\$2,785 In Merchandise Taken In Montgomery Ward Burglary

The Montgomery Ward store in Ranger was burglarized sometime Monday night or early Tuesday morning, according to a report by the Ranger Police Department.

Ranger Lions Endorse New Ranger Hospital

Dr. E. W. Mince, president of Ranger Junior College, was speaker for the Ranger Lions Club Thursday.

In his talk, Dr. Mince, chairman of the Ranger General Hospital Board, stated that the local hospital had spent over \$7,000 on the present hospital in order to comply with the regulations of the State Health Department.

He urged all members of the club to support the new hospital and following Dr. Mince's talk, the club membership gave their support.

Members present and voicing their endorsement were Charles Arnett, David Allsup, J.A. Bates, F. P. Bruestler Jr., L. L. Bruce, Ron Butler, James Clark, Pat Collins, Lester Crossley, Joe Dennis, Duke Dixon, Glyn Gilliam, R. B. Golemon, George Kloss, Bill Morslinger, Wayne Mathews, Ken Pair, Avery Sullivan, Bill Terry, Dr. W. P. Watkins and Jesse White.

Manager of the store, George Kloss, stated that \$2,785.97 in merchandise and firearms were taken in the burglary.

Eastland County Sheriff Lefty Sublett stated that he received a call at about 7:45 a. m. Tuesday that the store

Get on the FOR List

By PAT COLLINS

Are you willing to stand up and be counted as being FOR the new Ranger hospital? Why not do so, by writing your local paper and stating your opinion on the hospital matter? Or come by and sign our FOR list.

When enough citizens of Ranger speak out and let the opposition know that they are truly serious about a new hospital. Perhaps they will drop the hand-tying suit against the election and we can go ahead with the building of the hospital.

Even though the election of May 24 passed by a two to one margin, it is up to the people of Ranger to continue their support for a new hospital election. This will only prolong the building.

In answer to the opening question—Are you willing to stand up and be counted as being FOR the new Ranger Hospital—say "yes" and give ALL of your support for Ranger, its schools and its college.

Ranger does have a future—be a part of it.

Pre-Holiday Specials Begin This Weekend By Local Merchants

This weekend Ranger merchants will have the red carpet out for the Regional VII Marching Band contestants with specials to be offered for the pre-Holidays. Several

of the merchants have ads in this issue of the Times to give the shoppers a preview of the merchandise they have.

The Jaycees will start their annual Turkey Snot Thursday and will continue the event through Sunday afternoon with a skeet shoot at the Rodeo Grounds.

On November 22, between the hours of 8:30 a.m. and 3:30 p.m., there will be thirty three bands here to participate in the annual U. I. L. Region VII Marching Contest. The "Spirit of Ranger" and the City of Ranger will serve as hosts for the event.

Each band must be on the playing field from five to eight minutes. If they spend less than five or more than eight minutes, they are lowered one rating as penalty. Each band will be given ten minutes in coming on and going off the field.

Three men will judge each band according to playing and marching ability. Judges this year are Messrs. Everett Maxwell from Lubbock Christian College, Lubbock; Bob Grace from Burleson High School, Burleson; and Larry Spraks from Hollie High School, Hollis, Okla.

There will be no admission charge to this event in Bulldog Stadium and the public is invited to come and see as many of the bands as anyone would like to see.

One-Cent Tip Earns Teenager Rare Collection

MISS BECKY SPEER

Area residents who received one-hundred dollar bills from an unknown Santa Claus are scarcely more fortunate than Miss Becky Speer, Ranger High School Freshman and part-time employee at Ranger Rexall Drug Store.

On Saturday, Nov. 8, Becky was serving customers at the fountain. A gentleman came in, enjoyed a cup of coffee, paid his bill and left his waitress a one-penny tip.

Now, in most instances, the penny would join others in the owner's purse to be spent along with his fellows; but Becky's dad is a coin collector and finding rare coins is somewhat of a family project. Becky immediately recognized the money as "something different." It is a 1914D penny, there being only 1.2 million minted that year and, according to reliable catalogues, is worth approximately \$40.

Above picture shows the happy young lady contemplating the joys of adding to her fund for Christmas shopping, or just how does one spend forty dollars?

Will Host UTofA Tonight at 7:30

The Ranger Junior College Wranglers took an early ten-point lead Saturday night when they tried, unsuccessfully, to hold the Cisco Wranglers off for the remainder of the game. Cisco carried a 14-10 lead into half time, then added 18 more points in the 2nd half to crush the Rangers 27-10.

Cisco won the toss and elected to receive. Three tries at the Ranger line produced a net one yard, forcing a punting situation. Gerald Tate, the Rangers' shifty split end, fielded the punt on his own 46 and raced 54 yards for Ranger's only touchdown. K. K. Klearner kicked the extra point and it was 7-0 Ranger with the game less than two minutes old.

On their next possession, following the TD, Cisco picked up two first downs and were forced to punt with a net gain of three yards. Here is how it happened: A 15-yard runback gave them the ball on the 25. Three plays produced a first down on the 35 but a 15 yard penalty set them back to the 21, four yards short of the original line of scrimmage. On the next play, the Wrangler QB was trapped behind the line of scrimmage for a five yard loss. The next play was a pass for 16 yards, enough for the first down. A running play produced five yards, then following an incomplete pass, the Ranger defense once again nailed them for a loss, this time for nine yards. This

set up a fourth and 14 situation on the 28, three yards beyond the original line of scrimmage.

Ranger took the Cisco punt on their own 24 and engineered a drive to the Cisco 25 before being stopped. With fourth and four, K. K. Klearner, who had been somewhat unsuccessful in conversion attempts in previous games, split the uprights with a 25 yard field goal.

From then on things began to happen to the Ranger offense. Although the defense came through with a commendable performance, allowing only one sustained scoring drive (the other three Cisco TD's were a result of two long passes and one punt return), the offense was unable to find the goal line again.

The Ranger offensive efforts were brightened only by outstanding performances on the part of two or three players. Gerald Tate caught ten of David Barr's 22 completed passes for 119 yards, and Jerry Smith produced 85 yards on the ground in 14 carries.

Letters TO THE EDITOR

Dear Editor: I want to thank you for the recent editorial in support of the hospital district. For more than thirty years my late husband and I were deeply concerned about the health care in Ranger. I still am, and I strongly support the proposed new hospital. Therefore, I am willing to pay my share of the reasonable tax to provide a new hospital for Ranger.

It would be a fine thing if the citizens would express their support by writing to the paper.

Sincerely,
Mrs. P. M. Kuykendall

Dear Editor: Surely there are many people in Ranger who have worked for years like I have, to earn a small pension to live on in their declining years. We need a hospital at home where we can take advantage of Medi-Care.

We do not want to be shut tied off to other towns or strange doctors, at times of illness. So let's have some civic pride and stand behind these fine citizens who are trying to build a hospital for Ranger, that Medi-Care will endorse.

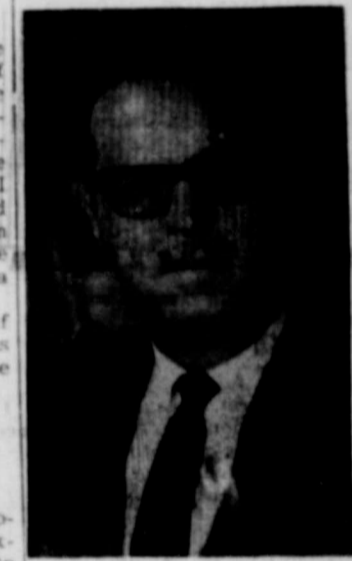

Sincerely,
Mrs. Ollie Hennessee
435 W. Main
Ranger, Texas

Letter to the Editor of Ranger Times

Citizens of Ranger: Have you ever had a sudden and serious illness in your family when the care of doctor and nurses meant the difference between life and death? What could you do if we had no hospital?

And we are not going to have a hospital unless we pull together now and build one, for federal aid will not be continued with our present facilities.

Mrs. Garvin D. Chastain

REV. AVERY SULLIVAN

Rev. Avery Sullivan, pastor of First Baptist Church, Ranger, will bring the message Rev. Sullivan is an instructor of Sociology at Ranger Junior College. He is a former president of the Ministerial Alliance.

The Community Thanksgiving Service is an annual opportunity for the members of the Ranger congregations to join together in worshipping their common God. Although Thanksgiving has become a civic holiday, its origins with the Pilgrim founding fathers were religious. Thus, the Ministerial Association provides a n annual opportunity for citizens of Ranger to join together in giving thanks to God for His blessings on the community and on their individual families.

The offering taken on the occasion of this service is administered by the Ministerial Association during the following year for the benefit of travelers stranded in Ranger.

Music will include selections by a community choir and congregational singing. The community choir is made up of members from several churches of Ranger churches. The music will be directed by Mr. Larry Hunt, Director of Personnel.

Funeral Services Held Wednesday For W. E. Wilson

W. E. Wilson, 76, brother of Mrs. E. Herweck, died Saturday night at his home in Los Angeles following an apparent heart attack.

Funeral was held on Wednesday afternoon in California. Mr. Wilson was an interior decorator and a member of the Baptist Church.

Survivors include several children; two sisters, Mmes. Herweck of Ranger and J. E. Montgomery of Marietta, Okla.

Mrs. Herweck left Monday by plane to attend final rites

'Spirit of Ranger' Performs At Tarleton State

The "Spirit of Ranger," directed by Richard Helmkamp, presented a guest performance at halftime of the Tarleton State College football game on Saturday, Nov. 15 in Stephenville.

Dr. Curtis Owen, band director of the Tarleton Band, made the invitation last week while the band was in San Angelo participating in the Angelo State University Homecoming.

The Ranger band was well received in Stephenville and had the added benefit of providing excellent opportunity for a dress rehearsal of the marching contest routine to be performed at the marching contest on Nov. 22 in Ranger.

JEANINE MONROE

This Week's Outstanding Band Student

Miss Jeanine Monroe was named outstanding band member at halftime of the Ranger-Dublin football game.

Jeanine is a senior and is serving her third year as majorette. She plays flute in the band and has won many medals through ensemble competition in both twirling and on her flute. The flute quartet of which Jeanine played first part went to state two years ago. She has also won positions in both the all-district and all-region bands. Congratulations, Jeanine!

ELECTED TO ANGUS ASSN.

Mrs. P. M. Kuykendall took
the group on a tour of the
Temple area and quoted scrip-
ture from the 21st chapter of
Matthew. Mrs. Daniels con-
cluded the program by dis-
cussing The Mount of Olives,

a mountain range with three
summits. She illustrated her
talk with a map of Palestine
in Jesus' day and a picture
from a recent newspaper
showing an Israeli soldier
guarding the "Dome of the
Rocks." Mrs. Vernon Deffe-
bach offered the closing pray-
er.

Members present were
Mmes. T. L. Thompson, Chas.

Jr., Tom Stewart, G. O. Strout,

Stockmen and farmers were greatly concerned, all over west Texas, over weather conditions in 1934. There had been signs of rain over and over, but no rain came to break the drought over the area.

Ranchers and others who took pride in being able to forecast the weather—in the past said, "The signs are simply failing to run true this year." Among signs the old timers had faith in and vowed had never failed ran like this, "To hear a rain crow roosting was a sure sign of rain. If metal plates and dishes sweated, look out for rain real soon. Fog in the morning always brought rain. A steady southeast wind will bring rain in 36 hours. If stars are dim there will be rain immediately. Strong perfume from flowers indicate rain. If the sun goes down back of a cloud on Wednesday it will rain before Sunday." There are dozens of other signs of rain too numerous to enumerate, but none came true in 1934.

When income tax return blanks were first in being and no one understood what it was all about, the story of a small town business man who returned his income tax forms to the treasury department with the following letter must have caused a stir in the Internal Revenue Department. The letter follows: "Gents:

The enclosed blank is here returned with my best regards to all of you, and appreciation of this form of flattery. I sure was struck by your use of Old English words and phrases such as "Interest on Bank Deposits, Income from Rents, Stocks and Bonds etc." I got a kick out of one question you asked me—"Did you have one or more persons living with you and dependent on you for support, during the taxable year?" Mr. secretary you don't know nuthin yet—there are so many people at my house claiming to be a kin to me, that you might say I am surrounded. Just yesterday my old lady's two old maid aunts blew in to stay. One of them brought a friend along with her. But what burned me up the most was when my wife's uncle Oscar, having lived with us for more than two years, walked up to me and said, "Say ain't I saw you somewhere before?"

I noticed you say you will allow me \$400 for each dependent relative. I just want to tell you something Mr. Secretary. You are overpricing my kinfolks. I'll sell you the whole kitten-bill for \$11.50 and besides I'll throw in a bicycle pump and a magic lantern to boot. Two of my wife's aunts are yours for the asking.

You asked me to describe my business on line 2, schedule A, and I'm glad to do it. Louie, Mr. Secretary, LOUSY. And it sure to enter net profits on line 3, schedule B. Pin is Pin but Mr. Secretary that's just simple taking things too far. Hello, Ho and Aloha-day. Then there is that line "Deduct for Depreciation and Obsolescence." Mister that's where I come in. As an American, I feel, now, Man, I am depressed, debanked, deflated, dehydrated, I'm devaluated, deranged, delirious, disgusted, and devalued. So long, Mr. Secretary, hope you understand my situation."

Years ago Leonard Schann had a millimite he left most of his fortune to be devoted to American boys and administered in such a manner as to do the boys the most good. So a plan was drawn up to have boys keep pledges for three years. Every three months during the period the boys were to send in reports signed by the persons named as sponsors of the boys. At the end of three years if the boys record was satisfactory to the trustees of the Foundation, payments would be paid with the request that it be used by the boys, if possible, for educational purposes.

Three rising Star boys under the age of fifteen years signed pledges that they would not participate in gambling games, would live physically clean lives, and other similar pledges.

If these three boys, Charles Rutherford, son of Mrs. W. E. Tyler, Charles Bucy son of Mr. and Mrs. Jim Ray Bucy and a boy by the name of Russell Day, kept their pledges for satisfactory participation

in the activities of the Leopold Schepp Foundation for Boys in the United States they would each be rewarded with a check for two hundred dollars. In the year 1934 Charles Rutherford received a check for one hundred dollars in payment for his faithfulness in keeping his pledge another hundred dollars would be mailed later. Each of the other two boys were awarded in the same manner.

how can Lone Star Gas help you get rid of wrinkles?

We know all wrinkles are not due to aging. Some are due to drying. And dryers.

Some dryers affect clothes the way sun affects skin. They not only dry out moisture, they bake in wrinkles. Even in permanent press.

But gas dryers are more sensitive to your family's clothing. And more sympathetic to your work load.

Most new gas dryers have a special cool-down cycle that turns off the heat before your clothes become overheated.

That means your clothes have fewer wrinkles. And you have less ironing.

You also have less expensive utility bills. Because gas dries for about a penny a load.

See your gas appliance dealer or Lone Star Gas Company. Find out how to take it a little easier. And avoid wrinkles.

CROP REPORTS NEEDED FROM FARMERS - During the last half of October some 35,000 farmers received crop questionnaires from Cary Palmer of the Texas Crop and Livestock Reporting Service. Accurate estimates are of great importance to producers for providing an accurate picture of Texas agriculture. Each farmer receiving a questionnaire is urged to fill it out carefully and return it promptly to the Agriculture Statistician.

PEANUT, COTTON, FEED GRAIN - We are in the process of completing 1970 peanut allotments, cotton allotments and yields and feed grain bases and yields. Details of each of the programs for 1970 will be announced as they are received. The final date for filing applications for the transfer of 1970 cotton allotments is December 31, 1969. Watch the mail for your notices of allotments, yields and program details.

DIVERTED ACRES USE CHANGE - There is a major change in eligible crops for 1970 on diverted acres. The planting of sweet or forage sorghums WILL NOT be authorized on diverted acreage beginning with the 1970 sign-up program.

PEANUT MARKETING CARDS - 1969 peanut marketing cards are available. You may pick these cards up at the county office or we will mail them to you at your request.

CJC to Present David Brinkley Saturday Night

The second of the Cisco Junior College Current Affairs series will be offered at the Harrell Fine Arts auditorium Saturday night at 8 o'clock when the college will present famous newscaster David Brinkley of NBC's Huntley-Brinkley team in a speaking engagement. Tickets for the program are now on sale at the Cisco Junior College business office at \$3 each for adults and \$1.50 for students.

FOREIGN JOB OPPORTUNITIES

Work this summer in the forest in Germany, on construction in Austria, on farms in Germany, Sweden and Denmark on road construction in Norway, in industries in France and Germany, in hotels in Switzerland.

Well, there are these jobs available as well as jobs in Ireland, England, France, and Holland. These jobs are open by the consent of the government of these countries to American university students coming to Europe the next summer.

Every year the program has been expanded to include many more students and jobs. Already many students have made application for next summer jobs. American-European Student Service (on a non-profitable basis) is offering these jobs to students for Germany, Scandinavia, England, Austria, Switzerland, France, Italy, and Spain. Job jobs consist of forestry work, child care work (female only), farm work, hotel work (limited number available), construction work, and some other more qualified jobs requiring specialized training.

The purpose of this program is to afford the students an opportunity to get into real living contact with the people and customs of Europe. In this way, a concrete effort can be made to learn something of the culture of Europe. In return for his or her work, the student will receive his or her room and board, plus a wage. However, students should keep in mind that they will be working on the European economy, and wages will naturally be scaled accordingly. The working conditions—hours, safety, regulations, legal protection, and work permits will be strictly controlled by the labor ministries of the countries involved.

In most cases, the employers have requested especially for American students. Hence, they are particularly interested in the student and want to make the work as interesting as possible. They are all informed of the intent of the program and will help the student all they can in deriving the most from his trip to Europe. and application forms, write to: American-European Student Service, Box 34723, FL 9490, Vaduz, Liechtenstein (Europe).

MEASUREMENT SERVICE OFFERED

It is time to give serious thought to having your planted wheat acreage early measured. If you intend to enter the 1970 wheat program this is something you should consider now. Your payments depends on accurately reported acreage and should not be "guessed at". Incorrectly reported acreage can cause drastic reductions in payments or forfeiture of your entire payment. When you consider this, the measurement service charge of \$5 for the farm, plus \$2 for each plot over one, plus 5c per acre is small. Request measurement service — it pays dividends!

WOOL-MOHAIR - Wool and mohair producers are urged to file their sales documents as soon as possible. All sales made before December 31 must be submitted no later than January 31, 1970.

Jesse G. Meredith, Office Manager, Eastland County ASCS.

Bridge Tourney Set Sunday at LC

Lloyd London will be director for the tournament. Players are expected from Abilene, Graham, Breckenridge, Brownwood and other area towns.
