### BOATS CARRY AID

GOVERNMENT SENDS ASSISTANCE TO STRICKEN FLOOD SUFFERERS

### THE LEVEES WILL HOLD

Strong Line Is Being Maintained Along the Mississippi and It Is Thought They Will Stand Strain, Though Crisis Is Believed to Be Near

### THE TOWN OF CISCO IS COMING TO THE FRONT

(Special to The Telegram.) CISCO, Texas, March 19.—Cisco is now recognized as the foremost business town between Fort Worth and El Paso. But a few years ago it was leveled to the ground by one of the most destructive cyclones ever known in Texas.

### HEAVIEST IN MONTHS

(Special to The Telegram.) WAXAHACHIE, Texas, March 19.—It has been raining here as day. It began early this morning with a light shower, increasing by 8 o'clock to a terrific down-pour. It was the heaviest precipitation since the beginning of the rainy season, Nov. 2, 1902.

### GOVERNMENT'S WARNING

WASHINGTON, March 19.—The weather bureau this morning gave out the following river bulletin: "The stage of the river this morning at Memphis is forty feet, a rise since Wednesday morning of 4 feet. This rise is probably due to an overflow of water from the Arkansas side, as the Mississippi has fallen above Memphis. While further slight rises are possible, the decline may begin any time."

### MRS. BULLOCK IS FREED FROM JAIL

(Special to The Telegram.) SHREVEPORT, La., March 19.—The happiest woman in Shreveport yesterday evening was Mrs. Josephine Loggins Bullock, who had been an inmate of the parish jail since last Saturday on the charge of having murdered her husband by administering poison. The cause of her happiness was the message brought her by Chief Deputy Will Young, who opened the door of her cell and told her she could go home.

### CHILDREN OVERJOYED

The poor woman could hardly believe the news was true and her expressions of thanks and gratitude were unbounded. Her little boy, who has kept a constant daylight vigil at the door of her cell, fairly danced for joy when he realized that his mother was to go home, and with a cry of "Mamma, I'll run home and tell them all," the faithful little fellow flew toward the humble cottage where a lot of broken-hearted children have had a sad existence since last Saturday when their mother was taken to jail.

### NO EVIDENCE

The release of Mrs. Bullock from custody was due to the action of District Attorney Land, who, after a consultation with the judge of the district court, decided to order her release. The district attorney only took this action after the most mature deliberation and a close examination into the evidence in the case and which resulted in satisfying him beyond the question of a doubt that there was not sufficient evidence to convict her of even manslaughter.

### A SIMILAR STORY IS BROUGHT OUT

(Special to The Telegram.) DUBLIN, Texas, March 19.—"A Bride-captain at the Age of 92." The above caption was published in The Fort Worth Telegram March 13, and the story was dated Austin, Texas, telling of the marriage of an aged minister to a girl of nineteen.

### USING CEMENT FOR RAILROAD TIES

DETROIT, Mich., March 19.—Railroad officials are much interested in experiments that are being conducted on the Pere Marquette and the Michigan Central railroads in the use of railroad ties made of Portland cement. The manufacturers claim for their invention that the cement tie is practically indestructible, and, therefore, an assurance of a great reduction in first cost as well as that of maintenance.

### STARTS IN FACTORY

(By Associated Press.) PEPPERELL, Mass., March 19.—Fire starting in Griffin's shoe factory early this morning was under control at daylight. A score of buildings have been burned, including the shoe factory and other structures devoted to business and a number of dwellings. The loss is placed at \$300,000, with partial insurance. The loss is more serious than the fire show, as the central portion of the business section of the town is destroyed.

### NEW ORLEANS HAS TO YIELD TO WOMEN

(Special to The Telegram.) NEW ORLEANS, March 19.—The thirty-fifth annual convention of the National Woman's Suffrage Association was opened today in the Athenaeum, with a large attendance of delegates and all the national officers. The banners showing the various state delegations gave evidence of the fact that the suffrage movement is active in all sections of the country. A conspicuous feature of the decorations was the four-starred emblematic of the four states that have granted complete suffrage to women—Wyoming, Colorado, Utah and Idaho.

(Special to The Telegram.) BROWNWOOD, Texas, March 19.—Jas. O. Bannon was arrested yesterday in Erath county and brought here and lodged in jail on a charge of murdering a woman in Alabama. Alabama officers have been notified of the arrest. He was located by the officers at May, in this county, two weeks ago, but while officers were awaiting necessary papers from that state he fled May.

### NEW ORLEANS DOG SHOW OPENS TODAY

(By Associated Press.) NEW ORLEANS, La., March 19.—The bench show which opened today under the auspices of the Southwestern Kennel Club, is the largest and most important exhibition of its kind ever held here. More than a score of states are represented among the exhibits, which include high-bred canines of nearly every variety. The collies, St. Bernards and fox terriers are particularly well represented. The award of prizes was begun soon after the show opened today, the distribution being made under the direction of M. A. Hardin of Atlanta and James Watson of Hackensack, N. J., two of the foremost judges in the country.

### BRAZOS IS UP

(Special to The Telegram.) WACO, Texas, March 19.—Heavy rains and storms are reported all over central Texas this morning. Streams are high and trains are delayed by slow running. Up to 1 o'clock this afternoon the Brazos river had risen fourteen feet.

### WILLIAM J. BRYAN NOW FORTY-THREE

(By Associated Press.) LINCOLN, Neb., March 19.—The receipt of numerous letters and telegrams of congratulations came today to remind the household of William J. Bryan that this is the birthday of the late democratic presidential candidate. Mr. Bryan having been born March 19, 1860. Mr. Bryan is at present enjoying excellent health notwithstanding the fact that he has been "on the go" the greater part of the winter, delivering addresses and lectures in various parts of the country. He intends to put in the time this spring looking after his farming interests and later in the summer will again take to the platform to fulfill his long list of engagements with Chautauqua societies and other summer assemblies.

### HIS \$100 WAS FOUND IN THE LAUNDRY TUB

(Special to The Telegram.) AUSTIN, Texas, March 19.—Hon. Cecil Smith of Sherman, who is visiting the city, rushed into the Driskill laundry this morning and had the whole works stopped. He said he had left \$100 in the pocket of his nightshirt, which he desired very much. After a long search the nightshirt was fished out of the water and there, sure enough, were found in the pocket five \$20 bills, all soaking wet.

THOUSANDS HAVE KIDNEY TROUBLE AND DO NOT EVEN SUSPECT IT.

Do Not Neglect Your Kidneys, Because if Kidney Trouble is Permitted to Continue, Fatal Results Are Sure to Follow.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

DID NOT KNOW I HAD KIDNEY TROUBLE

Gentlemen—About 18 months ago I was extremely sick for three weeks, and when I was able to leave my bed I was left with excruciating pains in my back. My water at times looked very much like coffee. I could pass but little at a time, and then only after suffering great pain. My physical condition was such that I had no strength and was all run down. The doctors said my kidneys were not affected and while I did not know I had kidney trouble, I somehow felt certain that my kidneys were the cause of my trouble. I procured a bottle of Swamp-Root and inside of three days commenced to get relief. I followed up that bottle with another, and at the completion of this one found I was completely cured. My cure is very gratifying to me.

Mrs. H. N. Wheeler

117 High Rock St., Lynn, Mass. Weak and unhealthy kidneys are responsible for more sickness and suffer-

and power had left me; I could hardly drag myself along. Even my mental capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it, had it not promised a sworn guarantee with every bottle of your medicine, asserting that your Swamp-Root is purely vegetable, and does not contain any harmful drugs. I am seventy years and four months old and with a good conscience I can recommend Swamp-Root to all sufferers from kidney trouble. Four members of my family have been using Swamp-Root for four different kidney diseases, with the same good results."

(Swamp-Root is pleasant to take.)

ing than any other disease, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable; makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back joints or muscles; makes your head and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

FIND OUT IF YOU NEED SWAMP-ROOT

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, or if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

With many thanks to you, I remain very truly yours,

Oct. 15, 1902.

No matter how many doctors you may have tried—no matter how much money you may have spent on other medicines, you really owe it to yourself to at least give Swamp-Root a trial. Its staunchest friends today are those who had almost given up hope of ever becoming well again.

TO PROVE WHAT SWAMP-ROOT, THE GREAT KIDNEY REMEDY WILL DO FOR YOU, EVERY READER OF "THE TELEGRAM" MAY HAVE A SAMPLE BOTTLE FREE

EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root, and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in the Fort Worth Daily Telegram. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. BRIEF TEXAS NEWS

A Katy switch engine ran over 8-year-old Oscar Elkins in Denison Tuesday, killing the boy instantly. San Antonio is still fixing its new charter. At the last meeting of the council, the provision to prevent ticket scalping was left undecided. Local fox hunters near Waco are having great sport since the ground became firm enough. The number of gray foxes in the vicinity is gradually increasing and they are followed merely for the fun of the case, only a few being killed. Houston had a lively time Tuesday. William Schild, a lineman, was electrocuted; J. W. Wolf, an aged man, was shot by a man attempting to kill a city fireman. The city fireman, George Rafferty, was shot in the left cheek, and Mary Hall, colored, was dangerously wounded in a stabbing affray. In the Baylor University oratorical contest at Waco last night, J. C. Daniel won first honors, and O. E. Bryan second. Daniel will represent Baylor University at the intercollegiate contest in Sherman next month. It is stated that government detectives at work near Mount Pleasant have found a clew to the men who dynamited the government still near there last week. Delegates from various Woodmen of the World lodges of central Texas have fixed the date of the annual meeting of the Central Texas Log Rolling Association as August 12, and the place Corsicana. A report from Grapevine tells that green bugs have invaded the wheat fields near there. The average passenger haul on steam railways has increased from 23 to 27 million since electrical lines have been competing for suburban business.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

DENVER ROAD MEN STILL OUT

NO ARGUMENT AS YET IN THE CHILDRESS TROUBLE

The Walk Out in the Machinist and Boiler Shops and What the Trouble Was All About—Other Childress News Notes

CHILDRESS, Texas, March 19.—Superintendent Scott of the Fort Worth and Denver City is in town conferring with the strike committee. The strike or walk out of the machinists and boiler-makers is still on, and it seems that the railroad officials and the union cannot agree.

The trouble came up when Mr. Player, master mechanic for the Denver, raised the wages of all the men that had worked here eight months from \$3.30 to \$3.50 per day and notified all the men that if they continued to work here eight months that at that time they would receive the same pay.

It is claimed that Mr. Scott offered this as an inducement to the men who would make this their home.

On the other hand the machinists claim that they have served their trade of four years each and that they were entitled to the same wages as the other men.

They met and decided to give the company forty-eight hours to raise their wages, and the evening before the forty-eight hours was up Mr. Player posted a notice that the shops would close owing to the snow and bad condition of the road and that their checks would be there the next day.

At 5 o'clock that evening the machinists laid down their tools and walked out, and no one but the foreman is at work.

OTHER NEWS NOTES A fine rain fell here this evening and the streets are flooded with water to night.

Wheat and oats are in fine shape. Farmers say they were never in better shape. The heel fly is bothering cattle very much in this part of the Panhandle.

AT BAIRD BAIRD, Texas, March 18.—The weather at this place has been spring-like for nearly a week, and the farmers have been planting corn all this week with speed, for they realize that they are a little late beginning their crops. The grass is up enough for cattle to graze on it considerably, and all fears of any dying from now on has been dissipated.

A protracted meeting began at the Methodist Episcopal church in Baird tonight under favorable auspices. Bro. Briggs, the pastor, is conducting it, while Bro. Evans leads the singing.

A brisk and cold north wind is reported by wire for this section by tomorrow, with the thermometer as low as 28 degrees. This will be apt to kill considerable of the fruit tree blossoms if it gets that low.

Epitaph Garrett of Dallas preached at the Episcopal church in Baird last Sunday.

AT DENTON DENTON, Texas, March 19.—Mrs. Lacy, wife of W. J. Lacy, Sr., commander of Sul Ross camp, No. 129, United Confederate Veterans, died at her home on Bolivar street in this city at 2 o'clock p. m. yesterday. Mrs. Lacy was a middle-aged lady and had many friends who are grieved over her demise. She was interred in the Odd Fellows' cemetery here today.

AT COLLINSVILLE COLLINSVILLE, Texas, March 18.—At the regular meeting of the Commercial Club the following delegates were appointed to attend the good roads convention to be held at Dallas, March 19 and 20: Cassler T. E. Rodgers, J. A. Baker and J. Gordon Groves.

The commissioners court has authorized a road from Collinsville north. Work on grading will begin at once.

A northern firm is corresponding with the Collinsville Commercial Club in regard to opening a canning factory here. The Commercial Club invites correspondence with parties looking for location of an oil mill, or other enterprises. Collinsville offers the best water for boiler use in unlimited quantities of any part of the state.

P. P. Robertson shipped a carload of fat hogs to Fort Worth today.

Several days ago E. R. Ragsdale and J. M. Swindley shipped a car of cattle to Fort Worth.

AT BROWNWOOD BROWNWOOD, Texas, March 18.—The city council last night passed a curfew ordinance, requiring boys under 18 years of age to be off the streets by 8:30 o'clock at night unless accompanied by some older member of the family. A committee from the W. C. T. U. appeared before the council on behalf of the ordinance and every member of that body voted for it. There have lately been a number of small burglaries in the town, and they have been thought to be the work of boys. The boys have also become an intolerable nuisance at the railway stations.

While O. Thompson and wife were from home visiting friends someone entered the house through a transom, falling into and demolishing a clothes basket. Two small jewelry boxes were taken, but the small tents were left, and nothing else was missed from the place.

TALK ON PREVENTION OF TUBERCULOSIS HARRISBURG, Pa., March 19.—The tenth annual meeting of the associated health authorities and sanitarians of Pennsylvania began at the statehouse today and will continue through tomorrow. Tuberculosis, smallpox and typhoid are the principal subjects to be discussed. The annual address will be delivered by Dr. Lawrence F. Fildes, medical director of the Henry Phipps Institute, who has chosen as his subject "The Duty of Boards of Health in the Prevention of Tuberculosis."

"THE MISSOURI GIRL"

It doesn't matter who wrote it. That information wasn't given on the program. Neither was it stated who designed the tableaux, or who made the wigs, or who manufactured the heroine's stays, interesting information such as is always given with high-class productions. No such enlightenment was needed. The dialogue and costumes kept out of the way of the players and the audience and let the latter enjoy itself till it screamed with laughter.

Admit it if you will that the villain used a 27-cent carving knife to stab the heroine's father, and forgive the unkind thrust, "We're from Missouri, and you've got to show us." The scene, laid in the parlor of Colonel Sweetman's Chicago residence, hatched out more genuine merriment than any act at Greenwall's during the entire season has yet produced.

It made the kind of laughter that doubles one up like Dr. Holmes' "Really funny poem." The antics and mimeries of May Dudley as Daisy Grubb and W. F. Conlon as Zeke Dobson, are so irresistibly funny that the third act is worth the price of the entire show.

THE OLYMPIA GAINING PRESTIGE

Bigger and bigger the crowds are growing at the Olympia, and the fine opening of the Olympia opera company seems destined to have been but the first of a series of splendid audiences and excellent productions of opera-buffe.

Each evening sees an improvement in the work of the principals and chorus. This may be deemed impossible by those who admired the smoothness of the Olympia's work Sunday night. Last night the beautiful Casino was packed and literally re-echoed to the applause that came spontaneously from the thousands of delighted auditors. Theatergoers who have seen opera that could properly be called "ragged" are quick to appreciate the finished work of the Olympia singers. Miss Kendall, Mr. Weston and Mr. Egleston all registered big hits last night in their interpolated songs. So numerous were the encores that the performance did not end until after 11 o'clock.—New Orleans Daily States, July 2, 1902.

The Olympia opera company is scheduled to delight a goodly number of our local playgoers for six nights, commencing tonight at Greenwall's opera-house. Mattie nees are to be given Saturday and Wednesday. The repertoire for the engagement here will be, tonight, "Wang"; Friday night, "Olivette"; Saturday matinee, "The Mikado"; Saturday night, "El Capitán"; Monday night, "Nell Gwynne"; Tuesday night, "Girofle Girofle"; Wednesday night, "H. M. S. Pinaroff"; Wednesday night, "La Perichole."

NEWS OF DALLAS

By the purchase of a half interest in the Main street building formerly occupied by the Commercial Club, Henry D. Linsley has become sole owner of the property. The consideration was \$23,250.

Dallas retail grocers have passed a resolution to refuse to accept all orders taken by manufacturers directly from consumers. The resolution arose from the practice of agents representing manufacturers who made house-to-house canvasses, taking orders with the provision that if the goods were not satisfactory they might be returned to the purchasers' grocer. Often they were not, and the grocers, rather than lose custom, had to take back goods for which they had no sales.

Dallas Haymakers initiated fifty new members last night.

R. W. Richardson, secretary of the National Good Roads Association; James W. Abbott of Denver, in charge of the Pacific coast and Rocky mountain division of the office of public road inquiries, and M. O. Eldridge, assistant director of the bureau, are all in Dallas to attend the meeting of the good roads convention there today.

A delegation of Oak Cliff citizens has gone to Austin to fight the proposed charter amendment for Dallas, providing for the taking in of Oak Cliff into the corporation.

P.oof For The Unbelieving and Skeptical Paine's Celery Compound

Saves a Gentleman From the Dangers and Perils of Insomnia and Nervous Troubles After Failures of Able Physicians.

It is now generally admitted that insomnia or sleeplessness is caused by exhaustion of nerve force and a sluggish condition of the digestive organs. Overwork, worry and care have their effect upon the nerves. Sleeplessness in spring-time is one of the commonest troubles afflicting men and women, and in too many cases fatal results follow. In thousands of cases the terrible trouble

REV. A. CRAW, Of Ridge Road, N. Y., 83 Years Old.

develops insanity and madness—then the asylum with its surrounding horrors.

Paine's Celery Compound promptly banishes sleeplessness and inflammation of the nerves. The wonderful medicine quickly makes nerve fibre and nerve force, cleanses the blood, strengthens the tissues of the brain and gives rest and sleep. You cannot possibly procure these blessings through the use of any other medicine. Paine's Celery Compound is the only true nerve and blood remedy, and contains exactly the elements needed for your case in springtime. May Heaven direct you to use it, dear sufferer, at this time. Mr. Max Burghheim, Cincinnati, Ohio, says:

"I have been suffering from sleeplessness for many years, and although I have tried almost everything to get cured, consulting the best physicians, and even going to Europe several times, all was in vain. I then tried Paine's Celery Compound. The first night I used it, you can imagine my joy when I found that I had slept six hours in succession. I continued the use of Paine's Celery Compound for three months and slept peacefully every night."

Says Rev. A. Craw, of Ridge Road, N. Y.:

"Paine's Celery Compound has been a panacea for the many ills which afflicted me in my old age, and which have all disappeared by its use. First, the sciatic affliction of my right hip which so severely afflicted me that it was very difficult for me to ascend or descend stairs; lumbago was another affliction which was at times very troublesome, but the Compound cured me. I was also afflicted with piles. I have used six bottles and it has quite revolutionized me and I am now in my eighty-fourth year and as well and strong as I was at fifty."

Caught in the Street

S. D. Camp, manager of the American Cotton Company's plant at Wynnewood, I. T., who is in Fort Worth on business, this morning received a small packet of salt from a member of the company at Wynnewood, together with a letter, which explained that the salt had been found in water pumped from a new well just put down by the company. The well went down 400 feet before water was encountered. The letter says that water from it runs two pounds of salt to the gallon.

"Salt costs the farmers and stock raisers of the Indian Territory about 65 cents a hundred," said Mr. Camp this morning, "and if we have struck a salt mine it probably will prove better than a gold mine to us. At present I think most of the salt used in the territory is shipped there from Galveston and Houston. The freight rates are very high and it would be a great saving to the stock raisers if they had a good, permanent supply near home. I suppose the company will develop the well."

W. I. HALL SHOOTS HIMSELF FATALLY ILLNESS WAS THE PROBABLE CAUSE Wealthy Fort Worth Hardware Man Removes Coat and Vest, Seats Himself in Chair, Presses Pistol Over His Heart and Then Fires

William I. Hall, aged 35, proprietor of the Hall Hardware Company at Third and Houston streets, shot himself through the heart a few minutes before 6 o'clock this morning. His body had not grown cold when it was found by his chief clerk, W. A. Fitts, at 6:45. He had departed. Illness is the only known cause of the deed, which was deliberately planned. The deceased left not a line, so far as known, that would indicate any motive. His father and mother, who reside at Loco, Kan., have been notified of their son's death.

Mr. Hall used a .32-caliber Harrington & Richardson revolver that belongs to Alex. Moore, who, until March 1, was an employe of the Hall company. The hour at which Mr. Hall entered his store, where the act which ended his life occurred, can only be guessed at. He had been ill for the last two weeks with a gripple. He left his room in Mrs. Mary J. Bratton's apartment house, at First and Houston streets, about 9 o'clock Wednesday night. When Mrs. Bratton entered the room this morning she found that the bed had not been occupied during the night and the vital of medicine which Dr. R. B. Grammer, who was called to attend him Wednesday, had prescribed was standing on a table untouched.

DEPRESSED IN MIND Clerk Fitts visited Mr. Hall's room early Wednesday evening and found him in depressed spirits. He left his room soon after the clerk departed and did not return again during the night. When Mr. Fitts arrived at the store at 6:45 this morning he found the front door open. Mr. Hall, when well, always opened the store himself, but in the last two weeks, owing to his illness, had turned this duty over to Mr. Fitts. The latter's first thought therefore when he found the front door open was that his employe had been restored to health. He walked directly back to the office, which is at the rear of the store.

In the office he found no one, and thinking Mr. Hall must be about the store, which was still in semi-darkness, stepped out of the office to go in search of him. There are several steps leading from the office into a passageway which is formed by the office on one side and a stove platform on the other.

THOUGHT IT HEART ATTACK Lying face downward in this aisle he found Mr. Hall. The latter several times had informed Mr. Fitts that he was a victim of heart trouble and, thinking that his employe had fallen during a heart attack, he turned to see what was the matter.

DANGER OF COLDS AND GRIP The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

attack, the clerk felt of the face. It was still warm. Mr. Fitts rushed to a telephone and summoned Dr. R. B. Grammer. He then returned to the body and raised it from the floor. The left hand was doubled under the body and the clerk was shocked to find that it still retained a grasp on a pistol. Dr. Grammer arrived within a few minutes. A brief examination served to show him that life was extinct. It was found that only one bullet was discharged from the pistol. The suicide upon entering the office removed his coat and vest and hung them on the nail which it was his custom to use for that purpose. It is evident that he then seated himself in a chair which stood just without the office door, took careful aim at his heart and pressed the trigger. After receiving the mortal wound he lurched forward and fell into the aisle, face downward.

HAD PISTOL CLEANED "Only a month ago," said Clerk Fitts this morning, "Mr. Hall took his own and Alex. Moore's pistols to a gunsmith and had them cleaned and put in good repair. Both pistols were kept in a show case at the front of the store. Mr. Moore, I believe, has been carrying Mr. Hall's pistol the last two weeks, leaving his own in the show case. It is probable that when Mr. Hall determined to end his life he went in search of his own pistol and, not finding it, took Mr. Moore's."

"He told me last night that he was feeling depressed by his illness, but nothing that he said indicated that he meditated taking his life. He was a very wealthy man. His right leg had been crippled, nearly all his life as a result of white swelling when he was a boy. He was 25 years old and had resided in Fort Worth about one year. He was unmarried and came to this city from Green Ridge, Mo. On August 1, of last year, he bought the store which he was conducting at the time of his death from the Fort Worth Implement Company. He also bought the building. The building and store are worth about \$40,000, and are unencumbered so far as I know. Mr. Hall's parents are reputed to be very wealthy. The store was doing a profitable business. There is no reason for the act that I know of, beyond the fact that he was ill."

Sometimes a physician who has exhausted medical skill on his own case finds that he has to look to pure food to cure him by its simple and homely yet natural and scientific principles. A well known Physician and Surgeon of Crowley, La., has spent a great many years in this profession. "The services of my life time," he says, "have been to try to better mankind; to help them preserve health when in possession of it and to help them to regain it when lost. So it is with great pleasure I recall my first introduction to Grape-Nuts. I had never investigated the food until I came to use it in my own case. I had suffered all that a man can suffer from dyspepsia, had tried to heal myself and had had the services of many other prominent physicians. Then I clutched at Grape-Nuts as a drowning man clutches at a straw and to my great astonishment and gratification I found that I had discovered something besides a broken reed to lean upon, for the food began to recuperate me immediately and it has now entirely cured me to such an extent that I have returned to my old habit of eating everything that I desire and can do so without distress. "And I have not only found a good friend in sickness but a most delicious dish as well. It is the most nutritious article of diet I have ever found and I notice its splendid effects more particularly at night time for a saucer of Grape-Nuts at night is always followed by a most refreshing sleep and perfect awakening. My only regret is that I was so slow to look into the scientific merits of this wonderful food." Name furnished by Postum Co., Battle Creek, Mich.

REVISED JOINT PASSENGER RATE

RATES FROM VERNON VIA FRISCO AND DENVER TO ALL POINTS

Report That Golden State Limited Will be Discontinued Temporarily March 29. Railroad Commission Postpones Hearing—George L. Morton Succeeds Mr. Barker—Railroad Briefs

J. W. Nourse, chief clerk in the passenger department of the Frisco, has returned from Hot Springs, Ark., where he has been for the past week with representatives of other roads engaged in the revision of rates in the Texas joint passenger rate sheet. The new sheet will show rates from Vernon by way of the Frisco and Denver roads to all points in the country. There were also a number of revisions in former rates.

Frank Jensen, chief clerk in the passenger department of the Rock Island, and Harry Shilton, chief rate clerk in the passenger department of the Denver road, were also in attendance at the Hot Springs meeting from Fort Worth.

LIMITED MAY COME OFF A report is current that owing to the fact that the summer season is coming on and the travel between the east and California will let up for the time being, it has been decided to pull off the Golden State and Pacific for the season on the 29th of this month. It has not been decided as yet whether the train will be taken off entirely on that date or whether it will be run once or twice a week for a few weeks, but it will probably be taken off entirely.

A JUST PROMOTION The appointment of George L. Morton, formerly chief clerk in the general passenger and ticket agent's office of the Missouri, Kansas and Texas at St. Louis, to fill the vacancy caused by the death of Mr. Barker, formerly general passenger and ticket agent of that road, is considered by local railroad men as a just recognition of ability and a promotion fully warranted.

HEARING POSTPONED The railroad commission in session at Austin yesterday postponed the hearing of the matter relating to switching and terminal charges of the Fort Worth Terminal railroad until March 31, at which time the hearing will be held in this city.

NEW ROAD TO EL PASO An Oklahoma City dispatch says: "A horseback survey for the El Paso, Mountain Park and Oklahoma Central railroad is being made from St. Louis to the mouth of the Snowy river in the Gulf of California. The survey is a short line from St. Louis to the Pacific coast, passing through Missouri, Oklahoma, western Texas and southeastern New Mexico, entering Mexico at El Paso. The route has already been located from Mountain Park, Ok., to Quanah, Texas. The survey, it is said, is backed by Kansas City, St. Louis and New York capitalists. It is thought to be a move of one of the railroads entering St. Louis to secure a transcontinental line."

RAILROAD BRIEFS AND PERSONALS Major B. S. Wathen of Dallas, chief engineer of the Texas and Pacific, was in the city Wednesday. Major J. C. Lewis, traveling passenger agent for the Iron Mountain railroad, with headquarters at Austin, was in Fort Worth yesterday morning, going west on the Texas and Pacific. W. H. Firth, general passenger agent for the Chicago, Rock Island and Texas, is in Chicago on business. The Chicago, Rock Island and Pacific is painting a large likeness of its Golden State Limited train on the Fifth street side of the Henry Hardware Company building, corner Houston and Fifth streets. H. C. Callahan, commercial agent for the Chicago, Rock Island and Texas, is making a business trip through his Texas territory. W. L. Chew of the train department of the Texas and Pacific at Dallas, was in the city yesterday. Colonel James A. Wilson, of the Chicago and Alton, has returned from a trip to El Paso. John P. Rogerman, traveling passenger agent of the Baltimore and Ohio Southwestern, with headquarters at Dallas, was a Fort Worth visitor Thursday. Colonel M. H. Bone, western passenger agent for the Southern, with headquarters at Houston, was in the city yesterday.

THE BOY TRAVELER SELLS TELEGRAMS Among the newboys selling Telegrams on the streets last evening was included one with a record for travel which it is doubtful can be excelled or even equalled in the city. Little Johnny Fallon, who is now 16 years old, began his travels when only 9 years of age. His home was formerly at Galveston, for which place he is now journeying. His father, who was a Mexican and Indian half-breed, and his mother, an American, were drowned in the flood. Johnny has been over to the Philippines three times. He has spent four years in the islands, and has been in thirty-six of the United States; once he spent a month in Canada, six weeks in England on a cattle ship, and spent six months in London. He has been in China, Japan, Australia, and went to school two months in Honolulu, where he was the protégé of an American lawyer named Albert Judd. Johnny says he likes the Philippines better than America. "Why, I could always make a couple of pesos in Manila, any day," he said. "I first went to the Philippines on the first transport to the islands, the Sydney. I was mascot in the Thirteenth, and I was in the Seventeenth infantry, and I was with company F, of the Fourteenth infantry, when I was between Dugupan and San Fernando. I saw Gilmore's band was captured. They were going down the river. I was on the field carrying messages when Lawton was killed. Lawton sent his men back several times when they came up to

### CONFIRMS NEWS OF BEAN'S DEATH

#### FAMOUS CHARACTER KNOWN AS "LAW WEST OF THE PECOS" DEAD

SAN ANTONIO, Texas, March 19.—Word has been received here confirming the report of the death of Judge Roy Bean at Langtry Monday. The uniqueness of Roy Bean has given him a place beside Tom Ochiltree and David Harum and a fame hardly less wide than theirs. "Law West of the Pecos," as he was known, was a law unto himself. The stories told of the eccentricities of his tribunal have been the delight of Texas for years. The stories doubtless have received the imaginative embellishments of admirers of Roy Bean, but like many myths in general currency they probably have some foundation in truth.

He was not only known throughout Texas, but he had a national reputation. It was in West Texas, however, where he had long been a resident, that his characteristics were most familiar.

#### FOUNDED BEANVILLE

He lived in San Antonio for a long time, coming here from Kentucky about the opening of the civil war. In San Antonio he resided in Beanville, a suburb which took its name after Judge Bean, from the fact that it was largely through his enterprise that the property was subdivided and sold in town lots. While residing here Bean is said to have figured in a famous lawsuit. Action was brought to eject him from certain property of the west side of town. As the litigation proved somewhat vexatious he finally agreed to compromise the suit, proposing that if the plaintiff would bear all the expenses of moving his belongings to property in the present site of Beanville and throw in a jug of a favorite whisky he would quit all claim to the subject of the suit. The proposition was accepted and thus San Antonio was given a Beanville.

#### ROY BEAN STARTS WEST

When the Southern Pacific railroad built west of San Antonio Bean cast his lot with the railroad camp and set up a tent and sold liquors. His portable saloon was always hospitable and strangers or friends traveling west from San Antonio who dropped into the camp were freely entertained with whole-souled generosity.

"Everything is perfectly peaceful here," he would say; "the camp is as quiet as can be. There hasn't been a man killed in four hours."

In addition to perfect peace and security, the guest would be assured that on the sideboard was a little of the best whisky that had been made. This was equivalent to an invitation.

In 1883 the railroad reached Langtry, just west of the Pecos river. It was in a wild, mountainous section of the state, and at that time was infested with desperadoes and Indians. Here Roy Bean located and acquired a considerable body of land. He was elected justice of the peace in 1884, and immediately erected his "seat of justice."

Close to the railroad track he built a house in which he installed his saloon business. He decided to advertise, and accordingly he put up some signs which are read by everyone who passes Langtry.

"Judge Roy Bean, Notary Public," "Justice of the Peace, Law West of the Pecos."

"Roy Bean's Opera-House, Town Hall and Seat of Justice," "Billiard Hall."

These signs have made Roy Bean's seat of justice famous. The man who could get them up would be expected to do something unusual in the administration of justice, and there are stories that have become classics which bear out this surmise.

The court was held in the open saloon and the presiding magistrate was wont to hold up the proceedings at any stage to take or to serve an interlocutory drink. On one occasion it is related that a thirsty tourist rushed from the train over to Bean's saloon while he was trying a case and ordered a bottle of beer. The proceedings were stayed until the customer could be served. A \$10 bill was given in payment and Bean resumed the trial without making the change. The customer had drunk his beer and waited around expecting the judge to turn over the money. Growing impatient, he hinted that he wanted his change, but the judge told him not to interrupt the court. The hearing of the evidence continued. Finally as the train was about to start, the man said he had to have his money.

"See here," said the judge, "I told you not to interrupt this court. You are fined \$2.75 for contempt of court, and the order was entered in the docket accordingly. It was a case of losing either his money or his train and the fellow chose to stay with the train."

Another celebrated instance in the administration of law west of the Pecos was in the case of an inquest which, it is said, Judge Bean was called upon to hold over the body of a man who had fallen from the high bridge with fatal results. The body was searched and a pistol and \$40 in cash were found. The man was unknown and the justice was in great perplexity as to the proper disposition of the effects. The matter was settled by firing the deceased \$40 for carrying a pistol.

Bean was not what is known as a "bad" man. On the contrary, he had a scrupulous regard for the right as he saw it. He had a great contempt for the finesse of lawyers, and generally rode roughshod over all technicalities and rendered such judgment as he thought was right, and he did this during the fifteen years he had served in office.

He often visited San Antonio and it was his delight to foregather with several of his old friends and visit the coo's fights, a sport of which he was exceedingly fond.

His death removed another of the pioneers and old Indian fighters of West Texas and a man of strict integrity and honesty. He was not polished, but from beneath his rough coating there was emitted the sparkle of the gem under it.

Jim Dumps the corner grocer met,  
Who said, "No grocer can regret  
The day he came to trade in 'Force'  
Of wealth an e'er increasing source!  
It fills the coffers to the brim!"  
"Yes, health is wealth," laughed "Sunny Jim."

Weather Conditions

The Rocky mountain storm has moved slowly eastward at the same time losing considerably in energy and is this morning more of a trough of low pressure extending from Texas northeastward to the upper lakes, and with a modified storm development in either extremity. Thunder showers are a marked feature within the scope of low pressure, with threatening rain conditions prevailing in front and to the eastward, while clearing and much colder weather prevails throughout the west and Rocky mountain states. The line of freezing is well down into the panhandle, and zero has again appeared in Wyoming.

PAVE AND BEAUTIFY CITY, SAYS D. T. BOMAR

Editor of The Telegram: With reference to the needs of Fort Worth and how they are to be met in 1903, it occurs to me that the eyes of the public are turned toward Fort Worth at this time more than any period for the past fifteen years, and consequently it is more important to the city now than at any time in the past that it should do everything to attract and please the people who are looking in this direction.

HANDS BIG WARRANTS TO STATE NATIONAL

City Auditor J. J. Nunnally today delivered to the State National Bank warrants drawn on the city for \$83,228.54. This sum represents the total amount of money delivered to W. H. Kimbrough yesterday afternoon in payment of interest due from the city to the bondholders. There is another \$100,000 remaining to be paid, which the city stands ready to put up whenever the coupons shall be presented.

PERMITS ISSUED FOR HANDSOME RESIDENCES

John W. Wray took out a permit this morning for the erection of a two-story brick residence, to contain eight rooms. It will be located at Seventeenth street and Summit avenue, in the Jennings' West addition and will cost \$5,000. Other permits were issued as follows: Jacob Hierholzer, lot 8, block 5, Kennedy's addition, four rooms, to cost \$350. J. W. Adams, block 102, Fort Worth addition, two-story frame, nine rooms, to cost \$4,000.

LETTER THAT HAS A MYSTERIOUS ASPECT

City Secretary John T. Montgomery received a letter from a woman in Ironwood, Mich., this morning, which leads one's thoughts into many channels in the search for an explanation. It may cover a mystery of some kind and no doubt does. The letter is as follows: "Dear Sir—Will you kindly inform me by return mail if a marriage license was issued in your city during May, 1899, to Josephine M. Mackay and Henry W. Abbott.

ADDITIONAL CITY BRIEFS

The Amphions of Dallas will be the guests of the Arions Wednesday night of next week. The literary meeting of the Daughters of the Confederacy, which was to have been held tomorrow afternoon, will be postponed until a week from tomorrow on account of the Lorado Taft art lecture. The Ladies' Aid Society of the Broadway Presbyterian church will meet tomorrow afternoon at 3 o'clock. The Imperial Dancing Club gave an informal dance last night. Miss Ray Saunders has been named a maid of honor to the queen at the Kaliph's ball. Dr. J. T. Wilson, president of the state board of medical examiners, delivered two lectures on the treatment of the insane in private practice to the senior class of the medical department of the Fort Worth University this week. Mrs. G. J. Price of Hillsboro, who had been visiting her sister, Mrs. W. H. Taylor, returned home yesterday. Miss Elizabeth Tarlton, who had been visiting in Hillsboro, has returned home. Mrs. C. H. Platter is in Dallas today. J. F. Groesbeck Jr. of Stephenville is in the city on business. Judge B. D. Tarlton will depart this evening for Junction City, Kimble county, on business. Miss Hoffman of Dallas is a visitor in the city. Two more shacks have been removed from lower Main street and substantial brick buildings are taking their place. One is located on the corner of Fifteenth and Main streets, and the other on Main between Ninth and Tenth streets. Both buildings will be used for store houses. The W. C. T. U. will meet Friday at 3 o'clock at 913 Taylor street with Mrs. Walton. Business of importance is to be transacted. Judge Green of Cleburne was in the city yesterday on business. He left for home last night. Mrs. W. P. McLean Jr. will entertain the Merry Wives Saturday instead of this afternoon. Max Meyer of this city is in Corsicana on business. Captain George T. West of this city is in Austin on business. Miss Lois White, who has been visiting friends in Sherman and Dallas, will return home tomorrow. An interstate meeting of all the colleges of Texas will be held at Sherman April 15. Excursions will be run on all roads. The affair is expected to attract a large crowd from all over the state. Fort Worth will have quite a number of students in attendance. Carl Zane-Cetti returned to Fort Worth last night from a four months' trip in the north and east. Most of this time was spent at the Rensselaer School of Technology at Troy, N. Y. While away he inspected street paving work in Chicago, New York city and elsewhere. He was greatly impressed by the method employed in Chicago, where traffic on the busiest streets is not interrupted by the work. "During the night they put

Was Under Fire in Burdick Murder Case

Miss Marion Hutchinson, who is pictured here, was taken by one police to be questioned concerning her alleged knowledge of the Burdick murder. It was reported that she had been identified by a hackman who had, he said, taken her to point near the Burdick home on the night of the tragedy, but she was not held, having satisfied the officials she knew nothing of the crime.

Exhibit, 1903." This cup was awarded to Rhome & Son for the best animal at the convention. Rev. J. J. White of Ryan, I. T., died at St. Joseph's infirmary yesterday afternoon at 2 o'clock. The deceased came to Fort Worth four days ago to undergo a surgical operation, but his enfeebled condition would not permit it. His remains were taken to Wichita Falls for interment, a daughter of the deceased, who preceded him in death, being interred at that place.

FORT WORTH MAN IS ELECTED GRAND RULER

At the biennial meeting of the Seventh District of the Fraternal Mystic Circle, comprising Texas, Indian Territory and Oklahoma, held in Dallas last night, H. L. Calhoun of Fort Worth was elected grand ruler. The next meeting will be held in Corsicana in March, 1905. Following are the newly elected officers: Grand ruler, H. L. Calhoun, Fort Worth; vice ruler, A. P. Finley, Sherman; past grand ruler, L. O. Harvey, Dallas; grand recorder, M. P. Caldwell, Corsicana; grand treasurer, J. H. Moore, Deport, Texas; grand chaplain, G. O. Brown, San Antonio; grand warden, R. Edwards, Hillsboro; grand marshal, Clement Few, Paris; grand guard, H. Wagner, Fort Worth; grand secretary, R. S. Ware, Chatfield, Texas; supreme representatives, Chris L. Knox, Corsicana, and J. H. Endicott, Weatherford.

SCHEDULE MEETING FAILS TO MATERIALIZE

Manager Ward of the Fort Worth Baseball Club returned to Fort Worth from Dallas last night, a very much disgusted man. The schedule meeting of the league had been called for Dallas on March 15, yet none of the other three league managers showed up.

Ted Sullivan, who called the meeting failed to arrive from Chicago, and even Gardner, the Dallas manager, was nowhere to be found. The meeting originally was called for March 10, then it was changed to March 17, and then it didn't happen.

two short weeks under the management of Charles L. Hull of this city, whose guest she is at present here, and made such a profound impression on the thinking people of the state that it has been necessary for her to return. She comes hurriedly, just from Florida, due back at her home in New York city for Easter, to leave with us the message of inspiration toward larger and better life that always marks her path.

Singularly honored among American clubwomen throughout the union, she represents that mighty host of magnificent searchers after culture and self-improvement as their idol. Nor is this hard to understand, when one has seen and heard her. Many Texas people have known Mrs. Baker at the Colorado Chautauqua, at Boulder, Col., with which institution she has been closely associated as head of the school of expression.

Mr. Reeves hopes that Fort Worth people will require him to arrange a return engagement for Mrs. Baker about two weeks hence, for the benefit of the Young Men's Christian Association, so worthy a cause and so ably championed recently by Captain Hobson.

MOST BRILLIANT PROGRAM The recital this evening will show Mrs. Baker in what is regarded as her most brilliant program. Certainly to take so great a drama with which is inseparably associated such wonderful talent, the greatest on America's stage, even of the world, is an ambitious and most exacting task, particularly for a woman to attempt, wholly unaided by supporters, music, property or stage-tricks. However, her admirers assert that she is grandly equal to it and acquits herself most impressively.

MRS. BERTHA KUNZ BAKER WILL PRESENT EDMOND ROSTAND'S 'CYRANO DE BERGERAC' AT CITY HALL

ANGORA GOATS ARE RAISED PROFITABLY The Angora goat is attracting considerable attention at the present time. Owing to his peculiar habit of browsing on brush and weeds he finds particular favor among farmers.

The goat, one of the hardiest of animals, subject to few diseases, preferring to climb and browse among the rocks and hills, rashing buds and dry leaves, agile, keen and slight, is, from the westerner's standpoint, a rustler; the embodiment of all the qualities desirable in a range animal.

The original home of the Angora goat, the province of Angora, from which he takes his name, is a mountainous country, and he finds in the high mountains and dry atmosphere of New Mexico conditions similar, and perhaps superior, to those of his former home. There is probably no equal portion of the country on earth better adapted to the Angora than New Mexico, and within our borders there are immense areas upon which the Angora goat may be raised, neither trespassing upon cattle territory nor interfering materially with the sheep industry.

The Angora goat industry may be the means of adding millions to the wealth of the country at large. Comparing it with the dressed carcass of the Angora goat may be somewhat smaller, the meat in quality is equal, if not superior to mutton. The annual clip from sheep and Angora goats will probably average about the same by weight, but the fleece of mohair will, as a rule, bring three or four times as much as the fleece of wool. This is partly due to the fact that wool loses 50 per cent and often more, of its weight during the scouring process, mohair losing only from 5 to 10 per cent. The difference in price, however, is largely due to the greater value of mohair fiber, which possesses certain desirable characteristics not found in wool.—New Mexico Bulletin.

Many Important Offices to Be Filled at First Meeting of Council in April—Likelihood of a Candidate to Oppose Orrick for City Attorney

A report was in circulation last night that John W. Renfro, superintendent of the Northern Texas Traction company's city lines had announced his withdrawal from the race for street commissioner. This report is untrue. M. M. Lydon, alderman for the Fifth ward, who is a brother-in-law of Mr. Renfro said today that the report originated with enemies of Mr. Renfro.

"You may announce that he is in the race to stay," Mr. Lydon said, "and as it looks now, I believe he will poll a majority of the votes in the council."

Accompanying the report of the withdrawal of "Bill" Lahey's opponent was the statement that a majority of the members of the council had declared in favor of Lahey. Several aldermen who were questioned this morning declined to say how they would vote; one said he had not made up his mind and another declared that he would not vote at all.

Important Offices At the first meeting of the council in April a number of city offices will be filled including those of city attorney, city secretary, chief of fire department, corporation judge, street commissioner, city auditor and superintendent of water works.

There was a rumor several days ago that J. K. Lape, formerly superintendent of motive power of the Texas and Pacific, would be a candidate to succeed Captain Scoble as superintendent of water works but if there is foundation for the rumor Mr. Lape has been displaying little activity.

There are no candidates in sight to oppose City Auditor J. J. Nunnally or City Secretary John T. Montgomery for re-election; nor is there an opponent for Jim Maddox as chief of the fire department.

It is likely that a candidate against City Attorney Orrick will be sprung although at present his friends are keeping their plans under cover.
