TO OUR CUSTOMERS AND FRIENDS:

Receipts of cattle this week have been the heaviest in several weeks, about 9,000 head being received up date, and prices have remained active and steady with last week until yesterday, when a decline of about 10c w noticed, and today the market is steady with the decline of yesterday. Calves have declined again this week a 25c per 100, as we had very liberal receipts, but nothing strictly first-class. Good veal calves are quoted from \$3 to \$3.25. Yearling and stockers are selling very low, and are hard to dispose of. Feeder steers are selling active, a if they are of good quality and weight will bring from \$2.50 to \$3.00 per 100. Good range cows from \$2.00 to \$2

medium from \$1.85 to \$2.00. Good heavy fat steers from \$3.25 to \$3.75. HOGS-The market advanced from 15c to 25c the first of the week, and the best hogs sold from \$6.10 \$6.221/2; since then there has been some decline on the Northern markets, and good top hogs will bring from \$6 to \$6.10. Good feeders from \$5.50 to \$6.00. We need more hogs on this market, and they will net the shipper more money here than at either Wichita or Kansas City.

SHEEP-Very few sheep coming to this market now, and a few loads per week would meet with ready at fair prices, from \$2.75 to \$3.50, according to flesh and weight.

Correspondence and consignments solicited. Yours very truly,

NEW GOODS

We can't help but blow about our new things. They are undoubtedly the prettiest lot of goods ever opened in Fort Worth. While all our stock has not yet come in, we have already opened a big lot of goods for the early advance season. And we must boast further that we never before owned our goods at such a price as we do this time, despite the fact of all goods advancing, we are buying cheaper than ever before, and of course if THEY WERE BOUGHT RIGHT WE WILL SELL THEM RIGHT.
