FORT WORTH, TEXAS, TUESDAY, JANUARY 27, 1903.

NUMBER 231

FIFTY INSANE PATIENTS BURNED TO DEATH IN FIRE

ASYLUM AT LONDON DESTROYED AND SCENE OF FEARFUL HORROR ENSUES AMONG THE 600 INMATES—WILD WITH EXCITEMENT THEY IMPEDE EFFORTS TO SAVE THEM AND MANY PERISH AND ESCAPE

(By Associated Press.) LONDON, Jan. 27.—About fifty insane patients were burned to death by fire at the Colney Hatch asylum this morning. The outbreak occurred in the Jewish wing of the institution. The flames spread with great rapidity and before they could be got under control five wooden buildings, including the dormitories and doctor's apartments, were gutted.

600 Women in Annex There were nearly 600 women in the burned annex at the time the fire was discovered, and most of them were safely transferred to the main building, which was uninjured. Some escaped and are still at large, rendering it difficult to ascertain exactly how many were burned to death. The officials admit that about fifty bodies have been already recovered, but it is feared that the full extent of the disaster is not yet known. All the victims are lunatics. Their charred remains presented a horrifying spectacle. Pitiable scenes were witnessed, as weeping men and women left the premises after ascertaining that their relatives or friends had perished in the flames.

SAYS THERE IS THE BRITISH WERE NO HEBREW RACE AFRAID TO DO IT

DR. MAURICE FISHBERG, WELL KNOWN ANTHROPOLOGIST SAYS THEY ARE ARMENIANS

(By Associated Press.) NEW YORK, Jan. 27.—At a joint meeting of the American Ethnological Society and the New York Academy of Science, Dr. Maurice Fishberg, the well known anthropologist, delivered an address in which he made the declaration that there is no such thing as the Hebrew race, and that the Hebrews are not descended from Abraham, Isaac and Jacob, but were in reality Armenians.

DEATH SENTENCE OF LYNCH FOR TREASON COMMUTED TO LIFE SERVITUDE

(By Associated Press.) LONDON, Jan. 27.—The sentence of death passed upon Col. Arthur Lynch, who was found guilty of high treason Friday last, has been commuted to penal servitude for life.

I AM TIRED OF TOWN SAYS GIRL OUT OF FRANCE

(By Associated Press.) CENTRALIA, Ill., Jan. 27.—"I want to go to Kate Fisher's house. I am tired of town," was the note Dora Alcock wrote to her mother last night, after suffering 120 days from a sleep trance. Sept. 28 the girl, 17 years old, went to sleep, and for ten days took no nourishment. Since then she has been in a somnolent state. She now appears to be in the best of health.

WOMAN SCATTERS HUSBAND'S ASHES

FOLLOWS INSTRUCTIONS, STANDING IN TUG BOAT, REPEATING 'OER THE BLUE SEA'

NEW YORK, Jan. 27.—In accordance with a promise made to her husband before his death, Mrs. Robert Long, of Lindhurst, N. J., from the deck of a tugboat scattered over the waters of the Narrows the ashes of her husband's body, which had been cremated, repeating as her husband had asked her to do, "O'er the blue sea; o'er the blue sea."

FREED OF LIFE SENTENCE BECAUSE OF TECHNICALITY

MURDERER RELEASED FROM PRISON ON HABEAS CORPUS BECAUSE OF AN ERROR IN THE INDICTMENT

(By Associated Press.) CHICAGO, Jan. 27.—Because of errors in his indictment John Dennison, who was convicted of murder twelve years ago and received a life sentence as penalty, has been freed on habeas corpus proceedings before Judge McEwen. Dennison was accused of the murder of a man named Dillon, and at the same time a man named Burke was indicted for robbing Dillon. The drawer of the indictment against Dennison substituted Burke's name for his, and worded the document so ambiguously that it was practically nullified. The confusing sentences were erased, but it is not known whether the erasure was made before or after the trial. The law presumes that the erasure was made afterward and principally upon this technicality Dennison was released.

TEXAS CATTLE WILL BE SHIPPED TO AFRICA

Contract Made With Steamship Company to Carry One Hundred Thousand Across the Atlantic. PENSACOLA, Fla., Jan. 27.—The Lingham Trading and Timber Company of London, which recently inaugurated a line of steamers between Pensacola and south African ports, has received a contract for handling 100,000 head of Texas cattle through this port to south Africa, and the next vessel of that line, which is due here in a few weeks, will carry a large cargo of live stock. The first steamer of the line, which went out a few months ago, carried several hundred head of this lot, which was an experiment on the part of the shippers, it being feared that the cattle would not thrive in the changed climate. A cable now has been received, stating that the entire lot was thriving, and to commence the shipments again. Every vessel of the line going out will now carry live stock until the entire 100,000 head are shipped.

A PROMINENT LAWYER IS DEAD

Judge Fuller of San Antonio Passes Away at the Age of Seventy-six. SAN ANTONIO, Tex., Jan. 27.—Judge B. F. Fuller, aged 76 years, a prominent member of the Texas bar, father of the late Judge Tully A. Fuller, died this morning. He was the author of a history of the Baptist church in Texas, a Confederate veteran and a prominent Mason.

BOOKS CAST ON WATERS RETURN IN MANY DAYS

MANHATTAN, Kan., Jan. 27.—Andrew Carnegie has offered Manhattan \$10,000 for a public library. Manhattan is the home of the late Col. C. C. Anderson, who gave Mr. Carnegie the use of his library in his boyhood days.

NO MORE GRAND OPERA FOR GRAU

FAMOUS IMPRESSARIO DECLINES A LEASE OF THE METROPOLITAN AND WILL QUIT

(By Associated Press.) NEW YORK, Jan. 27.—Maurice Grau met the directors of the Metropolitan Opera and Real Estate company yesterday and informed them that, owing to ill health he would be unable to sign the five-year lease of the Metropolitan opera house, which the company had prepared and which was ready for his signature. It was decided that the company would not undertake to present opera next season or assume the responsibility of backing anyone in such a venture. It is expected, however, that a successor to Mr. Grau will be found who will accept the same terms that were assumed by him.

ALL IS QUIET IN THE DALLAS STRIKE

DALLAS, Tex., Jan. 27.—Secretary Steinbiss of the National Building Trades' Council is in charge of the strike here. He is a man of ability and is familiar with the conditions. Mr. Steinbiss is the founder of the National Building Trades' Council, which was organized in St. Louis, Mo., in 1897. It is composed of the building trades in all the important cities of the United States. Mr. Steinbiss is also a member of the board of directors of the St. Louis World's Fair and is held in high esteem by St. Louis business men.

More Men Are Out Many more members of the various unions composing the Building Trades' Council are out today, the men having been called off from several jobs by their unions. The situation is, however, exceedingly quiet. The builders who were seen did not care to add anything to the statement published yesterday.

WATER TAX ABSORBS THE PEOPLE OF DENTON

Has Recently Been Discovered to Be Illegal and There is General Refusal to Pay It. (Special to The Telegram.) DENTON, Tex., Jan. 26.—The water tax has been the subject of considerable talk in Denton in the last few days. After having paid an ad valorem water tax for a number of years, ever since the water works were constructed, it has recently been discovered that the tax is illegal and the people, for the most part, are refusing in the last few days to pay it. Those who had paid their city tax prior to the last few days paid the water tax as a matter of course. It seems to have been a right recent discovery. Those who refuse to pay the tax since they have found out that it can not be collected by law, and they are legion, justify their action by saying that the tax is not only illegal, but unjust. They allege that the owners of the electric light plant and water works are receiving a good interest in privileges, etc., on an amount several times the cost and value of the electric light and water plants. The council is in session tonight and will probably take some action in the matter.

WIDOW OF VICTIM OF TUNNEL DISASTER AWARDED THIS AMOUNT

(Special to The Telegram.) NEW YORK, Jan. 27.—Mrs. Elizabeth B. Farjardo, the widow and administratrix of Thomas Farjardo, who was killed in the accident in the Grand Central tunnel on Jan. 8, 1902, received a verdict in the supreme court for \$40,000.

THE PRESIDENT ON THE WAY

His Train En Route to Canton Passes Through Altoona, Pa. (By Associated Press.) ALTOONA, Pa., Jan. 27.—The president's special train passed through this place at 8 o'clock this morning on its way to Canton, Ohio. The pole mileage of telegraphs in Kansas amounts to 9,249 miles and its assessed value is \$351,968.

PARKER-LOWE HAS IT FOR LESS.

WITNESS IN YOUNG CASE IS THREATENED

LETTER CONTAINING BLOOD ATONEMENT DOCTRINE OF THE MORMON CHURCH RECEIVED BY WITNESS IN CASE OF MURDER OF MRS. PULITZER. THREATENING DEATH IF TESTIMONY IS GIVEN AT THE TRIAL — IS TAKEN SERIOUSLY

(By Associated Press.) NEW YORK, Jan. 27.—One of the witnesses in the case of William Hooper Young, accused of murdering Mrs. Annie Pulitzer, has called at the district attorney's office in reference to an anonymous letter he said he had received through the mails threatening him. The man was ushered into the office of Assistant District Attorney Clark, with whom he was closeted for some time. When he left the building he refused to tell his name or give the contents of the letter. Mr. Clark also refused to divulge the witness' name, nor would he let a copy of the letter be given out. It is said that the letter threatened the witness with death if he testified at the trial. The letter is now said to have contained excerpts from the blood atonement doctrine of the Mormon church. The witness was much excited and appeared to be in fear of bodily harm. As the letter has not been given out for publication it is supposed the district attorney's office has taken it seriously.

OBSERVE BAY OF HONOR MEMORY OF THE KAISER'S BIRTH OF MARTYRED RULER

BERLIN, Jan. 27.—The birthday of Emperor William, who was born Jan. 27, 1859, was generally observed throughout the empire today. In this city the day was celebrated as a holiday and public and private buildings were decorated. Most of the Berlin papers, as well as those of other cities, take occasion to utter a few words of eloquent eulogy of the emperor.

A performance of "Henry I," rearranged by court dramatists, is to be given tonight. The emperor's flatness of nose to see many points of resemblance between his character and that of Henry, and it is rumored that these points of resemblance are to be especially emphasized by the court players. During the course of the morning Emperor William and the imperial family attended service in the chapel of the castle. The members of the diplomatic corps and the imperial and Prussian cabinet ministers were present.

AFTERMATH OF COLORADO SENATORIAL EMBROGLIO

(By Associated Press.) DENVER, Jan. 27.—The fierce contest over the United States senatorship was concluded by the re-election of Senator Teller. Action was taken by the republican central committee of Arapahoe county and resolutions adopted by a vote of 106 to 19 condemning Philip Stewart, Frank Goudy and other anti-Wolcott leaders "for conspiring with the democrats for the defeat of the republican party in the Colorado legislature."

"CUBAN WONDER" TO WRESTLE

Will Meet Frank Herrick on the Mat Tonight in New York. NEW YORK, Jan. 27.—The "Cuban Wonder," whose wrestling in preliminary bouts has attracted considerable attention lately, will be seen in a contest with Frank Herrick, the well known wrestler, at the New Polo Athletic club tonight. The conditions are catch-as-catch-can, two out of three falls. Both men are in splendid condition and a lively contest is expected to be the outcome.

STRIKERS COMPETE WITH TROLLEY LINE

(By Associated Press.) WATERBURY, Conn., Jan. 27.—For the first time in over two weeks, since the beginning of the strike of the motormen and conductors of the Connecticut Railway and Lighting company, a regular schedule was adopted for cars to be run after dark last night. A feature of yesterday was the running of busses by the strikers. Carryalls were managed by former conductors and motormen during the evening on all the streets which have trolley cars, and had considerable patronage. A large crowd collected at the center as the Waterville and Oakville outfits were loading a trolley car, manned by nonunion men, arrived at the center and immediately there emerged from the crowd a large number of persons who took the car. The car was so filled that there were a number standing in the aisle.

THE DEAF AND DUMB INSTITUTE HAS A LARGE INCREASE IN NUMBER OF PUPILS.

AUSTIN, Tex., Jan. 26.—As an evidence of the prosperity and growing popularity of the institute for the deaf and dumb, there has been a very large increase in the number of pupils this season. The number now being 445, against 375 last year at this time. The excellent work of the institute is making it very popular, and parents having deaf and dumb children are anxious to have them placed in the institution. The educational work done over there is simply marvelous, and a visit to the institution will interest legislators.

THE FAIR JEWELS WERE NOT REAL

WORE FACSIMILE GEMS TO AVOID LOSS BY ROBBERY AND TO ESCAPE CUSTOMS

(By Associated Press.) NEW YORK, Jan. 27.—The French correspondent says the explanation of the Fair jewel mystery is that Mrs. Fair had caused facsimiles of her most valuable jewels to be made and left the real ones in America. She carried the false jewels with her in order to avoid robbery and difficulty in the American customs on her return. Even her maid did not know they were false. This was found out by a Paris jeweler at the valuation of the Fair property.

MORGAN IS AFTER CANADIAN ROADS

THE ONLY J. P. SUBMITS TWO PROPOSITIONS TO THAT GOVERNMENT

(By Associated Press.) BOSTON, Jan. 27.—J. Pierpont Morgan, according to an Advertiser story, will go to Ottawa and submit to the Canadian government a proposition to take charge of the Dominion railways, or he will propose as an alternative to finance the new Canadian Transcontinental line.

METHODISTS ESTABLISH A HOSPITAL IN RHODESIA

(By Associated Press.) NEW YORK, Jan. 27.—The missionary society of the Methodist Episcopal church has shipped from New York twenty-seven cases of hospital and medical goods for the equipment of a hospital soon to be started in connection with the old Umatai mission station in Rhodesia, East Africa.

"SPIDERS" VICTIM NEARS END

Frank McConnell, Boxer, in Critical Condition With a Fractured Skull. (By Associated Press.) SAN FRANCISCO, Jan. 27.—The condition of Frank McConnell, the boxer injured in a recent bout with "Spider" Welsh, and whose skull is thought to be fractured, is so critical he may die at any hour. He appears to be in a stupor and scarcely answers to his name.

IDENTITY OF STEAMER IS FIXED

Vessel Aground is German Boat, Botchshild-Russ—Crew Saved. (By Associated Press.) LONDON, Jan. 27.—The steamer reported ashore at Aberfray Point, Isle Angosta, is the Botchshild-Russ. She is a German vessel, bound from Liverpool to Cardiff. The crew was landed safely.

TYPHOID-PNEUMONIA GERMS CARRY DISEASE

Woman Stricken and Dies From Sickness Contracted From Handling Germ-Laden Clothes Seven Years Old

(By Associated Press.) KICKSVILLE, L. I., Jan. 27.—Interest has been aroused by the death of Mrs. Hugh Bennicker. Her husband died about seven years ago. The cause of his death was typhoid pneumonia. Two weeks ago Mrs. Bennicker, for the first time since her husband's death, examined his clothing, which she had stored away in a trunk in the garret. A few days later she was taken suddenly ill with the same disease from germs in the clothing.

LESS DEATH OF A WORKMAN

Hundreds See a Bridge Worker Fall Into the Water Below

(By Associated Press.) NEW YORK, Jan. 27.—Hundreds of persons witnessed the death yesterday from the center span of the new East river bridge of Patrick McDermott, an iron worker who fell into the water from the dizzy heights.

1697 is the Number of Thos. Wilson's undertaking parlors at 1108 Main Street. Open day and night.

AGGRESSION OF EUROPE BEGUN

AN INFLUENTIAL MEXICAN NEWS-PAPER DISCUSSES IT

THE ACTION OF GERMANY

The Bombardment of the Forts of San Carlos it Seems to Fear is But the Preliminary Step to Other Deeds—Other Similar Acts it is Feared, will Follow

(By Associated Press.) City of Mexico, Jan. 27.—El Imparcial, the newspaper organ of the Liberal party and a paper of great circulation, discusses the bombardment of the Venezuelan city of San Carlos under the title, "Aggressive Policy of Germany in America."

El Imparcial characterizes the bombardment as the beginning of acts of open hostility against a weak nation and says an aggressive policy against a feeble country may be understood when such country tries to take refuge in its weakness in order to violate its promises and knock the principles of international law, but there is no possible explanation when demands have been heeded and when negotiations have been begun for a satisfactory settlement.

Recent events in Venezuela have astonished the world, and especially Latin America, and the question has been asked: "Is an epoch of European aggression again to be inaugurated in America?"

The action of Germany is likely to lead to similar acts of aggression on part of European powers. The question is one of greatest delicacy and intimately concerns all nations south of the Rio Grande, although being of less importance to those countries that have established order and where civilization yields its fruits, but in any respect the matter concerns this portion of the globe which for centuries was subject to the yoke of Europe, and which now does not appear to be exempt from new perils. The solution of the problem is one of incalculable importance to the nations of this hemisphere. Mexico fortunately, by reason of its progress and the policy of its government, has placed itself at an immense distance from all perils of international difficulties. Mexican students of international affairs declare that Great Britain when it took over British Honduras (now called Belize) and making it a crown colony violated the Monroe doctrine, which it now says it supports.

MURDERED MAN FOUND IN THE DRY RIO GRANDE

El Paso, Tex., Jan. 27.—A murdered man was found lying in the dry channel of the Rio Grande. There is no clue to the murderers nor has the corpse been identified. The body was lying just across the boundary line and the Mexican authorities have charge of the case.

Young Man's Skull Crushed. Milano, Tex., Jan. 27.—Aldine Beard, a young man about nineteen years of age, was found prostrate in the road by a crowd who were returning from a meeting in progress here. He had also been in attendance. On examination his skull was found crushed.

Strike Settled. Beaumont, Tex., Jan. 27.—The differences between the electrical workers and their employes have been adjusted. The inside men demanded \$4 per day, but compromised on \$3.50.

IS OPPOSED BY MORGAN

Alabama Senator Stirs up the Panama Affair

Washington, Jan. 27.—Senator Morgan, chairman of the interoceanic canal committee, offered in the senate a resolution questioning the credentials of Thomas Herran, minister of Colombia, who recently signed with Secretary Hay the isthmian canal treaty. The resolution was considered by the senate in executive session, which lasted two hours.

Senator Morgan spoke in support of his resolution, contending that the Colombian government is practically in the hands of a dictator. He said that the Colombian congress had not been session for three or four years, and insisted that this was vital for the reason, that under the constitution of Colombia, no power was vested in any authority except the congress of the country to enter into a contract affecting the treasury as the canal session does.

Senators Lodge, Foraker, Cullom, Hanna and Bacon spoke briefly, most of them simply urging the reference of the question to the committee on foreign relations. They did not enter into the discussion of the general question at issue beyond saying that to impeach the character of our treaty making officials to offend the government of Colombia. A motion was made to refer the resolution to the foreign relations committee. No one except Senator Morgan opposed the reference of the resolution to the foreign relations committee, and it was so ordered.

HATS OFF AND NO SMOKING

These Regulations for the House Members at Austin

Austin, Jan. 27.—Mr. Brown of Falls in the house Monday called attention to the rules forbidding any member to wear his hat or smoke in the house during a session. The speaker said he would have the rule enforced.

Mr. Duff offered a privileged resolution that the sergeant-at-arms have printed cards of invitation for the use of members and that pending the printing of the cards the rule governing the admission of the public to the floor should be held in abeyance.

Mr. Moran made a point of order that the resolution should be referred to the committee on rules. The chair overruled the motion. The resolution was adopted by vote of 81 to 16, and the speaker stated that the doors would be thrown open to the public until cards of invitation were printed.

Reporters, however, have the right to be present.

Mr. Seabury presented a concurrent resolution providing for printing 300 copies of the legislative manual for the use of the members of senate and house. It was adopted.

The report of the contingent expenses committee, favorable to the appointment of two additional porters, was adopted.

Mr. Nelms requested that the regular order of business be suspended and house bill No. 50 be taken up. The request was granted and the speaker laid the bill before the house. It provides for exempting dentists from an annual occupation tax, with Mr. Hendrick's to include lawyers in the exemption pending.

Mr. Stollenwerk offered a substitute for the amendment, which he claimed was not properly included in the caption. He vigorously urged that lawyers be exempt from the occupation tax.

Mr. Napier moved to reconsider the vote on the amendment, and a motion to table the motion to reconsider was adopted after a call of the roll by a vote of 59 to 35.

Mr. Bolin offered an amendment to strike out the word "lawyers" wherever it appeared in the bill.

Mr. Hancock made a point of order that the question had been finally decided (which was sustained by the speaker).

Mr. Weinert offered an amendment exempting merchants from any occupation tax, and spoke for a few minutes in support of his amendment.

Before any action had been taken by the house on the amendment an adjournment was ordered until Tuesday.

PRACTICALLY CONCEDED

Few Question Regularity of Teller's Election

Denver, Colo., Jan. 27.—The regularity of the election of U. S. Senator Teller has been practically conceded by the Republican senators, who Monday abandoned the separate organization which they maintained all last week and returned to the senate chamber, where the Democratic majority has been in continuous session since last Monday.

Lieutenant Governor Hagget shook hands with the Democratic president pro tem, Senator Adams, who had presided during his absence last week, and resumed the chair. The senate then adjourned until Thursday afternoon.

The Republican officers of the house of representatives reconsidered the Democratic senate as the regular organization by receiving from its secretary the emergency appropriation bill which it passed last week. A motion was made by Representative Frewen, a Wolcott member, to reconsider the adverse action on the report for the expulsion of all the Arizona Democrats, but it was defeated.

Governor Peabody said Monday that he knew no reason why he should sign a certificate of Senator Teller's election.

A Cure for Lumbago. W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief, which all other remedies had failed to do." Sold by N. E. Grammer, druggist.

EULOGIES FOR LINCOLN AND LEE

THIRTEENTH ANNUAL CONVENTION C. V. CAMP, NEW YORK

HELD AT WALDORF-ASTORIA

Francis Adams of Massachusetts Responds to the Toast of R. E. Lee and Henry Watterson Pays Tribute to Abraham Lincoln—The third Toast Was to Jefferson Davis, by William H. Russell

(By Associated Press.) New York, Jan. 27.—The thirteenth annual banquet of the Confederate Veteran camp of New York held Monday night at the Waldorf-Astoria, was made memorable by eloquent eulogies of the great figures of the south and the north during the civil war, declared by men who themselves had fought in the armies opposing each other.

Francis Adams of Massachusetts, a soldier of the Union, responded to the toast of Robert E. Lee, and Colonel Henry Watterson, a soldier of the Confederacy, paid tribute to the character of Abraham Lincoln. The third toast, to Jefferson Davis, was responded to by William H. Russell, formerly of Missouri, and now commissioner of accounts of New York city. Upwards of 500 comrades of the camp and their guests were present and the presence of many women lent brilliancy to the banquet.

Commander Henry E. Owen presided, with Mayor Low at his right and Colonel Watterson at his left.

The opening toast, to "The President and Army and Navy of the United States, a prince among the rulers of the world, but the servant of a free people," was drunk standing amid great applause, the orchestra rendering "Hail Columbia."

This was followed by the toast to General Lee:

"Nature made him and then broke the mould."

This was succeeded by the rendering of the "Bonnie Blue Flag," an old song of antebellum days by Mrs. Holliday, worth Watkins, formerly of Louisiana.

In responding to the toast to Abraham Lincoln: "He was not for an age, but for all time," Colonel Henry Watterson said high tribute to the late president.

Mr. Russell in replying to the toast "Jefferson Davis" made an eloquent address.

The final toast of the evening was to "The silent brigade," all rising and a bugle sounding taps.

FOUR DEATHS FROM PLAGUE

Victims Being Gathered in By the Asiatic Disease at Mazatlan

Mazatlan, Jan. 27.—There were four deaths from the plague Monday. The number of patients in the lazaretto is fifty.

One new victim is Luis Cawantes, brother of the chief of police of Guadajara, who recently started a daily paper in which he has attacked sanitary measures and physicians, and advised the use of domestic remedies only.

Antonia Loon, a school teacher, has died of the plague. Her relatives have been isolated and the house she occupied burned.

The building occupied by the artists' society has been burned.

The entire ward known as El Cuernito has been destroyed by fire to prevent its infecting other localities.

The increase of the disease is due to the return of poor people who had sought refuge outside the city and returned here incited by hunger. Being weak they succumb readily.

Passed in Twenty Minutes. Washington, Jan. 27.—The house made a new record in the matter of appropriation bills. The military academy bill was passed in twenty minutes without a single word of debate. The Indian bill, which followed, was not completed, as Mr. Burton of Ohio, Republican, made a long speech on it in general criticism of the policy of the government toward Indians. The military appropriation bill carries \$644,273.

Expert Printer Re-Elected. Austin, Jan. 27.—Emory S. Hughes was unanimously re-elected state expert printer by the state printing board, which consists of the attorney general, the secretary of state and state treasurer. There were several applicants for the place.

Senator Pettus Renominated. Montgomery, Ala., Jan. 27.—O. M. Pettus was renominated as United States senator from Alabama by the legislature of this state in joint session.

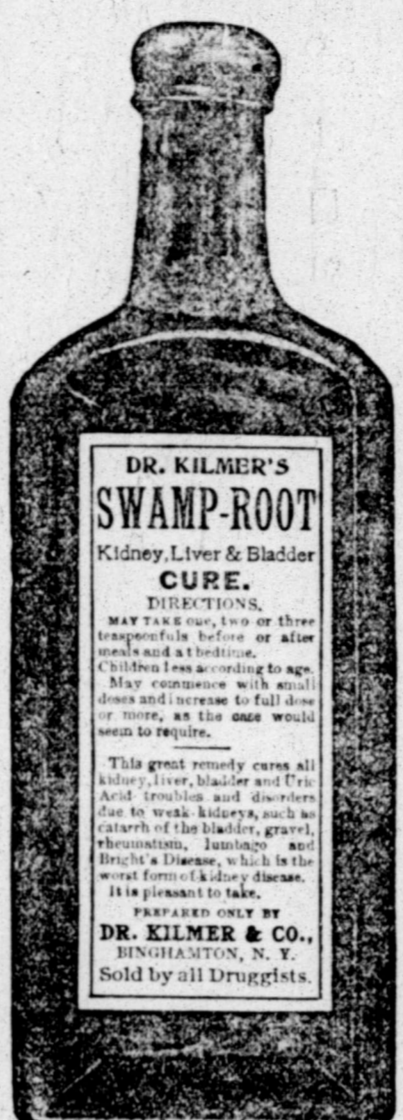

PAYMENTS BY THE BANKS

New York Concern Will Undertake Cashing of First Claims

Washington, Jan. 27.—In addition to the offer of part of the customs of La Guayra and Porto Cabello as a guarantee, Mr. Bowen informed the powers that several New York banks had expressed their willingness to undertake the payment for the first claims demanded by the powers upon the basis of such guarantee. Mr. Bowen did not say whether he had made a definite arrangement with any particular banks, but as soon as the powers hear of the consent of reliable houses to guarantee the payment of the first claims the blockade will be raised. This is expected to be within two or three days. In the event of this arrangement being concluded it is supposed that the customs of the two ports mentioned will be administered jointly by representatives of the powers and of the banks concerned.

NOT RECOMMENDED FOR EVERYTHING

But if You Have Kidney, Liver or Bladder Trouble, You Will Find the Great Remedy Swamp-Root, Just What You Need

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Doctors Prescribe Swamp-Root. Gentlemen—"I have prescribed that wonderful remedy for kidney and bladder complaints. Dr. Kilmer's Swamp-Root, with most beneficial effect and know of many cures by its use. These patients had kidney trouble, as diagnosed by other physicians, and treated without benefit. Dr. Kilmer's Swamp-Root effected a cure. I am a liberal man and accept a specific wherever I find it, in an accepted school or out of it. For desperate cases of kidney or bladder complaint under treatment with unsatisfactory results I turn to Dr. Kilmer's Swamp-Root with most flattering results. I shall continue to prescribe it and from personal observation state that Swamp-Root has great curative properties."

L. Stanton Smith, M.D. 276 9th St., Borough of Brooklyn, N. Y.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable; makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature for Swamp-Root is the most perfect helper and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about it, your kidneys are in need of immediate attention.

No matter how many doctors you may have tried—no matter how much money you may have spent on other medicines, you really owe it to yourself to at least give Swamp-Root a trial. Its staunchest friends today are those who had almost given up hope of ever becoming well again.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Sample Bottle of Swamp-Root Sent Free by Mail

Editorial Note—If you have the slightest symptoms of kidney or bladder troubles, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root, and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing, be sure to say that you read this generous offer in the Fort Worth Daily Telegram.

TOPICS IN GENERAL FOR STOCK RAISERS

(Chicago Live Stock World.) The Drovers' Telegram tells a story of how S. L. Abell, a Horton, Kan. man, made a 50 per cent profit in ninety days, finishing a band of Mexican cows. The Kansas man doubtless raised his own feed. If he had bought it at present prices his profit would have looked smaller. Managers of the Nebraska state fair have decided that they cannot operate the institution profitably without side shows. The moral of the whole matter was probably not considered. A youthful and glib Kansas City reporter asked W. P. Anderson what he thought of "our city." As Anderson camped in that locality when Westport landing was the only spot thereabouts wearing a name the high school graduate who propounded the question got some information he had not expected. Dr. Kline of Fort Worth was in Kansas City this week and reported a shortage of yearlings on Texas ranges. Northwestern cattlemen will please not this down on their tab. Cattle may be selling low, but if it wasn't for the strong demand for beef prices would be away down. Corn is worth 45 to 50 cents in northeastern Iowa, and the man who is sending half-fat cattle to market is not open to censure when his circumstances are considered. The St. Louis Republic printed a yarn the other day to the effect that 15,000 mules ordered by the British government are being concentrated at Lechro, Mo. The Republic man did not know that the boer war is over. The mules, and they number but 2,000 head, are destined for the south. As nothing has been heard about the packing house merger since the Kansas City convention, an inference that the packers have been smoked out is natural. As a result of the rigid manner in which the "dress suit" regulation was enforced at the cowman's ball in Kansas City during the recent convention, it is rumored that the Kansas City Live Stock Exchange is considering the expediency of adopting a regulation requiring traders to wear Prince Albert coats, light "pants" and tan-colored gloves while doing business in the yards. Now that the long-talked-of live stock census seems assured, it is to be hoped that the information it is to contain will be of some real value. A census full of blow holes as was this year's corn crop report will merely represent money burned up. The hog shipper who knows of "only another load or two in my county" will soon make himself distinctly audible. A bill was introduced in the Missouri legislature the other day to regulate and protect ranges in the Ozark region. It affects the Angora brush eater principally. "Have you an agricultural library?" asked a scientist of a Kansas man. "You bet I have and my library shelves just keep me awake nights creaking under their weight. Why, I've got nearly every book Coburn has turned out."

MANY ARE GOING TO CANADA Texas Cattlemen by the Score Are Looking Toward the North "A heavy movement from Texas and the southwest toward the northwest Canadian ranges is certain this spring," said George Addison of Eureka, Kan. "Southwestern pastures are becoming very circumscribed, and cattlemen down that way feel the need of more elbow room very urgently. Many inquiries have been made, and a considerable number of prospectors are out looking for locations. I think Canada will get many ranchmen from the southwest during the next few months."—Live Stock World.

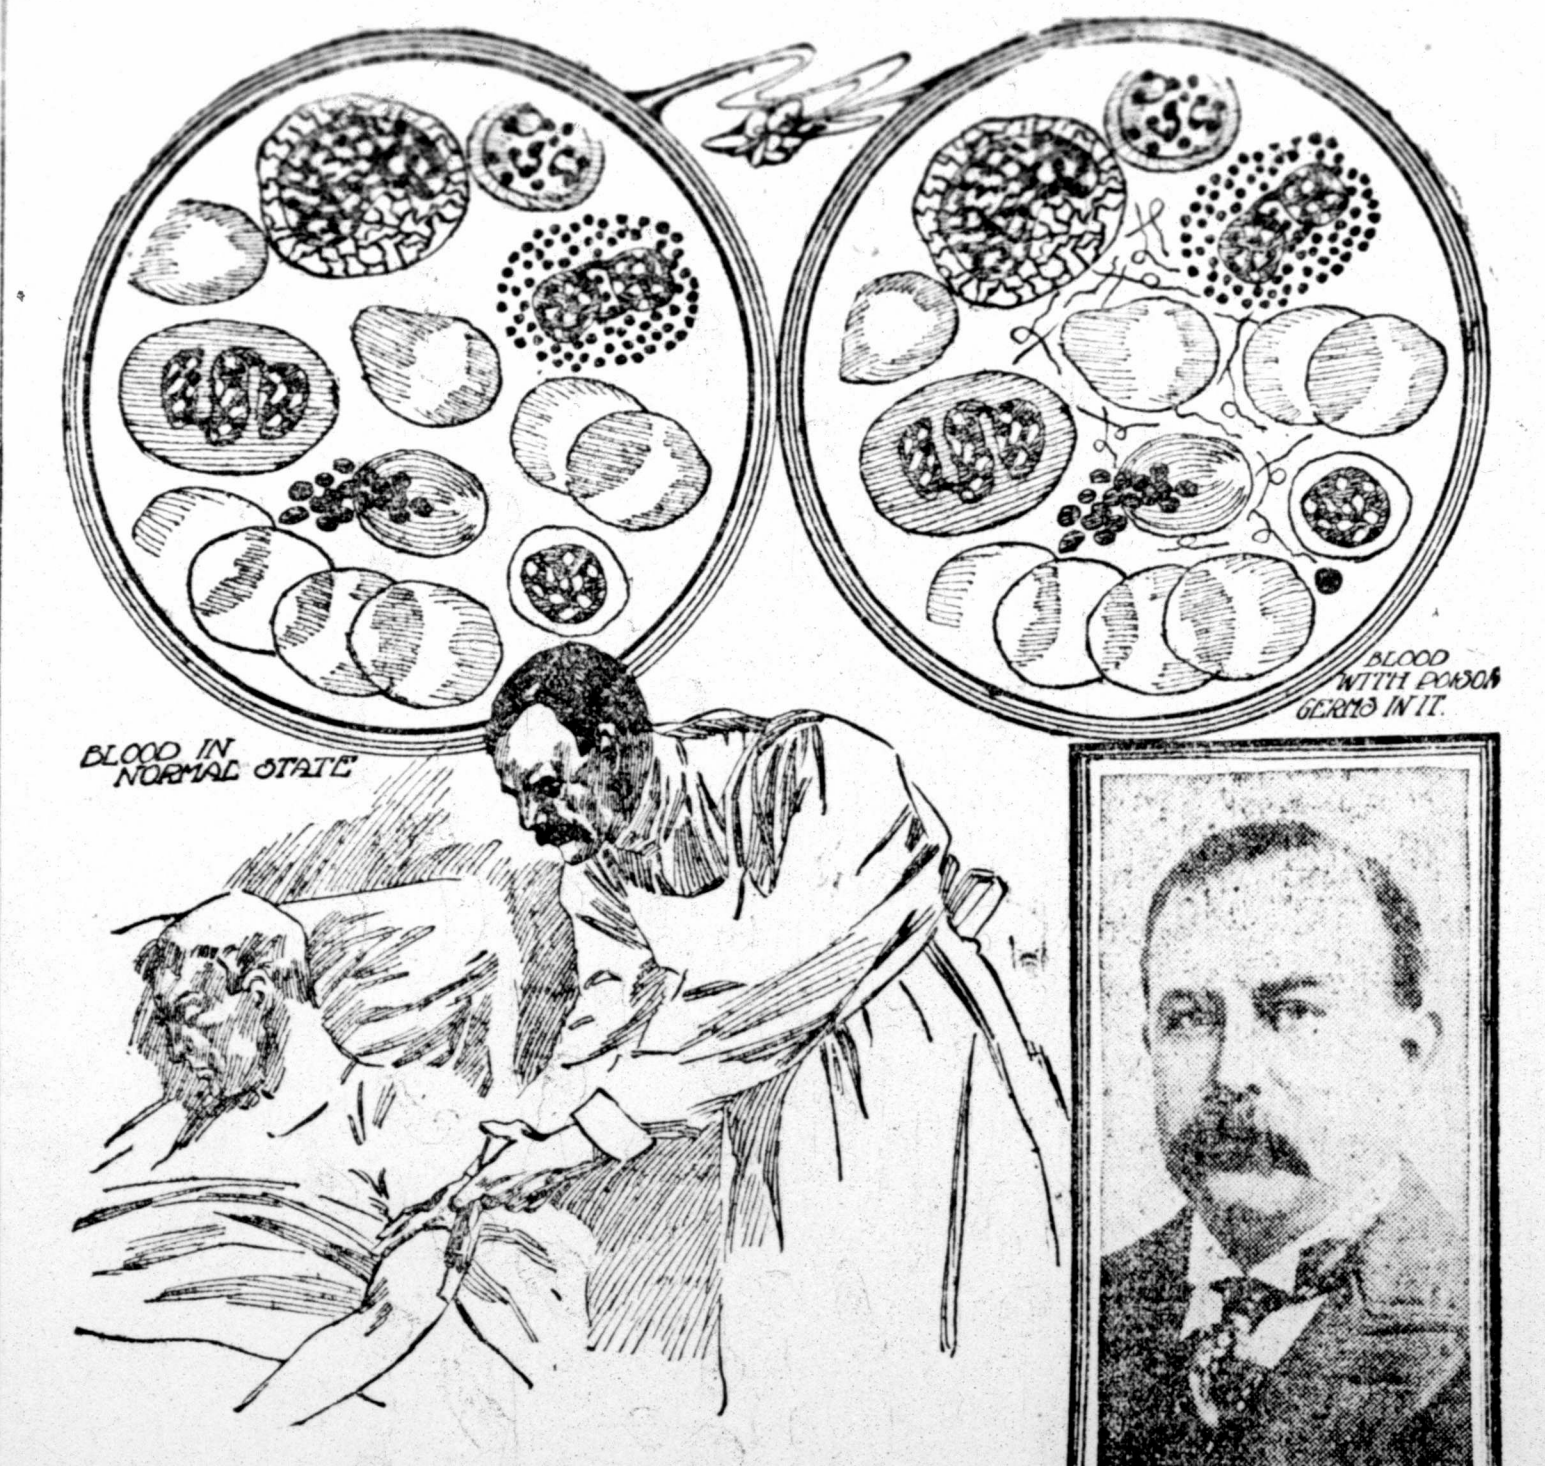

RETURNS FROM SUNNY SOUTH Mr. Baum Returns With a Glowing Account of the Southland Coming back into our land of "beautiful snow," empty coal bins and high-priced corn, cheaper to burn than the dusky diamonds, Will F. Baum of the Chicago Daily Live Stock World gives

AND THE DOG CAME BACK Puppy Carried Away in Baggage Car Returns After Many Months J. A. Gartland, yardmaster at the Frisco, who saw in the Advocate the other day an account of the return of Mr. Harper's bird dog, after an absence of two weeks, said yesterday that he had a dog story that could beat it. His son, Ed Gartland, went to Roxton last September to buy cotton and carried a half-grown pup along, to which he was much attached. The pup was carried to Roxton in a baggage car. A day or two after getting to Roxton the puppy became lost from him and he had never seen it since until last Thursday the dog put in an appearance at Mr. Gartland's home, reared up and put its paws on the front gate, wagging its tail and waiting to be let in, showing that it knew where it was. There are three remarkable circumstances about the dog's story, showing wonderful instinct. One is as to how a dog so young could find its way back at all; another is that it should have returned after such a long absence, and the third is that it could find its way back when it was carried away to Roxton in a baggage car. If it had gone across the open country on foot to Roxton the exhibition of its wonderful instinct in finding its way back home would not have been nearly as remarkable. Remarkable instances have occurred of cats coming back, but this is one of the most striking instances of canine instinct.—Paris Advocate.

NEW DISCOVERY OF FORMALIN FOR BLOOD POISON MICROBES

Copyright, 1903, by W. R. Hearst. The new discovery announced by Dr. Charles C. Barrow that an injection of formalin into the blood will kill the bacilli of blood poison caused a sensation in the medical world. The above cut shows the normal blood, the infected blood, the method of injection and a picture of the man who announces this important step in medical science.

growing account of the situation in the sunny south. The stories he tells of midwinter life in the central south and in the rice land regions of Louisiana and Texas are calculated to make one wish he could migrate as easily as do the bobolink and his feathered friends. Later on Mr. Baum says he will tell us all about it.

MEXICAN CATTLE IMPORTATIONS Last Year the Fewest Brought In for Six Years Mexican cattle importations last year were the smallest in six years. According to the statistics compiled in the office of Colonel Albert Dean in the government bureau of animal industry, 63,590 cattle were imported into the United States last year, against 99,865 the year previous, 74,263 two years ago, 76,141 three years ago, 123,775 four years ago and 295,861 five years ago. Of last year's importations 6,196 were steers, including 86 yearlings, 909 twos, 3,895 threes and 1,306 aged steers, 1,664 cows and heifers and 513 calves. Of the 8,865 cattle imported during last December 7,627 were shipped to California for grazing. Mexican cattle are received into the United States at the ports of entry of Eagle Pass, Nogales, El Paso and San Diego.

Fort Worth Sale J. F. Hovenkamp, secretary of the Shorthorn Breeders' Association says the sale of Shorthorn, Hereford and Red Polled cattle at the fat stock show at Fort Worth in March will be one of the most important ever held in Texas. There will be entered in this sale between 150 and 200 head of the three breeds. These will all be acclimated cattle. The Shorthorns will sell on March 5, the Herefords on the 6th and the Red Polls on the 7th.

NEW BOX FACTORIES Will Be of Much Convenience to East Texas Truckers LUFKIN, Tex., Jan. 27.—T. J. Posey of Neches has ordered his machinery and will soon have in operation at that place an up-to-date fruit and vegetable box manufacturing plant. This will be added to his gin plant and will give employment to quite a force of men, boys and girls, as it does not require skilled labor to operate it. Singletary & Spears of Alto are installing the same kind of a plant at Alto. It will be a great benefit to the fruit and truck shippers to be able to get boxes in ample time. There was a great rush last season on account of difficulty in getting boxes. To give some idea of this business, there were six car loads of boxes received at Neches last season upon which the freight was \$106 per car from the eastern states. Alto received much more. These plants cannot only supply the home trade, but others as well. They use gum timber, which is practically useless, even for firewood, but makes the best quality of material for such work, and is very abundant all over east Texas. Both of these parties are getting their machinery from the Blakeshear Manufacturing Company of Birmingham, Ala. The south is waking up, and will yet be sending manufactured products of cotton, wood and iron to the northern markets. A Doctor's Bad Plight "Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarborough, of Hebron, Ohio. "I then began an obstinate cough. Every remedy known to me as a practicing physician for thirty-five years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by W. J. Fisher, 502 Main street and 413 Houston street. 50c and \$1.00. Trial bottles free.

GAINS FAME IN CAPTURE OF MEXICAN BANDITS

AUSTIN, Tex., Jan. 27.—Among the visiting sheriffs at present in Austin is Sheriff Sanders of Caldwell county, who a couple of years ago added name and fame to his reputation when he captured the notorious Mexican bandit, Gregoria Cortez, slayer of several sheriffs and constables, as he was sitting in front of his camp fire on the banks of the Rio Grande making preparations to swim the river and thus make certain of his freedom. It was in 1900 that Cortez added the final act to an already overcrowded criminal record by killing Sheriff Glover of Gonzales county. Within the space of a few months before that he had slain a constable of the same county and the sheriff of Karnes county. After the Glover killing Sheriff Sanders took to Cortez's trail. The latter hearing of it, and having a wholesome fear of the big man from Caldwell, stole a mule and riding for dear life across the plains and valleys, finally reached the banks of the Rio Grande and saw safety within his grasp. Tired and weary from his long chase, he built a fire on the bank of the river and sat down to take a rest before attempting to cross the river in his tired condition. But this was his one fatal mistake, for Sheriff Sanders had taken to his trail as a duck takes to water and had hunted and trailed him over woodland, valley and plain, finally coming upon the Mexican as the latter was unguardedly contemplating the lurid waters of the Rio Grande. For this feat of endurance and bravery Sheriff Sanders received a great deal of praise and credit from all over the United States.

AMUSEMENTS Haverly's Mastodon Minstrels America's largest, newest and greatest minstrel attraction, Haverly's Mastodon Minstrels, comes to Greenwall's opera-house tonight and everything this season is entirely new. Director General Nankeville has equipped this company in a most gorgeous manner. The beautiful scenery, lighting effects and prettily designed costumes, will please the eye immensely, while the tuneful music, rendered by Frank Van Deinsse's carefully selected orchestra and the famous vocal octette and the lively con songs by the funny comedians, are pleasant to the ear. Haverly's Mastodon Minstrels is supreme in the burnt-cork field and the famous comedian George Wilson and also the great European feature, the Carl Dammann troupe of gymnasts and marvelous acrobats, and a huge bunch of other capable ones. "Florodora" Taking everything into consideration, "Florodora," which is to be sung in this city at Greenwall's opera-house Wednesday night, Jan. 28, certainly represents the very acme of perfection in the musical comedy line. It will be given here by John C. Fisher and Thomas W. Ryley's superb company of artistic players, among whom will be noted Isadore Rush, Corinne, Alf C. Wheelan, Charles Dox, Willard Curtiss, Charles H. Bowers, Alfred Cahill, Frances Tyson, Grace Hazard and the ever-popular and dainty "pretty maidens" of the famous double sextette. The company is in point of numbers one of the largest before the public, carrying its own orchestra of well-rehearsed musicians. A Striking Character in Fiction No character of fiction of the past century ever attained such widespread popularity as Sherlock Holmes, that wonderful student of deduction born in the lively imagination of Sir Conan Doyle. Unique and always interesting, he will live forever in the history of literature, and in the history of the drama as well, for Sir Conan and William Gillette have placed him on the stage, and to Herbert Kealey, an actor of reputation, has been entrusted the task of making him a living, breathing man. Fort Worth is particularly fortunate in obtaining such an attraction, and there is no doubt that Mr. Kealey and Miss Effie Shannon will be greeted by one of the largest and most fashionable audiences ever gathered in Greenwall's opera-house Monday night, Feb. 2.
