News For Morning Marketers

Absence of green stuff, excepting turnips, is characteristic of the local markets this week. The turnips are white and green, like a marine landscape. But they are a great deal more nourishing and sell more reasonably. Prairie chickens and quail have become plentiful, the latter retailing at 25 cents a piece. For those who approve of killing "Bob Whites" this price is quite reasonable and sales have been good. Prairie chickens are retailing at 75 cents each.
There is a dearth of hot-house stuff in the market, but better conditions are promised in a week or two.

VEHICLES COLLIDE ON CROWDED STREET

While on the way from his office in the Dundee building to his home at 417 Fifth avenue last evening, Dr. R. E. L. Miller had a narrow escape from a serious accident. He was driving in his buggy at the time and had reached the point on South Main street near the crossing of the switch which leads to the Texas and Pacific round house. Proceeding south on the left side of the street, his rig collided with a hack driven by a 13-year-old boy. Dr. Miller's buggy was jammed between the curbstone and the side of the heavier vehicle and nearly upset. The shafts of the buggy were broken, the chassis badly sprung and the wheels considerably mangled. Dr. Miller was nearly thrown from his seat by the shock of the collision.
The accident was largely due to the deep mud, which made progress almost impossible. Switching had been in progress on the track for about twenty minutes and nearly fifty wagons and carriages had congregated.

DEALS ARE FEW IN CITY REAL ESTATE

At the county clerk's office this morning the most important transaction filed for record was a sale of \$3,000 involving property in Arlington. Comparatively few deals in city real estate were reported.
The following were filed for record: Thomas Spruance and wife to J. D. Cooper, lot 4 and 8 feet off west side of lot 3, block 19, Arlington, with improvements, \$3,000.
John Smith to W. M. Dugan, 18.3106 acres out of the John Grover survey, twelve and one-half miles northeast of Fort Worth, \$300.
C. L. Wilson to Susanna McDonald, lot 2, T. H. and J. E. Eggleston subdivision of L. Moore survey, \$150.
M. F. McKenna to B. W. Owens, lots 7 and 8, block 8, Texas and Pacific addition, \$1,600.

HAYS AND WATSON ARE CONVICTED

The Former Plead Guilty to Theft From Person, While Watson Admitted Burglary of a Railroad Car. Gambling Lands Three Young Men in Jail on Several Charges Apiece

Business at the court house today was largely confined to the Seventeenth district court, in which several cases were disposed of.
Two pleas of guilty were entered. Ed Hays acknowledged taking by force a watch and chain valued at \$55 and \$35 in money from the person of A. P. Griffith the night of Nov. 26, 1902, and J. D. Watson, aged 19, admitted breaking into a railroad car Dec. 5, 1902. Both were sentenced to terms of two years in the penitentiary.
Walter Morrow, accused of robbery with a deadly weapon, whose case was on the calendar for today, will have a hearing Jan. 30, to which date the case against him was passed.
The trial of Arthur Spikes, charged with theft of over \$50, is now in progress.
In the Forty-eighth district court, judge and jury are still engaged on the trial of the damage suit of B. E. Anderson against the Cameron Mill and Elevator company.
No new suits had been filed up to 3 o'clock.

RAILROAD NEWS GATHERED TODAY

Unusually heavy rains are reported in the eastern part of the state yesterday and serious damage to traffic on railroads passing through that section may result, though trains were all on time today. The streams and creeks are all running bank full and careful precautions are being taken to prevent washouts.
By tomorrow the worst of the floods is expected to be over, but there is a possibility of late rains tonight, owing to slow running to avoid accident.
Heavy snows are reported along the line of the Fort Worth and Denver City yesterday. Snow fell at Childress from 8 a. m. to 4 p. m. and snow is reported at Vernon, Quanah, Clearwater and even as far south as Bowie. From Fort Worth to Bowie there was rain all day yesterday.
The snows caused some delay in traffic but conditions are better today.

NEW ENGINES ARE AT WORK
Fort Worth and Denver City Engines Fulfilling Requirements of Test
The two new passenger engines received last week by the Fort Worth and Denver City are being broken in on freight duty this week and are meeting the tests well. Yesterday one of the engines pulled over 600 tons from Wichita Falls to Fort Worth, and it is believed that both will be able to handle the passenger runs later easily and with much better time than has been made by the older engines now in use.

The County Court
Last evening Will Thompson entered a plea of guilty on a charge of pistol toting, and was fined \$25, besides being assessed \$1 for injuring private property. This morning he went to jail in default of \$10 fines on six charges of gaming.
John Dennis and L. N. Jackson, also found guilty of gaming, the former on six counts and the latter on five. Fines of \$10 were imposed in each case and, being unable to pay, they were also placed under restraint.
The jury has been excused for the remainder of the week.

SEAT SALE FOR THE ARION CONCERT GOOD
The Arions' concert tomorrow evening, given by Mile. De Lussan and Angelo Fronani, promises to be given before an audience that will fill the Christian Tabernacle to the aisles.
The advance seat sale is unusually large and it is expected that every seat will be taken by tomorrow noon. Orders are coming from out of the city for reserved seats and a pickup house is expected. "There will be little opportunity to purchase seats tomorrow evening," said President Estes this afternoon, "for there will be such a crowd that scarcely any seats will be left to sell."
The announcement that Mile. De Lussan will sing tomorrow evening has brought an enthusiastic response from the various musical organizations of the city, many of whom will attend the recital in a body.
Mile. De Lussan has been famed for her beautiful mezzo-soprano voice for years, and her present recital tour has added fresh honors to her reputation. Tomorrow evening's program will include selections from "Mignon," "Carmen" and "Las Boheme" operas, in which Mile. De Lussan made great successes. A number of songs from modern balladists will be given, the program being well chosen in order to provide enjoyment for the greatest number possible.

FARMERS FIGHT OVER A DIFFICULTY ABOUT HOGS An Old Man Seventy Years of Age Attacks a Young Man With a Knife and Club

PARIS, Tex., Jan. 20—A fight occurred last week below Glory between Elijah Lee, an old man nearly seventy years of age, and John Kennemer, a young farmer about thirty years of age...

It is claimed that Kennemer had some hogs running at large and that Lee went over to see him about having them put up...

Kennemer received three licks on the side of the head and was considerably bruised. When the old man drew his pocketknife Kennemer tried to take it away from him and received an ugly cut in the palm...

After the fight he went to the home of Justice of the Peace Bracken near Broadway and swore out a complaint against the old man. He carried the captured blade of the pocketknife and exhibited it to the justice.

Pack Galleries, Aisles, Vestibules of Trinity Episcopal Church—Largest Assemblage on an Occasion of the Kind in South Carolina in 25 Years Since Death of Wade Hampton

Columbia, S. C., Jan. 21.—About 2,000 people attended the funeral of N. G. Gonzales at Trinity Episcopal church at 4 o'clock Tuesday afternoon...

The funeral service was impressive and the great concourse was deeply and manifestly affected. The lesson, from the fifteenth chapter of Second Corinthians, was read by D. Smith, and the prayers were said by Mr. Satterlee.

All business places in Columbia were closed during the funeral hour.

Floral tributes were sent from individuals, newspapers and organizations all over the state and from beyond the state.

A large part of the assemblage at the church accompanied the body to the cemetery. The bishop announced the benediction at the grave.

FORT WORTH, TEX., JAN. 21, 1903.

For the first time in years, it is said, the gambling houses in Austin have been compelled to go out of business.

Every day that Houston street remains unpaved hurts its prospects for becoming a main business thoroughfare of the city.

The Drivers Telegram tells that one cattleman from Texas who came to Kansas City to attend the convention woke up Saturday afternoon and wanted to know how long it would be before the thing would open.

If this cattleman was from Texas, which seems highly improbable, it is at least safe to say that he didn't come from the vicinity of Fort Worth.

The list of counties in Texas in which prohibition is in force is composed of Armstrong, Atascosa, Baylor, Brisco, Burnett, Cherokee, Cottle, Crane, Concho, Dallam, Delta, Dickens, Eastland, Ector, Edwards, Floyd, Ford, Franklin, Frio, Glasscock, Hale, Hall, Hartley, Hays, Hansford, Hopkins, Hill, Hunt, Hood, Houston, Iron, Jack, Jasper, Jones, Kent, King, Knox, Kimble, Lubbock, Live Oak, Leon, Limestone, Dimmitt, Medina, Mitchell, Montague, Motley, Madison, Moore, McMullen, Newton, Ochiltree, Parker, Potter, Randall, Red River, Roberts, Rockwall, San Saba, Sabine, San Augustine, Shackelford, Shelby, Sherman, Smith, Stephens, Sterling, Scurry, Stonewall, Swisher, Throckmorton, Trinity, Taylor, Tyler, Upton, Wise, Young, Zavalla and Zapata.

The Telegram has heard frequent discussions among the Confederate veterans as to the advisability of establishing an additional Home in northern Texas and another in the southern part of the state.

Recent reports show that a capital of \$89,789,556 is invested in manufacturing and mechanical industries in the 7,504 establishments reported for the state of Georgia, exclusive of capital stock...

manufacture of cotton goods is the most important industry in the state, giving employment to considerably more than 18,000 persons.

Under date of Dec. 1, 1902, Minister Sampson of Quito, South America, writes that a company is being formed in that city to build a large cotton mill.

Fort Worth needs two more railroads running to the westward through that stretch of country that is bounded on the north by Trinidad, Colorado and on the south by El Paso.

Texas Hogs for Texas People: San Antonio Light: There is no danger of the hog industry in this state being overdone for indefinite years.

AMUSEMENTS

Anna Held: There is a lively expectation concerning Miss Anna Held and her widely advertised handsome woman and other et cetera that go with a rapid traveling, up-to-date musical comedy, a sort of show with which the name of Miss Held is linked.

"Lovers' Lane": The enormous interest in the production of "Lovers' Lane" at Greenwall's opera-house Thursday, matinee and night, Jan. 22, is indicated by the unusual inquiry at the box office.

"Pennsylvania": Daniel L. Hart has written a story of the coal regions called "Pennsylvania," which is to be presented at Greenwall's opera-house Friday night, Jan. 23.

STATEHOOD MEASURE BEING TALKED TO DEATH

Tinkering Bankruptcy Law - Lively Contest For Minority Leadership of the House Is Under Way-Sinking Uncle Sam's Money - The No. 1 Hards

Washington, Jan. 21.--(Special)--The indefatigable Senator Nelson has reported from the judiciary committee a bill to amend the bankruptcy law act, which also bears the name of the Minnesota senator.

Senator Nelson Talks: While the Minnesota senator was devoting considerable time to bankruptcy he has found time to "stoke up" on matters relating to the new states and has occupied about all the time given to the omnibus statehood bill.

"Uncle" Pays the Bill: An interesting lesson is to be learned from a recent statement sent to congress by Secretary Moody.

No. 1 Hard State: Some time the men from North Dakota will be known as the "No. 1 Hards," just as men of Michigan are called "Wolverenes" and those from Indiana "Hoosiers."

Were Baseball Boys: Judge D. A. Holmes of Chicago came to Washington, and after he got a good square look at Senator Clark of Wyoming he asked, "See here, weren't you a shortstop of a baseball club in Iowa when you were a boy?"

THE Mississippi Bubble

A NOVEL BY EMERSON HOUGH. (Copyright, 1902, by the Bowen-Merrill Company.)

(Continued from yesterday.)

"Your grace," said Madame de Sabran, "was it not understood that we were to meet tonight none less than the wizard, Monsieur L'as?"

"Monsieur L'as will be with us, and his brother," replied Philippe. "But now I ask you to bear witness to the shrewdness of your friend Philippe in entertainment. I betought me that, as we were to have with us the master of the Messasebe, it were well to have with us also the typified genius of that same Messasebe."

The face of the woman at his right had suddenly gone white with a paler visible even beneath its rouge and patches. She half turned, as though to push back her chair from the board, would have arisen, would have spoken perhaps; yet act and gesture were at the time unnoticed.

"His excellency, Monsieur Jean L'as, le controleur general," came the soft tone of the attendant near the door. "Monsieur Guillaume L'as, brother of the controleur general."

"Ah, Monsieur L'as, Monsieur L'as!" exclaimed Philippe of Orleans, stepping forward to welcome him and taking the hand of Law in both his own.

"Monsieur L'as," 'tis but a little surprise I had planned for you, Mademoiselle, my princess of the Messasebe, let me present Monsieur Jean L'as, king of the Messasebe, and hence your sovereign! This is my fair unknown, whose face I have promised you should see tonight--this, Monsieur L'as, is my princess, the one whom I have seen fit to honor this evening by the wearing of the chief gem of France."

"Ob, assuredly!" replied the regent, with a sarcasm which now seemed his only relief. "Assuredly, if Monsieur L'as should please. We here in Paris are quite his humble servants."

URGE ALL CITIZENS TO PAY POLL TAX

BOARD OF TRADE TAKES DEFINITE ACTION AT MEETING HELD YESTERDAY AFTERNOON—COMMITTEE OF TWENTY IS APPOINTED TO START WORK AT ONCE—FIGURES ARE STARTLING

"I have made an investigation and find that of your total number of voters in the city and county only one-seventh have paid their poll taxes and are legally qualified to vote. The situation is simply this: If nothing further is done, we will permit every question of an elective nature which may come up during the coming year to be decided by one-seventh of the voters of this county."—Zane-Cetti at yesterday's meeting of the Board of Trade directory.

Immediate action to urge recognition of the necessity of payment of poll taxes by voters of the city was the most important decision at the meeting of the directors of the Board of Trade held yesterday afternoon. The other decision of importance was the appointment of a committee of three to assist in making the coming Fort Worth Fat Stock show a success.

Proceedings in Order Under communications a letter from Stuart Harrison asking President Spencer to appoint a committee to solicit funds for the coming fat stock show was read. Mr. Harrison was present at the meeting and was asked to give further explanations. He said that a meeting of the fat stock show committee was held yesterday and badges costing about \$175 had been ordered. He said that the committee needed about \$3,000 in order to fill out the premium list properly. When asked regarding the value of donations already received Mr. Harrison said that the Shorthorn Breeders' Association had donated \$600, the Hereford Breeders' Association \$200, the Chicago Stock Yards Company \$100, and it was expected that Swift and Armour would also donate \$600. Mr. Harrison said, however, that the donations of the last mentioned companies would probably be in special premiums for particular classes. Very little expense will be attached to the show after the premium list is completed. The show will be held in the inclosed and covered hog pens at the new stock yards. On motion of Mr. Davidson it was decided for the president to appoint a committee of three to solicit funds and have general charge of the Board of Trade's interest in the matter. Mr. Spencer suggested that Fort Worth ought to get together on the occasion of the show and advertise the city in connection with the formal opening of the packing houses. Regarding the opening of the packing houses Mr. Harrison said he understood it would be agreeable to Swift and Armour to throw open their plants for public inspection about the time of the show and that he thought the two events could be arranged to be held together. In that event, the attractions for visitors to the city would be made strong enough to draw large crowds here.

Educational Lectures The communication of Mrs. J. C. Terrell in behalf of the Women's Department Club of the city, calling attention to the coming lectures of Prof. Claxton and Mr. Works in the interest of the Southern Educational bureau, was read and discussed. It was explained that the ladies wished the board to give its support to the lectures, which will be given some time next month and will be free. The only expense attached will be the payment of the fares of the lecturers from Dallas and Denton, respectively, and their entertainment while here. Captain Paddock was appointed to further confer with Mrs. Terrell.

MARCOSSON CONCERT IS GREATLY ENJOYED

Celebrated Violinist Charms Hearers at the Christian Tabernacle Last Evening—Miss Dorothy Frew Pleases The few who braved the pouring rain to attend the concert given last night under the auspices of the Arions at the Christian Tabernacle, were well rewarded for the effort. The Arions never sang better, while the playing of Sol Marcossion and Miss Dorothy Frew could not be criticised. Mr. Marcossion was naturally the principal performer of the evening, but Miss Frew, who is in everyday life Mrs. Marcossion, was very pleasing in her two piano numbers. Mr. Marcossion's first selection was Mendelssohn's Concerto in E minor, a piece well chosen to show the finish and technique of his playing. It was followed by so hearty a demand for an encore that Mr. Marcossion responded by the "Austrian Hymn," which was given in a smooth and finished manner. Mr. Marcossion's other numbers that especially pleased the audience were the familiar "Preisleid," from Die Meistersinger, Heinrich Hoffmann's "Trepak" and Sarasate's "Gypsy Melody." The third movement of the last named number was given with so much brilliancy that the audience paid the player the tribute of remaining seated for a full minute after the close, demanding an encore to the last number of the program. The Arions sang well last night and showed marked improvement over their work at any time so far this season. Dudley Buck's "The Signal Sounds From Afar," was given with splendid spirit and was deservedly encored. The attendance last evening was small on account of the storm, but the entertainment will nevertheless be regarded as one of the most successful of the Arion's season.

NEW OFFICERS INSTALLED

Junior Order of Mechanics Has An Interesting Meeting The Junior Order of United American Mechanics held their annual public installation of officers Monday night in their new hall that has been recently built and arranged for their special work. The hall was decorated in red, white and blue. Dr. J. L. Cooper, national vice councillor, was the installing officer. Following are the new officers: T. J. Adams, councillor; J. M. Jones, vice councillor; A. W. Key, recording secretary; A. J. Parks, assistant recording secretary; E. M. Key, financial secretary; J. W. Coker, treasurer; M. O. Rhodes, conductor; T. H. Price, warden; J. D. Robinson, I. S.; B. Willey,

Committee Appointed

Acting on Mr. Waples' suggestion, a committee of twenty was appointed to take up this work. The members of the committee are as follows: Messrs. Zane-Cetti, W. T. Maddox, W. R. Booth, Jacob Washer, Paul Waples, J. W. Spencer, Sam Davidson, B. B. Paddock, W. B. Harrison, W. E. Connel, A. J. Long, George Diehl, Stuart Harrison, John B. King, J. W. Mitchell, Ben Waggoner, R. W. Flournoy, J. A. Weedon, C. D. Reimers and A. J. Sandegard.

To Prepare an Address

It was decided that a committee composed of Jacob Washer, Paul Waples and B. B. Paddock be appointed to prepare an address to be given to the press of the city for publication, calling attention of the voters of the city to the importance of poll tax payment. The meeting then adjourned.

WET NIGHT FOR "DAVID HARUM"

Scanty Audience Sees the Play, Which, Nevertheless, Was Fairly Good Rain even worse than that which descended on the deacon and his balby horse poured down last night when it came time for the performance of "David Harum" at Greenwall's. As a result there was a scanty audience. Nevertheless, the members of the company played as conscientiously as if they had had a "S. R. O." sign out. W. H. Turner made a careful and natural David Harum and is free from the affectations of Crane, which made the latter's David at times rather inartistic. The rainstorm scene was very effective, the full city pressure being used, but it didn't move the horse. The play was full of quiet and natural humor that at times was close to pathos. Tonight will bring Anna Held.

WILSON SUSPECTS PROTEST INNOCENCE

SAY THEY KNEW NOTHING OF TRAGEDY UNTIL NEXT DAY

They Admit, However, They Were in the City at Time of the Shooting and Left the Same Night—Held Without Bail and Closely Guarded—Past Record Not Reassuring

The city and county authorities are busily at work collecting all the evidence which is likely to throw any light on the murder of James M. Wilson. It is not likely that the examining trial of Joe Lawrence and Joe Wolf, the two suspects arrested in El Paso and brought to this city by Chief of Police W. M. Rea and Sheriff J. T. Honea, will be held for several days. Witnesses of the tragedy are now being located and will be served with notices to be present in court.

Prisoners Closely Guarded

Both prisoners are in the county jail, closely guarded. Jailer Joe Roy has been instructed to permit no one to converse with them and no sum is large enough to secure their temporary release on bail. Whether or not they have any actual knowledge of the crime is a point which Chief Rea and Sheriff Honea have been unable to determine. Both protest their innocence, however.

What They Admit

Lawrence and Wolf do not deny that they were in Fort Worth at the time of the shooting, and they admit, too, that they left the city on a freight train the same night, but did not learn that Wilson had been fatally wounded until they reached Baird, the division headquarters, 125 miles west of here on the Texas and Pacific railway. This assertion is regarded with suspicion, inasmuch as news of the affair had penetrated to the remotest parts of the city within a few minutes after its occurrence. They claim that they went to El Paso in search of employment. Lawrence is a painter by trade, but Wolf is said never to have done much in the way of work.

Description of the Men

In appearance the prisoners tally fairly well with the description of Wilson's assailants furnished the police. Lawrence is 28 years of age, has a thin face and is nearly six feet tall, while Wolf is about 24 years old and short of stature. Both have served terms in prison on charges of burglary and theft.

The preliminary hearing will take place before Justice Terrell, in whose court complaints were entered against the suspects before the departure of Chief Rea and Sheriff Honea for El Paso.

To Know Facts About Coffee When man takes properly selected food and drink nature will most always assert herself and rebuild the structure properly.

"From my earliest remembrance I was a confirmed coffee drinker," writes a gentleman from Marshallville, Ga., "taking two cups at nearly every meal. While at college I became very nervous, dyspeptic, irritable and unfit for study and attributed it largely to coffee, but did not stop its use. "When I was married I found my wife was troubled the same way, and we decided to try Postum Food Coffee. My wife made the Postum according to directions and we found it superb. We used it exclusively for the morning beverage, and the taste of ordinary coffee became distasteful to both of us. "I have found a distinct gain in health. Any amount of Postum does not cause a feeling of either dyspepsia or nervousness, while the return to coffee even for one meal has disastrous effects upon my nerves. My dyspepsia has entirely left me, and both my wife and self are well and strong and feel that it is all due to the Postum." Name given by Postum Co., Battle Creek, Mich.

It is easy to replace coffee with Postum which has, when properly made, a rich flavor and the color of coffee with none of its injurious after-effects.

SECRETARY OF STOCK YARDS COMPANY RETURNS HOME

While in Kansas City He Calls Upon a Number of Prospective Exhibitors and Is Shown Through Their Stables—Some of the Great Prize Winners Who Will Be Seen in Fort Worth This Spring

O. W. Mathews, secretary and treasurer of the Fort Worth Stock Yards Company, has returned from a visit to Kansas City, where he attended the meeting of the National Live Stock Association, and also attended the annual meeting of the American Horse Show Association, where he represented the Fort Worth Horse Show Association, of which he is president. He was elected a member of the board of governors of the American association, in which Fort Worth was assigned the date of April 28 to May 1.

While in Kansas City Mr. Mathews called upon a number of prospective exhibitors, from whom he secured the promise of entries. One of the first stables visited was that of Jack Cudahy, in which were stabled his noted prize winners, More Than King, for which he paid \$2,500 in New York, and his mate, All But King, a handsome bay stallion, which is shown in the wheel to More Than King, tandem, and on the off side of him as a pair. He was also shown the first prize winning runabout horse Pirate and his pole ponies Golden Spectre and Foxy Grandpa.

In the stable of W. A. Rule, who is cashier of the National Bank of Commerce, he found the great pair of roadster mares Miss Lou and Zulu Z, that won both the first and champion prizes at the Chicago, Philadelphia, Boston and New York horse shows in 1901.

In the stables of Dr. St. Clair Street he was shown the jumping horse Red Coat and in the stable of Ralph A. Knight, the jumping mare Elderdow, all of which will be seen at the Fort Worth horse show.

During his visit to the Missouri Hunt and Polo Club stables he looked over the entries of A. E. Ashbrook, which included seventeen horses, a four-in-hand coach, tandem, carts, mail and spider phaetons, four polo ponies and five jumping horses, among which was the 5-year-old Thistle-down, that has a record of seven feet one and three-fourths inches secured last year at Des Moines, Iowa, which is the third of the highest jumpers in the world. While there she was brought out, and while the ground was covered with snow she was sent over the hurdle to the height of six feet two inches.

L. Napier Magill also led out several of his hunters and also took out a pack of fox hounds, which were given an exercise run for his benefit, and it was suggested that they might be brought to Fort Worth and a drag laid and a hunt given during the horse show.

Interest in Fort Worth Now that Fort Worth is on the horse show circuit, much interest is felt in the proceedings of the association. This organization will have charge of the show to be held in this city April 28 to May 1 and also the one in Dallas May 6 to 8.

At the fifth annual meeting of the board in Kansas City it was decided by change the name to the American Horse Show Association. Officers were elected as follows: President—Mortimer Levering, Lawrence, Ind. Vice presidents—Robert Aull, St. Louis; G. G. Babst, Milwaukee, and George L. Goulding, Denver. Secretary—A. E. Ashbrook, Kansas City. Treasurer—W. A. Rule, Kansas City.

A board of governors was also chosen, consisting of Homer Eads, Galveston; H. D. T. Wilson, Houston; O. W. Mathews, Fort Worth; F. P. Holland, Dallas; Jack Garden, Paris, Tex.; L. J. Petit, Milwaukee, Wis.; W. G. Carling, St. Paul; G. A. Pratt, Little Rock; Louis A. Larabee, Minneapolis; Frederick A. Nash, Omaha; D. K. Mills, Des Moines, Iowa; George L. Goulding, Denver; E. A. Thayer, Greenwood Springs, Col.; Raymond W. Van Camp, Indianapolis; Max Orthwein, St. Louis; B. A. Halley, Nashville; Brent Altschuler, Louisville, and C. E. Higgins, Salt Lake City.

The secretary was instructed to prepare a classification of horses, vehicles, harness and appointments, a copy of which will be sent to each member. This list will also be printed in the prize list and daily program. Dates for the various exhibitions were formally assigned.

Scanty Audience Sees the Play, Which, Nevertheless, Was Fairly Good Rain even worse than that which descended on the deacon and his balby horse poured down last night when it came time for the performance of "David Harum" at Greenwall's. As a result there was a scanty audience. Nevertheless, the members of the company played as conscientiously as if they had had a "S. R. O." sign out. W. H. Turner made a careful and natural David Harum and is free from the affectations of Crane, which made the latter's David at times rather inartistic. The rainstorm scene was very effective, the full city pressure being used, but it didn't move the horse. The play was full of quiet and natural humor that at times was close to pathos. Tonight will bring Anna Held.

SCROFULA

Is an hereditary disease, and one for which a tainted ancestry or blood poisoning parentage is responsible. It is transmitted through the blood and shows itself in swelling and ulceration of the glands of the neck, catarrh of the eyes, weak eyes, sores, abscesses and skin eruptions, with a gradual wasting of strength and vitality. It also attacks the bones and joints, resulting in rheumatism, hip disease and deformities of every kind. We see the effects of this awful blood taint every day, but it exists in so many forms that often it passes for something else and is treated as another disease. Scrofula robs the blood of its nutritive qualities, and it becomes too poor to produce healthy growth and development, and thin, emaciated bodies and pallid, waxy complexions are the result. Only a constitutional remedy, one that works through the blood, can reach a disease that has been transmitted through generations or been lurking in the blood since birth.

THE GIFT OF A TAINTED ANCESTRY.

S. S. S. cleanses the blood of all scrofulous matter and of all morbid deposits, and when rich, pure, health-sustaining blood is again flowing in the veins there is a gradual disappearance of all the dangerous symptoms of Scrofula; strength returns, and a complete cure is effected.

S. S. S. contains no strong minerals to further break down and derange the system, but can be taken by the very old, as well as the middle-aged, young, without any harmful after effects, or the least injury to the most delicate constitution.

If you have any signs of Scrofula, if your children are stunted or slow of growth, pale and sickly, write us, and our physicians will advise you free of charge.

FORT WORTH YOUNG MAN INJURED AT DALLAS

DALLAS, Tex., Jan. 20.—A young man, who claimed to be from Fort Worth, was found yesterday by the watchman at the gas works, near the Katy depot, in an unconscious condition. He was bleeding profusely from a wound on his arm, caused by a knife cut. A physician was called and it was found that a deep cut had been made in the muscles of the upper part of the left arm.

The injured man could give but a hazy account of his night's adventure and was aided to return to his home at Fort Worth. The matter was not investigated by the police.

High Tribute to the Army

After making a thorough investigation of the prevailing condition of affairs in the Philippine Islands during the past year, the inspector general of the army, in his report pays a high tribute to the courage and kindness with which military operations have been carried on. The highest tribute is also paid to the celebrated Hostetter's Stomach Bitters by people all over this broad land, because of its reliability in cases of sick headache, vomiting, heartburn, indigestion, dyspepsia, liver complaints or malaria, fever and ague. These people having once tried it and proved its value will not accept anything else. If you are a sufferer from any stomach, liver or kidney complaint, you need the Bitters at once. It will surely do you good. Your druggist will supply you with the genuine.

A WOMAN WORN AND WEARIED

By pelvic weakness and pain and some of the many other disorders which arise in consequence through nerve connection with the seat of the real disease, a woman is expected to find rest in any duty or amusement. Sensitive women shudder at the thought of consulting a physician. A natural feeling of modesty makes them dread the embarrassment attending examinations and local treatments. In nearly all cases such ailments can be quickly, privately and safely cured at home and at very little expense. In nearly every neighborhood where women who will testify that they correct all functional wrongs peculiar to women, promotes proper pelvic circulation, relieves all the various related muscular, ligamentous and tissue, stops menstrual derangements, restores health and makes a woman as she should be. IS CHARGED WITH MURDER

NATHAN HENDRICKS IN JAIL TO BE RETURNED TO NEW MEXICO

Sheriff Higgins and C. E. Odem of Reeves County, New Mexico, Stop a Day in Kansas City With a Prisoner Charged With the Killing of Will Rainbolt at Roswell

KANSAS CITY, Mo., Jan. 21.—Fred Higgins, sheriff of Chaves county, New Mexico, and C. E. Odem of Roswell, both of whom are cattlemen, are at the yards and Nathan Hendricks, formerly of Roswell, who is accompanying them, not of his own accord, but is occupying a cell in the Jackson county jail.

Hendricks was captured in Carrington, S. D., a few days ago and Sheriff Higgins and Mr. Odem are taking him to Roswell, N. M., to be tried for the murder of Will Rainbolt, a brother-in-law of Mr. Higgins.

On the night of Feb. 8 Nathan Hendricks and his brother Oliver went to a dance in Roswell and created a disturbance. Rainbolt, who was constable, attempted to restore order and was killed by Nathan Hendricks. The Hendricks boys ran for their horses and escaped. Sheriff Higgins was in El Paso at the time of the killing and was received the intelligence of it and ordered a special train and started at once for Roswell. The Hendricks boys, being cowboys and knowing every foot of the country, had no difficulty in eluding pursuit. They went to a ranch house about eight miles below Roswell and secured ammunition and then headed west and crossed the Pecos river at the big hill near Pecos. Again changing their course, they went toward Carlsbad and at night rode through the streets of that town and did the same at Pecos City in Texas. They went through San Angelo and Coleman and stopped at the ranch of their father in Nolan county and got money to continue their flight. Another brother joined them and they went into the Indian Territory and later to Montana.

Nathan Hendricks turned up in Carrington, Foster county, S. D., last May, and went under the name of Newton E. Clayton. A short time ago he married Miss Mamie J. Moore, the daughter of respectable people living near Carrington. When he was arrested his wife was inconsolable and Sheriff Higgins said that her grief was pitiable indeed. Her age was given as 19 in the marriage license.

The people in the Dakota town were enraged at the deception. Hendricks had perpetrated on an innocent girl and some of them threatened to hang the prisoner, but Sheriff Higgins prevailed upon them to let the law take its course in the matter. The people of Carrington, he said, showed him every courtesy and Hendricks was given no chance to escape. Oliver Hendricks is still at large. Sheriff Higgins, accompanied by Mr. Odem and "Lod" Callahan of Midland, Tex., will leave for Roswell tomorrow.

Sheriff Higgins is, with the exception of Sheriff Cleo Stewart of Carlsbad, Eddy county, the most noted officer in New Mexico. Both have landed hundreds of murderers and criminals in prison or on the gallows. Sheriff Higgins killed Bob Christian, the original "Black Jack," and received rewards aggregating \$800 for his work in that noted fight. "Black Jack," Cole Estes, Tom Harris and George Musgrave held up the Arizona Pacific express about fifty miles west of Albuquerque. United States Deputy Marshal Loomis was on the train and opened fire on the robbers, killing Cole Estes. The robbers, without making any further attempt to go through the train, went toward Roswell and on the way held up the San Antonio stage. Near Roswell they turned around and then went west with Sheriff Higgins, Charlie Ballard and Lee Dow—who was killed in Carlsbad some years ago—in pursuit. At the Cedar Creek fight one of the robbers was killed and Sheriff Higgins killed "Black Jack" at Cold creek, fifteen miles west of Clifton, Ariz. He was on the trail one hundred days and nights before he got his man.

Sheriff Higgins is very popular in Chaves county, as was shown by the fact that he won out for the democratic nomination in the last election against his old comrade, Charlie Ballard, one of the most popular cowmen in New Mexico.

CHINAMAN HELPS THE CHURCH

Sam Kee Paid for Charter Secured by Methodists at Waco

WACO, Tex., Jan. 21.—It seems strange, but it is a fact nevertheless, that the charter of the Austin Avenue Methodist church, one of the strongest and most important congregations in Texas, was paid for by the money which came from Sam Kee, a well-known and progressive Chinaman of this city. The identical \$10 which was subscribed by Sam to the church was pinned to the application for a charter and sent to Austin, bringing back the desired document. The gentleman who was collecting the subscriptions thought it would be a happy plan to have the money of the liberal Chinaman pay for the charter, hence he forwarded it. Sam Kee is always ready to give to enterprises and has adopted a number of American customs. He is well-to-do and is known to most of the traveling men of the state, who have stopped at the hotel where he has an up-to-date eating house.

LATE TRAINS THE SUBJECT

THE STATE LEGISLATORS WILL WRESTLE WITH SUBJECT

Traveling Men Are Up in Arms Against the Railroad Service and Are Preparing to Make a Fight for a Closer Adherence to the Published Schedules of Trains

The traveling men of the state are again up in arms against the late trains. One of them said a few days ago that he had spent seven years in Texas and that five years of that time had been given over to waiting for the trains of one road and two years to the trains of another. As published before, the traveling men are collecting evidence concerning late trains for presentation to the railroad commission and other state officials and they are prepared to make an earnest fight for their contention that a closer adherence to the published schedules should be followed by all passenger trains. Interesting action along these lines at Austin may be looked for.

THE STATE QUARANTINE LINE IS HERE TO STAY

It Was Established as a Public Necessity and That Necessity Requires Its Future Maintenance

A number of large cattlemen, but not a large number of cattlemen, will make their annual spiel at Austin in an effort to have the state quarantine line wiped out. It is not likely that anything will be done, however. Before taking a step which would prove so disastrous to the live stock interests on both sides of the line, the legislature will give both sides a hearing. The state stock sanitary board, whose special duty it is to look after the welfare of the entire state, has made a study of the quarantine laws and are in a better position to give testimony as to the causes which render a quarantine necessary than are a few cattlemen who have given the subject no serious thought. Two members of the board live below the quarantine line, and it would seem that if a fight is to be made those who are most active in the work would first attempt to get the board pledged to assist them. There are individual cases where cattlemen are put to a great expense and annoyance through the maintenance of the quarantine, but that it is best for the live stock industry of the state as a whole, few will deny.—San Antonio Express.

If one could believe even a portion of the arguments advanced against the state quarantine line by some of its most rabid opponents, it is the greatest iniquity of modern times. Just about the beginning of each state campaign, and again, upon the assembling of the state legislature, crusades against the line are inaugurated and men work themselves into a fever heat for nothing. The state quarantine line, while it may be modified, is here to stay. Experience has demonstrated the necessity for its existence, and the men who are trying to pull it down are simply going up against a brick wall. Had there been no necessity for the line the law creating it would never have been enacted. It is here to stay.—West Texas Stockman.

Fever Has Been Arrested

The Brownwood Bulletin states that the fever among the Scott & Robinson cattle at that place has been arrested to a great extent by placing the cattle in different pastures in that section. The total number of cattle that have died is not given, but the Bulletin states that there is no doubt as to them having the tick or splenic fever, as they are thoroughly infested with ticks. This it seems should thoroughly upset the theory of some of the stockmen below the line that there is no danger of contagion during the weather whether cattle have ticks on them or not.—San Antonio Express.

TOO GREAT EXPENSE

Not the Reason

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testimony to the merit of this remedy are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation? This is rightly viewed with dread by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of collapse and death; in the majority of cases, too, there is a return of the complaint, owing to the fact that the cause is not removed. The proprietors of the Pyramid Pile Cure agree to forfeit one thousand dollars to anyone who will show a single published testimonial to be not genuine and unsolicited; this latter feature is most gratifying, inasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted by the writers have been may learn that relief is at hand at a comparatively trifling expense. Pyramid Pile Cure is for sale by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price. Mr. Wm. Lichtenwiler, head of the largest printing house in Canton, Ohio, says: "It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protruding and bleeding piles after suffering more than twenty-five years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three fifty-cent boxes of Pyramid Pile Cure." "I advise every person suffering with this distressing and painful complaint to give this remedy a trial. I have every confidence in it." Write the Pyramid Drug Co., Marshall, Mich., for their book on the causes and cure of piles.

GOOSENECK BILL IN DALLAS

NOTED NEGRO POLITICIAN TALKS OF THE SITUATION

The Kaufman County Statesman Is on a Mission to Friends in Dallas—He Says That E. H. R. Green is the True Friend of the Colored Race. Marshal Green May Be Reappointed

William M. McDonald of Terrell is in the city, says the Dallas Times-Herald. He is known to some as "Goose-neck Bill" and has lined up the negroes in past campaigns for the cause of Hon. E. H. R. Green. Green, Hawley and Lyon, representing three factions of the Texas republican party, are in Washington, scrapping over a division of rich plums about to be shaken from the tree by President Roosevelt.

"Mistah Green is the true friend of the nigger," said Bill to a Times-Herald reporter. "He never throws 'em down. He don't want nothin' hisself, but he is a sure-enough republican, and wants to give every man, white or black, a square deal. He will be the next national committeeman, shuah. Yes, he will."

"Who will be appointed United States marshal?" "I dunno. Mistah George Green, perhaps. You people of Dallas appear to want Mistah Green. The leaders are up there, but they don't seem to be gettin' together. Mistah E. H. R. Green is friendly and very close to the administration—very close. He has no axes to grind. Only the good of the party and the country actuates Mistah Green."

"What about the republican league recently organized at Dallas?" "Dunno. Dr. Acheson is the inventor and chief apostle of that league. I'm a republican, puh and simple."

"What is your mission here, Bill?" "Just come to town to see mah friends and to go out in society a bit."

At this juncture "Goose-neck" was introduced to a white man as one of Kaufman county's "squarest niggers," the ebony-hued follower of the G. O. P. elephant drew himself up proudly and said:

"We don't raise any other kind of darkeys in Kaufman county. You never hear of trouble with the white folks or race troubles in Kaufman. We are good people down there. Mr. Green, Mr. Colquitt and all the leading white folks will tell you what I say is true. No, the nigger attends to his own business and makes crops, and de white man helps him to do it. When we needs anything down at Austin the white folks help us get it."

Bill McDonald is one of the shrewdest politicians in Texas in the ranks of the Afro-Americans. He has enjoyed this reputation for years, and even his enemies say that he never deserts a forlorn hope and never "lays down." Years ago Hugh N. Fitzgerald was at Cleburne reporting a republican convention. The proceedings were stormy and a young darkey, black as the ace of spades, led the minority in the early stages of the fight and when the battle closed victory had perched upon his banner. This was McDonald's first introduction in the arena as a political gladiator. Fitzgerald devoted considerable space in his reports to McDonald, who had been referred to in debate as a "goose-neck nigger" by an irate rival, and Bill, like Byron, crawled out of bed next morning and found himself famous—in Texas at least. Printer's ink gave him a big boost. He has been prominent in republican politics since.

Years after, in speaking of the Cleburne convention, Gooseneck said: "Yes, Mistah Hugh Fitzgerald discovered me, but I discovered Mr. E. H. R. Green."

Charles N. Ferguson and Gooseneck Bill have been political rivals for years. Ferguson is a mulatto, slick and suave, and as foxy as a moonshine maker in old Tennessee. The negro Epworth leaguers were in session in Dallas and Ferguson determined to make a killing and donated \$50 to the missionary fund. But Gooseneck Bill was on his trail. Ferguson had just dropped into his seat when a voice, loud and resonant, in the rear of the church rang out:

"Breddern, I am a poor man, and I fear at times I does not walk in the ways of the Lamb, but just put Bill McDonald down for \$100 for the property elavshan of our down-tridden race. I ain't no rich niggah like Mistah Ferguson, but I goes the limit for the good of de cause."

There were cries of "Bress de Lawd!" "We'se youah friends!" "Gawd bless Brudder McDonald!" "Praise de Lawd!" "De Lam am wif us!" and the clapping of hands and stamping of feet. "Brudder" McDonald, overcome with deep emotion, sank into the nearest chair, saying to a friend near by:

"Guess I fixed that yellow nigger this time!"

LOVE NOTE LEADS TO DIFFICULTY WITH TEACHER

Superintendent of Seymour Schools Attempts to Whip a Student for Writing a Note and Is Now in Bed

SEYMOUR, Tex., Jan. 20.—Yesterday morning Prof. J. W. Curtis attempted to whip Wirt Word. Wirt objected. His objection, however, was not sustained and as a consequence Prof. Curtis is confined to his bed with a couple of wounds, one in the face, another in the stomach. This is a very bad affair for all parties concerned and is deeply deplored by the people in general. As far as it is possible to determine the trouble is in substance about as follows:

Word a few days ago wrote a note to a young lady in the school. The note contained nothing but what any love-sick youth would write to a young lady whom he admired, but it was against the rules of the school to write notes and Word was called into the superintendent's office to show cause why he should not be punished. The case was strong against him and Superintendent Curtis attempted to administer the punishment he thought the offense deserved. However, when he applied the rod Word drew a sharp knife, which he had borrowed from a

schoolmate, and it is said, began striking at the teacher with it with the result above stated. Prof. Curtis ran the boy down the stairway, trying to catch him, never thinking that he might be seriously hurt. At a meeting of the school board this morning it was found that several boys had decided not to submit to a whipping by any teacher and the board unanimously fired one from the school. Prof. Curtis is now resting easy, and it is thought that he will be able to resume his duties in a few days. It was thought yesterday that the affair would have a demoralizing effect on the school, but everything is now running along smoothly and the school promises to be better in the future than it has been in the past.

Bright's Disease

Is Positively Curable.

Interview with the pioneer manufacturer, N. W. Spaulding, president of the Spaulding Saw Company, San Francisco.

"We are told a member of your family was cured of a case that the doctors pronounced Bright's Disease, although it is believed to be incurable?"

"That is correct."

"Don't you think the facts ought to be known?"

"Yes. It will help anyone else who may say that a cure was effected."

"You say physicians had diagnosed the case as Bright's Disease?"

"Several had. They told us the condition was critical, when my brother, who had been helped by the Fulton Compound, told us of it, and I got for it."

"Was it long before a change was noted?"

"A few weeks the improvement was marked. The sleep was better, and there was a gradual return to health, although it was a year before we considered the cure full and permanent."

"Know of any other cases?"

"A—Numbers of them. I'm sure I told scores of them."

"Were there any failures?"

"I know of none where it was taken in season."

"Can you recall any individual cures?"

"A—Several. I told an English acquaintance about it. He began to mend and ultimately recovered, and took a supply of the Compound with him on his return to England. I consider it a cure for Bright's Disease when taken in time. It is a grand medicine for all kidney ailments, and I am glad to see business men are going to perpetuate it."

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent are positively recovering under the Fulton Compound. This is a very bad affair for all parties concerned and is deeply deplored by the people in general. As far as it is possible to determine the trouble is in substance about as follows:

Word a few days ago wrote a note to a young lady in the school. The note contained nothing but what any love-sick youth would write to a young lady whom he admired, but it was against the rules of the school to write notes and Word was called into the superintendent's office to show cause why he should not be punished. The case was strong against him and Superintendent Curtis attempted to administer the punishment he thought the offense deserved. However, when he applied the rod Word drew a sharp knife, which he had borrowed from a

schoolmate, and it is said, began striking at the teacher with it with the result above stated. Prof. Curtis ran the boy down the stairway, trying to catch him, never thinking that he might be seriously hurt. At a meeting of the school board this morning it was found that several boys had decided not to submit to a whipping by any teacher and the board unanimously fired one from the school. Prof. Curtis is now resting easy, and it is thought that he will be able to resume his duties in a few days. It was thought yesterday that the affair would have a demoralizing effect on the school, but everything is now running along smoothly and the school promises to be better in the future than it has been in the past.

Bright's Disease

Is Positively Curable.

Interview with the pioneer manufacturer, N. W. Spaulding, president of the Spaulding Saw Company, San Francisco.

"We are told a member of your family was cured of a case that the doctors pronounced Bright's Disease, although it is believed to be incurable?"

"That is correct."

"Don't you think the facts ought to be known?"

"Yes. It will help anyone else who may say that a cure was effected."

"You say physicians had diagnosed the case as Bright's Disease?"

"Several had. They told us the condition was critical, when my brother, who had been helped by the Fulton Compound, told us of it, and I got for it."

"Was it long before a change was noted?"

"A few weeks the improvement was marked. The sleep was better, and there was a gradual return to health, although it was a year before we considered the cure full and permanent."

"Know of any other cases?"

"A—Numbers of them. I'm sure I told scores of them."

"Were there any failures?"

"I know of none where it was taken in season."

"Can you recall any individual cures?"

"A—Several. I told an English acquaintance about it. He began to mend and ultimately recovered, and took a supply of the Compound with him on his return to England. I consider it a cure for Bright's Disease when taken in time. It is a grand medicine for all kidney ailments, and I am glad to see business men are going to perpetuate it."

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but slight resistance.) The Fulton Compound, Bright's Disease and Diabetes Compound. John J. GOVERNMENT TAKES UP BOLL WEEVEL QUESTION

(Special to The Telegram.) WASHINGTON, Jan. 20.—The department of agriculture has prepared an interesting bulletin on the methods of controlling the boll weevil, which is of special interest to the state of Texas and other cotton growing sections.

of these observations have already been published. Though still confined to Texas, the territory occupied by the cotton boll weevil at present includes about 28 per cent of the acreage in the United States. This region is bounded on the north by the Red river, and on the east by the pine forests of the divide between the Trinity and Sabine rivers.

TOWN TALK IN DALLAS

Heard and Written Out By the Times-Herald of That City

John C. Rogers of Charleston, S. C., is in the city. Mr. Rogers said: "I knew Editor Gonzales, who was shot by Lieut. Gov. Tillman, very well and appreciated him as a gentleman and as a good citizen. I have not seen a political partisan in South Carolina and, consequently, had none of the bitterness toward any faction that some of our people have displayed. I have met Mr. Tillman many times and always found him pleasant and agreeable.

Harry Farracy, cotton statistician for Dallas county, feels that all the men who occupy the same position as his in the cotton districts have been vindicated by the result of the findings of the federal court at New Orleans in the case of John Hyde, government statistician. In the agricultural department, Washington, against H. & B. Baers, well known cotton brokers, Mr. Hyde was recently sent a check by the defendants for \$2,500, the amount awarded by the court for alleged libel.

In speaking of the new adjutant general of the United Confederate Veterans, A. C. Sutherland related the following incident: "When twelve years of age I was in the first class of the junior grammar department of the Barton academy. Mobile's noted educational institution. Shortly before the session closed my teacher took a trip to the senior department, of which Prof. William E. Mickle, just appointed adjutant general of the United Confederate Veterans, was principal. The professor had the reputation of being a severe disciplinarian, and was not at all bashful when he deemed it necessary to chastise pupils.

One Hundred Dollars a Box is the value H. A. Tisdale, Summerton, S. C., places on De Witt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except De Witt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases.

Markle, Fowler and Baer, Railroad and Coal Magnates

NEW YORK, Jan. 20.—This picture shows three great railroad magnates after their conference with Mayor Low to alleviate suffering due to the coal situation. On the left is President Markle; in the center President Fowler, and on the right President Baer. The conference took place on Jan. 13.

Weather Conditions

The storm disturbances noted yesterday morning in the lake region and in Texas, moved eastward. The noticeable features of the lake disturbance is snow and much lower temperature; the Texas storm, which is in the lower Mississippi valley this morning in a very modified form, was chiefly noticeable for its rainfall in its passage across Texas, especially the cotton belt portion. The freezing line is well down into Texas, passing between Fort Worth and Abilene; the temperature is 18 in the Panhandle. Another storm of considerable energy is centered in the northwest, where it is warmer.

GEO. REEDER, Official in Charge.

Following is the weather record for the last twenty-four hours—minimum and maximum temperature, wind in miles per hour at 8 a. m. and rainfall in inches:

COUNCIL COMMITTEE TO VISIT FORT WORTH

Austin Statesmen Will Inspect Paving of Main Street and Then Size up Dallas Improvements. Early next week Fort Worth is to be visited by a specially appointed committee of the Austin city council, which has been delegated to inspect the paving of Main street with a view to ascertaining the availability of vitrified brick for the proposed improvement of Congress avenue and Sixth street in the Capital City. At present there are few paved streets in Austin, but the need of thoroughfares with a hard surface became manifest there during the wet spell.

After sizing up the street situation here, the Austin city fathers will go to Dallas for the purpose of looking over the public improvements on Main, Elm and Commerce streets.

WORKMEN INSTALL AND HOLD A BALL

Officers-Elect of Alma Lodge Have Rank Conferred Upon Them in Public-Supper and Reception. In spite of the terrific downpour of last evening, the public installation ceremonies and ball held by Alma lodge, No. 105, Ancient Order of United Workmen, were attended by nearly 300 members and guests. The exercises took place in Ellis hall, Throckmorton and Second street. Past Master Workman M. T. Bradley, Sr., officiated as installing officer, assisted by Past Master Workman J. S. Clarkson as guide.

The new officers are: R. M. Davis, master workman; Thomas Johnson, foreman; Arthur Davis, overseer; B. F. Morris, guide; E. A. Larkin, financier; John C. Harrison, receiver; Charles Rodston, inside watchman; Isaac Webster, outside watchman, and W. T. Ladd, trustee.

The one great virtue of Burnett's Vanilla Extract is purity. It is real vanilla extract and nothing but vanilla extract. (Always use Burnett's.)

The prevention of consumption is entirely a question of commencing the proper treatment in time. Nothing is so well adapted to ward off fatal lung troubles as Foley's Honey and Tar. Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

Pneumonia and Lap Grippe. Coughs cured quickly by Foley's Honey and Tar. Refuse substitutes. Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

SURPRISE FELT OVER MICKLE'S SELECTION

Official notice of the appointment of Col. W. E. Mickle of Mobile, Ala., as adjutant general and chief of staff of the United Confederate Veterans, to succeed the late Gen. Moorman, has not yet been received by Lee camp, No. 158, of this city. Among Confederate Veterans the selection of Col. Mickle came as a surprise. It was regarded as certain that Capt. Blayney T. Walshe would be selected, he being the choice of the special staff. The executive committee, which met in New Orleans Monday last, met the staff committee at the same time.

GUILTY WHEN TIME FOR TRIAL ARRIVED

Walter Mills' Fine Sense of Court Etiquette Fails to Save Him From a Moderate Fine. "Are you guilty or not guilty," demanded the court as Walter Mills, a colored youth, stood up to answer his charge. "Well, judge, I tell yo', I jes' got outen jail Friday—"

"I found him lying around 'The Bucket of Blood,'" said the prosecuting officer. "He's been loafing around for two or three days."

"Two dollars and costs," said the court. Corporation court business was very light this morning. There will be a big docket to dispose of in the morning.

If the legislature should give Fort Worth permission to amend the city charter this year and the proposed amendments should come up at one or more special elections, would you like to vote on them? Pay your poll tax at once.

A Well-Known Gentleman Makes a Remarkable Statement

He Assures Rheumatic Sufferers That One Bottle of

Paine's Celery Compound

Banished His Pains and Agonies

The startling and happy cures wrought by Paine's Celery Compound for rheumatic sufferers have deeply impressed medical men everywhere, and today, the best practitioners are recognizing the great value of the Compound, and prescribe it with confidence.

Paine's Celery Compound stands unequalled as a cure for all the varied forms of rheumatism. At this season its good work is apparent in thousands of American homes. Men and women, lame and crippled, and utterly helpless from the terrible disease are being restored to activity, health and strength. Paine's Celery Compound is the only medicine that rescues and saves the despairing victim who is told that he or she is incurable. Mr. L. A. Flesher, Gap Mills, W. Va., writes about his happy experience with Paine's Celery Compound; he says: "I had rheumatism in my left arm and shoulder, could not sleep, and had no appetite. I visited my sister who lives in Frankford, and she told me that she had been afflicted just as I was and Paine's Celery Compound had done her more good than anything she had tried, and she advised me to use it. I got one bottle and used it, and the result was I slept well, had a good appetite, and the pains of rheumatism left me and I have not felt them since; in fact, it has cured me and I feel like a new man."
