

RANGER WEEKLY TIMES

RANGER, TEXAS, FRIDAY, OCTOBER 5, 1934

NUMBER 37

The average American schoolboy does two more years' education than he did in 1914. At last, the average of the increase in slang terms!

WEST SCARBORO, Me.—Edgar Peckay, Jr., 34, recently pleaded not guilty to a charge of larceny without saying a word. He is a deaf mute.

Texas Will Receive Federal Grant for October

A.C.C. FROSH PLAYS RANGER ON SATURDAY

Improvement in Ranger Junior College team's blocking and charging and an announced impressive array of talent on Abilene Christian College freshman team's roster bids to make a good game between the groups in Ranger Saturday afternoon at 3 o'clock.

Though Tricky Ward's string hits the weight bell along 125 to 195, the Abilene gridsters' weight hits a higher average. Three of Coach John McKinnzie's charges are in the 190-pound class and two over 200. Chasten from Georgia, half, tips the scales at 220.

The game which will be the first for Ranger Junior College this year, is expected to sound a note of threat for their contestants who will meet in the near future.

The starting lineup for Abilene will be as follows: Landers, letterman from Abilene high school, 190, left end; A. Adams, 195, tackle; Nelson, Corsicana, 165, guard; Reed, Belton, 165, center; Haney, Roscoe, 200, guard; Moore, Modflat, 190, tackle; Gilbert, San Angelo, 180, end; Lemmons, Oklahoma, 165, quarter; McLaughlin, San Angelo, 175, half; Chastene, Georgia, 220, half, and Shelansky, Roscoe, 140, half.

The roster of Ranger Junior College is as follows:

Backs—Faircloth, Ranger, 155; Williams, Ranger, 150; Jones, Ranger, 135; Moore, Albany, 165; Mackall, Eastland, 180; Turpin, Jacksboro, 125; Jones, 130.

Ends—Taylor, Eastland, 165; Black, Ranger, 165; Bray, Ranger, 155; Walsh, Ranger, 155.

Tackles—Jordan, Albany, 180; Standard, Ranger, 160; Garratt, Eastland, 197; Vaughn, Eastland, 180; Moore, New Mexico, 180.

Guards—Kidwell, Ranger, 160; Adkins, Ranger, 175; Townsend, Ranger, 180; Love, Ranger, 170; Simmons, Eastland, 145; Wagner, Ranger, 155; Patton, Colorado, 140; Milburn, Ranger, 140.

Centers—Allison, of Eastland, 170; Segar, Dublin, 155.

Highways Will Be Beautified For Centennial

DALLAS, Tex.—A blanket of beauty, expressed by the blossoming of countless acres of flowers and shrubs to be planted over the State in preparation for the Texas Centennial celebration in 1936, will result from work of the State Highway Beautification Committee.

In the section around Dallas, a comprehensive program in seven counties is due to be launched through co-operation of city and county governments. As soon as first choice has been determined for the flower or shrub in this section, every highway leading into Dallas will be planted.

Similar work is due to be carried on in every section of the State so that thoroughfares leading to historic shrines in such cities as San Antonio, Houston, Galveston, Brenham, Nacogdoches, Huntsville and other cities, where Centennial celebrations are to be staged, will be similarly beautified.

Corsicana has led this section of the State in selecting the flower that will be used to decorate the highways in her community. The red rose will be used on rights-of-way in that vicinity. Houston has chosen the crepe myrtle, while Galveston long has been identified with the oleander. Since the rosebud and bluebonnet have been chosen for the entire State, other shrubs and flowers will be chosen by the individual communities.

The highway work calls for the securing of a number of wayside parks and parkways along the major highways so that the entire State will be covered by a systematic program of beautification.

RANGER PLANS CITY-WIDE FALL CAMPAIGN

MERCHANTS OF CITY ORGANIZE FOR BIG EVENT

A city-wide business campaign, greater than any attempted in Ranger for years, was mapped out at a meeting at the offices of the Retail Merchants association Wednesday night, at which representatives of practically every business in town were present.

The merchants, realizing that Ranger has always been the leading trading town in this section of the Oil Belt, are going to maintain that reputation and are co-operating toward that end.

If the proposition goes over as the business men expect, Ranger will be benefitted greatly because of the interest people have always taken in moves of this kind.

The meeting was attended by a large and enthusiastic group, and each one present offered to work on any committee and to do whatever they were asked to do. The undertaking shows the spirit of the Ranger business men and also shows that they work together and will co-operate 100 per cent.

The time for the opening of the campaign is close at hand, for the first of the series of campaign days will be on Oct. 15, and because of the little time available the merchants have been asked to get busy today and to contact the secretary of the retail merchants association for complete information. This will greatly facilitate matters and save the committees a great deal of work.

It is not the intention of the committee to miss anyone and as all the members of the committee are busy men it would be quite an aid to the committee for everyone to get in the spirit of the endeavor and get behind the move so the proposition can be started immediately.

All committees were working today and the final plans for the affair will be checked and closed in the next day or two.

At the meeting Wednesday night it was decided that a number of prizes would be distributed on special days, which will continue from now until Christmas eve, among which will likely be automobiles, a bedroom suite, ladies' coat, man's or boy's suit, electric or battery radio set, a gas or wood stove, grocery books, cash and various other items.

J. C. Smith, Dr. P. M. Kuykendall, T. J. Anderson, D. Joseph, Colonel Brasher, Walter Harwell, Ray Fessime, J. E. Meroney, Eddie Sargent, Horace Adams, John Hassen and F. D. Hicks were appointed on committees to call upon the different business concerns in the city and solicit their support and co-operation in this city-wide campaign, which is to begin immediately and will last until Christmas.

Extension Classes Are Organized In Ranger This Week

Abilene Christian College has organized extension classes in Ranger every Saturday, 8:00 to 12:00 a. m. Additional work will be offered in these departments and in physical education next Saturday. Ranger Junior College is giving a course in English Literature on Saturday and Dr. Parks has organized a class in general chemistry which meets on Monday evenings, 5:30 to 9:30 or 10:00. Other courses will be organized on demand in education, mathematics, Spanish or French and commercial work to be given either at night or on Saturday. Thus unusual opportunities are offered teachers and students of this section to get either advance or non-advanced courses in college this season and for the future.

Anyone interested in Saturday classwork is urged to be present Saturday morning at R. J. C. The schedule as outlined for this coming Saturday is as follows:

8:00 to 10:00, English Literature, room 30, Mrs. Hunter teacher.

8:00 to 10:00 History of Education, room 20, Dr. Marlin, teacher.

10:00, Assembly to organize other courses, room 20.

10:30 to 12:00, American History, room 20, Mr. Brown, teacher.

Anyone interested in mathematics, foreign languages, commercial work, government, economics or first or second year education to be given either on Saturday morning or some night in the week is also urged to be present at the meeting Saturday morning or notify H. S. Von Roeder, Dean, regarding their preference both as to courses and time of meeting. All of the courses offered will be given under regulations of the Association of Texas Colleges governing such work and give regular college credits which are transferable at full value to other colleges and universities.

BULLDOGS OUT TO AVENGE THREE STRAIGHT VICTORIES BY CENTRAL OF FORT WORTH FRIDAY NIGHT

A large crowd of Ranger fans, including the pep squad and band of the Ranger High School, is expected to make the trip to Fort Worth Friday night, to witness the third of four severe tests of the team before the opening of the conference season on Oct. 19 with Eastland playing in Ranger.

At the same time Eastland will be playing the Olney High School, which is rated highly in Class B circles.

Fully 100 cars are expected to make the trip, with several leaving at 11 o'clock in the morning with the football team, and the others leaving from the high school building at 3 o'clock in the afternoon. The group is to meet at Trinity Park, on Seventh Street, in Fort Worth, where they will go to the game in a body, led by the pep squad and band.

The Bulldogs, before going into their conference season, will have four hard games to play, which may aid them materially when they start into the conference season, as it will show them what to expect from other high school teams.

In the two games to date the Bulldogs have not been able to win, and they have been rated by some as underdogs in the Central conflict, as Central has one of the largest and best teams in the history of the school, reports indicate, and the Bulldogs will likely be outwitted by the Panthers.

Several injuries, received in the Lubbock game last Friday night, will tend to slow the Bulldogs down, in the opinion of many, as Mellinger Jacoby, 190-pound end, will be on the sidelines with a sore knee and will not likely get into the fray. He is expected to be back in the lineup in time for the San Angelo game the following week, however.

Rankin Britt has not been able to work out since the Lubbock game on account of a sore eye, which is getting along nicely, while Caroway also has a bandaged eye. Ira Sharp has a sore hand and may have minor injuries that will not keep them out of the lineup. Sharp is expected to play an end position with Jacoby on the sidelines.

The general line will probably give the Bulldogs considerable trouble as it has shown up to be one of the best high school forward walls in this section of the state, while the backfield is fast and at the same time has plenty of weight. There are no exceptional big men on the Central lineup, but the entire team shows a consistent average and in previous games they have presented a well organized scoring machine with plenty of defense. Their two victories this year, over the strong Waco team and over Mineral Wells, indicates that they are easily the favorites to win the seventh district title again.

Not since 1920, when the Bulldogs won by a score of 20 to 0, has a Central team lost to Ranger, though the two teams have played each year since. In 1931 Central downed the Bulldogs by a score of 24 to 13. In 1932 the Oil Belt District champions were down by the Central Panthers by a score of 6 to 0, and again in 1933, when

Funeral For Cisco Oil Operator Was Held on Thursday

CISCO, Texas, Oct. 4.—Funeral services for J. L. McMurray, 37, prominent Cisco oil operator and member of the firm of Gilman & McMurray, who died Wednesday morning with the Rev. J. Stuart of the Presbyterian church officiating. The decedent had been in ill health for several years before his death.

The body was sent to McAlester, Okla., Mrs. McMurray's birthplace, for burial.

Active pallbearers were A. H. Rhodes, Eastland; Luther McCrea, Bete Booth, Carl W. Lowery, P. E. Warwick and F. D. Wright, Cisco; E. R. Bahan, Abilene, and W. E. Tyler, Rising Star.

Honorary pallbearers were: R. F. Gilman, Dr. E. L. Graham, L. C. Heltzel, L. F. Mendelhall, Tom Petty, Johnny Erickson, Will St. John, Nick Nichols, Sam Brazzanes, Antony Petronis, Edward Lee, Nick Miller, George Lee, B. E. Murchart, H. S. McDonald and A. D. Anderson, all of Cisco; C. L. Renaud, W. T. Gwaltney, T. M. Prettyman and F. W. Stone, of Fort Worth; Siliman Evans, Baltimore, Mr.; B. H. Holmes, Tulsa, Okla.; R. H. McGaughey, J. H. Sedwick, Joe B. Matthews, Joe Tompkins and Lloyd Edwards, of Albany; Jack Mooney and J. E. Matthews of Ranger; Tom Bryant, Cross Plains; W. L. Knight and Marshall Young of Breckenridge; W. K. Eagen, San Antonio; C. M. Root, Jimmy Cheatham, Phil Russell, A. L. Agate, Austin Furse and Carl Angstadt of Eastland; J. A. Neath, Houston; F. D. McMahon, Longview, and J. Frank Hutson of Clyde.

James Lindsay McMurray was born Sept. 24, 1897, at McAlester, Indian Territory. Shortly after the United States entered the World war he joined the navy and served until his honorable discharge on Feb. 4, 1919.

In that year he went to Ranger, which was in the throes of the oil boom period, where he was employed with the Oil Well Supply company until he formed a partnership with F. W. Stone. The partnership, known as Stone & McMurray, did contract drilling and drilled and produced in its own right.

Stone & McMurray was credited with opening up the Pioneer field as a major producing sector by bringing in the famous Eakin No. 1 for flush production of 900 barrels daily in 1934. Later the partnership sold its holdings, including the Eakin well, and dissolved and McMurray associated himself with R. F. (Bob) Gilman of Cisco in a partnership, Gilman & McMurray, that existed until his death. The two operators were active and successful in developing their own properties which now include extensive production and lease holdings principally in Brown and Shackelford counties.

Mr. McMurray was a member of a number of Masonic bodies, including the Shrine, and the Elks lodge and the American Legion. He came to Cisco from Ranger about 1921, shortly after forming his partnership with Mr. Stone.

Besides his wife, who was Miss Gladys Hughes and whom he married on Nov. 27, 1922, he is survived by his mother, Mrs. J. F. McMurray of McAlester, now residing in San Juan Puerto Rico; two sisters, Mrs. Eugene Alexander of Norman, Okla., and Mrs. Woodfin L. Butte, of San Juan, P. R., whose husband is the son of Dr. George Butte, formerly governor-general of Puerto Rico; and three brothers, Jack McMurray of Norman, Okla.; Tom McMurray of Oklahoma City, and Douglas McMurray, also of Oklahoma City, and who was here at the time of his death.

At McAlester, Mr. McMurray will be buried beside his father, who died about four years ago.

\$1,647,000 TO BE GRANTED TO TEXAS RELIEF

WASHINGTON, Oct. 4.—Texas will receive \$2,339,000 from federal funds in October, the FERA announced today.

Of this amount, \$1,647,000 will be for drought relief and \$500,000 for rural rehabilitation. Transients will be aided to the extent of \$135,000 and students, \$57,000.

AUSTIN, Oct. 4.—Texas relief rolls were scrutinized today for undeserving persons, while Chairman Claude D. Teer of the State Board of Control said to speed to Washington to confer with Harry L. Hopkins, relief administrator.

"We must drop from the rolls every case not clearly entitled to relief before winter comes," Texas Director Adam J. Johnson told county administrators.

Particularly, Johnson would like to know if farmers had difficulty in obtaining cotton pickers. Protesters have reached Washington clients will not leave the relief rolls to toil in the cotton patch.

"If that is true we must remedy it," Johnson said.

"Our relief program was not intended for people who have opportunities to make a living and we don't stand for individuals attaching themselves to the rolls and chiseling their way into the funds intended for honest unfortunates."

NEW YORK, Oct. 4.—A trunk owned by Bruno Hauptmann today yielded what authorities considered one of the most important pieces of evidence in the Lindbergh case, road maps of the Sourland mountain district from which Charles A. Lindbergh, Jr., was kidnaped.

District Attorney Samuel Foley announced the discovery and said Hauptmann had a minute knowledge of the area from which the child was kidnaped and was later found slain.

In the prisoner's arrest, efforts to place Hauptmann at the scene of the crime or to link him directly with the kidnaping have been one of the outstanding and most difficult problems.

Foley said Hauptmann was so well acquainted with the district that he could reproduce from memory small roads of certain areas near Hopewell, N. J.

In addition, Foley said, a German American dictionary was found.

This, he contended, tended to support a theory the writer of the ransom note referred to a dictionary. This was suspected because the small ordinary words were misspelled, while the longer words were almost always correctly spelled.

APPLE YIELD GOOD

WENATCHEE, Wash.—Despite fears that abnormal weather would damage the Central Washington apple yield, early varieties cling to the trees and matured to a deep red as harvest season opened. Growers estimated a larger than usual per cent would grade "extra fancy" standard.

Don't let any wisecracker beat you to the cage that those Dean boys are Cards.

473 High Schools In Football League

AUSTIN, Oct. 4.—A total of 473 schools of the state have enrolled in the University of Texas Intercollegiate League football contest for 1934, according to Roy Henderson, athletic director of the University Bureau of Public School Interests. There are 89 schools participating in conference A, comprised of schools of 500 or more enrollment; 323 schools participating in conference B, comprised of schools of 150-500 enrollment, and 61 schools participating in conference C, comprised of schools of below 150 enrollment.

Bullock Methodist Church Working to Be Held Monday

Bullock Methodist church will have working Monday, October 8, to repair and paint the church building. More buckets and paint brushes are needed. At present there are about four or five four-inch brushes. Men folk are all invited to lend a hand.

This is a community project which will add to the attractiveness of the church. Mr. E. M. Howard of Ranger will indirectly supervise the work.

Seventeen Eastland County Youths To Big Spring C. C. C.

Seventeen Eastland county youths will begin a six months service in a CCC camp at Big Springs Monday morning.

The seventeen which was Eastland county's quota to the camp, who have signed up are as follows: Dave Johnson, Ranger; John Crowell, Rising Star; Elvin R. Ingram, Ranger; John Wesley Dillard, Pioneer; Emmett Baker, Pioneer; Olen Corley, Pioneer; Coe Garrett, Eastland; Horace Herbert, Eastland; Carl Nunley, Eastland; Horace Willoughby, Eastland; Irvin Kennedy, Desdemona; Dan Roch, Gorman; Arno Dupuy, Gorman; Oscar Paul Walton, Cisco; Price McClister, Ranger; Orville Bailey and Herbert Callaway, Cisco.

Funeral Is Held For Ranger Woman

Funeral services were conducted Thursday afternoon, 4 o'clock, for Mrs. C. T. Barrier, 40, who died at her home in Ranger Wednesday night. The services were conducted from the Church of Christ, with Rev. D. W. Nichol, pastor of the church conducting the services. Interment was to be in Evergreen cemetery following the services at the church.

The decedent was born in Maypearl, Ellis County, on Feb. 20, 1894. She is survived by her husband, who resides in Ranger and four children, Pauline, Charles Thomas, Julian Elizabeth and Tennie Ruth. She is also survived by four sisters, Mrs. W. L. Holt and Mrs. Y. I. Brigham of Maypearl, Miss Lucy Reeves of Denton and L. J. Woods of Denton and three brothers, J. T. Reeves of Maypearl, Claude Reeves of Marlin and Shytle Reeves of Denton, the latter living with the deceased's parents, Mr. and Mrs. S. N. Reeves who also survive her.

PREACHING AT STAFF AND COLONY ON SUNDAY

The pastor will preach Sunday morning at 11 o'clock at the Staff Methodist church and Sunday night at about 7:30 o'clock at the Colony schoolhouse. The sermon subject, "Lifting Stumbling Blocks in the Way of the Kingdom," will be used in both the morning and night services, as announced by Rev. Ephraim D. Conway.

GOVERNMENT MAY PROVE GIANT SWINDLE

CHICAGO, Oct. 4.—Losses of \$100,000,000 to Insull investors was due to a "simple conspiracy to swindle, cheat and defraud," U. S. Attorney Dwight H. Green charged today in his opening statement at the mail fraud trial of Samuel Insull and 16 other defendants.

The attorney outlined the case against the men who rose to fame as directors of a \$2,000,000,000 utility empire and saw it crash under the weight of the depression.

"The government will prove each defendant had some part in the scheme whereby thousands were induced to invest millions in the stock of this company by means of false representation," Green said.

ESCAPE HOPES FADED

MT. CARMEL, Pa.—Edward Laseoskie, 20, saw visions of liberty when he climbed down into a manhole at Northumberland county jail. But his hopes dimmed when he discovered the manhole led to a six-inch pipe. He was returned to his cell when guards found him in the manhole.

Wrestling Card On Next Monday Will Be Season's Best

Promoter Charlie Lay has lined up a banner card for next Monday night and according to all advance publicity it will top any card so far this season.

Two new faces will appear against two veterans of the mat, who are very popular with the fans here.

It will be another bargain night for the fans, as a double main event is scheduled. Promoter Lay says the fans get a better run for the money by making the matches finish affairs, as there will be no question as to the winner.

On the first main event our old friend, Bennie Wilson, who defeated Carroll last week, meets a tough and scientific wrestler in Frank (Tiny) Simmons from Seattle, Wash. Simmons has wrestled and defeated some of the best boys in the game and is expected to stop the winning streak of Bennie.

On the last half of the card we have Jimmie Murphy (the Wild Irishman), who will meet another newcomer, the Texas speed boy from Houston, Charlie Heard. Heard is one of the fastest speed demons in the game and is also very scientific and tricky. With these capabilities Lay thinks he will offset the wild Irishman's excessive ruggedness and anything is liable to happen.

Horse Show Part Of Nov. 11 Celebration

WACO, Tex.—A horse show is to be a feature of Waco's Armistice day celebration, according to present plans being worked out by Major Thomas E. Miller. Such a show was held on Labor Day and attracted considerable attention. Several thousand people attended the Labor day show and a number of out-of-town horses were entered. Scores of saddle horses from Waco, McLennan and surrounding counties are expected to be entered in the Armistice day event, Major Miller said.

Students Strike Demand Cheaper Sandwiches at School Cafeteria

FORT WORTH, Oct. 4.—Nearly 2,000 of the 2,400 students at Central High school, went on strike at noon today against the "high price" of ham sandwiches in the school cafeteria. About 90 per cent of the total enrollment partook of their noon meal from paper bags or from tin cans purchased at grocery stores.

Strike leaders went about the organization enthusiastically despite pleas of the principal and faculty members. They announced a parade would be held downtown Saturday in denunciation of seven-cent sandwiches. The price last year was five cents a sandwich.

Rising Star And Cisco Men Are to Attend Institute

W. E. Moore of Rising Star, zone relief director and L. L. Hooker, holder of that same position at Cisco, will leave Saturday for Dallas, where they will attend the Social Service Institute from Oct. 6 to Nov. 17.

The institute is sponsored by the Civic Federation of Dallas, a philanthropic organization. It is offered at the request of the Texas Relief Administration under the provisions of the training program of the Federal Relief Administration.

Eastland county was fortunate in having two of its relief employees selected as eligible for instruction in the institute, Hunter George, social service director of the county stated Thursday.

Textile Strikers Patrolling Streets After One Killed

BRIDGEPORT, Pa., Oct. 4.—Scattered groups of textile strikers patrolled the streets today as 44 state police guarded approaches to the James Lee and Sons woolen mills, near which one man was killed and scores injured in last night's rioting.

Temper were raw and the situation was considered ominous.

At Norristown, five deputy sheriffs, who had been guarding the mill since the strike started a month ago, were held on charges of suspicion of homicide. They were arrested after the death of a man who was shot when they fired on strikers who stoned two buses.

To Marry Brother Of Cardinal Pitcher

FORT WORTH, Oct. 4.—Miss Lynn Huggins of Sweetwater, now employed with a Dallas department store, left here today with Mr. and Mrs. Ed Garleton, parents of the St. Louis Cardinal pitcher, Tex. Carleton, to attend the World Series.

They announced they would stay in Oklahoma City where Miss Huggins would be married to their son, Simon, younger brother of Tex. They will be married tonight.

Farmers Borrow On Stored Cotton

HOUSTON.—Loans at four per cent interest will be made to farmers by production credit associations on the security of stored cotton, according to Tully C. Garner, president of the Production Credit Corporation of Houston. The loans will be made in accordance with the Commodity Credit Corporation plan, under special authorization just received from Washington.

"While full details have not been developed," said Mr. Garner, "it is evident that this deviation from our standard interest rate reflects the smaller risk involved in loans against a staple product in storage and the same commodity in process of production.

Associations will carry these loans without risk, since they are eligible to be transferred to the Commodity Credit Corporation.

"Crop production loans bear a standard interest rate of three per cent above the discount rate of the Federal Intermediate Credit Bank of Houston, which, during recent months, has made it possi-

ble for production credit associations to make loans at the rate of five per cent per annum.

There are thirty eight production credit associations in Texas, located in all parts of the state, offering convenient short-term credit for practically all agricultural purposes.

Oil Men to Hold Annual Meeting In Dallas Nov. 12

DALLAS, Oct. 2.—The American Petroleum Institute this year will hold its annual convention in Texas, home of the greatest oil field in the country and producer of 50 per cent of the nation's crude petroleum.

With the session in Dallas, Nov. 12 to 15 close by the famed East Texas pool, A. P. I. officials look to a record-breaking attendance. Already more than 1,300 hotel rooms have been reserved with promise of others to come.

Between discussions of the oil problems of today, visitors to the convention will be offered opportunity to see in person the field which produces more than 400,000 barrels of oil daily and which could, if unleashed, spew forth more than 10,000,000 barrels an hour.

The exact beginning of the oil industry in Texas is a point of dispute. Existence of petroleum in Texas has been known since long before the Civil war. Indians would gather at seep holes to roll in the "sour dirt" in the belief it would cure their ills. Whether wells were drilled to tap its under-surface source cannot definitely be certified.

Even among Texans there is disagreement.

Tell an old settler of Nacogdoches county that the first well in Texas and the southwest was drilled at Corsicana and he will say you are still wrong.

The first Texas oil well was drilled in 1888, the old timers say, and some of them even insist on 1836, antedating the famous Drake well at Titusville, Pa., by 23 years.

For evidence they will give you their word and the word of their fathers, backed by a tour of the shallow field whose existence seems always to have been known. It may be that the true birth-

place of the oil industry in Texas will never be determined. Successive discoveries of oil in the state have clouded the traditional tales. Each discovery clouds them more. So much stress has been placed upon development that the beginning is erased—perhaps forever.

But Petroleum problems have not disappeared with the years. Even as half the nation's crude oil gushes from Texas wells, so many of the petroleum problems do also. It is to them, perhaps, more than to history, that the American Petroleum Institute will turn attention in November.

CROSS ROADS

Special Correspondent

The farmers of this community have begun to gather their points.

Buck and Joe Weekes were in this community Saturday visiting relatives.

Truman Elrod, who is attending college at Ranger, spent the weekend with his parents.

Mr. and Mrs. E. B. Byrd and Miss Maurine Moseley of Ranger visited in the home of R. L. Yardley Sunday.

Ralph Hise is visiting in Albany. "Uncle" Cicero Weekes is visiting his daughter, Mrs. Ben Freeman, in Coffeyville, Kan.

The musical given Tuesday night at the V. E. Pedigo home was enjoyed by all present.

Mr. and Mrs. Herman Nerger visited in the home of Elmer Daffern Sunday.

The people of this community are very sorry to hear of the illness of little Claud Foreman, who is seriously ill in the City-County hospital at Ranger, and we wish him a speedy recovery.

Mr. and Mrs. E. M. Campbell and daughter, Cora, and Miss Una Rae Wisdom visited in the home of Luther Perrin Sunday.

There will be singing here Friday night at 7:30. Everyone is welcome.

We have Sunday school here Sunday afternoon at 3 o'clock. Everyone is invited to attend.

Cases Filed in District Court

A. Clift vs. C. W. Lowery, suit for rent and receivership.

The U. S. Constitution may become too heavy to uphold with so many politicians using it as a platform.

Oil Development In Trinity Moves At Rapid Rate

TRINITY, Tex.—One of the fastest oil developments on record is taking place eight miles northwest of here.

On September 7 Jack and Garrett Boone, brothers, of Houston, brought in a wildcat test on the Trinity State Bank 140-acre tract in Houston county just across the line from Trinity county.

Weeks later more than a dozen wells were drilled and nearly a score were prepared for drilling, the populations of Trinity, Lovelady and Crockett were doubled, and the Texas Long-Leaf Lumber Company's giant mill was running to capacity and building construction was booming.

Acres far from the wildcat well sold and continues to sell for fabulous prices. Oil from the discovery well was being moved in tank car lots over a railroad long declared a losing venture but now considered valuable property.

The apparent introduction of another long-time Texas oil pool interested the Humble Oil Company and more than 70 truck loads of equipment were unloaded. Headquarters for the company were erected in the vicinity and a field camp built.

Hunt Brothers rigged up one and a half miles west of the discovery.

Lacey's Hanner No. 1 derrick three miles west of the wildcat was built and drilling started.

Clearing was made two miles north of the Boone well for East Texas Refining Company's Chris-holm No. 1.

East of the discovery well only 450 feet on Texas Long Leaf Lumber Company land, the Boone brothers have sunk another well. Sandy farms that would have sold for \$8 an acre cash three months ago were leased for as high as \$500 several miles from the well. Prices of \$1000 close to the well were reported.

Royalties were being traded from operator to operator, with the cash that bought them resting in the hands of the citizens.

Lawyers and title-busters were questioning everyone looking for "feeble-minded owners or minor heirs," against whom statutes of limitations fail to run. Others were requesting tax certificates to see if property were held in proper title under the limitations laws.

Out of all the confusion caused by the new development one thing

is certain that prosperity is here—oil prosperity.

And the well that started all the excitement continues to pour out oil daily with undiminished supply and pressure.

FINDS SUGAR STREET

ST. CLAIRSVILLE, O.—"Sugar" Johnson tried to turn his automobile into Sugar Street while traveling downgrade at a fast speed. An electric light pole caught his machine, deflected it as it landed against the home of Arch T. Fogle, Belmont County Republican chairman.

By United Press

SHARK TOOK EASIEST WAY

BRANT ROCK, Mass.—200-pound, seven-foot shark sought the easiest way to get his meals and got a sound padding. The shark, attacking the fishing nets and boat of Fred Keene, got away, however, with a 50-pound catch before he was beaten off with oars.

THREE BROTHERS BANKRUPT

TOLEDO, O.—Three members of one Henry County family, all farmers, have asked federal court here to declare them bankrupt. The three: Leonard Konzen, assets, \$4,963; liabilities, \$17,029; Henry J. Konzen, assets, \$5,963; liabilities, 17,170; Edward G. Konzen, assets, \$6,473; liabilities, \$16,989.

KILLED IN \$10 CAR'S WRECK

CONNEAUT, O.—A few hours after he had purchased a used automobile for \$10, John W. Mansfield, 18, of North Kingsville, was killed when it plunged off the road.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel weak and sick and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. You often wake up in the morning. Your head aches and you feel drowsy and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and go." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. Slight drug store. ©1931 C. M. C.

STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF AUGUST 24, 1912, OF THE PUBLISHER AT RANGER, TEXAS OCTOBER 1, 1934

STATE OF TEXAS, County of Eastland. Before me, a notary public in and for the state and county aforesaid, personally appeared F. D. Hicks, who being duly sworn according to law, deposes and says that he is the manager of the Ranger Weekly Times and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper), the circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of publisher, editor, managing editor, and business manager are:
Publisher—F. D. Hicks, Ranger, Texas.
Managing Editor—W. H. Mayer Jr., Ranger, Texas.
2. That the owners are: (Give names and addresses of individual owners, or, if a corporation, give its name and address of stockholders owning or holding 1 per cent or more of the total amount of stock.)
Times Publishing Co. (Owner), Ranger, Texas.
Stockholders: Walter Murray, Ranger, Texas; O. D. Dillingham, Abilene, Texas.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: (If there are none, so state.) None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list as they appear upon the books of the company but also contain cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary capacity for whom such trustee is acting, in which case the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear give their names and addresses as trustee, sold stock and securities in a capacity other than that of a bona fide owner and this affiant has no reason to believe that any other person, association, or corporation has any interest, bond, or other security therein as so stated by F. D. HICKS, Publisher.
Sworn to and subscribed before me this 3rd day of October, 1934.
A. D. TRUE, Notary Public.
My commission expires June 1, 1935.

Troop No. 29 Wins Easily
Troop No. 29, of Carbon, directed by Scoutmaster F. M. Wood, won the rally which was held at Parks Friday night of last week.

Troop No. 9 of Ranger, under the direction of Scoutmaster Steel, took second place, and Troop No. 31 of junior high school, Breckenridge, under the direction of Scoutmaster L. R. Tatum, took third place. The rally was the second district rally which has been staged in the council territory. The next one will be held in DeLeon, Oct. 5, and the fourth at Goldthwaite, Oct. 12.

Scouts were in attendance at the rally from Carbon, Eastland, Clark, Ranger, Breckenridge and Parks. Both scouts and scouters acclaimed it to be one of the best rallies that has ever been held in the north section. Another similar one will be staged during the next quarter.

Applies for Eagle Rank
The office has received application from Scout Alwin Highers, Troop No. 18, for eagle rank.

All scouts who attended the last period of the summer camp will remember Alwin, and we are sure will be glad to know that he is sprouting his eagle wings.

Contest
Scoutmaster R. A. Steel of Troop No. 9, Ranger, is having an inter-patrol contest—two patrols against two other patrols, using the same point system. If the scout pays his dues on time he receives 10 points, present 5 points, church attendance 3 points, good turns 2 to 4 points, rank advancement 10 points, and merit badges 3 points each. The contest is scheduled to close the last day in October. We are anxious to see a report from Scoutmaster Steel as to the results, and will be glad to give them in this column at that time.

**Whooping Cough
One of the Most
Dangerous Diseases**

AUSTIN, Texas.—There is no other communicable disease as dangerous as whooping cough to the very young, and there is no other disease causing an equal amount of suffering of which parents show such an unconquerable disregard, not only for the safety of their own little ones, but for the lives of the neighbor's children," said Dr. John W. Brown, State Health Officer. "There is no natural immunity against this disease during the first six months of life as there is against measles. It is at this age that whooping cough strikes its hardest blow and over 50 per cent of deaths occurring in children are under one year of age. The disease is usually transmitted by direct contact with the secretions of the mouth or nose, and only a very short exposure is required to contract the infection. Handkerchiefs, drinking cups and toys also may transmit the infection."

"The infection is communicable from the appearance of the first symptoms and is most contagious at this early period when the nature of the affection can only be suspected. The incubation period is commonly seven days. A slight fever, running of the nose and a cough make their appearance so gradually and insidiously that a diagnosis is practically impossible unless a history of exposure is obtained. When the 'whoop' appears there is no mistaking the disease. If there is whooping cough in your community keep other children away from your little children and keep your children at home. Call your physician early. Isolation of all cases for at least two weeks from the development of the characteristic cough should be rigidly enforced."

FRANKELL

Special Correspondent
Miss Bertha Mae Poland entertained with a party last Saturday night. Everyone reported a nice time.

Mr. and Mrs. Bill Brown, who have been living near Union Hill, have moved to Frankell.

Mrs. Poland and children, Bertha and Garland, Mr. and Mrs. H. C. Knight and children, Nolan, Norman and Bessie Pear, Miss Rosalie Morris, Mr. Elmer Morris, Mr. Glenn Knight, Mr. J. W. Hodges, Miss Elton Brown and Mrs. L. C. Smith visited in the home of Mrs. W. A. Knight and family.

There will be a program at Frankell Friday evening. Everyone is invited to attend.

Mr. and Mrs. Earl Knight and children visited Mr. and Mrs. W. A. Knight and family Saturday afternoon.

Mae West Comes to Arcadia Friday 11:15 p. m.

Mae at Her Best in Glamorous Picture of Glorious Nineties

The picture the whole country is talking about has been secured for a showing at the Arcadia Theatre Friday for a midnight show. This picture is "Belle of the Nineties" which stars the one and only Mae West.

As the queen of hearts and diamonds, who takes Dixie by storm and charm, Miss West returns to the period of the Gay and Naughty Nineties in a lavishly dressed, handsomely mounted and thoroughly engrossing entertainment.

Roger Pryor, John Mack Brown and John Miljan are the three important men in Mae's life in this picture which was directed by Leo McCarey. Duke Ellington and his band have a featured spot.

New Orleans is locale for this Gay 90's film. In preparation for this film Miss West read all the available volumes and studied one thousand photographs of old-time New Orleans.

The Blond Movie Queen of Filmland will be remembered in "She Done Him Wrong" and "I'm No Angel," which pictures were screened at the Arcadia soon after their release. "Belle of the Nineties," her latest, is rated as her best entertainment. In this picture Mae sings "My Old Flame," "Troubled Waters," "Memphis Blues," "American Beauty," and "When a St. Louis Woman Comes Down to New Orleans."

A Perfect Story To Bring Favorite Back to the Films

Prolonged absence of Harold Lloyd from the screen can be attributed to several reasons. The principal one has been a lack of what he regarded as suitable material. When it is considered that Lloyd for 15 years has been making comedies loaded with gags, and touching almost every conceivable angle of comedy, slowing down in idea development can be expected.

Two years have elapsed since the comedian was seen in "Movie Crazy." During that period Lloyd decided on a definite change in policy. Straight gag comedies, he realized, were becoming passe. He was facing a critical moment in his career which had been one unbroken string of successes. Instead of trying to surpass the gaze in "Movie Crazy," Lloyd determined to go in more for story and characterization, which offered comedy possibilities of course.

When Clarence Budington Kelland submitted the proofs of his story, "The Cat's Paw," which ran in the Saturday Evening Post as a serial, and subsequently, produced as a novel, the comedian found it to be exactly what he had in mind. It had an unusual story, a definite characterization, smart dialogue, as well as comedy and drama mingled. Lloyd stayed right with the main stem of the story, devoting only when necessary for picture purposes, and Lloyd feels he undoubtedly has produced the "different" picture he visualized. Whether prolonged absence from the screen has taken a popularity toll, Lloyd believes, will be answered by "The Cat's Paw," which comes to the Arcadia theatre on Monday. "This is a fast-moving age," Lloyd says, "and people forget in a hurry, but I am hoping, to say the least, that absence makes the heart grow fonder—providing you have something to give."

ARCADIA MONDAY

Two heads are better than one—and Harold Lloyd and Una Merkel prove it in the comedian's newest story, "The Cat's Paw."

IN NEW FILM

Mae West Paramount screen sensation, is starring in her third, "Belle of the Nineties," coming to the Arcadia for a midnight showing Friday.

COLUMBIA

John Wayne who will be seen in his latest picture, "Randy Rides Alone," at the Columbia Saturday.

to East Texas, near Tyler, and got back home Saturday afternoon.

Mrs. Worth Smith and children of Ellaville visited her sister and brother-in-law, Mr. and Mrs. Roy Rushing Thursday. Mrs. Rushing went home with her for a week's visit.

Mr. and Mrs. L. N. Williams drove up to Ranger on business Monday.

Mrs. Fred Weider and her son, John, attended the picture show at Ranger Monday, and Mrs. Weider also visited Dorothy Krapp, who is ill at the West Texas Clinic and Hospital.

Mr. and Mrs. Robert Snead attended the De Leon fair Friday and visited his parents.

The Parent-Teacher association met at the school house Thursday afternoon and her a very good attendance and interesting program.

Mrs. Mattie Henry drove up to Ranger on business Thursday. Rev. and Mrs. W. M. Ford and their sister, Miss Capitola Browning, drove over to Gorman on business Thursday.

Mrs. C. T. Williams, formerly of Desdemona but now of Olden, drove down Friday and brought her daughter, Roris, to the football game between Olden and Desdemona.

Mrs. A. T. Campbell and her mother, Mrs. W. T. McCannely of Hamlin, and Mrs. K. F. Kirk of Ranger, visited Mrs. A. C. Robert and other friends here Thursday. Mr. and Mrs. Campbell lived here before he was transferred to East Texas.

Weldon Rushing came in Monday for a few days visit with his mother, Mrs. J. H. Rushing, Sr. Due to the scarcity of houses near Arp, he has not been able to get

on so his mother could stay with him there. Clarence Jones, who was with Weldon, visited his mother, Mrs. Eula Jones. Mrs. Clarence Jones and baby stopped at Gorman to visit her relatives.

Jay Malby of Kilgore spent the week-end here with his parents, Mr. and Mrs. C. W. Malby. His brother, Glenn, went back with him.

Miss Romalee Wright and Miss Nell Robert who are attending John Tarleton College at Stephenville, came home for the week-end. They are both well pleased with the college. They stay at the dormitory.

The "21" Study club met on Tuesday Sept. 25, at the club house. The meeting was called to order by the president, Mrs. A. B. Henslee, who conducted a short business session, after which Mrs. John Mendenhall led the program. This was the second of the series

on "The Art of Living." The first number was "The Glorious Middle Years," by Mrs. C. W. Malby. Next was a paper on "Shelves and Brackets," by Mrs. Arnold Anderson, and the closing paper was by Mrs. Mendenhall on "Invitations For All Occasions."

Mr. and Mrs. A. B. Henslee and children attended the De Leon fair Friday night.

Mr. and Mrs. E. T. Sterling spent Wednesday at the Cisco dam.

Mrs. A. T. Wilhite and children of Crane visited her parents, Mr. and Mrs. J. R. Buchan, Saturday and Sunday.

Desdemona football boys won over Olden by a score of 7 to 0 Friday afternoon on the local grounds.

Mr. and Mrs. Leonard Gentry and children of Duncan, Okla., spent Saturday and Sunday here with her brother, J. H. Rushing, Jr., and her mother, Mrs. Grace Bray.

Mrs. Henry Gentry returned Saturday from Mineral Wells, where she had spent a week. Her mother-in-law, who had been in a hospital there, came home with her.

Monday Mrs. C. H. Everett of Olden visited her daughter and son-in-law, Mr. and Mrs. Bailey Stark, who have an apartment at the Bedford Hotel. Mrs. Everett was accompanied by her daughter-in-law, Mrs. E. H. Everett. Mr. and Mrs. Bailey Stark and Mr. and Mrs. E. H. Everett had a double wedding at Stephenville on Monday, Sept. 24. The ceremony was performed by the pastor of the Baptist church. Mrs. Stark was formerly Miss Jane Everett and Mrs. Everett was Miss Angie Stephens of Olden. These popular young people are receiving congratulations from their many friends.

Ernest Jones of Brownwood was here on business Monday.

New York city has a small post-office in Chinatown only eight feet square. Chinatown must vote republican.

'Choose Fashions Most Becoming To You'

Says Orry-Kelly Famous Hollywood Designer in the Sixth of a Series of Personal Interviews

ORRY-KELLY Designer of Fashions for Warner Bros. Pictures

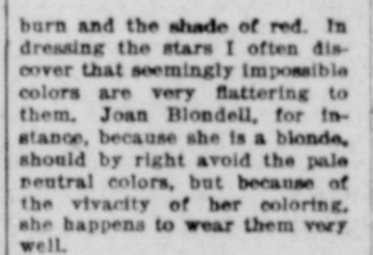

"In dressing the stars of the screen," says Orry-Kelly, designer for Warner Bros. First National Pictures, "one must carefully consider their various personalities, in a choice of clothes which emphasize them. Just as all the details of an ensemble must work together to produce a harmonious effect of smartness, so this completed ensemble must serve as background for the personality of the star who wears them. No clothes, no matter how smart or how beautiful, should ever submerge the person. And, as every woman is the star in her own picture, the same thing applies to her.

"I am not going to attempt to tell you exactly which clothes are most suited to you as an individual. There are too many subtleties to personalities for anyone to sit down, sight unseen and give definite rules. However, I can tell you a few general principles which I apply here in the studio. Perhaps they will help you to discover which clothes will do the most for you.

"First of all, in selecting the fabric of your costume, remember, that dull finishes are most slenderizing. Diagonals and up an down ribs tend to give you height. Cross-wise effects make you look shorter. If you wish to achieve a slender appearance, avoid shiny or glittery fabrics such as satins or metallics. You know how mirrors give the illusion of size to a room. Mirror-like fabrics do the same to the figure. Nothing shows up these tricks that fabrics play so perfectly as the moving picture camera.

Color Important

"Color, too, can either contribute to your beauty or detract from it. I would not attempt to tell you that because yours is such and such a color you can or cannot wear certain specific shades. So many other things about you can influence this—the color of your eyes, your complexion, your personality. It is generally conceded that if your hair is auburn, you cannot wear red. But much depends upon the shade of au-

JOAN BLONDELL Star of Warner Bros.—First National Pictures

burn and the shade of red. In dressing the stars I often discover that seemingly impossible colors are very flattering to them. Joan Blondell, for instance, because she is a blonde, should by right avoid the pale neutral colors, but because of the vivacity of her coloring, she happens to wear them very well.

Test Colors

"In choosing the colors best suited to you, do as we do in the studio. Test them, against your face and hair. But one word of caution—don't make these tests under soft flattering lights. Do it in the cold light of day. Study yourself at your worst in private if you want to appear your best in public. In choosing evening colors, look at them under artificial light. No one knows better than we do how many tricks lights can play. But be sure the light is strong, that it gives you the whole truth!

"Every detail in your costume should be chosen from the point of view of 'how becoming' it is as well as 'how smart'. Even stockings, I believe, should be keyed to the companions of their wearers in addition to the clothes they complement. By this I do not mean that one should wear tones. The smartest stockings are much much darker than one's skin. But they should possess the same tonality. For this reason I have designed Screenline shades which provide each star I dress with the exact smart shade of hosiery that best keys in with her complexion, and therefore, blends well with other colors which become her. An unimportant point? Not to the woman who insists upon perfection!

DARROW'S PUPILS HONORED
JEFFERSON, O.—Judge James W. Roberts, one-time law pupil of Clarence Darrow, has just been named Chief Justice of the Appellate Court of Ohio. In 1880, the Chicago criminal lawyer, then a struggling barrister at Andover, O., near here, took young Roberts under his tutelage. He passed the bar the next year.

DROWNS IN YARD TUB
OXFORD, O.—Eugene Greer, three, was drowned when he fell into a tub of water while playing in the yard of his parents' home. His father, searching, finally found his body in the tub.

You shouldn't object to the number of new books on the New Deal, especially if you're troubled with insomnia.

WHAT HELPS HAIR and HURTS MOTOR OIL?

The answer is petroleum jelly! This thick, jelly-like substance gives motor oil, when cold, a deceptive body which turns water-thin the moment your engine heats up. Don't be fooled—ask the nearest Sinclair dealer for the oil with the genuine full body—Sinclair Opaline. Petroleum jelly is removed from Opaline at as low as 60° F. below zero—a much lower temperature than is required for just removing wax. Ask the Sinclair dealer.

RANGER WEEKLY TIMES

SECTION TWO

VOLUME I.

RANGER, TEXAS, FRIDAY, OCTOBER 5, 1934

NUMBER 37

PROMISES ARE MADE IN TALK BY PRESIDENT

WASHINGTON, Oct. 1.—President Roosevelt today reassured the nation concerning the permanency of the new deal, pledged a fair profit system for business and promised a truce to end the dickering of capital and labor.

In the most important of his famous messages to the people, he foresaw a future prosperity solidly built on a sound foundation.

Admitting frankly that there may have been some imperfections in his battle against the depression, he pledged himself to lead the country under a banner of liberty to greater freedom and greater security for the average man.

He accused his critics of coming out of their storm cellars and forgetting there had been a storm, gave his word that the administration would redouble its efforts to find jobs for the jobless and compared the recovery program with that of Great Britain.

He ignored demands he promise to make no more government experiments. He initiated instead what may become one of the most far-reaching experiments of all—the end of strike, strikes and lock-outs through a three-way contract between himself, industry and labor.

Mr. Roosevelt's address was couched in simple phrases. It bristled with contempt for do-nothing critics and promised a fight for a more abundant life for Americans.

W. B. Collie Made Crime Board Member

AUSTIN, Oct. 2.—Senator W. B. Collie of Eastland, from the 23rd district, was announced Monday by Lieut. Governor Edgar E. Witt as one of the members of a committee established by the Texas senate to investigate causes, extent and effect of crime.

Others appointed besides Collie were Senators W. R. Poage of Waco; J. W. E. H. Beck of De Kalb, Frank Rawlings of Fort Worth, Will M. Martin of Hillboro. The investigation came by way of a senate resolution.

Oil Belt Teachers Executives Hold Meet at Abilene

The Executive Committee of the Oil Belt Education Association met at the Hilton Hotel at Abilene at 7:00 p. m. Monday, Oct. 1, at the call of Supt. R. F. Holloway, president of the Association. The following members were present: Supt. R. F. Holloway, President of the Association and Chairman of the Executive Committee; Prin. Thos. E. Pierce, Vice President; Prin. L. E. Dudley, Past President; O. G. Lanier, Secretary Treasurer; Supt. C. Wedgeworth, Chairman of the Program Committee; Co. Supt. B. E. McGlamery, Chairman of the Legislative Committee, and Prin. H. Brandon, Chairman of the Resolutions Committee. Supt. R. D. Green of Abilene city schools and Supt. B. H. McLain of the Sweetwater city schools were present at the invitation of the committee.

The theme of the meeting will be "Curriculum Revision." The theme is one that is being fostered by the State Teachers Association, the State Department of Education, the University of Texas and other educational agencies.

It is the beginning of a four year program of curriculum revision. Dr. Fred C. Ayre of the University of Texas, Dr. Stigler of the State Department of Education, Dr. D. M. Wiggins of Simmons University and other educational leaders of the state have been invited to appear in the program.

A large number of superintendents, county superintendents, principals and teachers is expected to attend the meeting. The Oil Belt Education Association comprises fifteen counties in this section of the state.

The Spring meeting of the Association will be held in Mineral Wells sometime during the month of March, 1935. The date has not been set.

Two Rural Schools Began Term Monday

Romney and Reich rural schools began their terms Monday.

The Romney school of which Jodie Jordan is principal, is of nine months term. Reich school runs for seven months. Mrs. G. Pollard is its head.

Breckenridge to Have Homecoming For Old Timers

BRECKENRIDGE, Sept. 29.—If present plans carry Breckenridge will stage a mammoth homecoming for former boom-time residents Oct. 26-27.

A program is being arranged for the two days, the piece de resistance being the football game between the Buckaroos and the Cisco Lobes on Oct. 26.

Among the features will be a downtown parade featuring a band contest, the football game, prize fight, dance, golf tournament, open house at the country club and tea for the ladies and a stag party.

Hundreds of invitations are being mailed out, and scores have already signified their intention of being present.

Local committees totaling more than a hundred members have been named and are now active in making preparations. Every former resident of Breckenridge is invited to be present.

Report of 11th Court of Civil Appeals Friday

The following proceedings were had in the court of civil appeals for the 11th supreme judicial district:

Affirmed—Texas Employers Insurance association vs. Mrs. Marguerite Ritchie, Howard; Casualty Reciprocal Exchange vs. W. T. McKeehan, Stonewall.

Affirmed in Part; Reversed and Rendered in Part—J. L. Jackson, et al, vs. Mike Amador, Wichita.

Appeal Dismissed—Jack Birmingham, et al, vs. Shamrock Motor Company, Young.

Motions Submitted—D. N. Hardy, et al, vs. City of Throckmorton, plaintiff in error's motion for permission to file corrected certificate to transcript; City of Comanche vs. C. M. Edmondson, appellant's motion for rehearing.

Motions Granted—D. N. Hardy, et al, vs. City of Throckmorton, plaintiff in error's motion for permission to file corrected certificate to transcript.

Motions Overruled—D. N. Hardy, et al, vs. City of Throckmorton, defendant in error's motion to dismiss.

Cases Submitted—C. Birk, et al vs. S. B. Jackson, Wichita; W. E. Cornutt vs. Clay County, Texas, Clay; L. M. Lindsey vs. Silas W. Ferguson, et al, Young; N. M. Bassmer vs. F. M. Kotulek, Wichita.

Cases to be Submitted Friday, Oct. 5—M. P. Pois, et al vs. W. S. Langford, et al, Wichita; Lone Star Finance Corporation vs. A. L. Davis, Wichita; J. S. Overstreet, et al vs. Jeff Donnell, et al, Clay; Texas Employers Ins. Assn. vs. R. H. Collier, Wichita.

Congress Faced With Problem of Raising Revenue

WASHINGTON, Oct. 2.—Despite a booming federal income, reminiscent of the prosperous days of the 1920s, congress apparently must increase it still more to meet new deal expenses.

Decorations have just been awarded World War heroes at Ft. Myer, Va. The government always gets its man—if he lives long enough.

Excused from Jury Service Since Was 2 County Resident

Alvin Mayhall, summoned Monday to appear as venireman in the 88th district court, wondered if he was eligible for jury service so he said something similar to: "Judge, I'm willing to serve as a juror but wonder about something."

"What is it Mayhall?" asked Judge B. W. Patterson, presiding judge in the 88th district court.

"Well I pay my land taxes in Eastland county and poll taxes in Erath county," said Mayhall. "I live on the Eastland-Erath county line."

Judge Patterson said since of the unusual situation, Mayhall perhaps was to be excused provided defense attorneys for the case in which he might sit would agree. Attorneys agreed. Mayhall was thanked for his cooperation and patriotism.

Given 2-Year Term On Burglary Charge

Tom Wilson, who last week was tried in the 88th district court, was adjudged guilty of burglary charges and was assessed a two year term in the state penitentiary.

Wilson's term began Aug. 2 of this year, when he was placed in jail, according to a legal entry in the district clerk's office.

Unification of Baptists Is Urged

DALLAS, Oct. 2.—Unification of the Texas Baptist Missionary association and the Texas Baptist General convention was favored by church committeemen who arrived for the Texas unification mass meeting here today.

Both groups said their differences were minor.

The question of unification will be decided at meetings in November.

The Texas Baptist General convention will meet Nov. 6 to 9 at San Antonio. The Baptist Missionary association will meet here Nov. 13 to 16.

'Only Man' Shodder Of Tom Mix Horse Released from Jail

Tom Mix's blacksmith, who officers say got intoxicated in Eastland Saturday night and pleaded for his non-arrest because he was the only man who could shoe Tony, Mix's horse, stayed one day in the city jail and was released Monday.

The man was charged with drunkenness at the city hall, officers stated, and was released Monday morning after a fine was paid.

It was said the man bemoaned the fact that Tony's hoofs were being neglected during his jail tenure because according to his statement, he was the only man who had ever shod Tony.

Mix was in Eastland Saturday playing a circus engagement.

RELIEF AGENTS SEND CHECKS OVER THE STATE

AUSTIN, Oct. 2.—Texas relief directors dug deep into their misery chest today and clutched the remaining dollars.

Checks totaling \$1,200,000 were being written at the state relief headquarters here for distribution to Texas counties. Of the total sum, \$1,018,000 was earmarked for drought relief. Only \$50,000 remained for general relief in Texas' 254 counties.

"This represents all the money we have on hand," State Director Adam Johnson said. "There cannot be another distribution of funds until cash can be realized on the \$1,000,000 worth of bonds now advertised for sale or until Washington grants the application of the governor for \$2,000,000.

More than 200 counties will get portions of the drought fund, but they will average only about 70 per cent of the total amount distributed last month.

Building Permits Show a Big Gain

AUSTIN.—Building permits in 36 Texas cities during August made a substantial gain over July and also over August, 1933, according to the University of Texas Bureau of Business Research.

Total permits aggregated \$1,552,000 against \$1,054,000 in July and \$1,092,000 in August last year, or an increase of about 50 per cent over each of the two comparable periods. The largest increases occurred in Austin, Beaumont, Corpus Christi, Houston and Tyler.

Fire Chief Warns About Bad Flues

Fire Chief G. A. Murphy today issued a warning against use of old flues and chimneys that have not been inspected, and against the practice of running stove pipes out through walls without any metal protection from fire.

"A number of people are using wood stoves," Chief Murphy said today, "without being certain that they present no fire hazards. Many have run stovepipes through walls without proper protection and chimneys in some instances do not go above the roofs, letting sparks present a serious fire hazard. If anyone is uncertain they can call the fire station and a fireman will be sent to inspect the flue and to aid in any way possible to keep down these fire dangers."

It was pointed out that Ranger has a good fire record so far this year and the key rate on insurance would depend largely on keeping down fires. The co-operation of the public was asked in keeping down fires by taking no chances with bad flues, which are one of the chief sources of fires.

NAUTCH GIRLS DANCE

Twelve Arabian nautch girls have been signed for atmospheric sequences in Paramount's "Lives of a Bengal Lancer," now in production with Gary Cooper, Franchot Tone and Richard Cromwell.

CROSBY RUNS PROGRAM

Bing Crosby, currently featured in Paramount's "Here is My Heart," went back on the air Sept. 18, in complete charge of his own program.

Judge Garrett Made Head of West Texas Judges Association

Judge C. L. Garrett, who in January will begin his fourth term as county judge, was elected Saturday at Plainview as president of the West Texas Association of County Judges and Commissioners to succeed Judge Pitts of Lubbock. Judge Garrett and Mrs. Garrett returned to Eastland Sunday.

The election marked the first time in the history of the organization that its head has been chosen from a county as far east as Eastland. The association embraces over half of Texas and includes 120 counties.

Garrett, who was given a 3 to 1 majority in the election Saturday, was named as the West Texas association's choice as head of the state group last year and it is likely he will be chosen head of the state group which meets next spring. Heads of the state group are elected alternately from East and West Texas.

MITCHELL IS FOR DIRIGIBLE FORCE FOR U. S.

WASHINGTON, Oct. 2.—Brig. Gen. William E. Mitchell, former military aviation chief, today recommended construction of a powerful war fleet of dirigibles and told the federal aviation commission that "gross stupidity" was responsible for American airship disasters.

Fifty dirigibles could, he said, "attack Japan in two days and there would be nothing left of Japan."

The crash of the Akron last year, he said, was "a disgraceful performance."

"How anyone could have taken a ship out on a night like that and then steer at full speed into the storm at low altitude is inconceivable."

1,000 HEAD IS QUOTA SET FOR FIRST 2 WEEKS

Authorization for the resumption of cattle buying was received Tuesday morning by County Agent J. C. Patterson with a quota which was set at 1,000 for the coming two weeks. The program will get under way this week.

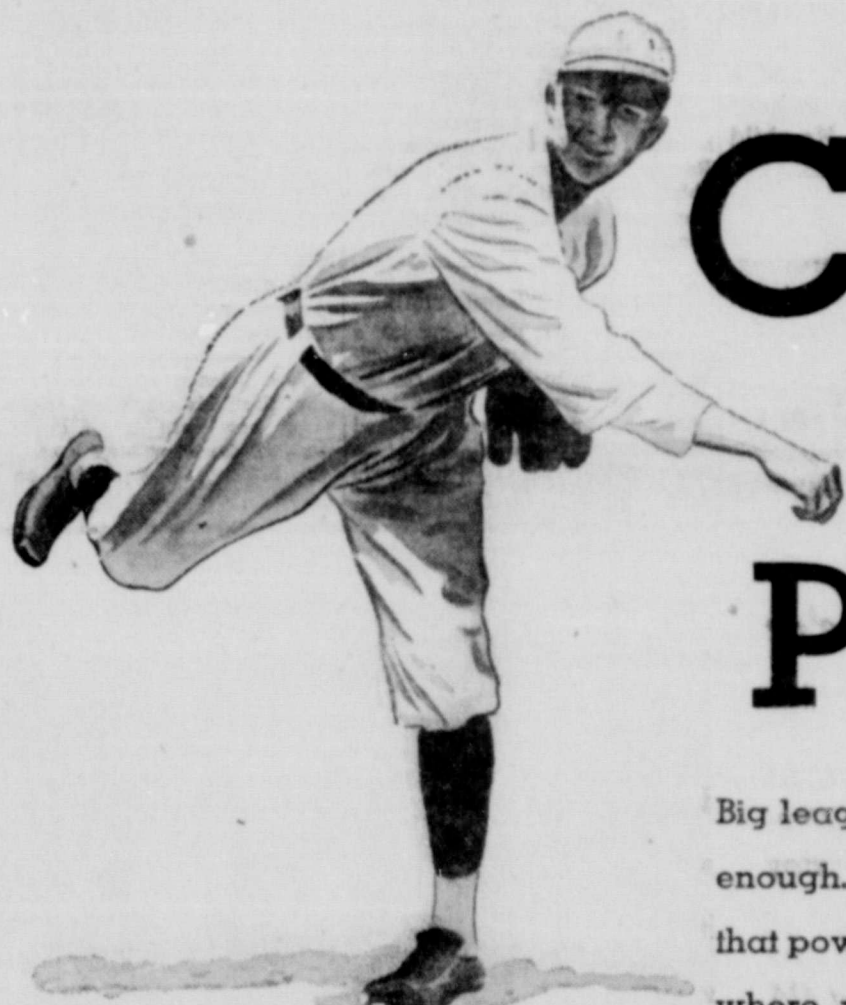

Patterson said Tuesday that it is the intention of the workers to give partial relief to all by buying a number of head from all owners. Veterinarians and appraisers formerly connected with the program will continue in the same capacities.

SANG ON THE JOB

Francis Lederer, star of Paramount's "The Pursuit of Happiness," was fired from a leather-maker's shop as a youth because he sang while he worked.

TAUROG WITH "OUR MARY"

Norman Taurog, director of Paramount's "Mrs. Wiggs of the Cabbage Patch," was Mary Pickford's leading man in both the stage and screen versions of "The Good Little Devil."

Control of Power

Big league pitchers know that power is not enough. The important thing is to control that power—particularly in tight situations where you've got to bear down to win.

MICKEY COCHRANE
Manager of the Detroit Tigers
says: "I've caught a lot of great pitchers and they've all had two things... power and control. That's what has put us up there this year. All top-notchers have it—in baseball and in other lines of sport."

The Ford V-8 gives you all the power you need—and some to spare. But that's only half the story. It performs superbly because it gives you sure, effective control of that power.

Speed that takes you over the pathways of the world and brings you safely home, as fast as you want to go. Stability on curves and a feeling of confidence in every tight situation. A quick change of pace that saves you minutes in traffic.

The Ford V-8 shortens distance, not so much by its potential top speed, but by the swiftness with which it resumes running speed after the inevitable stops and pauses.

It's a seasoned campaigner—this Ford V-8—and it has proved it can take it in many severe tests. It has scored important victories in road races at Elgin, Jacksonville, Los Angeles and Targio Florio. On Labor Day, three Ford V-8 cars broke all previous stock car records for climbing Pike's Peak. The Fords in this climb were equipped with high-compression cylinder heads, optional equipment for altitude driving. The V-type engine holds every major speed record on land, on water and in the air.

Every day—on every road—in the hands of hundreds of thousands of motorists—the Ford V-8 is proving its leadership both by outstanding performance—and by low cost of operation. Drive it yourself and see what a tremendous difference the V-8 engine makes.

RADICAL THEORIES WEAR DOWN WITH TIME

Is the United States going radical? Is this country being ushered into Socialism through the back door?

Every political discussion you hear these days hinges around those questions. But nobody knows the answer. And one of the reasons is that people forget to ask first, What is radical? What is Socialism?

That depends. Let's dig into the dusty files of the Library of Congress and retrieve a forgotten document. It is the Socialist Party platform for 1912. The Socialist Party then was radicalism par excellence. Socialists were then what "Reds" are today.

The Socialist platform of that pre-war campaign of 22 years ago starts out with the familiar Socialist thesis that there must be war between the classes, and that Socialism must replace the present capitalist economic system in toto. But, in the meantime, here are some of the demands proposed pending the day:

Public ownership of railroads, telegraph and telephone lines, wireless telegraph, (sic), express and all transport lines, grain elevators, stockyards and distributing agencies, mines, quarries, oil wells, forests, and water power. Conservation of natural resources; reclamation; development of water power projects. How much of that is coming true today, every day's newspaper will tell you.

Collective ownership and democratic management of the banking and currency systems was demanded. Government relief of the unemployed "by the extension of all useful public works" was proposed.

In industry, a shortened work day with a day and a half of rest each week for every workman (the 10-hour day, or at best the eight, was standard in 1912). No child labor under 16 years of age. Minimum wage scales. Unemployment, old age, accident and disease insurance at employers' expense.

The political demands were even more interesting. They include a graduated income tax, increase in the corporation tax and inheritance taxes. Equal suffrage for women. Collective ownership of patents.

Initiative, referendum, and recall, and proportional representation. Abolition of the Senate (this was just before direct election of senators) and no more presidential veto. Abolition of the "usurped" power of the supreme

court to declare laws unconstitutional. Easier amendments of the Constitution.

Creation of a Department of Labor (one of Wilson's first acts on being elected). A Department of Education. Curbing of the injunction power, and calling of a convention to revise the Constitution.

Those were the important planks of the most radical platform presented to the people in 1912. You may judge how radical it sounds today, and how far we have come along the road it points out.

"Lumberjacks" to Have a Part In Tyler Rose Festival

TYLER.—The famous "Lumberjacks' Band" from the Stephen F. Austin State Teachers College at Nacogdoches will have a prominent place in the mammoth floral parade of the East Texas Rose Festival here next month, it was announced today.

The parade, which festival association officials say will be "the most spectacular event of its kind ever staged in 'East Texas'" will be on the morning of Oct. 12, second day of the festival.

The "Lumberjacks' Band," made up of more than 40 musicians from the college, has built up an enviable reputation throughout the state through numerous appearances at conventions and public gatherings. Garbed in attractive uniforms, the band presents a striking appearance and invariably proves a strong drawing card on any program.

The city of Nacogdoches also expects to send a delegation of rose lovers and civic leaders to the festival. The party will be headed by Robert Hall, manager of the Nacogdoches Chamber of Commerce.

REV. LOVELL PREACHES

Rev. Johnnie Lovell preaches to a very large crowd, the building absolutely filled, people standing. The crowd listened with intense interest as a forceful message was brought. Bro. Lovell will preach in Ranger each Monday night, probably taking up the book of Revelations and teaching it chapter by chapter.

BREAKS LEG 20th TIME

LANCASTER, O.—Being just a "regular boy" caused Alred Stohlmeyer, 12, to break his leg for the 20th time recently. Time and again, Alred has been cautioned not to play too roughly. But he can't resist. The result is always a broken leg.

Cisco District Rally Program Arranged

There will be a banquet and rally of the Methodist people in the Cisco district conducted at the Ranger First Methodist church next Tuesday night, Oct. 9, at 7 o'clock, with the presiding elder, Rev. O. F. Sensabaugh, in charge.

The program will include the following: Address: "The Background of the Methodist Centennial," Rev. P. W. Walker, Dublin.

Address: "High Peaks of the Centennial Celebration at San Antonio," Rev. F. L. Turner, Cisco.

Address: "Methodism's Forward Look," Rev. H. S. Goodenough, Breckenridge.

A singing contest between quartets from Dublin, Cisco, Eastland and Ranger.

Reports from pastors of the district.

Goals to be reached by the close of the conference year Nov. 7.

Supreme Court Rules Allred's Name Goes On the Ballot

AUSTIN, Oct. 3.—The state supreme court of Texas today stood as an effective barrier to the attempt to keep James V. Allred off the general election ticket as democratic nominee for governor. A motion filed by Joe Burkett of San Antonio, attorney for three plaintiffs, contesting certification, was overruled by the supreme court on five grounds late yesterday.

INFANT CHILD DIES

The infant child of Mr. and Mrs. H. Strong, 1009 Desdemona road, died Tuesday and burial services were conducted today in the Merriman cemetery.

The Chicago restaurant owner who hired his employees' wives to watch how hard their husbands work all day must have been playing bridge every night—on request.

GORDON

Special Correspondent

Mrs. Fred Townsend attended a bridge party at the home of Mrs. Harry Wheelon, last Friday, at Ranger.

Mr. and Mrs. Willis Vaden and children left Saturday on a vacation trip, going from here to Blanket, then to Glen Rose and Hillsboro.

Mr. and Mrs. A. E. Henegar of Graham spent the week-end with Mr. Henegar's father and mother, Mr. and Mrs. E. A. Henegar.

Students home for the week-end from John Tarleton college, Stephenville were Dorothy Sue James, H. A. DeFord, Leonard McDaniels, Joe Roberson and J. L. Mitchell.

Mrs. Charles Beegs entertained the Lone Star Bridge club last Thursday. Those who enjoyed the afternoon were Mrs. White, Mrs.

Carling, Mrs. Lee, Mrs. Townsend, Mrs. Vaden and Misses Peggy Spurling and Doris Roye. High score went to Miss Roye.

Mrs. A. E. Kinnaird of Thurber visited in Gordon last Thursday.

Mr. and Mrs. C. B. Long of Wichita Falls are spending the week-end on their ranch.

Mr. and Mrs. M. O. Shook and daughters, Frances and Sue, Colvard were Fort Worth visitors Monday.

E. L. Henegar and Miss Mary Ellen attended the dance at Thurber Saturday night.

Mrs. D. Davis and Mrs. Clem were Strawn shoppers Saturday.

Mrs. Cecil Louks of Ranger spent Sunday with her father and mother, Mr. and Mrs. Tobe Mayo.

Miss Clarice Pitts, who is attending business college in Fort Worth, spent the week-end with

homofolks.

Miss Abbie Hammons left Thursday night for Lubbock, where she

will resume her work in the college.

Doyle Roye left Saturday night for Lubbock, where he will enter college.

OLD TIMER WON BET

HANOVER, N. H.—Alton K. (Special Delivery) Marsters, former Dartmouth all-American football star, recently bet Lloyd K. Neidlinger, Dean of Dartmouth College, that the latter could not negotiate a 35-yard dropkick. While the current edition of the Dartmouth football team paused a moment in its practice, Neidlinger stepped back, booted the ball and won the bet. (P. S. Neidlinger was the star dropkicker on the Dartmouth eleven of a decade ago.)

Long - Used Laxative

To be bought and used as needed for many, many years, speaks well for the reliability of Theford's Black-Draught, purely vegetable family laxative. Mr. C. E. Ratliff writes from Hinton, W. Va.: "My wife and I have used Theford's Black-Draught thirty-five years for constipation, — tired feeling and headache. I use it when I feel my system needs cleansing. After all these years, I haven't found anything better than Black-Draught." Sold in 25-cent packages. **Theford's BLACK-DRAUGHT "CHILDREN LIKE THE SYRUP"**

... and while we're talking about cigarettes

I don't suppose you were ever in a warehouse where they were storing hogsheads of tobacco. Anyway here's something interesting:

Liggett & Myers, the people who make Chesterfields, have about 4 1/2 miles of storage warehouses where they age the tobacco.

Down South where they grow tobacco folks say . . .

It's no wonder so many people smoke Chesterfields. The tobaccos are mild and ripe to start with, and then they're aged the right way to make a milder, better-tasting cigarette.

a good cigarette gives you a lot of pleasure—

Chesterfield

the cigarette that's MILDER
the cigarette that TASTES BETTER

Civic Leaders of Dallas Work On Centennial Plans

DALLAS.—Civic leaders here are working at top speed in perfecting their organization and plans to direct activities for the Texas Centennial in 1936. Aware of Dallas' responsibility to create an exposition worthy of the concurrent celebrations to be staged in San Antonio, Houston, Galveston, Brenham, Nacogdoches, Huntsville and other points of historic glamor in the state, those citizens directly responsible for the city's participation in the Centennial's observance, rapidly have whipped into shape an executive set-up bringing into active service leaders in every line of civic enterprise in Dallas.

Machinery to finance enlargements and improvements at the State Fair Park, which is to be the nucleus of the proposed exposition grounds, that will make that plant a fit home for the main exposition in Dallas has been set in motion.

Mayor Charles E. Turner announces that an election soon will be held in which \$3,000,000 worth of city bonds for centennial purposes will be voted. Money raised by this means will be utilized to purchase 96 acres of ground adjoining the present fair park and to construct suitable approaches to the exposition grounds, and beautification and improvement of the grounds. After the city bond issue has been assured, the Dallas City Centennial commission will turn its attention to raising an additional \$2,000,000 from private business interests of the city, as promised in the city's bid for the location of the exposition in Dallas, to be expended for similar purposes.

Already authorized in a previous election are bonds to the amount of \$500,000 for the construction of an art gallery at the fair park, work on which should be inaugurated in the near future.

A permanent program of beautification, including landscaping and construction of gardens and lagoons, is to constitute a part of the improvement program, blue prints for the enlarged fair park already having been prepared. City officials have indicated that they may be expected to expend as much as \$750,000 in an ambitious street improvement program, involving widening of thoroughfares leading to the grounds in order that the flow of traffic in that direction from other sections of the city will not be impeded, even when the anticipated crowds of visitors from every state in the nation are at their peak.

One of Bitterest Political Campaigns Was First in Texas

DALLAS.—One of the bitterest political campaigns held in Texas, not, it is true, the one only recently concluded, but one that is being recalled, was the first held after Texas had become a republic.

The Centennial celebration of Texas independence will be commemorated in 1936, but few of the State's citizens will bother to read of the slander poured forth previous to that historical election, held the first Monday of September, 1836.

In that election, Sam Houston won the Presidency with 5,119 votes. Totals of votes cast for the other aspirants were: Stephen F. Austin, 587; Henry Smith (first provisional governor in 1835), 543; scattering, 191. Mirabeau B. Lamar was elected vice president with a majority of 2,699 votes.

So bitter was the campaign that Austin, now long revered as the "Father of Texas," thought it necessary to reply to the absurd charges made against him, his reply being published in Texas Telegraph of which Gail Borden of condensed milk fame was the publisher.

In that election, there were no poll taxes or voting lists. No long term of residence was required. Anyone who wished to vote did so, regardless of where he happened to be at the time, this situation being due to so many persons being in the service of the military and naval units of Texas and to the unsettled condition of the country. The total votes cast in that first election, compared to more than a million cast in Texas this year, indicate how the state has grown.

NOT FAST TALKER

Leo Tracy, now working in Paramount's "The Lemon Drop Kid," avows that he is a fast talker, but that "changing pace" in his speeches, sometimes giving the illusion of speed.

Reports are out that Shirley Temple is really 7 instead of 5 years old. How those film actresses do try to keep their youth!

THREE TRIALS TO BE HEARD IN NOVEMBER

Motions to sever were granted Monday morning by the 88th district court to attorneys of Elmer Van Cleve and Miss Mary Lou Howell, who will be tried in November for alleged connection in the death of L. F. Threet, rancher near Cisco, who was found fatally wounded in his pasture, Aug. 15. Witnesses and witnesses were dismissed.

Motion to continue or put off the trial of Clifford Doggett, also charged in the case with murder, was granted by the court in that Attorney Frank Sparks said material witnesses were absent.

The state, represented by Criminal District Attorney Grady Owen announced he was ready for all three cases.

Three other special venues will in all likelihood be called for the cases in the November term of the court, when Doggett will be tried first.

All three persons, Mary Lou Howell, Elmer Van Cleve and Clifford Doggett were at ease during the court hours Monday morning. Miss Howell at various intervals chatted with a relative and when greeted by District Attorney

Owen replied to his query how she felt by saying, "Mighty fine."

Van Cleve and Doggett, smoking at intervals, talked with officers and seemed unaffected. Both men freshly shaven and tieless, entered the court at 9 Monday morning. Doggett's wife and son for a large portion of the morning sat with him. One of Doggett's sons sat in his father's lap.

Three extensions of time were granted by the court this morning for Attorney Frank Sparks to prepare motion to continue for Clifford Doggett.

Witnesses for Clifford Doggett as indicated by the call of them Monday morning were: J. J. Moats, Bill J. W. Livingston, E. J. McCullough, J. A. Hill, Joe Wilson, W. M. Miller, M. L. Perdue, Mrs. Browning, Earl Doggett, Miss Joyner, Lloyd Whitten, Mrs. Heist, Walter Reeves and W. D. Nicholas.

Witnesses for Van Cleve as indicated by their call were: Frank Brown, Bost Gibson, Cleo Maco, Curly Burnum, J. E. Doggett, R. E. Doggett, H. E. Doggett, M. L. Lindsey, Mrs. M. L. Lindsey, Greedy Simpson, Otis Bolinger, Earl Gilbert, O. P. Curtis, Walter Reeves, J. T. Morris, W. D. Nicholas.

Jafe Alfred of Rising Star, in the absence of Frank Jenkins, attorney for Mary Lou Howell, was present in the behalf of the woman.

Witnesses for Clifford Doggett as indicated by the call of them Monday morning were: J. J. Moats, Bill J. W. Livingston, E. J. McCullough, J. A. Hill, Joe Wilson, W. M. Miller, M. L. Perdue, Mrs. Browning, Earl Doggett, Miss Joyner, Lloyd Whitten, Mrs. Heist, Walter Reeves and W. D. Nicholas.

Witnesses for Van Cleve as indicated by their call were: Frank Brown, Bost Gibson, Cleo Maco, Curly Burnum, J. E. Doggett, R. E. Doggett, H. E. Doggett, M. L. Lindsey, Mrs. M. L. Lindsey, Greedy Simpson, Otis Bolinger, Earl Gilbert, O. P. Curtis, Walter Reeves, J. T. Morris, W. D. Nicholas.

Jafe Alfred of Rising Star, in the absence of Frank Jenkins, attorney for Mary Lou Howell, was present in the behalf of the woman.

Glenn Motley Trial Set for October 11

Thursday, Oct. 11, in the 88th district court has been set for the trial of Glenn "Buddie" Motley, who it is alleged is connected with the fatal stabbing of Clarence D. Herring, CCC member from Flatwood, who was in Eastland at the time of his accident.

Motley, a youth, was caught in Slaton by Eastland county officers recently. The youth, it is said, formerly lived in Albany. He is at liberty under \$6,500 bond. Frank Sparks will represent Motley.

District Rally of Methodist Church Planned in Ranger

Tuesday night, Oct. 9, a district rally of the Cisco district of the Methodist Episcopal church will be held at the First Methodist church of Ranger, at which a large attendance is expected.

A dinner will be served by the ladies of the church, and a price of 25 cents per plate will be charged.

A number of short talks by prominent Methodists of this district will be on the varied program that is being outlined for the rally.

The highlight of the program will be a contest between male quartets from De Leon, De Leon, Cisco and Ranger. It was stated today, with the judges stationed in the audience. These judges will not be announced and their identity will be kept secret until after the decision is rendered in the contest.

This unusual feature of the rally is expected to be both unique and entertaining.

Tarleton to Play Hill Billies Friday

STEPHENVILLE, Sept. 29.—Daniel Baker Hill Billies will play the Tarleton Plowboys here in the Plowboys' third game of the season Friday night. The game will begin at 8 o'clock.

The Hill Billy-Plowboy contest is generally expected to be a hot one. Last year the two teams did not meet. In 1932 the Hill Billies scored 10 to the Plowboys' 9 in an exciting contest at Brownwood; the year before the Tarletonites won by 13 to 7 at Stephenville. If skipping a year's play has not upset the teams' equilibrium, the Plowboys are slated to win the 1934 game on their home field.

Coach W. J. Wisdom today refused to offer opinions about the outcome.

Victoria Will Hold A District Fair

VICTORIA, Texas.—Victoria's annual district fair will be held Oct. 17-20, according to George Hofman, fair association president.

Horse racing will be held each day of the fair. Pari-mutuel betting will be state-supervised. Six races will be run daily.

The queen of the fair will be crowned the opening night of the fair, Hofman said.

Mattress Factory at Eastland Begins Work

Operation of the mattress factory at Eastland began Monday under the supervision of J. M. Herring of Eastland.

Cotton to be used in the manufacture reached Eastland several weeks ago. It is expected the output of the plant will be between 20 and 25 mattresses a week.

Sidelights on Legislators Is Given By An Austin Correspondent

By GORDON K. SHEARER
United Press Staff Correspondent
AUSTIN, Tex.—Rep. Bob Long, Wichita Falls, had the recent special session of the Texas Legislature under his thumb.

Long came to Austin early with a relief bill already drafted. He slipped it into the House bill hopper the moment he arrived and it became House Bill No. 1.

The session dragged through the usual 30 days of time-killing. In the last week the rush began to get bills through. Long's No. 1 bill had right of way. It was also the all-important bill of the session. Legislators had to act on it before they went home.

Among the other bills for which action was sought was the new "hot oil" bill. That, too, was Long's "baby." As author of the relief bill, he had the upper hand. All he had to do (and he did it) was to keep the relief bill back until members consented to act on the oil bill.

Whether it was all thought out in advance, or Long was just smart enough to see the opportunity as it developed, the result was the most clever maneuvering seen at a legislature in Texas for many a year.

Rep. W. E. Pope of Corpus Christi, holds Dallas largely responsible for opposition to mandatory suspension of tax penalties on city taxes. Insistence on making it optional with cities, Pope believes, defeated his bill. Now he has a plan to get even. "When Dallas asks for funds for the Texas Centennial celebration there, it is so much in favor of local option that I am going to propose that it be optional with counties whether they pay a centennial tax."

Rep. Joe McCullough, McKinney, accompanied a party of legislators who visited the Texas prison on properties. Eastham Farm is the one to which "bad" convicts are sent. It is the one from which Raymond Hamilton and Joe Palmer escaped, with Clyde Barrow's aid. One 35-year convict at this "Alcatraz" of the state prison system raises canaries. At Huntsville where the solons attended a prisoners' vaudeville show, they among a convict with two 99-year sentences sing, "Daddy, Dear Old Daddy, I'm Coming Back to You." They wondered when.

The song recalls former Gov. Pat M. Neff's experience on his first tour of the prisons as governor. Intrigued by the melancholy appearance of a negro prisoner, the Governor asked: "How long are you in for?"

"From now on," answered the negro.

How the pendulum swings in legislative affairs was illustrated at the last special session. Business men who have been active in forming organizations to promote economy and keep down taxes, besieged the session with pleas for

Fort Worth May Have Centennial Exhibit In 1936

FORT WORTH.—Efforts are being made to interest West Texas in establishing a Texas Centennial exhibit here in 1936, independent of the main event in Dallas.

The proposal calls for creation of an exhibit expressive of West Texas alone, its history, ranches, oil fields and life.

Sponsors of the movement explain, however, that they have no intention of making the proposed exhibit competitive with the chief celebration in Dallas.

Mayor Van Zandt Jarvis, president of the Southwestern Exposition and Fat Stock Show, and Clifford B. Jones, Spur, manager of the Swenson ranches and former regional advisor for PWA, were among those believing West Texas, especially its cattle and oil industry, would favor an independent exhibit.

"I believe there is much merit

Cannery Approval Seen In Shipment Of Tin Containers

Indication that Eastland will be granted a cannery is interpreted in the shipment of 35,000 cans to Eastland from state relief headquarters last week.

The project has been submitted to Austin relief heads and approval is expected soon.

Meats and all kinds of vegetables will be canned at the factory, which if granted will be located in the Eastland Chamber of Commerce building.

Clock Saved Trousers

WACO, Tex.—Claude Burns set the alarm clock for 5 a. m. and thereby retained his trousers. A burglar had Burns' trousers in hand and was ready to make off with them when the alarm clock rang out. Startled, the intruder dropped the pants and fled.

As an organization, the American Liberty League says it is neither for nor against Roosevelt. As an organization.

Thousands of Women Benefited By Cardui

The benefits many women obtain from Cardui give them great confidence in it. "I have four children," writes Mrs. J. L. Norred, of Lagrange, Ga. "Before the birth of my children, I was weak nervous and tired. I had a lot of trouble with my back. I took Cardui each time and found it so helpful. Cardui did more to allay the nausea at these times than anything I have ever used. I am in very good health and believe Cardui did a lot of it."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Committee Saved State \$285,770 In Cash This Year

AUSTIN, Tex.—The Senate Investigating Committee, created to see a watchful eye on the state's welfare during interims between legislative sessions, has saved the state \$285,770 in cash, thousands of dollars more in future savings.

The committee made a preliminary report to the third session of the 43rd legislature just ended. It showed that the committee's inspection of oil and gas fields of the Texas Panhandle had resulted directly in the payment of \$80,770.66 in additional taxes.

Correction of public school rolls accounted for a savings of \$205,000 more for the state.

The savings effected this year are applicable also to future years.

State Comptroller George H. Sheppard said tax payments increased by \$80,770 from one operator in the Panhandle field following the committee's hearing at Amarillo last April.

Sheppard also said that additional tax assessments will follow the committee's investigation, "and the benefit for the state concerning future payments will far exceed our first expectations."

State aid to public schools is based on the number of pupils enrolled. For many years legislators suspected that some scholastic rolls were "padded" to increase the school's allotment of state funds.

The committee looked into the matter. When school officials submitted their new scholastic rolls this month, State School Superintendent L. A. Wood estimated there would be 7,000 fewer children's names than were on last year's scholastic rolls.

The State Department of Education joined the Senate Committee in ferreting out fictitious and invalid names on the school rolls. The work of both will mean a saving of \$500,000 to the state's available school fund, Superintendent Wood has estimated.

Members of the Senate Investigating Committee serve without pay, and are reimbursed only for

Federal Hospital At Waco Is Filled With 327 Patients

WACO.—The government hospital here is filled to capacity, with 327 patients, according to Dr. Harry Rubin, medical officer in charge. Original capacity of the institution was 308, but demands for hospitalization became so great that additional space was utilized and extra beds installed, making room for more men.

A total of 250 men are now on the waiting list, having been ordered in need of hospital treatment, Dr. Rubin stated. About 10 per cent of the patients at the hospital remain away at home on trial visits.

TAMMANY WITH FIELDS

TAMMANY Young, without whom no W. C. Fields picture is complete, today was assigned his customary role in the Paramount comedian's next picture, "Back Porch."

Corsicana Leads In Football Styles

CORSICANA.—The Corsicana high school football team this year will get some new fashions in football togethery.

In the first place, the Uniforms of players will sport letters instead of numerals for means of identification. Instead of a number, a player will be designated as AA, BB, CC, etc.

It will introduce three-color uniforms, white, blue and gold. Most schools stick to two-color dress.

AN ALL-AROUND JOB
Mae West, star of Paramount's "Belle of the Nineties," is the only woman to direct, produce and star in a play she herself wrote.

Olden Society Is Entertained By Mrs. Middleton

Mrs. Frank Middleton entertained at her pretty home, Connellee lease, Olden, the missionary society with an all-day meeting Monday, Oct. 1.

Dinner was served at high noon in the spacious dining room. The table was spread with white linen cloth centered with beautiful bouquets of roses. The menu consisted of fried chicken, gravy, candied yams, potato salad, peas, Spanish rice, fruit salad, green beans, spiced pickles, cornbread sticks, baked macaroni and cheese, peach pickles, bread, butter, banana pie, coffee, ice cream, and cake.

The afternoon was spent piecing quilts and playing games. Mrs. Kuhn won a prize, two pretty hand-made pot holders, for piecing the prettiest block. Mrs. A. B. Baker won the prize, a beautiful cutglass bowl, in a game that was played.

Those who enjoyed the day were Mrs. Gorman Morton, little June Ann Morton, Mrs. J. L. Kuhn, Mrs. L. S. Hamilton, Mrs. W. W. Pledger, Mrs. J. H. Boles, Mrs. A. B. Baker, Mrs. George Stanton, Mrs. Virgil Hamilton, Mrs. Russell Horner, Miss Sue Hamilton, Mrs. Dave Vermillion, and Mr. and Mrs. Frank Middleton.

Bus Crash Suit Sent To Abilene Court

ABILENE, Oct. 3.—The \$112,000 damage suit of J. D. Hilton and others against the Southwestern Greyhound Lines, Inc., legal aftermath of a bus crash near Cisco last May 19, in which four passengers were killed, has been removed from 88th district court at Eastland county to the federal court here.

Suing in the death of Mrs. J. D. Hilton, the principal plaintiff is asking actual damages of \$32,000, and other plaintiffs, styled as heirs and beneficiaries of Mrs. Hilton, actual damages as follows: Helen Hilton, an unmarried daughter, \$10,000; Bessie Hoffman, \$5,000; Mrs. Clara Young, \$5,000; Homer L. Hilton, \$5,000; and J. B. Hilton, \$5,000. The plaintiffs join in plea for \$50,000 exemplary damages.

Allegation is made in the petition that a radius rod in the steering apparatus of the bus on which Mrs. Hilton was a passenger from Abilene to Eastland May 19 defective. This defective condition constituted the proximate cause of the wreck, the petition avers.

A Southwestern Greyhound bus, en route through Abilene to Dallas the afternoon of May 19, crashed through concrete guards on the Texas & Pacific highway overpass tree miles west of Cisco and plunged approximately 40 feet to the ground below. Mrs. Hilton died from injuries, received in the wreck.

Turner, Seabury & Springer is representing the defendant company in the suit. Plaintiff attorney

LUCKY GIRL

Her mother felt that family physicians and child specialists, and the hospitals must be right. A simple test that proves they are.

MRS. STRONG AND DAUGHTER, NANCY "Dr. Caldwell's Syrup Pepsin brought relief at once," says Mrs. A. G. Strong of 34-47 89th St., Jackson Heights, N.Y.

If anyone in your family is occasionally sluggish or constipated, especially any child, you should know this medical truth:

You cannot get safe relief with any medicine if you cannot regulate the dose. And to regulate dosage, you should have a liquid laxative. With a liquid laxative, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition.

Why Doctors Use Liquid Laxatives A liquid laxative can be measured. Its action can be thus controlled. If properly made, of natural laxative elements like senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help them-

Lampasas Will Have a Reunion

DALLAS, Tex.—On October 10 1934 men and women who have resided in Lampasas county for 50 years or longer will meet at the Lampasas state park and organize the Lampasas 50 Year club, and be tendered an old time barbecue by Mr. C. D. Stokes who has resided in Lampasas for more than 50 years. Mrs. Kate Longfield is registering names of those expecting to attend.

It is expected that about five hundred men and women will qualify for membership.

Another Texan Is Crashing the Movies

DALLAS, Tex.—Another home town girl is making good in the movies.

Clara Lou Sheridan of Dallas and Denton, 11 months after arriving in Hollywood as just another beauty contest winner, has been assigned important roles in two forthcoming films, "Code of the West," and "One Hour Late." She thus becomes one of the two girl winners of an international "search for beauty" contest last fall who remain under contract with a producer.

Miss Sheridan won first place in the Southwestern division of the competition after being chosen in Dallas. She is the daughter of Mr. and Mrs. G. W. Sheridan of Denton but was living here at the time she was chosen contest winner.

Desert Is Found In Central Mexico

LUBBOCK, Tex.—Dr. W. I. Robinson, associate professor of geology at Texas Technological College, explored the southern shoreline of a prehistoric body of water—and found it a desert where rain had not fallen in two years.

Dr. Robinson was one of a group of five geologists who recently returned from making a study of the structure and substance of mountains in that section of Mexico. The project is part of a five year program sponsored by the Geological Society of America.

Rocks found along the ancient shoreline were entirely different from rocks of the same age in Texas, Dr. Robinson discovered. "They seemed more European than American," he said.

Three years will be required to complete mapping the project, Prof. L. B. Kellum, of the University of Michigan and head of the group, estimated.

Other institutions represented beside Texas Technological College are Rutgers College, University of Rochester, and the University of Michigan.

SALE SHOW CANCELLED CINCINNATI.—A Cincinnati engagement of "Elephant on His Hands," featuring Charles (Chic) Sale, was cancelled by producers after dissatisfaction with the show had caused cancellation in Pittsburgh.

TWIN GROWS DAHLIA CONNEAUT, O.—Edwin Wood, himself a twin, grew a triple dahlia in his flower garden.

SUNDAY SCHOOL LESSON

PICTURES OF SILVER By BEULAH K. HICKS

FELLOWSHIP WITH CHRIST

John 15: It was in the upper room in Jerusalem in the year A. D. 30 when Christ with his apostles had gathered around the table for their last supper together.

Christ, weary and worn, with the shadow of the cross dense across his path perhaps glanced out of the window and saw a vine growing. Immediately he took the vine as it grew and made it a beautiful lesson of truth and power.

"I am the true vine and my father is the husbandman." Beautiful as was the vine and great was Christ's appreciation of the beautiful, but much more lovely was the true vine.

Sadly and almost pensively it seems, was his great yearning over these whom he loved and must leave behind to build their spiritual lives.

"Abide in me and I in you." He pictured their spiritual growth in Him "as the branch cannot bear fruit of itself, except it abide in the vine; so neither can ye, except ye abide in me."

The sap from the vine must flow into the branches or it withers and dies. The gardener will clip off the dead branches but the green ones will be pruned and kept neatly in symmetry of the growing garden so that much fruit will be borne.

When this picture seemed clear to the men, Jesus gave them the promise of a haven, a place of grace, where strength may at all times be gained. The promise of answered prayer gives the Christian his strongest hope of abiding in Christ.

The love of the heavenly father for his son was the example Christ used as his love for his disciples. "If ye keep my commandments, ye shall abide in my love," Christ, of whom Isaiah wrote, "and the government shall be upon his shoulders; and his name shall be called wonderful, counselor, the mighty of God, the everlasting father, the prince of peace," sat humbly in their midst even having washed their feet, teaching them the wonderful lesson of love and joy. He was "a man of sorrow," yet his joy in the Father was unbounded.

"No longer do I call you servants; for the servant knoweth not what his lord doeth; but I have called you friends; for all things that I heard from my father I have made known unto you."

Friends on this earth are our greatest blessings; but how much greater is the friendship of Christ who holds all power in heaven and

earth. We did not choose Christ but he chose us that we might grow and bear fruit to glorify his father.

It has been explained that abiding in Christ is not basking in Christ. It requires growth that is pruned to bear the richest fruit. Often the Christian's life leans on weeds and other objects but always the gardener will pull up the offensive weed, perhaps breaking and clipping tender tendrils to make it grow again on the true trellis.

"And that your joy may be made full." The radiant Christian life should radiate joy to the world. It should not be silly and smirking but deep and understanding that brings responsive impulses for good from the world.

This can be gained only through prayer life, asked in the name of Jesus. If the light of his word and spirit shine upon our prayers, silly, vain and useless things will be rooted out.

The victorious life is sought by all Christians and may be had for the asking. If the Christian would deepen their spiritual life by abiding in Christ, personality and strong character would be developed. A character with backbone in it that does not quail at life's severest tasks would be theirs. Strength and peace untold follow abiding in Christ, not just visiting him, who said, "I am the way, the truth, and the life: no

man cometh unto the father, but by me" (John 14:6).

FATHER'S DIARY COST LIFE

UNION, Wash.—Cleve Hauptly's effort to save the three volume manuscript diary of his father, early Washington pioneer, cost him his life. He kept the diary under the county of his store, would let favored customers read it. When a night fire flamed through the building, Cleve Hauptly dashed into the store to save his father's record of Washington's early days. He did not come back.

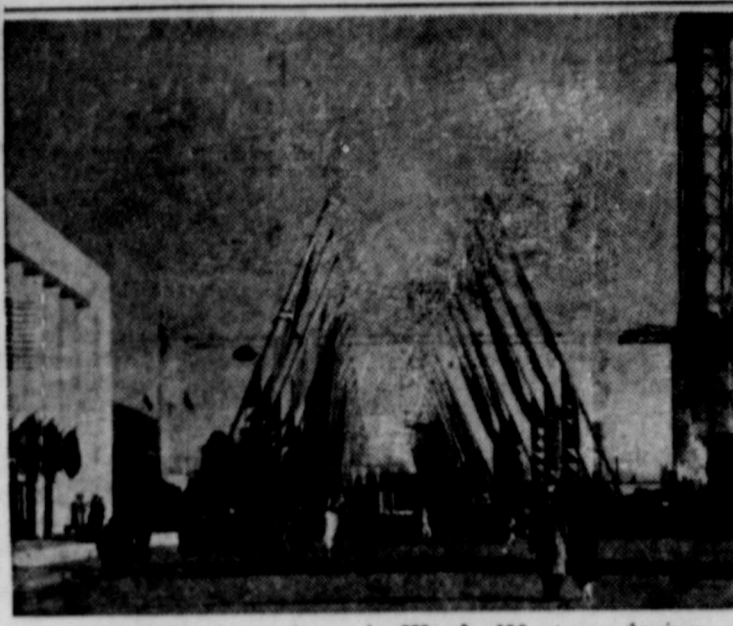

WOMAN, 67, CROSSED U. S.

HARTFORD Conn.—At 67 Miss Harriett E. Willard, Long Beach, Calif., bought an automobile and learned to drive. This year, desiring to return to Wethersfield for the tercentenary of her native town, she drove across the continent alone. After a visit of several months with friends, she started back, alone.

HAIL STORM KILLED DOVES

ALTUS, Okla.—Hundreds of doves, esteemed as game by hunters, were killed in Jackson County by a severe hailstorm recently. Scores of dead birds littered the streets. Inmates of the Jackson County jail were set to work to clear the courthouse lawn of birds knocked from their perches atop the courthouse.

AS MANY WARD WEEK PURCHASES AS VISITORS TO THE WORLD FAIR

Individual purchases in Wards 489 stores during Ward Week, it is estimated will run close to twenty-five millions. This staggering total is approximately the same as the number of the immense throngs which will check through the turnstiles at the 1934 Century of Progress in Chicago.

A QUEER REQUEST KERRVILLE, Tex.—Oddest requests received by the civic trade council include one from a Waco merchant asking for the names of two "reliable" boys who would catch and send him some horned toads. The names of three Boy Scouts familiar with the species were sent in response to the request.

SCOUTS TO VISIT AUSTRALIA SEATTLE.—Twelve Northwest Boy Scouts will sail from Seattle Oct. 27 to attend the international scout jamboree at Melbourne, Australia, in January. They will visit several Oriental ports en route. Frank C. Henderson, educational director of the Seattle area scout council, will direct the tour.

Six-day bicycle race managers are kicking because there are three times as many free passes as paid admissions. But why kick about a dozen more people seeing the races?

A Three Days' Cough Is Your Danger Signal

Don't let them get a strangle hold. Fight them quickly. Creomulsion combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own Druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

TRY A WANT AD—IT ALWAYS PAYS!

THE OPEN DOOR An Open Invitation from Over A THOUSAND MEN

EVER A THOUSAND uniformed Humble Station men invite you to check their products and their service. They want you to tell them, candidly, what you think of the merchandise they sell and the service they render so that they can supply you with the right product at the right price with the right kind of service. To do this is the clear and simple policy which governs our business . . . So we ask you to feel free to criticise, comment and suggest. Cards for your convenience are available at all Humble Service Stations, and our door is always open to what you have to say.

THE HUMBLE OIL & REFINING COMPANY

Humble's fourth quarterly Consumer Check period runs from October 1 to 10; during these ten days special postpaid Consumer Check cards will be distributed at all Humble Service Stations. For the convenience of user who may not make a purchase between the first and tenth, the card reproduced below:

HUMBLE OIL & REFINING COMPANY, HOUSTON, TEXAS.

Gentlemen: I am glad to answer the following questions about Humble products:

MOTOR FUELS: Which of Humble's three motor fuels do you use? _____

What comment have you to make on its performance? _____

MOTOR OILS: Which Humble motor oil do you use? _____

What comment have you to make on its performance? _____

OTHER PRODUCTS AND COMMENTS: _____

FOR A WONDERFUL VACATION STAY AT THE CRAZY WATER HOTEL

A Hotel With A Homelike Atmosphere

*A friendly, restful influence that puts you immediately at your ease.

Offers these distinctive features that make for the good, old SOLID COMFORT that's so necessary to complete rest and relaxation.

*Light, airy outside rooms furnished and equipped with a thought for comfort first.

*Invigorating, rebuilding mineral baths under courteous, trained masseurs.

*Crazy Mineral Water at the noted Crazy Bar, or served to you in your room.

*Food that dazzles even jaded appetites.

*A spacious, but cheerful lobby and drinking pavilion.

*Recreational activities, planned by the staff that is always ready to render "service with a smile."

The beautiful CRAZY WATER HOTEL, nestled in the foothills of the Palo Pinto Mountains is easily reached by paved highway or by rail. Write for full information about our treatment plan.

THE HOME OF CRAZY WATER

Mineral Wells, Texas Henry Love, Mgr.

THREE TRIALS TO BE HEARD IN NOVEMBER

Motions to sever were granted Monday morning by the 88th district court to attorneys of Elmer Van Cleve and Miss Mary Lou Howell, who will be tried in November for alleged connection in the death of L. F. Throat, rancher near Cisco, who was found fatally wounded in his pasture, Aug. 15. Veniemen and witnesses were dismissed.

Motion to continue or put off the trial of Clifford Doggett, also charged in the case with murder, was granted by the court in that Attorney Frank Sparks said material witnesses were absent.

The state, represented by Criminal District Attorney Grady Owen announced he was ready for all three cases.

Three other special venires will in all likelihood be called for the cases in the November term of the court, when Doggett will be tried first.

All three persons, Mary Lou Howell, Elmer Van Cleve and Clifford Doggett were at ease during the court hours Monday morning. Miss Howell at various intervals chatted with a relative and when greeted by District Attorney

Owen replied to his query how she felt by saying, "Mighty fine." Van Cleve and Doggett, smoking at intervals, talked with officers and seemed unaffected. Both men freshly shaven and tieless, entered the court at 9 Monday morning. Doggett's wife and son for a large portion of the morning sat with him. One of Doggett's sons sat in his father's lap.

Three extensions of time were granted by the court this morning for Attorney Frank Sparks to prepare motion to continue for Clifford Doggett.

Witnesses for Clifford Doggett as indicated by the call of them Monday morning were: J. J. Moats, Bill J. W. Livingston, E. J. McCallies, J. A. Hill, Joe Wilson, W. M. Miller, M. L. Pevdue, Mrs. Browning, Earl Doggett, Mrs. Joyner, Lloyd Whitten, Mrs. Helst, Walter Reeves and W. D. Nicholas.

Witnesses for Van Cleve as indicated by their call were: Frank Brown, Bob Gibson, Cleo Macco, Carly Burnum, J. E. Doggett, R. E. Doggett, H. E. Doggett, M. L. Lindsey, Mrs. M. L. Lindsey, Greg Simpson, Ollie Bolinger, Earl Gilbert, O. P. Curtis, Walter Reeves, J. T. Morris, W. D. Nicholas.

Alfred of Rising Star, in the absence of Frank Jenkins, attorney for Mary Lou Howell, was present in the behalf of the woman.

Glenn Motley Trial Set for October 11

Thursday, Oct. 11, in the 88th district court has been set for the trial of Glenn "Buddie" Motley, who is alleged to be connected with the fatal stabbing of Clarence D. Herring, CCC member from Ft. Worth, who was in Eastland at the time of his accident.

Motley, a youth, was caught in Slaton by Eastland county officers recently. The youth, it is said, formerly lived in Albany. He is at liberty under \$6,500 bond. Frank Sparks will represent Motley.

District Rally of Methodist Church Planned in Ranger

Tuesday night, Oct. 5, a district rally of the Cisco district of the Methodist Episcopal church will be held at the First Methodist church of Ranger, at which a large attendance is expected.

A dinner will be served by the ladies of the church, and a price of 25 cents per plate will be charged.

A number of short talks by prominent Methodists of this district will be on the varied program that is being outlined for the rally.

The highlight of the program will be a contest between male quartets from Dublin, De Leon, Cisco and Ranger, it was stated today, with the judges stationed in the audience. These judges will not be announced and their identity will be kept secret until after the decision is rendered in the contest.

This unusual feature of the rally is expected to be both unique and entertaining.

Tarleton to Play Hill Billies Friday

STEPHENVILLE, Sept. 29.—Daniel Baker Hill Billies will play the Tarleton Ploowboys here in the Ploowboys' third game of the season Friday night. The game will begin at 8 o'clock.

The Hill Billy-Ploowboy contest is generally expected to be a hot one. Last year the two teams did not meet. In 1932 the Hill Billies scored 19 to the Ploowboys' 9 in an exciting contest at Brownwood, the year before the Tarletonites won by 13 to 7 at Stephenville. If skipping a year's play has not upset the teams' equilibrium, the Ploowboys are slated to win the 1934 game on their home field.

Coch W. J. Wisdom today refused to offer opinions about the outcome.

Victoria Will Hold A District Fair

VICTORIA, Texas.—Victoria's annual district fair will be held Oct. 17-20, according to George Hoffman, fair association president.

Horse racing will be held each day of the fair. Pari-mutuel betting will be state-supervised. Six races will be run daily.

The queen of the fair will be crowned the opening night of the fair, Hoffman said.

Mattress Factory at Eastland Begins Work

Operation of the mattress factory at Eastland began Monday under the supervision of J. M. Herring of Eastland.

Cotton to be used in the manufacture reached Eastland several weeks ago. It is expected the output of the plant will be between 20 and 25 mattresses a week.

Sidelights on Legislators Is Given By An Austin Correspondent

By GORDON K. SHEARER United Press Staff Correspondent AUSTIN, Tex.—Rep. Bob Long, Wichita Falls, had the recent special session of the Texas Legislature under his thumb.

Long came to Austin early with a relief bill already drafted. He slipped it into the House bill hopper the moment he arrived and it became House Bill No. 1.

The session dragged through the usual 30 days of time-killing. In the last week the rush began to get bills through. Long's No. 1 bill had right of way. It was also the all-important bill of the session. Legislators had to act on it before they went home.

Among the other bills for which action was sought was the new "hot oil" bill. That, too, was Long's "baby." As author of the relief bill, he had the upper hand. All he had to do (and he did it) was to keep the relief bill back until members consented to act on the oil bill.

Whether it was all thought out in advance, or Long was just smart enough to see the opportunity as it developed, the result was the most clever maneuvering seen at a legislature in Texas for many a year.

Rep. W. E. Pope of Corpus Christi, holds Dallas largely responsible for opposition to mandatory suspension of tax penalties on city taxes. Insistence on making it optional with cities, Pope believes, defeated his bill. Now he has a plan to get even. "When Dallas asks for funds for the Texas Centennial celebration there, it is so much in favor of local option that I am going to propose that it be optional with counties whether they pay a centennial tax."

Rep. Joe McCullough, McKinney, accompanied a party of legislators who visited the Texas prison properties. Eastham Farm is the one to which "bad" convicts are sent. It is the one from which Raymond Hamilton and Joe Palmer escaped, with Clyde Barrow's aid. One 35-year convict at this "Alcatraz" of the state prison system raises canaries. At Huntsville where the solons attended a prisoners' vaudeville show, they heard a convict with two 99-year sentences sing, "Daddy, Dear Old Daddy, I'm Coming Back to You." They wondered when.

The song recalls former Gov. Pat M. Neff's experience on his first tour of the prisons as governor. Intrigued by the melancholy appearance of a negro prisoner, the Governor asked: "How long are you in for?" "From now on," answered the negro.

How the pendulum swings in legislative affairs was illustrated at the last special session. Business men who have been active in forming organizations to promote economy and keep down taxes, besieged the session with pleas for

Cannery Approval Seen In Shipment Of Tin Containers

Indication that Eastland will be granted a cannery is interpreted in the shipment of 35,000 cans to Eastland from state relief headquarters last week.

The project has been submitted to Austin relief heads and approval is expected soon. Meats and all kinds of vegetables will be canned at the factory, which if granted will be located in the Eastland Chamber of Commerce building.

CORN STALK HAS 17 EARS

SEATTLE, Wash.—A corn stalk bearing 17 ears was grown in a patch owned by Mrs. H. D. Morse. The ears had no shucks and the "silk" was tangled in such a way that it formed a basket in which the 17 ears rested. The stalk was exhibited at the Payallup county fair.

CLOCK SAVED TROUSERS

WACO, Tex.—Claude Burns set the alarm clock for 5 a. m. and thereby retained his trousers. A burglar had Burns' trousers in hand and was ready to make off with them when the alarm clock rang out. Startled, the intruder dropped the pants and fled.

As an organization, the American Liberty League says it is neither for nor against Roosevelt. As an organization.

Thousands of Women Benefited By Cardui

The benefits many women obtain from Cardui give them great confidence in it. "I have four children," writes Mrs. J. L. Norred, of Lagrange, Ga. "Before the birth of my children, I was weak, nervous and tired. I had a lot of trouble with my back. I took Cardui each time and found it so helpful. Cardui did more to allay the nausea at these times than anything I have ever used. I am in very good health and believe Cardui did a lot of it." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

more spending. The lawmakers chuckled as they contrasted the pleas heard at the "economy session" in Jan. 1933, and those of the last session.

Polls having become popular among newspaper correspondents at Austin, one was taken on the relative chances of Coke R. Stevenson, Junction, and R. W. Calvert, Illinois, to be speaker of the 44th Texas Legislature. One offered to bet two to one that Stevenson is re-elected. Called, he withdrew the strong talk. One thought Calvert a cinch and others called it a toss-up.

When the State Board of Control studied the new Texas Relief Bill to ascertain their duties under it, they found this, "To seek the co-operation of the federal relief agency so that changes may be procured in the federal rules and regulations so funds can be spent more economically and judicially."

Rep. Joe E. Merritt, Snyder, does not use strong language. His exclamation is "Down the country."

Fort Worth May Have Centennial Exhibit In 1936

FORT WORTH.—Efforts are being made to interest West Texas in establishing a Texas Centennial exhibit here in 1936, independent of the main event in Dallas.

The proposal calls for creation of an exhibit expressive of West Texas alone, its history, ranches, oil fields and life.

Sponsors of the movement explain, however, that they have no intention of making the proposed exhibit competitive with the chief celebration in Dallas.

Mayor Van Zandt Jarvis, president of the Southwestern Exposition and Fat Stock Show, and Clifford B. Jones, Spur, manager of the Swenson ranches and former regional advisor for PWA, were among those believing West Texas, especially its cattle and oil industry, would favor an independent exhibit. "I believe there is much merit

in the movement to have a West Texas exposition or celebration here," Mayor Jarvis said. "Dallas may not devote the space and exhibits necessary to telling the world all about the great development of West Texas."

"Fort Worth and the West Texas Chamber of Commerce should get together and work out a celebration either during the Stock Show or some other time."

Jones believes, he said, West Texas would desire "to concentrate much effort at Fort Worth providing it engages in a regional exhibit."

Several other prominent Fort Worth business men, including William Monnig, president of the Retail Merchants association, favored such an effort.

There is considerable opposition here, however, including most of the bankers and many prominent citizens. They either doubt the successful financial outcome of such a venture or brand it as "poor play" and "unfair" to Dallas.

One opponent said he believed it would be better to forget the West Texas exhibit idea here and "help Dallas make its celebration a real all-Texas affair."

"A celebration here, in connection with the Centennial," John P. King, prominent merchant, said, "would not be a success nor fair to Dallas, which will spend billions of dollars to put the Centennial over."

Federal Hospital At Waco Is Filled With 327 Patients

WACO.—The government hospital here is filled to capacity, with 327 patients, according to Dr. Harry Rubin, medical officer in charge. Original capacity of the institution was 308, but demands for hospitalization became so great that additional space was utilized and extra beds installed, making room for more men.

A total of 250 men are now on the waiting list, having been ordered in need of hospital treatment, Dr. Rubin stated. About 10 per cent of the patients at the hospital remain away at home on furloughs.

TAMMANY WITH FIELDS

Tammamy Young, without whom no W. C. Fields picture is complete, today was assigned his customary role in the Paramount comedian's next picture, "Back Porch."

Committee Saved State \$285,770 In Cash This Year

AUSTIN, Tex.—The Senate Investigating Committee, created to keep a watchful eye on the state's welfare during interims between legislative sessions, has saved the state \$285,770 in cash, thousands of dollars more in future savings.

The committee made a preliminary report to the third session of the 43rd legislature just ended.

It showed that the committee's inspection of oil and gas fields of the Texas Panhandle had resulted directly in the payment of \$80,770.66 in additional taxes.

Correction of public school rolls accounted for a savings of \$205,000 more for the state.

The savings effected this year are applicable also to future years.

State Comptroller George H. Sheppard said tax payments increased by \$80,770 from one operator in the Panhandle field following the committee's hearing at Amarillo last April.

Sheppard also said that additional tax assessments will follow the committee's investigation, "and the benefit for the state concerning future payments will far exceed our first expectations."

To help you AVOID COLDS VICKS VA-TRO-NOL*

Quick!—At that first nasal irritation, sniffle or sneeze—just a few drops of Va-tro-nol. It stimulates the functions provided by Nature—in the nose—to prevent colds and to throw off colds in their early stages.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Va-tro-nol penetrates deep into the nasal passages—reduces swollen membranes—clears away clogging mucus—brings comforting relief.

Va-tro-nol is powerful, yet absolutely safe—for both children and adults. It has been

clinically tested by physicians—and proved in everyday home use by millions.

* Note—for your protection: The remarkable success of Vicks drops—for nose and throat—has brought scores of imitations. The trade-mark Va-tro-nol is your protection in getting this exclusive Vicks formula. Always ask for Vicks Va-tro-nol.

FREE—a combination trial package of Va-tro-nol—its companion product, Vicks VapoRub (modern external treatment for colds)—and other medication used in Vicks Plan for Better Control of Colds—with directions for following the Plan. Get yours today at your druggist's. Or write Vicks, 2041 Milton St., Greensboro, N. C., enclosing 3c stamp.

Corsicana Leads In Football Styles

CORSICANA.—The Corsicana high school football team this year will get some new fashions in football togger.

In the first place, the uniforms of players will sport letters instead of numerals for means of identification. Instead of a number, a player will be designated as AA, BB, CC, etc.

It also will introduce three-color uniforms, white, blue and gold. Most schools stick to two-color dress.

AN ALL-AROUND JOB

Mae West, star of Paramount's "Belles of the Nineties," is the only woman to direct, produce, and star in a play she herself wrote.

NO NEED TO BUY CHEAP TIRES NOW!

NOT WHEN GOODRICH CERTIFIED COMMANDERS COST NO MORE!

Table with 2 columns: Price and Value. Rows: 4.40-21 \$4.45, 4.50-20 \$4.70, 4.50-21 \$4.90, 4.75-19 \$5.20. Includes note: Subject to change without notice and to vary Government regulations.

When the tire mileage of "cheap" unspacers makes varies as much as 40 to 70 per cent—can you afford to take a chance? Remember, that Goodrich Commanders cost you no more—yet their quality is certified by Goodrich, the oldest manufacturer of tires! Play safe. Stick to known quality. Come in and see us. You'll save yourself money and trouble in the long run.

Olden Society Is Entertained By Mrs. Middleton

Mrs. Frank Middleton entertained at her pretty home, Connelley lease, Olden, the missionary society with an all-day meeting Monday, Oct. 1.

Dinner was served at high noon in the spacious dining room. The table was spread with white linen cloth centered with beautiful bouquets of roses. The menu consisted of fried chicken, gravy, candied yams, potato salad, peas, Spanish rice, fruit salad, green beans, spiced pickles, cornbread sticks, baked macaroni and cheese, peach pickles, bread, butter, banana pie, coffee, ice cream, and cake.

Bus Crash Suit Sent To Abilene Court

ABILENE, Oct. 3.—The \$112,000 damage suit of J. D. Hilton and others against the Southwestern Greyhound Lines, Inc., legal aftermath of a bus crash near Cisco last May 19, in which four passengers were killed, has been removed from 88th district court at Eastland county to the federal court here.

Suing in the death of Mrs. J. D. Hilton, the principal plaintiff is asking actual damages of \$32,000, and other plaintiffs, styled as heirs and beneficiaries of Mrs. Hilton, actual damages as follows: Helen Hilton, an unmarried daughter, \$10,000; Bessie Hofman, \$5,000; Mrs. Clara Young, \$5,000; Homer L. Hilton, \$5,000; and J. B. Hilton, \$5,000. The plaintiffs join in plea for \$50,000 exemplary damages.

Allegation is made in the petition that a radius rod in the steering apparatus of the bus on which Mrs. Hilton was a passenger from Abilene to Eastland May 19 defective. This defective condition constituted the proximate cause of the wreck, the petition avers.

A Southwestern Greyhound bus, en route through Abilene to Dallas the afternoon of May 19, crashed through concrete guards on the Texas and Pacific highway overpass three miles west of Cisco and plunged approximately 40 feet to the ground below. Mrs. Hilton died from injuries, received in the wreck.

Turner, Seabury & Springer is representing the defendant company in the suit. Plaintiff attorney

LUCKY GIRL

Her mother felt that family physicians and child specialists, and the hospitals must be right. A simple test that proves they are.

If anyone in your family is occasionally sluggish or constipated; especially any child, you should know this medical truth: You cannot get safe relief with any medicine if you cannot regulate the dose. And to regulate dosage, you should have a liquid laxative. With a liquid laxative, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition.

Why Doctors Use Liquid Laxatives

A liquid laxative can be measured. Its action can be thus controlled. If properly made, of natural laxative elements like senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves, not make matters worse.

Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing herbs, active senna, and cascara, and is the one widely used. You can always obtain it at any drugstore. Why not make the "liquid test" which has attracted so much attention of late? It helps nearly everyone who tries it. It may make you feel better than you have in a long time.

If you will risk sixty cents to discover the natural, comfortable action of Dr. Caldwell's Syrup Pepsin, we believe bowel worries will be over for your household.

Lampasas Will Have a Reunion

DALLAS, Tex.—On October 10 1934 men and women who have resided in Lampasas county for 50 years or longer will meet at the Lampasas state park and organize the Lampasas 50 Year club, and be tendered an old time barbecue by Mr. C. D. Stokes who has resided in Lampasas for more than 50 years. Mrs. Kate Longfield is registering names of those expecting to attend.

Another Texan Is Crashing the Movies

DALLAS, Tex.—Another home town girl is making good in the movies.

Clara Lou Sheridan of Dallas and Denton, 11 months after arriving in Hollywood as just another beauty contest winner, has been assigned important roles in two forthcoming films, "Code of the West," and "One Hour Late." She thus becomes one of the two girl winners of an international "search for beauty" contest last fall who remain under contract with a producer.

Miss Sheridan won first place in the Southwestern division of the competition after being chosen in Dallas. She is the daughter of Mr. and Mrs. G. W. Sheridan of Denton but was living here at the time she was chosen contest winner.

Desert Is Found In Central Mexico

LUBBOCK, Tex.—Dr. W. I. Robinson, associate professor of geology at Texas Technological College, explored the southern shoreline of a prehistoric body of water—and found it a desert where rain had not fallen in two years.

Dr. Robinson was one of a group of five geologists who recently returned from making a study of the structure and substance of mountains in that section of Mexico. The project is part of a five year program sponsored by the Geological Society of America.

Rock formations along the ancient shoreline were entirely different from rocks of the same age in Texas, Dr. Robinson discovered. "They seemed more European than American," he said.

Three years will be required to complete mapping of the project, Prof. L. B. Kellum, of the University of Michigan and head of the group, estimated.

Other institutions represented beside Texas Technological College are Rutgers College, University of Rochester, and the University of Michigan.

SALE SHOW CANCELLED CINCINNATI.—A Cincinnati engagement of "Elephant on His Hands," featuring Charles (Chic) Sale, was cancelled by producers after dissatisfaction with the show had caused cancellation in Pittsburgh.

By BEULAH K. HICKS

FELLOWSHIP WITH CHRIST

John 15:
It was in the upper room in Jerusalem in the year A. D. 30 when Christ with his apostles had gathered around the table for their last supper together.

Christ, weary and worn, with the shadow of the cross dense across his path perhaps glanced out of the window and saw a vine growing. Immediately he took the vine as it grew and made it a beautiful lesson of truth and power.

"I am the true vine and my father is the husbandman." Beautiful as was the vine and great was Christ's appreciation of the beautiful, but much more lovely was the true vine.

Sadly and almost pensively it seems, was his great yearning over these whom he loved and must leave behind to build their spiritual lives.

"Abide in me and I in you." He pictured their spiritual growth in Him "as the branch cannot bear fruit of itself, except it abide in the vine; so neither can ye, except ye abide in me."

The sap from the vine must flow into the branches or it withers and dies. The gardener will clip off the dead branches but the green ones will be pruned and kept neatly in symmetry of the growing garden so that much fruit will be borne.

When this picture seemed clear to the men, Jesus gave them the promise of a haven, a place of grace, where strength may at all times be gained. The promise of answered prayer gives the Christian his strongest hope of abiding in Christ.

The love of the heavenly father for his son was the example Christ used as his love for his disciples.

"If ye keep my commandments, ye shall abide in my love." Christ, of whom Isaiah wrote, "and the government shall be upon his shoulders; and his name shall be called wonderful, counselor, the mighty of God, the everlasting father, the prince of peace," sat humbly in their midst even having washed their feet, teaching them the wonderful lesson of love and joy. He was "a man of sorrow," yet his joy in the Father was unbounded.

"No longer do I call you servants; for the servant knoweth not what his lord doeth; but I have called you friends: for all things that I heard from my father I have made known unto you."

Friends on this earth are our greatest blessings but how much greater is the friendship of Christ who holds all power in heaven and

earth. We did not choose Christ but he chose us that we might grow and bear fruit to glorify his father.

It has been explained that abiding in Christ is not basking in Christ. It requires growth that is pruned to bear the nicest fruit. Often the Christian's life leans on weeds and other objects but always the gardener will pull up the offensive weed, perhaps breaking and clipping tender tendrils to make it grow again on the true trellis.

"And that your joy may be made full." The radiant Christian life should radiate joy to the world. It should not be silly and smirking but deep and understanding that brings responsive impulses for good from the world.

This can be gained only through prayer life, asked in the name of Jesus. If the light of his word and spirit shine upon our prayers, silly, vain and useless things will be rooted out.

The victorious life is sought by all Christians and may be had for the asking aright. If the Christian would deepen their spiritual life by abiding in Christ, personality and strong character would be developed. A character with backbone in it that does not quail at life's severest tasks would be theirs. Strength and peace untold follow abiding in Christ, not just visiting him, who said, "I am the way, the truth, and the life: no

man cometh unto the father, but by me" (John 14:6).

FATHER'S DIARY COST LIFE

UNION, Wash.—Cleve Hauptly's effort to save the three volume manuscript diary of his father, early Washington pioneer, cost him his life. He kept the diary under the eaves of his store, would let favored customers read it. When a night fire flamed through the building, Cleve Hauptly dashed into the store to save his father's record of Washington's early days. He did not come back.

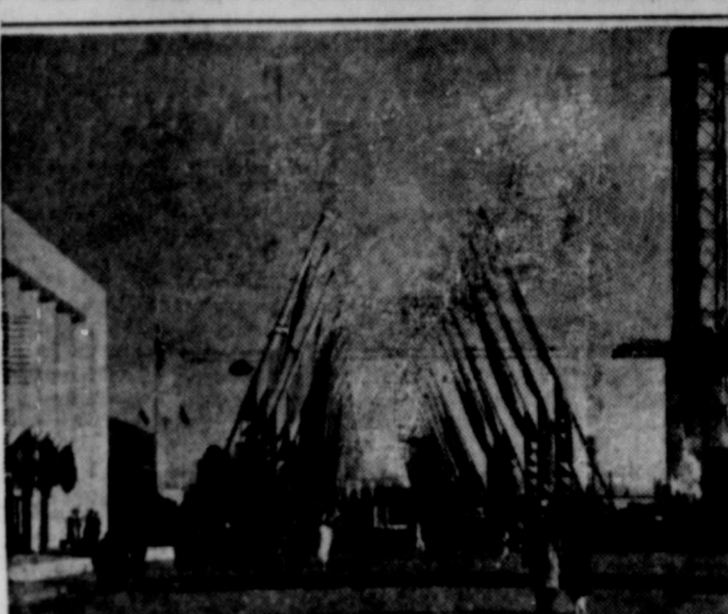

WOMAN, 67, CROSSED U. S.

HARTFORD Conn.—At 67 Miss Harriett E. Willard, Long Beach, Calif., bought an automobile and learned to drive. This year, desiring to return to Wethersfield for the tercentenary of her native town, she drove across the continent alone. After a visit of several months with friends, she started back, alone.

HAIL STORM KILLED DOVES

ALTUS, Okla.—Hundreds of doves, esteemed as game by hunters, were killed in Jackson County by a severe hailstorm recently. Scores of dead birds littered Altus streets. Inmates of the Jackson County jail were set to work to clear the courthouse lawn of birds knocked from their perches atop the courthouse.

AS MANY WARD WEEK PURCHASES AS VISITORS TO THE WORLD FAIR

Individual purchases in Wards 489 stores during Ward Week, it is estimated will run close to twenty-five millions. This staggering total is approximately the same as the number of the immense throngs which will check through the turnstiles at the 1934 Century of Progress in Chicago.

Farm News of Interest to the Farmers of This Section

Processing Tax Rate Established On Peanut Crop

Establishment of a processing tax of one cent a pound, farmers' stock weight, on peanuts; suspension of the imposition of such tax on peanuts used in the manufacture of peanut oils, a class of low value peanut products; and termination of the floor stocks tax with respect to peanuts, were announced today by the Agricultural Adjustment Administration.

The tax, effective October 1, 1934, is levied on the first domestic processing of peanuts, which is defined as the "cleaning, polishing, grading, shelling, crushing or other processing thereof."

Peanut Regulations, Series 1, Number 1, which established the tax, and the certificate exempting peanuts crushed into oil from the tax, were signed September 24, by Secretary of Agriculture Henry A. Wallace, and were approved by President Roosevelt. The President also terminated subsections (a) and (b) of Section 16 of the Agricultural Adjustment Act, as amended, with respect to peanuts.

The processing tax of one cent a pound is only a little more than one-third of the full statutory processing tax on peanuts as calculated under the terms of the Agricultural Adjustment Act. The full statutory rate is 2.8 cents a pound, which is the difference between the current average farm price of 2.8 cents a pound and the fair exchange value of 5.6 cents a pound. The Secretary found, however, after investigations and public hearings, that the full statutory rate "would cause such reduction in the quantity of peanuts, or products thereof, domestically consumed, as to result in the accumulation of surplus stocks of peanuts, or products thereof, or in the depression of the farm price of peanuts" and that a rate of one cent a pound would prevent such results. Hence the establishment of the one cent rate.

From testimony presented at the same public hearings, it was ascertained the peanut oils, a class of peanut products, are of such low value, considering the quantity of peanuts used in their manufacture, that the imposition of the processing tax would prevent in whole, or in part, the use of peanuts in the manufacture of peanut oils and thereby substantially decrease consumption and increase the surplus of peanuts. It was therefore decided that such a result would be most effectively prevented by suspension of the imposition of the processing tax on peanuts and peanut products used for manufacturing peanut oils.

COTTON ADJUSTMENT ASSISTANT EWING GIVES MAJOR POINTS

Ginners should take note that the law provides that Bankhead exemption certificates must be transferred from one producer to another producer, in the same county, through the county agents office, except where all parties concerned are farming on the same farm, as in the case of a landlord and tenants. (A farm as referred to here means the land covered by one contract or one application for allotment).

The public should be warned that it is a violation of the law to secure any certificate or part of a certificate by fraud or sharp, unfair practices. Certificates may be sold and transferred from one producer in the same county but it is against the law for any person who is not a producer to buy or acquire or have in his possession any certificates for the purpose or with the intention of speculating on same.

Any person who makes any statement that is untruthful or in any way misrepresents the actual fact in the case for the purpose of obtaining any certificates to which he is not rightfully entitled, lays himself liable to a fine of not to exceed \$1000 or not to exceed six months in jail, or both, if he is convicted of such fraud.

While it is the policy of both the Agricultural Adjustment Administration and the Internal Revenue Department to be as lenient as possible and to assist producers and ginners in every way possible to avoid any one's getting into trouble, still it behooves everyone to use proper care in all transactions involving exemption certificates. If it should come to the attention of the assistant in cotton adjustment that anyone has deliberately undertaken to defraud the government, the case will be referred to the United States Department of Justice for investigation.

O. W. EWING, Assistant in Cotton Adjustment.

Operation of Bankhead Cotton Certificate Pool Is Explained

Cotton states whose production this year, according to official crop estimates, will exceed their Bankhead allotments will need to purchase only enough tax-exemption certificates to cover 431,223 bales of this extra production, whereas states whose production will be less than their Bankhead allotments will have for sale surplus certificates for the 1,639,474 bales difference between their production and their allotments. It was stated today by the agricultural adjustment administration.

Consequently, while every effort will be made to secure as large a return as possible for holders of excess cotton tax-exemption certificates, the agricultural adjustment administration reiterated today that it would be mathematically impossible for each certificate turned into the national surplus cotton tax-exemption certificate pool to net its owner anywhere near as much as \$20 a bale.

This figure has been used by some persons in calculating the potential value of excess certificates in states which are not producing their Bankhead cotton allotment as it is the approximate selling price which has been set for certificates purchased through the pool by growers whose individual production will exceed their allotment. This price, four cents a pound, is approximately 70 per cent of the tax of 5.67 cents a pound imposed by the act on the ginning of cotton.

On the basis of the Sept. 1 cotton crop estimate, states with estimated cotton production below their Bankhead allotments and the indicated excess in one-bale certificates are: Florida, 1,683; Mississippi, 59,728; Louisiana, 89,928; Texas, 854,530; Oklahoma, 538,631; Arkansas, 241,669; Missouri, 34,205. Total, 1,639,474 certificates.

States with estimated cotton production above their Bankhead allotments and the indicated deficit in one-bale certificates are: Virginia, 6,177; North Carolina, 127,307; South Carolina, 100,791; Georgia, 58,346; Tennessee, 17,875; Alabama, 80,625; New Mexico, 13,305; Arizona, 13,463; California, 8,795; all other minor states, 4,539. Total, 431,223 certificates.

"This means there are nearly four times as many excess certificates available as will be needed to cover all of the cotton produced by states which are going to be above their allotments," Cully A. Cobb, chief of the cotton production section, agricultural adjustment administration, said.

"The government will not purchase any of these certificates, but all of the money taken in by the pool from the sale of surplus certificates will be distributed among producers who surrender certificates to the pool, after deducting expenses, and each producer will receive his share in the proportion that the poundage surrendered by him bears to the total poundage in the national pool. The surplus certificates that are not sold will be returned, on a similar pro rata basis, to the producers participating in the pool. They may be used next year in the event the Bankhead act is continued another season.

"For example, assume that all of the 1,639,474 indicated excess certificates are turned into the pool and that each of the 431,223 above quota bales of cotton is covered by a certificate purchased from the pool. At \$20 a bale, which is what the four cents a pound approximates, for the 431,223 certificates, the pool would take in a total of \$8,624,460. But it would still have on hand, and would have to return to their owners, thus, the producer who turned in excess certificates would be paid approximately \$20 for each bale sold, and not \$20 a bale on all certificates turned into the pool as some have assumed. As already pointed out, each producer also would be returned his share of unsold certificates.

"This is on the assumption that all of the transactions involving the purchase and sale of cotton tax-exemption certificates will be made through the pool, but this is not expected to be the case because provision is made for sales between individuals within a county, through the county office, and also for the transfer of certificates from one farm to another, regardless of where the farms are located, so long as they are operated by the owner of the certificates. In addition, the tax itself may be paid on a small amount of the cotton ginned, and doubtless, there will be a large number of farmers who will prefer to hold their excess certificates for use next year in the event the Bankhead act is continued.

"To illustrate in another way: If holders of surplus certificates should surrender certificates to the pool to the amount of 1,000,000 bales, and if the pool should sell one-third of these, each grower who surrendered certificates will receive \$20 per bale for one-third of the certificates surrendered by him and the remaining two-thirds of unsold certificates will be returned to him.

"In the case of purchases and

Surplus Tax-Exemption Certificates Within a County, the Owner of the Excess Certificates Will Receive the Full Amount of Four Cents a Pound, or Approximately \$20 a Bale, for Any Certificates He May Sell.

Regardless of whether sales are between individuals or through the cotton pool, the purchaser must pay the full four cents a pound rate. This payment must be made in cash except on individual sales made within a county when other considerations of equal value may be exchanged for certificates. All transactions must be made through the office of the county assistant in cotton adjustment.

Cotton Board Is Speeding Up Work

COLLEGE STATION.—That 160 Texas counties have received their tax exemption certificates under the Bankhead act was announced by the cotton allotment board after a meeting held at the end of the week. A total of 333,433 applications have been received from 216 counties. Among the counties which have already received their certificates, totaling 489,818 are all the larger cotton producing counties in the state, members of the board said.

While the board was in session a request came from one of the news wire services to estimate the probable loss to Texas if the Bankhead act is discontinued in 1935. In reply the board pointed out that the Texas 1934 quota of tax exempt cotton is 3,287,000 bales; that the bureau of crop estimates has placed the 1934 Texas crop at 2,383,000 bales; which leaves Texas with an excess of 854,000 bales for which there is tax exemption but no cotton. Such tax exemption certificates have a sale value of approximately \$20 per bale, the board stated, and the total possible loss to the state, therefore, if the Bankhead act is discontinued and holders of these certificates are not allowed to realize on them is approximately \$17,000,000.

This loss, the board estimated, will fall first of all on the cotton grower already hard hit by the drought, whose certificate in its sales value was a measure of crop insurance. It will fall next on the business interests of the state because the farmer would have spent his money for commodities. And in the third place it will fall proportionately on all tax payers because the hard hit man and his family will the sooner be on public relief.

The board commented also on the falling off of the cotton market due in part, according to cotton exchange reports in current newspapers, to the conference in Washington and the published statement by Senator Bankhead in relation to suspending the operation of the act. The loss on a single day amounted to \$7,500,000.

"This pool is in actual operation, and Mr. Ernest L. Deal, regional consultant, of Florence, Ariz., has been made manager of the pool."

grower already hard hit by the drought, whose certificate in its sales value was a measure of crop insurance. It will fall next on the business interests of the state because the farmer would have spent his money for commodities. And in the third place it will fall proportionately on all tax payers because the hard hit man and his family will the sooner be on public relief.

The board commented also on the falling off of the cotton market due in part, according to cotton exchange reports in current newspapers, to the conference in Washington and the published statement by Senator Bankhead in relation to suspending the operation of the act. The loss on a single day amounted to \$7,500,000.

Corn-Hog Program Payments Pass the 86-Million Mark

Corn and hog producers have received about two-thirds of the first installment of approximately \$133,000,000 due on their adjustment contracts. Dr. A. G. Black, chief of the corn-hog section of the agricultural adjustment administration, announced today in a preliminary report.

Thus far, payments totaling more than \$86,220,880 have been made to 918,962 contract signers in 39 states.

Slightly more than three-fourths of the total of 1,200,000 contracts signed by farmers in the 1934 corn-hog program now have been received and released for payment by the rental benefit audit section of the agricultural adjustment administration. Through Sept. 20, a total of 13,259 early payment contracts had been received and released for payment to farmers in 522 counties, and 779,253 regular payment contracts had been approved for payment in 1822 counties. About 2,560 of the total of 3,070 counties in the United States are listed as participating in the 1934 corn-hog program. Contracts were signed in all of the 48 states.

Cumulative payments through Sept. 18 to producers in 39 states are as follows: Alabama, \$183,900.90; Arizona, \$17,167; Arkansas, \$329,133.20; California, \$737,708.60; Colorado, \$141,244.25; Connecticut, \$2,001.75; Delaware, \$12,883.85; Florida, \$119,976.75; Georgia, \$68,689.90; Idaho, \$34,819.10; Illinois, \$4,007,297.20; Indiana, \$7,718,941.10; Iowa, \$22,753,753,704.87; Kansas, \$5,140,920.45; Maryland, \$150,737.55; Massachusetts, \$150,678.60; Michigan,

Patterson Advises Contract Signers

Cotton acreage reduction contract signers should not overlook the privilege of storing cotton and borrowing twelve cents per pound on it, stated county agent J. C. Patterson Wednesday. This cotton must carry tax paid tag and be stored in a bonded cotton warehouse. Co-op warehouses are located in Brownwood and Abilene and also the cotton may be shipped to any bonded warehouse cotton concern. Any and all lienholders must sign the storing papers.

Referendum for Eastland County Farmers on 1935 Corn-Hog Plan

Eastland county will be asked to vote on the 1935 plan of the corn-hog section of the AAA according to word received here by County Agent J. C. Patterson, from E. M. Regenbrecht, extension swine husbandman. The referendum is to be some time in October. Information as given by Patterson was as follows:

"Regenbrecht represented the Texas Extension Service in the AAA meeting held recently in Kansas City, where farmers and representatives from state agricultural colleges from Kansas, Missouri, Iowa, Nebraska, Oklahoma, Arkansas and Texas met to make recommendations for the next steps in the corn-hog program. The first question discussed at Kansas City and to be voted on by corn-hog contract signers is whether or not there shall be any sort of adjustment program in this field, Regenbrecht stated.

"The second point to be decided is whether the contract shall deal with corn only or hogs only or be a joint contract as in 1934.

"The third question will ask for preference on the type of contract which they wish to follow the 1935 program. This refers to a possible unified contract for the six basic grains: wheat, corn, rye, barley, grain sorghums and flax. It would represent a shift from several single crop contracts to a broad program of developing better systems of farming through less intensive use of land, conservation of soil resources, and use of land for those crops for which it is best adapted.

Wheat Farmers Will Get Checks On Crop Contracts

WASHINGTON, Oct. 1.—Distribution of about \$70,000,000 to wheat farmers, the first benefit installment on the 1934 crop control contracts, will begin immediately George Farrell, chief of the AAA wheat section, said today.

Payments due farmers on the remainder of the 1933 benefits and the first 1934 installments total about \$98,000,000. Compliance certificates are now being received in Washington in much better condition than earlier in the season and auditing will be more than rapid from now on, Farrell said.

Remember These Facts In Planting Your Fall Garden

Cabbage and lettuce seed should be started in a small plant bed in a protected spot. In three or four weeks the plants will be large enough for transplanting to the permanent location in the garden.

Lice are often troublesome in fall gardens but they can be practically avoided by planting Swiss chard and the Shogoin or ice-proof type of turnip which is practically immune to bug damage.

Tiny worms which attack young cabbage plants can be killed by the following mixture thoroughly tested by the U. S. department of agriculture: 1/2 pound of Paris green and 1-pint of fish oil soap to 16 gallons of water. This spray can be applied to almost all leafy vegetables that insects are feeding upon and will effect a safe control. There is not enough poison in the mixture to cause any damage to the human body, but it will kill the bugs.

Sprouting of Irish potatoes is hastened and insured by treating them with a chemical known as ethylene chlorhydrin. The seed are cut in the ordinary way about eight hours before they are to be planted and then are dipped in a solution made by mixing one pint of ethylene chlorhydrin in four gallons of water. The potatoes should remain in the water but long enough to become thoroughly wet. One quart of ethylene chlorhydrin in eight gallons of water is sufficient to treat 10 bushels of Irish potatoes. As soon as the potatoes are treated, they should be planted immediately.

An average family of five needs at least a half-acre garden.

Recalling the latest celebrity fight, it won't be long before scapulars will be selling ringside seats to every Hollywood party.

Bids Opened On Government Cotton

NEW ORLEANS, Oct. 3.—The federal government opened bids today for the purchase of nearly 3,000,000 bales of cotton from the government pool. Oscar Johnson, pool manager for the AAA, was in charge.

The pool was made up of 1,950,000 bales owned by the government as the result of the acreage reduction campaign in 1933 and 800,000 bales carried over from the Hoover administration as a result of its loans in 1930 and 1931.

A recent law decreeing that Persian women must no longer wear veils ought to increase the soap business in Persia.

Help Kidneys

If poorly functioning kidneys are making you suffer from Getting Up Nights, Nervousness, Rheumatic Pains, Stiffness, Burning, Smarting, Itching, or Aching try the guaranteed Doctor's Prescription Cystex (Silo-tox) —Make the money your money back. Only 75¢ at drugstore.

TRY A WANT AD.

COUGHS

Don't let them get a strangle hold. Fight them quickly. Creomulsion combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

Get a LIFT with a Camel!

A PLEASURE that drives away fatigue and listlessness!

Jack Ford, crack Burlington engineer, says: "When the 'Zephyr' rolled to a stop at Chicago, I'd been through a lot of excitement and strain and felt pretty much used up. But a Camel quickly gave me a 'lift' and I felt O.K."

"Most railroad engineers prefer Camels. And Camels help to increase their energy when they feel worn out. I've smoked a lot of Camels in my time, and that goes for me—all the way."

Everyone is subject to strain—whether physical, mental, or emotional. So it's important to know that Camels do release your stored-up energy.

The findings of a famous scientific laboratory have confirmed Camel's "energizing effect." So begin today to enjoy Camels often! For the costlier tobaccos in Camels never affect the nerves.

CAMEL CARAVAN with Glen Gray's Casa Loma Orchestra, Walter O'Keefe, Annette Hanshaw, and other Headliners—over WABC-Columbia Network.

Tuesday, 10 p. m. E. S. T.—9 p. m. C. S. T.—8 p. m. M. S. T.—7 p. m. P. S. T. | Thursday, 9 p. m. E. S. T.—8 p. m. C. S. T.—7 p. m. M. S. T.—6 p. m. P. S. T.

Camel's Costlier Tobaccos never get on your Nerves!

RAILROAD HISTORY entered a new phase as the Burlington's "Zephyr" flashed across the Great Plains from Denver to Chicago in 13 hours and 5 minutes—1015 miles in 78 minutes—to set a whole flock of new records! Jack Ford was at the throttle. Below he tells what the long, nonstop trip felt like, and what Camels meant to him after it was over.

SPORTSWOMAN PILOT. Mrs. Cecil Kenyon says: "Camels are the midday cigarette I know. Morning, noon, and night I can smoke them steadily—without a touch of upset nerves."

COLLEGE STUDENT. "Camels never upset my nerves," says John Ritzel. "When mental fatigue sets in, I just smoke another Camel and soon have the energy to concentrate again."
