

# RANGER WEEKLY TIMES

RANGER, TEXAS, FRIDAY, NOVEMBER 2, 1934

NUMBER 41

Abbe Dimmet says America is coming to realize the value of repose and meditation. But of course the good abbe has never been to a Broadway night club.

General Johnson reveals that he has been offered a thousand dollars. Worried friends urge that he accept only a few hundred, as he needs sleep.—Detroit News.

VOLUME I

## EASTLAND TO OPEN A BANK NEXT MONDAY

Monday, opening date of the Eastland National Bank, will be fittingly observed in Eastland by a celebration to be held on that afternoon beginning at 1 o'clock. A rodeo, band concerts, addresses by prominent bankers of Fort Worth and Dallas are to be features of the city-wide affair.

The program will be held on the south side of the bank. A public address system has been secured for the occasion to enable all to hear.

The program is slated to get underway with the American Legion Tickville band of Ranger. Speakers from the Federal Reserve Bank, Mercantile National Bank of Dallas and banks from Fort Worth will likely be secured for the addresses. The rodeo, held in conjunction with Trades Day, will be presented that afternoon beginning at 3:30 o'clock on the grounds on North Seaman Street.

The bank opening, though not only marking the resumption of banking facilities in Eastland, marks the beginning of a new era for Eastland, business men assert. Several in Eastland have expressed the expectation that, in some lines, business will increase 25 per cent.

W. C. Campbell will head the institution as president. Mr. Campbell has been connected with the Sinclair Prairie Company for 37 years and is recognized as a capable person for his post. Other officers are Albert Taylor of Austin, vice-president and cashier; Guy Parker, assistant cashier; Russell Hill, assistant cashier; and Miss Lahoma Hatheox, bookkeeper.

The bank will open under a national charter, \$50,000.00 stock, \$10,000.00 surplus and \$2,500.00 undivided profits.

Directors of the new institution are G. W. Fisher, Milburn McCarty, J. A. Beard and Grady Pipkin, and Walter Murray, W. C. Campbell and Albert Taylor. All are recognized as being those that will uplift the community's name in banking.

The Eastland National Bank believes it has secured, not only a capable banker, but as well, a worthy citizen for Eastland in Albert Taylor of Austin.

Mr. Taylor was born in Caldwell county, near Luling. He spent his early life on the farm and moved to Luling in 1903. He engaged in the banking business as an assistant cashier and afterward was elected cashier and then active vice president of the Lipscomb Bank and Trust Company of Luling.

He took an active part in the upbuilding of Luling and for 14 years served on the city commission. During the World War he was a member of the council of defense.

Chairmen for the bank opening program are Frank V. Williams, hands; O. E. Harvey, finance committee; E. Bender, speakers; T. E. Richardson, publicity; C. J. Rhodes, arrangements; and H. C. Davis, rodeo.

## Mrs. True To Stay In Ranger Until Early Next Week

Mrs. Alice D. True, who has resigned as secretary of the retail merchants' association, will remain on the job for a few more days, probably until Tuesday of next week, it was announced today.

Mrs. True is expected to leave for McAllen, where she will make her home in the future, on Tuesday morning. She had originally planned to leave Ranger Thursday or Friday of this week, but was prevailed upon to remain over a few days until someone was found who could take her place.

## ONE DAY'S GRIST OF DIAPERS

(Copyright, 1934, NEA Service, Inc.)

Every day is laundry day at the Dionnes', and in a big way, too. Here's Miss Laurence Lusians with the formidable stack of diapers, towels, and other linen which must be ready for the comfort of the growing Dionne daughters.

## Attorney Gives Views On The Proposed State Amendments

By L. R. PEARSON  
"Taxation shall be equal and uniform. All property in this state shall be taxed in proportion to its value," this saith our Constitution, Art. VIII, Sec. 1. These commands provide restrictions on the powers of the legislature. They, at the same time, create and assure to all property owners in this state certain valuable rights vital to their welfare. The provisions are so manifestly fair and just as to suggest the thought that the framers of the Constitution were unduly mistrustful of the legislature in considering them necessary. Time, however, has no doubt previous experience had done, has amply demonstrated their wisdom. A campaign is now on to repeal in part the restrictions thus imposed. Certain gentlemen, by the radio, through the press and otherwise, are urging the people of Texas to amend these provisions, thereby empowering the legislature to provide that taxation shall not be equal and uniform. Believe it or not, the power is deliberately sought to tax one man's property of a given value at one rate, and another man's property of the same value at a greater rate, or a less rate.

It has long been said that the power to tax is the power to destroy. In a government by the people, the power of taxation is not likely to be used to destroy the people, so long as there remains in the organic law the mandate of equality and uniformity. But, just remove that restriction and clothe the legislature with power to classify all property (other than land) with reference to its use in different industries, or its source of production, or any other basis of classification, and tax one man's property of equal value with another's at a greater or less rate, then indeed we will have a demonstration of the fact that "the power to tax is the power to destroy."

I challenge any advocate of the proposed amendment—whether he wears little or big breeches—to answer this question: Why should the legislature have the power, and why should any fair-minded person desire to grant the power, to make one man pay more taxes for the support of the government because he owns property of given value of one kind than another man who owns property of the same value of another kind? If one man owns one thousand dollars worth of cotton or oil, why should he pay for the support of the government, either more or less taxes, than the man who owns one thousand dollars worth of cattle or second hand cars? If one man owns a franchise why should he pay more or less taxes than a man who owns a steamboat.

To be sure real estate is ground under its heavy tax burden. All agree that it is entitled to some relief. However, the remedy is certainly not the abolition of the guarantees of equality and uniformity in taxation. Equality in the law is one of our fundamentals. When a government deliberately abolishes the guarantees of equality and uniformity in taxation or any governmental function, it is flirting with despotism. The power sought to be given by

the amendment is the power to destroy the oil industry, the sulphur industry, the cattle or cotton industry, or any other legitimate industry of the state which produces, or deals with personal property, sufficiently distinct from other personal property to justify a separate classification. If the amendment is adopted, each such industry in necessary self-defense will be forced to maintain a lobby at the capitol; log rolling with members of the legislature to get favorable classifications and favorable rates will become the common practice. Combines, blocks and cliques will be the order of the day, with strife and unrest, avarice and greed playing the leading roles in the show.

## FEDERAL ADULT SCHOOL TO BE BEGUN MONDAY

R. F. Holloway, superintendent of the Ranger public schools, announced today that the federal adult education program would be begun in Ranger Monday, Nov. 3, with 14 teachers in charge of classes.

An application was made for a 25-teacher school, but this was cut by the vocational educational department at Austin to 14 teachers. A meeting has been called for the teachers for 8:30 Saturday morning in room 13 at the high school building for the purpose of working out a schedule of classes, which are to start the following Monday morning.

The teachers who have been selected for the federal adult school are Mrs. Lillian Eastland, Mrs. Louis Piteck, Misses Sue Dean, Dixie Neal, Clara Mae Weaver, Mrs. H. H. Durham, Mrs. Florence Bluntick, D. G. Lanier, Wallace Wagner, Roy Halliday, F. L. Kelly, F. Connell, R. S. Lee and Bernice Chedwick (feolored).

Further announcements concerning the school and the courses to be offered will be made in the near future, it was announced today.

## Government May Take Action On New Barrow Gang

DALLAS, Oct. 31.—The federal government moved against a member of the L. C. Barrow gang, arrested here in connection with a drug store robbery.

Marvin Stark, identified as a bond jumper from Fort Worth, was arrested by federal officers on charges of having an unregistered sawed-off shotgun when he was picked up by police.

Whether the state will press the charges of bond jumping or whether the federal government will prosecute for failure to register the gun was not known.

**TO PREACH FRIDAY**  
Bro. Harry Morse of Oakland, Calif., will preach Friday night, Saturday night, Sunday and Sunday night at the Pentecost church of Rocky Point. Everybody is invited to attend these services.

## Many Charges Are Made In Probe Of Dillinger Escape

CROWN POINT, Ind., Oct. 31. Charges of murder, kidnaping, graft and fakery in the "toy pistol" escape of the late John Dillinger from the county jail here, involved a bitter Indiana political campaign.

A long-awaited expose of the escape plot, partly disclosed yesterday by investigators, who charged Dillinger paid an \$1,800 bribe, became involved today in a maze of charges and counter-charges.

Investigators claim evidence showing that Dillinger bought his way out of the jail and that his wooden gun trick wasn't so amazing after all.

## Virgil Stalcup Is Added To List Of Federal Fugitives

AMARILLO, Oct. 31st.—The name of Virgil Stalcup was added today to those of men wanted by the federal government. E. J. Dowd, special agent of the investigation division of the Department of Justice, revealed today that charges in violation of the Dyer Act were filed against him in Commissioner's Court here.

He said the charges meant that the federal government would send federal agents after him.

## W. W. Carlin is Instantly Killed In Car Accident

W. W. (Mickey) Carlin of Ranger was instantly killed in an automobile accident near Strawn late Thursday afternoon. Details of the accident were meager Thursday night, but it was reported that the car he was driving collided with a truck on the highway just outside the city limits of Strawn and he was instantly killed.

An ambulance was called to take him to Strawn, but he was dead by the time it arrived, the reports say. Mr. and Mrs. Carlin and their two children, a boy of about five and a girl of two, had recently returned from a trip to Montana to visit Mr. Carlin's parents.

The decedent had been an employee of Jake Hamon in Ranger for a number of years and for the past six or seven years had been an independent operator. He had been a resident of Ranger for about 15 years.

He is survived by his widow, the former Miss Nell Whalen, and his two small children.

## DROUTH DIDN'T STOP HER MARRIAGE

Incidents of small moment according to Mrs. Henry Schmidt who recently displayed, 12-inch green beans, 15-inch tomatoes and 55-inch squashes all of which were grown in the heart of the drouth area.

Party loyalty alone should prompt voters to cast their ballots Tuesday, said a former democratic county chairman, who added that other counties might get a larger representation at conventions if Eastland county does not vote heavily. He said, "Conventions represent the county as based upon the number of votes cast for the democratic nominee for governor at the preceding election."

## WAX DUMMY WAS 'VICTIM'

LANCASTER, Pa.—Four police officers made a hurry-up call to a clothing store here to investigate a "mudder." Arriving at the scene, the police found a wax dummy had fallen over, upsetting a vat of red paint. A patrolman had reported seeing a "body lying in a pool of blood."

## COMMITTEE HAS SECURED FUNDS FOR THE BAND

A committee composed of John Hassen, Clyde Davis and Bill Clardy has been soliciting funds for the Ranger High School Band, with which new uniforms, new music and new instruments can be bought and with which expenses can be defrayed to out of town engagements of the band.

The committee has worked up contributions amounting to \$41, which were presented to the band at a meeting held Wednesday night, and each of the donors agreed to pay that much each month. It is hoped, however, by the band committee, which is composed of John Hassen, chairman; Clyde Davis, F. D. Hicks, R. V. Galloway and Bill Clardy, that at least \$75 a month can be secured in order that the band may be maintained.

The athletic committee of the Ranger High School has agreed to give \$25 for each conference football game in which the band plays, toward the expenses, which will aid materially for the next month.

A charge of \$1 per month per pupil is to be made for instruction in band instruments, and those who can afford to pay this amount have been urged to do so, while those who cannot possibly pay will be allowed to keep their children in the band as long as the children are doing well and are making good.

"It is not fair to the others," was pointed out by a member of the committee today, to let a child get this instruction free of cost when others are paying, when the child who is not paying for his instruction is not taking advantage of the opportunity and is not trying to learn. His place can be taken by another child who has a real inclination to make a musician of himself and who would learn."

It was pointed out that when the band went to San Angelo to play there at the football game there was no money in the band treasury and the children who made the trip had nothing to eat furnished them, other than that provided by R. L. Maddox.

The committee is to continue its solicitation until every business house in town has been seen, and it is expected that the \$75 may be raised, since only two institutions in town which have been called upon so far have refused to contribute toward the upkeep of the band.

## AUTOMOBILE FACTORIES TO JUMP OUTPUT

DETROIT, Mich., Nov. 1.—America's automobile manufacturers prepared for an increased business, increasing their quotas and spending millions to handle them.

Ford stepped to the front with announcement of plans to produce at least a million cars for domestic use in 1935.

Other companies likewise were prepared to step up production, though they did not predict how much.

Ford recently announced an \$18,000,000 steel expansion program. Packard announced it was spending \$5,200,000 for expansion. These and other firms are spending many millions more for tools.

Automobile production this year for consumption in the United States and 107 foreign countries, will total about 1,800,000.

"Our experience during the last six months and what we see in the future tells us a year of improved business is ahead," Ford said today.

## Heavy Vote Tuesday Of County Urged By A Former Officer

Necessity of Eastland county voters going to the polls Tuesday in order to uphold the county's representation at democratic conventions has been pointed out by those connected with that party.

Party loyalty alone should prompt voters to cast their ballots Tuesday, said a former democratic county chairman, who added that other counties might get a larger representation at conventions if Eastland county does not vote heavily. He said, "Conventions represent the county as based upon the number of votes cast for the democratic nominee for governor at the preceding election."

## RICHARDSON IS AGAIN SEEKING SENTENCE STAY

AUSTIN, Oct. 31.—Arguments were presented in the court of criminal appeals today seeking reversal of the second murder conviction of C. S. Richardson, farmer mayor of Olney, in the killing of his son, Elga, Jan. 1, 1934.

The present case was appealed from Wilbarger county, where Richardson received a 99-year sentence. His first trial was in Young county. A life sentence was reversed on finding a fair trial was improbable without transfer. Richardson claimed a pistol he had secured to defend himself after a quarrel with his son was accidentally discharged when his son charged to push him aside.

The boy was home from school at Denton when he was killed.

## Plans Completed For Armistice Day Celebration Here

Plans are now completed for the celebration of Armistice day on Nov. 11th, which according to the various committee chairmen, will be one of the best celebrations Ranger has witnessed in several years.

W. C. Mickey is the general chairman representing Carl Barnes Post American Legion. Assisting him are the various chairmen as follows: Parade: J. E. Mcronney; barbecue: H. G. Adams; carnival: C. J. Moore; Legion Smoker: G. E. Robinson.

Several Legion Posts in neighboring towns have accepted invitations to have their towns and Posts represented in the parade which begins the day's activities at 10 a. m.

At noon there will be a barbecue for all ex-service men at the country club where they will be guests of the local American Legion Post. Following the Cisco-Ranger football game there will be held a free carnival on Main street which will be well worth attending. If Charley Moore and members of the Tickville band have given us the right dope.

The annual Legion smoker to be held Monday night at 9 p. m. will be free to all members of the American Legion only. There will be no admission charge, but you must have a Legion membership card. There will be no exceptions to this rule according to the committee.

Ex-service men are urged to get their Legion membership cards before that time if they are to enjoy the best smoker ever held by the local post.

## Staff and Colony To Have Preaching

The pastor, Rev. Ephraim D. Conway, will preach Sunday morning at the Staff Methodist Church and Sunday night at the Colony District School House.

This will be the last appointment of Brother Conway's before going to the Annual Conference of the Methodist Episcopal Church, South, which meets in Fort Worth on November 7th.

## Rev. Bond To Preach At Bullock Friday

Rev. J. M. Bond, pastor of the Methodist Church in Ranger, will speak at the Bullock Methodist Church on Friday night on two phases of the work of the Methodist church, namely: the new educational program of the church and the new financial plan of the church. Rev. Bond is well informed on these two subjects and presents them with a great deal of interest and enthusiasm.

Others have been invited to participate in the program. It is probable that Rev. E. R. Stanford of Eastland will be present. Mr. Uriah Bond of Morton Valley, with his trio of singers, have been invited to sing. However, Mr. Bond has a conflicting engagement which might prevent him from being present.

## Texas Scientists To Meet Nov. 16th

AUSTIN.—Texas scientists will meet here Nov. 16 and 17 for their annual meeting to discuss problems of this section, Dr. B. C. Tharp, president of the Texas Academy of Science, announced today.

Tharp said the sessions would include studies of Texas oil refining.

## Government Will Restore Pay Cuts

WASHINGTON, Oct. 31.—The federal government will restore the 5 per cent pay reduction to its employees beginning July 1, 1935, President Roosevelt announced today.

The president explained the budget estimates will include the elimination of the reduction because figures show the cost of living will be going up by next July enough to justify the restoration.

## INVITATION TENDERED

FORT WORTH, Oct. 31.—Miss Bernice Johnson, senior from Eastland, has been invited to join Amersand, senior women's organization at Texas Christian university. Membership into Amersand is by invitation and is limited to the upper 15 per cent of women in the senior class. The pledges must have maintained a B average during three years of college work and must be recommended by old members of the group and members of the faculty.

Seven new members have been asked to join the group which is composed of 14 members this year.

## DEPARTMENT STORE SALES IN TEXAS SHOWING A GAIN OVER SEPTEMBER

DALLAS, Nov. 1.—October department store sales in the principal cities in the Eleventh Federal Reserve District showed marked gains over the preceding month, the business review issued by the Federal Reserve Bank showed today.

Department store sales show an increase of 41 per cent over the preceding month and are 29 per cent in excess of sales for the corresponding month last year.

The Eleventh District comprises all of Texas and parts of New Mexico, Arizona, Oklahoma and Louisiana.

Darkest spot in the report is the condition of agriculture, which has been relieved by adequate rains in

only a few "more favored sections," the report says. Moderate to heavy rainfall during the month broke the drought in many sections, but absence of subsoil moisture makes need for additional rain acute in many parts of the district.

The indicated cotton production for the district is 2,845,000 bales, a decline from the estimate issued earlier of 13,000 bales, and comparing with 5,114,000 bales produced a year ago.

Feed crop prospects in the district continue unchanged or show only slight improvement for the month. The indicated production of tame hay in Louisiana, Oklahoma and New Mexico showed gains, but the prospects in Texas declined sharply.

Cattle ranges show some improvement but are still very spotted. The favored sections are along the coast and in South Texas where heavy rains have insured winter grazing.

The average condition of cattle ranges in Texas is rated at 54 per cent of normal by the Department of Agriculture as against a rating of 50 per cent normal last month.

Crude oil production in the district totaled 32,484,000 barrels in September against 33,108,000 in August and 34,501,500 barrels in September a year ago. The decline was more than accounted for by the shorter month as the daily Chevrolet Company, Inc., of Boise City, Okla., for storing a 1934 four-door Plymouth sedan. The ticket was dated Oct. 19 and was for one week's storage at \$1.50, and was made out in the name of Smith.

Chief Ingram telephoned to Boise City and checked up on the car and found that it was the one which Teasley was driving the

## Motley Is Given Five Year Sentence; Will Be Suspended

Glen Motley was adjudged guilty of murder without malice and forethought of Carl D. Herring and given a five year suspended sentence Thursday in the 88th district court.

J. Frank Sparks, attorney for Motley, had entered a plea of not guilty on the opening date of the trial. Testimony of state and defense witnesses occupied Tuesday and Wednesday of the trial.

## Methodist Church Elects Stewards For Coming Year

At the fourth quarterly conference Monday night, the following men were elected stewards for the new conference year which begins Monday, Nov. 12:

A. N. Larson, R. S. Balch, A. E. Crawley, Ray Campbell, S. M. McAnelly, B. A. Tunnell, S. P. Boon, W. H. Clarke, Vernon Deffenbach, Walter Harwell, P. O. Hatley, H. H. Durham, J. W. Harmon, Floyd Killingsworth, J. E. Matthews, B. H. Peacock, A. J. Rathoff, J. F. Warren, C. D. Woods, H. O. Woods, C. P. Ashcraft, J. Ott Blair, John D. Hamilton, Odell Bailey, Gaston Dixon, Jesse Weaver, Claude Gunn and Dr. G. E. Haslam.

The ladies of the Missionary society served a banquet for the West Cisco District Young People's Union Tuesday night, Oct. 30. Delegations attended from Cisco, Breckenridge, Caddo, Eastland and Ranger. New officers for the coming year were installed as follows: President, Miss Marie Galloway; Ranger; vice president, Miss Betty Matthes, Breckenridge; secretary, Miss Rachel Clarkson, Cisco; publicity superintendent, Ralph Mason, Eastland. A program of music, stunts, etc., was rendered in connection with the banquet.

Next Sunday is the last of the conference year and the pastor, Rev. J. M. Bond, will leave for conference at Fort Worth next Tuesday. It is believed that his budget will finish the raising of its church by next Sunday, and announcements will be made at both the morning and evening services as to the progress being made.

After an investigation Thursday morning it was evident that Brown had torn a blanket into narrow strips, had tied a salt shaker to the end and had thrown one end out the window, where confederates tied on hack saw blades, which were drawn back into the jail.

About midnight, Chief Ingram and Patrolman Pledge locked Brown in a lower cell in the cell block. Sometime between midnight and daylight he sawed off one end of a bar to the cell, bent the bar inside the cell and crawled through the small opening.

The prisoner then climbed to the top of the cell block where he could reach the window and sawed out five bars to complete his escape. He lowered himself to the ground on a blanket that was tied to the bars on the window.

The escape was first discovered when the blanket was seen hanging out the window. The hole in the cell, through which Brown escaped, measured only seven and a half inches by 11 inches, while the hole in the window, through which he crawled to complete his escape, measured but nine and a half inches by eleven and a half.

Brown was arrested Wednesday afternoon on suspicion when he tried to sell a 1933 Chevrolet car. He had had the motor removed from the car, which bore an Oklahoma license, stating that he was trying to put it in a truck, and was trying to sell the body and chassis of the car, without a motor in it, when he was arrested.

When searched the police found a storage ticket on the Five States

(Continued on page 3)

## SAWED BARS IN RANGER JAIL AND ESCAPED

J. D. Brown, 27, of Oden, suspect arrested Wednesday afternoon by Chief of Police Jim Ingram and Constable John Barnes, who was wanted in connection with the kidnaping of R. L. Teasley of Fort Worth on the night of Oct. 15, escaped from the Ranger city jail Wednesday night by sawing the bars of his cell and then sawing bars of the run-around.

The escape was made early Thursday morning when Bonds Martin, city fireman, who was serving as night desk sergeant, went off duty. Martin, who is slightly deaf, had heard nothing during the night that caused him to suspect that Brown was attempting to escape.

After an investigation Thursday morning it was evident that Brown had torn a blanket into narrow strips, had tied a salt shaker to the end and had thrown one end out the window, where confederates tied on hack saw blades, which were drawn back into the jail.

About midnight, Chief Ingram and Patrolman Pledge locked Brown in a lower cell in the cell block. Sometime between midnight and daylight he sawed off one end of a bar to the cell, bent the bar inside the cell and crawled through the small opening.

The prisoner then climbed to the top of the cell block where he could reach the window and sawed out five bars to complete his escape. He lowered himself to the ground on a blanket that was tied to the bars on the window.

The escape was first discovered when the blanket was seen hanging out the window. The hole in the cell, through which Brown escaped, measured only seven and a half inches by 11 inches, while the hole in the window, through which he crawled to complete his escape, measured but nine and a half inches by eleven and a half.

Brown was arrested Wednesday afternoon on suspicion when he tried to sell a 1933 Chevrolet car. He had had the motor removed from the car, which bore an Oklahoma license, stating that he was trying to put it in a truck, and was trying to sell the body and chassis of the car, without a motor in it, when he was arrested.

When searched the police found a storage ticket on the Five States

TWO STORES FOR YOUR CONVENIENCE

No. 1 Store—RANGER No. 2 Store—

373 North Oak St. 114 North Austin St.

### Pastor Gives Blood To One Parishioner

AKRON, O.—A Nebraska minister administered physical as well as spiritual aid to one of his flock, at the general conference of Evangelical Churches, held here.

W. B. Stoltz, 61, of Milford, Neb., commissioner of Seward county, lay delegate to the conference and Nebraska, was taken to People's hospital after suffering an internal hemorrhage. His pastor, Rev. B. Hillier, also of Milford, furnished a pint of blood for a transfusion.

### Communists to Cost Syracuse \$87,000

SYRACUSE, N. Y.—It will cost the city of Syracuse \$87,000 in order that the 23 enrolled communists here may cast their votes in the November elections.

Mayor Roland E. Marvin has appealed to Governor Herbert H. Lehman in an effort to find a way to avoid the expense. The state's chief executive, however, replied that according to law Syracuse must permit the enrolled communists to cast their ballots.

As a result, the city must buy 87 new machines to supplant old ones which do not have the necessary eight rows for various party candidates.

### Museum Plans Two New Lecture Courses

PHILADELPHIA.—Pennsylvania Museum of Art and the Pennsylvania School of Industrial Art will offer two new series of free public lectures this winter.

The first, to be on the topic "Philosophy of Art," will be presented Jan. 2, and the other, "Art and Civilization," Jan. 9.

Among the many prominent philosophers to speak here during the lectures are Dr. DeWitt Henry Parker, of Ann Arbor, Mich.; Dr. Erwin Panofsky, of New York university; Dr. John Dewey, of Columbia university, and Dr. Lewis W. Flaxus, of the University of Pennsylvania.

Dr. Gustav Pauli, of Kuntzthal, Hamburg, famous German thinker, and Randa Coomaraswamy, of the Boston Museum of Fine Arts, are also expected to attend the lectures. Coomaraswamy is considered an authority throughout the world on Indian art.

Maybe it shows to what low estate the republican party has fallen, that a Maine elephant rushed by plane to St. Louis, weighed only 268 pounds.—Omaha World-Herald.

### High-Stepping Trio

Joan Blondell, Dick Powell, and Ruby Keeler shake three wicked hooves in this scene from "Dames," Warner Bros.' newest musical, coming to the Arcadia Saturday. A cast of screen favorites, including Guy Kibbee, Hugh Herbert, ZaSu Pitts, and the glorious Busby Berkeley beauties, make the picture one you won't forget!

### El Paso Claims Champ Egg Eater

EL PASO, Nov. 1.—John de Voto, cafe operator, has been crowned champion egg eater of El Paso.

He ate 60 eggs and topped his meal off with a mug of beer and a ham sandwich before sauntering off to claim a drug store's offer of a "full meal" for the winner.

His nearest competitor, Lee Dodrill, walked away from the table after consuming 32 eggs.

All the spectators were awed by the feat except "Myrtle," a woman from Kansas City, who hurled a challenge at the egg eater as he left.

The champ and the new challenger are expected to stage another contest soon.

### Married Men In Dallas Are Happy

DALLAS, Oct. 31.—Married men are happier than married women in this city.

Such at least is the conclusion of a survey completed by the Council of Chambers here.

The survey also disclosed that marriages later in life are "notably happier than earlier ones," and that young people are not "properly educated" for marriage.

EAST LIVERPOOL, O.—Mrs. WOMAN PASSES 100 MARK Nancy Ormes, whose father, James Coal, was a pioneer farmer, and whose mother was a full-blooded Indian, has just celebrated her 100th birthday anniversary.

Byrd's party reports it made only 38 miles in six days, due to a raging blizzard. Oh, well, they're not going anywhere.

### Arlington Man Was Once Expert at Scalping People

ARLINGTON, Nov. 1.—Lifting scalp is a lost "art," but once upon a time W. M. Hall could do it with the speed and finesse of a Comanche brave.

There really wasn't much to it, Hall will tell you—just a circular swing with the knife, a jerk at the top-knot or scalplock, and the thing was done.

To moderns, that may seem a cruel and cold-blooded thing, but to the old-time frontiersmen it was a custom to meet the Redman at his own methods. Now 80 years old, Hall recalls the day when the practice was something of an outdoor sport in Texas.

Hall has carried home several scalps himself, six or seven, he doesn't remember the exact number. But there's one in particular he does remember. He collected it when a lad of 15.

In 1871 he was with a group of settlers taking wheat to mill when a band of Comanches attacked the party, 22 miles south of what now is Comanche, Tex. The settlers succeeded in putting the Indians to flight after young Hall, with his last shot, felled the chief.

The next day the settlers returned with a larger party and took up the Comanche's trail. The party found the chief's body hidden under a rock.

"We pulled him out and I scalped him," Hall said. "And I was glad to do it, for the Indian was wearing several scalps on his belt that didn't come from Indian heads."

PLANS TEMPERANCE COURSE AUGUSTA, Me.—A temperance course will be inaugurated in all schools in Maine. Bertram E. Pack-

### Humming Bird Routed Huge Eagle

KERNVILLE, Calif.—His Highness, the large golden eagle, who is often seen floating majestically high above the hills in this section, hung his head today and brooded.

The reason for his sorrow, according to H. M. Calkins, local resort owner, is a good and sufficient one.

While in the mountains recently, Calkins observed the eagle perched high up in a pine tree, twisting about, flapping its great wings and giving vent to an occasional "squawk." Approaching, it was discovered that the huge bird was attempting to fend off the vicious attacks of a humming bird, small-est of feathered creatures.

The David and Goliath battle evidently had been going on for some time, Calkins reports, as the eagle fled shortly in complete rout.

### 'Dames' Is Mammoth Musical Comedy at Arcadia This Week

"Dames," Warner Bros.' newest and most spectacular musical comedy romance, comes to the Arcadia Theatre Saturday, with an all star cast headed by Joan Blondell, Dick Powell and Ruby Keeler.

Three hundred beautiful girls dance and frolic in beautiful and complicated ensembles that are said to be the most novel and most sensational yet created by that master of special numbers, Busby Berkeley.

Dick Powell and Ruby Keeler furnish most of the romance as a pair of lovers whose match is anathema to their families. Three famous comedians, ZaSu Pitts, Guy Kibbee and Hugh Herbert, provide a large share of the comedy.

### HOLEPROOFS SOCK OF THE MONTH

Guaranteed 65¢ VALUE Special THIS MONTH 50¢

You'll enthuse over this new Sock of the Month, or we miss our guess. It's a pure silk sock — with raised self stripes in a checked effect. An outstandingly fine design, harmonizing with the self patterns favored in suits and neckwear. It won't stay in stock long at 50¢!

PAIR BUILD OWN CASKETS RIPLEY, W. Va.—Cottageville, a village near here, can boast of two extraordinarily foresighted residents. They are W. L. Beckwith, 72 years old, and G. W. Sayre, 96 years old, both of whom have built their own caskets and erected their own monuments.

DESDEMONA

A. C. Robert drove to Market on business Saturday. Mr. and Mrs. Ray Stark attended the Indiana-Ranger football game at Ranger Saturday and afterwards visited her parents, Mr. and Mrs. C. H. Everett at Olden.

Robert Howell, who is a student at S. M. U. at Dallas, spent the week-end here with his parents, Rev. and Mrs. Z. L. Howell. Mrs. V. C. Moser, her husband and little son, Dan, of Lometa, were also guests of Rev. and Mrs. Howell.

W. W. Hickey of Stephenville visited his mother, Mrs. R. K. Glanton, and his half-sister, Mrs. W. E. Barron, and family Sunday.

Rev. Sherrod Stover of Fort Worth came in Sunday night for a visit with his parents, Mr. and Mrs. S. T. Stover.

Mrs. S. K. Shuler and daughter, Mrs. Bobbie Terry, of Stephenville, were here on business Monday.

Misses Doris and Bernice Roe of Abilene spent the week-end here with their parents, Mr. and Mrs. Hugh Roe.

Mr. and Mrs. Aaron Henkle left Wednesday for their home at Longview after a short visit with her parents, Mr. and Mrs. W. H. Davis and his uncle and aunt, Mr. and Mrs. A. B. Henslee. Their many friends as well as relatives are always glad to welcome them back to town.

Mr. and Mrs. Melvin Harrison of Burkburnett visited here last week at the homes of their parents, Mr. and Mrs. Ed Riley and Mr. and Mrs. Harrison Sr. On Wednesday night they were guests of Mr. and Mrs. Robert Snead.

Marion Williams and family and Mr. and Mrs. Rogers of Midland left Wednesday after having visited Mr. and Mrs. M. P. Williams for a few days.

Mrs. Roy Ashburn and Mrs. I. N. Williams drove to Fort Worth Monday of last week and remained until Friday, attending the Grand Chapter of the Eastern Star. On Thursday Mrs. R. J. Xrapf, Mrs. C. W. Malby, Mrs. Fred Welder and Mrs. Clarence Ragland attended the closing session.

Weldon Rushing of Arp came in Monday evening for a few days visit with his mother, Mrs. J. H. Rushing Sr.

Mr. and Mrs. E. H. Everett of Olden spent Monday night with their sister and brother-in-law, Mr. and Mrs. Bailey Stark.

Mr. and Mrs. T. J. Morris of Carbon spent Sunday with Rev. and Mrs. Z. L. Howell, who had lived at Carbon four years before Rev. Howell came to Desdemona. Mr. and Mrs. Morris have lived in Carbon many years. Mr. Morris had one of the first stores there.

The many friends of Whit Richards are glad that he was able to be brought home Sunday from the sanitarium at Gorman, where he had been recovering from an operation for appendicitis.

Mr. and Mrs. A. B. Henslee entertained Saturday night with a party.

Mrs. D. E. Hoover and son, Calvin, returned Saturday from Hobbs, N. M., where they had gone to take Mr. Hoover back to his work. Mr. Hoover is building a home at Cooper, which is nearer the Humble camp than Hobbs, and Mrs. Hoover and Calvin will move out there soon. On their return Mrs. Hoover visited her sister at Big Spring and Mrs. Roy Rushing, who went with them, visited Mrs. G. C. Graves, who moved to Big Spring from Desdemona several years ago.

Guy Bruce of Kilgore came in the first of the week to visit his parents, Mr. and Mrs. G. C. Bruce, and his many friends.

J. H. Adams and Mr. and Mrs. Robert Snead were shopping at Cisco Saturday.

On Tuesday of last week the "21" Study club of Desdemona met with the Excelsior club of Gorman for their annual exchange program. Mrs. Andrew Mehaffey was hostess and was assisted by Mrs. Ernest Tetens. About 40 members and guests were present. The Desdemona club presented the program which was one of the series on "The Art of Living." The leader was Mrs. Mattie Henry, who discussed "The Right Use of Leisure." Mrs. W. E. Barron then talked on "Making a Family Survey and Systematic Spending." The next was a paper on "Cost and Benefit of Insurance," by Mrs. Gifford Acres. The closing number was a talk on "Financial Knowledge Every Family Should Have and Investing the Family Savings," by Mrs. C. W. Malby. At the close of the program the guests were invited into the dining-room, where refreshments were served buffet style from a lace-covered table presided over by Mrs. Luther Wright at the coffee urn and Mrs. L. A. Moake pouring tea. Those from Desdemona who attended were Mrs. A. B. Henslee, W. E. Barron, S. E. Snodgrass, A. C. Robert, A. C. Moore, Mattie Henry, W. H. Davis, Aaron Henkle of Longview, Gifford Acres, C. W. Malby, Fred Welder, John Menhall, Clarence Ragland, and W. C. Bedford.

Mrs. W. R. McGowan of Longview and her daughter, Mrs. Eugene Ashley, and baby of Eastland, visited their many friends and former neighbors here Friday.

On Sunday night Rev. Z. L. Howell went to DeLeon and Rev. Benson, pastor of the Methodist church there, came here, exchanging pulpits. Rev. Benson preached on "The Glories of Methodism" and at

WAYLAND

The close of the service received on new member. Glenn Griffin of Kilgore, who has been suffering for several weeks from an injured leg, came in Monday for a visit with his brother-in-law, J. E. Heeter, and wife. His many friends were glad to see him and know that his leg was healing.

Mr. and Mrs. Arnold Anderson went to Fort Worth on business Tuesday of last week.

Roy Ashburn and family attended the carnival at DeLeon Saturday night.

Mr. and Mrs. W. C. Bedford drove to Ranger Saturday morning to take Mrs. L. R. Hughes, who had been their guest since Thursday. Mrs. Hughes and her husband, and son, Junior, lived here from 1919 to 1924, and were among our most popular families. Mr. Hughes had come to Fort Worth to attend the meeting of county judges and commissioners. The Hughes family have lived in Kansas City, Mo., since leaving here. The many friends of Mrs. Hughes were delighted to see her.

Rev. and Mrs. L. Z. Howell and daughter, Lois; Mrs. S. E. Snodgrass, Miss Mollie O'Rear, Mrs. Charles Lee, Mrs. G. S. Bruce, Mrs. Ed Parks, Mrs. W. E. Barron, and Miss Edna Parks attended quarterly conference at Olden Friday.

Most of the school children attended the circus in Breckenridge Wednesday.

On Friday, Nov. 9, the patrons will meet at the schoolhouse for a general cleanup. Scrubbing, painting, repairing, kalsomining, giving a brand-new finish to the building, will be the order of the day. The state department of education is helping in this movement by granting \$100 to the Wayland district for this purpose.

Wednesday evening, Oct. 31, the Wayland Parent-Teacher association sponsored a Halloween party at the schoolhouse. Mrs. George Fambro was awarded the prize for being dressed the spookiest. In the bride and groom rapid dressing contest Mr. Byrd and Miss Quinn took the prizes. Mrs. Mansker won the prize in the advertising contest.

Many games and contests were played during the evening and enjoyed by a large crowd. Exploratory parties were then organized and sent on a treasure hunt. A note on the cemetery gate directed the explorers through the cemetery and then through the haunted house. After going over dummies, springs, through cobwebs and climbing a creaky staircase, the treasure was discovered and snared by the guests. They then returned to the schoolhouse and were served coffee and cookies.

Miss Mildred Love of Alameda was the guest of Miss Cora Campbell Saturday night.

George Barton of Ranger was here on business Monday.

Mrs. Cam Lee spent Friday with Mrs. Elmer Daffern.

Miss Eunice Rotan of Alameda spent the week-end with Miss Cora Campbell.

Mrs. Kate Vestal and Miss Kathryn Renfro of Fort Worth were house guests of Mr. and Mrs. Jid Blackwell this week.

Miss Eloise Pedigo was the guest of Miss Bertha Yardley Sunday night of last week.

Several from this community attended the school play at Salem Friday night.

Mr. and Mrs. Wilbur Reneau and Mr. and Mrs. Michel Campbell of Dallas, Mr. and Mrs. Jim Stiffler and Mr. and Mrs. Reed Campbell of Ranger visited their father and mother, Mr. and Mrs. E. M. Campbell.

Several from this community attended church Sunday at the Church of Christ at Cheaney.

The Halloween party last Saturday evening, Oct. 27, at the home of E. W. Minter, was enjoyed by all. The rooms were decorated in Halloween style. After the arrival of the guests games were played and then parties were chosen. They were then escorted to "the spooky barn" by ghosts. The barn was decorated in Halloween fashion. After going through many different thrills, they then returned to the house, where they had music, furnished by D. H. Hale, R. V. Daffern, Jesse Minter and Raymond Rodgers. The following were present: Messrs. and Mrs. V. E. Pedigo, A. H. Dean, R. V. Daffern, R. L. Yardley, W. J. Jones, E. M. Campbell; Mrs. Kate Vestal, Eya Martin and Jid Blackwell; Misses Kathryn Renfro, Eloise Pedigo, Mildred Love, Vera Rae Wisdom, Florence Rodgers, Elaine Hale, Bertha Yardley, Eunice Rotan, Juanita Browning, M. Lemley, Cora Campbell, Mona Jack Burrow, and Ella Louise Burrow; Messrs. D. H. Hale, George Harper, Terrell Hale, Raymond Parks, Raymond Rodgers, Leffel Hale, Eibar Jones, Ernest Kitchen, C. V. Harper, Herbert Love, Jack Love, Leo Kitchen, Truman Elrod, A. D. Lewis, J. B. Love, Howard Pedigo, and Lanoise Hale.

Harold Ham, who attends school here, was taken to Ranger Wednesday to have his leg treated. His leg was broken during school last year and it still gives him some trouble.

There will be Sunday school here Sunday at 9 o'clock. Everyone is invited to come.

There was a nice crowd here for singing last Friday evening. Everyone enjoyed the singing. We are in hopes everyone will attend every Friday evening.

Mrs. Eva Martin and children of Fort Worth, who have been visiting Mrs. E. W. Minter, left for their home Sunday morning.

Mr. and Mrs. W. J. Jones and son visited "Grandma" Hale this week-end.

September cotton receipts at Houston and Galveston showed less seasonal expansion compared with August but were considerably smaller than for last year.

Cotton exported from the United States during September amounted to 479,861 bales compared with 267,562 bales in August and 869,244 bales for September, 1933. During the current season exports of cotton to all countries which are important importers of American cotton showed large declines from a year ago.

Wholesale trade in the district was about the same for September as for August whereas normally September sales show a considerable decline.

The daily average of combined net demand and time deposits of member banks again reflected substantial expansion compared with the previous month. Loans and investments in member banks in selected cities showed noticeable gains between September 12 and October 10. The demand for reserve bank credit remained light and the loans to member banks at the middle of October amounted to only \$57,000.

Mr. and Mrs. Wilbur Reneau and Mr. and Mrs. Michel Campbell of Dallas, Mr. and Mrs. Jim Stiffler and Mr. and Mrs. Reed Campbell of Ranger visited their father and mother, Mr. and Mrs. E. M. Campbell.

Several from this community attended church Sunday at the Church of Christ at Cheaney.

Harold Ham, who attends school here, was taken to Ranger Wednesday to have his leg treated. His leg was broken during school last year and it still gives him some trouble.

There will be Sunday school here Sunday at 9 o'clock. Everyone is invited to come.

There was a nice crowd here for singing last Friday evening. Everyone enjoyed the singing. We are in hopes everyone will attend every Friday evening.

Mrs. Eva Martin and children of Fort Worth, who have been visiting Mrs. E. W. Minter, left for their home Sunday morning.

Mr. and Mrs. W. J. Jones and son visited "Grandma" Hale this week-end.

September cotton receipts at Houston and Galveston showed less seasonal expansion compared with August but were considerably smaller than for last year.

Cotton exported from the United States during September amounted to 479,861 bales compared with 267,562 bales in August and 869,244 bales for September, 1933. During the current season exports of cotton to all countries which are important importers of American cotton showed large declines from a year ago.

Wholesale trade in the district was about the same for September as for August whereas normally September sales show a considerable decline.

The daily average of combined net demand and time deposits of member banks again reflected substantial expansion compared with the previous month. Loans and investments in member banks in selected cities showed noticeable gains between September 12 and October 10. The demand for reserve bank credit remained light and the loans to member banks at the middle of October amounted to only \$57,000.

Mr. and Mrs. Wilbur Reneau and Mr. and Mrs. Michel Campbell of Dallas, Mr. and Mrs. Jim Stiffler and Mr. and Mrs. Reed Campbell of Ranger visited their father and mother, Mr. and Mrs. E. M. Campbell.

Several from this community attended church Sunday at the Church of Christ at Cheaney.

The Halloween party last Saturday evening, Oct. 27, at the home of E. W. Minter, was enjoyed by all. The rooms were decorated in Halloween style. After the arrival of the guests games were played and then parties were chosen. They were then escorted to "the spooky barn" by ghosts. The barn was decorated in Halloween fashion. After going through many different thrills, they then returned to the house, where they had music, furnished by D. H. Hale, R. V. Daffern, Jesse Minter and Raymond Rodgers. The following were present: Messrs. and Mrs. V. E. Pedigo, A. H. Dean, R. V. Daffern, R. L. Yardley, W. J. Jones, E. M. Campbell; Mrs. Kate Vestal, Eya Martin and Jid Blackwell; Misses Kathryn Renfro, Eloise Pedigo, Mildred Love, Vera Rae Wisdom, Florence Rodgers, Elaine Hale, Bertha Yardley, Eunice Rotan, Juanita Browning, M. Lemley, Cora Campbell, Mona Jack Burrow, and Ella Louise Burrow; Messrs. D. H. Hale, George Harper, Terrell Hale, Raymond Parks, Raymond Rodgers, Leffel Hale, Eibar Jones, Ernest Kitchen, C. V. Harper, Herbert Love, Jack Love, Leo Kitchen, Truman Elrod, A. D. Lewis, J. B. Love, Howard Pedigo, and Lanoise Hale.

Harold Ham, who attends school here, was taken to Ranger Wednesday to have his leg treated. His leg was broken during school last year and it still gives him some trouble.

There will be Sunday school here Sunday at 9 o'clock. Everyone is invited to come.

SALEM

We are having some nice weather at present. The farmers are almost through gathering their peanut and cotton in this community.

Rev. Howell of Desdemona filled his regular appointment here Saturday night and Sunday.

Mr. and Mrs. Ila Redwine visited her brother, Taylor Varner, and wife, of the Howard community, Saturday night and Sunday.

Council Varner and Elmon Wayland of Jakesham visited Mr. and Mrs. I. C. Redwine Friday night and attended the play at this place.

Mrs. John Ivy and children of Ranger attended church here Saturday night and Sunday and visited her parents, Mr. and Mrs. W. H. Sparger.

Mrs. I. C. Redwine and Mrs. E. H. Redwine drove over to Gorman on business Tuesday.

Junior Redwine was on the sick last Monday but he is improving now.

Mr. and Mrs. Jay Bowles of Alameda visiting her sister Friday night and attended the play here.

Rev. Ripstone will preach at this place Saturday night and Sunday. The singing at this place has been changed from every Sunday night to the first and third Sunday nights. Everyone is invited to attend.

Curtis and Grady Redwine visited Warren and Montie Cameron Sunday.

Mrs. Wade Salyer and Mr. and Mrs. Hubert Rainey and Mr. and Mrs. George Hughes visited their parents Friday night and attended the play.

Mr. and Mrs. W. H. Sparger and

Ila and Junior Redwine drove up to Olden Tuesday on business.

Mr. and Mrs. Jess Hughes and Mont Manchester attended church at Alameda Sunday night.

Mrs. John Fonville, Lee Fonville and Mrs. Zelvin Fonville drove over to Gorman on business Saturday.

Denzel Rainey visited Edith Cameron Sunday.

Mrs. Oden Lee spent Monday with Mrs. R. A. Highsmith.

Mrs. Wanda Ivy spent Saturday night and Sunday with Bartlee Cameron.

B. A. Highsmith was in Eastland on business Tuesday.

Dalva Fox spent Sunday with Inez Highsmith.

Mont Manchestra visited Lawrence Hughes Sunday.

Mrs. Zelvin Fonville is spending a few days with Mr. Fonville's parents, Mr. and Mrs. John Fonville. T. J. Rainey has been on the sick list this week.

Tobe Johnson visited Tom Ables Tuesday and Wednesday.

Mr. and Mrs. H. D. Browning visited in the home of J. W. Kitchen Sunday.

Mr. and Mrs. Cam Lee were Gorman visitors Sunday.

Mr. and Mrs. Elmer Danley and

daughter of West Texas visited Mrs. J. R. Hale this week-end.

Miss Elaine Hale spent last week in Hockley with relatives.

Misses Mozelle Hale and Mona Burrow visited Miss Frances Ferrell Saturday.

Miss Maydell and Otha Thomas visited Ella and Mona Burrow Sunday.

Mrs. Ola Dunlap, Callie Lell, Ida Kitchen, Emma Ferrell and son, Grandma Daffern, Georgia Daffern, Grandma Hale, Lizzie Campbell and daughter, Cora, spent the day Tuesday with Mrs. Oma Daffern.

Mr. and Mrs. Dave Hamilton and son spent Monday night and Tuesday with Mr. and Mrs. H. D. Browning.

Mrs. Roy Thomas and baby spent Monday with her mother, Mrs. J. H. Ainsworth.

R. R. Browning and E. M. Campbell were in Ranger Tuesday.

Grandma Hale visited Grandma Daffern Monday.

Mr. and Mrs. Henry Dunlap visited Mr. and Mrs. Wesley Dunlap Sunday, near Carbon.

My ties, standard length and weight. Price \$1.25, at Mickle's Adv.

My ties, standard length and weight. Price \$1.25, at Mickle's Adv.

My ties, standard length and weight. Price \$1.25, at Mickle's Adv.

### OLDEN

Mr. and Mrs. Arnie Fox of Stamford visited Mr. and Mrs. Claude LeClaire here Sunday. Mr. Fox is Mrs. LeClaire's brother.

Miss Faye Dick has been ill for several days but is reported improved at this time.

Miss Nanell Canafax, daughter of Mr. and Mrs. Dick Canafax of Miwa, spent the week-end here at the home of Jean Adams and Mary Ford.

Jack Stephens visited relatives in Stephenville Saturday and Sunday.

Mr. Reeves, who is with the Magnolia Oil Company here now, visited his wife and other relatives near Stephenville over the week-end, returning to Olden Sunday evening.

Many Olden football fans attended the Ranger-Abilene game in Ranger Saturday.

Mrs. Carl Bonneau and son Carl Jr., of Trent, visited friends in Olden Saturday and attended the Ranger-Abilene game in Ranger. Carl Jr. is attending school at Abilene this year.

A party of young folks enjoyed a pre-Hallowe'en party at the Olden Hotel Friday night, guests of Jean Adams and Lena Norton. Games, bridge and dancing furnished the entertainment and the guests who came in clever and fancy costumes made merry until the witches' hour of midnight. The house was decorated in orange and black and Hallowe'en motifs. Fruit punch and hob goblin Hallowe'en cakes were served during the evening. Those attending were: Misses Nanell Canafax of Miwa, Katherine Stanton, Mary Evelyn and Frances Edwards, Louise Dick, Goldie Brashear, Ruby Curry, Mildred Wynn, Elizabeth Everett, Mary Ford, Lena Newton and Jean Adams. And Messrs: Sidney Spulver, Johnny Jorrett, Baldrige Crawford, Walter Lee and Earl Connell, D. M. Coffins, Johnnie Roberts, Aubrey Gooden, Bill Allsup, Chuck Davis and John Ford.

Mr. and Mrs. J. A. Upton and Eloise Morton attended the Eastland-Weatherford game in Weatherford Friday. Cordell Upton plays on Eastland's team.

A number of Olden people attended the homecoming celebration in Breckenridge last Friday and saw the Cisco-Breckenridge football game there.

Mrs. M. C. Archer and daughter, Mrs. Bessie Purifoy, and two children, left early Sunday for San Antonio where they expect to spend the winter.

The Hallowe'en entertainment, under the auspices of the Olden P. T. A., was to be held Wednesday night at the school house. The new first grade room was to be used for the programs given by various classes and refreshments were to be sold outside. A large crowd was anticipated.

Mr. and Mrs. Chas. Peterson have moved into the Archer house here.

Mrs. Willis Singleton of Graham will arrive Friday for a week's visit with Mary Ford and the L. V. Ford family.

Mr. and Mrs. Carl Jones and little daughter visited Mrs. Jones' relatives in Erath County Sunday.

Mrs. Jim Woods and son Lloyd, visited Mrs. Wood's daughter Hazel in Stephenville, Sunday. Hazel is attending Tarleton College there this year.

### Once Deserted Town Now Hums With New Activity

JAL, N. M.—Ghosts are walking here again—ghosts of oil and riches.

A town which sprang from nowhere in 1925-1928, when tests proclaimed the presence of petroleum and dreams proclaimed the imminent establishment of another Ranger or even Tulsa, settled back to quiet and desolation with the same magic alacrity, when the depression hit.

Hoaxes could be had for a song. False rumors in the street disturbed only their own echoes.

When in 1933 came a revival of the oil industry. With it came the time when many companies which held lease in Jal had to drill on their properties or release them. Great drilling activity began.

People poured into town again. Poverty who again smelled oil and the hope of wealth.

Theatre will open soon. New hotels and a \$15,000 tourist camp are on the building program. City-B-2of etainshrdlemuprfyvb

Union Sinclair says he stands for common sense in government. Who who can say he isn't radical. —Ante. (Ga.) Journal.

### A Three Days' Cough Is Your Danger Signal

Don't let them get a stranglehold. Fight them quickly. Creonin combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creonin. (adv.)

**FLAN WORLD TOUR**  
VANCOUVER, B. C.—An attempt to circumnavigate the globe in a home-made 32-foot sail boat equipped with a motorcycle engine

auxiliary motor will be made by Ian McDonald of Calgary, Alta., and William Banks of Vancouver. The men attached an airplane propeller to the motorcycle engine

to furnish an artificial breeze when becalmed.

A college librarian reports 14 per cent more books taken out

by students last academic year than in the one preceding it. If this keeps up, even the star tackles and halfbacks will be learning how to read.—Washington Star.

**PART OF TOWN WILL BE SOLD**  
WORLAND, Mo.—About a third of this little town, once in the center of an active coal mining district, will be sold, Nov. 4,

for taxes. Pete Bradley, sheriff, said the sale would consist of town lots on which about \$500 in taxes is due. They will go to the highest bidder.

"Mahatma Gandhi will retire." —Calcutta cable. At least it should not take him long to prepare himself for bed.—New Orleans Times-Picayune.

**Court of Honor**  
U. R. Ussery presided at the court of honor held last Monday night in Carbon. He was assisted on the court by W. E. Trimble and Edwin Allison. A good number of scouts appeared for advancement, and an attractive and interesting tenderfoot and investiture ceremony preceded the court of honor program. Following the presentation of awards the program consisted of patrol stunts, and games directed by Professor Estes. Indian dances were put on by some scouts from Brownwood. The troop had an excellent display of hand-craft work. The troop is led by Scoutmaster F. M. Wood and Assistant Scoutmaster J. V. Thompson. Several citizens present gave testimony of the appreciation of scouting and the efforts put forth by the leaders.

**Good Turns**  
Scouts of the various troops in Breckenridge took part in activities during the Breckenridge homecoming jubilee, that was held last Friday and Saturday.

**Troop Paper**  
Scoutmaster Henshaw, Troop No. 20, sent a copy of a paper edited by scouts of his troop to this office the other day, which shows what a group of boys can really do when they set out with a real scout spirit to accomplish some objective.

**Hikes**  
At 5:30 Friday evening nine scouts of Troop No. 8, with their assistant scoutmaster, Robert Silverman and junior assistant scoutmaster, Roy Owens, hiked to a camp site on the bayou. The boys gathered wood enough to build a large camp fire, over which their supper was cooked. There was a story hour around the camp fire after the evening meal. At midnight the boys were awakened by Mr. Silverman who had prepared a surprise lunch for them. The next morning after the scouts had cooked and eaten their breakfast, some games and drills were engaged in before camp was broken and the hike to town begun.

Scoutmaster Dan Gill of Troop No. 2 and 11 of his scouts left their

troop headquarters at 6:30 Saturday morning on a hike to the city park. Four scouts passed hiking tests during the hike. The noon meal was cooked "imu" style. Before hiking back to town the regular weekly meeting of the troop was held.

**Appointment**  
During the regular Thursday night meeting of Troop No. 8, Brownwood, Scout Roy Owens was appointed junior assistant scoutmaster. Also the troop was divided up into patrols. Scout Homer Allen is leader of the Hawk patrol and Scout Charles Lockwood will lead the Flying Eagle patrol.

**Nevada County Leads Nation In Number Weddings**

CHICAGO.—Ormsby county, Nevada, on the California border, is the "merryest" county in the nation, a report of the American Legislators association reveals. Each year, 638 persons per 1,000 of the population consummate 319 marriages.

But it's not the local boys and girls who make business brisk for nuptials and other official wedders. By far the greater proportion of ceremonies united out-of-state "visitors."

Conservative marriage laws in California are believed responsible for Ormsby county's marriage "gold mine." Runner up in proportionate weddings is Yuma county, Arizona, also on the California border. As Ormsby serves northern California trade, so Yuma handles rural orders for the southern section of the sunny state.

**Atlas Company Raises Crude Price**  
HOUSTON, Oct. 31.—The Atlas Pipe Line company of Shreveport today restored its East Texas crude oil price of \$1 a barrel. The new quotation was retroactive to Oct. 23. Two weeks ago the company cut East Texas crude prices to 62 cents, but no other major purchasers took similar action.

**DEMIOHON 200 YEARS OLD**  
UNION CITY, Tenn.—A small bottle, or demiohon, which is over 200 years old and which has been in her family five generations is the proud possession of Mrs. N. E. Jenkins of Union City.

**Bilbo to Try to Outshine Kingfish**

WASHINGTON.—Theodore G. Bilbo, former governor of Mississippi and more recently a newspaper clipper at the department of agriculture, is coming to the United States senate on the wings of one of the most publicized remarks of 1934.

Bilbo's promise is to "raise more hell than Huey Long." Bilbo, flamboyant center of Mississippi politics for years, defeated Senator Hubert D. Stephens in the democratic primary, which is equivalent to election in Mississippi.

A consummate showman, Bilbo has a flair for appealing to crowds, making rable-rousing speeches and capitalizing his own personal misfortunes. He twice has triumphed over bribery charges, has been in jail for contempt of court, has been defeated twice for state office—yet now has reached a new high point of political success.

Bilbo was governor of Mississippi during the World war and supported the Wilson administration. Formerly he had been state senator. He became a martyr in the eyes of the people when, claiming an effort had been made to bribe him, he was assaulted by a political enemy and beaten with a pistol butt.

Bilbo was appointed to his \$6,000 job as a clipper of newspapers through the influence of Senator Pat Harrison, Dem., Mississippi. He resigned from that secure to run for the senate. In a driving campaign, in which he stomped the state and lived on hastily eaten, skimpy meals, Bilbo gained a majority of 8,000 votes over Stephens.

Bilbo says he is for president Roosevelt and is expected to vote for the administration except on veterans' legislation and bills which conform to his campaign to seek a wider distribution of wealth.

The capital is awaiting Bilbo's arrival with interest also from a sartorial standpoint. He is fond of red neckties and baggy clothes. He sports a horseshoe pin of diamonds. And Washington is wondering how this ensemble will survive the customs decrees for the dressy functions to which Bilbo will have access in his new role as senator.

**1,331 HOMES, NO BATHTUBS**  
BRIDGEPORT, Conn.—An F. R. A. housing survey revealed that out of 17,000 homes inspected for suggested improvements, 1,331 were found lacking bathtubs. In one district it was found 35.2 per cent of the residents were without bathing facilities.

**FLIERS ASSIGNED TO FIELD**  
SHREVEPORT, La., Nov. 1.—Twenty new officers and ying cadets have been assigned to Barksdale field, raising the field's total licensed flying personnel to 95.

**Texas Fox Hunters Plan Steeple Chase**

HEARNE, Tex., Nov. 1.—England boasts of her steeplechases, and other nations and sections their particular sporting attractions. But the Lone Star State has something of distinction in the way of a "steeplechase."

Texas' steeplechase will take place Nov. 5, and elaborate plans have been under way for several weeks to make the event a success. It will be held on the Hearne-Wheelock road at Camp Ed Wicks, under the auspices of the Texas Fox Hunters Association.

The first event will be derby race, beginning at daybreak on the morning of Nov. 5, and lasting all day.

The next race will be a three-day affair. A bench show will climax the program, and will be judged by Robert Walker, Paint Lick, Ky., who is one of the leading hound dog experts in the United States, Pen Wolf, president of the organization, said.

The "race track" is a 15,000-acre block of sandy land, covered with oak, Spanish mulberry, yucca and bamboo briar thickets, many spring branches and deep gullies. The fox will have ample protection from the hounds.

Between 200 and 300 well-bred hounds will be put into the chase. Scores of full grown wild fox have been released on the grounds. They first were put in pens long enough to become acclimated, then turned loose in the woods.

Hunters throughout the state and adjoining states have cooperated to obtain as many fox as possible so that there will be plenty of game for the chase. Saddle horses will play an important part in the events.

The camp site will be a miniature city in the wilderness when the 5,000 or more guests arrive. Electric lighting systems, a water supply plant, restaurants and other conveniences will add to the comfort of the visitors.

**Fence Post Trees Used to Make Violin**  
OKLAHOMA CITY.—Back in '98, young Farmer M. J. Smith planted a row of satalpa trees on his place down south of Hog Creek. He intended to cut them down in a few years and make fence posts with the wood.

Most of them went that way. But a few were left standing. The farmer, now 62 and retired, has started chopping them down to make, not tough fence posts, but violins. It was just a notion he had that the tough white wood would make good sounding boxes for fiddles.

The violins he makes have an excellent tone.

**Investment Bankers Will Aid Recovery**  
WHITE SULPHUR SPRINGS, W. Va., Oct. 31.—The investment bankers association, in closing its annual convention today, offered its full assistance to the recovery program.

Its newly elected president said a special committee would be formed to take up recovery problems personally with Washington officials.

**MEXICAN PRESIDENT EXPELLS ALL BISHOPS**  
MEXICO CITY, Oct. 31.—President Rodriguez today charged Roman Catholic clergymen with fomenting rebellion and ordered Attorney General Emilio Portes Gil to take action against those found guilty.

His order was believed the first move in a campaign to expel archbishops and bishops from the country and all priests later.

There were reports that every Catholic church in the country would be closed within a month and every priest expelled.

**3,000 WAR PHOTOGRAPHS**  
HOT SPRINGS, Ark.—C. G. Gouy, sergeant in the famed Rain-bow division during the World war, has 3,000 photographs of the war—believed the largest collection in Arkansas.

Howard Carter, who dug up King Tut, now plans to dig up Tut's wife. Just to pay old King Tut back for that famous curse.

**MINGUS**

Special Correspondent

Elmas Nathan of Fort Worth visited his daughter, Mrs. Alex Lewis, recently.

Miss Delphina Beneventi, who is attending school in Abilene, spent the week-end with her parents.

Albert Dow of Haiti, Cuba, is visiting his mother, Mrs. Annie Dow.

Miss Laverne and Ernesteen Andreatta attended the big rodeo in Strawn Saturday.

Miss Mary Reck was shopping in Rafter Thursday.

Dr. Pedigo of Strawn was in Mingus Monday on business.

Mrs. A. Reck and Mrs. Jimmie Cox of Breckenridge were visiting Mr. and Mrs. Angelo Reck and family.

Misses Helen Reck and Eda Gazzola were in Ranger Tuesday shopping.

Luigi Garboni, who has been visiting here from Santa Barbara, Calif., left Friday for his home.

Lawrence Stewart of Mineola, Texas, is home visiting his mother, Mrs. B. H. Stewart.

L. S. Waddington took in the big rodeo at Strawn Saturday.

Mrs. F. H. Hill was called to Cisco, where her sister is in a hospital there to undergo an operation.

**PRESBYTERIAN CHURCH**

Evening worship 7:30 p. m. Sermon topic: "Man, the Image of God."

Christian Endeavor Societies, Senior and Junior, 6:45 p. m.  
Ladies' Auxiliary Monday 3 p. m.

Midweek worship and Study Class Wednesday 7:30 p. m. Chap. 4 of the study book. Come and learn how your church works.

The Little White Church on the Hill is the business of helping others. Is there any way in which we can be of service to you? Come to church.

**Grid Players Brings Carelessness of the Official Criticism**

AUSTIN, Oct. 27.—Carelessness and heedlessness of high school football players was criticized today by Roy B. Henderson, Texas Interscholastic League Athletic director.

"When every precaution has been taken looking to the protection and safety of players there are hazards enough in football," Henderson recently wrote to schools participating in league football.

"It stirs our emotion and we applaud when the fullback spectacularly hurls his helmet toward the sideline and then crashes the line for two yards; we cheer when the crippled captain is rushed into the game to save the 'honor' of the schools. . . . Instead of applauding and cheering such examples let us resolve to eliminate them. Insist that the boys wear helmets and that injured players remain on the bench."

**Farmer Has Own Reduction System**  
SWEETWATER, Oct. 31.—M. A. Daugherty, farmer, believes he can beat the government at its own game—at least in so far as cotton acreage reduction is concerned.

Daugherty believes a farmer would profit by contracting all his land to the government during the coming year and giving it a rest.

The land, if permitted to lie fallow, would produce bumper crops the following year, according to Daugherty, and in addition the farmer would profit by federal funds received for keeping his land out of production.

**CLAIMS BANDMASTER TITLE**  
KIEL, Wis.—Edgar P. Thiesen, 20, director of the 30-piece Kiel community band, lays claim to the title of Wisconsin's youngest band master. He has been a musician since he was seven-years-old.

**KERRVILLE QUINCE GROWS**  
KERRVILLE.—Curiosity was excited here by fruit growing on

an ornamental shrub at a private residence. An ornamental Japanese quince, grafted on imported stock, had a limb to shoot up from below the graft and grow into a quince.

**Introducing Two Well-Known Hosiery Lines—**

**Vanity Fair and Artkist's Neva-Wet**

The ladies of Ranger will be glad to learn that we have a full line of these two popular and nationally advertised lines of Hosiery, and the selection is varied and the price very reasonable considering the quality.

**Vanity Fair KNEELAST**

One feature of this number we would like to stress, and that is that rows of "Lastex" knitted into the welt of the stocking form the patented KNEELAST feature. "LASTEX" not only stretches in every direction, but it also comes back to a snug fit afterward.

You are no doubt aware that there are many grades of silk—but only the finest quality is used in Kneelast.

In Sheer Chiffon Only!

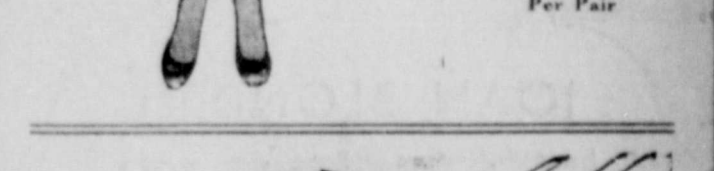

**\$1.35**  
Per Pair

See Our Waterproof Demonstration in Our Window

**Another Vanity Fair Number**  
For the lady who does not like to pay quite as much for her stockings we want to call your attention to a very popular number of Vanity Fair Hosiery which we have in stock. We have them in chiffon and semi-weight, and the new Fall colors are represented. Here is a value that you will readily recognize—

**\$1.00**  
Per Pair

**IMMUNE TO WATER MARKS and MUD SPLASHES**

**ARTKIST NEVA-WET Stockings**

They shed water just like a duck's back! Even if you're caught in a downpour your stockings will stay dry, clean and comfortable. And equally as important the sensational Neva-Wet process increases the wearing qualities of the stocking 10%. They don't snag as easily and are more resistant to runs. Launder them like ordinary stockings.

See Our Waterproof Demonstration in Our Window

RANGER, TEXAS, FRIDAY, NOVEMBER 2, 1934

NUMBER 41

## DEMOCRATS SEEK SENATE CONTROL OF TWO-THIRDS

WASHINGTON — Democratic campaigners believe the Nov. 6 election will give their party a strangle-hold, two-thirds majority of the Senate for the first time since the Civil War.

**35 Senate Seats at Stake**  
Thirty-five Senators are to be elected in 31 States. The 73d Congress alignment was 60 Democrats, 35 Republicans and 1 Farmer-Laborite. Democratic leaders forecast a gain of five seats, one more than a two-thirds count.

Only once in the last 62 years has a complete two-thirds majority existed in the Senate. In the 60th Congress Republicans numbered 61, Democrats 29. That was in the last two years of Theodore Roosevelt's administration. The previous unqualified Republican two-thirds control came in the last two years of Ulysses S. Grant's first term, when there were but 19 Democratic Senators and 54 Republicans.

A Democratic two-thirds ma-

## Mae King Trial To Start On Nov. 5

Mae King of Gorman, charged with murder in connection with the death of Leon Robinson of that city on the night of Nov. 13, 1933, will go to trial again in the 91st district court Nov. 5. A special venire of 75 men has been summoned to appear on that date.

Earlier this year the Gorman woman was tried in the 1st court with a hung jury at the conclusion.

## Singers In Session In Ranger Sunday

One of the largest crowds ever to attend a singing convention in Eastland county was on hand in Ranger Sunday when the singers met in regular session.

It was estimated that between 300 and 600 were present, and one of the best sessions of the convention was held, with singers participating from all over this section of the country.

(Continued on Page 4)

## COUNTY MEET WILL BE HELD IN EASTLAND

Eastland was selected as the city for the holding of the 1935 interscholastic league county meet by teachers at the county meeting Saturday at Eastland.

B. E. McGlamery, county school superintendent, who presided over the meeting, reports that over 200 instructors attending the gathering. Addresses by educators and instructors of the county and district were features of the program.

Those on the program included: Address, "Ideal Teacher," Dr. James F. Cox, president Abilene Christian college; discussion of organization and work of P. T. A. association, Mrs. W. B. Gunn of Pioneer, president of the Eastland County P. T. A.; discussion, Adult Training in Cisco, James Eddy of Cisco, director of vocational training in Cisco schools.

Curriculum revision committee members for communities were appointed by P. R. Bittle, superintendent of Eastland schools. Bittle is county chairman for the bday. Committeemen will meet in December.

Directors of the contest events of the interscholastic league were named with W. P. Palm, principal of Eastland High, as director general.

Those appointed: Declaration director, Albert Pierce, Carbon superintendent; debates, E. N. Cluck, Cisco school superintendent; extemporaneous speech, Lewis Smith, Morton Valley principal; spelling, R. B. Hodges, Alameda principal; essay, Carl Johnson, Seranton principal; athletics, S. J. Petty, Eastland High athletic coach; picture memory, Mrs. W. D. R. Owen.

**JAILED FOR TOSsing TOMATO**  
SAN SEBASTIAN, Spain.—Tossing a tomato at the mayor is a mighty sin here. Andia Zubilaga was sentenced to one year in prison and fined for throwing one at the mayor during a city council meeting.

## Legal Information On Birth Control Declared Needed

FORT WORTH, Oct. 27.—Unless birth control information is legally given "biological catastrophe" faces the world, believed Dean E. E. Davis, head of North Texas Agricultural College.

Dean Davis gave his view, along with several other prominent church leaders here, in response to the resolution endorsing birth control which the House of Bishops of the Episcopal Church recently adopted at Atlantic City.

"Something must be done," Dean Davis said. "People of low intelligence are multiplying with enormous rapidity."

"Hundreds of years ago, bubonic plague and such scourges took care of this over-population. Today, with modern medical science, there is no such curb."

"Birth control information must be legally given or we are headed for a biological catastrophe."

Another supporter of birth control was Mrs. Lena Pape, head of a home here for underprivileged children and prominent in social work for 20 years.

"I believe in supervised birth control with all my heart," Mrs. Pape said.

The Rev. Halsey Werlein, Jr., Episcopal rector, took virtually the same stand, but added:

"There are so many things involved, I do not like to see such an issue, motivated by propagandists, come up in a church convention."

## DIVORCED AFTER 44 YEARS AS WIFE

ST. LOUIS.—Forty-four years after marrying Edward H. Joerdling, Mrs. Amanda Joerdling asked for and was granted a divorce. She sued on the grounds of general indignities. The Joerdlings had 13 children.

**GOLFERS HEAR SEVEN MILES**  
SANDUSKY, O.—A long distance hearing record is claimed by four Sandusky golfers. They declared that while golfing near here they heard cheers from a high school stadium seven miles away.

The foursome: E. J. Windisch, George Beis, A. C. Routh Jr., Arthur Stahl.

## Boulevard "Stop" Sign Installed On East Main St.

A boulevard "Stop" sign has been installed at the corner of East Main and Railroad avenue, where Main and the new highway intersect. The sign has been placed so as to stop traffic crossing the highway on Main street and is located between the Pickering Lumber Sales company yard and the A. J. Ratliff warehouse.

Those coming into town from Strawn road over the old highway routing are to stop at the intersection of the new highway, because the two buildings present a traffic hazard. Several minor mishaps have occurred there and others have been narrowly averted.

Since the sign was installed Monday a number of drivers have been observed to ignore it or fail to see it on the corner where no sign has been before.

## Thieves Visit At Three Residences

Thefts at three residences in Eastland apparently committed Sunday night or Monday morning have been reported.

P. L. Crossley, district clerk, 1401 S. Mulberry, says thieves jacked up his car, taking a tire, wheel, gasoline and a hub cap. H. M. Hart, 1403 S. Seaman, reports a tire, wheel was taken from his car. Clothing in the house was also stolen.

T. L. Cooper, county tax collector, 613 S. Mulberry, when coming to his garage Monday morning, found a tire, wheel and radiator cap missing from his automobile. He states the gasoline tank cap was on the floor, possibly indicating that thieves were frightened and did not go through with theft of gasoline as none was missing.

**CHICAGO BANK ROBBED**  
CHICAGO, Oct. 30.—Seven machine gun bandits today held up 11 employees and 15 customers of the Actna State Bank and escaped with about \$20,000 in currency.

## Ward School Grid Season Is Now In Full Swing

The Ranger ward school football season is well under way with three ward schools and one high school B team competing.

Six games have been played in the current season with each team suffering defeat except the High School B team, which has played one game to a scoreless tie.

The winner of the ward school conference is to be presented with a silver loving cup by the Ranger Lions club. It has been announced by Otis M. Moore, director of athletics for the Ranger school system, while the Arcadia theatre has offered to host to the members of the winning club and their coach, and the Ranger Times has offered to stand treat to an ice cream after the theatre party.

Much interest is being shown by the schools in their teams and a good crowd has been turning out for each game, with pep squads being organized in most of the schools.

The teams are limited to players of 112 pounds or less, those over that weight being ineligible.

The standing of the teams to date is as follows:

|                 | P. | W. | L. | T. |
|-----------------|----|----|----|----|
| Young           | 2  | 1  | 1  | 0  |
| Cooper          | 2  | 0  | 1  | 1  |
| High School B   | 1  | 0  | 0  | 1  |
| Hodges Oak Park | 1  | 0  | 1  | 0  |

## DAD INDICTS SON

SUNBURY, Pa.—Testimony of John S. Kessler before a grand jury resulted in an indictment against his son, Harry Kessler, charging larceny. The elder Kessler said he became a state's witness to break up a crime ring in which his son was involved.

## FINE PHYSICAL SPECIMENS

OGDEN, Utah.—Acting Liaison Officer Orange A. Olsen of the CCC recently passed on the physical qualifications of 77 applications for enlistment in the corps. He said they were the best physically qualified group he had ever inspected.

Texas cowboys now attending Sunday school classes in Midland, Texas. Probably hoping for somebody to give them the right steer.

## ASSOCIATION IS READY TO LOAN MONEY

C. E. May, secretary of the First Federal Savings and Loan association of Ranger, received the blanks necessary for taking applications for loans and making the loans when they have been approved, he announced today. The blanks arrived in Ranger Monday night.

Several applications have been made for loans, he stated, but some of the applicants had the idea that they were more in the nature of gifts and when it was explained that all the money borrowed must be paid back, with interest, some lost interest.

"I have explained to all applicants that this is no Santa Claus proposition," the secretary stated today, "and that every penny borrowed must be returned with interest. Some who have made applications are behind on their taxes and on payments on other loans against their property, so they could not be considered good risks. No loan is to be made unless it is adequately protected and it is a good risk. We are going to loan money where it will be reasonably safe in order to protect the organization and its stockholders."

It is expected that the loan applications will be more or less slow in coming in, but that when the home owners learn more about the plan good applications will be received.

## PICKPOCKETS WORRY FANS

WILKES-BARRE, Pa.—Pickpockets stop at nothing in operations at high school football games here. One victim reported to police that a pickpocket carried scissors, and snipped off a button on his hip pocket, and then took his wallet.

## WATCH, STOLEN 22 YEARS AGO, LOCATED

SALEM, Mass.—A watch stolen 22 years ago has been located and returned to its owner. Inspector Charles A. R. Duffee and John J. Brennan discovered it in a pawn shop.

STATE OR FEDERAL CONTROL

The drama of a congressional committee hearing in Dallas, Nov. 16, on the advisability of federal dictatorship of oil production within the states, may reach the lighter vein of comedy.

Railroad Commissioner Ernest O. Thompson has been called as a witness to present the state's views on the question officially. It is of record that the railroad commission wants federal cooperation in matters crossing state lines, but feels that Texas should administer its own affairs within the state.

Recently there has been a shift by W. S. Parish, C. B. Ames and many other leaders of the oil industry, from federal control to the voluntary plan of an interstate compact on oil. Heretofore agitation was strong among major interests for federal control. Such federal cooperation now as is being secured to halt interstate shipments of gasoline refined from "hot" oil is coming under the amendment of Senator Tom Connally of Texas to the NRA, and upon evidence and urging of Texas oil conservation officials.

Here is where the comedy comes in: The A. P. I. made up of the big groups and interests of the oil industry, has been clamoring for this and that, and no doubt will continue to do so.

Commissioner Thompson, running through a report of the A. P. I. in 1925, found a report by its committee of 16, including such men as J. Edgar Pew, chairman; W. S. Farish, E. W. Marland, now nominee for Oklahoma governor, and others, that said in effect: "The country has a petroleum supply that will last beyond the period when science will render the use of petroleum obsolete; and science is improving methods of production and refining, and of utilization. The proper course is unrestricted competition—that will take care of price, new development, and everything. Keep the government from meddling with the oil business."

It seemed, as congress, through its committee, gets a broad background of the claims for and arguments against federal encroachment within the states, that the A. P. I.'s former recommendations are sure to be read into the record. It for no other purposes, it would relate the present A. P. I. agitations, and evaluate more recent A. P. I. developments, to the background of the oil industry over a period of years, as delineated by the same chief figures now in leadership of that powerful institute.

Much water, and more hot gasoline, has run over the wheel since 1925; but the A. P. I. has moved on majestically from position to position.

If a lot of our politicians took a long vacation this country would get along better, as some of them are not constructive leaders.

Laws are made for both public officials and private citizens to obey. When the private citizens alone obey the law, a city or state is in a sorry way, indeed.

Your Chamber of Commerce is busily engaged in improving trade conditions, social welfare and in encouraging the growth and prosperity of your city. Every business man should be an active member.

It is said that prosperity is just around the corner, but it is a corner that must be successfully found and turned.

The government of a city is never better than its citizens want it to be.

Time Lost is Money Lost

It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. You can't afford to show up on the job unless you are feeling fit. The boss wants results—not excuses.

How many times do Gas on Stomach, Headache, Sour Stomach, "That Tired Feeling," "That Morning After" Feeling, Neuralgic, Rheumatic, Sciatic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work?

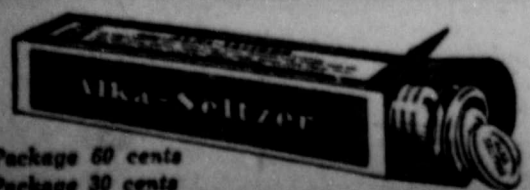

All these troubles are caused or made worse by too much acid in your body. To correct this condition take

ALKA-SELTZER

The New Pain Relieving, Alkalinizing, Effervescent Tablet.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer is pleasant to take, harmless, non-laxative.

Why don't you try it? Get a drink at your drug store soda fountain for a nickel. Buy a package for home use.

Large Package 60 cents Small Package 30 cents

"BIG SHOTS"

'Dusting the Covers of Texas History'

for The Texas Centennial Celebrations of 1936

Cast on a small island on the Gulf of Texas, Cabeza de Vaca and his companions, weak from the lack of food and good water, were almost without hope. Lope de Oviedo who had "more strength and was stouter than any of the rest" climbed a tree to scout the country. He reported Indians not far away. The travel-worn Spaniards knew then that death would surely be the result of their plight. But they were mistaken.

Some Indians who had watched the strange white men saw their situation and "sat down with us and all began to weep out of compassion for our misfortune, and for more than half an hour they wept so loudly and sincerely that they could be heard far away," De Vaca says in his journal.

The friendly Indians took the half-frozen men (it is now November) and gave them food. Then they sent scouts along the trail to the village, to build fires every hundred yards or so. At each fire the exhausted Spaniards were warmed and half-carried by their strong arms of the Indians.

Comfort Has Only Armadillo Farm

COMFORT, Texas.—Had Charles Apelt today probably wouldn't have the world's only armadillo farm—but the elder Apelt was a basket weaver.

A good many years ago young Apelt became tired of weaving baskets and came to this country from Germany. He settled in Texas, raised cotton, poultry and hogs.

One day while plowing he encountered an armadillo. Instinctively he killed the queer little animal, fearing it might be some creature of destruction to his crops.

Later in the day he chanced to see the dead animal, and noticed that the tail was curled over the stomach. Quickly he grasped the suggestion of a basket. Then and there the idea was born.

Apelt removed the shell from the carcass, let it dry and when he had completed it he had a handy basket for household use.

He decided to go into the business of armadillo farming and manufacturing baskets from their shells. He found a great demand for the finished products.

Today his armadillo baskets are shipped to a dozen foreign countries, he employs about 100 men and women, half of whom are engaged in hunting the armadillo in the Southwest Texas hills.

"One of the chief dangers of armadillo hunting," Apelt said, "is the resemblance of the creature's tail to a rattlesnake. "One of my hunters died from rattlesnake bite because he mistook a rattler's tail for that of the quarry he sought."

they reached the village where a huge fire already was prepared for them. When all the white men were comfortable, their rescuers spent the rest of the night dancing and weeping around the fire. The "Isle of Ill Fate" was to hold its name for Cabeza de Vaca, for he and Lope de Oviedo were to be of the fifteen who survived until Spring. Six years of virtual slavery for Cabeza and Lope were to pass before they were to meet their friends again.

Letters From Our Readers

TO THE PEOPLE OF EAST-LAND COUNTY:

A great deal of interest is being taken by the people of Texas in regard to the Texas Centennial to be held in Dallas during the year 1936, and I am writing this letter in order to get the views of the citizenship of my district as to whether they favor this Centennial. The Centennial committee is asking for the sum of \$5,000,000.00 and, while I am heartily in favor of celebrating the centennial, I do not feel justified in voting for such a large sum of money. However, if the people of my district will instruct me to vote for it, I shall be glad to carry out your wishes, as I have endeavored to do in the past. I feel that I am your servant, and not your master.

I realize that a good many people will be attracted to Texas for this exposition in 1936, and I believe the state will derive a great many benefits from it. As I see the problem, though, Dallas will receive most of the benefits, since the Centennial is to be held in that city. I do not believe that the taxpayers in general would receive benefits in proportion to the taxes they would be forced to pay in putting on this big state fair in Dallas. Furthermore, the deficit of the General Revenue fund is now about \$7,000,000.00, and a total deficit of all the state funds is about \$14,000,000.00. In addition, the state must pay off the \$20,000,000.00 in relief bonds within the next few years.

The subject of the Centennial, no doubt, will be one of the most important submitted to the Legislature during this special session. I am not opposed to the Centennial, but I do not want to burden the taxpayers for something from which they will never receive benefits in return. It seems to me that the legislature should be more interested in relief for the hungry than in helping Dallas to promote a Centennial.

CECIL LOTIEF, State Representative, 107th District.

100 SILVER DOLLARS IN BELL POWHATAN, O.—A 600-pound bell, 100 years old, made partly of iron and of silver dollars, is owned by Aaron Ramsey. At the time the bell was fabricated, the pioneer Ramsey family gathered up 100 silver dollars, had them added to the materials to give a "silver tone" to the bell.

YOUNG BARROW CRIME CAREER IS CUT SHORT

DALLAS, Oct. 30.—A youthful bandit gang of seven men and three women, purportedly led by L. C. Barrow, brother of the slain Clyde Barrow, was broken up here today.

Officers who arrested the gang members expected to clear up at least five holdups of recent weeks after questioning the youngsters. Barrow, 20, was identified positively by W. B. Dougherty, proprietor of a drug store, and two employees as one of three who robbed the store Saturday night and exchanged shots with the owner. The others, 19 and 20 years old, also were identified positively. Barrow, youngest of the two surviving brothers of the dead Clyde, already is under five year suspended sentence for automobile theft. Conviction in the drug store robbery would mean a long prison term.

Six Are Burned In "Shack" Blaze

EAST LIVERPOOL, O., Oct. 30. Six persons were killed to death when fire of undetermined origin destroyed a two-room home on what police described as "squat-terland." The dead were a mill worker and unidentified woman and the mill worker's four children.

TOOK PILLS FOR YEARS THEN CEREAL BROUGHT RELIEF

Kellogg's ALL-BRAN Corrected His Constipation

If you are troubled by common constipation, read this letter: "Just a word in appreciation of what your ALL-BRAN has done for my health. For years, I had been dosing myself with pills and other dopes for constipation.

"I decided to try Kellogg's ALL-BRAN. Now I am in good health, and haven't taken a drop of medicine for six months."—Thos. F. Little, 564 E. Wheeling St., Lancaster, Ohio.

Headaches, loss of appetite and energy, sleeplessness—any one of these may be caused by common constipation. Yet this condition can be corrected, usually, by eating a delicious cereal.

Tests show Kellogg's ALL-BRAN provides "bulk" and vitamin B to help promote regularity. ALL-BRAN also furnishes iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much safer than patent medicines! Two tablespoonsful of ALL-BRAN daily are usually sufficient. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

HAD PASSED HOUSE BY A LARGE VOTE

AUSTIN, Oct. 30.—The senate today rejected a compromise bill to remit interest and penalties on delinquent taxes by a vote of 10 ayes and 12 noes and four pairs.

The vote effectively placed a stumbling block in the path of house sponsors of delinquent tax relief. The house last week had accepted the bill by more than two-thirds majority.

The bill would have remitted interest and penalties on all taxes paid by next March 1. The remission would have been mandatory on state, county, city and district taxes.

After March 1 remission would have been optional with cities and districts. Delinquent taxes paid before Sept. 30 would have been subject to two per cent penalty.

Most senators objected to the bill making remission mandatory on cities and school districts for any period of time. It was on this same point that a similar bill hung and died in the final hours of the September special session.

The house today passed finally the senate's Colorado river bill, but with amendments that threaten another deadlock over it. These include a provision that water rights on the Colorado river watershed for municipal and farming purposes shall have precedent over rights for creation of hydro-electric power at a proposed dam.

Control of East Texas Field Now Thought Complete

DALLAS, Oct. 30.—Control of the unruly East Texas oil field today appeared to be an accomplished fact.

With control came apparent stabilization of gasoline prices at levels more than 100 per cent higher than prevailed a week ago. Reinstatement of the distress purchase plan by the planning and co-ordination committee, expected momentarily, was the only remaining maneuver required to cement the new harmony among producers, refiners and marketers.

PACIFIC NAVAL BASES MAY BE FORTIFIED

WASHINGTON, Oct. 30.—Fortification of Pacific naval bases is recognized here as a likely development should naval disarmament treaties collapse.

Naval officials have considered fortification of four bases in the Pacific and are believed ready to proceed with the plans should the treaties go into discard.

Alameda School News

Alameda School Library Among the improvements that have been made at Alameda this year is the building and equipping of a new library. It is located in one corner of the study hall, which is convenient for the students.

At the present time the library contains over 200 books, and more are being added from time to time. The books are of different kinds and they are suitable for the various subjects taught in the school.

The library is kept by different students at the different periods throughout the day. The librarians at the present time are: Eunice Rotan, J. A. Hart Jr., Billie Horn, Inez Horn, Edith Weeks, and Dorothy King.

Alameda Downs Desdemona On Thursday of last week the junior boys of Alameda high school defeated the junior boys of Desdemona by the score of 13 to 0.

The first score came in the first quarter of the game when A. C. Underwood carried the ball over for a touchdown on a fake end run. The first half ended 7 to 0 in favor of Alameda.

The second and final score of the game was made in the last quarter when J. W. Melton, who substituted for A. C. Underwood, intercepted a pass and outran two of Desdemona's players 60 yards for a touchdown.

Coach C. C. Browning and Coach Warford of Desdemona sent in a number of substitutes throughout the game.

Physical Education In our school this year we have a physical education period three times a week. There are supervisors for each group. In grammar school there are three groups, and in high school there are two groups. We play a variety of games.

We are planning to start our boys and girls in basketball some time soon, either this week or the next. We hope to have a successful team.

Chapel Program

Each Friday afternoon there is a chapel program held in the Alameda high school auditorium. The teachers of the different grades have charge of these programs, and in this way a variety of programs are given.

Last Friday afternoon Mr. Morris Farrow, teacher of the fifth and sixth grades, supervised the chapel period. The program consisted of a short play entitled "Quarrel of the Days of the Week," song, "Beautiful Texas," a sack race, and a number of stunts. Pupils in his classes participated in the program.

This coming Friday, Miss Virginia Champion, high school English teacher, will have charge of the chapel program.

Ninth Grade Organizes The Ninth grade class organized

Oct. 19. The officers elected are as follows: Jack Bishop, president; J. L. Fox, vice president; Billie Horn, secretary-treasurer; and Mr. C. C. Browning was chosen to serve the class as sponsor.

The first of a number of social affairs that the class has planned for the year was held last Wednesday night. The members of the class and some invited guests went on a weiner roast. After the food was disposed of the students played a number of games. This proved to be such an enjoyable affair that the class is looking forward to other social activities during the year.

BILLIE HORN, Reporter.

Mrs. Stoll Has Not Told Real Story Of Her Kidnaping

LOUISVILLE, Ky., Oct. 30.—The real story of Mrs. Alice Stoll's experiences at the hands of her kidnaper has not yet been revealed to her family, the United Press was informed today.

William Stoll, brother-in-law of the kidnaped woman, said the family had avoided questioning her about her treatment during the six days she was captive.

Woman Succeeds Husband as Sheriff

DICKENS, Texas, Oct. 30.—Mrs. W. B. Arthur took over the office of sheriff today succeeding her dead husband.

The appointment was announced by the commissioners' court as crowds of people thronged to the cemetery to attend the last rites for the sheriff, who was killed when Virgil Stalcup and Clarence Brown escaped jail here.

Officers today searched for the fugitive jailbreakers near Odenton, where a filling station attendant reported seeing Stalcup yesterday.

CAR TROUBLE FOR DATE BUREAU

TORONTO, Ont.—The youthful "date bureau" established a few days ago at the University of Toronto where lonely students can leave their names and descriptions in an effort to arrange meetings with co-eds, already is having trouble with "auto-diggers." "We have 13 couples paired off now," one of the operators of the bureau said. "We could have fixed up a lot more, but most of the girls demand that their 'dates' are filled only by boys with cars."

If a person has lived to be 90, you don't need to ask if he or she can take it.—Boston Transcript.

Chest Colds ... Best treated without "dosing" VICKS VAPORUB STAINLESS now, if you prefer

You'll save money if you consider all 4 points when you buy paint! Four factors govern the true economy of a house paint. Each must be considered. 1 COVERAGE Of two paints otherwise alike, the one covering the most square feet per gallon would be the most economical. Good paint at \$3.00 a gallon would cost the same as a \$2.00 a gallon paint which covered only two-thirds as much surface. 2 HIDING POWER If a single coat of good paint at \$3.00 a gallon will hide a surface as well as two coats of cheap paint costing only \$1.50 a gallon (and it will) quite obviously the better paint costs no more and look what you save in labor! 3 DURABILITY Good paint, wearing three or four times as long as cheap paint (as it will) makes an ultimate saving of six or eight times the price of the cheap paint even if the cheap paint costs only half as much. 6 MONTHS OR 6 YEARS? 4 PRICE Price is the most obvious factor in any comparison of values. Of two paints identical in quality the lowest in price would be the most economical. Price is the only factor of the four that you can know before you buy. Therefore it pays to play safe and buy paint made by a reputable manufacturer. Actually cheap paint costs more than twice as much as good paint when coverage, hiding and durability are considered. Remember it costs less, even at the outset, to use good paint especially when you can buy Cook's finest quality house paint at a saving of over half a dollar a gallon. We Are Now Agents for Cook's paint and varnish Company's Products. WILLIAMS HDW CO. Ranger, Texas. \$3.60 \$3.08 GALLON

# Farm News of Interest to the Farmers of This Section

## Texas Corn-Hog Referendum Shows Affirmative Vote

**COLLEGE STATION.**—Texas corn-hog contract signers voted more than ten to one in favor of a corn-hog program for 1935 and more than three to one in favor of a one-contract-per-farm program for 1936 according to the final figures in the Texas referendum compiled by E. M. Regenbrecht, extension swine husbandman. The actual vote was 16,343 in favor of the 1935 program and 1,677 against it, while 13,106 favored the one-contract-per-farm and 4,055 opposed it.

Of the non-signers, 787 voted in favor of the 1935 program and 266 voted against it. This was nearly three to one. On question two 736 non-signers voted for it, and 327 voted against it.

In direct contrast with the Texas vote of approval is the vote recorded in Kansas. Fifty-nine counties there favored a 1935 program, but it was vetoed by a heavy negative vote in the eastern one-third of the state. Final results showed 17,429 signers voting in favor of it while 19,985 voted against it. Among the non-signers voting in approximately one-half of the counties, the count was 1,187 for and 4,130 against the program. It is estimated that not more than 30 per cent of the eligible voters cast ballots in the referendum.

The proposed one-contract-per-farm program was refused by a margin of 23,629 to 11,607 among signers, and 4,008 to 408 among non-signers.

## Farmers Anticipate Credit Needs and Make Local Loans

**HOUSTON.**—Foreseeing farmers in all parts of Texas are anticipating their credit needs for the coming growing season and already are making arrangements with their local production credit associations for loans in 1935, according to reports received by Tully C. Garner, president of the Production Credit Corporation of Houston. The practice of making arrangements before the money actually is needed has many advantages to recommend it, Mr. Garner pointed out, and the associations would like as many farmers as possible to make their applications prior to the crop production season.

Before making application to a production credit association, the prospective borrower should analyze his 1935 plans carefully: how many acres are to be planted to cotton, how many to feed and other crops, how much labor will be necessary and how much money will be needed for tractor costs or feed for workstock. After he has done this, he should be able to estimate accurately just how much money will be required and when he will need each of the installments of his loan.

By following this procedure, the applicant has no worry about where operating expenses are coming from or when he will get them. When he is ready to begin operations, his loan has been arranged and all details attended to and all he has to do is ask for his check. By budgeting his loan, the borrower affects interest savings that are sometimes surprising to those who have not used production credit before. Interest, which now is 5 per cent, is paid on each installment only for the time the borrower has use of the money, making a whole season's financing available at very low cost.

## Cotton Option Checks Totalled 51 Million By Oct. 1

**WASHINGTON, Oct. 29.**—Cotton producers who accepted options on government-owned cotton as part payment for participating in the 1935 cotton adjustment program had been paid a total of \$51,016,815.46 through Sept. 30, John B. Payne, comptroller of the agricultural adjustment administration reported today.

This money has been paid producers under two methods of exercising the options with \$12,074,070.57 going to those farmers who selected the direct sale of cotton method, and \$38,942,744.89 going to those producers who exercised their options by participating in the cotton producers' pool.

Payments in Texas have totalled \$11,475,113.27.

The banks which busted a few years ago because they didn't have enough money are now reported bursting with too much.

## ON TEXAS FARMS

Planting cowpeas, terracing, and crop rotation enabled Byron Scott, Rains county farmer, to produce eight 600 pound bales of cotton on 12 acres even in a drought year, according to Roy King, farm demonstration agent, under whose guidance Mr. Scott carries on his soil rebuilding, moisture and conservation program.

Drouth may have affected some people's food supplies but the members of the Greenview, Prairie Hill, and Latium home demonstration clubs in Washington county reported 9,165 containers of fruits and fruit juices, vegetables, meats, pickles, jams, jellies and preserves on their pantry shelves and fall vegetables yet to can.

As a part of their clothing work 250 home demonstration club women in Cherokee county report that they have made 165 foundation patterns and by them made 225 dresses and slips; built 25 new clothes closets and remodeled 100; made four sleeve pressing boards and two shoe racks.

Pooling and planting more than 100 acres of cabbage for carlot shipment, 114 members of the Galveston County Truck Growers' association are doing their bit to supply the country with green food this winter. Copenhagen Market and Golden Acre are the varieties being planted. A Kansas City firm has bargained for the output.

**BEEVILLE.**—Fifty-two varieties of canned food, totaling 1010 containers can be found in the 4-H pantry of Vera Ray, farm food supply demonstrator of the Clareville Home Demonstration Club in Bee county, according to Miss Lorena Yates, home demonstration agent. There are eight varieties of vegetables, seven of meats, nine of fruits and fruit juices, tomatoes and tomato juice, preserves and jellies, vegetables and fruit pickles, relishes, and three varieties of time-saving or emergency canned foods.

The value of her pantry is approximately \$200. The cost, including the purchase of lumber for shelves, 350 tin cans, eight dozen jars, four dozen bottles, fruit for canning, and other items, was \$28.25.

**VICTORIA.**—A cedar lined closet costing \$6.20 was displayed by Mrs. A. V. Pargac, wardrobe demonstrator in Victoria county, to achievement day visitors recently, according to Mrs. Girtha Vest, home demonstration agent. Mrs. Pargac feels that the closet will be very practical as it protects clothes from silver fish and moths which are so destructive.

**GILMER.**—Mrs. Espie Spier, yard demonstrator in Upshur county, believes in rooting her own cuttings for her yard and now has 153 living in her cutting bed, according to Miss Lula M. Dilworth, home demonstration agent. Included among her cuttings are amur privet, abelia, salt cedar, mock orange, wax leaf ligustrum, cape jasmine, vitex, and juniper. She has put out nearly 20 native shrubs in her yard this year and has made other improvements.

**BRADY.**—In spite of the fact that drouth has cut grain and feed crops to practically nothing, 15 McCulloch county 4-H club boys have a total of 59 club calves on feed, according to James D. Prewit, farm demonstration agent. One club carlot is being fed by Richard Winters of Brady. These 40 young calves were started about the middle of August at which time they averaged 323 pounds each. Drouth conditions had stunted them considerably, but they are showing a fast recovery on a good self feeder filled with whole oats and a mixture of maize, corn, and cotton seed meal.

**PORT LAVACA.**—Arch McDonald of Calhoun county decided that trench silos provided the best method of saving his grain sorghum, and so he has just finished his second trench silo this year, according to B. L. Herndon, farm demonstration agent. His first one was 130 by 10 by 7 feet and the second is about half this size. Both silos were built and filled at a total cost of \$100.

**PALFURRIAS.**—The value of proving dairy sires has been shown again by Elmer J. Rupp, Brooks county dairyman, with Sophie's Agnes, Laddies 27th, according to Louis Franke, farm demonstration agent. This sire, once a member of the famous Lasater dairy herd, has been sold and resold several times by dairymen of this locality, and each time discarded as unsatisfactory. The figures of the U. S. Bureau of Dairy Industry show that the eight daughters of this sire in the herd of Mr. Rupp will average 377 pounds of butter fat a year as compared with the 285 pounds

## Tax Certificate Pool Will Close On November 10

**COLLEGE STATION.**—November 10 has been tentatively selected as a final date for receiving surplus cotton tax exemption certificates for the national pool, according to an announcement received from the Agricultural Adjustment Administration. Purchase of certificates from the pool, it was emphasized, would continue as long as the pool had certificates on hand.

E. L. Deal, manager of the pool, said it was felt that all holders of surplus certificates who wish to turn them into the pool will have had that opportunity by November 10. State allotment boards have been urged to assist producers who wish to turn in surplus certificates to the pool.

"Because we have tentatively selected a final date for receiving surplus certificates," Mr. Deal said, "it is now more urgent than ever that producers speed up the surrender of any certificates they wish to offer for sale through the pool."

The pool now has on hand orders for many more certificates than it is able to fill. Mr. Deal said. On all of these orders the purchasers expect to pay four cents a pound which is the rate fixed by Secretary Wallace as the standard selling price for surplus certificates purchased through the national pool.

Producers will be paid approximately \$20 a bale for all certificates sold through the pool. When the pool is liquidated, each producer will be returned his share of any certificates the pool does not sell. These may be used next year if the Bankhead Act is effective for 1935.

**\$40,000,000 NAVAL STATION PEARL HARBOR, Hawaii.**—The value of the immense U. S. Naval Station here is estimated at \$40,000,000.

Yale plan forces fraternities to quit. Evidently the Greek word for the plan is bankruptcy.—The Dallas Morning News.

## Contempt For a 'Mere Cold' Is Not Justified, Says M.D.

**AUSTIN.**—"While the common cold is no respecter of seasons, increased prevalence is decidedly marked in the winter months. Unfortunately, familiarity with this condition has bred contempt for it. This is plainly indicated by the usual rejoinder, 'Oh! I've just got a cold'; the inference, of course, being that while a cold is an annoying matter, after all it is an insignificant affliction. This attitude undoubtedly has been the cause of many needless deaths, to say nothing of prolonged and expensive illnesses," states Dr. John W. Brown, state health officer.

"One's resistance to many diseases, including colds, can be raised by increasing one's vitality by observing the fundamental living rules, namely: plenty of fresh air, good wholesome food, neither too much nor too little, sufficient rest, and the avoidance of habitual over-indulgence of de-vitalizing stimulants, including tea, coffee, tobacco and alcohol.

"If, however, in spite of ordinary precautions, a cold is contracted, it will pay to consider it seriously. Every cold should be viewed as the possible beginning of a serious illness. That means promptly seeking a physician's advice and explicitly following his directions. If he orders bed, then bed it should be. Incidentally, complete rest is one of the finest ways to overcome a cold in short order."

## Farmers Urged to Gather Supply of Sweet Sorghum

**COLLEGE STATION.**—"Farmers would be wise to gather by hand the seed of locally adapted varieties of sweet sorghums (cane) in sufficient amount to take care of their own planting requirements, because conditions indicate that there will be a shortage of planting seed next spring," according to E. A. Miller, Extension agronomist. Certain varieties

of grain sorghum will also be difficult to obtain, Mr. Miller said.

"It is good business on the part of farmers to so harvest and preserve suitable seed. If not available on a farmer's own farm, immediate effort should be made to purchase the seed needed next year before the grain is fed out or shipped from the locality. Certainly the farmer who thus protects the seed supply is most likely to have good seed of adapted varieties for use next fall and spring," he continued.

On account of the drouth, many fields of sorghum are producing seed only from branches and sucker stalks grown after fall rains. Heads on these will mature late, and if the seed is subjected to a hard freeze before it is thoroughly mature, the germination will be injured. Immature seed which has not been frozen will germinate nearly as well as mature seed, according to H. N. Vinall, sorghum specialist in the Bureau of Plant Industry, U. S. D. A. He advises that farmers gather the heads which are practically mature at the time the first frost threatens and allow them to dry under cover. This seed may be used with confidence for planting.

## NRA Has Secured Back Wages For Number of Workers

**DALLAS, Tex.**—Efforts of the NRA organization have resulted in the restitution to workers of \$104,742.93 in wages to date according to H. P. Drought of San Antonio, NRA Compliance Director for Texas. This amount has been paid to 4,230 workers by 1,298 firms who had been paying their employees wages below the minimum wages established in codes, or working employees longer hours than codes permit.

"The Texas NRA organization has received 6,642 complaints," Mr. Drought said, "of these, 1,289 were rejected when it was found no violation existed. Code authorities have been asked to handle 651 complaints, while our office have adjusted 3,217."

There are two NRA Compliance offices in Texas. Sherwood H. Avery is the Executive Assistant in charge of the North Texas office, at Dallas, with resident field adjusters in Fort Worth, Waco, and Tyler. Ernest L. Tutt is the Executive Assistant in charge of the South Texas office, at Houston. This office also maintains

field adjusters' offices at San Antonio and El Paso.

For the two weeks period ending October 12, Texas NRA offices adjusted 231 complaints, and were responsible for the restitution of \$11,674.91 in wages to 412 employees. This amount was paid by 133 firms.

## Petroleum Institute To Meet In Dallas

**DALLAS.**—A Texas city will be host to the American Petroleum Institute convention this year for the third time since the birth of the organization in 1919.

The 15th annual convention of the A. P. I. will be held in Dallas, near the greatest oil field in the world, Nov. 12-15. The fifth such gathering was held in Fort Worth in 1924 and the 13th in Houston in 1932.

The National Trade Association of the petroleum industry met for the first time in Washington, D. C., in 1920. Chicago has greeted its annual conventions seven times—in 1921, 1927-28-29-30-31, and 1933. It has met in St. Louis twice—in 1922 and 1923—and in Los Angeles and Tulsa once each, 1925 and 1926 respectively.

Los Angeles was reported to be preparing an elaborate program in the hope of attracting the oil men there in 1935. The meeting place will be selected definitely during the coming session here, and local oil men predict success for Los Angeles' effects.

## Old Iron Foundry Now Beauty Spot

**RICHMOND, Texas.**—An old iron foundry which four years ago was a dilapidated ruin, an eyesore to the city, has been transformed into a beauty spot here.

The State Hospital park, enjoyed by hundreds of visitors and hospital folk, seemed like a hopeless project when undertaken four years ago, according to M. H. Pipkin, landscaping supervisor.

"Even when the debris had been removed and deep pits had been filled, nothing would grow in the

earth made barren by rocks, iron slag and burnt sand," Mr. Pipkin said.

Fertile soil was hauled in and today it is a beautiful garden. The old iron foundry was last used during the war, but when the company failed the property reverted to the state and the site was in turn awarded to the state hospital for a park.

**9 POTATOES GROW TOGETHER** WICKLIFFE, O.—Nine potatoes grew together in Warren Green's garden.

**ATHLETE'S FOOT GOT THEM** SEATTLE.—Two hundred University of Washington men signed up for swimming, but only three were able to report the first night of practice. An epidemic of "athlete's foot" kept the others ashore.

**ACID ACTIVITIES** L. R. Fain of Dallas, oil operator, this week in Rising Star has superintended the placing of acid in some of his wells six miles east of that city. The wells are located in what is known as the Sipe Springs pool.

**YOUNG SOCIETY MATRON:** "Camels are a grand-tasting cigarette," says Mrs. Allison Boyer of New York. "They are so mild! And it's marvelous how smoking a Camel revives my energy."

**NEWSPAPER WOMAN.** Greta Palmer: "When I'm up to my neck in work, smoking a Camel is a great solace. It brings that renewed energy—comfort—just the 'lift' I need."

**COLLEGE STUDENT.** Richard Whitney says: "After a long, hard session, a Camel tastes simply swell! It refreshes my energy in short order."

### Forces Marshalled Against One of the State Amendments

AUSTIN.—Seeing in the so-called tax-limiting constitutional amendment a grave menace to public education, to the highway program, to poor relief and to the small taxpayer, one of the most imposing arrays of opposition ever assembled in Texas against an amendment is marshalling forces in every corner of the state.

The amendment, one of those to be voted upon Nov. 6, proposes to restrict state (not including local) collections and expenditures from taxes, licenses, permits and fees to a total of \$22.50 per inhabitant per biennium.

School teachers, women's clubs, parents, motorists, business and civic leaders interested in highway development, county and school officials, relief workers and small home-owners are campaigning to impress upon the electorate what the amendment really means.

The Democratic party of Texas, at its Galveston convention, Sept. 11, furnished the spearhead of the attack by recommending to the voters "that this amendment be defeated," because it is undemocratic, would shift tax burdens to small taxpayers, would menace poor relief and federal highway

aid, and "threatens the continuation of existing bases of state aid to local units for schools and roads."

Texas schoolteachers, through their state president, J. C. Loftin have said: "Inevitably, the state would reduce its aid to counties and local districts for building highways and maintaining schools and roads. The scholastic apportionment and rural aid funds for schools are especially endangered. The local tax-burden of the average taxpayer would be increased."

The joker in the proposal, added Dr. L. H. Hubbard, president of C. I. A., "is that it does not seek also to limit county, city and school district taxes, which are the taxes the average person in Texas finds it difficult to pay. This is not a tax-limiting, but a tax-shifting proposal." Addie Eula Lee Carter, president of the honor society for women teachers, Delta Kappa Gamma: "This amendment would not apply on local taxation, but it would tend greatly to increase local taxes."

The Texas Federation of Women's Clubs entered the fight with this salvo from its president, Mrs. Volney Taylor: "The limitation of general taxes on the basis of population is unprecedented in the United States." And Gladys E. Morgan, state president of the American Association of University Women, put her forces into the drive with, "Certainly in regard to this amendment, the slogan of friends of education should be, 'It shall not pass!'"

Declared the Texas Good Roads Association through its president, W. O. Huggins: "The net result of this amendment would be a crippled school system and a crippled highway program, or else a heavier total tax burden upon the average man and the average community."

### Parent-Teacher Meet Had Half-Hundred In Attendance Saturday

The Eastland County Council of Parents and Teachers held Saturday afternoon, 2:30 o'clock in Eastland at high school auditorium, drew an attendance of some 50 women, registered from Rising Star, Pioneer, Cisco, Colony, Ranger and Eastland.

The session was opened by the retiring president, Mrs. Gunn of Pioneer. Minutes were presented by Mrs. Jacobs of Ranger. Mrs. Gunn presented Mrs. Maddocks of Ranger, program chairman of first district, who presided over the session, that opened with the Lord's Prayer in unison, followed by the program of music presented by local talent.

A double piano number with Misses Mava Lou Crossley and Frankie Mae Pierce of Eastland in was a feature.

Piano solos were played by little Misses Van Geem and Julia Parker of Eastland.

Miss Margaret Hart, winner of the Texas State violin first place prize, T. F. M. C. contest, violin solo, "Only God Can Make a Tree," with Miss Clara June Kimble, Eastland, piano accompanist, were program features.

Address on "Parent Education," by Mrs. A. F. McKinney of Breckenridge brought the parent attitude toward school.

Mrs. J. S. Reynolds of Ranger, president of the first district, closed the program in a brief and pertinent talk.

The business session was conducted by Mrs. Gunn, Mrs. D. Bell of Cisco, who was elected president of the Eastland County Council, Parent-Teacher, and Mrs. A. L. Olson of Cisco, was elected secretary.

### Farmer Asks Rate For Big Family At Barber Shop

GROESBECK, Tex.—The final straw in the barbers' price war here was cast by a farmer.

When the price dropped to 5 cents per haircut, the farmer brought his 11 children to a shop. They needed shearing badly and he demanded a family rate.

Price of haircuts in Groesbeck today was 20 cents.

### Relief Clients Will Get Beef On Hoof

TYLER.—Families on relief in Smith county will not get meat given to them in cans, but on the hoof instead.

Because the cannery has not been completed, relief workers will give away 150 goats a week to families on relief, according to Mrs. L. E. Smith, county administrator.

The goats must be killed, skinned and the hide salted and returned to the administrator's office to prove that the animal has been used for food purposes.

Date for the opening of the cannery has not been set.

### MAN'S HEART STOPPED, STOMACH GAS CAUSE

W. L. Adams was slotted so with gas that his heart often missed beats after eating. Advertiser told him of gas and now he eats anything and feels fine.

### Batch of Projects Sent to Austin

The largest number of work projects ever sent to Austin for approval in one week were forwarded last week to relief headquarters by the county office.

H. E. Driscoll, county administrator, enumerated the projects sent to Austin as follows:

Hatchery project at Cisco, 42 men to be employed if approved; water supply project at Okra, 14 men; lateral road project from Section 15 to Dotson, 13 men; cleaning lake Cisco, 62 men; concrete bridge at Rising Star, nine men; straightening, widening and cleaning ditches, Lake Hagaman at Ranger, 209 men; graveling and other work on Ammerman street in Eastland from where paved road leaves off to Lake Eastland, 81 men; sinking a water line on a 790 foot stretch in the project.

Forty-two applications in the rural rehabilitation program which were at one time sent to Austin and then sent back for revisions have been forwarded to Austin. Time for the rural projects were for one year and not as three, which by recent law is the time.

Other projects enumerated by Driscoll, which have as yet not been sent in, but will be are as follows: lateral road project from Lone Cedar road to Bankhead highway, east of Olden, 53 men; lateral road at Breckenridge-Ranger highway intersection, 53 men; leveling and shaping of football field at Rising Star, 10 men. Two other projects for Rising Star are the repairing of two stretches on two bus routes east and west of

he city. Thirteen men will be employed after the project is sent to Austin, following changes in the project at the county office.

Driscoll Monday stated that estimates for relief requirements for the month of November were sent to Austin Oct. 25.

### Baking Powder Use Explained

Because of the increased efficiency of K. C. and some other brands of baking powder today, respectively about 80 per cent of the baking powder consumed, they should be used properly to produce best results.

Knowing that baking powder leaves cake it is natural to assume that adding an extra half teaspoon to the amount specified in a recipe will give a cake greater lightness. The fact is that too much baking powder may cause sinking in the center, tough, gummy crust, coarse dry crumb, or cake that runs over the pan.

For best results it is a good plan to follow two simple rules: First, always use the amount recommended on your baking powder can. With K. C. one level teaspoonful to a cup of flour is sufficient. This proportion has been worked out as best for that particular type baking powder. Second, measure carefully—an excess amount of any baking powder does not produce best results. A level teaspoonful means that you must level off with a knife.

K. C. Baking Powder, which is advertised regularly in the columns of this paper, is manufactured by baking powder specialists who make nothing but baking powder—under supervision of ex-

pert chemists of national reputation. The quality is always uniform—K. C. is dependable.

Used according to directions it will produce the finest of baked goods. K. C. is one of the most economical and efficient products entering the kitchen. You will be convinced of this by giving it a trial and observing the results.

The manufacturers will mail, postage paid, a copy of the K. C. Cook's Book if you will send them your name and address with certificate from a can of K. C. Baking Powder. Send your request to Jaques Mfg. Co., Chicago, Ill.

### "Monkey Boy" Big Problem For Years

EL PASO.—El Paso county's "monkey boy," a problem since he was found 10 years ago and placed in jail, will be sent to a state institution.

Nothing is known of the youth, who is 26, prior to the time he was picked up on the streets here. He cannot talk. His parent are unknown.

During the years he has spent in the jail, no inquiries have been

made about him. For police records, he was booked as Tony Rios. His citizenship also is unknown.

Transfer to a state institution was obtained by Assistant County Attorney S. A. Sackett through a county court order.

### STILL WANTS GUN

JEFFERSON, O.—Raymond Fasula, 4, son of Deputy Sheriff Tom Fasula, is out of danger after having lived a month after shooting himself in the head accidentally with his father's revolver. Now he wants a "great big gun" of his own for Christmas.

### Lady Says CARDUI Eased Pain In Side

Cardui helped an Oklahoma lady, as described below, and many others have benefited in a similar way. . . . "I had a hurting in my side every few weeks," writes Mrs. Bill Stewart, of Dewar, Okla. "I had heard of Cardui and started taking it. It stopped my hurting and built up my strength. I took 11 bottles and I sure felt better."

Try Cardui for pains, cramps, nervousness due to a run-down condition. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

### FIVE BULLETS—FIVE CATS

BILLINGS, Mont.—Ross Albin killed five bobcats near here with five bullets. Albin's dog treed a mother cat and four cubs. He picked off the cubs two at a time, with a shotgun, and dispatched the 18-pound mother with one blast.

### CAPTURED PARTRIDGE

BATH, Me.—Eagle-eyed George Levya has his own way of bringing 'em back alive. One morning

he was emptying ashes in his backyard when he espied a partridge. With unerring aim he scaled ash pan, bottom-side up. It descended on the bird, which Levya captured.

### HUGE FRESHMAN

COLUMBIA, Mo.—Perry W. Cr., freshman in the University of Missouri from New London, Mo. is six feet and seven inches tall.

**V-8 Leadership Is Based on Engine Facts and Records**

SOME things about an automobile are more or less a matter of opinion. But when it comes to the engine, you are dealing with the hard facts of power and its application. Either you have V-8 power or you don't have it.

You should know that experience and the records of performance are definitely in favor of the V-8 type engine. You need not depend on words—the record speaks for itself. It is something you can see as you "Watch The Fords Go By." Something you will realize even more fully when you drive the Ford V-8 yourself.

It isn't the difference between green or black or between velour and broadcloth upholstery, but a far-reaching difference in basic engine design. Only the V-8 can give you V-8 speed, power and performance. It costs more to produce, but Ford has made it possible to use this engine in a low-price car. Only the Ford gives you a V-8 engine unless you pay \$2500 or more!

**TUNE IN** these Ford Radio Programs. FORD SUNDAY EVENING HOUR. Symphony Orchestra; celebrated soloists. A full hour of glorious music—8 o'clock, Eastern Standard Time; all Columbia stations. Tribute Paid to Mrs. Patterson By Mrs. John Matthews

Today we bring an offering of flowers, gathered from gardens far and near, and tended by friends and loved ones to whom flowers are symbols and poems. Today we do more than this, for we first magnify God in His servant, and account all eulogy worthless that is not first religious. More eulogy is a waxen flower, that melts in the hand that grasps it; but true eulogy is a living flower, rooted alike in earth and sun. I cannot but think it was well that our dear friend, Mrs. Patterson was a child of spring, coming among men when the days were fragrant with the odor of spring flowers. Her name might have been Spring or Midsummer. Out of that season she never passed. It was always spring with this child of light. The snow that lay upon her was the snow of blossoms. She came to earth in spring; she went to heaven before the roses had faded. When she came among men she brought sunshine and music, and made even the desponding to feel that a fuller and warmer summer, "the kingdom of Heaven" itself, was "at hand." Even so, Father, for it seemed good in Thy sight, and in our sight it is beautiful. To her who always sought with unselfish heart to give strength and love and hope to her companion; to her first to see the virtues and last to see the faults; to her who passed through the martyrdom of motherhood; to her who watched above an infant's couch with tender care; to her who guided little erring feet from childhood to womanhood; to her who possessed a quiet, unobtrusive loveliness that won surely upon the affections of those who knew her; to her so warm hearted, loving, calm serene and quiet; to her so kind and courteous in her demeanor to all; to her who knew God, who loved God, who served Christ, who grew in grace, in knowledge, and in truth, was pure, gentle, sympathetic—these were the glowing principles which gave this beautiful life its strength and glory. Oh, cruel death! in our anguish we cry, then—we look again and see beyond, for death is the teacher of immortality. Never to return! Say of these: "They shall hunger no more, neither thirst anymore, neither shall the sun light on them,

nor any heat, for the Lamb which is in the midst of the throne shall feed them, and lead them to living fountains of water, and God shall wipe away all tears from their eyes." Our sainted dead are alive ever more. Death is swallowed up in victory—the grave is conquered—and Heaven comes to our thought with friendlier familiarity. This is more than sentiment; it is inspiration. It is strength that can carry the load of life; it is enthusiasm that makes sorrow itself a sacrament. I know that infidelity is a lie. It know it by the life of this sweet wife, mother and friend. It know it because the memory of her queenly life stirs every noble and tender emotion that ever flushed my heart. Do I not see her? Do I not know those soft beaming eyes shining with joy above all words? Can I be mistaken as to that voice whose subdued notes has so often enchained and repaid my attention? And so I have a word for the daughter and husband of this friend. She is dead, but being dead, she yet speaketh. Her body is mingled with its mother dust, but in the best and highest sense she has just begun to live. You may only see her now in dreams, but some sweet day soon to come you will see her face to face, and that will be heaven. Her friend, Mrs. John Matthews.

PWA TO AID CRATER LAKE CRATER LAKE NATIONAL PARK, Ore.—An appropriation of \$8,000 from the Public Works Administration will enable the completion here of a number of buildings, including a residence, administrative buildings and various forest ranger stations.

Pecos Relief Office Active As Big Red Bluff Project Starts

PECOS, Tex.—District P. W. A. offices here hum with activity as preparations move forward on the Red Bluff project on the Pecos River, which will cost 2,600,000 in the next two years. Seven rooms are now required to handle the business. Materials are being unloaded on a new \$22,000 siding near the damsite, which was constructed by the Santa Fe Railroad. Materials are being transported from the siding by truck. A telephone line has been constructed to the scene of operations where 700 men soon will be engaged.

"HUMAN FLY" BATTLES YELLOWJACKETS TROY, O.—"Human flies" and yellowjackets do not like each other, especially if the "fly" is climbing. Henry Roland, a "human fly," was sealing the court house here when he ran across a nest of the yellowjackets. Pluckily, he continued his climb with one hand, brushing away the insects with the other. He was exhausted when he reached the court house dome, 250 feet above the street.

TOWN CLOCK REJUVENATED POTTSTOWN, Pa.—Pottstown's "Big Ben" in the steeple of the Lutheran Church of Transfiguration is keeping time again after an electrical rejuvenation. Workmen stopped the clock and installed electrical apparatus to replace weight operation. Looks as though most opponents of the New Deal in the coming election are just going to be lost in the shuffle.

THIS CURIOUS WORLD By William Ferguson

THE EQUATORIAL DIAMETER OF THE EARTH IS ONLY TWENTY-SIX MILES GREATER THAN THE POLAR DIAMETER.

The bow of a rainbow is an arc of a circle whose center is directly opposite the sun. The ordinary rainbow has a radius of about 42 degrees. For that reason, when the sun is more than 42 degrees above the horizon, the rainbow is below the horizon, and invisible.

Fake Warm Springs Crystals Run Afoul Food and Drug Law

WASHINGTON.—One man has been sentenced to a year in a Federal penitentiary and two others are awaiting trial on a charge of conspiring to violate the Federal Food and Drugs Act by advertising and selling "Warm Springs Crystal Compound" as coming from the springs by that name in Georgia, when as a matter of fact the "crystals" did not come from that source and were only a simple laxative, composed of Glaubers salts, similar in action to Epsom salts. The "crystals" cost only a few cents a pound and sold for a dollar a pound. In their literature, their correspondence with agents, and especially in conversation with customers, the Warm Springs Crystal Company sought to use to commercial advantage the name Warm Springs. Salesmen were urged to point out the beneficial effects of the springs. The company and its "crystals" were discovered in the beginning by the Warm Springs Foundation as having no connection with the springs other than that the office was set up in the same town. When the "crystals" began to move into interstate commerce, members of the company were arrested and indicted by a grand jury. Quantities of the compound were seized at the instance of the Food and Drug Administration because of mis-branding under the Food and Drugs Act. Seizures were made at El Paso, Oklahoma City; Los Angeles; San Francisco, Louisville and Paducah, Ky.; Cincinnati; and Shreveport, La. Members of the company were W. C. Durham, Macon, Ga., who

entered a plea of guilty and was sentenced to a year in the penitentiary; Curtis J. Hazelrig, at liberty under bond, and Mallory H. Taylor, Jr., Macon, in jail at that place because of inability to make bond.

Wool Being Sold In the Southwest

KERRVILLE.—Wool sales during the past two weeks were reported at Del Rio, San Angelo and Sonora, but the selling season has not started here. For the past several weeks, livestock raisers have sought a plan whereby winter feeding may be carried on. Prolonged drought, particularly on much of the Edwards Plateau west and northwest of here, will necessitate the buying of feed. Sowing of oats was expected to be more extensive this fall than the preceding because of the increased need for a grazing crop. Planting, however, has been delayed by insufficient moisture. Ranchers said they, those who already have planted, probably will lose the seed because of lack of rain. Walter Real, Kerr county ranchman whose father brought the first flock of sheep to the county, said the present lack of feed was similar to other dry years when wool producers hoped for better prices. Real recently observed his 80th birthday.

Woman May Fly In Cross Country Hop

CLEVELAND, O.—The Bendix Trophy race, a Los Angeles to Cleveland dash, with added money to a record-breaking finisher in New York, may have a woman entrant at the National Air races here next year. Maxine Howard, wife of Ben O. Howard, Cleveland pilot and plane designer, hopes to fly Howard's "Mister Mulligan," high wing monoplane of 850 horsepower, in the race. All but seven states were represented during the four days of the 1934 races, the Cleveland Automobile club has just reported. A crowd of more than 100,000 swelled the stands and grounds on Labor Day, final day of this year's events.

Plowboys to Take To Road For Series Of Football Games

STEPHENVILLE, Tex., Oct. 23.—John Tarleton Plowboys leave home this week-end for the first of a series of out-of-town contests, to return November 23 in a conference game with Ranger Junior College. T. C. U.'s Polliwogs will be the Plowboys' opponents Friday night in a non-conference tilt at Fort Worth. No game has been scheduled for next week-end, but Coach W. J. Wisdom indicated that he might take his team out for a practice game. On November 9 the Tarleton boys will play Weatherford Junior College at Weatherford, their second conference match. They will meet T. M. C. at Terrell November 16 for another conference match. The last two games of the season will be played in Stephenville and both will be conference games. Ranger will come here November 23, and North Texas Agricultural College's Junior Aggies will be here for the Thanksgiving game, November 29.

Try a WANT-AD!

WHO WAS FIRST? IN AMERICA

THE first pharmacy magazine was The Journal of the Philadelphia College of Pharmacy edited by Daniel B. Smith. The K. of C. originated under a special charter granted by Connecticut. Father McGivney and nine parishioners of St. Mary's Roman Catholic Church in New Haven founded it as a fraternal benefit association for Catholics. E. V. Baker, '77, was captain of the winner Yale team.

"PETS" CIGAR STORE INDIAN GALION, O.—One of Ohio's few remaining cigar stores Indians for 40 years has received the gracious care of Louis Liller, cigar store proprietor here. Every morning he carefully places Minnehaha, his redskin maid of wood, in front of his place of business, each evening he brings her in from the elements.

New Rainmaker Is Sure of System

WICHITA FALLS.—Although soaking rains have dispelled the drought here, E. L. McAbee has not given up his plan of forestalling any future dry spell with the use of dry ice. His plan, which was launched at the airport here last summer, is to drop solid carbon dioxide, or "dry ice," into the clouds from an airplane. Although American scientists laugh at the idea and declare that "100,000 pounds of dry ice would not be a drop in the bucket," even if the dry ice would make it rain, McAbee sticks to his idea and is sure it will work. Americans may scoff but Europe is lending encouragement, McAbee said. A European company handling carbon dioxide equipment has actually made it rain by discharging the substance in the clouds, he declared. McAbee is expected to make another try at rain making soon. He is financing the project himself.

California Plans Plane For 1935 Race

CLEVELAND, O.—Lee Miles of San Bernardino, Calif., winner of the Louis William Greve trophy in the recent National Air races held here, plans to have the fastest plane within the 550-cubic inch displacement classification ever built for the 1935 races. Miles announced that intention as he left for the west, after the four-day events. He is now seeking a motor for the new ship. His famous little "Six" has been an outstanding performer in several national programs. This year, immediately after the Florida races in January and the dashes in New Orleans, if they are arranged, he will dismantle his plane and build an entirely new one. The new plane will follow the lines of the famous "Six" but will incorporate some new ideas in design, Miles said.

Gun That Killed Billy the Kid, is Back With Owner

EL PASO, Oct. 27.—The gun used to kill Billy the Kid, early bandit of the wild west, has been returned to Mrs. Pat Garrett, widow of the pioneer sheriff who set short the young desperado's life. Mrs. Garrett regained the gun after a fight that led to the State Supreme Court. The weapon is a single-action .44 calibre revolver. Sheriff Garrett killed Billy the Kid in a dark room on the night of July 14, 1881, at Pete Maxwell's ranch house near Fort Sumner, N. M. The Kid was a notorious leader in the Lincoln County, N. M., cattle war. His daring in escaping from officers caused him to become famous. He boasted of having killed 21 men, "not counting" injuns. He was only 21 years old. The famous gun was placed on exhibition in a saloon owned by Tom Powers, in 1904. Four years later Sheriff Garrett was killed. When Powers died several years ago, the gun was appraised as part of his estate. Mrs. Garrett sued Dr. J. B. Brady, administrator for Powers' estate, and the court ordered the return of the gun to her.

BEAVERS GET QUICK TREATMENT

NEWBERRY, Mich.—Beavers, whose activities in dam building interfere with CCC stream improvement projects, are not tolerated here. Whenever one of the enterprising animals is caught in the act of attempting to rebuild a torn out dam, he is captured and railroaded out of the community. Rather than kill the creature, CCC workers capture them and send them to other parts of the country where they are scarce and their presence is welcome.

Lawyers in Italy have had their fees cut 13 per cent by Mussolini. He'd better be careful. One of them's likely to sue him.

Winds that freeze are like a sweet Summer breeze, when HANES is hugging your body! Get hold of a suit and shove your hand inside. ### SUNDAY SCHOOL LESSON

#### PICTURES OF SILVER

By BEULAH K. HICKS

#### CHRISTIAN GROWTH

Luke 2:42-52; II Peter 1:5-8

The parents of Jesus, Joseph and Mary, were religious Jews who observed the laws and customs peculiar to their race.

Joseph adhered to the law which required the presence of every male Jew in Jerusalem at the Feast of the Passover.

Jesus was now a well grown boy of 12 years, developed physically, mentally and spiritually to an unusual degree.

Following the custom, Joseph, accompanied by Mary and Jesus, left their home at Nazareth and traveled to the city of Jerusalem to attend the Passover, the feast that celebrated the deliverance of Israel from Egyptian bondage hundreds of years before.

They were happy to find him and must have had great joy in such a son who would seek companionship of learned men asking questions and understanding them in such a manner as to cause these men to be amazed at his wonderful intelligence.

But Mary was also mother and must have been frantic at his loss. She gently reproved him and Jesus gave her a puzzling answer: "How is it that ye sought me? Knew ye not that I must be in my Father's house?"

But Jesus returned to Nazareth with them and was always a dutiful son. Mary pondered his strange behavior in her heart. She could not comprehend everything concerning this child but she brooded over him in her heart until the great and complete understanding came years later.

The growth of Jesus is pictured in verse 52 of our lesson.

"And Jesus advanced in wisdom and stature, and in favor with God and men."

There we find the four essential steps of growth: "in wisdom," intellectually, stature, physically, and favor with God, spiritually, and men, socially.

It takes years to develop from babes in Christ to a full Christian manhood or womanhood. It is not attained by some magic but by working out the great work started by the Holy Spirit.

The understanding of God's will in the life must be deepened to develop the real Christian life if one would rise above the title of "a nominal Christian."

Peter, who labored, both in Jerusalem and Rome, gave us a

perfect plan of growth found in II Peter 1:5-8, written in the year A. D. 68.

His first emphasized diligence in acquiring these steps of grace: faith, virtue, knowledge, self-control, patience, godliness, brotherly kindness, and love.

But if these are diligently cultivated a great promise is given. "For if these things be in you and about, they make you that ye shall neither be barren or unfruitful in the knowledge of our Lord Jesus Christ."

Much emphasis is placed upon personality today. The personality of person teaching has much to do with bringing the truth home to the hearts of the pupils. It was the magnetic personality of Jesus from his Father that drew men to him. To have a vibrant personality Christ must dominate that life. It must have the abiding Faith, the Word of God, and prayer life to attain the growth as exemplified in our Golden Text: "But grow in the grace and knowledge of our Lord and Saviour Jesus Christ (II Peter 3:18)."

### THURBER

Little Miss Wilma Dean Black underwent an appendicitis operation at a Ranger hospital Friday. She is reported doing nicely at this writing.

Mr. and Mrs. Babe Acapp were Ranger visitors Saturday.

The Methodist W. M. S. met last Tuesday at the home of Mrs. O. F. Hedrick with seven present.

Rev. W. E. Anderson had charge of the Bible study lesson.

Mr. and Mrs. Bud Sharp and children were Ranger visitors Saturday.

Mr. and Mrs. J. D. Miller moved recently to Fort Worth.

Miss Lavada Fenner spent last week in Ranger as a guest in the home of Mr. and Mrs. W. E. Herwick.

Mr. and Mrs. Joe Tullos and Mrs. Victoria Ferguson of Fort Worth were Sunday visitors in the homes of Mrs. A. L. Leedy and Mr. and Mrs. Frank Arrendale.

Mr. and Mrs. W. W. Wiggins visited in Morgan Mill last week.

Mrs. Irene Matthews and Miss Alma Black visited Saturday with Wilma Dean Black in the West Texas Clinic at Ranger.

Mrs. Maggie Masters and son, Clifford, Mrs. Vinson and Mrs. L. T. Hobbs were shopping in Ranger Saturday.

Mrs. Mabel Coggins and Mrs. Blanche McGruder of Fort Worth visited here Saturday.

Dixie Fenner Jr. and Ray Hammit attended trades day in Strawn Saturday.

Democrats Seek—

(Continued from page 11)

port for "progressive" Republicans who were on the Roosevelt bandwagon in 1932. National Committee Chairman James A.

Farley would adroitly avoid Democratic party friction in the affected States. Sen. Hiram Johnson, Rep. Cal., received the Democratic, Republican and minor party nominations in Wisconsin, Sen. Robert LaFollette, running under a "Progressive Party" banner, obtained passive but sincere White House support. Progressive Republican Senator Bronson Cutting of New Mexico, however, was allowed to run on his own. All three Republicans supported Mr. Roosevelt in 1932.

Republican senators who appear most likely to be displaced this year are Roscoe Patterson, Mo.; Hamilton F. Kean, N. J.; Simeon D. Fess, Ohio; Felix Herbert, R. L., and Henry D. Hatfield, W. Va. There also may be Republican casualties in this group.

Frederick C. Walcott, Connecticut; John G. Townsend, Delaware; Arthur R. Robinson, Indiana; and Cutting, New Mexico.

The regular Republican in least danger of defeat is Senator Arthur H. Vandenberg of Michigan, often mentioned as a presidential candidate in 1936.

The predominant senatorial issue generally was the New Deal. It figured in the Maine senatorial election in September, that usually rock ribbed Republican state returning Senator Frederick Hale by fewer than 2,000 votes over his Democratic opponent. The vote is being contested.

Sam Issue in Wisconsin

The same issue crosses party lines in Wisconsin where LaFollette seeking a third term is opposed by an anti-Roosevelt Democrat and a regular Republican.

Similarly in New Mexico the question of whole or complete support for the President's policies enters the race between Cutting and Representative Dennis Chavez, his Democratic opponent. Vandenberg in Michigan has pledged partial support to New Deal policies. Representative Edward Burke won the Democratic senatorial nomination in Nebraska from Gov. Charles Bryan on a "New Deal" platform.

The blustery Theodore G. Bilbo of Mississippi, red necktie, diamond horseshoe, and all, will be one of the new Senators. He won out in the primary over Senator Hubert D. Stephens.

Senator Huey P. Long, Democrat, Louisiana, will be back on the job this year with two years remaining of his first term. There are rumors, however, that the Kingfish is unhappy so far from his new State Capitol in Baton Rouge. He may tire of the Senate this year and return to Louisiana to be Governor again. In that event he probably would put Gov. O. K. Allen in his Senate place.

Minnesota, Kentucky and Missouri elected their congressmen at large in 1932, and Republicans are expected to pick up a few seats in those states now that redistricting is completed.

In Rhode Island, textile strike violence rebounded into politics. Massachusetts was scorched by a Democratic senatorial primary.

Speaker's War Expected In House

WASHINGTON, Oct. 29—A bitter party battle over the speakership of the next house of representatives faces democratic congressmen right after the November election.

The successor in the late Henry T. Rainey will be chosen at a party caucus just before congress convenes in January.

Leading candidates are House Majority Leader Joseph W. Byrns, Rules Committee Chairman William B. Bankhead, Dem., Alabama, and Interstate Commerce Committee Chairman Sam Rayburn, Dem., Texas.

Half a dozen other members have announced their candidacies and additional entrants are expected after Nov. 6.

Byrns was elected majority leader by one vote over Bankhead in the fight which made Rainey speaker of the 73rd congress. Antipathies created in that speakership contest still roll the house.

Representative John McDuffie, Dem., Alabama, was Rainey's chief opponent in last year's fight. He has withdrawn from the race this year, throwing his support to Bankhead.

Figuring in the background of the fight as trading ground for support in the north-south issue. Northern and western democrats are now in congress in greater numbers than for years, they are jealous of southern dominance in important house posts. Most of the committee chairmen are southerners because of seniority.

A possible outcome of the speakership struggle may be elevation of Byrns to the speakership, Bankhead, getting the majority leadership, and Representative John G'Connor, Dem., New York, becoming chairman of the powerful rules committee. The latter development would however, be a mere "sop" to northern democratic demands. O'Connor may enter the speakership race.

Representative John W. McCormack, Dem., Massachusetts, has been urged to seek the speakership. He would draw support from eastern democrats.

KING RESIGNS

SINGAPORE, Oct. 27—King Prajadhipok of Siam has offered to resign his throne, but the offer has been refused by the government, it was understood today.

As a humorous publication, the Harvard "Lampoon" ranks next to the Undertakers' Guide to Success.—The Boston Review.

## NEW DEAL FACES TEST IN ELECTIONS ON NOVEMBER 6

By EDWARD W. LEWIS  
United Press Staff Correspondent  
WASHINGTON, Oct. 29.—

Voters in 47 states will join Nov. 6 in the first referendum on New Deal policies since Franklin D. Roosevelt's smashing victory in 1932.

The nation-wide poll is to elect 432 members of the house of representatives. Maine's regular jump-the-gun election last September sent two democrats and one republican to the house, a numerical alignment identical with that chosen by Maine voters two years ago.

Democratic congressional leaders are fighting to protect their vital two-thirds majority which enabled them to beat down almost all rebellion in the 73rd congress. If the democrats retain a bare two-thirds majority of 290 seats the administration may mount it an unqualified triumph.

The average minority gain in off-year elections is 70 seats. Republicans are predicting an increase of from 50 to 85. Their gains probably will be much less than 50. Democrats insist that they will be as strong in the next house as they were in the last. The 73rd house was composed of 311 democrats, 114 republicans, five farmer-laborites. There are five vacancies.

In California the gubernatorial candidacy of one-time socialist Upton Sinclair may effect the luck of the democratic congressional ticket. Likewise in Nebraska, due to a bitter democratic senatorial fight involving the Gov. Bryan wing, republicans may gain seats. A split in Michigan's democracy also suggests republican gains.

The farmer-labor third party situation in Minnesota and the La Follette progressive party campaign in Wisconsin are disturbing factors in congressional races in those states. The Guffey-Road-Pinchot argument in the Pennsylvania senatorial fight may have repercussions in congressional districts.

Minnesota, Kentucky and Missouri elected their congressmen at large in 1932, and Republicans are expected to pick up a few seats in those states now that redistricting is completed.

In Rhode Island, textile strike violence rebounded into politics. Massachusetts was scorched by a Democratic senatorial primary.

All friends of the family were honorary pallbearers. Active pallbearers were: R. E. Grantham of Cisco; Eugene Lanford of Cisco; Earl Conner, Sr., of Eastland;

fight which may affect a re-election chances of democrats.

Republicans to make substantial gains are more likely to cut into democratic ranks in those states which are usually republican, but which climbed on the Roosevelt bandwagon in 1932. These include Illinois, Indiana, California, Iowa, Michigan, Ohio, West Virginia and New York.

House majority leader Joseph W. Byrns, chairman of the congressional democratic campaign committee, refuses to concede that the republicans will gain any seats, despite the fact that the off-year elections normally, show a swing away from the administration.

The record in recent years shows what usually happens in the off-year congressional elections. Midway in the Hoover administration the democrats gained 61 seats to win a majority. They gained 14 seats in 1926, and 75 in 1922. In 1918, during the Wilson administration the republicans gained 21 seats. In 1914 the first Wilson off-year poll they gained 66.

The administration can retain a two-thirds majority in the house next session only by holding republican and farmer-labor gains to 25. A two-thirds majority of the house in 1920. The present lineup is 311 democrats, 114 republicans, five farmer-laborites. There are five vacancies.

Services Held In Cisco Sunday For Eastland Woman

Funeral services for Mrs. B. W. Patterson, wife of Judge B. W. Patterson, who died at her home in Eastland Thursday, were held at the First Baptist church in Cisco Sunday at 3:30, with Rev. E. S. James of that city officiating, assisted by Rev. O. B. Darby of Eastland.

The funeral cortege left the family home at Eastland at 3:00 o'clock and proceeded to the Cisco church. Interment was in Oakwood cemetery in Cisco.

All friends of the family were honorary pallbearers. Active pallbearers were: R. E. Grantham of Cisco; Eugene Lanford of Cisco; Earl Conner, Sr., of Eastland;

Allen D. Dabney of Eastland; W. S. Atkinson of Ranger; T. M. Collic of Eastland and L. H. Flowell of Ranger.

Friends of the Pattersons from over the county attended the funeral services.

Mrs. Patterson is survived by her husband, a daughter, Mrs. Dave Carlton, Houston; three brothers, W. O. Davis of Fort Worth; Allen Davis of Spokane, Wash., and David Davis, Seattle, Wash.

Mrs. Patterson was an active worker in the Eastland Baptist church and a member of the choir. She and Judge Patterson were formerly members of the First Baptist church in Cisco. She came there often to attend church and social gatherings and had many friends there.

### A SAFER WAY to relieve constipation in any child . . .

This simple experiment has often meant a changed child, mothers.

A test that is easily made, and should be made, when children are occasionally upset or constipated.

Doctors urge a liquid laxative for children. The child who has been convalescing in a hospital, will usually come out with bowels working like a well-regulated watch. Hospitals give children a liquid laxative of suitable ingredients, suitable strength, and in suitable amount.

Children should never be given the strong cathartics that are meant for adult use.

No, avoid all use of mineral drugs, whether they are salts, pills, tablets, or "candy" form. Even once a month is too often to give any child a cathartic containing powerful drugs.

The Proper Treatment

Give that sluggish child a liquid laxative containing senna (a natural laxative). California Syrup of Figs has the right amount for children's use, and this rich, fruity syrup does not upset them.

Just give any headachy, bilious child a little of this gentle laxative when constipated, and a little less if dose is repeated until bowels seem to be moving regularly and thoroughly without need of help.

When you change to California Syrup of Figs instead of harsh medicines, you'll risk no more violence to your child's appetite, digestion, and general physical condition. You'll have a safer, more satisfactory result, too.

So, get a bottle of California Syrup of Figs from your druggist, and start tonight, if your child is constipated, giving a good, cleansing dose. Repeat as necessary, giving a little less each time. That's the secret of this treatment—gradually reduced dosage.

Here is a simple way of finding out if any youngster with irregular or insufficient bowel movements is in need of relief, or getting the wrong treatment:

#### THE "LIQUID TEST"

This is the way to relieve occasional sluggishness, or constipation in a child of any age:

First: select a liquid laxative of the proper strength for children. Second: give the dose suited to the child's age, and condition. Third: reduce the dose, if repeated, until the bowels are moving without any help at all.

An ideal laxative for this purpose is California Syrup of Figs which every druggist keeps in stock. Be certain that it is the genuine product, with "California" blown in the bottle.

# Good Taste!

## Luckies They Taste Better

The world's finest tobaccos are used in Luckies—the "Cream of the Crop"—only the clean center leaves—for the clean center leaves are the mildest leaves—they cost more—they taste better.

"It's toasted"
