

Not all officials of our government nor our citizens think it is bad. Some view it as a great film that just sweeps down on you and says Look America—Look what you are doing to yourself." At a bend in the corridor on leaving the theatre, you see yourself on television with the caption "Are you a part of the problem?" and at the next turn another television picture of yourself above which is, "Are you a part of the solution?"

This comes about because after the film has shown many wonders of the United States—its great productive capacity, its beauties of nature, its enterprising people, its great flowing rivers and lakes, majestic peaks waving fields of grain to feed millions in the world, its pulsing industry—comes the seamy side. It shows hunger and want, poor people and the disadvantaged, streams polluted by the refuse of our industrial plants, as well as the air from automobiles and smoke stacks. It shows dead automobiles covering acres in junkyards; a newly married couple spend most of the day and night stuck in a freeway traffic jam in some great city.

The controversy, simply stated, is why show the bad or seamy" side of America and does it mean that to not show it is a denial it exists?"

Several years ago, when Edgar R. Murrow was appointed Director of the United States Information Agency for our Government's propaganda overseas, he introduced the idea that we should portray America exactly as it is to foreign peoples. When questioned on this policy his reply was that we must not deny to foreigners that we do not have problems and that to honestly reveal them would be greater

Crime Rate Is Up In Texas In Past 6 Months

AUSTIN—Colonel Wilson E. (Pat) Speir, acting director of the Texas Department of Public Safety, said this week the Texas crime rate for the first six months of 1968 is running about 15 percent over the rate recorded for the same period in 1967.

Speir said information provided by sheriffs and chiefs of police and compiled by the DPS indicates an increase in each of the seven major crime categories. For example, murders and homicides were up nearly 9 percent; rape, up nearly 14 percent; robbery, up about 14 percent; burglary, up nearly 22 percent; aggravated assault, up nearly 6 percent; theft, up about 12 percent; and auto theft, up nearly 24 percent.

"In the January through June period, major crimes occurred in Texas on the average of one every 1 1/2 minutes," Speir noted. "This generally figures out to be a murder every 7 1/2 hours, a rape every 4 3/4 hours, a robbery every 1 1/2 hours, a burglary every 5 1/2 minutes, an aggravated assault every 26 minutes, a theft every 2 1/2 minutes, and an auto theft every 18 1/4 minutes," he added.

The overall crime rate increased about 15 percent in the state's urban areas and almost 11 percent in rural areas. It was up about 17 percent in cities over 100,000 population, up about 7 percent in cities between 50,000 and 100,000, up almost 9 percent in cities between 25,000 and 50,000, up almost 15 percent in cities between 10,000 and 25,000, up 25 percent in cities between 5,000 and 10,000, but up only about 1 percent in cities between 2,500 and 5,000 population.

The largest rural increase came in counties with over 5 rural population per square mile, and was tabulated at almost 34 percent. The overall crime rate decreased by almost 20 percent in counties with from 20 to 35 rural population per square mile and decreased about 3 percent in counties with under five rural population per square mile.

PCA Meeting Set Sept. 14 --Stephenville

Production Credit Association stockholders from a ten county area will journey to Stephenville, September 14th, for the 1968 Annual Meeting in the City Recreation Hall.

Cash prize money amounting to \$450 will be drawn from the box for the stockholders present. An attendance trophy will be awarded to the office with the best percentage attendance.

One director will be elected. The term of Winston Randle of Cresson in Hood County, will expire at this meeting. Director Randle was nominated for re-election by the nominating committee at a meeting in Stephenville on August 6th. Carryover directors are James Crouch, Chairman of the board from Arlington; C. M. McCain, Vice Chairman from

PCA Meeting Set Sept. 14 --Stephenville

Stephenville, and directors T. W. Winters of Lampasas, R. W. Evans of Comanche.

The speaker will be W. Ray Smith of Hillsboro. Mr. Smith was formerly a Vice President with the Intermediate Credit Bank in Houston until his retirement two years ago. Shortly after his retirement he accepted a call from the U.S. Department of Agriculture to spend two years in Brazil to assist the department of Agriculture in that nation with agricultural credit problems.

There will be additional entertainment, door gifts for all stockholders and business reports will be made by Board Chairman, James W. Crouch, and the association President, W. M. Irwin. The business session will be concluded with a barbecue dinner in the city park. "With favorable weather, we anticipated a crowd of some 500 stockholders, wives and guests", according to W. M. Irwin, President of the Stephenville Association.

START THE DOVE SEASON RIGHT WITH A GAS GRILL

Let a Coleman gas grill add delicious flavor to your game

DOVE BREAST A LA COLEMAN

To cook on the grill, split dove down the back. Rub with butter or margarine and sprinkle with salt and pepper or brush with barbecue sauce without tomato. Place, split side down, on grill. Grill 15 minutes over medium setting. Turn, brush with melted butter or margarine or more barbecue sauce and continue cooking 10 minutes. To cook on the rotisserie, place several birds on the spit in head to tail position. Fasten securely with holding forks. Brush with melted butter or margarine and sprinkle with salt and pepper or brush with barbecue sauce without tomato. Cook 20 minutes over medium setting, brushing occasionally with melted butter or margarine or barbecue sauce.

Project FIND Being Launched To Help This County's Elderly

Mrs. Arlin Bint of Cisco has been employed by Project FIND, a community action program designed to locate and serve the elderly in this area.

Mrs. Gordon Griffin of Brownwood is coordinator for the project including Brown, Comanche, Eastland and Callahan counties.

The project encourages and organizes the elderly to give expression to their needs and aspirations, and facilitates their involvement in social action and self-help programs.

Leadership talents are sought out, trained and channeled into service on behalf of the community. Employment opportunities will be created and provided for elderly residents of the community for parttime jobs and unpaid volunteer services from those who wish to help with the program.

When appropriate, the project will refer individuals to existing health, welfare, employment, housing, legal aid, recreation or other services. FIND will also take responsibility for expediting such referrals and for facilitating the relationship between the older person and the agency providing the service.

Project FIND is a pilot program designed to serve senior citizens 60 years or older. The project is composed of a 16 county area in central Texas which has a percentage of 20.3 percent of the population
