

POPE LEO'S DEED

ANGEL OF DEATH VISITS THE BEDCHAMBER OF LEO IN THE VATICAN AT ROME

MORE FAVORABLE SYMPTOMS OF THE MORNING ARE SUCCEEDED BY LAPSE INTO UNCONSCIOUSNESS WITH ONLY FITFUL PERIODS OF INTELLIGENCE, FOLLOWED BY A STATE OF COMA THAT ENDS IN DEATH

END COMES AFTER 4 O'CLOCK

Aged Pontiff Passes Away Surrounded by the Cardinals and Members of the Diplomatic Corps—Sad Intelligence Is Instantly Flashed Around the Globe and Thousands Sorrow at News of Pope's Demise

(By Associated Press.) BULLETIN, ROME, JULY 20.—THE POPE DIED AT 4:04 P. M.

ROME, July 20, 4:30 p. m.—At 4:00 p. m. the pope lost all consciousness.

ROME, July 20, 9:30 a. m.—Dr. Mazzoni entered the sickroom at 8:30 o'clock this morning and at the same time Cardinal Gregorio, dean of the sacred college, arrived at the vatican, and it is believed he will remain. It was then reported that the prostration of the pope was augmented.

ROME, July 20, 9:35 a. m.—The following medical bulletin has just been issued, signed by Drs. Lapponi and Mazzoni: "During the night the holy father rested only at short intervals. His general condition remains grave. Pulse 94, respiration 32, temperature 36.2 centigrade."

ROME, July 20, 2:45 p. m.—The pope has entered what the doctors believe to be his last agony. The death rattle in his throat is audible to those waiting outside the sick room.

IN THE CHAMBER OF THE PONTIFF

ROME, July 20.—A stop was made to the frequent visits made to Pope Leo's sick chamber, although now the presence of callers would not harm him. While he was conscious these visits exhausted him, but it was his wish that visitors should be admitted and the attending doctors thought it better not to cross him.

The pope will die, one may say in the harness, if not standing as he declared he would be at least performing his duties to the end. This morning the sick room was the quietest and most tranquil spot in the vatican.

The pontiff lies on his bed, the pillows of which are not higher than his face, which has a strange aspect owing to not having been shaved for so long. His hands are folded over his rosary which he has used for over fifty years. His famous arm chair which perhaps his holiness will never again enter, stands invitingly with his stick beside it. Pio Centra, his valet, prays and weeps before a huge ivory crucifix. Dr. Lapponi sits by the bedside ready for any emergency. The doctor from time to time rises noisily to administer some nourishment, of which this morning the pontiff has taken.

Indeed, Lapponi succeeded in having the pope swallow several teaspoonfuls of coffee, milk and brandy mixed. The silence in the sick room occasionally is broken by a hacking cough due to a lingering phlegm in Pope Leo's throat. These coughing spells have the effect of rousing the pontiff, causing him to open his eyes and revive brightly. While doctors were examining the patient this morning he believed him to be in a stupor, his holiness fixed his eyes, even now bright, and by no means lifeless, on them, say-

POPE'S MIND WANDERS

Returns to Scene Before His Illness Again and Again

ROME, July 20.—Although this morning's bulletin has given the impression the pope's condition is somewhat ameliorated in reality the doctors do not think so. They consider the lowering pulse and diminution of respiration due to the great prostration of his whole organism, notwithstanding the patient at times keeps little nourishment. The pope continues now and then to mutter prayers, although he is unconscious. His mind evidently returns to the events which impressed him just before the illness began. At one moment he is feeling about with his hands and moving his head from side to side, trying to lift himself while he murmurs, "What crowds, what devotion, my dear people."

Then falling back inertly he sighs and says: "Oh, the weight of these robes. Can I hold out until the end?" This is followed by scraps of latin verses and prayers and then comes an interval of silence which is broken by another moment of energy in which the pope says: "Consistory is over, how many foreigners. The church is triumphing" and so he murmurs over and over again.

A wonderful thing about the pope is every time his mind becomes clear he seems to grasp the fact that it may be the last and he makes the highest use of it. When during the alarming crisis about noon he was lying on his bed perfectly motionless, while around him knelt the cardinals and other members of the papal court praying and not knowing whether the pope was not already dead, without preliminary request the pontiff opened his eyes which fell on Cardinal Gregorio, who was at his side, and he said solemnly:

"MAZZONI IS RECALLED" ROME, July 20, 1:50 p. m.—Dr. Mazzoni has been hastily recalled to the vatican. It is believed the supreme moment is very near.

"FALCONIO GETS WORD" WASHINGTON, July 20.—Monsignore Falconio, the papal delegate, this morning received the following cablegram from Cardinal Rampolla: "The condition of the pope continues most grave."

POPE LEO XII

PLEADS HIS OWN CASE RECEIVES HEAVY FINE

Ed Martin, who was accused of loitering around the Texas and Pacific depot, pleaded his own case before Judge Prewett in the corporation court this morning. Martin did not know, however, that when a witness was turned over to him he was to question him, not tell his own story to the witness. Several times Martin started off with "Now, judge, Ah would like to say that—" That was as far as he got, for Judge Prewett invariably cut him off with "Stand aside." Martin himself took the stand and told a story of being out of town ever since he was released some time ago by the court when accused of the same charge. The prosecuting witnesses were numerous in opposition to the lad's testimony and as he had no one to substantiate his word, things went badly for him. Judge Prewett closed the case with, "Ed, I told you to keep away from that depot. Now I am going to fix it so that I think you will stay away. Fine \$5."

Henry Purvis, another negro, who pleaded guilty to a charge of being drunk, was fined a dollar and costs. No other fines were assessed against prisoners who were in court, but Judge Prewett enforced his decision of Saturday in regard to forfeiting bonds of absentees. Eddie Cole, Mollie Williams and Max Barshaw had their names called three times, and then a mark meaning "bond forfeited" was placed after entries in the docket. Becky Williams, who was charged with being a "vag," was not in court, but she sent word that she was guilty and was fined the customary \$1 and costs.

***** ARE PRAYING BEFORE RELIC OF ST. ANNE ***** NEW YORK, July 20.—In the brick church of St. Jean Baptiste, in East Seventy-sixth street, hundreds of cripples have prayed during three days before a relic of St. Anne, enshrined on the altar. The relic is credited with many cures, the most remarkable one of the present novena being that of a woman from Troy, N. Y., who was injured three years ago by a trolley car and was able to walk only with great difficulty. She has thrown aside her crutches and asserts she has been completely cured. *****

CARDINALS SUMMONED

Grave Condition of the Pope Causes Them to Assemble ROME, July 20, 1:05 p. m.—At 11:40 a. m. there was great alarm at the vatican, as the pope was suffering from a grave increase in the cardiac affection. Dr. Lapponi really thought the end had arrived, and Cardinal Serafino Vanutelli, grand penitentiary, began a prayer for the dying and gave the pope absolution "inarticulate mortis" (at the point of death).

His death was considered so imminent that all cardinals present and the members of the diplomatic corps were admitted to the sickroom, as, according to the tradition that the pope must die surrounded by the sacred college, the pontifical court and the corps diplomatique accredited to the vatican.

E. Garin of Oberlin is dead and a number of persons were more or less seriously hurt. The injured are:

EDWARD GOES TO IRELAND

Crowds Assemble at Station to See Their Majesties Depart LONDON, July 20.—King Edward and Queen Alexandra accompanied by Princess Victoria and their suites left London at 1 p. m. today for Ireland. Though the day was gloomy, large crowds gathered in front of Buckingham palace and along the route to Euston station and enthusiastically cheered their majesties who drove to the depot in state, escorted by a detachment of household cavalry. The King wore the uniform of an admiral.

GLASS WORKERS MEET

Adjustment of Wage Scale Will Be Discussed by Them STAR ISLAND, Mich., July 20.—The joint conference recently arranged between the Flint Glass Workers' National Union and the Glass Manufacturers' Association began here today. The primary object of the conference is to agree upon wages scales to govern several branches of the industry during the coming year. It is understood that the meeting will also consider the tariff changes on glassware, which, it is believed, will be proposed in the next congress. The purpose of introducing a discussion of the last named matter into the conference is to bring about united action of the manufacturers and their employees in resisting tariff changes which might have a detrimental effect on the trade.

WHY PIERCE IS GOING

Reasons for Secretary's Visit to Russia Are Stated WASHINGTON, July 20.—It is denied in official circles that the trip of Third Assistant Secretary of State Pierce, who leaves today for Russia, is for the purpose of presenting the Kishineff petition to the czar. Mr. Pierce was formerly first secretary of the United States embassy at St. Petersburg, and while it is admitted that he is eminently qualified to perform even so delicate a diplomatic task as the presentation of the much-talked-of petition, it is authoritatively stated that the only object of his trip abroad is to take a much-needed vacation. He will renew old acquaintances at St. Petersburg and incidentally make an inspection of some of the United States legations in Europe.

FURNACE DENIES STORY

Says He is Not Building a Turbine Steamer to Cross Ocean (Special Cable, Copyright, 1903, by W. R. Hearst.) LONDON, July 20.—Discussing the report that his firm is building a trans-Atlantic turbine liner, Sir Christopher Furness said to the American:

"I am not building a turbine steamer to cross the ocean. I am thinking about it. So far, however, the idea has not crystallized. I and my friends are going into the whole question, working out the costs, working out the speed, working out the commercial risks. If we can make a business proposition out of an Atlantic turbine steamer we shall commence building."

SWAYNE GOING TO FRANCE TO CLOSE DEAL

James F. Swayne of Fort Worth, a leading member of what has become known as the Hogg-Swayne syndicate, was in the city yesterday, and while here he announced the practical completion of a deal whereby the Hogg-Swayne holdings at Spindletop are transferred to another syndicate. Recent reports in regard to this deal have greatly exaggerated the sum of money involved. It is understood that the correct figures make the sum received for the property about a million dollars. The Hogg-Swayne syndicate is composed of five men, three of whom, Mr. Swayne said yesterday, already have

WAS JEALOUS OF A BUTCHER

Reason Why Brooklyn Man Shot His Wife and Daughter

THE MOB WAS AROUSED Only Determined Efforts of Police Prevented Violent Treatment

NEW YORK, July 20.—Only by drawing their revolvers and threatening to shoot to kill did several Brooklyn policemen prevent a mob from wreaking vengeance on Frederick Kriemeyer, after he had shot his wife and his stepdaughter. Up to the doors of the Hamburg avenue police station the clamoring mob went, crying "lynch him" and it was necessary to call out the reserves. Kriemeyer was so badly beaten before the policemen rescued him that it was necessary to call an ambulance.

JALOUSY THE CAUSE

Although he is 50 years old, Kriemeyer was driven to the shooting by jealousy of his wife, whom he married three years ago, and who is 54 years old. She owns the house in which they lived, and at the station-house he asserted that she had been receiving the attentions of a wealthy butcher for several months and that he saw her and her daughter with this man just before the shooting. SAYS HE WAS CRAZY

EDWARDS GOES TO IRELAND

In the hospital, suffering from three bullet wounds, his wife said in reply to his assertions that he was crazy. The shooting followed a quarrel, during which Kriemeyer was reminded that he did not own the house. The wife probably will recover, but it is thought the daughter is fatally wounded.

ELKS TO CATCH SPORTIVE CRABS

BALTIMORE, Md., July 20.—Baltimore is overrun with Elks who have come here to attend the annual convention of the grand lodge of the Benevolent and Protective Order of Elks, which will open tomorrow. The convention promises to be the greatest in the history of the order. Among the visitors are large numbers from Chicago, Detroit, New Orleans, Minneapolis, Kansas City, Denver and San Francisco. The delegates from New York, Philadelphia, Washington and the south are expected to put in an appearance this evening and tomorrow morning before the sessions begin. All of the prominent hotels are decorated beautifully with flags and bunting, and the Elks' hall, Ford's opera-house, where the sessions are to be held, and the Carrollton hotel, which has been chosen as headquarters of the grand lodge, will be ablaze tonight with the richest and most elaborate kind of electrical decorations.

WHY PIERCE IS GOING

The grand lodge will convene at 10 o'clock tomorrow morning. Joseph T. Fanning of Indianapolis is an avowed candidate for the office of grand exalted ruler, and it seems to be the general opinion that he will be chosen without opposition to succeed the present grand exalted ruler, George P. Cronk of Omaha. The greater part of the business of the convention will be transacted tomorrow, so as to leave the remainder of the week free for the festivities, of which an elaborate program has been arranged. It is expected that the band contest will be one of the leading features of the convention. It will be held Wednesday in the electric park and the participants will include the Elks' bands from more than twenty-five cities of the country. To the winners of the contest \$2,000 will be distributed in prizes. Another great feature will be the street parade Thursday. Another great occasion will be the day at Tolchester beach, or more appropriately termed, Crab day. A contract has been signed with an Annapolis firm to have 50,000 live crabs landed on the beach the evening preceding the feast. The entire beach and a number of boats have been chartered for the day and no one except those wearing the Elk badge will be permitted on the shore. Friday will be given to excursions to Gettysburg and Pen-Mar, and Saturday will be the day of Washington day, when it is expected that thousands of the visitors will visit the capitol city.

DIES OF OLD AGE AT A HUNDRED AND ONE

CHICAGO, Ill., July 20.—Mrs. Helen M. Rockwell died of old age early today. She celebrated her one hundred and one first birthday on the ninth day of April. Mrs. Rockwell was born in Colbrook, Conn., in 1803. Among her interesting incidents of her life, she had seen all the presidents of the United States, except Washington. Upon the occasion of the return of Lafayette to the United States she had the distinction of meeting him.

HE PURSUED ONE LINE OF CRIME

Ed. Cloverder Now to Be Tried in Five Texas Cities, Including Fort Worth

It is peculiar the way a man will fall into one line of crime and follow it out to the end, notwithstanding the fact that his pursuit of one system frequently leads to his capture, and always is of great aid to the police in tracing him, whereas by varying his system he might frequently operate longer and more successfully.

"I am reminded of this," continued the assistant chief, "by the arrest of Ed. Cloverder, son of a prominent Southern Texas man. Cloverder, under another name, is awaiting trial at Anson, Jones county. In five towns that he worked the same racket that finally landed him in jail. He would go to a city, gain the confidence of some firm by representing himself as a business man, tell the head of the firm that he wished to hire a horse and buggy to make a trip into the country and get the man to recommend him to some live-gyman."

"Such a recommendation was easily obtainable and in every instance he succeeded in getting the outfit. He would then drive out into the country, sell the horse and buggy and depart. In Fort Worth he rented a rig from W. E. Huffman. He went by the name of Ed. Edwards here. The rig was not returned. Mr. Huffman did not report the matter to us for several days. We hope to get the outfit within a day or two. "It was because this man worked the same game in several cities that he finally got trace of him. I found a saloonkeeper here who told me that he thought the man who stole Huffman's rig came from a certain city in Southern Texas. I wrote down the name and the sheriff of Lavaca county told me that a man of a different name was wanted there for trial for the same sort of crime. I obtained a photograph from the sheriff of Lavaca county of the man who was wanted there, and Mr. Huffman at once identified it as being a likeness of the man who robbed him. We passed the photograph around over the state and have found that this man obtained rigs and did not return them not only here and at Hallstoville, Lavaca county, but in LaGrange, Fayette county, Anson, Jones county, and at Paris, Tex. He was arrested at Sulphur Springs. After they finish with him at Anson he will be taken around the circuit and will have quite a bunch of years in the pen coming to him when the circuit court is made. The only reason that he is being tried at Anson first is that court is in session there now."

EMPLOYMENT THE CURE

Negro Preacher Says Blacks Ought to Be Kept Busy. NEW YORK, July 20.—In a sermon at the Mount Tabor Methodist Episcopal church, Rev. Horace Miller, a colored minister, said: "I have devoted years of study to the question, and I have found the negro is not a bit more brutal than the white man—not 10 per cent of the crimes charged up against the colored man are due to him alone. "No race needs a higher education than the negro. He is becoming more criminal because he cannot get work. If he does get work the pay is such that it is not sufficient to live on. If the south had given the negro an honest dollar for an honest day's work, or even an honest half dollar, the negroes would not flock to New York to become criminals. "The quickest way to solve the negro problem is to employ him."

DENTON, Texas, July 20.—Trains of wagons hauling in wheat as fast as it is threshed are coming into Denton daily from different directions, but more from the west than from any other direction, as that is where the larger part of the wheat that is marketed in Denton is raised. There is no like area in Texas that produces any more, if as much, wheat as does the western part of Denton county. And the threshers got a better week's run last week than they have any week since the season opened, and it was quite a sight to see the trains of wagons, most of them drawn by four horses, coming into town by West Oak street.

C. E. Pierce, a deputy sheriff, was killed during the attack on the jail. A state of lawlessness prevails in Northwestern Wyoming, which has nullified all attempts at law and order. From Press-

dent Moffett of the Montana and Wyoming Telephone company, who is now making a tour of inspection of his company's lines, comes the news of the lynching and of an appeal for help from Sheriff Fenton of Big Horn county, who has arrested a number of prominent cattlemen near Thermopolis. Sheriff Fenton has appealed to the governor of Wyoming for assistance of militia in getting his prisoners to Basin.

Papal Delegate Is Notified of the Pope's Death by Associated Press This Afternoon

More Than Two Hundred Bodies in Streets of Ciudad Bolivar

Letter Will First Be Published in the Newspapers and This Will Be Followed by Official Notices - Bishop Dunne Talks of the Dead Pontiff

WASHINGTON, July 20—The news of the death of the pope was communicated to Monsignor Falconio, the papal delegate here, by the Associated Press at 12:45 o'clock this afternoon.

Neither Monsignor Falconio nor Bishop Fowler who was with him made any statement, but as soon as he receives official announcement of the pope's death Monsignor Falconio will issue an address to bishops under his jurisdiction which include all those in the United States.

FIRST THROUGH PRESS Informally this will be made first through the press as the most prompt manner of communicating the sad intelligence. This will be followed by mail advices as quickly as these can be prepared.

The bishops in turn will issue circulars to the churches of their dioceses announcing the pope's death and indicating the character of services to be held. The bishops will celebrate pontifical masses probably in the cathedrals of their dioceses while funeral masses will be said at all Catholic churches. Monsignor Falconio will send a message of condolence to Cardinal Rampolla, the papal secretary of state.

After the interment of the pope prayers will be held in the Catholic churches asking that divine guidance may attend the labors consistory in the election of a successor to Leo XIII.

BISHOP DUNNE TALKS (Special to The Telegram.) DALLAS, Texas, July 20—Rev. Edward J. "We rejoice, too, that he has impressed his great personality upon those outside the church who are interested in the problems that tend to the betterment of humanity. He will live long in the memory of the world."

DO YOU WANT TO MAKE MONEY?

Do you realize what a city North Fort Worth will be in a few years time? Why do you shut your eyes and let opportunities slip by?

If you hold a lot, a well-located lot in North Fort Worth, which you can now buy cheap, at \$10 per month, you cannot lose money, and you have a very good chance of making big money.

We have nice, smooth lots, within 300 yards of the great Armour and Swift plants, on Diamond Hill addition—lots situated on a county road, which we are offering for sale at prices varying from \$200 to \$450.

What do you think these lots will be worth when the other packing houses, which are bound to follow, have located here? What do you think these lots will be worth when North Fort Worth has a population of 25,000 or more and is no longer a village, but a growing city? If you wait till then, you will not be able to buy at these prices. Don't miss opportunities; there is no time like the present. Call or write to

"OLD WINE" THEORY EXPLODED. There is hardly a man who does not believe that old wine is the best wine, yet a short time ago some cases of claret were sold in London at \$5 a bottle, of the famous "Comet" vintage of 1811, and the wine was found to be utterly worthless. It was simply worn out with age.

WINE EXPERTS AND scientific commissions have come from great distances to buy the wine at any price, and were edified upon opening it to find it was at flat as soda water. In the same way, not long since, a quantity of hock from the cellars of a country house, of the year preceding Napoleon's retreat from Moscow, fetched \$20 a bottle, and was found to have lost everything except its color.

Catarrh of the Stomach.
When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. RAILROAD NEWS

ORDERS BY COMMISSION
At a meeting of the Texas railroad commission Saturday the Texas and Pacific was authorized to charge \$5 per car between its connections with the Fort Worth Belt railway and points in Fort Worth on its line on loaded cars moving between point in North Fort Worth and the belt. On cars not owned by shippers or persons desiring such movement an additional charge of \$1 per car per day or fractional part of a day shall be charged.
The Eastern Texas and Houston East and West Texas railway was authorized to charge from all stations on the Eastern Texas road to Houston 12c cents per 100 pounds on cottonseed in car loads. For the benefit of the St. Louis Southwestern railway it was ordered that rates on pine lumber and other articles taking the same rates in car loads, from mills located on that road east of Lufkin to all points on the Missouri, Kansas and Texas, Houston and Texas Central and San Antonio and Arkansas Pass shall be the same as apply from Lufkin to the same points.
The commission also granted an application yesterday by the Houston and Texas Central railway to accept a rate of 10 cents per 100 pounds, except when the present rate is less, for watermelons in car loads from Hockley, Waller, Prairie View, Hempstead and Howth to all points north of these places on its line. The order is effective from July 18.
The commission yesterday approved the operation of the interlocking plants at Hearne by the Central and International, and at Cheney Junction between the Central and Galveston, Harrisburg and San Antonio and at Sherman between the Central and the Texas and Pacific railroads.

MONUMENT TO THE FLOOD
Railroad painters at the Union depot at Kansas City have designated the highest point attained by the recent flood at that place by marking with red paint the point reached by the water when at its highest stage at the depot. The marks are above the highest water level several inches. The markings were made with a view of perpetuating a monument to the flood.
MUST GIVE BOND
It is said the Southern Pacific will shortly request the interstate commerce conductors to furnish a \$1,000 bond to protect the company from loss. The grievance committee of the conductors is now at Houston conferring with the management of the road regarding this move, and it is likely the conductors will wage a stiff fight against it.

CONFEDERATE ROSTERS
ATLANTA, Ga., July 20.—The officers designated by the governors of southern states to cooperate with General Ainsworth, chief of record and pension office, in securing complete rosters of officers and enlisted men of the Union and Confederate armies in the civil war began a conference here today to agree upon a uniform plan of procedure in the prosecution of their work.

HAS A HARD TASK BEFORE HIM
An Oklahoma clergyman of original ideas, concluding that many people go to church to show their clothes while others stay away because they cannot make a creditable sartorial exhibit, has decided to hold his Sunday evening service in the dark. The plan may have a tendency to correct the abuses spoken of, but the preacher is a crackpot, if he succeeds in making the couples who come to spoon remain to pray.—Atlanta Constitution.

TO WIPE OUT VILLAGE

NEW YORK, July 20.—Following upon the orders issued by the court at White Plains for the eviction of squatters on watershed property owned by the city of New York in the northern section of Westchester county comes the announcement that the village of Armonk, in the town of North Castle, is to be wiped out. About 200 villagers have received notices from the watershed commissioners to move.

Normal summer conditions generally throughout the country this morning. Light showers occurred during the night in the extreme southwest, in the upper portion of the Missouri valley and in the lower portion of the lower lake region. Showers occurred yesterday over portions of the eastern cotton belt and during Saturday afternoon and night over a very limited portion of the Texas district.
Clear weather prevails in the cotton region this morning, and the normal summer temperatures prevailed during the past twenty-four hours.
Fair warm weather will continue in Fort Worth and vicinity during the first half of the succeeding thirty-six hours, but showers may occur some time during Tuesday.

AN ADDRESS SUNDAY

Feature of the Meeting of R. E. Lee Camp, U. C. V. Next Sunday
A feature of the meeting of R. E. Lee Camp, United Confederate Veterans, next Sunday afternoon will be an address by Hon. W. B. Featherstone of Cleburne on the subject: "The Character of R. E. Lee."
Rev. C. H. Dobbs of Brownwood, a member of the camp at that place, addressed the members of the camp on religious matters, yesterday afternoon.
Judge C. C. Cummings read an article published in the Confederate Veteran, the same being a denial by General Wheeler that he had been treated discourteously while attending the New Orleans national reunion.
The committee appointed to procure an original copy of the song "Dixie" was granted more time in which to perform that duty. A copy of the song which is said to be an original print, was read, but some doubt is entertained as to the authenticity of the claims.
THE SONS MEET
At a meeting of R. E. Lee camp of Sons of United Confederate Veterans Sunday Joseph Fuller of Arlington was admitted as a member.
Messrs. Gillespie, Lane and Nicholson were appointed to arrange for a lecture to be delivered before the camp by General John B. Gordon.

MAKES WORK EASIER
Fort Worth People Are Pleased to Learn How it is Done
It's pretty hard to attend to duties, with a constantly aching back. With annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache.
They cure every kidney ill.
James H. Armstrong, plumber, living on the north side, says: "If pain in the back, just across the loins which chng to me persistently for years, and which resisted all my efforts to check let alone cure, is any indication of kidney complaint, then I had attacks of it far too long to be pleasant. My brother insisted on me trying Doan's Kidney Pills and gave me a few doses. When the first produced marked results and I was led from this to go to Weaver's Pharmacy for a box. I know from the results obtained up to date that the remedy can be depended upon to act just as represented."

LAST CARD IS DEALT
Famous New York Gambling Palace to Go Under the Hammer
NEW YORK, July 20.—Phil Daly's famous Pennsylvania club house with its guided domes at Long Branch, which for years was the finest gambling palace in this country, has been sold to a syndicate of who could wage unlimited amounts. It is advertised to be sold August 3 at Freehold, N. J.
The brie-a-brac, draperies and decorations of the Pennsylvania club cost more than \$250,000. When the club was closed by the county officials last July the elder Daly was not included among those indicted. Phil Daly, Jr. was indicted and fined \$1,500. Up to that time the club had been closed but twice since its creation by the late John Hoey in the early sixties.
The seizure was on an attachment procured by W. H. Hollowell, and Mary, the widow of Bookmaker Edward Marks.

CLEANINGS FROM... THE EXCHANGES

For about the "stealth" time Fort Worth has for all time solved the water problem. There is nothing equal to plenty of good water, and the Lord knows that it takes an abundance of it to keep Fort Worth anything like clean.—Clarendon Chronicle.
Fort Worth wants this water for drinking purposes, therefore, much is needed. Other Texas towns use water on the side and a little goes a long way.
Cleburne first, Johnson county, next, Texas, and the States of America and the world is the order in which our interest lies.—Cleburne Enterprise.
That puts the world in an awful shape. If the world were to get in trouble, the Enterprise would have a lot of red tape on hand before it would decide to give its help.
Fort Worth has packing-houses—now she keeps crying for hogs.—Denison Herald.
Yes, and cattle and sheep as well. Texas will provide the hungry mouths and Fort Worth will furnish the meat.
The Fort Worth Telegram says that Fort Worthites are rejoicing because, among other things, they are not residents of Dallas. Dallasites are rejoicing for the same reason, but are too "big bred and too neighborly to say anything about it.—Dallas Times-Herald.
Glad there is one proposition which will make Dallas people show good breeding and a neighborly feeling. It is a record-breaker.
New York's society women wear socks with men's garters. That's too bad!—Moulton Eagle.
So far as we can see, we think men's garters the proper thing. You would evidently like to see them trying to keep them up with a pair of suspenders.—Houston Post.
A bit of blue ribbon would be more appropriate.
The Telegram, Fort Worth's afternoon paper, goes on enlarging to accommodate the same reason, but is a "big add" for the Panther City.—Waco Times-Herald.
When the home for advertisers is too small for the guests, the proper thing is to enlarge.
THAT NEW HOME
The Fort Worth Telegram, in addition to having bought a fine \$14,500 color press, is now preparing to erect a \$12,000 building of its own.—Bridgeport Index.
The Fort Worth Telegram has purchased two lots on which to build a home of its own. The lots are located at the corner of Eighth and Throckmorton streets. The building is to be erected at once. There is nothing like a home of your own. The Grapevine Sun has been occupying its own home for "nigh on to" three years, and the beauty of it is said to be paid for. The editor and family occupy their own home, which is also paid for. Now we do not say this in a boasting spirit, but naturally feel a certain degree of pride in being able to say it. We congratulate our "big sister." The Telegram upon her prosperity. We would like to see her when she first moves into her own home. She will doubtless be "the happiest girl that's out." May you live a thousand years, "sis," and be happy all the time.—Grapevine Sun.

CONOVER PRESENTS GAME TO DALLAS

A Poor Decision at First Made It Possible for Dallas Team to Score Three Runs

Schaetzke decided this morning that he was well enough to go into the game again, and he will be at his old place on second base this afternoon.

Dallas defeated Fort Worth before a large crowd at the Dallas park yesterday. Conover was slated to pitch for Dallas, but at the last moment it was decided that he would be a better aid to the team in the umpire's box.

It was Fort Worth's game until along in the seventh inning when Conover presented a man with first base after he had been thrown out by several feet.

Fort Worth started the scoring in the fourth inning. Reitz struck out, Dewey hit the ball to the fence along the side lines in right field.

Dallas scored one in the last half of the sixth. Clark led off with a two-bagger along the third base line and Fry sacrificed him to third.

In the next inning, Fort Worth went to the front again. McMurray went out and then Barrett placed one in right field and Curtis, Nickell and Fry all ran after it.

In the last half of the inning Dallas made the game sure by getting three runs. Berry singled and then Johnson sacrificed. Jarvis threw to first but Conover started the trouble by refusing to see him get out.

The Foundation of Health. Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues.

NOTES OF THE GAME

Dallas scored all their runs except one on the inability of the Fort Worth infielders to handle bunts quickly enough when a man was on first.

Reagan is evidently a hoodoo for Fort Worth, as he pitched two games in two days and won them both. He now has a record of winning 26 out of 30 games this season.

Conover and Spencer are about in the same class when it comes to umpiring a game. The only difference is that Spencer has decided that it is better for him to go away for his health.

TURNER & DINGEE WIN The team representing Turner & Dingee defeated the Sandegard Grocery team yesterday by a score of 10 to 8.

GRAY AT CORSICANA UNDER FALSE NAME

According to the official scorer, a man named George pitched for Corsicana yesterday in a game between that club and Waco. He pitched a very good game, letting the heavy-hitting Wacos down with six hits and two runs.

This morning Manager Ward of the Fort Worth Baseball Club was apprised of the fact that the man whose name appears as George is none other than Clarence Gray, who accepted Mr. Ward's terms to pitch here some time ago.

GRAIN RATE HEARING ATTRACTS LARGE CROWD

EVIDENCE IN THE CASE BEING PRESENTED BEFORE COMMISSIONERS CLEMENTS AND PROUTY OF INTERSTATE COMMERCE COMMISSION - SEVERAL WITNESSES ARE HEARD

The hearing before the interstate commerce commission at the morning session did not develop sensational features during the morning session, although several witnesses were examined. The indications are that the complainants in the case are endeavoring to lay a predicate for the contention in the matter of discrimination which is charged.

In the hearing Chairman Clements and Commissioner Prouty of the interstate commerce commission are presiding. The complainants are represented by John T. Marchand, special attorney, who has had W. P. Trickett, commissioner of the Kansas City transportation bureau, and Allison Mayfield, a member of the Texas railroad commission, made attorneys of record, assisting in the case. The Santa Fe railroad is represented by J. Wharton Terry, general attorney, and C. K. Lee, assistant. The Rock Island railroad is represented by Newton Lassiter, general attorney, the Rosenbaum Grain Company by Capps & Cantey, and the Richardson Grain Company by Gardner Lathrop of Kansas City.

There are quite a number in attendance on the hearing. Out-of-town visitors include H. H. Haines of Gainesville, manager of the Richardson elevator; P. J. Gates, freight agent of the Santa Fe at Gainesville; Frank Kell of Wichita Falls, H. Dittlinger of New Braunfels, J. C. Whaley of Gainesville and several other grain men from various parts of the state. Commissioner Farley of the Dallas freight bureau is also attending. E. G. Hill, a local grain man; General Freight Agent McCabe of the Rock Island and G. C. Mountcastle of the Rosenbaum people are also attending.

In addition to those mentioned, Judge L. J. Stoney, chairman of the Texas railroad commission, and Attorney General C. K. Bell are also in attendance on the hearing.

During the morning session three witnesses were examined. These were Local Freight Agent Merrill of the Rock Island, Secretary Mitchell of the same company, and Manager Allen of the Cameron Mill and Elevator company. Mr. Merrill's testimony had reference to the manner in which the Rock Island treats the Rosenbaum Grain company, as compared with other companies in the same line of business. He went into detail as to rates, car service charges, changes from export billing to domestic billing, switching charges, etc.

He testified that the Rock Island absorbs the switching charges as regards grain for the Rosenbaum people, but not for others. In the matter of demurrage he testified that the same treatment was accorded the Rosenbaum company, as all others. When his testimony given before the Texas commission was reported, in which he testified that he had instructions from the company to make no report as to demurrage as regards the Rosenbaum company, he said that he had found out since that he had no such instructions. Commissioner Prouty called his attention to the fact that he must have had a well grounded impression that such instructions were given him, as he had so emphatically answered "no" to the question on that line. Commissioner Prouty was very direct in questioning bringing out the point in the case which he considered material without regard to the side of the contention affected.

The testimony of Mr. Mitchell was not very lengthy. He proved up the rates existing between the railroad and the elevator company but could not state how much money had been paid the elevator company by the railroad, as he said the audited accounts were not ready. Mr. Allen, manager of the Cameron mill, showed that he was at a disadvantage by reason of the difference in treatment accorded the Rosenbaum company, which had reference to switching charges, etc.

WITNESS F. E. MERRILL. F. E. Merrill, local freight agent of the Rock Island at Fort Worth, was the first witness. He receives all money paid for freight traffic at the Fort Worth station. The J. Rosenbaum Grain Company has an elevator located on the tracks of the company. No other elevator receives the elevator's freight bills. The practice is for through business to be reloaded at the elevator. The elevator charges, he believes, are paid by the Rock Island railroad. These charges are \$2.50 per car. The rate on wheat from Kansas City and St. Joe to Fort Worth is about 25 cents.

Mr. Marchand—I want to know about a rate from Kansas City to Fort Worth.

Mr. Merrill—I haven't the tariff with me. It would be a flat rate. Wheat destined to Fort Worth would take a proportional rate of 25 cents to Fort Worth. The rate to Fort Worth destination would be higher.

Mr. Marchand—Is there an export rate through Galveston, via Fort Worth?

Mr. Merrill—Seventeen cents.

Mr. Marchand—What is the Rock Island proportion?

Mr. Merrill—Nine and fourteen hundredths.

Mr. Marchand—Have you ever collected 26 cents from the J. Rosenbaum Grain Company?

Mr. Merrill—Yes sir. I do not know when this was done, as I have not the record with me. I think it was collected 26 cents within the last week.

lected a cent of demurrage from the Rosenbaum company.

Mr. Marchand—Have you any instructions to collect no demurrage charges from the J. Rosenbaum Grain Company?

Mr. Merrill—No sir. Commissioner Allison Mayfield of the Texas railroad commission, then referred to a document and asked the witness if on May 8 he had not testified under oath to him (Mr. Mayfield) that he had instructions to waive demurrage charges in favor of the J. Rosenbaum Grain Company?

Mr. Merrill admitted that he did so answer, but that later he had written Mr. Mayfield that he had tried to find such written instructions, but could find no such letter.

Mr. Mayfield then referred to other evidence given by the witness in regard to demurrage charges in which the witness said S. B. Hovey, vice president, had instructed him to not apply Texas car service rules to the J. Rosenbaum Grain Company.

By Mr. Trickett—Have you ever collected demurrage from the J. Rosenbaum Grain Company?

Mr. Merrill—No sir.

Mr. Trickett—Would the Rock Island pay Wm. Cameron company \$2.50 per car switching charges on cars transferred to their mill and elevator?

Mr. Merrill—I suppose if they had such a contract, this would be paid.

Mr. Merrill explained the duties of the local inspection bureau in regard to checking elevators.

Mr. Trickett—When was the Rosenbaum elevator last checked?

Mr. Merrill—In April or May.

Mr. Trickett—When prior to that?

Mr. Merrill—Possibly a year before.

Mr. Trickett—When an auditor checks an elevator are you not provided with a report of the expired and unexpired billing?

Mr. Merrill—Yes sir.

Mr. Trickett—Did you receive one of the last checks on the elevator?

Mr. Merrill—Yes sir.

Mr. Trickett then read the witness his testimony as given. Mr. Mayfield under oath in which the witness stated that he is provided with a check on all elevators with one exception—the exception being the Rosenbaum company.

Mr. Mayfield asked the witness if he could furnish statements of the unexpired billing in regard to the Rosenbaum company, filed in his office. The witness replied that he could if given time enough.

Mr. Mayfield—Can you get me one dated prior to May 8, and filed in your office, prior to May 8, regarding the Rosenbaum company, just one?

Mr. Merrill said he would if he received it.

Mr. Mayfield took up several questions asked the witness in May last, in which investigation the witness had answered that the J. Rosenbaum Grain Company was in all this exported.

Mr. Mayfield—Mr. Merrill is it not true that all you know about the Rosenbaum Grain Company is what is told you by an official of the company?

Mr. Merrill—No, I get reports.

Mr. Mayfield—Did you get these reports prior to May 8?

Mr. Merrill—Yes sir.

Mr. Mayfield asked a question of the grain shipped to the Rosenbaum Grain Company is an export billing?

Mr. Merrill—About three-fourths of the grain.

Mr. Merrill testified that since May 10 the Rock Island had collected more on the domestic rate than before this time. Prior to May 10 the grain received was collected for on a basis of 17 cents export rate, the payment of which was deducted from the Rock Island proportion, which completes the transaction.

In answer to Mr. Trickett he said the Rock Island issues the bills for the export grain moving out of the elevator.

Asked why he issued the billing when he had no tracks south of Fort Worth he answered that the shipments must move a few miles on the Rock Island tracks.

He admitted, however, that domestic shipments are not so billed. He explained that export billing is corrected to domestic billing, if the grain is not exported.

rate on them about six months ago. His company pays demurrage on all cars kept over the free time, and the mill pays its switching charges. Asked the direct question if switching had ever been refunded, he answered in the negative. He explained that his mill is checked by the inspection bureau every six months.

By Commissioner Prouty—Does that \$2.50 switching charge affect the business?

Mr. Allen—It affects it to the extent of \$2.50 per car, or about a half cent a bushel, and that generally gets the business. The Kansas City rate works against us more than anything else. They pay 9.14, we pay 26 1/2. They buy their grain when there is no grain in Texas and sell it to us. When the Texas grain comes on they bid against us, and get it and send it out on their export billing.

Commissioner Prouty—Is that not because of their exceptional facilities in the way of an elevator put up at a great expense?

Mr. Trickett then endeavored to show the commission that by using Kansas City wheat on a shipment to Dallas, and Oklahoma wheat on a shipment for export, the Rosenbaum people caused a manipulation which affected the competitor in the business who did not have the benefit of the contract with the Rock Island people. The Kansas City wheat is brought in on an export bill, on which the elevator pays a proportion of the export rate, 2.14 cents. The Kingfisher, O. T. wheat comes in on a rate of 23 1/4 cents to Fort Worth. The rate from Fort Worth to Dallas is 8 cents. The Kansas City wheat is sent to Dallas, the Dallas rate being added and the Oklahoma wheat is used for export. The point sought by Mr. Trickett was that by this manipulation the Rosenbaum people had an advantage. Commissioner Prouty figured it out and showed that the two shipments would each figure out 48.35 cents. Mr. Trickett then showed that the competitive shipper would pay a local rate which would be in excess.

Commissioner Prouty said he could see the Rosenbaum people had an advantage, but it was the advantage of having an elevator.

At this point the hearing adjourned for lunch.

This afternoon the hearing is still in progress.

CEMETERY IS CAPTURED

Government Troops at Ciudad Bolivar in a Desperate Battle

SOLEDADE, Venezuela, July 19.—(Sunday, 5 p. m.) This morning an engagement between the government forces and the revolutionists occupying Ciudad Bolivar began in two directions. At 6 o'clock the smoke on Ciudad Bolivar was so thick that it was impossible to see the city. At 7 o'clock the government troops, after a terrible fight in which they lost more than 100 men, captured the cemetery. At 8 o'clock the Venezuelan fleet, consisting of five men-of-war, shelled the government building at Ciudad Bolivar.

Bishop Coleman of Delaware, at the annual convention of the Protestant Episcopal diocese of Delaware, assailed corruption in the state and said: "A man must be made to feel that what he would be afraid and ashamed to do in his own special relations he is to be equally ashamed to do in politics. He is not to be allowed to use his church membership as a cloak under whose protecting folds he may be guilty of all manner of deceit and fraud."
