

# RANGER WEEKLY TIMES

VOLUME I

RANGER, TEXAS, FRIDAY, DECEMBER 7, 1934

NUMBER 46

## MAN ACCIDENTALLY SHOT BY SHERIFF FOSTER

### OIL TENDER BY COMMISSION ORDER SIGNED

AUSTIN, Dec. 5.—A state-wide order requiring tenders for the transportation of refined oil in Texas was signed today by railroad commissioners.

It will become effective Dec. 10. The order gives the railroad commission authority to possess the legal production of crude oil in Texas and a stop gate to prevent the refined product of hot oil from moving into commerce.

It prohibits the movement of any crude oil products, such as gasoline, fuel oil and the like from every oil field in Texas and from all refineries unless the shipper has obtained a permit from the commission.

The permit will be denied unless it can be shown the product was refined from crude legally produced. Pipe lines, railroads, trucks and other forms of transportation are forbidden from transporting oil products without an approved copy of the permit. A similar tender system now is in effect in East Texas.

### Eastland County Prisoners Taken To State Prison

"Uncle Bud" Russell, transfer agent for the state penitentiary at Huntsville, picked up three men convicted in Eastland courts at the Breckenridge jail Wednesday. The men to be conveyed to the penitentiary were in the Stephens county jail because Eastland county is under repair.

The prisoners were Clyde Moon, convicted on theft charges at Eastland recently, given three years; Joe Ferguson, convicted on burglary charges, given three years, and Norman Duke, forgery, three years.

### Civil Cases Set For Monday In District Court

Three civil cases have been set for trial Monday in the 91st district court at Eastland.

The cases: Stephen F. Brawner vs. American National Insurance company, Southern States Finance corporation vs. Farm and Home Savings and Loan association, and D. K. Scott vs. L. P. Kuykendall. All are jury cases.

Saturday of this week the case of Cliett vs. Lowery will be heard. It is a non-jury case.

Criminal cases will be heard in the court in the week starting Dec. 17, although some jury civil cases will be heard. Judge George L. Davenport, presiding judge, states.

### Milk and Cheese Prices On Increase

DENISON, Texas.—Milk and cheese prices here are at the highest level since 1931.

During the past month cheese prices have risen five cents per pound at the Kraft cheese plant here, bringing the price up to 32 cents per pound.

The Denison plant uses about 35,000 pounds of milk daily. It is brought in by 25 trucks operating within a radius of 50 miles.

### Courtesy Ticket to the Arcadia Theatre Ranger

Mr. and Mrs. Frank Casey R. F. D. No. 1

will call at The Times-office Friday or Saturday. Guest tickets are ready for you to see—

Joe Penner in "College Rhythm" Showing Saturday at ARCADIA!

## Bankhead Referendum on December 14

### Garner Says He Is Just Country Boy In The City

WASHINGTON, Dec. 6.—Vice President John Garner returned to Washington today with the observation that he was "just a country boy trying to get along with the city slickers."

"You know I've been down here in Uvalde all summer and sort of wanted to see what the city lights look like," he drawled.

"A fellow coming in from the country has to be careful these days. He's like a jackrabbit when the dogs set after him. He has to crawl under a prickly pear and say nothing."

Garner, appearing in excellent health, refused to discuss the speakership or any question of national interest.

### Houston Man Is Oldest Attorney In Active Practice

HOUSTON.—J. S. Fagan, 89, Houston, is acclaimed by his friends as one of the oldest practicing attorneys in the nation—almost certainly the oldest in Texas.

"Judge" Fagan, as his friends call him, was a delegate to the Texas Constitutional convention in 1875—one of the few surviving. He came to the state 64 years ago and has lived in Houston 48 years.

The "judge" is a native of Erie, Pa., and received a law degree from the University of Toronto. Following his graduation he spent six years touring Europe. He returned to the United States and taught Latin and Greek at Louisiana State University during the last year of the Civil War.

He then drifted to Texas, and at the age of 27 was business manager of the 1,000,000-acre ranch of Tom O'Connor, early South-east Texas cattle king.

Fagan saw the advent of the barbed-wire era, the coming of railroads, automobiles and highways.

He has practiced law since 1891, and today boasts of excellent health, although several years ago he was forced to relinquish his criminal practice and limit himself to civil cases, because of the strain and worry involved.

### First Christmas Paroles Signed

AUSTIN, Dec. 5.—Gov. Miriam A. Ferguson's first Christmas clemency was issued today. It extends a furlough enjoyed by John Carpenter, "in order that he can be with his family Christmas."

Carpenter, convicted of robbery in San Antonio, was given a 20-year sentence. He recently was furloughed and employed.

Rex Jeffries was given a full pardon and citizenship restored. He was serving four years in burglary sentences on conviction in Eastland, Stephen, Palo Pinto, Parker and Runnels counties in 1932.

A conditional pardon was issued for Dan Smith, given a two-year burglary sentence in Stephens county in May, 1934.

### Mr. Mrs. J. Garner In Graham Smash-Up

Mr. and Mrs. Jim Garner, formerly of Eastland, were injured Tuesday in an automobile accident several miles south of Graham Tuesday. It is reported that Mrs. Garner's injuries were semi-serious. She was taken to a Graham hospital.

They were en route to Wichita Falls.

### Two New Bridges Ready For Traffic

DEL RIO, Texas.—The two new bridges over San Felipe creek, made necessary by re-routing highway No. 3, will be opened for traffic about Dec. 15, it was said here. Work was started on Aug. 27. Total cost of the structure will be about \$25,000.

### POLL PLACES WILL BE ALL OVER COUNTY

Referendum Officials Will Be Announced Next Week.

Friday, Dec. 14, 1934, has been set as the date for the Bankhead referendum throughout the cotton producing states by the agricultural adjustment administration, according to information received by H. H. Williamson, vice director for the extension service.

### Scouts Will Hold A Court of Honor

Boy Scouts of Troops 9 and 10 are to hold a court of honor at the First Methodist church Friday night at 7 o'clock, it was announced today.

J. E. Meroney is to preside and all commitees and parents of the scouts have been urged to attend.

### Mohair Market Is Reopened Again

SAN ANTONIO.—The West Texas mohair market, stagnant for 14 months, opened up when 600,000 pounds were sold in Uvalde recently.

The lot was sold to Collins & Aikman of Bristol, R. I. It brought 20 cents a pound for the mohair and 30 cents for the kid hair.

Much interest was being shown today in the special train to Amarillo, it was stated by members of the athletic committee, though but a few tickets have been sold, however, and indications are that many more tickets will be sold.

Many are waiting until Friday to buy tickets, it was pointed out, to see how the weather would be. It is expected that as many will go by way of automobile as will ride the special train.

A long-distance telephone conversation with Coach O. M. Moore, who is in Lubbock with his charges, stated at noon that the weather was "as clear as a whistle" and that the boys were in good shape.

The team is working out this afternoon in Lubbock in preparation for the game and will go on to Amarillo Friday.

The special train will leave Ranger Saturday morning at 1 o'clock, arriving in Amarillo at 11:25 Saturday morning.

Members of the athletic committee urged everyone who expects to ride the special to purchase their transportation tickets by Friday morning at 10 o'clock in order that the proper amount of equipment can be ordered out of Fort Worth by the Texas & Pacific Railway company.

Tickets are on sale at the registrar's office at the high school, at the Texas & Pacific railway station or from members of the athletic committee. The price of the round trip is \$5.

The pep squad and the band will make the trip on the special train, 110 tickets having been ordered to take care of their transportation to and from Amarillo.

Reserve seat tickets to the game will be on sale on the train at \$1 each, while seats at Amarillo are selling for \$1.50.

### TICKETS FOR SPECIAL TRAIN NOW ON SALE

At this time eligible voters will be asked: "Are you in favor of continuing the Bankhead act for next year?" An eligible voter is defined in the act as a "person who has the legal or equitable right as owner, tenant, share-cropper, or otherwise to produce cotton on any cotton farm, or part thereof, in the United States for the crop year 1935-36."

According to that, any person is eligible who signed a 1934 and 1935 cotton acreage reduction contract as well as any person who is or was eligible for tax exemption certificates in 1934. Any other person is eligible who presents proof that he owns and has a present right to produce cotton on a farm, or any person who signs and files a witnessed statement that he has made arrangements to produce cotton on a cotton farm in 1935 by entering into a lease or share-cropping agreement.

If ownership and the right to produce cotton on a cotton farm are held jointly by two or more persons, all such persons are entitled to vote. The term "cotton farm" means any farm on which cotton has been produced commercially one or more years since 1927. Individuals who are in doubt about their eligibility to vote can obtain information from the community committee, which will have a list of eligible voters.

Henry A. Wallace, secretary of agriculture, defines the impartial attitude of the adjustment administration in a statement that will be given each voter with his ballot. This statement urges cotton farmers to "examine carefully all the facts and reach a decision based upon considered judgment as to whether the Bankhead act is needed to assure attainment of the objectives of the cotton adjustment program."

"Cotton farmers," a portion of the statement reads, "must decide whether, in their opinion, the adjustment of cotton production under the voluntary contracts is sufficient to meet the requirements of the present emergency. Will the efforts of a small minority of non-co-operators, the tendency toward more intensive cultivation, and the possibility of new lands coming into cotton production combine to increase total production above the total which seems desirable? That, it appears, is the central question involved in a decision on continuing the Bankhead act for next year." The secretary emphasizes in his statement that the administration is not seeking to impose its views upon the producers and that "it is for the cotton farmers to choose."

The referendum is provided for in the Bankhead act itself. It is that two-thirds of those who have the legal right to produce cotton favor the continuation of the Bankhead act, and if the president winds and proclaims that the economic emergency in cotton production and marketing will continue to exist, the provisions of the act will be extended to cover the period of the 1935 crop year.

### Scores In Bowling Matches Are Close

Two close bowling tournaments were held in Ranger during the past week, with the scores of both matches being close until the last ball was rolled.

Last week a team headed by Floyd Killingsworth won from a team headed by H. H. Vaughn by a score of 2,375 to 2,355.

This week the scores in the tournament were almost as close, the scores of the matches being as follows:

Bob Irvine . . . 143-142-122-407  
F. Killingsworth 125-178-158-461  
P. E. Moore . . . 136-126-118-380  
Simons . . . 135-131-145-421  
Jack Roach . . . 128-124-147-399  
Totals . . . 677-701-690-2,068

Roy Jameson . . . 150-119-129-398  
H. H. Vaughn . . . 130-181-159-470  
Bob Burns . . . 150-118-179-447  
Jim Ingram . . . 139-147-121-407  
F. Williams . . . 124-144-136-404  
Totals . . . 693-709-724-2,126

### International President of Lions To Visit Ranger Club on Tuesday

Vincent V. Hascall of Omaha, Neb., president of the Lions International, will pay an official visit to the Ranger Lions club on Tuesday night, Dec. 11, it has been announced by Colonel Brasher, president of the Ranger club.

President Hascall was invited to Ranger some time ago and has accepted the invitation. The Ranger club has sent out invitations to Lions over this entire district to meet with them in Ranger on that night to hear the message the international president will bring them.

When the Omaha Lions club was formed Vincent C. Hascall was a charter member. He served as president of the club, and in all major official capacities. When the international convention was held in Omaha in 1924, he distinguished himself by his services, and came to the favorable attention of all the delegates and officers of the association. He was elected district governor of the ninth district in 1926, when that jurisdiction included Iowa and Nebraska, and in 1927 was chosen chairman of the board of governors of Lions International. When his term in this office expired at the convention in Des Moines, Iowa, he was elected to the board of directors, serving four years, from where he was elevated to the third vice presidency at the 1931 convention in Toronto, Canada. In successive years he became second vice president and first vice president, and

### Turkeys Are Kept Off Season Market

BEEVILLE, Texas.—Many turkey raisers in this district kept their birds off the Thanksgiving market as they anticipate a higher price Christmas.

Immediately following Thanksgiving the market here dropped 1 1/2 to 2 1/2 cents a pound, but it is expected to rise again as the Christmas market opens up.

### Huge Catfish Is Imprisoned In Rocks

SEVEN ROCKS, Texas.—Imprisoned under the rocks in the stream here is a catfish so monstrous in size "that it snorts and wallows like a hog" in its vain attempts to win freedom to the open stream.

Fishermen report that they have heard the fish lashing its tail against the walls of its rocky prison. The record catfish for the region weighed 195 pounds.

### Carnegie Grant to Aid In Research

EUGENE, Ore.—A Carnegie grant will allow Dr. L. S. Cressman, professor of anthropology, to continue a thorough search of the Benham falls region in the Deschutes section of Oregon for additional evidence of a prehistoric race of men.

Explorations made during the summer indicated that a prehistoric race of men, perhaps the earliest settlers of North America, lived there.

### Attorney Indicted In Stevens Case

FORT WORTH, Dec. 5.—Tom McMurray, Fort Worth attorney, today was indicted by the United States grand jury with eight others in connection with attempts of O. D. Stevens, convicted in the Handley triple murder and the \$71,000 mail robbery here, to flee his jail cell here and at Dallas.

### Equalization of Rail Rates Sought

EL PASO.—The West Texas Chamber of Commerce will seek equalization of railroad rates on some inland commodity shipments from seaports when the Texas railroad commission meets in Austin Dec. 6, E. R. Tanner, traffic committee director, said today.

The complaint alleges that rates from New Orleans to Texas points are on a par with those from Galveston to the same points.

### Spanish-American War Veterans Will Hold An Election

An important meeting of the Sam McKennon Camp No. 59, Spanish-American War Veterans, is to be held in Ranger Friday night, Dec. 7, for the purpose of electing officers for the coming year.

The meeting is to be held in the American Legion hall in Ranger and Spanish-American war veterans from over this section of the country are urged to be present.

### Christmas Lights To Be Installed

At a meeting of merchants of Ranger, held in the office of the Chamber of Commerce Wednesday morning, it was voted to begin installation of the Christmas lights on Main street immediately.

It was unanimously decided that the lights should be put up and a committee was appointed to secure the incidental funds necessary for the labor and for replacing broken or worn out bulbs.

The committee, which is to secure the funds from the merchants, is composed of P. A. Nelson, chairman; D. Joseph, Floyd Killingsworth and Eddie Sargent.

### District Governor Makes His Official Visit on Wednesday

Dr. Thomas H. Taylor, governor of the 41st district of Rotary, paid his official visit to the Ranger club Wednesday at noon and brought a message on friendship.

The speaker said that Rotarians had a wonderful opportunity to learn the real meaning of friendship, and that if Rotary did not solve any international problem, the friendship that was cemented through the organization made it well worth one's time.

He said that the Rotary clubs created friendship among business competitors that no other organization could create. His talk was interspersed with dry humor, for which the speaker is famous.

At the end of the regular meeting the directors and committee chairman met with the district governor in a short session.

Visitors were K. F. Holloway, A. N. Larson, H. B. Johnson and J. M. Bond.

### Big Dipper to Be Just Soup Spoon

PHILADELPHIA.—The Big Dipper, in another 50,000 years will be the same shape as a common ordinary soup spoon, according to Wagner Schlessinger, assistant director of the astronomy department of the Franklin museum.

During these next 50,000 years one will be able to watch the wandering stars in the tip of the handle move to the left and the rest to the right, thereby changing the shape of the Dipper considerably.

The star making machinery in the planetarium can switch them around in the most amazing ways. The universe can be turned back to 50,000 years ago, showing the astral positions at that time, and then can be turned forward to show how the dipper will appear in the year 51,934 A. D.

### Two Women Seize Intruder In Home

CHARLTON, O.—No timidity has Mrs. C. J. Boganke, of Munson, near here, when she hears signs in the night. Nor has her mother.

Mrs. Boganke heard crockery and canned food being juggled in her kitchen one night. She summoned her mother, Mrs. John Treaster. Into the kitchen rushed the plucky women, and captured a man, who later said he was from Cleveland.

The two women wrestled with the intruder and struck him with their fists repeatedly until Deputy Sheriff C. R. Spaulding arrived.

The Soviet government deprived a town's tax officials of their governing power, and no one knew the difference, H-m-m. We'd know the difference, in many of our cities.

### Farmer's Market Is Planned In Dismal

CARRIZO SPRINGS, Tex.—At a meeting of the Chamber of Commerce here it was planned to organize a farmer's marketing association for Dismal county.

A committee has been appointed to prepare plans of the organization for the December meeting.

### Spanish-American War Veterans Will Hold An Election

An important meeting of the Sam McKennon Camp No. 59, Spanish-American War Veterans, is to be held in Ranger Friday night, Dec. 7, for the purpose of electing officers for the coming year.

Wouldn't the republican party like to have a shot of that mysterious chemical which a scientist says can prolong life at least two years!

## WAS FLEEING FROM A STILL WHEN KILLED

### Bullet Glanced Off A Tree and Struck Steve Baccus In the Side

Steve Baccus, 35, alleged operator of an illicit still near Nimrod, was accidentally shot fatally Thursday morning by Sheriff Virge Foster, during a still raid. According to reports, Baccus fled from the still location when officers Louis Woods and Foster came upon the scene.

Seeing the man flee, according to reports, Foster shot to the side of the man, the bullet striking a tree limb and glancing sideways and struck Baccus in the side.

He died shortly afterwards and his body was taken by a Cisco undertaker to that city. A wife and four children survive, according to information from Cisco.

Ellis Tomlinson, who was with Baccus at the still at the time the raiding officers arrived, was arrested and placed in the Eastland city jail. Charges of operating an illicit still were filed against him this morning.

A former officer in Eastland stated that officers in past years had frequent run-ins with Baccus.

### Editor of Houston Chronicle Dies

HOUSTON, Dec. 5.—W. O. Huggins, 56, editor of the Houston Chronicle and prominent lawyer, died last night at his home from a heart attack.

Apparently in the best of health Huggins was seized with an attack and died shortly after a physician arrived.

He had been associated for a number of years with the Jesse Jones interests and had been editor of the Chronicle since 1929. He was a former chairman of the Texas democratic executive committee.

Huggins recently toured Italy as the guest of the Italian government upon invitation from Premier Mussolini.

## BORAH MAY HEAD A NEW PARTY GROUP

WASHINGTON, Dec. 5.—The senate's ablest orator and its richest member, both independent republicans, crashed personally today, as two more colorful figures stepped into the boiling fight over reorganization of the republican party.

The touch of personal conflict was injected into the situation by William E. Borah, the orator, and James Couzens of Michigan, the wealthy senator.

Those offering new suggestions for revision of the party were C. Theodore Roosevelt Jr., and Gov. Gifford Pinchot of Pennsylvania, both of whom declared the party must move into more liberal ground.

The wrangling between Borah and Couzens broke out over the very thing which liberals have contended is wrong with the party's conservative leadership—lack of a platform.

Borah's repeated blasts against Henry Fletcher, national chairman, drew a challenge for Borah to take leadership in reorganization of the liberal party.

Borah is sensitive to claims he is a great starter of fights but a weak finisher. He retorted to Couzens: "I'll draw that platform and its first plank will be for taxation of securities which at present are tax exempt."

### Farmer's Market Is Planned In Dismal

CARRIZO SPRINGS, Tex.—At a meeting of the Chamber of Commerce here it was planned to organize a farmer's marketing association for Dismal county.

A committee has been appointed to prepare plans of the organization for the December meeting.

MINGUS

Special Correspondent
Mr. and Mrs. Orb Rutherford entertained all their children on Thanksgiving day with a delicious turkey dinner and all the trimmings. Everyone present spent a pleasant and enjoyable day. Those present were Mr. and Mrs. Arch Fletcher and daughter, Mr. and Mrs. Raleigh Rutherford and daughter, Mingus; Mr. and Mrs. Shirley Krow and family, Gordon; Mr. and Mrs. Bert Davis and Mrs. Winford, Dallas; Kerby Rutherford and Miss Crow, Stephenville; Miss Sybil Rutherford of West Texas, and Miss Willie Rigby, Minus.

party Friday evening. All had a pleasant time.
Mr. and Mrs. Ted Fannin of Brazos spent Thanksgiving here with relatives.
Don McElroy of Breckenridge spent the week-end visiting relatives.

of their own. Arrangements for this affair were supervised by Misses Ralitor and Rigby and with the co-operation of their many friends a delightful evening was spent. Mr. and Mrs. Fravel were the recipients of many useful and beautiful presents which were appreciated by the honorees. Refreshments of chocolate and cake were served to a host of friends.

COLONY

Special Correspondent
Those students who make an average grade of 90 or above are allowed the privilege of being on the honor roll. Students on the honor roll for the second six weeks of school are: Eleventh grade, Frankie Thompson and Aline Lain; eighth grade, Frances Harrell; seventh grade, Gloria Stewart; sixth grade, Ed Orth Goodson, Lois Aylor, Leota Cooper, Evelyn Harris, Annie Mae Fey; fifth grade, Shirley Goodison, Norma Crabb; fourth grade, Georgia Mae Baggett; third grade, Cora Lou Gregg, Roberta Landroop, Lonnie Mayhall, G. W. Moore; second grade, Barbara Getts, Buddy Loper, Jimmie O'Shields; first grade, Clarice Gregg, Frankie Dean Ford.

STAFF

Special Correspondent
Mr. and Mrs. Russell Griffin and Mrs. Zona Griffin were shopping in Eastland Tuesday.
O. T. Hazard was an Eastland visitor Tuesday.
Mrs. Utley spent the week-end with her mother, Mrs. Stuart, of Strawn.

Checks Mailed to Pay Teachers In Education Project

AUSTIN, Dec. 5.—Checks totaling \$120,914.92 were mailed last week from the Texas relief commission to counties to cover the special emergency teacher project expenses for the month of December.
This project is sponsored by the federal emergency relief administration through the Texas relief commission in the state, and supervised by the state department of education at Austin. The December allocation will bring benefit to approximately 2,600 formerly unemployed teachers in Texas. About 900 men will take an active part as soon as classes can be organized. They already have been approved for participation. Approximately 50,000 students also are receiving benefits from the program.

REHEARSAL BROKE UP WINDSOR, Conn.—A skunk ambled into the Windsor Dramatic Club during a rehearsal and players lost little time in beating a retreat. Until the air cleared the rehearsal was held in nearby rooms.

WINNIPEG VIEWS MONSTER
WINNIPEG, Man.—A 65,000-year-old prehistoric monster, a relic of the days when semi-tropical waters covered most of Manitoba with their ooze, has been placed on exhibition at the museum here. The skeleton of the reptile was found on the banks of the Assiniboine river near Treherne in 1932. It is 30 feet long and resembles a huge lizard. It took museum workers 18 months to assemble the bones.

FARM FERTILIZER AIDS FISH
MADISON, Wis.—Use of ordinary farm fertilizer has increased fish food 22 per cent in one of Wisconsin's northern lakes, recent tests have revealed. Seven hundred pounds of super-phosphate sprinkled over the surface of the water resulted in a decided increase in the growth of algae, a marine fungus from which fish derive a great portion of their diet.

2,000 DEER SLAIN
SAULT STE. MARIE, Mich.—Nearly 2,000 deer were killed in the upper Michigan peninsula in the first week of the open season, conservation officials revealed. An actual count of deer placed on ferries to cross the Straits of Mackinac placed the figure at 1,600 after six days of hunting. Many others were slain that were removed by other routes.

# DESDEMONA

Piercingly blowing north winds filled with sand did not prevent members of the "21" study club from gathering at their clubhouse Tuesday, Nov. 27, for a luncheon given at 1 o'clock in honor of Mrs. Joseph M. Perkins, president of the Sixth District of the Texas Federation, and Mrs. James Horton, who is secretary of the Sixth District, both of Eastland. Hostesses for the occasion were Meses. W. E. Barron, Roy Ashburn and J. E. Heeter of the social committee. Bright colored autumn leaves and chrysanthemums and roses were used in the decorations. Small tables, centered with small turkeys and red leaves, were quite attractive. After the guests were seated Mrs. Barron returned thanks and the hostesses then passed the plates of chicken salad on lettuce, stuffed celery, olives, hot rolls and butter, with second course of pumpkin pie, whipped cream, and coffee. At the close of the luncheon corsages of roses tied with club colors, green and white, were presented to the honorees. The roses were from the garden of Mrs. J. H. Rushing Sr., the only charter member still a member of the club and who was unable to be present on account of illness. Mrs. W. C. Bedford as leader, introduced Mrs. Horton, who talked on "County Libraries," a subject of vital interest to all club women.

Otto Kountze was in Eastland Monday serving on the grand jury. Mr. and Mrs. Jim Jones of Gordon were guests of Mr. and Mrs. Sol Jardley Sunday.

Miss Edith Creighton, our successful primary teacher, visited homefolks at Strawn during the holidays.

Misses Nell Robert, Romalee Wright and Latrelle McGuire, who are attending John Tarleton col-

lege at Stephenville, came home for the Thanksgiving holidays. Mrs. W. C. Bedford received a card Monday from her niece, Mrs. Virgil Husby (nee Eleanor Yarnell), written at New York just as she and her husband were sailing on the steamship Europa for Hamburg, Germany.

Mr. and Mrs. Carl Law and little daughter, Carlene, who have lived in Oklahoma since leaving here two years ago, are guests of her sister, Mrs. Claud Lee and family. Their many friends are giving them a hearty welcome.

Robert Thompson of Oklahoma City visited his aunt and uncle, Mr. and Mrs. W. B. May, Sunday. They spent the afternoon riding over the fields and showing him where his old home place had been.

Miss Mignon Whitworth, who is teaching at Kokomo, spent the Thanksgiving holidays here with her parents, Mr. and Mrs. W. H. Whitworth.

Alton Brown visited friends at Stephenville Saturday.

Mr. and Mrs. M. P. Williams drove to Eastland on business Saturday.

Robert Howell, son of Rev. and Mrs. Z. L. Howell, was the guest of Dr. J. M. Wright and family during the Thanksgiving holidays.

Rev. H. H. Nance and family spent Thanksgiving with relatives at Jonesboro.

Mr. and Mrs. Bailey Stark spent Thanksgiving with relatives at Oiden. They also attended the football game at Ranger.

Mr. and Mrs. Robert Sheard drove down to Delton and spent Thanksgiving with relatives.

Miss Frances Battle, one of our popular high school teachers, visited homefolks at Commerce during the holidays.

W. E. Barron and family went up to Ranger and spent Thanksgiving with J. W. Harrison and family. Others who were guests were Mrs. R. K. Glanton, Mr. and Mrs. O. A. Young and little daughter, Mrs. Glanton, mother of Meses. Barron, Harrison and Young, has

# Win Highest U. S. Farm Honors

Proudest young farmers in the land were Mary E. Wien, left, 17-year-old Lafayette, Ind. girl, and William Kiesel, Jr., right, 20-year-old Pryor, Okla. youth, when they were awarded the coveted President Roosevelt cups for farm achievements under the 4-H Club program. The two are pictured at the International Livestock Show in Chicago, where the presentations were made.

been visiting the Harrisons in Fort Worth a few weeks but came home from Ranger with the Barrons, as she makes her home here.

Misses Latrelle McGuire, Romalee Wright and Nell Robert, and Messrs. Weldon Rushing, Sam Finckannon and Robert Howell attended the football game at Stephenville Thanksgiving Day. The game was between John Tarleton college and North Texas Agricultural college at Arlington and resulted in a scoreless tie.

Supt. M. L. Cobb and family spent the week-end at Dallas. Coach F. E. Mullins of our high school spent Thanksgiving at his home at Commerce.

The Methodist Missionary society met at the church Monday afternoon for the monthly business meeting. The meeting was presided over by Mrs. W. E. Barron, who is district secretary and by her office takes the place of the president and vice president when they are absent. The treasurer reported that Mrs. M. P. Williams, who is not a member but often helps in various ways, had donated \$2 on the payments on the kitchen stove for the parsonage and that with money from the food sale a payment would be made that would leave a balance of only a little over \$3. Items from the bulletin were given and a chapter from "Suzuki Looks at Japan" was studied.

Max Williams of Ranger spent Wednesday and Thursday with his parents, Mr. and Mrs. M. P. Williams.

The Epworth league gave a social Tuesday night at the church and a pounding for the new pastor.

Mr. and Mrs. Z. S. Ratliff of Fort Worth spent the week-end with her sister, Mrs. S. E. Snodgrass, and family. On Sunday morning Mr. Ratliff went with Rev. Nance to Victor, where the latter preached while Rev. J. B. Curry of Cisco preached at the Methodist church here. Rev. Curry is the new presiding elder and in the afternoon he held quarterly conference.

Mrs. G. C. Groves and son, Jack, of Big Spring, were guests of Mr. and Mrs. J. H. Jackson on Wednesday morning and Thursday morning. Mrs. Groves had come to Athens to bring her daughters, Misses Navalynn and Emma Joe to the home-coming at McMurry college. The Groves family left here in 1927 for Big Spring, where they have been in business and have a nice home.

Friday night with Mrs. Ila Redwine. Rev. Smith and Rev. Jones spent Sunday with Mr. and Mrs. Roy Dunlap.

Mr. and Mrs. W. H. Sparger and Mr. Cameron attended the Methodist church at Desdemona Sunday. Mr. and Mrs. Otto Beaver motored up to Ranger Saturday on business.

Laton Rogers is taking treatment from a doctor at Oiden.

Mr. and Mrs. W. H. Sparger and Mrs. I. C. Redwine motored up to Oiden on business Tuesday.

Burley Wayland of Jukehamon spent Sunday night with his aunt, Mrs. I. C. Redwine.

Rev. Smith and Rev. Jones spent Sunday night with Mr. and Mrs. John Fonville.

Mr. and Mrs. Rufus Buckley have moved on the Wisdom place for another year.

Mrs. Fonville and Lee Fonville and Dovie Lee Ables were in Ranger on business Saturday.

B. A. Highsmith was in Desdemona on business Saturday.

Rev. Nance of Desdemona will preach at this place Sunday evening at 3 o'clock.

There was a musical at the home of Jess L. Hughes Saturday night. Mr. and Mrs. Hubert Rainey, who have been spending a few days with their parents, have returned to their home near Desdemona.

Edith Cameron spent Sunday with Mrs. Cora Perrin.

Miss Denzel Rainey is on the sick

list this week. We hope she will soon be able to be back in school. J. J. Rainey, who has been on the sick list for some time, is improving slowly.

Curtis Redwine visited Truit Fox Sunday evening.

Bonnie Fay Highsmith visited Laeva Fox Sunday.

Bartie Cameron spent Sunday with Inez Highsmith.

Mr. and Mrs. Rippetoe and their son and wife drove down to Highland and spent Thanksgiving with his mother.

**COFS MUST WATCH BUTTS**  
BOSTON—Police attached to headquarters here have been requested not to throw their cigarette butts out windows. This practice was halted because the cigarettes landed on the roofs of the automobiles below and burned holes.

**NEW HIGHWAY ENDORSED**  
CASPER, Wyo.—The Golden West Highway, a new route to the Pacific Coast, has received the endorsement of the Chamber of Commerce. The new route would traverse northwestern Wyoming through the famous Jackson Hole big game country, across Idaho, lower Oregon and the northern corner of California to the coast.

# HUNGARIANS ARE EXPELLED FROM HOMES

(Copyright 1934 by United Press)  
VIENNA, Dec. 6.—Mass expulsion of Hungarians from Jugoslavia in reprisal for the assassination of King Alexander brought these countries to the verge of an open break today.

—Six dozen, scores and hundreds, frightened groups of men, women and children were sent to the Hungarian frontier, torn from their homes because Jugoslavia holds that Hungary sheltered the terrorists who plotted the death of King Alexander.

Mounted police were dispatched to guard the Jugoslavian legation in Budapest. Extra patrols of police roamed the city, fearing mounting popular anger would lead to riots.

Reports in Delgrade unconfirmed, said 18,000 people in all would be expelled.

United Press dispatches from correspondents on the Jugo-Slavian-Hungarian frontier, brought painful stories of the groups of frightened peasants arriving from their homes of many years.

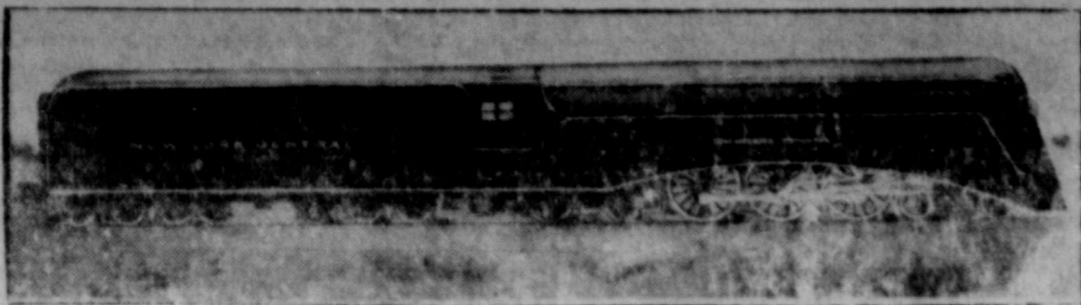

The League of Nations council was meeting at Geneva to consider the Jugo-Slavian complaint that Hungary sheltered the Alexander assassination gang.

Many diplomats feared a break between Jugoslavia and Hungary.

**HARD COLLEGE HEAD**  
Students at Eastland high school led by Dr. Thomas Taylor, Howard Payne college president, Brownwood, at their chapel exercises Monday.

**EAMES WINS TENNIS CROWN**  
TUSCALOOSA, Ala.—W. V. Eames, of Portland, Ore., defeated Morris Marcus, Montgomery, Ala., to win the intramural tennis crown for the Autumn term at the University of Alabama.

## First Streamline Steam Locomotive Faces Test Soon

This first streamlined high speed steam locomotive will be given a series of tests by the New York Central railroad to determine the value of the new type of engine in Diesel-powered locomotives in the west. The engine, named the Commodore Vanderbilt, after founder of the road, is streamlined to cut air resistance 35 per cent at a speed of 75 to 100 miles an hour.

## Pardon Is Given To One Convict

AUSTIN, Dec. 6.—Governor Ferguson today fully pardoned Joyce Howell, convicted in Taylor and Palo Pinto counties of robbery with firearms and robbery in November, 1932. He had been sentenced to five years, recently receiving a conditional pardon.

Sentence of 14 years assessed against Seth Howard in Ellis, Eastland and six other counties on charges of theft and burglary, was reduced to two years. He was convicted in February, 1934.

**MARRIED IN LION'S CAGE**  
LEOMINSTER, Mass.—A hope that it wasn't symbolic of what their married life would be was expressed when Ida M. Klarnet and Ralph A. Rossier were married in a cage with a bear and two lions.

**SINGING CANARY STOLEN**  
GREELEY, Col.—Something new in plunder was taken when a local pet shop was robbed and a singing canary stolen. The bird was the only thing in the store that was not fastened down.

And when a South American president quits, he, contrary to the famous Coolidge saying, chooses to run—or else.

## Man Is Burned In a Gas Blast

EDNA, Texas, Dec. 6.—Jimmie Olive, of Edna, was in a serious condition here today from burns he suffered when an explosion occurred in a booster gas station. Six other men also were burned and injured.

The explosion occurred yesterday when a spark ignited gas fumes which had accumulated in the building. About 40 men were working in the plant at the time.

**SHERIFF JUSTICE FINED**  
ROCKVILLE, Conn.—During a re-marking campaign, Sheriff Fred Vinton and Justice Fitch Jones found police tags dangling from the steering wheels of their automobiles. Both paid fines of \$2.

**GAVE THEM BROTHER**  
BRANDON, Va.—The situation was reversed by Mrs. George Gove, 42-year-old grandmother. Her married son and daughter had presented her with four grandchildren, but she recently presented them with a brother.

**ESPANOLA, N. M.**—One hundred men are working digging ditches in a FERA malaria control project near here. The ditches will drain areas believed responsible for malaria.

## Kirov Is Given Hero's Funeral

MOSCOW, Dec. 6.—The Soviet Union gave a hero's funeral today to its assassinated leader, Lergei Kirov, and at the same time declared war on all terrorists, 66 of whom were shot summarily yesterday.

Under a leaden sky with the thermometer around 15 below zero Josef Stalin and other leaders carried the cremated ashes of Kirov reverently across snow-encrusted Red Square and placed them in the Kremlin walls, resting place of the Soviet great.

**SECOND TRIPLE EXECUTION**  
RALEIGH, N. C.—The second triple execution in North Carolina's history is scheduled for Dec. 6. The first—the execution of three negroes—was on Nov. 1.

**CHEMICAL PURE**  
GREENORA, N. D.—Chemical analysis of the newly discovered sodium sulphate deposits here reveal the chemical is more than 93 per cent pure, according to University of North Dakota mineralogists. They believe the deposit is the largest and purest yet found in the United States and estimate there are 20,000,000 tons in northwestern North Dakota.

# NAVAL PARITY TREATY MAY BE SCRAPPED

WASHINGTON, Dec. 5.—Strong indications were given today that the United States will consider the London naval conversations ended if and when Japan renounces the Washington naval treaty.

The United States, it was said, will consider the Japanese delegates will have withdrawn from the London conversations effective from the moment that notice of termination of the navy treaties is severed, unless Japan at the same time offers a definite naval limitations plan to replace the principles of limitations in the Washington and London pacts.

This explanation of the United States' position came shortly after Ambassador Norman Davis, in London, had made clear in a speech the United States will not accept Japan's demands for naval parity.

Any new substitute proposal, it was said, must contain a new and fundamentally constructive approach to the principles of limitation which would alter the situation as to make the United States feel that Japan had not intended terminating the conversation. In such event this government would consent to further conversations in an effort to chart a practical course in the effort to continue naval limitations.

It was emphasized that even if denounced at this time the Washington treaty by its terms would continue in effect until the end of 1935. The United States government hopes that in the meantime ways and means might be found to continue effective co-operation among the principal naval powers in both the fields of political stability and naval limitations.

# KIDNAPING OF TEXAS FARMER NOW SOLVED

GROESBECK, Texas, Dec. 6.—A seven-month-old kidnaping and murder mystery was solved today with the suicide of Mrs. John Adams, widow of the victim.

Rangers were searching for Mrs. Adams' son, Dwain, 26, named by the mother in a confession as having aided her in slaying the husband and father.

Adams' body was found floating in a water tank near Thornton, near here, last May.

Mrs. Adams shot herself to death at the home of a friend at Teague late yesterday.

Special rangers assigned to the case said Mrs. Adams made a verbal statement that she and her son had slain her husband.

The husband, a dairyman, disappeared on the night of May 21. Dwain Adams received a letter the next day saying "we've got the wrong man. Excuse us. Your old man is in a house in Groesbeck and will return in a few days."

# SEARCH FOR OCEANFLIERS IS CONTINUED

HONOLULU, T. H., Dec. 6.—Determined to find some trace of the missing trans-Pacific plane, Star of Australia, the United States navy today organized a new gigantic comb-like maneuver in the waters off the Hawaiian Islands.

Some naval men described the move as the last desperate attempt to save Capt. Charles Ulm and his companions.

When Ulm's plane, nearing Honolulu, after a flight from Oakland, Calif., became lost and took to the water Tuesday morning, the aviator said he thought the plane would float 48 hours. The deadline expired today. Surface craft of the navy went into searching formation at 6 a. m. to make a clean sweep of an area as far as 400 miles east of Honolulu. Submarines took up a line 10 miles apart while destroyers were 15 miles apart.

# Men Roamed Plains 50,000 Years Ago

DALHART, Texas.—Men roamed the great plains of what is now Texas, Oklahoma, New Mexico, Kansas and Colorado more than 50,000 years ago, according to evidence found in the studies of John McCarty, Dalhart editor, and Floyd V. Studer, paleontologist. The investigators say that their exhibits include weapons and tools dating back into the fourth glacial age. Folsom points, which are Flint weapons of extreme age, are included in their findings.

# Mining Booms Cripple Creek

CRIPPLE CREEK, Colo.—Production of gold in the Cripple Creek district will reach \$4,000,000 during 1934, experts predicted as they watched the mining revival continue.

There are approximately 125 mines operating in the district and ore shipments are averaging between 1,500 and 2,000 tons daily.

To handle this large tonnage the Midland Terminal Railway has spent \$2,000,000 improving its road and in the purchase of new equipment. The Golden Cycle mill, in operation a new unit in its flotation plant that will handle an additional 250 tons of ore daily.

Prospectors, experienced mine operators and tenderfeet have flocked into the district by the score. Every available house in Cripple Creek and Victor is occupied. Many families are living in tents and bums while new houses are being erected.

Easton's capital has displayed a sustained interest in the field. H. I. Roosevelt, brother-in-law of President Roosevelt and noted consulting engineer, was the latest

mine operator of prominence to visit the area.

Roosevelt came here to examine the holdings of the Detroit-Cripple Creek Gold Mining Co., of which he is one of the largest stockholders. The company is reported to be ready to spend \$100,000 on its property in development work.

# Cold Wave Damages Texas Vegetables

CRYSTAL CITY, Tex.—Cold weather with the mercury dropping to 34 degrees, damaged the fresh vegetable grown here.

The tomato supply has dropped off, but spinach has benefited greatly by the cold weather. Carrots and beets are on the increase.

25 RELIGIOUS FAITHS  
COLUMBIA, Mo.—A recent church survey showed 25 religious faiths represented at the University of Missouri. Included were: Mohammedan, Yoga, Quaker, Ethical Society, Greek Orthodox, and Moravian.

Anton Finley is setting out to tell how he got licked in California. How he got licked in consulting engineer was the latest

### Roosevelt and Hoover Are Fond Of Their Pets

By United Press  
SAN FRANCISCO. — To the great American public, President Franklin D. Roosevelt is perhaps the most dynamic political figure since the World War and Herbert Hoover is a quiet, stiff-collared former president, retreating slowly into the obscurity of private life.

Captain Arthur Booth Loraine, former head veterinarian at the White House, sees a more living, a more human portrait, however. To him, the criticism of both presidents mean nothing.

Herbert Hoover whispering "Back up, old boy," as he stroked the head of an ailing hunting dog, and Franklin Delano Roosevelt grinning broadly and talking about his canaries, are the pictures Captain Loraine is prone to recall.

**Understand Animals**  
"They're men, I'd trust them, implicitly," is Captain Loraine's emphatic comment. "Why? Because they love and understand animals."

Captain Loraine came to California several months ago for his health and now is a resident of San Francisco.

Since he was 11 he has gained increasing knowledge of animals from bears and lions to canaries. In London, at 11, he joined a circus. The show staged a nightly "battle" between a bear and a lion, its sole claim to a menagerie.

**Took Trainer's Place**  
"One night their trainer became ill," the captain related. "Frankly the owner of the troupe sought someone to substitute for him. Everyone refused. I volunteered."

"I prodded the animals on. They probably resented my presence and headed for me. But the safety catch on the cage was broken, and I couldn't get out."

It was in that cage, with the snarling, maney-beasts advancing upon him, that Captain Loraine learned his greatest lesson about animals, he declares. He stood rigid and glared back at them, and they did not harm him.

Indirectly, the captain lost the toes of his left foot because of his knowledge of animals. He was in charge of 13,000 carrier pigeons for the United States Army during the World War. Splinters from a ricocheting sniper's bullet tore into his left foot, necessitating amputation of the toes, as he was releasing some of the birds near the Argonne.

### Modern Fibers Hit Hemp Hard

WASHINGTON. — Hard hit by more modern fibers, hemp gradually is losing favor with rope-makers, the National Geographic Society reported.

Once, rope and hemp were synonymous, the society said, but today very little rope is made of hemp. Abaca, a Philippine fiber, has all but replaced hemp in the rope industry.

Abaca, however, mistakenly is spoken of in the cordage trade as Manila hemp.

**Hemp From China**  
Hemp first was grown in China 2,700 years B. C. Shen Nung, Emperor of China, taught his subjects to grow "ma" (hemp, used for making hempen cloth).

In the 8th Century India recognized the hemp plant, principally as a source of drugs. Neither Hebrews nor Egyptians were familiar with it. During medieval times, however, it was found in Northern Africa.

Recent civilizations introduced hemp into Europe about 1500 B. C., but, the society pointed out, no commercial importance was attached to the European plants until the French imported Chinese hemp centuries later.

**Italian Hemp**  
Today, the highest-priced hemp in either American or European markets is grown in Italy.

New England and Virginia cultivated hemp in early Colonial days. In 1802, the blue grass region of Kentucky supported two extensive rope-making factories (making rope). During the 19th century, Kentucky led the United States in the production of hemp. Since 1926, however, very little hemp has been grown anywhere in the United States.

**LAND TITLES ARE OLD ENEMY**  
DENVER, N. M. — Investigation of the title to lands in a ranch near here has disclosed that right of ownership of a large area rests on the validity of acts of the Mexican government, performed more than a century ago.

**Unightly Complexions**  
muddy-looking, blotchy and red—relieved and improved with safe, medicated Resinol.

KINSTON, N. C. — Holly gatherers, who ship thousands of dollars worth of the bright, red berries and prickly leaves out of North Carolina each December, have begun taking stock of their supply. In general, the 1934 crop has been found inferior to that of last year. Holly pickers complain of a lack of berries this season.

Last winter, small truckloads brought from \$125 to \$175 each at Philadelphia and New York. Milwaukee is also reported less attractive this year.

**OLD BRIDGE CONDEMNED**  
LANCASTER, Wis. — The old covered bridge over the Wisconsin river at Roscoe, one of the last and believed to be the oldest of its kind in the state, has been condemned by the Grant county board. The 55-year-old span will be replaced by a modern one next summer.

**OLDEST ALUMNUS**  
CHAPEL HILL, N. C. — A prized title—that of "oldest living alumnus"—of the University of North Carolina, changed hands recently. John Duncan, 86, of Columbus, Texas, succeeded William G. Candler, 100, who died in November. Candler graduated in 1855; Duncan in 1859.

## NONE FINER AT THESE PRICES IN ALL AMERICA

**RINGLESS**  
RINGLESS Chiffons for the FLAWLESS Gift!  
**59c**

Perfect for particular women! Exquisitely sheer clear silk! Not a ring or shadow from picot top to silken toe! Yet the price is thrifly low to make gift-buying easy for everyone.

H. Ransdell; Big Elk, a Navajo chief, Anton Head; Grizzly Grimm, a cattle thief, Billy Sam Fambro; Marguerite Moore, a pretty ranch owner, Leota Gray; Mrs. Petunia Bugg, from Old Indiana, Miss Gentry; Cora Lee Blackhear, Duke's sister, Virginia Mansker; Fawn Afraid, an Indian maid, Myrtle Duggan; Young on, not much of anybody, Claudia Johnson.

Act I—The Partners.  
Act II—The Sheriff Does His Duty.  
Act III—The Abduction of Marguerite.  
Act IV—The Sacrifice of the Indian Maid.

Admission 10 and 15 cents.

### CREAM OF THE CROP

Here are just six of the ladies of the ensemble from LeRoy Prinz's chorus of more than a hundred in Paramount's "College Rhythm," coming Saturday to the Arcadia theatre. Since, as Prinz says, Hollywood has the most beautiful showgirls in the world and he selects only the most beautiful of those for his film chorus, "College Rhythm's" chorus girls really do represent the cream of the crop. Norman Taurag directed the film which features Joe Penner, Lanny Ross, Jack Oakie, Helen Mack and Mary Brian.

### CROSS ROADS

Special Correspondent  
Everyone is glad to see the cool weather as we all have hogs to kill. Dow Davis or "Uncle Dow," as he was known to all of his friends, passed away Friday morning at his home. He is survived by his wife and three sons, Ross Davis of Ranger, Oliver Davis of Ranger, Duellie Davis of Gordon. The entire community extends to the bereaved ones their most heartfelt sympathy.

Mr. and Mrs. V. E. Pedigo and family had Thanksgiving with his mother at Dublin.  
The party at the home of J. R. Hale last Friday night was enjoyed by all present.  
Miss Uva Rae Wisdom of this community visited her relatives this week-end.  
Several from this community attended church at Cheaney Sunday.  
R. R. Browning is on the sick list. We wish him a very speedy recovery.  
Mrs. Willie Minnick and daughter, Mrs. Snow Love and daughter,

visited "Grandma" Hale last week-end.  
Lefel Hale, who has been visiting relatives here, has returned to his home at Stephenville.  
Misses Estelle and Marie Minyard and Miss V. Boyd of Ilex spent last week-end with Miss Elaine Hale.

### State Health Officer Urges Control of Pellagra in Texas

AUSTIN, Tex.—Now is the time for the prevention of pellagra, says Dr. John W. Brown, State Health Officer. This disease is generally noted in increasing frequency following the winter months. In Texas it is the cause of more than 700 deaths each year. Pellagra is not a germ disease and it is not contagious. It is caused by deficiency of certain important elements in the dietary, as has been proved by years of research by the authorities of the United States Public Health Service. It is generally believed that restricting the diet too largely to refined cereals, fat meat, and molasses, etc., is contributory to causation of pellagra. These foods are lacking in the so-called Vitamin G (the pellagra preventative vitamin), and people whose diet is primarily made up of these foods are the easiest victims of pellagra.

It seems to be demonstrated that the inclusion in the diet of food rich in Vitamin G serves to prevent the development of pellagra. Diet is also the chief factor in the cure. Pellagra ("rough skin") shows itself by a peculiar redness and breaking out or peeling of the skin, particularly the exposed surface. This is accompanied by weakness, nervousness, indigestion, headaches and a burned feeling of the mouth or tongue.  
Pellagra may be prevented by eating a balanced diet consisting of lean meat, eggs, vegetables, and fruits. Whenever a person develops the disease, however, treatment should be taken under the direction of a doctor.

**NIMRODS HAD GOOD SEASON**  
BOISE, Idaho.—Hado nimrods counted the greatest kill in the history of the state this year, according to the state game department. Official figures showed a total of 15,512 deer, 5,228 elk and 33 goats bagged by hunters.

**JUST A NATURAL MUSICIAN**  
NOBLESBORO, Me.—Although he never took a music lesson in his life, Prof. Herbert H. Donkersley, 72, can play 17 different musical instruments. When a boy of 15 his father tried to discourage his musical career by throwing his first violin into the stove.

**MAY CLOSE FAMED MINE**  
VANCOUVER, B. C.—The famous Granby mine at Aynox, once the greatest producer of copper in the British Empire, may be abandoned shortly. The cavernous workings, from which millions of tons of gold, copper and silver ore have been taken since March, 1914, have been declared no longer profitable and will likely be closed down after a shareholders' meeting in New York on Dec. 12.

**GAME PRESERVE PLANNED**  
MAUSTON, Wis.—Forty-five hundred acres of tax delinquent land in the heart of Wisconsin are to be leased to the state soon for the establishment of Wisconsin's largest game preserve. The final step in the proposal was made recently when the Juneau county board voted approval. County boards of Jackson and Wood counties, also involved in the vast program, already had approved the measure.

**CRICKET FIGHT PLANNED**  
CHEYENNE, Wyo.—To combat Mormon cricket and grasshopper invasions, which this year attacked 800,119 acres of state farm land and 5,000,000 acres of range, C. L. Corkins, state entomologist, will ask for a federal grant of \$500,000 to be expended next spring and summer.

**TRUCK BATTLES MOSQUITOES**  
DALLAS.—The mosquito menace here is being successfully handled by employment of a truck equipped with an oil pressure spraying outfit, which deluges insect-breeding places. Waste oil from filling stations is used to cover standing water with a film of killing oil.

Dr. F. E. Wright of the Carnegie Institution says the moon is a cold, dead body, although it does warm the hearts of many a loving couple.

# Arcadia to Broadcast Ranger-Amarillo Football Game

No Advance in Admission; Starts at 2:30

Amarillo-Ranger football game to be broadcast from Arcadia beginning promptly at 2:30 Saturday. No advance in prices.

### GOOD PICTURES ARE SECURED FOR THE WEEK

Ranger theatregoers have the opportunity to see two really outstanding pictures at the Arcadia this week when Joe Penner appears in "College Rhythm" and Dick Powell and Ruby Keeler are co-starred in "Flirtation Walk."

Starting the week Friday, Claire Trevor has the leading role in "Elinor Norton," adapted from the novel by Mary Roberts Rinehart. Supporting Miss Trevor in this drama is Norman Foster, her leading man, Gilbert Roland, Henrietta and Hugh Williams.

Saturday afternoon arrangements have been made to receive the Ranger-Amarillo football game play-by-play at the theatre. This report comes direct from the playing field in Amarillo by a special wire leased from the Western Union. The broadcast will start at approximately 2 p. m.

After the game Joe Penner, scream of the air, will be seen in his first picture, "College Rhythm." Penner is supported in this picture by Mrs. Oakie's little boy, Jack, Lanny Ross, whom you all remem-

ber in "Melody in Spring," Helen Mack and Mary Brien. This picture is an All-American musical with speedy comedy and snappy songs, including the most beautiful girls in the world. This picture will be held over Sunday.

The really outstanding picture of the week opens Monday for a two-day run. This picture is "Flirtation Walk," with Dick Powell and Ruby Keeler, the singing sweethearts of "42nd Street," "Footlight Parade," and other great musical pictures. The cast includes the chin busting Irishman of "Here Comes the Navy," Pat O'Brien, and the West Point Cadets. Hear Powell sing "Flirtation Walk," "Mr. and Mrs. Smith," and "No Wife, No Horse, No Mustache."

This picture was recently played at the Worth theatre in Fort Worth and the management stated that more favorable comments and more money was grossed from same than when Cab Callaway appeared in person.

John Boles will again appear on the local screen in his latest picture, "White Parade." Loretta Young co-stars with John Boles in this truly great picture. This picture is the blue ribbon winner of last month.

### Builders Urge Auto Taxation For Good Roads

WASHINGTON.—Gasoline tax and motor vehicles license fees should be returned to state road building funds instead of being used for emergency relief and other purposes the American Road Builders' association will advocate at its 32d annual convention and highway exhibit here Jan. 22 to 25.

Highway officials claim that various states now are diverting

about \$200,000,000 a year from these sources to other uses. If this program is continued, they say, road improvements will be jeopardized and ultimately many states will be unable to participate in federal appropriations for highways.

Chief subjects on the convention calendar include continuation of an adequate highway program; use of highway revenues for highway purposes only; and continuation of federal appropriations for highways.

Approximately 5,000 of the country's outstanding highway officials, engineers, contractors and manufacturers are expected to attend the session.

A featured exhibit will be the latest developments in equipment and materials.

Captain H. C. Whitehurst, president of the association, said the convention will be of special importance in that the theme will include formation of the future highway policy, which is regarded as a prominent factor in the national recovery program.

### KICKING CANS WORTH \$90

COLUMBIA, Cal.—The small boy habit of kicking cans and other movable objects enriched Benny Smith by \$90. While playing around a shed owned by Carl Shields, he kicked a can and heard something rattle. Examination revealed an old purse containing nine \$20 gold pieces. Shields claimed he had hidden the money months ago, so the two compromised, each taking \$90.

### 'COON DOGS VALUABLE

ST. JOSEPH, Ark.—Ozark hill folk treasure their 'coon dogs more than they do their cows. Two untrained hounds of the lop-eared variety brought \$20 each at an auction here, while several choice heifers went for only \$12 each.

### Nebraska Has Building Plan For Government

OMAHA, Neb.—A 20-year building program plan, with the federal government co-operating with the states, will be presented to the next Congress by H. H. Harper, Omaha real estate man.

The plan which has gathered a large number of adherents in this section, is becoming known as the "Harper" or "Omaha" plan.

On the theory that building of new structures without tearing down the same number of old ones is wrong, Harper proposes terms for owners of obsolete buildings, who would replace them with modern ones.

The plan, Harper believes, would satisfy contractors, realtors, architects, material men and labor. It would provide steady employment for the building trade for 20 years with no great cost to the taxpayers, he believes.

## ARCADIA Friday

RANGER

# "Elinor Norton"

with

## CLAIRE TREVOR NORMAN FOSTER

FEERA labor, clear the sites and haul that portion of the material which might be usable to the new site. The program would be limited to one-twentieth of one-third of today's residential or industrial buildings.

Owners would use what parts of the demolished buildings they could without cost.

### Exempt Property

The state governments would be asked to exempt from taxation sites where the old buildings stood until new buildings are erected on the same sites. In the meantime the city or state could use the land for park or other purposes.

Erectors of new buildings would borrow their money and contract for building through private channels.

The plan, Harper believes, would satisfy contractors, realtors, architects, material men and labor. It would provide steady employment for the building trade for 20 years with no great cost to the taxpayers, he believes.

### BATTLED BACK FOR LIFE

OLEAN, N. Y.—Jack Leahy had to fight for his life with a five-point buck deer in the woods near this city when the animal, instead of fleeing, attacked the man. Leahy was severely bruised and it was feared he suffered several broken ribs. He finally drove the deer off by pounding on its head with a club.

### YIELDS FOSSIL BONES

BUFFALO, Wyo.—Nine hundred thousand pounds of fossil bones averaging 140 million years old, have been shipped out of the state to New York by Dr. Barnum Brown, curator of the American Museum of Natural History. The skeletons were once creatures called Sauropters, noted for huge bodies and feet, but small brains.

### Texas Will Fight Depression With Irrigation Projects

AUSTIN, Tex.—With Uncle Sam's help, Texas will combine a fight on depression with a campaign to stop river floods and save water for arid lands.

Bills passed at a recent session of the Texas Legislature contemplate co-operation of the federal government in river projects to cost not less than \$47,500,000 and possibly much more.

The state authorized use of \$5,000,000 on the Brazos river if a FWA loan of not less than \$30,000,000 is obtained. For a \$15,000,000 preliminary expenditure by the state on the Neches river, the federal government is expected to provide a \$7,000,000 dam. On the Colorado river the state created a public authority. Under it PWA financing will provide \$4,500,000 to complete a dam left unfinished in the Insubl collapse.

It will be Texas' first large participation in federal-aided river control work. The state is so large that its major streams are entirely within state boundaries. Heretofore they have been ineligible for federal aid. PWA projects are not limited to interstate work.

Other projects for which the Texas legislature smoothed the path to federal participation are: A \$2,500,000 bridge over the Neches river with a vessel clearance 41 feet higher than the Brooklyn bridge; flood prevention on the Rio Grande and gulf storm protection at Palacios, site of a National Guard infantry camp.

That 13-year-old mother of Ezra, Ill., ought to make plans for claiming the annual youngest grandmother award about 14 years from now.

### Sales Executives See 1935 Hudson

Distributors, dealers and sales executives of the Hudson Motor Car company from Texas, New Mexico, Oklahoma, Louisiana and Mississippi assembled at the Automotive General corporation today for an all day conference. The meeting was conducted by C. G. Beeching, assistant sales manager, Hudson Motor Car company, Detroit, and J. S. Oliver, Hudson district manager.

In welcoming the members of the sales organization, Mr. Beeching discussed the progress made during the past year and pointed out that Hudson and Terraplane sales had doubled in that period. The Hudson company, he declared, is entering the 1935 season with greatly expanded plans for an intensive sales campaign that is to be supported by a great increase in advertising and sales promotion.

Mr. Beeching pointed out the improved economic conditions which now prevail. He stated that it was reasonable to expect a continuation of the business improvement witnessed during 1934 and that this would mean stimulation of automobile sales.

The program of the meeting included a preview of the new Hudson and Terraplane models for 1935 which will be announced to the motoring public in the near future. The new cars received an enthusiastic reception as the dealers and distributors found them longer, lower and roomier. Steel roofs are used on the bodies for the first time in the industry, and a new arrangement which is a Hudson secret at this time, gives the purchaser the option of an entirely new system of car control.

The meeting held here today was on 30 which are being held by the Hudson company simultaneously all over the country. Shipments of the new Hudsons and Terraplanes will shortly begin from

Detroit. Officials at the factory state that due to the vigorous demand for cars during October and November, the stock of 1934 models in the field has been practically exhausted.

### Legal Records

**Cases Filed in Justice Court**  
State of Texas vs. H. H. Jones, operating car not registered.

**Cases Filed in District Court**  
C. A. Van Horn vs. Lucille Van Horn, divorce.

In the matter of the person of Sandra Arlene Head, a minor, adoption; in the matter of the person of Billy Robinson, a minor, adoption.

**Marriage Licenses Issued**  
Gene Tolf Shankle and Geneva Nellie Prock, Ranger.

### Shipment of Scrap Iron Has Grown

HOUSTON, Tex.—The record for shipment of scrap iron from the Port of Houston, set in 1933, already has been surpassed, according to port officials. The previous high was 60,105 tons, whereas 140,000 tons have been shipped this year and approximately 25,000 tons have been contracted for shipment before Jan. 1. Shipment of scrap iron was expected to offset declines in cotton and wheat.

**WEEDS SAVED LIVESTOCK**  
COLORADO SPRINGS, Colo.—Soap weed, puncture weed and Russian thistles are being used as livestock feed in the drought areas. Several years ago the farmers were struggling to find a means of eliminating these hardy weeds, but now they are glad to have them as feed for their livestock.

The wealthy Princess Mdivani says she keeps her weight down by not eating for as long as three weeks, while the poor complain.

### How Much Do You Know About Texas Earlier History?

By United Press  
TYLER, Tex.—Think you know your Texas history?

If you can make a grade of 50 answering the following questions you'll be doing better than a group of Tyler business and professional men to whom they were propounded.

Here are the questions—and the answers:

1. Who was the first native Texan to become governor of the state?
2. What governor was deposed because of his opposition to secession?
3. What and where is the "Cradle of Texas Liberty"?
4. When and where was the Texas Declaration of Independence signed?
5. Approximately where was the first settlement in Texas located?
6. Who was responsible for bringing the first Americans to Texas?
7. Who was in command of the Texans at the Alamo?
8. Name the last President of the Republic of Texas.
9. Who was the first governor after admission to the union?
10. Name the six flags which have flown over Texas.

#### ANSWERS

1. James Stephen Hogg.
2. Sam Houston.
3. The Alamo, San Antonio.
4. March 2, 1836, Washington-on-the-Brazos.
5. Yuleta on the Rio Grande.
6. Stephen F. Austin.
7. William Barrett Travis.
8. Anson Jones.
9. James Pinckney Henderson.
10. French, Spanish, Mexican, Republic of Texas, United States, Confederacy.

### Troupe of Trained Monkeys Will Give Shows All Next Week

Beginning on Friday, Dec. 7, and continuing through Sunday, Dec. 16, Madam Max and her famous troupe of performing monkeys will be presented in the Tharpe building on Main street.

Madam Max has spent a number of years training this troupe of monkeys and they are said to be trained until they act almost like humans.

The troupe will be shown each afternoon and evening with presentation of the Maggie and Jiggs family, Corky and Skeezix, Dinty Moore and Julius Caesar, and a group of cowboy monkeys including Tom Mix, Buck Jones, Booger Red Jr., and Prairie Lillie, who put on a jangleland rodeo, riding high jumping Rocky Mountain goats.

Those who attend the show will have an opportunity of seeing a pair of young apes, a species of the monkey family seldom seen in America.

Texas' smallest horse, 12 years old, 29 inches high and weighing but 110 pounds, will also be shown.

**POISON KILLED BABY**  
MOUNTAIN HOME, Ark.—It took two years for home-made rat poison to prove fatal to four-year-old Frank Walker. The mixture of log and molasses burned through the child's throat, starving him to death.

### Christmas Cheer Funds Raised By Dance On Tuesday

Announcement was made this morning that a total of \$91.15 had been secured for the Child Welfare club through the Christmas Cheer dance, which was held at the Elks hall Tuesday night.

Advance sale of the tickets, which were sold on a tag day plan, brought in \$80.65, while sale of tickets at the door added another \$10.50 to the revenue derived. This is in excess of expectations and all who had anything to do with the dance were well pleased with the showing made.

A committee composed of G. A. Murphy, W. N. McDonald and W. C. Hickey has been appointed to purchase the candy, apples, oranges, nuts and other things that will be used, together with toys, to make the needy children of Ranger happy this Christmas.

The Child Welfare club has appointed a committee of ladies to solicit dolls from the homes of Ranger, and these are to be dressed and repaired, where necessary, and will be put in the baskets.

Another committee is at work getting the names of needy families where baskets will be left.

### Fast Mexican to Take on Leg Artist

Ramon Vitea, the fast Mexican, takes on the clever leg artist, Ken Gaston, in the main event at the Elks arena Monday night. These boys have both pleased the fans with their style of wrestling in other matches and are sure to give the fans a real treat when they get together. Look for something fast and plenty of excitement.

Dutch Aultman vs. Jack Davis are on the card for the semi-finals. These two boys will be an even match and are plenty hot. Fast with plenty of action. This will be a good card and don't miss it.

If Japan breaks the Washington naval treaty, Chairman Vinson of the house naval affairs committee says he'll ask congress to approve the building of five ships to every three of Japan's. Five to three the people lose!

### Cheap Money For Farmers is Seen

SALEM, Ore.—The next congress will plan cheap money for farmers, Charles L. McNary, United States senator and minority floor leader in the senate believes.

"As long as the tax rate is as high as it is today, and as long as the interest rate is so high while the price level remains low, the farmers cannot continue to exist," the senator said. "Taxes and interest are fixed charges. Congress cannot do anything about the tax rate, but it can do something about

interest. We can and will say to the farmers that your interest rate must be as low as it is for those who are getting money from the United States."

He has spent the last few months resting from political activity on his farm near here.

**SPEED RECORD FOR JUSTICE**  
HARRISONBURG, Va.—Some sort of a record for speedy justice has been established in Virginia. Recently, Edward A. Small, Pulaski, was charged with writing a letter to M. P. Landis, superintendent of the General Chemical company plant, where he worked, demanding

\$1,000 under penalty of death. The letter was mailed Friday. Small was arrested Saturday, indicted Monday, and sentenced the next day. He left that night for Atlanta to begin a seven-year prison term.

**SPECIAL LICENSES FOR VETS**  
AUGUSTA, Me.—Those who are Yankee Division members will be given special 1935 automobile registration plates. They were issued at the request of Y. D. Official.

RANGER, TEXAS, FRIDAY, DECEMBER 7, 1934

NUMBER 46

## EASTLAND HAS A HAVEN FOR THE JOBLESS

Several bricklayers in the county possibly may obtain employment if they contact Crigler Paschall at the national re-employment service office in Eastland, it was stated Saturday.

The office has been advised by district headquarters that the federal project soon to start at Stephenville will be in need of bricklayers. Few, if any, bricklayers are on record in the Eastland office.

Paschall, manager of the office, states that very few in the county understand the work of the office and its duties.

Explanation offered by Paschall was as follows:

The office is a district office of district 5 in the state. District 5 comprises 16 counties. The Eastland office, established Dec. 8 last year is similar to other offices in the district, which are located at Abilene, Big Spring and San Angelo.

The employment office is affiliated with the department of labor. Last year persons who found employment through the office were paid salaries totaling \$240,000. The money was paid the persons who worked on federal jobs and had not the office been located in the county it would have been probable that persons from other counties would have received employment on the project.

Over 800 men at present are employed on projects to which they were referred by the office. Three hundred and twenty-one women are likewise employed. On the books are 3,287 men and women who are not employed.

The purpose of the office is to render service to unemployed. "The unemployed person's problems are ours," said Paschall. Any unemployed man or woman is welcome at the office. Persistent job seeking and calling at the office will eventually bring success to qualified unemployed. Paschall said past records showed that the Eastland office has attained one of the coveted in this district, Paschall said. Over 25 per cent of more placements have been made by the office than any in the district, Paschall declared.

Employers may secure qualified workers of any trade or profession at the office, it was stated.

## Eastland Judge at Henderson Court

Judge B. W. Patterson of the 88th district court at Eastland is holding court in Henderson in the absence of Judge R. T. Brown of the 4th district court there.

Patterson will return near mid-December.

## Recovery Costs Mounted During Month Just Passed

WASHINGTON, Dec. 3.—Heavy recovery costs sent government expenditures up to \$638,507,912 last month from \$499,420,000 in November a year ago, the treasury reported today.

The November expenditures of which nearly two-thirds were for emergency purposes, however, were slightly under October disbursements of \$758,453,000.

Another sweeping rise in government gold holdings was reported in November, with the rise in gold stocks approaching the \$100,000,000 mark as the result of heavy foreign importation.

## Military Training Is Ruled Upon By U.S. Supreme Court

WASHINGTON, Dec. 3.—Conscientious objectors who wish to attend land grant colleges must either bear arms or seek a higher education elsewhere under a ruling today by the supreme court.

The court upheld the University of California in its stand that Albert Hamilton, Jr., son of a Methodist minister and Alonzo Reynolds, grandson of another, must either take military training or leave the school. The case was the first of its kind to be ruled upon by the court.

## Recruiting Drive Launching Soon

BIG SPRING, Dec. 1.—A recruiting drive will be launched in the near future to fill vacancies in the Regular Army existing at Fort Bliss, Texas.

These vacancies are in the Field Artillery. Approximately 100 vacancies in the enlisted personnel are to be filled at that post.

American citizens, between the ages of 18 and 35 years, 68 to 72 inches in height, 145 to 175 pounds in weight, who are single and have no one dependent upon them for support; in good physical condition, and possessed of the equivalent of an eighth grade grammar school education, are eligible for enlistment.

The nearest Recruiting Station is located in Room No. 3, Lester Building, Big Spring, Texas, and the Recruiting Agent in charge will be pleased to interview, all young men of this locality who desire information relative to enlistment in the Regular Army. Any one desiring information by mail may obtain same by writing the above mentioned address.

## FLATWOOD MAN FALLS 30 FEET TO BAD INJURY

An estimated 30 foot fall from a trestle Monday night resulted in internal injuries and confinement in Payne Lovett hospital for C. L. Horn of Flatwood.

Horn evidently fell from the trestle that is located approximately 200 yards in a northerly direction from the Ringling railroad loading rack north of the Ranger-Eastland highway.

Robert Hall and Chief of Police Bill Mead, after notification of residents of that vicinity that a man was in distress, went to the spot and took him to the hospital late Monday night.

Broken ribs are included in Horn's injury.

## Donation Is Made Toward Toy Plant By Dr. Kuykandall

The Ranger toy factory is still running at full tilt.

Saturday morning Dr. P. M. Kuykandall, president of the Chamber of Commerce, visited the first station, where the toys are being made, and was so well pleased with the progress being made and so surprised at the magnitude of the undertaking that he donated \$10 in cash toward the purchase of new lumber and paint with which to carry on the work.

This \$10 donation will go far toward carrying on the project for another week or so, but Fire Chief G. A. Murphy, who is in charge of the work, is anxious to carry on until Christmas.

It is estimated that, with a few more such donations, that a total of 1,000 toys can be made between now and the Yuletide.

Several of the stores in Ranger have co-operated in the project. In addition to several that have been mentioned which contributed materials or tools with which to work, Montgomery Ward & Co., through the courtesy of the local manager, Carl Jansing, has contributed a number of toys, including rakes and other similar toys they had in stock, lumber, cotter keys and a large assortment of material that is being used in making other toys.

This work will not interfere with the Christmas shopping in Ranger, as the toys being made are to be distributed among the relief clients and other needy families where the parents are not financially able to purchase toys with which to make the children happy.

## Weather Forecast Instrument Is Made By Texas Inventor

LA PORTE, Tex. — Weather forecasting in the future will dispense with practically all uncertainty if the instrument he has invented is adopted, James C. Brown of La Porte claims.

The device, designed to chart planet movements from which accurate weather predictions may be made, would save millions of dollars and many lives, Brown declares.

His theory is that weather goes in cycles and is governed by planet movements. The instrument is a small globe equipped with graphs to record paths of sun and moon rays.

Brown said he would send the instrument to the federal research department for tests which will require from 11 to 24 years—the period of complete weather cycles.

Tabulation of continuous weather conditions, checked by the device, would enable the weather bureau to determine the causes of hurricanes and floods—if the weather cycle-planet movement theory proves correct, Brown says.

A French scientist has found that wine is better for horses than bran. That doesn't mean wine is better for men, too, because men don't eat bran as horses do.

The Elliott Roosevelts are out of the new social register, although the rest of the Roosevelt family is in. Elliott may expect a call from the Communists at any time.

Now that Italy's eight-year-olds are wearing black shirts, the mothers can only tell by their faces when the children's clothes are soiled.

## Theatre To Get Play-By-Play on Bi-District Game

B. E. Garner, manager of the Arcadia theatre, has announced that the theatre has contracted for a play-by-play report of the Ranger-Amarillo football game for Saturday afternoon.

The facilities of the theatre will be used in broadcasting the report of the game and regular admission prices will be charged.

The report of the game will start promptly at 2:30 Saturday afternoon, though preliminary reports on the lineup, the weather, the size of the crowd and other interesting details will be received prior to the receipt of the actual report on the game.

A direct wire from Butler field, Amarillo, will be installed in the theatre and the report of the game broadcast through the loudspeaking system on the Arcadia stage, so that everyone in the house will be able to hear the report of the game in comfort.

## Christmas Cheer Fund Is Swelled By Ticket Sales

The committee in charge of the Christmas Cheer dance, which is to be staged tonight at the Elks club, announced that the advance sale of tags, which will entitle the wearer to attend the dance, had brought in a total of \$75. This was in excess of the expectations for the first day of the sale and tonight when the dance hall is opened it is expected that more revenue will be secured.

The American Legion Tietkville Band of Ranger will furnish the music for the occasion.

## Planes Become Favorite Toys

LONDON.—The favorite toy of the British boy this year is the airplane.

Girls, instead, are showing a decided predilection for American-made unbreakable dolls.

The victory of Charles W. Scott and Campbell Black, the British aviators, in the London-Melbourne air race, is responsible for the boys' enthusiasm for aviation, executives of leading department stores in London told the United Press.

British children are mostly pacifists. Lead soldiers, guns, battle-ships, submarines and other warfare toys are selling just as any other toys.

Doll sales have increased more than 200 per cent—the largest volume since 1913—one department store reported. The toy business is closely connected with the demographic situation, it was said. The increase in the British birth rate in the past five years has been a major factor in the present boom in sales.

Mechanos, electrical toys, Mickey Mouse games, Three Little Pigs and Big Bad Wolf puppets are also best sellers.

Ninety per cent of the toys are British made. The remaining 10 per cent is divided equally between the United States and Germany.

**STARTS FISHING CLASS**  
KANSAS CITY, Mo.—A class in angling, one of the first of its kind in the country, was established here in the Westport community center. Fred DeCoul, former state game and fish warden, has charge of the class. Practice casting and angling will be held in the gymnasium. Fishing experts appear at the class to lecture and demonstrate.

**NEVER WORKS ON ARMISTICE**  
MOXHAM, Pa.—J. Palmer Cleaver, held in a German prison camp in 1918, swore that if he were ever freed he would not work on that day. He was released on Armistice Day, and this year he made good his vow. He went hunting. Oh, yes—the other years he worked.

**20 AIRPLANES GROUNDED**  
OLYMPIA, Wash.—In its drive on unlicensed, dangerous airplanes, the state patrol has grounded 20 ships out of the 75 inspected the past six months, according to George Fisher, aeronautical officer of the patrol. The planes were grounded because they were not airworthy or lacked proper state or federal licenses.

Russia is fast discarding the rationing system for the open sale of goods. Capitalists have one or two good ideas, at that.

## TRAIN ORDERED FOR AMARILLO TRIP SATURDAY

The athletic committee of the Ranger school board, today placed an order with the Texas & Pacific Railway company for 110 round trip tickets to Amarillo, which will be presented to the members of Ranger high school pep squad and band so both groups can go to the bi-district game at Amarillo.

Purchase of this block of tickets assured the public that they would get the \$5 round trip fare offered by the railway company, as it took but 75 tickets to secure the special rate.

Arrangements were made this morning at a conference between members of the athletic committee and B. A. Tunnell, Texas & Pacific agent in Ranger, for sale of the tickets in nearby towns, so that fans from over this section who wish to make the trip can do so.

In Ranger tickets for the train and for the reserved seat section at Butler field, Amarillo, will go on sale at the high school on Wednesday. No reserved seat tickets will be sold other than at the high school, or on the train after the start to Amarillo.

In Eastland, Olden, Cisco and Abilene the \$5 train tickets will be available at the Texas & Pacific railway stations in those towns, while fans from Thurber, Strawn, Gordon and other towns to the east of Ranger who have intimated that they would make the trip must purchase their tickets in Ranger and buy another ticket from their town to Ranger at the regular rate.

Although tickets will be sold in advance at Olden, the train will not make a stop there and any Olden fans who make the trip can board the train either at Ranger or at Eastland.

The athletic committee today urged everyone who intends to ride the train to purchase their tickets as early as possible as it is necessary for the railway company to order special equipment out of Fort Worth to handle the crowd and unless a good idea of the number, who will make the trip is known it will be hard to anticipate the needs and have enough equipment in Ranger ready for the start.

Committees are to be appointed to canvass the town to sell the railway tickets in Ranger, and these committees will begin work Wednesday morning, assisted by B. A. Tunnell.

The train is to leave Ranger at 1 a. m. Saturday morning, will arrive in Amarillo at 11:25 a. m., will leave Amarillo at 7:25 p. m. Saturday after the game and will arrive in Ranger at 4:46 Sunday morning.

## REPUBLICANS MAY BE SPLIT BY INSURGENTS

WASHINGTON, Dec. 4.—A revolt from republican leadership similar to the Bull Moose movement more than 20 years ago, appeared possible today as republican leaders appeared firm against efforts of insurgent members to turn party principles into more liberal channels.

The statement of Henry Fletcher, chairman of the republican national committee, that he had no intention of resigning, opens the way for a clean break on the part of insurgents who have been demanding his replacement.

Senator William E. Borah, republican, Idaho, who stirred up the discussion, was counted upon by some to take the leadership in a rum movement which would attempt to wrest control of the party from the Hoover-Mills group of ultra-conservatives. Borah is of the opinion that the younger and more progressive branch wants to continue under the republican banner, rather than to break off into a third party movement.

A snooty apartment hotel in New York advertises, "The character of our clientele is of greater consideration than the tariff." Although one should bring on the other.

Imagine Yale fallen to such depths that its president should put education above athletics!

Does President Angell of Yale think he could fill the Yale bowl for a Shakespearean play?

Jules Karkalis, student at Baylor university in Waco, visited his parents, Mr. and Mrs. C. S. Karkalis, over the week-end.

## 14 SHOPPING DAYS 'TILL CHRISTMAS

—and I'll bring the stocking back before Willie gets us Christmas morning.

## TENDER ORDER TO BE SIGNED AT HOUSTON

AUSTIN, Dec. 4.—The railroad commission order requiring tenders for the movement of refined oil products will be signed in Houston next Thursday if the commission fails to muster a quorum here tomorrow, C. V. Terrell said today.

The order awaits the signature of two of the three commissioners to be made effective. Commissioner Ernest O. Thompson is in Washington. Lon Smith, chairman, is in North Texas hearing motor truck cases.

The by-products tender order is applicable to all kinds of oil products in all fields of Texas. It is anticipated to close the last outlet for hot oil. Tenders or movement of oil products will not be given unless it can be shown the product was refined from crude oil legally produced.

## Board Orders the Enforcement of Nepotism Law

AUSTIN, Dec. 3.—Strict enforcement of the state nepotism laws has been ordered by the state board of control in the administrative ranks of the Texas relief commission, whose county administrators, department heads and other employees were informed of the position of the board in a letter from State Administrator Adam R. Johnson.

The board adopted a five-point resolution, declaring that:

"1. It shall be the policy of the board of control from this date not to employ in the state relief organization married men whose wives have regular employment.

"2. On and after Jan. 1, 1935, men employed in the state relief organization whose wives have regular employment will be relieved of their positions and women whose husbands have regular employment will be relieved of their positions in the state relief organization, and if it is found necessary to reduce the force before Jan. 1, 1935, this policy shall apply.

"3. Hereafter, only one member in each family who live in the same home and eat at a common table will be employed in the state relief organization.

"4. On and after Jan. 1, 1935, not more than one member of any family who live in the same home and eat at a common table who perform administrative duties shall be retained in the state relief organization.

"5. All provisions in the relief acts and all general nepotism statutes pertaining to employment shall be strictly observed immediately in all state and county organizations of the Texas relief commission."

The resolution was signed by Claude D. Teer, chairman, and Jno. P. Wallace and Henry C. Meyer, members of the board of control.

## Tragedy- Trails King of Siam

LONDON.—Tragic coincidence has dogged the footsteps of the King and Queen of Siam. Every plan they have made recently has been spoiled by death or assassination.

The story is told by M. Smaksmann, young confidential secretary to the King.

"The King and Queen had planned first of all to visit King Albert in Belgium," said Smaksmann. "He was killed."

"Next we were to go to Holland on a visit to the Queen. As soon as arrangements were complete, the Queen-mother died."

"Then we were to go to Vienna to stay with Dr. Engelbert Dollfus. He was assassinated."

"Finally the King and Queen again planned to go to Holland. Arrangements were made. Once more the visit had to be abandoned. The Prince Consort was dead."

"All this happened during the last year. We believe there is something unlucky for royal personages in this present time."

Smaksmann then talked about King Prajadhipok's offer to abdicate from the Siamese throne because of the government's alleged efforts to take away his power of life and death.

"If it were the wish of the people that the King should not have the power of life and death, I know he would grant it," said Smaksmann, "but it is not their wish. It is the wish of unscrupulous statesmen."

"It is impossible to foresee what will happen. The King and Queen intend to remain here throughout the winter. They see no one. They do not go up to London from the country retreat at Cranleigh, Surrey, where they are staying. They play tennis and go for walks."

## Chivarly May Be Motive for Murder Of John Garrell

TULSA, Okla., Dec. 4.—A chivarly motive appeared in the slaying of John Garrell, 23, today, as investigation of the stories of youthful adventure and of alleged extortion plots neared completion.

Holly Anderson, county attorney, said his office had taken a signed statement from Robert Thomas, 19, in which Phillip Kenamer, federal judge's son, who admitted the killing, was quoted as saying he shot Garrell because of an extortion note the latter had written.

Investigation considered the evidence of the extortion plot hints of blackmail and reports of possible narcotic importations. All uncovered as a result of inquiry into the killing of Garrell Thanksgiving.

IT WASN'T AN ELOPEMENT  
MEMPHIS, Tenn.—A frantic father telephoned police to halt the "elopement" of Calvin Houghland and Miss Josephine Trice, both prominent here. The police halted the "elopement" all right, but Mr. and Mrs. Calvin Houghland had the laugh on all when they announced: "Why, we're not eloping! We were married almost two months ago!"

## THREE YOUTHS INDICTED IN GIRL'S DEATH

DENTON, Texas, Dec. 4.—Three Dallas youths were under grand jury indictments here today in connection with an automobile accident in which a girl student of the College of Industrial Arts was killed.

All three were charged with transportation of liquor and one was accused of driving while intoxicated.

Meanwhile officers continued uncertain as to just what caused the crash, six miles south of here, in which Miss Grace Beauchamp, 22, of Arlington, was killed the night of Nov. 2.

The accused youths were W. P. Britton, 24; Gady Martin, 24, and Larry Whitman, 28. Whitman was the one charged with driving while intoxicated.

The indictments were returned Saturday night but were not made public until last night when Britton was arrested by Denton officers.

## Rattlesnake Fails To Injure Negro

NIXON, Texas.—Rattlesnakes aren't as deadly as they are supposed to be, Jack Littlefield, negro farmer living near here, believes.

While working in a field, Littlefield was struck by a large rattler. The snake's fangs struck a finger-nail and the loose skin at the end of his finger.

Littlefield suffered no ill effects from the encounter.

## WEDDING YEAR CELEBRATED BY ROMNEY PAIR

CISCO, Dec. 4.—On Sunday, Mr. and Mrs. W. L. Brogdon, well known and substantial family of the Romney community, celebrated their golden wedding anniversary surrounded by their six children and eight grandchildren.

Mr. and Mrs. Brogdon, who settled at their present comfortable farm home one mile north of Romney some thirty years ago, are natives of Alabama and were married in 1884, coming to Texas two years later.

Mr. Brogdon was born August 22, 1862 in Lee county, Ala.; Mrs. Brogdon was Miss Elizabeth Bibby, sister of O. C. Bibby who was in business in Cisco for a number of years, and was born August 1, 1869 in Coosa county, Ala.

Their six children are George W. of Eastland; Mrs. George and Mrs. Ed Blackwell of Gorman, both having married the two Drs. Blackwell of that city; Dewey, also of Gorman; Guy of Romney, and Mrs. F. J. Harrelson, also of Romney.

This couple, surrounded by their children and grandchildren, enjoyed one of those fine old dinners for which old time Texans are famous.

Scientists have announced the latitude and longitude of the Washington Monument, so visitors sailing three sheets to the wind may locate it.

While he's trying to get jobs for others, Emergency Relief Administrator Hopkins is doing all he can to spoil his job for himself.

**Taxes— Then More Taxes**

The purchaser of a loaf of bread, according to the National Investment Transcript, pays 17 kind of taxes when he lays his dime on the counter.

If he walks home on leaving the store, he is wearing out shoes which are taxed 23 times.

If he rides in an automobile, he is paying 42 different kinds of taxes.

If he takes a subway or an electric car, the total number of visible taxes which are part of the cost of his fare runs to about 58.

All of these taxes, obviously, are indirect—and very few of us know that we pay them. As the Transcript says, "Tax ignorance is the crowning element in mass ignorance today." Most of us pay few or no taxes directly—and we think because of that we are contributing nothing to the cost of government.

There is not a thing in the world that isn't taxed. The house we live in represents a legion of taxes—running all the way from taxes on standing timber to taxes paid by the store which sold the finishing paint and the manufacturers which produced it. Food, clothing, transportation, entertainment, periodicals, books—the tax bill is a substantial item in their cost to the consumer.

It is obvious that these indirect taxes—which provide the bulk of government revenue—fall more heavily on persons of moderate means than on those with higher incomes. A loaf of bread will last a millionaire as long as it will a laborer—and the tax is the same on the loaf each buys. Tax reduction would be the greatest boon the average American could have—a boon that would at once be reflected in more jobs, more purchasing power, more spending for the necessities and luxuries which keep the industrial machine turning.

We will have tax reduction when we spend less tax money—and not until then. Only massed public opinion, backed up by knowledge of the facts, can bring it about. The cost of government can and must be reduced—all the way from Washington down to the smallest hamlet in the land.

The Navy Department has ordered strict secrecy about all new naval developments, so that only the foreign powers may know what we're doing along this line.

**Money Is Granted For Highways In Eastland County**

AUSTIN, Dec. 1.—Texas highway commissioners today provided \$2,069 for building a spur road from highway 29 to the graves in Goliad county of Colonel Fannin and his men, heroes of Texas' war for independence.

Special appropriations included: Eastland county, \$1,266 for maintaining highway 187, northeast of Cisco; \$3,000 increase in appropriation for surfacing highway 23 from Rising Star to north of Romney.

Palo Pinto county: \$1,306 for maintaining highway 158 from Mingus to highway 89. Runnels and Nolan counties: \$2,280 for fencing the light-of-way on highway 158 and \$324 for fencing the same in Nolan county.

**STAFF**

STAFF.—Mrs. Spencer Hazard motored to Eastland last Saturday to do some shopping.

Mr. and Mrs. Walter Duncan were visiting with relatives in Dallas last week-end.

Mr. and Mrs. W. B. Stuart of Strawn were guests of their niece, Mrs. Tom Cutley last Thursday afternoon.

Miss Daisy Williamson and Mrs. F. C. Williamson were co-hostesses last Friday afternoon at the residence of the latter, entertaining in honor of the former Miss Elawese Lawrence, with a bridal shower. The beautiful brick home of Mr. and Mrs. F. C. Williamson was very beautifully decorated. Color motif of pink and white was carried out in all details of this charming affair. The bride's chair, which was arranged in the living room was decorated with a large bow in pink and white, a string which was attached to the chair led to the family sitting room, the bride was instructed to follow this string and to her surprise she found a table loaded with the pretty wedding gift shower, in their exquisite wrappings and delicate ribbons. All the guests viewed the many useful gifts. Miss Mackie Alford, sister of the groom and Miss Daisy Williamson presided over the bride's box.

Refreshments consisting of children sandwiches, olives, mints and hot chocolate was served to the following guests: Mrs. Zona Griffin, Mrs. T. A. Nutley, Mrs. Nellie Griffin, Mrs. Wayne White, Mrs. Sam Frenville, Mrs. George Bennett, Mrs. Spencer Hazard, Mrs. Andrew Garrett, Mrs. M. O. Hazard, Miss Mackie Alford, Mrs. Elawese Lawrence Alford, honoree and co-hostesses, Miss Daisy Williamson and Mrs. F. C. Williamson.

Rev. Ivie of Cisco preached at the 11 o'clock hour and at night last Sunday in the Baptist church. Rev. Ivie has been called as pastor of the church and will preach each fourth Sunday of each month on Sunday morning and Sunday night. The public is cordially invited to attend these services.

**THURBER**

The ladies of the Methodist Women's Missionary society met at the home of Mrs. Maggie Masters Tuesday afternoon at 2:30 o'clock. Rev. W. E. Anderson gave an interesting Bible study lesson, taken

from the Book of Leviticus. Delicious cinnamon rolls and coffee were served those present.

Mrs. W. S. Henry and daughter of Troup, Mrs. W. C. Tunnell of Stamford, and Mr. and Mrs. R. O. Jacobs of Rising Star spent Sunday night in the home of Rev. and Mrs. W. E. Anderson.

Mrs. Frank Arrendale and son James, and Mrs. R. A. Arrendale spent the Thanksgiving holidays with relatives in Oklahoma.

George Paulowsky of Ranger attended the show here Wednesday night.

Joe Campbell and Harold Newth, students at A. & M. college at College Station, spent the holidays with their parents.

Miss Lou Bates spent the week-end in Gordon.

Mr. and Mrs. Grundy Fenner of Stephenville visited Sunday with his uncle, Dixie Fenner, and family.

Miss Izetta Woods was in Fort Worth several days last week.

There will be preaching at the Methodist church Sunday morning at 11 o'clock and Sunday evening at 7 o'clock, with the pastor, Rev. W. E. Anderson, in charge.

Joe Kostha Jr., who is attending John Tarleton college at Stephenville, spent the holidays with home-folks.

Mrs. Jake Dupree and son, Burton Lynn, of Pioneer, spent several days last week with her parents, Rev. and Mrs. W. E. Anderson.

Mr. and Mrs. Sid Tackett had as guests Wednesday Mr. and Mrs. Aubrey Wilkins and little son of Langview and Mr. and Mrs. Clyde Wilkins and little daughter of Cisco.

Mrs. F. E. Whitworth was in Strawn Sunday to see her nephew, little Jimmy Freeman, who is ill at the Strawn hospital.

Mrs. Henry Bullard and daughter, Captolia, of Mineral Wells, visited Saturday with her daughter, Mrs. Lafayette Henley.

**Funeral Is Held For J. A. Skinner**

Funeral services for John Andrews Skinner, one of the settlers of the county, who died in Eastland Monday were held Tuesday afternoon at the First Baptist church with Rev. O. B. Darby officiating. Burial was in Eastland cemetery.

Mr. Skinner was transferred, because of illness, from Rising Star to Eastland Saturday to the home of a sister, Mrs. D. B. O'Rourke. He had lived with Bud Skinner, a brother, near Rising Star, for several years.

The decedent was born in Mississippi Nov. 12, 1865. He was 69 years of age at the time of his death.

Survivors are brothers, Henry, north of Eastland; J. R., of Gustine; Bud, of Rising Star; Will and Clint, of El Paso, and a sister, Mrs. D. B. O'Rourke of Eastland.

All hearers were Will and W. Wood, Ross Crossley, John and Charles Van Geem and M. L. Dublin, all residents of Eastland.

**One Old Timer Is Believer In Ticks**

HOUSTON.—Seed ticks, considered the scourge of cattle by agricultural authorities, have a champion in Louis Schiel, 75.

He is one of 80 farmers of the Cypress section near Houston, who support to enjoin tick inspectors from enforcing the eradication law.

"Ticks are good for cattle," Schiel declared. "They take away the bad blood. They are put here by God and they will be here if you dip for 100 years."

"There were ticks when I came here in 1875, and cattle were better 50 years ago than they are now."

"The coons in the river bottom have ticks, the rabbits got ticks and the dogs got ticks. If the boys go down to the river they come back with ticks and you got to pull them off their necks."

There have been ticks since the world began, he said at a hearing on the eradication question, and he favored letting them alone—they have a right to live.

**District Schedule Not Set; Pends a December Hearing**

Crude oil purchasers and operators in the West Central Texas district have been advised by Omar Burkett, deputy supervisor, that the December schedule for the district will not be issued until after a special hearing for the district. The hearing date, Burkett said, will be in the near future.

The deputy supervisor stated that the November schedule, together with correction given them by letter, will remain in effect until further notice.

**Indictments Are Found In Morro Castle Disaster**

NEW YORK, Dec. 4.—Willful negligence was charged today against the ranking officer of the ship Morro Castle, its operating company, and one of its shore officials. A grand jury investigating the disaster that took 124 lives, handed up seven indictments.

The indictments named Acting Captain William Warms, the chief engineer, the executive vice president of the New York and Cuba Mail Steamship company, and the company itself.

WASHINGTON, Dec. 4.—The state department today was notified of the death of Charles Drayton of Brownsville, Texas, while flying at Airo de Rosales, Mexico.

The governor of Michoucan province was a passenger in Drayton's plane and also was killed.

**American Flier Is Killed In Mexico**

WASHINGTON, Dec. 4.—The state department today was notified of the death of Charles Drayton of Brownsville, Texas, while flying at Airo de Rosales, Mexico.

The governor of Michoucan province was a passenger in Drayton's plane and also was killed.

**Two Headed Ant Is Colony Outcast**

MINERAL WELLS.—If two-headed ants are better than one, then a two-headed ant found here by W. D. McClendon ought to have been head man in his colony.

Instead, Mr. McClendon reports he was an outcast and the rest of the ants would have nothing to do with him.

McClendon discovered the creature while watching an ant "fight" on a farm near here. He noticed this ant was being shunned by all the others and when he looked closer saw that he had two distinct heads.

The football team of Sing Sing prison in New York netted more than \$5,000 this season, which is much more than the eleven could have made on a holiday these days.

With all the good Babe Ruth has done in Japan, that country still insists on naval parity with the United States.

**4-H Club Member Raised Much Cotton**

FRANKLIN.—Matt Salvaggio, 4-H club member, produced 569 pounds of lint cotton on an acre during the past season. The yield was almost 200 pounds more than his neighbors. According to the county agent, V. L. Sandlin, the boy used better seed and distributed poison at the proper time.

**Unsightly Complexions**

muddy-looking, blotchy and red—relieved and improved with safe, medicated Resinol.

**Man Is Charged In Shooting His Neighbor's Turkey**

HOUSTON.—Charles Heuschle, 75, was charged with malicious mischief in the shooting of the turkey of his neighbor's turkeys.

He told the court he shot them when he found the fowls in his truck garden, attacking his string beans and black-eyed peas.

"Did you shoot them because they were molesting your property?" he was asked.

"Molesting it!" the aged man cried. "By golly, they were eating it up."

He was assessed a small fine, which he said he would appeal.

**Judge Ruled Wife's Words Were Law**

BROCKTON, Mass.—When John H. Gogan appeared in court recently on a drunkenness charge, it was a case of "the Constitution versus the Missus"—and the "Missus" won.

"The law says a fellow can take a drink, but my wife says he can't, so that's why I'm here, your honor," Gogan explained to District Judge Rowe.

The court sentenced Gogan to one month in the House of Correction, and suspended sentence until Dec. 29, with the suggestion that, meanwhile, is wife's word would be law.

**WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL**

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your downcast feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. (Don't be misled by a substitute. 25c at drug stores. ©1931 C. M. C.)

**SIMPLICITY**  
 Stonehenge, Near Salisbury, England. Dating From the Early Bronze Age

Because it is human nature to avoid the subject of funerals, few people know much about them, or about the men who conduct them. So that your family may be spared needless expense and confusion, we are happy to extend our advisory service, answering any questions relating to funerals, without obligation.

**Strawn Merchandise Company**  
 Directors of Funeral Services  
 Ambulance Service Strawn, Texas

*They ought to know—*

MANY men of the South have been "in tobacco" for years—growing tobacco and curing it—buying it and selling it—until they know tobacco from A to Izzard.

Now folks who have been in tobacco all their lives, folks who grow it, know there is no substitute for mild ripe tobacco.

And down in the South where they grow tobacco and where they ought to know something about it—in most places Chesterfield is the largest-selling cigarette.

Harvesting tobacco and packing it in the barn for curing—and (below) a scene at a Southern tobacco auction.

the cigarette that's Milder

the cigarette that TASTES BETTER

# Farm News of Interest to the Farmers of This Section

## COOPERATING PRODUCERS GET \$15,911

Figures released by the Agricultural Adjustment Administration Washington show that cotton producers of the county have been paid \$15,911.53. The figures, up Nov. 22, showed that the first payment totaled \$8,786.67 and the last \$7,124.86.

Those in the nearby county of Stephens have been paid \$3,925.76. The cotton rental payments are divided into two equal installments, with the second payment being made only after compliance with the acreage adjustment contract had been established.

In addition to the rental payments, cotton producers will be paid a substantial sum in "parity" payments. The payment will be calculated on the basis of one cent per pound on the estimated share of each farmer's average past production which enters domestic consumption.

## Ellis County Cotton Crop Is Small

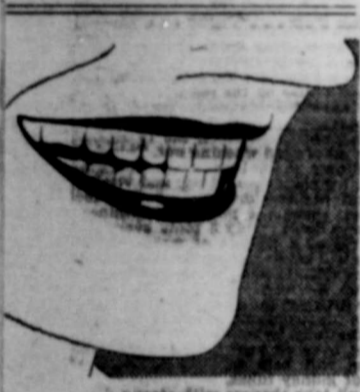

**WAXAHACHIE.**—The cotton crop produced in Ellis county this year was the smallest in a decade, according to Robert P. Gatlin, Ennis, government statistician.

By Nov. 14, 34,867 bales had been ginned in this county, 14,000 bales short of the Bankhead allotment. During the same period in 1933, 84,111 bales were ginned.

The bumper yield of 1920 when 52,000 bales were ginned in this county was recalled by the low figures for this season's crop.

## DONATION FUND STOLEN

**HAVERHILL, Mass.**—Mrs. Margaret Johnson reported to police she received \$22 from the Mothers Aid fund to buy food and clothing for her children, and while she was in a store purchasing stockings, someone stole the \$22.

## THE REPRIEVE

## ON TEXAS FARMS

With contour ditches, Hal McCampbell, ranchman living near Hebbroville in Jim Hogg county, is utilizing the waste water from his artesian well to irrigate land which he has sown to gain for winter pasture. Mr. McCampbell plans to plant and water 100 acres in this way.

From a garden sarriguated with old pipe, Mrs. W. J. Stoneman of the Anderson ranch in Baylor county gathered tomatoes from June to November. "We've had plenty all summer, picking from a gallon to two bushels daily. We have eaten them raw and canned them many ways," she says.

Sixty varieties of canned products in 650 containers, valued at \$142, are the sufficient barrier to keep the wolf from the door of Mr. and Mrs. Carl Kennedy at Inez this winter.

**GROESBECK.**—A good mattress made at home for \$5.21 is the possession of Mrs. T. B. Morton of Limestone county, according to Miss Cora Kirkman, home demonstration agent. "I have a good mattress at a cost of \$5.21, and I would not take twice that much for it," Mrs. Morton says. "The mattress cost \$2.25 for 10 yards of feather mattress ticking, 10 cents for the cord to make the roll around the mattress, and \$2.51 tax on a 50-pound round bale remnant. The seed paid for the ginning."

**BASTROP.**—"It is the nicest thing we have ever had," says Mrs. Oscar Anderson of Bastrop county in speaking of the clothes closet constructed by her daughter Gladys as a part of her work as wardrobe demonstrator for the Kyleberg 4-H club, according to Miss Dessie E. Hoerster, home demonstration agent.

The closet is 12 feet high, 9 feet wide, and 26 inches deep, and has a rod that extends the length of the closet, shelves for storing folded garments, shoe rack, hat racks, and a large space for storing quilts and blankets. The entire cost was \$6.75.

Averaging four tons of hegari per acre, Pecos county farmers are following the demonstration planting of this grain sorghum on the Webb farms in 1932. The price has been around \$18 a ton with a profit of about \$58 an acre on irrigated lands.

Bees have proved to be a good side line for E. Schokade of Shackelford county. Beginning with 20 hives the number has increased to 26 colonies which have harvested 90 gallons of honey, even in this dry year. The honey was gathered largely from mesquite blooms, it is estimated.

**OLTON.**—A sink has been built for her kitchen from a part of the body of an old car and a drain board made from an old sheet iron sign board by Mrs. George Wallace of Lamb county, according to Miss Bernice Westbrook, home demonstration agent. Mrs. Wallace has also increased the size of her kitchen by taking in a small back porch. The kitchen has been coiled

with sheetrock, the ceiling and walls finished with a coat of caliche and a cabinet and woodwork finished with cream paint. The total cost of this improvement was \$3.50 which was spent for the sheetrock and a new glass for the kitchen door.

sheep manure when applied under sweet potatoes returned an increase of 14 bushels per acre for Otis Cox of Comanche county, according to J. A. Barton, farm demonstration agent. The potatoes sold at \$1 per bushel so the manure increased his profits by \$14 per acre.

**JEFFERSON.**—"Very little attention is devoted to fruit in East Texas, but my pear orchard is a fine example of what a little work and attention will do toward making an orchard profitable," says A. I. Herren of Marion county, according to John H. Erickson, farm

demonstration agent. Because of the long drought, all the field crops on the Herren farm yielded almost nothing, but the sale of more than 600 bushels of pears saved the day for the Herren family. More than \$400 was realized in this way.

**LIPSCOMB.**—Ensilage made from Russian thistles is being fed to the dairy herd of G. A. Robbins and sons of Lipscomb county, according to C. M. Gay, farm demonstration agent. Mr. Robbins reports that Russian thistle ensilage is very palatable and that his production records compare favorably with records from past years for corresponding cows that were fed alfalfa and sorghum hay as roughage when these feeds were more plentiful.

Placing second and third with two car loads of feeder calves at the American Royal Live Stock Show has confirmed Clyde McElroy of Randall county in the practice of creep feeding. About \$2 worth of cottonseed cake was creep-fed to each of the calves, and they brought \$9 a head more than they otherwise would have brought on the market, not to mention the premium money.

The Green Lake Home Demonstration Club in Calhoun county believes in "lamps trimmed and burning" and already has money in the bank to pay the expenses of delegates to the 1935 Farmers' Short Course at A. and M. College. When "hog killing time" comes they plan to make tamales from the heads and sell them to swell the fund.

A calf being fed by Damon Davis of the Text 4-H club for boys in Menard county has set a record for that county by gaining 206 pounds in 60 days, an average daily gain of 3.4 pounds.

Seeds, plowing, young plants, cans and jars used in producing the products on the pantry shelf of Miss Kate Owen of Hill county cost her \$11.78. The products are valued conservatively at \$74.12. She has a surplus of canned fruits and a shortage of succulent vegetables, so she is trading fruit with friends to balance her food budget.

**CANTON.**—By removing 30 culms from a flock of 104 hens, Mrs. J. J. Bateman of Van Zandt county made enough money to remodel her poultry house by eliminating sloping roosts and low doors, according to Mrs. Mary Ethel Brandon, home demonstration agent. In addition, her records showed an increase in egg production and the culling gave her work-

ing hens more room on the roost and more milk per hen.

Mrs. Bateman's record from January to September shows a profit of \$77. Her feed and new stock cost \$81.45, while the sale of fryers and eggs brought in \$158.45. She adds that she also has three hogs which have been fed some of the feed charged to the poultry.

**CORPUS CHRISTI.**—Cuttings brought from the yard of her old home, and native materials will be used by Mrs. R. A. Ingle of Nueces county in landscaping the yard of the new home to which she has moved, according to Miss Dosea Hale, home demonstration agent. "Even though a woman rents her home, there is no reason why she can't have a well planted yard," Mrs. Ingle says. "We became so accustomed to having a nice looking yard that when we moved it seemed just as important to plan our yard as it did to arrange our furniture in the house."

**SWEETWATER.**—Various kinds of sacks have been utilized by Mrs. A. E. Lewis of Nolan county in improving her bedroom, according to Miss Fontilla Johnson, home demonstration agent. Paper sacks were used to reinforce the corners of the room to keep the paper from splitting. Feed sacks and sugar sacks were used for canvas, while feed sacks were also dyed and used for curtains. Gunny sacks dyed with walnut hulls were made into a braided rug, and feed and sugar sacks were used in making dresser scarfs. At a total cost of \$13 the room was papered, all the woodwork was painted, and some of the furniture was refinished.

**LOCKHART.**—Land on the farm of O. T. Moore of Caldwell county that had been in cultivation for more than 50 years but had been terraced recently produced more bales of cotton than land that had been in production only 10 years but had not been terraced, according to A. O. Hebel, farm demonstration agent. Purebred cotton seed of the same strain was planted on both pieces of land. As a result of this demonstration, Mr. Moore had his entire farm of 485 acres terraced with the county road building equipment. The terraces were constructed with a base of 27 feet.

**DALLAS.**—A profit of \$363.68 for his year's poultry demonstration has been made by Ollie Davis, Dallas county 4-H club boy, according to an adult poultry demonstration record kept under the direction of Dale Merwin, assistant

farm demonstration agent. His gross income for the year from his flock of White Leghorns was \$543.30 but his feed cost was \$159.62. This is the second year that young Davis has kept an adult record for his flock.

**SAN AUGUSTINE.**—The highest cotton yield in San Augustine county this year was made by Robert Thomas, 4-H club boy, who made 488 pounds of lint cotton per acre, according to W. L. Knapp, farm demonstration agent. The cotton was planted on bottom land in the part of the county which was hardest hit by drought. Robert reports that, on account of the dry weather at the time of planting, he planted his cotton in the water furrows. Under normal conditions this is not good practice, he said, but under drought conditions it worked well.

## Referendum Date For Bankhead Act Is Now Announced

**COLLEGE STATION.**—Friday, Dec. 14, 1934, has been set as the date for the Bankhead referendum throughout the cotton producing states by the agricultural adjustment administration, according to information received by H. H. Williamson, vice director and state agent for the extension service.

At this time eligible voters will be asked: "Are you in favor of continuing the Bankhead act for next year (June 1, 1935 to May 31, 1936)?" An eligible voter is defined in the act as "a person who has the legal or equitable right as owner, tenant, share-cropper, or otherwise to produce cotton on any cotton farm, or part thereof, in the United States for the crop year 1935-36."

According to that, any person is eligible who signed a 1934 and 1936 cotton acreage reduction contract as well as any person who is or was eligible for tax exemption certificates in 1934. Any other person is eligible who presents proof that he owns and has a present right to produce cotton on a cotton farm, or any person who signs and files a witnessed statement that he has made arrangements to produce cotton on a cotton farm in 1935 by entering into a lease or share-cropping agreement.

If ownership and the right to produce cotton on a cotton farm are held jointly by two or more persons, all such persons are entitled to vote. The term "cotton farm" means any farm on which cotton has been produced com-

mercially one or more years since 1927. Individuals who are in doubt about their eligibility to vote can obtain information from the community committee which will have a list of eligible voters.

Henry A. Wallace, secretary of agriculture, defines the impartial attitude of the adjustment administration in a statement that will be given each voter with his ballot. This statement urges cotton farmers to "examine carefully all the facts and reach a decision based upon considered judgment as to whether the Bankhead act is needed to assure attainment of the objectives of the cotton adjustment program."

"Cotton farmers," a portion of the statement reads, "must decide whether, in their opinion, the adjustment of cotton production under the voluntary contracts is sufficient to meet the requirements of the present emergency. Will the efforts of a small minority of non-co-operators, the tendency toward more intensive cultivation, and the possibility of new lands coming into cotton production combine to increase total production above the point which seems desirable? That, it appears, is the central question involved in a decision on continuing the Bankhead act for next year." The secretary emphasizes in his statement that the administration is not seeking to impose its views upon the producers and that "it is for the cotton farmer so choose."

The referendum is provided for in the Bankhead act itself. If two-thirds of those who have the legal right to produce cotton favor the continuation of the Bankhead act, and if the president finds and proclaims that the economic emergency in cotton production and marketing will continue to exist, the provisions of the act will be extended to cover the period of the crop year 1935-36.

**TO ADVERTISE POTATOES**  
**POCATELLO, Idaho.**—Plans to make the Idaho potato, already famous, even better known throughout the nation are being made by the Idaho Potato Dealers association. First steps in the campaign will be the creation of a \$100,000 fund to be expended in national advertising.

**ZOO WANTS GIRAFFES**  
**ST. LOUIS, Mo.**—If you have a stray African giraffe or two or three, and desire to sell, contact the St. Louis Zoo, which is in the market.

The electric utilities are getting ready to short circuit the government's power project, although they should know that such operation usually gives the meddlers an awful shock.

# SISTER MARY'S KITCHEN

**BY MARY E. DAGUE**  
NEA Service Staff Writer

Thanksgiving over, we can go about the baking of the Christmas fruit cake and boiling the Yule plum pudding with a calm mind. The sooner we get them made the better they'll be because both need several weeks for blending and mellowing. Both cake and pudding make wonderful presents.

According to tradition Christmas fruit cake and plum pudding ought to be stirred by each member of the family for luck, and many households have great fun with the custom.

**Rich Black Fruit Cake**

One cup butter, 1 cup lard or shortening, 1 cup light brown sugar, 10 eggs, 1 cup molasses, 1 cup liquid (sweet cider, brandy or sherry), 4 cups flour, 1 teaspoon soda, 1 tablespoon cinnamon, 2 teaspoons nutmeg, 1 teaspoon cloves, 2 teaspoons allspice, 3-4 cake bitter chocolate (optional, but it makes a blacker cake), 2 pounds seeded raisins, 1 pound seedless raisins, 1 pound prunes, 1 pound citron, 1-2 pound candied pineapple, 1-4 pound each candied orange and lemon peels, 2 1-2 cups blanched almonds, 2 tablespoons shredded almonds, 2 tablespoons vanilla, 1 teaspoon salt.

Prepare fruit and almonds. Cut cherries in halves and pineapple in thin slices. If you shred your onion and orange and lemon peels warm them well before cutting. Mix prepared fruits and sift one cup of flour over them. Stir with a fork until thoroughly coated. Cream shortening and gradually beat in sugar. Add prepared fruit and one cup of flour. Mix well and add eggs well beaten and beat this mixture hard. Add molasses, chocolate melted over hot water and liquid. Mix thoroughly.

Mix and sift remaining flour with salt, soda and spices. Sift several times to be sure the soda is well mixed with the flour. Add to batter with nuts and stir until smooth and perfectly blended. Turn into cake pans lined with waxed parchment paper or into

**Tomorrow's Menu**

**BREAKFAST:** Orange juice, cereal, cream, baked French toast, syrup, milk, coffee.

**LUNCHEON:** Vegetable soup, savory codfish sandwiches, orange doughnuts, milk, tea.

**DINNER:** Veal pot-pie, creamed Jerusalem artichokes, spinach and horseradish salad, apple crisp, milk, coffee.

**Plum Pudding (Rich)**

Two cups cleaned currants, 2 cups seeded raisins, 1 cup shredded citron, 2 tablespoons each candied lemon and orange peels, 1 cup blanched and shredded almonds, 1 cup finely chopped suet, 2 cups stale bread crumbs, 1 cup flour, 4 eggs, 1-2 cups light brown sugar, 1-2 cup molasses, 4 tablespoons tart jelly and 4 tablespoons coffee infusion or 1-2 cup sherry, 1-2 teaspoon soda, 1 teaspoon salt, 1 teaspoon cinnamon, 1 teaspoon nutmeg, 1-2 teaspoon vanilla.

Chop fruit and suet with flour. Add crumbs and mix well. Beat yolks of eggs until thick and lemon colored. Add to first mixture. Dissolve soda in a little cold water and add with salt, sugar, molasses, spices and the jelly and coffee mixture or sherry. Mix thoroughly and fold in whites of eggs beaten until stiff. Turn into a well oiled mold and steam five hours. If a covered casserole is not used be sure to cover mold securely with heavy parchment paper. When wanted for serving steam in mold for one hour.

**Heat-proof casserole buttered and dusted with flour. If covered dish is not used stretch and tie this heavy waxed parchment paper over each loaf. Steam three hours and bake 45 minutes in a moderate oven or bake 4 hours in a slow oven (275 degrees F.). Cool in casserole without removing cover.**

Baseball magnets should take a lesson from the tremendous popularity of the American players in Japan, and move their league parks over to the Orient.

## Ranger Is Chosen For Convention of American Legion

Ranger was unanimously chosen as the site for the 17th district convention of the American Legion, to be held sometime in February. The selection of Ranger came on the first ballot at the district convention at Abilene Sunday afternoon. Exact dates of the convention are to be fixed later.

The 17th district is composed of 12 counties with 20 Legion posts, none of which were asking the convention. It was stated today by Bob Robinson, post commander of the Carl Brown post of Ranger, but the decision to hold the convention was reached early in the day, though Robinson had made no mention of the convention.

On the previous Sunday were Roy W. Childress, post commander of the First Methodist church of Abilene; W. Ruck Spivey, who presided at the convention; John Lee Smith of "The Rockport"; Miller Ainsworth of "The Democrat"; post commander; Mr. Calmes of Wichita Falls and H. F. Brown of the 10 and 8; M. I. Bondell of Brady, post commander; and Mrs. Marion H. Douthett of Post Worth, state auxiliary president.

## Barracks at Fort Will Be Increased

**GALVESTON**—Maj. Gen. W. F. Hase, chief of the coast artillery corps, has notified F. Leslie Body, general manager of the Chamber of Commerce, that barracks accommodations at Fort Crockett will be increased next year. General Hase said eight sets of quarters would be erected to house 120 enlisted men, members of an anti-aircraft regiment, who will replace the Third Attack group which will be transferred to Barksdale Field, Shreveport, La.

## Church Bell to Ring Again at Mexia

**MEXIA, TEXAS**—After many years of silence a church bell will again ring out in Mexia on Sunday mornings.

The First Methodist church is erecting a 50-foot tower in back of the church and a bell will be hung there as soon as it is finished.

There have been no church bells in Mexia for many years but members of the Methodist church decided it would be a good idea to revive the old custom.

## Toledo "Last Man" Club Has Humor

**TOLEDO, O.**—For all their laughter, there was a grimace in the face of each of the dozen members of the Last Man Club as they sat in their first official meeting in the chamber of commerce.

\*War veterans all, the members will continue their organization along lines of similar groups over the country. A bottle of liquor will be placed in the center of the table at each meeting. As death smiles the chairs, they will be tilted forward. The last man may drink the contents of the bottle. There are 13 members in the club altogether.

Whoever the last man in the club may be, Milo J. Warner, national vice-president of the American Legion, won the honors at the first meeting. He arrived late and chose the 13th chair.

The members drank a toast and chatted before their turkey luncheon was served. At times, when it appeared all were laughing, at least one face could generally be found solemn, its eyes searching the faces of the others.

## DRAMATIST DEAD

**TOLEDO, O.**—William Sterling Batts, 80, widely known Dickens dramatist, is dead here.

Mary Hickford says she's writing a play about money. Can't Wash Street hold up their financial plans until the last comes out?

## Tell 'Em Apart? Parents Cant!

Even their parents can't tell which is Dorothy and which is Eleanor. These twin daughters of Mr. and Mrs. J. G. Fairbanks, of Independence, Mo., are such near-perfect doubles that they alternated in the feminine lead role in a school play and no one else knew of the change. That's Dorothy at the left.

## Boler's Grocery In Ranger Is Robbed

Boler's Grocery and Market, Oak street, Ranger, was robbed early Monday morning by burglars who broke into the store and then knocked the knob from the safe.

The robbery was discovered early this morning, and after a hurried check-up it was announced that between \$240 and \$270 in cash had been taken, but that a large amount in checks had not been molested.

The burglars gained entrance through the side door and then knocked the knob from the safe. The time of the robbery was set at between 5 a. m. and daylight, as the nightwatchman had made his rounds at that hour and had found everything in regular order.

## Auto Wheel Cuts Man's Finger Off

**ASHERTON, Texas**—Taking hold of the spokes of the rear wheel of his automobile in an effort to roll the machine out of the garage, Adolphus Engel caught his thumb in the breakband. His thumb was cut off before the car could be stopped.

## Curfew Is Rung At Sulphur Springs

**SULPHUR SPRINGS**—A curfew is rung here every night at 12 o'clock.

All persons found on the street after that hour are sent home or taken to jail.

## Increase In Home Building Is Seen For Coming Year

**HOUSTON**—A "substantial" increase in home building in 1935 was predicted today by I. Friedlander, Houston, president of the United States Building and Loan League.

Steps will be taken by the Federal Home Loan Bank system, he said, to see that the \$500,000,000 now available in associations for home lending, is diverted properly from sections that are overbuilt to sections needing construction.

Friedlander said the increase would be due partly to the decision of the public to build homes and partly to activities of companies and individuals to build homes for legitimate profits.

The rise of wholesale prices of building materials which he said caused a setback in home building early in 1934, has been checked.

Increase in rent is balancing the margin between market value of existing homes and new buildings, he asserted, which would open the way for the revival of building in the spring of 1935.

## YOUR CLOTHES NEED

## CLEANING OUTFENER

Your suit or dress gets as dirty as your shirt or collar. You don't notice it, of course, but it's there, slowly ruining your clothes.

That's why you should have cleaning done frequently by Banner Dry Cleaners, where quality is considered first!

## Cities Are Setting Pace For Health And Social Work

**AUSTIN**—Houston and Dallas are setting the pace in Texas for city-county cooperative agreements affecting public health, social work, and crime control.

Such was the conclusion of R. Weidon Cooper, research assistant in University of Texas' Bureau of Municipal Research in a survey of the beginnings of metropolitan government in Texas.

He found one of the clearest examples of dual maintenance in the relations between the city of Houston and Harris county. Among the joint projects is a hospital, school for delinquent boys, and certain sewer services.

Crime control is expected to speed the tendency toward city-county combinations. The city of Dallas is planning to increase the power of its police short-wave radio station to 500 watts and cover an area including all counties lying wholly within a radius of 150 miles. In return, the city seeks an agreement from each county to maintain at least one receiving set accessible at all times.

Such a plan would create a one-radio district embracing one-fourth of the state's area and nearly 40 per cent of the total population, the 150-mile radius would extend into Oklahoma and perhaps involve the first step in interstate cooperation against crime.

## French Women Want Suffrage

**PARIS**—American campaign methods are being used here in the greatest woman's suffrage drive ever launched in the history of France.

Women fliers, lawyers, writers, painters and orators have joined forces to push the movement to a successful finish. The cinema, stage and radio are being utilized as well as pamphlets, buttons and billboards.

"Our present methods are passive compared to what they will be if we do not get the proper response from members of Parliament," declared Mile. Louise Weiss, head of the movement.

"I was on a lecture tour once in the United States and I learned much of the methods that the American women used in their successful campaign. I saw them make senators tremble in Washington with their vigorous attacks and I can assure you that we can do the same here."

Mile. Weiss, who gave up novel writing to take the leadership of the present campaign, which is uniting feminist organizations throughout the country, explained that the movement this year was unleashed as soon as state reform plans were known.

## French Women Want Suffrage

"On Christ the solid rock I stand, All other ground is sinking sand."

Then when the storms of life beat upon the soul it will stand happily secure.

The second passage of our lesson from Acts relates an event which took place at Ephesus in Asia Minor A. D. 53, while Paul was on his third missionary tour.

Appolus, a Jew, an Alexandrian who knew John, and a mighty man in the Scriptures, came to Ephesus and spoke or "taught accurately the things concerning Jesus." He taught that Jesus was the Messiah but the Christian experience which comes in the witness.

## WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep... Vigor... Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes of filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount, burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 times every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you in 15 minutes for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS... the old reliable relief constants in 15 or 20 habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

## SUNDAY SCHOOL LESSON

### THE CHRISTIAN AS A TEACHER

**Matthew 7:24-29; Acts 18:24-28**

The passage from Matthew is the conclusion of the great Sermon on the Mount. It was spoken on a hill, Kurn Hattin, west of the Sea of Galilee, in the summer of A. D. 28.

Christ indicates his deity in the opening verse of this parable.

"Every one therefore that heareth these words of mine, and doeth them."

An ordinary teacher could not take such authority but this was not natural for Christ to use this tone for He knew that He was deity—the Son of God.

No doubt as Christ sat on the hill teaching His disciples he looked across the hilly, stony country; the beds of the rivers with the lands called waddys; when the rainy season came they would be overflowed and everything would be washed away.

Christ, who was anxious about the business of His kingdom in the hearts of men, taught them the lesson of true building in this parable.

The foolish man was in a hurry and dug the foundation for his house in the soft sand. His house was probably finished before the wise man had cut and builded his foundation in the solid rock of the hills.

But the rainy, stormy season came. The man who had builded upon the rock was happily secure while the sand crumbled under the hostile built house of the foolish man who must have been in the depths of despair and discouragement.

The disciples caught the beautifully spoken lesson at once and were astonished, not only at the grandeur of expression and personality, but His authority. He had not one time quoted a great teacher.

"For he taught them as one having authority, and not as their scribes."

This indeed revealed Him as the Son of God because their hearts were warmed and their souls affirmed His words as divine truth.

We have many noble piles of masonry in the world: A St. Paul's in London, a Cologne cathedral, a Westminster Abbey, and many others, which have cost much in money, time and labor. But the most beautiful which have shined throughout the ages are the noble characters who have followed Christ.

In this age of hurry and flashing time, young people who are seeking happiness as their goal in life would do well to study this lesson thoroughly. They must not build hastily upon the sand, for storms are coming in every life and soul. Despair awaits them when their plans fall to pieces, perhaps in middle age.

But let them "lift their eyes unto the hills" and build slowly upon the rock foundation of Christ's teaching.

"On Christ the solid rock I stand, All other ground is sinking sand."

### German workers line up for roll call, now, a top sergeant being so much more an effective check on them than a time clock.

Another "reorganization" in the New Deal impends. Well, anything to keep the New Deal new.

Germany's arming again is worrying Great Britain. How did the British ever learn about this?

Teachers must take time alone for prayer and meditation that their eyes and hearts may be opened to the beautiful truths of life. "I will lift mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord which made heaven and earth" (Psalm 121:1-2).

Then in quietness and confidence they may

Study to show thy self approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth (II Timothy 2:15) Golden Text.

### Lake Terrell to Be Completely Fenced

**TERRELL, Texas**—Work in fencing Lake Terrell, source of the city's water supply, is under way here.

The fence will be four miles long and is to be erected on seven-foot box d'arc posts.

Sixteen hundred posts costing 14 cents each and 1,500 spools of barbed wire, costing \$3.75 per spool, will be used.

### Topping Coat to Be Given to Highway

**CARRIZA SPRINGS, Texas**—A topping coat for highway No. 4, from Carriza Springs south to the end of the pavement at Catarina, is planned by W. C. Dockery, district highway engineer.

Work on highway No. 55, from Carriza Springs to Corpus Christi, will begin as soon as right-of-way deeds are obtained.

### Farm Labor Paid 15 Cents Per Hour In Nueces County

**CORPUS CHRISTI, Texas**—Farm laborers in Nueces county are paid an average of 15 cents an hour it was determined at a hearing by the county relief wage committee.

The growers represented at the hearing, who control 50,000 acres of farm land in this vicinity, said that \$1 is the usual pay for 10 hours work but an additional five cents an hour was added to compensate for house, water, wood and garden space usually furnished by the grower to the laborers.

It was said that the monthly rate averages \$20 plus house, water and fuel advantages. Assertion was made that relief wages paid to laborers have drawn farm labor to the cities and created a bad situation for the land owner.

Have you found the SUNNY PACKAGE on your grocer's shelf?

It's a delicious ready-to-eat cereal. Millions of Americans have found Kellogg's All-Bran a safe, effective means of correcting common constipation—the kind caused by lack of "bulk" in the menu.

Laboratory measurements show that All-Bran provides "bulk" to aid elimination. All-Bran also supplies vitamin B and iron.

The "bulk" in this tempting cereal is more effective than that found in fruits and vegetables—because it resists digestion better. Within the body, it absorbs moisture, and forms a soft mass. Gently, this cleans out the intestinal waste.

Isn't this natural food better than taking patent medicines? Two tablespoons of All-Bran daily are usually sufficient. Chronic cases with each meal. If this fails to give relief, see your doctor.

Enjoy All-Bran as a cereal, or cook into appetizing recipes. Kellogg's All-Bran contains much more needed "bulk" than part-bran products. In the red-and-green package. Made by Kellogg in Battle Creek.

The beautiful CRAZY WATER HOTEL, nestled in the foothills of the Palo Pinto Mountains is easily reached by paved highway or by rail. Write for full information about our treatment plan.

**THE HOME OF CRAZY WATER**

Mineral Wells, Texas

Henry Love, Mgr.

**Plan Survey For 50-Year Old Fire**

NEW STRAITSVILLE, O.—The famous burning coal mines of New Straitsville will be surveyed by the federal government, Rep. Mell G. Underwood, of New Lexington, O., has announced in Washington.

The mine fire here has approached the new \$80,000 high school. The street directly in front of the building has caved in, endangering the structure's foundation itself. Thousands of dollars worth of highways throughout two counties have been destroyed. The fire has been burning 50 years.

Underwood, in requesting the survey, said coal engineers had told him there are 16,000,000 tons of excellent coal in the burning areas, representing a potential value of \$60,000,000. The fire now covers approximately 3,000 acres in Hocking and Perry counties.

Perry A. Fellows, director of federal works relief projects, told Underwood a corps of engineers would be sent to the area at once with the object of extinguishing the fire.

**Bankruptcy Cases On Courts Docket**

BROWNSVILLE.—Hearings in eight corporation bankruptcy cases in which road districts Nos. 1 to 8, Hidalgo county, seek reorganization to pay off approximately \$10,000,000 in bonds, probably will be held at Houston in January.

The cases were filed here, but were transferred to Houston for hearings.

**NEARLY ENDED RACING CAREERS**

WASHINGTON.—Johnny Hannon, automobile speedway champion of the Eastern States Circuit, and Al Theisen, Mid-Western champion, nearly had their careers halted abruptly. While learning the racing art, Hannon almost wrecked a speedway and Theisen was ruled off the track because of recklessness.

**ENJOYED AIR TRIP AT 77**

BOISE, Idaho.—You can't keep these "youngsters" down. Mrs. Lisette Dibble, 77, always wanted to take an airplane ride. Her daughter didn't think it was safe. Finally Mrs. Dibble just "ups and flies away" to Salt Lake City, an hour and 55 minutes from home. She enjoyed every minute of the trip in the giant air liner, she said.

**INNOCENCE COST \$15**

BOSTON.—William G. Strippe, chairman of the Whately selectmen wanted to prove his innocence. At any price. Charged with a parking violation, Strippe came to Boston at a cost of \$15. He brought a picture of his automobile in Deerfield the day police say it was in Boston. Found not guilty, he thought somebody should pay the expenses.

**HUNTER'S SON MADE KILL**

WINSTON, Me.—A local resident was so embarrassed, he withheld his name when he told this story: He made elaborate preparations and went all the way to the Magalloway region to hunt deer. When he returned empty-handed, he learned that his 14-year-old son had shot a 279-pound buck in the back yard.

U. S. secret service has issued instructions on how to detect counterfeit bills of large denominations. Wouldn't it be better to tell us how to detect the good ones?

**Tap Dances Way To Movie Berth**

Eleanor Powell won fame in Europe before she could get recognition in her home land, but the brunet tap dancing queen, shown above, at last will perform for American audiences. George White saw her act in the Monte Carlo Casino, and immediately signed her for the next screen edition of his "Scandals."

**JOB TOO DANGEROUS**

EDWARDSVILLE, Ill.—When a circuit court jury returned a verdict of \$100 damages against a constable on a false arrest charge

here, H. J. Larson, justice of the peace, submitted his resignation, declaring the job did not pay any money, "and if I've got to run chances like that, I don't want it."

**SEA GULL HOUSEHOLD PET**

NORWAY, Me.—A sea gull is a pet for Gerand F. Varnum. Rudy, the gull, appeared at his home

when only a small bird and has been cared for until it has become tame. Disregarding the passing automobiles and, perhaps, mistaking the cement highway for a stretch

**CUPID ROBBED BIBLE CLASS**

COLUMBIA, Mo.—Cupid has robbed the world's largest college students' Bible class of its teacher.

Miss Nellie Lee Holt, Burial Bible class leader since 1928, married Curtis Bok, of Philadelphia,

at her home in Falls City, Neb., Nov. 25.

Try a WANT-AD!

**READY... WARDS FAMOUS NATION-WIDE VALUES IN...**

**Toys**

**Pull-Up Chair 5.95**

Multi-colored moquette back—plain velour seat to match. Built big, roomy. See it!

### Burkett Reminds Operators to Send In Nov. Reports

Omar Burkett, deputy supervisor for the state railroad commission, has sent out notices to the effect that it will be unnecessary for operators to issue December schedules for this district until after the special hearing for the district, which is to be held some time in the near future.

The November schedule, together with corrections, is to remain in effect until further notice. He calls attention of operators, however, to the fact that production reports are now due for November. The following is his letter to the operators:

"The purpose of this letter is to again call to your attention that your production report (Form EB) is now due for the month of November, same being delinquent for that month, unless in your hands by the fifteenth of this month. Failure to file on time, resulting in your pipe line severance.

"It is not necessary for you to wait until you secure your pipe line or purchaser's statement to file your production report to the railroad commission as same is based on your gross crude runs as shown by gauger or pumpers measurement.

"We urge you to get your report to us as quickly after the first of each month as possible so we may have time to make corrections or return same to you in case of error, making sure to check every place on the form required to be filled out, writing the word 'none' where you have no information to report, also do not fail to make report balance with previous month; that is, where you listed 'oil on hand' in previous report, same should be your 'beginning storage' for this month's report.

"Blank EB forms can be had from the several chambers of commerce at Cisco, Brockridge, Ranger, Joe F. Orr, 712 Neil P. Anderson building, Fort Worth, or from railroad commission office, Eastland.

"We thank you to please pass the above information on to each operator you meet. Thanks.

"Thanking you for your co-operation, I am,

Very truly yours,  
OMAR BURKETT,  
Deputy Supervisor."

### League of Nations To Seal the Saar Before Plebiscite

(Copyright 1934 by United Press) SAARBRUCKEN, Saar Territory, Dec. 3.—League of Nations officials intend practically to seal the Saar territory for 15 days before the Jan. 15 plebiscite to avert clashes that might necessitate invasion of French troops, it was learned by the United Press.

It is planned to close the frontiers so that almost no one can get in. League officials said that an order in the name of the league alone would open the frontier, and they mentioned as one possible order a request for French "police" to come over. The "police" presumably would be the soldiers garrisoned a few miles from the frontier to wait for an emergency.

News from Geneva was that the League of Nations council would meet a few days before the plebiscite, in order that it will be able to act promptly if necessary. It would be for the council, at the request of its governing council here, to ask for French "police."

There was great interest here in the negotiations at home regarding the fate of the Saar coal mines. It was learned that both French and German delegates have suggested that Saarlanders buy the mines from the French government.

This, the Germans suggested, would solve two problems at once—the mines themselves and the absorption of French currency now in circulation in the Saar, which would almost cover the mines' cost.

### 19 AVERAGE CRIMINAL AGE

TOPEKA, Kan.—Most major crimes are committed by young men and 19 is the average age of the worst offenders, S. S. Alexander, United States district attorney, said here in an address before the Washburn college law school. Alexander said he believed a big step toward curtailing crime would be taken if states established criminal bureaus of investigation similar to that of the United States.

### MASCOT IS GRAY SQUIRREL

BARRE, Mass.—Barre's post office mascot is a gray squirrel. Postmaster H. L. Pierce found the baby squirrel in the woods after its mother had been killed by a cat. He brought it up on a milk diet. Now it answers to the name of Oscar.

### No Mercy, Is Federal Edict After Outlaws Slay Agents

The nation's first woman public enemy, the widow of "Baby Face" Nelson, shown here, is the target of a relentless hunt by federal agents, with no mercy to be given if she is found. Mother of two children, the 94-pound Chicago girl left them to flee with her killer mate and was with him, federal agents believe, when he died after slaying two U. S. operatives in Barrington, Ill.

### ERNEST E. WOOD NAMED AS FARM CENSUS SUPERVISOR

Ernest E. Wood of Eastland has been appointed district supervisor for the farm census office which will be established at Eastland in the near future. Announcement of the appointment came from Washington.

The Eastland office and counties from which enumerators will work will be known as District No. 8. Counties that are in the district are as follows: Callahan, Comanche, Eastland, Erath, Fisher, Hamilton, Jones, Nolan, Palo Pinto, Shackelford, Stephens, Taylor.

Approximately 48 enumerators will work out of Eastland.

### Letters For Santa Claus

Dear Santa Claus: Just a few lines to tell you what my three little brothers and I want you to bring us for Christmas. Virgil Edea wants a little racer, a gun that really fires and some firecrackers and marbles. Joe Max wants just the same thing because he and Virgil are so near the same size. Alton Lafoy is 2 1/2 years old and wants a doll and a little gun or most anything you could bring him. Now for what I want. Santa, please bring me a real nice doll with a bed or buggy, and a set of tin dishes. I hope, dear Santa, we have not asked for so many things for ourselves that you cannot visit all the other children in Ranger, but please, Santa, don't forget our cowboy suit, a fire truck, a truck with real lights and as I am going to school I want some crayolas with 16 colors and I want a gray colored one, some fruit, candy and nuts, some fireworks, and that will be all for me. My daddy has already got me a croquet set. I, the girl, want a baby doll that will cry and sleep, a groom, a little wrist watch, a little cook set and dishes, an iron, and a little suitcase for my dolly, fruit, candy and nuts. Please remember my two grannies and grandpas, also my mother and daddy. I hope you have a merry Christmas, Santa. Your little friends, Barius and La Rue Wood, Route 1, Box 39, Eastland, Texas.

Dear Santa Claus: I am a little girl six years old. I am in school in the first grade. I am asking for a mama doll with long hair, also a baby buggy and a writing board, and a little telephone, and don't forget the little orphans. My name is Delphine Staggs. I live on Blackwell boulevard, Ranger.

Dear Santa: Please bring me a dump truck and a train and lots of candy and nuts. I am four years old. With love, Bobbie Ray Gordon. Also bring my little brother, J. B., a Popeye toy man and a little gun. With lots of candy and nuts. And please, Santa, bring my little baby sister, Emma Jean, a rattle.

Dear Santa: I am a little girl nine years old. Please bring me a doll wardrobe trunk, a doll's bassinet and lots of candy and fruits. Do not forget my daddy and mother and my three brothers and by little baby sister. With lots of love, Mary Margaret Gordon, 508 South Hodges street, Ranger.

Dear Santa: I am a little boy seven years old. I am going to school and like it fine. Santa, please bring me a set of tools and a stream-lined train, lots of fruits, nuts and candy. Don't forget my little brothers and sisters, also my daddy and mother, and all other little boys and girls. With lots of love, Calvin James Gordon, 508 South Hodges street, Ranger.

Dear Santa Claus: I am a little girl six years old. I go to school at Alameda. I have been pretty good this year. Santa, will you please bring me a rubber doll 11 inches tall, a doll buggy, a raincoat, and nuts and candy. Please remember my little sisters, Colleen, five years old, and Dorothy Helen, two years old. Colleen wants a doll like mine and a buggy, nuts and candy, and Dorothy Helen wants a doll, little stove, some dishes, nuts, fruit and candy. Santa, don't forget the other little children. Your little pals, Oleta, Colleen and Dorothy Helen Gentry, Route 1, Box 138, Ranger, Texas.

Dear Santa: We are a little boy seven years old and a little girl four. We have been pretty good as want you to bring us these things: I, the boy, want a

cowboy suit, a fire truck, a truck with real lights and as I am going to school I want some crayolas with 16 colors and I want a gray colored one, some fruit, candy and nuts, some fireworks, and that will be all for me. My daddy has already got me a croquet set. I, the girl, want a baby doll that will cry and sleep, a groom, a little wrist watch, a little cook set and dishes, an iron, and a little suitcase for my dolly, fruit, candy and nuts. Please remember my two grannies and grandpas, also my mother and daddy. I hope you have a merry Christmas, Santa. Your little friends, Barius and La Rue Wood, Route 1, Box 39, Eastland, Texas.

Approximately 48 enumerators will work out of Eastland.

### Bank Offers Bonus On Its Mortgages

CLEVELAND.—An eight and one-third per cent bonus for prompt payment of month-to-month mortgages has been announced by the Society for Savings bank here. The bonus amounts to a one-half of one per cent reduction on the 6 per cent interest rate.

The discount will be applied on mortgages at the end of the term and will make possible the paying off of a mortgage in 11 years instead of the usual 12.

Dear Santa: I am a little girl six years old. I am in school in the first grade. I am asking for a mama doll with long hair, also a baby buggy and a writing board, and a little telephone, and don't forget the little orphans. My name is Delphine Staggs. I live on Blackwell boulevard, Ranger.

### Thief Butchers a Pig and Steals It

TAYLOR, Texas.—Will Malish, farmer living near Circle ville, had his eye on a fat pig in his pen which he planned to butcher as soon as the weather turned cold.

Before he could get around to it, however, a bold thief entered his pen at night, butchered the hog and carried it away.

Malish said the pen was only about a hundred yards from the house but he heard no noise during the night.

GOLD RING CAUSED BURN ROCHESTER, N. H.—Nelson N. Hart burned himself while working on his automobile. A gold ring on his finger came in contact with the starter and caused the ring to become red hot, burning two fingers severely.

STRONG PHRASE IN 1800 LAFAYETTE, Tenn.—Old records of Dixon's Creek Baptist church, founded in 1800, show that a headstrong girl of long ago was excluded for giving voice to such a vicious phrase as "Durn it."

Japan is going to raise the biggest national defense fund in its history, since the Hoge Man has been seen to take in Manchukuo as well.

The reason Europe insists on maintaining the League of Nations must be that the only fun it gets is in breaking its provisions.

Most Coughs Demand Creomulsion Don't let them get a strangle hold. Fight them quickly. Creomulsion combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

### Jurors Summoned For Service In Eastland Court

Following is the list of jurors for the fifth week of the December term of the 91st district court, summoned to appear for jury service December 17:

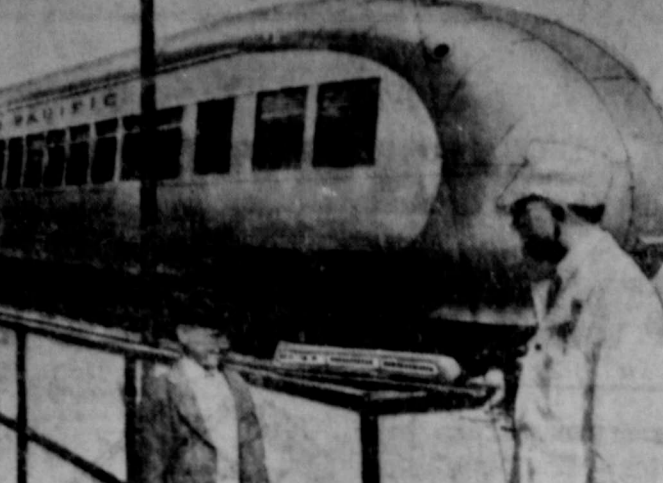

A. J. Hartung, C. I. Woodford, A. O. Hinman, F. D. Hicks, Fred Tibbels, J. J. Kelly, J. M. McEver, S. L. Kilpatrick, Lee Harris, James Higdon, Ranger; C. H. Lawrence, J. P. McCanlies, C. R. Bailey, C. H. Hogan, J. J. Honea, Cisco; Scott Nobles, Carbon; E. A. Boas, Gorman; R. B. Braley, Eastland; D. C. Allen, Nimrod, Rt. 1; E. R. McCracken, Rising Star Rt. 1; C. W. Kemper, Pioneer; Ed Allison, Gorman; A. Neill, John H. Nix, Eastland; O. T. Hubbard, Eastland Rt. 3; C. H. Meber, Joe Tow, Eastland; Virgil Holloway, Gorman, Rt. 3; W. B. Hooker, Gorman.

What is keeping the various countries from going to war is they haven't yet agreed on the terms.

Uncle Sam has sent out his annual bills for payment of war debt instalments. He might as well do so, or even Finland would forget to pay.

Russia offering her army to France against Germany is the best endorsement from the outside world Hitler has yet received.

### TRAIN-ING UNDER REAL ENGINEER!

Meeting the engineer of the Union Pacific's streamlined train was a real thrill for Raymond Matt of Chicago, who gets just as much of a thrill out of operating his Montgomery Ward model of the famous flyer, W. J. Wilson, engineer of the 112 miles per hour train, thoroughly approves of Wards authentic model and says it will teach Raymond to be a real engineer. Be sure to visit the local Ward store and see the toys on display.

### DEER HUNTERS RETURN

F. A. Nelson, J. B. Barnett and J. W. McKinney, Jr., were in Mason county over the week-end looking for deer. "Barney" said the deer must have known they were coming as none could be found.

### USE OF BUTTER INCREASED

OLYMPIA, Wash.—Use of butter has jumped 5,000,000 pounds a year since Washington levied a 15-cent tax on butter substitutes, according to Dr. Robert E. Prior, state dairy supervisor.

### Fort Worth Man Plays Violin In Spite of 92 Years

FORT WORTH.—Despite his 92 years, Charles F. Utermoehlen—known to hundreds of Fort Worth people as "The Professor"—can still hold his own when it comes to playing the violin.

Born in Oldenburg, Germany, The Professor was given a violin by his grandfather when he was only five years old. At 22 he came to New York, an accomplished violinist.

The start was at first hard, but soon he was playing in a symphony orchestra. Since then he has directed numerous organizations in schools and cities in many parts of the middle west and south. In Fort Worth he has given many musicians their first lesson on the violin.

The Professor's eyesight is so poor now that he cannot read the music. He plays only from memory, sometimes his own compositions, sometimes old favorites.

He can play on almost any kind of a musical instrument except a harp and a bassoon. He was "pretty fair" on a cornet until he lost his teeth.

Parents, a psychologist says, should tell all their family secrets to their children. So the neighbors will get the information straight the first time.

### Students at Work On Park Projects

AUSTIN.—The Texas State Parks association today had several thousand helpers. Student of history in Texas public schools were at work on state park improvements and plans for marking historical spots as a part of their history lesson.

During the past 11 years, the state parks board has obtained 72 park sites embracing 258,405 acres. The land was donated without cost to state taxpayers.

"The federal government through national park service with CCC (tree army) camps is now expending more than \$6,000,000 in improving state owned parks," Fred M. Herndon, secretary to the Texas Parks association, said.

21 IN DEATH ROW RALEIGH, N. C.—Twenty-one cells are occupied on death row at Central prison in Raleigh. It is a record.
