## WASHED OUT

The Biggest Rainfall Since the August Flood.

## DAMAGE AT HILLSBORO

THE KATY BRIDGE ON THE DALLAS BRANCH LINE GONE AND THE TRACK UNDERMINED

## THE BRAZOS IS ON A TEAR

A Ten Foot Rise at Granbury Causes Much Alarm and Damage—The Trinity Very Well Behaved at Fort Worth

Hillsboro, Tex., July 26.—(Special.) The biggest rainfall since the August flood this morning washed out the Katy bridge on the Dallas branch and undermined about 50 feet of track on the main line. The colored Knights of Pythias hall in Free-town was washed from Church street to Waco street.

The Hackberry overflowed its banks from a mile to a mile and a half. Numerous county bridges are reported gone.

The dam of the Katy lake north or town is reported in danger of giving away. The water is beyond Haley's gin and three residences near it are in water.

A skiff has gone across the creek to rescue some people on a raft lodged against a tree top.

The rainfall is estimated at 15 inches. No trains went out north today.

## ANOTHER REPORT

Three Campers Are Said to Have Been Drowned—Immense Damage

Hillsboro, Tex., July 26.—(Special.) One of the heaviest and most destructive rains since the August flood, fell here last night. For 36 hours the rain had continued to pour, but not until 10 o'clock last night did it reach such a serious stage. The streets overflowed and filled the ground floor of business houses full of water, causing considerable damage. Many houses were dislocated; Masonic Temple was taken off its foundation, carried two blocks and lodged against a telephone pole wrecking the wires. All the bridges leading out of the town were washed away, leaving deep ravines, blocking the passage on all sides.

The Missouri, Kansas and Texas received the most severe damage. The total loss cannot be estimated but runs up in the thousands of dollars. All passenger trains coming and going are shut off here and will be held for one or more days. The bridges on the branch and main line half a mile north of here, were completely wrecked and carried away hundreds of feet. It is reported that three persons camping below the bridge were drowned.

A large lake a mile north of here overflowed, carrying everything before the strong current for miles away.

All vegetation in the bottom lands is destroyed. A skiff was sent out to rescue a party on some drift surrounded by an enormous tide. Horses and cattle were washed away and cut to pieces on the wreckage of barbed wire fences. The loss to the residence portion is not so great. A week will be required to rebuild. Parties in the lower portion of the city were rescued. Everything is being reconstructed as rapidly as possible.

No damage was caused by lightning. It rained here up to 12 o'clock today.

## HIGH WATER AT WACO

The Brazos Is Up Twenty-nine Feet Nearly Reaching the Highest Mark Known

Waco, Tex., July 26.—(Special.) The Brazos is up 29 feet, only lacking five inches of the highest ever known. Many farms below here are already submerged. The river is still rising slowly and it is raining again. Washouts are numerous on the Texas Central and no trains are going further west than Whitney. Two bridges over Steele creek are gone.

The Cotton Belt is cut off from Gatesville by a washout at Leon river. It is feared this bridge will also go. The Brazos has invaded East Waco and merchants are moving their stocks to high ground. If the river rises three feet more great damage will result.

## GOODNER'S BODY RECOVERED

Dead Attorney Taken to Dublin for Burial This Afternoon

Stephenville, Tex., July 26.—(Special.)—The body of C. C. Goodner, assistant county attorney, one of the victims of yesterday's flood in the Bosque, was recovered last night and shipped to Dublin for interment this afternoon. Goodner had not been a resident of Stephenville but a few months, coming here from Dublin. He came from Cisco to Dublin, having been engaged in the newspaper work in Cisco. He leaves a wife and two children.

None of the other bodies, victims of yesterday's drowning here have been recovered. The Bosque, however, is well in its banks, and searching parties are out in an effort to locate them.

The reports given yesterday of the disaster wrought along the course of the Bosque and Paluxy are hourly being verified. The damage to crops and

property has been great. But little else is being discussed in Stephenville today.

## THE BRAZOS RIVER BOOMING

Granbury Reports High Water and Much Damage to Property

Granbury, Tex., July 26.—(Special.) The Brazos at this point registered a 10-foot rise here last evening, and fears for an additional rise were entertained, as reports received from front up the country were of an alarming nature. Advises from the lower country are that much bottom land is flooded and many thousands of dollars worth of cotton and other crops have been destroyed. The reports are to the effect that there has been more or less stock loss.

The river at an early hour this morning was stationary, at last evening's rise, and the hebet is entertained that it has reached its limit as a result of the present rain.

## NOTHING DOING

The Predicted Overflow from the West Fork Did Not Materialize—Water in Plenty

The anticipated rise in the West Fork of Trinity did not materialize today. It was reported yesterday that as 8-foot rise was headed this way and only about 10 miles off last evening. This, with the high mark reached by the Clear Fork would have made the Trinity proper quite a stream. Last night, however, both forks receded from the depth acquired during the day, and today both are well in their banks. Captain Seoble of the water works department does not anticipate a further rise from the rainfall of the past two days.

Thousands of people visited the North Side bridges yesterday afternoon and today to gaze upon the muddy flow.

The Texas and Pacific is still unable to get through trains to El Paso, and has discontinued the through night service beyond Sweetwater.

The morning train tomorrow will go through to Colorado City.

The water at Big Springs has been receding for the last 12 hours, but yet is 4 1/2 and 5 feet in the yards. The track is washed out at intervals for five miles east of there. Railroad men say it will be a week before through service is re-established.

## CHOLERA EPIDEMIC IN EGYPT

Bad News From Cairo—Military Weddings—Political—London Notes

London, July 26.—In a dispatch from Cairo, Egypt, the correspondent there of the Daily Telegraph says that the utmost consternation prevails owing to the terrifying progress of cholera. All hope of localizing the disease, says the correspondent, has been abandoned and there is no doubt that Egypt will have to meet a devastating epidemic. The disease appeared Thursday in practically every quarter of Cairo, 40 new cases being recorded. Several natives fell dead at their work. Temporary hospitals are being erected. The British regiments at Cairo will leave to camp in the desert at the soonest possible moment. Slightly better reports, according to the Telegraph's correspondent, have been received from upper Egypt.

The marriage of the daughter of Speaker Gully of the house of commons at St. Margaret's, Westminster, was witnessed by a large number of the members of both houses. The bridegroom was Carleton Salkeld of the Tenth Hussars. There were ten bridesmaids. The display of presents at the speaker's house was remarkable for number and value, the most beautiful one being an opal and diamond necklace from 250 members of parliament.

Military weddings are occurring constantly here and in the provinces in consequence of the close of the war and the return of officers.

Cabinet making still continues in the lobbies and the smoking room of the house of commons, but with diminished ardor. Premier Balfour is not consulting his colleagues in regard to this matter, but is preoccupied by the delicate operation of trimming the education bill so that it will encounter the least resistance. Mr. Ritchie is now fairly regarded in the house of commons as the ultimate successor to Sir Michael Hicks-Beach. The appointment of a chancellor of the exchequer diminishes daily in importance, however, since it is now fairly clear that no change in the fiscal system will be sanctioned by Mr. Balfour.

## AMERICANS PUSHED FORWARD

The United States Destined to Occupy First Place

Paris, July 26.—Baron Pierre de Coubertin in an article in the Figaro this morning on the foreign policy of the United States tries to show that destiny is pushing the Americans to the first rank of the Anglo-Saxon peoples. "Their starry banner," says Baron de Coubertin, "will one day be par excellence, the Anglo-Saxon flag, and in defense of that flag the Washington government will be quick to use cannon."

## ONE RESIDENCE ENOUGH

The Governor General of Australia to Reside at Melbourne

New York, July 26.—Colonial Secretary Chamberlain has informed Governor Tennison that it is not necessary for him to maintain both his Sydney and Melbourne residences as acting governor general of Australia, says a Times dispatch from Melbourne. Governor Tennison will therefore reside permanently at Melbourne.

## FITZ LOSER

Jim Jeffries Still Champion of the Prize Ring.

## EIGHT ROUNDS FOUGHT

THE CORNISHMAN DECLARED HE HAD FOUGHT HIS LAST BATTLE AND WAS OUT FOR GOOD

## JEFFRIES NOSE WAS BROKEN

A Report Has Been Started That the Fight Was a Prearranged Affair and Was a Fake Pure and Simple

San Francisco, July 26.—Jim Jeffries successfully defended his title in the ring at the Pavilion last night. A left jab on the jaw at parting after a clinch terminated the battle at the end of the eighth round, ex-champion Fitzsimmons being knocked out.

Upon an examination being made by a surgeon after fighting, Fitzsimmons last night it was found that Jeffries' nose was broken. The champion was not aware of the injury until the excitement of the battle had worn off. A doctor was then called and he pronounced the small bones of the nose broken. Jeffries believes the injury was received in the second or third round from a left jab on the bridge of the nose. The champion declared he felt no pain from the injury and would soon be in good shape again. He spent the night at the baths.

When Fitzsimmons had been counted out and he had congratulated Jeffries he walked to the side of the ring and flinging one of the gloves he had drawn from his hand among the spectators he declared in a loud voice he had fought his last battle.

Now that the Jeffries-Fitzsimmons contest for the world's championship is over the cry of "fake" has been raised without justification in the opinion of Referee Graney, George Siler and a great majority of the other sporting men who witnessed the contest.

A communication sent to Mayor Schmitz before the fight, to be opened after it was ended, stated the writer had been informed Jeffries was to win in the eighth round, if he did. The mayor has stated that if the charge that the contest was a prearranged affair cannot be disproved, he will be compelled to prohibit such exhibitions hereafter.

Referee Graney, Jeffries and Fitzsimmons and all but one of the local papers deny most positively that there was any fake about the fight. It has developed Jeffries' nose was broken in the fight.

Jeffries will receive 60 per cent and Fitzsimmons 40 per cent of \$23,976 which is 75 per cent of the gross receipts of the night, \$31,850, having been received through the sale of seats. Jeffries will receive \$14,386 and Fitzsimmons \$9,590. The share of the San Francisco Athletic club is \$790. Out of this it must pay the expenses of the fight, including \$500 for the referee.

## QUARREL AT THE VATICAN

The Princess is an American, and was married to the Prince by civil ceremony, the Catholic Church refusing to recognize the marriage. The Prince is determined to secure satisfaction for the slight.

## THE DOGS WERE FEROCIOUS

Their Master, a French Gentleman Who Married an American Girl, Had Secured Them to Guard His Country House Near Paris

New York, July 26.—Mme. Edmond Sempis, who before her marriage a year ago was Miss Louise Rutherford of Brooklyn, has been set upon, says a Paris dispatch to the World, by two hungry maddened Great Dane dogs, which had been secured to guard her husband's country house at Anney Lake and so terribly injured that she died two hours after the attack.

M. Sempis is a prominent business man in Paris. His home at Anney Lake is isolated and following a recent attempt by burglars to enter the place he purchased two powerful Great Danes as guards.

The dogs proved so ferocious that they were confined in an iron enclosure during the daytime for the safety of the family. M. Sempis was advised to starve them, so that when food was given to them they would remember kindly their benefactors. So they had nothing to eat for two days.

Mme. Sempis did not accompany her husband and their guests who started for a drive to Les Bains. She noticed the dogs while she was walking in the yard and knowing that they had been without food determined to feed them as they were apparently quiet. She ordered the cook to prepare a bowl of meat, and carried it to the kennel, the woman accompanying her.

The instant Mme. Sempis entered the iron enclosure the Great Danes leaped upon her like hungry tigers. They bore her to the ground and as she vainly sought to defend herself their teeth sank in her arms and body. Her struggles apparently maddened the animals the more.

The coachman heard the screams of Mme. Sempis and the cook, Mme. Sempis begged the man to save her. He ran to the stable to get a pitchfork. When he returned the Great Danes had fearfully torn their victim.

The coachman fought the brutes into a corner and kept them there until the cook summoned the neighborhood and carried Mme. Sempis from the enclosure in a dying condition.

A few minutes after M. Sempis and his guests returned she succumbed to her injuries after exchanging a few words with her husband, who is nearly crazed by the tragedy.

The bishop leaves Rome today and sails for New York, July 30. He goes first to Oyster Bay, L. I. to present President Roosevelt with a letter and a gift from the Pope. Thence the bishop will go to Washington to deliver Cardinal Rampolla's letter to Secretary Hay.

## OUR NATIONAL DISEASE.

Caused by Coffee.

Physicians know that drugs will not correct the evils caused by coffee, and the only remedy is to stop drinking it. Dr. W. J. Allison, of Heber, Ark., says: "I have been a coffee drinker for 50 years and have often thought that I could not live without it, but after many years of suffering with our national malady, dyspepsia, I attributed it to the drinking of coffee, and after some thought, determined to use Postum Food Coffee for my morning drink. I saw that Postum was made carefully with directions, and found it just suited my taste. At first, I used it at all meals, and I am pleased to say that it has entirely cured me of indigestion. I gained 19 pounds in 4 months and my general health is greatly improved."

I must tell you of a young lady in Illinois. She had been in ill health for many years, the vital forces low, with but little pain. I wrote her of the good that Postum did me and advised her to try it. At the end of the year, she wrote me that Postum had entirely cured her, and that she had gained 40 pounds in weight and felt like herself again."

## NO PLAN OF THE CAMPANILE

The Restoration of the Venetian Bell Tower Will Be Difficult

Venice, July 26.—A remarkable development in connection with the Campanile and one which will seriously handicap its restoration is the fact that the office for the conservation of monuments has not a single detail of the plans of the ruined building nor has any series of measurements or drawings been had though the insecure condition of the collapsed bell tower has been known for the past twenty years. The authorities are now attempting to reconstruct a plan from photographs and a small, incomplete tracing of the interior, marking the stones in the ruins for identification wherever possible.

# CHAMPION OF THE WORLD

## Pays Pe-ru-na High Tribute as a Catarrh Cure.

Frank Sherman  
Champion Pool Player.

Frank Sherman, National Hotel, Washington, D. C., is Champion Pool Player of the world, defeating De Oro, the former world's champion pool player, by a score of 150 to 101. The following letter was recently received by the Peruna Medicine Co., of Columbus, Ohio:

"I have suffered for years with a distressing case of catarrh. I have tried everything which was prescribed and advertised for that trouble but experienced no relief until I tried Peruna. This invaluable medicine has eradicated all traces of that pernicious disease, and I wish to add my testimony in favor of the virtues of Peruna to all who may be suffering as I once was." FRANK SHERMAN.

Congressman Pelham, of Virginia. Ex-Congressman C. Pelham, of Bancroft, Va., writes: "My sister-in-law has been suffering from catarrh of the throat for a considerable time. She has been using Peruna for about one week, and its manifestly improved. I believe it is an excellent remedy for catarrh."

### A CURABLE DISEASE.

Chronic Catarrh is Pronounced Curable by Dr. Hartman.

There are almost countless numbers of remedies said to cure chronic catarrh. The most of these are of no use whatever, and worse than useless, being actually harmful. A few are successful in a small number of cases—those which are very slight and easily curable—cases which might perhaps get well by simply taking care not to catch cold again.

But of all the vast multitudes of medicines it cannot be said that there

are more than two or three which are actually specific and without doubt the most reliable is Peruna. It always cures when faithfully and conscientiously used. It not only cures catarrh of the head and throat, but catarrh of the stomach, liver, kidneys, bowels, bronchial tubes, lungs, and in fact any of the organs of the human body.

It is indeed a dreadful case of catarrh, wherever located, that Peruna cannot cure, or at least greatly help. It may be procured at all the drug stores and it should be given a faithful trial by those who have tried in vain elsewhere to get relief.

A book on catarrh and catarrhal diseases of 64 instructively illustrated pages will be sent free to any address by The Peruna Medicine Co., of Columbus, O.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

### SPECULATION IN STOCKS

Prices Reach the Highest Point During the Present Generation

New York, July 26.—There has been a broad and active speculation in stocks this week, especially in the railroad department with a rise in prices to the highest point during the present generation. Upon the substantial substratum of confidence in the coming year's prosperity have been added many more or less defined rumors of financial projects looking to the further harmonizing and centralization of control of the great railway systems of the country. The call money market has continued easy and rates were not disturbed by the exports of gold. The speculation was thus fostered.

It is the general expectation, however, that money rates will work higher this fall.

TWELFTH DISTRICT CONVENTION TAKES 6070 BALLOTS AND QUILTS FOR A MONTH

## GILLESPIE IS IN LEAD

Next Session Begins 10 O'clock a. m. Thursday, September 4—Predicted Only Few More Ballots Will Be Taken—Delegates Returning

The Democratic nominating convention of the Twelfth congressional district which met in Dublin, Tuesday morning, adjourned yesterday afternoon to meet in Cleburne at 10 a. m. Thursday, September 4. During the sittings in Weatherford and Dublin, 6070 ballots were taken without change in result. O. W. Gillespie led during the balloting with the votes of Tarrant and Parker counties a total of 28.

A motion to adjourn was looked for Thursday evening, but to the managers had gone information that a change would be made yesterday morning. None occurred and yesterday afternoon when the 6070th ballot was announced T. A. Wythe of Parker, moved an adjournment to Cleburne, September 4. A second was made by Judge Oxford of the Riddle delegation. J. M. Presler of Comanche wanted to remain in Dublin, reassembling Tuesday next, but after a conference with the Riddle people withdrew a motion which he offered and the motion of Mr. Wythe prevailed.

Both Judge Paddelford and Dr. Yater of Johnson county gave the convention a welcome. The opinion prevails that a few more ballots at Cleburne will terminate the contest before the convention. A delegate from Comanche county was in the act of preparing a resolution yesterday when a motion to adjourn to Cleburne prevailed, declaring for sine die adjournment and presenting the three candidates to the democracy of the district in the November election.

**Tarrant Was Frightened**  
Yesterday for the first time during the convention's session was the Tarrant county delegation frightened. Thursday morning broke murky and inclement. Paddelford for Poindexter, Oxford for Riddle and Carlock for Gillespie met Temporary Chairman Presler at the Wiley cottage, and agreed not to meet until 11 o'clock, although adjournment had been taken until 9 o'clock. At 10 o'clock candidate Gillespie rushed into the Wiley cottage with the alarm that the convention had met and organized as per adjournment and not a Tarrant county man was in the hall.

Through mud and rain the entire delegation, headed by Chairman Presler ran to the opera house. Judge Paddelford heard the news and he too joined the race. As the excited coterie entered the hall, Hawkins of Stephenville, was acting temporary chairman and Dr. Yater of Cleburne was making an appeal to set the roll call aside alleging Tarrant was absent and had a right to representation.

Manager Carlock who, by this time had gained his breath asked what the trouble was. The chairman replied: "The convention organized and proceeded to ballot declaring the highest number of votes would nominate." The vote stands Gillespie 9, Riddle 22, and Poindexter 12. The delegate from Johnson makes a point of order that Tarrant was not present, hence the ballot was not a legal one. This point the chair overrules and declares Mr. Riddle to have received the highest number of votes.

"What's that?"—Riddle nominated? Mr. Chairman, Tarrant county desires to be marked present and voting 19 for Oscar W. Gillespie, was the rejoinder Manager Carlock made and then he proceeded to explain about the agreement between managers.

"In view of the explanation by the delegate from Tarrant," said Chairman Hawkins, "the chair reverses his ruling, and sustains the point of order made by the delegate from Johnson (Mr. Yater) until the next sucker comes in."

Tarrant county delegates began shaking hands with themselves. Although it was a hoax it gave a good fright.

**Gillespie Was Also a Victim**  
Candidate Gillespie was also a victim of the mock session. He wandered into the hall and found the convention wrangling over the ballot. Dr. Yater making his appeal to set aside the vote. He was in the act of charging out of the hall to find some one from Tarrant county when the joke was explained. It was then he went to the hotel and corralled his support.

Manager Carlock and Morgan Bryan, of the Tarrant delegation returned from Dublin on the early train. Chief of Police Rea, Judge M. E. Smith, John T. Montgomery and Mayor Powell arrived about noon.

Judge Poindexter, Judge Paddelford, his manager, Dr. Yater, chairman of the Johnson county executive committee, and others of the delegation were in Fort Worth this morning en route home.

# A GIRL'S TRIAL

THE STORY OF MISS KRESS FINDS MUCH SYMPATHY

Her Escape Recalls to Many Women Experiences Through Which They Have Passed

Many girls can sympathize with Miss Anna Kress, of No. 313 West Milwaukee street, Watertown, Wis., and many from their own experience join with her in praising the remedy which brought her relief. In speaking of it, she said recently:

"I had cramping in my stomach which affected my whole system. I was nervous and very weak and had no color at all. For six months I suffered and could hardly move, I felt so tired and worn out. Then, it was about a year ago, I was advised to try Dr. Williams' Pink Pills for Pale People. I took them and in a few days felt better and continued their use until I became well and strong with a healthy color in my face. I recommend them to everybody afflicted as I was."

In order that no doubt might exist as to the accuracy of her statement, Miss Kress took affidavit to it before Charles A. Skinner, a notary public in Watertown, June 24, 1901.

Dr. Williams' Pink Pills for Pale People will not only effect a cure in cases similar to that above but, acting directly upon the blood and nerves, are an unfailing specific for such diseases as partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, after-effects of the grip, palpitation of the heart, pale and sallow complexion and all form of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box or six boxes for two dollars and fifty cents, by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

## A CRAZY SYSTEM

The Electric Fire Alarm System Has Developed a Genuine Case of Jim-Jams

That the electric fire alarm system has developed a genuine case of jim-jams was evidenced this morning by a continuous tolling for several hours. Everytime the bell tapped the chains in front of the horses at the various stations dropped and the horses would spring to their places under the harness. This commenced about the time the hard rain began at 2 a. m., and kept it up until after daylight. The firemen were forced to remain on duty, because of no chance to sleep, and were continually on the jump. These continuous alarms made monkeys of the horses and victims for satan of the men. It was caused by sagging wires getting crossed somewhere, and by reason of a general disarrangement of the system because of a lack of material with which to overhaul it. Electrician Crabtree has asked the council for an invoice of material with which to repair and make anew the system, and until this is allowed there seems to be no remedy.

**A Cure for Summer Complaint.**  
Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer-time.—Lansing, Iowa, Journal. For sale by N. E. Grammer, druggist.

# SUNSTROKE INSURANCE

When the summer's heat gets about 90 degrees, you are liable to be sunstruck any time you are out in the sun, unless you take the proper precautions. Several years ago, the writer of this, who has spent much of his life in the tropics, thought he was safe from sunstroke. One day he collapsed, remained unconscious for five hours, and at times his life was despaired of. As a matter of fact, any person whose stomach and bowels are in bad shape in the summer time, is liable to be sunstruck in temperature that would be harmless under normal conditions. That's all there is to it. Stomach and bowels full of festering, fermenting refuse that forms acids and gases, raise the heat of the body and blood many degrees. Scientists have found that natives of the South Sea Islands, living on laxative fruit, bananas, coconuts, bread-fruit, have a temperature 20 degrees lower than that of white men who are careless about their food or their bowels. It has been found in years of experience, that a CASCARET Candy Cathartic taken at bed-time every night will keep the body clean and cool inside all day, and forms a safe and thoroughly reliable form of sunstroke insurance.

Best for the Bowels. All druggists, 20c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address Sterling Remedy Co., Chicago or New York. 549

## AN IMMENSE CROWD PRESENT AT PICNIC

Anniversary of Leonard, in Fannin County, Attended by Fifteen Thousand People—Hon. G. W. Clark Spoke

Hon. G. W. Clark has returned from a week's trip attending reunions and other large gatherings. While away he went over to Leonard, in Fannin county, where the people of the town and county had gathered to celebrate the annual anniversary of the town, and he says there were present yesterday and the day before between 15,000 and 20,000 people. There was a program of amusements for everybody, including athletic sports, broncho bursting and roping contests. There was also an immense quantity of everything to eat, and everything was free and wide open. The people of the town and country surrounding, Mr. Clark says, are prosperous, and he declares he never attended a gathering where the people enjoyed themselves more thoroughly.

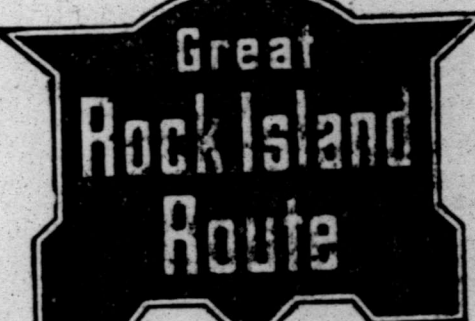

At 11 a. m. yesterday Mr. Clark addressed the assembled thousands on "Texas, the Past, Present and Future." During this address, he, after telling them of Texas and its vastness, made Fort Worth the hub, and gave them an idea of its present magnificence and future possibilities.

HOUSTON STREET IN DEPLORABLE CONDITION

That an emergency exists in the matter of paving Houston street there can be no question. The street railway people have put down their new standard gauge tracks, and the grade established for same is official.

A large number of property owners have petitioned the council to act. The council at its last meeting placed the matter in the hands of the street and alley committee and city engineer to ascertain by the August meeting the desire or preference of the property owners as between brick and asphalt.

The 20 property owners who presented the petition are anxious for the work to be inaugurated and completed before the heavy winter traffic opens up, and to do this no time is to be wasted. The necessity is imperative.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels.

THE STATE OF TEXAS. (Citation by Publication.)

In the district court, October term, A. D. 1902. To the Sheriff or any Constable of Tarrant County, Greeting:

You are hereby commanded, that, by making publication of this citation in some newspaper published in the County of Tarrant, eight weeks previous to the return day hereof, you summon John Billy Gray, R. C. Daugherty and his wife, Mary E. Daugherty, and James Watkins, whose residences are to plaintiff unknown, and the unknown heirs of John Billy Gray, R. C. Daugherty and his wife, Mary E. Daugherty, and James Watkins, whose names are to plaintiff unknown, and whose residence is unknown, to be and appear before the district court, to be holden in and for the County of Tarrant, at the court house thereof, in the City of Fort Worth, on the second Monday in October, A. D. 1902, the same being the 13th day of said month, and then to answer the petition of H. W. Lusher and C. E. Rockett, co-partners, doing business under the firm name and style of Lusher & Rockett, as plaintiffs, filed in said court on the 25th day of February, A. D. 1902, against John Billy Gray, R. C. Daugherty, Mary E. Daugherty, James Watkins and the unknown heirs of John Billy Gray, R. C. Daugherty, Mary E. Daugherty, James Watkins and W. J. Boaz, as defendants. Said suit being numbered 21582, the nature of which demand is as follows, to-wit: That petitioners are the owners in fee simple and in the possession of the following described tract or parcel of land lying and being situated in the City of Fort Worth, Tarrant county, Texas, to-wit: 50x100 feet out of block 44, in the City of Fort Worth, Tarrant county, Texas, bounded and described as follows: Beginning at the N. E. corner of said block 44, at the intersection of Throckmorton and Second streets; thence S. 30 deg., E. 50 feet, thence 60 deg., W. 100 feet, thence N. 30 deg., W. 50 feet, thence N. 60 deg., E. 100 feet to the place of beginning; that petitioners set up claim and design title to said tract of land under and by virtue of a regular chain of title from and under the sovereignty of the soil; that on August 28, 1877, defendant, John Billy Gray, conveyed said property to Mary E. Daugherty by deed and reserved a vendor's lien to secure two notes which said notes have been paid off and discharged and are barred by the statute of limitation; that the defendants, Mary E. and R. C. Daugherty, on October 5, 1877, conveyed said property to D. S. Brown for \$350 and reserved a vendor's lien to secure the payment of two notes, both of which

have long since been paid off and discharged and are barred by statute of limitation; that on November 10, 1877, said Mary E. and R. C. Daugherty conveyed said property to D. S. Brown by deed reserving a vendor's lien for \$150 and said notes have long since been paid off and discharged and are barred by statute of limitation; that on June 15, 1880, D. S. Brown and wife, S. B. Brown, entered into a contract with Ashford & Buffington for the erection of improvements upon said premises and the creation of a mechanic's lien thereon and that the same was thereafter assigned to Boaz & Ellis of which defendant, W. J. Boaz, was a member, and the same has long since been paid off and discharged and is now barred by statute of limitation; that on May 8, 1880, said property was pretended to have been sold by the tax collector of Tarrant county, Texas, to A. Mandelbaum, and that said pretended sale in no manner complied with the provisions of the law in force at the time and is absolutely void; and that on October 12, 1881, said Mandelbaum conveyed such rights as he had thereunder to defendant, James Watkins; that on May 14, 1880, the tax collector of Tarrant county, Texas, without complying with the provisions of the law attempted to convey said property on account of failure to pay taxes to L. M. Prince and on September 13, 1881, said Prince conveyed such rights as he had therein to defendant, James Watkins; that petitioners and those under whom they claim have been in the actual, adverse and exclusive possession of said property, using, occupying and enjoying same for more than five years next prior to the institution of this suit; that the record of the several instruments under which defendants are setting up and claim some sort of a pretended interest in said property constitutes a cloud upon petitioners' title to said property; wherefore petitioners pray judgment for the title to and possession of said property above described and quieting them in their title thereto and canceling the evidences upon the face of the record of the apparent rights of the defendants and each of them, and for general and special relief.

Herein fall not, but have you then and there before said court this writ, with your return thereon, showing how you have executed the same. Witness, W. D. M'VEAN, Clerk of the District Court of Tarrant County.

Given under my hand and seal of said court, in Fort Worth, Texas, this 21st day of June, A. D. 1902.

The recent rains have put the large Y. M. C. A. lawn in fine condition and the old Hirschfeld homestead looks more inviting than ever. Croquet is becoming an attraction though the opportunities for playing this week have

Midsummer Sufferings. PAINE'S CELERY COMPOUND

Quickly Dissipates Tired Feelings and Gives New Life to the Weak, Nervous and Debilitated.

Tired, languid and despondent feelings prevail to an alarming extent during the heated term of summer. Such feelings indicate depleted blood and a feeble condition of the nervous system.

This is just the time when Paine's Celery Compound is needed to build up flesh and muscle, brace the nerves and clear and strengthen the brain.

Sick headaches, nervous prostration, sleeplessness and a general feeling of mental and physical depression by which life is made almost intolerable in the hot weather, can all be speedily banished by the use of a bottle or two of Paine's Celery Compound, nature's summer renovator and strength-giver.

Paine's Celery Compound never fails to repair the wasted and worn-out tissues; it calms and perfectly regulates nervous action and brings that sweet and restful sleep that makes life happy.

The medicine that in the past has done such marvelous things for others, is the kind you should use at this time.

KILLED BY A CHICAGO NEGRO

A Quarrel in the Street Which Had a Fatal Ending

Chicago, Ill., July 26.—Arthur A. Schneider, a bookkeeper, was shot and killed at midnight while standing in front of a restaurant in Wells street. His assailant was a negro.

The men had quarreled over some trivial matter. Schneider is said to have threatened to snoot the negro, whereupon the latter drew a revolver and fired five shots with fatal effect. He then made his escape, and beyond a meager description the police have no clue as to his identity.

Later, when another negro was arrested on suspicion, he was saved from a mob by a prompt show of force on the part of the police.

Schneider is said to have a brother in Louisville, Ky., who is a wholesale wool merchant.

FINANCIAL CRASH CAME LIKE A THUNDERCLAP

B. Duran a Cattle Importer at Havana, Cuba, Fails for Nearly \$400,000—The First Failure of Consequence in Years

New York, July 26.—The house of B. Duran, cattle importer, has failed for nearly \$400,000, cables the Havana correspondent of the Tribune. Two general commission houses in New York are said to be among the creditors for \$150,000.

The crash came like a thunderclap and may result in other suspensions. The merchants of the city have discussed the failure at a general meeting with a view of inducing the creditors to hold off for six months or a year. The assets of the failed firm are said to be about one-half of the liabilities.

Mr. Duran is a cattle importer, buying cattle in Mexico, South America and Mobile. The immediate cause of the failure was the death from disease in Cuban pastures of 4,460 head of cattle, the cost price of which was over \$120,000. This is the first failure of any consequence in several years.

THE POPULIST NOMINATION

J. M. Mallet, an Editor Man, Slated for the Honor

Dublin, Tex., July 26.—(Special.)—In all probability the Populist nomination in the Twelfth district will be offered J. M. Mallet of Johnson county. Mr. Mallet is editor of the Weekly Watchman at Cleburne, and has been known as a faithful and zealous worker for the party. Before living in Cleburne he was a resident of Weatherford.

J. S. Daley, editor of the Progress here, was the nominee in 1900 against Lanham. He is not in any sense a candidate and would not entertain it.

NEW YORK RATES WITHDRAWN

Passenger War With Chicago Lines Has Been Adjusted.

Texas roads have withdrawn the special round trip rates to New York published a week ago.

The low rate was made on account of a rate war between the Chicago-New York lines, an adjustment of which was effective a few days ago. The withdrawal of these rates do not effect arrangements made for merchants' association meetings.

PROGRESS ON THE STONEHAM

ARTICLES NEARLY READY FOR FILING AT AUSTIN—CONSTRUCTION TO BEGIN MONDAY.

READY TO START SOON

Grimes County Terminus Not Yet Determined—Will Be Stoneham or Navasota—Cherokee Pushing to Muskogee—General Railroad News

A meeting of those interested in the projected line from Houston to some point in Grimes county, known as the Stoneham road until its terminus is finally determined, was held a day or two ago in the office of the Southwestern Promoting company, at which matters were developed to such an extent that the necessary documents for filing at Austin are now being drawn up as rapidly as possible.

The Grimes county terminus has not yet been determined, though the articles call for some point on the Santa Fe in Grimes county. Several towns are available and are anxious to secure the road, but the probability is that either Stoneham or Navasota will secure it.

THE KATY'S EXTENSION

Will Build to Austin Via Georgetown—Old Link Line Grade to be Used

It has been decided that the Katy will build from Granger to Austin via Georgetown, thence to Lockhart or San Marcos to connect with the Smithville and San Antonio branch.

TAHLEQUAH WILL CELEBRATE

The Ozark and Cherokee Central to Reach That Point Aug. 4—Pushing on to Muskogee

The town of Tahlequah, I. T., will have a big blow-out on August 5 to celebrate the opening of the Cherokee Central. The Ozark and Cherokee railroad has announced that its first train will be run into Tahlequah on August 4.

A NOVEL CONFERENCE

Railroad Powers and Farmers to Discuss Freight Rates With View to a Reduction

A novel rate conference is to be held, the first of the kind ever attempted in the Pacific Northwest, between railway officials and farmers and producers in an effort to establish satisfactory freight rates on such commodities.

Notes and Personals

The widening of the gauge on the Mexican National between Laredo and Monterey has been begun. The contract for stevedore work at the new Southern Pacific piers at Galveston has been let to Dolson & Suderman of Galveston.

will be gradually transferred to the telephones. So far the use of the telephone has been very satisfactory.

The Baltimore and Ohio has contracted for 40,000 tons of steel rails to be used in its regular maintenance during the next year. Half of the amount is to be furnished by the United States Steel corporation and the rest by independent concerns.

The Frisco has notified the municipal authorities of Vinita, I. T., that it will pay city taxes there as a moratorium obligation. The courts have held that the railroads in the Indian Territory are exempt from municipal taxation, hence this is a generous action that other towns will be glad to see followed by other roads.

When You Go Away: On your vacation don't forget to arrange for having The Mail-Telegram sent you. You can enjoy the trip better by doing so.

#### GENERAL ORDERS ISSUED BY DIVISION COMMANDER

John M. Adams at the Head of the Texas Division United Sons of Confederate Veterans, Talks to Sons Over the State

Division Commander John M. Adams of the United Sons of Confederate Veterans has just placed in the hands of the printer general orders Nos. 1, 2 and 3, and hopes to have them ready to mail out to the various camps over the state by tomorrow.

Commander Adams was elected during the national reunion in April to fill out the term of Thomas P. Stone, who was promoted to the exalted position of national commander after one of the most memorable contests ever waged in a convention held by the confederation, and in which Fort Worth Sons played such an important part with their 105 votes. Commander Adams has delayed these orders until this late date in an effort to ascertain what was proposed by the city of Dallas and the Dallas camp of Sons in the way of providing for the state reunion, and in the meantime making his staff appointments and corresponding personally with the various camps over the state. He will send out the three orders in one mail, and hopes to see every camp in the Texas division represented at Dallas on July 30 and 31. He also is especially desirous that the Fort Worth camp send over a large and representative delegation.

Following are the orders issued from division headquarters, Fort Worth, all bearing date of July 24, 1902:

**GENERAL ORDER NO. 1.**  
Comrades—By virtue of election as division commander, at the general reunion held in Dallas, for the unexpired term of Comrade Thomas P. Stone, elected commander-in-chief, I have assumed command of this division.

Division headquarters are hereby established in Fort Worth, Tex. I hereby appoint Walter B. McAdams of Fort Worth, Tex., as adjutant general and chief of staff.

Appreciating deeply the responsibility and trust reposed in me, I enter the discharge of my duties with the resolve to promote the upbuilding of our organization by all honorable means within my power, and to devote my best energies to the accomplishment of this work. I ask the earnest and sincere co-operation of every member of our organization in order that we may carry forward to a glorious fulfillment the grave duties imposed. Let the histories of the future correctly chronicle the brave deeds of our fathers and the motives and principles involved in their struggle for constitutional rights.

By order of JNO. M. ADAMS, Division Commander.

Official: WALTER B. McADAMS, Adjutant General and Chief of Staff.

**GENERAL ORDER NO. 2.**  
Comrades—The annual reunion of the division of Texas, United Sons of Confederate Veterans, will be held at Dallas, Tex., on July 30 and 31, 1902.

Headquarters will be established at the fair grounds, and all comrades are requested to take the street cars for that point on reaching Dallas. The convention will be called to order at 10 o'clock a. m. I urge on all camps to send representatives, as a number of matters of vital importance will be considered.

The committee heretofore appointed to draft laws for the government of this division is ready to report, and the matter submitted by it will be found full of interest.

An election will be held for division commander, and for a brigade com-

mander for each one of the five brigades of this division. It is important that each camp be properly represented in order that they may have expression in the naming of the officers who will command for the ensuing year.

The various railroad lines have given reduced rates for the occasion, and the usual arrangements have been made by our comrades in the city of Dallas. Let every comrade come prepared to suggest such legislation and action as will promote the welfare of our organization.

By order of JOHN M. ADAMS, Division Commander.

Official: WALTER B. McADAMS, Adjutant General and Chief of Staff.

**GENERAL ORDER NO. 3.**  
Comrades—The following appointments on the staff of the Division commander are hereby made:

#### FORTY-EIGHTH DISTRICT COURT HAS ADJOURNED

Judge Dunklin Signed up the Minutes for Term This Morning—Business Light in Other Departments

Judge Irby Dunklin adjourned the Forty-eighth district court this morning for the summer term, and will convene again in September. The term has been an exceedingly lengthy one. A summary of the business for the term just closed shows this court to have had under consideration 457 cases and motions, including 241 non-jury civil cases, 90 jury civil cases, 68 criminal cases, 88 non-jury cases disposed of, 30 civil cases tried before juries, and 26 criminal cases disposed of. Motions to the number of 58 were heard. Seventy indictments were returned by the grand jury. Many of these were transferred to the Seventeenth district court, and some are pending in the court of criminal appeals. In this summary are not included the large number of cases continued or transferred from the appearance docket to the jury civil docket.

The following cases were the last to be disposed of:

Texas Mercantile Insurance company vs. Mrs. E. A. Taylor; motion to quash overruled.

M. B. Harris, county judge, vs. Lopp & Young, injunction; motion for new trial overruled.

Mary Mulcahy vs. James Mulcahy, divorce; motion for new trial overruled.

#### Suit for Heavy Damages.

A suit has been filed with the district clerk styled J. D. Bedford et al. vs. Chicago, Rock Island and Pacific Railway company, damages in the sum of \$3304.05. The petition alleges that plaintiffs were the owners of 487 head of cattle at Duncan, I. T., and that defendant company agreed to transport said cattle to St. Louis, but instead took them to Kansas City. The cattle are alleged to have been sold at a loss of \$3304.05.

Grapevine National bank vs. Ed Trigg et al., suit on \$1000 note.

#### Gambling Cases

Both Justice Mullins and Justice Terrell have had more or less to do for the past few days with card playing cases. About four convictions were had against one man out of as many more complaints.

Calhoun Bell was convicted in four cases, new ones, of playing at cards, and the total fines amounted to \$149.25. He paid part of this amount and gave convict bonds for the balance and was released. This was in Justice Terrell's court.

In Justice Mullins' court Charley Forbes, a 14-year-old boy, had an examination on a charge of stealing a revolver from the house of Mr. Penewell. This is the boy, and alleged to be the revolver used, who on May 25 shot his father. He was held in \$500 bond, which was made and the boy released.

Justice Terrell examined Stephen Weynard on a burglary charge. Weynard entered a country citizen's cellar and stole a basket of eggs. He appeared not to be in his right mind. The court held him in \$200 bond.

#### Complaints Filed

As result of an arrest made by Officer Temes complaint was made against a negro woman named Theresa Hampton charging robbery. A purse containing a small amount was the property missing.

Complaint was also made by an employe in the auditor's office of the Frisco against a young man, charging theft of a watch. Sheriff Clark served the papers and made an arrest. Names are omitted, however, for it develops that as many as three had a hand in the affair. One had found the watch hanging in the toilet room, another had it, and another gave the information, soliciting a reward. The matter is being investigated. The owner recovered the watch.

#### Chasing the Murderer

Sheriff Clark and his deputies are still at work in an effort to locate the negro who killed Toy Maples. He was located late Thursday afternoon in the packing house district, and at one time Sheriff Clark was not very far behind him. The negro took to the brush northwest, and the posse kept up the hunt until the rain drove them in.

#### Marriage Licenses.

E. C. Hildebrand and Miss A. R. McCarty.

J. H. Peden and Miss Teathis Nelson. J. J. Rhinehardt and Miss Maud Yarbrough.

C. M. Cunningham and Miss Eugenia Glascock.

R. L. Lynch and Miss M. E. Williamson.

Williamson, and at the home of the bride, 304 East Railroad avenue, Thursday evening, he officiated at the marriage of C. F. Jones, a well known stenographer, and Miss Ila Tigmon.

#### VETERANS AND SONS

Urged to Attend the Meetings Tomorrow to Arrange for Dallas Trip

It is especially desired by both camps of confederates—the parent camp and camp of sons—that a large attendance of the membership be present at the meetings tomorrow afternoon, 3 o'clock. This will be the last meeting held prior to the state meetings to be held at Dallas on Wednesday and Thursday, July 30 and 31, and at these meetings final arrangements will be made and instructions given.

State Commander Adams of the Sons and Quartermaster-General Ball have made an arrangement with the Interurban people for a round trip rate quite satisfactory, and will make it public at the meeting tomorrow.

The reunion will be held at the fair grounds, and members and visitors from Fort Worth can go and come each day with but little inconvenience, or can remain over for the two days and return on the round trip arrangement made.

Commander Taylor of the Veteran Camp announces that Governor Frank R. Lubbock, now visiting in the city, will on tomorrow week at the regular meeting of the camp, address the veterans. Governor Lubbock is 87 years old, but still retains his powers of oratory. The veterans, sons and daughters will give him a cordial reception.

This veteran statesman will attend the state reunion at Dallas.

#### WHEAT'S ROOF GARDEN

Of the Ethel Tucker Stock company, which appears at Wheat's roof garden next week, the Galveston News says:

"The Ethel Tucker Stock company opened a 12 weeks' engagement at the Auditorium last night, playing to what would have appeared a fair sized audience in a smaller house than the big theater on the beach. The company's initial performance scored a decided hit, and if merit meets with a just reward large houses will greet it during its stay here.

"Miss Tucker has a fine stage presence, wears handsome gowns, and besides this shows decided ability. She has been at the head of her own company since the summer of 1900.

"She has never before been here, but is no stranger to the state and to the South, and those who have seen her often say she is making rapid strides forward in her chosen profession, and it is safe to predict that the charming young actress will make something of a name for herself."
