TWENTIETH YEAR.

FORT WORTH, TEXAS, THURSDAY, JULY 10, 1902.

NUMBER 56.

## DUBLIN GOT IT

TWELFTH DISTRICT CONVENTION  
ADJOURNED FROM WEATHER-  
FORD TO ERATH COUNTY.

## VOTE UNCHANGED

FIFTEEN HUNDRED AND FIVE  
BALLOTS WERE TAKEN.

## GILLESPIE STILL LEADS

Riddle and Poindexter Forces Com-  
bined to Stop the Battle Until  
Week After Next—A Nomina-  
tion May Then Result.

The Twelfth district congressional convention which had been in deadlock in Weatherford since Monday afternoon adjourned to meet in Dublin, Erath county, at 10 o'clock a. m. July 22. This action was taken at 8 o'clock last night after the convention had taken 1505 ballots without change in the result. The delegates had grown weary and courted a proposition to quit. The adjournment was the result of an agreement between Banker Dan Cogdell of Granbury, and District Judge Oxford of Erath, representing Riddle, and Judge Paddelford of Cleburne, and Marion Sansom of Alvarado, managers for Poindexter.

When the convention assembled at night five ballots were taken. A conference between Poindexter and Riddle forces was held and Judge Oxford for the latter moved an adjournment to Glen Rose July 21. This carried by vote of 24 to 28. Chairman Barry had announced the result and County Attorney Dean of Glen Rose was half way through with his address of thanks when Comanche asked to change his vote and defeated the motion. Former Senator Prestler of Comanche then proposed Dublin Judge Oxford of Erath, also for Riddle, said July 22, and Judge T. O. Martin of Erath, another Riddle man, said 10 o'clock a. m. and the Riddle phalanx was supported by Johnson county against Tarrant and Parker in carrying the motion.

County Attorney Lattimore had previously presented Fort Worth but the combination beat him.

The adjournment was not unexpected, and rather necessary from Riddle's point of view. It was not until last night that Hood, Erath, Somervell and Comanche would agree for their champion to address the convention with Gillespie and Poindexter. They explained when previous attempts were made that they were there to vote, not to hear speeches.

Gillespie's chances for success are regarded as yet favorable. His opposition realizes that he has the lead, and will retain it until the end.

The situation of Johnson county is unique. They have thrice been defeated for congress, and as one of the delegates puts it, "it's about time something was coming our way." They entertain no hope, however, of getting Riddle's solid vote in case he withdraws. Hood, Erath and Somervell, 15 votes, is the best in sight; for an expression from Comanche is "the county will go to Gillespie before it will to Poindexter."

Parker county is "sore" at the Riddle delegates for taking the convention elsewhere. The second instruction in Parker is for their man.

"Our instructions read to the Weatherford convention," said Chairman Martin to the Riddle people in indicating what would happen if they left Gillespie.

Candidate Gillespie and the Tarrant delegation arrived home early this morning. Dan Cogdell, John S. Hyatt, Candidate Riddle and Judge Oxford of Erath county are also here. Judge Poindexter remained in Weatherford.

The convention made a record for rapidity of ballots. Monday night and Tuesday the average was 3 1/2 roll calls per minute, which did not seem fast owing to the monotony.

Yesterday the body began to energize. Carley Hayden of Grand View, one of the recent arrivals, was placed in the assistant secretary's chair and called at the rate of five per minute for an hour or more. At this rate—300 per hour—it would have taken the convention 12 days more to have reached the record of 38,000 ballots as placed by R. F. Milam of the Tarrant delegation.

## GERMAN COMMENT ON AMERICA.

Complimentary Mention of President  
Roosevelt and of Andrew D.  
White's Speech.

Berlin, July 10.—Prof. Schiemann, who occupies the chair of modern history in the Berlin University and whose weekly review of foreign political events is one of the most interesting features of the Kreuzer Zeitung has taken up American affairs. He refers to President Roosevelt as being a man of the highest political capacity and says the Philippines proclamation gives much fuller amnesty than Great Britain's terms to the Boers, for "by a stroke of the pen he has transferred

the government of the Philippines from the military to the civil authorities.

The professor commends approvingly on the Fourth of July speech of Andrew D. White, the United States ambassador at Leipzig and asserts that Germany cordially reciprocates President Roosevelt's sentiments as then outlined.

## UNION OF YOUNG PEOPLE.

First Big Rally of Baptists in Convention at Providence.

Providence, R. I., July 10.—When the convention of the Baptist Union of Young People opened today it is expected 10,000 delegates, representatives from every state in the Union, will be present.

The first big rally will be held this afternoon in ten churches and halls.

The annual convention of Baptist Young People's Union opened today and will continue until Saturday. Ten thousand delegates are present.

## THE NEWS FROM VENEZUELA.

The President Has Gone to Barcelona to Attack the Enemy.

Washington, July 10.—The state department received a cablegram from Minister Rowen at Caracas dated today saying: "The president has arrived at Barcelona and will attack the enemy there instead of waiting here to be attacked."

## REPORTED CRITICALLY ILL.

General Thomas H. Morgan Lying in a New York Hospital.

New York, July 10.—Gen. Thomas A. Morgan, corresponding secretary of the Baptist Mission society and ex-commissioner of Indian affairs, is reported to be critically ill with a complication of diseases at the hospital in Ossining. Gen. Morgan's home is in Yonkers.

## HOMELESS!

THE FLOOD SITUATION UP AT  
DES MOINES HAS REACHED A  
MOST ALARMING STAGE.

## ESCAPE IN BOATS

HOUSES SUBMERGED AND PEOPLE FLEE FOR THEIR LIVES.

## LEVEES GIVING AWAY

Damage to Property Is Immense and the Worst Is Yet to Come—The Old Record Will Probably Be Broken.

Des Moines, July 10.—The flood situation reached a most alarming stage early this morning. It is at the highest point since 1851, when the river was six feet deep over what is now occupied by thousands of residences, business houses and factories.

At that time the river was but one foot higher than at present, and it is evident the old record is soon to be broken, as nothing but the levees protect all of this district and in two some of places they have either broken or given away.

The damage to property is already enormous—and worse is to come. Hun-

dreds are homeless, some of the streets are running streams, and the people are escaping in boats.

## TRACEY WAS A BOSTON TOUGH.

The Washington Outlaw Got His Training in Castle Street Slums.

Boston, July 10.—The Post today says it is understood that Harry Tracey, the Washington outlaw, was eight or ten years ago a habitue of the Castle street district of this city when that section was one of the toughest in town. He is said to have served time in the prisons of this state.

Seattle, July 10.—Tracey, the outlaw, has to all intents and purposes disappeared from the face of the earth, all the authorities can do is to wait until he enters another home or holds some one up. Rumors of the wildest descriptions concerning the convict's whereabouts are flying around on all sides.

## THE REPLY OF THE VATICAN.

It Has Been Given to the War Department But Not Yet Answered.

Washington, July 10.—A cablegram has been received at the war department from Gov. Tait, transmitting the reply of the vatican to the proposals of the United States government. Secretary Root did not get the message until late in the forenoon, as it had to be translated from the cipher and he has not yet considered the subject, the abstract cabled by the Associated Press last night from Rome contains all of the essentials of the reply.

## ONE CITY OFFICER RESIGNED.

A Hitherto Unheard of Circumstance in New York Politics.

New York, July 10.—J. Hampton Dougherty, commissioner of water supply, gas and electricity for New York has resigned. Robert G. Monroe, an attorney has been appointed to the office by Mayor Low.

Never Before Published Photograph of George Frederick Ernest Albert,  
Prince of Wales, and Who Will Be King of England Upon the  
Death of His Royal Father, King Edward.

BEST PORTRAIT OF "THE SAILOR KING."

George Frederick Ernest Albert, who will be king of England upon the death of his father, King Edward, will be known to posterity as "The Sailor King," on account of his training and service in the British navy. The above latest, never before published photograph of him, showing him in his naval uniform is therefore worthy of note.

## SOCIAL SET

WELL KNOWN AMERICANS MEET  
WITH LONDONERS TOMORROW  
TO FORM A NEW CLUB.

## GOOD FELLOWSHIP

THAT IS THE OBJECT WHICH IS  
TO BE ATTAINED.

## METHUEN'S RETURN

He Slips In From South Africa Un-  
noticed and Takes a Back Seat—  
General Gossip From the En-  
glish Capital.

London, July 10.—London is soon to have another Anglo-American club, but one on entirely different lines from the Anglo-American club which has been talked about.

Well known men of America and the English capital are to meet at the Carlton hotel on Friday morning to discuss the plans and from the interest displayed it seems most probable that the matter will be carried through.

The object of the club—which will probably be called the Pilgrims—is to promote international good fellowship. The qualifications for membership are public service, literary and artistic achievement, journalistic work, extensive travel and frequent trips across the Atlantic. It will be conducted somewhat along the lines of the Gridiron club at Washington. Headquarters will be established in New York and London.

In England it is supposed to have one American member to three Englishmen, and in America the inverse ratio. The membership fees are to be small.

Lord Methuen's return to England has been as quiet as Lord Kitchener's welcome will be demonstrative. He remained in South Africa for a longer period than other generals of the original army corps of which so much was expected and has risen in public estimation in consequence of the English grit with which he persisted in seeing the thing through notwithstanding his final defeat and capture.

Both camps will unite in welcoming Lord Kitchener this week. His next command probably will be in India, but he is likely to remain until the end of the year in England, where he can be consulted by the war and colonial offices respecting the settlement in South Africa.

The report of the committee appointed by the admiralty to consider the comparative utility of various types of boilers, has been presented to parliament. The report says that no type of water tube boiler at present in use is so economical as the cylindrical boilers in all large cruisers and battleships until such time as a thoroughly satisfactory water boiler is obtained. It recommends also that cylindrical boilers be used to work the vessel's auxiliary machinery and to drive the ship at ordinary speed and that the present water tube boilers be retained in a state of efficiency for propelling ships at high speed. Economy becomes a relatively unimportant consideration.

A strong opinion exists on both sides of the house of commons that no agreement should be made by the government with J. Pierpont Morgan until the house has had an opportunity to consider it. The admiralty secretary probably will be questioned today on the points.

The bulletin on King Edward's condition posted at Buckingham palace at 10 o'clock this morning says: "The king's condition continues to be satisfactory. (Signed) Treves, Laking, Barlow."

In answer to sensational reports the king's medical attendants declare no trace of any malignant disease has been found.

It is stated on good authority that subject to the approval of King Edward's physicians, the coronation will occur August 9.

## THE JUNE RECORD WAS A GOOD ONE

Everything However Seems to Con-  
spire to Keep the Pig Iron Pro-  
duction Below the Capacity  
of the Country.

New York, July 10.—Everything seems to conspire to keep the pig iron production below the full capacity of the country, says the Iron Age. Considering all the circumstances, the record for June, with an output of 1,475,456 gross tons was a good one, and if everything goes well the July production should go considerably above the 1,500,000 mark. The anthracite coal stock is still troubling the Lehigh furnaces, and complaints are now becoming more frequent and more urgent that the coke makers who are running are not able to keep their customers regularly supplied. There is some scarcity of pig iron for steel manufacture, but it does not involve any serious shortage and the great mills have little inconvenience from that source.

Interest centers in the foundry trade

and it appears to be the Chicago district which is monopolizing a large business for delivery in 1923. A furnace company there is reported to have sold 75,000 tons of the first half, thus with previous sales disposing of the entire product. Further large inquiries, including one for 28,000 tons, are in that market.

In the steel market, matters are taking a somewhat different turn. In the central west the summer slackness in the wire and sheet trades is causing a shutting down of mills, which in turn, are offering for resale both domestic and foreign billets and sheet bars. In addition thereto quite a good deal of new capacity of open hearth steel is appearing on the markets. It looks, therefore, as though there would be an early readjustment in the steel trade, which will bring this raw material more in line with the finished products. The first effect of a lowering in the price probably will be a check in the importations. In the heavy finished products the great activity continues unabated. There are reports that some round blocks of English and German rails are being offered at prices which look as though they might lead to business.

In the plate trade the orders for the lake steamers have been booked. The ships also have been ordered. The structural trade continues exceedingly active, and there is no easing in sight.

There is a distinctly weak feeling in sheets and some dullness in tin plate. The wire trade has been falling off in volume and a number of works have been forced to close down.

In iron bars, too, there have been reports of shading, while the tube trade is reported to be quiet.

## CHICAGO FREIGHT HANDLER KILLED

He Told His Striking Companions He  
Was Going Back to Work and  
Shortly Thereafter He Was  
Found Dying.

Chicago, July 10.—James Landers, a freight handler, was killed last night, his death being the indirect result of the strike. Landers announced that he intended to return to work today and a group of freight handlers to whom he made the declaration began to abuse him. A short time afterward he was found in a hallway, his throat being cut. He was taken to the hospital where he died.

The police have arrested Daniel Grogan, another freight handler, whom they suspect of killing Landers.

Five of the striking freight handlers were arrested today in connection with the alleged murder of John Landers, also a striker. Landers is said to have been killed last night during an exciting argument over the strike, in which he declared his intention to return to work today.

## VOTE TO CONTINUE STRIKE.

Striking Freight Handlers in Chicago  
Refuse to Make Terms.

Chicago, July 10.—A large percentage of the striking freight handlers this morning voted to refuse the railroad's terms presented last night, and continue the strike despite the official refusal of the Chicago federation of labor to help them.

More of the men of the Illinois Central and other roads have gone out.

## LEFT THE KNIGHTS OF LABOR.

The Denny Branch of Glass Workers  
Will Flock by Themselves.

Cleveland, O., July 10.—J. L. Denny of Pittsburgh, president of one of the branches of the Glass Workers' Union of America, said last night that his followers have cut loose from the Knights of Labor and hereafter would be independent.

There are two branches of the glass workers under the leadership of Messrs. Denny and Burns. The new organization will have an executive board of 16 members. The Denny men will work for the independent companies, while the Burns branch will be employed by the American Window Glass company.

## EXPORTS FROM PORTO RICO.

An Increase of Over 50 Per Cent for  
the Year.

San Juan, Porto Rico, July 10.—Exports from Porto Rico to foreign countries for the fiscal year ended June 30, increased 54 per cent over the total of such exports for last year; the increase in the islands' exports to the United States was 48 per cent over the total for the last fiscal year. Sugar has formed the principal article of exports.

The customs receipts for the last fiscal year reached \$1,800,000 and the balance for the insular revenue was increased by \$240,000.

## BIG FIRE AT TORONTO.

At Least Three Firemen Lose Their  
Lives in Battling With the  
Flames.

Toronto, Ont., July 10.—At least three firemen were killed this morning in a disastrous fire which started in the old street railway stables occupied as a grain and storage warehouse by McIntosh & Sons, and which swept the district to the east and south.

## THE HUMBERTS HEARD FROM.

They Were Last Seen at Callao, Peru—  
Had Fled From Paris.

New York, July 10.—Residents of Callao declare, says a Lima, Peru, dispatch to the Herald, that the portraits of the Humberts (who fled recently from Paris) in the illustrated papers are extraordinary likenesses of an unknown couple who appeared in Callao recently.

## TERRIBLE MINE EXPLOSION

Several Hundred Miners Entombed Alive—Reports Are Con-  
flicting, But From One Hundred to Two Hundred and  
Fifty Are Believed to Have Been Killed.

Pittsburg, July 10.—It is reported an explosion occurred in the Cambria Coal company's mine near Johnstown, Pa., this afternoon and several hundred miners are entombed.

LATER—600 men are entombed in the mine. They are about two miles from the opening of the pit. Three men escaped and report seeing many dead. One report says that from one hundred to two hundred and fifty are dead.

## "NOT VANQUISHED" SAYS JOHN DEAN

Defeated Congressional Candidate  
From El Paso Arrives at a Con-  
clusion.

Mineral Wells, Tex., July 10.—(Special.) John M. Dean of El Paso, defeated candidate for congress in this, the sixteenth district, left for home last night.

"I am defeated, but not vanquished," said he, "and I am about the best thing I can conclude is I am no politician. I shall resume the practice of law in my home town, and continue to fight the battles of Democracy."

## STUDENTS GO TO CHINA.

Yale and Harvard Y. M. C. A. Men  
to Work in the Flowery  
Kingdom.

Boston, July 10.—Close upon the announcement of the Yale mission to China has come information of a movement on the part of Harvard university which promises to put into India, Harvard men who will directly represent the university there in the same way in which other bodies of students will stand for Yale's interests in China. The first of the Harvard men to go out will be E. C. Carter for the last three years secretary of the Student's Christian association at the university.

## DISCUSSING CHINESE AFFAIRS.

The Powers Will Be Easy on China  
at the Request of Uncle Sam.

Berlin, July 10.—The officials of the United States embassy have been verbally discussing Chinese affairs this week with the foreign office reports. The former again conveyed to the German government the desire of the state department that the Chinese shall be treated as leniently as possible, consistent with the attainment of the powers. No specific suggestions were made by the United States but the general idea was again impressed that the Chinese domestic difficulties are such that nothing can be attained by pressing the Pekin government unduly. The foreign office expresses itself as being in full accord with the United States and asks a further withdrawal of troops from Tien Tsin, which already is gradually progressing, when the German officials are confident that the occupation of the

city is no longer necessary as a guarantee that China will carry out all the subordinate articles of the peace treaty. Only the provision for improving the river and channel is regarded as important. If the authorities at Pekin will only make serious efforts to redeem this pledge the German troops will be withdrawn.

The question of the rate of exchange in indemnity payment is not considered by the foreign office as likely to provoke serious differences of opinion even between the United States and the powers of China and the powers.

## SOME EXCITEMENT CAUSED LAST NIGHT

A Little Girl Taken From First Metho-  
dist Church, the Act Having a  
Kidnaping Tinge.

Considerable excitement was caused last evening at the First Methodist church by the sudden disappearance of a little 11-year-old girl.

It appears, according to the story related in sections by various ones who were at the church and by the officer who was called to find the child, none of whom pretend to know much about it, that the child was taken by its aunt, who alleged that she adopted mother of the child had mistreated her.

Anyhow, the adopted mother of the child, accompanied by her little boy and the girl in question, attended prayer meeting, and remained for choir practice after prayer meeting was over. The little girl was playing with some children in the Sunday school room when two women appeared on the scene and took the child away. The little boy saw them depart, notified his mother and then followed for some blocks in an effort to see where they went.

In the meantime some one of the men present phoned for an officer. Detective Thomson responding.

From the adopted mother of the child he learned that the child's aunt had threatened to take her the first opportunity. The officer and some others proceeded to the home of the girl's aunt on East Third street, and later the women in question came in with the child. An interview followed, the women claiming the child had been mistreated by its adopted mother, and this story, the officer declares, was corroborated by the girl, the latter showing evidences of having been whipped. The child did not care to return to its adopted mother, and her aunt opposed her going. The officer left the girl in charge of its aunt, stating it was a matter for the courts to settle, and he passed it up.

The officer says he was told that the

child was adopted by the lady from whom it was taken, and that at the time of its adoption the lady resided in Cleburne. She recently moved here.

It was reported that the case had been placed with the lady by Rev. I. Z. T. Morris, but he says this is a mistake. He, however, placed a little girl some time ago with a lady whose name is similar to the one with whom this girl was placed, but some dissatisfaction existed, and he took the girl back. He says that this may or may not be the same family.

## WEATHER CONDITIONS.

The area of high barometer is now centered over the middle Missouri valley; it is attended by cool temperature and dominates the conditions over the greater portion between the Mississippi and Rocky mountains, and extending southward to Northern Texas. Clear weather is now the prominent feature of this high; the belt of thunderstorm showers which preceded the cool wave yesterday, is moving southward across Arkansas toward the lower Mississippi.

There was no rain in Texas during the last 24 hours.

## HIGH PRICE PAID FOR HOGS.

# Kodol

Digests what you Eat

## Dyspepsia Cure

The agony you suffer after eating, that feeling of fullness, flatulence (wind on the stomach) and belching is caused by decay of undigested food which forms a gas that distends the walls of the stomach and exerts a pressure against all the internal organs. The eating of more food forces out part of this gas and causes belching. Just take a little KODOL DYSPEPSIA CURE. It will relieve you at once. It never fails to permanently cure the worst cases of indigestion and dyspepsia. "I suffered untold pains from indigestion which were always worse after eating. Two bottles of KODOL DYSPEPSIA CURE made me a well man and life now seems worth living. Peter Sherman, No. Stratford, N. H."

**It can't help but do you good**

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is **ONE MINUTE Cough Cure**. It cures quickly.

### ANOTHER EFFORT MADE IN VAN MOTION

Preliminaries Entered Into This Morning to Argue for New Hearing—Awaiting Judge Hurt's Arrival.

Argument for a new hearing in the Jeff Van murder case was commenced in the forty-eighth district court this morning before Judge Dunklin. After some preliminaries, however, another postponement was taken until 3 p. m. because of the non-arrival of Judge Hurt of Dallas, who has been engaged by the defense.

Nothing else was doing in any of the courts that would be of interest to the general public.

#### Suit Filed.

One suit was filed at a late hour yesterday afternoon, that of the Southern Trading company vs. the State National bank, action for usury. A suit similar to this, only differently styled, was up some few days ago, for argument, but was dismissed to be renewed in its present form.

#### PERSONAL MENTION.

Mr. F. Palmer, 815 Lamar street, left yesterday for Ennis on business. Sheriff Tut Hume of Stephenville was here today on official business. Miles Floyd has been enjoying camp life near Mineral Wells for the past three weeks. He is now visiting his mother and sisters in this city before returning to business duties in Dallas.

Elsewhere in this issue will be found the announcement of the University of Texas for the session of 1902-1903. This institution is becoming a growing power in the educational field of the country. It has more than 1200 alumni, many of whom occupy high places of public trust and honor. Its graduates are members of the faculties of the University of Utah, Western Reserve university, Bryn Mawr college, the University of Chicago, Cornell university, Yale university and Harvard university. In every department of the public and civic life of the state, will be found the influence of this institution exerted by men and women who have studied in its halls. The students today number more than 1100; the equipment and instruction is modern and progressive; the available resources increase year by year. The value of a home education is unquestioned. No tuition fees are charged and the boy or girl of limited means may here find a chance to secure the best training at the lowest cost.

### THE ROCK ISLAND GOES TO DALLAS

AGREEMENT BETWEEN ROAD AND CITIZENS REACHED YESTERDAY.

Work of Securing Operating Facilities and Depot Grounds to Begin at Once.

An agreement was reached between the citizens' committee of Dallas and the Rock Island, yesterday, whereby the former place will receive the line's extension to Houston and Galveston. Work begins at once in Dallas to secure depot grounds and right of way through the town, and as soon as the preliminary surveys are pronounced permanent construction is to start.

It has been announced in Dallas that trains will be running into there by Christmas day or sooner if nothing unforeseen occurs. The grand total of subscriptions amounted to \$110,725.59.

#### FRISCO AND DEMERIT SYSTEM.

Bulletins Will Be Posted Hereafter When Mistakes Occur.

The Frisco has adopted the demerit system for the discipline of employees, and placed the same in effect July 1. Under the new system when an offense is committed a bulletin is posted setting forth the nature of it and explaining the danger it entails, but giving no names. The employee who committed the offense is given a certain number of demerits, the number varying in respect to the seriousness of the offense. The bulletin is posted in order that the other employees may take warning and avoid a similar occurrence.

#### Commission Refers Railroad Cases.

Austin, Texas, July 10.—(Special).—The attorney general is making an investigation of the alleged discriminations of the Cotton Belt in permitting the substitution of ice for beer in car load shipments made to state points, the matter having been referred by the railroad commission.

Among the 162 graduates from the University of Texas this year was a young man who made his way through the institution as a barber. In the afternoon, during the early morning and at night, he worked at his trade to earn money for his expenses and between these periods he snatched enough time for preparing his lessons and for recitations. Despite this drawback, his record for scholarship and efficient work was so pronounced that during his senior year a fellowship was awarded to him, carrying salary enough to defray his college expenses. He graduated with distinction and with the profound esteem of his classmates and instructors. During the past year more than 100 students have either partly or entirely supported themselves by some sort of labor while in the university. Among this number was a young man who secured his master's degree, and who for the past five years has earned the money spent on his education and yet stood at the head of his class. Now a friend is to furnish funds and he will go to Harvard in the fall and continue his studies in that great institution for two or three years. With such examples of courage and resourcefulness, no ambitious young man, however poor, need despair of getting an education. Texas has provided its system of free schools and a university with free tuition largely for the benefit of this class, who otherwise would be deprived of the beneficent influence of an education. In an institution where all classes mingle on equal terms, where character and mental powers alone receive distinction, democracy and its principles flourish; and the spirit thus awakened and fostered is the surest indication of the perpetuity of our form of government.

#### Sympathy for England.

In the recent disaster at St. Vincent the United States was among the first to extend sympathy to England and also to offer assistance to the fortunate survivors. Giving sympathy is a very appropriate way of showing our feelings for those in distress, but the person who is unable to eat or sleep on account of a weak or disordered stomach needs more than sympathy. He wants a medicine that will cure him. Then Hostetter's Stomach Bitters is needed, because it positively cures loss of appetite, belching, flatulency, indigestion, dyspepsia, insomnia or nervousness. Every sufferer should therefore try a bottle of it at once. Good health is sure to follow. Don't accept a substitute. The genuine has our Private Stamp over the neck of the bottle.

The University of Texas catalogue is a volume of 342 pages, full of information concerning the work and equipment of the state's great educational enterprise. With a system starting with the primary grades and extending through the intermediate, grammar and high schools, with the university as the crowning step, Texas has an educational edifice in line with the best thought of the times and of which any state might feel proud. The generous endowment provided for the system, if properly supplemented by appropriations from the general revenue, will ultimately put Texas to the forefront in educational affairs. Keep the boys and girls at a home school where they will not be educated out of harmony with the spirit and traditions of their fathers. A catalogue may be had by addressing Registrar Lomax, Austin, Tex.

The trouble with co-operation is that it does not now, never has and never will co-op. A co-operative commonwealth is an iridescent dream.

By the time the Weatherford convention adjourns there will be a good many "exes" in this country, meaning, people who are "ex"-perienced in politics.

A check for \$635,000 sent from Washington to Indiana has mysteriously disappeared. If any attempt is made to cash it at the Mail-Telegram office the authorities will be notified at once.

The initials of this paper are M. T. but it is not empty by any means. Last night's edition contained thirty columns of live reading and eighteen columns of live up-to-date advertising, a pretty good showing.

Republican wind jammers had better sing dumb about Cuba this fall. Likewise Democratic spellbinders are reminded that if the Democratic senators had joined in with the administration Republicans the best sugar insurgents would have been beaten and Cuban reciprocity would have been accomplished fact.

The Comanche News claims murders are not a common occurrence in its portion of Indian Territory. The Fort Worth Mail-Telegram claims that Indians are not very frequently met with in Fort Worth. Now if each will accept the statement of the other as true, apologies will be accepted and peace can once more reign. This is a day of peace you know.

Mistakes will happen in the best regulated newspaper offices. Even the Mail-Telegram made one yesterday. An Associated press dispatch said James N. Cox had been nominated by the Missouri Democrats at Springfield for justice of the supreme court. Judge James D. Fox of Fredericktown, was the man meant. The little old country plug beat the crack Kansas City and St. Joseph racers hands down. St. Louis landed her candidate, Judge L. B. Valliant.

The West Texas Stockman published at Colorado, Texas, says: "The idea that the bringing of one big packing firm to Fort Worth would result in the coming of all others seems in a fair way of complete fruition. When the deal was closed with Swift by those enterprising people another loud knock at the front door revealed Armour there with a proposition that he too be included in the new packing house deal. The deal was closed to include both Swift and Armour, and since February work has been progressing steadily on the two big plants. Cattlemen all over Texas have felt a deep and abiding interest in the new market thus to be established in Fort Worth, for it means the saving of much money annually lost in shrinkage through shipments to distant markets. Some fears have been expressed that the market would even then hardly be sufficient for Texas cattle, and the announcement that still other packers are to locate there will be hailed with additional pleasure." Fort Worth will land two more big packing houses in the near future without doubt. Cudahy and Morris will follow the example of Armour and Swift by coming to Texas. They will not come as soon, however as some anticipate, nor will Armour and

Swift be able to start with as large a force as they had intended, because of the failure of the corn crop, this year.

The Mail-Telegram and other Associated press papers in the United States published the date of the coronation, or rather the second attempt at coronation of King Edward before it was known in England that such date had been fixed. This is quite a feather in the cap of the Associated press. Trying to publish a paper without the Associated press dispatches is a good deal such a job as the Israelites were placed at by their Egyptian task masters, to wit: making bricks without straw.

## PREACHING STRAIGHT AT SIN.

An over-enthusiastic priest at Springfield, O., delivered a powerful arraignment of people who go on Sunday excursions, and at the end of the service discovered that a large part of his congregation were members of an excursion party from Dayton.

The excursionists could not but believe that when they had paid their respects to the priest's reputation for eloquence, he had taken special pains to reprimand and offend them. His explanation that he had not known them at all was not accepted with good grace. But why should they feel offended, even had the priest been aware of their identity? And why should the priest feel called upon to explain? Why shoot sermons into the air? Why not aim right at the spot and hit hard at the right time? If Sunday excursions are wrong, why not say so, knowingly and intentionally, to guilty ones caught in the very act? Why should people go 25 miles to hear a distinguished preacher and then expect him to talk on the sins of other people and not on their own? Can it be possible that any church-going people want the minister to scandalize the doings of other folks and give no spiritual guidance for their own cases?

The explanation made is said to have been profuse, but certainly it was not profuse enough on either side.

## PRESS COMMENT.

The Populists will hold a state convention in Fort Worth August 12, and if enough of the party can be located to make up a state ticket it will be put in the field.—Austin Tribune.

The claim of the insurance companies that they had lost money in Texas during the past fiscal year is not corroborated by the statement of the insurance commissioner. On the contrary, they have all made money, and lots of it, too.—Brenham Banner.

Colonel W. B. Wortham returned this morning from a business trip to Fort Worth and Dallas. He reports that the people of North Texas are in good spirits and instead of fighting railroads, as is done in some parts of the state, they are giving them every encouragement to build.—Austin Tribune.

Fort Worth's packing houses promise to grow and multiply until Kansas City and Chicago will have another aggravated attack of the same form of ague they experienced when they learned that Swift and Armour had determined on coming to Texas.—West Texas Stockman.

While "ruination" faces the one-crop, one-hoss farmer, the man with spring chickens is getting 30 cents apiece for those just weaned. Does that stick in your craw, old one-hoss?—Tarrant County Citizen.

The man with the weaned 30 cent chickens is getting a good price for eggs laid by their mothers.—Galveston News.

Unless the bigwigs decide that it will disintegrate the constitution beyond hope of repair, Roosevelt will go along to the big naval maneuvers around Porto Rico this winter. None of the presidents has left the country during his term of office except Cleveland who once went a few miles out to sea on a yacht. And the New York Sun wanted to impeach him for that.—El Paso Herald.

There seems to be a general feeling of satisfaction that there is to be a lot of new blood in the Texas congressional delegation next year. Of course it is expected that this new blood will accomplish something for Texas. Some of the newspapers go so far as to say that they want to see their congressmen see what can be done for their districts and for Texas and not spend their time howling about the terrible conditions of the poor Filipino.—Denison Herald.

Dallas strained herself, leaped to the center of the Texas stage, turned on her red lights and told the world she was all of Texas during a great reunion and diverse dearly bought festivities. She has incessantly claimed to be not only the metropolis of Texas but to control the major portion of the wealth, prosperity, culture and other attributes of civilization. A railroad comes along and demands of the metropolis a right of way; and for four weeks the Sangers and Barney Gibbs and the reputed merchant princes and great financiers spent their entire time in a vain endeavor to raise sufficient to buy the right of way. One hundred and fifty thousand dollars was asked; but they failed to make good. The Dallasites would make you believe Fort Worth was a whistling station and

Denison a watering tank. But either town on a matter of "life and death" (as the Dallas News puts it) can come to the fore to that extent.—Denison Sun.

Texas has shipped more potatoes, more tomatoes, more strawberries, more apples and early vegetables this year, than any preceding year—and she is now engaged in shipping some of the finest melons, cantaloupes and peaches that ever grew. Texas is a state that does not ship one little crop and lay down her hand. She will be shipping something every month in the year from now on. Texas is just beginning to wake up.—Denison Herald.

There ought to be manufacturing enterprises in Texas, to at least manufacture all the things that Texas needs and uses. Of course, no one will deny the statement that Texas can and should manufacture cotton goods to supply the entire United States—and as a matter of fact she manufactures a very small percentage of enough cloth to supply Texas. The young men and women of Texas should be given a textile training, and fitted for work in factories in all capacities. Such a course would mean much for the state.—Denison Herald.

The Fort Worth Mail-Telegram is causing itself a great deal of perturbation of spirit over what it is pleased to interpret as unfriendliness by Kansas City, and the Telegram in particular, to Fort Worth. The Telegram has on numerous occasions spoken kindly of the splendid young city to the South and we are sure the live stock interests for which the Telegram is sponsor have nothing but the kindest feeling for the coming packing center of the Lone Star state. The Mail-Telegram should not persist in thinking that every reference in the Telegram to Fort Worth is a boast. Kansas City is not jealous of Fort Worth, as the Mail-Telegram endeavors to picture, and hopes that in the near future the ambitious young city may realize in toto her fondest dreams to the most minute detail.—Drovers' Telegram (Kansas City).

## Saves A Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by Guthrie & Guthrie, 502 Main street. Price 50c and \$1.00. Trial bottles free.

## TEXAS AND TEXANS.

Significance of the Visit to the State by Northerners.

(Galveston News.)  
It may be said, parenthetically, that this man of the revolution, the "drummer," did as much work to break down sectionalism existing between the north which sent out factory products, as any other friendly agency.

Another forward step in the revolution has come. It is noted in the desire of the manufacturer or wholesaler to see for himself the customers to whom he has sold, and to see for himself the country from which he has drawn his wealth. This step in the revolution does not mean an elimination of the drummer. It means nothing to him other than perhaps the enlargement of his trade because of a greater interest in it by his employer and a better knowledge of that employer of the field in which he works. The visit of the New Yorkers, for example, must be admitted to have been of benefit to this state. Even if none of the vast millions represented in the party making up the visitation delegation had been invested here, the flatterer reports of Texas and her resources, of Texans and her people, of Texas and her prospects would have done much good. The section represented by these visitors misunderstood the state. It was willing to sell, but it feared risks. It had money to invest, but feared the Texas laws. Its representatives returned home, informed and broadened. They had benefited by the contact.

Now representatives of the great metropolis of the west are coming into this land of Canaan to spy it out. They have heard of the wonderful resources of Texas, of the opportunities for profitable investment, of the energy and push of this people. It is a matter of "business" with them. Texans should make it a matter of "business" also. The Chicago visitors want trade, want to invest and want a close bond of companionship in the affairs of life. Texans want trade, want capital, and above all, want a better knowledge of themselves and their great commonwealth to go out to the world. Another opportunity for each to attain what it desires is here. As far as Texas is concerned the chance must be taken advantage of to the fullest extent, and it will.

## NO FALSE CLAIMS.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Company.

The Colorado Socialists met at Colorado Springs and declared for "an international and revolutionary movement" for the "overflow of the capitalist system and the establishment of a co-operative commonwealth."

## A Slander.

A homicide in the Indian Territory hasn't much value as a news item. Too common.—Fort Worth Mail-Telegram.

Another gentleman (who wears an eye glass, sports a cane and mouths one end of a cigarette, very probably), has delivered himself of what to him was a monstrous idea. If, as he suggests, homicides are common in the Indian Territory, he can travel anywhere therein with perfect impunity.—Comanche News.

Do you want a sound liver, vigorous digestion, strong healthy kidneys, regularity in the bowels? Take Prickly Ash Bitters. It has the medical properties that will produce this result.

## To Whom Do You Belong?

(El Paso Times.)  
"There is entirely too much said," remarks the Fort Worth Mail-Telegram, "about Bryan men and Hill men and Cleveland men, etc., ad nauseum. The American citizen who is willing to be known by another man's name or as another man's man is about ready to sell his birthright for a mess of pottage. Do not be any man's man. Think for yourself and be for the best interests of the country."

And the newspapers alone are to blame for all this talk about Bryan Democrats and Cleveland Democrats. There is only one kind of a Democrat and he is a democratic Democrat. Because Bryan expresses views similar to those held by Bill Jones is no more reason for calling Jones a Bryan Democrat than it is for calling Bryan a Jones Democrat. As for Cleveland, he is a Democrat only when he is a candidate for office. At all other times he is a mugwump and a consistent one. A tendency toward factionalism and a desire to be bossed prompts many newspaper writers—Democratic and Republican—to try and make bosses out of politicians by referring to other men as Bryan Democrats or Hanna Republicans, and yet the political expressions of those men are but the echo of the opinions held by the larger percentage of their constituency.

Mr. Cleveland's political opinions are coined for him by W. C. Whitney's Wall street set; Bryan draws his inspiration from constant touch with the pulse of the masses of the Democratic party and the most successful of the Republican leaders are simply the mouthpieces of those who direct their party's policies.

We agree with our Fort Worth contemporary; let us have less of this talk about Jones, Brown and Cleveland men.

### R. P. O. MAIL SERVICE GENERAL ORDERS

Notes of General Interest Taken from Bulletin Issued Today from Superintendent's Office, R. M. S.

The following postoffices have been established during the week, names and sites changed and discontinued during the week in the Eleventh railway mail service division:

Established in Indian Territory—Tolaka, Choctaw nation.

In Oklahoma—Charley, Comanche county.

In Texas—Aqua, Moore county; Hawthorne, Walker county; Pepper, Rusk county; Venice, Coke county.

Name change in Arkansas—Green-

ville, Yell county, to Havana.

Site change in Louisiana—Milton, Vermillion county, into Lafayette county.

Discontinued in Indian Territory, in effect July 15.—Leader, Choctaw nation, send mail to Newburg.

In Oklahoma, in effect, July 15.—Canterberry, Washita county, send mail to Mountain View.

Effective July 1, railroad service was established on the Texas and New Orleans railroad between Athens and Jacksonville, Tex. The line to be known as the Athens and Jacksonville railroad.

Effective July 14, the Tecumseh Junction and Tecumseh railroad will be extended to Asher, Ok. The line is to be known as the Tecumseh Junction and Asher railroad.

Effective July 14, railway postoffice service in trains No. 144 and 145, Pawnee and Kingfisher will be discontinued.

### Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Smallwood & Anderson, and Anderson & Smallwood.

### OFFICERS INSTALLED IN RED MEN RANKS

Quanah Parker Tribe Had Business Meeting Last Night, a Social Hour Following.

R. H. Purdy of Dallas, past great Sachem of Texas, officiated last night at the installation of officers for Quanah Parker Tribe, Improved Order of Red Men. Dr. J. L. Frazer was made sachem, Wm. M. Rea prophet, and D. Hart, junior sagamore.

Following the installation a social hour was indulged in, which included a buck smoker, corn and venison and light refreshments. A number of visiting pale faces were present.

### Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Smallwood & Anderson, and Anderson & Smallwood.

### ACTIVE PREPARATIONS FOR STENOGRAPHERS

The Local Organization Will Do the Right Thing by the State Meeting in August.

The local organization of stenographers held an enthusiastic meeting last evening in the parlors of the Dea-ware hotel. The purpose of the meeting was to discuss the coming state meeting to be held August 8 and 9, and to make arrangements therefor. There was a representative attendance of both ladies and gentlemen of the organization, and a number of new members were admitted.

The election of officers was also gone into, with the following results: Hodge Crenshaw, president; Conway Smith, first vice president; Miss May Denison, second vice president; James Smith, secretary-treasurer.

Various committees were also selected to look after a program of entertainment for the visitors, and to make other necessary arrangements. It is conservatively estimated there will be 500 or 600 strangers in attendance from all over the state. The committees selected are:

Program—Mr. Smith, Mrs. Scogin, Miss Fortrand, Miss Fogel, Miss Allen and Miss Denison.

Entertainment—Mr. Schoonover, Prof. Draughon, F. Graf, Miss Walsh, Prof. McGee, Prof. Rector, Miss Gray, Miss Dwigins, Mr. Wolfe, Prof. Tremble, W. W. Smith, Mr. Scougale.

Hall—Messrs. Scougale, Smith and Smith.

Soliciting—Messrs. Conway Smith, C. N. Heitt, A. G. Brown, T. M. Coffman, J. A. Smith, Sam Clark, H. R. White, S. B. Smith, E. A. Cartwright.

F. B. Holland, Miss Ruth Allen, Miss Margaret Crossland, Miss Marie Crossman, Miss Pearl Pruitt, J. D. Spinks, A. Grantham, M. E. Rome, W. O. Gaton and Miss Mabel Wylie.

These committees were instructed to meet next Wednesday night at the business college of Prof. Draughon, at which time reports are to be made of the progress accomplished.

A committee was appointed to return thanks for the use of the Delaware hotel for last night's meeting.

United States Senator Joe Bailey, Profs. Draughon and Pruitt were elected honorary members of the association.

Retiring President Smithy urged that no arrangement that could be made be overlooked. He said that at former state meetings the various state organizations had been shown every courtesy, and had been given a royal time, and that he hoped Fort Worth, the convention center, would bestir herself to give the visitors a time that would in every way eclipse former meetings.

Mrs. Hope Harrison Hawkins also spoke to the same point. She mentioned especially the meeting last year at Houston, saying that if Fort Worth does as well much will have been accomplished, and she hoped to see even more elaborate preparations made.

Prof. Draughon and others made short talks on the same line and the sentiments expressed met a hearty approval.

### A FEW POST OFFICE "DON'T'S."

(From the Postmaster.)

Don't save the letter you have to mail till the carrier comes, put it in the letter box put up for that purpose.

Don't come out and wave your letter at the carrier and expect him to stop his horse and dismount to get it, as he is not allowed to do it.

Don't ask the carrier to take a package and have it weighed and stamped at the post office; he is not allowed to do this for you.

Don't slip just a little note in your package instead of writing a letter, as packages are subject to examination and any writing found therein changes the classification of the package from fourth class to first class and the postage charged up and your friends have to pay letter postage on delivery.

Don't ask a carrier to give you back a letter from a letter box because you forgot to put something in it, he is positively forbidden to do so on pain of dismissal.

Don't ask a carrier to guess how much postage it will take for your package, he is not a scale, he is a carrier.

Don't nail your letter box on the house and let the dog loose and expect the carrier to do acrobatic work all the way in and then a thrilling mid-air act out over the fence.

Don't wait till the carrier goes by and then yell "Aint you got no mail for me?" if he had mail for you he would deliver it.

Don't hide your letter behind you till you see the carrier has no mail and then yell out: "If you haven't any mail for me, I've got some for you." He has heard that ten thousand times. Give him something new.

Don't stick your letter up in the screen and expect the carrier to come in and get it.

Don't be afraid to put your letter box on the fence. You will get better service, more deliveries, and facilitate the work greatly by putting it where the carrier can get at it handy.

Don't stand in the house and peek out the window till the carrier comes up the steps and rings the bell; come out and meet him at the steps, if not "at the gate." He has many steps to take and brings your mail all kinds of weather. Read "The Man in Gray," in last week's Saturday Evening Post, next to last page.

Don't scold or blame the carrier because he did not bring the letter you were sure mamma, husband or sweetheart wrote, he can't bring it till it comes.

Don't stop the carrier on the street any old place you happen to meet him and ask him to go down in his sack and undo a tie of mail and dig up your letter, this is keeping someone else equally as anxious from getting their mail.

Don't stick your stamp on with molasses, always S. W. A. K., not molasses. "This from one of the old boys."

### Treat Your Kidneys For Rheumatism.

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says, "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Co.

### TEXAS WEATHER REPORTS.

Weatherford Reports Clear, Hot and Dry, With Accent on the Dry. Reports of weather conditions were received this morning from Texas towns as follows:

Weatherford, clear, hot and dry. Sherman, looks like rain. Palestine, dry and hot. Texarkana, rain. Brenham, light showers. Waco, Flotonia, Dublin, Austin, Taylor, Wichita, Hillsboro and Dallas, clear.

### TWO BOTTLES CURED HIM.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Company.

### THE FAST TRAINS TO CHICAGO.

New York Central's Express Service Added To.

George H. Daniels, general passenger agent of the New York Central road, talking yesterday of the company's fast train service, said that, in addition to the new 20-hour train, there are now four 24-hour trains to Chicago, and two Empire State expresses daily.

The Twentieth Century Limited, 24-hour train, leaves New York every day at 2:45 p. m. and arrives at Chicago the next morning at 9:45. The Lake Shore Limited leaves New York at 5:30 every afternoon, arriving in Chicago the next afternoon at 4:30. The Fast Mail, a fine 24-hour train, leaves New York at 8:45 a. m. every day, reaching Chicago the next morning at 7:50, by both the Lake Shore and the Michigan Central. The noon-day Chicago Limited leaves New York at 1 p. m., reaching Chicago by the Lake Shore the next morning at 11:50, a 24-hour train, really 23 hours and 50 minutes. The Detroit and Chicago Limited leaves New York at 4 p. m., reaching Chicago the next afternoon, a fourth 24-hour train.—From The New York Times.

Note—The New York Central also has 15 trains a day between New York and Buffalo and Niagara Falls; 5 trains a day between New York and St. Louis and Cincinnati; 4 trains a day between New York and Montreal and by its Boston and Albany Division 4 trains a day between New York and Boston via Springfield.

### THE PERFECT LIVER MEDICINE.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at H. T. Pangburn & Co.'s.

## SPONSORS AND MAIDS FOR STATE REUNION

Major General Van Zandt Issues General Order No. 34 To Texas Brigades to Make Selections.

General order No. 34 issued by Major-General Van Zandt, commanding the Texas division United Confederate Veterans is as follows:

The major-general commanding calls attention to the fact that in accordance with the time-honored custom of our organization, each of the several brigades and each of the camps of the division is entitled to select from among the daughters of the members of their organization a sponsor and such maids of honor as they may desire to represent such brigades and such camps at the Dallas reunion, July 30 and 31, 1902; and he trusts that this beautiful and patriotic custom will be observed in next ensuing reunion and that many of the fair daughters of the men who bore themselves so gallantly in 1861-65 will be present to grace and adorn the assemblage of their fathers. By order of

K. M. VAN ZANDT,

Major-General Commanding.  
B. P. GREENE, Adjutant-General and Chief of Staff.

To avoid the many annoyances found in handling machinery where belts are used for the transmitting of the power, it is advisable to use some kind of a dressing on the working surface of the belt, that will overcome the loss of the power by the slipping of the belt over the pulleys, and at the same time preserve the life of the belt.

These merits are found by the use of WHITMORE'S PLOMO BELT DRESSING which is carried in stock, for immediate shipment, at Dallas, Texas.

The ginner will please take notice that a saving of at least 50 per cent in running expenses and the turning out of one-third more cotton in a stated time, can be brought about by the use of our compound.

For further information address PLOMO SPECIALTY MFG. CO., Dallas, Texas.

## THERE WAS REJOICING AT THE TABERNACLE

A Church Debt of One Thousand Dollars Liquidated—Successful United Effort Did the Work.

At the regular prayer meeting held at the Christian Tabernacle last night a most pleasing announcement was made to the members to the effect that \$1,000 had been raised with which to liquidate a certain debt due on the structure. It was stated that the official board of the church had raised \$475 and that the Ladies' Aid Society had raised an equal amount—all the result of persistent effort, which, however worked a hardship on no one. Only about three months had been devoted to this effort, and so quietly and systematically had the work been done that no noise or dissension had resulted. When the announcement was made last night there was much rejoicing. Included in this \$1,000 were \$50 raised by the Young Lady Eighties.

Rev. R. B. Sanders, secretary of the Texas State Missionary board was present last night, and made an impressive and helpful talk.

### Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Smallwood & Anderson, and Anderson & Smallwood.

There is a good deal of railroad development going on in Texas, but the section which needs it most is not getting its proper share. Portions of Southwest Texas are still without railroad facilities and capital and enterprise are neglecting a very promising field.

"On July 3, the Crescent Hotel, at Eureka Springs, opens as an all-year-round resort, under the management of the Frisco System. Extensive renovations and improvements have been effected which will make the Crescent Hotel the equal of any hostelry to be found in the Southwest."

# LEGAL NOTICES.

## ORDINANCE NO. 844.

An Ordinance to require railroad companies to light all crossings at the intersection of their tracks with any of the streets of the city.

Be it ordained by the City Council of the City of Fort Worth:

Section 1. That each and every railroad company, whose track or tracks cross any street or streets of the City of Fort Worth, is hereby required to keep each such crossing well lighted at all times from dusk to daylight so that the traveled way, and the limit thereof, and all obstructions thereon and all inequalities in the surface thereof shall be at all times plainly visible, and, for that purpose, each such railroad company is required to provide, maintain and keep lighted, from dusk till daylight, gas or electric lights of not less than 1,200 candle power, for each separate track, at each street crossing.

Sec. 2. Any railroad company, which shall fail or neglect to comply with any of the provisions of the preceding section of this ordinance, shall, upon conviction, be fined not less than ten dollars and not more than one hundred dollars, for each and every offense.

Sec. 3. Each and every night where in any railroad company shall fail, neglect or refuse to light and keep lighted each of its crossings in the manner required by this ordinance shall constitute a separate offense and be punished by a separate fine in accordance with the provisions of section 2 hereof.

Sec. 4. This ordinance is intended to be cumulative of all ordinances now in force, requiring the lighting of certain railroad-street crossings in the said city.

Sec. 5. This ordinance shall take effect and be in force from and after its passage and publication as required by law.

Filed June 20, 1902.

JNO. T. MONTGOMERY,

City Secretary.

Passed under suspension of the rules June 20, 1902.

JNO. T. MONTGOMERY,

City Secretary.

Recorded in ordinance book D, page 619, June 24, 1902.

JNO. T. MONTGOMERY,

City Secretary.

This ordinance not having been approved nor disapproved by the mayor within three days after its passage as

required by the charter, takes effect the same as if approved.

JNO. T. MONTGOMERY,

City Secretary.

## Notice to Taxpayers.

The City Assessor's books are now ready and the Board of Equalization will convene on Monday, June 23d, in the City Assessor's office in the City Hall and continue in session every day thereafter, excepting Sunday, from 10 to 12 o'clock in the forenoon and from 2 to 4 o'clock in the afternoon.

All owners of real estate are requested to bring descriptions of their property with them when coming to inquire values.

It is very important that all owners of real estate should appear before the Board of Equalization as a great many changes in values have been made since last year. Many improvements have been made since Jan. 1st, last, that may possibly appear on the tax rolls for this year and all mistakes of this or any other character will be corrected by the Board of Equalization on application of the owners.

Be sure and bring descriptions of your real estate with you.

G. H. DAY,

City Tax Assessor and Collector.

## Notice to Water Consumers.

On account of the critical drought, please be as careful as possible in use of water. No sprinkling of lawns will be permitted except between the hours of 5 and 9 p. m., whether used through meter or by flat rate.

To consumers in the Seventh and Eighth wards. The pressure from the stand pipe is cut off until an increased supply of water is obtained. Direct pressure is now used. Parties on the high points will get good pressure, from the new plant between the hours of 6 and 8 p. m. and 5 and 7 a. m.

Very respectfully,

A. W. SCOBLE, Superintendent,

Water Department.

## Notice to Contractors.

Bids will be received for a two-story and part three-story 350-foot front brick hotel to be built on Main street, between Central avenue and Twelfth street, North Fort Worth, for Sam Rosen. Plans and specifications for above are now on file till Thursday 10 a. m., July 17, 1902, in the office of L. B. Weinman, architect, 711 Main street, city.

## MAIL-TELEGRAM TO PUSH TO THE FRONT

CONTEMPLATED RE-ORGANIZATION IS PERFECTED.

Strong Company With Ample Capital, Enterprise and Experience Is Chartered By the State.

When the Mail-Telegram property changed hands on April 1, it came under the control of C. W. Hutchinson and others of Kansas City and the intention then was the formation of a newly organized company. On account of certain good reasons the organization was deferred until July 1, when all arrangements and details were completed. The company was chartered by the secretary of state and the organization began business under the new charter free of all debt of any kind; and with ample and sufficient capital, together with the energy, capability and enterprise behind it that has given pronounced success to newspaper properties elsewhere, the Mail-Telegram will be pushed and made a newspaper that will take rank with the best in the south.

The capital stock of the new company is \$30,000. The incorporators are C. D. Reimers, J. G. Cary, C. W. Hutchinson, B. D. Tarlton and B. P. Ayres.

A Metropolitan Newspaper. Fort Worth is large enough, metropolitan enough to have as good a newspaper as there is published in the state. It will be the purpose and the aim of the new company to reach that goal.

Not a dollar of capital has been raised by the new company in Fort Worth to push this enterprise. Not a dollar will be asked of the people of this city for this enterprise.

The gentlemen who compose the list of stockholders have located in Fort Worth after a careful survey of the entire newspaper field of the south and west. They come here because they believe Fort Worth offers the best opportunity in the entire west or south for investment in the right kind of newspaper property. There is no place in the south or west that is going to grow and prosper during the next few years like Fort Worth. The new Fort Worth Telegram company is willing to back that judgment with hard cash in the quantities that is required to build up a big and successful newspaper property, in a growing, prosperous town.

A Business Proposition. The Fort Worth Telegram company will build up the Telegram and Mail on a purely business basis. It will ask no bonuses, no concessions. It will be a business enterprise published for profit and as such will give full value in news for every dollar invested by the subscriber and full measure in results to the advertiser for every dollar invested.

The Telegram and Mail will be a newspaper that will be controlled by no one other than the publisher. Its one aim will be to be a newspaper, pure and simple. As such its readers can pass judgment.

C. D. Reimers, one of the principal stockholders, will be president of the company. He is a newspaper man of ten years' experience and comes to Fort Worth from Davenport, Iowa, where for three years he was publisher and editor of the Davenport Times, a newspaper enjoying a circulation of over 7,000 circulation and published in a town about Fort Worth's size and where no less than five daily newspapers thrive. His experience has taken him through all departments of successful newspaper publishing.

J. G. Cary, also comes to Fort Worth from Davenport, Iowa. He will be secretary of the new company. His experience is that of a lifetime in the newspaper business. For five years he was connected with the business department of the Davenport Times and he brings to the Mail-Telegram ability and experience that will count largely in the upbuilding of the property.

Tarlton and Ayres are attorneys for the new company. Increased Facilities. The mechanical department of the Mail-Telegram will at once be largely augmented so that the plans of the new company can be speedily carried out. Something over \$5,000 will be put into up-to-date machinery and new type and equipment. The telegraph service will be largely increased and the local news department will be so organized that nothing worthy of chronicling will escape observation.

These are the things the Mail-Telegram is going to do. They will be accomplished without further ado and, as already stated, the judgment of the readers can be passed accordingly.

There has been no change in the personnel of the Mail-Telegram force. There is no intended change. What force is now occupied with the issuing of the paper will be augmented. The general policies of the past, consistent with good business sense, will be strictly adhered to.

### THREATENING BLAZE ADMIRABLY HANDLED

Fire Broke Out in a Room on the Third Floor of Oxford Flats at an Early Hour This Morning.

At 6:45 o'clock this morning fire was discovered in a room in the east wing on the third floor of Oxford flats, and had developed to an alarming headway when the companies covering that territory arrived.

Notification was sent in by telephone and an alarm-biven by transmitter.

When Chief Maddox ascended the stairway the fire was bulging from doors, windows and transoms and was too hot for chemical service and he caused two lines to be laid from the Houston street entrance and led his men directly into the furnace of almost unendurable heat. So fierce was the heat and dense the smoke that it was necessary to fight their way and crawl on the floor to get at a vantage point. This they did and confined the fire to the room of its origin, except that the wood work of the hallway on either side was damaged by fire, smoke and water. The first crew to gain access to the fire was soon followed by another with two lines of hose from the Sixth street side, scaling the awning to the roof, directing one stream of water through a window of the third floor.

It was an admirable piece of work, considering the headway the fire had gotten, the difficulty in reaching it through long hallways, the inflammable material upon which the flames fed, and the torrid condition of the street.

As a result, the interior of the room where the fire started was pretty well burned, together with such contents as were not hurriedly removed.

The White Mercantile company, whose place had not been opened for the day's business, suffered some considerable damage to stock on the first floor by reason of water getting through the floors.

The room was occupied by Charles F. Adams, who had gone to breakfast, and just what caused the fire is yet unknown. It was at first thought to have been a gas stove, but this remains unestablished by either fire, water or smoke, and is located immediately over the bath tub. Chiefs Maddox and Biddeker are inclined to the belief that a cigar, or cigarette, or perhaps a match carelessly thrown down caused the fire. Trash and coal in a heater in the room were furiously burning when Chief Biddeker first got into the room, but he is sure this ignited from the intense heat.

The fire was in the heart of one of the most valuable business blocks in the city, and Chief Maddox and his men have been the recipients of much favorable comment for their prompt and decisive work.

The building is owned by Glenn Walker, and the flats are conducted by Mrs. Harrold. Mr. Walker, the White Mercantile company and Mrs. Harrold carried insurance.

While the loss will foot up a few hundred dollars, the total is considered a mere trifle when consideration is given to what it might have been.

#### Estimated Losses.

Assistant Fire Chief Biddeker estimates the damage on the building at between \$700 and \$800; damage to contents in flats, about \$300. The damage to the White Mercantile company is difficult to arrive at. It was caused from the stock getting wet, and the establishment is closed today to get things righted, and this closing will enter into the loss sustained. Perhaps the loss here will reach \$1000.

There is \$21,500 insurance carried on the building, and \$28,550 on the contents. Between \$2000 and \$2500 will cover the entire loss.

### DALLAS' FIRE LOSSES NEARLY ONE MILLION

This Dates Only From January 1 of the Present Year—A Fire Fighter's Experience in the Service.

Discussing the many and recent disastrous fires in Dallas today, a prominent insurance man said that over \$900,000 in fire losses, including the loss of yesterday, had fallen against insurance companies for Dallas since January 1 of this year. The firemen, too, said he, have been particularly unfortunate in successfully handling these big conflagrations. He attributed this not to incompetency, but simply to hard luck and the peculiarly aggressive nature of the fires.

A local fireman present commented upon the fact that several firemen had become overheated and some, among them the chief, had been seriously injured while engaged in fighting recent fires. He said that his years of experience had taught him that the closer

a fireman could get to the fire the less danger he was liable to encounter, either from overhear or bodily injury. He explained this by arguing that firemen were exposed to greater heat at a distance the width of the street away than by being "up against it." The water thrown in the building causes the heat to be less intense in close quarters than at a distance, and the danger from falling debris is greater on the outside than on the inside. He said this not in a spirit of criticism, but in giving his experience in fire fighting. He added that to "butt right in on a fire and go after it" was the key to the situation.

Another man in the bunch revived Hon. John W. Springer's remarks in the speech made at the city hall last year when the final effort was made to raise the \$100,000 bonus for the packing houses. Mr. Springer said: "Gentlemen, if you fail to raise this bonus tonight your city will grow up with weeds, your business houses will be occupied only by bats and hoot owls. On the other hand, if you raise this bonus, your city will go on, grow and prosper, and there will be more fires in Dallas than you ever heard of."

### AT GRUNEWALD PARK IN CHARITY'S NAME

An Entertainment This Evening for the Benefit of the Free Kindergarten Fund—A Worthy Charity.

An evening of real pleasure is assured all who attend the promenade concert to be given at Grunewald park tonight for the benefit of the Free Kindergarten fund. While the feature is a promenade concert, musical and literary selections appear on the program which will prove delightful. Among those on the program will be Miss Mildred Bennett in recitations, the Arions will sing, the Davenport orchestra will furnish musical selections and Professor Algeyer will preside at the piano.

In addition to the pleasures of the evening assured by the above partially outlined program, the purpose for which this entertainment is given should appeal to the citizens generally. The proceeds of the evening go to the Free Kindergarten fund. No institution in Fort Worth deserves more heartily the patronage of the public than does this, and the ladies in charge are doing a commendable work.

Ample street car service is promised.

#### REPULSIVE FEATURES.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at H. T. Pangburn & Co.'s.

### MASONIC WIDOWS' AND ORPHANS' HOME

Colonel Mott of Galveston Named as President of Board, to Succeed Judge Miller, Deceased.

As a result of a meeting held yesterday afternoon by board of managers of the Masonic Widows and Orphans' home, Colonel M. F. Mott of Galveston was named as president of the board to fill out the unexpired term of Judge James F. Miller of Gonzales, deceased.

Appropriate action was taken upon the death of Judge Miller and it was decided to hold memorial services on Sunday, July 20 at the Home, to which the public was accorded a cordial invitation.

Superintendent Rainey reported three widows and 93 pupils in the Home.

A proposition is under consideration to make necessary improvements at the Home, upon which a report will be made later.

## Kidney Disease Kills.

Its Victims Numbered by the Hundreds of Thousands.

Kidney disease should be attended to at once, for almost 90 per cent of our unexpected deaths of today are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whisky and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter:

"I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely; it bothered me a great deal, and have found great relief from its use, and cheerfully recommend it."

### HON. OCIE SPEER HERE YESTERDAY

En Route Home From Erath, Palo Pinto and Eastland Counties—Convention Called for Henrietta, July 18.

Hon. Ocie Speer, candidate for the position of associate justice court of civil appeals, Second supreme judicial district, was here yesterday en route to his home, Bowie, in Montague county. Judge Speer had been out in Erath, Palo Pinto and Eastland counties looking after his interests and stopped over here to visit his brother.

Speaking of his candidacy, Judge Speer says there are 215 votes in the district. He has 115 pledged, quite a sufficient number to nominate him on the first ballot, and others have been promised him. There are 93 counties in the district, being the largest judicial district in the United States.

The convention has been called for July 18, 2 p. m., at Henrietta, in Clay county. Judge Speer made a hard fight to have the convention pulled off in Fort Worth, he says, but Henrietta was selected as the place.

"On July 3, the Crescent Hotel, at Eureka Springs, opens as an all-year-round resort under the management of the Frisco System. Extensive renovations and improvements have been effected which will make the Crescent Hotel the equal of any hostelry to be found in the Southwest."
