DO NOT DRINK HYDRANT WATER

City Physician Chambers Advises Against Its Use

CAMPAIGN IS STARTED

Meeting of Health Department to Make Arrangements to Prevent Fever

City Physician Chambers advises the public to use only artesian water, and to discontinue the use of city water for drinking purposes until the city ceases to drink from the Trinity, as a precaution against typhoid and malaria fever.

There was a meeting yesterday afternoon at the city hall, participated in by Dr. R. Chambers, city physician, Aldermen Henderson and Murray of the health committee, and Alderman Waggoner of the street committee. Arrangements were made to commence an active campaign against mosquitoes, and to make efforts to protect the health of the city from infectious diseases, which are now threatening the lower border of the state.

Dr. Chambers explained to the committee the necessity for prompt action to drain or purify all cess pools and stagnant water in the city, whether upon public or private property, and to purify all tanks of water. He impressed upon the committee the need for municipal action, and asked the assistance of the street force and the police force to the end that the health department may have sufficient assistance to carry out the campaign which he believes is necessary at this time. He advised that yellow fever has crossed the border from Mexico, and while the state health department is doing all it possibly can to fight the contagion, there is a probability that it may make its way to north Texas, and by virtue of its advantages as a railroad town, Fort Worth would be in danger.

The committee discussed the matter at length and it was decided that all public places where water is standing is to be attended to by the city, and citizens are asked to individually work in harmony with the city. Two ounces of kerosene oil poured on the top of water in every tank, every two weeks will kill the mosquitoes which carry the infection. This oil does not in any way affect the water, and it brings about the purifying effect desired.

Alderman Waggoner from the street committee, agreed that the street force shall be instructed to drain every place in the city where it is possible to do so. Where the water cannot be drained, oil will be used liberally.

The meeting had a general discussion and, after outlining the work as stated above, Dr. Chambers called on Chief Rea and had a conference regarding help from the police force. The chief stated that every officer on the force would be instructed to co-operate with the city physician and the sanitary department in every way.

Dr. Chambers said, after the meeting, "It is necessary for this movement to destroy the bad effects of standing water, cesspools, etc., shall be general, and I would like every citizen to help in the work. Where they can remedy the evil let them do so, and where they cannot, where they know of the existence of bad places on public property, let them report the matter to me. I would especially ask them to be careful of dripping hydrants, as water standing in yards or in the grass will breed mosquitoes. I am inclined to think it better to let city water along for drinking purposes until the use of artesian in the mains is general by the city. The people who have quit the wagons should go back to them. When they do, they should ascertain where the water is secured. I have been informed that some of the water wagons have been using from the mains. If this is the case, the citizen is not benefited. Patronizing the private source of supply. There is a great deal of typhoid and malaria in the city, and physicians have been slow to report these. I ask all physicians in the city to report to me any contagious and infectious diseases they find about the city. I am not required by law, but many of them have been forgetful of their duty in this regard. I ask the co-operation of citizens and physicians in this work, and I am satisfied we can keep the city clean."

ENNIS MAN ARRESTED

Charged With Violating the Local Option Law in Ellis County. WAXAHACHIE, Texas, Sept. 25.—On information furnished by Sheriff Nunneker, the United States marshal at Breckenridge, this morning arrested the citizen of Ennis, on two complaints charging him with violating the local option laws of Ellis county. A complaint was also filed charging him with violating the revenue law. Cox is a well known railroad man and was formerly depot master for the joint station at Ennis.

WON'T ADMIT A WILL

Waco Jury Refuses to Allow Document to Be Probated. WACO, Texas, Sept. 25.—A jury in the district court yesterday refused to admit to probate a will alleged to have been written by P. T. McPartland of McGregor. The estate is worth about \$30,000 and at the time of his death no will was found. Later a will was found and a suit was instituted to admit to probate. The jury, not having been convinced of its genuineness much interest is manifested in the case.

CENTRE OF TURKISH REPRESSION

THE DESERTED MARKET PLACE, MONASTIR. Monastir is the central point in Macedonia, where all the outrages on so-called insurgents have taken place. So many of the inhabitants of the district have fallen victims to the Turkish repression of elimination that the market place is today practically deserted.

SALVATION ARMY IN FEUD REGION

News From Band Which Started From Jacksonville to Prestonsburg, Ky.

LEXINGTON, Ky., Sept. 25.—A letter just received here from Captain Clarence R. Boyd of Cleveland, O., a member of the staff of Colonel Richard Holtz, who, at the head of a band of Salvation Army men, is touring the mountain towns of Kentucky, gives the first account of the trip of the Salvationists from Jackson to Prestonsburg, Ky.

COAL FOR OWN USE

"We left Jackson on Friday morning. The weather was cool and clear, and most favorable to mountain climbing. The mountains are something new to all of us, and most of the party were so intent upon gazing first into the valley below and then the bowlders and crags above that the rough road was not considered except when the horses would lunge forward to get over a rock or stop to pick their way down a steep incline. Among the sights along the way were the windowless and deskless school houses, likewise the farm yard coal mines, which were very novel. To a question regarding these peculiar fuel bins, one old farmer stated: 'We raise coal only for our own use.'"

"The first day we secured dinner and horse feed at the house of Breathitt county deputy sheriff. He surprised us twice. Once by giving us a first class dinner and again by charging us only \$1.70 for ten men and eight horses. He told us he was required to make an arrest every few days, whether any offense had been committed or not.

THOUSAND AT MEETING

"Some 1000 people were present at our meeting that night, outside of the entire population of the town. Saturday hundreds came in from every direction, and there were probably 1000 people at our meeting in a town the population of which is 250 people. Hundreds knelt and prayed with us in the streets. While we were praying many shots were fired about the outskirts of the town, but there was no trouble. This is a promising field for the Salvation Army. We moved on to Prestonsburg on Sunday."

ARE READY FOR RETURN

White House Servants Have Home Prepared for President.

WASHINGTON, Sept. 25.—The force of servants and other employees of the White House were up to their ears in work today getting everything in ship shape in anticipation of the return of the president and family from Oyster Bay. During the summer nearly the entire interior of the executive mansion has been repainted and many other minor improvements made. Much of the furnishings have been renovated or replaced. The familiar crystal chandeliers of the parlors have been made smaller and numerous other changes made in line with the extensive alterations and improvements begun a year ago.

CAVEN HOLDS HIS JOB

Mayor-Elect of Marshall Will Abide by the Election Returns. MARSHALL, Tex., Sept. 25.—The contest for the nomination for mayor of this city by M. B. Parchman against T. S. Caven, the nominee, has been before the nominating committee. The contestant was represented by Judge F. H. Prendergast, the contestee by Major James Turner. The main issue involved was whether the nominee has been before the nominating committee for the purpose of voting in Caven, used for the purpose of voting in the primary the poll tax receipts purpose to have been purchased by the liquor dealers' association of this county. The attorney for contestant relied upon the opinion of Judge Levy in the prohibition

case here that was delivered several weeks ago. After the arguments were heard the committee unanimously decided not to go behind the returns and accepted and declared the result as formerly published, declaring Caven the nominee for mayor.

FUN FAST AND FURIOUS

Good Enough While It Lasted, but Afterward There Was a Visit to Jail. GREENUP, Ky., Sept. 25.—John Blessing and Joseph and Henry Elswick of Firebrick have been brought here from Springfield to serve ten days each in jail, besides paying a fine of \$5 and costs. They were charged with rioting, during which they fired over 100 pistol shots, terrorizing the entire town. When arrested each man had on his person one bulldog revolver, a large knife, two razors and a pair of brass knuckles. In their rounds they knocked a preacher down and nearly kicked the life out of him.

PLANS OF THE FRISCO

It May Cross the Mississippi at Fort Adams, Miss.

MEMPHIS, Tenn., Sept. 25.—The Frisco system may cross the Mississippi at Fort Adams, Miss., with its Memphis-New Orleans trunk line, instead of at either Angola or Baton Rouge, La. Fort Adams is ten miles north of Angola and at the mouth of the Red river. Two surveys have been made and a third one is now in progress. If the Fort Adams crossing is selected the route of the line will pass through a corner of Mississippi. A. L. Phillips, chief engineer, states that surveys have been completed from a point near Marion, Ark., on the Frisco west of Memphis to Frogmore, La. There is now only a small gap between Frogmore and the Red river that was not finished last spring because of the high water. This gap will be probably finished as soon as the surveys at the Fort Adams crossing are completed.

RAILWAY CONVENTIONS IN 1903

October 7—Master Steam Boiler Makers' Association at Chicago. October 12—Roadmasters' and Maintenance of Way Association at Kansas City, Mo. October 13—American Association of General Passenger and Ticket Agents at New Orleans, La. October 20—Association of Railway Sunday Printendents of Bridges and Buildings at Quebec, Canada. October 28—American Railway Association at Richmond, Va. November 11—American Association of Traveling Passenger Agents at New Orleans, La. December 1—Annual meeting American Society of Mechanical Engineers, New York city.

LIVE STOCK LAW LOST

The Measure Falls to Carry in Parker County.

WEATHERFORD, Sept. 24.—The stock law and jail bond election, which was held in this county last Saturday resulted against the two propositions submitted. Following is the total vote: For the stock law 708, against 954. For the jail bonds 468, against 1,258. The election passed off very quietly.

Mrs. Francis Moore entertained a few friends yesterday evening. Last night at the residence of Mr. and Mrs. R. F. Creekmore, Miss Eva Creekmore and Mr. William Werneburg of Olco were united in marriage by Rev. F. M. Masters of the First Baptist church. The bride is well known here. Maj. J. S. Young of Fort Worth was here today. Sheriff Bratton and Constable Doggett were in Fort Worth today. Sheriff Averett of Millam county was here today.

DEPUTY SHERIFF DEAD

J. W. Wooten of Shelby, Miss, Murdered by an Unknown Negro. MEMPHIS, Tenn., Sept. 25.—John W. Wooten, deputy sheriff of Shelby, Miss., is dead here as a result of wounds received at the hands of an unknown negro at Shelby Sunday morning. Bloodhounds are on the trail of the negro, but all efforts to find any trace of him have been unsuccessful.

WARDAMAN WANTS NO FOOLISHNESS

Governor-Elect of Mississippi Will Be Inaugurated Like a Business Man

JACKSON, Miss., Sept. 24.—"I would rather the soldier boys would save their money to be expended on an encampment next fall than to spend it on any demonstration in my behalf," said Governor-Elect Wardaman, when asked as to whether or not he wanted any military on the occasion of his inauguration. Major Wardaman stated that he did not like any fuss nor feathers and that when the day for his induction came, he would come to Jackson unattended, go quietly before the proper official and be sworn in as governor and proceed to business.

OWEN WEEPS BITTERLY

Slayer of Samuel Kirby Expresses Poignant Grief at His Death

PORT GIBSON, Miss., Sept. 25.—Betty Owen, the slayer of Samuel Kirby, is terribly grieved and unstrung over the killing and in his cell at the county jail here weeps bitterly and declines food. He expresses the hope that Boone Kirby, brother of the boy he killed, will survive his wounds. Owen is a man of 25 and has a wife and two children. The boy he killed was a brother of his wife. Owen will be taken to Vicksburg after his preliminary hearing here.

A DINNER FOR BATES

Commander of the Department of the Lakes Is Honored

LOUISVILLE, Ky., Sept. 24.—Major General John C. Bates, in command of the department of the lakes, and his staff of officers are to be the guests at a big banquet here tonight. General Bates is in command of the regular United States troops during the military maneuvers which opened at West Point today, and the dinner will be in honor of the general's visit in Kentucky. More than 300 invited guests are to be present.

CUMMINS OPENS SEASON

Iowa's Governor Will Start the Campaign in Polk County

DES MOINES, Ia., Sept. 25.—The mass meeting to be held under the auspices of the Polk County Republican Club tonight, will Governor Cummins as the principal speaker, will mark the formal opening of the republican state campaign. For the next three weeks the governor will speak three times a week, and then every day until the close of the campaign. In accordance with long standing custom, the presidential campaign in Iowa is opened the year preceding election so that the present campaign is of national as well as state interest.

THEY WILL HOLD CROP

Sea Island Cotton Growers of Florida Will Await a Better Price

JACKSONVILLE, Fla., Sept. 25.—J. E. Haynesworth of Alachua county, in speaking of the sea island cotton situation, said that the growers in his section of the state would hold their cotton another year, as they did last year, to secure a better price. The Florida Long Staple Cotton Growers Association has a large warehouse at Alachua, in the same county, where cotton was stored last year and where there will be several thousand bales kept this fall and winter. A meeting of the Florida Staple Growers' Association will be held October 31 at Alachua.

STATE SENATOR IS FINED

CHATTANOOGA, Tenn., Sept. 25.—State Senator J. Walter Peak, who sometime ago assaulted with a cane William Dowling on the streets of this city be-

cause of local politics, has been fined \$200 in the circuit court for assault and battery. Senator Peak has entered suit against Mr. Dowling for \$50,000 for criminal libel in publication which caused the assault.

BIG ONION SEED ORDER

Atlanta Firm Received \$10,000 Worth of Bermuda Onion Seed

ATLANTA, Ga., Sept. 25.—That Atlanta is expanding in size as a port of entry is evidenced by the large importation of Bermuda onion seed received by Surveyor of Customs Markham yesterday from the Canary Islands for a local firm. The shipment includes sixteen cases of 200 pounds each, or 3,200 pounds in all, valued at \$10,000. The duty and freight alone amounted to over \$1,000. This is said to be the largest importation of onion seed ever received by a southern seed house.

MAY DISTRIBUTE FUND

Southern State School Superintendents May Discuss Penobscot Benefaction

LITTLE ROCK, Ark., Sept. 25.—Hon. J. H. Hinson, state superintendent of public instruction of Arkansas, states that there is a likelihood of an early meeting of the southern state school superintendents to take action relative to the disposition of the Penobscot educational fund. The fund is now over \$3,000,000 and many of the southern state superintendents are said to favor closing the trust and distributing the fund to the states in the south rather than to concentrate the money on one large teachers' college, as has been proposed.

SHE LIVED FOR OTHERS

Mrs. C. W. Barker Spent Nearly 60 Years in Jail

MACON, Sept. 25.—Mrs. Charlotte W. Barker, 83 years old, is dead at the Julia Jones Home for Old Ladies. The story of Mrs. Barker's life and death is an interesting one and filled with much sadness. It was characterized by a sublime devotion to duty, and it can be said that she lived untirely to do good to others. Her husband died when she was 25 years old. She had a large fortune. This she gave to charity and went to the Jones home to spend the remainder of her days in helping those who might be less fortunate in health and strength.

LUFKIN IS PROHIBITION

Angelina County Went Dry by Sixty-Five Majority

LUFKIN, Tex., Sept. 25.—The commissioners' court was in session yesterday for the purpose of canvassing the returns of the prohibition election held on the 12th of this month. The returns show that the county went prohibition by 65 majority. There is some talk of injunction proceedings, but cannot learn anything definite. The order of the court places prohibition in effect in the county after October 26.

THIS NEGRO IS A GIANT

"Bud" Rukan Stands Nearly Eight Feet Nine Inches High

OWENSBORO, Ky., Sept. 25.—"Bud" Rukan, the negro giant, has arrived in this city. He is the tallest man ever seen in Owensboro, claiming to be 8 feet 9 inches in height. He can reach a distance of 119 inches from the tips of his fingers on one hand to the tips of his fingers on the other. His fingers are nearly eight inches long. "Bud" is 33 years old and for twenty years has been unable to walk. He is from Gallatin, Tenn., and until he was 13 years old worked in the fields.

A BRAKEMAN IS KILLED

Shot by a Tramp Whom He Was Trying to Eject from a Car.

DENISON, Texas, Sept. 25.—Troy McMillan, Katy brakeman, was a shot and killed at Cadde, T. T. Thursday by a tramp he tried to eject from a box car.

TARRANT'S TAX ROLLS SHOW BIG INCREASE

Eleven Per Cent Gain in Assessed Valuation for State and County Taxes—30 Per Cent Decrease in Individual Indebtedness—Assessor Sweet's Figures

TARRANT COUNTY TAX SHOWING
Total assessed valuation, 1903: \$24,515,220
Total assessed valuation, 1902: 22,085,180
Increase: \$2,430,040
Credits, notes, etc., 1902: \$238,680
Credits, notes, etc., 1903: 379,575
Decrease in debts: \$149,105

With more money on deposit in the banks, with a 50 per cent decrease in individual indebtedness, an increase of \$2,430,040, or 11 per cent over last year. This means that the total to be paid by the people of the city and county, on state and county taxes this year is \$25,768,89.

TARRANT COUNTY TAX SHOWING (continued)
1903 Value 1902 Value
Acreage of land in survey: 553,876 \$5,784,570 553,876 \$5,169,820

County ad valorem: 12,400 60
County poll tax, \$1.50 per capita: 156,770 15
District school: 2,875 09
District school: 10,305 95
Total except poll tax and district schools: \$236,768 89

MRS. DAVIS IS AT CRITICAL STAGE

Doctors Say, However, That She Still Has a Chance for Recovery

BUFFALO, N. Y., Sept. 25.—Mrs. Jefferson Davis was worse this morning, her condition being considered critical. Doctors say the crisis has not been reached, and should she get relief, she may recover. Several relatives and friends have arrived and are at her bedside. Mrs. Charles G. Stockton, Roswell G. Park and Allen Jones have been in continuous attendance upon the patient throughout the day and night. A telegram was sent to Mrs. J. A. Hayes of Colorado Springs, a daughter of Mrs. Davis, summoning her to her mother's bedside. Dr. Stockton last night gave the Associated Press the first official statement regarding the nature of Mrs. Davis' illness. He says: "Mrs. Davis is suffering from an obstruction of the alimentary canal. Her condition is serious, but not necessarily fatal. No surgical operation is anticipated at this time." Castle Inn, where Mrs. Davis is ill, was formerly the home of Millard Fillmore, former president of the United States.

GOVERNOR OPENS FAIR AT DALLAS

In a Short Speech He Declares the Exposition Begun

Quieter Interest Manifested Because of the Absence of Racing

DALLAS, Texas, Sept. 25.—The eighteenth annual Texas State Fair opened at 10:30 this morning. Governor Lanham arrived this morning and was met by delegations of citizens and the local military and was escorted to the grounds, where he was introduced by President Gaston of the State Fair Association. The governor delivered a short address, in complimentary terms and declared the fair open. The attendance was estimated at 5,000 at the opening hour, with arrivals still entering the grounds. CHILDREN'S DAY This is children's day and a large turnout of the youngsters is expected this afternoon. There is a notable absence of the large element that formerly were attracted by the races. No turpins or sporting men of prominence are yet here. The general exhibits of the fair are good, but there seems to be a quieter interest manifested than at former fairs. The management stated that it expected this quietness, but that those attending are of a substantial element and the fair will be a success without the horse racing.

NEGRO EDITOR IS SHOT

A. J. McCauley Seriously Wounded in Dallas Last Night

DALLAS, Tex., Sept. 25.—Last night at 9:30 o'clock A. J. McCauley, a negro lawyer and editor, was shot three times on South Erway street near its intersection with Marilla street. Five shots were fired, but only three took effect. One shot entered the fleshy part of the upper left arm. Another entered the right leg just above the foot. The third entered the lower left back in the region of the kidneys. The wounded man fell on the lawn of the residence at 238 South Erway street. Medical attention was summoned and the wound on his arm and leg were dressed in a temporary way. Later he was conveyed to the city hospital.

CABBAGE CIGAR DOOMED

NEW YORK, Sept. 25.—The "cabbage cigar" is doomed and the "alfalfa" cigar is the latest weapon of destruction which wives will buy for their husbands at Christmas tide. New York cigar dealers are receiving circulars from a Californian guaranteeing the "grass cigar" to deceive the most expert smoker. Alfalfa is a kind of grass upon which cattle and hogs thrive mightily.

LOW COTTON AT TEMPLE

Prices Are Below 10c and the Farmers Want to Hold Crop. TEMPLE, Texas, Sept. 25.—The low price of cotton continues and farmers are reluctant to sell at less than 10c. The best price paid Thursday was \$1.50, and many farmers remained with the bales on their wagons until late at night. Those who can afford to say they will hold their cotton till better prices prevail.

OIL FOUND IN SHERMAN

Discovery May Be Valuable and Will Be Worked to Limit. SHERMAN, Texas, Sept. 25.—About thirty gallons of oil that burns as readily as the ordinary refined oil have been drawn with a bucket from the top of the water in a well on East Lamar street. If the discovery proves genuine the oil will be developed to the limit.

Address all mail to the company. CAPITAL STOCK \$100,000.00 ROOMS 203, 204 AND 205 LIVE STOCK EXCHANGE.

MINERS SCALE IS NOW AGREED TO

The sub-committee of the conference between the miners and operators reached an agreement on Monday on all matters under consideration, and late this afternoon the matter will be taken up and disposed of by the full conference.

DEAR SIR:

There were nearly 10,000 head of cattle on the market this week, which has been an abundant supply for the packers and outside butchers, whose orders have fallen at this place.

Hog receipts this week were 2,818 head, which were considerably heavier than they have been for some time. The market opened Monday about 5c lower than last week's close and since that time has lost about 10c, which leaves it today 10c to 15c lower than last week's close.

Table with columns: No., Av., Price for Cows and Heifers, Steers, Calves, and Hogs. Includes Fort Worth Live Stock Commission Company header.

DR. H. T. WILSON'S GRAPHIC LECTURE

Eloquent Speaker Addressed Large Audience at Christian Tabernacle. Eloquence, earnestness and true American patriotism were combined in the lecture.

HIGH DIVE POSTPONED

The high dive at Lake Erie tomorrow afternoon and evening has been called off because of the absence of some necessary paraphernalia. It will take place one week from tomorrow.

ANOTHER MEETING OF THE FARMERS

S. R. Williams of the Society of Equity Talks About Organization. S. R. Williams, who is deeply interested in the new farmers' organization known as the Society of Equity, which is, in other words, a co-operative farm movement.

The Formula tells the story: Grove's Chronic Chill Cure. Fluid Extract PERUVIAN BARK, Fluid Extract BLACK ROOT, Fluid Extract DOG WOOD BARK, Fluid Extract POPLAR BARK, Fluid Extract PRICKLY ASH BARK, Fluid Extract SARSAPARILLA. It Cures the Chills that other Chill Tonics Don't Cure.

# Diarrhoea

When you want a quick cure without any loss of time, and one that is followed by no bad results, use Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails and is pleasant and safe to take. It is equally valuable for children. It is famous for its cures over a large part of the civilized world.

## Intense Interest

Is being manifested in our large, new collection of stones—the largest collection of

## Color-Clear Diamonds

Ever displayed in our city. We anticipated quite a large advance in Diamond sales during this and the next month, therefore we bought in large quantity at a great saving. Take advantage of it.

J. E. MITCHELL CO.

## OUTLOOK IS FOR HIGH MILL FEED

No Immediate Prospect of Decrease in the Price of Meal or Hulls

The Telegram several days ago first mentioned the fact that there was very little likelihood of the cattle feeders and the mill men getting together on the prices to prevail for mill feeds during the coming winter. Since that time repeated efforts have been made to arrive at an understanding regarding prices, but thus far the feeders and mills are as far apart as they originally were.

Discussing the situation, which now appears to be gloomy, James Wilson, live stock agent of the Chicago & Alton, and who is always well posted on such matters, said in the Telegram this morning that the feeding situation as it refers to mill products, is not very encouraging to the cattlemen who desire to put cattle on feed at the mills. Like all others, Mr. Wilson believes that the prices asked by the mills are entirely too high and outside the bounds of reason. At the prevailing prices he maintains that feeders will be able to make money, but on the other hand will lose.

Last season they paid the mills \$6 for hulls and as high as \$23 for meal, and at these prices there was no profit in feeding.

The mills claim they can sell all their output to the exporters at \$20 and of course believe they should receive the same figures from the feeders.

Mr. Wilson, however, says the cattle feeders are better prepared to combat the high prices of the mills this season than they were last year, because there is an abundance of rough feed this season, such as kafir corn, milo maize and sorghum, which will take the place of the mill products very satisfactorily. The meal and hulls are preferable, but the rough feed will answer the purpose in a pinch.

The mills are now holding out for prices as high as they were last year, and with the prospects that the cotton crop will be materially shorter than was first predicted, the chances are that prices will even go higher than now quoted.

The unfavorable reports coming in from many of the cotton districts adjacent to Fort Worth on account of the continued dry weather strengthen the position taken by many that mill feeds will go even higher than present prices. If this turns out to be the case it is safe to say that there will be very few cattle placed on mill feed within a radius of seventy-five or 100 miles of this city this fall and winter.

## Music and Drama

"Looking for a Wife" is a performance of the vaudeville variety, and as given at Greenwall's yesterday afternoon and last night pleased the audiences. As was advertised, the company is composed of twenty-five people, mostly girls, and the girls are dancers and singers, and in their various specialties, whether they were solos, duos, trios, quartettes or sextettes, they did not fail to entertain.

The Dempsey sisters form a good team, and with their performing dog, they gave a delightful specialty. They are good singers and excellent dancers. The "match" specialty was good. The play was well staged.

"A DAUGHTER OF SATAN" A great many readings of the title will be curious to know who the person is. Fedora is the leading character in the play of the same title. "A Daughter of Satan" was dramatized from the successful novel, "The Wickedest Woman in the World," by J. F. Arnold.

manager of "The Arnold Stock Co." which begins a five nights' engagement at the Greenwall opera house, commencing next Monday night.

"A Daughter of Satan" has been acknowledged by the press of other cities to be the strongest and best sensational melo-drama of years. The play contains plenty of good comedy and the final or last act is one of the prettiest ever presented on the stage. According to the customs, ladies will be admitted free Monday night only, when accompanied by a person holding a paid 20-cent ticket which must be reserved before 4 p. m. Monday. Matinees are to be given daily from Tuesday change of bill at each performance.

## IN TWO MORE YEARS

It is Expected the Road Between Alice and Brownsville Will be Finished

The extension of the Aransas Pass from Brownsville to Alice is being pushed along as fast as it can be done, good construction considered, says President Hudson. Every team and teamster available have been pressed into service and the company is searching for more laborers and teams.

President Hudson says that grading and track laying will be pushed with all possible dispatch from this date on, as it is the intention of the company to have the road in operation between the two towns within two years, and efforts are being directed this early in the extension period to have the line completed within the stipulated time.

President Hudson has already perfected arrangements with holders of large tracts of land tributary to the Brownsville-Alice extension, which assures the development of that section of the state in an agricultural way. This foresight pre-

## SHE GAINED THIRTY POUNDS

MRS. WEBER TELLS HOW SHE WAS HELPED WHEN DOCTORS FAILED

She Let Her Trouble Become Chronic Because She Hesitated to Consult Her Physician—Particulars of a Remarkable Case

The natural reluctance, which every woman feels to consult a physician regarding troubles peculiar to their sex caused Mrs. C. Weber, of No. 7655 South Front street, Columbus, Ohio, to let her illness run on until it became chronic, and at length the excellent doctor whom she employed could give her no relief that was permanent. She writes as follows concerning a case that will interest hundreds of women and every husband whose wife is ailing:

"I felt the trouble a long time before I went to our doctor, perhaps, a year or more. When I did consult him he told me I had female trouble and that my ovaries were affected. I felt sharp pains through my stomach and could not walk across the room without suffering agonies which I cannot describe. My head ached so that it fairly thumped and at times it seemed that I would go crazy. My stomach became so weak that it would retain only the lightest food. Week after week I took the doctor's medicine, but I continued to feel worse and worse. On several occasions I was confined to my bed for a time. My weight decreased to 102 pounds and I seemed a confirmed invalid."

"One day I read a case similar to mine that had been cured by Dr. Williams' Pink Pills for Pale People and, although I did not have much confidence, I began taking the pills, having already discontinued my doctor's treatment. While I was taking the second box I began feeling a little better and the improvement continued until I was cured. The pains disappeared, my appetite and digestion improved and in a few months I had recovered by health and strength and weighed 132 pounds. I have recommended Dr. Williams' Pink Pills for Pale People to several people and I know that they took them with good results."

No discovery of modern times has proved such a blessing to women as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing. These pills are sold in boxes at 50 cents a box or six boxes for \$2.50, and may be had at all druggists, or direct by mail from Dr. Williams Medicine Co., Schenectady, N. Y.

cludes a possibility of the speculator getting in on the ground floor and securing all the best land for merely speculation. It will be the aim of the promoters of the extension to develop the country adjacent to the line just as rapidly as it can be done with a class of thrifty farmers.

President Hudson says that the present holders of the land have consented to cut up their holdings into small tracts, which will enable everybody to secure a small home along the railroad at reasonable figures. It also means that the development of that part of Texas is not to be retarded, but left free to take a logical and natural course of development.

## A KATY EXTENSION

The Missouri, Kansas and Texas Railroad Company will extend its line which runs from Colmesneil to Austin, a distance of seventy-five miles, from Austin to Smithfield, 150 miles. It will connect with the main line at Austin.

It is also reported that the Katy will also build a direct line from Smithfield to Aransas Pass, on the golf coast, a distance of about 140 miles, and that the Colmesneil line will be extended south from that place to Beaumont, a distance of about seventy-five miles.

## DENVER AND PACIFIC SURVEY

A party of civil engineers are at Salt Lake completing arrangements to start the survey of the Denver, Northwestern and Pacific from the Salt Lake end of the road.

## SOME TEXAS CROPS

**COTTON AT BRYAN** BRYAN, Texas, Sept. 25.—Bryan has produced to date by wagons 5,723 square bales of cotton and \$25 round bales.

**LEMONS AT PARIS** PARIS, Texas, Sept. 25.—C. P. Hummel, living on East Herron street, has a two-acre lemon tree in bearing with nineteen large lemons on it.

**TEMPLE OIL MILLS** TEMPLE, Texas, Sept. 25.—Both oil mills and compresses are now running on full time.

**FARMERSVILLE GRAIN COMPANY** FARMERSVILLE, Texas, Sept. 25.—The merchants of this city, having formed members of the Farmersville Grain Company, with ample capital to handle all grain coming to this city. They will buy, shell and ship corn to Galveston for export.

**COTTON AT RHOME** RHOME, Texas, Sept. 24.—Farmers have their wheat lands broken and are getting ready to sow wheat, of which there will be a large acreage planted. The cotton people west of town in the timber belt are busy picking cotton and if the weather continues fair will soon have it picked and sold. It is making about one-third of a bale to the acre.

**BIG CORN YIELD** MARSHALL, Texas, Sept. 24.—R. M. Anderson, who lives west of this city, gathered eighty-four bushels of White Dent corn from one acre of land last Friday. It was bottom land and had been in cultiva for fifty years. He gathered 140 bushels from another two-acre field.

**COTTON AT ALVORD** ALVORD, Texas, Sept. 24.—The cotton season has opened in full blast in this section. This place has received to date 1,025 bales, which has been marketed at prices ranging from 10.25c to 12c per pound.

**A PURGATIVE PLEASURE** If you ever took De Witt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills clear the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc." Sold by druggists.

## BELIEVED WHAT HE READ IN PAPERS

Confiding Postmaster of Alabama Now Has to Face United States Court

CHATTANOOGA, Tenn., Sept. 26.—Andrew S. Wallace was, until a few weeks ago, postmaster at Opp, Ala. While serving at Uncle Sam's agent in that capacity Mr. Wallace read in the papers of the bribery that was going on in the postoffice department at Washington, and he forthwith proceeded to write to Postmaster General Payne and offered him the sum of \$50 if Mr. Payne would have him appointed postmaster at Andalusia, Ala. This was a better office than the one held by Mr. Wallace, and he thought by tempting the postmaster general with the offer of \$50 he would have no trouble in receiving the appointment. However, the postmaster general, who was later over to Paul E. Williams of this city, chief of postoffice inspectors for the Southern division, and as the result Wallace has been removed from the office at Opp and placed under a bond of \$500 for his appearance at the next term of the United States court at Birmingham.

## PEEL FOR CHURCH FUNDS

Determined Kokomo Women Work in Tomato Canning Factory

KOKOMO, Ind., Sept. 26.—A novel spectacle was witnessed here, when the Ladies' Aid society of Markland Avenue M. E. church, embracing about 200 prominent women church workers, marched in a body to the local canning factory and were set to work peeling tomatoes for the packers. They went attired in old frocks and aprons, rubber boots and other articles, as a protection from the slime and slush of the peeling and cooking rooms. The women carried their peeling knives in the procession, and will go out to work two days each week as long as the packing season lasts. They will earn about 60 cents per day.

The women agreed to raise a certain sum toward enlarging the church and building a parsonage, and will go out and earn the money at the hardest kind of work. The canneries advertised for 200 tomato peelers, and the church women were offered the jobs and accepted.

## SOLD HIS LIFE CHEAP

Express Employee, Less Than \$200 Short, Commits Suicide

NASHVILLE, Tenn., Sept. 26.—William S. Mills, money order clerk in the local office of the Southern Express company, was found dead in a room in the Wagoner Hotel with an empty morphine bottle by his side. He registered at the hotel yesterday morning and was not after seen alive. Mills appeared at his desk Tuesday morning as usual and a little later a traveling auditor of the company came in unexpectedly to check up the books. Mills almost immediately complained of indisposition and left the office, since which time he had been missing. Investigation of the books has revealed a shortage of something less than \$200. He had been a trusted employee of the Southern Express company here for more than twenty years.

## ARLINGTON LIGHT PLANT

Cleveland Electrical Company Will Establish New System There

ARLINGTON, Sept. 26.—About ten days ago a representative of the Lincoln Electrical company of Cleveland, Ohio, was here and closed a deal with A. W. Collins for a site for an electric plant. Tuesday W. H. Freeman, the Fort Worth agent, was out and says a part of the outfit has already arrived in Fort Worth, and that they will be ready to begin work pretty soon. The plant will be located where Collins' corn sheller is at work. At present the plant will furnish light, but later will furnish power also. If properly patronized the company will put in an ice plant next summer. Handley and Grand Prairie will likely be furnished light and power from this plant.

## HAVE YOUR SUITS CLEANED AT

Gaston Bros., 906 Houston street.

## ONE LAST BUFFALO HUNT

"Buffalo Bill" is Invited to Participate in the Affair

PIERRE, S. D., Sept. 26.—When "Scotty" Philip brought his bison herd from the range to his pasture several of the largest of the herd could not be brought in, for they would break through any cordon of riders that surrounded them. Some of them are vicious and it is desired to get them out of the way. A hunt for that purpose some time next month is being considered, and if the plan is carried out it will, without doubt, be the last bison hunt in the history of the country.

"Buffalo Bill" and other prominent westerners will be invited to take part. A taxidermist will accompany the party and prepare the skins for mounting, and some fine specimens will be secured.

W. S. Matney, the cheapest first-class merchant tailor in the city.

## KING'S SLAYER FOUND

Report From Mexico That He Formerly Resided in Denton County

MCKINNEY, Tex., Sept. 26.—A few weeks ago Dr. R. D. King, formerly of this section of the state, and later a prominent mining operator of Oaxaca, Mexico, was assassinated at the railway station in that city.

Shortly after the affair A. C. King of this city, a brother of the murdered man, in company with Attorney W. R. Abernethy, went to Oaxaca to investigate the killing of Dr. King and to assist in the conviction of the guilty party. They spent several weeks there before and during the trial the judge withholding his decision until a later date.

News has just been received here that Ed Maddon, formerly of Pilot Point, Denton county, who did the killing, has been sentenced to be shot. His attorney, the dispatch stated, moved for a new trial, but Maddon interrupting, exclaimed: "No, you don't. I've had my trial and now I will take my medicine."

Maddon is known in this section, and Dr. King, the victim of the bullet, has resided at Pilot Point and other places in this portion of the state.

**It's A Studebaker**

on it's way home from our establishment. There's another man that has bought wagon satisfaction. The Studebaker line of Vehicles and Harness always pleases the buyer. We go upon the theory that to get and hold your trade in the future we must give you the biggest value for your money.

THAT STREET PAVING

When a reporter for The Telegram yesterday asked the representative of the Parker-Washington company when the street paving work on Houston street would commence, the representative replied that he did not know. It is about time for some one to ascertain when this work is to be done. The city council let the contract early in July and a time limit was fixed when the work was to commence. That time limit has expired and the work has not been commenced. It is true some brick has been laid along the street car track, but this does not justify any claim that the work has started. One swallow does not make a summer, and a few bricks do not make an asphalt street. The contract for asphalt was let because the property owners along the street want that character of paving, but they do not want to wait forever for it. Houston street is in an awful condition. Ruts, holes and low places can be found along its length at almost any point, and vehicles risk damage wherever they are drawn. The city engineer, the city council, the mayor or whoever has the authority, should have the representative of the company take the matter up and push it at once, and in the meantime if there is an opportunity to forfeit the \$2,000 which was deposited as an evidence of good faith and guarantee that the work would commence it should be done. These forfeits are put up as a business matter and the company which puts up one ought to know what it is doing. If it fails to keep its contract the city is entitled to the money as a liquidation of damage because of the delay occasioned. If such a forfeit was put up between individuals it would be collected and the city should have the same benefit.

THE PUBLIC HEALTH

In this issue of The Telegram is a statement from Dr. R. Chambers regarding the need for activity by all citizens to prevent the spread of disease by mosquitoes, and certain regulations are enjoined upon every resident, the city doing its part in looking after the public places. In San Antonio and other places ordinances have been passed making such precautions a matter of municipal regulation, but it is not believed this will be necessary in Fort Worth. Yellow fever has crossed the border and the state board of health is now fighting it at Laredo. It may come farther into the state. Fort Worth is a railroad town and if an infected person should pass the guards and make for this city by train, there would be danger.

Therefore the people of Fort Worth should do something. The people of Fort Worth should act to keep out the disease, and to reduce to a minimum the cases of typhoid and malaria which are now here.

MAGAZINES

QUEER CUSTOMS IN BRITAIN ON ALL SAINTS' DAY.

Two days before the first of November the village dames house clean the churchyard—that is all the large flat, gray tombstones are gorgeously scrubbed and scraped and all the wooden crosses are whitewashed. While this is reverently done, there is nothing sordid about the group of sturdy women, their arms plunged in soapuds, talking from grave to grave or answering the quips of the ancient sexton as he weeds the paths and trims the borders. And the dead, if they could know, would, perhaps, be comforted feeling all this warm human life about them bustled in setting their little low houses in order.

MOTHERS! MOTHERS!! MOTHERS!!!

Mrs. Winslow's Soothing Syrup

has been used for over SIXTY YEARS by MILLIONS OF MOTHERS for their CHILDREN'S TEETHING, with PERFECT SUCCESS! SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN; CURES WIND COLIC, and is the best remedy for DIARRHOEA. Sold in druggists in every part of the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup" and take no other kind. Twenty-five cents a bottle.

the regulation is observed everywhere and it should be the pleasure of the inhabitants of the city, one and all, to comply to the fullest extent for their own benefit as well as for that of the city at large. Now that it has been decided to make war on the mosquito as well as to institute a crusade against all slovenliness and uncleanness, it is hoped that the whole people will co-operate in active efforts for a cleaner city and for assured healthfulness.

Summer has passed, but that is no reason you should fail to put a little kerosene on the water in the tank at your house to kill the mosquitoes of summer, which creep through the screens of the autumn days.

The Panama hat has gone out of business with the change of seasons. Can we say the same for the Panama canal?

LITTLE STORIES

HE CAUGHT HIS MOTHER

Little Jack, Mr. Ayr's youngster, much to the distress of his parents, who are God-fearing people, has developed a penchant for evading the truth, says the Philadelphia Record. His mother took him to task for telling a fib the other day, whereupon the following conversation ensued: "Well, mother, you told me a lie this morning, anyhow." "Why, Jack! What do you mean? Mother wouldn't tell you a lie. It's wicked of you to tell lies." "Well, mother, how can you say such a thing? If you don't tell me what you mean I'll whip you."

"You'll whip me anyhow." "Well, you know that cake in the pantry that was left over from supper?" "Yes."

"You told me not to eat it because it would make me sick." "That's what I said."

"Well, it didn't, and you're a story-teller, so there!"

NOT PROPERLY ENCOURAGED

Admiral Watson always prohibited swearing on the vessel where he happened to be, and if any reckless officer introduced an order from the bridges with an oath he was called upon for a private interview with his superior, says the New York Times. But another matter in his squadron troubled the admiral. His was the flagship, and yet her men were sometimes the last to finish the execution of a command or to carry out a maneuver. One day, when the seamen were behind in getting down from the rigging he called the captain to him.

"Why is it," he asked, "that here on the flagship, where we ought to be the quickest, the men are behind the other ships?"

While the officer was seeking for an inoffensive reply a volley of oaths came floating across the water from the captain of the nearest ship.

"Well, you see, admiral, our men don't get the right kind of encouragement, sir."

PREFERRED A PLAIN NAME

Admiral John G. Walker, president of the isthmian canal commission, wears long, red-rimmed whiskers, which give him a familiar nickname in the navy. One day a young ensign entered his office and in a cheerful tone addressed the colored messenger: "Hello, Bones, where's Old Whiskers?" Before the conversation could proceed any further the admiral stepped out from behind the screen, drying his hands upon the towel, and remarked quietly to the young officer: "Take a seat. I'll be with you in one moment." As the floor did not open to swallow him up the ensign sank into the nearest chair with a heavy and remorseful heart. He had come to ask a favor of the man who assigned all officers to duty and had the power to send him to either a pleasant or a painful berth as he pleased. When the admiral reappeared and took his seat at the desk the young officer, with shaking limbs and flushed face, began to explain that he did not intend to be impertinent. "For you must know, admiral," he stammered, "that the boys often call you 'Old Whiskers.' I hope you don't mind it."

"Oh, no," answered the admiral. "I don't mind it, but if it's just the same to you I'd rather you'd call me John."—New York Tribune.

"Let the GOLD DUST TWINS do your work!"

Any fan minded grocer will tell you that GOLD DUST is the greatest sifter he has among washing powders. Which sifter he is, GOLD DUST does the work better than anything else can. GENERAL USES FOR GOLD DUST: scouring, scrubbing, washing, cleaning wood-work, oilcloth, silverware and tinware, polishing brass-work, cleaning bath-room, pipes, etc., and making the finest soft soap. GOLD DUST MAKES HARD WATER SOFT.

THE SOCIAL LADDER

People take strange ways of getting into society. Sir Thomas Lipton took his first step toward the heights of trade by driving two pigs—harnessed and richly caparisoned—about the streets and making them haul a cart. An ambitious young person resolved to profit by the Lipton idea. He owned no pigs to drive; but since amazement and resultant gossip were the objects sought, he would as easily employ a dog by another trail. After deepest thought the young person threw himself into the basin of a park fountain on a wager of gloves with a girl. In a moment the inner circle knew his merit; it spread wide its arms and his status was fixed. And he appeared later in the thoroughfares of Newport carrying a gigantic rag doll; and later still he gave a dinner to a group of landlugs and thereby emphasized his fame.

Then there was that other male person who seemed natural enough, had for his intimate friend a monkey from Borneo's wilds. And then, too, there was the dinner given by one of society's queens with the Borneo monkey as the guest of honor. Besides do not folk flourish with horse-back dinners to two hundred dollars a horse? Have we not cottages where the favors are cats and rats? Are there not receptions at which the unwilling animals of the barnyard are made to mingle sorrowfully with their brethren in the drawing rooms? These should burn the lemons to guide all on a hunt for social eminence.—Alfred Henry Lewis in Everybody's Magazine for October.

AINSLIE'S FOR OCTOBER.

"The Measure of a Man" is the suggestive title of the novel in Ainslie's for October. The author, Francis Provost, has produced a peculiarly fine piece of literary workmanship. It is written primarily as a study in psychology, lacks nothing in plot, action and dramatic quality. A particularly strong story is "The Bread of Deceit," by E. E. Benson, author of "Dodo." In this Mr. Benson has departed somewhat from his usual vein in introducing an element of tragedy, but has proved himself fully equal to the new demands made upon him. "The Apostle of the Buton," by Elizabeth Dyer, represents the humorous element in this issue of the magazine. The humor, which is chiefly in the idiosyncrasies of the hero, is full of delicate touches. "Still in Command," by Beatrice Lansom, is a particularly fetching love story. "The Confessions of a Humorist" is an anonymous article. They read like genuine confessions, however, for, much as the author evidently desires to escape his misfortunes, he is still humorous in spite of himself.

SHE CABLED

A Philadelphia woman whose wife was going abroad felt that it would show sincere affection if he encouraged her to go to the expense of sending him a cablegram announcing her safe arrival in Liverpool.

"Just a word or two, you know, dear," he said at parting. "You know cabling is a very expensive piece of business."

"I suppose so, Harry dear," she said, tearfully. "And it's so sweet of you to want me to go to such an expense. It is lovely of you."

"They had to feed him a glass of water, and they feared a stroke of apoplexy, when the 'word or two' came a week later C. O. D. It was as follows: 'Dear Harry—Here I am all safe and sound, and I can hardly realize it.'"

THE PLEASURE OF EATING

Persons suffering from indigestion, dyspepsia or other stomach trouble will find that Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. This remedy is a never-failing cure for indigestion, Dyspepsia and all complaints affecting the glands and membranes of the stomach or digestive tract. When you take Kodol Dyspepsia Cure everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues. Sold by druggists.

lize that I am really and truly in Europe. I had a perfectly lovely trip across, and I wasn't the least bit bored. I was the only one at our table who didn't miss a single meal. Wasn't that lovely? And we had one real stormy day. But I just enjoyed standing on the deck and watching the billows roll and the white-capped waves sweeping lither and thither. And we had a burial at sea. It was dreadful solemn. It was one of the sailors. Poor fellow! I know I am going to have a lovely time, and I'll be a regular European by the time you come over for me in the fall. Don't you let your horrid business or anything else keep you from coming. And do, do, do, take the best care of yourself, and write me every week. There, I guess I have cabled all you will want to pay for, so good-bye. —October Woman's Home Companion.

DEMOCRATS WILL HOLD THEIR CONVENTION THE FIRST OF OCTOBER

NEW YORK, Sept. 26.—The Democrats of this city will hold their convention October 1 for the nomination of mayor and other city officers. The indications now point to the nomination of George B. McClellan, son of the distinguished general of that name, Tammany having practically declared for him already. Mr. McClellan is now a congressman and is very popular with the young element in his party.

WORK ON SUBWAY

More than a year ago it was promised that the subway would be in operation by October 1 of this year. A month or two ago came the statement that strikes of the summer would delay the operation until the spring of 1904. Now Contractor McDonald declares that Superintendent Parsons of the subway company is seriously interfering with the progress of his work, and this would indicate still further delay of the opening of this much-needed means of transportation.

NOVEL READING DECLINES

It has been stated from time to time within the last twelve months that novel reading in this city is growing in disfavour. The recent failure of the New Amsterdam Book company, a large concern whose specialty was the publishing of fiction, would seem to confirm this contention. Several of the librarians have stated that there is growing choice of history, biography and science on the part of the public. This, if true, augurs better things for the people.

PARKS IN THE GHETTO

The most congested district in the whole earth is what is known as the Ghetto in this city. While no intelligent attempt has been made to scatter this dense mass of humanity, the city authorities purpose the fixing of several small parks in this and immediately adjoining territory. It has been demonstrated that the location of parks in crowded districts contributes greatly to the healthfulness of the area within the pale of their influence. It is the declared purpose of the authorities to extend the small park system throughout the densely populated portions of the city.

WEDDING A LOVE MATCH

The people of New York are inclined to think with decided favor upon the approaching marriage of Miss May Goetz and the Duke of Rosburgh. This approval is due not to the fact that an American girl is to become a duchess, but that it is clearly a love match, with no suggestion of money having been made to scatter this dense mass of humanity, the city authorities purpose the fixing of several small parks in this and immediately adjoining territory. It has been demonstrated that the location of parks in crowded districts contributes greatly to the healthfulness of the area within the pale of their influence. It is the declared purpose of the authorities to extend the small park system throughout the densely populated portions of the city.

CONTRIBUTIONS SLOW

Contributions to the great cathedral of the Episcopal church of this city come in very slowly. There is strong opposition to the structure among members of that church and congregation in this city. The feeling prevails that it is too big an enterprise and comprehends too many years for its completion. At any rate the bishop does not seem to be stirring himself greatly to secure added funds and the work of construction goes on very slowly indeed.

VEGETABLES SCARCE

And now New York is threatened with a vegetable scarcity if not famine during the approaching winter. Never before were potatoes, turnips, carrots and vegetables of that kind so scarce in the local market and the prices of these promise to range very high.

No torture to that of a rheumatic. Prescription No. 2851, of Eimer & Amend, quickest relief of all. E. F. SCHMIDT, Houston, Texas. Sole Agent.

THEY NEVER FADE

No matter how cheap; 24 stamp photos, 25¢ photos, 75¢ to \$1.50 per dozen. Main st. JOHN SWARTZ.

GOTHAM GOSSIP NEWS AND NOTES

DEMOCRATS WILL HOLD THEIR CONVENTION THE FIRST OF OCTOBER

NEW YORK, Sept. 26.—The Democrats of this city will hold their convention October 1 for the nomination of mayor and other city officers. The indications now point to the nomination of George B. McClellan, son of the distinguished general of that name, Tammany having practically declared for him already. Mr. McClellan is now a congressman and is very popular with the young element in his party.

WORK ON SUBWAY

More than a year ago it was promised that the subway would be in operation by October 1 of this year. A month or two ago came the statement that strikes of the summer would delay the operation until the spring of 1904. Now Contractor McDonald declares that Superintendent Parsons of the subway company is seriously interfering with the progress of his work, and this would indicate still further delay of the opening of this much-needed means of transportation.

NOVEL READING DECLINES

It has been stated from time to time within the last twelve months that novel reading in this city is growing in disfavour. The recent failure of the New Amsterdam Book company, a large concern whose specialty was the publishing of fiction, would seem to confirm this contention. Several of the librarians have stated that there is growing choice of history, biography and science on the part of the public. This, if true, augurs better things for the people.

PARKS IN THE GHETTO

The most congested district in the whole earth is what is known as the Ghetto in this city. While no intelligent attempt has been made to scatter this dense mass of humanity, the city authorities purpose the fixing of several small parks in this and immediately adjoining territory. It has been demonstrated that the location of parks in crowded districts contributes greatly to the healthfulness of the area within the pale of their influence. It is the declared purpose of the authorities to extend the small park system throughout the densely populated portions of the city.

WEDDING A LOVE MATCH

The people of New York are inclined to think with decided favor upon the approaching marriage of Miss May Goetz and the Duke of Rosburgh. This approval is due not to the fact that an American girl is to become a duchess, but that it is clearly a love match, with no suggestion of money having been made to scatter this dense mass of humanity, the city authorities purpose the fixing of several small parks in this and immediately adjoining territory. It has been demonstrated that the location of parks in crowded districts contributes greatly to the healthfulness of the area within the pale of their influence. It is the declared purpose of the authorities to extend the small park system throughout the densely populated portions of the city.

Duffy's Pure Malt Whiskey

MEDICINE FOR ALL MANKIND.

Mr. Elias Hartz, widely known in Reading, Pa., as the goosebone prophet, says: "I have been taking Duffy's Pure Malt Whiskey for a number of years as my only stimulant and tonic. I am now 87 years old, hale, hearty, and as vigorous as a man of forty, and have every reason to believe I will live to a much riper old age if I can always have a supply of Duffy's Pure Malt Whiskey, which is my only medicine. I never have colic or indigestion, or any of those troubles. I know that it is your valuable whiskey that has kept me so free from sickness. I was troubled with insomnia before I used it, but now I can sleep as restfully as a baby. I feel no weakness from my old age, and I heartily recommend Duffy's Pure Malt Whiskey to anyone who wishes to keep strong, young and vigorous."

CAUTION.—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure Malt Whiskey which contains medicinal health giving qualities. Duffy's Pure Malt Whiskey is sold in sealed bottles only; never in flask or bulk. Be certain the seal over the cork is unbroken. Beware of refilled bottles.

Sold by all druggists and grocers, or direct, \$1.00 a bottle. Interesting medical booklet postpaid to any address. Duffy Malt Whiskey Co., Rochester, New York.

WATCH FOR SUNDAY ANNOUNCEMENT

The Standing of Contestants Remain the Same Today, and the Announcements will be Made in the Sunday Morning Issue.

The first relay in the Marine Band contest closed at midnight, Wednesday, September 23. Between that time and Wednesday, October 7, at midnight, for every cent paid in on subscriptions to The Telegram, three votes will be counted. The contest continues to attract a great deal of attention and the contestants are showing their interest by continuing to do good work for the splendid prizes that have been hung within their reach. The time is getting short now, and long before the contestants realize it the closing days will be upon them and perhaps an opportunity to win one of the prizes will have been lost.

The Awards: Conditions of the Contest.

First—The young lady receiving the largest number of votes by midnight, Saturday, November 7, will be elected sponsor of the Marine Band of North Fort Worth, and receive a \$100.00 horse and buggy. Second—The young lady receiving the next largest number of votes will be elected Maid of Honor of the Marine Band of North Fort Worth, and will be presented with two round trip tickets to the City of Mexico, Old Mexico. These tickets are valued at \$175.00. Third—The young lady receiving the next largest number of votes will be presented with a Seventy-five dollar Bicycle.

STANDING OF THE CONTESTANTS

Table with 3 columns: Name, Votes, and Prize. Includes Miss Annie Wells (59,850), Miss Mattie Lee Lewis (43,800), Miss Rebecca Cloud (10,200), etc.

### DOGS AND PONIES UNDER A TENT

Gentry Brothers' Here With Attraction—Parade and Performance Good

The first tent show of the season to reach Fort Worth and the only tent attraction which carries no side shows or "grafts," is the Gentry Bros' Dog and Pony show, which is in Fort Worth today, and in coming Gentry Bros. take their hats off to the people of Fort Worth. Last season in Fort Worth the attraction had the record breaking attraction for one of its kind in Texas. It came here between two big circuses, and turned people away at each performance, and because of that attendance the proprietors feel kindly to this city.

The parade this morning was witnessed by a large number. It passed along the streets headed by the "blue ribbon team" of sixteen thoroughbred shetland ponies and ladies and children applauded in delight at the many dogs, ponies and other animals shown in the line of march. The parade was a forecast of an excellent performance.

The show was largely attended this afternoon. New features have been added, new acts have been arranged, and altogether the attraction is one of the best of its kind ever given here. There are 200 educated animals in the attraction, monkeys, dogs, ponies, scurred cows, elephants, camels, including the only baby camel ever born in captivity.

The feature of the show is the act by the musical ponies. Eleven thoroughbred shetlands play four different tunes with bells, in perfect harmony, without a cue or assistance from the ringmaster. It is a new act which gave delight to all.

Then there is Diavolo, the monkey. This is an imitation of Diavolo, the marvel, which is shown in the circuses. The monkey loops the loop in an automobile, taking a sixty-five foot incline and making the loop in seven and a half seconds. It is an act which thrills all who see it.

The act by the forty ponies was not quite up to the ordinary standard, due to the fact that Waco, a pony owned by the Gentrys, died yesterday in Cleburne, and Indianapolis, a new pony, was forced to take the pivot-point but was released. The act was well performed, however, under the circumstances.

The Gentrys have many friends in Texas. They make this state every season, and are always welcome. For a long time they made Houston winter headquarters and the people of Texas became well acquainted with them.

The tent is on the Texas & Pacific reservation.

**FIRST CHRISTIAN CHURCH**—At the First Christian church tomorrow Rev. R. T. Hamlin will deliver an address at 11 a. m. on "Sunday School Work." At 7:30 p. m. he will speak on "Things That Keep People Out of the Church."

W. S. Matney, the cheapest first-class merchant tailor in the city.

### NEW TRAIN WILL MAKE GOOD TIME

Through Mail Service From Chicago to Coast via Fort Worth

Reference has been made in The Telegram lately of a new through train to be put on to run from Chicago through to San Francisco, making a continuous connection. It was ascertained here today that this new service will be commenced about the middle of October. It will be a through train from Chicago via St. Louis, Fort Worth and El Paso to San Francisco, making direct connections at the latter place for California, a thing that has not been the case for more than four years.

The train will run over the Wabash to St. Louis, Iron Mountain to Texarkana, Texas and Pacific to Dallas, Fort Worth and El Paso, at which point it will re-join the Southern Pacific, and will carry a through sleeper from Chicago to San Francisco.

This new service is said to have been brought about through the efforts of A. C. Bird, the new traffic director of the Gould system. The train will leave Chicago at 11 o'clock at night and arrive at Fort Worth the second morning at 7:45. It will reach El Paso the following morning and go direct to San Francisco on a fast schedule. No special efforts are to be made to make the train's time fast, but merely to make it run through from night to destination on perfect connection.

When this service has been inaugurated the present night passenger train out of Fort Worth for the west will likely be made a local train and will run no further west than either Big Springs or Colorado City.

### UCHIDA CANNOT COME

Japanese Consul General is Unable to Take Trip at This Time

The Cotton Belt has been doing much to induce new comers to locate in Texas, and the most of the work has been accomplished through the efforts of the road's immigration agents. Yesterday Immigration Agent N. R. Tisdal received a letter from S. Uchida, consul general of the Japanese government at Washington, regretting that he would be unable to make a trip over the Cotton Belt at once and promised that by the first of December he would be pleased to do so. His official business at Washington commands his immediate return to his quarters. He has been in the south part of the state for a number of weeks locating a large colony of his people on rice and truck lands. The letter received by Mr. Tisdal was written from South Texas.

Consul General Uchida will investigate the lands along the Cotton Belt with a view to locating a large colony of Japanese for the purpose of fruit and vegetable growing, as these people are said to be experts in the business. The consul general will be taken by Agent Tisdal over the entire length of the Cotton Belt in East Texas.

The reports that have been made to him of the richness of the land in East Texas and its adaptability for fruit and vegetable farming, created such a favorable impression that the consul general at that section and has so informed Immigration Agent Tisdal.

Thousands of acres of land in East Texas are being put into fine orchards and in two or three years that part of the state will be the greatest fruit and vegetable part of the state.

### WORLD'S FAIR BUSINESS

The railroads entering St. Louis are making elaborate preparations for handling the business during the World's fair, and all roads have placed orders for equipment and rolling stock. Besides this preparation the lines propose to reduce the schedules so as to be able to make faster time.

It is said that should all the passenger coaches ordered enter the union station at St. Louis at the same time they would unload over 35,000 people.

Texas lines reaching St. Louis are already arranging for the World's fair service. The International & Great Northern contemplates inaugurating a twenty-four hour train, and the Katy has under consideration an entire change of schedule in anticipation of a big St. Louis business during the fair.

The Houston & Texas Central, in connection with the Frisco, also is arranging for a fast St. Louis schedule.

A statement just made of World's fair equipment now under construction, shows the following: Missouri Pacific, 50 cars; Wabash, 49; Vandallia, 16; Baltimore Ohio Southwestern, 53; Chicago & Alton, 50; Frisco, 40; Missouri, Kansas & Texas, 50; Illinois

Central, 50; Louisville Nashville, 50; Southern, 50; Burlington, 50, making a grand total of 508 passenger coaches.

### WORK ON TRINITY & BRAZOS

Progress is being made on the Trinity & Brazos Valley road. The first car load of rails has arrived at Cleburne, and others will follow in rapid succession. Cross-ties are being distributed along the right of way and the work of construction will be pushed vigorously. It is said here that the Thurber coal strike caused delay with the work on the south end of the line, the company being unable to get coal needed for the big steam engines.

### TO HELP EXTENSION

The business men of both San Antonio and San Angelo have agreed to co-operate together in an effort to induce the extension of the San Antonio & Aransas Pass road from Kerrville to San Angelo.

### ORIENT WORK SLACKENS

It has been generally understood that the Kansas City, Mexico & Orient road would be built into San Angelo for about a month from November 1. There is considerable dissatisfaction at San Angelo over the matter, as the people of that place were expecting the road to be completed within a very few months.

### NEW OKLAHOMA ROAD

The surveys for the El Paso, Mountain Park & Oklahoma Central railroad, which was recently chartered to run from El Paso through Oklahoma to Keweenaw City, are now being made.

A proposition has been made by the Santa Fe to the people of Tulsa, I. T., to extend the Owasso division to Tulsa from Owasso. The road is to be constructed within four months, provided the city raises \$20,000 bonus. The proposition is said to have been accepted. Similar propositions have been made to the citizens of Red Fork, Sapulpa, and Catoosa, through which places the extension will run.

### SANTA FE WILL USE NEW LINE

The Eastern Oklahoma railroad has been completed between Newkirk and Pacific Valley and now as the engineering a finished train service will be established. Such service is established between Shawnee and Tipton, where connection is made with the Rock Island line. This new road will be used by the Santa Fe.

### LOS ANGELES-FRISCO LINE

LOS ANGELES, Cal., Sept. 26.—The Bakersfield & Ventura Railroad Company has announced its purpose to build a railroad from this city to San Francisco by way of Bakersfield. The company has floated \$3,000,000 of bonds in the east. The directors of the company are: H. Russell, J. M. Herbert, vice president and general manager of the Colorado & Southern and J. W. Burr of Ventura, A. M. Safford of Denver, Eben Smith and J. S. Purcell.

### FAMILY LIQUORS

H. Brann & Co. handle Lemps' Faldoff Lemp's Extra Pale, Fabst, A. B. C. Bohlen, Budweiser, Fort Worth Crown Schlicht, We deliver to your homes. We are the only house in Fort Worth licensed to sell you liquor by the drink, pint, quart, gallon, barrel or cordwood. Satisfaction guaranteed or your money back.

### DELMAR EQUALS RECORD

Marvelous Gelding Tropts a Mile in Two Minutes Flat at New York

NEW YORK, Sept. 26.—At the Empire City track yesterday Major Delmar, champion gelding, lowered his record to 2:00 1/4 to 2:00, equating the world's record, held by Lou Dillon. After a preliminary warming up, Major Delmar came out for the trial. He went around the first turn, broke and came back.

At the second attempt he went away as steadily as a clock and reached the quarter in 0:30 1/2. He flashed by the half mile in 0:59. Then the grandstand rose and cheered as the gallant horse flew around the top turn to the three-quarter pole in 1:29 and came home to the wire in 2:00.

Major Delmar is a New York animal, bred and foaled, trained and owned in the Empire State.

The run was made behind two pace-making runners.

### DON'T FAIL

To visit Mme. Trecho, the celebrated palmist and card reader, at tent Elvengrove and Houston.

### NEW PEACHES ARE BIG

Crown From Seedling. They Rival the Famous Elbertas

Mrs. George E. Nies has presented the Texas Fair committee, through Professor Woodson and Tillman Graham, a collection of peaches that were grown in her home yard. The peaches are just ripening and some of them measure ten and three-fourths inches in circumference and weigh nine ounces. The peaches are large white free-stones and ripen in September, and are said to be the finest September peaches yet produced.

The tree is evidently a seedling, not being at all true to the type for which it was purchased. It is equal in every way to the famous Elberta, but grows much larger, some being nearly twelve inches in diameter. Steps have been taken to propagate this variety by a local seed firm.

**City Fish Market**

**R. W. TIPTON, P. and T. A.**

# GRIDIRON GAME HOLDS SWAY EAST AND WEST

## MIMIC WARFARE ON MANY FIELDS THROUGHOUT THE UNITED STATES TODAY — PUGILISM, BASE-BALL AND OTHER SPORTS

**IN THE EAST**

The principal games scheduled for the east today are as follows: Harvard and Williams at Cambridge; Columbia and Wesleyan at New York; Cornell and Hobart at Ithaca; Amherst and Boston at Amherst; Georgetown and Maryland Agricultural College at Washington, United States Military Academy and Coakate at West Point, University of Pennsylvania and Dickinson at Philadelphia; Carlisle Indians and Gettysburg at Carlisle; Lafayette and Gallaudet at Easton; Franklin and Marshall and Susquehanna at Lancaster, Pa.; Lehigh and Fordham at South Bethlehem, Pa.; Holy Cross and Massachusetts Agricultural College at Worcester.

**IN THE WEST**

The players of the University of Michigan, the undisputed champions of the west last season, line up against the Albion College eleven at Ann Arbor today. Other western games scheduled for decision this afternoon are those of Ohio State University and Otterbein at Columbus, Oberlin and Ohio Normal at Oberlin; Washburn College and Fort Riley at Topeka, Nebraska and Grand Island College at Lincoln, North-western and Naperville Athletics at Evanston, Illinois; and Monmouth College at Urbana, Iowa; State Normal and Des Moines at Cedar Falls, and the University of Iowa and Cornell College at Iowa City.

For the first time this season there will be something like a complete muster on the college gridirons of the west this afternoon. Already there have been some irregular skirmishes, but today practically marks the opening of the season. The football warriors of Knox, Northwestern, Michigan, Nebraska, and other big institutions will be seen in the fray.

The showing made by the western football elevens of the past two years augurs well for the season of 1903. That the western teams will be as strong, if not stronger, than last season there can be little doubt. The squads of the big universities have been practicing for several weeks and all appear in splendid shape to begin the race for gridiron honors. While there was considerable talk regarding organized opposition to the new playing rules some little time back, the movement amounted to little more than talk, and the rules as adopted by the rules committee will govern the game in the west as well as the east.

The season will afford at least two opportunities for the past performance experts to compare the relative strength of the leading elevens of the west and the east. One will come when the West Point team plays the University of Chicago in November, and the other when the Carlisle Indians meet the Northwestern University team in Chicago on Thanksgiving day. For comparative purposes the Chicago-West Point game will be the most satisfactory. Yale and Harvard will meet the soldiers on succeeding dates, and as the cadets always make great fights against these two teams it is safe to predict that both the Crimson and the Blue will have to do their best. Less than a month after the soldiers have played the two big universities the University of Chicago players will journey to West Point after having met Indiana, Northwestern, Illinois, Wisconsin and, in fact, all the leading western teams with the exception of the University of Michigan.

**COMING FIGHTS.**

Gus Ruhlin vs. Kid Carter, Philadelphia, September 28.  
Tom Wallace vs. Jerry McCarthy, Salt Lake City, September 28.  
Eddie Hanlan vs. Benny Yanger, San Francisco, September 29.  
Jack Johnson vs. Hank Griffin, San Francisco, September 29.  
Jack Munroe vs. Jack McCormick, Philadelphia, October 5.  
"Kid" Carter vs. Joe Wolcott, Boston.

THIS SHOE IS MADE OF PATENTED LEATHER

This label in a shoe is proof that you are getting what you ask for - IDEAL LEATHER. The Leather That Wears well-looks well. Feels well because it will not burn the feet in summer nor chill them in winter.

Wolff Process Leather Co. Philadelphia.

October 7.  
Terry McGovern vs. Jimmy Briggs, Boston, October 6.  
Terry McGovern vs. Crockey Boyle, Philadelphia, October 12.  
Jack Johnson vs. Sandy Ferguson, San Francisco, October 15.

**BENNY YANGER-EDDIE HANLAN**

Betting on the Hanlon-Yanger bout, which comes off at San Francisco next Tuesday is reported brisk.

At present wagers on the fight are being made at odds of 10 to 8 with the Frisco boy the favorite.

At present both fighters are reported to be in grand shape for the coming encounter with each sanguine he will carry off the lion's share of the honors.

Followers of Yanger believe his advantage in ring generalship will help him win the bout for the Chicago lad.

Shrewd critics figure that Hanlan being a youngster at the pugilistic game will in a moment of excitement lose his head when he faces Yanger in the ring, and the little Italian, who is always as cool as the proverbial cucumber, will land one of his terrific stomach punches which have on more than one occasion won his glory in the ring.

**"FITZ" WILL MEET CORBET**

While Robert Fitzsimmons has not committed himself for publication, it is announced by friends close to Robert that he will take up Corbett's challenge to fight him again, and will announce his acceptance of the match after he beats Con Coughlin, September 29.

In an interview last week, Fitzsimmons expressed a willingness to meet anybody in the world, Jeffries excepted, and can hardly back down from that position.

**FITZ-COUGHLIN BOUT**

The proposed battle between Bob Fitzsimmons and Con Coughlin, the Irish giant, which was to have taken place next Friday night, has been postponed until September 29 and will be fought at the Washington Sporting club of Philadelphia instead of the National Sporting club.

**RUHLIN AND CARTER AGAIN**

Gus Ruhlin and "Kid" Carter are going to try it again. They have signed to try conclusions in a six-round bout before the Washington Sporting club of Philadelphia the first week in October. The six-round affair handicaps Ruhlin. In a longer fight he ought to put the Brooklyn blonde away.

**A YELLOW APOLLO.**

Thomas E. White, a 21 year old mulatto of Chelsea, Mass. has been pronounced the finest living example of physical development. Dr. S. A. Sargent, director of physical culture at Harvard, says White's figure is nearer perfect than the Apollo Belvedere. White is in training, developing his strength, and hopes to be the world's strongest man. His measurements are as follows: Height 5 feet 3 inches; weight, 151 pounds; chest (normal), 36.5 inches; waist 31.6 inches; hips 25.8 inches; thigh 21.6 inches; calf 15.2 inches; upper arm 14.6 inches; forearm 12.8 inches.

In connection with the discussion of White's form it is now declared to be scientifically verified that a negro slave posed for the Apollo Belvedere. Scientists also find that black race physical form is improving wonderfully in symmetry.

**IN BIG LEAGUES.**

Rick Adams, the Texas pitcher, who has made a fine record this season twirling for the New Orleans club in the Southern League has been signed by the Boston American League club for next season. In addition to being a fine pitcher, Adams is a safe and consistent hitter.

Five other Texas men have signed to play with the big leagues next year. Reagan has signed with the Cincinnati Nationals; Berry and Clark of Dallas with the Chicago Americans; and Hill and Corsicana with the St. Louis Americans.

**A.B.C. BOHEMIAN**

"King of all Bottled Beers."  
Brewed from Bohemian Hops.  
Order From  
**H. BRANN & CO.**

and Hill of Corsicana with the St. Louis Americans.

Other purchases ratified by the National Base Ball commission are:

**National League.**

New York—McCormick, Jersey City; Milligan, Buffalo; Ames, Ilion, N. Y.; Devlin, Newark.  
Cincinnati—Walker, Bohannon, Egan, Odell and J. Erwin of Louisville; Kellum, Indianapolis; Elliott, Milwaukee; Huggins, St. Paul; Hill, Kansas City; Fohl, Des Moines; De Armond, Terre Haute, and Regan, Dallas.  
Brooklyn—McManus, Jersey City; Heydon, Baltimore; Thatcher, Doolin, Jersey City; McCormick, Holyoke; Laidenschlager, Syracuse; Weigun, of Baltimore was lost; Robinson lost for lack of accompanying check.  
Pittsburg—Curtis, Wheeling and Scanlon, Ilion.  
Chicago—McLean, Nashua; Graham, Rock Island; Corridon, Providence; Briggs, Toronto; and Clancy, Montreal.  
Philadelphia—Cockman, Kenna and McPherson, Milwaukee; Barry, Peoria, and Hall, New Haven.

**American League.**

Detroit—O'Leary, Des Moines; LaPorte, Gettman, McIntyre and Perry, Buffalo.  
Burns was remanded to Toledo, but he will be allowed to finish the season with Detroit.  
McAllister was ordered back to Detroit.  
Washington lost Jones, of Baltimore, by lot.  
Chicago—Donohue, Milwaukee; Clark, Houston; Berry, Dallas.  
St. Louis—Pelly, Cedar Rapids; Glade, St. Joseph; Swander, Manchester; Bowcock, Fall River; Shannon, Wheeling, Hise, Corsicana.  
Cleveland—Curtis, Fort Wayne; Turner, Columbus; Dornier, Columbus; Hickey, Sattle; Grimsshaw, Shaw and Atherton, Buffalo; Killian, Rockford, and Hess, Kansas City.  
New York—Putnam, Helena; Quick, Salt Lake City.  
Boston—Engluab and Stone, Milwaukee.  
Philadelphia—Fairbanks and Hille, Utica.  
Washington—Pitcher Mason, Schenectady; Pitcher Jacobson, Decatur; Outfielder Winters, Atlanta.  
St. Louis—First Baseman Jones, Baltimore.

**Question of Salaries.**

It will be quite a surprise if there is not some sort of an explosion before long between certain players and club owners. There will be a big cut in salaries this fall, and there will also be a big kick. That the magnates understand each other pretty well can be seen in the fact that no one seems to be troubling over his own feet to sign up his players for next year.

That the American league intends to make some changes was evidenced in the new contracts which they are submitting to their players. The contracts call for six months' service, as do those of the National league. This would make the player subject to his employer for some time before the season opens, as well as after it closes. Had the American people a longer contract with their players there would have been no trouble with the Boston players over the post-season series. It is likely that some changes in the methods of conducting business will be made this fall and winter.

**McGinnity's Ability.**

Last season's admirers of McGinnity, the great pitcher of the New York team, were fond of calling him the "Iron Man." After his work this year they should change the appellation to "Bessemer Steel."

As the end of the season draws near McGinnity stands out pre-eminent as the greatest pitcher in the game. No amount of work is too hard for him. He is untiring, and evidently indefatigable on the ball field.

Twice he has pitched both games of a double-header, and won both of the contests. No one pitcher has turned this trick.

It is his immense strength and reserve force which enables him to perform the physical feats that have made him famous. The lanky, narrow-chested college pitcher who has broken into the game all over the country have, in many cases, great control of the ball, puzzling curves and clever methods of delivery, but they have not

**THE GENUINE VS. COUNTERFEITS**

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine De Witt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter of Shreveport, La., says: "After using numerous other remedies without benefit, one box of De Witt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to De Witt's Witch Hazel Salve. Sold by druggists.

the staying powers, the strength, the wind, of the great McGinnity.

He is built more like a prize fighter than a ball player—broad shoulders and deep chested, a heavy body set upon powerful limbs and with knotted muscles in his arms like those of a blacksmith, he is the embodiment of power.

Added to this is his mastery over the ball and the secret of the famous "raise" which has fooled the batsmen of the country season after season. McGinnity is no fashion plate on the field. He does not go in for appearance. Usually the first button of his uniform shirt is left unfastened that the collar may not bind his massive neck and his cap is more than likely to be twisted so the peak is over one eye.

He slouches to the box with a slow and heavy step and walks as deliberately to the bench at the end of an inning. He is a heavy man and he affects none of the graces of the thin waisted sprinters from university teams who caper over the turf in many nines.

But he can pitch. This is his object in life, just now, and that is what he does with his whole heart, and with all the power of his magnificent physique. And so long as he can pitch the sort of ball he is now capable of, he will be the idol of the Gotham fans.

**LOU DILLON AND 1:59**

Lou Dillon, the queen of trotters, will not start again until October 21, at Memphis, Tenn. If she can beat two minutes this year, she must have the advantage of a perfect track, and the history of the only two race meetings given over the Memphis course would indicate that it is the one place on the map where the conditions are most likely to be such as would enable the queen to lower her record.

Horsemen familiar with the Memphis course say that the shape of the turns as well as the quality of the footing has much to do with its superiority and in this connection it will be interesting to note that the Memphis track is identical in shape with the Reville course, over which Lou trotted her famous two-minute heat, both having been laid out by Seth Griffin. The top soil of the Memphis track is a peculiar kind of clay which does not contain an atom of sand or gravel. It requires more water and more work to put it in order than any other track, but once in shape it comes nearer being a strip of rubber than anything else. Owing to perfect facilities for watering it the Memphis track can be flooded in a short time and during the recent spell of dry weather it frequently took one hundred and twenty-five thousand gallons of water a day to keep it in order.

Lou Dillon showed everybody last fall that she liked the Memphis track immensely, as she worked a last half of a mile in 2:08, in 1:59, in company with the Abbot and Prince Alert, and if her rival, the great Major Delmar, who equalled her mark of 2:00 yesterday, should chance to like the Memphis track as well as he did last year, the queen will certainly have to do something in the way of a 1:59 stunt to keep out of his way. Delmar was never able to beat 2:08 during his last year's campaign until he struck Memphis, where he reeled off a mile in 2:05 1/4.

**INTELLIGENT BEGGARS**

Chekib Bey, the Turkish minister to Washington, attended in Philadelphia the recent launching of the Turkish warship, Medjida, at the Cramp's shipyard.

During the luncheon following the launch, Chekib Bey, inadvertently for a moment to the beggars of Philadelphia.

"You have here," he said, "an enterprising and intelligent collection of beggars. One of them approached me this morning. He told me a moving tale of misfortune; then he asked me for a little money.

"I put my hand in my pocket, to find that I was altogether out of change.

"My man," I said, "I have nothing for you now, but in an hour I shall be passing this way again. Then, I promise you, you shall get something from me."

"All right, sir," said the beggar, "but all the same," he added fretfully, "you wouldn't believe the amount of credit I give in this way."

**EARNINGS STILL INCREASE**

Gross income of the railroads is 10 per cent larger than a year ago, which shows that the roads in the United States are prosperous. For the first week in September the gross earnings of all roads in the United States were \$7,966,741, a gain of 10.2 over the previous year for the same period.

For the month of August practically the same figures are given out as last week, only a few additional roads have reported. Earnings continue heavy all over the country. In the west the light grain traffic reflected in the earnings of granger roads has reduced tonnage in that line, but in other lines traffic is very heavy. On southwestern roads the movement to gulf ports is unusually large.

Thus far cotton tonnage in the south has been very light, and earnings are reduced on this account, but traffic on other lines is very heavy and more than compensates for the light cotton movement which is accounted for because of the backwardness of the crop due to wet weather early in the planting season. The railroads expect, however, to retrieve some of the loss in traffic from this source when the movement of cotton does commence which will be in two or three weeks. It is expected that the railroads in Texas will haul large tonnage of cotton this season, though late.

**St. Belmont**

Clear Havana Cigars

Are now being made from the NEW CROP of Havana and "Are Really Excellent."

WAPLES-PLATTER CIGAR CO.

Well, Farmer Jones he came to town,  
As farmers sometimes do;  
He wanted a cab—a dead swell cab  
And big enough for two.  
He asked a newsboy on the curb,  
As farmers sometimes do,  
If he could hire a cab an hour  
And big enough for two.  
This lad, knowing the best what is,  
And being onto tricks,  
Just brushed up to the phone near by  
And called up

Latest and Most Complete Report Printed in North Texas

HOG MARKET CLOSES WEAK

Light Run of Hogs Sell Slow and Lower—Cattle Are Steady and Active

NORTH FORT WORTH, Sept. 26.—Not including 525 cattle which came in yesterday after the market closed and were forwarded out, the receipts today were 106 head, with twenty cars reported for this afternoon's arrival and which will be forwarded out late this evening.

Today's run was composed of three cars of medium to fair quality steers, and one car of mixed cattle, all of which sold on the early market at steady to strong prices. J. H. Fisher marketed best steers, which averaged 956 pounds, and sold at \$3.10. Lighter steers, weighing 828 pounds, sold at \$2.65, which price was fully steady with yesterday.

No choice quality cows were in and the best stuff offered sold at \$2. Calves were scarce and the few received in mixed shipments sold strong on an active market. One calf, weighing 150 pounds, taken from a mixed consignment shipped in by John Bray of Valley View, brought \$3, with the heavy rough calves weighing 290 to 300 pounds at \$2.75.

With a light run of 153 head, the hog market this morning opened slow and dull and the entire morning was taken up in disposing of the light receipts. One full load of Oklahoma hogs, shipped in by J. McKnight of Thomas, sold at \$6.20. They averaged 208 pounds, and considering the quality, sold fairly well. Friday, Texas hogs of good even weight and quality, averaging 217 pounds, sold at \$6.15, with a few sales of wagon hogs of still heavier weight at \$5.90.

Saturday, as a rule, is always a bad day and shippers are advised by the commission men to hold their offerings for the early week.

TODAY'S TOP PRICES table with columns for Steers, Cows, Calves, Hogs and their respective prices.

REPRESENTATIVE SALES

STEERS—Three cars of medium weight fair to good quality steers were offered on the market at steady prices. Steers averaging from 200 to 250 pounds brought \$5.30, with the lighter stuff weighing around 200 pounds selling at \$2.65. The sales:

Table of representative sales for steers, showing No., Ave. Price, and No. of animals.

COWS—A few medium quality cows received with a mixed shipment of hogs and calves were picked up by the buyers early at Friday's prices. Best cows offered, weighing 787 pounds, sold at \$2 with some of the common thin stuff selling as low as \$1.45. The sales:

Table of representative sales for cows, showing No., Ave. Price, and No. of animals.

HOGS—The light receipts of hogs sold slow, the market closing 5c lower. Best Oklahoma hogs of choice quality, averaging 208 pounds, brought \$6.20, with Texas hogs of good quality and heavier weight selling at \$6.15. The sales:

Table of representative sales for hogs, showing No., Ave. Price, and No. of animals.

CALVES—Receipts of good quality calves this week has been very light, but the demand for choice grades has been good and the light offerings have sold at steady and strong prices. On today's market one calf weighing 150 pounds brought \$3, with the lighter stuff weighing around 100 pounds selling at \$2.75. The sales:

Table of representative sales for calves, showing No., Ave. Price, and No. of animals.

GENERAL STOCK NEWS

This year's hog market has been a contrary thing, says the Chicago Live Stock Association. When the annual rise has come it failed to materialize, but instead a slump appeared. When supplies should have been light they came heavy and latterly when the marketward movement generally shows an increase receipts have been light. Average weights have been heavier than normal. The recent rise in values has failed to cause a rush of stock to market, indicating that while the country is full of pigs, heavy hogs are not plentiful, the great bulk of the old crop having been marketed.

James A. Funkhouser, the big Hereford breeder, is quoted as saying that he will not take stock in the independent packing plant unless it is built in Kansas City.

General Manager Skinner of the International Live Stock Exposition, is anxious to have exhibitors at this year's show file their entries prior to October 15. Heretofore, the practice has been to drag his task out until a date so late as to cause considerable difficulty in compiling an accurate catalogue. The matter is one of importance and deserves the attention of intending exhibitors.

The movement of sheep to the Fort Worth market has come to a dead standstill and the packers are being forced to call upon their Northern and Eastern houses for small consignments to supply their local and nearby trade.

At the meeting of the Interstate Association of Livestock and Sanitary Boards which is being held this week in Denver a great deal of discussion is being indulged in regarding the enforcement of the health and sanitary regulations of the various states.

Dr. J. C. Norton of Arizona who is a member of the state board and well known veterinary, furnished a paper on "Cattle Manges and Scabies" in speaking of quarantine regulations Dr. Norton said the important question to consider is the enforcement of common in the various states of health and sanitary regulations.

A long discussion followed by Dr. Norton's remarks, and it is probable that before the convention is adjourned some action will be taken.

The next five or six weeks will wind up the business in the Territory grass straggling. The prospects are not at all flattering, but the cattlemen will grin and bear it as they have often done before. It has been the usual custom of the cattlemen of North and Northwest Texas to hold back their fall shipments until the Territory run was over, but they will be thrown in direct competition with these cattle as the lack of sufficient range owing to deficient rainfall will force them to go to market from now on as fast as cars can be secured. There is a car shortage both in the Territory and Texas and it is no exaggeration, according to statements made by cowmen who are familiar with conditions in Northwest Texas to state that 50,000 head of fat cattle from that region would be loaded out to market now if cars could be secured. Predictions are that what will develop while the tax movements are in full blast would be as useless as they might prove incorrect.—San Antonio Express.

Oklahoma and Indian Territory shippers are making a general kick against the better railroad service from Territory points to Fort Worth market. Unless better railroad service is secured the local market need not expect even as good a run of hogs this winter as was received last winter because this class of shippers can reach either Kansas City or Wichita in less time than it takes to come to Fort Worth.

BIG SHEEP MOVEMENT

One Ranch Alone in Idaho Will Market 50,000 Lambs.

Frank J. Hagenbarth, general manager of the Wood Live Stock company, which this year is leading all western sheep ranching concerns in the marketing of western lambs, both in volume of output and quality as well, has just returned to Chicago two carloads of pure bred bucks, mostly Hampshiredowns, Southdowns and Shropshires, for use on their Idaho ranches. This company, which has been brought up to its present leading position, chiefly under the management of Mr. Hagenbarth, owns an immense tract of excellent ranch and in single body in Idaho and has smaller ranches scattered over a great portion of the state. The work of operating this ranch is so systematized that the general manager knows each week the exact condition of affairs on each and every ranch. Reports are made weekly or more often, at some time of the year, by the foreman of each outfit. The losses of sheep, the results in lambing season, the items of expense of operating each ranch each week are passed upon at the head office. The evidences of efficiency of management by each foreman are before the general management each week and the effect of this is excellent work and economical operation throughout the whole system. This company will market more than 50,000 lambs at Chicago this season and carries a breeding stock of ewes and other sheep of nearly 100,000 head.—Chicago Daily News.

WINTER SUPPLY GOOD

Indications Point to a Good Run of Hogs This Fall

The scarcity of light hogs in current supplies would indicate that there must be more than the usual number of good to choice medium-weight hogs held in the country that will be ready to move within the next month or six weeks. The continued heavy average weight of hogs that is maintained is conclusive evidence that a great portion of current arrivals consists of brood sows and hogs of greater age than those usually marketed at this time of year. This is a good indication that the stock of the coming winter packing season is not being drawn upon much at this time and with the more favorable showing for a corn crop now in evidence there will be an inclination to put on much more weight before marketing becomes heavy. The usual results of feeding ever, some intestinal troubles, may appear at any time that will greatly increase the marketing of young hogs and the butcher-weights and prime heavy shipping may within a few weeks take their places at the head of the swine procession. It is bearing annual effort to break prices back to a profitable packing basis and dealers should keep wide margins to be safe.—Chicago Daily News.

COTTON QUOTATIONS

Furnished by F. G. McPeak & Co.

Receipts of cotton at the leading accumulative centers, compared with the receipts the same day last year:

Table comparing cotton receipts at Galveston, New Orleans, Mobile, Savannah, Charleston, Norfolk, New York, Boston, and various other ports for today and last year.

ESTIMATED RECEIPTS

The estimated receipts of cotton for tomorrow at the places named, compared with the receipts same day last year, are as follows:

Table of estimated cotton receipts for tomorrow at New Orleans, Galveston, and Houston, comparing today's and last year's figures.

LIVERPOOL

LIVERPOOL, Sept. 26.—The market for spot cotton was easier in tone. Middlings 6.6d. Receipts, none. Sales, 3,000 bales. American, 2,600 bales. Contracts opened quiet and closed easy. The range of prices was as follows:

Table of Liverpool cotton prices for various months from September to April-May, showing Open, High, Low, and Close.

NEW YORK, Sept. 26.—Spot cotton was quiet. Middling, 11.25. Sales none. Contracts were barely steady at the following quotations:

Table of New York cotton prices for various months from September to April-May, showing Open, High, Low, and Close.

NEW ORLEANS

NEW ORLEANS, La., Sept. 26.—Spot cotton was easier today. Middling 9 1/2. Sales 650 bales. Following are the quotations on contracts:

Table of New Orleans cotton prices for various months from September to April-May, showing Open, High, Low, and Close.

WEATHER CONDITIONS

Forecast George Reeder issued the following statement this morning of the weather conditions:

The northwest storm has moved eastward to the upper lakes, where there is quite a gale blowing this morning. The pressure has risen sharply over the northwest and the Rocky mountain states, accompanied by clearing and colder weather.

Light showers occurred in the Missouri valley section, but elsewhere generally fair weather prevailed during the past twenty-four hours.

The weather and temperature continues without change in the cotton region; states; cloudiness, however, is on the increase this morning.

Cloudiness will be on the increase in Fort Worth vicinity during the succeeding thirty-six hours, and showers may occur either tonight or Sunday; it will be cooler.

South—Tonight and Sunday partly cloudy weather and probably showers; cooler in western portion Sunday.

WEATHER RECORD

Following is the weather record for the last twenty-four hours—minimum and maximum temperature, wind in miles per hour, at 8 a. m. and rainfall in inches:

Table of weather conditions for various stations including Amarillo, Chicago, Denver, El Paso, Fort Worth, Montgomery, Oklahoma, Pittsburg, St. Louis, St. Paul, and Santa Fe, listing Min., Max., and Wind.

COTTON REGION BULLETIN

Following is the weather record for the twenty-four hours ending at 8 a. m., seventy-fifth meridian time, Saturday, September 26:

Table of cotton region weather bulletin for various stations including Abilene, Hallinger, Beeville, Brenham, Brownwood, Corpus Christi, Corsicana, Cuero, Dallas, Dublin, Fort Worth, Galveston, Greenville, Hearne, Henrietta, Houston, Kerrville, Lampasas, Longview, Luling, Nacodoches, Palestine, Paris, San Antonio, San Marcos, Sherman, Temple, Tyler, Waco, Waxahatchie, and Weatherford, listing Temperature, Rain, and State of sky.

DISTRICT TEMPERATURES

Table of district temperatures for various stations including Atlanta, Augusta, Charleston, Galveston, Little Rock, Memphis, Mobile, Montgomery, New Orleans, Oklahoma, Savannah, Vicksburg, and Wilmington, listing No. of stations, Max., and Min. temperature.

REMARKS

No important changes occurred in the cotton region during the past twenty-four hours, clear and warm weather prevailed.

Table of weekly bank statement showing Reserve, Specie, Loans, Legal-tenders, Deposits, and Circulation.

LIVELY VOTING IN QUEEN CONTEST

Finish Tonight Promises to Be Exciting, as Contestants Have Many Friends

THE VOTE AT NOON

Table of vote counts at noon for various candidates including Minnie Bennett, Carrie Keller, Fama Holley, Kate Humphreys, Mattie Mae Anderson, Corneila Vogel, Mabel Davidson, and Nita Hollingsworth.

Voting for the queen of the fall festival promises to be very lively tonight. The record as it now stands does not indicate anything for the reason that the friends of each candidate are holding back to ascertain the standing when the boxes close at 6 o'clock tonight.

All boxes will be taken up at 6 o'clock and brought to headquarters, Tenth and Houston, counted and the result proclaimed. From that time until 10 o'clock envelopes, bearing no outward mark indicating the contents thereof. Promptly at 10 o'clock voting will cease and the final count will take place.

The interest this year is much greater than was apparent last year. The title of "queen" this year will carry with it many honors of which any young lady might be proud to be the recipient.

Advertisement for Century Building Washers and Brothers, featuring a man in a suit and text: 'Open Tonight Until Ten O'clock', 'Correct Fall and Winter Apparel For Men and Boys', 'THE TIME IS OPPORTUNE to investigate as to the correct mode for the coming season. Most anywhere else you would question the quality, but this is Washer's and when we say Stylish Suit for \$15.00 you can rely upon its being as recommended—They'd go readily at \$20, but we are looking for quick sales. Scores of Woolen designs to choose from at this price. Ask to see the Loraine—the stylish suit of the season.', 'New Shoe and Hat Styles Ready'

TEXAS MAY SEND MEN

Effort Being Made to Send Regiment to Fort Riley, Kan.

AUSTIN, Texas, Sept. 26.—Colonel Henry Hutchings of this city, commander of the First Texas Infantry, is making an effort to have one of the Texas regiments ordered to the army maneuvers at Fort Riley, Kan., on October 15 to 26. The state of Arkansas was to have furnished a regiment for these exercises, but it was found impracticable, and the effort is to supply the Texas regiment in place of the other. The matter has been taken up by the war department, and in the event that the Texans are ordered to Fort Riley, the federal government will bear all expenses.

FOR CARNEGIE LIBRARY

City of Belton Purchase Three Lots for a Site

BELTON, Texas, Sept. 25.—The city has purchased three lots on the southeast corner of what is known as the Xexley block for the Carnegie library.

W. S. Matney, the cheapest first-class merchant tailor in the city.
