

FORT WORTH MAIL-TELEGRAM.

TWENTIETH YEAR.

FORT WORTH, TEXAS, MONDAY, JULY 7, 1902.

NUMBER 53.

At The Daylight Store.

To Spend Money Now is to Save It.

This is not as paradoxical as it seems—literally such chances occur only once in a firm's lifetime. On all sides we are making lower prices than the goods could be made for. Nothing is spared, and every dollar expended in this store now buys actually double the usual amount—so imperative are our needs for space, and to clear up the season ending with the month of July.

Great Wash Goods Sale.

Having more Wash Goods than we care for, we are anxious to close them out at once, while the public have the whole summer before them. Belated buyers save money this year, as the goods must go. One solid case of Lawns just opened, in dots, stripes and figured, worth 18c and 20c yard, for this sale, 10c. Another case of finest lawns of this season, best of colors, worth up to 25c, this sale 12 1/2c. Another case of Lawns—you have always paid 10c for these—sale price, 5c yard.

Buy a Linen Skirt pattern—We put on sale an assorted lot of stripes and plain Linens at a little above half their worth; the prices will be 10c, 15c, 19c, 22c, 25c, 33c and 35c a yard tomorrow.

5000 yards of Simpson's best prints, 5c yard.
3000 yards of Mill Ends, including Wash Goods of every description, from 2 to 12 yards long, and from 2c a yard up.

All best quality Tissues, 33 inches wide, sold at 25c and 35c, this sale, 19c a yard.
Best French Madras, now priced at 7 1/2c, 10c, 15c and 19c yard, exactly a third off.

19 pieces Foulards, Silk striped Mulls, and Grenadine, sold at 50c and 75c; to close the lot, 25c yard.
A Plum for Tuesday—Two hours, 8 to 10 o'clock, \$1.50 Lawn Dress, 10-yard pattern, 98c. See a window full—5000 yards to pick from.

Yard wide Wash Silks, the \$1.00 kind, but part of six pieces left; to close 39c yard.
Ah there! Don't miss me on shirts—More men's shirts—a full wagon load this time—the \$1.00 kind at 75c now. Newest cut, soft bosoms. Save 25c on each by coming here.

A Carpet and Matting Sale.

A NEW HERO

PREPARATIONS BEING MADE ON A LARGE SCALE FOR KITCHENER'S HOME COMING.

AT VERY LOW EBB

BUSINESS IS EXTREMELY DULL NOW IN LONDON.

BOER LEADERS COMING

Botha, Dewett and DeLarey Are Billed For a Tour of the United States—The King's Progress Is Satisfactory.

London, July 7.—Both the queen and the Prince of Wales will take active parts in the reception to be given to Lord Kitchener, but even the prospect of the coming of the conquering hero has not given an incentive to business which is at a very low ebb. The postponement of the coronation apparently had a distinctly bad effect on trade and no revival is expected for some time. King Edward will be crowned between August 11 and 15. His recovery has been so rapid and satisfactory that the above decision was arrived at to-

day. The pageant through the streets and the ceremony at Westminster Abbey will be much curtailed from the original plans.

In the house of commons the commissioner of works said it was not proposed to remove the coronation stands as it was hoped the stands might still be required for the purpose for which they were constructed.

It has been decided to bring into London to keep the streets clear on the occasion of Lord Kitchener's home coming next Friday or Saturday, 500 cavalry and 10,000 infantry, exclusive of the garrison in London and the troops from Windsor and at Hounslow, the whole making a total of more than 15,000 men. The colonial troops who came home from South Africa in the Bavarian will also be retained until after Lord Kitchener's arrival, and will it is understood have a place in the general's reception in which Indian and other colonial troops may participate.

The Daily Mail's Pietermaritzburg correspondent writes: "Louis Botha in the course of a conversation stated that after their visit to Europe, he, DeWet and DeLarey intended going to America, but their precise tour would have to be determined by circumstances. Their object was to collect funds for the relief of the Boers ruined in the war. "Botha is arranging for an official history of the war from the Boer side written by himself, DeWet and other leaders."

At 10 o'clock this morning the following bulletin on King Edward's condition was posted at Buckingham palace: "The king had nine hours' natural sleep and his progress continues to be uninterrupted. The wound is discharging freely and is less painful to dress. (Signed) Treves, Laking, Barlow."

ENDED ALL BY ONE WELL-DIRECTED SHOT

B. W. Pyle Takes His Own Life in Chicago Because of the Failure of the Nicaraguan Canal Scheme.

Chicago, July 7.—B. W. Pyle, owner of one-third of the city of Greytown, Nicaragua, committed suicide by shooting himself in the head in the Gerald Park sanitarium. After investing his fortune in the Central American city, living for 15 years in hopes that the United States would finally build a canal through Nicaragua, seeing another route adopted and finally becoming totally blind in his 73d year, he became depressed and ended all by one well-directed shot.

Mr. Pyle came to Chicago about a year ago from his Nicaraguan home to be treated for cataracts.

OF INTEREST TO CATHOLICS.

Archbishop Corrigan's Successor Will Not Be Named Until Fall. New York, July 7.—The congregation of the Propaganda which will have to arrange and report to the pope all the preparations for the selection of a new archbishop of New York will only hold two more sittings before tak-

ing a summer vacation, cables the Rome correspondent of the Tribune. So important a question as the successor to Archbishop Corrigan should not come before the congregation until autumn; besides all the documents are not yet here. Especially lacking are letters from American archbishops giving their views on the proposed candidates. An appointment is not expected before November.

HOLDING A COUNCIL OF WAR.

Fool Cheyenne Indians Want to Fight, If They Can't Dance. Guthrie, Ok., July 7.—Cheyenne Indians near Calumet in Canadian county are reported to be holding a council of war over an order issued by Maj. Stouch, the Indian agent, prohibiting them from practicing the dances, so-called, incident to their sun dance. The Indians are excited and the whites near Calumet are becoming frightened. Maj. Stouch has apprised the war department of the situation.

FREIGHT HANDLERS ARE OUT.

Another Big Strike Is on the Boards in Chicago. Chicago, July 7.—A strike of freight handlers has been ordered. The men paraded and held a meeting on the lake front. Between 5000 and 9000 men are out and all the railroads entering Chicago are affected.

MEETING AT MINNEAPOLIS.

The National Educational Association in Session. Minneapolis, Minn., July 7.—The convention of the National Educational association opened today. Proceedings were confined to meetings of the national council and the Indian education section.

AGGIE IS COMING TO THIS COUNTRY

He Proposes to Head First for Boston and to Go Out From There on Lecturing Tour Through the United States.

New York, July 7.—According to announcement made here, says a Boston dispatch to the World, Aginaldo is coming to the United States and his departure from Manila for San Francisco is expected, it is said, at any time. He will come direct to Boston to join his former secretary, Sixto Lopez, and will then start on a tour delivering a series of lectures on the conditions in the islands and making a plea for the independence of his countrymen.

VERY REMARKABLE CORONATION GIFT

An Old Bell, Bearing the Inscription "Prince of Wales, 1740" Dug Up From the Sea and Then Stolen in New York.

New York, July 7.—There is much excitement on board the ship Attractor moored at the Morris street dock, Jersey City, owing to the stealing of the most precious thing on board—a part of an old ship's bell, bearing the inscription "Prince of Wales, 1740," and consigned to King Edward of England. The bell, or rather the pieces of it were intrusted to the care of Captain Scott according to his story, by the British officials of Kingston, Jamaica, the captain promising to forward them to the king upon his arrival in port here. The relic with coins valued at more than \$10,000 had been recovered from the sea by native fishermen at a point near Kingston, and turned over to the British officials who, upon discovering the inscription decided to send it to King Edward as a coronation gift.

Captain Scott was about to sail and he agreed to bring the bell to New York. The relic was in two parts, having been broken by the blasting necessary to release it from the rocks. Captain Scott told the story of the bell and a few hours later it was mysteriously removed from the ship's hold.

THE ANNUAL CRUISE STARTED.

The Great Event of the Atlantic Yacht Club. New York, July 7.—The great event of the Atlantic Yacht club—the annual cruise—will start today. Commodore Robert E. Tolle's flagship, Thistle, and 30 other yachts are assembled at the rendezvous. This morning the squadron will make sail and start for Morris Cove where the fleet will anchor off the Huf Pequot.

Each yacht that crosses the line will have its time taken and the rules issued by the regatta committee say there will be racing for all classes, divided into cruising and racing class. Points will be credited to the yachts in each day's run according to the order of finish.

STRIKE SITUATION SERIOUS.

A Pennsylvania Sheriff Will Call for the Militia.

Harrisburg, Pa., July 7.—Sheriff Reiff has sworn out warrants for the arrest of ten strikers at Williamstown for rioting. He says the situation is critical and unless it improves he will call on the governor for the militia.

PARKER-LOWE

HAS IT FOR LESS.

A BIG FIGHT

THE TWELFTH CONGRESSIONAL DISTRICT CONVENTION PROMISES TO BE WARM.

DEAD LOCK LIKELY

A PROPOSITION TO MOVE OVER TO MINERAL WELLS.

THEY TALK OF TARRANT

In Case Gillespie Is Hopelessly Distanced, County Attorney Lattimore or Jim Swayne May Be Pushed Out As Dark Horses.

Weatherford, July 7.—(Special.) Indications are that a stubborn fight confronts the Twelfth congressional convention which assembled at 2 o'clock and some predict it may continue a week. Several hundred delegates and friends of the three candidates have been on the grounds since yesterday and many more are arriving today. Tarrant's delegation arrived this morning and was small.

Chairman Howard Martin of Weatherford called the convention to order and his friends are urging him for permanent officer.

Tarrant county will present James H. Maddox for sergeant-at-arms. Oscar Gillespie, Tarrant's choice, will be nominated by County Attorney Hood of Parker and seconded by Mayor Powell and Dick Wynne, both of Fort Worth.

The plans of the opposition are being kept quiet. Mr. Riddle is represented by his brother, G. W. Riddle, a national and private banker of East Texas. Johnson county believes it holds the key to the lock which will occur, and what Gillespie's friends want is a trade between the Polidexter and Riddle forces.

Talk of a dark horse in the event of a prolonged tie up was revived this morning.

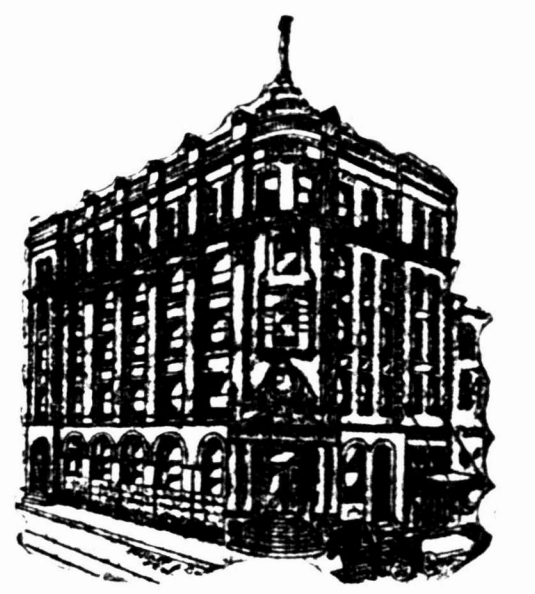

A surprise was sprung by the information that County Attorney Lattimore's name may be offered if the convention won't have Gillespie. The latter's friends, however, are not disposed to abandon him without a struggle. Lattimore, it is claimed, can break into the Erath county delegation for enough votes to nominate if he gets Tarrant and Parker.

Jim Swayne of Fort Worth is also mentioned as a compromise in the event that Lattimore and Gillespie are not acceptable, his strength to come from Comanche county.

That Parker county delegates would not commit themselves on the dark horse movement as Riddle is their second choice.

In the event of a prolonged deadlock a resolution will be offered to adjourn the convention here to meet the next day in Mineral Wells, which is outside of the district. This movement would be a legal one, as a precedent was established in New York several years ago.

SIX DEATHS

HALF A DOZEN PEOPLE KILLED BY THE HEAT IN PITTSBURG, PA., YESTERDAY.

HOTTEST DAY YET

TODAY THREATENS TO ADD TO THE SCORE.

DELUGED BY FLOODS

Belfast, N. Y., Reports a Downpour Equal to That of the Johnstown Flood—A Heavy Frost in Colorado.

Pittsburg, July 7.—Six deaths and a score of prostrations is the heat record for the past twenty-four hours and today threatens to be the hottest yet.

Buffalo, N. Y., July 7.—Message received here last evening from Belfast, below Portageville on the Rochester branch of the Pennsylvania railway says the flood there equalled the deluge in the year of the Johnstown flood. Loss of life at Belfast had been reported but the message made no mention of any casualties.

Monte Vista, Colo., July 7.—A heavy frost which formed ice has visited San Luis valley. It now seems that no more than one-fourth of an average crop will be harvested in this valley.

LATEST LONDON GOSSIP.

Coronation Rumors Are Current—Salisbury to Retire, Etc.

London, July 7.—A number of coronation rumors are current. Optimists say King Edward will be privately crowned six weeks hence.

Half a million of London's slum dwellers were King Edward's guests at dinner this afternoon. At every gathering was read the king's message expressing kindness.

It is authoritatively announced that Premier Salisbury will soon retire from public life.

The Times says it hears that Andrew Carnegie has purchased the library of the late Lord Acton.

Replying to a question of Andrew Bonar Law (conservative) whether as he could allay the anxiety of the investors in the oil field of Burmah by giving assurance that the Standard Oil company whose representatives were seeking to obtain government concessions for oil lands, would not be permitted to obtain a footing in those fields, Lord George Hamilton, the secretary of state for India, says he has ascertained that the Standard Oil company has not obtained the prospecting leases which it sought from the India government.

The London newspapers had unusually full report on the Fourth of July banquets and speeches at Pittsburg, London, Paris, Berlin and elsewhere. Several of them published editorial articles expressing keen satisfaction at the warmth and good will which the Americans expressed for Great Britain and King Edward.

King Edward has signed the appointment of Lord Salisbury's principal private secretary, Scromberg McDonnell, to succeed Lord Escher, who retires from the secretaryship of his majesty's office of works.

The Times in an editorial article on this matter says it thinks it doubtful if Lord Salisbury will try to find a new secretary and that the appointment of Mr. McDonnell cannot fail to revive the rumors of the premier's resignation after the coronation.

The Standard, commenting upon President Roosevelt's speech at Pittsburg, yesterday says it thinks it is very significant that a statesman of his position and with his future should think it wise to deliver a serious warning to powerful trusts.

The Standard this morning publishes a dispatch from its Tien Tsin correspondent, who says it is reported that Prince Tuan, who was connected

with the Boxer crimes, and who is now a fugitive, is in frequent communication with the imperial government at Peking, and that his son has been secretly appointed deputy lieutenant general of the Chinese forces at Peking.

It is understood that the cabinet has decided not to accede to the suspension of the constitution of Cape Colony, but to endeavor to compromise the conflicting interests there.

The official annual statement of British shipping, just issued, shows that more ships were built in Great Britain and were sold to foreigners in the year 1901 than in any previous year and that the total tonnage of British merchant shipping was 9,524,496 tons, or 130,000 tons above the total of 1900.

At Christie's auction rooms yesterday and in the presence of Lord Rosebery, Earl DeGrey, some of the Indian princes of London, and prominent Americans and South Africans, 31 lots of jewelry were sold in 70 minutes for £89,526. A single pear-shaped pearl weighing 209 grains realized £13,509. A necklace of 47 pearls weighing 1090 grains brought £22,200 and a rope of 222 pearls weighing 2320 grains was sold for £16,700.

The Master Cotton Spinner's Federation, at a meeting in Manchester, discussed the state of the British cotton trade, which was reported to be in a worse condition than for 40 years past.

A FAVORITE VIOLIN TO BE RECOVERED

Prof. Jean Joseph Bott Died of a Broken Heart Because of the Loss of His Treasured Instrument.

New York, July 7.—Jean Joseph Bott's \$5000 Stradavarius violin, which was stolen eight years ago, and for the alleged larceny of which Victor S. Fletcher was sentenced to a year in the penitentiary, will be recovered in Recorder Goddard's court today. A subpoena has been issued for Mrs. Bott and it is the intention of the attorney to return the violin to her. Bott is dead—killed, it is said, by the loss of his favorite instrument.

Fletcher has been granted a new trial and the indictment against him probably will be dismissed. The violin was traced to a pawnshop where it was left on the day it was stolen from Prof. Bott.

EDWARD BELL DEAD.

A Former New York Park Commissioner Is No More.

New York, July 7.—Former Park Commissioner Edward Bell died early this morning from typhoid fever. He had been ill three weeks.

Mr. Bell, although only 43 years old, took an important part in the life of the city. His father, Isaac Bell, was commissioner of charities and correction. Edward Bell served as a member of the board of education and as a park commissioner. He was a member of the stock exchange until recently, in partnership with Louis V. Bell, his brother. Both retired and sold their exchange seats recently and decided to rest.

HE TOOK HIS OWN LIFE.

A Lawyer at Pueblo, Colo., Crosses the Great Divide.

Pueblo, Colo., July 7.—John Joseph Daly, a prominent lawyer committed suicide by taking morphine in a lodging house on South Union avenue. No cause for the act is known. Among his effects were many letters showing he had a lucrative practice in Texas, New Mexico, Illinois and the Northwest.

LITTLE HOPE OF RECOVERY.

Dr. Charles Kendall Adams Seriously Ill in California.

Redlands, Cal., July 7.—Dr. Charles Kendall Adams, former president of the University of Wisconsin, at Madison, is so seriously ill at his home here that there is little hope of his recovery. He is suffering from kidney trouble.

Foley's Kidney Cure makes kidneys and bladder right.

LARGEST DISTRICT IN THE WORLD

CONGRESSMAN FROM SIXTEENTH NOMINATED TOMORROW.

Convention Opens in Mineral Wells at Noon—Three Candidates and a Fight in Sight.

Mineral Wells, Texas, July 7.—(Special.)—The Democratic nominating convention for the Sixteenth, better known as the El Paso district, will convene here at noon tomorrow and the three candidates, W. R. Smith of Colorado; Dan Jones of Anson, and John M. Dean of El Paso are expected to fight with their forces.

A lively fight is anticipated. Smith's supporters claim he has fifty-three votes, more than enough to nominate, while those for Dean say a portion of Smith's claimed vote is in contest. Jones has eight votes which are conceded to Dean after the first ballot, making the latter's total thirty, fourteen short of nomination. The El Paso man has hopes of securing the vote of several unorganized western counties held by proxy.

The sixteenth is the largest congressional district in the world. It extends from the Parker county line to El Paso, 577 miles west and embraces fifty-five counties. Some of the delegates will be compelled to travel more than 100 miles overland before reaching a railroad, from the southern part of the district it requires a 1000 mile trip by rail to reach the convention point.

Only one day's session is predicted.

AMATEUR PRESS ASSOCIATION.

List of Officers Elected at Second Day's Session.

New York, July 5.—At the second day's session of the Amateur Press association convention, officers were elected as follows:

President, Anthony E. Wills, of New first vice-president, Forest Gilroy, of Pennsylvania; second vice-president, Miss E. M. Johnston, of Massachusetts; recording secretary, Frank A. Kendall, of Wisconsin; corresponding secretary, Frank J. Kearns, of Massachusetts; official editor, Geo. A. Alderman, of South Carolina; historian, Nelson G. Morton, of Massachusetts; treasurer, Franklin G. Wedge, of Connecticut; executive judges, John T. Nixon, of Louisiana; Miss Nellie B. Woodsell, of Virginia, and Charles R. Burger of Colorado.

THE CHOLERA IS SPREADING.

A Dreadful Rate of Mortality Shown in Manchuria.

Berlin, July 7.—It is announced in a dispatch from Port Arthur that cholera is spreading in Manchuria and the mortality rate is very great. Out of 396 cases at Inkau 334 were fatal.

Report of Failure Denied.

Paris, July 5.—A director of the Belgian bank, referred to by the Daily Chronicle of London as having failed for \$10,000,000 as the result of advances made to the Humberts, who are now fugitives from justice on account of their alleged swindling operations, denies the reports of the failure and says the bank was not connected with the Humbert loans.

LEAGUE NOW HAS FOUR CLUBS.

Paris Retained and Waco and Texarkana Dropped—New Schedule.

The meeting of the members of the Texas Base Ball League, scheduled for today, was held this afternoon and the league reduced to four clubs.

Other matters were considered and a new playing schedule is to be made, as a matter of course, but the most important action was the dropping of the Waco and Texarkana clubs.

For reasons of economy it was the desire of some of the members that Waco be retained, for the league would be more compact with Waco, Corsicana, Dallas and Fort Worth in than in any other way it could be arranged.

The league could have gone on the way it was but that money making might be assured it was deemed best that but four clubs should continue the season to the end.

When the vote was had Paris had

four votes and Waco one and so Paris remained in. Those present were President Ward, Upton Blair of Corsicana, Teddy Sullivan of Fort Worth, Lee Dawkins of Dallas, and Chris Eisenfelder of Paris. Waco was not represented.

A BROADWAY STABLE BURNED.

A Prairie Fire on a Small Scale This Afternoon.

The alarm turned in at 2:20 o'clock this afternoon was caused by the burning of the stable of W. R. Bell on Broadway near Galveston avenue. A negro was burning the grass from the yard next door when the fire got away from him and spread to the stable which was destroyed. It was not a large building and the loss was small.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Company.

WANTS RUNAWAY GIRL LOCATED

Chief Winfrey, of Dallas Asks Chief Rea to Apprehend Young Miss and Notify Him.

Chief Winfrey of Dallas phoned over to Chief Rea last night to have his men locate if possible a young girl wanted there and thought to be in Fort Worth. No explanation is given as to why she is wanted, but the supposition is that her relatives are anxious to apprehend her. The notice posted in police headquarters reads as follows:

"Look out for Viola Luther, supposed to have come here from Dallas last night. She is 15 years old, rather large for her age; dressed in black skirt, white waist, with ribbon at throat. May be found in company with Hannah Rouse, a relative, and is supposed to be working at a hotel or restaurant as waitress. Notify chief of police at Dallas."

ELECTRIC WIRES MADE SAFE.

Extra Men Are at Work for Both of the Light and Power Companies.

Rapid progress is being made in the work of making the electric wiring of the city safe as the citizens are entitled to have it and to so fully comply with the requirements of the insurance companies that even they will no longer have cause for complaint. Charles Lord has gone at the duties of his new office with an energy and intelligent understanding which works wonders. One of the worst places in the city, with a great tangle of live and dead wires, some in use, others out of use for months, even for years, is the alley back of the east side of Main street between Fourth and Sixth streets. Much has already been done to remedy the evils there and a force of workmen is at work again today correcting the evils which yet exist.

Mr. Lord has notified all dealers in electrical supplies that they must not keep for sale or offer for sale any but standard goods, that is such goods as comply with the national code.

Another requirement is that for any electric repairs, no matter how trivial, he is to be notified and if after inspection the job is not up to requirements the changes will have to be made until the ordinance requirements are fulfilled. He found the dealers were willing to co-operate with him in all things and they readily promised compliance with the regulations and a hearty co-operation in making the city a safely wired city.

Both the Fort Worth and the Citizens' Light and Power companies have extra linemen at work today and with all reasonable rapidity they are correcting the faults which have been pointed out as objectionable by the insurance companies.

DEEDS SECURED FOR INTERURBAN

J. T. Voss of Fort Worth Working for the Waxahachie-Ennis Electric Line.

J. T. Voss of Fort Worth, right-of-way purchasing agent for the Central Texas Traction company, has been in Waxahachie for the past week procuring deeds for the proposed interurban line between that place and Ennis. Two routes have been surveyed, one of which parallels the Houston and Texas Central.

One of the provisions of the deeds is that cars shall be running by January 1, 1904, but Mr. Voss thinks the line can be put in operation some time next year. The track is to be of 70-pound steel and the running time between the two points 25 minutes.

CAPT. TERRELL REMINISCENT.

Was One of Committee to Examine Hon. S. T. Lanham.

Capt. Joe Terrell, one of the delegates to the congressional convention at Weatherford, while waiting for his train at the Texas and Pacific station yesterday morning, had his thoughts turned, naturally, to Congressman Lanham, to whose home town he was going.

After some general talk about his friend Congressman Lanham, Capt. Terrell said:

"I was on the committee which examined Sam Lanham when he was admitted to the bar. That was 36 years ago this coming fall and at the first term of court held in Weatherford after the war when military occupancy gave way to civil rule.

"On the committee with me were H. D. Hendricks, the father of the Hendricks boys of our city and, Joe Carroll, afterwards judge of the Denton district court.

"Sam and I were always good friends.

and when I was last in Washington he, knowing the admiration I had for then Speaker Reed, took me to the speaker's room where I had a pleasant five or ten minutes' chat with Mr. Reed. With the power he then had, or assumed, I hold he was the greatest man in political life in the country and told him so."

Others then came up to speak to the captain and the topic was changed.

Don't Fail To Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. THE WORLD OF SPORT

BASE BALL GAMES YESTERDAY.

A Big Crowd Saw Some Fine Playing—Even Break.

A crowd of about 1500 people saw the ball game yesterday between Fort Worth and Dallas. It was a dog fall, each club taking one game. Barring a couple of innings the first game was well played, though had Doyle been given the support the club is capable of giving the first game should have been a victory for the home club.

The second game was an easy victory for the boys always take kindly to Sparger's drop balls.

The runs by innings:

Fort Worth 0 0 0 4 0 0 0 0 0 4
Dallas 0 0 4 0 0 0 0 1 0 5

Batteries—Doyle and O'Donnell; Hamilton and Berry.

Second game—

Fort Worth 0 0 0 2 3 1 0 1 1—8
Dallas 0 0 1 1 0 0 0 3 0—5

Batteries—McKay and O'Donnell; Sparger and Berry.

Fort Worth won the Saturday game by an 8 to 2 score.

TO EXAMINE MAJOR ELLIOTT.

Questions Will Be Applied by Colonel George T. West.

Maj. C. O. Elliott, recently promoted from the rank of captain in the Second Infantry of the Texas volunteer guards, has been advised by Adj. Gen. Scurry that he will be examined in Fort Worth some time this week or next. The questions embracing company and battalion movements and the general command of men will be applied by Col. George T. West.

Gen. Scurry will soon issue orders for mobilization of several companies of infantry in Fort Worth en route to the annual camp of instruction at Austin, and place the trains under command of Maj. Elliott. Those going from here will be the companies of Gainesville, Quanah, Abilene and Fort Worth.

FAVORS UNIFORM PRIMARIES.

Grayson County Man Will Advocate Movement at Galveston.

Cecil Smith, an attorney of Sherman, was here this morning on his way to the Indian Territory. He is a delegate to the Democratic state convention in Galveston next week.

Mr. Smith is an advocate of uniform primaries, a matter which will probably cause discussion and be adopted as a plank. He, with others in Texas, is in favor of the movement even if it requires a statute to put it in effect.

On July 8 and 9 examinations will be held in Fort Worth for the positions of computer in the coast and geodetic survey, salary \$1000; for inspector in the immigration service, to act as interpreter in the Finnish and Scandinavian languages, salary \$1000; and for inspector of hulls in the steamboat inspection service, salary \$1200.

STATE MEETING OF CONFEDERATE VETS

CLAIMED IT WILL BE OF THE GREATEST IMPORTANCE.

Delegates Named By R. E. Lee Camp—Rounding up Unauthorized Solicitors—Locating Confederate Graves, Etc.

The delegates who will represent R. E. Lee camp, United Confederate veterans, at the state session to be held at Dallas on July 30 and 31, were named at yesterday's meeting of the camp. A week ago a committee was appointed to make a selection of such members as could go. Thirty-five votes is the number the camp is entitled to, hence 35 delegates were selected, with 35 alternates, it being decided to send all as delegates proper, empowered to cast the 35 votes of the camp. The adjutant was further instructed to enroll any and all members who may be in attendance at the state meeting from this camp that they might take active part in properly representing the camp, and each be entitled to such part of the 35 votes as their number compared with the 35. For instance, if there were 70 delegates, each delegate would be entitled to one-half vote; if 35 delegates, each would be entitled to one vote, or if there were only ten delegates, each man would be entitled to 3 1/2 votes. Those named were:

Maj. Gen. K. M. VanZandt, Col. S. P. Greene, Col. George Jackson, Col. C. C. Cummings, Col. Duke Goodman, Maj. E. M. Daggett, Maj. J. B. Littlejohn, Maj. S. J. Darcey, Maj. J. W. Adams, Maj. J. C. Richardson, Commander E. W. Taylor, First Lieutenant J. C. Terrell, Second Lieutenant M. Pankey, Adjutant W. M. McConnell, Adjutant M. D. McNeely, Adjutant J. B. Morris, Comrade C. C. Wilson, Col. Abe Harris, Gen. R. M. Wynne, Chaplain W. E. Sellers, Sergeant J. T. Castleberry, Comrades M. B. Loyd, H. C. Edrington, W. J. Boaz, W. H. Letchworth, T. S. Able, H. L. Abston, E. P. Lingenfelter, W. F. Mooney, T. J. Brim, J. J. Melton, John M. Adams, L. C. Vaughn, B. B. Paddock, R. E. Beckham, J. H. Murphy, H. S. P. Ashby, H. C. Cantrell, George L. Harris, T. C. Carson, L. H. Attwell, O. Pampey, E. W. Yates, J. R. Johnston, Tom Bratton, T. H. Ratham, W. K. Logan, W. F. Marberry, W. L. Norwood, L. A. Trimble, J. A. Martin, T. J. Maben, Sam Evans, M. G. Ellis, H. B. McGar, W. T. Shaw, William Barr, H. T. Music, Henry Cooper, E. W. Tarkington, James J. Wright, R. K. Keith, J. C. Scott, J. H. Dunlavy, J. J. Rogers, A. C. McClung, A. G. Schafer, A. P. Luckett, U. S. Lane, J. H. McDonough, Wm. Feris, Hugh Morrow, C. McDougal, W. E. Lyle, A. S. Harris, R. Matkin, J. T. Pulliam, J. W. Key, Dr. Frank Rainey, W. A. Maddox, J. E. Gillespie, James Young, Tom E. Cross, J. E. Smith, G. R. Groves.

Judge S. P. Greene, adjutant general on the staff of Maj. Gen. VanZandt, urged a large attendance at the reunion, saying every camp in the state would be, or should be, well represented, from the fact that matters of the most vital importance would come up for consideration, in fact, it would be the most important meeting ever held by the state association from many points of view, among which would be the submission of and action on the report of the committee appointed by Maj. Gen. VanZandt to investigate the alleged irregularities connected with the conduct of the state Confederate institution at Austin.

Commander Taylor added his personal solicitation to the comrades to go to the meeting. He said this matter was an especially serious one, and no one should remain away that could possibly go.

At the meeting yesterday Commander E. W. Taylor presided, with Adjutants McConnell, McNeely and Morris at their posts. Chaplain Sellers opened and closed the meeting with prayer. The application of John J. Howard was received and filed with the investigating committee for a report next Sunday.

Three honorary members were enrolled—Mrs. Motley, Mrs. Yeager and Miss Bettie Motley.

The chairman of the mortuary and decoration committee reported that he had located the graves of all deceased comrades reported to him except about 15. There were read, and the members of the camp urged to assist in properly locating the graves and in

HABITUAL MISCARRIAGE

(The Bane of Weakly Wives)

Is often the result of some uterine disease, but may cause still other womb derangements and bring on many ills and miseries. It deprives the woman of personal health as well as of her rightful heritage—the blessings of maternity. This serious condition can be overcome and prevented by the judicious use of G. F. P., which will heal and tone the parts concerned in maternity so that they will properly perform their intended functions.

"I was subject to habitual miscarriage and its attendant flooding and danger to life and health. I took two bottles of G. F. P., and now have a fine, healthy baby boy."—Mrs. Emma Shorter, Prospect, Tenn.

"Four bottles of G. F. P. cured my wife and now we have a fine baby boy."—Orville Rice, Garfield, Mo.

"I can recommend G. F. P. in the highest terms, for I am now the mother of a fine fifteen pound boy, my health is improved and I am much stronger."—Mrs. Annie Hill, Prairie Point, Miss.

G. F. P.—Gerstle's Female Panacea, cures irregular, scanty, too profuse and painful monthly periods, uterine and ovarian irritations; leucorrhoea, inflammation and falling of the womb; whites and all unnatural discharges; frigidity, barrenness and all impediments to maternity; also all associated ailments of the private organs of women. At all stages of menstrual life, from budding womanhood until after the changes that end special womanly functions, it is the best friend of and remedy for womankind. Its use strengthens all womanly organs, regulates and renders natural all sexual functions. It is sold at drug stores for \$1.00 a bottle. Buy it, try it, and you will find these statements are true, for it is reliable and will not disappoint.

All ladies who are not perfectly right and well in a womanly way should write to the Ladies' Health Club, care of L. Gerstle & Co., Chattanooga, Tenn., for free medical advice and instruction.

ascertaining positively whether or not they had served in the Confederate army.

Quite a lengthy discussion arose over J. H. Murphy's resolution denouncing any and all who had solicited aid in the name of the camp, and fixing a penalty for all future solicitors by publicly reprimanding them and "drumming them out of the camp." Six or eight comrades indulged in the discussion, all favoring determined action, but favoring a modification of the Murphy resolution, and it was finally referred to a committee of three with Comrade Murphy as chairman, and Messrs. Greene and Terrell, to revise the resolution and report at next Sunday's meeting.

All persons holding tickets given out for sale to the Old Fiddlers' contest, or holding funds for tickets not reported, were urged to return same to Adjutants McConnell and Morris today or tomorrow, that a final settlement might be made.

Judge Anson Rainey of Dallas was a visitor to the camp, and was introduced by Commander Taylor. He made a few appropriate remarks, following which the camp adjourned.

BAD DIGESTION

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This state of health is like an open gateway to disease because germs that may be in the air we breathe at once seize such an opportunity to attack the vital organs. They slowly undermine the strength and energy, and a collapse comes—usually at a time when a strong healthy body is most needed.

PRICKLY ASH BITTERS

Is a fine regulating tonic which filters through the body, casting out injurious matter, stimulating the digestion and nourishing and strengthening every weakened part. It also purifies the blood, sharpens the appetite and creates energy. In this way it restores the system to perfect order.

For irregular bowel movements, chronic constipation, flatulence, belching, foul breath, and other troubles due to indigestion or obstruction in the bowels, Prickly Ash Bitters is a speedy cure.

Elsewhere in this issue will be found the announcement of the University of Texas for the session of 1902-1903. This institution is becoming a growing power in the educational field of the country. It has more than 1200

alumni, many of whom occupy high places of public trust and honor. Its graduates are members of the faculties of the University of Utah, Western Reserve university, Bryn Mawr college, the University of Chicago, Cornell university, Yale university and Harvard university. In every department of the public and civic life of the state, will be found the influence of this institution exerted by men and women who have studied in its halls.

The University of Texas catalogue is a volume of 342 pages, full of information concerning the work and equipment of the state's great educational enterprise. With a system extending through the intermediate, grammar and high schools, with the university as the crowning step, Texas has an educational edifice in line with the best thought of the times and of which any state might feel proud.

Among the 162 graduates from the University of Texas this year was a young man who made his way through the institution as a barber. In the afternoon, during the early morning and at night, he worked at his trade to earn money for his expenses and between these periods he snatched enough time for preparing his lessons and for recitations. Despite this drawback, his record for scholarship and efficient work was so pronounced that during his senior year a fellowship was awarded to him, carrying salary enough to defray his college expenses.

REPULSIVE FEATURES.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied.

THE BEST LINIMENT FOR STRAINS.

Mr. F. H. Wells, the merchant, at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. NO FALSE CLAIMS.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases.

Grand Clearance Sale

Trunks, Bags and Cases.

We have just received word from headquarters that our new factory will be completed in August, we will then have the most modern Trunk Factory in the United States. We will in August remodel our salesroom, 711 Main street; this will necessitate shifting and handling hundreds of trunks, traveling bags and cases; we wish to facilitate this task; in order to do this we must have room, therefore we have inaugurated a "Grand Clearance Sale," which means that we will sell strictly at manufacturers' cost for the next twenty days, which will afford you the opportunity of buying a trunk, traveling bag, suit case, telescope case, toilet case and anything in the line of traveling goods at strictly manufacturers' cost. If you contemplate a trip it will pay you to buy for future use. We will as in the past uphold the standard of our goods, the only thing cut is the price, which will save you from 25 to 50 per cent.

THE COUNTY COURT ADJOURNS FOR TERM

OVER 450 CRIMINAL CASES NOW ON THE DOCKETS.

Van Hearing Again Postponed—W. I. Maples Gets a New Hearing—Marriage Licenses and Real Estate Transfers.

Quite a little surprise was sprung on the county attorney's office this morning in the county court, and the surprise won out, hands down. As a result the July term of the county court, both criminal and civil, goes over until next September, leaving about 450 criminal cases on the docket. It was especially desired by the county attorney, and those members of the bar who had clients in jail, to have the criminal docket tried this term. It was also specially desired by others, and evidently a majority, to have the docket set aside for the heated term. Jurors and witnesses from the county were not a little put out by the action, too, for they claim that had the business which they were interested in been carried out this term it would have been more acceptable to them in that there is but little for them to do at home now, whereas it will be different during the fall, and to be forced to attend at that special time of year will work a hardship. Some of the jurors were outspoken on this proposition, and one made a talk on that line to the court and bar.

This was the day set for calling the criminal docket. Many of the lawyers wanted to go to Weatherford as delegates to the congressional convention, and it was suggested to excuse all attorneys engaged in criminal cases for this week, and who were delegates to Weatherford, and set their cases for the third week. An amendment to the suggestion was tacked on, as much, it is thought, in spirit of jest as otherwise, that the entire docket go over. This was put in the form of a motion and carried two to one.

Judge Harris then went them one better, and announced that the county court (including civil and criminal business) stood adjourned until the September term. He further announced that he would convene tomorrow morning, at which time he would call the civil docket for judgments by default.

It is claimed in the county attorney's office that at least 200 of the criminal cases on the docket will have to be dismissed next September on account of witnesses having skipped out.

Judge Harris will go over to Weatherford tomorrow.

King Sanford, a negro, pleaded guilty to theft, and was fined \$10 and costs and sentenced to ten days in jail.

Want License to Practice.

Two young disciples of Blackstone have filed applications for licenses to practice law in the courts here. They are E. M. Peters and W. R. Bruce. Committees from the Fort Worth bar were appointed to catechise the young men on law points, and will do so this week. The committees are: For Peters—C. R. Bowlin, R. W. Flournoy, W. P. McLean, Sr., C. C. Cummings and W. E. Williams. For Bruce—Messrs. Williams and Baskin.

Argument Again Postponed.

Because of the filing of certain affidavits by the state, and the failure of Judge Hurt of Dallas to arrive, the argument for a motion for a new trial in the Jeff Van murder case was postponed until next Thursday. The case was to have been argued last Saturday afternoon, and all parties concerned save Judge Hurt, engaged by the defense, were present.

Maples Case to Be Tried Over.

Judge Smith heard argument early last week in the motion for a new trial for W. I. Maples, convicted of robbery by force of firearms and given five years. The court took the matter under advisement and late Saturday afternoon made an order granting a new trial.

Funeral This Afternoon.
The funeral of Mrs. N. A. Phalen, who died at 1 p. m. yesterday, was conducted from the family residence, 601 East Second street, at 4 o'clock this afternoon. From the family residence the corpse was carried to the Taylor Street Temple, where brief services were held, and the interment followed at the new cemetery.

Sympathy for England.

In the recent disaster at St. Vincent the United States was among the first to extend sympathy to England and also to offer assistance to the fortunate survivors. Giving sympathy is a very appropriate way of showing our feelings for those in distress, but the person who is unable to eat or sleep on account of a weak or disordered stomach needs more than sympathy. He wants a medicine that will cure him. Then Hostetter's Stomach Bitters is needed, because it positively cures loss of appetite, belching, flatulency, indigestion, dyspepsia, insomnia or nervousness. Every sufferer should therefore try a bottle of it at once. Good health is sure to follow. Don't accept a substitute. The genuine has our Private Stamp over the neck of the bottle.

MANY WENT TO WEATHERFORD.

An Influential Delegation of Prominent Men Left Today.

When the Texas and Pacific west-bound pulled out this morning it carried a large and strong delegation of the friends of Oscar Gillespie to do battle in his cause at the congressional convention which met in that city this morning.

Among the more prominent men of experience in convention work were Mayor Powell, Col. Wynne, O. S. Latimore, Hyde Jennings, Col. E. W. Taylor, R. H. Buck, Capt. J. C. Terrell, Judge Mike Smith and W. R. Booth. They recognized that they have a fight on their hands but they are going into that fight to win and will do all that honorable men can do to secure the nomination for Mr. Gillespie.

NEWS OF INTEREST TO THE PYTHIANS

A Visit to Aubrey—Suggestion for Uniform Rank Encampment in Fort Worth.

This evening a party of Knights of Pythias will leave Fort Worth to go to Aubrey to help the members of the lodge there in some rank work.

Those who expect to go are Jno. W. Adams, T. T. McDonald, Geo. B. Johnson, Robert Cook and S. N. Lloyd. They will be joined by others at Pilot and perhaps other towns on the line.

The influence of the drouth has been so depressing that there is a growing disposition on the part of the Knights of Pythias of this part of the state to abandon the trip to San Francisco, the occasion being the biennial meeting of the Supreme Lodge and encampment of the Uniform Rank of the order.

It is certain that the uniform rank will not attend generally and this has led to the suggestion, locally, that the brigade staff and the local company devote all of their energies to the encouragement of the plan to hold an encampment of uniform rank companies of the state at Fort Worth next April when the grand lodge of the order will meet in this city. The rank has a loyal friend in the present grand chancellor, Jno. T. Bonner of Tyler and he will do all he can to aid the project. The ball park can be secured for the encampment and drill grounds and the Northern Texas Traction company can be relied upon for all legitimate aid in car service, etc.

Information from the passenger department of the Southern Pacific say they are advised they must be prepared to handle 12,000 uniform rank men and 75,000 other Pythians and Rathbone sisters for that number are expected to crop the continent. The biennial meeting of the Rathbone sisters will be held at the same time, the middle of August.

Notice to Water Consumers.

On account of the critical drouth, please be as careful as possible in use of water. No sprinkling of lawns will be permitted except between the hours of 5 and 9 p. m., whether used through meter or by flat rate.

To consumers in the Seventh and Eighth wards. The pressure from the stand pipe is cut off until an increased supply of water is obtained. Direct pressure is now used. Parties on the high points will get good pressure, from the new plant between the hours of 6 and 9 p. m. and 5 and 7 a. m.

Very respectfully,
A. W. SCOBLE, Superintendent.

ECZEMA

is due to the retention in the system of Uric Acid or other inflammatory poisons which find their way into the blood, and are forced by the circulation through the glands and pores of the skin, causing it to burn like fire, and the incessant itching allows no rest night or day. Eczema appears in a great many different forms, beginning frequently as a mere redness of the skin, followed by little blisters or pimples, from which a clear or straw colored matter oozes, forming into sores, scales or scabs—this is weeping Eczema, commonly called Salt Rheum. These acid poisons sometimes dry up the natural oils and the skin becomes hard and dry, often cracking and bleeding and causing intense pain and fearful itching. This form of Eczema is known as Tetter, and oftenest attacks the hands and feet. Unsightly eruptions in the shape of pimples and blackheads break out upon the face, neck and shoulders as a result of polluted blood, and this humiliating disease is called Acne. Local remedies afford but scant relief. The blood and system being saturated with the poison, the disease cannot be reached with washes, salves, powders or other local applications. S. S. S. restores the deteriorated blood to its normal condition, stimulates the sluggish organs, and all the waste matter is eliminated through the proper channels. S. S. S. makes the blood rich and strong, and under its tonic and invigorating effects the general health improves, and the skin becomes soft and smooth again.

RAILROAD NEWS.

Putting in a French Drain.

A French drain is being put in on the south side of the Texas and Pacific freight house. It is designed to prevent the seepage of water into the basement of the freight house where the yard office is.

It is a style of drain much used in France, hence the name. A trench about three feet deep is dug and at the bottom of this pieces of flat rock are set in "V" shape. Loose flat rock is then laid in, filling the trench about two or two and a half feet. The top is covered with earth.

In practice, it is claimed, the water is caught by this drain and carried off to the sewers.

The last rain rendered the yard office untenable; water seeped in until the floor was covered several inches deep and the drain is designed to prevent a recurrence of a similar trouble.

RESSEGUE IS OUT OF A JOB.

General Manager Mudge Asked for His Resignation.

Topeka dispatches announce the enforced resignation of C. F. Ressegue, as general superintendent of the Santa Fe system, which was demanded by General Manager Mudge. No statement is made by Mr. Ressegue save that he is out of a job and is looking for another. Mr. Mudge says the reason for Mr. Ressegue's removal does not concern the public.

Before going to Topeka in connection with the Santa Fe system Mr. Ressegue was general superintendent of the Gulf, Colorado and Santa Fe with headquarters in Galveston.

Under the Turquoise Sky.

The annual advertisement of the Colorado resorts issued by the passenger department of the Rock Island, this year takes the form of a gem of the printers art with the name of "Under the Turquoise Sky." The covers are as pretty and fine examples of colorotype work as can be found on any similar publications.

The booklet claims it is "To suggest—not exhaust."
"To stimulate—not satisfy."
"To inform a little."
"And be tiresome—not at all."

Its 59 pages are filled with a good illustrated description of the places to be "seen" and enjoyed for health's sake in Colorado.

Another booklet which goes with it is sufficiently described by its name, "Camping in Colorado."

Revenue Stamps Are Not Necessary.

With the removal of the war tax on July 1, the affixing of revenue stamps to bills of lading came to an end, and will be the means of a great saving in the course of a year. There was much worry connected with the handling of the stamps as their omission offered opportunity for prosecution.

EIGHTH WARDERS MAY GET SCHOOL

Time Limit for Veto Expires This Evening—None Yet Filed—Mayor Away—Now For the Money.

Mayor Powell went to Weatherford this morning as a delegate to the congressional convention without filing a veto. He was asked if he intended to do so, but parried the query with the remark, "I have not done so and I am on my way to the congressional convention now."

The charter limit for such action expires at 8 o'clock this evening and the indications are that the action of the city council will stand and the Eighth ward people get the new school building for which they have long been asking.

Some disquiet has been excited because of the statement of Alderman Orrick that he was confident in his belief that the mayor would veto the resolutions if adopted. This disquiet has been increased by publications reiterating that an alleged intention existed to file such a veto.

Unless the mayor sends back a veto, which is improbable, the city council's action authorizing the purchase of lots for an extension of the Eighth ward school grounds and the building thereon of a school house adapted to the needs of the ward's school children will stand and then the next question will be to find the money for the two purposes named.

The lots the city now owns for school purposes in that ward can be sold in the opinion of competent judges for about the cost of the additional lots needed. That further reduces the problem to raising money with which to build the school house.

No bonds can be issued for the city is away over the charter limit in this respect and yet there is ground for hope that the difficulty may be solved.

BROTHER FAILED TO MEET HER.

A Little Girl Is Cared for by the Police.

Last evening a little 9-year-old girl came to Fort Worth from Jacksonville, Tex., to meet her brother-in-law, Charles Eastman. He failed to meet her at the appointed time and the police took charge of the child and had her cared for at Hotel Richelieu where she still is. She gave the name of Blanch Johnson.

BRIEF CITY NEWS.

Nash Hardware Co.

Weather forecast: Tonight and Tuesday, partly cloudy weather, with but little change in temperature.

The regular monthly business meeting of St. Paul's Epworth league will be held at the residence of the pastor, 815 W. Fifth street, Tuesday evening at 8 o'clock.

For the purpose of raising funds for the free Kindergarten institution in this city, the ladies having the institution in charge have arranged to have a promenade concert at Grunewald park on the evening of July 10, the hours being from 8 to 11 o'clock.

Revival services have been inaugurated at the Cannon avenue Cumberland Presbyterian church. Rev. W. L. Livingston will preach for a few days. The services were interesting yesterday, and this morning he talked to a good sized audience on the Standard of Christian Living. Tonight he will speak of "The Father's Love" from the text of the "Prodigal Son."

The Glenwood revival, which has been conducted by Rev. George R. Cairns, has ended. The last services were held yesterday and were so well attended that the crowd overflowed from the tent to the surrounding lawn. About 50 have professed faith in Jesus. Over 1000 persons gave Mr. Cairns the right hand of fellowship in bidding him good bye. He left for Seattle last night. Baptising at Tyler's lake next Sunday.

SCIENTIFIC FEEDING

And Exercise Solves the Problem. Dr. H. L. Warner, in a recent issue of the New York World says:—

"Only a small percentage of the American people have perfect digestion and assimilation of food and the elimination of the waste matters of the body. In the matter of food and exercise, the whole problem of health is contained. By making these right, we can create perfect health.

Digestive disturbances are due either to improper food or too much or too little proper food. With proper food taken in reasonable amounts, the imperfect actions of the various processes are corrected.

This is not a fad but a fact established by the researches of pathologists and bacteriologists. The action of foods on the digestive and assimilative organs is known exactly. The result to the blood and through it to the whole system is certain and definite."

The most highly nutritive food now manufactured is Grape-Nuts. It is made from certain parts of the grain and put through a mechanical process whereby the starches are changed to grape sugar and the phosphates of the cereals retained and thus supply the necessary nourishment and vitality to the body, brain and nerve centers.

In its predigested form, Grape-Nuts does not overtax the stomach, but renders sufficient assistance to the digestive organs to permit of the easy assimilation of other food.

Thoroughly cooked at the factory by food experts, brings Grape-Nuts from the grocer to you ready to serve with the addition of cream, and its crisp taste with the delicate sweet of the grape sugar, makes it pleasing to the palate of the most critical epicure.

These are scientific facts which can be proven by anyone and a trial of ten days or two weeks will show what you can do on scientific feeding.

The recipe book in the package shows many delightful ways of serving the food.

Notice to Taxpayers.

The City Assessor's books are now ready and the Board of Equalization will convene on Monday, June 23d, in the City Assessor's office in the City Hall and continue in session every day thereafter, excepting Sunday, from 10 to 12 o'clock in the forenoon and from 2 to 4 o'clock in the afternoon.

All owners of real estate are requested to bring descriptions of their property with them when coming to inquire values.

It is very important that all owners of real estate should appear before the Board of Equalization as a great many changes in values have been made since last year. Many improvements have been made since Jan. 1st, last, that may possibly appear on the tax rolls for this year and all mistakes of this or any other character will be corrected by the Board of Equalization on application of the owners.

Be sure and bring descriptions of your real estate with you.

G. H. DAY, City Tax Assessor and Collector.

ORDINANCE NO. 844.

An Ordinance to require railroad companies to light all crossings at the intersection of their tracks with any of the streets of the city.

Be it ordained by the City Council of the City of Fort Worth:

Section 1. That each and every railroad company, whose track or tracks cross any street or streets of the City of Fort Worth, is hereby required to keep each such crossing well lighted at all times from dusk to daylight so that the traveled way, and the limit therefor, and all obstructions thereon and all inequalities in the surface thereof shall be at all times plainly visible, and, for that purpose, each such railroad company is required to provide, maintain and keep lighted, from dusk till daylight, gas or electric lights of not less than 1,200 candle power, for each separate track, at each street crossing.

Section 2. Any railroad company, which shall fail or neglect to comply with any of the provisions of the preceding section of this ordinance, shall, upon conviction, be fined not less than ten dollars and not more than one hundred dollars, for each and every offense.

Section 3. Each and every night where in any railroad company shall fail, neglect or refuse to light and keep lighted each of its crossings in the manner required by this ordinance shall constitute a separate offense and be punished by a separate fine in accordance with the provisions of section 2 hereof.

Section 4. This ordinance is intended to be cumulative of all ordinances now in force, requiring the lighting of certain railroad-street crossings in the said city.

Section 5. This ordinance shall take effect and be in force from and after its passage and publication as required by law.

ORDINANCE NO. 845.

An ordinance establishing a stand at the new Texas and Pacific passenger station, for omnibuses, carriages, and other vehicles engaged in the carrying of goods and passengers for hire, and regulating the standing of such vehicles and of street cars at the said station, and regulating the use of the streets, foot-crossings, footways and sidewalks by drummers, runners, solicitors, ticket-brokers and other persons engaged in, or offering to do business thereon.

Be it ordained by the City Council of Fort Worth:

Section 1. That there is hereby established at the Texas and Pacific Railway company's new passenger station, in the City of Fort Worth, a stand for omnibuses, hacks, carriages and other vehicles engaged in carrying goods or passengers for hire in the said city, which said stand shall be on what is known as the Al Hayne triangle, west of the street car track or tracks, which run along the west side of the said station, extending from the south line of Front street, in a southerly direction, west of and parallel to the said street railway track or tracks, to the north line of those tracks of the said Texas and Pacific Railway company which pass just south of the said station. The east line of the said stand is hereby fixed at a distance of four feet west of the west rail of the said street railway track or tracks, and the said stand shall extend west from the said east line thereof a sufficient distance to admit of the standing therein of a single rank or row of such vehicles, each of which shall constantly face to the west, and away from the said passenger station.

Section 2. It shall be unlawful for any person to stop, stand, or detain any omnibus, hack, carriage, or other vehicle, engaged in carrying goods or passengers for hire in said city, while waiting for or soliciting employment at any place on Front or Seventeenth streets, between the west line of Rusk street and the west line of Main street, or at any place on Main street, between the north line of Front street and the north line of the said railway company tracks, or at any place on the said Al Hayne triangle, except at the said stand, as the same is bound and established in the preceding section of this ordinance, and all stands for such vehicles which have heretofore been established at other places within the limits fixed and prescribed in this section shall be and the same are hereby abolished.

Section 3. It shall be unlawful for any person to drive his omnibus, hack, carriage or other vehicle while soliciting employment in and upon any part of Front or Seventeenth street or streets, between the west line of Rusk street and the west line of Main street, or in and upon any part of Main street, or the Al Hayne triangle, between the north line of Front street and the north line of the said Texas and Pacific railway tracks just south of the Texas and Pacific depot and between the street car track or tracks running in and upon Main street or the Al Hayne triangle just west of said depot and the curbing to the sidewalk west of the Texas and Pacific depot.

Section 4. While waiting at the said stand it shall be the duty of every person in charge of any such omnibus, hack, carriage, or other vehicle, to place and constantly to keep the same entirely within the limits of the said stand as the same are fixed by this ordinance, and each such vehicle shall be kept at all times facing toward the west, with the rear of the same toward the east, and only a single row of such vehicles shall be permitted at said stand.

Section 5. Every person in charge, or having the control of any vehicle waiting at the said stand shall remain constantly with the same, and it shall be unlawful for any such person to leave his vehicle, either to assist passengers to or from the same, or to solicit employment.

Section 6. It shall be unlawful for anyone in control of a street car to stop, stand, or detain the same while waiting for or soliciting passengers at any other places within the limits fixed in the second section of this ordinance, except west of and opposite to the west door of the said station, or immediately north of and opposite to the north door thereof, and no person in control of any street car is waiting at either of the said places shall leave his said car, either to solicit passengers or to assist them to or from the car, but each such person shall remain constantly within his car and only one car at a time shall be kept waiting for passengers at either of the said places.

Section 7. It shall be unlawful for any person, on any sidewalk adjoining the said station, or any footway, or foot-crossing, or any sidewalk within two blocks of the said depot, to solicit for any hotel, lodging house, or other public house, or resort of any character, or to solicit for any omnibus, carriage, hack, street car, or other vehicle engaged in carrying goods or passengers for hire, or to buy or sell, or to offer to buy or sell, any railroad ticket, or other commodity or thing, or to solicit custom or patronage for any person, firm or corporation that is engaged in so buying or selling.

Section 8. It is hereby declared to be unlawful for any person to violate any of the provisions of this ordinance and every person guilty of violating the same shall, upon conviction, be fined in any sum not less than five nor more than one hundred dollars.

Section 9. This ordinance shall not be construed or held to repeal, alter, change, or in any way to effect the provision of existing ordinances, fixing stands for and regulating the standing of public vehicles at places in the said

City of Fort Worth that are outside of the territory which is bound and defined in the second section hereof.

Section 10. This ordinance shall take effect and be in force from and after its passage and publication as required by law.

T. & P. MACHINISTS' STRIKE IS SETTLED

A CONFERENCE WAS HELD IN DALLAS YESTERDAY.

Some Concessions Were Made by Both Sides and Men Seem Glad to Get Back to Work.

Monday morning, May 19, the Texas and Pacific machinists struck, demanding a recognition of the union and asking other things of the company tending, as they claimed, to a uniformity in the scale of wages, etc.

The strike was general on the system and all of the men here, about 20 in number, went out. After a day or two several machinists were at work and officials of the company claim no inconvenience has resulted, it being the dull season of the year, when only a few men were needed to keep up repairs.

Recently a committee of the citizens of Marshall, where the principal shops of the Texas and Pacific are located, took a hand in the matter, and after investigating the status of affairs told the Marshall strikers their demands were, in the opinion of the committee, unreasonable and that unless an agreement was quickly reached the effort of the company to start with new men would be upheld by the citizens.

The men were probably tired of the struggle, for they agreed that a committee should be sent to Dallas to see General Manager Thorne and effect an agreement if possible. That committee, headed by J. H. Moore, had a consultation with Mr. Thorne yesterday in Dallas and after that was ended the following statements were given out:

"The company agrees to reinstate all employees who left the service on account of the strike without discrimination except for cause.

"Those now in the service not to be discriminated against on account of the machinists.

The last paragraph refers to the men who were employed to take the place of the striking machinists.

J. H. Moore of the machinists' committee made the following statement concerning the settlement:

"After a conference, lasting several days between officials of the Texas and Pacific railway and representatives of the machinists, the difficulties existing between the railroad company and the machinists were finally adjusted. Concessions were granted by both parties, and while the men did not secure all that they had asked for, the conditions granted will make this one of the best roads in the state of Texas for the machinists to work for. Communications have been received in which the men seem to be pleased with the adjustment of the strike."

Vacation Days. Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Smallwood & Anderson, and Anderson & Smallwood.

PORTO RICO'S FAST QUARTER.

Product of a Texas Horse Lowered the World's Record.

Local lovers of horse racing are watching the course and action of Porto Rico, which was alleged to have lowered the world's record in Denver a days ago. Porto Rico is the property of Thomas Stark of Colorado Springs, and is by Electrite, a Texas horse, owned by Col. Henry Exall of Exall stock farm near Dallas. Affidavits have been procured from well known turfmen of the west that they timed Porto Rico during his recent "go" in Denver and the time ranged from 29 seconds down to 28 1-2 seconds for the quarter. The time has not been accepted as official by turfmen.

NO MORE RINGING CENTRAL OFFICE

New "Energy" System Has Been Installed by Southwestern Company in Fort Worth.

The new "Central Energy" system of the Southwestern Telegraph and Telephone company was "cut in" at the building corner of Throckmorton and Eighth streets Saturday night. Major George W. Foster, assistant to the general manager, and Frank B. Knight, special agent of the American Bell Telephone company having headquarters in Dallas were here attending the ceremony and made an inspection with Manager Henderson of the local exchange.

The new system has been in the course of construction for several weeks, necessitating considerable cash outlay, and gives to Fort Worth the improved service in use at all of the large exchanges. It is what the name implies—the lines' energy being centralized at the exchange, and does away with the bell and crank in calling "central." All a patron of the line has to do is lift the receiver from the hook, place the former to the convenient ear and wait for an answer—which necessarily comes with remarkable promptness as in the central office a light is started before the operator's eyes.

"The 'central energy' system like all other innovations," said Manager Henderson this morning, "will require some time to place in perfect working order, but in ten days we should be sailing smoother than at any time in the past. It was not a small job. Extra wires on our long-distance leads have been strung, and with the arrival of a few thousand more feet of cable, which is on the road, and the placing of same, and some little work in the way of extending the property into the stockyards district, everything that I have asked for will have been done.

"Our men are making the rounds today removing the cranks which are now useless adjuncts. The bells will remain, they being necessary in giving alarms at stations. Patrons should remember to call a subscriber by number and not name, which will tend to greatly facilitate the service."

TWO NEW BUSES WORKING.

Fort Worth Omnibus Line Will Hereafter Have Increased Facilities.

Two new busses were placed in service by the Fort Worth Omnibus and Transfer line yesterday. They are of the latest improved Columbia coach style, rubber tired and of easy build. The interior upholstery is finished in leather and natural wood, while the exterior bears color known to the fashionable coachers as London fog.

THE BOYS' CHOIR OF ST. ANDREW'S CHURCH

The Rector Takes Them for a Ten Days' Outing—Complete Camping Outfit.

Rector Barlow B. Ramage and wife and other members of the Episcopal church this morning accompanied the boys' choir of the church for a ten days' outing to Henderson's pasture about six miles northeast of town. There were about twenty-five of the boys, togged out in overalls and sombreroes, and equipped with a thoroughly complete camping outfit, tents, cooking utensils, provisions, guns, fishing tackle—in fact, everything calculated to make their outing one of pleasure. The party went out in vehicles and it required two wagons to take the equipment. They departed from central fire station, and left in high gear. Various members of the congregation and friends will visit them at intervals during their outing.
