CLASS WAR IS FATAL

UNIVERSITY OF PENNSYLVANIA FROLIC

THOUSANDS CHEER

WOMEN APPLAUD WHILE BOY LIES UNCONSCIOUS BENEATH THE STRUGGLING MASS

VICTIM OF COMPANIONS

Unsettled by the Fighting Factions, He is Bruised and Battered by the Weight of the Mob Above Him—When Found is Taken to Hospital in Dying Condition

PHILADELPHIA, Pa., April 22.—In a fight, compared to which the average head riot is child's play, the annual bowl game between the sophomore and freshmen classes of the University of Pennsylvania has been waged in the old Franklin field.

As a result a dozen or more students were seriously injured and John Armstrong, a sophomore, lies in the hospital in a dying condition.

While the struggle between the opposing classes was going on three thousand men and women watched and applauded the contestants.

Buried beneath the writhing mass of students, young Armstrong was bruised and battered till unconscious and lay on the ground while his friends and foes rampled over his defenseless body.

Other sophomores were bruised and severely injured, but none was fatally hurt.

BRADSHAW CASE GETS CONTINUANCE

WAXAHACHIE, Texas, April 22.—The case of the State of Texas against Sam Bradshaw, charged with highway robbery, was set for trial in the district court yesterday, but was continued until the next term of court. The cases against Joe and Bud Perry, charged with assault to murder, were also continued. Frank Twigs is on trial today on a charge of perjury, the indictment alleging that he swore falsely before the grand jury.

The board of trustees of Trinity University will meet in this city tomorrow.

The city council held an adjourned meeting last night to confirm the appointments recommended by the new mayor.

The county commissioners met Monday to count the returns of the recent school trustee election.

MULEY MOHAMMED IS MOROCCO'S SULTAN

MADRID, April 22.—A dispatch from Tangier, dated April 17, said the sultan has again offered the crown to his brother, Muley Mohammed, who refused it. It was wired in a dispatch from Meilla the same day that the sultan, accompanied by his brother, had started for Taza, the headquarters of the pretender, and great excitement prevailed at Fez.

A special dispatch from Meilla, Morocco, says Muley Mohammed, the sultan's brother, has been proclaimed emperor at Fez.

HADLEY SAYS VOTE FOR NEGRO WRONG

NEW HAVEN, Conn., April 22.—That the North was in error in giving the negro the ballot when it did was the opinion expressed by President Hadley of Yale in his lecture in the Dodge course on "Citizenship."

President Hadley said of the award of the ballot to the negro:

"It was not the fault of the negro; it was the fault of those who gave him the ballot without previous preparation. The same thing was true in Italy and Russia. The North did not recognize this at the close of the war. They had recognized the dictum that all men are born free and equal. When the North recognized the condition which prevailed in the South it acquiesced in the suppression of the negro vote. The fact that the negro vote was restricted showed that it was wrong. I shall not attempt to predict the outcome, but one thing should be said:

"The error of those who said thirty years ago that the negro could be given the ballot before he was prepared for it was no greater than that of those who today think that those rights can be withheld from him after he has developed and is ready for them."

STRIKE REPORTED IN WYOMING MINES

SHERIDAN, Wyo., April 22.—Both mines of the Sheridan Coal Company at Dixie are shut down as the result of a strike. About two hundred men are out.

The miners have only recently become organized and a demand was made upon Superintendent Kennedy that the union be recognized. Mr. Kennedy declined to treat with the committee representing the union because several of its members were not in the employ of the company.

It is reported that a large amount of money is being expended in organizing the coal miners of this state.

EARNEST START BY COMMITTEE

MEETING TODAY ON HOUSTON STREET PAVING

Each Recalcitrant Owner to be Worked on—Strong Letters to Non-Resident Owners—Committee Takes Field and Bags One at First Shot

The Houston street business men who compose a steering committee to interview the property owners on the street who have not yet signed contracts for pavement, went to work in earnest this morning. A meeting was called for 10 o'clock at the Board of Trade rooms and every member of the committee appointed at the meeting Monday night was on hand. This committee is composed of the following: H. C. Gernsbacher, ex-officio chairman; E. H. Lowe, W. C. Stripling, Glen Walker, Hyde Jennings, A. J. Long, John E. Homan, Dr. F. D. Thompson, A. J. Anderson, C. D. Reimers, William Breece, J. J. Mickle, D. T. Bomar, W. E. Connell and George Mulkey.

H. K. McCullom, representative of the Parker-Washington Company, which has been awarded the contract for the paving, was present. W. A. Darter, who has been securing signatures to contracts, was also present, as was City Engineer Hawley.

A list of the property owners who had not yet agreed to paving, and which had been made up at the meeting of Monday night, was again gone over carefully and the prospect of getting each property owner to consent to signing paving contracts was carefully surveyed.

WILL PUSH FOR SIGNATURES

It was decided that a letter should be prepared and signed by representatives of the Board of Trade and the chairman of the committee, strongly urging an immediate signature to the paving contracts, so that the work of improving the street may be commenced without further delay.

As the name of each property owner on the street above Eleventh who had not signed a paving contract was read off to the committee, some member of the committee was appointed to see that particular property owner and use all the pressure possible to get an immediate signature. To the owners who are out of the city the letter mentioned will be at once sent. This work of assigning subcommittees to assist in closing up the project being completed, it was decided that the entire committee go at once to interview a number of certain property owners on Houston street who had not yet signed the contract. These visits were made this morning with the result that one signature was obtained and another is practically certain.

The subcommittees will go to work at once and another meeting of the general committee will be held to see what progress has been made and to consult further and to cause pressure to be brought on recalcitrant property owners.

UNANIMOUS ACTION WANTED

Twelve Eleventh street and Belknap there are no few property owners left that have not signed up for paving that the long-wanted and long-deferred improvement of this important thoroughfare seems now in actual sight. There are only one, two or three lots in each of the twelve blocks on the street that have not yet given signatures and it is an earnest hope for the committee that all will have gotten in the band wagon. It is surely not to be advertised to the entire city that there are but a few property owners on Houston street who will stand out against the improvement and jeopardize the early completion of the work.

The paving of Houston street will make the value of each foot of property on the street many times more valuable than the cost of the paving. It will make of Houston street a great retail center of Fort Worth. The project is so near a culmination that it is bound now to be brought to an early and successful conclusion. This the committee intends to do.

DON'T WANT BRICK GUTTERS

A majority of the signers to the contracts are scratching out the clause in the contract which the city council inserted calling for the gutters of both sides of the street to be paved with brick. The "checkerboard" pavement is far from being in favor.

City Engineer Hawley said this morning at the meeting of the committee that

AT LEAST HONEST AS TO HIS PLAN

NEW YORK, April 22.—Armed with documents to verify his claim to nobility, Marquis Arthur De Mayo Durrazzo, of Naples, Italy, has come to New York with the avowed intention of marrying an American heiress, and in evidence of his earnestness recently advertised to this effect.

The marquis thinks New York is the Mecca for heiresses.

"There is more money in New York than in all Europe," he said when asked why he came to New York instead of going to some other large city.

"You see," said the marquis, "I am young, and would like a young and beautiful bride with a large dowry. So I come here to find it. American girls are beautiful beyond all others."

Asked if \$100,000 would be a fair dowry, he said, "It would do, but it is not much return for the honor my title brings. My family is nearly 650 years old and has large estates near Naples."

Passports from Naples, signed by the mayor, say that "Arthur, Marquis, Durrazzo, is of good moral character and the son of Francesco, Marquis of Durrazzo, a wealthy man of Naples."

The city council would not stand in the way of allowing the paving of the gutters with asphalt if the property owners should elect that they do not want brick in them. Mr. McCullom likewise said his company would agree to pave the gutters with brick should it be so demanded of the property owners.

"They are, however," said Mr. McCullom, "generally scratching out the clause which demands the brick gutters."

Mr. Lowe, of Parker-Lowe, will draft the letter to be sent to out-of-town property owners who have not yet signed the contracts.

MOVE UNIVERSITY ON SINGLE TRAIN

CHICAGO, Ill., April 22.—A university in transit reached Chicago this morning over the Chicago, Rock Island and Pacific road was transferred to the Northwestern track at Sixteenth street, and thereupon proceeded to Glen Ellyn for permanent location.

Four baggage cars and two passenger coaches brought Ruskin University, its equipment, its one professor, its president and its sixty students from Trenton, Mo., to its new suburban residence.

A summer hotel at Glen Ellyn has been remodeled for university purposes.

The school to be located there will be the center of the Ruskin University system of Co-operative Associations and socialistic institutions established by Walter Vrooman.

President George McArthur Miller and Professor W. A. Rickenbrett are the only two members of the faculty who accompany the students.

RUSSIANS LEAVE NEW CHWANG PROVINCE

TOKIO, April 19, via Victoria, B. C., April 22.—The latest news from Manchuria is to the effect that the second evacuation of the Russians was to be duly effected, beginning on the 8th instant, when New Chwang was to be handed over to the Chinese.

Recently there have been grounds for uneasiness. The Russians were reported to have unnecessarily strengthened their railway guards and 20,000 Russian troops were said to have been concentrated at Fuxi Whang, on the Yalu river, commanding the northern border of Korea, which is looked upon as Japan's special war.

Another report has it that a second Banzovesteh massacre on a small scale has taken place at a place called Erhigane, in the northern Manchurian province of Hei-Lung-Chiang, when two hundred innocent Chinese peasant miners were ruthlessly shot down by Russian troops. It is impossible to verify these reports.

Recently there have been grounds for uneasiness. The Russians were reported to have unnecessarily strengthened their railway guards and 20,000 Russian troops were said to have been concentrated at Fuxi Whang, on the Yalu river, commanding the northern border of Korea, which is looked upon as Japan's special war.

TWENTY-FIVE DAYS TO MAKE MILLIONS

PHILADELPHIA, April 22.—When the great goal announcing the end of the day's work sounded in the mint yesterday afternoon it marked the ending of a task in coinage that astonished the skilled workmen as much as it pleased the officials. For twenty-five working days strenuous efforts had been made to break an already high record made by the mint, and when 4 o'clock arrived and all that had been looked for had been accomplished there was much genuine rejoicing.

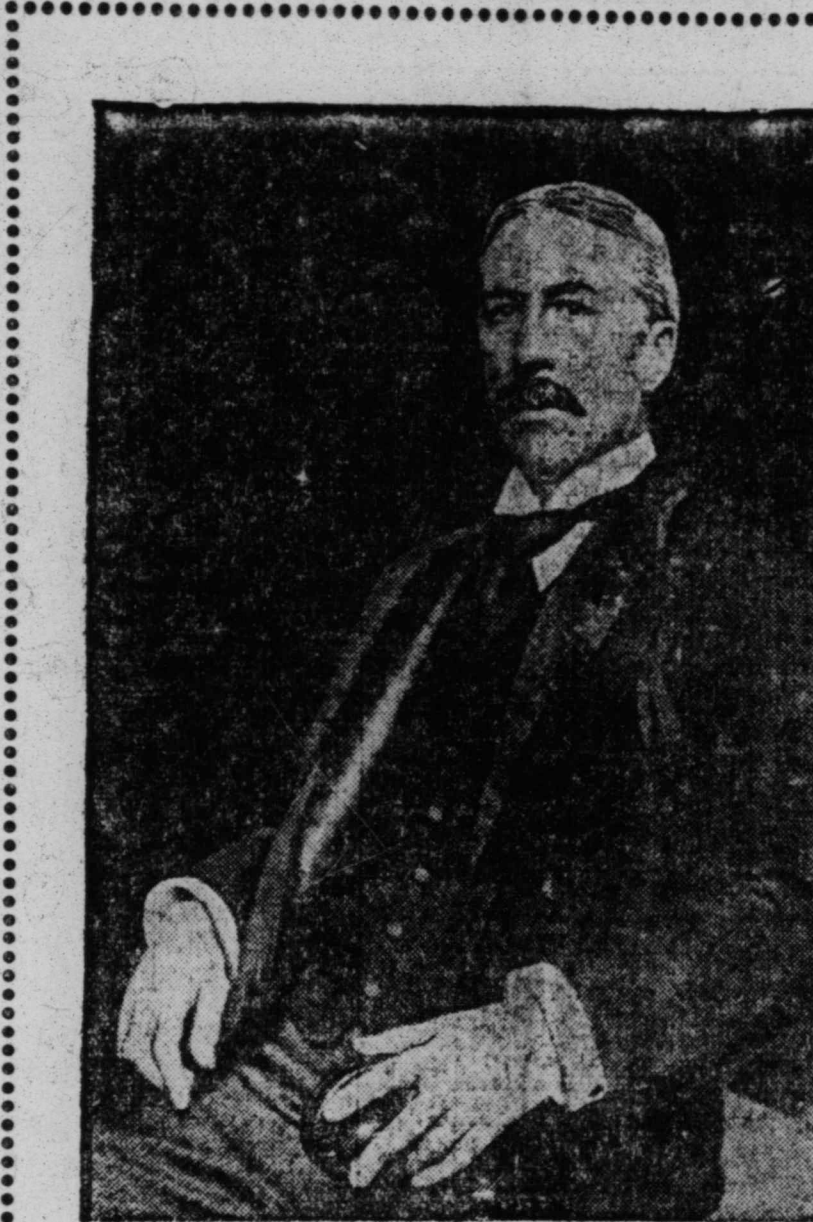

On March 2 last the act of congress providing for the coinage of money for the Philippine Islands became operative and at once orders were sent to the San Francisco mint and the Philadelphia mint to prepare for big work. Superintendent John H. Landis of the local mint had been for four years chief coinier before President Roosevelt named him as the head of the institution, and with the practical grasp he has of mint work he determined that Philadelphians should show

just what could be done when the word "hurry" was attached to an official request.

Orders were issued to the heads of departments, every available man and woman was put to work, each working moment was made to tell, and in the time mapped out the order was filled, and 2,500,000 pieces are ready for shipment.

The coinage in this case is exactly equal to the minting of the same number of American dollars. It required the handling every day of an average of 100,000 pesos, of the size of the American dollar, and the production of as perfect specimens of coin as can be made. In order that the increasing demand for minor coins should be met the mint added to the big Philippine coinage 100,000 pieces of bronze, valued at \$1,000, and 3,000,000 nickels, worth \$18,000. If the same ratio were kept up during the whole year the big money-making building on Spring Garden street could supply a major portion of all the coin used in commerce.

MILLIONAIRE INVENTOR

ANSON PHELPS STOKES (Copyright, 1903, by W. R. Hearst.)

This is Anson Phelps Stokes, millionaire and philanthropist, who has just been granted a patent for a floating fort, which he believes will revolutionize the system of coast defense.

HORSE THIEF IS SWIFT FOREMAN

GIVEN TWO YEARS IS SERIOUSLY HURT

HARRISBURG, Pa., April 22.—In the district court yesterday Bud Wingo was convicted of horse theft and given two years in the state penitentiary. In the case of the state against his brother, Will Wingo, the jury has been out since early yesterday morning.

BUSINESS CHANGE

The Kindel Drug Company and R. W. Kindel have consolidated their respective stocks of drugs and of paints, oil and wall paper, and have formed a stock company to do a wholesale drug, oil and wall paper business under the firm name of the Kindel-Clark Drug Company.

NOTES AND PERSONALS

A large number of Weatherford people went to Mineral Wells yesterday to take in the opening.

E. P. Turner, general passenger and ticket agent of the Texas and Pacific railway, was in town yesterday from Dallas.

The greater number of the school children of Weatherford, together with a large number of their elders, spent yesterday fishing and picnicking.

Miss Lucile Catten is visiting in Mineral Wells.

Miss Evelyn Morse is home from Benbrook.

Miss Lillian Hay of Dallas is visiting Miss Berta Barry.

Miss May Lassiter is visiting in Mineral Wells.

Joe McCall of Waco spent yesterday in this city, the guest of his parents.

Mrs. Alice Shugher has returned from a visit to Dallas.

HEAD HUNTERS ARE OUT ON RAMPAGE

MANILA, April 22.—The head hunters inhabiting the Sierra Madre mountains have made a raid in the province of Nueva Ecija on the island of Luzon. They beheaded four natives. A force of cavalry is pursuing the raiders.

LARGE AMOUNTS were also given at St. Bartholomew's, at St. George's, St. Thomas' and at Calvary Protestant Episcopal churches. Altogether the announcements made indicate that the Easter offerings were more generous than at any recurrence of the festival for many years.

More than \$5,000 was taken up at the collection on Easter at the morning service in the First Baptist church. The Rev. I. M. Haldebrand, made an appeal for an extra Easter offering, as an expression of thankfulness for the growth of the church since last Easter.

BIG RETAIL STORE DESTROYED BY FIRE

LA CROSSE, Wis., April 22.—Fire last night destroyed the Park store, the largest in western Wisconsin, and did much damage to the surrounding buildings, causing a loss of approximately \$500,000. The fire started in a mysterious manner in the rear of the store, and within thirty minutes after the discovery the entire block was ablaze.

PHILANTHROPIST IN NINETIETH YEAR

LONDON, April 22.—Yesterday the millionaire philanthropist, Baroness Burdett-Coutts, entered her ninetieth year, having been born April 21, 1814. She has completely recovered from her serious illness of a year ago and there is no apparent reason why she should not live for a number of years yet, as she comes from a family noted for its longevity.

Sixty-five years devoted untiringly to the distribution of a vast fortune for the benefit of the poor—that is the remarkable record of this remarkable woman.

She began her active philanthropic work when she was but 23 years old. Her inheritance of nearly \$10,000,000 was bequeathed to her by her step-grandmother, the wife of Mr. Coutts, the banker. One of the most active lieutenants of the baroness, and quite her most important adviser, was no less a personage than Charles Dickens. The great novelist was familiar with every phase of life in London's squalid east end, and together the two visited the wretched dens and planned wholesale reforms. One of the first things accomplished was to demolish a low den of thieves and murderers in Bethnal Green, and erect in its stead blocks of model dwellings—the baroness was really the pioneer of the model dwellings in London—with every accommodation in the shape of laundry, bath, etc., and a good library and reading room.

When the weavers were absolutely starving for want of work Lady Burdett-Coutts came forward as the principal supporter of an association which had been formed for the relief of the sufferers. Some of them were started in small business, younger ones were trained for useful employments, and a sewing school was also opened at which women of all ages were received.

It is now more than twenty years since the baroness took for a helmsman the present Mr. Burdett-Coutts, who was William Ashmead Bartlett, American born, and who for some time had been her private secretary. She was then 67 and he 29, but in the intervening years he has aged relatively far more than she. He has \$200,000 a year settled on him.

NEW CITY OFFICERS HAVE BEEN SWORN

HILLSBORO, Texas, April 22.—The new city officers were sworn in last night by the mayor and are as follows: Marshal, H. W. Kennedy; attorney, J. W. Marshall; sheriff, Melvin Traylor; treasurer, W. M. Williams; aldermen, G. W. Wright, A. L. Blanchard, W. P. Alderson and A. L. Smith.

HORSE SHOW TENT IS NEARLY READY

Work on the big horse show tent, which is being erected on the reservation of the Texas and Pacific, is progressing rapidly and the big canvas is nearly up. The work of placing the boxes, building the ring, etc., will be completed in plenty of time for the opening of the show. The tent covers a space 200x149 feet, and is ample large to take care of the many visitors who will throng the show next week.

A SIX-YEAR-OLD BOY MYSTERIOUSLY DROWNED

SAN ANTONIO, Texas, April 22.—Robert Treadwell, aged 6, was found hanging over a dam in the river this morning. He left home Monday and was visiting his grandmother when last heard of.

GENEROUS GIFTS OF EASTER TIME

NEW YORK, April 22.—Easter this year was distinguished by lavish generosity on the part of most of the congregations of the leading churches of the city.

Rev. Dr. Parkhurst's congregation, that of the Madison Square Presbyterian church, leads the list with donations of \$41,000 to clear the debt of the Third Avenue mission house and to aid the endowment fund of \$200,000.

Archbishop Farley's desire to raise \$500,000 to pay for the preparatory seminary that will open in the Holand Trade School building, a block above his residence in Madison avenue, was furthered by gifts of \$25,000.

Grace Protestant Episcopal church received at the evening Easter service \$21,800, which exceeded the donation of last year. Holy Trinity's total amounted to \$18,000, and at Calvary Baptist church the last \$2,000 of the \$20,000 supplementary fund for church purposes was contributed.

Large amounts were also given at St. Bartholomew's, at St. George's, St. Thomas' and at Calvary Protestant Episcopal churches. Altogether the announcements made indicate that the Easter offerings were more generous than at any recurrence of the festival for many years.

More than \$5,000 was taken up at the collection on Easter at the morning service in the First Baptist church. The Rev. I. M. Haldebrand, made an appeal for an extra Easter offering, as an expression of thankfulness for the growth of the church since last Easter.

TWO MONTHS' BRIDE TAKES MORPHINE

WAXAHACHIE, Texas, April 22.—Mrs. Millie Campbell committed suicide at Palmer, a small station in Ellis county, yesterday by taking an overdose of morphine. She had been married about two months, and it is said she was suspicious that her husband was corresponding with another woman.

REWARD COMES INTO FOURTH GENERATION

NEW YORK, April 22.—After four generations of Christophers had fought and waited sixty years or more for their growing out of the desultory naval warfare between this country and France in 1801, Mrs. Mary Christophers, a widow whose home is in Brooklyn, and her son, Thomas W. J. Christophers, are assured by their lawyers that they will soon receive from Washington at least \$17,000 as their share of the award.

Their claim is based on the capture in 1801 by the French of the ship Ganges, owned in part by Vermlilya Christophers, a prominent ship owner and merchant in this city.

When France sold Louisiana to the United States one of the stipulations was that \$2,750,000 of the purchase money was to be set aside to pay the spoliation claims. The son of Vermlilya Christophers put in a claim for a share of this fund because of the loss of the Ganges, and the fight has descended to his grandson, who, with his mother, is assured by the lawyers that they soon will receive at least \$17,000.

NEW YORK STOCK EXCHANGE FINISHED

NEW YORK, April 22.—The members of the New York Stock Exchange abandoned business today to devote themselves to the ceremonies incident to the dedication of their handsome new building, which fronts on Broad street and extends through to New street. It has been two years since the work commenced on the new building.

HIS ILLNESS CAUSES SUICIDE

HERMAN KLAMT TAKES CARBOLIC ACID EARLY THIS MORNING

Comes Here a Few Days Ago to Take Treatment for Heart Trouble and Failure to Get Relief Causes Despondency, Resulting in the Taking of His Own Life

Despondent over incurable heart trouble, Herman Klamt, aged 48, committed suicide early this morning by drinking carbolic acid in his room at the home of Mrs. M. E. Scoggins, 203 South Houston street.

Early this morning members of the household heard Klamt groaning and coughing. On going to his room they found him in the last agonies of carbolic acid poisoning. He died soon after his condition was discovered.

OF GOOD FAMILY

Klamt was born in Berlin, Germany, and was of good family. He was of medium height, well proportioned, wore an iron-gray mustache and was of distinguished appearance. His brother, August Klamt, is a wealthy resident of San Antonio.

CAME HERE FREQUENTLY

Klamt was a railroad man and stayed at the home of Mrs. Scoggins frequently during the past four or five years. He came here a few days ago from Lufkin, Texas, where he had been employed, and began taking treatment for hemorrhage of the heart, from which he was a sufferer.

During the last day or two it was noticed that he was deeply despondent, it is supposed, at failure to get relief from his disease.

Some time during the night or very early this morning he took the fatal dose. He died about 6 o'clock this morning.

BROTHER NOTIFIED

Justice Rowland conducted the inquest, a verdict in accordance with the foregoing statements being returned. The brother of the dead man, who lives in San Antonio, was notified and it is expected that he will notify the authorities as to the disposition of the body some time this afternoon.

Justice Rowland received a telegram from the brother of the late Herman Klamt this afternoon, asking him to have the remains held. The brother will arrive tonight.

TO SELL LIQUOR ON PRESCRIPTION ONLY

HILLSBORO, Texas, April 22.—Marks & Norwich took out a retail liquor dealers' license today. They will do a prescription liquor business and announce a determination to observe the law faithfully. There were several prescriptions on their desk when the bond was filed this morning and the license procured. They were formerly in the saloon business, but say they will not sell except on a physician's prescription according to law. As there is no other place here where liquor can be procured they say they think they can make some money on a legal prescription business. The drug stores of the city refuse to handle liquor under the recent liquor law in the county and that is at Hubbard.

LEAVES PROVISION FOR PETS IN WILL

TIFFIN, Ohio, April 21.—In pursuance of the provisions of the will of Mrs. Reuben M. Hoyt, the wealthy and eccentric woman who died last winter, her pet dogs and cats have been shipped by express to New York where they will be taken care of by the Society for the Prevention of Cruelty to Animals.

After the death of Mrs. Hoyt, \$50,000 was left to her pet dogs and cats, which she had been so fond of. There are several very valuable animals in the collection.

Mrs. Hoyt was the wife of Reuben Hoyt of New York.

TEXT BOOK BILL GOES

HOUSE PASSES THE MEASURE THIS MORNING

COMMEMORATE THE BILL

RESOLUTION FAVORABLE TO EFFORTS OF WORLD'S FAIR COMMISSION IS PASSED

SENATE ON LAND BILL

Shelves Appropriation Bill, While It Takes Up Other Matter—Adopts Minority Report—House Expected to Finish the Appropriation Bill This Afternoon

AUSTIN, Texas, April 22.—The uniform text-book bill passed finally in the house today and was sent over to the senate.

The senate will refuse to concur in the house amendments and a free conference committee will be appointed.

The house this morning adopted a resolution commending the efforts of the Texas World's Fair commission in raising subscriptions for a creditable exhibit at the fair. A resolution was adopted in the house looking to the establishment of closer trade relation between this country and Pan-American countries.

The general appropriation bill was then taken up by the house as a committee of the whole and it is now considering miscellaneous items. An effort is being made to finish the bill today.

The senate did not meet until 11:30 this morning and side-tracked the general appropriation bill and took up the land bill. The adoption of the majority report on the appropriation bill was reconsidered and the minority report was adopted, which provides that all applications for the purchase of lands must be made by sealed bids.

LEGISLATURE GETS MILL'S PICTURE

AUSTIN, Texas, April 22.—At the session of the house Monday night a handsome portrait of ex-Senator Mills was received.

The resolutions tendering the house the portrait of Hon. Roger Q. Mills was the report of the committee appointed to make arrangements to receive the portrait. Speaker Neff introduced Hon. Rufus Hardy of Corsicana, who made the speech of presentation. Judge Hardy reviewed the life of Senator Mills, emphasizing his services in the legislative, congressional halls and throughout the civil war. He eulogized him as a soldier, patriot, orator and statesman. Naming the heroes of the south, he said that Colonel Mills was worthy to rank with them, and in the halls of congress none served their country more devotedly and honestly.

Hon. A. W. Terrell was introduced to receive the portrait. He had known Senator Mills upwards of fifty years, he said, and his friendship for him was as devoted as his admiration was intense.

"Grand as were his achievements on the field of battle," he declared, "he won even greater distinction in the congress of the United States."

MINERS' LEADERS ARE CONFERRING

WILKESBARRE, Pa., April 22.—President Mitchell, district president and the board members of the United Mine Workers met in executive session today to complete arrangements for the adjustment of the mine workers' grievances.

COAL COMMISSION STARTS NEW YORK, April 22.—The interstate commerce commission began in this city yesterday to consider the complaint of William R. Hearst that certain coal-owning roads are violating the interstate commerce law. The defendant roads are the Philadelphia and Reading, the Lehigh Valley, the

CAN YOU TAKE CARE OF A BABY?

I have in my care a number of infants waiting for homes. My own home being full, the friends of these infants authorize me to say they will pay the board of these children until a home can be secured for them. Who can help me, and be remunerated also, if need be, by taking one of them to board? This is the best method I have now. Call me at Phone 908 and tell me how you can help. I. Z. T. MORRIS

DARKTOWN AT A MURDER TRIAL

WALTER RICHARDSON DEFENDANT IN THE CASE

Negro Killed Another Negro Named Albert Warren—Claims Self-Defense—J. P. Odom Asks for a Divorce, Saying His Wife Eloped With Another

Darktown was on show in the Seventeenth district court this morning when the trial of Walter Richardson, a negro charged with the murder of Albert Warren, also colored, about three weeks ago on the north side, was begun.

Richardson's plea is that he killed Warren in self-defense. County Attorney Lattimore expects to finish the trial late this afternoon.

ONE DIVORCE SUIT J. P. Odom this morning instituted suit for divorce from his wife, Mary E. Odom, who he claims ran away with another man.

FORTY-EIGHTH DISTRICT COURT The setting of the jury civil docket in the forty-eighth district court for the week beginning Monday, April 27, is as follows:

Monday—A. C. Walker vs. Texas and Pacific Railway Company et al.; J. P. Smith et al. vs. M. C. Bowles et al.; W. W. Masterson vs. W. L. Prince et al.; M. O. Lynn vs. Missouri, Kansas and Texas Railway Company et al.; Laura Graham et al. vs. S. D. Graham et al.

Tuesday—C. C. Estell et al. vs. North Texas Construction Company; D. T. Finley vs. Grigsby Construction Company; Grace Royce vs. Northern Texas Tractor Company; D. M. Trammell vs. Fort Worth Stock Yards Company; Mrs. Bell Card vs. Houston and Texas Central Railway Company.

Wednesday—John H. Bullock vs. C. D. Belmers et al.; A. Hawkins vs. Missouri, Kansas and Texas Railway Company; L. Rannels vs. Texas and Pacific Railway Company; E. S. Jacobs vs. Texas Brewing Company.

ADDITIONAL CITY BRIEFS

J. W. Hutchinson of San Antonio, traveling passenger agent of the Frisco, is in the city today on business.

A meeting of rate clerks of the passenger departments of the various roads in Texas, will be held at Dallas tomorrow for the purpose of compiling the summer tourist rates. Those who will attend from Fort Worth are: Frank Jensen, of the Rock Island; H. Shields, of the Denver, and J. W. Nourse, of the Frisco.

E. M. Gleason of Dallas, commercial agent of the Rock Island, is in Fort Worth today.

The Texas and Pacific railroad is now running trains to Colorado, the turntable at that place having been completed.

There will be a called meeting of the Parents and Teachers' Club of the Seventh ward tomorrow afternoon at 3 o'clock, by order of C. O. Clark.

William Douglas, pastor of the morning chapel, C. M. E. church, announces a missionary rally and preachers' council at that church, beginning tomorrow morning. Bishop C. H. Phillips will preside, and the opening sermon will be preached by Rev. C. A. Leftwich. The purpose of the meeting is to raise funds for the El Paso mission and assistance is solicited.

Mr. and Mrs. W. H. Firth are in New York where they were summoned by the death of Mrs. Firth's mother.

POLICEMEN NOT TRIED

The cases against Officers W. C. Holley and John Tames, who were indicted on the charge of failing to report a violation of the law with regard to Sunday selling, were not called in the county court this morning. The attorneys who will represent the officers were engaged in the trial of a case in another courtroom. As a result the trial will not take place until the first Monday in May. Meanwhile it is probable the men will remain suspended from duty. They were anxious to go to trial, as they did not wish to lose any time off duty. They are confident of acquittal.

JOHN ROBERTS ACQUITTED

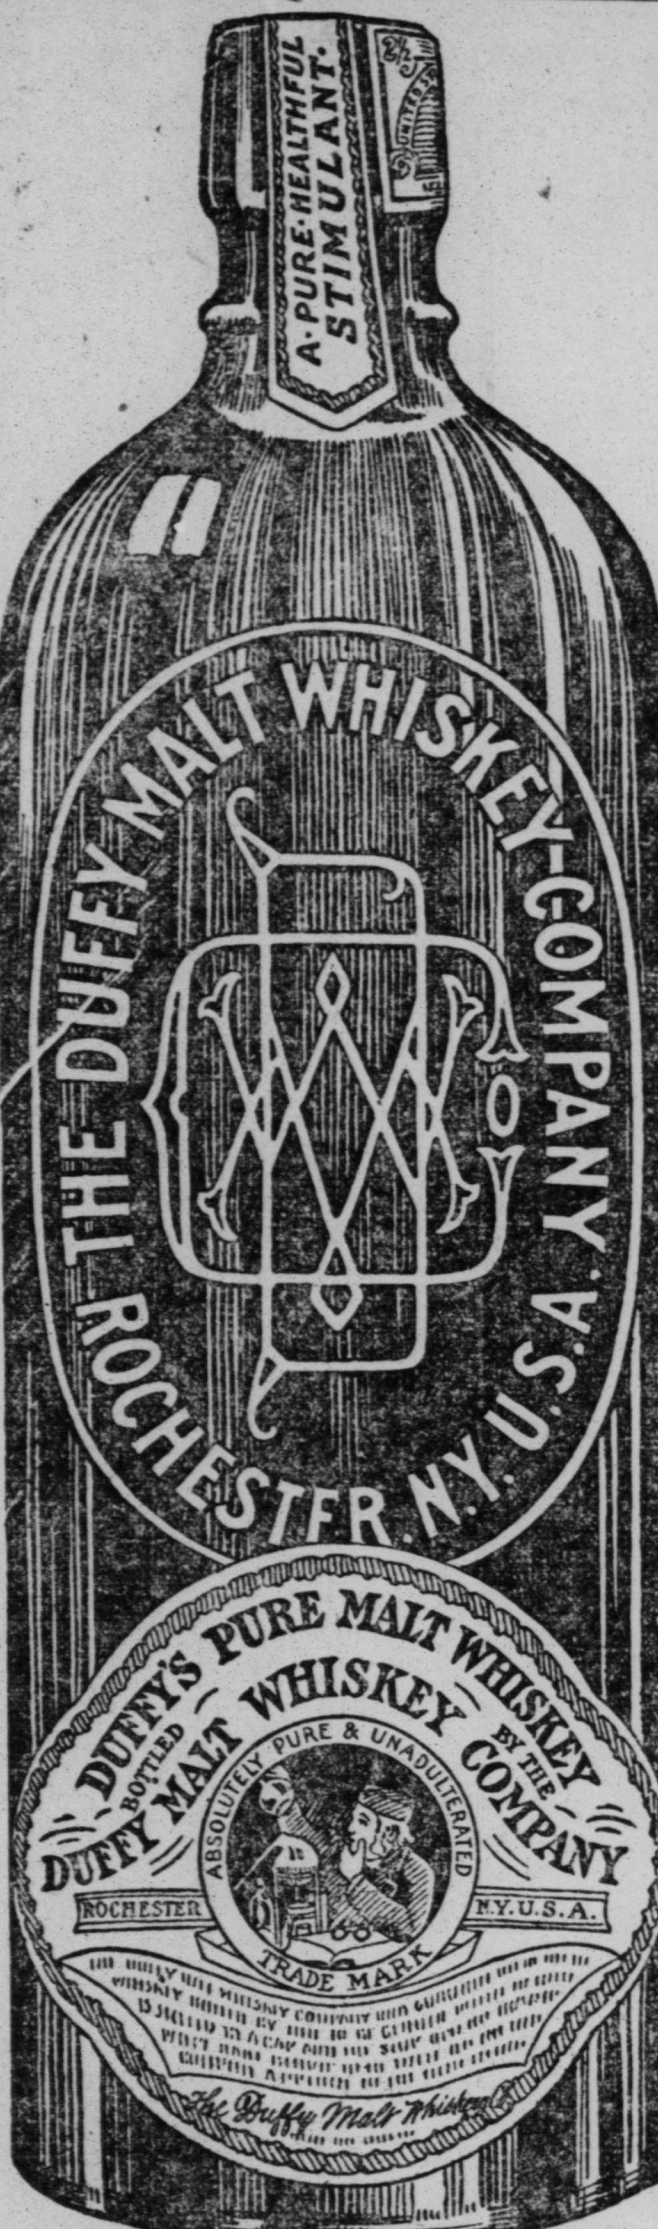

In the county court this morning John Roberts was tried on the charge of embezzlement before a jury. He was acquitted. There are three other similar charges against the young man, which will not be called until the first Monday in May.

PICTURES IN THE FLAMES.

A SWEET BREATH

A never-failing sign of a healthy stomach is when the breath is had the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies, but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat what I like. Kodol digests what I eat."

Four Million Cures in Forty Years

This unparalleled record has been made by the only true medicine for all mankind

Duffy's Pure Malt Whiskey

Thousands upon thousands of letters have been received from grateful men and women who have been cured of Dyspepsia, Nervousness, Consumption, Grip, Colds and all diseases of the Throat and Lungs, and from old people whose lives have been prolonged to and beyond the century mark by the use of Duffy's Pure Malt Whiskey as their only medicine. It is prescribed by over 7,000 doctors and used in 2,000 hospitals.

U. S. Has 3,536 Centenarians

Almost Every One of Them Owes His or Her Ripe Old Age to DUFFY'S PURE MALT WHISKEY, the Elixir of Life

The census now being completed shows that in the United States, with a population of 75,000,000, there are 1,200 men and 2,400 women of age 100 or more. The leading nations of Europe have but half as many with nearly twice the population.

LENGTH OF LIFE INCREASING

Quite a large number of these old people were recently interviewed and asked as to what they especially attributed their great age. In nearly every case the answer was hard work, freedom from worry, careful living, fresh air and Duffy's Pure Malt Whiskey, taken regularly according to directions. Duffy's is an absolutely pure, health-giving, life-preserving, tonic-stimulant, prescribed by all leading physicians and used in prominent hospitals everywhere.

How to Live to be 100

104 YEARS OLD. Strong, healthy and full of vigor. Thanks to Duffy's Pure Malt Whiskey. As well as 40 Years Ago.

Gentlemen: The benefit I derive from Duffy's Pure Malt Whiskey is marvelous. I owe my great age, vigorous constitution and remarkable freedom from disease to its daily use for many years. Though 104 years of age I feel as young and hearty as forty years ago. My appetite is good and I still do all the work I can do. I never take cold or contract a cough. I use Duffy's Pure Malt Whiskey, which I know has helped me wonderfully. If ever I take cold or contract a cough, I use Duffy's Pure Malt Whiskey, and my cough is quickly cured. I have a good appetite and sleep better than I have for several years. I am possessed of all my faculties and use no other medicine but Duffy's Pure Malt Whiskey. I shall continue to use it as long as I live. It is, I think, the greatest blessing in the world for the old as well as the young.

RALPH BULLOCK, Brooklyn, N. Y. 102 YEARS OF AGE. Mrs. Elizabeth Hunt, Hale and Hearty.

Mrs. Hunt, who lives at 407 Adelphi street, Brooklyn, says: "My youthfulness and vigor are due to the use of Duffy's Pure Malt Whiskey, my only medicine." Mrs. Hunt said: "I believe my long life and vigorous constitution are due to the use of Duffy's Pure Malt Whiskey, which I know has helped me wonderfully. If ever I take cold or contract a cough, I use Duffy's Pure Malt Whiskey, and my cough is quickly cured. I have a good appetite and sleep better than I have for several years. I am possessed of all my faculties and use no other medicine but Duffy's Pure Malt Whiskey. I shall continue to use it as long as I live. It is, I think, the greatest blessing in the world for the old as well as the young."

MARRIED AT 104. Mr. Townsend Miller, of Jamaica, L. I. who has just celebrated his 104th birthday and is now in the city, says he is as vigorous and strong as when twenty-five years of age, thanks to Duffy's Pure Malt Whiskey.

On May 23, 1902, Mr. Miller wrote: "Though I am now past 104 years of age, I am today as strong and healthy as I was fifty years ago and still able to do a good day's work. I attribute my health, vigor and great age to the constant use of Duffy's Pure Malt Whiskey daily for many years. It has kept me free from disease and prolonged my life 25 years. Duffy's is the greatest medicine in the world, a god-send to old people, and I will never be without it."

WM. R. LAUCKS, 96 Years Old on August 7, 1902. An Example of Vigorous Old Age.

Gentlemen: I have been using your Duffy's Pure Malt Whiskey for a considerable length of time, and I find it an excellent invigorator and tonic. I am 96 years old— hale and hearty. A friend, when he called on me, was surprised to find that I was in the back yard chopping wood. I am taking it right along in tablespoonful doses, night and morning. It agrees with me perfectly, my stomach tolerates it, I have no nausea, heartburn or any bad after effect, and I rest well. My birthday was last Thursday and I received congratulations from all my friends. I hope all your old people are doing as well as I am. Sincerely yours, WILLIAM R. LAUCKS, Friedensburg, Pa., Aug. 14, 1902.

MRS. ANNIE RENTZ, 84 Years Old, Feels as Well Today as 20 Years Ago.

Gentlemen: I am 84 years old and have been using your Duffy's Pure Malt Whiskey for a number of years. I must give your excellent Whiskey the credit. My appetite is grand, and I rest so well. I do not wear glasses, my eyesight is very clear. I am now busy making a number of quilts. If I do say it, there are very few people who can handle the needle and turn out as fine work as I can. Sincerely yours, MRS. ANNIE RENTZ, 953 N. 11th St., Reading, Pa., Sept. 11, 1902.

SHOOTS NEGRO SAYS NOTHING

L. G. LEM KILLS COLORED MAN NAMED GILBERT GILL TODAY

Refuses to Make Any Statement Regarding the Affair, Save That it Was Done in Self-Defense—Negro Dies Instantly and Lem is in the County Jail

Gilbert Gill, colored, was shot and instantly killed this morning about 10 o'clock, by L. G. Lem, of 439 Jones street. The shooting occurred at the corner of Arizona and Elizabeth streets, and Mr. Lem claims it was done in self-defense. Mr. Lem surrendered to the officers and was taken to the county jail, where it was ascertained that he was justified in the shooting.

FIVE BULLETS

Gill's death was instant. Five bullets from a 44-caliber revolver entered his body, the first at the chin, and the other four in the body between the shoulders and waist. He fell on the first shot and, according to Dr. J. A. Kelley, who examined the body a few minutes after the shooting, he died instantly.

DETAILS OF SHOOTING

The details leading up to the affair as learned from W. Mitchell and W. Nix, are as follows: These gentlemen stated that they called at the "Twin Brothers" saloon at the corner of Arizona and Elizabeth streets this forenoon, to see the proprietors regarding some work which they were to do for them. While talking, Mr. Mitchell says he addressed Nix as "Pap." Mr. Nix, though somewhat advanced in years, jokingly remarked that he did not like to be termed pap or uncle, whereupon Mr. Mitchell said he replied that he respected old age, and that he always addressed a man as pap or uncle when his hair began to turn gray, even though the person was a nigger.

As the last words were being spoken, Mr. Mitchell says, Gill entered and upon hearing the word "nigger," stepped up to him and remarked: "You never saw a 'nigger' in your life."

Mr. Mitchell says he answered Gill by saying that he had seen lots of Africans who look like niggers, whereupon Mr. Mitchell says Gill proceeded to abuse him, by calling him vile names.

LEM ENTERS

The trouble between Mitchell and Gill ended here, and about that time Mr. Lem entered. Mr. Mitchell says Lem spoke to Gill and was answered in an abusive manner, which was resented by Lem with a blow. Gill then endeavored to follow up the affair, but Lem left the room. Mr. Mitchell says that Gill at that time threatened the life of Lem and asked the barkeeper to let him have a pistol which he had there, unattended. He was informed that he could not have the gun until he paid \$15, which he owed. He left, and after a short time returned with the

money. He was given his pistol, and again started to leave the building. Friends of Lem who feared that Gill would put into execution the threats he is alleged to have made, stopped him and took the weapon away from him, at the same time removing the cartridges.

In the meantime, Mr. Mitchell says that Lem, who feared that Gill would undertake to carry out his threats against his life, armed himself. Gill, it is stated by both Mr. Mitchell and Mr. Nix, after leaving the saloon the second time was a little later seen approaching the corner again. He was coming from the direction of the Houston and Texas Central tracks and had his right hand in his trousers' pocket. Mr. Lem was also standing near the corner, and as Gill approached with his hand still in his pocket, those who witnessed the affair say extended his left hand towards Mr. Lem, at the same time remarking that he wished to "make friends."

Mr. Mitchell and Mr. Nix stated that at this juncture Lem fired the first shot, striking Gill in the chin, and that the other four shots were fired in rapid succession, with the result above stated. Friends of Mr. Lem, and eye-witnesses to the shooting, state that Mr. Lem believed that Gill had secured another revolver and that he had it in his pocket in which he had his right hand. Whether he did or not is not known. When he was searched he was found to be unarmed.

SURRENDERS TO OFFICER

Mr. Lem, after the shooting, awaited the arrival of the officer to whom he surrendered. Officer Gadlin turned him over to Headquarters Officer Coley, who accompanied him to the station.

The body of the dead man, which fell partly on the railroad track, was removed to the side, a short distance, where it remained until the arrival of Justice Terrell, who conducted the inquest, the verdict being that the deceased came to his death by a wound from a pistol in the hands of L. G. Lem. The body was afterwards removed to the residence of the deceased, at 319 Elizabeth street.

L. G. Lem is a switchman in the employ of the Houston and Texas Central railroad, but has been laying off for the past few days. He resides at 439 Jones street. He is recovering from a brief illness and has not been working of late. Only recently he buried his mother, and at present has a little child very ill.

Gilbert Gill, the dead negro, was formerly employed in the Houston and Texas Central yards. He leaves a family.

CONTEST CLOSES AT NOON SATURDAY

Saturday at noon the guessing contest for the Telegram's money jar will close and immediately afterward the counting of the money will begin in the window of Washer Brothers, where the jar is on exhibition. But two more days remain in which to make your guesses, a coupon being given with each 25-cent purchase made at Washer Brothers' or the coupon can be secured at The Telegram office on the regular subscription basis previously announced.

EXCURSIONISTS THROUGH THE CITY

CARNIVAL SHOWS LIBERALLY PATRONIZED

Managers Report the Receipts One-Third Larger Than for Same Nights at the Dallas Celebration—Special Trains on Two Roads Today

Without exception, every show of the entire Gaskill-Mundy aggregation at the Home Week Celebration was patronized last night by large crowds. The show people report the receipts here to be one-third larger than for the corresponding nights at the Dallas carnival.

Probably not less than two thousand persons visited "The Girl From Up There," which attraction is situated at Main and Sixth streets, just opposite the Venetian gondolas. Fred Holmes, a native of Sulphur Springs, Hopkins county, Texas, but known from coast to coast as the Beau Brummel of amusement purveyors and the Chauncey M. Depew of technical phraseology which would have placed Daniel Webster among the "also rans," is the manager of this show.

The performances in this show open with an exhibition of picture dancing by Miss Goldie Spencer. Miss Spencer will be remembered by readers of daily newspapers as the young San Francisco society lady, who, upon the occasion of her forsaking the high society circles of the California metropolis two years ago in favor of life behind the footlights, was written of and discussed in the leading newspapers of the United States to the extent of many full-page illustrated articles.

After Miss Spencer's introductory feature act, the various special attractions of "The Girl From Up There" are given prior to the stupendous finale by Miss Etta Louise Blake, who is the mysterious girl.

Among the shows that are proving most popular with the carnival patrons may be specially mentioned the trained animal performance and the Stadium. The high diving of Miss Spray and Mr. Splash

DUE NOTICE IS SERVED

Due notice is hereby served on the public generally that De Witt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. De Witt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine De Witt's Witch Hazel Salve are never disappointed, because it cures.

SHE COMMITTED SUICIDE

MRS. LOUISE AMES VAN WEIK

Mrs. Louise Ames Van Weik, the beautiful young woman, committed suicide by shooting herself through the heart, as she sat before a mirror in a City hotel. Mrs. Van Weik had recently returned from Sioux Falls, S. D., where she obtained a divorce from her husband, Baron Woldbauer. She apparently went to the hotel with the intention of killing herself. Her family has been prominent socially for generations.

The Santa Fe and Missouri, Kansas and Texas railroads brought in large

crowds of excursionists this morning. Corita, the living doll, is another favorite attraction. The illumination of Main street before they board the cars for home.

INTEREST IN SHOW INCREASING DAILY

Society is all agog over the coming Horse Show and the display of handsome gowns and handsome women during the Fort Worth Horse Show season next week is expected to eclipse the showing made in Dallas last week, or the showing to be made in any town or city in Texas, for that matter. While society will be pleased to see the horse show in full force, it should not be understood that it is strictly a society event. Society will occupy boxes and many reserved seats, but there will be room for all, and a special gown is not one of the necessities.

For the benefit of those who have never witnessed a horse show, we would as to the nature of such an institution may be timely. The horse show is simply a pleasing exhibition of all the finer qualities of the horse, supplemented by the skill of their masters in driving or riding. The clergyman has never found anything objectionable in a horse show, and it is enjoyed alike by rich and poor. Every man and woman in Fort Worth should arrange to attend the entertainment, which has been secured for this city by a few enterprising business men at a cost to themselves which cannot be computed in dollars and cents.

Several hundred Dallas people will attend the Fort Worth Horse Show. Some of the most prominent society folk are expected to occupy boxes during the Fort Worth show, and many more who are not society folks, will take a vacation and the opportunity of visiting the metropolis during the week. An effort is being made to have a certain day set aside on which the Dallasites may attend in force.

A visit among the leading lady patronesses by a Telegram representative this morning showed that Fort Worth women have developed a most remarkable enthusiasm in the Horse Show and its attendant features. Mrs. W. V. Galbreath, chairman of the lady patronesses, spoke most enthusiastically of the work of her associates and was very optimistic as to the success of the Fort Worth Horse Show. Mrs. Galbreath stated that the enthusiasm among the lady patronesses was at fever heat, and in addition the good work had been taken up by women all over the city who were "talking Horse Show," as if their lives depended on it.

That the entertainment here will exceed that given in Dallas has become more evident every day to those who are in close touch with horse show affairs, and there is little wonder that the interest is so great.

The big Horse Show tent is in position and the arena is receiving the attention of skilled labor. Nothing shoddy is to be allowed in the preparations. Fort Worth people will be given elevated boxes where handsome gowns will not be endangered, and which will give the best possible view of the entire performance. The boxes will be decorated beautifully with the colors, cherry and white.

The juvenile class for decorated rigs is the subject of animated discussion among

the little folks who are brushing up for the fray, and parents are not dampening the ardor of their youngsters. The prices in this class will be worth working for.

Handsome buttons for use by the lady patronesses are expected in today or tomorrow, and the ladies are preparing for many guests from out of town during next week.

GOVERNMENT WEATHER REPORT BY STATES

FLORIDA—A large acreage is planted to cotton and chopping is active. The week has been favorable for work.

OKLAHOMA—The weather was unfavorable. Cotton plowing making slow progress, some cotton up.

SOUTH CAROLINA—Rains delayed the planting, but fair progress has been made with cotton planting. Low temperature checked germination and growth and caused the cotton to look sickly and yellowish.

GEORGIA—Low temperature and brisk wind most of the week have been injurious to cotton. Cotton planting well under way in the middle section, nearing completion in a few southern counties, backward in the northern section, some early planting being cultivated in the south. Higher temperature and more sunshine needed.

TENNESSEE—Cold, rainy and unfavorable weather, farm work being suspended to cotton. Cotton planting well under way in the middle section, nearing completion in a few southern counties, backward in the northern section, some early planting being cultivated in the south. Higher temperature and more sunshine needed.

ALABAMA—Cool week. Cotton planting well advanced in the south, backward to the north. Much cotton up, but warm weather is needed to improve stands.

ARKANSAS—Cool wet weather has delayed farming operations. Cotton planting is progressing rather slowly, early planted cotton is coming up.

NORTH CAROLINA—Cold wet weather has been unfavorable to farm work, but a little cotton is planted.

TEXAS—Cotton planting progressed rapidly in the northern portion. Elsewhere slowly and rain is needed for germination.

GOOD FOR CHILDREN

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues.

BRYAN AT KANSAS CITY

If the press dispatches give the entire substance of William Jennings Bryan's Kansas City speech early yesterday morning, some measure of Mr. Bryan's political influence may be estimated. The speech displayed strongly one of Mr. Bryan's most striking characteristics, namely, profound knowledge of many subjects—on one side only. None can question the sincerity of Mr. Bryan's repeated pleas for a pure Democracy, but almost any one can see weakness in his continued attack of Democratic principles other than his own. If it had been for the first time, the arraignment of ex-President Cleveland might have been regarded as timely and as a note of warning against the tendency towards leaning to Mr. Cleveland's ideas of Democracy; but the repeated attacks of Mr. Bryan against the former leader of the party are themselves a direct violation of the fundamental idea of Democracy; that each man is entitled to the beliefs of his own mind as much as to any of his other possessions.

Sane and patriotic Democrats have their opinions of the Cleveland idea safely tucked away in their own minds and while they may regard the former chief executive with high personal respect, they are not apt to make the mistake of falling to note that even a suspected leaning of the Democratic party toward Republicanism would be fatal to its interests.

On the other hand, a continual forcing of Mr. Bryan's denunciations down good Democratic craws is tending toward at least a failure of appetite for such doses. Mr. Bryan's appeal for men in the party with moral courage, is well taken. Moral courage is vital to the welfare of any party and by its lack, the Republican party has today lost more than by any other of the failures it has made.

His remarks regarding money show that Mr. Bryan has acquired a view that is high-minded and safe, and his apt epigram that "A man can have money and be a Democrat, but if money has him, he has to be a Republican," is succinct and admirable in its summing up of the radical difference between the fundamental principles of the two parties from as far back as the time of Jefferson.

Yet as a whole Mr. Bryan's speech possessed vagueness and generalities not essential. It was not the kind of a speech that took the Chicago convention by storm, and cannot be regarded as one of the great efforts of the master-organizer of the Democratic party.

POOR VENUS

Standing in mute appeal through the ages, without even arms to defend herself and with scarcely enough drapery to shield her from the rude remarks of passersby, the statue of the Venus of Milo, has often been compelled to suffer much.

Critics have alleged fault in anatomical composition, lack of force in pose, or, at the most daring venture, occasional flaws in artistic merit, yet all these allegations have been merely those of critics and have been so regarded.

On the other hand there are some who have said that she was even beautiful, a slight reward for the criticisms. There be some who have admired the simple dignity and exquisite grace of her pose, the softly rounded muscles and the chastity of outline, all of which make up for other defects. Such folk may have been doddered or at the best simple artists whose ideas of utility and beauty were warped.

It has remained for a modern, twentieth-century, up-to-date, American club woman, to say the unkindest thing yet recorded. A Chicago wo-

man has alleged that Venus is lopsided, that her waist line is too large and that if she stood up straighter, it would be smaller and more in accordance with the correct ideas of beauty. Pity 'tis that the artist who, slowly, day by day, chipped away at the snowy marble, gradually perfecting his ideal of womanly form, did not have the advantages of modern training. Pity 'tis, he could not have ridden on the street cars and caught at least some wavering conception of the rust-proof idea. Pity 'tis that straight fronts were things as yet unthought of. Poor fellow, he lacked much.

Out of Chicago has come much that is new and wonderful, but this last surpasses all. Will some dweller of the city by the lake next tell us that Apollo Belvidere would look better had he taken Swoboda before posing, or that Michael Angelo's "David" lacks the finish and poise that comes only to a member of the Y. M. C. A.? The turtur alone, will disclose.

Texas journalism has its shadows, but a lone star newspaper seldom has to chronicle anything like the following from the Sunday Oklahoman of Oklahoma City: "For the fourth time the telegraph wires were cut last night near Bliss in the Ponca reservation. The wires were all cut about 10:30, including the Associated Press wire which stopped the Oklahoman's news service until connection could be established from Kansas City by way of St. Louis and Dallas." It is supposed the wires were cut for spite work against a railroad beside which they ran. Oklahoma newspapers have troubles all their own, which though peculiar, are none the less deserving of sympathy.

Not among the least of the gifts of past sixty-seven years to Texas, have been her newspapers. A glance at the average Texas newspaper today shows that it has attained a high standard, and for universality of clean journalism, the Texas press of today is unrivaled in the entire country. A glance at the various Sunday issues of the Texas newspapers, from the Houston Post with its forty-four pages, down to the most modest of the four page sheets, shows that their spirit is one of progress and that they are determined the future will show still greater evidence of that fact.

Fort Worth people will have to wake up or the example of their neighbors at Denton will so far outshine them, they will be lost in the procession. First the Denton Commercial Club and the Denton County Truck Growers' Association got together for the purpose of booming their county, and now the officials of Denton have sprung a new move by making fifty arrests for the violation of the sanitary ordinance and declaring their intention of pushing the enforcement of the law to the limit. It is plain that Denton has people who do things.

At the close of a sermon by Rev. George Stuart in Waco, Saturday night, more than three fourths of the men in the audience, including the city council and city attorney, rose to their feet and expressed themselves as being emphatically in favor of enforcing the laws against gambling and selling liquor on Sunday. It is needless to say that Rev. Stuart did not preach on "Esoteric Buddhism," or "Ethical Monotheism," but gave a straight from the shoulder talk that brought results.

Colonel Watterson has called ex-President Cleveland a "broomstick." William Jennings Bryan has called him a "betrayer of his party." Colonel Watterson has called Mr. Bryan, "a person so puffed up in his own conceit he could not see himself if he stood before a glass." It now remains for Mr. Bryan to call Colonel Watterson something and for Mr. Cleveland to stay at Buzzard's bay and do what he has been doing all along—keep on fishing.

Scientists have discovered that there is a sixteenth of a second of time missing between that of Greenwich and the standard at Paris. Probably Father Time gave it up when he made his first trip across the English channel.

Professor Pickering's idea of a \$10,000,000 trust for astronomical observations is likely to go through. The celestial system is one which anti-merger decisions are not likely to easily affect.

The wife of Pugilist Fitzsimmons was buried Sunday. Now that she is dead, Pugilist Fitzsimmons is again champion.

Big Slaughter One dozen \$5 photographs for \$2. Short time only. Guaranteed first-class. JOHN SWARTZ, 705 Main street.

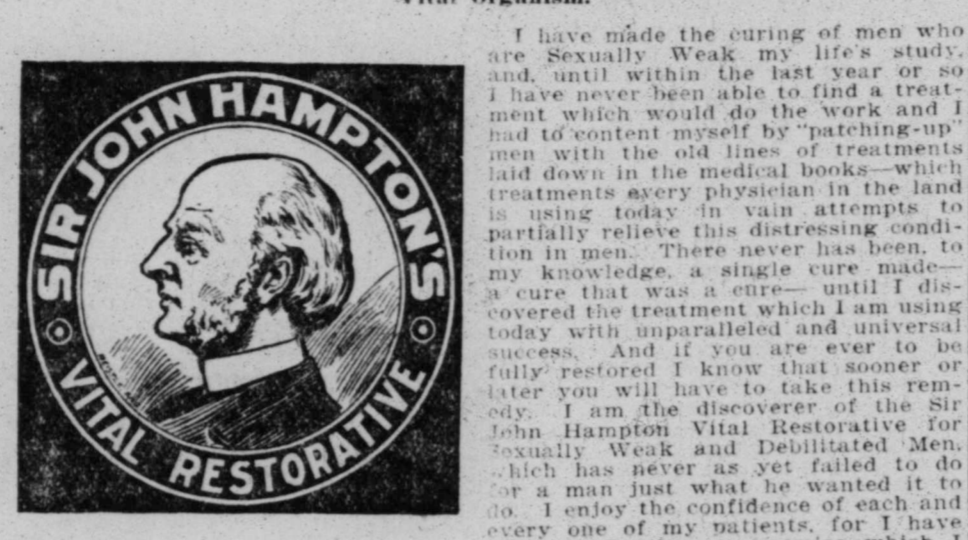

WEAK MEN!

HERE IS A BONA FIDE OFFER TO YOU—READ OF THE SIR JOHN HAMPTON VITAL RESTORATIVE and My Offer Which Enables You to Test This Wonderful New Remedy Practically Without Cost. NOT A SINGLE RECORD OF FAILURE

Men Have Been Duped So Many Times by "Quacks" That I Have Decided To Allow Every Man Who Earnestly Desires a Cure To Test My Restorative First and Pay For It Later If It Is Found To Be Satisfactory.

THIS IS NOT A C. O. D. SCHEME

As You Will Find Most Seemingly Liberal Offers Are—I Mean Just What I Say and Make You a Straight Business Proposition—An Affidavit Given to Every Man That the Sir John Hampton Restorative Will Cure These Diseases of the Vital Organism.

I have made the curing of men who are Sexually Weak my life's study, and until within the last year or so I have never been able to find a treatment which would do the work and I have content myself by "patching-up" men with the old lines of treatments laid down in the medical books—which is using today in vain attempts to partially relieve this distressing condition in men. There never has been, to my knowledge, a single cure made—a cure that was a cure—until I discovered the treatment which I am using today with unparalleled and universal success. And if you are ever to be cured, your treatment will do just what my Restorative will do—just what I say. I am the discoverer of the Sir John Hampton Vital Restorative for Sexually Weak and Debilitated Men, which has never as yet failed to do for a man just what I have promised to do. I only enjoy the confidence of each and every one of my patients, for I have never made them a promise which I have not fulfilled.

Just because there are hundreds of concerns and physicians advertising their treatments will do just what my Restorative WILL DO—and as most all men know these treatments are absolutely failures—I have decided to conduct the most skeptical that there is a real cure for Sexual Debility—no matter how severe or mild the case may be. I will send enough of the Sir John Hampton Vital Restorative to any man who sends me ten cents to demonstrate to him what a treatment THAT WILL CURE REALLY IS. I will not send just a day or two's treatment, but will send you enough of the Restorative to either perfectly cure you or relieve your mind of every doubt that I am offering the kind of a cure to men that they have never been offered before, and for which many of them have searched in vain for years and paid into the hands of charlatans many many dollars. I will not promise you that the quantity of the Sir John Hampton Vital Restorative which I will send you for 50 cents is going to cure you, but I will promise that it will cure more than 10 per cent of those who send me for it. If I cured all the men who write to me for this demonstrating trial, the quantity of the Restorative that I send for 50 cents costs me \$1.50, and every man I cure with the 50-cent treatment nets a loss to me of 50 cents. I am not a man I cure with the 50-cent treatment nets a loss to me of 50 cents. I am not a man I cure with the 50-cent treatment nets a loss to me of 50 cents. I am not a man I cure with the 50-cent treatment nets a loss to me of 50 cents.

A FAIR PROPOSITION. Remember that the Sir John Hampton Vital Restorative is exclusively my own discovery and that it is never sold nor by agents. It is entirely different from any other remedy in appearance and action that you have ever seen or taken, and after you have received the 50-cent trial it is not likely anyone could give or offer you a substitute. The success of my method is in the field. Every successful man's methods are imitated just as spurious concoctions always follow the wake of a successful treatment. Men who are suffering from a Loss of Physical Power, Drains, Nerve-Sexual Debility, Varicocele, Wasting, Non-Development and kindred ailments are the only men I want to write or call for my 50-cent treatment, for the Sir John Hampton Vital Restorative is not a "cure-all." My remedy never fails in the cases no matter the age of the patient. Write today and you will live to bless the day you first read of the Sir John Hampton Vital Restorative. Send the 50 cents in stamps, coin or postal note. Address: The English Restorative Co., 122 to 124 Union Bldg., Denver, Colo.

THE ENGLISH RESTORATIVE CO. Denver, Colo.

DAILY SHORT STORY

THE WHITE WITCH OF HENLEY

BY RALPH ENBERGY. (Copyright, 1903, by W. E. Hearsel, Great Britain Rights Reserved.) "Another quarter of a mile, Ed, and I'll show you just the loveliest thing to be seen on all the river, from Lechlade, to Sunbury." "What at this time of night?" "It was striking 10 by Shiplake church clock, decisively replied Sidney Lane over his shoulder to his companion. "Ah! there's the beauty of it!" said the latter, triumphantly, "for it's only when the stars are out that the Queen of the Night is to be seen in all her glory!—as she really is."

CARDUI BABIES

Advertisement for Cardui Babies featuring testimonials from Mrs. Dora Leffevre, Mrs. Louise Giles, Mrs. Mary L. Benson, and Mrs. Nellie Johnson. Includes images of babies and text describing the benefits of Cardui for women's health.

well-known susceptibility of temperament. Henley, with its snugly anchored house-boats, and dimly lighted river banks, there being just light enough to see the after-dinner crews amusing themselves on deck, while through Nature's silence sounded the tinkle of mandolin or guitar, the merry ripple of girlish voices, and the untranslatable joyous hum which hangs like a summer cloud over the here-aloft boat world at this hour. "There, Sid!—what do you think of that?" whispered Maskell, as their craft came abreast of an unusually large house-boat, moored, alone, under a canopy of leafy greenness. Sidney Lane held his breath, as he ceased rowing and saw a vision!

Unmistakably it was a woman—young—fair, and divinely tall—whose almost unearthly gallor gave point to the name by which she was known among the pleasure-loving boating crowd, "The White Witch of Henley."

She had all the appearance of a statue carved in white marble. Everything about her, dress, features, hair, gleamed ghost-like in the misty half-shadows of the summer night. Not a single light showed on the house-boat, so that this figure—weird in its mysterious whiteness against the background of dark trees—standing, statelyly still by the outer rail of the upper deck, startled Lane by reason of its utter likeness to anything that he had ever seen.

Old Colonel Sir Harry Vinden, K. C. S. I., was the one up-river mystery people had as yet failed to solve. He—or rather they—never sought the society of those who literally burned to penetrate their secret. "Maskell's solution of the problem seemed to be the most popular as it was certainly, all things considered, the most feasible. He imparted it to Sidney Lane as they drifted past the silent, dark water-dwelling."

"Who is she?" he said, in answer to a whispered query of his companion's. "Why—the old colonel's wife! May and December, you know." "Unless you know anything definite on that head," replied Lane, "I should say that you are wrong." "I don't think so," said Ray Maskell, testily: "whenever they indulge in an excursion inland (which isn't often), Esme Vinden invariably takes the old gentleman's arm; while his attitude toward her has the true matrimonial hall-mark."

"That is no proof!" answered the other. "For my own part, I should be inclined to say that she is the old man's daughter." "You're wrong, old chap! you're wrong!" and in spite of the fact that the majority of the men are crazy about her. "And you—are you, too, one of the victims?" "Why shouldn't I be?" "I am sure I don't know; only that falling in love with married ladies is just a wee bit—well—bad form, isn't it?" Sidney Lane, as he bent to his oar again, could not see the evil expression in the other's eye, so that his thoughts, so strangely stirred by the glimpse he had caught of Esme Vinden's beautiful, yet death-like face, were undisturbed; while his determination to know more of his fair owner intensified with every dip of his blade in the rippleless water.

As for Ray Maskell, the implied imputation of bad "form" had viciously seared his lips. It was practically two dumb men, therefore, who headed the pair-car for the houseboat on the left shore. Lane, who had been staying at Penton Hook, had left there during the afternoon in his friend's boat, for the Henley regatta week. There was not much in common between the two; Sidney's openness of disposition and sunny, good-humored nature appealing but little to the blasé map of the world. Still, it is just possible that the former would have gone to his rooms at the Red Lion and Maskell to his diggings without, in the case of either of them, anything other than a mere hand-clasp, which the next morning would assuredly dissipate—but for a chance remark of Lane's at parting. "Do you know the colonel and—Lady Vinden?" he asked. "Well—no!—I don't," was the evidently reluctant reply. "But you know about them?" persisted Lane. "I know as nearly everybody else knows, that both Sir Harry and—the lady are abominably social hermits—that he is quite 70 years of age, while she is Esme Vinden, or what you will, is barely out of her teens, and that to penetrate the mystery surrounding them nine men—and for that matter, nine women out of ten, would give more than they could properly afford to lose. But why are you so eager for information with regard to them?" "Oh, I have a fancy for mysteries—"

(To be continued.) especially one such as this, where the central figure is so weirdly yet so magnetically fair." "My dear fellow!—I wouldn't follow up this particular history, if I were you—there's nothing in it—nothing!" "Perhaps not, but my curiosity is piqued, and since you it was that raised it, you certainly ought not to be the first to discourage any desire on my part for satisfaction." "Well, do as you please," retorted Maskell, with an unpleasant laugh; "but take my advice, and bar the Romeo business—and midnight out-pourings of the soul, for people say—and—rumor does not always lie—that the old knight carries his antipathy to all intruders, to the extent of a belief in firearms as an effectual if not exactly legal preventive. Good night!" In the sitting room of the Iris boat-house an hour or more after the pair-car had passed it on the way from Penton Hook a lady and gentleman sat at a well-appointed supper table. Although the cabin was well lighted by hanging and bracket crystal lamps, not a ray of light escaped to the outer world, so effectively screened were the windows by means of thick curtains—ventilation and a free air current were obtained through an automatic overhead "punkah."

PHYSICAL HOUSE-CLEANING

A Thorough Cleansing of the System Now is the Surest Protection Against Spring and Summer Sickness.

No good house keeper ever neglects Spring cleaning. With plenty of soap and water, hard scrubbing and scouring, sunlight and air, she soon gets rid of all rubbish, musty odors, germs and microbes, and the dust and dirt that have accumulated during the long winter months. But when the house has been put in order, and the premises cleared of all old plunder and trash, the great majority of house keepers feel that Spring cleaning is over, and forget that their systems may be in a worse condition than the house, and that the bad feelings, debility, loss of appetite, nervousness and sleeplessness from which they are suffering are due to neglect of the more important and necessary work of Physical house cleaning. A clean house does not insure against disease, but a clean system does. The poisons and humors engendered within the body, the waste matter that is clogging the system and contaminating and vitiating the blood, are far more dangerous to health than the dirt and dust of our homes. In the winter time we give free rein to our appetites, and eat more and oftener than is for our good. We inhale the polluted air of badly ventilated offices and rooms, take little or no exercise, and our bodies become a veritable hot-bed of disease-bearing germs, and our blood is loaded with impurities and poisons of every conceivable kind; and no wonder that Spring time is so often Sick time and finds us in such poor physical condition, with vitality slowly wasting away, our digestion impaired, the liver torpid, and all the bodily organs over-worked and out of repair. Unless our systems are given a thorough cleaning, and the blood purged and purified, the simplest malady may develop into some serious disorder or end in chronic invalidism, and often the pent-up impurities, poisons and humors break out through the skin, and all through the Spring and Summer you are tormented with boils, itchy rashes, sores, bumps and pimples, and all manner of ugly pustular and scaly eruptions.

Physical house cleaning should begin with the blood. It must be purified and strengthened, and when a stream of pure, rich blood is turned into all the nooks and corners of the system, the rubbish and disease-producing poisons are washed out, and the congested channels and avenues of the body are opened, and Physical house cleaning is made thorough and complete. S. S. S. cleanses the blood of taints and poisons and expels the waste and rubbish from the system. It is to the system what soap and water are to the house. Nothing else so quickly removes the stubborn, deeply-rooted poisons and humors that are destroying the purity of the blood and blocking the avenues of health and life.

A course of S. S. S. now will put your system in perfect order and fortify you against the debilitating diseases and aggravating skin troubles that are sure to come if your physical welfare has been neglected. S. S. S. is not only the best of all blood purifiers, but an unequalled tonic and appetizer. It builds you up, improves the appetite, and aids the digestion and assimilation of food, and keeps the system in a healthy, vigorous condition. S. S. S. is guaranteed purely vegetable, and can be taken by the old, middle-aged and young without danger of any harmful effects. S. S. S. is a blood purifier and tonic combined, a perfect Spring medicine and indispensable in Physical house cleaning. Write us fully about your case. No charge for medical advice.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 N. MURRAY STREET, NEW YORK CITY.

### HANDSOME JEWEL FOR HANDSOME RECORD

Jake F. Zura, city ticket agent for the Texas and Pacific railroad, is the recipient of a handsome jewel, presented by the grand commandery, Knights Templars of Texas, upon the fine record he made as grand commander during the past year. Pendant from a bar on which is inscribed the name of the owner, hangs a massive Maltese cross, enameled in the Templar colors and bearing in letters of gold the familiar legend, "In Hoc Signo Vincimus." In the center of the cross, above a wreath of oak leaves appears a half-relief of the Alamo in gold, with the words above "The Alamo" and below "Pro Deo Deo Patria." Also pendant from the bar, by golden chains hangs a five-pointed star in white enamel, rimmed in gold; on each point a letter appears which collectively spell "Texas," while in the center of the star appears the monogram, "G. C." On the reverse of the cross is graven the following inscription: "Presented to Jake F. Zura by the right eminent grand commandery, Knights Templars of Texas, A. D. 1903," and below the inscription is the legend, "Semper fidelis."

Rheumatism, more painful in this climate than any other affliction, cured by Prescription No. 2851, by Elmer & Amend, E. F. SCHMIDT, Houston, Texas, Sole Agent.

### J. C. PHELAN THE NEW LIBRARY PRESIDENT

At 4 o'clock yesterday afternoon the board of trustees of the Carnegie public library met and elected officers for the ensuing year. The following is the result:

John C. Phelan, president; Mrs. D. R. Keeler, first vice president; C. H. Du Bois, second vice president; W. B. Padlock, secretary; Mrs. Charles Schuber, librarian. All those named were present, and in addition Mrs. B. C. Rhome, Mrs. Willard Burton, Mrs. Ben O. Smith and J. F. Henderson attended. Several other matters of minor importance were considered.

St. Louis **A.B.C. BEERS** The Highest Priced but the Best Quality. Order from E. Braun & Co., Wholesale Dealers, 75 North Texas.

**THE LORD OPTICIAN** EYES TESTED FREE. We Fit More Glasses THAN ALL FORT WORTH COMBINED. WHY? Because we give the most Thorough Examination. Because we have had the Most Experience. Because we have the most Complete Set of Instruments. Because We Grind Our Glasses in Our Own Factory.

### AMUSEMENTS

#### GAGNON-POLLOCK COMPANY

At Greenwall's last night the Gagnon-Pollock company played the second bill of its engagement. "The Gambler and the Lady." The company is of good average merit. Bert C. Gagnon and J. M. Ferguson carrying leading male roles acceptably. The leading female character is taken by Edith Pollock very satisfactorily.

There is a listlessness about some of the members' work that suggests spring fever, but at critical scenes interest last night was never lacking and the applause was genuine.

#### "BARON RUDOLPH"

The New Orleans item of a recent date has the following to say of "Rudolph" and Thomas J. Keogh, the famous comedian, who is to appear here on Monday matinee and night, April 27, at Greenwall's opera-house, supported by the New Orleans Grand Opera-house stock company, as a benefit to Treasurer Mitchell W. Greenwall.

"This is Bronson Howard work it seems. 'Rudolph' the play which gives Thomas J. Keogh the first genuine opportunity he has had since the beginning of the season, owes its existence to the dean of dramatic writing as well as 'The Banker's Daughter.' It is a play of considerable merit. There is sentiment in 'Rudolph,' heaps of it—and of humor not a little. Credit, in large letters, is due the possession held by a New Orleans audience in many a good day is shown. Rudolph is nearly the whole thing. The part requires the services of a high-class comedian, since humor and pathos walk hand in hand. Keogh showed the money, funny. He was intense without violence, without horse play, and never forgot to flash through the holes in the tramp's ragged slippers of the gentleman. Especially fine, romantic yet realistic, was his exit at the end of act 2, where, despite his bitter need, he flings the money given him by his former wife, who does not know him, to the footman and marches out with all the pride of better days."

Mr. Keogh presents the play in the same careful manner as it was produced at the Grand, and he carries with him scenery from models prepared by Harry F. Dressel, New Orleans' famous scenic artist, and a gorgeous production in every particular can be anticipated.

#### JUDGE FERGUSON CLEARS DOCKET

DENON, Texas, April 22.—This session of the county court of Denton county, Judge L. D. Ferguson presiding, bids fair to be fruitful in the way of disposing of the business on the docket, from the way it has begun. Although yesterday was only the second day of the term, the cases to be tried during the session had all been set and several cases already disposed of up to adjournment hour last evening.

If the court pursues the same policy of expedition through the entire session, that he has the first two days, the erstwhile plowshare docket will have a very few untried cases on it at the end of the session.

#### DO NOT WAIT TOO LONG

YOU MAY MISS A BETTER THING THAN YOU KNOW OF BY FAILING TO PURCHASE FORT WORTH PROPERTY AT PRESENT PRICES. BYERS & TRICE, THE REAL ESTATE BROKERS, 709 MAIN STREET, PHONE NO. 1192. ARE NOT ADVERTISING BARGAINS THEY HAVE PICKED FROM THE LARGE NUMBER OF PROPERTIES PLACED WITH THEM FOR SALE. IF YOU WANT SOMETHING IN VACANT OR IMPROVED PROPERTY FOR RESIDENCE, INCOME OR SPECULATIVE INVESTMENT, THEY CAN INTEREST YOU AT THEIR OFFICE.

\*\*\*\*\* BY WAY OF EXPLANATION \*\*\*\*\* During the past two weeks more than 1,400 subscribers have been added to The Telegram's out-of-town lists, resulting in a correspondingly heavy increase in mail matter and a heavy strain on the mailing department which, though prepared for rapid increases, was unable to keep up with such a sudden addition. The many names added have in many cases compelled complete changes in the routing of the Telegram's mail in order to secure the most effective delivery, and this may have caused some temporary inconvenience to out-of-town subscribers. In a very few days The Telegram expects to have all these difficulties remedied and in the meantime asks out-of-town subscribers to send in notices of irregular delivery promptly, so that the work may be perfected as soon as possible. \*\*\*\*\*

### NO ROCK ISLAND REPRESENTATIVES

The annual meeting of the Houston and Texas Central was held at Houston Monday. Contrary to expectations, the new board does not contain any representatives of the Rock Island interests, the Harriman directors being kept in. The directors are E. H. Harriman of New York, Jeff N. Miller, who succeeds Chas. Tweed; R. S. Lovett, T. W. House, A. P. Root, John T. Browne, J. A. Baker Jr. and W. B. Chew of Houston. The surprise came when the directors met and elected R. S. Lovett president, vice Chas. Tweed, who retired some time since. Judge Lovett is the leading counsel for the Southern Pacific interests in Texas. The other officers are: Vice president, C. H. Markham; secretary-treasurer, W. H. Field; assistant secretary, A. K. Van Deventer.

### NEW UNION STATION FOR OKLAHOMA CITY

A plan is on foot for the building of a union station at Oklahoma City, to cost five hundred thousand dollars, and one which would be a credit to a city of 100,000 people. W. S. McCaul of Kansas City and other capitalists are back of the movement. They have looked over the field, picked out a site and submitted a proposition to the railway companies. In connection with the depot, Mr. McCaul and his associates propose to build a belt line to connect Oklahoma City, El Reno, Kingfisher and Guthrie. The belt line will be operated both by electric and steam power and will be equipped in the most up-to-date manner.

### SANTA FE ORDERS MANY NEW ENGINES

Orders have been placed to build a large number of new engines at the Santa Fe shops in Topeka, Kan. Included in the new motive power thus arranged for are three switch engines of unique pattern. They will be of enormous size, with three pairs of drivers and weighing about seventy-five tons. Experts may be interested in knowing that the cylinders of these newest pattern switch engines will measure 26x25 inches. The drivers will measure 51 inches in diameter. In the same shops several of the so-called "454" class of engines will be changed into the Atlantic type, similar to that used in hauling the fast trains on some of the trunk lines. They are built for speed.

### MEXICAN CENTRAL WORK SUSPENDED

As a result of the personal investigation of the monetary situation in Mexico by the directors of the Mexican Central on their recent visit to that country, orders have been given for the cessation of the construction work on important extensions which were being built. Work has ceased on the new short line between the City of Mexico and Tampico and on the extension from Tuxpan to the port of Manzanilla. The proposed new line to San Antonio, Texas, from San Pedro will be only built to Paroleros for the present. The branch line from Gutierrez to Durango, the survey of which had been made and construction was about to begin, has been temporarily abandoned.

### MONTHLY PAY ROLL INCREASED \$10,000

The committee of the Denver and Rio Grande and the Rio Grande Western engineers and firemen, which has been laboring with the officials of the system since Jan. 26, has ended its work by securing a large increase in pay and other concessions from the road. The men have secured a blanket wage increase of 5 per cent on simple engines and 7 1/2 per cent on compound engines, with a special increase on certain classes running as high as 45 per cent and making the average increase in wages about 19 per cent for the 500 engineers and firemen of the system of which means an enlargement of the pay roll about \$10,000 a month.

The concessions besides the general increase are considered most valuable by the engineers and firemen. The passenger mileage has been reduced from 165 to 120 miles a day maximum and 75 to 70 miles a day minimum. This is considered equal to an increase of wages of 4 1/2 per cent.

The company agreed to take much of the work of caring for parts of the machinery off the hands of the engineers and to place other parts more convenient for use. It has been agreed that no engineer will be kept out of work longer than five days while his engine is being repaired.

The engineers asked that thirteen men be reinstated who had been discharged for various causes. The company conceded the reinstatement of eight.

IF YOUR PHYSICIAN prescribes a milk diet for its easy digestibility it will be well to use Borden's Peerless Brand Evaporated Cream to get a rich, deliciously flavored milk food, perfectly sterilized, according to latest sanitary methods. For general household uses. Prepared by Borden's Condensed Milk Co.

### M'COY AND ROOT BATTLE TONIGHT

WEIGHT LIMIT IS FIXED AT 175 POUNDS

George Siler Picks the "Kid" to Win if He Has Not Gone Back—Otherwise, He Believes Strong Young Chicago Will Turn Trick

Kid McCoy returns to the prize ring again this evening, when he is scheduled to meet Jack Root, the hardy and scientific Chicago fighter, at Detroit for the "light" heavyweight championship of the world. The men meet at 175 pounds. It should be a fine battle, George Siler, the veteran referee, says one of the few experts that picked Young Corbett to beat Terry McGovern, has this to say of the mill:

"In point of science, although they fight on wholly different lines, I doubt if there is anything to choose between them. McCoy has an excellent straight left hand punch and a punishing left hook, while his right, delivered from any angle, is not to be sneezed at. Besides this, he is a perfect ring general, a good defensive fighter, and has a thorough knowledge of all the minor points of the game that are apt to crop up in a fight. He fights best, though, when he can set the pace—that is when he is permitted to get set long enough to feint his opponent into knots and send in hot shot whenever openings present themselves. This was apparent when he met Tommy Ryan at Tattersall's. He hit Tommy almost at will in the first two rounds, in which Ryan fought at long range, but when Tommy forced the fighting, and prevented the Kid from getting set long enough to fiddle him into positions for openings, or to indulge in long range hitting, he was all aboard. "Root, while not credited with Ryan's foxiness, is a high-class fighter. He is young, strong, carries a knockout punch in either hand, and withal is loaded with science. He may not be as good a ring general as McCoy, but his natural advantages offset that. To win, I take it, he will have to keep the 'kid' on the retreat and never permit him to get set long enough to befuddle him with his bewildering feints."

### NATIONAL LEAGUE STANDING

Teams.	Played.	Won.	Lost.	Per.
Pittsburg	5	4	1	.800
New York	3	2	1	.666
St. Louis	5	3	2	.600
Boston	5	3	2	.600
Chicago	4	2	2	.500
Philadelphia	5	2	3	.400
Brooklyn	3	1	2	.333
Cincinnati	4	0	4	.000

### NATIONAL LEAGUE RESULTS

St. Louis 9, Pittsburg 8; pitchers, O'Neill for St. Louis and Phillip and Falkenberg for Pittsburg. New York 2, Brooklyn 1; pitchers, Mathewson for New York and Schmidt for Brooklyn. Boston 3, Philadelphia 1; pitchers, Platt for Boston and Burchell and Duggleby for Philadelphia.

### GALVESTON STILL LOSING

By a score of 15 to 4 Dallas took Galveston into camp yesterday. This is about as bad as one 12 to 3 and 14 to 4 games in which the locals smothered the Sand Crabs. Canfield pitched for Dallas and Seif for Galveston, Dallas getting twelve hits. Dallas stole only four bases.

### FRISCO EMPLOYEES ARE APPRECIATIVE

Employees of the Frisco are appreciative of the manner in which the company is remunerating them for labor. Especially is this the case with the trainmen, who last week received the advance agreed on and made effective April 1. This is the advance of 15 per cent for trainmen in the freight service and 12 per cent for those in the passenger department. Last December the Frisco advanced the wages of its yardmen without even having been requested to do so. The men did not know such a thing was in store until they received the additional money. They appreciate it.

### RAILROAD BRIEFS AND PERSONALS

Day coach No. 3 of the Frisco was sent out of the local shops yesterday, after having undergone a thorough overhauling. Car No. 53, a combination baggage, mail and express, is in the Frisco shops for a general overhauling.

The Belmont, a Pullman sleeper, is in the local Frisco shops, where it is being repaired, it having recently sustained considerable damage in a wreck. The steps on one end of the car were torn away, and many timbers were broken on the ends and sides. It is a car which has attained a record during the past few weeks, the steps now being constructed being the third time such repairs have been necessary during that period.

Engine No. 356 is undergoing a general overhauling in the local Frisco shops. Engine No. 364, under which the traveling fireman and a brakeman of the Frisco were killed during a wreck near this city recently, is being "picked up" for the purpose of being brought to the local shops for repairs.

### WANTED

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, dependent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size 75 cents. G. G. GREEN, Woodbury, N. J.

At W. L. Smallwood and Martin, Smallwood & Wal

**ELLISON FURNITURE & CARPET COMPANY.** YOU MARRY THE GIRL? YOU FURNISH THE HOUSE COMPLETE. FURNITURE. CARPETS. WE WILL PAY FOR THE LICENSE. MANELS. STOVES.

## GET MARRIED

WE WILL PAY FOR THE LICENSE

DURING the month of April we will refund the amount paid for marriage license to any couple who will present a receipt at our office for the amount, signed by the county clerk. Remember this is open to any couple securing license in Tarrant County. Respectfully,

### ELLISON FURNITURE AND CARPET CO.

P. S.—Several have called and amount has been refunded. Now is the time—GET MARRIED before all the licenses are sold.

**Anheuser-Busch**

The wonderful progress of this Association is shown by the following table of sales:

- 8,000 Barrels sold in 1865.

**A CASE OF IT.**

Many more like it in Ft. Worth

The following case is but one of many similar occurring daily in Fort Worth. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

J. E. Caskill, contractor, 701 Hattie street, says: "If I did not thoroughly believe that Doan's Kidney Pills act as represented and if I had not from actual experience proven that in my case the remedy without doubt cured me of symptoms of kidney trouble which I had for some time, I could not be induced to publicly recommend the preparation. My advice to anyone suffering from backache or any of the many phases of kidney complaint is to go to Weaver's Pharmacy, procure Doan's Kidney Pills, take a course of the treatment and the results will inevitably follow."  
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

**TENNIS CLUB TO HOLD A MEETING**

Notices have been sent to members during season of 1902 of Fort Worth Tennis Club, to meet for reorganization at Bekker Land and Mortgage Company's office, Seventh and Houston street, Thursday, April 23, at 8 p. m. The club has secured new grounds on the south side and will get to work at once to put up two or three courts. It is hoped that all members will be on hand promptly.

**WORK OF PAVING VIADUCT RESUMED**

Work on the viaduct paving was recommenced this morning. It is announced that there is now plenty of bois d'arc wood on hand from which to saw the paving blocks. City Engineer Hawley said this morning that the paving of the viaduct would be finished within a week or ten days and that then the only work remaining to be done would be the repairing of the curb lines at some parts of the structure, the same having been spread out of alignment by the bois d'arc wood when it became wet and expanded. The bois d'arc blocks now being put in are moistened before they are placed so as to avoid trouble with them in future.

**MEXICAN RANCHMAN VISITS STOCKYARDS**

Senior Don Trevino of Del Rio, Mexico, one of the largest rancheros in Mexico, is being conducted through the yards and packing-houses today by C. L. Ward, secretary of the Southwestern Live Stock Commission Company.

Senior Trevino has in Mexico over 8,000,000 acres of land, 50,000 acres of which is under cultivation and irrigation. One of the local commission men said that Senior Trevino's farm was the largest in either Mexico or the United States. As well as being a rancher, Senior Trevino is very prominent in Mexican politics and is a warm personal friend of President Porfirio Diaz.

Burnett's Vanilla Extract has fulfilled criticism. It is the finest and purest vanilla extract that can be bought. Once tried, always used.

Lawn mowers sharpened and repaired and gasoline stoves repaired at T. P. Day's, 414 Houston street.

**BRUTAL CRUELTY OF ACROBATIC PARENTS**

ST. LOUIS, Mo., April 22.—The humane society has taken two children—George and Florence Midge, aged 8 and 7 years—from the home of John Earl in Washington avenue, and Earl is in jail charged with mistreating them. The boy's back is lacerated to his hips, both eyes are blackened and four of his teeth are missing. The little girl is in even worse condition. On the instep of her right foot is a wound, caused, it is said, by the application of a glowing poker. Portions of her stocking had been burned into the flesh. Four fresh scars are on her left leg, and there is a deep soap wound in the top of her head. The humane society charges that Earl inflicted these injuries as punishment because the children refused to perform acrobatic feats which he had endeavored to teach them. The wound on the little girl's head was caused by her falling from a trapeze.  
Earl and his wife travel as performers with patent medicine shows. Recently they took the children from an orphan school for adoption and when one of the officers of the institution called to see how the children were getting along the discovery of their condition was made.
