#### Mrs. G. H. West. 150 years ago, an idea took root.

In 1819, at what is now Norwich University, military instruction was first

offered in a civilian college. Today, Army ROTC is carrying on that tradition and has become an important resource of leadership for both national defense and civilian enterprise.

Army ROTGenables the college student to earn his commission as he earns his degree. It offers scholarships to outstanding students. And it provides leadership experience that gives ROTC graduates an edge in any career they choose.

After 150 years, a typically American idea is still growing.

#### Farmers Asked To Return Crop Reports Sought

ober some 35,000 Texas farmers and ranchers will receive crop questionnaire from Cary Palmer, state statistician for the Texas Crop and Livestock Reporting Service in Austin. This is a joint endeavor of the Texas Department of Agriculture and the Statistical Reporting Service, U.S.D.A., to provide a program of county estimates for Texas, it was explained.

There are 254 counties in Texas and each farmer in each county is an important part of the state's agriculture. Reports are needed from farm- War on Poverty Program; he ers receiving questionnaires to

Texas crops. Each farmer was urged to fill out his questionnaire carefully and return it promptly in the self-addressed envelope to the agriculture statistician. This will do much to provide the accurate data needed for the State.

4-H to me is opportunity Opportunity to achieve, plore, to recognize, develop, and understand. By having individual projects in 4-H, we achieve a great sense of responsibility. We explore several phases of business that will be beneficial to me as an adult. I also feel that in 4-H, I will become to recognize outstanding leadership and appreciation. But the greatest oppor-tunity of all is making new friends and the development of an understanding and a working relationship with them.
