NUMBER 221

GOULD READY TO FIGHT THE PENNSYLVANIA ROAD

ORDERS CHARTER FOR HIS EASTERN PROPERTIES

EXCHANGE OF STOCK

PITTSBURG TO BE THE CENTER OF THE BATTLE THAT IS SOON TO COME

SIMILAR MOVE IN WEST

The Texas Legislature Has Been Asked for Consent to Consolidate the Gould Railroads in This State—The Missouri Pacific Will Be the Central Feature in the West—Purchase of Erie Denied

(By Associated Press.)

NEW YORK, Jan. 15.—George J. Gould has ordered his attorney to make final drafts of the charter for the securities company under which he is to collect all his railroad properties east of the Mississippi.

The company will be organized under Pennsylvania laws, as Mr. Gould believes that by getting a charter in that state he will be in better position to fight the Pennsylvania railroad.

The capital named in the charter will be nominal, but there will be a clause authorizing its increase. The first move will be to take in the several small roads about Pittsburgh which form the entrance to that city. As the Wash and the other roads are taken in from time to time the capital will be increased in proportion—until, with bonds, it reaches \$300,000,000.

There will be no underwriting syndicate, as a mere exchange of stock is contemplated.

While there is no absolute statement from an official to that effect, it is intimated that the Chicago Great Western, the Buffalo, Rochester and Pittsburgh and the Wisconsin Central will be found in the Gould company.

Vice President Oppenheim of the Chicago Great Western, sailed from London Tuesday for New York, bearing the purchased control of that road for somebody, presumably Mr. Gould.

Texas Legislature Solicited

As soon as the details of this eastern company have all been announced the securities company for western Gould roads will be incorporated. But first the consent of the Texas legislature is wanted to a consolidation of the Gould property in that state. This application is now before the legislature. The Missouri Pacific will be the central feature of the western company, while others will be the Texas and Pacific, St. Louis Southwestern Iron Mountain, Denver and Rio Grande, Rio Grande Western, International and Great Northern and other small roads controlled by these.

It is authoritatively denied that the Goulds are buying Erie at present, or that they seek control of that road.

ENGLAND IN THE GRIP OF WINTER

NORTH, SOUTH, EAST, WEST, THE CONDITIONS ARE THE SAME

BITING WINDS AND COLD

There Are Occasional Snow Showers With Intervals of Fog—Ice Has Formed in a Number of Places Thick Enough for Skating—No Reason to Look for Any Immediate Change

(By Associated Press.)

LONDON, Jan. 15.—England is in the grip of winter. North, south, east and west the conditions are the same—biting winds, brisk weather, with a dash of frost, and in some places enough ice to make skating safe. The movement of the barometer indicates that there is no reason to look for any startling atmospheric changes, and frost and occasional snow showers, with intervals of fog, are likely, therefore, to be prominent items for some time in London's meteorological program.

KELLEY'S CASE COMES TO TRIAL

St. Louis' Alleged Boodler Faces Judge Ryan Today (By Associated Press.) ST. LOUIS, Mo., Jan. 15.—The case of Charles F. Kelley, former speaker of the St. Louis house of delegates, charged with perjury in connection with the Suburban railroad franchise deal, was called for trial today in Judge Ryan's division of the criminal court. Kelley fled from the city when the indictment was returned against him and remained away several weeks. It is thought the case will go on the jury Saturday night.

PEOPLE EATING DRIED PINE BARK

PEOPLE IN NORTHERN SWEDEN LITERALLY STARVING

STEWED MOSS FOR BREAD

The Conditions Resulting From Crop Failure Are Pitiable in the Extreme. Six Million Dollars Will Be Necessary to Save the Population From Decimation—\$200,000 Is Subscribed

(By Associated Press.)

LONDON, Jan. 15.—Telegrams from Stockholm confirm the distressing accounts of the famine in northern Sweden. About 30,000 people are affected by this famine, which extends from sixty-first to sixty-seventh degree north latitude, and from the gulf of Bothnia and the Russian border far into the interior. The starving people are eating pine bark, which is dried and ground into a powder, mixed with stowed leek and moss and made into a kind of famine bread.

With the failure of crops there is an extreme scarcity of fish; even the ptarmigan has almost completely disappeared.

It is estimated that an expenditure of \$5,000,000 will be necessary to save the population from decimation. Thus far \$200,000 has been subscribed, of which sum \$12,000 was sent by Swedes in the United States.

EMPLOYMENT OF SMALL GIRLS IN MILLS STOPPED

SCRANTON, Pa., Jan. 15.—The employment of small girls at night in the silk mills of Scranton has been stopped. The owners of the big mills have posted notices at the various plants ordering the small girls who have been working nights for day duty. This is one of the results of President Roosevelt's strike commission.

McLAURIN MAKES A REQUEST

Wants Indianola Mail Sent by Another Route

(By Associated Press.) WASHINGTON, Jan. 15.—Senator McLaurin of Mississippi today urged Postmaster General Payne to send the Indianola mail to Heathmann, instead of Greenville, it being nearer. Postmaster General Payne said that if the Heathmann postoffice could handle the increased business he would comply with the request.

TWO AND A QUARTER POUND BABY IS DEAD

(Special to The Telegram.) NEW YORK, Jan. 15.—The two-and-a-quarter-pound baby born to Mrs. Vincent McNally is dead despite the belief expressed by the physicians at the hospital to which the child was taken to be placed in an incubator that it would live.

SIGN OF THE "A" POINTS TO AN AVENGING CRIME

SCRATCHED IN THE SNOW BESIDE THE BODY OF THE ITALIAN FOUND DEAD IN CHICAGO PARK WITH THIRTEEN KNIFE WOUNDS IN HIM WAS THE LETTER "A" — VICTIM YET UNIDENTIFIED — A DEEP MYSTERY

(By Associated Press.)

CHICAGO, Ill., Jan. 15.—The sign of the "A" whatever it may mean, may lead to the arrest of the man who caused the death of the man whose body was found in Jackson park Tuesday night. Scratched in the snow near where the body of the supposed Italian was found was a letter "A," followed by a dash, and the police believe it may be the avenging mark of some society, whose agents lay in wait for the unknown, bent on his death.

The thirteen knife wounds on the

body were inflicted by at least two different weapons—a stiletto and a long knife.

The police have thus far been unable to identify the body. Scores of Italians have been taken to the morgue in the hope that someone might admit knowing the dead man, but all professed ignorance of his identity. The oath of the Mafia forbids members to seek redress in courts or to give evidence before them and in other cases with which the police have dealt this law of the Mafia has been difficult to overcome.

GREAT BRITAIN IS INDEPENDENT

INCREASING IMPATIENCE OVER DELAYS IN VENEZUELA

WANTS BLOCKADE RAISED

Moral Drawn From the Expressions of the Provincial Press Is That the Attitude of Italy Is the Same as England Might Have Taken if It Had Not Been Tied to Germany

(By Associated Press.)

LONDON, Jan. 15.—There are signs of increasing impatience in England over the delay in raising the blockade of Venezuela. The moral drawn by the provincial press from the independent attitude of Italy in condemning the blockade and advocating Castro's cause is that England might have taken the same attitude if there had not been a hard and fast alliance with Germany.

Meanwhile dispatches are being exchanged between Berlin and London, and it seems impracticable to obtain an adjustment of the phrases of a simple protocol providing for the adjudication of the claims. A settlement would have been reached between Washington and London without delay if there had been no obligation to refer every detail to Berlin. The Balkan government is not likely to make another agreement with Germany before the general elections in the United Kingdom.

SAN FRANCISCO HOTELS WILL NOT RAISE RATES

(By Associated Press.) SAN FRANCISCO, Cal., Jan. 15.—The hotel committee from the general committee on the national Grand Army encampment to be held here this summer has decided to make no advance in rates for hotel accommodations during the week of the encampment.

CARDINAL PAROCCHI IS DEAD

(By Associated Press.) ROME, Jan. 15.—Cardinal Parocchi, sub dean of the sacred college and vice chancellor of the Roman Catholic church, died today from heart disease. He was created a cardinal in 1877.

The death of Cardinal Parocchi removes one of the prelates considered most likely to succeed the pope. There always has been considerable friction between the pope and cardinals on this account and led to the unprecedented step of the pontiff removing the cardinal from the post of vicar of Rome because he thought he too openly posed as the future pope. Nevertheless the pope is deeply affected by the death. He knelt in prayer and exclaimed, "These frequent deaths make me feel quite an old man."

ROCK ISLAND IS BUYING THE ERIE

NEEDS IT FOR AN OUTLET TO THE SEABOARD

THE PRICE WILL BE HIGH

Morgan Interests Would Not Permit It if They Were Not Getting All the Property Is Worth and Some More. Not Known if the Santa Fe Is Also Interested

(By Associated Press.)

NEW YORK, Jan. 15.—Negotiations are pending which in all probability will result in the acquisition of a controlling interest in the Erie railroad by the Rock Island interests. Confirmation of this statement has been obtained from a reliable banking authority, from whom it was also learned that the firm of J. P. Morgan & Co. has no objection to the acquisition of the Erie by the Rock Island, provided the price paid is high enough to be an incentive for such a transaction. From this same authority comes the statement that the Rock Island people are anxious to secure an eastern outlet and that it is merely a question of terms under which the deal is to be concluded.

Whether the Atchison, Topeka and Santa Fe is to be included in this combination is at least doubtful, it is said, despite the fact that such combination would mean an ocean-to-ocean line under one control and that a combination with the Santa Fe has been thought of by Rock Island interests.

REBATE COAL BILL BECOMES A LAW

(By Associated Press.) WASHINGTON, Jan. 15.—President Roosevelt at 1 o'clock this afternoon signed the bill suspending for one year the duty on coal.

NAME CANDIDATES FOR MAYOR

Present District Attorney Nominated by Philadelphia Republicans (By Associated Press.) PHILADELPHIA, Jan. 15.—John Weaver, the present district attorney of this city, today was unanimously nominated by the republican city convention for mayor, to succeed Samuel Ashbridge. At the democratic convention held last night, Francis F. Kane was named for mayor.

MINE OWNERS ARE SUMMONED

SUBPOENAS FOR THEIR APPEARANCE BEFORE GRAND JURY

THEIR EVIDENCE NEEDED

It is Said That They Can Provide the Connecting Link in the Chain of Facts Showing the Arrangements Between the Operators of Indiana and Illinois—Scope of Inquiry Widened

(By Associated Press.)

CHICAGO, Jan. 15.—On the new developments in the coal shortage investigation, the special grand jury widened the scope of its inquiry. Late yesterday afternoon subpoenas were sent to the sheriff of Sangamon county for the appearance before it of a number of coal mine owners.

Their evidence, it is said, forms connecting links in a chain of evidence showing arrangements between the operators of Indiana and Illinois. Several witnesses who were summoned yesterday were heard today.

ST. LOUIS NOT YET REPORTED

American Line Steamship From Southampton Is Still Overdue

(By Associated Press.)

NEW YORK, Jan. 15.—Up till 10 o'clock this morning the overdue American Line steamer St. Louis, from Southampton and Cherbourg had not been reported.

Quite a crowd of people were at the office of the American line this morning seeking news of the missing steamer St. Louis, most of the people having friends and relatives aboard. The Spanish steamer Montevideo has arrived and is said to have come off the southern course and saw nothing of the St. Louis.

ANOTHER WOMAN'S PLAYHOUSE

Mrs. Corse Payton Not Deterred by the Failure of Mrs. Osborne

(Special to The Telegram.)

NEW YORK, Jan. 15.—Not deterred by the disastrous and expensive venture of Mrs. Osborne and her playhouse, Miss Etta Reed (Mrs. Corse Payton) today opened the old Criterion theater, Brooklyn, which she recently purchased, under the name of Mrs. Payton's Playhouse. Miss Reed designs the venture to be a woman's affair all through and among other innovations are women ushers and an orchestra composed exclusively of women.

THOUSANDS OF TONS OF COAL STORED IN DOCKS

STATEMENT VERIFIED BY PHOTOGRAPH THAT THERE WERE 500 CARS OF COAL SIDETRACKED IN ELIZABETHPORT, N. J. AWAITING DELIVERY TO RETAIL DEALERS WHILE THOUSANDS SUFFERED FROM COAL FAMINE IN NEW YORK CITY

(By Associated Press.)

NEW YORK, Jan. 15.—The statement that thousands of tons of anthracite coal were awaiting delivery to retail dealers at the docks of the New Jersey Central railroad at Elizabethport, N. J., has been verified in detail by a photograph of the yards practically blockaded by loaded cars. There were nearly 400 cars in the yards and more than 100 additional on main tracks leading into the yards, waiting to be taken in by drill engines. Averaging the five hundred cars capacity at 60,000 pounds, each would make the total coal in Elizabethport at the hour of the count 15,000 tons.

At other points also there is a congestion of coal laden cars, which the officers of some of the coal carrying roads say is mainly due to the confusion caused by the separating of cars containing independent coal from those bearing the company coal.

Notwithstanding the promise made by George F. Baer, president of the Philadelphia and Reading Railroad company, who as the spokesman of the coal operators, told Mayor Low that all the coal yards in the tenement districts would be supplied with coal for the poor, there is great suffering in New York, because thousands are unable to obtain fuel.

COAL SHORTAGE THROWS 5000 MEN OUT OF WORK

(By Associated Press.) CHICAGO, Ill., Jan. 15.—Business in East Chicago, Ind., has been brought to a standstill by lack of coal. The Pennsylvania and the Elwyn Rolling mill have been shut down and 5,000 men, practically all of the workmen of the town, are idle. The two plants consume 200 tons of coal a day and the supply ran short last Saturday, when only one car load of coal arrived. No fuel has been secured since.

College May Close

(By Associated Press.) NEW YORK, Jan. 15.—On account of the coal shortage the University of Pennsylvania was in darkness last night, says a Philadelphia dispatch to the American. If coal cannot be obtained today the institution will be compelled to close and 3,000 students will be out of classes. There is also danger from the cold to the 500 patients in the University-hospital.

Chairman of Senate Announces General Committee Clerks—John Pyles of Tarrant County Gets One of the Plums—J. A. Chaffee of Bexar Appointed Stenographer to the Lieutenant Governor

(Special to The Telegram.) AUSTIN, Tex., Jan. 15.—The house this morning consumed the entire session in considering the number of pages and electing the postmistress. It was finally decided to make the number of pages eleven, which is two less than originally intended. Mrs. E. Barrow of Travis county was elected postmistress of the house, and then the house recessed at 12:10 o'clock, while balloting for assistant postmistress.

The senate this morning held a brief session. Senator Arch Grinnan of Brown county was sworn in. The chair announced the following general committee clerks: W. A. Spaw, Jr., of Dallas, Lucien Goss of Baylor county; porters, Reed Pierson of Limestone, Dan Edwards of Rusk, John Pyles of Tarrant, John Hogan of Kaufman and Ellis Monroc of Travis. J. A. Chaffee of Bexar was appointed stenographer to the lieutenant governor. The senate recessed at 2 p. m. o'clock.

HODGES HELD FOR THEFT OF WALLET

AN ALLEGED PICKPOCKET WILL ANSWER TO GRAND JURY

Judge Smith Grants a Divorce to J. E. Haworth—Two Young Men Arrested For Theft Today Will Have Hearing in County Court Next Wednesday. Other News

This was a comparatively quiet day in the courts, but several cases of public interest were passed upon, much of the activity being confined to the justice courts. The county court is not in session and will not convene again until Monday. Judge Milam being employed as presiding officer over the board of commissioners, which is engaged in canvassing accounts and reports from attaches of the county administration. Before Justice Terrell this morning John Hodges had an examining trial on a charge of snatching a wallet containing \$30 in bills and some valuable papers from Mrs. May Porter of Waxahachie. The offense was committed at the Santa Fe union station last Monday. Some tickets which the pocket-book contained were found on Hodges' person when arrested and searched. He was held to the grand jury in \$500 bonds and, being unable to furnish bail, went to jail.

The January term began in Justice Rowland's court today. There are only 125 cases on the civil docket, the call of which was begun at 2 o'clock. When the judge took office in November about 325 cases awaited trial. The District Courts In the seventeenth district court J. E. Haworth was granted a divorce from Mamie Haworth by Judge Smith, on statutory grounds. The Forty-eighth district court is still engaged in the hearing of the damage suit of E. S. Jacobs against the Texas Brewing company, for personal injuries sustained by a fall. Other Matters Arthur Doyle and John McCoston were arrested by Officers Tomason and Dodd for the theft of several pairs of shoes from W. C. Stripling's stock. Two pairs were recovered from a second-hand dealer. The prisoners are in the city jail and will have a hearing in the county court next Wednesday. Doyle is said to have a record of two burglaries in Mansfield.

TWO POPULAR YOUNG PEOPLE ARE MARRIED

Miss Lulu Hugh Wood Taylor became the wife of James Montgomery Brown last evening. The marriage of Miss Lulu Hugh Wood Taylor, daughter of Mr. and Mrs. James P. Taylor, to James Montgomery Brown, was solemnized last evening at the Taylor residence, 810 Lamar street.

There were more than a hundred guests present. Rev. Charles R. Hyde of the First Presbyterian church performed the ceremony. Messrs. Nixon and Hardeman were the groomsmen and Miss Martha Nowak and Miss Nell Coffey of San Antonio were the bridesmaids. Mr. and Mrs. Brown are both widely known in Fort Worth, he being advertising manager for The Fair. Though still a young man, he has made a marked success of his profession and is recognized as one of the best advertising men in the southwest. His bride is a very popular and charming young lady. They will make their home in this city, on Grainger street.

It Was the Climax of the Courtesies Accorded the Visitors by Hospitable Kansas City—Fort Worth and Texas Delegation Are Given More Than Ordinary Favor—Business to Be Finished Tomorrow

(Special to The Telegram.) KANSAS CITY, Mo., Jan. 15.—At the third day's session of the National Live Stock convention many papers were read and discussed and a flood of resolutions introduced and considered. The convention will finish the work tomorrow and will be followed on Saturday by the annual meeting of the National Wool Growers' Association, at which important measures will come up for consideration, including action in regard to the range problem. The Texas delegation to the National Live Stock Association convention has met with marked favor from the entertainment committee of Kansas City. The climax was reached last night, when Miss May Larimer of Fort Worth was accorded the honor of leading the grand march with Col. Springer and Ellis Monroc of Travis. J. A. Chaffee of Bexar was appointed stenographer to the lieutenant governor. The senate recessed at 2 p. m. o'clock.

BELIEVES IN FUTURE OF GREAT SOUTHWEST

St. Joseph Opera House Manager Thinks Fort Worth an Ideal Town for Investment

A St. Joseph, Mo., business man who was in the city yesterday, discussing Fort Worth's future, said: "In Missouri we look on Fort Worth as a second Kansas City, and we expect great things from it within the next few years. Before I left, C. W. Phillely, who owns two opera houses in St. Joseph and two in Joplin, Mo., said to me: 'I'd like to have an opera house in Fort Worth, and would be willing to make a long time contract for a fine house. It believe it would be one of the most paying investments I could make, and would yield big returns in a very few years.' "Mr. Phillely is one of the most successful theatrical managers in Missouri, and is as good as his word," continued the visitor, "and I believe that he might easily be induced to invest if the right kind of a building were offered."

Small Attendance at the Meeting at Dallas (Special to The Telegram.) DALLAS, Tex., Jan. 15.—There was a small attendance at the meeting of the Retail Merchants' Association called to effect organization here today. A resolution was passed asking the co-operation of merchants with the Grocers' Association, which meets at Waco in June.

FOR STUDY OF CONSUMPTION

A HOSPITAL TO BE ESTABLISHED FOR THAT PURPOSE

\$1,000,000.00 ENDOWMENT

An Unknown Donor Promises That Amount of Money for an Institution in New York—It Will Rival That Given to Philadelphia by Henry Phipps Which Has Been Recently Announced

(By Associated Press.) NEW YORK, Jan. 15.—New York city is to have a hospital for the study and treatment of consumption that will rival that given to Philadelphia by Henry Phipps, says a dispatch to the Herald from Philadelphia. Its endowment will be at least \$1,000,000. The name of the donor is kept secret. It is stated that the impending announcement of the New York benefaction precipitated the publication of the donation of Mr. Phipps.

MAJOR MASON OF TEXAS MARRIED AT RALEIGH

(Special to The Telegram.) RALEIGH, N. C., Jan. 15.—Miss Marion Thion Haywood was united in marriage this evening to Maj. Charles Mason of Fort Brown, Tex. The ceremony took place at the ancestral mansion of the Haywoods. The ceremony was performed by Dr. Machall, rector of Christ church. A reception was held in the library after the ceremony. Maj. Mason and bride will leave for Brownsville, Tex., tomorrow. In a short time they will sail for the Philippines.

J. A. CLAXTON IS DEAD

J. A. Claxton, aged 38, died this morning at his home in Glenwood. The funeral will be held tomorrow morning at 10 o'clock. The deceased was a railroad contractor and leaves a wife and six children.

BILL WAS PASSED PROMPTLY

Measure Providing For Rebate on Coal Up to President Washington, Jan. 15.—The senate acted promptly on the house bill providing rebates of the duty on coal and passed unanimously without debate a few minutes after it was brought from the house.

The militia bill was also passed, with an amendment striking out the section providing for a reverse force of trained men, thus removing the objections made against it.

For an hour and a half Mr. Tillman occupied the attention of the senate in a characteristic speech, in which he denounced trusts and monopolies and severely criticized the attorney general.

The statehood bill was up for a short time, during which Mr. McCumber spoke in favor of granting statehood to Oklahoma, Arizona and New Mexico.

Charles Bennett, who said he was an Austrian and gathered old clothes for a living, selling them again to second-hand dealers, was arrested on a charge of vagrancy. Charles wrestled with English construction for five minutes, but failed to make his trouble wholly clear. He will be given another chance tomorrow morning.

Another foreigner, Woessen by name, tried to explain why he wasn't a vagrant. He said he came from Dallas, an admission that nearly resulted in conviction, but he told his hard work to get work so pathetically in his soft Teutonic gutters he was given a chance to go to the stock yards and secure a promised job.

His Running Was Disturbing "I'm not guilty unless you call running" up the street disturbing the peace," said Albert Warren, a colored youth, in answer to that charge. It looked like an odd thing to disturb the peace of a Weatherford street neighborhood by an evening sprint up the board sidewalk, but the testimony of a half dozen witnesses was that Albert had been doing other things besides trying his gait. The other things included in the testimony referred to a long-bladed knife, bad words and dire threats.

Warren said he wanted some witnesses for his side of the case and he will be given an opportunity to introduce them tomorrow morning.

Minor Cases A small grist of "\$1-and-cost" cases, mostly for plain drunks or disturbing the peace, was ground out, but nothing sensational developed. Police court proceedings so far this week have been rather inipid.

DRIVER IS MISSING FOUL PLAY IS FEARED

Aged Colored Man Employed by Henry & Bell Not Seen Since Last Night—Search Fails to Reveal Any Trace of His Whereabouts

James Guinn, an aged colored man, known to nearly everyone who has seen him driving Henry & Bell's delivery wagon for many years past, is missing and the members of the firm, together with the employees, are afraid he has met with foul play. Guinn is about 60 years of age and has been employed by the hardware firm at Fifth and Houston streets for the past twenty years. Last night, as has been his custom for many years, he took the firm's team to Marlow Bros' livery stable at the corner of Rusk and East Fourth streets. He then started apparently for his home. Since that time no trace of him has been found and it is thought he has either met with foul play or has wandered into some part of the city where he is unacquainted and has become confused. The firm made vigorous efforts to day to locate Guinn, but failed, and the members of his family were also unsuccessful in learning anything about him. Guinn was not known to be a drinking man and had no enemies so far as is known.

TALES THEY TOLD IN CORPORATION COURT

Two Foreigners Appear for the First Time and Also a Colored Youth is First for a Time—His Running is Said to Have Disturbed the Peace. Some Plain Pleas

Five feet six, heavily set, round-headed, built like the galley of a Norse viking in so far as sturdiness and strength count, Fred Johnson, the first foreigner for a longer time appeared in corporation court this morning to answer a charge of drunkenness. "Ah guess Ah hane," was his reply to the charge, so Frederick, son of John, was fined \$1 and costs.

Charles Bennett, who said he was an Austrian and gathered old clothes for a living, selling them again to second-hand dealers, was arrested on a charge of vagrancy. NORTH FORT WORTH PROPERTY IS ACTIVE

A feature of the real estate records at the court house is the activity of North Fort Worth property, as shown by recent transactions. Business lots there appear to attract investors in all parts of the country. Two deals in realty near the stock yards were filed today. A sale by Mrs. E. T. Menefee to the Texas Anchor Fence company of property held at \$1,250 was the most important transfer. The list for the day is as follows: Ed Carlson and wife to H. E. Blackwell, part of lots 11 and 12, block 3, George T. Alford & Veal's addition, 40 x154 feet, on Kentucky avenue, \$900. M. H. Levan and wife to Julia Ann Butcher, 67 interest in 80 acres out of the Guliver Wilson and J. W. Haynes surveys, \$900. Rev. W. C. Lattimore, pastor of the First Baptist church at Denton, is the guest of his nephew, County Attorney O. S. Lattimore.

A HUNDRED DOLLARS TO INSPECT SEWER

FRIENDSHIP, N. Y., Jan. 15.—One hundred dollars is offered to anyone who will make an inspection of a two-foot sewer 1,800 feet long. The sewer is built through a quicksand bog on a farm which is being drained in order to obtain a foundation for the crossing to be built for the Pittsburg, Shawmut and Northern railroad. The sewer is laid thirty feet underground. The railroad will not accept it until a man has passed through and inspected it. The journey is perilous because of the liability of a cave-in and because there is a stream of ice-cold water running through the pipe.

FORT WORTH, TEX., JAN. 15, 1903. The statement that the head of the trust formed to control parrots is to be a woman, is erroneous.

The idea of selecting Fortland for the next livestock convention, anyway! Might just as well make it Kamschatka and be done with it.

The Americans so far have failed to let the misfortunes of the sultan of Morocco work on their sympathies. There is a hint of a suspicion floating about that he is getting about what was coming to him.

The farmers of the state will be benefited by organization just as much as are the dealers in any line of business who get together for their common good.

Now that the government has discovered a tiny insect—a germ—that will kill the locusts and grasshoppers, it might take up the boll weevil problem. There is a foeman worthy of "Tama Jim" Wilson himself.

The indications are that the formation of big trusts is no longer possible. There never was a great deal in it, except for the promoters. And now even they can't sell the stock that is necessary. The public has become like the burnt child.

The judge up north who discharged prisoners for stealing coal when they appeared before him may be, theoretically, all wrong, but he evidently knows how to handle a condition when he is right face up against it.

The man from St. Joseph who came here the other day to investigate the prospects and resources of the city, and grew so enthusiastic over what he saw, evidently was like all the other citizens of Missouri are reported to be. We had to show him; and we did.

The man who lives in Fort Worth who does not believe that Fort Worth will be the largest city in Texas within a very few years, has very little foresight or ability to estimate conditions. Moreover, he is a moss-back, which is the worst thing you can say about a person.

The men who are responsible for the coal famine in Chicago should not only be indicted, but tried and found guilty and sentenced to the penitentiary for the rest of their natural lives.

A rebate of the duty on coal for one year is not as good as admitting it free, but it will help some. The idea of a duty on an article so necessary to comfort and even life as coal, is criminally outrageous.

condition that most of the property of the city now are in. This will allow all the room required on any occasion for the traffic, and as far as general appearance goes, the narrow width, with wider grass plots outside the walk, make more for beauty; particularly when the grass plots are of grass, in fact as well as name. The expense of paving is thus cut directly in two, and it is put within the reach of a large proportion of the property owners.

ON LIVING. A certain eminent professor, whose name has been lost in the shuffle, recently published his opinions on life and living, based on the observations and investigations of a life time. In the hodge-podge of facts and theories evolved, some are worthy of serious consideration and some are not. In general his physiological deductions on living are sound. He says that the smaller part of living and the increase of wealth, with the luxuries of the table, have tended to overeating, which, in connection with lack of exercise, has had its evil effects, and doubtless produced an additional reaction on the nervous system.

One factor given as a possible cause of crime is that, while the consumption of wheat, coffee and other grains has increased per capita, the consumption of malt liquors and sugar has increased much more. This might be interpreted as a tendency toward less solid, less staple or more artificial food, since the consumption of meat and potatoes has decreased.

He thinks the recent rapid development of women by entering more and more into the work of men, a transaction involving great strain, seems to have some unwelcome accompaniments. In Vienna, for instance, general paralysis is increasing among women. In Belgium insanity and suicide have been growing relatively faster in women than in men.

It has been found that the criminal influx into cities is relatively greater in women than in men, and the effects of heredity are greater upon women than upon men. The youth as compared with adults have committed more crimes as society has developed.

San Antonio Light: High license very high, is cutting down the number of saloons wherever it is introduced, and for the benefit of the public, the revenues the men engaged in the business and all the rest, it is the thing.

Dallas Times-Herald: No, thank you, Texas is not worrying particularly over the coal question just at present. This state is bothered with bugs just now and is busy getting rid of them.

Brenham Press: The farmers are plowing, preparatory to the spring planting. The winter rains have been copious, and the land is in fine condition. Preparations are being made for a greater diversity of crops than was ever planted in Washington county. Thousands of acres will be planted in Irish potatoes alone, and this harvest will be early in May, at a season of the year when money is generally scarce.

Austin Tribune: A member of the legislature threatens to introduce a bill revoking any saloon license where the said saloon is kept open on Sunday. He will make it the duty of the county judge to announce such revocation whenever it is shown to him by any private citizen that such saloon has been kept open on Sunday.

Austin Tribune: The legislature will have great trouble over any bill providing for working penitentiary convicts on public roads. Such bills have given the lawmakers trouble in the past and they have been invariably killed.

A Scientific Discovery. Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal.

As was pointed out by City Engineer Hawley at the Board of Trade meeting the other night, there is no reason for having the streets in the residence portions of the city paved to the width of forty or fifty feet.

THE HUMBERTS AS THEY LOOK IN JAIL

(Copyright, 1903, by W. R. Hearst.) This photograph of the Humberts was taken in the jail at Madrid. The woman on the extreme right is Mme. Humbert. By her side is her daughter Eva. On the left is Marie d'Aurignac, Mme. Humbert's sister.

AMUSEMENTS

"Hello Bill" has a plot after the lines of "The Man From Mexico." In this case, however, the man is supposed to go to Cuba to fight the Spaniards, while he is really fighting mosquitoes in New Jersey. The plot and dialogue are worthy of a better company than the one presenting them last night.

Rose Coghlan Tonight. It is to be hoped that Fort Worth and vicinity will appreciate the efforts of Manager Greenwall in securing such an attraction as Miss Rose Coghlan, who will appear at Greenwall's opera-house tonight.

presented by Miss Rose Coghlan, Signora Eleonora Duse, Miss Olga Nethersole and Mrs. Patrick Campbell in the United States.

"When We Were Twenty-One" The charming play "When We Were Twenty-One," as interpreted by a strong company, is meeting with overflowing houses everywhere.

My Confessional. No swinging censors and soft intonations of well-trained acolytes; no deep sobbing of an organ, nor echoed refrain through the groined arches of some lofty cathedral; no mellow light filtering sooty through stained windows, illuminating worshipper and priest alike with its prismatic reflections; no, none of these are mine.

Gertrude Coghlan. Gertrude Coghlan will appear at Greenwall's opera-house Saturday, matinee and night, Jan. 17, in a dramatization of Maurice Thompson's popular American novel, "Alice of Old Vincennes." The production is a superb one and is declared to be one of the most beautiful ever seen upon the stage.

Haverly's Mastodon Minstrels. There have been several "freak" vocalists in this country, but George Morgan, the young Englishman, who appears with the Haverly minstrels, which come to Greenwall's opera-house Monday night, Jan. 19, surpasses them all in respect to phenomenal range. It is the height of the

THE IDLER'S NOTE BOOK

average tenor's ambition to attain the high C, but Morgan can produce the B flat above the high C, or nearly an octave further up the scale. There is not even a suggestion of falsetto about the tone, either, but a clear, legitimate note. Grand torchlight parade at 6 o'clock.

Precept and Practice. "When I was a lad," remarked the eminent divine, speaking to a bright circle of shining faces in the chapel of the Cramm school for boys, "my father taught me one thing for which I shall always be under obligations to his memory. That thing was to do everything thoroughly. When I studied, he made me read the lesson through carefully four times; when I played, I used all of the allotted time in healthful, hearty exercise; when I worked, it was with a consciousness that nothing but my best efforts would be acceptable; when I ate my meals, I chewed my food thoroughly and enjoyed it; when I went to church, I listened to the sermon carefully and then tried to remember it distinctly part by part, yet as a whole.

REMARKABLE SUCCESS. Of a New Catarrh Cure. A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

Dr. Ainslie, in speaking of the new catarrh remedy, Stuart's Catarrh Tablets, on thirty or forty patients with remarkably satisfactory results. They clear the head and throat more effectively and lastingly than any douche or inhaler that I have ever seen, and, although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them, as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety.

The many friends of G. H. Hausan, Engineer, L. E. & W. B. R., at present living in Lima, Ohio, will be pleased to know of his recovery from threatened kidney disease. He writes: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially trainmen, who are usually similarly afflicted." Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug

of him; but I must hear it out patiently to the end.

Nat all of our penances are done with dried peas in our shoes. And the next is a woman. I can see she has been weeping, but her voice is kept up too highly to threaten any possible break while she pours out her story, disconnectedly, as a Gatling gun would leave intervals of a hundredth second between shots; yet, nevertheless, too rapid to allow running away.

At such times I wish my confessional were a whispering gallery and that I were too deaf to hear whispers. "Oh, I suppose he's good enough," she declares, about a mutual acquaintance. "But I've had some experience with him. He tried to get me into trouble once, but I managed to show him just who I was and that my rights were just worth as much as anybody's. Since then he has let me alone."

The target shifts with lightning rapidity and someone else is brought under fire. Finally, when it is almost at the stage where there is no longer hope, she tells that someone has said she has interlarded in someone else's business, and that she wants me to know that if anything is said about it and I get to hear it, to up and tell whoever says it, it isn't so.

THE IDLER. They come and go, and I wouldn't for the world they'd quit. Someone else is enjoying their absence while I am living a chapter from Fox's "Book of Martyrs." I wonder if all the confessees couldn't form a society and have their work done by phonographs. The only objection would be the sudden rise in the price of wax.

THE Mississippi Bubble

A NOVEL BY EMERSON HOUGH. (Copyright, 1902, by the Bowen-Merrill Company.)

Synopsis. John Law, an adventurer and financier of Louis XIV's reign and his brother are attacked by English robbers and are secured on the road by Lady Catharine Knollys, a famous beauty, and Mary Conynge, Law's beautiful and charmingly beautiful daughter, while Mary Conynge admires Law without response. Law takes a prominent part in English finances and again encounters Lady Kitty, to whom he ascribes his love. In a duel Law kills "Benji" Wilson and is sent to prison. He writes to Lady Catharine, but Mary Conynge intercepts the note and hastens to the prison.

BURGLAR SCARE ON WEST SIDE

OBSTREPEROUS TRAMP TRIES TO ENTER HARRISON HOME

He Frightens a Servant Girl Nearly Out of Her Wits, But She Manages to Exclude Him From the House, Visit Afterwards Paid to the Harding Residence

A hobo of dilapidated appearance—one of the army of tramps who annually infest southern towns during the winter months—visited the residence of J. C. Harrison, president of the State National bank, at 302 Ballinger street, early last evening, during the absence of the family and made himself so obstreperous that Dora Corrigan, the servant girl, thought her last hour had come. The intruder was without doubt bent on burglary and, though frightened nearly out of her wits, the maid showed great presence of mind.

Failing to effect an entrance to the Harrison home, the tramp went to the house of Noah Harding, cashier of the Fort Worth National bank, at 206 Summit avenue, where he created fully as great a sensation. He evidently anticipated that the homes of bank officials would yield a rich assortment of treasure.

He is Very Familiar This particular hobo is described as being a six-footer, with unkempt hair and whiskers. He wore an ill-assorted coat, vest and pants, which had seen their best days.

At the Harrison residence he boldly rang the front door bell and, upon being answered by the girl, asked, very familiarly if "John" was at home. He was informed that both Mr. and Mrs. Harrison and the other members of the family were away. This seemed to just suit him, and he attempted to push his way into the hall, but the girl was too quick for him. She slammed the door in his face and securely bolted it. Then she secured all the other windows and doors. For several minutes the man toyed with the latch and shook at the door, trying to force it open, but to no avail. After that he stood for a few minutes as though hesitating what to do and then walked slowly away.

Visits Harding Home It was subsequently learned that the same man had visited the Harding home, at 206 Summit avenue, a few minutes later. He accosted Blanche Harding, aged 14, on the corner and made some insulting remark, which caused her to run home and report the occurrence to her mother. The tramp followed her some distance and stood watching the house for fully five minutes. All the doors and windows were secured, but he did not attempt to enter.

In speaking of the occurrence this morning Mr. Harrison said: "Our locality is overrun with tramps and beggars half the time. We need better police protection in the daytime and more lights at night. No wonder the people are excited when such trouble-some individuals remain at large."

A PRETTY WEDDING AT THE MADDOX HOME Miss Emma Maddox Becomes the Bride of J. Walker Covey—To Reside at Amarillo

A wedding of interest in Fort Worth social circles, solemnized yesterday, was that of Miss Emma Maddox, daughter of Mr. and Mrs. Walter T. Maddox, to Mr. J. Walker Covey of Amarillo. Rev. J. A. Whitechurch, pastor of the Mulkey Memorial church, officiated in the presence of about 100 relatives and intimate friends. Both the bride and groom were unattended.

As the bridal party entered the parlor, Mendelssohn's wedding march was played by Mrs. A. P. Foute. A brown traveling gown was worn by the bride and she carried a bouquet of white carnations and ferns. Cut flowers, holly, ferns and palms in bewildering profusion added a charming effect to the house decorations. After an informal reception, Mr. and Mrs. Covey left for their home in Amarillo, where the groom is in the drug business.

In Bed Four Weeks With La Grippe We have received the following letter from Mr. Roy Kemp of Angola, Ind.: "I was in bed four weeks with la grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and now I use it exclusively in my family." Take no substitutes. Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

Stop It A neglected cough or cold may lead to serious bronchial or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold. Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

COLD AND GRIP If you have a cold do not let it run until you have pneumonia, but buy a box of Dr. Johnson's Cold and Grip Tablets and cure your cold in one day. These tablets are laxative and will reduce inward fever.

THE HEARST SERVICE NOW IN THE TELEGRAM

There are no Sunday newspapers of general circulation which have become so popular as the Hearst papers. Part of the reason for this popularity is to be explained in the series of comic pictures that have been running regularly in those papers. Everybody, practically, in the whole country has heard of the Katzenjammer Kids, of Foxy Grandpa, of Happy Hooligan, of Alphonse and Gaston, of Lulu and Leander, of others almost as well known.

In connection with the thought of these well-known comics one immediately associates the Hearst papers. Hearst is not the only newspaper man who is featuring funny characters, but he seems to have been the only newspaper man who has been able to put features in his paper that have become by-words in the mouth of almost the entire country.

And The Telegram feels that it is taking a vast stride forward in the hearts of newspaper readers in having made arrangements with the Hearst syndicate for the publication of some of the famous comics in The Telegram simultaneously with publication in the New York Journal, Chicago American and San Francisco Examiner.

Not only will The Telegram be able to present to its readers every Sunday morning a page of the popular comics, but many of the other well-known features of the Hearst trio will be found in The Sunday Telegram. For instance, The Telegram will be able to duplicate the page of editorials found in these three papers, which will give to The Telegram the exclusive use of the writings of Ella Wheeler Wilcox, Dorothy Dix, Max O'Reel, Mrs. John A. Logan and a host of others. Besides this well-known and popular feature there will be some of Oppen's and Davenport's famous cartoons. Then there will be the Hearst foreign cable news and illustrations, the former coming to Hearst by cable and to The Telegram on Saturday night by wire from New York. Fashion artists who draw and write for the big trio will contribute to The Sunday Telegram. Beatrice Fairfax and Miss Chappelle, two popular writers with the womenfolks of today, will have departments in each issue of The Sunday Telegram. Then all through the week The Telegram will run daily half-tone portraits of people in the public eye and scenes made famous by odd and peculiar happenings.

There seems to be almost no end to the list of things that Hearst will send to The Telegram every week and especially on Sunday. And why does The Telegram add all this heavy expense? Because the present management recognizes the popularity of the Hearst papers and the features that have made these papers popular. Because The Telegram believes it can largely increase its circulation with these features, and increased circulation means a much augmented sphere of influence. The Daily and Sunday Telegram, under the present management, is here to stay. It is going to make of The Telegram one of the big papers of the great southwest. Not much space is going to be wasted in the mere saying so. Actions will speak for themselves. Some promises were made to the people of Fort Worth and vicinity six months ago when the present management assumed charge. These promises have been largely fulfilled. There are many things yet to be done and these things will be done as rapidly as it is possible to do them. The Telegram has another important project to carry out very shortly, through which the people of Fort Worth will benefit. Announcements will be made when the plans are perfected.

Keep your eye on The Telegram. Meanwhile take in The Sunday Telegram and read the popular Hearst features on the same morning the very same features are being enjoyed in New York, Chicago and San Francisco.

A MUSICAL TREAT UNDER CLUB AUSPICES

Rarely in the past have Fort Worth music lovers been enabled to look forward with as keen anticipation of enjoyment to a future event as the promised visit of Mile. Zelle de Lussan, under the auspices of the Arion Club, a piano soloist gained world-wide fame as a member of the Maurice Grau grand opera company, and her presence in this city will afford a musical treat such as has seldom been enjoyed.

The following address to the clubs of the city, explanatory of Mile. de Lussan's forthcoming visit, has been issued by the Arions through their president, W. J. Estes, and secretary, Joseph M. Collins:

"By a stroke of good fortune the Arions have been permitted to make an engagement with London G. Charis, who presents to the music-loving public Mile. Zelle de Lussan, the celebrated operatic soprano, who makes her first appearance in concert and song recital in her native land this season, following the example of Mme. Nordica. For the past several seasons her work has been in grand opera in both Europe and America.

The Arions feel that they have assumed a great responsibility in signing an engagement with so great and world-renowned an artist, and believing that your organization is working for the advancement of high art in our midst we, therefore, solicit your co-operation in bringing out a Fort Worth audience befitting so great an artist.

"Prices of admission, \$1.50, \$1 and 75 cents. Orders for tickets may be left at Cummings & Shepherd's music house, corner Sixth and Houston streets. Tickets on sale at the same place and may be reserved, beginning Jan. 19.

"Date of recital, Thursday, Jan. 22, in the Christian Tabernacle." The piano soloist and accompanist for the occasion will be Angelo Frounani.

On the evening of Tuesday, Jan. 20, the regular monthly recital of the Arions will occur. Among the soloists will be Sol Marcosson, who plays a \$4,000 violin, the renowned Stradivarius, which was formerly the property of the late Edouard Remenyi. Mr. Marcosson plays the wild Hungarian airs with a passion and fervor that are entrancing.

Miss Dorothy Frew, an honor graduate of the New England conservatory at Boston, who has also studied under Barth at Berlin, will be heard in piano solos and accompaniments.

MURDER CASE GOES TO JURY Opinion in San Antonio Is That Harvey Harrell Will Be Acquitted SAN ANTONIO, Tex., Jan. 15.—The Harvey Harrell murder case, which went to jury this afternoon. It is the general opinion that the verdict will be one of acquittal.

EAT SLOW Means Chew, Fast, Fine and Hard, but Swallow Slow "Across the table sat a young man," remarked an old gentleman from New Albany, Ind., recently, "with a sickly face, who was slowly chewing in a fashion which led me to believe that his teeth were all in such condition that if he should forget himself and bite a little bit harder off would fly the top of his head. Finally I remarked: "You have to be very careful of them?" "Yes, indeed," he replied, "I have no stomach. My doctor told me to eat slow. 'No odds what your hurry may be,' said he, 'eat slow.'"

"You misunderstood him," said I, "what the doctor meant was to chew fast, fine and hard but to swallow slowly. Now you are actually committing suicide. The doctor meant for you to use your teeth. Are your teeth all right?" "Yes, he replied, 'I can bite through sole leather. I wonder if the doctor did mean that I should chew hard instead of slow?' "Then I told him of my experience in the food line. I'm a pretty old man now, but like a good many other people, my stomach went back on me one time, and I commenced to study food and the requirements of a good body. After experimenting a good deal I came across Grape-Nuts and was so convinced that this food met all the requirements of health and as a daily diet is indispensable. "I am not a doctor, but it is easy to understand that the great change from my former condition to my present good health and ability at the age of 67, to walk 25 miles a day, if so inclined, is due solely to the Grape-Nuts and the proper nourishment my body has received from this valuable food. "The crispness of Grape-Nuts gives the teeth sufficient action to keep them in good condition; its taste is delicious and the way it is prepared corrects any digestive trouble a person may have. I know my lease of life has been renewed for a term of years by its use." Name given by Postum Co., Battle Creek, Mich.

BARRED ROCKS LEAD IN NUMBER

POULTRY SHOW WILL CONTINUE UNTIL SATURDAY EVENING

Coops Are All Filled and Many Varieties Are Presented—Award of Premiums in the Barred Rock Competition—Fresh Eggs Would Make Hungry Man Envious

There is one feature of the Fort Worth Poultry and Pet Stock Association show that strikes a hungry man as sheer waste. All of the fresh eggs the attendants gather every day, and they amount to perhaps two dozen, are destroyed. To the man acquainted with only the restaurant egg the action seems wasteful, but it is done in accordance with the rules of the association, which provide that all eggs laid at the exhibition must be destroyed unless other disposition be ordered by the owner of the hens. Such eggs as one might pick up around a poultry show might hatch a prize winner for next season, and so, to avoid possible theft or misplacing of the eggs they are destroyed as soon as found.

All of the coops at the show have now been filled, the majority of exhibitors being in the barred Plymouth Rock class, 108 birds being entered. Judge Davis has completed the work of carefully inspecting each bird and the results of his awards are as follows: Barred Plymouth Rocks

Cock—First prize, Zumwalt & McReynolds, Denton, 90½ points; second, G. S. Heflybrower, Austin; third, E. Boaz, Benbrook.

Cockerel—First prize, J. W. Pitman, Benbrook, 93 points; second, C. M. Brown, Fort Worth; third, Zumwalt & McReynolds, Denton.

Hens—First, Truman Stroud, Denton, 94 points; second, Truman Stroud, 93½ points; third, E. Boaz, Benbrook, 93½ points.

Pullets—First, E. Boaz, Benbrook, 94½ points; second, J. W. Pitman, Benbrook, 94 points; third, Truman Stroud, Denton, 94 points.

Pen of four hens and one cock—First, J. W. Pitman, 186.9-16 points; second, Zumwalt & McReynolds, Denton, 185.13-16 points; third, Charles M. Brown, Fort Worth, 185 points.

Brown Leghorns The awards for first, second and third cocks, the first, second and third pullets, the first and second hens and first pen went to W. J. Warriner, Fort Worth.

The Prizes The award for the best pen of barred Plymouth Rocks, besides drawing a \$2 prize, draws also a special offer of \$10 cash made by Swift & Co. The regular first and second prizes for single birds are \$1 and 50 cents, respectively. The best pen wins \$2 and the second best \$1.

The attendance was somewhat light today, owing to the bad weather.

PRESIDENT'S ADDRESS TO DAUGHTERS CONFEDERACY

Mrs. Johnson Urges More Liberal Appropriations for Confederate Home and Creation of Monument Fund

An address has been issued by Mrs. Cone Johnson of Tyler, president of Texas division, Daughters of the Confederacy, calling upon the members to agitate for liberal appropriations from the next legislature towards the support of the Confederate home at Austin, and for the erection of a Texas monument at Chickamauga park. She also announces that she has appointed a committee to take in hand the matter of having Jefferson Davis' birthday made a legal holiday. It is her desire that sponsors and maids of honor at the Confederate reunions be chosen only from among the daughters, and Mrs. W. P. Lane, the department secretary, is requested to notify General and Mrs. Zantz to that effect.

Continuing Mrs. Johnson reviews at length the work of the recent department convention and expresses the earnest prayer that this year's work may be full of blessings.

HAS AN ANTI-PATHY FOR BORES

Rose Coghlan Administers a Snub That Takes Effect Quickly "Miss Rose Coghlan, who appears tonight at the opera house in the "Second Mrs. Languey," has a decided antipathy to bores, and can administer a merited snub in a fashion which causes the recipient, if not too obtuse, to recognize at once the committal of a faux pas, and exit quickly. One of the best exemplifications of this faculty of Miss Coghlan is related by her business manager, Richard Obce. It occurred in Memphis, Tenn. Miss Coghlan had played a matinee and night performance and was seated in the parlor of the hotel with her maid, waiting for a carriage to convey her to the depot. She was very tired. An angular female entered, and, without the formality of an introduction, commenced a series of questions, to which Miss Coghlan replied with her usual courtesy, until her tormentor blurted out: "I should have attended your performance today, but I was afraid the play you produced was too immoral. Is it, really?" Now, if that lady had known it, "The Second Mrs. Languey" is about the finest portrayal of a suffering woman Miss Coghlan has given in a career distinguished by admirable performances of some notable classic and modern parts, and the play is dear to her in more ways than one. She is one of the only five actresses to whom that oft used word great can be applied whom the author has permitted to appear as Paula Tanqueray, in consideration of a royalty that means a small fortune in a season of thirty weeks, and when that "Is it, really?" reached her astonished ears, it fully expected a quiet retort, but, in the calmest possible manner, Miss Coghlan replied languidly: "I really don't know. Ask my maid. She's awfully good at that sort of thing." Curtain!

The Great Dismal Swamp Of Virginia is a breeding ground of malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. SIGNS ARE MISSING FROM STREET CARS

Considerable annoyance is caused the traveling public by the absence from many of the electric cars of signs indicating their destination. These omissions are most noticeable on the Buiknap and City Park lines, which travel in exactly opposite directions after reaching the court house. Whenever a prospective passenger sees one of these cars approaching, he is at a loss to know in what direction it is bound, and hails the motorman to stop. Delays and other annoying complications thereby result. Patrons of the company are complaining and insist that every car ought to be plainly marked.

COLLEGE INDIAN KILLS WHITE MAN

DETAILS OF THE HORRIBLE MURDER OF DOUGLAS ALLEN Was Assailed by a Choctaw Indian, and After Being Killed Was Mutilated After the Fashion of the Most Savage, Ancient Tribes—Trouble Arose Over an Altercation

(Special to The Telegram.) SOUTH McALESTER, I. T., Jan. 15.—The details of the murder of Douglas Allen last week, for which ten Choctaw Indians were arrested, have come out. It was a most shocking murder, entailing all the brutality of old-time savagery.

A party of hunters, composed of Douglas Allen, Horace Allen and John Scarberry, all white men, were camping in the woods trapping game. A band of ten full-blood Choctaw Indians came to the camp and demanded the guns and game about the camp in exchange for the hogs which the Indians accused the hunters of stealing from them.

An altercation arose, and Ellis Carnes, an intelligent and college-bred Indian, sprang at Douglas Allen, dealing him a terrific blow over the head with his clubbed Winchester. Ellis then shot at Horace Allen, hitting him in the hand. Horace Allen and his companion Scarberry then fled amid a rain of bullets from the Indians. They went to Atoka and informed the officers.

A horrible sight was witnessed by officers when they reached the camp. The body of Douglas Allen was found riddled with bullets, skull fractured and eyes torn from their sockets. The body was mutilated after the most horrible fashion of ancient savagery. Horace Allen described two of the men in the party so accurately that the officers immediately effected their arrest.

One of them, Ellis Carnes, confessed. He says that his party found indications about the camp to satisfy them that the white men had been slaughtering their hogs and when they made the charge Douglas Allen started to shoot him with a Winchester. Horace Allen struck Allen with the gun purely in self-defense and also admits that he shot Horace Allen through the hand.

When asked to tell who were his companions, the murderer asked for a note book and made out a list of the nine men who accompanied him. The accomplices of Carnes arrested are Lake Ostah, Daniel Drew, Aaron Coolbort, Marvin Thompson, Isaac Nelson, Solomon Loren, Billie Harley, Charles Jefferson and Peter Nail.

Plans of Anti-Saloon League Will Push Their Work Vigorously During This Year WASHINGTON, Jan. 15.—The headquarters committee of the American Anti-saloon League began a meeting in Washington today to outline plans for advancing the work of the league and to recommission and commission superintendents. The work of the league is to be pushed vigorously during the present year.

THE COLLISION AT SOUR LAKE

FATALITIES MAY EXCEED THOSE OF FIRST REPORT.

WAS CAUSED BY THE SNOW

This, Added to the Darkness. Hid the Danger Signal From View — The Two Trains Had Been Running 20 Miles Apart Previous to the Smash Up

Houston, Jan. 15.—A most disastrous re-occurrence of collision of two freight trains occurred near Sour Lake, Wednesday evening. Four lives and perhaps another will be added to pay the penalty of a sad mistake, due in a measure to a blinding snow, which, in the impenetrable darkness of the night, obscured from view, the danger signal.

The dead are: Oscar R. Daniels, conductor, L. J. Huddleston, fireman, F. D. Florry, brakeman, J. Hester, boiler-maker.

The injured: John Qualtrough, brakeman, very serious; R. James, engineer, slight.

The two freight trains were extras and were running about twenty minutes apart. The advance train was in charge of Engineer Croft and Conductor O. S. Daniels, and was pulling a string of fifty-four heavily loaded cars, the freight consisting of cattle, sand, hay and bones.

The second train with Engineer R. James and Conductor J. Kelly in charge, was made up of twenty-four cars.

Both trains passed Dowers on time as shown by the schedule in the dispatcher's office. The advance train stopped at the water tank a quarter of a mile out of Sour Lake to take water. A considerable stand was made, and from the statements of Engineer Croft, he was not informed that a train was following him. Just as Engineer Croft was in the act of pulling the lever to move away the train came. The red lantern on the engine of the standing train was not lighted by Engineer James of the approaching train until he was within a few yards of the cab.

Fireman Huddleston was caught between the engine and tender and his back and abdomen crushed. J. Hester was disemboweled. The body of Conductor Daniels was completely hidden under the engine.

YOUNG CORBETT IS THE BEST

Is Awarded the Decision Over Rice at Hot Springs

Hot Springs, Ark., Jan. 15.—"Young Corbett," the featherweight champion, was given a decision over Austin Rice of New London, Conn., in the eighteenth round of what was to have been a twenty round contest, before the Whittington-Park Athletic association. The fight was not to a finish, Rice staying full seventeen rounds. Just before the end of this round Corbett landed a stiff left swing, glancing on the stomach, and as a result Rice was taken sick during the remainder of the fight. On the call of time at the beginning of the eighteenth round "Battling" Nelson, Rice's second threw a towel into the ring, and Corbett was given the decision.

FOR AN IMPARTIAL ATTITUDE

Governor Taft Urges This Action by the Officials

Manila, Jan. 15.—Governor Taft has sent a circular letter to the provincial governors enjoining them to maintain an impartial attitude in the religious disputes over church property. He directs them to intervention when the peace is disturbed or forcible dispossession is attempted, but instructs the governors not to interfere where Roman Catholic priests, in possession of church property, peacefully surrender it to schismatics. The governor says the courts alone must determine the rights of the parties in any dispute on the subject of church property. It is anticipated that there may be attempts on the part of the schismatics to seize additional churches.

RETAIL GROCERS INDULGE IN A HEATED DISCUSSION

Kansas City, Mo., Jan. 15.—At the afternoon session of the National association of Retail Grocers, Wednesday, a heated discussion followed a paper read by A. W. Barlinger, president of the Grocers association of Atlanta, Ga. Mr. Barlinger recommended that a committee be appointed to draw up a national garnishment law, and that proper steps be taken for its introduction in congress any final passage. Although President Williams tried to postpone action upon the subject the delegates insisted that it be disposed of at once. After much debate it was decided that a committee of five members be appointed and be instructed to make a study of the garnishment laws of the different states and be prepared at the next session of the association to present a bill embodying the best points and eliminating the worst features of the laws of the various states.

Only Four Months' Credit.

Laredo, Tex., Jan. 15.—A City of Mexico special says: Members of thirty of the leading firms of this city that import drygoods have held a meeting, at which it was agreed not to give more than four months' credit, not to give any discount on goods sold on credit, and to give only four percent discount on goods sold for cash. The action of the importers was caused by losses which they have sustained recently by the decline in silver, and the uncertainty of the future of the white metal.

SEVERAL ADDRESSES MADE

National Live Stock Men Are Good Listeners

(By Associated Press.) Kansas City, Mo., Jan. 15.—Addresses on the results on a stock industry couched the entire time of the short session of the National Live Stock association Wednesday. Among the speakers were W. D. Harris of Kansas, who spoke on the Louisiana purchase exposition and what it will do for the livestock industry. He gave a review of the history of the year comprised in the purchase and an appeal to stock men to contribute to the success of the enterprise. George Fayette Thompson of the bureau of animal industry, Washington, read a paper on "Our Markets for Livestock and their products."

More Deaths.

Laredo, Jan. 15.—A City of Mexico special says: Official information from Mazatlan is to the effect that there were six deaths from the plague in that city Saturday last and eight Sunday. The number of patients is steadily increasing. The total number in the hospital is eighty-eight, with six additional patients under observation.

Murdered in His Store.

Memphis, Tenn., Jan. 15.—A special to the Scimitar from Holly Springs, Miss., says that O'Neil Jones was found murdered in his store near Victoria, Marshall county. Two unknown men were seen about the store and have since disappeared. Robbery is supposed to have been the motive for the crime.

REV. M'GILL AT INDIANOLA

EDITOR OF NEGRO PUBLICATION VISITS THAT TOWN

ORIGIN OF THE TROUBLE

He Is of the Opinion That Difficulty Was Caused by an Article in a Paper of His Race Offensive to Whites — Further Than This He has Little to Say of His Investigations

Chattanooga, Tenn., Jan. 15.—Rev. W. H. McGill, colored, editor of "Hot Shots," published here and at Birmingham, Ala., returned from Indianola, Miss., where he has been investigating the trouble involving the alleged forced resignation of the colored postmaster, Minnie Cox. McGill went to Indianola just after returning from Washington, where he had been to press his candidacy for chaplain of the house of representatives. He is very reticent regarding his mission to Mississippi and does not say whether or not he was sent there by some one in authority to investigate the trouble. He is one of the leading anti-lily white Republicans of the south, and by some people is regarded as having influence at Washington. All that McGill would say about his trip to Indianola was that he had found that the trouble originated by the publication of an article in a negro newspaper which offended the white people of that community. He states that, from what he learned during his investigation that if he were in the woman's place he would not go back to Indianola at this time, and that he had so advised her at Birmingham, where he saw her on his way back to Chattanooga. McGill goes from here to Washington.

GOV. DAVIS IS INAUGURATED

Arkansas Executive Takes Oath of Office Fort the Second Time

(By Associated Press.) Little Rock, Ark., Jan. 15.—Governor Davis was inaugurated for his second term of two years, Wednesday in the presence of the general assembly and a large gathering of other citizens of Arkansas. The ceremonies were simple. The oath of office was administered by Chief Justice Bunn, after which the governor delivered his message to the general assembly.

In his message the governor urged what he termed reforms in the penitentiary management; the building of a commodious annex to the state lunatic asylum; a reform school for juvenile offenders; an additional appropriation of at least \$70,000 for an Arkansas exhibit at the Louisiana Purchase exposition; revocation if possible of the recent purchase of a state convict farm for \$140,000; abandonment of the site designated by the legislature of 1899 for a new state capitol and provide for the erection of a new hospital on the present site of the old capitol at a cost not to exceed \$1,000,000; creation of offices of beer and coal oil inspectors; and the passage of a rigid anti-trust law.

THE DOLPHIN AT KINGSTON

Dispatch Boat Carrying Mr. Bowen Stops to Coal

(By Associated Press.) Kingston, Jamaica, Jan. 15.—The United States dispatch boat Dolphin, with Minister Bowen on board called here Wednesday for coal. Mr. Bowen paid a visit to the governor's residence. The minister says he has full powers as the representative of Venezuela at the coming conference at Washington and has strong hopes that the powers and Venezuela will reach an agreement without referring the questions to The Hague court of arbitration. Caracas was quiet when Mr. Bowen left, although public feeling was still running high. He is anxious to reach Washington at the earliest moment.

An Attack of Pneumonia Warded Off

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Anna Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by N. E. Grammer, druggist.

NORTH CAROLINA DEADLOCK

Democrats of That State Have Made No Choice Yet

Raleigh, N. C., Jan. 15.—The democratic members of the general assembly, were in caucus for an hour Wednesday on the senatorial election. Five ballots were taken, but there was no material change in result over Tuesday. Overman's highest vote was fifty-three, Watson thirty-nine, Craig twenty-nine, Carr fifteen and Alexander nine. There is no calculating the length of the deadlock. Each of the candidates declares he will win.

Official Action.

Boise, Idaho, Jan. 15.—The legislature Wednesday officially elected W. B. Hayburn to succeed United States senator Helfeld.

No Special Election.

Austin, Jan. 15.—Governor Sayers has received Laham's resignation, but will not order a special election.

Texas Postmasters.

Washington, Jan. 15.—President has nominated following postmasters for Texas: Henry T. Canfield, Wichita Falls; C. E. Littlefield, Luling.

HOUSE WAS NEARLY SOLID

But Five Votes Against Granting Rebate of Coal Duty

Washington, Jan. 15.—The bill reported from the ways and means committee to provide for a rebate of the duties on foreign coal for a period of one year was passed in short order by the house Wednesday by practically a unanimous vote, 228 to 5, the votes against being Messrs. Gushman and Jones of Washington; Gaines of West Virginia; Mondell of Wyoming and Patterson of Pennsylvania, all Republicans.

The bill was considered under the operation of a rule which cut off opportunity to amend. The only opposition to the measure came from some of the members representing coal states, who expressed the fear that the admission of Chinese mined coal from Canada would injure the coal industry of their states. Both Mr. Dalzell of Pennsylvania and Mr. Payne of New York, the Republican leaders, expressed the opinion on the floor that the bill would not relieve the existing distress.

Texas Drug Co., 1407 Main street. Stamps of all denominations; money orders payable anywhere.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. The genuine article may be bought anywhere of all reliable druggists at fifty cents per bottle. Please remember, the full name of the Company—**CALIFORNIA FIG SYRUP CO.**—is printed on the front of every package. In order to get its beneficial effects it is always necessary to buy the genuine only.

MAY NOT CALL EXTRA SESSION

PRESIDENT HAS NO IMMEDIATE INTENTION OF DOING SO

WILL COME WEST IN MAY

Roosevelt States That He Will Start on a Tour of the West and Northwest About May 1, and It is Thought the Arrangements Have Been Made for the Trip

WASHINGTON, Jan. 14.—President Roosevelt gave a very strong intimation Saturday afternoon that he has no immediate intention of calling an extra session of congress after March 4, nor has he any idea that such an extra session will be necessary, as some of the daily papers seem to imagine. The statement made by the president was the first direct intimation he gave. He stated that in May next he expects to be on an extended tour of the west and northwest, and, furthermore, it is said at the White House that already some of the details of the president's trip have been arranged. It is thought likely that the president will leave Washington city by May 1. Of course, if he had any idea that an extra session of the incoming congress will be necessary after March 4 he would not expect to be on so extended a tour.

This intimation was given to Rev. Dr. Pitzer, a local Presbyterian clergyman, who called at the White House for the purpose of inviting the president to attend the assembly of the Presbyterian church, South, to be held in May at Lexington, Va. It is the desire to have the president deliver an address.

Among Texas people in Washington city is S. H. Cowan of Fort Worth, who is here on some legal business. Mr. Cowan is a well-known lawyer of Texas, being the attorney for the Texas Association of Cattlemen, the biggest association of owners of live stock in the United States.

Another prominent Texan in Washington the other day was C. M. Burnett of Tyler, who stopped over here en route to New York city on a business trip. Mr. Burnett will be in the eastern section of the country for some time.

From talks with democratic members of the house, Representative Williams is likely to have some opposition for the leadership of the minority in the next congress, even in the event of the retirement of Representative Richardson. Mr. Bankhead has many friends among the minority who would like to see him enter the contest for the leadership.

REMARKABLE CURE OF CROUP

A Little Boy's Life Saved I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I can not praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine and directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—Joel Demont, Inwood, Iowa. For sale by N. E. Grammer, druggist.

CONTEST BEGUN TO BREAK WILL OF JACOB S. ROGERS

NEWARK, N. J., Jan. 15.—The contest to break the will of Jacob S. Rogers, the millionaire locomotive builder of Paterson, was commenced in earnest today when the suit of Mrs. Virginia Heinrich of this city was called for trial in the chancery court. Mrs. Heinrich charges deception in the persuasions used to induce her to sign the release in common with the other heirs. She also charges her former counsel with deception, in that he did not properly enlighten her as to the purport of the release she was persuaded to sign. On these grounds she endeavors to have set aside the probate of the will. The executors deny all allegations of fraud and a bitter contest is likely to be the outcome.

WILL FEED FOR THE FORT WORTH MARKET

West Texas Stockman: Dud Thompson, manager of the H S ranch, informs the Stockman of a new and radical departure that will be inaugurated in the cattle business of this section next fall by Mr. W. R. Felker, lessee of the ranch and owner of the W. T. Scott stock of cattle.

Mr. Felker recently purchased the W. C. Winston ranch, consisting of fifteen sections of fine grazing land, located along the Texas and Pacific railway out in the latan country. Mr. Felker's object in purchasing this property is to establish out there the biggest feeding pens in the west. He will begin operations next fall by feeding and finishing 1,000 head of steers for market out there, expecting to obtain advantage of the home market at Fort Worth.

Mr. Felker's idea is to raise all the roughness required by the steers on the ranch, and preparations are already being made to put in a big torage crop. The feed required that can not be produced here will be shipped in, on the assumption that it is cheaper to pay freight on this feed to the cattle than to pay on the cattle to the feed. The Stockman does not believe that Mr. Felker will have to ship much feed to the cattle, unless he desires

them to eat oil mill products. Experience in a limited way out here has already demonstrated that crushed milo maize and Kaffir corn are just about as good grain as can be fed to cattle being finished for market, and both can be produced here in ordinary years with but little effort.

Mr. Felker is an extensive operator in cattle, and feeds a great many every year for market. This season he has seen his cattle wading around eastern Texas up to their bellies in mud and has found that they do not properly thrive under such conditions. He very naturally has come to the conclusion that the fine climate enjoyed by this section, abundance of sunshine and mild weather, will afford advantages for the feeding of cattle right on the range where they are produced, and his head is very level.

The day is not far distant when west Texas will engage in this line of business on a very extensive scale, and the big Fort Worth packing houses will bring the great change much earlier than it otherwise would have happened. We are on the eve of another revolution in the cattle business in this section, and Mr. Felker is but one of the pioneers engaged in blazing the way that many others are sure to follow.

SHEEP HANDLED BY THE TEN THOUSAND

HOW THE WIGHT RANCH IN NEW MEXICO IS RUN

Its Watered Claims Comprise 3,000 Acres, and the Herds Graze Over an Area of Ten by Thirty Miles—Something of the Cost of Operation and the Profits

In the Corrupaw, in Union county, N. M., there is a large model sheep ranch, the conduct of which may prove of interest to those readers who do not know how such an establishment is run. This is Wight ranch, and the watered claims comprising 3,000 acres, are so located as to give grazing privileges over the whole country. There are 15,000 sheep which range over a strip ten miles wide and thirty miles long, according to Field and Farm. The entire flock right through requires one man to each 1,000 sheep, besides a foreman and a helper at the ranch. During the greater part of the year the ewes are run in bands of from 2,500 to 3,000, the wethers and yearling ewes in slightly larger bands. The lambing herd is usually less than 2,000, and the rams are of course running a buckherd. It requires about five men to the thousand sheep during the lambing and ordinarily the results are from 80 to 90 per cent. Lambing generally commences in May and the greater part of the lambs drop in the succeeding twenty days.

The average cost of help is \$18 a month. Shearing commences July 1 and usually lasts ten or twenty days. About 2 cents a head is paid, although there is a tendency on the part of the shearers to increase the price. The probabilities are that there will be a machine shearing plant put in soon. The wether flock shears on an average about ten pounds for the second and third fleeces. Owing to the introduction of English mutton sires to increase the size of the sheep the last year's lambs will not shear this amount. The ewe flock averages eight pounds of wool to the head.

The average cost of running the sheep is 55 cents a head, leaving a nice margin of profit in the wool alone when sold at 12-12 cents, the contract price for the season. This profit of 45 to 50 cents a head does not include the sale of some 2,000 or 3,000 wethers at \$2 or better in the fall. It requires twenty-five rams to the thousand ewes. After the breeding season is over they are taken by a Spanish neighbor, who herds them all the year except during the breeding season, for \$25 a month, which price does not include the grain furnished by the owner. The wool clip brought something over \$12,000 this season.

One Hundred Dollars a Box is the value H. A. Tisdale, Summertown, S. C., places on De Witt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except De Witt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases.

Pneumonia and Lap Grippe Coughs cured quickly by Foley's Honey and Tar. Refuse substitutes, Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

BATTLESHIP TEXAS TO BE ADMIRAL SAND'S FLAGSHIP

WASHINGTON, Jan. 15.—An interesting change was made in the navy department today, by which Rear Admiral James H. Sands, commandant of the Philadelphia naval station and the League Island navy yard, is placed in command of a new division of the north Atlantic squadron for coast defense purposes. The battleship Texas is to be the flagship of Rear Admiral Sands and the other vessels of the coast defense division will be monitors, torpedo-boats and torpedo-boat destroyers. The fleet is to be known as the third division of the north Atlantic squadron and will be organized for use in case of need.

EPOCH IN CAREER OF THE JESUITS

CLOSING OF HISTORIC NOVITIATE AT FREDERICK, MD.

Has Been Removed to New York for the Reason That the South Is No Longer the Source From Which Novices Are Secured, the Eastern States Being Most Helpful

BALTIMORE, Md., Jan. 15.—The final closing today of the historic old novitiate at Frederick, Md., marks an epoch in the career of the Jesuits, which order has been prominent in the affairs of Maryland since the landing of Calvert in 1634. The novitiate has been removed to St. Andrews-on-the-Hudson for the reason, it is said, that the south has ceased to be the center from which novices are procured and that the eastern states, particularly New York, are more helpful to the society in this way than in the past.

The old novitiate property at Frederick was bought in the early part of the last century, and is within a stone's throw of the home of Barbara Fritchie and of the grave of Francis Scott Key. Recently the property, which had been offered to Cardinal Gibbons and was refused, was sold to private parties and will be cut up into building lots.

From 1634 to 1810, the Jesuits, although they ministered in Maryland, were all educated abroad. The novitiate at Frederick was established in 1810 and the majority of the members of the Jesuit order in this country and who have belonged to the order within the last century were educated there, which consequently rendered it an important place in the estimation of the fathers.

The new institution located on the Hudson is magnificent and complete in every particular. It starts on its career with about 300 novices in charge of Rev. J. H. O'Rourke, rector of the novitiate.

Rev. Carlisle P. B. Martin, L. L. D., Waverly, Tex., writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Prices 25c, 50c and \$1.00 bottle at H. T. Pangburn & Co's.

Simple Colds Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c and \$1.00 bottle at H. T. Pangburn & Co's.

A Cure for Lumbago W. C. Williams of Amherst, Va., says: "For more than year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." Sold by N. E. Grammer, druggist.

Best Liniment on Earth Henry D. Baldwin, superintendent city water works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1.00 bottle at H. T. Pangburn & Co's.

A Life at Stake If you but knew the splendid merit of Foley's Honey and Tar you would never be without it. A dose or two will prevent an attack of pneumonia or the grippe. It may save your life. Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

REPUBLICS IN A CONFAB

PAN-AMERICAN CONGRESS IN SESSION AT NEW YORK

COMMERCIAL INTERCOURSE

This is the Main Subject to Be Discussed, and They Are All There, From the Big United States Down to Little Paraguay—Regulations Will Be Provided For

NEW YORK, Jan. 15.—The Pan-American congress, on of the three international gatherings arranged for by the Pan-American congress held in Mexico two years ago, was formally opened in this city today. With but one or two minor exceptions every republic of the western world is represented at the congress. The United States is represented by Collector Stranahan of the port of New York, ex-Mayor William R. Grace of New York city, George W. Whitehead, appraiser of customs at New York; I. F. Fischer, president of the board of general appraisers; Special Deputy Collector J. J. Couch and Commissioner of Navigation Chamberlain.

The congress will endeavor to reach an understanding which will simplify commercial intercourse between the United States and the Latin-American republic, and adopt a universal American form of consular manifest, so that the varying customs regulations may be simplified at least by a common mode of presentation of business at the various ports. The bureau of American republics at Washington will be the distributing point for regulations suggested by the congress.

The United States delegates will, of course, take a leading part in the congress, but it is the aim of the representatives of this government not to attempt anything like a control of the meeting. Nevertheless, the United States delegates will present certain matters forcibly in the expectation that the best interests of the congress will be promoted, and that some similarity of administration among all the republics of this hemisphere will be secured.

LITTLE STORIES ABOUT BIG MEN IN NEW YORK

NEW YORK, Jan. 12.—Since he relinquished control of the Manhattan railway George Gould has linked his name with many important undertakings, clearly indicating that he plans to become a greater power than before in the railway group. He has become a member of the directorate of the Kansas City, Mexico and Orient. He has bought \$2,000,000 bonds of the Denver, Northwestern and Pacific, and is interested in the newly formed company which is to build a line from Creede, Col., to San Pedro Harbor, on the Pacific coast.

All these new burdens mean that Mr. Gould intends to keep busy for some time to come.

William Alexander Smith, the oldest living member of the New York Stock Exchange, will soon have rounded out a term of sixty years among the bulls and bears. Mr. Smith joined the exchange in 1844 and has been an active member ever since. For some time he has been gradually withdrawing from the active, hustling, everyday strenuous work of the stockbroker and henceforth he says that he will take only an ordinary interest in the doings of the bulls and bears on the Exchange.

John D. Rockefeller's income for the year just closed is estimated by Wall street statisticians at \$28,000,000, actual cash, and \$50,000,000 increase in the value of the various plants and properties of the Standard Oil trust. His cash income was derived chiefly from two sources, \$18,000,000 in cash dividends from Standard Oil stock, \$5,000,000 from railroad stocks and the remainder from various smaller investments. The big increase in Standard Oil stock on the curb did not benefit Mr. Rockefeller except to add to his paper profits, as he parted with none of his holdings.

John W. Gates, the western stock speculator, whose meteoric plunges kept Wall street unduly excited for months last year, is going to take things easy for a while. For the next two months he will shoot ducks in Texas and eat tropical fruits in Florida. If the surface indications point for anything, he is not to be a Wall street factor again in many moons. His elimination from the Colorado Fuel and Iron Company, the closing of the Louisville and Nashville deal and the reorganization of the Chicago, Rock Island and Pacific system, which left him astride of the Rock Island party, added to his enormous losses in the stock market, have combined to make him view Wall street as the abiding place of strong-armed "knockers."

Rheumatism, more painful in this climate than any other affliction, cured by Prescription No. 2851, by Elmer & Amend. E. F. SCHMIDT, Houston, Texas, Sole Agents.

BIG POLITICIANS WILL TALK AND EAT TONIGHT

NEW YORK, Jan. 15.—One of the largest political dinners of the winter is to be that of the Nineteenth Assembly district at the Madison Square Garden concert hall tonight. Covers will be laid for a thousand. At the guests' table will be Senator Platt and prominent republicans from all parts of the state. The speakers of the evening are to include Senator Dolliver of Iowa, Representative Watson of Indiana and several other republicans of national prominence.

JUDGE CLANCY

Of Hornellsville, N. Y., Hands Down An Important Decision.

In the case of Dr. David Kennedy's Favorite Remedy against Blood and Liver trouble, Judge James H. Clancy of Hornellsville, N. Y., and one of the most prominent members of the bar in that historic town, decided recently that as against Blood and Liver troubles, Dr. David Kennedy's Favorite Remedy was worthy of the highest praise. He says: "I have used Dr. David Kennedy's Favorite Remedy and strongly recommend it for its good effect in my case for liver trouble and blood disorder. It built me right up and I improved greatly in health."

Geo. H. Tift, of 878 River street, Troy, N. Y., suffered from liver trouble and his blood was all out of order and after using 'Favorite Remedy,' has this to say:

"From any one suffering from that run down or tired out feeling, caused by blood or liver trouble, Dr. David Kennedy's Favorite Remedy is the best medicine you can buy. I have used it and I know." The one sure cure for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, is Dr. David Kennedy's Favorite Remedy. It has cured in many cases where all else has failed.

It matters not how sick you are, how long you have suffered, or how many physicians have failed to help you, Dr. David Kennedy's Favorite Remedy will cure you if a cure is possible.

All druggists sell Dr. David Kennedy's Favorite Remedy in the new 50 cent size and the regular \$1.00 size bottles.
