IF DEWEY IS CORRECT AMERICAN SOLDIERS WERE SLAIN FOR HONOR OF SPAIN.

A BONA FIDE FIGHT

A LETTER FROM CAPTAIN THOMAS M. ANDERSON.

SURRENDER OF MANILA

General Anderson's Version of Events Differs Very Materially From That Given by Admiral Dewey—Two Sides to the Story.

Chicago, July 11.—General Thomas M. Anderson has addressed to the Record-Herald a letter giving his version of the surrender of Manila in which he differs materially from the statements made by Admiral Dewey.

National Soldiers' Home, Erie County, O., July 9. To the Editor—Admiral Dewey is quoted as saying in his evidence before the senate Philippine committee that when Manila was surrendered it was in pursuance of a definite understanding between him and the Spanish governor general.

Admiral Dewey is a great naval officer. He did the state great service, yet I must say, with all deference that he is mistaken in his statement in relation to the surrender of Manila.

Several days before the assault made on August 13, Father McKinnon, the Catholic chaplain of the First California, was permitted to pass our lines and go into Manila.

The admiral says we differed very much from the beginning. I hope our countrymen will believe that we differed very much about this. If there ever was such an understanding I did not know it and the army did not know it.

The admiral is reported to have testified that the Spanish authorities offered to surrender to him the day he destroyed the Spanish squadron.

I now learn for the first time that my correspondence with Aguinaldo was not approved by the admiral. Permit me to remark that he had no occasion for a correspondence.

I wrote some letters to Aguinaldo which seemed necessary at the time. He had arrested some of our officers for entering the town of Cavite without his permission.

Referring now to the original position in reference to the surrender of Manila was misleading I wish to say that no doubt the admiral and Gen. Merritt both thought they had made an agreement with the Spanish authorities in which the city was to be taken without bloodshed.

Speaking for the second division of the Eighth army corps permit me to say that its attack on the defenses of Manila was not in the nature of an opera bouffe demonstration.

(Signed) THOMAS M. ANDERSON.

FOR SENDING THE BOYS SOUTH.

The State of New York Has a Claim Against England.

New York, July 11.—Aid of the state department at Washington is to be invoked in getting the British government to reimburse the state of New York for expenses incurred in transporting to New Orleans muleteers who had been employed aboard British transports.

Nine men were in the last party and have just been furnished by the authorities with transportation to New Orleans.

A MONSTER MORTGAGE FILED.

The Brooklyn Rapid Transit Company Preparing for Improvements.

New York, July 11.—A \$150,000,000 mortgage authorized by the stockholders of the Brooklyn Rapid Transit company has been filed in the Brooklyn register's office.

Bonds to the amount of \$5,000,000 already have been sold.

AN AGREEMENT CONCLUDED.

Boston Expects Peace in the Building Trades for a While.

Boston, July 11.—An agreement has been concluded between a committee representing the 2,500 building laborers of this city and vicinity and the arbitration committee of the Massachusetts Masons' Building association which it is expected will keep peace in that branch of the building trade at least for one year.

BREAKERS AHEAD FOR LITTLE CUBA

A New York Man Predicts That There Will Be Serious Trouble Within Sixty Days Because the Blacks Are Denied Office.

New York, July 11.—In the opinion of Captain John Conroy, superintendent of the harbor improvement work that is being done at Cardenas, Cuba by a New York contractor, there will be trouble within sixty days.

"There is a state of great uneasiness in Cardenas," he added. "They have two banks there, with only twenty-four policemen to protect them."

TO SETTLE CHICAGO STRIKE.

The Board of Arbitration Has the Freight Handlers in Hand.

Chicago, July 11.—The board of arbitration early this morning decided to meet at 10 a. m. and arrange a plan of settlement of the freight handlers' strike to be submitted to the railroads.

HE HAD SORE EYES AND COULDN'T LAND

A Peculiar Case of Deportation of a Man Who Had an Incurable Malady Has Been Brought to the Attention of New York Authorities.

New York, July 11.—A peculiar case of deportation involving the right of a patient with an incurable malady to land in this country for the purpose of consulting a specialist, is that involved in the compulsory departure of Guillermo Sangerius, a wealthy Spaniard of Havana.

Senor Sangerius arrived here from Cuba June 7. A physician of the United States marine hospital service detailed to the immigration service boarded the steamer after she had passed quarantine inspection.

Senor Sangerius protested and explained that he had come here for the purpose of consulting the most noted specialists of this country.

DEADLY DAMP

CAUSE OF AWFUL EXPLOSION IN CAMBRIA COAL COMPANY'S MINE AT JOHNSTOWN.

WORK OF RESCUE

CORPSES RECOVERED AND PILED UP LIKE CORDWOOD.

THE WORST NOT KNOWN

It Is Believed that the Victims Will Number Only 175, But the Seat of the Disaster Has Not Yet Been Reached.

Johnstown, Pa., July 11.—Eighty-seven bodies had been recovered up to 5 o'clock this morning while the work of rescue had not penetrated near the seat of the disaster.

A temporary morgue has been improvised in the Johnstown armory of Company H. Fifth regiment, where all will be brought as soon as taken from the mine.

The latest estimates of the number of dead fix it at 200.

Superintendent Robinson is unable to determine the direct cause of the disaster, but undoubtedly there was an explosion of fire damp.

He thinks only a few deaths were caused by the explosion itself, the others being due to the after damp.

The latest estimates of the number of dead reduce the fatal scope of the calamity. But these while fixing it at around 100 are not conclusive.

General Superintendent G. Robinson would not say at this time whether he thought there were 100 or 300 dead. He says there is no way of telling until a full investigation of the mine is made.

The work of search and rescue is continued this morning.

It is now believed that the victims will number 175, 47 of them Poles. The majority of them have families.

THE IRISH ARE ALL RIGHT.

There's Nothing the Matter With Erin, Says a Returned Visitor.

New York, July 11.—John D. Crimmins, the well known capitalist of this city, who has just returned from Europe, says he was surprised to see Ireland in such a prosperous condition.

"People here," he said, "have a wrong idea of the conditions there. Everything is booming. The peasants have farms which are prettier and present a better kept appearance than any I have yet seen."

WILL TAKE THE MEASUREMENTS

A New Fortification to be Erected on Devil's Island by the British.

New York, July 11.—Royal engineers will take the necessary measurements this week, says a World special from Halifax, N. S., for the proposed new fortification which will be larger and more powerfully armed than that at York redoubt, which is next to Gibraltar in impregnability.

The new fort will be constructed on Devil's island at the western entrance to Halifax harbor.

The military authorities received word from the London war office to the effect that \$1,500,000 will be placed at the disposal of the authorities for the first year's work.

THE POLICE CHIEF REINSTATED

Acquitted of Charge of Favoring the Riotous Strikers.

New York, July 11.—After a trial lasting until early today Police Chief Graul of Paterson, N. J., was acquitted of the charges made against him by Mayor Hinchliff, who suspended him for alleged neglect of duty during the recent riots of striking silk mill workers.

Chief Graul was reinstated in his office by the board of aldermen with full pay for the time of his suspension.

J. Pierp Can Have What He Wants if He Cuts Down Interest.

Paris, July 11.—It is reported here that Pierpont Morgan is negotiating with Turkey for the conversion of the Turkish debt of one billion francs into securities bearing a lower rate of interest than the present bonds.

THROUGH A CORDON OF GUARDS.

Outlaw Tracey Escaped As if He Were a Phantom.

Covington, Wash., July 11.—Outlaw Tracey has performed the marvelous again and has slipped like a phantom through a cordon of guards. He fought a battle with deputies a mile west of here and escaped into the timber. In the fighting no one was hurt.

Burnett's Vanilla Extract has outlived criticism. It is the finest and purest vanilla extract that can be bought. Once tried, always used.

HOMELESS FLOOD SUFFERERS.

No Place to Sleep and Nothing to Eat—Property Damage.

Des Moines, Ia., July 11.—Hundreds of homeless flood sufferers spent the night in school house yards and down town parks without as much as a blanket to cover themselves.

He eats heartily in the hottest weather who uses Prickly Ash Bitters. It keeps his stomach, liver and bowels in perfect order.

REFUSE TO SIGN THE OATH.

Officials of the Late Free State Government Have Minds of Their Own.

Bloomfontein, July 11.—Boer commandants, field cornets and officials of the late Free state government refuse to sign the oath of allegiance, though few object to signing a document called a "declaration" acknowledging King Edward as sovereign.

MUCH DISCUSSION IN LEGAL CIRCLES

The Gaynor-Greene Case Stirs up a Big Lot of Excitement Among Our Northern Neighbors—Opinion All One Way.

New York, July 11.—There was much discussion at the court house and in legal offices over the latest development of the Gaynor-Greene case, says the Quebec dispatch to the Times.

C. A. Pentleton, K. C., of the firm retained by the United States authorities, refused, however, to talk of the matter. He said:

"We made no comments to newspapers; we reserve our opinion for our clients and we are not looking for advertising."

This probably very fairly represents the opinion of the lawyers who are representing the United States. They are content simply to await developments.

"I was much amused at the latest move of the United States authorities. As for the charges against the minister of justice and myself they are simply ridiculous. We are both in public life and have no time for cases, but the fact that Mr. Taschereau is in partnership with us should not prevent him from making a living by his profession, and at any rate, granted that we have followed the case with some interest, what effect can that have? We are lawyers, not judges, and so long as the case is in the courts any interference by us would be an impossibility."

The United States authorities were badly advised when they openly stated that they could not get justice in proceeding against the prisoners in Quebec. By these means they aroused a bitter public opinion against themselves and the sensational way in which the case began by the kidnaping of the prisoners did not strengthen their case.

Mr. Chaveau said that undoubtedly he made a mistake in being the son of an extradition judge but now that such was the case he trusted that the plaintiffs would overlook it and permit him to practice his profession as an advocate.

The case will come up this morning. Mr. McMaster for the United States will move to quash the latest writs of habeas corpus. Instead of an adjournment it is considered likely that the discussion of the merits of the case will proceed immediately unless there is some further understanding between the lawyers.

LONDON SOCIETY PARALYZED BY KING'S ILLNESS.

London, July 11.—While King Edward's restoration to health is assured, the social season is in extremis. Official entertaining continues in connection with the colonial and Indian guests and charity fetes are conducted on an unexampled scale.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise.

ILL FEELING CAUSED BY BRUTAL CARTOONS

Great Britain Is Very Sore Toward Germany on Account of the Liberties Taken by the Cartoonists for German Newspapers.

Berlin, July 11.—The government officials here are taking cognizance of the ill feeling in Great Britain toward Germany caused by the brutal cartoons and pleasantries on King Edward's illness.

The foreign office has been showing unusual sensitiveness over what is printed in England about Germany. Before the British ambassador, Sir Francis Lascelles, left Berlin for the coronation the secretary for foreign affairs, Baron Von Richthofen, conversing with him at the British embassy about the attitude of the correspondents in Berlin of English newspapers produced copies of several dispatches written in an anti-German tone.

The ambassador read them, touched a button and had a scrap book brought to him. He then pointed out to Baron Von Richthofen two or three articles, clipped from the German press of the most outrageous character against Great Britain and the British royal family.

The ambassador put his own clippings in his pocket and changed the subject.

Grand Clearance Sale

Trunks, Bags and Cases.

We have just received word from headquarters that our new factory will be completed in August, we will then have the most modern Trunk Factory in the United States. We will in August remodel our salesroom, 711 Main street; this will necessitate shifting and handling hundreds of trunks, traveling bags and cases; we wish to facilitate this task; in order to do this we must have room, therefore we have inaugurated a "Grand Clearance Sale," which means that we will sell strictly at manufacturers' cost for the next twenty days, which will afford you the opportunity of buying a trunk, traveling bag, suit case, telescope case, toilet case and anything in the line of traveling goods at strictly manufacturers' cost. If you contemplate a trip it will pay you to buy for future use. We will as in the past uphold the standard of our goods, the only thing cut is the price, which will save you from 25 to 50 per cent.

THE VAN REHEARING ENTERED INTO TODAY

THE MORNING HOURS WERE DEVOTED TO EVIDENCE TAKING.

Argument Commenced This Afternoon — Judge Hurt Engaged By the Defense, is Present.

Pending further hearing in the argument for new trial in the Jeff Van murder case yesterday afternoon, Judge Dunklin, in the Forty-eighth district court, took up for consideration the case styled state of Texas vs. Gulf, Colorado and Santa Fe Railway company, penalty for discrimination; penalty \$5000. This case was filed in the district court on March 8 last, by Attorney General Bell. In the action it is alleged that the defendant company charged an exorbitant rate on a car load of corn shipped from Texarkana to Goldthwaite. Argument was indulged in during the afternoon, Attorney General Bell presenting the state's side, and Charles K. Lee of Fort Worth represented the defendant company. Judge Dunklin has the case under advisement, and much interest is manifested in the outcome.

The only business of interest at the court house today was the evidence being taken in the Jeff Van murder case on a motion for a new hearing. This case has been set for various dates on which to present evidence and make arguments for a rehearing; but not until this morning was the case entered actively into. The defendant, Jeff Van, and his attorneys—Messrs. Wynne, Bowlin, McCart and Hurt—are present, as are also Prosecuting Attorney Lattimore and Judge W. R. Parker, who is assisting him, and who assisted in the successful prosecution of Van. Judge Hurt did not take part in the examination of witnesses, but convicted. Because of his connection with the motion for a new hearing, additional public interest has been manifested in the case, and his venerable presence causes new legal interest as well as public. He is taking no part in the investigation of witnesses, but will engage in argument of evidence and law points on which the new hearing asked for is based.

Up to noon absolutely nothing new had developed in the light of additional evidence favorable to the defendant. County Attorney Lattimore is waging such a fierce direct and cross-examination that the general impression about the court house is that the defense has fallen down on introducing material evidence beneficial to the defendant. As to the legal points, of course, these will come out in the argument.

Van maintains a stolid demeanor, apparently indifferent to all surroundings save the interrogations and answers. The several weeks' confinement in the county jail has made no noticeable change in his appearance except that his complexion is paler.

It is doubtful if the argument will be finished this afternoon.

ROCK ISLAND TO BUILD FOR SPEED

LOW CURVATURE AND GRADE PERMITS FAST TRAVELING.

Construction Forces to Concentrate Between Here and Dallas and Complete Work by Christmas.

The Rock Island will soon concentrate its construction forces on the line between Fort Worth and Dallas, and hopes to have trains operated in the latter place by Christmas day, according to the Dallas committee. Some delay is anticipated in securing sufficient laborers owing to the cotton season which usually takes the surplus, and more particularly this year on account of extensive railroad building in the southwest.

The Rock Island, when completed, will go into Galveston with a road built for speed. The rails will be 80 pounds in weight, curvature not exceeding two degrees, and the grade no higher than six-tenths of 1 per cent. Estimates already furnished contemplate the road to cost \$10,000 more per mile than any in Texas. Such conditions will permit of fast traveling both for freight and passengers.

GALVESTON FOR LOWER RATE.

Says Price is Too High for Convention.

Galveston is working for a rate lower than one and one-tenth fares for the convention. All state roads named usual convention rate with the usual limit of travel, but the local committee there fears the price will be too high from North Texas points. Again, it says, there is no contest in sight, hence nothing about the convention to draw the people.

The Santa Fe says it is willing to make a \$5 round trip rate.

The proper government of municipalities in the United States will no longer become the despair of the economists, who realize that the civic spirit and the private conscience need to be quickened. The best method of overcoming vice is by making it odious and by shunning the unclean thing.

Capital is as necessary for the proper development of natural resources and the remuneration of labor as labor is for the proper use of capital. One cannot exist independently of the other. There is a vast difference between a corporation, in the ordinary sense of the term, and a corporate monopoly, commonly known as a trust.

Wherever gambling or similar unlawful practices are permitted to be done without police interference the inference is strong that the gamblers pay for protection. In cities where valuable franchises are bestowed upon political syndicates without adequate return to the municipal treasury there is ground for suspicion that the officials who thus betray their constituents are actuated by corrupt motives.

Elsewhere in this issue will be found the announcement of the University of Texas for the session of 1922-1923. This institution is becoming a growing power in the educational field of the country. It has more than 1200

alumni, many of whom occupy high places of public trust and honor. Its graduates are members of the faculties of the University of Utah, Western Reserve university, Bryn Mawr college, the University of Chicago, Cornell university, Yale university and Harvard university. In every department of the public and civic life of the state, will be found the influence of this institution exerted by men and women who have studied in its halls. The students today number more than 1100; the equipment and instruction is modern and progressive; the available resources increase year by year. The value of a home education is unquestioned. No tuition fees are charged and the boy or girl of limited means may here find a chance to secure the best training at the lowest cost.

THREE DEMOCRATIC ORACLES.

Another Democratic oracle has spoken. This time it is the well-worn voice of William J. Bryan that rises on the air. As was to be expected, there is no sweetness in the tones. William is mad clear through. It was distressing enough to be deposed from the party leadership, but insult was added to injury when Eastern Democrats sought to replace him by calling back that exiled statesman, Grover Cleveland. Because of this attempt to rehabilitate an old leader, Bryan comes on deck once more, trumpet in hand, and his words are a raucous call to "repel boarders." That is his way of restoring harmony.

Within a week three brands of Democracy were shown in public, and each drummer has praised his particular brand as being the only one that can give back lost vigor to the rheumatic Democracy. First Grover Cleveland spoke his piece. He had nothing to apologize for; if his party had continued to use his brand it would never have lost the confidence of the people—in other words, the other side would not now be enjoying a monopoly of public office. Henry Watterson, hissing through his clenched teeth, next came to the front. Cleveland's brand was an unreliable mixture, he said, and the man who mixed it put in adulterations that had already poisoned the party. Watterson had a brand of his own, but he was busy berating Cleveland and did not say much about it. He made it plain, however, that he wants his politics served after the manner of a true Kentuckian—straight and strong, with neither Clevelandism nor fusionism. William J. Bryan was the last of the drummers to speak. His brand, of course, was the only true brand, and none other should be kept on hand. He, too, scored Cleveland, calling him traitor, and declaring that such a mixer could never again be given the keys to the sideboard.

Democratic harmony is now complete. If you do not believe it, hearken to what the Nebraska oracle says of Cleveland, the man whom Eastern Democrats look upon as the Moses of the party: "His administration, instead of being a fountain of Democracy sending forth pure and refreshing streams, became a stagnant pool from whose waters foul vapors arose—poisonous to those who lingered near. Having debauched his party, he was offended by its effort to reform, and gave comfort to the enemy. Virginia killed his daughter to save her chastity; Cleveland stabbed his party to prevent its return to the paths of virtue."

Cleveland wants harmony, but he really would insist on Watterson and Bryan being weighted down with about a ton of iron and cast into the sea. Watterson could get along with Bryan, if Bryan would confine his attentions to his own state, but never could he be reconciled to Cleveland. Bryan might put up with Watterson if Watterson would only consent to taking a little Populistic bitters in his even as a chaser, but never could a Bryan consent to crossing the threshold of any party tavern that permitted Grover Cleveland to serve the liquor. There is the situation, and whoever attempts to resolve harmony out of the tangle is welcome to the task, for it is certain that two, if not all three of the rivals, will turn and rend him.

Do you want a sound liver, vigorous digestion, strong healthy kidneys, regularity in the bowels? Take Prickly Ash Bitters. It has the medicinal properties that will produce this result.

OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandire may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S., being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

Write us fully about your case and let our physicians advise and help you. This will cost you nothing, and we will mail free our book on blood and skin diseases.

PLEASANT BIRTHDAY PARTY.

Little Charlie Swartz Entertains His Young Friends Handsomely.

Master Charlie Swartz entertained a party of his friends from 3 to 6 p. m. on his ninth birthday, Wednesday, at 1008 Hemphill street. Many presents were received. Ice cream, cake and fruit was served and everybody had a good time. Mr. Charles L. Swartz took a picture of the group and little Charlie will finish them himself and present one to every one present as a souvenir of the occasion.

Those present were as follows: Misses Beatrice and Lillie Killinger, Hattie Knox, Oetie Turner, Lillie Skinner, Ray Skinner, Ella Skinner, Mamie Gordon, Edna Allen, Pearl Largent, Masters Philip Becker, Lee Phenix, Ralph Cahoon, Chester Cahoon, Harry Cahoon, John Reed, Elmo Brock, Robin Finkle, Walter Allen, Robert Turner, Wilber Largent, Dick Largent, Dewitt Jones, Edgar Knox.

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds. "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. HAVING A GOOD TIME.

The Boys' Brigade Enjoying Their Outing Immensely.

Some of the parents of the members of the Boys' Brigade of the Broadway Presbyterian church, visited the boys yesterday afternoon in camp. The brigade is encamped northwest from Arlington Heights bluff, and about one mile from Horseshoe Lake. They have named the grounds Camp Parker, in honor of John Parker, the druggist. The parents report the boys having a delightful outing, enjoying the recreation immensely. The camp is on the edge of an open field bordered by a huge grove of trees, and is provided with tents, cots, blankets and an abundance of provisions.

Dr. French was called unexpectedly to files to officiate at the funeral of Rev. J. M. Smith, the Presbyterian minister at that place. He returned late last night and left to join the little soldiers in camp this morning. He bought a wagon load of fine melons for the boys. About 100 are in camp.

SHE'S AN ALL-ROUND NEWSPAPER WOMAN

Miss Lee Carlock, a Practical Printer and Newspaper Writer, Was Here Yesterday.

Miss Lee Carlock, a bright young printer and all-round newspaper woman, was in Fort Worth for a few hours yesterday evening en route to her home, Gordon, Palo Pinto county, from a six weeks' vacation spent in Chattanooga and other points in Tennessee. She stopped over between trains, and visited many points of interest in the city, including the newspaper offices.

Texas has many bright newspaper women, and among them none are more proficient in all the intricate departments of newspaperdom than is Miss Carlock. Being a practical printer, she ably assists her brother-in-law, L. A. McCollister, in conducting the Gordon Courier, one of Palo Pinto county's prosperous weekly publications, filling the positions of foreman, typesetter and "make-up," and is also associate editor. During the summer months Miss Carlock has charge of the entire management of the plant, and in addition to publishing a very readable weekly paper, superintends the business and mechanical affairs of a lucrative job printing department.

Miss Carlock is a niece of Hon. R. L. Carlock of this city.

Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Smallwood & Anderson, and Anderson & Smallwood.

SULLIVAN'S PANTHERS WON ON YESTERDAY

Fort Worth Defeated Paris Leaguers in a Score of 13 to 2.

Sullivan's Panthers by a bold stroke defeated the Paris league aggregation at Haines' park yesterday afternoon—score: Fort Worth 13; Paris, 2.

The new faces in Sullivan's crowd of ball knockers served as an inspiration to others of the team. Cavender a local was chosen to lead the batting. He was warmly applauded. Doyle pitched a better game than for weeks, and the support was in keeping with his work. The score by innings: Fort Worth 0 4 2 0 2 2 0 1—13 Paris 1 0 0 0 0 0 0 1—2

Fort Worth opens today with the Corsicans the tail-enders in the percentage list. The standing is Dallas, Fort Worth, Paris and Corsicana.

THE PERFECT LIVER MEDICINE.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at H. T. Pangburn & Co.'s.

BIG DAMAGES FOR ALLEGED LIBEL

Anna Alexander Brings Suit Against Jacob Kopperl For Over \$30,000.

Austin, Texas, July 11.—(Special.)—For alleged libel a damage suit for \$30,049 has been filed in the Fifty-third district court by Anna Alexander, a widow, against Jacob Kopperl.

The plaintiff alleges that she is a chaste and virtuous woman, always accounted, esteemed and respected as such among her neighbors, of good reputation and fame by all good people.

The plaintiff alleges that in December, 1901, she lived in a house on the corner of East Seventh and Red River streets, belonging to Jacob Kopperl, and that during the month of December he did speak of her as follows in the presence of J. G. Biosset and divers other good people: "The people over there are all right,

but the people (meaning plaintiff) on the corner (where plaintiff resided) are no good. I am going to make them leave on the first of next month."

The plaintiff alleges that the plaintiff intended by these words to accuse her of being a lewd, unchaste and common woman, and because of false, malicious and scandalous words her peace and happiness were greatly disturbed, she became dejected and grieved in mind and enfeebled in body, necessitating the services of a physician at a cost of \$24 and drugs costing \$25.

For her past distress and suffering of mind and body plaintiff asks for \$25,000 and for her future distress and sufferings and her legal expenses she wishes \$5000 damages, which added to medical expenses makes a total of \$30,049.

CROP BULLETIN.

The Report for the First Week in July Very Favorable.

Galveston, Tex., July 10.—(Special.) The report of the Texas climate and crop service department of the weather bureau for the week ending July 7, is as follows:

Temperature—Thermal conditions were unusually favorable during the week for all plant growth. There was an absence of the hot and drying winds that were characteristic of the month of June. There was more than the usual amount of cloudiness, and in consequence the moisture received during the preceding week has been conserved and is being utilized by vegetation to the greatest advantage possible. The average temperature for the week was 83.8 degrees, or approximately 2 degrees above the normal. The highest average was 86.1 degrees at Waco and the lowest, 77.9 degrees at Paris. The highest temperature reported was 100 degrees at Corsicana and Henrietta, and the lowest 61 degrees at Paris.

Rainfall—The rainfall during the week was generally light and scattered, and occurred on the 1st, 4th, 5th, 6th and 7th. The heaviest falls, were 1.10 inches at Kopperl, 1.00 inch at Kyle, 0.90 inch at San Antonio, 0.53 inch at Brenham, and 0.51 inch at Waxahachie. Other amounts reported were less than 0.50 inch. The rains were more general in the region of San Antonio, and in the north-central and eastern portions of the state.

Cotton—The weather during the week has been especially favorable for growth of the cotton plant, and, in conjunction with the rains of the previous week, resulted in a material improvement in the condition of this crop. Correspondents in the region visited by rain are practically unanimous in the opinion that cotton has been greatly benefited by the heavy rains of the preceding week, and that with normal weather during July and August an average crop will be made. The plant is rapidly recovering from the effects of the long-continued drouth, is making a good, healthy growth, and in scattered sections only it is shedding in consequence of the injury received during the period of drouth. In some of the southern counties the early cotton is opening, and a number of bales have been marketed. Scattered reports of boll weevils are received from the south-central portion of the state. Additional reports show that the rainfall of the preceding week exceeded 2 inches over 64 per cent of the acreage to cotton in Texas; ranging from 1 to 2 inches over 23 per cent, and that 13 per cent received no rain or rainfall less than 1 inch.

Corn—There is a considerable improvement reported in the condition of late corn in the central, eastern and northern portions of the state, and in the last named section early corn received some benefit. Northern seed is being planted in scattered sections of the state, in anticipation of its maturing before the coming of frost.

Rice—General improvement in the condition of the rice crop continues as a result of the excessive rain in the coast district during the preceding week.

Miscellaneous Crops—The seeding of milo maize, Kaffir corn and sorghum was general during the week just closed, and in some sections these late plantings are coming up. Sugar cane is making rapid advancement, and the prospects for this crop are much better than previously reported. A general improvement in the condition of

pastures is reported from the eastern half of the state. Preparations for planting gardens are well advanced.

A Cure for Summer Complaint.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer-time.—Lansing, Iowa, Journal. For sale by N. E. Grammer, druggist.

To avoid the many annoyances found in handling machinery where belts are used for the transmitting of the power, it is advisable to use some kind of a dressing on the working surface of the belt, that will overcome the loss of the power by the slipping of the belt over the pulleys, and at the same time preserve the life of the belt.

These merits are found by the use of WHITMORE'S PLOMO BELT DRESSING which is carried in stock, for immediate shipment, at Dallas, Texas.

The ginner will please take notice that a saving of at least 50 per cent in running expenses and the turning out of one-third more cotton in a stated time, can be brought about by the use of our compound.

A Summer Trip

The Trip to Salt Lake City, Utah, through the magnificent scenery of Colorado over

The DENVER & RIO GRANDE RIO GRANDE WESTERN.

AND

"The Scenic Line of the World"

Is the most beautiful in America.

No European trip of equal length can compare with it in grandeur of scenery or wealth of novel interest. Then Salt Lake City itself is a most quaint and picturesque place and well worth the journey. Its Mormon temple, tabernacle, tithing office and church institutions; its hot sulphur springs within the city limits; its delightful temperature, sunny climate and its Great Salt Lake—deader and denser than the Dead Sea in Palestine—are but a few features of Salt Lake City's countless attractions. There are parks, drives, canons and beautiful outlying mountain and lake resorts. Imagine, if you can, a bath in salt water a mile above sea level and in water in which the human body cannot sink. Inquire of your nearest ticket agent for low tourist rates to Salt Lake City, or write for information and copy of "Salt Lake City, the City of the Saints," to S. K. Hooper, general passenger agent, Denver, Colo.

LEGAL NOTICES.

ORDINANCE NO. 844. An Ordinance to require railroad companies to light all crossings at the intersection of their tracks with any of the streets of the city.

Be it ordained by the City Council of the City of Fort Worth:

Section 1. That each and every railroad company, whose track or tracks cross any street or streets of the City of Fort Worth, is hereby required to keep each such crossing well lighted at all times from dusk to daylight so that the traveled way, and the limit therefor, and all obstructions thereon and all inequalities in the surface thereof shall be at all times plainly visible, and, for that purpose, each such railroad company is required to provide, maintain and keep lighted, from dusk till daylight, gas or electric lights of not less than 1,200 candle power, for each separate track, at each street crossing.

Sec. 2. Any railroad company, which shall fail or neglect to comply with any of the provisions of the preceding section of this ordinance, shall, upon conviction, be fined not less than ten dollars and not more than one hundred dollars, for each and every offense.

Sec. 3. Each and every night wherein any railroad company shall fail, neglect or refuse to light and keep lighted each of its crossings in the manner required by this ordinance shall constitute a separate offense and be punished by a separate fine in accordance with the provisions of section 2 hereof.

Sec. 4. This ordinance is intended to be cumulative of all ordinances now in force, requiring the lighting of certain railroad-street crossings in the said city.

Sec. 5. This ordinance shall take effect and be in force from and after its passage and publication as required by law.

Filed June 20, 1902.

JNO. T. MONTGOMERY, City Secretary.

Passed under suspension of the rules June 20, 1902.

JNO. T. MONTGOMERY, City Secretary.

Recorded in ordinance book D, page 619, June 24, 1902.

JNO. T. MONTGOMERY, City Secretary.

This ordinance not having been approved nor disapproved by the mayor within three days after its passage as

required by the charter, takes effect the same as if approved. JNO. T. MONTGOMERY, City Secretary.

Notice to Taxpayers.

The City Assessor's books are now ready and the Board of Equalization will convene on Monday, June 23d, in the City Assessor's office in the City Hall and continue in session every day thereafter, excepting Sunday, from 10 to 12 o'clock in the forenoon and from 2 to 4 o'clock in the afternoon.

All owners of real estate are requested to bring descriptions of their property with them when coming to inquire values.

It is very important that all owners of real estate should appear before the Board of Equalization as a great many changes in values have been made since last year. Many improvements have been made since Jan. 1st, last, that may possibly appear on the tax rolls for this year and all mistakes of this or any other character will be corrected by the Board of Equalization on application of the owners.

Be sure and bring descriptions of your real estate with you.

G. H. DAY, City Tax Assessor and Collector.

Notice to Water Consumers.

On account of the critical drought, please be as careful as possible in use of water. No sprinkling of lawns will be permitted except between the hours of 5 and 9 p. m., whether used through meter or by flat rate.

To consumers in the Seventh and Eighth wards. The pressure from the stand pipe is cut off until an increased supply of water is obtained. Direct pressure is now used. Parties on the high points will get good pressure, from the new plant between the hours of 5 and 9 p. m. and 5 and 7 a. m.

Very respectfully,

A. W. SCOBLE, Superintendent, Water Department.

EXAMINATION WAIVED BEFORE COMMISSIONER

G. E. Sandell Today Placed Under \$1,000 Bond Pending Action of Federal Grand Jury.

The examination set for today before Commissioner Dodge in the case of the United States vs. G. E. Sandell, charged with addressing objectionable letters to Mrs. Joseph Nugent and sending same through the United

States mails, did not come up. Instead of a hearing the attorneys for both sides agreed on a bond of \$1000, waiving examination.

The bond was made by E. D. L. Tims and Troy Hackler of Mansfield. The latter bondsman is the defendant's father-in-law.

The defendant, accompanied by his wife, was present, as was also the prosecuting witness, Mrs. Nugent. Besides these there were quite a number of Mansfield citizens present as witnesses and friends of both parties, among them several ladies.

The defendant was formerly in the drug business in Mansfield.

ALL HACKS ARE NOW HEADED WESTWARD

The Hack and Street Drummer Ordinance Went Into Effect at 10 O'clock This Morning.

A noticeable feature at the Texas and Pacific union passenger station on the Al Hayne plaza this morning was that all the hack, express and bus teams were headed west, and located a number of feet from the west rail of the street car track. This is in accordance with an ordinance recently passed by the city council, establishing a stand for omnibus, carriages, and other vehicles engaged in the carrying of goods and passengers for hire, and regulating the standing of such vehicles and of street cars at said station, and regulating the use of the streets, foot-crossings, footways and sidewalks by drummers, runners, solicitors, ticket brokers and other persons engaged in, or offering to do business thereon. Hotel runners and other solicitors are not permitted within two blocks of said station when in the act of soliciting business. This fact in itself affords great relief to passengers who get off the trains and who have heretofore been harassed to an almost unendurable degree by solicitors insisting on enumerating the bills of fare, etc., and not taking "no" for an answer.

A Test Case.

There is one hackman who does not believe the hack ordinance is legal, or that it will stand the test. As an evidence of this belief he this morning lined up his horse, attached to a coupe, with head directed east, as heretofore. Patrolman Temes warned him that the new ordinance was then in effect, and that he must line up as had the others, horses' heads west. This hackman is the well known Tom Brooks, who was one of the principal witnesses in the Van murder trial. He was loaded, according to the officer's story, with a quantity of back talk, and absolutely refused to turn his horse around, saying that he not only would not do so then, but in future he would refuse to regard the ordinance. The officer carried him to police headquarters, where he was placed under \$100 bond for his appearance in the corporation court tomorrow morning.

The opinion prevails that Brooks' violation of the ordinance was premeditated in order to test its validity.

OIL, NATURAL GAS AND MINERALS GALORE

All Now Being Developed North of Us and Close to Home—Similar Possibilities Nearer.

Hon. A. M. Carter is much elated over the recent discoveries of oil, natural gas and minerals in the territory within a radius of fifty miles from the intersection of Indian Territory, Oklahoma and Kansas. He argues that within the next ten years there will be enormous revelations in that country, and he predicts factories and other substantial enterprises of a building up character that will eclipse any similar section that he can now call to mind. Among the predictions he includes electric motive power for railroads, substituting steam, giving faster time, larger hauls and cheaper rates. Natural gas and oil for fuel, he says, will make this possible.

He adds, in this connection, that Fort Worth has all of these possibilities here at her door, and he does not refer to Beaumont or any of the other South Texas propositions, but here at home, and it only awaits capital and nerve to develop. "Why," said he, "you've got oil and gas right here at Bedford, and you'll hear from it one of these days."

RAIN FELL IN WEST TEXAS.

Midland Got a Downpour for Three Hours.

Rain fell in the territory along the Texas and Pacific between Thurber junction and Abilene last night, and at Midland there was a downpour for three hours.

The Denver reports say the rain was light between Wichita Falls and Childress and from there to Texline was much heavier.

Weather Conditions. The center of high barometric pressure is now east of the Mississippi.

Still retaining its noticeable features—cool, clear weather—its influence is now felt over the entire country north of the Ohio and eastward to the Atlantic.

The barometers in the Rocky mountain region are falling, and there is a corresponding temperature. Showers occurred in Colorado and New Mexico; scattered in Texas, and heavy in the east Gulf states.

GEO. REEDER, Official in charge.

Weather: Tonight and Saturday, fair weather, with but little change in temperature.

SCHLUTER OUT FOR SPEAKER.

East Texas Man Has Almost Votes Enough.

L. S. Schluter of Jefferson, Tex., member of the legislature from Marion county, and candidate for speaker of the next house of representatives, was here last night returning from Mineral Wells.

Mr. Schluter has been a member of the last two houses. In his race for speaker he is within a few votes of election.

WILL GO TO MANILA AS JUDGE IN U. S. COURT

A Tennessee Man Appointed By the President—Is Related to a Prominent Fort Worth Attorney.

D. T. Bomar, Esq., of this city, received word today of the appointment of his brother-in-law, Judge John C. Sweeney, of Paris, Tenn., as judge of the United States court in Manila.

Judge Sweeney will enter upon his duties about September 1. His appointment is regarded as a recognition of merit and fitness on the part of President Roosevelt, as Judge Sweeney is a pronounced and lifelong Democrat in his home state.

COLONEL LANHAM GOES SUNDAY NIGHT

Democratic Candidate for Governor Will Open Headquarters in the Tremont House.

Colonel Lanham of Weatherford, who is the Democratic choice for governor this fall will leave Sunday night for Galveston, where the convention will next week formally declare him the nominee. Judge W. P. McLain, Colonel Lanham's campaign manager, leaves tomorrow night spending a day in Houston en route. The candidate will open headquarters in the Tremont House.

After the convention Colonel Lanham will spend most of his time in east and southeast Texas making speeches before the election. These dates have not been named.

During the last sixty days Colonel Lanham's mail has been quite heavy, chief in which have been letters from position hunters. Until the election, however, no consideration will be given applications.
