ROCK ISLAND WRECK TWO MEN ARE KILLED

A BROKEN RAIL SAID TO BE THE CAUSE

ENGINE AND FIRST CARS OF THE PASSENGER TRAIN ARE THROWN FROM THE TRACK AND ENGINEER GEORGE CLARK AND FIREMAN GEORGE WELLS, BOTH OF FORT WORTH, ARE KILLED.

Northbound Rock Island passenger train No. 2, leaving Fort Worth at 8:30 last night, was wrecked one-half mile north of Terral, Indian Territory, about midnight, by a broken angle bar which allowed the rails to spread. Two members of the crew were killed, but none of the passengers were injured.

The dead: **GEORGE CLARK**, engineer. Died at 9 o'clock this morning at his home, 1314 East Bluff street, Fort Worth. **GEORGE WELLS**, 1905 Williams street, Fort Worth, fireman on passenger. Killed instantly.

Clark was brought to this city as soon as he possibly could be removed from under the wrecked engine, which lies on its side near the track. He was suffering terribly from burns received, being scalded by the escaping steam. He was taken at once to his home here, but died at 9 o'clock.

Wells was dead when found. He had no chance of escape by jumping, as the big engine fell over on its side without warning and he was crushed to death under the wreckage of the cab. The fall of the engine was the only thing that saved the passengers from serious injury. As soon as the air brake connections were broken, the brakes on the entire train set automatically, and aided by this and the buffer formed by the first cars leaving the train, the train was brought to a sudden and jarring stop. Save for the sudden shock which hurried passengers forward in their seats and roused all the sleeping passengers in the Pullmans, no one received injury.

Wreck Without Warning

Train No. 2 is a heavy passenger train from Fort Worth through to Chicago. It is made up of baggage car, express, mail cars, smoker, day coach, two chair cars and two sleepers. It left here last evening on time and had a number of Fort Worth people on board.

The train reached Terral, which is ninety-four miles from Fort Worth and just across the Indian Territory line, at 11:55 p. m., and pulled out promptly. Just a half mile from the city, when the engine had begun to move at about thirty miles per hour, there was a sudden crash, engine and tender top-

Chicago, Rock Island and Pacific lines, the wreck occurred outside the jurisdiction of the local officials and therefore no statement regarding it was issued.

Foreman Talks of Wreck

A telephone message from The Telegram's correspondent at Terral this morning states that the section foreman of the division on which the wreck occurred, said that when last inspected last evening the track was in first-class condition. The broken angle bar, which is a piece of iron bent at right angles used for fastening the ends of the rails to the ties, he gave as the cause of the wreck.

Later Details

Late this afternoon it was learned that both Clark and Wells were alive when found by the crew, the story from Terral to the effect that Wells was dead being incorrect. Wells, however, was so badly scalded that he lived but a few minutes after being taken from the wreckage.

A wrecking special was hurried from here to Terral as soon as the news of the wreck reached headquarters and Clark and Wells were brought on to this city.

The Dead Men

George Clark, the engineer who was killed in the wreck near Terral early this morning was 43 years old and was born in Toledo, Ohio. He had lived in Fort Worth the past eight years and had been employed by the Rock Island company the past twelve years. He had been a passenger engineer the past eighteen months. He leaves only his widow. He was a member of the Brotherhood of Locomotive Engineers, the Masonic lodge, was a Mystic Shriner and also a Knight Templar. The funeral will be held at his late home, 1314 East Bluff street, tomorrow evening at 7 o'clock and will be in charge of the Knights Templars. Rev. Luther Little will conduct the services. The body will be taken to Toledo, Ohio, for burial and will be accompanied by Mrs. Clark.

George Wells

George Wells, the fireman who was scalded to death, was 32 years of age last October. He was born in Lincolnshire, England, and had been in this country since he was 19 years old. He had been in the employ of the Rock Island the past three and a half years. Previous to that time he was a motorman on the Belknap street line in this city. After quitting the employ of the street car company he entered the Rock Island roundhouse here and in six months was promoted to the position of fireman. He had been a passenger fireman for only the last six months. He leaves a widow and three children ranging in age from 2 to 8 years. He was a member of the Brotherhood of Locomotive Firemen.

The funeral services will be held tomorrow morning at 10 o'clock from his late home, 1305 Williams street. The services will be conducted by Rev. Luther Little. Burial will take place at Oakwood cemetery.

Eyewitness's Story

The following story of the wreck was obtained from an eyewitness of the wreck a few minutes after it occurred. For obvious reasons the speaker's name is withheld.

"I got to the wreck a few minutes after it happened. The train met a south-bound freight at Terral, which

had come safely over the place where the wreck happened less than half an hour before.

"The engine and the mail car were lying on their sides and the baggage car was lying partly on its side. None of the men in the baggage or mail cars was hurt.

"Clark and Wells were pinned here, under the wreck of the cab and were being slowly scalded to death when we got to them. Both were alive when we got them out, but Wells died soon after.

"We got them on a special train as quickly as possible. Wells was scalded from head to foot, but Clark was not so seriously burned, his face and body above the waist being unharmed. Wells was conscious when put on the special train."

Clark's Last Words

The special train which brought Clark and Wells to Fort Worth was in charge of Conductor De Armand, who was given a clear track to Fort Worth, with instructions to get the men here as quickly as possible. The special train averaged forty miles an hour and brought the men to this city a little after 6 o'clock.

All the way down on his last ride over the track which he had passed up but a few hours before in charge of the express train Clark was conscious. He half lay, half reclined on the stretcher where he had been placed, his arms about Conductor De Armand's neck, talking at times incoherently under the influence of the medicine which had been given him to quiet his pain.

"You are not mad at me, are you, Harry?" he asked once, and on being assured that he had nothing to worry over, said: "Harry, be good to my boy, won't you?"

The "boy" he referred to was Fireman Wells, whom he did not know was dead.

He was conscious nearly all the way to this city and yet was suffering great agony, though he showed it by no sign. Two physicians from Terral were caring for him and by stimulants they managed to keep him alive till he reached his home, less than twelve hours after the time he had bid his wife good-by when he started on his run last evening.

THE WAGNER-BUTLER CASE

House Puts in all of Yesterday in Discussing It
Washington, Dec. 12.—The house Thursday devoted practically the whole day to discussion of a resolution to limit the period of taking testimony in the Wagner-Butler contested election case to forty days and finally adopted a resolution to that effect to a party vote—155 to 118.
The purpose of the resolution is to permit the house to pass on the case at this session. Under the regular method of procedure several months are given to the preparation of a contested election case. Mr. Butler, the sitting member, was unseated at the last session and again returned at the last election to fill the vacancy. He had over 6000 plurality on the face of the returns, but the returns are contested.

COMMISSION BILL PASSED

Measure to Compensate Arbitrators Goes Through
Washington, Dec. 12.—The senate Thursday afternoon passed with several amendments the bill fixing the compensation of the anthracite coal strike commission and it now goes to conference. The sentiment of the senate was strongly in favor of allowing the members of the commission who are not in the civil or military service of the government a lump sum for their service, and after considerable debate \$4000 was settled upon as the proper amount, thus taking the matter out of the hands of the president as the bill originally provided. Several other amendments to the bill were adopted fixing the expenses of the commissioners and the assistant recorders at \$10 per day instead of \$15, and leaving the question of the amount of salary of the assistant recorders and employees to the commission. The name of the commission was changed to "anthracite coal strike arbitration."

BUDAPEST, Dec. 12.—Lieutenant Mattaschisch Keglevich is in this city, more than ever determined to liberate Princess Louise of Cobourg from the Lindenhof asylum near Dresden. Several years ago Princess Louise and Lieutenant Keglevich eloped. They were overtaken and the princess was put in the asylum while Keglevich was sent to prison for four years, convicted of forging the name of Princess Stephanie, a sister of Princess Louise. The money obtained was squandered in many extravagances on Princess Louise.

While the princess was out driving on Thursday morning, not far from the asylum, Keglevich, who had been watching in the neighborhood for an opportune meeting, approached the carriage. The attendant was taken into his confidence, and all plans were arranged for a meeting the following day, when the two would elope. Some one in the neighborhood recognized the lieutenant, and word was brought back to the asylum. The attendant was questioned and betrayed the plans, telling of the proposed elopement. A closer watch was immediately placed upon the princess. Lieutenant Keglevich declares that the princess is perfectly sane. The Princess Louise has accumulated debts amounting to about \$800,000, and when an attempt was made in 1900 to bring about a settlement, it was learned that \$250,000 were in outstanding notes alleged to have been forged by Lieutenant Keglevich.

Chicago Is Tried, But Justice Rowland Takes Case Under Adjudgment, Other Court News
At the court house today nothing of much interest transpired except the trial before Justice Rowland of Joe Gibson, a negro, who was charged with assault and battery by Dr. S. P. Phillips. Gibson is employed by the retail grocery firm of Turner & Dineen, and was defended in court by Captain H. C. Holloway, a stockholder of that company, who declared he was a colored man of good character and peaceful disposition. The defendant, it seems, upheld his race in a dispute which he had with the doctor at the corner of First and Houston streets last Saturday night. The argument waxed pretty warm and finally Gibson is said to have landed a good hard blow on the face of the medic. The judge took the case under advisement. The seventeenth district court was not in session today, but will take up the motion docket tomorrow. In the Forty-eighth district court the suit of Blackman vs. the Northern Texas Traction company, for personal injuries, is still on trial. The county court has not yet resumed operations, Judge Milam still being engaged with the commissioners. Justice Terrell was not at his office today.

ADDITIONAL CITY BRIEFS

The ladies auxiliary of the Order of Railway Conductors is holding its fortnightly meeting this afternoon at its hall in the Knights of Pythias Temple. Mrs. W. R. Bell of Weatherford is present from out of town. W. T. Ridge of Fort Worth, J. A. Collins of Amarillo and John Edge of Amarillo, federal prisoners who had been found guilty by Commissioner Dodge of selling liquor illicitly, were released from the county jail this afternoon, having each served their terms of thirty days, besides paying \$100 fines. John F. P. Capera is very sick at his residence on Texas street. Alonzo Bailey, colored, charged on three counts with theft of over \$50, was turned over to Sheriff J. T. Honea by Detective Zimmerman of the police department this morning and confined in the county jail. He will be tried before the county court. Fifteen lots in the Lawn Terrace addition have been sold by Assessor G. H. Day to L. W. Frisbie, owing to default in payment of taxes. A record of the transaction was filed at the county clerk's office today.

BURGLAR GETS A LOAD OF SHOT

Beaumont Con Tris to Rob Another and Narrowly Misses Annihilation
BEAUMONT, Tex., Dec. 12.—Louis Ross was shot last night by Robert Shields with a shot gun. Both are colored. The former was endeavoring to enter the latter's house, evidently for purposes of burglary. The injured man disappeared.

EIGHTH WARD ELECTION

Up to 2 o'clock this afternoon 151 votes had been cast in the election for alderman being held at Keller's grocery store, Magnolia avenue and Hemphill streets. The number of votes cast was a little less than half the number registered, but it was expected that a great many more votes would be cast before the polls closed at 6 o'clock this evening. There was a good deal of interest about the polls and vigorous electioneering was being carried on by friends of the rival candidates.

MARRIAGE LICENSES

Since last publication the following marriage licenses were issued at the county clerk's office: Edward Powers and Bertha Thomas; John Therrell and Bertha Phillips.

NEGROES TAKE PART IN FIGHT

PARTICIPATE IN CONTEST FOR TEXAS MARSHALSHIP

NOT FRIENDLY TO GREEN

The Colored Men Seem to Have Influence With Roosevelt, and It Is Not Improbable, in View of His Previous Action, That He May Listen to Their Protests

(Special to The Telegram.)

WASHINGTON, Dec. 12.—Evidence of the accuracy of the prediction that the "lily white" question would probably play a part in the north Texas marshalship case is multiplying. It is learned that the fight against Geo. Green, the present marshal, is being participated in very generally by the negro republicans of Texas, who claim that Green favored the elimination of the negro from politics. If the president is consistent in the case and acts as he has acted with reverence to similar matters in Alabama and other southern states he will probably pay particular attention to the anti-Green protest of the negro. In view of this probability and the fact that C. K. McDowell is being endorsed for Marshal Green's place by both E. H. R. Green and National Committeeman Hawley, the impression that Green will not be reappointed is stronger than ever before. Some action was expected in the matter during the early part of this week, but as nothing has been done so far, those who are watching the case have come to the conclusion that it is being held up pending the arrival of Hawley, who has been expected here daily for a week.

J. S. Clarkson, the New York office-holder, who is generally thought to be President Roosevelt's general manager in matters relating to southern patronage, was at the White House today. The president has begun to realize that every southern appointment he makes brings out another phase of the lily white and negro question. The fact that the situation is so heavily loaded is having the effect of causing him to proceed cautiously, and the conference with Clarkson today was probably for the purpose of getting that individual's views on the subject.

FORT WORTH VETERAN IS DEAD

John Ratican, of Hood's Brigade, Expires in Confederate Home
 AUSTIN, Tex., Dec. 11.—John Ratican, aged 66, a member of company B, Fifth Texas, Hood's brigade, was found dead in bed this morning in the Confederate home, where he was the inmate. He went to bed in good health. He came here from Fort Worth.

CASTELLANES HAVE GONE BROKE AGAIN

NEW YORK, Dec. 12.—Anna Gould, countess of Castellane, is "broke" again. She is coming from Paris to raise more money. The United States court, through Judge Lacombe, recently decreed her income from the Gould estate should be limited to \$250,000 a year until her debts and the debts of her distinguished husband, Count Boni, are paid. These aggregate nearly \$5,000,000. They have been living at the rate of more than a million a year, and the countess is in dire distress. The count detests New York and Americans generally. He has never forgiven the horrid newspapers which ridiculed him. He spends more money for clothes in one year than the state of Texas pays its governor in ten. One overcoat he purchased recently cost \$12,000. In his canvass for election to the chamber of deputies he spent nearly \$100,000, and at that he was tossed out of the chamber because of the flagrant bribery of the voters, and a new election has been ordered. The countess is the only one of the Gould family who is given to extravagance. Were it not for the restraint of her brother George, who is receiver of her property, she would, with the able assistance of Boni, go through it all in a few years. Both the count and the countess have been the prey of the sharpers of France and in their effort at establishing a salon have had the most grotesque of fakes palmed off on them. Not one out of five of the many priceless art objects they bought for the furnishing of their salon is genuine.

ENTERPRISES UNDER WAY FOR QUANAH

An Ice Plant Among the Improvements—Material on Hand for the Road From Oklahoma City

(Telegram Special Service.)

QUANAH, Tex., Dec. 11.—An ice plant has just been added to Quanah's list of public enterprises. A contract has been signed by Freeman Brothers of Belton and a citizens' committee calling for work to begin on a ten-ton plant in January, and it is to be completed and in operation by May 1, 1903. Several cars of bridge material for the O. & W. railroad, which is building here from Oklahoma City, have arrived, and are being hauled out to Red river. The piling is being driven and the bridge will be ready for the track layers when they reach the river. The track is now about fifty miles from Quanah.

The commissioners' court has authorized the payment of the bounty provided for by the statutes of 50 cents for every coyote and \$1 for every lobo wolf killed in the county. In addition to this the stockmen have agreed to pay \$40 for every lobo scalp and one foot. A number of cattle have been killed recently in the southern part of the county by lobos, and the stockmen are determined to rid their ranges of them if possible. A. J. Norton will pay the bounty offered by the stockmen.

BETTING ON WINTER RACES

All the Big Bookmakers and Big Plungers in the United States Will Be at the Arkansas Resort on Account of Its Climate and Its Convenient Situation

(Telegram Special Service.)

NEW YORK, Dec. 12.—Sporting men in this city are of opinion that all the great betting on the winter racing will this season be done in Hot Springs, Ark., where many of the most prominent bookmakers and clubhouse proprietors of the country will soon be established. Hot Springs is so situated as to command play on all the races at both New Orleans and San Francisco tracks, to say nothing of the allurement "on the side."

The Southern club will be backed by "Joe" Ellman, "Dan" Stuart, "Kid" Weiler and Charles Dugan. For rivals this club will have "Eddie" Burke and "Lou" Meyer, who will build a new clubhouse and cafe that will vie with any now in existence in the "vapor city."

James O'Leary of Chicago is the backer of the Illinois club. "Billy" Shannon runs the Kentucky club and E. J. Arnold of St. Louis, who is cutting a very wide swath on the western turf just now, owns and runs the New York club. Other well-known eastern bookmakers will soon go to Hot Springs and bid for the heavy betting which is sure to be done there.

DALLAS MOTORMAN WAS TALKING TO A LADY

DALLAS, Tex., Dec. 12.—In a petition for damages against the Consolidated Electric Street Railway company, filed in the district clerk's office, G. B. Montgomery asks the court for actual damages amounting to \$1,200 and exemplary damages for \$750 for injuries to his wife, Julia Montgomery. The plaintiff alleges that the accident occurred on Sept. 26, near the corner of Fuqua street and Washington avenue, while his wife was attempting to alight from a car. He alleges that while his wife was getting off the car the motorman was engaged in conversation with a lady passenger and carelessly started the car with a sudden jerk, thereby hurling Mrs. Montgomery to the ground with great force and violence, causing injuries of a serious nature.

IS MOVING 'WAY UP TO THE FRONT

THE TELEGRAM CONTINUES TO MAKE BIG HEADWAY

LIST CONSTANTLY GROWS

Addition of New Names Every Day Gives to the Paper Added Prestige. Plans That Are Making to Push Still Further to the Front

(Telegram Special Service.)

The Telegram continues to move to the front. The subscription list increase in Fort Worth shows no signs of diminution and not a day goes by that there is not an added net gain to the books.

Last week 106 new names were added to the circulation books. Thus far this week the number has been 86. The Telegram's books are always open for a verification of any statements that the paper may make. The month of November was one of the very best that the paper ever had. There was a large increase in advertising patronage as compared with the figures of last year and the circulation is 40 per cent larger. This fact, no doubt, has had much to do with the increase in the advertising patronage.

The Sunday Telegram is growing in favor each week, and the circulation of that particular issue is growing even faster than the regular week-day paper. The Telegram is sparing no expense in the effort to furnish the people of Fort Worth an up-to-date evening newspaper. The telegraph service outside of Texas has been largely augmented and today the paper is receiving a larger telegraph report from the Associated Press than ever before in the paper's history. In Texas the list of regular paid correspondents is growing larger every day, and each of these correspondents is under instructions to rush to The Telegram by wire every item that will have in it any interest whatever to the people of Fort Worth and the out-of-town readers of the paper. The Telegram hopes within a very short time to present to the people of Fort Worth and vicinity a complete evening newspaper.

Plans are now making for the addition of a new, special Sunday feature service for The Sunday Telegram, which, when started, will give to the paper a particular zest and flavor all its own. Further announcements will be made later.

Everything possible is going to be done to make The Telegram one of Texas' big papers. And it will be. Fort Worth people can stick a pin in that statement.

dozen kindly disposed persons have called to proffer aid and I am told that as many more made every effort to find the house without success. We have received not less than \$20 worth of provisions and fuel enough to last for two months."

At this juncture Mr. Johnson, whose condition has greatly improved since his family has been restored to comparative comfort, took up the narrative. "You may be sure that we fully appreciate what The Telegram has done for us in calling the attention of the public to our needs," he said. "We can never return thanks enough to the true Christian people who called upon us and proffered their assistance. I have been afflicted for over a year with dropsy and heart trouble—two diseases that no man can have and at the same time do much work. I have tried to earn a living for my family, heaven knows—and here the sick man's eyes filled with tears. "It was because I attempted to work at my trade that I had this relapse. At length I became so weak that I could not climb the nearby hill any more and then I grew rapidly worse. But now I feel that I am getting better."

Both Mr. and Mrs. Johnson are intelligent, refined people and belong to a thrifty class that does not often appeal for aid. They have four children, ranging in ages from 8 years to 7 months, and the youngest is just recovering from an attack of pneumonia, contracted during the recent cold spell. Among those who have aided them, Mr. Johnson mentioned C. R. Post, a venerable old settler, Dr. A. B. Brown, Mr. R. D. Werdeeman and Thomas F. Murray, but admitted that several were strangers to him and did not disclose their identity. Two grocery orders for \$3 each is all the help they have received from the city.

Chicago Evening Post: Everything that is good may be said about Texas. Ask any one of the merchants, manufacturers or bankers who have just returned from a tour of that state, and he will tell you of its great promise for the future.

THE IDLER'S NOTE BOOK

A little I know of Epicurus. I am not wholly unacquainted also with his system of philosophy, especially as regards the matter of eating.

It has often occurred to me how strange it is that nearly all men who are born with good appetites and who have acquired discerning tastes, can easily adopt the doctrines of the Epicureans, after so little study.

There is a man who I see very often. He is a quiet and evidently a discerning gentleman, possibly about 60 years of age, who dresses neatly and in good taste, his clothes always being of excellent material.

AMUSEMENTS

King Dodo: King Dodo—How much did you say it was, Sancho? Sancho—Fifteen hundred, Denaril.

That was a sample of the local hits which sparkled all through the presentation of "King Dodo" (than whom there is no other king), by Raymond Hitchcock and his gay courtiers.

The three long acts of the comedy opera were given before the biggest audience crowded into an auditorium in Fort Worth since the season began.

As a comedy opera, "King Dodo" was a success, mainly on the efforts of three members of the cast—Raymond Hitchcock (King Dodo), Cherish Simpson (Piola), and Margaret McKinney (Angela, the king's ward).

King Dodo—Yes, I pulled two kittens out of a well. Twenty seconds later the audience was in an uproar, and it is kept fun-making like this that gives Raymond Hitchcock the reputation of being the greatest comedy opera character on the stage today.

CHIEF MADDOX MAKES CHANGES

PROMOTIONS AND ASSIGNMENTS IN FIRE DEPARTMENT

TO TAKE EFFECT TOMORROW

Seniority in Service Had Much to do With Determining the Placing of the Men—Shake Up Is Very Extensive, But Will Improve the Department

The recent action of the city council in increasing the pay of firemen on the basis of seniority in service has resulted in a number of changes and appointments, which Chief J. H. Maddox announced this morning and which will take effect tomorrow. It is a very extensive "shake up," affecting every department of the service. The force at every fire station is affected by promotions and transfers.

Changes and Promotions

The assignments announced today are as follows: Engine Company No. 1—A. S. Bradley, promoted from fireman to captain and placed in charge; B. F. Cannon, engineer; J. B. Calhoun, driver; John Flint and P. P. Maddox, pipemen. Hook and Ladder Company No. 2—Frank Bishop, captain; R. R. Paxton, driver; Ben Pulliam and J. F. Roark, pipemen.

Engine Company No. 3—William Kinkie, captain; L. B. Head, engineer; A. S. Leach, wagon driver; John Adams, promoted to driver; W. H. Townsend and John Parrish, pipemen. Hose Company No. 4—J. M. Howell, captain; L. M. Leach, wagon driver; A. Brown and P. D. Head, pipemen; H. Harris, truck driver and J. B. Johnson, promoted from pipemen to tillerman.

Hose Company No. 5—S. Ferguson, captain; H. C. Glosson, driver; A. W. Peninger and M. A. Jamison, pipemen.

Hose Company No. 6—Cornelius H. Hines, captain; Patrick Noonan, promoted to driver from ladderman; Jesse Silas, substitute fireman, appointed permanently and assigned to this station.

Chemical Company No. 7—Elijah Dunswoody, promoted from driver and appointed to captaincy; V. T. Huck, promoted from ladderman to driver; and J. M. Lyles, fireman.

It is expected that the efficiency of the department will be greatly improved by these changes.

WILL TRY TO CREATE AN INTEREST IN ART

Movement on Foot Among Department Club Ladies for This Purpose—Will Meet Saturday

At the last meeting of the Women's Department club it was suggested that the art department endeavor to create an increased interest in its particular department, and the matter of beginning an art club was discussed. Mrs. Jesse M. Capper of 404 West First street has agreed to give lessons to a class twice a week in the principles of water color painting and china decoration and the matter will be taken up at a meeting of the ladies, which is called for Dec. 30. Mrs. Capper came here recently from Detroit, Mich., where she had good success as a china decorator and water colorist. She came to Fort Worth on the advice of a friend and has fitted up her studio at 404 West First street. Mrs. Capper is a native of England and took her first lessons in drawing there. She studied several years under Prof. Thompson, who was the instructor of Luke Fildes, and received a thorough training in the groundwork of her art. She has devoted the past eight years to china painting and has many beautiful designs of her latest patterns as examples of her recent work.

"China painting is much easier than water colors," said Mrs. Capper in comparing the two. "On china the student can rub out and repaint to her heart's content, while in water colors a faulty piece of drawing is hard to correct." Mrs. Capper hopes to get a class of at least ten, and it is expected that number will be secured by Dec. 30, when the first meeting will be held. Her studio is open for visitors at all times, and to the lover of beautiful china it is an interesting place. Mrs. Capper since coming here purchased a large kiln of the newest pattern and has already "fired" several pieces of work.

GOT IN A FIGHT WITH THE WRONG OPPONENT

Went Down and Up and Up and Down Again, But Managed to Land on the Would-Be Peacemaker

"Guilty, your honor." The word was not spoken by the foreman of a jury while a white-haired mother sat bowed down with grief and sympathetic tears trickled down the cheeks of the idle crowd in the court room.

Instead, it was the answer made by Mat Sullivan in the corporation court this morning, to a charge of fighting: "It was like this, your honor," said he. "Me and another fellow was going to fight and I had been trying to get him to go outside. Come on, I say, and let's go out here. And we started

for the door when this fellow steps in, takes hold of me and knocks me down."

"And what did you do?" asked the court. "As soon as I gets up, I knocks him down."

"So you started out to fight one man, and finished up by fighting another?" asked the court. "They were all fighting together in a saloon on Rusk street," said the officer who made the arrest. "We got in there and found four of five of them lying on the floor."

J. Kelly, the other man arrested, pleaded not guilty, but testimony indicated otherwise. Sullivan was fined \$2 and costs, and Kelly \$1 and costs.

NOT SEEKING CONCESSIONS

ROCK ISLAND NOT IN MEXICO FOR THAT PURPOSE

ROBERT MATHER DENIES IT

Vice President and General Counsel of That Railroad Discredits Story of Its Intention to Build Across Mexico to a Point on the Pacific Coast, Albuquerque Rumor Incorrect

Robert Mather, second vice president and general counsel of the Chicago, Rock Island and Pacific railway, accompanied by his wife and daughter Margaret, arrived at El Paso Wednesday over the Mexican Central from the city of Mexico and left immediately for Chicago, their home.

In talking to the El Paso Herald man while there, Mr. Mather said:

"Your question regarding the proposed concession which I am alleged to have gone to the city of Mexico to secure from the Mexican government is the first that I had heard of that matter. You newspaper men might as well have made the report that we were going to build a line to the city of Mexico as to say that we are trying to get to Guaymas or some other point on the Pacific coast of Mexico. My trip to Mexico was purely for pleasure. We have been so busy taking in the wonderful sights of that country that we could not attend to business."

"During our trip to Mexico we visited several of the old Spanish mines where the old arastra system of treating ore is still in vogue. These old methods suggested the olden times and were consequently quite interesting. We also visited Lake Chapala, which is very beautiful and interesting. I went duck hunting on the lake, but unfortunately had no means of getting game, such as we have in the United States. I never before saw as many ducks on one body of water as there was on that, but fortunately for them and unfortunately for me they kept just out of range of my gun and I was unable to do as well as I have in other sections."

"When asked regarding the reports that the Rock Island system was endeavoring to get a line into California or else make a traffic agreement with the Santa Fe whereby it could use the new cut-off by way of Albuquerque, Mr. Mather said:

"I know nothing of any such a move being contemplated. Certainly the San Diego and Eastern people are not pulling in conjunction with the Rock Island. Neither is there anything in the report that our line will use the Santa Fe tracks west of Albuquerque when the new cut-off is finished. I don't think the Santa Fe would care to let the Rock Island take advantage of its new line to California, especially when it has gone to so much expense to build a cut-off to make its line shorter than ours."

BIG GAME BAGGED

Party of Fort Worth Hunters Back Home—They Had Good Luck

A jolly party of young men who have been camping out and hunting in Kimble county since Nov. 3, arrived home last night and brought with them several trophies of the chase, which will be sent to a taxidermist to be cured. Harry Steinfeldt and John Doyle were the boys who captured the big game while the others had to content themselves with wild turkeys and smaller game. Plenty of good fish were caught by the disciples of Walton.

Besides those previously named the party included A. S. Bradley, J. E. Jarvis and W. B. Townsend of the fire department and Louis Ferguson.

THE WACO ALDERMEN WILL GO TO AUSTIN

WACO, Tex., Dec. 12.—The city council members will repair to Austin next Saturday at 12 o'clock in a body to answer the behests of the supreme court, asking them to appear and show cause why they should not be held in contempt and why their action in impeaching Mayor Riggins should not be set aside.

No citations were served on them, as they accepted service. It is presumed that they could have appeared by attorney, but they will go in person. Great interest attaches to the outcome of the proceedings Monday.

The matter continues to be discussed here.

GOVERNOR PEABODY IN TOWN

Governor Elect of Colorado Aims Visits Fort Worth and Departs This Morning—His Observations

This morning Governor Elect J. H. Peabody of Colorado and his party were again in the city on the way home. They spent part of Thursday here, but went over to Dallas on the Interurban early in the afternoon and did not return to the city until late last night. Since his last visit to Fort Worth Mr. Peabody made a flying trip to Houston and Galveston, but was more impressed with the business enterprise and bustle of this city than any other points visited. He and the gentlemen who accompanied him departed for the north on the 9:45 a. m. train over the Denver road.

Justin Bowersock Wants His Father to Encourage Endeavor

(Telegram Special Service.) WASHINGTON, Dec. 12.—Representative J. D. Bowersock of Kansas is not quite sure that he indorses the plan of Senator William A. Clark of Montana, who offered a million dollars upon the first grandson to be born in his (Senator Clark's) family. Today Mr. Bowersock received from his son Justin, who is a lawyer in Kansas, a clipping of the newspaper dispatches telling of the prize won by the baby of Charles Clark. With the clipping was a note, which ran:

"Dear Father: This plan worked in Senator Clark's case; why not try it yourself. I am inclined to the opinion that Senator Clark has established a bad precedent," said Mr. Bowersock. "However, I will think it over," he added, as he filed the letter away in his desk.

UPHOLDS THE CANTEN LAW

Anti-Saloon League Still Opposes the Army Liquor Regulations

(Telegram Special Service.) WASHINGTON, Dec. 12.—The most important action of the National Anti-Saloon League, now holding its annual session here, was the unanimous adoption of an address to the public on the army canteen question, in which the charge is made that high army officials have persistently pursued an extremely unfavorable course to the anti-canteen law of congress. The address pledges the association to do its utmost to defeat any attempt to repeal the law until it has had a full and impartial trial.

SURPRISE AND REGRET

Officials at Washington Sorry to Hear of Drastic Action

Washington, Dec. 12.—Minister Bowen at Caracas, in a cablegram to the state department dated Thursday, confirms the press reports that all the German and British prisoners have been released.

This was the only advice that came to the state department Thursday night as to the situation in Venezuela, but it was welcome, for the officials felt that by the releasing of those civilians President Castro had diminished greatly the most dangerous factor in the problem. Had he insisted on retaining them in jail, the allies must have dispatched a force to the capitol of Venezuela and war outright would have ensued. As it is, it is the officials here prefer to regard the status as not one of war, providing the allies adhere to their original program of a "peaceful blockade" perhaps followed by the temporary seizure of Venezuelan custom houses.

Details of the sinking of the Venezuela navy by the allied naval forces are awaited with interest here, and the officials could but not express their regret and surprise that it had been found necessary to proceed to such extremes.

Nothing has yet occurred to induce the state department to change the policy of non-interference which it has adopted. The president is showing particular interest in the situation, and he called Secretary Hay away from his regular Thursday diplomatic reception to confer respecting Venezuela. The chairman of the two congressional committees charged with the case of foreign affairs also called at the state department to talk over the Venezuelan developments.

News Confirmed.

London, Dec. 12.—The foreign office at 1 o'clock Thursday afternoon was still without official news from Venezuela. The officials were glad to hear of the release of British subjects, but were unable to express opinions on press dispatches except to say as Under Foreign Secretary Cranborne did not they presumed they should not.

Lake Charles, La., Dec. 12.—Lucien Sonier, husband of Mrs. Sedonit Sonier, who was killed near Oberlin, was lodged in jail. The couple have been living apart for some time.

Stamford, Tex., Dec. 12.—Frank Palmer, running a short order house, was found dead in bed with a bullet hole in his head. Evidence shows a murder.

OUR POSITION IS WEAKENED

GENERAL MORSS ON THE ATTITUDE OF UNITED STATES

THE SITUATION IS GRAVE

He Says Great Britain and Germany Are Obligated to Hold Venezuela Territory For an Indefinite Length of Time—Thinks the Monroe Doctrine Not Strong As It Was

Indianapolis, Ind., Dec. 12.—Samuel E. Morss, consul general at Paris in the last administration of President Cleveland, was asked what he thought of the diplomatic and political differences that now confronted the United States in Venezuela and what effect the occupation of Venezuelan territory by Great Britain and Germany would have on the Monroe doctrine of this nation.

"My opinion," said Mr. Morss, "is that the United States very materially weakened its position on the Monroe doctrine by its enterprises in the eastern hemisphere. Our course in China, however, was conservative in comparison with course in the Philippines.

"Our government showed much wisdom in China. It avoided anything looking to acquisition of territory or establishment of any jurisdiction there. It seemed to me very clear that the precedent we have established in the east would return to plague us when the occasion arose. Perhaps there has arisen cause for a vigorous assertion of the maintenance of traditional opposition to European encroachments in the Americas.

"Now there were two sections of that Monroe doctrine, one being a corollary of the other. We were to absolutely abstain from interference or participation in political affairs of the old world. We were to resist, if necessary, the acquisition of any additional foothold by European powers in the new world.

"We have repudiated the doctrine which would keep the American states out of the old world. This certainly has very greatly weakened the strength of our contention that European powers must not increase their territorial possession in the new world.

"I think the situation is grave. The two greatest powers in Europe have come together with at least sufficient grievances against Venezuela to make a plausible case under international law and to seize custom houses of Venezuela.

"They are obliged under the very necessities of the case to hold Venezuelan territory for an indefinite period, for they are not going to abandon their claims.

"The ordinary resources of Venezuela, as I read the reports are not sufficient to meet these claims. The only way in which Great Britain and Germany can enforce payment, unless the United States assumes or guarantees payment is by the acquisition of the territory, and such territory they would hold for an indefinite period.

"It is not hard to foresee that they may stay in Venezuela as long as England has stayed in Egypt.

By pelvic weakness and pain and some of the many other diseases of other parts in sympathy through nerve connection with the rest of the body, cannot be expected to find rest in any duty or amusement.

PILGRIMS IN MEXICO KILLED

TRAIN LEAVING THE CAPITOL THROWN OFF THE TRACK

HAD 1000 PASSENGERS

A Scene of Desperation Followed, 600 People, Mostly Women, Being Thrown Over the Deep Side of the Roadway—Three Were Killed and a Great Many Badly Injured

City of Mexico, Dec. 12.—A special train on the Hidalgo railway loaded with 1000 pilgrims returning to Tulancingo from this city met with a strange and lamentable accident.

When the train reached Tepa a stop was made to allow another train to pass. There is a "Y" at that point of the road and when the train with the pilgrims backed up to resume its journey to Tulancingo the last car of the train was thrown from the track and five others followed it. All were turned over and smashed to pieces. A wild scene of desperation followed, 600 people, a majority of whom were women, were thrown over the steep side of the track, and were bruised, cut and torn by the heavy timbers, three being killed and many injured. The injured were taken to Pachuca and cared for at the hospital at that place.

Pilgrims are coming from all parts of the republic to worship at the shrine of Guadalupe, 12,000 having thus far arrived here.

(By the Associated Press.) BERLIN, Dec. 12.—President Castro's war preparation and public utterances are regarded in official circles here as an attempt to see how far the allies are willing to go as a test of the further attitude of the administration at Washington and above all as efforts to unite his own people and reconcile them to his dictatorship. Regarding the reports that the Germans wanted only to destroy Venezuelan vessels, it is said, according to official advices that only one vessel was disabled and none sunk and that the British participated equally with the Germans in the action taken. While the marine ministry is not considering a dispatch of re-enforcements, if necessary to occupy the port marines will be sent.

Bowen as Arbitrator (By Associated Press.) CARACAS, Dec. 12.—It is stated on good authority that the Venezuelan government has asked United States Minister Bowen to act as arbitrator in the controversy with Great Britain and Germany. The English telephone office here has been seized.

Ablaze With Patriotism (By Associated Press.) LA GUAYRA, Dec. 12.—The defense preparations at strategic points on the heights back of the city are being vigorously pushed forward. Deposits of powder in the fortresses of Lavigia and San Carlos have been removed. Great patriotic demonstrations are being made and everyone capable of bearing arms is offering services.

Defenses for La Guayra (By Associated Press.) CARACAS, Dec. 12.—Thursday the government took preservative measures at La Guayra. All deposits of coal at the navy yard and all British cars on the La Guayra railroad have been brought here, rendering it impossible to transport troops by rail. Gen. Ferrer, minister of war, spent all day choosing spots in the mountains where trenches are being dug. The governor of Caracas issued the following decree: "All Venezuelans living in the federal district between the ages of 18 and 50 years must enroll themselves for the military. Any such persons refusing demands of patriotism will be declared traitors and sent before the tribunals." Everyone in Caracas believes the situation to be desperate and war threatens unless Minister Bowen succeeds in having matters under dispute submitted to arbitration.

Lays It On to Germany (By Associated Press.) LONDON, Dec. 12.—The foreign office informs the Associated Press that the British government disclaims responsibility for sinking the Venezuelan vessels off La Guayra, which it entirely attributes to German forces.

The French Keep Out (By Associated Press.) PARIS, Dec. 12.—The foreign office officials have made the following statement to the Associated Press: "No exchange of views has occurred between European powers concerning the Venezuelan situation and no such exchange is intended, as it is definitely an affair in which the United States should be left free to take the initiative of mediation."

THE CASE OF MISS TAYLOR

COMES UP TODAY BEFORE THE SUPREME COURT

SHE WANTS REINSTATEMENT

She Claims That She Was Discharged From Her Position in the Governmental Service Because She Criticized the President's Philippine Policy—The Result Awaited With Keen Interest

(Telegram Special Service.) WASHINGTON, Dec. 12.—The petition of Miss Rebecca J. Taylor for a writ of mandamus to compel the secretary of war to reinstate her in her position at the war department came up for hearing in the district supreme court. The case has attracted wide attention because of the assertion that Miss Taylor was discharged on account of the center of certain criticisms of the administration's Philippine policy. Miss Taylor averred that her removal was in violation of the civil service rules and demanded an investigation. Secretary Root adhered to his original order of dismissal and Miss Taylor then appealed to the courts to compel the secretary to reinstate her. The final result of the proceedings is awaited with keen interest in departmental circles.

THE DEBUT OF LADY WARWICK'S DAUGHTER

(Telegram Special Service.) LONDON, Dec. 12.—Easton Lodge, Lady Warwick's beautiful place in Essex, is just now the center of social interest, the occasion being a grand ball to mark the debut of Lady Warwick's daughter, Lady Marjorie Greville. The ball takes place tonight and the festivities will continue through the remainder of the week. Lady Marjorie, who has just reached her eighteenth year, inherits her mother's beauty and has given many indications of possessing the same individuality and character. Like her cousin, the duchess of Sutherland's daughter, she has been educated to a great extent at the local high school at Leamington, near Warwick castle. Lady Warwick pursued this course in order that her daughter might acquire that democracy of temperament and indifference to rank which it would be impossible to acquire at home under the care of governesses.

STRENUOUS LIFE IS NOT CONFINED TO MAN

NEW YORK, Dec. 12.—This strenuous life which T. Roosevelt wrote about isn't confined to man. Edith Pratt, daughter of E. C. Pratt, treasurer of the Postal Telegraph company, had her debutante party in her home, No. 127 St. Mark's avenue, Brooklyn, on Friday. On Saturday morning she was dead. The bouquet which she wore at her "coming out" now hangs from the door bell with streamers of crape. Her heart was weak and the stress and strain of the reception given in her honor killed her. Hundreds of girls have their health destroyed by the strain of their social engagements. It was only a few weeks ago in this correspondence a prominent woman was quoted as saying that Miss Kathleen Neilson, the fiancée of Reginald Vanderbilt, worked harder than any scrub woman in New York and all because of her social duties. Miss Neilson is losing her beauty. If she doesn't stop she'll be prematurely old, or she'll die. She is but one of many. A "tea fight" or a long drawn out reception, or an all night dance, is as much of an ordeal for a delicate, frail girl as a football game is for a trained college athlete.

GEO. GOULD FINED FOR NEGLIGENCE

WEIGHTY SUBJECT FOR DEBATE

Annual Contest Between Harvard and Princeton On for Tonight (Telegram Special Service.) PRINCETON, N. J., Dec. 12.—The annual debate between representatives of Harvard and Princeton universities takes place tonight, and it promises to be the event of the collegiate year. The Princeton debaters will support the affirmative and the Harvard men the negative side of the question, "Resolved, That whenever in the event of continued domestic violence lives and property are not adequately protected by a state, it is for the public good that the president should have the power to afford protection without the application of the state for federal aid."

COURT GRANTS WILLIAMS BAIL

Gillespie's Finding at Habeas Corpus Hearing Reversed HOUSTON, Tex., Dec. 12.—The court of criminal appeals granted Williams bail, reversing the finding of Judge Gillespie at the habeas corpus hearing. The three defendants are charged with killing Dr. Dellipsey. The contempt action against the Houston Chronicle grew out of this case.
