STEAMSHIP PRIMUS CUT IN TWO AND SUNK

The Tug Hansa and the Steamer Collide on the River Elbe and the Big Hamburg Vessel Goes Down.

A FEARFUL LOSS OF LIFE FOLLOWS

It is Believed That Fully Fifty Persons Were Drowned—Fifty Reached the Hansa by Ropes and Ladders, Seventy Were Picked Up by Boats, a Few Swam Ashore and All the Rest Found Watery Graves.

Hamburg, July 21.—The steamer Primus, a German vessel, was cut in two and sunk by the tug Hansa on the River Elbe this morning. According to witnesses, the Primus was moving westward, but the tug Hansa, which was moving eastward, struck her. The Primus was cut in two, and the stern part sank. The tug Hansa was damaged but not sunk. The Primus was carrying a large number of passengers and crew. It is believed that fully fifty persons were drowned. Fifty persons were rescued by ropes and ladders from the Hansa. Seventy persons were picked up by boats, and a few swam ashore. All the rest were found in watery graves.

CONFIDENCE LOST IN A CHICAGO COMPANY'S VAULTS.

The Proprietors Claim Their Institution Is All Right But Race Track People Claim \$30,000 Was Abstracted From Their Boxes.

Chicago, July 21.—News of the disappearance of \$30,000 from the vaults of the Masonic Safety Deposit Co. last Saturday had spread to such an extent today that it caused a run on the vaults.

The police have secured no clues as yet to the disappearance of the currency belonging to the race track men. The management still scoffs at the idea that the money has been stolen but the police take the bookmakers' statements as truth.

They said today it would have been a very easy matter to secure duplicate keys and pilfer the boxes.

Be Strong

Weakness won't win

The basis of life is a hard one. Prepare for it. If your constitution is good, preserve it. If it is weak, build it up. If your liver and kidneys are sound, keep them so. You'll need them in the daily struggle. If they are weak, watch them every hour of the day.

To succeed in these troublesome times, you must have a sound liver and safe kidneys; otherwise your blood will be poisoned and your nerves ruined. Diabetes must be known. Bright's Disease must be impossible. Your success would be threatened, your health shattered, so you need a safeguard against physical decay. You need good rest at night—steady, quiet nerves during the day. At the first sign of weakness, be warned.

McLean's Liver and Kidney Balm

will bring speedy relief from pain and decay. And if you have neglected these organs most essential to your success, or if other remedies have failed, it will help you, and re-start the dormant organs back to safe and sure action.

It will remove, as if by magic, the dull, heavy ache in your back, that hurts you when you stand, sit, walk, or lie down. A bottle at \$1.00 will make you a new, well being. Buy it of your druggist. Made by

A NEW PARTY

PLANS FOR ITS ORGANIZATION DISCUSSED AT A CONFERENCE AT MANHATTAN BEACH.

SHIBLEY'S WORK

A COMPLETE OUTLINE PRESENTED AND CONSIDERED.

PETTIGREW'S OPINION

Mr. Bryan Will Not Be a Candidate in 1904, but He and His Friends Will Have Considerable to Say.

New York, July 21.—At a conference just held at Manhattan Beach in which the principal participants were United States Senator F. T. Dubois of Idaho, ex-Senator R. F. Pettigrew of South Dakota, Prof. Garrett Drovers of South Dakota, for 10 years professor of political economy in the Imperial University, Tokio, and George Shibley of Washington, plans were discussed for the organization of a new national party.

So far as it has gone, the new party seems to be an effort to unify the so-called Liberal Democracy, which already has state organizations in New York, Massachusetts, New Jersey, Ohio and Iowa.

Mr. Shibley presented for the consideration of the other members of the conference a complete outline of a plan for a national organization on lines similar to those of the state organization of the Liberal Democracy. At the close of the conference Senator Pettigrew gave a statement in which he said:

"Mr. Bryan will not be the candidate of the regular Democracy in 1904, but he and his friends hope that he will have much to say regarding the platform and the management of the campaign. If he does not, Mr. Bryan and his associates will form a new party, based on the Kansas City platform."

"Free silver will not again be a political issue. When we demanded the free coinage of silver we wanted more money. Since then immense new gold fields in Alaska and South Africa have been opened; there is more money than ever before and greater prosperity. This result is what we predicted when we asked for more money. Times are good in the west in spite of the beef trust. The farmers get more for their cattle and higher prices for their cereals."

"But on other principles, aside from silver, the west has not changed. We adhere to the original principles of Democracy, although the country is fast drifting away from all its own moorings. The main trouble is the departure from the original form of government. A Fourth of July oration of ten years ago will not fit today."

Mr. Shibley, who drafted the outline of the new party, said:

"I have been engaged for years in the effort to establish the referendum, not as a party issue, but as an essential to majority rule. We have now an organization in each state which intends to put all candidates on record on this question and it is bound to be adopted and made a campaign issue, sooner or later."

Two Big Wedding Fees.
When Collis P. Huntington was married for the second time, Henry Ward Beecher performed the marriage ceremony. Huntington's first wife had been dead less than one year, and he desired the second marriage to be kept secret until his return from Europe. He gave Mr. Beecher a marriage fee of \$1,500. When Huntington returned some months later, he went through a public ceremony, and Beecher again officiated. He gave Beecher another fee of \$1,500. The great preacher had his humor aroused by this second fee. Turning to Huntington, he said, "Collis, I do wish you were a Mormon!"

An Old Custom.
Ripon, England, still maintains a custom said to date 1,000 years back. Punctually every night at 9 o'clock the city "wakeners," attired in official costume, appear before the mayor's house and blows three solemn notes on the "horn of Ripon," an instrument decorated with silver badges and with the insignia of the trading companies of the City of Spurns. Thereafter he marches to the market cross and gives one blast on his horn.

Where Tall Men Are Found.
The tallest men of west Europe are found in Catalonia, Spain; Normandy, France; Yorkshire, England, and the Ardennes districts of Belgium. In the United States the thirty-eighth parallel, ranging through Indiana and northern Kentucky, is as decidedly the latitude of big men as the forty-second is that of the big cities.

Medicinal Properties of Cabbage.
In olden times cabbage was supposed to be endowed with marvelous medicinal virtues. Among other things, it was considered as being the only radical cure for drunkenness. Cato, writer of the cabbage, said: "By the use of the cabbage alone Rome has done without physicians for 600 years."

The English Cook.
According to the Lancet, the average English cook "utterly declines to weigh materials for cooking; she will not roast meat, but prefers to put it in the oven, or if as a great favor she puts it in front of the fire, she is too lazy to taste it or to put a screen round it."

Crowned Himself.

That was a curious sort of impromptu coronation in which his majesty King William IV. figured. Things did not go very well with Earl Grey's government after the second reading of the first reform bill had been carried by a majority of one in 1831, and one Friday in April they suddenly got the king to go down and prorogue parliament in person. Somebody went off to the Tower to fetch the crown, and with a scratch body of attendants his majesty drove down to the house of lords. What happened there is described in Groville's "Memoirs."

The king ought not properly to have worn the crown, never having been crowned; but when he was in the robing room he said to Lord Hastings, "Lord Hastings, I wear the crown; where is it?" It was brought to him, and when Lord Hastings was going to put it on his head, he said, "Nobody shall put the crown on my head but myself." He put it on and then turned to Lord Grey and said, "Now, my lord, the coronation is over!"

The crown did not fit very well, we are told, but the prorogation was successfully effected.—London Chronicle.

Lincoln's Hay Crop.

A story of Abraham Lincoln would have to be older than the one below to lose its characteristic savor.

In the summer of 1857 Mr. Lincoln was sitting in his office when he was visited by one of his neighbors, an excellent farmer, but one inclined to increase the size of his crops even after harvesting. He had a fine July paddock account of the hay he had put in.

"I've been cutting hay, too," remarked Mr. Lincoln.

"Why, Abe, are you farming?"
"Yes."
"What you raise?"
"Just hay."
"Good hay?"
"Excellent."
"How many tons?"
"Well, I don't know just how many tons, Simpson, but my men stacked all they could outdoors and then stored the rest in the barn."—Youth's Companion.

Remember the Baker.

At the court of assizes in Venice, when sentence of death is about to be passed, a man clothed in a long black robe enters the court, and advancing to the bench bows profoundly to the judges, saying, "Remember the baker!" Then he bows again and retires. Here is the explanation of the custom: Three centuries ago a baker was executed at Venice for a crime of which he was not guilty. When his innocence was fully proved, the judges who condemned him invested a sum of money, the interest on which serves to keep a lamp perpetually lighted in the place of the doges, this being called the "lamp of expiation." In addition, their fatal mistake has for 300 years been held up as a warning to their successors on the bench when they are about to inflict the extreme penalty of the law.

An English King's Death.
William Rufus was killed by an arrow, either accidental or with murderous intent. He died in the New Forest, his body was stripped by tramps and the next day was found by a charcoal burner, who placed the naked corpse on his cart, hoping to receive a reward. On the way to Winchester the cart was upset, and the king's body fell in the mire. Covered with filth and black with charcoal, it arrived in Winchester, where it was buried in the cathedral. A few years later the tower fell and crushed the tomb, and 600 years after the Puritans rifled the grave and played football with the king's skull.

Cruikshank's "Fagin."
There is an interesting story very little known of how Cruikshank conceived his picture of Fagin, the Jew. During the time he was illustrating "Oliver Twist" he spent days traversing the east end of London in search of a face that would correspond with his conception of the character. One day while standing before a mirror in his dining room "pulling faces at himself," so to speak, for the want of something better to do, he accidentally made the features for which he was looking. The picture therefore of Fagin is really that of Cruikshank himself.

Didn't Notice Improvement.
An eastern senator was riding to the capitol on an F street car when a very deaf lady, who sat next to him, asked some questions about Washington and then apologized for being deaf.

"Why don't you try electricity?" sympathetically suggested the senator.

"Well," said the lady, "I was struck by lightning last summer, but I don't see that it did me any good."—Washington Post.

DEAD OR ALIVE, WHO CAN TELL?

Hospital Officials Say George Amie Died of Smallpox. But His Wife and a Lawyer Claim to Have Seen Him Recently.

New York, July 21.—Officials of the Newark board of health are greatly puzzled over the identity of a man who, under the name of George Amie, died at the isolation hospital on Jan. 20 from smallpox. The widow and relatives held services over the grave and a small amount of insurance was collected.

A leading Newark lawyer who knew Amie well now declares positively that he has seen the supposed dead man in Broad street, Newark; that he conversed with him and was told that the story of death was a hoax, and that he had escaped from the isolation hospital.

Additional mystery is attached to the case of Amie by the supposed widow who is a member of the Salvation Army. She says she also saw her husband standing on the sidewalk a few days ago watching the services being held in the street. She called to a companion to see if her identification was corroborated when her husband disappeared. The officers of the hospital are positive, they declare that Amie died and was buried under their direction.

A NEW TREATMENT FOR LOCKJAW IN USE

A 11-Year-Old New York Boy, Who Was Blown up July 4, Seems to Be in a Fair Way for Recovery.

New York, July 21.—Treated by a recently discovered process Joseph Tierman, the 11-year-old son of Michael Tierman, formerly a member of the New York baseball team, is believed to be recovering from lockjaw at the Harlem hospital.

Anti-toxine in small doses is being injected into the spinal cord between the second and third vertebrae of the lumbar region. Previously anti-toxine had been used, but in the recorded cases it was injected into the brain through a hole bored in the skull.

Under the new treatment Young Tierman has shown great improvement. There has been a marked relaxation of the muscles of the neck and an appreciable betterment generally which, if continued another day, the doctors are confident will insure his complete recovery. Tierman was injured by a powder explosion on July 4.

JACK TAR IN A NEW ROLE.

Chasing Caterpillars Up and Down Trees in Bronx Park.

New York, July 21.—The failure of Lanius Ludoviciana, commonly known as the shrike bird, to put in its appearance this year and rid Bronx park of the caterpillars which are preying upon the foliage has led the park commissioner to ask the civil service commission for a list of men who could climb trees and sprinkle them with a preparation to remove the pest. The commission was all out of that kind of eligibles, but quickly hit upon a plan of trying sailors.

A summons was sent to City Island for all the available able bodied seamen who wanted a job. About 400 men responded.

Climbing trees was as simple as trimming sails to them and the fruits of their first day's work delighted the park commissioners who now say they no longer fear the destruction of foliage.

A TEST CASE IS ON BEFORE JUDGE DUNKLIN

Question of State or Interstate Shipping Rates, and Which Applies—Attorney-General Bell Here.

A most interesting test case is being argued this afternoon before Judge Dunklin—interesting to attorneys, railway people and shippers. It is a case in which a statement of facts were submitted some time since, and in styled the state of Texas vs. the Gulf, Colorado and Santa Fe Railway company. It has been agreed that this case is to be tested in order to settle the question of law involved with reference to state or interstate shipments.

In brief the case involves the following points: A car load of corn was ordered by Saylor & Bennett of Goldthwaite, Tex., and the order was accepted by the Hardin Grain company of Kansas City. The Hardin Grain company did not have the corn but purchased it of the Harroun Commission company of Kansas City. No specific car was purchased, but a car of specific grade was agreed upon. The Harroun Commission company had purchased a car of this grade at Hudson, S. D., and had it billed to Texarkana, with a milling-in-transit privilege at Kansas City. At the time the Harroun Commission company had accepted the order from the Hardin Grain company, this corn was in Kansas City, and they agreed to ship to Texarkana under the original contract, and delivered it over to the Hudson Grain company f. o. b. at Texarkana, and was to be paid for it when so delivered. The Hardin Grain company then reshipped to Goldthwaite. It appears the latter shipment was intended to take advantage of the Texas commission rate from Texarkana to Goldthwaite of 12 1/2c, and was a saving over and above the interstate rate from Kansas City to Goldthwaite. The Santa Fe railway people, when the car reached Goldthwaite refused to abide by the 12 1/2c Texas commission rate

and charged 25c, which the consignors paid under protest. Complaint was then made to the state railway commission, who after an investigation of the facts directed Attorney-General Bell to bring suit against the Gulf, Colorado and Santa Fe Railway company in behalf of the state for a penalty prescribed by the statutes for charging in excess of the state commission rates. This penalty is fixed at not less than \$100 nor more than \$5,000.

The railway company contends that under the facts in the case the shipment was in reality an interstate proposition, and that the arrangement between the parties concerned was an interstate shipment and not a state proposition, and that the 25c charge made by the railway company was in accordance with the rules and regulations of interstate shipments.

The question is really to test whether or not the shipment was made in this manner as a subterfuge for evading the interstate rate.

Messrs. Cowan, Burney & Lee are representing the railroad, while Attorney-General Bell is representing the state.

TO STRING A LINE OF BUOYS

Efforts to Be Made to Save Life at Niagara.

New York, July 21.—In order to save the lives of unfortunates who while boating above the falls are caught in the current that runs to the cataract it is proposed says a Niagara Falls dispatch to the World, to string a line of buoys extending from the American mainland above Goat Island to a point on the Canadian shore near Chippewa. These may be connected by wire rope and bear electric light. A life saving crew is about to be organized and a station built above the upper rapids.

There is no one thing which gives a clearer insight concerning the condition of a city than do the bank statements called for and published under authority of comptroller of the currency at Washington. These statements are called for every few months and published. They are sworn to, consequently must be correct, and upon these reports from the country at large are based the country's financial and general commercial standing. The business of the country, monetary and other lines—past, present and future—is figured from these published affidavits.

The comptroller of the currency authorized bank statements to be made for all national banks up to and including July 16, and the Mail-Telegram today publishes six, covering the banks of Fort Worth: The First National, State National, Fort Worth National, American National, Traders' National, and Farmers and Mechanics National.

An interesting study.

These reports are an interesting study for they show Fort Worth to be in a most healthy financial condition. Each particularly important specification in the reports show material increases over the reports submitted under similar conditions on February 25, nearly five months ago.

The Fort Worth banks on July 16, declared a semi-annual dividend amounting to over \$60,000, and still show an increase over the report made in February of about \$11,500, which means a net increase since February 25 of nearly \$75,000. The banks, according to the following sworn statements, have over \$200,000 loaned out more than when the February report was made public.

Big Gain Is Noted.

Fort Worth is becoming each year more and more looked to as a money market by the banks and business men in the surrounding country which its railroads penetrate. Fort Worth banks are expected to hold themselves in readiness to supply funds for a vast scope of territory and the cheapening rates of interest is causing many banks outside of Fort Worth and within its territory that formerly went East and North for money wanted, to find it to their interest to come here to be accommodated.

Fine Showing in Deposits.

But, in spite of this increased demand for money the deposits of the Fort Worth banks, from February 25 to July 16, show an increase of \$532,265.92—over a half million dollars.

A Healthy Reserve.

While the banks show that since the February report the deposits have been greater by over \$500,000, loans greater by over \$200,000, and a net profit of \$75,000—including the \$60,000 semi-annual dividend—still there is shown to be over one and a half million dollars reserve on hand, which is a most healthy reserve in spite of the strong demand.

On account of Fort Worth being, and becoming more and more a wholesale, railway, packing house and stock market center, the country tributary to and dependent upon her is continually increasing and she is being looked to as a source of supply, particularly so during harvesting and cotton seasons, and for this reason the banks must hold themselves in readiness to accommodate the country banks when called upon.

That they are ready for such demand is evidenced by the fact shown in the statements that they carry a reserve fund of over one and a half millions, which amount does not include their sight exchange. The reserve fund at this time exceeds by over \$200,000 the entire capital.

Surplus and Undivided Profits.

The surplus and undivided profits of the Fort Worth banks makes the actual book value of their stock worth over \$1,500,000—50 cents over and above par value. The capital represented is \$1,275,000, while the undivided profits are \$254,476.52.

The above figures, while showing the condition of the Fort Worth banks, are as much an index to Fort Worth's business institutions. The two go hand in hand along the avenues of the business world, the one being essential to the other.

The business interests dependent upon Fort Worth banks are not only in Fort Worth, but reach in every direction, save possibly directly east—in the state as far as the railroads go, and north and throughout the two territories.

In the more prosperous times the Fort Worth banks are the depositories for the surplus of the banks in the smaller towns in this vast territory, and when conditions are different the banks here supply the banks mentioned and at a rate of interest which is over to the patron bank a big advantage over the rate charged east and north—when time and convenience is considered.

It will be noted that in the clearing house report made at the close of business last Saturday the figures show over a million dollars increase for the week over the corresponding week last year.

The bank clearings for last week at the close of business Saturday show over \$1,000,000 increase over the figures of the corresponding week last year.

The figures given are \$2,940,927.58. For the same week last year the figures were \$1,880,136.78. Thus the increase is shown to be \$1,064,800.80.

NO COMBINATION BETWEEN COUNTIES

Judge Richards, of Parker Explains His Resolution Before the Senatorial Convention.

The effort of Judge J. M. Richards of Weatherford, to pass a resolution before the Senatorial convention, Saturday, recommending the next nomination be given to Parker county was, he says, for the purpose of showing the absence of a political combination between Parker and Tarrant counties.

Judge Richards himself has been a candidate for the place from Parker county, but the job has always gone to Tarrant by reason of its superior voting strength in the convention.

"The best of relations exist between Parker and Tarrant," said Judge Richards, "but it does not amount to an iron-clad combination to the exclusion of other counties in the district."

HAVE MADE A RECORD.

Remarkable Sale of Belle Springs Butter in Fort Worth.

The firm of Turner & Dinges, (Inc.), the exclusive agents in Fort Worth for the Belle Springs butter, have made for the butter selling record. In the past the butter selling record has been held for seven years this firm has sold in Fort Worth and vicinity 200,000 pounds or 10 solid car loads, and has not had as many as five complaints during their agency for this butter. The Belle Springs butter is as pure and palatable as was ever placed on the market. The makers of this butter pride themselves on the remarkable increase of sales yearly and are ever trying to make their product better. When you

WEATHER CONDITIONS.

Since the report of Saturday showers have fallen over the greater portion of north and west-central Texas, and at 8 o'clock today rain was falling at Abilene and El Paso. The weather is cool, and clear from and including the Rocky mountain region eastward to the lakes, except Michigan where heavy rainfall is reported. The following Texas stations report heavy rainfall: El Paso, 1.12; San Marcos, 1.10; Dublin, 2.02.

Occasional showers and thunderstorms are indicated for Ft. Worth and vicinity for the succeeding 36 hours.

GEO. REEDER, in charge.

BROTHERHOOD OF ST. JAMES.

Organization Perfected Last Week, and Will Meet Tonight.

The new organization, Brotherhood of St. James, meets tonight in the parlors of the Cumberland Presbyterian church. This organization was formed here last week by the election of the following officers: J. L. Clarkson, president; W. S. Davis, vice-president; J. R. Allison, secretary and treasurer. Its object is to draw all Christian young men and ladies together for a social time; also to get them more familiar with the Sunday school work, and the Bible class. The society meets each Monday night, and cordially invites every Christian young man and lady in the city to meet with it.

Merchants' lunch daily at the O. K. Restaurant, 908 Houston Street.

HOT WEATHER WEARINESS

This misery is caused by bad digestion which has clogged the system with impurities. The liver is overworked, the kidneys weak and the bowels irregular, producing low spirits, tiredness, poor appetite, unrefreshing sleep, loss of energy and ambition. And, what is worse, it breeds diseases that are serious.

PRICKLY ASH BITTERS

IS A THOROUGH SYSTEM CLEANSER.

This great purifier exercises its reviving influence in every part of the body. Relaxes the bowels and urinary organs, drives out badly digested food, cleanses the system of impurities, sets the whole internal organism to working smoothly and harmoniously thereby creating new life and energy. It is the best known remedy for removing that dull bilious feeling so common in hot weather.

FORT WORTH NATIONAL BANKS. The attention of Mail-Telegram readers is directed to page 3 in today's paper where is published the reports made to the United States government of the condition, on July 16, of the national banks of Fort Worth. There has been a splendid growth of the individual deposits of money by the people of this city and vicinity as compared with a similar showing on February 25 of this year. The showing could not be much better. A gain of over \$500,000, in a little over four months' time, of the savings of our people speaks for the prosperity of the wage earner, and still better, for his fragility. Fort Worth is on the crest of the good times wave that is coursing its way over the great state of Texas.

Man alive, Wasn't that fun? Fort Worth, 5 Paris, 1. Second game: Game was hot, Through and through, Paris, 4 Fort Worth, 2. General Bragg's name fits him "Schust like der baper on der vall, ain't it?" The new management of the Mail-Telegram returns thanks to the Childress Index for kind words and good wishes.

A little while ago Lord Kitchener was having trouble with Boers in South Africa. Now it is the bores in England that bother him. The Cuero Record advises farmers to kill the dogs and plant hogs. Does the Record mean to use killed dog the same as killed hog? Hillsboro people are crowing over getting back to first principles and wearing home made socks. The explanation is that Hillsboro has a new hosiery mill.

The Index Publishing company of Boyd, has expanded. In addition to publishing the Boyd Index the company is now publishing the Bridgeport Index. The latter is a model country weekly and merits a large patronage. Messrs. Orion and Edgar Proctor and Daniel T. Muse, experienced news hustlers, compose the company. The Able Reporter's man saw the picture of Cleveland and Hill in the Mail-Telegram and was moved to remark: "The Fort Worth Mail-Telegram prints the pictures of Cleveland and Hill as the new leaders of Democracy. When the Democratic party went to the demotion how-wows in 1894 these same men were leaders. Their leadership now would result in a still worse wreck."

Go away from home to learn the news. The Commercial-Appeal (Memphis) says: "William Jennings Bryan during the high tide of his popularity ungalantly refused to kiss a pretty Texas girl who tried to hobnob with him. She opened her arms and raised her

ruby lips in an effort to secure a coveted osculatory favor and he turned from her. No wonder his name does not appear in the recent Democratic platform in that state."

Washington scientists call it the climax of the century. The woman with a can of gasoline in her hands still continues to call it a bed bug.

The human race will never die out if Mr. and Mrs. Hiram Taylor of Looney Creek, Va., have their way about it. The third set of triplets came the other day.

Fort Worth will have a rattling good street fair. The men who have taken hold of the project are made of the right kind of stuff. The street fair will be a success. You can bet money on it.

Texas needs more canning factories. In fruit season fruit is shipped out of the state and when fall and winter comes canned goods have to be shipped back. Texas should have more canning factories.

Saturday's dispatches in the Mail-Telegram told of a Chicago man's killing himself because his wife left him. If every man felt that way under similar circumstances the undertakers would enjoy a boom in business.

Texas will show the world in black and white what it could do in case of war. The negro militia will go into camp at Houston and the pale-faced troops will take Austin by storm, and there you have it in black and white.

Probably the first case in Texas making it a penalty for a barber to shave on Sunday found a conviction in Laredo Monday of last week, and the total fine and penalties summed up \$30. This case is worthy of comment from the fact that nearly every city in Texas has undertaken to enforce this law and no conviction followed. This case will be appealed and the constitutionality of the law fully tested.

Treat Your Kidneys for Rheumatism. When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says, "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Co.

TEXAS PENSIONS. Originals and Others Issued by Pension Department. Isaac Burke, San Antonio, \$10. George B. S. Miller, Dallas, \$6. Increase, reissue, etc.—John Banks, Dallas, \$10; Solomon B. Cook, Enloe, \$12; Daniel Gates, Dallas, \$6; Samuel K. Smith, dead, D'Hanis, \$12 (Mexican war). Isaac M. Hammett, Austin, \$8. Widows, minors and dependent relatives—Catherine A. Smith, D'Hanis \$8 (Mexican war).

REPULSIVE FEATURES. Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at H. T. Pangburn & Co.'s.

TEXAS STATE SIFTINGS. Ferris has a new national bank. A. Krause, a Dallas carpenter, is dead. Senator Bailey was banqueted by Gainesville admirers Saturday evening.

Gov. Sayers has ordered an investigation of the charge that "A. & M."

students were sent to Palestine to take strikers' places in machine shops. The Waxahachie Chautauqua opens Tuesday. Mount Vernon voted, 36 to 32, to incorporate. The State fair advertising car is at White Wright. Trigg Mathis of Cleburne is in jail for wife murder. Southern Pacific's shopman's strike at Houston has ended. James Weaver's bottling works at Nacogdoches burned, loss \$2000. About 2500 building trade laborers are on a strike at Jacksonville. Engineer Punimon of Tyler was killed in a collision near Rusk. Heavy rains fell Saturday throughout West Texas and the Panhandle. A deaf man named McGuire, aged 65, was killed by the cars near Naples. J. D. Slaughter, a Southern Pacific switchman, was killed by the cars at Beaumont. Col. Lanham was formally welcomed home Saturday evening by enthusiastic admirers at Weatherford. Death record: Mrs. Alice McKeever, Palmer; J. T. Watkins, Vineland; John W. Chambers, 55, Gainesville; S. C. Clifford, 75, Denison. James Owens emptied a load of buckshot into James Durr, while the latter was a spectator at a trial in court, killing him instantly. The negro crap shooter who was on trial escaped in the excitement following the shooting.

Vacation Days. Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds, "I used DeWitt's Witch Hazel Salve for sores, cuts and bruises," says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sore cure for piles and skin diseases. Beware of counterfeits. Smallwood & Anderson, and Anderson & Smallwood.

NEWS NOTES. John W. Mackay, the San Francisco millionaire, is dead in London. W. S. Graham of Sheridan, Mo., was found dead near Santa Rosa, N. M. Ex-Secretary of the Navy Hilary Herbert is seriously ill with typhoid fever. Monroe Hallum and Jim Gaston, negroes, were shot to death by a mob near Kosciusko, Miss. Eleven persons were killed and much damage done to property by a windstorm in Baltimore Sunday. The following Texans now work in the Government departments in Washington have received promotions and increase in salary: Kendal J. Myntz from \$900 to \$1200; Arthur L. Webb, \$900 to \$1200; L. M. Lipscomb, \$1600 to \$1800; H. F. Herman, \$1000 to \$1200.

THE PERFECT LIVER MEDICINE. Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at H. T. Pangburn & Co.'s.

Notice to Taxpayers. The City Assessor's books are now ready and the Board of Equalization will convene on Monday, June 23d, in the City Assessor's office in the City Hall and continue in session every day thereafter, excepting Sunday, from 10 to 12 o'clock in the forenoon and from 2 to 4 o'clock in the afternoon.

All owners of real estate are requested to bring descriptions of their property with them when coming to inquire values.

It is very important that all owners of real estate should appear before the Board of Equalization as a great many changes in values have been made since last year. Many improvements have been made since Jan. 1st, last, that may possibly appear on the tax rolls for this year and all mistakes of this or any other character will be corrected by the Board of Equalization on application of the owners.

Be sure and bring descriptions of your real estate with you. G. H. DAY, City Tax Assessor and Collector.

THE BOSS WORM MEDICINE. H. P. Kumpke, druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at H. T. The Post Check.

A bill has been before congress to retire the present five, two and one dollar bills and substitute notes, payable at any postoffice, which shall pass as currency. If it becomes a law it will prove as invaluable to many forms of business as Hostetter's Stomach Bitters is to those who are weak and sickly. To such persons this medicine will prove a blessing, because it contains only such ingredients as will build up and strengthen the entire system. It will tone up the stomach, restore the appetite and cure heartburn, belching, headache, indigestion, dyspepsia, constipation, biliousness and insomnia. Don't fail to try it, but do not accept a substitute if you value your health. There is no medicine so good as the Bitters. For sale by druggists.

A Browning Anecdote. In the Cornhill Magazine, in an interesting paper entitled "On a Few Conversationalists," the writer tells an amusing story of Browning and how he received certain flowers from a lady, who, on being pressed to give their English names, shyly confessed they were called "bloody noses." I happened many years ago to be staying in a country house when Browning told this story in his inimitable way, and he ended with the following lines, which I then and there committed to memory, and which will, I think, interest your readers:

I'll deck my love with posies, I'll cover her with roses; Should she protest I'll do my best To give her bloody noses. —London Spectator.

For Ingrowing Toe Nails. By far worse than corns, the ingrowing toe nail makes life miserable for the man or woman, and no relief seems to come from paring the nail or in wadding it with cotton. To give instant relief to such pain a mixture used by the best physicians can be made as follows: Procure of the druggist one dram of muriatic acid and one dram of nitric acid and one ounce of chloride of zinc. Have these mixed thoroughly by the druggist or perform the operation yourself and apply one drop to the affected part once a day. It will not only give relief at once, but it will last all day.

The Orange In Spain. It is considered a very healthful thing to eat an orange before breakfast. But who can eat an orange well? One must go to Spain to see that done. The serrano cuts off the rind with her silver knife, then, putting her fork into the peeled fruit, she detaches every morsel with her peary teeth and continues to eat the orange without losing a drop of the juice and lays down the core with the fork still in it.

Don't Fail To Try This. Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Guthrie & Guthrie, 502 Main street. Only 50 cents.

Elastic Stockings. Dirt is always unhealthful, so it should not be tolerated even in an elastic stocking, though that is not an article that can be sent to the wash. Clean it by rubbing it with a piece of flannel dipped in flour, heated as much as possible in the oven without browning it. Shake out the flour and repeat the process if necessary.

His Calamity. Chapple—I knelt befoah her and asked her to be my wife. Chollic—And she wejected you? Chapple—Ya-as. Chollic—That was wough. Chapple—Ya-as. I got my twousahs bagged at the knees for nothing, bah Jove!

Then She Kissed Him. "You have not kissed me," she pouted, "for fifteen minutes." "I know it," he said. "I have a very sensitive tooth, which is liable to ache if I do." "What do you mean, sir?" "Why, you are so sweet, you know!"

Where It Belongs. "Why do they put the nation's flag on top of the schoolhouse?" asked the teacher who wanted to instill a patriotic lesson. "Please, ma'am," answered the head boy. "It's because the pole is there." —Cincinnati Commercial Tribune.

Contagious Blood Poison

using the same toilet articles, or otherwise who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored blotches and pustular eruptions and spots appear upon different parts of the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case and our physicians will furnish all the information you wish without any charge whatever.

Mrs. J. H. Thrasher and sister, Mrs. F. E. Brownell will go to Colorado for the heated term.

Mrs. Yale and her sister, who have been visiting at Mineral Wells, returned home Saturday.

Mrs. B. J. Houston has gone to spend the summer with relatives and friends in Colorado and Missouri.

Miss Ethel Pogle has returned from Waco where she has been visiting her sister Mrs. R. A. Gregory.

Prof. Alex. Hogg, superintendent of Fort Worth's Public Schools, is registered at the Sinclear in New York.

Bert Chaney, formerly of Fort Worth, now of Dallas, spent yesterday in Fort Worth with his parents and friends.

George W. Parker, stenographer for the United States district court, has returned from a ten days' visit in Haskell county.

Judge Gordon Russell of Tyler, Democratic nominee for congress from the Smith county district, was at the Delaware last night.

Mr. and Mrs. D. Tobin, 415 Broadway, with their two little daughters, Misses Fay and Lillian, left yesterday for a short visit with friends in Denison.

Miss Mabel Blue, Miss Bessie Morrison and Miss Katie Blackburn, daughter of Dr. J. S. Blackburn of Benbrook, are visiting Miss Kate Wooten at the Wooten ranch.

Superintendent Scoble of the waterworks department reports an additional rise of the Clear Fork as a result of recent rains. At No. 2 dam this morning the water was running over the dam at an additional depth of four inches.

A fire, the origin of which is unknown, was discovered at 1 o'clock today in a barn belonging to Judge Harris at 307 Elizabeth street, and caused the fire companies to make a run. The premises are occupied by A. G. Little. The fire was of little consequence, and was soon quieted.

Miss Allie West of Fort Worth arrived last night and is a guest of Judge and Mrs. Lynch, South College street. Miss West was a passenger on the T. and P. train that was wrecked yesterday near Mineola, and fortunately occupied one of the coaches that remained on the track.—Tyler Courier.

CONFEDERATE VETERANS.

The Parent Camp and Camp of Sons Held Interesting Sessions Yesterday.

The two meetings yesterday of the Confederate Veterans and Veterans' Sons were quite interesting to the members of the organizations—each getting details in shape for the state reunion to be held jointly next week at Dallas.

Aside from the reunion matters the Veterans discussed affairs of local interest to their camp, and heard a most excellent verbal report from Lieutenant Commander W. P. Lane (not McLean) of the Sons' Camp, who had been to the Mexico reunion as a delegate representing both camps to investigate the workings of the park association and inspect its property there.

The Sons also heard a similar report from Mr. Lane. In addition, the Sons

proceeded to get well under way arrangements for the state reunion, and added a few names to its delegate list, the latter being Comrades R. S. Lassiter, B. D. Shroyshire, Sidney L. Samuels, A. H. Latham and W. W. Tolbert.

Comrade Sidney L. Samuels was selected as escort for the Sons' sponsor and maid of honor for the reunion, and the camp arranged to provide funds to defray necessary expenses of the trip.

There will be but one more meeting between now and the reunion dates, and Commander Gillespie urges a good attendance at that meeting next Sunday.

NO DAMAGE BY BOMBARDMENT.

A South American Naval Battle in the Same Class as a French Duel.

Washington, July 21.—The navy department received a cablegram from Commander Potter of the submarine Ranger dated Panama yesterday saying that the engagement between the insurgent and government vessels in Panama bay had resulted in no damage also stated that he had forbidden the generals of the insurgents to bombard Panama City, or Anchorage.

TWO MEN TO HANG TOMORROW.

The Governor of Mississippi Refuses to Save Their Necks from Being Stretched.

Jackson Miss., July 21.—Gov. Longino has again refused to interfere to save Ashley Cocke and Tom Lauderdale from being hanged at Greenville tomorrow for the murder of Engineer Wray.

UNIFORM RANK WILL BE IN CAMP

Knights of Pythias Companies Propose to Visit Fort Worth During Meeting of Grand Lodge.

The Uniform Rank, Knights of Pythias, has begun arrangements for an encampment to be held in Fort Worth next April during the meeting of the grand lodge. A committee composed of Capt. John E. Homan, Col. R. H. Beckham, Col. Henry Steinfeldt and W. M. Austin, has been appointed to make provision for entertaining the visitors.

It is believed the encampment will bring between 1000 and 1200 people in addition to the grand lodge attendees. The local company has assurances that all the nearby organizations will be here, and it desires to secure money for drill prizes and ground for the camp. A big parade will be one of the features.

Correspondence will be opened in a few weeks with the adjutant general's department in Austin to secure tent and camp equipment.

WILL BALLOT FOR A CONGRESSMAN

TWELFTH DISTRICT CONVENTION CONVENES IN DUBLIN TOMORROW.

Start With the 1506th Roll Call at 10 O'clock—Delegations from Parker and Tarrant Leave.

The 12th congressional district convention which cast 1505 ballots in Weatherford two weeks ago without making a nomination, resumes its work at 10 o'clock tomorrow morning in Dublin.

The delegation from Parker county, Dr. R. A. Barry, R. B. Hood, J. J. Switzer, E. J. Simpson, T. A. Wythe, M. D. Plumlee and H. N. Pope, arrived this morning and left with the Tarrant county delegates at 3:10 o'clock this afternoon. Dr. Barry is chairman of the convention.

Among the Tarrant county contingent were: R. L. Carlock, Sam E. Cantey, Judge W. D. Harris, Judge W. P. McLean, Judge Mike E. Smith, H. M. Chapman, W. A. Hanger, W. D. Williams, Ben Waggonman, Morgan Bryan, J. C. Terrell, F. E. Aldright, O. S. Lattimore, Mayor Powell, John M. Adams, Sidney Samuels, William Ross of Fort Worth, and Drs. McKnight and Stephens and Frank Ramsey of Mansfield.

The convention will open with O. W. Gillespie of Tarrant still in possession of his 28 votes which is three and a fraction short of nomination. Gillespie of Johnson county retains his 12 votes while the Riddle delegation of Head, Somervell, Erath and Comanche, 22 votes, remains solid.

No forecast as to the length of the sitting is ventured. Parker and Tarrant are a unit as to their selection, and if a break occurs it will be from the other forces. The same condition is said to endure in Johnson county. One of Judge Poindexter's supporters remarked a few days ago that he had been withdrawn for younger men and his county thought it was about time other candidates were stepping aside.

It is the opinion of the delegates from Tarrant that Gillespie will be nominated. The reported alliance between Poindexter's and Riddle's committees does not exist, in fact, as the matter was fully sounded at Weatherford unless Comanche county has a change of heart it will split between Gillespie and Poindexter when it leaves Riddle, and, in case the dark horse idea obtains, it has a candidate in the person of Former State Senator Presler.

"There is no telling how long the convention will continue," said Chairman Barry this afternoon, "and if nomination is not made by the third day I look for it to adjourn to another point."

THE BRITISH WANT MORE STOCK

Need American Article for Veldt Work in Africa.

The British will reopen its stock buying stations in this country and orders have been given to again inaugurate the transport service at Port Chalmette, La. It is found that American animals are the hardest for the veldt work in South Africa and the government will need a great number of horses, mules and cattle to restock the farms of the burghers who suffered in the war.

As soon as the Port Chalmette camp is reopened agents will be sent to Fort Worth to purchase in Texas.

COURT PROCEEDINGS IN THE BASEMENT

Only Business Today Was in Justice's Court—Marriage Licenses Issued.

About the only proceedings attracting any interest about the court house today was the prosecution of several gaming cases against the proprietor of the Stag club rooms, as a result of the recent roundup made by

the county attorney's office. There were several cases, and he was convicted in one before noon, and a fine of \$10 and cost assessed. There were four more for hearing this afternoon. The cases were presented before Justice Terrell.

Bond for Assault on Murder.

Parthenia Lewis, colored, was today admitted to bond in the sum of \$500 by Justice Terrell on a charge of assault to murder John Abney, colored. Parthenia is the woman who figured in the shooting last Friday morning in which Abney was hit, and in which affray Parthenia received an accidental shot.

In Probate Matters.

Judge Harris of the county court today had under consideration some probate matters. The judge will go out to Dublin tomorrow to attend the Gillespie-Riddle-Poindexter nominating convention.

Marriage Licenses.

S. M. Ivor and Miss Della Ennols, colored. W. O. Richmond and Miss Lula R. Edds. Will Hutchison and Miss Ruberta Franklin, colored. Ben Cook and Miss Carrie Stapp.

A FULL HOUSE IN CORPORATION COURT

A Forty-Eight Hour Round-up That Made a Big Docket—No Serious Offenses.

The corporation court displayed the "standing room only" sign this morning. In addition to the dock being well filled there were a large number of cases in which bonds upon arrest had been given, and those thus fortunate occupied seats with the spectators. The session lasted from 9 o'clock until noon, and a large amount of business was transacted. Many cases went over and orders were made setting them for future dates for pleas of guilty or as "being paid." None of the cases, however, were of more importance than fighting, drunks, vagrancy, or disturbing the public peace, and fines averaging \$8.95 and \$9.95 were the greatest imposed.

The police made quite a haul yesterday on fighting charges and charges of drunk, by reason of the fact that there were several hundred youngsters in the city from the country along the line from Fort Worth to Purcell, I. T., who came in on an excursion and proceeded to enjoy themselves in a wild and woolly way.

Officers Turner and Logan last night arrested a man named John Ingram on two charges—one for disturbing the peace and one for theft from person. On the latter charge the prisoner was transferred to the county.

Officer Ed Black this morning recovered a sack of Santa Fe railroad brass and gave the thief a lively chase over across the Trinity bottom on the east side of the city. The thief, a white man, saw the officer coming, quitted his wagon and made a run for the river. He swam the stream and disappeared in the brush on the opposite side.

Officer Compton this morning brought in a negro water named Charley Ingram, charged with fighting. Charley carries his arm in a sling, bandaged, as a result of a difficulty with two or three others, in which he received seven knife wounds. The others connected with the affray were not apprehended.

COLORADO CONVICT'S SCHEMES.

Novel Idea to Get Money to Buy Clothing.

Convict William Collins, whose number in the Colorado state prison at Canon City is 5139, has adopted the novel scheme of one of his brother convicts to raise a clothing fund.

Collins is an ex-train dispatcher. His time is about to expire under the parole system and the rules compel convicts so discharged to clothe themselves. To secure money Collins has sent out a large number of miniature mail sacks fashioned out of burnt leather asking the recipient to take up a collection.

Another convict in the Colorado prison has been sending canes to various parts of the country to be disposed of in a similar manner, and is said to have derived a good sum.

LOCAL UNION GETS WARNING. No Jobs for Skilled Workmen in Los Angeles.

The local carpenters' union has received a warning from the Los Angeles council of labor to keep skilled mechanics away from that place. Recently the country has been flooded with circulars inviting carpenters, lynch hands, millmen, lathers, plasterers and hod carriers and promising steady positions. The circulars say there are more men than jobs there now, owing to a strike being waged against several Los Angeles planing mills.

THE FITZSIMMONS-JEFFRIES CONTEST

AN EXCITING WEEK IN SPORTING CIRCLES.

Betting is Very Heavy at Odds of 10 to 4 on Jeffries-Fitzsimmons Has Arrived at Frisco from Skaggs Springs.

San Francisco, July 21.—The arrival of Fitzsimmons from Skaggs Springs has had the effect of stimulating interest in his coming contest with Jeffries and this week doubtless will be a most exciting one in sporting circles.

The Cornishman will finish training in this city, exercising at the Olympic club and doing road work in Golden Gate park. He looks to be in good condition. Both he and Jeffries are confident.

The betting is very heavy at odds of 10 to 4 1-2 on Jeffries.

MACKAY'S HORSES SCRATCHED.

His Horses Will Not Run Because of His Father's Death.

New York, July 21.—All of the many thoroughbreds belonging to Clarence H. Mackay which are now in training will be scratched out of events for which they have been entered owing to the death of Mr. Mackay's father. His colors will not be seen on the tracks again this year, although it is possible that some of his best horses will be transferred to the name of his trainer, Charles Hill, and will be raced later in the season. That will be determined after Mr. Mackay arrives in England.

During the last two years Mr. Mackay has gathered one of the largest and most successful racing stables in the East.

Mr. Mackay had engagements for his horses at Saratoga and it is a matter of keen disappointment if they are compelled to remain in their stables.

FORT WORTH WON AND LOST.

Panthers Took Saturday's Game, Paris Victorious Yesterday.

Fort Worth gave and took in the last two games of the series with Paris. Saturday the Panthers were victorious in a score of 5 to 1, a feature being Cavender's home run.

Yesterday the grounds in Haines' park were slippery and it required a great effort at the bat to reach the first base. Paris played an errorless game and took 11 hits. Wolfe and Welton made errors for Fort Worth. The game belonged to Paris after the seventh inning. The score: Paris, 4; Fort Worth, 2. The percentage standing of the league is:

FAUROTE TO SHOOT IN ARDMORE, I. T.

Texas Wing Champion Will Participate With Indian Territory Gun Handlers.

Frank M. Faurote, champion bird shot of Texas, leaves tonight for Ardmore, I. T., to attend the annual gun club tournament of the Indian Territory to be held tomorrow and next day. On next Tuesday and Wednesday he will participate in the North Texas Gun club shoot at Gainesville.

The match held July 17 between Mr. Faurote and Albert Wilcox of San Angelo at Lampasas for the state championship, drew greater interest than many of the metropolitan events. The Fort Worth man was easily winner in a score of 99 birds as against 92 killed by Wilcox. Wilcox was heavily backed by West Texas cowmen, one betting \$1500 to \$1000, and several \$500 to \$300 on their man. An hour before the opening odds were high against Faurote, but as both contestants announced ready the betting fell to even money.

Mr. Faurote has represented the Winchester Repeating Arms company in Texas for several years. Hereafter he will give his attention to gun club tournaments in the south and southwest, being assisted by Arthur Watson of Memphis. Mr. Watson arrived this morning.

LEAGUE LAYING OFF TODAY.

Fort Worth's Team Goes to Corsicana for Tomorrow.

Today is a dead one with the Texas base ball league. Tuesday, Wednesday and Thursday the Fort Worth team will play Corsicana on the latter's ground, and return home for games with Dallas Friday, Saturday and Sunday.

For next Sunday's game the roads will run excursions. A big crowd is expected from Dallas.

PITCHER ST. VRAIN IN COURT.

An Injunction Refused to the Manager of the Memphis Club. Chattanooga, Tenn., July 21.—Chancellor McConnell refused to grant the application of a manager of the Memphis base ball club for an injunction to restrain the Southern league from interfering with Pitcher St. Vrain, but gave leave for filing an amended bill which will be argued tomorrow afternoon.

HAPPY IN RETIREMENT.

Mary Anderson Says Country Life in England is Ideal.

Mary Anderson, once the brightest ornament of the American stage, has found in the quiet of English country life, she says, the ideal way of living. "I like it," says Miss Anderson or, rather, Mrs. Navarro, "because it is real and earnest and true, and that's why I am happy."

Mrs. Navarro resides with her husband at Court Farm, in the village of Broadway, Worcestershire. She is

MARY ANDERSON DE NAVARRO.

greatly interested in the villagers and among other things has formed classes in wood carving, to which she devotes much of her time.

The roads of Worcestershire are very fine, and riding and driving are her chief recreations. Shakespeare's home and Anne Hathaway's cottage are but pleasant drives from Court Farm.

The Cheerful Face.

Next to the sunlight of heaven is the cheerful face. Who has not felt its electrifying influence? One glance at this face lifts us out of the mists and shadows into the beautiful, bright and warm within. A host of evil passions may lurk around the door, but they never enter and abide there. The cheerful face will put them to shame and flight.

Mystical Horses.

Pegasus ("born near the source of the ocean") was the winged horse of Apollo and the Muses. Bellerophon rode this animal when he charged the Chimera.

Shelphyr ("the black horse of Odin") had eight legs and could carry his master on sea as well as land. This animal is believed to typify the wind, which blows from eight different points.

Al Borak ("the lightning") was the horse commissioned by Gabriel to carry Mohammed to the seventh heaven. He had a human face and the wings of an eagle. Every step he took was equal to the farthest range of human vision. According to Theban legend the first horse was miraculously brought forth by Neptune striking a rock with his trident.

Country Training the Best.

That town life is the worst possible training for young people is proved by history. Nearly all of the great men of the world have come from the farm. The reason is quite plain. The country boy, if he is the right kind of boy, spends his time building himself up mentally and physically. The city boy too often spends his days in idleness and his evenings at saloons and theaters. He is not prepared for the battle of life and is left behind by the country boy.—J. M. Terrell of Marshall, Mo., Before Stonehill Literary Society.

Know Her Treasures.

Mr. Winks—Why didn't you give the children any lunch today? Mrs. Winks—We have all been invited to Mrs. De Quiet's to tea. Mr. Winks—Good gracious! What difference does that make? Mrs. Winks—I want them to be hungry enough to eat what's set before them without asking impudent questions.

Breaking It Gently.

Rich Uncle—You might as well stop moaning about Miss Beauty. She hasn't been in love with you after all. She's been after the money she thought she would inherit from me.

Nephew—Impossible! Why do you think so?

Rich Uncle—Because I have proposed to her myself and been accepted.

Its Bright Side.

"Do you never consider," asked the Rev. X. Horger, "that even prison has its bright side?" "Sure," replied the convict, "and I can't help thinkin' and arguin' fur it." "For what?" "The outside."

Evarts and Reed.

William M. Evarts once met Thomas B. Reed in the capitol at Washington and said to him, "Mr. Speaker, I half suspect that you believe that a deliberative body is like a woman—if it deliberates it is lost."

The English channel is nowhere more than 900 feet deep. The Irish sea is 2,180 feet.

CONTRACTORS ARE LOOKING OVER ROUTE

ROCK ISLAND TO RECEIVE BIDS ON CONSTRUCTION.

Col. H. C. Halloway Is Taking Options on Land East of Here—Into Dallas by December.

The Rock Island will have bids by August 10 on the construction work between Fort Worth and Dallas. Several contractors have made careful surveys of the country, and others are now looking over the route between Dallas and Corsicana. As soon as estimates can be secured the contracts will be let, and work begun.

Col. H. C. Halloway of Fort Worth is now engaged in securing right of way east of here. South of Dallas as well as in the city the company holds options on much of the route, and when in readiness to begin turning dirt the work is to be pushed with rapidity. The greatest desire is to have the road in operation to Dallas by the middle of December.

SPEND TIME IN FORT WORTH.

Red River Train and Engine Men Tie up Here.

Train and engine men of the Red River, Texas and Southern who heretofore have had headquarters in Sherman now take their lay over in Fort Worth. A crew will leave Fort Worth, go to Sherman, then "double," as the saying is, back to this place.

As a rule the men are not favorable to the plan. Many of them have homes at the other end of the line, and prefer spending dead time with their families.

IN CHARGE OF NEW BUILDING.

Frisco's Local Freight Office Moved From Old Home.

The local freight office of the Frisco system including the Red River, Texas and Southern and the Fort Worth and Rio Grande, has been moved into the new brick depot at Railroad and Jennings avenues. The new building, recently completed, cost about \$20,000. Heretofore the old general office building on Hemphill street has been used.

HEAVY RAINS IN PECOS VALLEY.

Several Miles of Texas and Pacific Is Washed Out.

The heavy rain-out west has flooded part of the Pecos valley. Several miles of the Texas and Pacific between Pecos and Toyah have been washed

out. Passengers are being transferred today, but it is thought the damage will be repaired by tomorrow.

Low Round Trip Rate to New York.
 Owing to a passenger rate war between the Chicago-New York lines, Texas roads are permitted to apply the one fare rate for the round trip between Texas points and New York. Tickets will be sold July 29 and 30, August 5, 6, 12 and 13, limited for return until August 11, 18 and 25.

Rate for the Dublin Convention.
 The Fort Worth and Rio Grande has made a rate of \$3.30 for the congressional convention which opens in Dublin tomorrow. A four-day limit is given on the tickets but will be extended if the convention is not through in that time.

DEATH ROLL.

An Impressive Funeral.

The funeral and burial of H. Longhurst was conducted yesterday afternoon late, being participated in by members of Fort Worth Canton No. 9, I. O. O. F., deceased having in life been accountant for the organization. The procession was led by the canton in uniform, preceded by the Woodman band, and the procession passed from the house on the South Side along Main street to the cemetery, and filled almost the entire length of the street from the union station to the court house. Also in line were members of Fort Worth Lodge No. 257, I. O. O. F.; Queen City Encampment No. 103, Mag-nolia Rebekah Lodge No. 130.

Deceased resided at 504 Evans avenue, and died Saturday afternoon at the age of 54. He for a long time conducted a meat market on Main street, and the immediate cause of death was dropsy. A wife and two children survive him.

Died This Morning.

This morning at an early hour the wife of Engineer George Wilkinson died at the family home, 1415 North Hampton street. The funeral arrangements were this afternoon perfected for tomorrow morning. The husband is engineer on the Rock Island, and was out on his run at the time of Mrs. Wilkinson's death, arriving in Fort Worth about noon today.

Died in St. Louis.

Friends here have been advised of the death of Mrs. J. R. Gunter in St. Louis on last Saturday. The husband of deceased is traveling auditor of the Cotton Belt Railway company, and Mr. and Mrs. Gunter left Fort Worth about two weeks ago for St. Louis to visit friends. The remains will be brought to this place on next Wednesday for interment, the funeral to be preached by Rev. Barton B. Ramage at St. Andrew's Episcopal church.

FORT WORTH WANTS STATE CONVENTION

Republican Executive Committee Called to Meet in Waco July 31 to Name Date.

Cecl A. Lyon of Sherman, chairman of the Republican state executive committee, has called the committee to meet in Waco July 31 to name date for the state convention. The meeting will also consider the claims of all persons, other than those already recognized by the state committee, who claim to hold official positions in the party organization. All such persons are warned to present their claims in person, by attorney or in writing.

Fort Worth will be an applicant for the state meeting, and is said to be favored by a majority of the committee men. F. B. Stanley of Fort Worth is a member of the committee from the 30th senatorial district.

POLICE ASSOCIATION.

Meeting Held Yesterday—Clerk Newby Succeeds S. S. Potts, Resigned.
 The Police Benevolent association held a meeting yesterday morning in the corporation court room. Among other business transacted, C. W. Newby was elected to succeed S. S. Potts as secretary, Mr. Potts having resigned from the force.

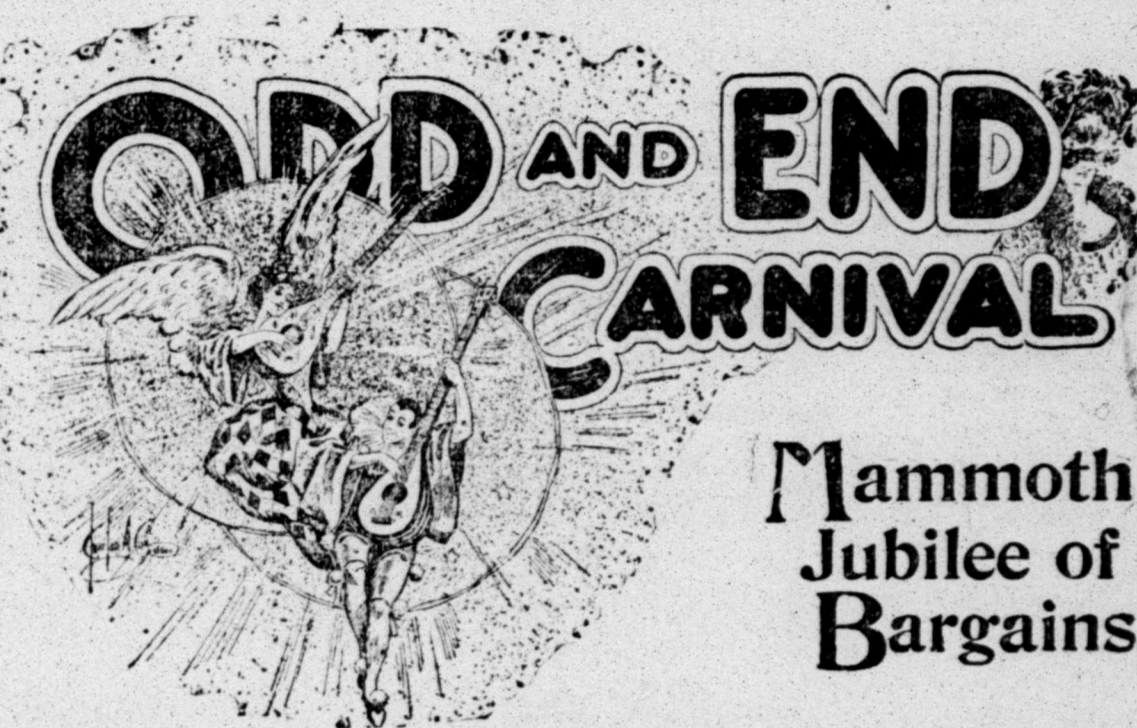

A vote of thanks was tendered the Northern Texas Traction company for courtesies extended the association during the convention of state chiefs and city marshals held here. Thanks were also extended the Fraternal Order of Eagles for the use of the Eagles' hall during the convention.

A report from the association treasurer showed \$180 on hand, left over from the fund raised by entertainments to entertain the visiting chiefs, only \$25 having been expended. This balance will be used in benevolent purposes to the credit of the association.

Chief William Rea made a talk to the members of the force concerning the rules and regulations governing their duties, and urged a strict compliance therewith, and furnished each member of the force with a copy of said rules and regulations.
