'Minority backlash' here aids Doggett

BEST FRIENDS — Dickie Holcomb, Nina Moberg and Pia Nassman Moberg share a laugh in Mrs. Holcomb's home before the departure of Nina and her mother for their homeland, Finland. Mrs. Moberg was Dimmitt High School's first American Field Service Exchange student and Mrs. Holcomb was one of her classmates here. Nina lived with Mrs. Holcomb and her family while attending Dimmitt High School this year as a privately placed exchange student. In Nina's lap is her pet cat, "Kitty."

DHS grad from Finland vows that she'll return

BY DON NELSON

Nina Moberg has returned to her homeland, Finland, with a lifetime supply of memories of her year as a Dimmitt High School student and a Texan.

Before she left, she vowed to return. An she'll probably keep that vow, as her mother, Pia Nassman Moberg, has done three times since her own graduation from Dimmitt High in 1961.

Mrs. Moberg was DHS's first American Field Service exchange student. When Nina (the oldest child in the Moberg family) reached the age, Mrs. Moberg wanted her daughter to have the same experience—and in the same town, among people she knew.

So Nina spent the past year living with the family of another 1961 DHS grad, Dickie Holcomb.

"It has been just great," she said before she left for Finland Sunday. "It was a little hard in the beginning, but with the help of all my classmates it's been great. And staying with Dickie has just been the best I could ever have—we just always had so much fun together."

But before she got here last August, she admitted, she wasn't at all sure she was doing the right thing.

"I waited six hours at the airport in New York," she recalled. "I was afraid to go anywhere, even to eat. I was afraid I'd get lost or miss a plane or get mugged or something. I was ready to go back home."

But the situation improved for her, one step and one day at a time, until she developed a whole new lifestyle here.

"I wasn't worried at all about sending Nina here," her mother said. "I knew Dickie was going to be very nice to her, but I didn't know she would spoil her."

"What I wasn't used to when I came here was being served food and waited on," Nina said. "Dickie brought my food to me, picked up after me, and so on. I wasn't used to that."

She also wasn't used to having an older brother (although she has a younger one). And for Brad Hol-

comb, having a sister around the house was a whole new experience.

"In the beginning Brad picked on me all the time, and I couldn't beat him up like I could my little brother," Nina said. "But he turned out to be a pretty good brother."

Her year here had a lot of high points. Here are a few of her favorite things:

"When we went to San Antonio in November—that was great."

"The whole basketball thing here—I thought it was great. And when we went to Austin, that was fantastic. I love basketball. At home I love ice hockey. Basketball made up for that here."

"All the people here are so nice. When I go back home, it won't be so friendly and open."

"The relationship here with the teachers I really like. Back home, if you tried to hug a teacher—well, it's unheard of. And you never see teachers back home helping the kids with their activities after hours. It's great."

"All the things you can fix to eat so fast. You have so many things in cans, or ready to eat—just stick them in the microwave."

"Seeing all the movies with Dickie. Sometimes we'd make three in a weekend. I guess I'll never do that again. We had so much fun reacting together."

"Radio music, and the 24-hour stations—I'll miss that a lot. We don't have commercial radio in Finland, and only two hours a week when they play music for teenagers."

"Getting to drive, and earning my diver's license. I won't have to wait long to be able to drive at home now. (The driver training and licensing process is expensive in Finland. It saved us about \$500 for her to learn to drive here," her mother said.)

"There are a lot of things I'll miss," Nina said. "Mexican food—I'm really gonna miss Mexican food."

She'll also miss the black-and-white tomcat, "Kitty," which Mrs. Holcomb got for her when she first arrived.

"I'm going to get another one when I get home," she vowed. "I'll talk to Daddy real nice."

Nina made a lot of lifetime friends in Dimmitt. Her best friend, outside of her American family, is Anja Biester, AFS exchange student from Germany.

"Anja and I have become real close here," she said. "I'm planning to go to Germany next year to see her. And Anja and I say we're going to have a reunion in four years, and we hope to see Owen (Viles, AFS student from New Zealand.) We're going to show movies and everything. Anja was always making movies."

But for now, it's back to Finland, and on to college. She'll have to reorient herself to her native country, and will have to brush up on her Finnish. (Her first language is Swedish; her family is among the dwindling minority of "Swedish Finns." She considers English as her second language now, but in college she'll be taught in Finnish.)

Nina's mother returned to Dimmitt to see her graduate two weeks ago and to accompany her home. It was Mrs. Moberg's third trip back to her "American hometown," where she lived with the Ira Clingsmith family.

Mrs. Moberg returned in 1974, on a business trip with her husband, Frank, and again 2½ years ago for the 20th-year reunion of DHS's Class of 1961.

Mrs. Moberg was the guest of honor last week at a reception at the Hereford Country Club, attended by 60 friends and former schoolmates, including Dr. Keitha Davis Scott, who came from California to see her. While here, she also kept an eye on the US Senate race of Kent Hance, another former classmate.

"I've seen more of my classmates here through the years since college than I have some of my former classmates in Finland," Mrs. Moberg remarked.

Nina left Sunday hoping that she, too, will return through the years to see her Dimmitt friends and schoolmates.

"Maybe even next year," she said.

An apparent "minority backlash" vote here and elsewhere Saturday helped Lloyd Doggett gain a razor-thin edge over Kent Hance in the US Senate runoff.

More Castro County voters went to the polls in the Democratic Primary runoff Saturday than had cast ballots here May 5, but the higher turnout benefited Doggett more than it did native son Hance in the US Senate race.

With 1,885 voting Saturday (vs. 1,802 in the May primary), Castro Countians favored Hance by a 10½-1 margin in the Senate race.

But in actual numbers, Doggett supporters wiped out Hance's gain here. While Hance received 92 more votes Saturday than he had gotten in the May 5 balloting (1,718 vs. 1,625), Doggett collected 139 more votes (164 Saturday vs. 25 on May 5).

More than half of Doggett's Castro County votes came in Box 4 (Northeast Dimmitt), which Hance carried by 140-94. In the May 5 primary, Hance had garnered 133 votes in Box 4 to Bob Krueger's 46 and Doggett's 5.

Doggett, a liberal state senator from Austin, also showed substantial gains in Southwest Dimmitt, Northwest Dimmitt, Hart and north Nazareth (Boxes 2, 3, 6, and 12).

But in six Castro County boxes Saturday, Doggett didn't receive a single vote, and he got only one vote in the absentee balloting, which Hance carried by 201-1.

The increase in Doggett's vote here was seen as a backlash to Hance's opposition to amnesty for illegal aliens. The state's League of United Latin American Citizens (LULAC) condemned Hance for his stand, calling it an issue with racist undertones, and threw its support to Doggett in the runoff election.

The dramatic turnaround in Doggett's totals in other minority boxes in North Texas—especially in Lubbock County—was one of the crucial factors in the race.

Statewide, Doggett was the apparent winner by 467 votes out of 979,387 ballots cast, making it one of the closest races in the state's history. Final unofficial results showed Doggett with 489,927 to Hance's 489,460.

Predictably, Hance's supporters have called for a statewide recount.

If Doggett's victory holds up after the recount—as Doggett predicts—it will be the first election loss ever for Hance, who has served two terms in the Texas Senate and three in the US House of Representatives.

Hance received 90.5% of the vote here Saturday to Doggett's 9.5%. In the May 5 primary, Hance had received 91.4% of the Castro County vote while five other candidates had split the remaining 8.6%, with Doggett getting only 1.4%.

Hance carried all 16 boxes in the county again Saturday, topping Doggett by 28-1 in Box 1, 470-14 in Box 2, 278-14 in Box 3, 140-94 in Box 4, 37-2 in Box 5, 191-15 in Box 6, 40-0 in Box 7, 18-0

in Box 8, 20-0 in Box 9, 41-5 in Box 10, 33-0 in Box 11, 127-13 in Box 12, 16-3 in Box 13, 22-2 in Box 14, 32-0 in Box 15, and 24-0 in Box 16, with the absentee vote favoring Hance by 201-1.

Hance carried most of the state's rural areas—North, West and East Texas—while Doggett carried the big metropolitan centers of Dallas, Fort Worth, Houston, Austin and San Antonio.

In the three other runoff races Saturday, Castro County Democrats went with the winners.

In the race for the 19th Congressional District nomination, Castro Countians favored former Hance aide Don Richards over Lubbock attorney Thomas M. Richards by a 1,012 to 796 count (56% to 44%).

District-wide, Don Richards won the nomination with 29,144 votes to Thomas Richards' 28,426 (50.6% to 49.4%).

Don Richards carried all but three of the 15 counties in the 19th Congressional District. The three that went for Thomas Richards were Ector, Lubbock and Yoakum.

In Castro County, Don Richards carried all but two boxes while the two candidates finished in a dead heat (101-101) in Box 6. Thomas Richards carried Box 4 by a 112-102 count and Box 15 by a single vote, 16-15.

Don Richards got a single vote margin in Box 1 (14-13) and Box 14 (12-11), but racked up margins of almost two-to-one in some of the other smaller boxes and in the absentee voting. In the county's two biggest voting precincts, Don Richards car-

ried Box 2 by 253-223 and Box 3 by 144-132.

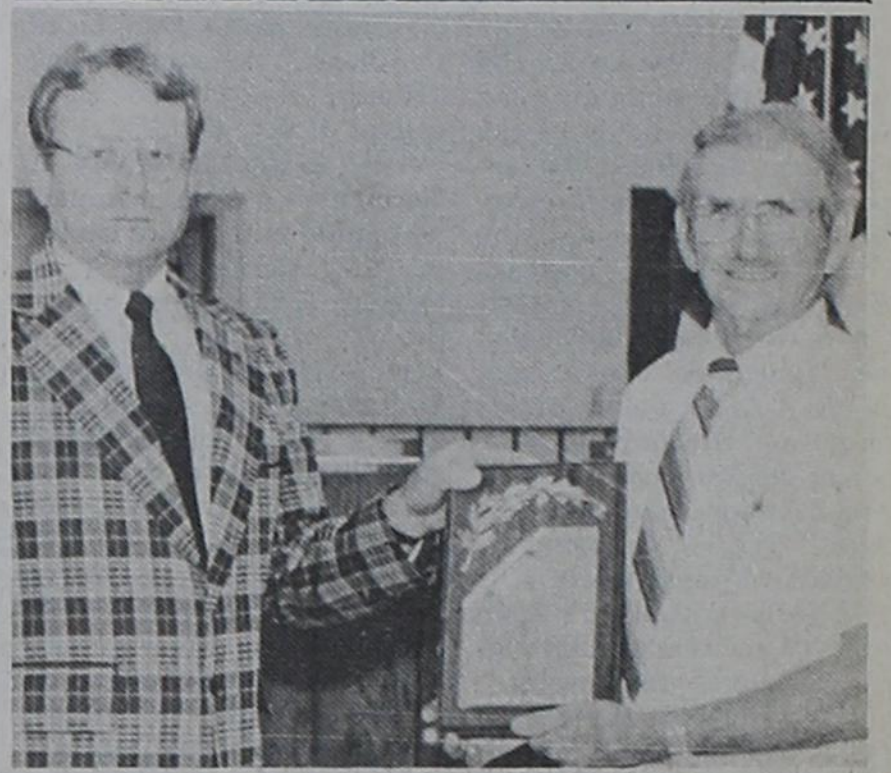

Meanwhile, in the only runoff race on the Republican ballot, the county's GOP voters favored Lubbock businessman Larry Combest over Lubbock accountant Ron Fleming for the party's congressional nomination. Combest's victory here helped propel him into a November general election showdown against Don Richards for the congressional seat now held by Kent Hance.

The Republican vote here was light, with Combest receiving 49 votes to Fleming's 21.

In the Democratic race for two seats on the State Court of Criminal Appeals, Castro Countians favored the two eventual winners by substantial margins. For the Place 2 post, incumbent W. C. (Bill) Davis received 752 votes to challenger Roy E. Greenwood's 502. Davis carried all but two boxes (12 and 16), while in Box 7 the two finished in a 14-14 dead heat. Davis' margin of victory here was 60% to 40%, and statewide his winning margin was 62%.

In the Place 3 race for the state's highest criminal court, Castro Countians favored challenger Bill White over incumbent Judge Tom Thorpe. 934 votes to 506. White carried every local precinct except Box 9 (Summerfield), where the two candidates received seven votes each. White's victory margin here was the same as it was statewide—65% to 35%.

In both parties' primary runoffs Saturday, 1,955 Castro Countians voted—1,885 in the Democratic runoff and 70 in the Republican balloting. This was 41.53% of the 4,707 registered voters in the county.

A FAREWELL reception was held last Thursday in the city hall meeting room in honor of resigning Dimmitt Mayor R. L. Fleming [right]. Mayor Pro-tem Wayne Collins presents him with a plaque "for outstanding service to the citizens of Dimmitt from April 6, 1981, to May 31, 1984." Hosted by the city and its employees, the reception drew dozens of people, who were served coffee and cookies.

weekend. Keeping an eye on things is Keith Birkenfeld. The rodeo drew 270 entrants in the various events. Winners are listed on Page 14 of this issue of the News.

On the Go

With Mary Edna Hendrix, 647-3343

Charley and Edith Graef have just returned from a tour of Germany, Austria, Switzerland and Liechtenstein. Here is Edith's account of their trip.

"We arrived at Frankfurt, Germany, the birthplace of writer Johann Wolfgang von Goethe. We traveled by first class motor coach, along the mountain road through Darmstadt Weinheim to Oberfloedenbach where we had lunch. We continued traveling the mountain road to Heidelberg, home of the "Student Prince." The imposing ruins of the Heidelberg Castle rises above the river in a pretty, postcard scene of town and forest. There we saw a 55,000 gallon wine barrel in the ancient castle. After a tour of the city, we traveled up the scenic Neckar Valley to Heilbronn, where we spent the night. Then to Rothenburg, a medieval town where it is possible to walk along its two miles of encircling walls with over 30 gates and towers.

We traveled the Autobahn, passed Stuttgart to Ulm on the Danube River to view the impressive Cathedral, then on to Munich. There we saw the world's highest church steeple (534 ft.). We viewed Greek and Roman sculptures at the Konigsplatz and Munich's newest attraction, the Olympic Center, built for the 1972 Summer Olympics.

Salzburg, Austria is the heart of the "Sound of Music" countryside. This great baroque city on the River Salzach is highlighted by the massive medieval Hohensalzburg Fortress. It is also the birthplace of composer Wolfgang Amadeus Mozart.

We took a cable car to Germany's highest mountain, the Zugspitz, then traveled the picturesque Alpine Mountain Road to Oberammergau, (home of the Passion Play). We had a tour of King Ludwig Castles, Neuschwanstein and Hohenschwangau. The fantastic pinnacled castle Neuschwanstein towers high above the countryside. Its interior is an extravaganza of glittering crystal and gold. King Ludwig was certified insane in this castle in 1886, when Bavarian's economy could no longer stand his high lavish castle building program. Then on the German Alpine Drive through Fussen, Nesselwang, Oberstdorf, Oberstaufen to Lindau on Lake Constance. We visited the replica of the first German

Community Church/Monastery Bernau. The church's walls and ceiling are covered with breathtaking paintings. Then on to Valdez in the tiny country of Liechtenstein for an indescribable view.

Lucerne, Switzerland has the beautiful Alps. The colorful Swiss town Stein on the Rhine River with its charming houses with elaborate painting on the outside was interesting. Then on to the Black Forest to the town Triberg, the cuckoo clock capital of the world.

Trier is the oldest city in Germany. A Roman Imperial Capital in the third century A.D. the city of Trier existed 1,300 years before the city of Rome. We saw Porte Nigra, Roman Bath, Liefrauenkirche, Roman Basilika, Palas Gardens and other highlights of the City. On to the City of Worms on the Rhine River. It was at the Imperial Diet of Worms in 1521 that Martin Luther defended the Reform doctrine. Then a cruise down the Rhine River, where we passed many crumbling castles. We saw vineyards so steep we wondered how they ever planted them, let alone harvested them.

Germany is a beautiful country, very green with beautiful flowers, vineyards, pear trees in bloom and is very clean."

Mr. and Mrs. Curtis Tate spent Mothers Day with her mother, Mrs. Kay, in Mooreland, Okla. and they visited with other relatives. Mrs. Kay came home with the Tates and spent a few days until her other daughter, Mrs. George Briix and granddaughter, Kim Arthand, from Vici, Okla. and her son, Cliff Kay from Ponca City, Okla. came for a short visit with the Curtis. Mrs. Kay returned home with her son and daughter.

Raeneal Perry and children and Zetha Blackburn and children have been visiting their parents, Gene and Connie Ivey. They all went to Hale Center for the graduation of Carl Graef, son of Wilton Graef. Charley and Edith Graef were among the Dimmitt residents attending the ceremonies on Wednesday evening.

Mr. and Mrs. Henry Morrison went to Montague for the Memorial Day Homecoming celebration. Henry was raised in Montague and he enjoyed visiting with relatives and old friends.

Josie Bradford's sister, Anice McDuff of Fort Worth, passed away recently but Josie was unable to attend the funeral.

Jenny Reitzer visited her daughter in Alta Loma near Houston, also with friends in Hondo and Menard.

Carolyn and Coby Moke, Jack, Charlene, Matt, Gaines and Crystal Howell and Inez Lee of Dimmitt and Donna, Jared, and Becky Lee of Hart attended the Lee reunion at Gatesville last weekend. It was one of the bigger reunions the Lees have had, with 67 people attending for two days of fun and visiting.

On their return home everyone stopped by to visit Inez's brother, Chris Clark, and his wife Adell at Cisco.

Two sisters, Jessie Claunch from Fort Worth and Jewel Cheatham from Prairie Grove, Ark. and Chris' son Conrad Clark and family were there. So they enjoyed another get together.

Glenda Struvie from Kress has been visiting Alvin and Frances Frazier for a few days. Their daughter, Cara Dearing, and children came over for a visit while her cousin was here.

Wedding bells broke up the "Three Musketeers!" I guess it is better that way since they were becoming more like the "Three Stooges." One flushed her jewelry down the commode, one's house caught on fire, and the other one lost her check book!

The Don Bairs of Orlando, Fla. visited James and Mildred Bradford recently. Mr. Bair was navigator on James' Bomber Crew.

Paula Bradford and children from Denton visited the Bradfords and the Kent Birdwells over the weekend.

Mildred Bradford's sister and husband, Mr. and Mrs. M. B. Settle from Nashville, Tenn. spent one weekend with the Bradfords. Mr. and Mrs. Lloyd Lust from Littlefield were here for a visit with the relatives. Mrs. Grace Lust went with her daughter, Earline, to Austin and Corsicana to visit grandchildren. While she was in Corsicana she visited Birdie Neill who was in the hospital.

My apologies to Gene and Ruby Broadstreet! Ruby

called to give me some news, I wrote it down and then misplaced it. Here it is three weeks late! Mark Broadstreet visited his parents and sister, Elaine, for 10 days recently. He spent Mothers Day with his family, took Toby Tishler to the Jr.-Sr. Prom and worked at the KDHN Radio Station. Mark is an accomplished pianist.

Congratulations to Zelda Ellison for being the Feature Teacher and to Jacque Sava for being the Feature Aide!

Ivor and Hazel Bagwell and Zelma Smith went to Dallas for a few days visit. The Bagwells visited their daughter Nelda and Marion Fallwell and family. Their son, Colin, was baptized while they were there and he was also in a school play "Oliver Twist."

Zelma Smith visited her daughter, Zella and Sam Wilson, in Dallas and then she flew on to Houston to visit another daughter, Elzada and Dave Funck. On their return home they came by Weatherford to visit Ivor's two sisters, Mildred

Gullion and Hattie and Moss Howell.

Dale and Cindy Wells celebrated their 12th wedding anniversary on Saturday. They went to The Thompson House in Hereford for an evening out!

Dale told me the Church of Christ Vacation Bible School would be June 26-27-28.

The First Baptist VBS will be from June 4-8.

Elizabeth Huckabay was hostess to the Thursday Bridge Club that met at the Senior Citizens Center for lunch and a day of bridge. Jo Gregory won high score and Oleda Schumacher won second high. Others playing were: Ferne Dickey, Louise Mears, Tina Rawlings, Susie Reeves, Jean Christian,

Protection

The signal light is man's guide to safer travel. However, they protect only as they are obeyed.

The Bible is God's Signal Light and guide for man's path through life.

"Thy word is a lamp unto my feet, and a light unto my path."

Through study of God's word, we learn His will for our life, and He will lead in paths of righteousness. **ATTEND CHURCH**

EVERYONE IN THE CHURCH .. THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Chit Chat From
South Hills Manor
Med West Health Care System

By Barbara Armstrong
We had several children come in different groups before school let out.

Those second graders from Nazareth can really sing, and they are really good.

We all enjoyed the piano playing and singing of the trio composed of Laverne Upshaw, Vivian Bennett and Gayla Davis of Hart.

We had our birthday party thanks to the Church of Christ ladies, and night bingo thanks to the Ladies Auxiliary at Nazareth.

Last Saturday the Melody Six from Nazareth came out and played country-western music. It was a regular "Saturday Night live."

We are doing ceramics once a month on our own now, since the MH/MR program was discontinued.

Mr. Justice donated a beautiful bird cage to the home and it has been placed in the lobby, but we don't have a bird for it yet.

We have had several new residents including Janie Perez, Myrtle Vice, John and Alma Arledge, Genevieve Howe and Robert Duke.

One resident, Clara Fuller, is in the hospital, and two have just returned from brief hospital stays - Nellie White and Grace Winters.

You all come and see us. We need your company.

RETIREMENT PARTY honorees Mr. and Mrs. Alvin Anderle are given a presentation by Holy Family Catholic Church pastor Rev. Harold Waldow.

Party honors Anderles

Mr. and Mrs. Alvin Anderle of Nazareth were honored with a retirement party held May 27.

The Anderles have served with the Nazareth School system for the past 20 years.

Mayor Tommy Hoelting proclaimed May 27 as Alvin and Matilda Day in Nazareth.

Pope John Paul II has granted his apostolic blessing to Mr. and Mrs. Anderle, and the document stating this is being sent from Rome for a later presentation by Father Harold Waldow at mass in the Holy Family Church at Nazareth.

Holidays, birthdays, weddings—when the occasion calls for a special gift, do you spend hours searching for just the right present? Simplify the selection process by giving an instant camera. It will add fun to the moment and keep memories fresh over the years.

Social Security
...in Castro County

By Terry J. Clements

People who are approaching 65 and do not plan to retire should be aware that their Social Security check will be larger when they finally do apply for it.

The reason is because of "delayed retirement credit". This credit increases a person's retirement checks for each month he or she does not get a benefit after 65 and before 70.

The credit adds 1/4% for each month - 3% for each full year - a person does not get a check because of work. It also applies to widows' and widowers' benefits.

The credit will gradually increase to 8% a year between 1990 and 2008. In addition to these credits, a person's earnings after 65 may also result in a larger check than would have been payable at 65.

Of course, a person who starts getting checks at 65 can still work and earn a

significant amount before his or her benefits are affected. In 1984, people 65 through 69 can earn \$6,960 and still get benefits for all of the year. There is no limit for people 70 and older.

If earnings go above \$6,960, then \$1 in benefits is withheld for each \$2 of earnings above this amount. This annual exempt amount will increase automatically to keep pace with increases in average wages. The exempt amount for people under 65 is 5,160 in 1984.

People who are working and estimated they would not earn more than the exempt amount should make sure they still are. Any change in a person's estimate should be reported to Social Security.

If you have a question about retirement benefits, or any Social Security question please call 293-4371. If you need to visit our office our address is 1401-B West 5th Street in Plainview.

Dancers go to Lubbock

The Castro County Kurlie Q's and the Dimmitt Promenaders Club attended the state square dance festival of the Texas State Federation of Square and Round Dancers last Thursday through Saturday at the Lubbock Civic Center.

Twelve members from both clubs attended the festivities from Dimmitt. They danced, saw exhibitions by large clubs, attended workshops and a fashion show, and had the privilege of watching former Dimmitt residents Mr. and Mrs. Ray Bradshaw, now of Roswell, N.M., win a prize of a 1984 Cadillac.

On Friday, a total of 1,700 people participated in the dance, forming 220 squares. Saturday, an estimated 2,500 people attended.

Elm leaf beetles require spraying

"Elm leaf beetle larvae are now actively feeding on leaves of elm trees," said Allen Knutson, Extension Agent-Entomology. This insect is a serious pest of elm trees in West Texas. Feeding from this insect skeletonizes the surface of leaves and premature defoliation of elm trees can occur.

Damage from this pest was severe in 1983. Treating with an insecticide will help minimize damage to elm trees this year.

The overwintering adult

beetles are emerging from houses, sheds and other protected areas where they spent the winter and are now laying eggs on elm trees. The beetles are oval and about one-fourth inch long. They are yellowish to olive-green in coloration with a black stripe along each side of the wing covers.

The female beetles lay eggs on the underside of leaves which hatch into small worms in a few days. These worms are nearly black in coloration and feed on the

underside of leaves. They skeletonize the leaves, leaving the veins intact.

To protect the foliage of elm trees from feeding damage, trees may be sprayed with Sevin or Orthene. Mix and apply sprays according to manufacturer's directions on the label of the chemical container. Thorough coverage of the trees with the insecticide spray is necessary to obtain satisfactory control of this insect.

To secure additional height and better coverage

of the tree, a hose-on sprayer may be tied to a fishing pole or sturdy object and raised up in the air to spray the tree. Caution should always be exercised when applying insecticides.

Decline in Deaths

A more than 70 percent decline in deaths due to uterine cancer over the past 40 years is attributed by the American Cancer Society mainly to the Pap test and regular checkups.

RIBBON CUTTING at the new location of the Running M Boot Shop and Custom Cleaning Store was performed Monday. Holding the scissors is Coby Moke, son of store owner Don Moke [wearing apron]. Others present include (from left) Chamber of Commerce President George Sides, Chamber Director Roger Malone, Chamber Manager Delores Heller, Goose Ramey,

Kent Carpenter, and Chamber directors Don Sheffy, Calvin Marsh, and Jim Killingsworth. Moke makes and repairs boots, repairs shoes, and conducts a pick-up center for Custom Cleaners of Hereford. The new facility boasts a drive up window on the east side, as well as plenty of parking.

Industrial Commission: here's the proposed plan

What is this 'Industrial Commission' that the Dimmitt Chamber of Commerce and the local business and industry leaders are trying to form here?

Basically, it's a development group with a plan for attracting new business and industry to Castro County with financial help from both the private sector and local governmental bodies. The ultimate goal is to strengthen the local economy, provide more jobs, and increase the property-tax and sales-tax income of local governments while spreading out the tax load.

Industrial development costs money. Surveys must be run, contacts must be made, sites must be acquired or secured, brochures must be printed—and sometimes, industrial facilities must be provided if one area is to compete successfully against others in attracting new industry.

The state government has recognized this, and has sanctioned the use of industrial revenue bonds (similar to school bonds and water bonds) to help bring new industry to Texas. The proposed new Industrial Commission is being established to utilize this revenue bond program should the opportunity arise.

As Chamber of Commerce President George Sides said, "If we can get our commission set up and get it funded, then whenever we hear of something that will fit our people or county, we'll be ready to jump onto it."

The Chamber of Commerce is currently seeking start-up funds from the county government and local cities and school districts.

Here is the complete Industrial Commission proposal, drawn up by the Chamber of Commerce Industrial Development Committee:

PREAMBLE

Throughout the last several decades, Dimmitt and Castro County have cycled through a number of growth and non-growth periods. In general, these cycles followed local farm profitability and influenced the entire county population. In the past, a few citizens have recognized the need to diversify the economic base of our area and have actively sought new businesses. For example, consider the Highway 385 Committee, which almost single-handedly developed this primary thoroughfare through Castro County; and the Dimmitt Wheat Growers, with the foresight to accept financial risks to put their ideas for a corn starch plant into reality. Some experiences were good, some bad, but we all recognize the contributions each development has made to our county.

Each citizen enjoys lower individual taxes and a more diversified shopping/social services district because of industries located in Castro County. Monies paid in employee wages, goods purchased by companies and new people strengthen our local businesses, helping them to survive during depressed agricultural periods.

A number of us have excellent suggestions to add industries to Dimmitt. However, the difficulties one must overcome to begin a new enterprise are tremendous and, as a result, many ideas go unexplored.

The Industrial Committee of the Dimmitt Chamber of Commerce believes that aggressiveness is again required to launch Dimmitt and the County into a new growth era. Total dependence on cycling farm profitability is not acceptable if we can otherwise stabilize our economy.

Increased manufacturing capacity will reduce the individual tax burdens to all citizens and businessmen (especially farm owners/operators), helping to relieve some of the daily pressures that all face in their bid for financial security.

Members of the Industrial Committee, the Chamber of Commerce, City and County have worked at length to equip our area with the necessary tools for development:

- A professional brochure
- County Industrial Revenue Bond Program
- City Industrial Revenue Bond Program
- Planning sessions and coordination of efforts to contact prospective industries

After observing the success of adjacent communities, we have become painfully aware that more work is needed. We must put our program into effect with aggressive, focused leadership.

PLAN

PURPOSE

Our purpose is to have a program to enthusiastically develop new industries suggested by community members and to follow up leads mentioned by others. Both human and monetary resources will be made available to reduce the problems associated with starting or expanding industries in Castro County.

Project guidance may include but not be limited to:

- Exploration of potential markets
- Financial evaluation
- Site procurement and/or development
- Assistance in securing funds for construction (i.e., Industrial Revenue Bonds)

- Matching of project needs with community human and physical resources
- Assistance in developing good working relationships with local governments, businesses, and citizens

GUIDELINES

1. Steering Committee

A Steering Committee consisting of eight members will be selected to oversee operations of the proposed program. The Committee will consist of four members from the Chamber of Commerce Industrial Committee, one appointee each from the School Board, City of Dimmitt, Castro County Commissioners and the local financial institutions. One person shall be elected by the committee as chairperson and all directions approved by majority vote. Committee terms are to be for two-year periods.

The Steering Committee shall have the responsibility to oversee all Industrial Fund disbursements, fully administer the Industrial Development Program and its personnel, report quarterly to all funding organizations, and participate firsthand in securing new industries for Castro County. The Committee shall work concurrently with the Chamber of Commerce.

2. Office

The Chamber of Commerce will provide office space, typing and telephone answering service free of charge, but will require payment in part for utility and telephone costs. Utility bill assessments will not exceed \$50 per month during 1984 and will be subject to review annually by the Chamber of Commerce Board of Directors. Telephone expenses will be based on actual billing for long-distance calls.

3. Working Fund

A working fund of \$49,000 in 1984 will be established through three means:

- Contributions by local citizens and small businesses
- Solicited contributions by existing industries
- Funding from local governing groups including, but not limited to, City of Dimmitt and the Dimmitt Independent School District

Proposed funding by group:

Castro County	\$14,000
City of Dimmitt	\$10,000
Dimmitt Independent Schools	\$14,000
Financial Institutions	\$4,000
Industry	\$4,000
Private/Small Business	\$3,000

The fund will be administered by the Steering Committee, which will assume full responsibility and accountability for fund disbursements. General usage of the fund will include:

- Salary for a professional developer (approximately \$27,000 in 1984)
- Labor associated costs for the developer (approximately \$4,000)
- Local supplies and utilities (\$1,500)
- Travel expenses for developer (\$9,000)
- \$7,000 to fund reserves to assist in expenses associated with helping active candidates implement plans for construction in Castro County
- \$500 for miscellaneous expense

4. Reporting

A semi-annual report of fund usage and activities will be prepared by the developer, reviewed by the Steering Committee, and distributed to each contributor donating \$1,000 per year, or more, to the Industrial Development Fund.

JOB REQUIREMENTS FOR DEVELOPER

In general, the Castro County Industrial Developer must be a psychologically mature person physically capable of building confidence in prospective clients. The developer must be professional in both conduct and appearance at all times and be prepared to represent the Steering Committee, Castro County, and Dimmitt at a variety of outside functions.

The developer must:

1. Be open to travel.
2. Be able to communicate clearly and concisely both verbally and in writing.
3. Have sufficient knowledge of state, federal, county and city government to represent their best interests.
4. Have demonstrated experience in business, industry or government sufficient to understand prospective industry needs and successfully lead them into project construction.
5. Be willing to do ALL tasks associated with industrial development including clerical tasks, etc.
6. Be self-motivated.

Amarillo pageant selects Simpson

Sheryl Simpson, daughter of Mr. and Mrs. Bob Simpson of Dimmitt, was voted Miss Congeniality by the contestants of the Amarillo Miss T.E.E.N. Pageant Saturday.

"Teens Encouraging Excellence Nationally" was the theme for the pageant. The contestants were judged in five areas: scholastics, community volunteer service, speech or talent, interview and overall stage presentation.

In the talent competition, Simpson played a piano solo arranged by Dwight Joiner of Dimmitt.

The Miss T.E.E.N. Pageant contestants participated in a walk to help raise money for the March of Dimes. Simpson was presented a tee-shirt for collecting the most money for the charity.

Each contestant presented a certificate of appreciation to the business firms that sponsored them. Simpson's sponsors were Bruegel & Sons, Inc. of Dimmitt and George Warner Seed Co., Inc. of Hereford.

Simpson will be a junior in Dimmitt High School next year. She is a member of the DHS Band and is Flag Corp Captain. She will also be a cheerleader next year. She has participated in track, basketball and 4-H.

In a statement about the pageant Simpson said that she would like to encourage more Dimmitt girls to enter the Amarillo Miss T.E.E.N. Pageant because, "It was a special day spent making new friends and building confidence. It was a fun day that included learning new songs and dances for a stage production."

Jose Ferrer, the renowned actor, showed such skill at music during his school days that it was felt he would someday be a concert pianist.

College Station is home for Mr. and Mrs. Henderson

Mr. and Mrs. Steven James Henderson are at home in College Station after a wedding trip to Cozumel, Mexico, following their May 26 wedding in the First Baptist Church of Dimmitt.

The bride is the former Deidre Suzanne Craig, daughter of Genell Craig of Dimmitt and Randall Craig of Austin. The groom is the son of Janet Henderson of Lubbock and Frank Henderson of Buda.

Rev. Joe Higgs, minister of music and education at the First Baptist Church, led the recitation of vows for the formal, double-ring ceremony.

Music at the organ was provided by Shirley Peggram of Dimmitt. Judy Mason of Morton was pianist. A duet of Blain Shelton of Dallas and Daina Henderson of Lubbock sang the selections "Just You and I," and "Evermore." Henderson then sang solo presentations of "If," and "The Wedding Song."

Maid of honor was Jan Robb of Amarillo, and bridesmaids were Lisa Craig of Garland, sister-in-law of the bride, and Daina Henderson of Lubbock, sister of the groom.

They wore identical dresses of peach handkerchief linen in a matinee length, featuring loose-fitting tops with a V-back and short sleeves. Self-material sashes accented the dresses. Each attendant carried peach colored longstem roses mingled with stephanotis, baby's breath and Ming fern, all tied with ribbons in the bride's colors.

Best man was Ricky Lawless of Levelland. Rodney Craig of Garland, brother of the bride, and Rocky Lawless of Levelland both served as groomsmen. Ushers were Tony Long, Russell Van Zandt, Deuce Kauffman, and Troy Skillern, all of Levelland. Kauffman and Skillern

MRS. STEVEN JAMES HENDERSON

also served as candle-lighters.

The bride walked down the aisle to "The Wedding March" and was given in marriage by her father. She wore a formal gown of white silk taffeta with a fitted bodice embellished with white Alencon lace, scattered seed pearls and iridescents. The short butterfly sleeves were graced with white silk flowers capping off her shoulders. Her gown featured a soft V-neckline scalloped with matching Alencon lace. The natural waistline was encompassed by a matching taffeta cummerbund attached to the full skirt, which fell to floor length, forming a chapel-length train. Her white hat embellished with Venice lace was accented with a small satin bow on the hat's upturned edge. Fastened to the brim was a layer of illusion that formed a finger-tip length veil. Her bouquet was formed of peach and sonia roses, white Jap-pette orchids, white stephanotis and green accents of Ming fern, all tied with ribbons of peach.

The couple stood before an

altar decorated with green potted plants and appointed with brass candelabra holding white candles and peach bows. The pews were marked with hurricane lamps and peach bows.

At the reception in the church fellowship hall, the bride's table featured a three-tiered cake with fresh peach roses and daisies decorating the bottom two tiers, and a topspiece of a Precious Moments bride and groom figurine, given to the bride by her maid of honor. Centering the table was a five-branch candelabra holding peach votive candles entwined with fresh peach roses, daisies and Ming fern. The tablecloth of white eyelet was accented with peach napkins, brass and crystal appointments.

Servers were Debbie Dennis and Lesli Rush of Lubbock.

The groom's table had a gray cloth topped with white eyelet. A three branch candelabra held peach votives and complemented the brass coffee service. The chocolate cake featured the couple's names in intertwined hearts. Gray napkins were used, along with crystal and brass appointments.

Lisa Gilley of Buda and Stacy Shelton of Dallas, step-sisters of the groom, served at his table.

Members of the house-party were Carol Lantz, Sue Phillips, Diane Hatla, Dorothy Gilbreath, Mary Edna Hendrix and Jean Robb. Sitting at the registry was Christy Moore of Brownfield.

Special guests were the bride's grandmother, Mrs. Paul Craig of Friona, and the groom's grandmothers, Mrs. Maxine Reid of Lake Brownwood and Mrs. Pauline Henderson of Whiteface.

The bride is a 1981 graduate of Dimmitt High School, and she attended South Plains College in Levelland. She is presently employed at GMAC of Bryan.

The groom is a 1981 graduate of Levelland High School. He graduated from South Plains College and is presently attending Texas A&M University. He is employed at The Greenery of College Station.

Summer basketball league begins

CLOSING IN—The header has his calf on the line, and the hazer slows his horse and starts swinging his rope in the team roping action at the Nazareth Country Rodeo and Wild West Show Sunday afternoon. Approximately 20 two-man teams entered the roping event, with Danny Garcia of Clayton, N.M., and Ramon Maez of Texline winning the championship.

For the first time, due to a new U.I.L. rule, athletes may play in summer basketball leagues as long as there are no more than three players from one high school on the same summer team. High School coaches cannot coach any team, and there can be no more than two games per team each week.

Dimmitt and Nazareth have organized eight teams to play in the summer league this year. The teams are:

Celtics: Pat McDonald, Blake Brown, Billy Steffens, Todd Hill, Darryl Hoelting, and Mark Bennett.

Lakers: Nathan Nelson, Mike Love, Randy Leavitt, Ricky Backus, Milton Carasco and Russell Acker.

76-ers: Mark Smothermon, Scott Hill, Russell Hoelting, Kenny Kern, Craig Huseman, and Jaime Alexander.

Mavericks: Darrell Washington, Todd Brafladt, Chris Gerber, Chris Schmucker, Kevin Hoelting,

and Jeremy Warren.

Suns: Kevin Cleveland, Darrell Buckley, Charles McLean, Phil King, Jerry Schaeffer, Norman Hays and Keith Gregory.

Nuggets: Jeff Watts, John Smith, John King, Mark Huseman, Blaine Gregory, Brad Buchanan and Cary Buchanan.

Rockets: Brad Holcomb, Robert Nelson, Danny Martinez, Nick Martinez, Scott Rawls, Joe Porter, Gabriel Montiel and Todd Durham.
Coaches: Joe Lombard, Johnny Hampton, Keith Lowe, Alan Steinle, George Rasor, Lyman Schroeder and Ken Cleveland.

The summer season opened June 4 with four games being played. It will continue on through July 19, and a tournament will be held at the end of the season.

In the first night's action, the Suns, Nuggets, Rockets and Coaches teams all gained victories.

The Suns defeated the

Celtics by a count of 104-58 in the opening game. The Suns were led by Jerry Schaeffer and Kevin Cleveland, who had 28 points each. The Celtics were led by Pat McDonald with 21 and Darryl Hoelting with 13.

The Lakers went down in defeat at the hands of the Nuggets, 87-63. Jeff Watts led the winning team with 22 points and Mark Huseman added 21. Nick Martinez had 19, and Mike Love scored 10 points for the losing Lakers.

Brad Holcomb scored 28 points and Robert Nelson added 11 as the Rockets defeated the 76-ers, 81-49, in league action. For the 76-ers, Mark Smothermon had 15 and Russell Hoelting had 12.

In the final game of the evening, the Coaches team upended the Mavericks 79-52. Leading the Coaches in scoring were Joe Lombard and Lyman Schroeder with 18 points each.

For the Mavericks, Todd Brafladt had 15 and Chris Gerber contributed 13.

TRACY HATLA of the Castro County 4-H Rabbit Club was a big winner in the open rabbit show held here Saturday. Here, he holds his English spot rabbit, "Larry," which was named Best of Breed. Hatla also showed the Best of Opposite Sex entries in the English Spot and Silver Martin breeds.

Chapman is in exercise

Marine 1st Lt. Duke R. Chapman, son of Jimmie W. and Della M. Chapman of Dimmitt, recently participated in an exercise at Marine Corps Air Station Kaneohe Bay, Hawaii.

He is an officer assigned to Marine Fighter Attack Squadron 531, Marine Aircraft Group 11, Third Marine Aircraft Wing, Marine Corps Air Station El Toro, Santa Ana, Calif.

The transit to the eight-day exercise was the first trans-Pacific flight of an F/A-18 "Hornet" by a tactical unit. An Air Force tanker was used for enroute refueling. Before going to Kaneohe Bay, the squadron went to Barking Sands Pacific Missile Range Facility, northwest of the Island of Kauai for a missile firing exercise. The squadron landed at Kaneohe Bay almost nine hours after takeoff from El Toro, the longest flight ever recorded by the Hornet.

While in Hawaii, the squadron flew air-to-ground training missions, practicing deep air strikes and radar bombing. They also flew air-to-air missions.

Billy Harman of Dimmitt is ranked in the top twenty out of about 136 racers in the current standings at Amarillo Dragway with a total of 160 points.

Top leader so far is Abe Escobedo of Friona with 260 points for the season. At the bottom of the top ten is Bobby Fulks of Friona with 180 points, so Harman is not far behind the leaders.

Harman drives a 1971 Oldsmobile Cutlass, with a best time of 15:55 seconds through the quarter-mile at 93 mph. If he remains in the top 32 racers at the dragway, Harman will qualify to enter the Western Conference Regionals in Amarillo Aug. 19-21, with a chance to advance to competition in Fort Worth at Green Valley Raceway.

Harman said he plans to run his 1967 Dodge Coronet R/T at the conference regionals. The car has a top time of 14:22 with a speed of 102 mph.

Yanks, Cards gain easy win

The Yankees blasted the Rangers 45-13 and the Cards topped the Dodgers 17-4 in Mustang League action last Thursday.

In the Yankee-Ranger game, the Rangers could only come up with three runs in the first inning and 10 in the second, while the Yankees averaged a little over 11 points an inning for the four innings played.

In the Dodger-Cards game, the Cards held a 5-2 lead at the close of the first inning, and opened the game up after the second with five runs to take a commanding 10-2 lead. The Dodgers picked up a run in both the third and fourth innings, but the Cards came back and struck seven times in the fourth to put the game away.

Vaccinate horses

Though sleeping sickness is no longer a major problem in the horse industry, it still exists and all equines should receive a protective vaccine each year.

"Losing horses to sleeping sickness is unnecessary," says Seth Ralston, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

A highly effective combination vaccine is available for horses, says Ralston. It protects against Eastern, Western, and Venezuelan types of sleeping sickness as well as tetanus.

In recent years, cases of the disease have been reported in Florida, Georgia, South Carolina and Alabama, probably due to high mosquito populations during the summer months.

Equine encephalitis (sleeping sickness) is carried naturally by several species of birds.

"When mosquitoes bite an

infected bird, the disease can then be transmitted by the mosquitoes to other animals," explains Ralston.

Early signs of the disease include fever, loss of appetite and depression. The animal is usually restless, may walk aimlessly in circles and be sensitive to sound and touch.

"One common symptom is a horse that stands with his head hung low like he's sleeping. He doesn't fully chew hay or forage, and as the disease progresses, the tongue may actually hang out of the mouth," says Ralston.

Once a horse is infected, treatment is generally unsuccessful. That's why proper immunization each year is so important.

"The disease can also be transmitted to humans and some other animals," notes Ralston. The virus has been found in dogs, goats, pigs and domestic birds.

Bronco Big plays not enough

Home runs by Danny Olivero and Raymond Danes proved to be unsuccessful for the Astros and Yankees, as they were both beaten Friday in Bronco League action.

In the opening game, Olivero of the Astros, hit a two run homer in the top of the fifth inning to put the Astros in the lead 10-8. Olivero's effort didn't pay off as the Braves responded with four runs in the bottom of the fifth to go on top 12-10 and take the victory.

The Yankees had the same luck in the later game. Danes hit a home run in the top of the first inning, but the Yankees were still down 5-2 at the end of the inning. The Rangers picked up six more runs in the second to give them an 11-6 victory over the Yankees.

In 1981, 19 hunters died in firearms accidents in Texas, while in 1982, 23 died.

DPS commander gives tips on summer driving

Now that school is out and vacation time is here, motorists are taking to the roads in droves, thus increasing their chances of having unfamiliar driving conditions.

Major V. J. Cawthon, Dept. of Public safety commander of Region 5, said, "When driving in the rural area, slow down BEFORE, not after, entering a curve. If you wait until it seems urgent to slow down, it is too late. Your engine should be pulling your vehicle through the curve. This pulling force aids in directional control, when you use a safe speed in a curve."

The major reminds the Texas motorists to be alert to the fact that many people lose their lives within 25 miles of departure and/or destination. This fatal fact of the road is due in great part to abusing the speed laws. Plan your trip so that you have plenty of time to reach your destination and return in comfort, he advised. This means a minimum of night driving, no speeding and no driving when fatigued.

FIFTY YEARS AGO the members of the Dimmitt High School Class of 1934 included [back, from left] Dan Boothe, John Rippey, Frank Winkle, Alvie Redden and Emmett Bost; [middle, from left] Herman Troutman, sponsor, Gladys

Hyatt, Johnny Beth Tate, Lorene Conner, Lilla Mae Smith, and Ruth Wright; and [front, from left] Alma Ruth Andrew, Dorothy Maples, Billie Blanton, Rachel Barnett and Kathleen Rothwell.

REUNITED — Six members of Dimmitt High School's Class of 1934 and their class sponsor gather at the serving table during an open house Sunday afternoon at the Senior Citizens Center. From left are Alvie Redden of Grand Junction, Colo., who was the class reporter; Lorene Conner Reid of Medford, Ore., class president; Herman Troutman

of Dumas, who was the class sponsor and girls' basketball coach; Dorothy Maples Elder of Dimmitt, the class historian; Lilla Mae Smith Baker of Plainview; Kathleen Rothwell Nowell of Ft. Towson, Okla., who was the valedictorian; and Dan Boothe of Hollis, Okla.

For Class of '34

First-ever reunion is held

Six members of the Dimmitt High School graduating class of 1934 and their class sponsor met in Dimmitt last Saturday and Sunday for the class's first reunion since graduation.

Class members who attended the reunion were: Lorene Conner Reid of Med-

ford, Ore., class president; Kathleen Rothwell Nowell of Fort Towson, Okla., class valedictorian; Dorothy Maples Elder of Dimmitt, class historian; Alvie Redden of Grand Junction, Colo., class reporter; Dan Boothe of Hollis, Okla.; Lilla Mae Smith Baker of Plainview; and Her-

man Troutman of Dumas, class sponsor.

The class members toured the former high school building, which is now part of the middle school. Pictures were taken of the former students as they sat at desks in one of the classrooms, and also as they congregated at the school entrance.

Saturday evening the group met for dinner at the Colonial Inn, and were later invited to the home of class member Dorothy Maples Elder and husband, Jim, for

further visiting and refreshments.

Sunday afternoon the class held an Open House at the Senior Citizens' Center where they visited with former friends and relatives. Group pictures were made by Garner Ball and Castro County News photographer Don Nelson.

Class members who were unable to attend the festivities were Ruth Wright Wilkens of Russellville, Ark.; Johnny Beth Tate Skeletin of Buffalo, Wyo., class salutatorian; Tincy Andrew Reed of Sumpter, Ore.; and Gladys Hyatt McCrary to Texarkana.

Emmett Bost, John Rippey, Billye Blanton and Frank Winkle are deceased members of the class.

Special guests present for the reunion were Mrs. Herman (Pat) Troutman, Mrs. Dan (Lois) Boothe, Jim Elder, Christine Bagwell Bell and Kay Smith Chapman.

Troutman, class sponsor, was also coach of the girls' basketball team in 1934 that won the runner-up trophy at the Regional Tournament in Plainview, then went to the State Tournament in Celeste, where they won the Sportsmanship Trophy.

Tax breaks available on some home sales

Certain taxpayers who sell their home can exclude up to \$125,000 of the sale's gain from taxable income.

Taxpayers who are 55 or older or married to someone 55 or older can make this election when they sell a home. The home must have served as the principal residence for three or more years during the five-year period immediately preceding the sale.

"This option for taxpayers is a provision of the Economic Recovery Tax Act of 1981," points out Dr. Stebbins, real estate specialist with the Texas Agricultural Extension Service. "The intent of the provision is to allow older citizens to liquidate the equity in their home and enjoy a higher income during retirement without incurring an excessive tax burden."

One of the important restrictions in the provision is that a taxpayer can use the election only once, notes Stebbins. Once selected, it is binding upon both spouses

regardless of any future transaction or remarriage.

"Also, taxpayers should be aware that if they exclude less than \$125,000 gain, the difference is forever forfeited," the specialist points out.

Another consideration concerns buying or building a replacement home. If this is done within two years of the original sale, older citizens also reduce their tax liability by the normal rollover provision applicable to everyone. Thus, 55 or older taxpayers can use both the rollover provision and the special \$125,000 exclusion for the same transaction, Stebbins says.

"Older taxpayers should become completely familiar with their options on home sales and should seek professional assistance as they make their decisions," recommends Stebbins. "It's especially important for farmers, ranchers and others who use property partly as a home and partly for business to obtain professional guidance."

Police calls

During the past week local law enforcement officers have handled a case of criminal trespass, two of criminal mischief, one DWI, and two traffic accidents.

A 26-year-old Dimmitt man was arrested Tuesday on charges of criminal trespass. Investigation into the matter is continuing.

May 29, a 29-year-old Dimmitt man was charged with criminal mischief.

Another case of mischief was reported Monday when Jessie Fuentes of 505 SW 3rd in Dimmitt called police about a broken window at his home. Replacement cost was estimated at \$35 to \$50. No suspects were arrested, but Fuentes told police neighbor children may have been responsible.

An accident Monday morning resulted in minor injury to Lanell Hanson, 38, of Dimmitt, when the 1977 Ford she was driving was struck from behind by a 1973 Ford driven by Thomas Casas, 19, of Dimmitt.

The incident occurred on SW Second Street as Hanson pulled into the parking lot of Lee Street Baptist Church. Casas was cited for following too closely. Damage to both vehicles was light.

May 29 a 1974 Mack truck driven by Joe Watts, 23, of Dimmitt struck the back end of a 1981 Ford pickup driven by Charles Axtell, 39, of Dimmitt. Axtell had stopped at the stop sign at the intersection of FM 3215 and South US 385. The truck driver was looking away as he approached the intersection and hit the back of Axtell's vehicle.

Watts was issued a citation for following too closely. No injuries were reported and damage was light.

A 29-year-old Friona man was picked up May 29 on DWI charges, and a 25-year-old Dimmitt man was jailed the same day after arraignment on an earlier DWI charge.

A 51-year-old Amarillo man was picked up on two DPS warrants, including charges of no liability insurance, failure to yield right of way and failure to appear.

Local firemen attend symposium

Three members of the Dimmitt Fire Dept. attended a two-day symposium in New Braunfels over the week-end on the care and use of Jaws of Life equipment and the basic techniques of air bag equipment in rescue operations.

Those attending the symposium were Acie Boyd, Charlie Lane and Gary Rainwater.

The symposium was designed to retrain and re-familiarize fire departments which have the rescue tool with the safety and precautions needed in operating the jaws. About 500 volunteer firemen from all over the state attended the meeting.

Expenses for the men's training trip were shared by the county and city.

Cancer Society

Thousands of American Cancer Society volunteers knocked on millions of Texas doors last month during the annual house-to-house campaign. Doris Lindsey and Louise Mears were co-chairpersons in Castro County.

Residential volunteers this year hope to raise \$2,230,000 (or about one-fifth of the total Division Crusade goal) during the April Cancer Control Month campaign.

During the drive, volunteers distributed a short test on risk factors for the two most common internal cancers.

This year's self-assessment quiz for lung and colon and rectum cancer follows the successful risk evaluation concept used for the last two years.

The quiz includes an explanation of risk factors and safeguards which can reduce the chances of developing these cancers. It also discusses early detection methods and includes a detachable coupon to request a complete risk assessment self-test. These were distributed widely throughout Castro County.
