HAMLIN FLAYS BLANTON IN ADDRESS HERE

EASTLAND, Texas, July 25.—Asserting that the new district and the "New Deal" deserved a new dealer, Judge Carl O. Hamlin of Breckenridge, candidate for congress from the 17th district, Tuesday night brought his campaign to the attention of the voters of Eastland.

Speaking from the south courthouse steps where about two weeks ago Congressman Thomas L. Blanton, one of Hamlin's opponents, spoke to an audience of more than 2,000 people, the candidate addressed a crowd of approximately 300 seated in cars and on the lawn.

Judge Hamlin, who for 13 years has been judge of a district court at Breckenridge, was introduced by Judge B. W. Patterson of the 88th district court in Eastland.

"I am in favor of organized labor and some form of unemployment insurance," Hamlin said. He also said that he favored an embargo on arms for the purpose of preventing wars and for general disarmament, but until other nations sincerely joined in a disarmament movement he was in favor of keeping our navies and armies up to just as high a standard as was necessary to protect our country.

The speaker said he was in favor of a federal oil control bill. Soon after beginning his speech Hamlin launched an attack on Congressman Thomas L. Blanton, calling him by name and asserting that Blanton mistated the facts regarding his (Hamlin's) war record and in regards to retired officers pay received by Hamlin while he was serving as district judge at Breckenridge.

He criticized Blanton for what he termed misuse of the franking privilege and said that excerpts from the Congressional Record sent out by Blanton had cost the taxpayers more than \$17,000 whereas Blanton had said that he paid for the printing himself and that the mailing had cost, the government nothing since all government employees handling it were paid annual salaries.

Hamlin made many sarcastic thrusts at Blanton's record in congress. Hamlin said that he was a great admirer of the late President Wilson and didn't like to admit that Wilson ever made a mistake, but that if Wilson ever did make a mistake it was when he refused to accept Congressman Blanton's services which Blanton said he tendered the President when the World War broke out.

"Why, if Wilson had only accepted Blanton's services at that time millions of lives and millions of dollars would have been saved for no doubt Tom would have rushed right out to the German front and by a point of order and an objection, put an end to the whole war," Hamlin said.

Smith and Perkins Survive 2nd Day Coleman Tourney

James Smith, Ranger golfer, and R. L. Perkins, Eastland, carried Ranger and Eastland's banner into the quarterfinals in the championship flight and third flight in the Coleman Country Club tournament Monday.

Three of the Eastland golfers, Liles, Tully and Sikes, were crowded out of play in the first round of the championship flight while Houston Cole and James Smith won their initial events in the same flight. Cole in his next step up in the play met defeat at the hands of Schumaker of Dallas 2 and 1. To Smith went the unofficial honor of pulling the unsuspected in the second day of the meet, that of defeating Carnes Wilson of Abilene by 1 up.

R. L. Perkins Jr. of Eastland won his match in the first and second round of the third flight by default.

Federal Cattle Buying Will Not Be Discontinued

COLLEGE STATION, July 25. Appraisal and execution of cattle condemned under the drouth relief program will not be affected by the order stopping purchases, O. B. Martin, state drouth relief director, announced today.

Gasoline Tax Revenue Boosted In Past Six Months

AUSTIN. — Fewer gasoline bootleggers and more automobiles combined to boost state revenues from the gasoline tax for the first half of 1934 \$2,500,000 above the same period last year, the Texas Good Roads Association reported today.

This extra income will add \$2,250,000 to the state common school fund, \$625,000 to refund county bonds and \$1,250,000 to the highway fund.

Comptroller George H. Shepard, scanning the reports of his 60-man field "army" provided by the 1933 law, reported an increase of \$445,261 in gas tax collections for that month exceeding \$3,000,000.

The comptroller predicted an even larger gain for June, totals for which are not yet complete. He also hailed a resounding court victory for the state last week in a test case on gas tax enforcement.

In that case the head of a refinery was convicted in Travis county district court of filing false reports on motor fuel sales, and sentenced by a jury to the maximum of two years in the penitentiary. He appealed. While numerous operators have been fined under the law, this was the first prison sentence yet meted out for tax evasion, and the controller feels it will be a deterrent to prospective violators.

As another factor in the gas tax gains, the road association pointed to the fact that 94,952 more motor vehicles had been licensed in Texas up to July 1 than were registered on the same date last year.

Chastain Speaks at Breckenridge

BRECKENRIDGE, July 25.—Speaking to what was designated as a "good crowd," Oscar F. Chastain, candidate for congress from the 17th district opposing Thomas L. Blanton of Abilene, present incumbent, and Judge Carl O. Hamlin of this city, brought his campaign to the voters of this section of Stephens county Tuesday night.

Chastain aimed some of his remarks at Congressman Blanton, who spoke here the night before to an audience of 2,500 people, and declared that had he been in congress he would not have voted to override the President's veto of the Independence Offices bill and thereby would not have voted to raise his own salary.

Declaring that he favored old age pensions, Chastain said that there was a man going about the district saying that he, too, favored old age pensions, but that this man had voted to deny old age pensions to the citizens of the District of Columbia, giving as his reason therefor that he didn't want the people of his district to pay taxes to pay old age pensions in the District of Columbia when they had no old age pensions themselves.

As a matter of fact, the speaker said, the funds to pay old age pensions in the District of Columbia would have had to come from a tax on property in that district. The opponent of this bill filibustered two days to kill it, he said.

"That filibuster cost \$14,000 per day—enough to have paid the pensions," he declared. "You don't need a point raiser and an objector—you need a red blooded man to fight the people's battles on the floor of congress and if you will send me I will be the friend of my colleagues and get something for the people of my district."

Chastain scoffed at the talk of seniority in congress. He was introduced by Judge C. J. O'Conner of Breckenridge.

WARDEN WAID NOT TO FIRE PRISON GUARDS

HUNTSVILLE, Texas, July 25. Warden W. W. Waid said today that there was little probability any prison system employe would be discharged as a result of the escape of three condemned killers from the death cells, although he indicated some of them may quit.

The prison board ended its investigation of the break by issuing a report that charged carelessness in the performance of duty by some employes and carelessness in not preventing the smuggling of arms into the prison.

What action was planned by prison officials in connection with the report had not been determined, Lee Simmons, prison manager, said.

Mary O'Dare to Marry Hamilton

TYLER, July 25.—Mary O'Dare expects somehow and somewhere to marry Raymond Hamilton, she has admitted.

The pretty Wichita Falls brunet who divorced her husband for the love of Hamilton, told interviewers she would marry Hamilton, "if it is the last thing I do."

Meanwhile officers continued to question her about the escape of Hamilton and two other condemned men last Sunday.

County Candidates Speak In Ranger In Campaign Windup

Candidates for county offices held a speaking engagement in Ranger Tuesday night, carrying their appeals, their platforms and their views on the issues of their races to the voters who assembled to hear them.

A good crowd was present when the speaking began and remained throughout the evening, listening attentively to the speakers.

The movable speaking stand was put up for the occasion on Rusk street between Main and Walnut, where lights were installed and seats were provided for all who attended.

All the county candidates spoke.

Elijah Stuart Is Indicted In Death of Young Daughter

HOUSTON, July 25.—Elijah Stuart, 28, was indicted today by a Harrison county grand jury for the murder of his five-year-old daughter, Bortha.

The grand jury found the girl died from choking and drowning. Six hours after the body of the girl was found partly submerged in a shallow, stagnant pool 20 miles north of here, Stuart confessed.

The case will be tried August 6, the district attorney said.

Mr. and Mrs. Leveille Visit at Ford Plant

Mr. and Mrs. Morris Leveille have returned from a trip to Chicago, where they attended the World's Fair, after which they went to Detroit and went through the Ford Motor Company, plant. They were accompanied by Henry Campbell of Terrell.

The party was allowed to motor through the grounds of the Ford plant, though most visitors must walk. Mr. Leveille was at one time an employe of the plant.

They drove through in a new V-8, which was taken from the floor just before the start, and had no trouble of any kind, not even a puncture, on the 4,000-mile trip.

YOUTHS FOUND SUICIDE KENT, O.—Three 11-year-old run-away boys discovered a suicide in the city jail when they were locked up for the night. Hardly had Sergeant Fred Hursell shown them their cell than piercing screams sent him hurrying back to investigate. Hursell found W. Mitchell, 51, Kent painter, strangling in his cell. Arrested on an intoxication charge, he had turned his shirt into an improvised rope.

\$1000 a Week For 7 Years, Shirley's Pay

Each week for the next seven years, five-year-old Shirley Temple, curly-haired baby actress of Hollywood, will find a \$1000 check in her pay envelope.

For her parents, Mr. and Mrs. George F. Temple, have just signed a contract calling for that salary from the Fox studios, with \$150 more to Mr. Temple for coaching the girl. Shirley is shown applying her pen to the contract.

VIENNA, July 26.—Austrian troops battled Nazis in the province of Upper Styria and other parts of the country today as the government made a drive against terrorists.

Police announced between 15 and 20 soldiers were killed in action in Styria, where the main fighting was in progress. No figures were given for Nazi casualties. They were expected to be as great or greater.

At Deutschlandburg police announced six dead and 12 seriously wounded when troops recaptured the town from Nazis, who seized it last night after announcement of the assassination of Dollfus.

Three deaths were reported at Steins, which the military captured after severe fighting. The villages of Broening and Ehsywald still were in the hands of the Nazis, police said.

Hon. Lon A. Smith Sees Re-election To Second Term

Lon A. Smith, present chairman of the Texas Railroad Commission, and candidate for re-election in Eastland County, having frequently visited this section in his capacity as commissioner.

For the past 15 years the railroad commission has maintained division headquarters for the oil and gas division in Eastland county.

Mr. Smith is a Christian gentleman, a good, conservative business man and is thoroughly familiar with the duties of the office he now holds and to which he is seeking to be re-elected for a second term.

Mr. Smith has the unique distinction of being the teacher of a Sunday school class of ex-Confederate soldiers, inmates of the Old Confederate Home in Austin.

Jury Finds For Gas Company In Rate Cut Case

The Texas railroad commission order issued last fall cutting Lone Star Gas company rates 20 per cent, was declared to be unreasonable and unfair by a jury in Travis county district court at Austin July 21.

Setting a precedent for a jury action in public utility rate matters, this verdict was the climax of the long litigation involving wholesale gas rates of the gas company in about 250 Texas towns and cities.

The jury was composed principally of farmers and city workers. After hearing testimony for 28 days, these men for three days studied the evidence on both sides.

They concluded that the railroad commission was in error and that the 20 per cent reduction was not justified by either the company's operating revenues or its property valuation.

The case was the largest and longest public utility rate case on record in the southwest. It started when the railroad commission, as a result of agitation during the depression, ordered an investigation of the Lone Star Gas company rates, Oct. 14, 1932.

Eight months were required by the commission to hear evidence, and when the company appealed to the federal court from the order reducing the rate from 40 cents to 32 cents per thousand cubic feet, the attorney general had the case referred to the state court with a demand for a jury trial.

L. B. Denning, president of the gas company, made the following comment on the verdict: "I consider this decision very significant. It is notice to the financial world that Texas is a safe place for investment. It shows that there is no disposition on the part of the people, as represented by this Travis county jury, at the behest of politicians, to penalize a utility which is always trying to do the right thing."

Blanton Speaks To 2500 at Breck

BRECKENRIDGE, Texas, July 25.—Congressman Thomas L. Blanton of Abilene, candidate for reelection from the 17th district, spoke here Monday night to a crowd of more than 2,500 people.

He came here from Palo Pinto, where he spoke in the afternoon to a large crowd.

In Blanton's audience Monday night—which gave him a cordial greeting—were citizens from Abilene, Eastland and other places in his district.

Blanton was introduced by D. T. Bowles, chairman of the democratic executive committee of Stephens county. His speech, with only minor exceptions, covered the same subjects discussed by him in his speech at Eastland two weeks ago.

Ex-Texas Ranger Dead at Ft. Worth

FORT WORTH, July 25.—William A. McDaniel, 77, who as a youth left home on a pony, later to become a Texas ranger, died here today at the home of his daughter, Miss Helen McDaniel.

Born in Keller, McDaniel moved with his family to Coleman county at the age of six. Attaining manhood he set out to seek adventure.

In 1876 he joined the ranger forces and was with it for two years during some of the frontier clashes with outlaws, escaping death in one brush with a thief.

Charles E. Scott Buried In Ranger

Funeral services for Charles E. Scott, 67, of Ranger, who died at his home Wednesday afternoon, were conducted Thursday morning from the family home, Mirror Lake drive.

The deceased was born in Illinois on January 1, 1867 and had been a resident of Ranger for some time. He is survived by his widow, Mrs. Amanda Scott.

Interment was in Evergreen cemetery immediately following the services at the home. Killingsworth-Cox had charge of the burial.

Agents Protect "Woman In Red"

CHICAGO, July 25.—John Dillinger's "woman in red"—his companion when government agents killed him Sunday, was restored to federal protection today after a brief stay with city police.

Department of justice agents who took her from police hands refused to reveal her whereabouts, or to discuss her part—if any—in Dillinger's death.

Emergency Loan Office Established In This County

There has been established at Nimir building, corner of Patterson and Lamar streets, in Eastland, an office where applications for Emergency Feed Loans will be received, Field Supervisor Murrill Nolte, announced today.

Applications for loans will be accepted from farmers and stockmen for the purchase of feed for farm and range livestock and to plant forage crops in Eastland county, which has been designated as emergency drouth area.

Gray is in charge of the local office and the county committee consists of M. Newman, L. Y. Morris, F. J. Stubblefield and H. E. Driscoll, ex-officio member.

In discussing the regulations the field supervisor pointed out that applications can be accepted only from applicants who have no means or other sources of credit enabling them to undertake the production of a forage crop or crops or to purchase feed for their livestock.

Loans will be advanced in monthly installments, with a supplemental application necessary for each month's requirements.

The lien securing the promissory note given will be subject to non-disturbance agreement to be executed by lien holders, if any, who must agree to take no steps to enforce the payment or collection of any claim against the borrower nor dispossess him of any property until Jan. 1, 1936.

Applications must be submitted to the Emergency Crop and Feed Loan committee for Eastland county in which the applicant's livestock is located or forage crops to be planted.

SCORE DEAD IN HURRICANE SURVEY SHOWS

HOUSTON, July 26.—Over a score of persons dead or missing and damage estimated in terms of millions of dollars were reported today from the hurricane-swept section of the Texas coast. Nine of the 21 persons were known dead.

Fear was expressed others may be dead in small communities which have been cut off from communication since yesterday.

The known dead included one at Texas City, one at Sargent, one at Freeport, one at Hereford and five at Morales.

Most of the deaths and property damage was accredited to a giant tidal wave that accompanied the hurricane when it struck slightly north of Corpus Christi and swept inland.

TO THE VOTERS PLEASE ALLOW ME TO OFFER THESE FEW WORDS IN BEHALF OF

JUDGE JOHN H. SHARP

Candidate For JUDGE OF THE SUPREME COURT

Judge Sharp is now a member of the Commission of the Supreme Court and I feel secure in making the statement that his work in that capacity has been of such character that it commands the good opinion of lawyers of ability throughout Texas. I want the voters everywhere to know that Judge Sharp is a man of unimpeachable character, sober habits and splendid ability, and is a close student of the law. Let me add that I am making these statements from personal knowledge, for I have known Judge Sharp for more than a quarter of a century. Furthermore, I expect to and will pay for the space required for this publication without expense to Judge Sharp, and without his knowledge that it is being done.

TO THE VOTERS OF EASTLAND COUNTY!

On July 28th you are to cast your ballot to nominate a man to serve you as Legislator for the 106th Legislative district. I am a candidate for that position and respectfully ask your consideration before you cast your vote.

I promise you if nominated and elected that I will give you honest conscientious service and believe that my life among you for more than 50 years is an assurance that promise will be fulfilled.

I am for keeping the tax burden as low as is possible consistent with the efficient administration of our State Government. Am for maintaining our State School apportionment at \$16.00 per capita.

I favor placing all county officials on a salary basis. I believe that our criminal laws should be revised so that criminals could be more promptly tried and at less expense to the State. I would favor a change in our pardon system that would relieve the Governor of this duty that more time might be devoted to matters of the State.

The insane are confined in large numbers in our jails because of lack of room at our hospitals and asylums. This should be remedied so that these unfortunates could receive proper care and medical treatment.

A central bureau for the identification of criminals should be established.

The criminal element is so well organized that it is difficult for local officers to handle the situation as to bank robberies, car theft, etc., and I believe that it would be well to organize the highway patrol and rangers into a state law enforcement body.

If elected, I promise you a square deal for every one. No one should want more or be satisfied with less.

If you will honor me with your vote I will certainly appreciate it and if elected will do my best to render you efficient service.

He has observed valuations decreasing annually, which valuations are out of Ratio now to the indebtedness owed by the people of Eastland County. The statement in the box in this advertisement showing in detail the heavy burden now existing.

Within the next two years these debts must be dealt with and may become serious—especially to our schools.

Mr. Ringold's experience qualifies him for this place, he understands the problems that are to be faced, both from the taxpayer's and from the collector's standpoint. It is very essential that Eastland County have a man with these qualifications.

Mr. Ringold has served on the County Relief Board for the past year and understands the needs of the county from this angle.

Mr. Ringold has given much of his time in going to Austin with others and pleading before the Relief Board of the State in behalf of the needs of his home county.

We know that his work was instrumental in getting Eastland County's aid raised from \$8,000 to \$25,000, out of which the entire county was benefited.

E. A. Ringold has always been fair to both capital and labor and holds the confidence of both, can and will serve both with justice to all alike.

D. L. Kinnaird Is Seeking Position As a Legislator

With a record of 15 years in the general insurance business behind him and with over a year as Mayor of Eastland, Donald L. Kinnaird is offering himself as a candidate for the office of Floterial Representative from the 107th District, consisting of Callahan and Eastland counties.

Mr. Kinnaird has made a good record as Mayor and the City of Eastland has gained much by his executive efficiency and constant application to his public duties.

Mr. Kinnaird enlisted in the service during the World War and rendered the service necessary during those dark days of warfare. He is a University graduate and his business and executive experience makes him thoroughly qualified for the office he seeks.

W. D. R. OWEN

asks for his first public office, that of County Judge of Eastland County. He bases his request, first and foremost, upon his own qualifications. He spent the early part of his life upon the farm. He worked his way through high school and the University of Texas, taught in both rural and city schools, and at the age of 30 entered the private practice of law, in which profession he has been engaged in Eastland for fifteen years, during which time he has had wide experience, both in business and law, which will be valuable to him in discharging the duties of the office he seeks.

He asks the citizens of Eastland County to take into consideration the fact that his opponent and good friend has held this office for three terms, and is now asking for the fourth term. Since it has ever been considered Democratic and fair to pass political offices around to qualified citizens after a reasonable term in office, and believing that his qualifications equal or exceed those of his opponent, he earnestly solicits your vote and influence on July 28th. He will endeavor to show his appreciation by diligently striving to be the best County Judge Eastland County has ever had.

D. L. (DONALD) KINNAIRD

HAS PROVEN HIS ABILITY AS A PUBLIC OFFICIAL

Much has been said pro and con during the campaign for Floterial Representative of the 107th District, consisting of Eastland County and Callahan County. But no man or woman can be fair and challenge Donald Kinnaird's honest efforts to render a valuable and worth while public service since he was elected a member of the Eastland City Commission and elevated to the office of Mayor by his colleagues.

Donald Kinnaird is respected by his fellow members of the board. His judgment in all civic and city government affairs has always been sound and constructive. Whenever a major problem comes before his jurisdiction he is quick to grasp the issue and satisfy it to the full advantage of the City of Eastland.

Donald Kinnaird has gone through the hardest period of depression and reconstruction that has ever been thrust upon a public official. The City of Eastland has profited by having such a man as Donald Kinnaird as its Mayor. He has given the people of Eastland a most economical operation of government affairs that has not only kept up the efficiency of every department but has saved many dollars for the taxpayers.

Donald Kinnaird's close contact with the CWA and other government work projects has made it possible to give labor an opportunity to exist. It has made it possible for the citizens to drive down well-graded side streets, which has also made the city take on an attitude of attractiveness.

Donald Kinnaird is a worker and never shirks from the duties imposed upon him. He is generous in his civic service, he is willing in his diligence to keep the City of Eastland in the foreground for progress. He is a friend to labor, and lends a ready ear to all problems of all people regardless of their station in business or personal life.

When the recent Gas controversy was at its height, Donald Kinnaird assumed the leadership and tempered emotional excitement with common sense judgment and asked his people to give the City Commission an opportunity to study every angle of the demands being made upon the commission. In this he used the utmost good judgment and with such an attitude it eliminated the danger of a too hasty action which would endanger the best interests of the community.

It is unfair to accuse Donald Kinnaird of "playing" with Utilities, because there isn't any truth in it. He is obligated to neither. Donald Kinnaird and his fellow Commissioners have been working for many months with the officials of the present Gas Company to reduce the Gas Rates. Before any applications for a franchise from another company was presented Donald Kinnaird and his Commission associates had had an agreement with the Lone Star Gas officials that the rate would be reduced. This was done and to Donald Kinnaird goes the credit as well as to his fellow Commissioners.

Today Donald Kinnaird is enjoying the happy thought that his people are getting their gas at 50 cents per thousand. This condition came about not through Kinnaird's influence but by voluntary action of the Lone Star Gas Company. The fight between the two gas companies is not to Donald Kinnaird's credit, but the reduction in the first gas rate instance is due directly to his activity.

In conclusion, Donald Kinnaird is due the vote and influence of the citizens of Eastland. He has made Eastland a good Mayor and he will make the 107th District the best Representative. He is honest, fair and impartial. He has the ability to handle the problems of the State which are so vital. Under his Mayorship Eastland has gone forward and the citizens have profited by his leadership. This is one time that the citizenship can show their appreciation and gratitude for the excellent work he has done by voting for him and give him the opportunity to render a still greater service.

Donald Kinnaird has no intentions of knocking the bottom out of anything if he is elected. His cooperation with the Chamber of Commerce of Eastland as well as the West Texas Chamber of Commerce is too well known and he is one representative that would not take offense at wires that he may receive regarding questions that are vital to his constituents. He is a man that would consider that when a body of representative citizens such as the Chambers of Commerce over the State or any other civic or lay group, take the trouble to take an interest in legislative bills that there must be a reason for it, and at least give it consideration. But Donald Kinnaird is a man that has the courage of his convictions and the common sense judgment to carry them out for the best interests of all people rather than for the classes.

Vote for Donald L. Kinnaird Saturday

Let's have service rather than humor! Let's have concentration rather than radicalism! Let's put our faith in the man that has proven his ability! He is the logical man!

TO MY FELLOW CITIZENS OF EASTLAND COUNTY:

When a candidate offers himself for re-election there should be a record of service behind him to stand upon. I ask the people of Eastland County to review in their minds just the kind of service that I have rendered you as your Sheriff. I am proud of it, naturally because I know that I have given the people the kind of protection worthy of honest criticism. My deputy associates have been with me throughout my term of office. During my tenure of office I have confined all of my activities to the office of Sheriff which job I was elected to perform. Regardless of any rumors that may broadcast either with malicious or honest intentions I have never interfered not even suggested in any manner or form the conduct of any other public office in Eastland County or elsewhere. MY JOB IS A RESPONSIBLE AND BIG ONE. IF PROPERLY ATTENDED TO THERE IS NO TIME TO "MEDDLE" WITH THE RESPONSIBILITIES OF OTHER OFFICIAL DEPARTMENTS OF COUNTY GOVERNMENT. I HAVE BEEN BUSY ATTENDING TO MY OWN JOB AND LOOKING OUT AFTER THE PEOPLE'S INTERESTS AS A PEACE OFFICER WHICH I PLEDGE TO CONTINUE TO DO AS LONG AS I AM YOUR SHERIFF.

I earnestly and sincerely ask your vote and support in the coming primary on my record as a peace officer and on my record as a citizen of your county.

VIRGE FOSTER

Candidate for Re-election Sheriff of Eastland Co.

(Political Advertisement)

Pledging Myself to Service!

Since becoming your County Judge, I have at no time considered or referred to the office as MINE but merely felt that you placed me in YOUR office to serve you at your will. Every citizen of the county, regardless of race, color or creed or station in life has been extended every courtesy and the utmost consideration by your humble servant—which was no more than you were entitled to. Frankly, I believe Eastland County needs a man for County Judge at this time who is qualified, honest, stands for strict economy, knows your needs, interested in your many problems and has had executive experience. I am making this race solely on my record and qualifications. If you feel that they are such as will justify your support and influence I shall be deeply grateful to you for same. If you re-elect me, it will be my constant aim and earnest endeavor to serve you in such a way that you will never have cause to regret supporting me.

Sincerely hoping that I may have the pleasure of seeing you personally during the campaign and thanking you for any consideration given my candidacy, I am,

Yours very sincerely,

C. L. "Clyde" Garrett,

Candidate for County Judge.

Extending to every citizen of Eastland County my sincerest appreciation for your whole-hearted cooperation during the past and pledging my continued efficient and courteous service for the best interests of the people of Eastland County whom I serve as your District Clerk.

V. V. Cooper Is Making Strong Bid For Voters' Favor

V. V. Cooper, who is making the race for county commissioner of precinct No. 1, was the commissioner in that precinct for a number of years before the present incumbent and points with pride to his achievements while in office.

Mr. Cooper says, "I believe in maintaining good roads at the least possible cost which will serve the greatest number of people. I believe that a laborer should be paid wages that will enable him to support his family properly. I will give every consideration to the old, poor and needy of the county who are not otherwise provided for. I will co-operate with the teachers and parents of the schools in my precinct, as I have in the past, in bettering the roads leading to the schools and also grading and maintaining the school grounds. I favor giving reductions in tax values wherever and whenever justifiable."

Concerning the extravagance with which he has been charged, Mr. Cooper has this to say: "The indebtedness that accrued against this precinct was unavoidable because they were, in the main, caused by acts of God. One rain in June, 1932, washed out fifty-six bridges and culverts which of necessity had to be replaced immediately at a cost of \$4,000. Then again in the same year the old bridge on Colony creek at the Panhandle lease had to be replaced with an 80-foot steel span and the wooden bridge on the Ranger-Thurber road in the east end of the county burned and had to be replaced, the two bridges costing a total of about \$4,500. Furthermore, the state highway department required the widening of highways Nos. 1 and No. 67 through Eastland county, the obtaining of right-of-ways, rebuilding of fences, building of culverts for which cost approximately \$15,000. While all this expenditure was unlooked for and unprovided for, I did have the satisfaction of seeing that the money for labor went into the hands of many of our needy and worthy citizens."

Cecil Lotief Wants To Serve People of His District Again

Cecil A. Lotief of Cross Plains, present florial representative from Eastland and Callahan counties, is again a candidate for the position to which the voters of the two counties elected him in 1932. Representative Lotief has served the people of his district in the regular session of the legislature and in the special session which was called by Gov. Miriam A. Ferguson last fall. During his term in office he has made a splendid record, voting on all measures as he thought would be to the best advantage of his constituency. He is running for re-election on a platform of conscientious representation of the people and not the special "classes." He has ever been a friend of the common people and has fought vigorously all legislation that he deemed would be in the favor of privileged interests to the detriment of the people as a whole.

It is upon this record in the house, which he points to with justifiable pride, that he is seeking re-election to the position in order that he may continue to serve the people and to serve them to even better advantage through the experience and knowledge that he has gained while a member of the lower house throughout one whole term during which much was accomplished by both houses.

Turner Collie Is Without Opposition

Turner M. Collie, county clerk, is one of three county officers who has no opponent this year and is certain of election. Being unopposed he has not been actively campaigning in the interest of his race, but he is thankful to the voters of the entire county for the vote given him at the last election and he is expressing this appreciation for their support in today's political edition of this paper.

The fact that three candidates, Collie, Tom Haley and Lewis Crossley have no opponent speaks well for all, as the candidates fought shy of these offices. All three are now serving first terms.

Montana Prepares For Roosevelt Visit

HELENA, Mont.—Montanans are dusting off the old "Welcome" mat and preparing to give President F. D. Roosevelt a warm reception. It is understood here that the presidential party will visit Glacier National Park and the Fort Peck Dam project—both in Montana—following the President's trip to Hawaii.

Senator Burton K. Wheeler of Montana played the missionary role in selling Montana's scenic wonders to the President.

Lewis Crossley Is Unopposed For the Office He Holds

Lewis Crossley, district clerk, is running again this year for the office he has held for one term. In 1932 he announced for the office and polled one of the largest votes of any candidate for office who had an opponent. This year he is running for the office, without an opponent. In another section of the paper will be found his advertisement, which he placed in the political edition merely to acquaint the voters of the county with the fact that he was in the race. Although not opposed he solicits the vote of the people again this year.

T.C. Williams Is Seeking Job As Superintendent

T. C. Williams, candidate for County School Superintendent, favors:

Maintaining the already established rural schools, unless a community wants to change. Placing all the children above the 5th grade in the rural schools in the larger schools. Keeping the primary grades of the smaller schools in the home school. Employing for these grades nothing but experienced and well trained teachers.

Building up communities instead of tearing them down. More harmony and more cooperation between the larger and the smaller schools. Making a place for beginning teachers. Supporting the Junior Colleges of Eastland county.

Cooperating with the State Department of Education in promoting the right kind of progressive educational programs. Equal educational opportunities and advantages for all children regardless of where the child lives.

High educational ideals, fairness, patience, professional and business courtesy in all dealings. He believes that a government is safer the closer it is to the people, and earnestly solicits your support from now until and on election day.

SANDUSKY, O.—Louis A. and August C. Schultz, brothers, are rivals for control of the Democratic party in Erie County.

IN MAKING THIS LAST APPEAL TO THE VOTERS

of
Precinct No. 1

BEFORE Saturday's election, most respectfully urge and request that a careful investigation and due consideration be given my past record as your Commissioner concerning things which directly affected our citizenship, a few of which I desire to mention as follows: The system of lateral roads and the manner which they were built and maintained throughout the entire precinct; my untiring efforts in providing work for our citizens and at a reasonable wage; my wholehearted co-operation in fairly adjusting and rightly reducing properties for able purposes; my position in demanding that County and School Funds be secured by guilt-edge securities instead of personal bond and my every willingness to give aid to the distressed of the county in providing absolute necessities of life.

IF YOU see fit to elect me your Commissioner it will be my purpose to carry out these policies as far as possible and practicable, and trusting that they meet with your approval, I most earnestly solicit your support on next Saturday, July 28th.

Yours very sincerely,

GRADY OWEN WANTS THE SECOND TERM AS DISTRICT ATTORNEY

THE RECORDS SHOW:

1. That he has tried a greater percentage of the cases and secured a greater percentage of convictions than any other District Attorney.
2. That he has had fewer reversals, only one case that he tried having been reversed by the Court of Criminal Appeals, and that on a technicality.
3. That no indictment he prepared has ever been held defective by any court.
4. That law violations have been reduced more than one-half.

He is grateful for your support two years ago, and will greatly appreciate your vote and influence for the second term.

Qualifications For Voting In The Primaries

The qualification of voters is the crux of the election laws of Texas, under which the Democratic primary will be conducted Saturday.

The voter must be a citizen of the United States, at least 21 years of age, a resident of the county in which he offers to vote for six months and must have paid a poll tax, if subject thereto.

prior to Feb. 1 preceding the election, or have obtained an exemption certificate if one is required.

Persons between 21 and 60 are required to pay poll taxes. In order for a person to obtain an exemption certificate to vote in the primary this year he must have become 21 after Jan. 1, 1933, or must have been 60 on Jan. 1, 1933. Only poll tax receipts dated "1933" can be used in the election this year. The current receipts were levied for 1933 although they were obtainable until Feb. 1, 1934.

The young man or woman who

becomes 21 by Saturday can vote Saturday.

Eastland County Voting Strength

Poll tax payments in Eastland county for 1934 were 6,072. The total number of exemptions are estimated at 500, making the voting strength of the county for 1934, 6,572.

The complete voting strength for each of the boxes for the past three years is as follows, with the date indicating the year in which poll tax was paid, making the payer eligible to vote in the elections of the following year:

E. A. RINGOLD Candidate for REPRESENTATIVE Eastland County

Presents the following platform for the consideration of the voters:

I favor fewer laws and better obedience of the ones we have. I favor the reduction of taxes by reducing the cost of government: abolishing unnecessary offices and reducing the number of employees to what is necessary to do efficient work. I favor an income tax for the support of public schools and take some of the burden off real estate.

I favor the exemption of homesteads up to \$3,000.00 value from ad valorem taxes except for school and city purposes. I favor an old age pension of \$15.00 per month for needy people above 65 years of age. I favor the continuance of \$16.00 per capita of school apportionment and the adjustment of teachers' salaries in order that no teacher receive a salary less than \$60.00 per month.

I favor a flat rate of registration of automobiles of \$3.00 on light cars and \$5.00 on heavy cars, and all car and truck money to go to the county for the building and maintenance of county roads.

I favor the federal and state government using its credit to help every American citizen to own their homes, lending them money at low rate of interest and allowing from twenty to twenty-five years for the re-payment of same. I believe we should provide more work for the unemployed, thereby taking them off of direct relief.

I believe labor should be paid wages that will enable them to properly support their families. I favor a law that will enable counties, cities and school districts to adjust their present bonded indebtedness to what they are able to pay and that they never be allowed to bond themselves for more than 10 per cent of their taxable value.

If elected your representative, I promise to be on the job at all times and to do my best to be of service to Eastland County.

YOUR VOTE WILL BE APPRECIATED SATURDAY

VOTE FOR

LON A. SMITH Railroad Commissioner Re-election Second Term

Eastland County, for 15 years, has been division headquarters for the Oil and Gas Division of the Texas Railroad Commission. Lon A. Smith, your chairman of the Railroad Commission, is now a candidate for election to a second term. Eastland voters should, for his service to Eastland County and the entire State, give him a solid vote in the Democratic primary Saturday.

Ringold Campaign Slogan 'More Work Less Direct Relief'

E. A. Ringold of Ranger, the last to file for a place on the 1934 ballot, as a candidate for representative in the Texas Legislature from the 106th representative district, announces his candidacy for representative. That Mr. Ringold is prominent in his home community was evidenced by his unanimous selection as Ranger's representative, and later county administrator of the CWA organization, which position he held until politics deposed him.

Now he is asking the voters to send him as Eastland county's legislative representative, believing more practical knowledge and less technicalities in our state affairs are necessary, he is making the race on a business platform.

In addition to his campaign slogan, "More Work and Less Direct Relief," Ringold favors "Fewer Laws and Better Enforcement of those on the Statute Books," as well as a more economical state administration. Here is the platform on which he is making the race:

To the Citizens of Ranger and Eastland County,

My Friends and My Neighbors: "I have lived among you for 15 years; have tried at all times to help in every worthwhile cause that meant for a better community. If you approve of the kind of citizen I am and feel that I am capable of representing you in the state legislature, I will be profoundly grateful for your support and will do my best to be of service to Eastland County.

In asking for this office, I am not unmindful of the fact that the law-making body is one of the most important offices in the state and should be filled by capable men who have the interest of all the people at heart.

"I am 35 years old. Was reared on a farm in Grenada county, Mississippi. Am now, and have always been a Democrat. I have lived in Eastland county 15 years. Am a property owner and taxpayer in Ranger."

Mr. Ringold is well known, not only in Ranger but over the entire county. He has met hundreds of voters personally and has made a number of speeches in the interest of his candidacy.

The name is still on, and cannot be taken off, since the ballots are printed. If Mr. Baker tries to get his \$100 back, on the ground that he can't benefit, no matter how many votes are cast for Terrell, what could be done about it? "George B. Terrell" might be entitled to the \$100, but in strict legal interpretation, nobody else would be.

Suppose though, it was decided to pay back the filing fee, and a check were made out for \$100 to "George B. Terrell." Then Mr. Baker, no longer privileged to use the name, would have to decide what to do with the check.

There was at the Austin newspaper office recently an amusing passage by someone who represented himself as "George B. Terrell" the candidate's publicity man. The spokesman invited the newspaper to send a reporter around to Mr. Terrell's room and interview the candidate. He gently was asked to

Ed T. Cox Running For the Legislature From 106th District

Ed T. Cox of Eastland, probably one of the best known men in Eastland County, is a candidate for representative from the 106th district, a race that has six other candidates opposing him.

Mr. Cox has been actively engaged in the civic interests of Eastland County for years and has been one of the leaders of the county democratic organization.

For some time he has been serving as chairman of the County Democratic committee.

He is campaigning for the legislative post he seeks on a platform which calls for economies in government that the tax burden of the citizens of the entire state, and especially his district, might be lessened. He is also advocating efficiency in all public offices, and is particularly fitted, by his knowledge of affairs and conditions over the legislative district, to serve the people with the utmost efficiency.

What Would Happen If George B. Terrell Should Be Elected?

Now that the legal fiction of a Dallas "George B. Terrell" no longer exists, and Jefferson Baker is back in his own proper title, there are a couple of things about which one might wonder. Consider:

1. The true George B. Terrell has been declared "sole owner of his name." The name is on on the ballot for state office, filed by Mr. Baker, who held it by legal assent for a little while. Now, if by chance "George B. Terrell" were nominated to the office, could the man to whom the name legally belongs come in and claim the office? That, and its possibilities, offers ground for reflection.

2. The democratic state committee collected \$100 before it put the name "George B. Terrell" on the

invite the candidate to come up and get acquainted at the newspaper office. He agreed to that; but a little later he phoned back that this candidate didn't care to talk to the newspapers, and would "have his say when the votes are counted."

Newspaper workers were pretty strongly convinced the emissary was the candidate himself, engaged on a "build-up" of a campaign; publicity play, and that he'd rather miss the story than to give away the fact that he'd already been up in a sort of "third person" capacity.

Politics has strange developments; but the Baker-Terrell name business hasn't been surpassed by many of them.

Ten-Year-Old Letter May Win Estate

SACRAMENTO, Cal.—Because she saved a letter received ten years ago, Mrs. Velma Storie of Perrin, Tex., probably will inherit

the estate left by her uncle, Martin V. Storie.

Storie died last February without leaving a will. Public Administrator H. A. Koch took charge of the estate and began a search for relatives. He recently located the niece in Texas.

Mrs. Storie forwarded a letter received from her uncle in 1924 while he was mining in the Sierra range east of here. In it he stated "when I am called to the happy hunting grounds, I want you to have all my earthly belongings."

Koch filed the letter as superior court as Storie's will. The estate was listed as "less than \$1,000" in value.

TO STUDY IN GERMANY

NEW ORLEANS.—George E. Simmons, head of Tulane university's department of journalism, has left for Germany where he will spend a month studying in the German Institute for Newspaper Research in Berlin. He also will study the German language at the University of Berlin.

TO THE VOTERS:

Even my best friends come to me and say, "Donald, you're the poorest speaker I ever heard, and it's unfair to you to be judged by our listeners as a man that is not useful as a public servant." That really sums my conclusions and always has as far as being a public speaker is concerned. But in political campaigns, a man is supposed to get on the stand and do the best he can as far as oratory is concerned. I'll admit my weakness and embarrassment, and frankly tell you that I had rather advance my ideas and carry them out for the best interests of the people at the place of service than to parade myself in front of a big crowd to try and make a "showing."

I am like lots of folks at a picture show, or a big gathering out in front of a polished orator or a funny story teller. I get all excited one minute, when the scene is tense, or sob a little when the scene is sad. Sway with the orator both in sentiment and excitement and laugh my head off when a funny story is told. That's human nature, I suppose, and I am just human. I frankly tell you good people that the beginning of this campaign was filled with those very experiences that I have had in the past and I tried to do my best, but I can't be like the other fellow, each must have his own individuality. I have found that out and trust that you won't judge my attempts to be a politician as to my real qualifications to render you the best service as your Representative from the 107th District.

I have had three and a half years in Oklahoma University. I am an ex-service man, and went through the World War which was destined to save democracy. I am proud of the former, and do not brag about the latter. It was only my duty and I gave everything my country asked of me to do my part.

For 15 years I have resided in Eastland. I selected my vocation when I came to Eastland and have never swayed from the ideal of my business choice. I have never failed to be ready to the call of civic and personal service to my community, without expecting or receiving any compensation for my services. No man or woman living in my community during my residence will challenge my loyalty to them.

I am at present chairman of the Board of Commissioners of the city of Eastland. This is gratuitous service without compensation. I am a member of the Eastland County Reconciliation Board which also is a service without remuneration. This Board is designated to adjust farm loans.

I have been accused of favoring class legislation and particularly of being sponsored by certain Utilities. I challenge any man to prove that statement, and deem it the most unjust political propaganda that can be charged up to any man who has been as loyal to his community as I have during my 15 years in Eastland. Let me add just a word about the Gas controversy between two corporations that are now seeking control of the field in this and other communities. I did not bring this controversy on, neither am I responsible for it. I happened to be Mayor of Eastland, and it came to me and my fellow commissioners just as it did to the people of this community and that of our neighbor community. We were asked for a franchise. I, as Mayor of Eastland, have been accused of deliberately evading meetings designated by others than myself. This is not true. I had every reason not to be at those meetings and my fellow Commissioners will answer that reason to any person that will ask them. I do not owe either corporation an apology and neither did I neglect my duty to the people that serve. I trust that the people will not be swayed by venomous attacks upon me by those who just will not give a fair consideration as to my honest service which I again challenge any person to deny and prove.

I consider the beginning of this campaign a political bantering which seemed to develop into a foreign country or to whether a man was a citizen if born in a foreign country or born in the United States.

My State under the National constitution cannot prohibit any legal citizen from holding a state office and I recognize and respect the Constitution as to Nationality whether adopted or by birth and their privilege to hold any office of public trust. I do not challenge that right, and say it honestly and with every consideration to whom ever my opponent may be, and to the people.

I want to briefly tell the voters of the 107th District that this campaign for your Representative has simmered down to who can render you the best service as your Representative. I have a definite platform which I appeal to you to consider above personal prejudice, or emotional statements that may have been made in stump speeches by me or my opponents. I pledge you my honest efforts to serve you faithfully and honestly. I have no defence against those who would brand me as dishonest or that would accuse me of accepting special favors from certain classes, except my record. I must depend upon the voters to vindicate such baseless charges against me. I have never accepted a dishonest dollar, and have given my service free to the civic and charitable enterprises of the community. That is my cherished heritage, and if any man accuses me to the contrary then the courts are his refuge and I should be indicted, prosecuted and convicted for the violation against decent society.

Please give me just a little more time and consider the platform below upon which I stand, with that I leave it to you my friends. If I must accept defeat upon these principles then I bow in humble modesty to the will of the voters without malice or temperamental abuse and pledge my support in the future to good government and every honest endeavor of those who guide its destiny. . . . IF YOU VOTE FOR ME I GUARANTEE THAT YOU WILL NOT REGRET IT.

MY PLATFORM—

- Old age pensions—with restrictions.
- Unemployment insurance.
- Assumption by the State or County Boards representing expenditures on state highways.
- Marked reduction in ad valorem taxes.
- Exemption of small homes of any and all taxes.
- Strict regular of Public Utilities and control of gas.
- I believe the main factor necessary to recovery is to exercise economy and careful expenditures in office.

Millions NOW WANT THE NEW Firestone CENTURY PROGRESS TIRE

THE IMMEDIATE and enthusiastic acceptance of the new Firestone Century Progress Tire started a tremendous wave of buying that is keeping the Firestone factories running twenty-four hours a day to meet this huge demand.

We know that car owners would replace their thin-worn, dangerous tires if they could get what they wanted in a tire at the price they wanted to pay. We found the answer through ten million visitors to the Firestone Factory at the World's Fair last year. We asked them—"What do you value most in a tire?"—and their answer was—"Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price."

Drive in to the Firestone Service Dealer or Service Store today! Equip your car with these new Firestone Century Progress Tires, with the massive flat tread, deep-cut, non-skid, broad lugs, and Gum-Dipped cords. Tire prices probably never again will be as low as they are today. At these unusually low prices for first grade tires, we make it easy for you to buy not only one tire, but a complete set.

And Remember — with every tire you are protected by the new Firestone Triple Guarantee

W. D. R. Owen, of Eastland, Candidate for County Judge

Grady Owen Seeks Re-Election to the Office He Holds

Claiborne Eldridge Gives Platform In His Race For Office

To the Voters of Eastland County:

I am making my last appeal for your support next Saturday. I have made a great effort to see each and every one of you but of course that is almost impossible. So I am using this method of telling you how very much I would appreciate your vote and influence.

I came to Eastland County in 1903. I lived nineteen years at Gorman and eleven years at Carbon. My education was obtained in the rural schools and Hankins Normal College. I began teaching in 1910. I have been teaching continuously since then with the exception of the time I served my country during the war.

As the larger portion of my life has been spent in the rural schools, I am sure I know rural schools and their needs. It is evident that there are certain needs peculiar to the rural school and that the curriculum should be built around those needs. The same curriculum is not exactly suited to both city and rural schools. This does not mean that there could not exist a fine spirit of fellowship and cooperation between them so that in transferring from one to the other the pupil would fit in to his environment with little hindrance to his progress.

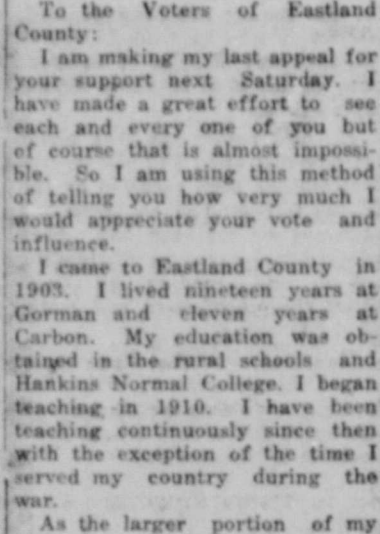

We all agree that larger school units are more efficient. But I believe rural schools should be allowed the same freedom of action enjoyed by the larger schools. I believe these centers should be maintained, whenever possible, in the rural schools where the large majority of their boys and girls expect to live. Their education should be adapted to their needs, and their community spirit should be built up and kept intact in order to have a happy and prosperous people. In doing this you are helping to improve business conditions in general.

The office of County Superintendent is primarily a rural job and should be filled by one who is in sympathy with and has a vision for a great system of rural schools. If I am elected your Superintendent it shall be my aim to carry out these policies to the best of my ability. At the same time I want to give assurance that my office will at all times be at the service of the larger schools in helping in whatever way possible to solve their many problems.

I have never before asked for any public office. So let's try a rural school man just once, and I assure you that no one will appreciate it more than I.

Sincerely yours,
CLAIBORNE ELDRIDGE

Grady Owen, criminal district attorney of Eastland county, is seeking reelection to the office he has held for the past two years, with his campaign based on the record he has made while in the office.

Before being elected to the office he was an assistant under the administration of Joe Jones, and gained much knowledge of criminal law while acting in that capacity.

While in office he claims the distinction of having law violations decrease in the past two years, due largely to his attention to the duties of the office, and has tried a greater percentage of cases.

During his term in office he has had only one sentence reversed, and that on a technicality.

Since he has been criminal district attorney and while an assistant in the office he has prepared approximately 1,500 indictments and has never had one returned as defective.

He has made a study of the duties of the district attorney's office in connection with efficient enforcement of the law.

Grady Owen has been a resident of Eastland County the greater portion of the time since 1893 and is an ex-service man, having served two years in the army overseas during the World War.

W.D.R. Owen Is Candidate For County Judge

W. D. R. Owen, candidate for county judge and who solicits the votes of Eastland County citizens at the polls Saturday, has been a citizen of the county about 41 years. He was reared on a farm, attended the rural schools of the county and studied law at the State University.

Mr. Owen, being of a family of meager means, worked as a young man as a railroad section hand and at other manual labor to earn money with which to educate himself. He later taught school and then was admitted to the bar and for the past 18 years has been practicing law, 15 of these years have been spent in practice in Eastland County courts.

Experts Studying Old Indian Mounds

M'COOK, Neb.—Efforts are being made by Nebraska archaeologists to determine whether the ancient tribes that left crude lodges to crumble and be covered along the Medicine, Red Willow and Republican rivers, are ancestral to the Pawnees, who were here when the white men came.

A. T. Hill, of Lincoln, is making good progress in his search through the fragmentary bits of pottery, left by the Indians, which may substitute, or disprove, his theory that these ancient tribes preceded the Pawnees, and were driven away by them.

With Hill are Dr. Waldo R. Wedell, University of California; George F. Lamb, Prof. Everett C. Harte, an artist; and Lard Wolfe, a student archaeologist, all of Lincoln. They are working on a site spotted originally by John Howe, of Stockville, Neb.

All the archaeologists hope that studies of the Stockville ruins and of others in the Republican territory will give up the secret of the identity of the people who once inhabited the lodges.

Sheriff Foster Is A Candidate For The Office Again

Virge Foster, sheriff of Eastland county, with a record of service behind him to which he can point during his campaign, is again a candidate for that important office.

During his tenure in office, Sheriff Foster has confined all of his activities to the office of sheriff, to which position he was elected by the people of the county. He has pointed out in his campaign that he has never interfered with or even suggested in any manner the conduct of any other public office in Eastland county or elsewhere, but has put in all his time attending to the duties of the sheriff's office.

The job is a responsible one and a big one, if properly attended to, Sheriff Foster has pointed out, and he has not been interested in the responsibilities of other offices or departments of the county government.

All the deputies now serving under Sheriff Foster have been with him throughout his term of office, which is a manifestation of the respect his subordinates have for him both as a man and as a sheriff.

In his campaign the candidate has not been a mud-slinger, but has earnestly solicited the votes and support of the voters, using his record in office and his reputation as a citizen of the county as his main campaign talking points.

But even though it's a marine affair, you couldn't call it an admiral strike, could you?

Milton Lawrence Seeking Office of District Attorney

M. E. (Milton) Lawrence is seeking the office of criminal district attorney with the claim that the people of Eastland County need a change in the office, and need more law enforcement, which he is qualified by training to give them.

Having lived in Eastland County all his life, he has been practicing law for the past ten years. In that time he has probably been actively connected with more criminal cases than any other lawyer in the county and has both defended defendants in some instances, and helped prosecute criminals in others.

In his campaign he says that he believes the time has come when law abiding citizens must cooperate with the law enforcement agencies in freeing the county and the state of the criminal element and to promote a respect for the law. The criminal district attorney's office is the only one in the county where the citizen can expect protection of his property from criminals, for adequate prosecution would mean the sure kind of protection.

He pledges cooperation with the citizenship to the extent of allowing cases to be tried before a jury of the citizens of the county, and to let them decide the fate of criminals brought to trial before the courts.

Based on his campaign on his past experience as a criminal attorney, and his ability as a prosecutor, he is appealing to the voters to cast their ballots for a change in this office.

AFTER HEARING A GREAT DEAL OF DISCUSSION
Concerning the Expenditures Made By Our Friend and Commissioner,
Henry V. Davenport

The group of taxpayers and citizens who are paying for this space decided to investigate his record for expenditures and accomplishments when compared to the records of other holders of the same office.

THEIR FINDINGS WERE HIGHLY PLEASING FROM EVERY ANGLE AND THEY VERY HIGHLY RECOMMEND THAT HE BE GIVEN A SECOND TERM!

TWO YEARS AGO HENRY V. DAVENPORT promised that if elected he would give us an economical administration—he was elected—he has kept his promise and here are the records:

EXPENDITURES	ACCOMPLISHMENTS
<p>FORMER COMMISSIONER</p> <p>The record shows that the available money for this precinct for a 10-year period under the former Commissioner, was an approximate average of \$32,000.00 a year. For the two-year term preceding his election to office, the record shows that in 1931 the Commissioner had in the Road and Bridge Fund, \$39,483.37 and in addition issued \$5,953.97 in deficiency warrants, making a total of \$45,437.34 spent in 1931. In 1932 he had in the fund \$24,000.94 and issued \$9,091.47 in deficiency warrants making a total of \$33,182.41 spent in 1932 up to October, at which time the Commissioners Court and the bank refused to allow any further large expenditures in this precinct.</p>	<p>He has paid more than half the indebtedness left by his predecessor and has operated on \$8,512.93 per year for his two years in office.</p> <p>He has kept the roads in passable condition and has made considerable permanent improvement with funds received from the CWA.</p> <p>He has worked as many men as possible and kept within the limit of only \$10,000 left in his precinct's allowance after his paying on the back debts against the precinct.</p> <p>He has helped taxpayers lower their renditions to present day values, which has automatically cut his own salary down to \$1,700.00 per year as against the former salary of \$2,400.00.</p> <p>The management of the office during the ten most prosperous years the world has ever known left the precinct \$19,000.00 in debt and as Henry V. Davenport has operated two years within the limits of his budget and has liquidated \$13,837.96 plus interest of \$1,138.11 on the old debt besides. WE FEEL THAT HE DESERVES A SECOND TERM!</p>
<p>PRESENT COMMISSIONER</p> <p>On the first of January, 1933, when H. V. Davenport went into office there was a debt of \$18,671.17 in deficiency warrants, and machinery warrants left from the former administration for him to pay. His allotment of money for the Road and Bridge Fund for that year was only \$18,996.07, and for the year 1934 his allotment in the Road and Bridge Fund was only \$15,006.14, making a total for the two years of \$34,002.21. To June 1, 1934, he has paid on these debts, \$13,837.96 plus \$1,138.11 in interest on same, making a total of \$14,976.07, which only left him \$19,026.14 with which to meet all the expenses of the precinct for the two-year period, or \$8,512.93 per year.</p>

Snodgrass was decorated with bouquets of cut flowers when she entertained very delightfully Monday afternoon, with a social for the Methodist Missionary Society. A short business session was held during which Mr. Elli, representing the Waterless Aluminum Ware, explained his method of selling the ware. The society voted to sponsor the five demonstrations to be given at five homes on August 6 and lasting through the 10th. The society will receive a nice cash donation for simply furnishing the hostesses who will each invite five other couples to a dinner and health lecture given by the salesman. After the business session Mrs. Snodgrass passed around pictures—kodaks, photos and tin types of those present, each one taking a picture and trying to guess the original. Those of the older ones, Mrs. Glanton, Mrs. Snodgrass and Mrs. Bedford were rather amusing to the younger ones when the identifications had been made. Each one took her picture and told something about it, as to when and where it was taken and as to the dress and hat worn or interesting incidents about it. Delicious ice cream, topped with cherries, and layer cake, lead in green, were served by Mrs. J. E. Heeter, daughter of Mrs. Snodgrass, assisted by Misses Ruth and Boyd Greshaw. Those present were: Misses G. S. Bruce, W. E. Barron, W. C. Bedford, Gifford Acrea, W. H. Davis, Chas. Lee, A. B. Hensley, Z. L. Howell, R. K. Glanton, I. N. Williams, Miss Mollie O'Rear, the hostess, Mrs. Snodgrass and two guests from Fort Worth, Mrs. O. A. Young and Mrs. M. R. Turner. Ed Parks and family left Saturday for Lubbock where they will spend their vacation. Mr. and Mrs. D. E. Hoover and son, Calvin, left Thursday for Alpine, where Mrs. Hoover will

take some special courses at Sul Ross College. Mr. Hoover was to go from there to Hobbs, N. M., where he works for the Humble Company. Judge Carl Hamlin of Breckenridge was here Monday and spoke on the street in the interest of his campaign for congressman from the 17th district. There had been a misunderstanding as to the date he was to be here but within a short time a large crowd had gathered and gave him an attentive hearing and generous applause at the close of his speech. He was accompanied by our town by his secretary, Paul Paige, who is a nephew of our townsman, J. E. Heeter. Both Mr. Paige and Judge Hamlin were guests for noon luncheon of Mrs. J. E. Heeter and her mother, Mrs. S. E. Snodgrass. Mr. Heeter was not at home as he is drilling an oil well near Cisco. Ed Cox of Eastland, who served many years as County Democratic Chairman, was here Monday in the interest of his campaign for representative from the 106th district. There are seven candidates for that place. Mr. and Mrs. "Slim" Adams and their daughter, Miss Emogene Adams, and their other daughter and son-in-law, Mr. and Mrs. Robert Sneed, went up to Ranger Saturday night to the picture show. Mrs. Frances Thornton Cooper of Eastland was here Thursday in the interest of her campaign for the office of County Treasurer. She was accompanied by her sister, Mrs. W. S. Poe, also of Eastland. Rev. and Mrs. W. M. Ford are visiting relatives at Blossom, Texas. Mr. and Mrs. J. H. Rushing Jr. attended the picture show at Eastland Tuesday night. The many friends of N. D. Gallagher and family regret that they have moved to Cisco again in order to be near his work. Gallagher & Lawson have drilling contracts for several oil wells near Cisco.

LET'S GIVE CECIL LOTIEF A SECOND TERM IN THE STATE LEGISLATURE He has been tried and tested and the records verify that he has been true to his trust and kept faith with the common people. It does not pay to 'swap horses in the middle of a stream' and this is no time for a change. LOTIEF'S RECORD: The people of the 107th Floterial District will make no mistake in re-electing Cecil A. Lotief as their State Representative. He is experienced, able and energetic. Nobody has never questioned his integrity or his aggressiveness. He has been a militant fighter of the people's battles in State Legislature. Special privilege will find no sympathy from him if elected. It is no time to turn the affairs of this important office over to one lacking in experience or in demonstrated ability. Better pick a man who knows what it is all about and who isn't afraid to get in there and fight to preserve the rights of the common people. There is nothing of the demagog about Cecil Lotief, but he does insist that the interest of the state and its people come first; and his every public act has been a demonstration of this attitude. THE FIGHT: The fight in Texas today is between two well determined factions. The special interests and the monopolies are on one side and the common people of Texas are on the other, Cecil A. Lotief is a champion of the latter. Your vote for him in the Democratic primary will be an endorsement of the battle he is waging in behalf of the common masses of this great Lone Star State. LOTIEF'S CAMPAIGN: We are not in accord with a slanderous campaign by any candidate for public office. We believe that Cecil Lotief has kept his efforts on as high a plane as possible in view of the many unjust racial predjudices spoken against him. We agree with Theodore Roosevelt in the thought that no man should be condemned or unjustly ridiculed because of the place of his birth, especially when he is making a loyal citizen in this great land of democracy. ENTITLED TO SECOND TERM: Because of the fight that he has stirred in the State Legislature in behalf of the common people, because in a second term he will have greater opportunity to achieve victory for those masses of Texas, because he is deserving, trustworthy, energetic, experienced and capable; we friends of Cecil A. Lotief, in Eastland County commend him to the citizenry of the 107th Floterial District for a second term in the State Legislature. This Advertisement Paid for By Eastland County Friends of CECIL A. Henry Davenport Seeking Office of Commissioner

Henry Davenport, who has been commissioner from Precinct 1 for the past 18 months, is running for re-election to that office this year. Mr. Davenport has let the people know, through personal contact, newspaper advertising and circulars distributed at meetings of various kinds, that he is a candidate, running on his record for the past 18 months as commissioner.

He has pointed out that when he went into office there was a total of outstanding warrants and invoices of \$19,000 that had been left by the previous commissioner, but that he had been able, in 18 months, to pay off \$14,976 of this amount, and at the same time carry on the work he was expected to do.

He pointed out that he had had favorable weather during his term in office during which he could maintain roads at a minimum expense, which partly accounted for his being able to pay off so much of the old indebtedness, but economy measures, without slighting any roads had accounted for the rest.

He urges the people not to listen to any 11th hour propaganda that might be put out against him, but to let his record of 18 months be compared with that of any commissioner and then vote according to one's convictions.

VOLUME I

RANGER, TEXAS, FRIDAY, JULY 27, 1934

NUMBER 27

580 SEEKING LEGISLATURE NOMINATIONS

AUSTIN, July 23.—Five hundred and eighty candidates for state legislative places will be on the ballots in various Texas districts next Saturday.

Fifteen of the 31 senatorial districts are open for elections this year. Fifty-three candidates have filed for the places in the Democratic primary.

There are 127 representative districts. Several are subdivided into "places." Some districts have as many as five "places." Seeking these are 527 candidates.

The law of averages therefore indicates that the legislature with its 31 Senators and 150 Representatives is likely to undergo many changes.

Legislators, nominated next Saturday, will be in the general election Nov. 6. Of course they will not sit in the special session of the legislature that the governor contemplates calling in September.

Place No. 5, Bexar county, sets what probably is a long time record. It is sought by 16 candidates. Thirty-five candidates are running in that county for the five legislative seats in the House.

Harris county beats that, with 41 candidates for its five representative places. Dallas, like Bexar, has 35 candidates for five seats in the House but Dallas is staging a battle for a seat in the Senate also. Senator Ernest Fellbaum, San Antonio, has two years more to serve without a race.

The legislative races seem to be based principally on local issues. Some, however, indicate an attempt to shape the next legislature along state issue lines.

For instance, H. L. Darwin, one-time Senator from Sherman in the ninth district, is a candidate for representative from Travis county. He now resides at Austin. Darwin has been a dry leader and his candidacy is taken to indicate dry plan a battle against further loosening of the state laws against liquor.

Though there is probability that the question will be settled at the September special session, there is some alignment of candidates for and against creation of a new state commission to supervise oil production.

One Tarrant county candidate for the house has an anti-nudist plank in his platform.

Relief programs seem to be playing little part in the legislative campaign. This is because issuance or non-issuance of more bread bonds is likely to be settled at the special session, which will be attended by old members.

House Speaker Coke R. Steven, Junction, is a candidate for reelection to the House. At the close of the last session he seemed to have a comparatively easy race for reelection as speaker.

His attempted removal of R. L. Holliday, El Paso, as a member of the State Relief Commission, however, has given opponents an issue and a spirited race for speaker seems on the cards.

Mr. Chastain, who directed the campaign of Rep. A. P. Johnson, Carizo Springs, for speaker last time, is one of the likely candidates mentioned for next January. Emmett Morse, Houston, Albert G. Walker, Vernon, and Walter E. Jones, Jourdanton, are other members likely to be in the race for speaker.

National Guards Will Go To "War"

AUSTIN, Texas' khaki-clad young men will march off to war again Aug. 4.

Their fighting will have two considerable advantages: there will be no casualties, and a year's armistice will be signed Aug. 18 when 14 days of active training ends for the 36th division, Texas National Guard.

More than 7,000 officers and men will mobilize at Camp Hulen, near Palacios, Texas, for training and mimic warfare, according to Adjutant General Henry Hutchings.

The guardsmen will be in the command of Major General John A. Hulen, Gov. William A. Ferguson, commander in chief of the Texas National Guard, and Gen. Johnson Hagood, Eighth Corps area commander, have been invited to review the peace-time army during the two weeks of training.

Officers and men will go "over the top" during the second week of camp. A mythical enemy probably will concentrate inland as far as Goliad and Victoria. Offensive and defensive tactical problems will be worked out in the "battle" that follows.

Picture Recalls Famous Escape of Famous Marshal

PORT WORTH — A picture hanging in the office of Tom Slack serves as a constant reminder of the glamorous trick turned by one of the West's most colorful figures in escaping from Arizona rangers.

The picture, taken from an old newspaper and yellowed with age, is that of Jim Courtright, who was to Fort Worth what Wild Bill Hickok was to Dodge City, Kan., or Tom Smith to Abilene.

Courtright was marshal here at the time. He was highly esteemed and was a favorite of Fort Worth.

But before coming here he allegedly killed a man in Arizona. Arizona rangers came to Fort Worth to take Courtright. When they arrived with him at the railroad station, a large throng of people had gathered there.

They protested the rangers' action. But the officers would not relent. Finally, however, they agreed to permit the citizenry to give a farewell banquet for Courtright.

They gave the banquet at a local hotel. During the meal Courtright reached under the table and found two revolvers which had been pegged on ails for his convenience.

Then he rose from his place, covered the Arizona rangers with the guns and made his get-away on a horse that was waiting for him.

Courtright's career was short-lived after that, however. He soon returned here and was shot to death by the owner of a gambling house.

Chastain Spent The Week-end at Eastland Home

Oscar F. Chastain of Eastland, candidate for Congress opposing Thomas L. Blanton, spent the week-end at home resting in preparation for a speaking tour this week that will include addresses in a number of the counties in the 17th Congressional District and which will bring him back to Eastland county Wednesday.

Mr. Chastain last week completed a speaking tour that carried him into Comanche, Taylor, Shackelford, Callahan, Palo Pinto and Eastland counties.

Beginning Wednesday, Chastain's speaking engagements have been announced as follows: DeSmet Wednesday 11:00 a. m.; Gorman, 3:00 p. m.; Cisco, 8:30 p. m.; Eastland, Thursday, 8:30 p. m.; Friday, Ranger, 8:30 p. m.

Having been actively campaigning since about January 1 Chastain has covered the entire district twice, his friends say, and has made speeches in virtually every town and hamlet in the district where, according to the reports from his friends throughout the district, he has been accorded warm welcomes and given attentive hearings by large audiences.

WOMEN WERE THE DOWNFALL OF DILLINGER

CHICAGO, July 23.—John Dillinger's life history was ended today in the book of the law. In a drab coroner's office, just removed from the vault where Dillinger's body lay, a jury wrote the last chapter.

"Justifiable homicide by officers of the federal government." The man who ran him down was not present. The man whose bullets killed him was not named and the informant who led him to his death was not mentioned.

The entire investigation of the life of the man who was sought for months lasted less than 20 minutes.

A few brief sentences by two federal agents told the entire story of Dillinger's death last night at the door of a motion picture theatre. They told of a tip at 5 p. m. yesterday, hasty organization of an ambush outside the theatre, and then of the shooting in which Dillinger died the kind of death he had dealt to others.

Police and Melvin Purvis, chief of the Federal Bureau of Investigation, refused to confirm reports two women who attended the theatre with him last night were in custody.

Purvis said, however: "It was women who led him to his grave." For months Purvis had questioned the women of Dillinger's gang, at one time federal agents held six women known to have associated with him.

Reports of the way the tipster made contact with the federal agents differed, but every available fact pointed to a woman.

Candidates Spoke In Eastland On Saturday Night

Candidates for representative from the 10th and 10th districts addressed the voters of Eastland and vicinity in the interest of their candidacies Saturday night at a well attended meeting on the Eastland county courthouse lawn.

Judge Earl Conner presided and introduced the speakers. All of the candidates spoke.

Judge R. N. Grisham of Eastland spoke in the interest of Donald Kinnaird, defending him against charges he said was being made that Kinnaird, as mayor of Eastland was acting in the interest of the Lone Star Gas Company in considering the granting of a franchise to the Eastland Fuel Corporation.

Judge Conner in introducing Grisham stated that Grisham was speaking by request.

CISCO YOUTH DIES AFTER A CAR ACCIDENT

CISCO, July 23.—J. P. Patterson, 19, died at 5:30 this morning of injuries received in an automobile accident five miles from Moran on Highway 23.

Patterson and two companions were returning to Cisco from Moran about 1 o'clock this morning when they had a flat. They decided to wait for another which had been with them on the trip, and Patterson decided to wait up with his companions slept in the car.

As the second car approached its occupants recognized the Patterson car and pulled around it to stop. Young Patterson was asleep on the ground in front of his machine and was run over before the car could be stopped.

He was brought to a Cisco hospital, where he received medical attention.

YOUNG MEN LEAD IN CRIME PHILADELPHIA. — A majority of the major crimes against life and property are committed by boys and young men, the annual report of the Criminal Justice Association reveals. Based on statistics for 1933, the report shows that the average for those arrested for burglary is 21; for robbery, 25; for larceny, 26; while 15 per cent of the total arrests for burglary were of boys under 16.

Dr. Sensabaugh to Preach Sunday at Church at Bullock

In the absence of the pastor, Presiding Elder O. F. Sensabaugh will preach in the 11:00 o'clock Sunday service at Bullock on July 29th. The pastor is holding a revival meeting at Flatwood.

Dr. Sensabaugh is trying to preach in every Methodist church in Cisco district before the annual conference. He is making a close study and observation on conditions of the churches, both financially and spiritually.

Sikes Aids Eastland Win of Team Trophy In Coleman Tourney

Eastland golfers with Medalist Bob Sikes with his 67 at the forefront won the team trophy in the qualifying rounds at the fourth annual Coleman Country club tournament Monday and were second in team honors by Ranger golfers whose scores aggregated 394, three over Eastland's.

Three of the Eastland four, Bob Sikes, D. Tully, J. E. Liles and R. L. Perkins, shot subpar golf. Tully, by virtue of the 79 shot, jointly held runner-up position with J. T. Memmet, Phil-Pe-Co champ. Liles shot 71 and R. L. Perkins Jr., his first participation in tourney play, hit the ball 93 on his two-time trek of the nine-hole course.

Ranger linksters were led by Sid Faircloth and James Smith, who shot 71's, Bob Smith and Houston Cole shot 85 and 77, respectively.

Sikes bagged seven birdies in his two trips over the sand green layout. He had 84 on the first nine and a 33 on the last.

Girl Arrested In Death of Father

SALLISAW, Ok., July 24. — A family tragedy today brought the arrest of Aylene Hunnecut, 18-year-old farm girl, in connection with the slaying of her father.

Officers said the father beat the girl with a hoe handle.

BAKER BOARD WOULD CHANGE THE AIR CORPS

WASHINGTON, July 23.—The U. S. Army Air Corps must be reorganized and brought to the highest efficiency in the world, the Baker board reported today to Secretary of War Dern.

The nation's civil and naval aviation branches are second to none, the board declared, but the army, largely because of Congressional sluggishness, is woefully lagged and required immediate modernization.

The report, compiled by a board headed by Newton D. Baker, secretary of war under President Wilson, made an exhaustive study of all phases of military aviation. It recommended:

1. Expansion of the army air corps to 2,320 planes, the number provided in the 1926 Congressional act, with a larger ration of combat planes.

2. A national aviation policy decided on and retained for at least a "reasonable" length of time.

3. Retention of the present air setup with a closer coordination between ground and air troops. Suggestions of merging all military and naval aviation into a separate unit was called extravagant and impracticable.

4. Encouragement of the aviation industry to permit it to expand quickly and efficiently to wartime productive demands.

5. Revision of the internal organization of the air corps, increase in the number of flying hours per pilot from the present 150 to 200 hours to 300 hours yearly. Greater training in flying under hazardous conditions and with instruments such as are used on commercial planes.

6. A liberal policy in encouraging and perfecting experimental development and in permitting the secretary of war to purchase by design competition, by negotiation and by open competition. Suggestions that the government establish and maintain its own airplane factories were condemned.

Much attention was devoted to the attempt of the army to carry the mails. Figures compiled on the flight were a revelation in establishing that few accidents occurred while actually engaged in this work despite hazardous weather conditions. The report, while finding several lessons in the air mail venture, was full of praise for the morale and the effectiveness of the service under adverse conditions.

The findings on this score were considered of great significance because the board was appointed at the time of the air mail controversy and largely as a result of that dispute.

The board was unanimous in its recommendations with the exception that James H. Doolittle, noted flier, protested his belief that a separate air service should be established. He joined in the rest of the report, however.

Black Horse Turned White Overnight

HAVERHILL, Mass.—William Takofsky knew he put his black horse in the barn the night before, but when he returned in the morning a white horse was in its place—a miracle he thought.

The wonder of it all ceased when he discovered that the animal had been painted by some jester.

ALL-BRAN MADE HIM REGULAR AS CLOCK

Delicious Cereal Corrected His Constipation

We quote from his voluntary and enthusiastic letter: "After reading your advertisement, I decided to use ALL-BRAN. I had been taking pills right along. But now I don't have to take pills.

"I take ALL-BRAN every morning, and am as regular as the clock. It has done me a lot of good."—Stephen Higgins, 51 S. Neim St. South Norwalk, Conn.

Common constipation frequently causes headaches, loss of appetite and energy. Yet this condition can be overcome, usually, by eating Kellogg's ALL-BRAN.

Tests show this delicious cereal provides "bulk" and vitamin B to aid elimination. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Inside the body, it forms a soft mass. Gently this clears out the intestinal wastes.

Isn't this safer than taking harsh laxative medicines? Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Enjoy ALL-BRAN as a cereal with milk or cream. Use it also in making fluffy muffins and breads, etc. Get the red-and-green package or your grocer's. Made by Kellogg & Battle Creek.

Vice President of Pickering Company Visitor In Ranger

J. W. Deal, vice president and general manager of Pickering Lumber Sales company, out of the head office at Kansas City, accompanied by Mrs. Deal, is visiting in Ranger.

Mr. Deal is making a complete survey of the yards throughout New Mexico, Texas and Oklahoma. Having completed a general survey of New Mexico, he is en route to Oklahoma before returning to Kansas City.

Another Old Gun Owned In County

Mrs. Will Langford, Route 3, Ranger, saw in the Times the story about "Uncle Joe" Calder's ancient firearm, which is still in perfect working order, though more than 60 years old. She has come forward with information about another old gun, one that is in her family.

Mrs. Langford's letter about the gun follows: "My father, A. J. Beck, came to Eastland County in 1868 and it was near that time he found the gun in a hollow log while gathering wood. (It was always his belief that it was hidden by Indians.) The gun is a double barrel, muzzle loading shotgun and is in fair condition. There are fine pin-point carvings, one of an Indian on a racing horse and the other an Indian and his gun. The year or make of the gun I do not know."

Weather Prophets Of Ranger Should Organize, One Says

Charles Ashcraft, Ranger post-office employe, suggests that an organization of weather prognosticators be formed in Ranger and that W. O. Walker, S. B. Baker and S. O. Montgomery be charter members, at least.

Several days ago each prophesied that a rain would fall within a few days, and since it rained Sunday Mr. Ashcraft says that, because Baker happened to be right in his guess, the club could be formed with Baker as president.

The idea of the organization, it seems, is somewhat mercenary, as it has been suggested that a fee be charged for predicting the weather. However, it seems, if the group could guarantee rains or dry weather, when needed, instead of predicting rain, no doubt the prognosticators' club would prove profitable to the members.

BOX CARS TO BE HOMES RUSSELL SPRINGS, Kan. — Five box cars have been purchased by Logan County authorities, who plan to place them on a tract of land to make homes for destitute families. Each area will have space for a garden, a milk cow and chickens. A central water supply system will irrigate the five tracts.

MINNEAPOLIS STRIKERS FACE ALTERNATIVE

Striking truck drivers in Minneapolis faced the alternative today of accepting truce terms or having martial law declared in the nation's major labor disturbance.

Governor Olson virtually issued an ultimatum he would call out 4,000 national guards if the drivers rejected proposals already answered by employers.

About 900 workers in the Chicago union stock yards walked out, endangering 75,000 head of cattle from drought areas. All shipments to the stock yards were ordered halted.

San Francisco longshoremen voted on accepting mediation and returning to work immediately. Sentiment in other Pacific coast cities seemed likely to be influenced by the outcome of the vote.

Resolutions On Death of C.C. Robey

To the Eastland County Bar Association:
We, your committee to draft resolutions upon the death of our brother, Chas. C. Robey, beg leave to report as follows:
Chas. C. Robey was born in Eastland County, Texas, in 1882 and died at the age of eleven years on July 27, 1934. He was the son of his father and the little Charles from the fourth ward.

WASH OUT 15 MILES OF KIDNEY TUBES

Who Took Pop... Vag... Wash Out 15 Miles of Kidney Tubes...
The kidneys are the most important organs in the body. They filter out the waste products of the blood and keep the blood clean. If the kidneys become clogged, the waste products build up in the blood and cause various ailments. It is important to keep the kidneys clean and healthy. This can be done by drinking plenty of water and eating a healthy diet. There are also many medicines available that can help to wash out the kidneys and keep them healthy.

shown upon his own resources. With children a living and so his fun to earn a living and secure an education. He secured employment as a grocery clerk, from thence to a clerkship in a railroad office, afterwards in a law firm, a court reporter, where he studied law and was admitted to the bar.
He held honorable positions under the late Ben F. Looney, Attorney General of Texas, and served as an assistant United States District Attorney for the Northern District of Texas.
In 1918 he married Miss Minnie Ramsey of Cleburne, Texas, who is also a lawyer and secretary of the Eastland County Bar Association. No children were born to this union.
For more than 15 years Mr. Robey was an honored member of this bar and he loved his home and his wife but to love him, none named him but to praise him.
Charlie Robey was a lover of music, of painting, of religion, and his life was largely devoted to the service of his church and his country.
He was a careful painstaking lawyer and always went to the bottom of the question and took his stand on bed rock and his trial briefs reflected concentration and preparation.
His widow will continue the practice of law and like her talented and beloved husband, will carry on, through the bitter tears.
To Charlie Robey, the lawyer, the husband, the student, the good citizen, and the Christian gentleman, this Bar Association owes much, and it is further resolved, that a copy of these resolutions be placed in the files of the State Bar.
The following is the official record of the four boxes in Breckenridge in the democratic primary in July, 1932:

Drunk Charges In Fort Worth Grow

FORT WORTH—Arrests on charges of drunkenness for the first six months of 1934 showed an increase of 65 per cent over those for the same period of 1933, according to statistics compiled by Police Statistician Lon Weatherly.
During the first six months of this year, the first semi-annual period since beer became legal, 743 arrests were made on drunkenness charges as against 1,661 for the first six months of 1933.
The increase was attributed partly to police vigilance and to the relaxation of beer, as well as the influx of illegal but bonded whisky from other states, bootlegged into Fort Worth.
Blended whisky sells from \$1 a pint up, cheaper in some instances than the pre-prohibition "moonshine." While arrests for drunkenness increased, other arrests decreased. Arrests on all charges decreased 5 per cent from 9,266 to 8,295 during the same period.
BLOWOUT DELIVERED K. O.
ST. CLAIRSVILLE, O.—A "blowout" truck front of a garage, a youth working in a automobile fell over in a fainting victim. Contrarily, Dr. O. V. Forterfield found a piece of innertube in the youth's ear, diagnosed the accident as a shock from a blowout which happened to occur simultaneously with the thunder crash. The youth declined his name.

Womans' Emotions Were Dillinger's Ruin

CHICAGO, July 24.—John Dillinger was trapped by a woman torn between the conflicting emotions of loyalty to the man who had protected her on the one hand and money, the other, and the love for the mysterious woman in red, who had played mistress to Dillinger in his wild flight from the law, the outlaws in Calumet City, Ill., saloon and went with him to escape the sordid life of a lady at the bar.
A corner of the veil of censorship that covered the Dillinger hunt was lifted today and revealed Dillinger never suspected death was closing in until the bullets of a federal agent burned through the back of his head.

Nurseries Will Be Established Along Tree Shelter Belt

WASHINGTON, July 24.—A dozen nursery nurseries soon will be established along the 10,000-mile tree shelter belt which the contemplated \$75,000,000 tree shelter belt will run. It was said today, at the forest service.
Each state will have at least one nursery, but definite locations have not been determined. It was expected the entire area, 100

Congressman Blanton's Stephens County Friends Present Official Records

The time has come for Blanton's friends in Stephens county to give the public the following indisputable facts substantially taken from the official records in Breckenridge.

Tonight Blanton conceded 69 speeches since he reached Texas all based upon his record in Congress with pledges fulfilled, and in none did he even mention an opponent. Both Carl Hamlin and Oscar Chastain, have been following in behind him every where he has been, scattering cards showing votes Blanton hasn't carried, but failing to mention their own losses in campaigns. Hamlin has made vicious attacks on Blanton, and is again broadcasting near the district the attack Republican Leader, Frank Mondell, made on Blanton years ago, and tried to put him out of the House, simply because Blanton was fighting to take off of the payroll barbers, massagers, manicurists, chiropodists, cooks, and waiters, and stop them from drawing government salaries, to reduce mileage, to abolish the free distribution of cedar-cheats, and to stop allowances for stationery to be used in buying all kinds of merchandise then kept for sale in the Stationery Room.

Hamlin's circulars fail to show that following his attack on Blanton, Frank Mondell was repudiated by Wyoming, where for 26 years he had been the only Congressman, and was kicked out of office, and has long since perished.

Breckenridge Repudiated Carl Hamlin in the Last Two Regular Primaries
Judge Carl Hamlin left his home in Missouri to come to Texas. He has lived in Breckenridge ever since he became District Judge. He received his appointment originally and in due time came before the people of his county as a candidate for election. In the regular Democratic primary for July 1928, the following is the official vote in the four boxes in Carl Hamlin's home city of Breckenridge:

B. E. Breckenridge	114	78	215
N. E. Breckenridge	131	137	211
N. W. Breckenridge	189	208	398
S. W. Breckenridge	148	140	251
Total	582	563	1075

Note that again three boxes out of four in Breckenridge failed to give Hamlin a majority vote and that Breckenridge again repudiated him by casting 1145 against him, and only 1075 votes for him.

Hamlin's \$150 Per Month for Presumed Disability
Claiming physical disability based upon military service, Hamlin for many months received compensation from the Veterans Bureau at the rate of \$150 per month, while at the same time he was receiving \$5,000 per year from the State of Texas as District Judge. All of this military service was spent in the United States. It was Hamlin's resolution No. 355 that caused Judge Hamlin and 4,800 other such officers to be removed from the payroll of the federal government, and since then various boards have held that he could not lawfully draw this pay.

Before Carl Hamlin left Missouri and moved to Breckenridge, Blanton was Judge of the District Court of Stephens County, and not only held the Court in Breckenridge, but also Callahan, Shackelford and Taylor, and kept all the dockets clean. After Blanton left the Bench for Congress the State Legislature raised the salary of District Judges from \$3,000 to \$5,000, and created a lot of new Judges, allowing one Judge for Stephens County alone and two Judges for Eastland County alone.

Idle Judges
Notwithstanding Carl Hamlin holds Court in only one County, when Blanton used to keep the dockets clean in five counties, Carl Hamlin now has undisposed of on his docket 124 criminal cases of which 165 were filed before January 1, 1931, and 217 civil cases, of which one was filed in 1926, and 104 were filed before January 1, 1931, and also has still undisposed of 244 other cases on his docket. It has been seen diligent as a Judge, he won't be in Congress.

The foregoing indisputable facts furnished from the official records of Stephens County, are published and paid for by the friends of Congressman Blanton

S. W. Breckenridge	67	170	200	178
Total	170	838	738	675

Note that with four candidates running O'Connor got more votes than Hamlin, and that in Breckenridge, where he lives there were only 675 votes for Hamlin, and 1546 votes against him.

There was a run-off in the second primary in August, 1928. Hamlin was then drawing a salary of \$5,000 from the State and in addition was drawing \$150 per month from the government, based upon presumed disability. Although during the war he was never out of the United

GRADY OWEN WANTS THE SECOND TERM AS DISTRICT ATTORNEY

THE RECORDS SHOW:

1. That he has tried a greater percentage of the cases and secured a greater percentage of convictions than any other District Attorney.
2. That he has had fewer reversals, only one case that he tried having been reversed by the Court of Criminal Appeals, and that on a technicality.
3. That no indictment he prepared has ever been held defective by any court.
4. That law violations have been reduced more than one-half.

He is grateful for your support two years ago, and will greatly appreciate your vote and influence for the second term.

Qualifications For Voting In The Primaries

The qualification of voters is the crux of the election laws of Texas, under which the Democratic primary will be conducted Saturday.

The voter must be a citizen of the United States, at least 21 years of age, a resident of the county in which he offers to vote for six months and must have paid a poll tax, if subject thereto,

prior to Feb. 1 preceding the election, or have obtained an exemption certificate if one is required.

Persons between 21 and 60 are required to pay poll taxes. In order for a person to obtain an exemption certificate to vote in the primary this year he must have become 21 after Jan. 1, 1933, or must have been 60 on Jan. 1, 1933. Only poll tax receipts dated "1933" can be used in the election this year. The current receipts were levied for 1933 although they were obtainable until Feb. 1, 1934.

E. A. RINGOLD Candidate for REPRESENTATIVE Eastland County

Presents the following platform for the consideration of the voters:

I favor fewer laws, and better obedience of the ones we have. I favor the reduction of taxes by reducing the cost of government; abolishing unnecessary offices and reducing the number of employees to what is necessary to do efficient work. I favor an income tax for the support of public schools and take some of the burden off real estate.

I favor the exemption of homesteads up to \$3,000.00 value from ad valorem taxes except for school and city purposes. I favor an old age pension of \$15.00 per month for needy people above 65 years of age. I favor the continuance of \$16.00 per capita of school apportionment and the adjustment of teachers' salaries in order that no teacher receive a salary less than \$60.00 per month.

I favor a flat rate of registration of automobiles of \$3.00 on light cars and \$5.00 on heavy cars, and all car and truck money to go to the county for the building and maintenance of county roads.

I favor the federal and state government using its credit to help every American citizen to own their homes, lending them money at low rate of interest and allowing from twenty to twenty-five years for the re-payment of same. I believe we should provide more work for the unemployed, thereby taking them off of direct relief.

I believe labor should be paid wages that will enable them to properly support their families. I favor a law that will enable countries, cities and school districts to adjust their present bonded indebtedness to what they are able to pay and that they never be allowed to bond themselves for more than 10 per cent of their taxable value.

If elected your representative, I promise to be on the job at all times and to do my best to be of service to Eastland County.

APPRECIATED SATURDAY**

B. E. McGlamery Is Candidate For Another Term

B. E. (Bert) McGlamery, county school superintendent, and candidate for re-election, is running for the office again this year on the record he has made as a county superintendent.

In his campaign he is pointing out that during his administration, through cooperation with the state department of education, state aid for the county has been doubled, the increase being from 14,000 to \$29,000, this in spite of the fact that he has been in office during trying times.

He also points out that under his administration \$12,000 in federal aid has been received by the county to extend school terms and standard of teaching has been raised through teachers attending school and reading literature about their profession and methods of teaching.

He points out that the county school superintendent's office has become a clearing house for all schools in the county where their business is transacted.

One Candidate Files His Expense Account as Follows

After each election we are confronted with items such as the following, although this one, from an exchange, seems to be even more amusing than usual: A candidate for office filed the following expense account:

"Lost four months sleep, and 20 days canvassing, lost 1,369 hours of sleep thinking about the elections, lost 40 acres of corn and a crop of sweet potatoes, lost two front teeth and a lot of hair in a personal combat with an opponent. Donated one beef, four goats and five sheep to a barbecue. Gave away two pairs of suspenders, five calico dresses, five dolls and 13 baby rattles. Kissed 126 babies, kindled 14 kitchen fires, put up eight stoves, cut 14 cords of wood, carried 24 buckets of water, gathered seven wagon loads of corn, pulled 475 bundles of fodder, walked 4,000 miles, shook hands with 9,080; told 10,000 lies; attended 26 revivals, was baptized twice by immersion and once by sprinkling; contributed \$50 to foreign missions, made love to nine grass widows, got dog bit 19 times and got h— beat out of me at the election."

Western Police Chief Is Blind to Petting

SALT LAKE CITY, Utah.—Romance has the official okay of the Salt Lake City police department.

In answer to the protests of unromantic citizens that there is "petting in the park," Police Chief W. L. Payne said:

"Let them pet. Petting was prevalent here before I was born and will continue to be after I am gone. Who am I to try to stop it? Anyway, the crop of one-arm drivers will send our accident rate booming unless we look with kindly eyes on couples in parked cars."

Ringold Campaign Slogan 'More Work Less Direct Relief'

E. A. Ringold of Ranger, the last to file for a place on the 1934 ballot, as a candidate for representative in the Texas Legislature from the 196th representative district, announces his candidacy for representative. That Mr. Ringold is prominent in his home community was evidenced by his unanimous selection as Ranger's representative, and later county administrator of the CWA organization, which position he held until politics deposed him.

Now he is asking the voters to send him as Eastland county's legislative representative, believing more practical knowledge and less technicalities in our state affairs are necessary, he is making the race on a business platform.

In addition to his campaign slogan, "More Work and Less Direct Relief," Ringold favors "Fewer Laws and Better Enforcement of those on the Statute Books," as well as a more economical state administration. Here is the platform on which he is making the race:

To the Citizens of Ranger and Eastland County,

My Friends and My Neighbors: "I have lived among you for 15 years; have tried at all times to help in every worthwhile cause that meant for a better community. If you approve of the kind of citizen I am and feel that I am capable of representing you in the state legislature, I will be profoundly grateful for your support and will do my best to be of service to Eastland county.

In asking for this office, I am not unmindful of the fact that the law-making body is one of the most important offices in the

state and should be filled by capable men who have the interest of all the people at heart.

"I am 55 years old. Was reared on a farm in Grenada county, Mississippi. Am now, and have always been a Democrat. I have lived in Eastland county 15 years. Am a property owner and taxpayer in Ranger."

Mr. Ringold is well known, not only in Ranger but over the entire county. He has met hundreds of voters personally and has made a number of speeches in the interest of his candidacy.

TAXIS EMULATE CLOCKS
JOHNSON CITY, Tenn.—It may be in violation of the clock code, but private taxi owners in the mountainous settings near here early each day honk their horns as they drive to the end of their routes, then turn back and pick up the awakened passengers for rides to nearby factories. A honk in front of each regular passenger's home does the trick, obviating the necessity for alarm clocks.

PROVED in the blistering 130° heat at Death Valley...

Mobiloil can "TAKE" it!

RUNNING under conditions for which no automobile was ever intended, two standard low-priced automobiles raced around a sun-scorched track staked out on the desert floor at Death Valley... proving the quality of Mobiloil!

One car ran 1,000 miles in low gear at a speed equivalent to 52 miles per hour in high... the other ran 1,000 miles in second gear.

With the thermometer sizzling around 130 degrees,

motor temperatures leaped higher than anything you'll ever encounter.

Protected by Mobiloil both cars performed beyond the expectations of the engineers who built them. Checked constantly, the motors showed no loss of power—no bearing failures—no scored cylinders—no motor trouble!

If you want all the power, smoothness and fine performance that was built into your automobile, use Mobiloil, the World's Largest Selling Motor Oil!

NO RADIATOR! NO WATER!

After its sensational 1,000-mile run in second gear, one of the test cars was STRIPPED OF RADIATOR AND COOLING SYSTEM. Under blazing desert heat it ran for 10 consecutive hours, without radiator or water. Even this terrific punishment failed to break the lubricity and safety of Mobiloil!

LUBRITE

(Formerly Magnolia Motor Oil)

Lubrite is second only to world-famous Mobiloil in stamina and all-around performance. It will last longer and protect your motor better than many other motor oils selling at a higher price. If you want a good, economical motor oil costing less than Mobiloil, ask for Lubrite.

Exhume Body of 'The Great Lover'

NEW ORLEANS.—FERA workers here are busily themselves digging up the skeleton of New Orleans famous lover and commander of Spanish Fort more than a century and a half ago. The skeleton, unlike that of present day lovers, is in a grave—not a closet. Louis J. Genella, engineer in charge of the work on the ancient fort, said the "tomb" near the old battlements is that of Don or "General" Pablo. According to legend and Genella, Pablo was slain for having a love affair with the daughter of the chief of a tribe of Indians living in southeastern Louisiana. The daughter was betrothed to an Indian brave. Don Pablo, his skull laid bare by

the scalping Indians and then split by tomahawk blows, was buried near the fort between two magnolia trees. The tomb, made of brick and cement, is being uncovered slowly. And until that is done workers cannot be sure that the skeleton is that of the gay Spaniard.

All Summer Days Really Dog Days

FORT WORTH.—All summer days, not August Alone, are dog days, according to Dr. R. C. Griffith, pet specialist. Dogs and cats stand hot weather much better than human beings, he said. "Dogs and cats use good judgment," Griffith said. "They find the coolest spot, lie down, and don't take any needless exercise. Heat prostrations among them are rare."

MICAHIAH SPEAKS THE TRUTH

1 Kings 22:1-14

Jehoshaphat, the good king of Judah, no doubt hearing rumors of war visited Ahab, the wicked king of Israel. The families were related by marriage; Jehoshaphat's son having married Ahab's daughter, Athaliah, who was an idol-worshiper like her cruel mother, Jezebel.

Ahab entertained Jehoshaphat and his company royally, killing many cattle for meat. Then he requested Jehoshaphat to join his larger army with his smaller one in taking Ramoth-Gilead. Jehoshaphat gave a very courteous assent but requested, "I pray thee, for the word of Jehovah."

Ahab gathered the prophets together, 400 of them, and asked, "Shall I go against Ramoth-Gilead to battle or shall I forbear?" No doubt Jehoshaphat, accustomed to being guided by the word of Jehovah, perceived that these were not true prophets of God "but prophets of the Jehovas worshipped under the image of an ox who practiced prophesying as a trade without any call from God."

He asked, "Is there not here a prophet of Jehovah besides, that we may inquire of him?" He had listened and known that the false prophets were speaking what would be pleasing to Ahab.

Ahab answered that there was one man, "Micahiah, the son of Imnah," but that he hated him because he prophesied evil of him. But Ahab sent an officer for Micahiah, who was in jail because of Ahab's displeasure.

"Now the king of Israel and Jehoshaphat the king of Judah were sitting each on his throne, arrayed in their robes," Ahab thought perhaps he could awe Micahiah with all this pomp and 400 prophets prophesying great victory for him. It was a great and splendid scene. The messenger that went to call Micahiah explained to him the good words of the other prophets and said to him, "Let thy word, I pray thee, be like the word of one of them, and speak thou good." But Micahiah was a true prophet of God and would not be awed by pomp and power.

His answer was, "As Jehovah liveth, what Jehovah saith unto me, that will I speak." As Jehovah liveth was the most solemn and impressive oath the prophet could use. But Micahiah broke out into bitter irony and told Ahab to follow the advice of his prophets. But Ahab spoke sternly commanding the truth of him.

Then Micahiah had a great vision

telling of the battle and the death of Ahab.

Ahab refused to heed the advice of the true prophet and thought to outwit the prophecy by changing clothes with Jehoshaphat. "But a certain man of the Syrian host drew his bow at a venture and wounded the wicked king." He had his chariot driven quietly out of the battle that his soldiers might not be frightened. He died at sundown and was taken to Samaria for burial.

The blood-stained chariot was taken to the pool to be washed and the dogs "were seen lapping there." Elijah's prophecy concerning Ahab was fulfilled.

The masterful picture of Micahiah, a poorly dressed man, standing before the king and the prophets telling Ahab of his doom. He did not flinch or draw back when Zedekiah slapped him and showed him the horns of iron which he claimed were signals that Ahab should overthrow Syria. But told Zedekiah that he himself should be in hiding soon.

The strength and attitude of Micahiah in this story has a greatly needed lesson for our times. Pastors and their flocks should take a bold stand for the cause of truth and righteousness. Strong drink is in our midst, business is full of fraud, society is vulgar and you might say vicious in worldly circles. Nations are suspicious of each other. Strikes and crimes fill our daily papers. Christians should band together in millions to oppose the evil.

When one becomes confused and asks how he can overcome the evil around him daily, he can ask with the realist:

Wherewithal shall a young man cleanse his way? By taking heed thereto according to thy word.—Psalm 119:9. Be thou exalted, O God, above the heavens: let thy glory be above all the earth.—Psalm 57:5.

Former Movie Actor Stops His Truck To Tell Of Experiences

EL PASO.—Kelly Gafford, who never aspired to become a motion picture star, but who once made \$350 in a single day doubling for Lon Chaney, famous movie character man, now lives in El Paso and drives a laundry truck.

Gafford is called a "dead ringer" for the "man of a thousand faces." When Chaney died, leaving three unfinished films, producers searched California for Gafford to complete the work.

"I am running a tractor on the farm," Gafford said. "When I heard they were looking for me I rushed to Hollywood, but was too late. They had closed the pictures."

Gafford went to the film kingdom when he was 29. He played "cowboy" and extra parts for some time. The truck driver, satisfied with his job, recalled the seamy side of film colony. He had no illusions of becoming a "star."

"Shyster managers and publicity men rob those stars," Gafford said. "Hollywood is full of stars who flared and came back as extras. The film life of the average star is five years if he lasts that long."

"Star, lead disgusting lives, too. Many of them just hit it lucky or get a break. When some of them get their hands on a little money, it ruins them. I helped one fellow get his first job as an extra and fed him when he was broke. He later got a star contract and wouldn't speak to me."

Gafford said he believed young persons have the best chance to get into the movies. There are many ways to crash the films, he said.

"I have known some who actually have bribed the directors and others who have given wild parties after they got started," he said. "The parties keep you going for a while."

Gafford seldom goes to picture shows. He doubled for Chaney in "Phantom of the Opera" in the scene where he walked under water in the secret passage.

The laundry truck driver was in films seven years. He does not think he will go back, although sometimes he "feels the urge." Gafford has two children. "But they'll never be movie stars," he said. "I'll see to that."

AGENTS STILL WORKING ON URSCHELL CASE

OKLAHOMA CITY, July 21.—The kidnaping of Charles Urschell—the crime that led to the first organized federal drive against kidnaping—was perpetrated a year ago tonight.

Today 16 men and women, convicted on charges in the case, are serving time in federal prisons. Federal agents still are trying to unravel all the particulars of the crime, including the whereabouts of \$80,000 of the ransom money.

Leaders of the kidnaping outfit were George (Machine Gun) Kelly, Harvey Bailey and Albert Bates, serving life sentences at Leavenworth, and soon to be transferred to the new Alcatraz Island penitentiary off the coast of San Francisco.

The next time we do or say anything wrong, we'll ask Secretary of State Hull to explain us out of it, as he did General Johnson.

COURT BARS NEGROES FROM JULY PRIMARY

AUSTIN, July 21.—Negroes were without standing in the democratic party of Texas today under an opinion of the state supreme court which drew a dividing line around democratic primary voting booths.

Beyond that line negroes may not step because a resolution adopted by the state democratic convention in Houston in 1932 limiting party membership to white persons was a valid exercise of privileges and authority guaranteed the people by national and state constitutions, the court held.

Application for permission to seek mandamus actions to force election officials to permit them to vote was denied two negro property owners in Jefferson county.

Nudist Colony Was Not What It Seemed

DALLAS.—When a Dallas newspaper published a story recounting the antics of seven pretty, young ladies in a secluded sylvan retreat, scores of persons became indignant, wrote complaints to police urging them to abate the city's only nudist colony.

Officers visited the camp, found seven youngsters, all under 6 years old, splashing about in a tiny lake and acquiring suntans in the best Elysian manner. The police considered the age of the nudists and did nothing about the matter. The youngsters were pupils of a Dallas dance instructor.

With a pair of twins added to his household, Bing Crosby will do some real crooning o' nights.

Frank Is Sure to Win In This Race

FORT WORTH.—There's one thing certain about Tarrant county's state senatorial race—Frank is going to win.

There are three candidates in the race. Each is named Frank. They are Frank Rawlings, seeking re-election; Frank Patterson, seeking promotion from state representative to the senate; and Frank Ogilvie, Fort Worth attorney.

Richmond Votes to Buy Water Plant

RICHMOND.—Approval of issuance of \$47,000 in bonds to purchase the Richmond water system from private parties was voted at a recent election here. Only one dissenting vote was cast.

Last March the voters approved the bond issue, but a technical error in the election call voided the result.

BURIED ON COT

PARSONS, W. Va.—Wilbur Young, 64, retired merchant of Parsons didn't want to be buried in a casket when he died. He wanted his body placed on a cot. Relatives acceded to his request. The body, on a cot, was lowered into a concrete vault in the cemetery here.

TOWN HAS NO BUDGET
MT. CARMEL, Pa.—This town is operating without a budget. So says Richard Morgan and Raymond Toy, members of the town council, in a published statement over their signatures. Note to other towns and cities in the United States: Mt. Carmel is in debt to the extent of \$400,000.

WAS GOOD INVESTMENT

NAMPA, Idaho.—J. C. Williams, a farmer near here, didn't see why he should contribute to the fund for a new city fire truck. Anyway, he gave \$5. The other day his barn, with 27 tons of highly prized hay in a drought section, caught fire. The truck arrived in record time, and saved his feed.

COURT BENCHES LIKE PEWS

SALT LAKE CITY, Utah.—If you go by the seats in the federal court room here you're going to think it's a church. Benches for the hall of justice recently were delivered. They looked like church pews—and were labeled pews.

INSIDE STORY OF LINDBERGH CASE IS TOLD

JOLIET, Ill., July 21.—A convict in state prison turned over to Warden Frank Whipp today what he said was the "true story" of the Lindbergh baby kidnaping.

He named Frank Nash, slain in the Kansas City union station massacre, and Al Capone, now in Atlanta, as the men behind the plot. The convict, John Pawelczyk, said the kidnaping was planned to free Capone, then in jail at Chicago, following denial of his appeal from an income tax conviction.

At the time of the kidnaping, Capone offered to aid authorities in finding the child and said he had "friends" who could trace the kidnapers.

The information has been turned over to federal authorities. The prisoner said he met Nash while both were in Leavenworth prison. At that time, according to the story, he and Nash communicated by means of a code which later appeared on a note left at the Lindbergh home.

He named as the actual kidnapers, Nash, one Bob Sandwich, and a woman friend of the latter, named only as "Tessie."

WASHINGTON, July 21.—Federal secret service agents, who have run down every possible clue in the still unsolved Lindbergh kidnaping mystery, will check fully every angle of the story told by a prisoner, naming Al Capone and Frank Nash as the master minds of the kidnaping. Whether the story bore any promise of a genuine clue, none could say.

JUDGE HAMLIN IS SPEAKER IN RANGER FRIDAY

Judge Carl O. Hamlin of Breckenridge, candidate for congress from the 107th congressional district, spoke before a fair-sized crowd in Ranger Thursday night in the interest of his candidacy.

The candidate was introduced by Judge L. R. Pearson who spoke briefly on Thomas L. Blanton's tenure in office and suggested that a change might be good for the district.

All arrangements for seats, lights, the speaking platform and other details in connection with the speaking were handled by the Ranger Fire Department.

Judge Hamlin deplored the use of the Congressional Record and the franking privilege for political purposes and said that he would, if elected, attempt to limit these franking privileges.

"Of course a congressman should have franking privileges," he declared, "but it should be limited."

He made reference to the present congressman, Thomas L. Blanton, and brought up several of the issues for which Blanton has stood and worked, or which he has fought while in office.

"Tom will tell you that you must vote for him," he said, "because he is supporting the president and his program, yet, within the last days of congress he voted to override the president's veto of a bill providing a 10 per cent restoration of the pay of government employees, which was cut 15 per cent in the economy program. That means that he voted to increase his own salary \$1,000 and this is not time for a congressman to be getting generous with himself."

He explained Blanton's criticism of him in a bulletin sent through the mails for drawing compensation for physical disability. He told of his service record, stating that he had two years in the infantry with the rank of captain when he was discharged and had accepted compensation at the end of nine years of ill health and following two major operations, which left him permanently disabled.

He closed his talk with a pledge to support the president and his economic program, to keep an open mind and to lend an ear to the voice of the people of his district.

CAUGHT BIG TROUT
LOGAN, Utah.—Web Hunter thought he'd tied onto the original Jonah whale recently while angling near here. The fish battled for 25 minutes. When landed it turned out to be a rainbow trout, weighing 6 1/2 pounds. It measured 25 inches from snout to tail and was 15 inches in circumference.

OHIOAN USES OX TEAM
DOVER, Ohio.—B. O. Long found an ox yoke among family relics at his home, so he decided to use it. Carefully, he chose two two-year-old animals from his herd and began breaking them in as "oxen."

A Frenchman has grown tobacco which is practically devoid of nicotine. But that must be for export. The kind Frenchmen smoke is nicotine that is practically devoid of tobacco.

ROOM FOR FUNERAL PARTIES
PHILADELPHIA.—A special suite of rooms has been set aside in the new Pennsylvania railroad station here for funeral parties. It is believed to be the only accommodation of its kind in the world for grieving persons who do not wish to wait for trains in the regular waiting rooms.

BARN IS RAINSHED
CLEVELAND, O.—A barn on an Ohio farm, which is a landmark for United Air Lines' coast-to-coast pilots, has another distinction. The rain that falls on one side of the roof flows into the Atlantic, and the rain on the other empties into the Gulf of Mexico.

Drink Water With Meals
Good For Stomach
Water with meals helps stomach juices, aids digestion. If bloated with gas add a spoonful of Adrika. One dose cleans out bowels and washes BOTH upper and lower bowels. Oil City Pharmacy.

To The Citizens of Eastland County:

I am appealing to you as one friend to another. You are aware that your schools are facing a serious situation on account of finances. You know that your cities are not able to meet their obligations. We can never make any progress in Eastland County until we get these matters adjusted. I am asking every man, woman and child in Eastland County to help me go to the Legislature and I pledge to do all in my power to bring you some relief from these conditions and take some of the tax burden off of real estate. I firmly believe that the law-abiding body of this state desires to do justice to its citizens and to all communities in order that we may have a better and more prosperous condition to live under. Let's enforce the laws we have. Let's reduce the cost of government, by abolishing boards and reducing salaries. Let's help the needy old people. Let's provide work for the unemployed able bodied men and women. Let's see that labor as well as capital gets a "Square Deal."

If the idle labor could all go to work, the farmer would have a market for everything they grow and the depression would be over. This is my earnest appeal to you for your support on July 28th, 1934.
