

THE CASE NEARLY AT AN END

Arguments in Cases of Tom White and Curtis Jett Are Being Concluded Before Judge Redwine at Jackson, Kentucky, This Afternoon

EXPECT MISTRIAL AT JURY'S HANDS

Most Sanguine Express Belief That Conviction Is Now Impossible—Witnesses Prepare to Flee for Lives When the Trial Is Over

JACKSON, Ky., June 17.—With the testimony closed, the jury charged by Judge Redwine and the arguments of the counsel proceeding today, there is a general belief here that no decisive result will be reached in the present trial of Curtis Jett and Thomas White for the murder of James B. Marcum.

Although the jurors are not residents of Breathitt county, the most sanguine predict nothing more than a disagreement of the jury, and others anticipate an acquittal.

Under these conditions the reign of terror continues. Part of Ewen's family have gone to Lexington and others are arranging to become refugees from their homes.

Following the action of the grand jury yesterday in releasing those held for arson and an alleged attempt last night to kill those who testified in the arson cases, there is increased anxiety as to what may happen to other witnesses in the murder cases after the trial closes.

It has been decided by Captain Ewen that it is not safe for him here, even in the camp with the soldiers, as sharpshooters might pick him out some time when he is in his tent. E. J. Ewen, who was reported as having fled from the camp, was here last night, as well as the previous night, and did not leave until this morning.

He took the 5 o'clock train, boarding it at a point across the river, which he reached by way of the foot bridge on the Panhandle. A squad of soldiers accompanied him and saw him safely aboard the train. The camp is located on the river bank and he did not have to expose himself to that part of the town controlled by the dominant faction. He sent several of his children away yesterday to relatives and friends at different places and secured a place for his wife and younger children here until he can make other arrangements.

When the court convened this morning Judge E. F. French, a noted leader of the French-Eversole feud, who is the leading lawyer for the defense of Jett and White, began the opening argument for the defense before Judge Redwine. He declared that County Judge Blanton, who had said that Witness Crawford had been arrested, had lied.

Judge Blanton sprang to his feet and approached Judge French, but Elinor Jones threw herself between the men and Judge Redwine finally secured quiet in the courtroom. Judge Redwine then threatened to send Judge Blanton to jail for contempt of court and admonished Judge French to be more temperate in his language.

THINK WATCHMAN WAS VICTIM OF NEGROES

BIRMINGHAM, Ala., June 17.—Arthur Ballard, extra night watchman at the Tennessee Coal and Railroad Company's mines at Redders, ten miles south of here, was murdered, and his body partially cremated Sunday morning at 2 o'clock. A small outhouse was badly damaged by fire. When the fire was extinguished Ballard's body, face downward, was found on the floor, arms and legs being burned off and head badly charred. It is believed that Ballard was murdered by negroes and then placed in the little outhouse, which was fired. One theory is he caught a number of negroes gambling and they assaulted him. The coroner is now investigating the murder and much excitement has prevailed all day because of the crime.

COFFIN MAKERS ARE OUT ON A STRIKE

NEW YORK, June 17.—Because of the refusal of their employers to grant their demands for a nine and a half hours work day and a three hours work day on Saturday, coffin makers have gone on strike in several of the leading factories in this city.

WEATHER MAN BUSY FOR A MONTH AT LEAST

SALINA, Kan., June 17.—The weather report of Observer W. A. Jones to the United States agricultural department for the month of May shows a total precipitation for the month of 17.23 inches. This is within nine inches of the average annual rainfall of central Kansas. In 1901 the total precipitation for the year was only 17.83 inches, only .56 more than for the month of May this year. The heaviest fall last month was May 28, 5.25 inches. There were seven thunderstorms, five hailstorms, three tornadoes and five floods. Rain fell every day from May 10 to 17.

PUTS HUSBAND IN A PRISON

Wife of Millionaire Who Was Married in El Paso Appeals for Order of Detention to Restrict Him

NEW YORK, June 17.—Edwin D. Mooers, reputed to be worth several million dollars, spent last night in a cell in Ludlow street jail. He is booked to sail for Europe today, his name and that of his mother appearing on the list of the liner New York. Unless \$10,000 is deposited as bond for his appearance to answer a suit for divorce brought by his wife, whom he married at El Paso, Tex., March 1, 1900, he will be unable to sail today.

Mooers is a well-known figure in New York, Chicago and San Francisco.

In her affidavit upon which Judge Clark issued the order of detention, Mrs. Mooers describes herself as being without property or income. She says that she appealed to her husband last month for a contribution to her maintenance and that he refused it and told her he was going abroad for a long time, to "get rid of the whole thing." She says she has lived apart from her husband since October, 1902.

Mr. Mooers, who is not yet 39 years old, declined to discuss the matter for publication.

CARLOAD OF HORSES KILLED IN A WRECK

MUSKOGEE, I. T., June 17.—Sunday night there was a wreck on the Missouri, Kansas and Texas two miles north of this city, in which four men were injured and the train delayed fifteen hours. Twenty-two freight cars loaded with merchandise spilled out in a ditch. The injured men are A. C. Cossart, of Parsons, W. H. Bush of Hot Springs, John Kelly and Charles Black, tramps. Cossart will die. The wreck was caused by the rails spreading. There was a carload of horses in the train and all were killed. Two excursion trains loaded with people returning from Kansas City were blocked on the main line ten hours.

BEAUMONT CAN NOW HAVE A LIBRARY

BEAUMONT, Texas, June 17.—Andrew Carnegie has offered Beaumont a \$25,000 library with usual string tied to it.

HILLSBORO SHERIFF CAPTURES PRISONER

HILLSBORO, Texas, June 17.—Sheriff Satterfield has arrested Alf Neal, wanted in Arkansas on the charge of murder, and for whom there is said to be a reward of \$400.

SAID FEATURES WERE PAINFUL TO HER

Whether Lou Sanders interrogated or admitted, and the manner in which she did it, if she did it at all, were points at issue in the corporation court this morning.

Judge C. T. Frewitt decided that she affirmed and made the punishment \$5 and costs. The prosecuting witness was Jim Grant, who told the court how the defendant had made him the target of a tirade of abusive language, without any provocation. The case against the Sanders woman was set for trial Monday morning, but was postponed on the defendant's plea that "her features pained her severely."

Mr. Grant is a white man. The defendant is a colored woman. Mr. Grant's testimony was to the effect that he met the Sanders woman on the street Sunday and, without his saying a word to her, she began cursing and abusing him.

The defendant, when placed on the stand, told the court that she had been accosted by Mr. Grant and, instead of making the direct charge that he was one of four men whom she said were trying to "job" her, she related to the court how she merely asked if he was one of the men. She admitted that she used profane language, but denied that she was

THINK CORNWELL IS IN HONDURAS

Absence of Missing Bank President Which Has Stirred All Alabama Is Still Unexplained, Save by Rumor

BIRMINGHAM, Ala., June 17.—No tidings have been received of the whereabouts of Captain Thomas J. Cornwell, the missing president of the Bessemer Savings Bank, which, together with the Bessemer Bank of Commerce, in which Cornwell was also interested, closed its doors on Thursday morning.

MAY BE IN HONDURAS. Cornwell has now been gone over a week, and many are of the opinion that he proceeded from here, where he was last seen, to New York, and there took sail for Honduras, to join his former friend, Major E. A. Burke, the defaulting state treasurer of Louisiana, who fled to Honduras several years ago. Major Burke is said to have prospered in Central America, and those who believe that Cornwell has gone hence think also that he may engage in business with Burke.

The two were friends, Major Burke having been interested years ago with Cornwell in a number of business enterprises at Bessemer. It is now generally believed that Cornwell took with him but little of the quarter of a million of the bank's money which he made way with.

LOST IN COTTON. Practically all of the money was lost in his cotton speculations, which turned out disastrously because of the sudden and unprecedented rise in the white staple. This theory is in a measure confirmed by the fact that Cornwell left his wife and children, to whom he was very devoted, practically penniless.

A SHOCK TO STATE. Cornwell's default and flight was a tremendous shock to all Alabama. He was easily the most prominent man in the city of Bessemer, and had the confidence of the leading bankers and business men all over the state. He was a leading member of the last state constitutional convention, and was active in all prominent movements in this part of the state. During his business career he had made money freely and had been a liberal giver to and backer of all worthy movements.

But on the stock boards he was known as a plunger, and it is said that only about a year ago he made \$90,000 on a single deal. His default completely wrecks the Bessemer Savings Bank, of which he was the largest stockholder, and depositors are caught for \$230,000.

J. H. McWilliams of this city, who came here from Birmingham, Ala., several months ago and who is employed at the famous, is well acquainted with the missing Cornwell, whom he knew for about twelve years. Cornwell, he says, stood very high in the community, was a prominent church member and was the last man anyone would have suspected of becoming a defaulter.

Bessemer is the seat of large steel mills, and had three banks, two of which were compelled to close their doors because of the absence of Cornwell.

CONTRACTOR KILLED BY HIS EMPLOYEE

GUTHRIE, Ok., June 17.—At Viola, Ok., James Earl, who had a contract to construct portions of the Kansas and Texas railroad extensions between Coalgate, I. T., and Oklahoma City, was killed by one of his employees during a general camp quarrel. Three men have surrendered voluntarily and have been removed to Wewoka, I. T.

TO SETTLE ITALIANS IN EASTERN EQUADOR

GUAYAQUIL, Ecuador, June 17.—Enrique Brogna has signed a contract with the Ecuadorian government to bring parties of Italian emigrants to settle the eastern part of the country.

PROPERTY VALUES SHOW BIG INCREASE

GUTHRIE, Ok., June 17.—Owing to the failure of all the counties of the territory to report on valuations of property, the board of equalization, which met here this morning, was unable to complete its task. Adjournment was taken until June 22. Seventeen counties have reported, showing an excess in property valuations over that of a year ago of \$5,000,000.

RISTON HAD NOTHING TO SAY. Jerry Riston, colored, had nothing to say in his defense when arraigned on the charge of trespassing. He was arrested late last night by C. C. Stringer, policeman in the Santa Fe yards. He was discovered between the two transfer tracks, and with a sack thrown over his shoulders. Riston resides near the place where he was arrested, and the officer believed he was in the yards to get a supply of coal, which was standing in a car on one of the transfer tracks. The defendant was fined \$5 and costs.

TRANSFERRED TO COUNTY COURT. The cases in which Ab Dean, Dave Gordon and Henry Hill are charged with violating the Sunday closing ordinance, and which R. E. L. Roy, assistant city attorney, has been endeavoring for the past week to bring to trial, were this morning transferred to the county court. Witnesses required in the case reside without the city limits, and therefore are not amenable to a summons from the corporation court.

ASK THE GOVERNOR TO RETURN LETTERS

TOPEKA, Kan., June 17.—Governor Bailey is now beginning to hear from some of the old maids and widows who proposed to him shortly after his election as governor. They want their letters of proposal back. They have heard of the governor's marriage. One of them in a letter received by the governor said: "Since you are now married I wish you would return my letter of proposal. I am afraid it might hamper me in any future attempts to get a husband and would, therefore, appreciate it if you will send it back so that I may destroy it."

LIST OF DEAD HARD TO MAKE

JEPPINER, Oregon, June 17.—The confusion has been so great here that no accurate estimate of the number of lives lost by the flood could be made. Last night 139 bodies had been recovered and it is believed that the total number of dead will not exceed 200.

MICHIGAN BANKERS IN SESSION TODAY

SAGINAW, Mich., June 17.—Capitalists and financiers made up the audience this morning at the opening of the annual state meeting of the Michigan Bankers' Association. Though devoted almost entirely to routine business, the morning session was not without interest. After welcoming addresses had been delivered and responded to the convention listened to the annual address of the president of the association and the reports of the other officers.

Much interest is manifested by the members in the convention banquet to be held tonight, at which addresses are to be delivered by a number of men of note, among them Senator J. C. Burrows, Congressman William Alden Smith of Michigan and Congressman Charles N. Fowler of New Jersey.

GEORGIA BANKERS IN SESSION

ATLANTA, Ga., June 17.—An address by William Ridgely, comptroller of the currency, was the principal feature of the opening session today of the twelfth annual convention of the Georgia Bankers' Association. There was a large attendance present when the session was opened with an address of welcome by Mayor Egan P. Howell, to which response for the visitors was made by J. Ferris Carr of Savannah. President F. D. Bloodworth of the association then delivered his annual address. The convention then heard the address of Comptroller Ridgely, which dealt with a variety of subjects of interest and importance to the financial world.

This afternoon and evening are to be devoted to entertainment, and the business sessions of the convention will be resumed tomorrow.

WATER STRIKE HANGS IN AIR

CHICAGO, June 17.—A settlement of the hotel and restaurant waiters' strike appears today to hang upon technicalities.

The exact construction to be put upon the term "union recognition" is a stumbling block to the adjustment of the difficulties between the parties to the controversy.

The joint board of the strikers' union is inclined to hold out for an agreement to employ union men and women only, while the hotel and restaurant owners declare they can do no more than promise not to discriminate.

The joint board in conference early today was unable to agree upon an acceptance of employers' terms and decided to submit the matter to President Gompers.

The resumption of business by the large downtown restaurants precipitated several incipient fights, the pickets generally selecting women for their victims.

On the whole, however, there is regular service with almost a full complement of help in kitchens and dining rooms affected by all the strike-bound establishments.

GUTHRIE, Ok., June 17.—Owing to the failure of all the counties of the territory to report on valuations of property, the board of equalization, which met here this morning, was unable to complete its task. Adjournment was taken until June 22. Seventeen counties have reported, showing an excess in property valuations over that of a year ago of \$5,000,000.

BOSTON LOOSENS UP SOME TODAY

One Day of the Year When All Loyal Citizens Thaw Out to Celebrate the Anniversary of Bunker Hill

BOSTON, Mass., June 17.—Bunker Hill day is being celebrated with a program that will not end before midnight. The gala day opened with salutes by the warships in the harbor, the navy yard battery and Fort Warren. The presence of the historic Liberty Bell, loaned for the occasion by the city of Philadelphia, made the celebration the most enthusiastic held in many years. The famous relic was exhibited throughout the day on Boston common, where it was guarded by the Ancient and Honorable Artillery company of Boston.

All public buildings were lavishly decorated and a large majority of the hotels and business blocks. Flags were flying by the hundred and nearly every residence added one or more to the blaze of color. Business was suspended and the streets were thronged in the morning. The military, naval and civic parade in Charlestown this morning opened the program of the day. The sailors and marines from the warships were enthusiastically cheered all along the route. Historical exercises, athletic contests, cycle races and rowing races were held this afternoon.

Bunker Hill day is the Massachusetts' Fourth of July. It is observed nowhere else, but here it is celebrated with a vengeance. At midnight the church bells chimed, the whistles blew, the giant crackers exploded, and the pandemonium of noises made in the Charlestown district might have been heard around the world.

With each recurring year more and more "fuss" is made over the anniversary of the battle of Bunker Hill, and larger gatherings have gradually grown to larger and more impressive ones.

MAY BEAR A BRAND FOR REST OF LIFE

NEW BEDFORD, Mass., June 17.—Clarence Mason, son of the chief of police, is suffering from an attack of blood poisoning as a result of being branded at an initiation of the secret society of the local high school. It is feared he may not recover.

Joseph McIntyre, another student, is in a serious condition.

One of the principal features of the initiation was the burning of Greek letters on the forehead of the candidates by means of a preparation of nitrate of silver and nitric acid. This solution has been used in all the initiations hitherto with no evil result.

If the boy recovers, he will be marked for life.

DENMARK WILL ALSO HAVE SHIPS THERE

BERLIN, June 17.—The Tageblatt prints a dispatch from Kiel saying that a Danish squadron of warships will be there at the same time as the American and European squadrons.

CHARACTER BUILDING AND TYPHOID FEVER

ITHACA, N. Y., June 17.—One of the features of class day exercises at Cornell was the address of ex-President Andrew D. White. He referred to the typhoid epidemic and said he believed Cornell will be better and stronger in the end. Then directing his remarks to the students, he emphasized the importance of character building.

George Holland Sabine of Dayton, Ohio, delivered the class oration and Miss Edith Loebner of New Orleans, La., read the class poem.

DENTON, Texas, June 17.—Alex Robertson, of Denton, who is one of the best informed men in Denton county on any matter pertaining to the county, from the farm to the bar, estimates that Denton county will make 2,072,600 bushels of wheat this year. "Uncle Alex," as everybody calls him, is a lawyer by profession, and a good one, too, but for the last few years he has given the principal part of his time to looking after his landed interests, and has become one of the best theorists in his long residence in this county, his pecuniary interest in it and close observation, he can give more history of agriculture in the county off hand than any other man in it. Talking to the Telegram correspondent yesterday Mr. Robertson said:

"I have estimated the total yield of wheat in Denton county, Texas, banner wheat county, at 2,072,600 bushels this year, a large per cent more than it ever made before. I get at it this way: Denton county is thirty miles square, which is 900 square miles, which is 576,000 acres. Fully 20 per cent of it is in wheat this year, which is 115,200 acres. The lowest estimate of

LEAVES A PROVISIO FOR AN HOSPITAL

NEW YORK, June 17.—The will of Elliott Zborowski, sometimes known as Count Zborowski, who was killed near Nice, France, in an automobile accident, April 1, has been filed for probate here. It was executed in England, March 31, one day before his death. No amount of the estate is mentioned, but \$250,000 is left to a son, Louis, for life. Upon his death it reverts to the widow unless disposed of by will or children inherit it. In the event of neither, the money goes to the Woman's Hospital — the State of New York. The residuary of the estate is left to the widow for life and to the son at her death. Should the son die before his mother, the residue goes to the Woman's Hospital.

VICTORY MEANS LITTLE CHANGE

Though Socialists Make Heavy Gains, It Will Not Seriously Affect the Tone of the Coming Reichstag

BERLIN, June 17.—The socialists' victory at the reichstag elections yesterday was largely at the expense of the two radical parties, who voted as the socialists did in the last reichstag on the tariff, military and naval affairs.

Hence on these questions the new house is not distinctly different from the old one. The official returns from 330 constituencies are: Socialists, 53; center party, 66; conservatives, 21; free conservatives, 4; national liberals, 6 people's, 5; other factions, 12. Total members elected, 161.

Second elections are required in 168 constituencies. The failure of either of the radical parties to get a single seat does not mean that they will not get a number of elections at the second elections, as their candidates will be supported by all anti-socialist parties.

ATTORNEY JEROME TO PROBE SCANDALS

NEW YORK, June 17.—District Attorney Jerome has announced the starting of John Doe proceedings in the matter of the alleged stock board scandals before Justice Mayer of the court of special sessions.

"The information was sworn to by myself," said Mr. Jerome, but he would not indicate what it was.

It is understood several of the old dock board officials will be called to give testimony as to the alleged letting of dock privileges to favored persons at much less than the proper rental, and that many of the alleged favored contractors and others will be put on the stand.

Mr. Jerome will start similar proceedings, he says, in the aqueduct scandal.

BARKER AND BOLIN IN CONFERENCE

DALLAS, Texas, June 17.—Bob Barker of San Antonio and Judge J. W. Bolin of Dalmerfield, rival candidates for the democratic nomination for state comptroller, held a conference in this city yesterday evening.

Friends are trying to get one of them to withdraw in favor of the other. Another conference will be held during the summer to determine which man has the most strength.

CIVIL SERVICE HAS NEW HEAD

WASHINGTON, June 17.—Henry F. Green of Duluth, Minn., has been appointed a civil service commissioner to succeed Mr. Garfield. Mr. Green is a lawyer.

FRESH DISTURBANCES IN SOUTHERN CHINA

VICTORIA, B. C., June 17.—According to mail advices received from Yokohama by the steamer Iyo Maru, while the Russian problem in Manchuria remains in a state of abeyance, attention has to a certain extent been diverted to the southern borders of China, where fresh disturbances have occurred. Kwang-si has been the seat of a formidable rebellion for some time and new disturbances are reported from the neighboring province of Yunnan. Some of the reports arrive at Peking from that province are of an alarming nature.

The Japan Times of Tokio publishes dispatches from Peking that the Russian authorities in Manchuria, while complaining of insecurity of life and property, have hired hundreds of Chinese highwaymen, many of whom are dressed in the borrowed garb of Russian soldiers. According to a vernacular paper, a Chinese official in Manchuria is reported to have been punished at the instance of Russia.

PREACHER'S BODY FOUND IN A RIVER

BINGHAMTON, N. Y., June 17.—The body of the Rev. Robert Elmett Hill, widely known on account of his literary talent, has been found in the Susquehanna river here. It was brought from Connecticut to the state hospital for the insane a year ago. He recently escaped and it is thought fell into the river.

CHINESE NEWS UNCERTAIN

Fresh Word Brought From the Orient Describes Conditions

AMERICAN WARSHIPS IN THE YELLOW SEA

Fully a Score Now in Chinese Waters—Russia's Moves Are Watched

VICTORIA, B. C., June 17.—The steamer Victoria, from the orient, brought news that a naval demonstration was being held in connection with the situation in the far east by the Japanese and British at Che-Foo. A number of United States warships were also present.

SHIPS IN YELLOW SEA

The Tien-Tsin correspondent of the Tokio Asahi says some American warships have lately entered the Yellow sea, and have landed several engineers at New Chwang and on the Yalu river for the purpose of surveying these districts. It is also stated that a large number of Americans have lately been entering Manchuria to inspect the territory and to watch the movement of Russians there.

RUSSIANS ALSO BUSY

The Chuo says that Russian naval maneuvers are going on in the neighborhood of Dally. On May 15, fifteen Russian warships which were taking part in the maneuvers sailed for Port Arthur. A portion of the fleet plays the part of the Japanese navy, while the ships that came to the far east recently play that of the Russian navy. Admiral Alexieff is commanding the movement of the ships from his flagship, the Rurio. The scene of the maneuvers is said to extend from the Gulf of Pe-Chili to the Korean sea, where the ships now sailing for the far east have arrived.

BUILD FORTIFICATIONS

The Osaka Mainichi reports that 5,000 Chinese coolies have arrived at New Chwang from Tien-Tsin and Che-Foo en route to Manchuria to engage in railway work and the construction of fortifications and barracks for the Russians. Shanghai papers give the following translation of an alleged telegram dated May 12 from Chang Chin Tung, at Peking, to the acting vicery at Wu Chuan, Tuan Fang:

"As regards the Russian conditions, the government is in a state of great perplexity. In my opinion these conditions should be formally rejected. If the Russians maintain their demands we should beg the court to transfer the seat of government to Nan-King and declare war on Russia."

Arrangements are being made to celebrate the seventieth birthday of the Chinese dowager empress in November next. Over ten million dollars are being secured for the celebration.

According to a Peking dispatch, Wu Ting-fang, former minister to Washington, has been appointed a vice minister of foreign affairs of China.

CUSTOMS MANAGEMENT

PEKIN, June 17.—Russia and China have arranged that their customs management of Dally and the adjoining frontier shall be similar to the German arrangement at Kiau-Chow. Governor Alexieff's financial secretary will be the Russian manager of the customs service at Dally. The receipts will be deposited in the Russo-Chinese bank.

DENTON'S WHEAT IS COMPUTED CLOSELY

DENTON, Texas, June 17.—Alex Robertson, of Denton, who is one of the best informed men in Denton county on any matter pertaining to the county, from the farm to the bar, estimates that Denton county will make 2,072,600 bushels of wheat this year. "Uncle Alex," as everybody calls him, is a lawyer by profession, and a good one, too, but for the last few years he has given the principal part of his time to looking after his landed interests, and has become one of the best theorists in his long residence in this county, his pecuniary interest in it and close observation, he can give more history of agriculture in the county off hand than any other man in it. Talking to the Telegram correspondent yesterday Mr. Robertson said:

"I have estimated the total yield of wheat in Denton county, Texas, banner wheat county, at 2,072,600 bushels this year, a large per cent more than it ever made before. I get at it this way: Denton county is thirty miles square, which is 900 square miles, which is 576,000 acres. Fully 20 per cent of it is in wheat this year, which is 115,200 acres. The lowest estimate of

the average yield per acre in eighteen bushels, and some put it as high as twenty-five. But figuring it at eighteen bushels per acre the county will produce 2,072,600 bushels. At today's price, which is 70 cents per bushel, the 2,072,600 bushels is worth \$1,451,520. If this wheat was equally divided amongst the 30,000 population of the county each man, woman and child would have 690.12 bushels, or if its value in money was equally distributed amongst them, there would be \$180.348 per capita."

NEW WHEAT SAID TO BE OF GOOD QUALITY

BONHAM, Texas, June 17.—The flour mill opened on new wheat this morning. The quality is good, notwithstanding the short turnout caused by too much rain in the winter and spring. Rogers & Lacey marketed the first load and it brought about 70 cents.

A speed of 40,000 words an hour was reached in a recent test of the Pofak and Vrag system of telegraphy between Berlin and Frankfurt-Germany.

BIRTHDAY OF WESLEY

June 17, 1703, was the birthday of John Wesley, son of a distinguished family of hymn writers and destined to be the founder of the Methodist church. Under the change to the new style of reckoning the birthday anniversary would fall on June 28 and on that day bi-centennial services will be held in Methodist churches throughout the world.

Wesley was born at Epworth rectory in Lincolnshire, England, and received his early education from his mother. Afterward he went to Oxford, rising to the height of bishop of Oxford by 1726. Returning to his Lincolnshire home in 1727 to help his father, he remained but two years, when he was summoned back to Oxford and soon after his return became head of a little band of "Oxford Methodists."

With his brother Charles he came as missionary to Georgia in 1735, but the mission was not wholly a success. It was after his return to England that Wesley's great work began. It continued over fifty years, and ended only at the age of 88, when he was an honored patriarch throughout the kingdom. During these years he preached something over 14,000 sermons, plain and practical discourses, marked, as someone has styled it, "by intuitive rather than philosophical judgment." He often preached in the face of stern difficulties, but had little regard for either favor or disapproval.

Dr. William North Rice has called his first organization a true "salvation army," with Wesley himself as commander in chief. Toward the end of his life Wesley recognized the need of more definite organization and from this need grew the Methodist church of today with its many branches and a membership totaling over 8,000,000.

THE GERMAN ELECTION

As forecasted for some time, chief interest in the elections held throughout Germany yesterday centered in the showing of the social democrats.

Though a second election will be required in 118 districts, the social democratic party has gained about twelve seats in the reichstag (parliament) and lost two. The total vote polled by the social democrats was about 2,500,000, a gain of 400,000 over the last election. The following table shows in striking figures the gains made by the party in Germany since 1881:

Table with 3 columns: Year, Seats, Votes. 1881: 312,000 seats, 1,788,700 votes. 1884: 550,000 seats, 2,107,078 votes. 1887: 763,109 seats, 2,500,000 votes. 1890: 1,427,300 seats, 2,500,000 votes.

The platform of the party, which has been largely confused with anarchy, at least in the minds of those who have read the objections furnished by the supporters of the kaiser's policy, does not seem to be as radical a doctrine as one might be led to suppose. The general demands of the platform are:

- 1. One vote for every man and woman, a holiday on election day; payment of the members of parliament.
2. Responsibility of the government to parliament; local self-government and the referendum.
3. Substitution of the militia system for a great standing army.
4. Freedom of speech and the press.
5. Legal equality of the sexes.
6. Disestablishment of the churches.
7. Free non-sectarian schools with compulsory attendance.
8. Gratuitous legal proceedings.
9. Free medical attendance and burials.
10. Progressive income and inheritance taxes.

It will be seen that some of the policies of the party are modeled after existing constitutional principles of the United States, while others show the effect of advanced thought along the line of social equality.

Perhaps the most striking feature of the platform as given in the foregoing condensed summary, is its provision for one vote for every man and woman and legal equality of the sexes. With such provisions it is no wonder that many of

the doctrines are regarded as decidedly modern, even in Germany.

The provisions for local self-government and the referendum represent the commonly accepted doctrines of most students of sociology at the present time. The substitution of a militia for a standing army makes plain at least one of the reasons why the party stands in such bad grace with the warlike kaiser.

The number of parties in Germany and the provision that in districts where no candidate received a majority another election must be held, make the final outcome of the second election uncertain. Nevertheless, so far the social democrats have gained ten seats in the reichstag, by no means a poor showing.

German correspondents state that the social democrats are distinguished by the high personal integrity of their leaders. They are well led, carefully managed, homogeneous and are more like the American or English political party than any other organization in Germany.

The coming sessions of the reichstag will doubtless witness still stronger evidences of the party's power in Germany than in the past and the kaiser's grounds for alarm preceding the election of yesterday may prove well grounded.

A BIG SAVING TO THE MILLERS

A meeting of the board of directors of the Millers' Mutual Fire Insurance Company of Texas was held at the office of the company on Sixth street, in this city, yesterday afternoon. The object of the session was for the purpose of electing officers and receiving general reports concerning the business of the company.

A SAVING INVESTMENT By the latter proceeding is developed the interesting fact that the millers of the state have, during the past five years in which they have been doing business with this company, been able to save 4 1/2 per cent on the cost of insurance over what it would have cost them in the usual way. The company is one formed for the purpose of insuring mills, elevators and anything connected with the milling business. It carries one and one-half million dollars, and has 95 per cent of the millers of the state on its books.

A LARGE WHEAT CROP The large wheat crop of Texas this season was one general topic on which much was said. The general opinion as to the total yield placed the amount at 20,000,000 bushels, which is the largest crop in the history of the state, with the exception of in 1900 when these figures were exceeded about two million bushels, only.

MEMBERS OF THE BOARD The members of the board of directors, all of whom were present, with the exception of J. P. Burrus, of Dallas, are: J. Reymer-shoffer, Galveston; B. R. Neal, Dallas; J. C. Whaley, Gainesville; Gustave Giesecke, San Antonio; H. Dittlinger, New Braunfels; Frank Kell, Wichita Falls; J. N. Rayzor, Denton; W. P. Bewley, Fort Worth, and J. P. Burrus, Dallas.

OFFICERS ELECTED The officers elected yesterday were: President, B. R. Neal, Dallas; vice president, Frank Kell, Wichita Falls; treasurer, M. P. Bewley, Fort Worth. The manager and secretary of the company are Glen Walker and L. B. Kohule, of this city.

JOINT MEETING AT THE EXCHANGE

At a joint meeting of the members of the Exchange and those eligible yesterday afternoon, in the offices of the North Texas Live Stock Commission Company propositions were made by the old Exchange to the eligible commission men to become members. The old Exchange is composed of the commission men who have been doing business on the local market for the past year or two. The original price of admission to the Exchange was \$250, but owing to the large number of applicants the price was cut down to \$25 and a proposition made to the eligible commission men, of which there are forty-four to join.

The proposition with other matters, was discussed yesterday at the joint meeting and it is very likely that the commission men who are not members will join early next week, as they are to meet again the latter part of the week for a final decision.

TO ALL CATARRH SUFFERERS

Hyomel Guaranteed to Cure by Weaver's Pharmacy, 504 Main Street, or Money Refunded. The popularity and increase in the sales of Hyomel are unique in the annals of medicine. Such astonishing cures have been made by this remarkable remedy that the proprietors have authorized Weaver's Pharmacy, 504 Main Street, to sell every package of Hyomel under an absolute guarantee that it will cure catarrh. If it does not the purchaser can have his money refunded by Weaver's Pharmacy, 504 Main Street.

Hyomel is no ordinary remedy. It is the only method of treatment that sends by direct inhalation to the most remote part of the air passages, a balsamic air that destroys all catarrhal germs in the breathing organs, enriches and purifies the blood with additional ozone, and makes permanent and complete cures of catarrh. The complete Hyomel course costs but \$1 and consists of a pocket inhaler that can be easily carried in the vest pocket, a medicine dropper and a bottle of Hyomel sufficient for several weeks' treatment. Breathe through the inhaler for a few minutes four times a day and your catarrh is cured. That's all. If not cured Weaver's Pharmacy, 504 Main Street, will refund your money.

ARE ARGUING ON MOTION

In the Forty-eighth district court this morning the motion for a change of venue in the case of Oran Hoskins vs. the Fort Worth and Rio Grande railroad, now part of the Frisco system, was argued.

Readers of The Telegram will recall many details of this sensational case. Oran Hoskins recovered a verdict against the Frisco railroad for \$25,000 owing to alleged injuries sustained in the falling of a grain door while he was in a freight car in the Frisco yards, in the employ of that railroad company. According to the allegations Hoskins was rendered incurably idiotic by the accident and lost the power of speech.

A motion for a new trial in the case, made by the railroad company, was overruled. At this juncture Col. R. M. Wynne, a prominent lawyer, one time candidate for the gubernatorial nomination on the ticket in Texas, went into court and testified on oath that the Hoskins case was a conspiracy; that the accident was prearranged and that Mrs. Hoskins, mother of the plaintiff, explained the nature of the injuries her son was proposing to "sustain" before the "accident" and wished to engage him to represent her in the damage suit which was to follow the "accident."

On this testimony a new trial was granted. At the request of physicians who had testified for Hoskins, the young man was then removed from his mother's home to the Protestant sanitarium.

WHEN HOSKINS BROKE DOWN. There, after several rigid examinations, he broke down, and admitted that he was not injured as seriously as he pretended and that he had been shamming part of the time. He said that he was really injured but that his mind had returned to him and that he had decided to continue to sham idiotic.

On this showing the mother and son were indicted by the grand jury, arrested and released on bond. The law, which represented them in the damage suit refused to continue in the case and Judge W. R. Parker and Robert Sey, the latter of Dallas, were engaged to prosecute the damage suit and defend the criminal suit for Mrs. Nellie Hoskins and her son.

Yesterday afternoon Judge Parker announced in the Forty-eighth district court that he desired to submit a motion for a change of venue. Counsel for the railroad company announced "ready for trial" and asked until this morning in which to prepare a reply to the motion for a change of venue.

THE MOTION In this motion for change of venue which was read in court this morning, Mrs. Nellie Hoskins as guardian for her son, recites the alleged existence of prejudice against affiant and her son in this county; alleges that there is a combination of influential persons against them; that plaintiff recently recovered \$25,000 in a damage suit against the railroad and that immediately thereafter defendant railroad company began a conspiracy to have the judgment set aside; that defendant procured for this purpose one "R. M. Wynne, a prominent lawyer and politician" who made affidavit charging that the damage suit was a conspiracy on the part of Mrs. Hoskins and son; alleging that said Wynne's affidavit is false; alleging that affiant's private character has been assailed and that newspapers have been engaged to prejudice her in the minds of the public. In conformity with the law, the affidavits of the persons were signed to the affidavit submitted with the motion, setting forth their belief that Oran Hoskins and mother could not get a fair and impartial hearing in this county. Dallas county was suggested.

THE REPLY At the conclusion of the reading of the motion, Captain Tom West of counsel for the railroad company submitted a reply, which set forth that defendant, resisting the motion, held that the allegations in the motion were not true and submitted an affidavit made by L. E. Comer, vice president and superintendent of the railroad, to that effect; defendant held that there does not exist a prejudice sufficient to render an impartial hearing of the case probable; that there doesn't exist a combination instigated by defendant and consisting of influential persons banded together to defeat the recent judgment; holding that there was no conspiracy on the part of the railroad company to procure Wynne's testimony and affidavit; that it is untrue that defendant brought about the criminal prosecution of plaintiff and affiant, but on the contrary setting forth that defendant company requested that criminal proceedings be delayed; holding that the allegation that newspapers were employed to prejudice the public in the minds of the people was untrue; setting forth that the names signed to the affidavits accompanying the motion for a change of venue were those of persons closely associated with affiant or affiant's lawyers and, in one case, of a person unaffiliated with either party.

NO CHANGE OF VENUE Counsel for the railroad company then put about twenty-five questions on the stand to offset the allegations that there was prejudice in the minds of the people of Fort Worth and Tarrant county against Mrs. Hoskins and son. At the conclusion of this testimony Judge Dunklin declined to grant the change of venue and adjourned court until 2 p. m.

When court reconvened for the afternoon session Judge Dunklin asked both sides to announce whether or not they were ready to proceed with the trial. The attorney for the plaintiff then submitted an application for a continuance, and both sides are arguing on this motion at 5 o'clock this afternoon.

During the morning session there was quite a scene in the courtroom when Captain West, in attempting to show that

WILLIE STONE FREE

The grand jury now in session failed to return an indictment against Willie Stone, who was accused by his half-brother, J. M. Boyd-Wilder, of complicity in the murder of Walter Miller in this city in September, 1900. Stone yesterday evening was permitted to walk out of the courthouse a free man. He boarded the evening train to return to Pueblo, where his bride of three months awaits him. Boyd-Wilder, who made the alleged "confession," is a self-confessed bigamist and forger, and is now in jail facing eight years in the penitentiary.

Will Basham and John Brown were arrested last night on a charge of horse theft and waived preliminary examination before Justice of the Peace Charles T. Rowland today, and their bonds were fixed at \$500 each. The horse which they are accused of stealing was the property of R. H. McNatt of North Fort Worth.

Lettler, Colonel George T. West, C. O. Elliott, Captain Bracton C. Carter, Joe W. Diehl, Karl Uley, Justice John L. Terrell, John H. Karlberg and Thomas A. Choplin.

THIRD "POP" CONCERT FIXED FOR THURSDAY

The program for the third popular concert at city park this evening has been completed. It includes many attractive numbers and should be given a fine rendition by LaCombs' juvenile band. The ladies in charge of this movement to make the park popular and to raise funds for beautifying it called off the concert which was fixed for last Thursday night on account of the inclement weather. Many improvements have been made at the park since the "concert movement" was launched and other improvements are daily being added. Fees and other duties will be waived by the ladies next Thursday evening, the park will be well lighted and there will be a hundred new benches to make visitors comfortable and decorations to please the view. The ladies have issued 1,000 invitations for this week's concert, but if you don't receive one you are included in the general invitation which the ladies extend to all. The music program for the evening is as follows:

- PART I. March "Grand Entree" "Repose" Waltz "Queen Bee" Polka "Lillie"
PART II. Medley "Yankee Doodle" Two-step "Southern Smiles" Serenade "Princess" Quick step "Castle"
PART III. March "Qui Vive" Overture "Delicias" Waltz "Marie" Gallop "Wake Up"

INSTRUCTIONS TO CHIEF REA

POLICE COMMITTEE ON SANITARY REGULATIONS

TO ENFORCE ORDINANCE

In response to the act of the Board of Trade in appointing a committee to bring about the revision and enforcement of the sanitary laws of Fort Worth the police committee of the city council held a meeting to Chief Rea's office at the city hall this morning. Messrs. Waggoner and Henderson of the committee were present, as was also Chief Rea. The result of the meeting was instructions to Chief Rea to issue orders to his force to rigidly enforce the present sanitary regulations, which, in the opinion of the committee, are considered necessary for all present purposes.

The aim for violation of the sanitary provisions is not more than \$50 for each offense and each day's violation may be considered a separate offense. The following are defined as and declared to be nuisances under the ordinance, and are printed in The Telegram for the general information of the public: All cellars, vaults, drains, pools, privies, sewers, yards, grounds or premises which have for any cause become foul, nauseous or offensive or injurious to the health or unpleasant to adjacent residents or to persons passing by.

All carcasses, decaying flesh, fish, fowls or vegetables, all deposits of manure or other unwholesome substances, or flesh of any kind or description whatever, and all filthy or offensive water or slops in any private yard or premises, or when thrown or conducted into or upon any street, alley, public ground or any inclosure, so as to be unwholesome or offensive, or are liable to become unwholesome or offensive.

All privies that are offensive from use, all manure, cellars, stores or other buildings or places which are not kept clean and free from filthy or unwholesome substances, and all deposits or substances that are offensive or liable to engender disease.

Every trade, business or occupation, injurious to the health or comfort of those who reside in the vicinity and any lot or receptacle containing water or slops suffered to become stagnant, offensive or unwholesome from any cause.

Depositing filth or any foul, offensive, nauseous or injurious substances upon any sidewalk, street, alley, public thoroughfare or other public place.

Sweeping or depositing any paper, trash or rubbish into any drain or gutter.

Sweeping or depositing any trash, paper or rubbish into any street, alley, public thoroughfare or other public place and allowing the same to remain in such place for more than six hours.

smoked cigar or cigarette upon any sidewalk, street crossing, street car or public vehicle, place or building of public resort within the limits of the city.

The scattering or distributing of any advertisement, circulars, handbills, printed or written announcements or papers of like character, upon the streets, sidewalks, alleys or within the public buildings or grounds within the limits of the city.

The hauling, carrying or transporting any meat or slaughtered or dead animals through the streets of the city without having the same entirely covered and protected from view.

The failure of the owner or possessor of any animal which shall die within the corporate limits of the city to have the carcass of same removed to the city dumping ground within twenty-four hours after the death of said animal.

The conducting into any alley or gutter of the waste water from any sink or tank or any source of water supply that produces any pools of stagnant water in any alley or gutter.

The dumping upon and removal from any sidewalk, street or alley of any coal or like material in a dry state, so that annoying or offensive dust is generated from it, or the leaving of any coal dust upon any sidewalk, street or alley at or near the place where the coal was deposited or from which it was moved.

Any article or substances placed upon any street, sidewalk, alley, gutter, drain or public ground, except such as are permitted by ordinances of the city, so as to obstruct the same, and throwing of glass, tin, queensware, crockery or other rubbish into or upon the sidewalks, streets, alleys, public thoroughfares, commons, drains or gutters.

Persons found asleep upon the sidewalk or on the streets, alleys or public thoroughfares.

The keeping of any hog or hogs in any inclosure less than 500 feet distant from any adjoining residence.

The use of any unwholesome food, liquor or adulterated medicines, and all cattle, horse or hog pens, stable or inclosure in which any cattle, horse or hog may be kept or confined which from use may have become offensive.

The printing, pasting, sticking or placing of any advertisement, handbill, placard or any printed, pictured or written matter upon any house, wall, building or fence or other property, private or public, without the permission of the owner or person in charge thereof.

All gates or doors opening upon any public street or sidewalk, unless such gates or doors be constructed or hung so as to be self-closing, and the keeping or leaving open of any cellar or trapdoor, or the grating of any vault in or upon any sidewalk, street, thoroughfare or public passway.

The making, keeping or permitting any uncovered opening or hole in or across any sidewalk or public passway, street or public thoroughfare, unless the same is sufficiently guarded and protected to insure the safety of all persons passing by, over or near the same.

ADDITIONAL CITY BRIEFS

Superintendent W. N. Neff of the Cotton Belt, with headquarters at Mt. Pleasant, is in the city today. He is accompanied by Mrs. Neff, with whom he is rallying on his many business and personal friends.

Having been intimate friends for some time, they frequently had bantered one another about getting married, and they took up the same subject yesterday. They rallied each other into driving into Fort Worth. After getting here they decided to carry out the joke and the result was that Rev. Luther Little, D. D., was called to the Hotel Harold. He left them man and wife. Mr. and Mrs. Neeley departed immediately after the ceremony for Burleson.

MISS DAGGETT STILL LEADS

The Struggle for The Telegram's Fine Horse and Stanhope Continues—Mrs. Bob Andrews a Close Second

There is no change in the respective standing of the foremost contestants today, although many votes were received and placed to the credit of the nominees. Miss Daggett remains stationary, Mrs. Bob Andrews, Miss Fama Holley and Miss Maggie Barton make decided gains. It is with regret that we announce the withdrawal of Mrs. C. A. Parker. Mrs. Parker had up to the present time showed great strength. Contestants and their friends should exert every effort to procure votes for their favorite candidate, as only a short time remains in which three votes count for every cent paid in. Those desiring to assist in the contest should subscribe for The Telegram at once. A year's subscription will count 1,800 votes, six months' subscription will count 900 votes, a three months' subscription will count 450 and one month's subscription 150. Subscribe now!

THREE NEW MEN SIGNED BY WARD

TWO INFELDERS AND A PITCHER HERE SUNDAY

All Three Have Fine Records—Manager Ward Has Still Another Player in Sight. Is After the Second Pennant—Dallas Won Yesterday

Things looked up in Fort Worth baseball circles yesterday, notwithstanding the defeat at Dallas. Manager Ward signed three new players—two infielders and a pitcher, the latter of whom has won ten of the last eleven games in which he has worked. The infielders come highly recommended. Manager Ward says that the new men will be here in time for next Sunday's game against Corsicana. The game with the Oil City men will be played in Fort Worth. It has been transferred to this city from Corsicana.

The three new players are Mike Peer, of Cincinnati, infielder; Grant LaBarge of St. Louis, infielder, and Clarence Gray of Oklahoma, pitcher. The latter on his record is nothing short of a phenomenon. Several men in whom Mr. Ward has confidence have written to him about Gray; they say he is a star of the first magnitude and that the only game lost by him this year was lost on a fluke. Mike Peer was good enough to be given a trial by the Cincinnati Reds this year, and although he did not make good, the fact that he is a youngster and that he has shown himself good enough to win even a trial in the National League is an augury of his ability that cannot be overlooked.

Mr. Ward has been trying to land LaBarge ever since the first part of the season; in fact he was corresponding with him when the season opened, but not until yesterday was he able to induce the young man to try himself out in Texas. Manager Ward said last night: "I find that the Fort Worth team is not fast enough to suit me. I was at a disadvantage to start with when the season opened, because each of the other Texas League managers had the nucleus of a good team left over from last season, whereas I had to get together a full team. We have not disgraced ourselves yet, and with some strengthening will be able to give them all a race for the second pennant. I haven't made any predictions thus far and so feel that I am entitled to one; it is that when the second season gets under way the local fans who have turned out so liberally thus far will be rewarded with a team of which they can be proud. I wouldn't be surprised to see Ted Sullivan's club and the Panthers play off at the end of the second championship series. We played off in 1895, when Ted had the Dallas club, and Fort Worth came out on top. The three men whom we have signed will be here, I expect, in time to take part in Sunday's game against Corsicana. Schuetzke's leg is slowly mending and we expect to have him back at second when the second series opens. I am hoping to land one other player in addition to the three mentioned. He is an Indian and has been putting up a fine game."

Jimmy Buchanan did not leave on the trip with the Panthers, as his knee is giving him trouble. He constantly wears a bandage on it. A couple of days' rest probably will be all that it needs and then the splendid pitcher will get back into the harness again as he is fond of the game and is willing at all times to do his share toward putting games in the winning column. Inasmuch as there is no chance for Fort Worth to win the first pennant it is right that he should take a couple of days' rest at this time. Lockhead was wounded in a consistent manner by the Dallas hitters yesterday, and the game resulted in an easy victory for Gardner's team. Paris dropped the third straight game to Corsicana.

CAPTOWN PREMIER FAVORS CHAMBERLAIN
CAPE TOWN, June 17.—Premier Sprig in the course of a debate in parliament on the South African customs convention has taken occasion to refer in terms of warm approval to Colonial Secretary Chamberlain's preferential tariff proposal. He said although he had always been an ardent free trader he was bound to admit that there was something greater than free trade—namely, the consolidation of the empire. The premier's remarks were cheered on both sides of the house.

TO INVADE NORWAY WITH AUTOMOBILE
BOSTON, Mass., June 17.—Charles J. Glidden, ex-president of the Erie Telephone Company, with Mrs. Glidden, has started from Boston on an automobile trip to Christiania, Norway, and northward within the Arctic circle. They will tour England, Ireland and part of the continent before starting northward.

THE RECENT FIGHT IN VENEZUELA. COMPARED WITH OTHER ATTACKS.

The twentieth century will do a great deal more for mankind by discovering new methods to kill bacteria (the disease-carrying germs which get into the blood), than by inventing new methods of warfare between human beings. In warfare, as in business, one must have pure rich, red blood to be courageous. A leading pathologist of America says: "Within the blood and body are wonderful bacteria fighting hostile invaders and forestalling the marvelous results that follow greater knowledge." "It is a fact," says Dr. Pierce, "that the red blood corpuscles are the soldiers within the body which protect us from the outward attack of the invisible enemy. "Our enemies are in the shape of disease-bringing bacteria, such as the germs of catarrh, consumption, grip and malaria. If the blood is in a healthy state there are five million of these little red corpuscles to each cubic millimeter of blood that are fighting all the time for the health and well being of every person. The problem of medicine to-day is to find out more about them, but all we know is that we must keep these active agents for help in the best possible condition, and one's health depends upon how well one has preserved these good forces by right living and the proper treatment in illness. Weakness, feeling of nervous exhaustion and colds are the warning signals that the blood is not in proper condition. The careless person takes risks which are dangerous, just as a general who would weaken his army by unnecessary and indecisive battles. When the time comes he would not have his proper strength either for fighting or for defense. Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., after years of experience in purifying the blood and putting the system in the right physical condition to defend itself from the attack of the germs of disease, discovered a medicine made entirely of roots and herbs, without the use of alcohol, that made rich red blood, and this medicine has been given to the public and can be obtained from any dealer in medicines in this country. It assists the stomach in taking from the food such elements as are necessary to feed the blood. This assimilation helps in the oxidation of the red blood corpuscles, the liver is stimulated into greater activity, and in consequence the poisons in the system are eliminated, the heart gets the

right kind of blood and the person feels invigorated and stronger. As a tissue-builder it is far preferable to cod liver oil because it gives the blood and the tissues the food elements they require and maintains a person's equilibrium by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion. Because of the good effects of Dr. Pierce's Golden Medical Discovery upon nutrition the tissues are built up and the symptoms of catarrh, consumption, weakness or debility, such as fever, night-sweats, headaches, etc., are dispelled.

A \$5,000 FORFEIT
Will be paid by the World's Dispensary Medical Association, of Buffalo, N. Y., the proprietors and manufacturers of Dr. Pierce's Golden Medical Discovery, if they cannot show the original signature of the individual who volunteers the testimonial below, and of the writers of every testimonial among the thousands which they are constantly publishing.

"It is with pleasure that I write to inform you that your medicines have saved the life of my wife, for which I feel very grateful," writes J. R. Sneed, of 816 Fairmont Street, Nashville, Tenn. "My wife's father and two uncles died from heart trouble, and she too seemed doomed to the same fate. This trouble had been coming on gradually. She would have smothering spells almost daily, and sometimes I would think she was dead. Our family physician gave us no hope. I had heard of your wonderful medicine and concluded, as a last resort, I would try it. The first three bottles did not seem to do her much good, but I insisted on her using it a while longer. She soon began to improve, and after taking twenty bottles of Dr. Pierce's Golden Medical Discovery and the same quantity of his 'Favorite Prescription,' my wife was entirely cured. She only weighed 105 pounds when commencing with your medicines, and to-day tips the scale at 170 pounds. She is now healthy and happy, and says that she feels as one who has been snatched from the very jaws of death. Thanking you from the very depths of my heart for saving my wife, I hope that your life may yet be spared many years to relieve suffering humanity."

YOUNG WIFEHOOD
After I had been married about for months I felt my health greatly decline. I seemed to lose the light step and dragged along wearily instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took medicine enough to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well. I am happy to give you this endorsement.
Mrs. Bertha Ricker
Wine of Cardui brought Mrs. Ricker good health. That is why she has so much faith in it that she never is without Wine of Cardui in her home.
The first months following marriage are full of peril for the young wife and a dose of Wine of Cardui every day is a great reinforcement to her strength. Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and household to bear her exacting duties. It is a great strain to give birth to children and to perform housework, but Wine of Cardui makes women fit for all the duties of womanhood. It will relieve the pains of irregularity, cures falling of the womb, leucorrhoea, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. No shock or strain lays them up in bed for days or weeks with nervous prostration. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering. \$1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

FORT SMITH MAY LOSE JUG TRADE

Convictions of Dealers and
Shutting Off a Profitable
Business May Follow Trials
Soon to Come Up

FORT SMITH, Ark., June 17.—The Fort Smith liquor men and those engaged in the trade in the towns adjacent to the Indian Territory, including Kansas City, are all torn up over an innovation inaugurated by the government in an effort to prevent the introduction of whisky into that prohibitory section. If the legality of this innovation is sustained by the court, great financial loss will result to the liquor interest specified. A large trade has been worked up in the Territory by liquor men, and the "jug" or "shipping department" has much to do with the balance being on the right side at the end of the year. To cut off this trade would ruin a business aggregating hundreds of thousands of dollars a year and the proportion of loss to the Fort Smith liquor men would not be the least item in the shortage.

AT WORK FOR YEARS
For years the government has sought to put a stop to the shipment of whisky into the Territory by means of train surveillance. Every train is boarded by a deputy marshal as it enters the Territory, and all whisky found in the possession of passengers confiscated, even to the half-pint bottle snugly concealed in the inside pocket. But this vigilance has been found wholly inadequate to even materially reduce the amount of whisky which finds its way across the line, because the express companies are made use of to secure secret transportation, and convictions for introducing has in no way proven a prohibition which prohibits. A short time ago a deputy marshal from the Territory arrived in the city with warrants for the arrest of four of the most prominent of the liquor dealers of this city on charges of introducing liquor into this Territory. The warrants were sworn out in Muskogee, where it had been ascertained they had shipped wet goods into the forbidden land. They gave bond for a preliminary hearing and in the meantime denied identity in order to avoid extradition. The government brought witnesses from Muskogee and proved that they had received whisky shipped by three of the defendants and they were bound over to the grand jury having jurisdiction. The witness against the fourth man skipped the country and he was discharged.

MAY RUIN TRADE
If the courts should decide that the delivery to the express company here is not a delivery to the person there, then the "introducing" will be found guilty of "introducing" and the convictions will ruin the large jug trade. The defendants will contend that the delivery to a common carrier is a delivery to the person and for that reason the purchaser, and not the seller, is guilty of "introducing," if an offense of that kind has been committed. The question at issue is regarded as a most peculiar and important one by attorneys.

Heptol Split

"THE SPLIT THAT'S IT."

What is HEPTOL SPLIT, Anyway?
It's a delicious, sparkling, aperient water, for use when things go wrong inside you. It acts directly upon the liver, stimulates the kidneys, cures constipation and headache and assists digestion. Takes the place of calomel and patent pills without loading the system with drugs. Called "Split" because it comes in bottles just big enough for one. It's the only "Split" that doesn't taste bad and leave a way back. Morrison Drug Co., New York City and Waco, Tex.

CROP CONDITIONS IN STATE FOR WEEK

Following is a summary of crop conditions in Texas during the past week, issued from the office of the weather bureau at Galveston under the direction of the department of agriculture:

WEATHER CONDITIONS
The week was generally cloudy, with good scattered showers the first part and a general rain on the 13th and 14th. All portions of the state received beneficial precipitation, but the heaviest falls occurred in the southern portions. The following are some of the largest measurements: Huntville, 2.18; Cuero, 2.45; Lubbock, 2.55; San Marcos, 2.75; Houston, 3.15; Kerrville, 3.23; Boeville, 3.53; Blarson, 3.63; Brenham, 4.15; and Corpus Christi, 4.50 inches. The week opened with temperatures about normal, but a decided drop occurred on the 13th, and on the 14th and 15th the state experienced the lowest June temperature on record. Minimum temperatures in the fifties were generally recorded.

COTTON
The rainfall was beneficial, but the cool weather prevented rapid growth. Most of the crop has been chipped out to a fair stand. Fields are generally well worked, but there are a few complaints of the crops being grassy. The boll weevil is present in a number of counties in the south-central portion of the state, white cut and other worms are complained of in the north-central counties.

CORN
Corn is now in tassel all over the state, and raising ears are plentiful in the southern counties. The rainfall was very beneficial and will make a large part of the early planted.

WHEAT, RYE AND OATS
The wet weather interfered somewhat with harvesting, but wheat, rye and fall oats are now generally in the shock. Some thrashing has been done and very satisfactory yields secured. Spring oats are being harvested, but will make a light crop.

RICE
There is still a small amount of rice to be sown. The early sown is growing nicely and being flooded.

SUGAR CANE
Sugar cane is doing well and some of it is ready to cut.

MISCELLANEOUS
Pastures and grass lands continue in first class condition. A small amount of hay has been cut. Irish potatoes continue to be marketed and are making a good yield. Peaches are ripening; in Montague county the yield will be large, but elsewhere the crop is generally short. Tomatoes are in good condition and becoming more plentiful. Blackberries are ripe and very plentiful.

TWENTY BUSHELS IS THE AVERAGE CROP

PHOME, Texas, June 16.—The farmers in this community have finished cutting and shocking their wheat and have begun thrashing. Those who have thrashed enough to form an idea as to the yield are well pleased with the result, the average yield per acre being estimated at twenty bushels. We are having very favorable weather for thrashing and all the machines in the county are busy. Three ears of the new wheat is being loaded today, two for Fort Worth and one for Decatur. It is expected that we will have a big rush in the next few days in the way of grain shipments.

TITUS SAILS FOR ENGLAND
NEW YORK, June 17.—Charles E. Titus, champion amateur oarsman of America, sails today for England, where he will compete in the race for the Diamond Sculls at Henley next month.

LADIES AND CHILDREN INVITED
All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They do not purge the system. Even a double dose will not gripe, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Texas, says nothing better can be used for constipation, sick headache, etc. Bob Moore, Lafayette, Ind., says all others gripe and sicken, while DeWitt's Little Early Risers do their work well and easy. Sold by all druggists.

LEGAL NOTICE: ORDINANCE NO. 867. AN ORDINANCE REGULATING THE REMOVAL OF BUILDINGS IN THE CITY OF FORT WORTH.

Section 1. It shall be unlawful for any person or persons, firm or association or corporation, or the agent for any person or persons, firm, association or corporation engaged permanently or temporarily in the business of moving houses or any building in the city limits of the city of Fort Worth to move any house, ever, along or across any street in said city of Fort Worth, except in the manner provided in this article, and without having first obtained a written permit from the city engineer, designating the route that must be taken, application for which shall be filed at least twenty-four hours in advance with the city secretary, and said permit shall only be issued in accordance with the provisions of this article, and the said house or building shall then only be moved under the direction and supervision of the city engineer and the street and alley committee of the city council.

Section 2. No house or building more than twenty-five feet in height when on wheels shall be moved at any time over, across or along Main or Houston streets in said city of Fort Worth, north of the Texas and Pacific reservation and south of the Trinity river, and then only between the hours of midnight and 5 o'clock in the morning.

Section 3. It shall be unlawful for any person or persons, firm, corporation or association of persons, or any agent of the same, to move any house or building within the city limits of the city of Fort Worth along or across any street or track, excepting as provided in the two preceding and the succeeding sections of this article.

Section 4. Any such person or persons, firm, association or corporation, or agent, before moving any street railway operating or across any street electric light, gas or water line, or any other utility, shall first obtain the consent of the city of Fort Worth, and shall comply with the provisions of this ordinance.

LEGAL NOTICE: Any person or persons, firm, association or corporation, or agent of any person or persons, firm, association or corporation, or any agent of the same, who shall be liable to the city of Fort Worth for any injury to any person or property in any manner occasioned in or about the moving of houses by the principal in said bond, over, along or across any of the streets, alleys or other public places within the corporate limits of said city of Fort Worth and to pay off, discharge and cancel all judgments, damages and costs that may be rendered against said city of Fort Worth by reason of any injury to any person or property occasioned as aforesaid.

Section 5. Any person or persons, firm, corporation or association of persons moving any house or houses over, along or across any of the streets, alleys or other public places within the corporate limits of said city of Fort Worth and to pay off, discharge and cancel all judgments, damages and costs that may be rendered against said city of Fort Worth by reason of any injury to any person or property.

Section 6. No house or other structure or building whatever shall ever be moved upon, over or across any street, bridge or causeway belonging to the city of Fort Worth or within the city limits of said city.

Section 7. No house, structure or building shall be left upon any street railway track for a longer time than fifteen minutes. Nor shall any house, structure or building be so moved as to obstruct the street car track or service for a longer time than fifteen minutes.

Section 8. No house or other structure or building shall be moved or taken to another place in the city of Fort Worth, or to the chief of the fire department the location of such house or building, if the same be left standing within any street of the city during any portion of the day or night.

Section 9. Any person failing or refusing to make such report shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than one nor more than one hundred dollars.

Section 10. Any violation of the foregoing sections of this article shall be a misdemeanor and any person, firm, association or corporation, or agent of any person, firm, association or corporation, guilty of a violation of the same shall, upon conviction, be fined not less than five nor more than one hundred dollars.

Section 11. Hereafter all persons engaged in moving any house, building or other structure from one part of the city to another shall be required to make report to the chief of the fire department the location of such house or building, if the same be left standing within any street of the city during any portion of the day or night.

Section 12. Any person failing or refusing to make such report shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than one nor more than one hundred dollars.

Section 13. This ordinance shall take effect and be in force from and after its passage and publication, as required by law. Filed May 1, 1903.

JNO. T. MONTGOMERY, City Secretary. Passed June 5, 1903. JNO. T. MONTGOMERY, City Secretary. Recorded in Ordinance Book E, pages 57-58, June 11, 1903. JNO. T. MONTGOMERY, City Secretary.

Section 1. This ordinance not having been approved nor disapproved by the mayor within three days after its passage, as required by the charter, takes effect the same as if approved. JNO. T. MONTGOMERY, City Secretary.

ORDINANCE NO. 866. An ordinance making it unlawful for any person driving any vehicle of any sort on Jennings avenue viaduct, or its approaches, to scrape, press or beat against the curbing of said viaduct or its approaches with a wheel or with wheels of such vehicle, or to use the curbing of said viaduct, or its approaches, as a brake to retard the speed of such vehicle while on said viaduct or its approaches.

Be It ordained by the city council of the city of Fort Worth: Section 1. It shall hereafter be unlawful for any person driving any vehicle of any sort on the Jennings avenue viaduct or its approaches, to scrape, press or beat against the curbing of said viaduct or its approaches with a wheel or with the wheels of such vehicle, or to use the curbing of the said viaduct or its approaches as a brake to retard the speed of such vehicle while on said viaduct or its approaches.

Section 2. Any person violating the provisions of section 1 of this ordinance shall be deemed guilty of a misdemeanor and on conviction thereof shall be fined in a sum not less than five dollars and not more than twenty-five dollars.

Section 3. All ordinance and parts of ordinances in conflict herewith be and the same are hereby repealed.

Section 4. That this ordinance take effect and be in force from and after its passage and publication as required by law. Filed June 5, 1903. JNO. T. MONTGOMERY, City Secretary. Passed under suspension of the rules, June 5, 1903. JNO. T. MONTGOMERY, City Secretary.

This ordinance not having been approved nor disapproved by the mayor within three days after its passage, as required by the charter, takes effect the same as if approved. JNO. T. MONTGOMERY, City Secretary.
