ASKS TO RE-OPEN THE CASE

COUNSEL FOR MRS. HOSKINS URGES IT HAS NEW TESTIMONY

FILES SWORN AFFIDAVIT

DID FRISCO AGREE TO PAY A LARGE SUM?

Judge Smith is Asked to Permit Jury to Hear New Testimony After it has Been Out Three Days

A motion to reopen the Hoskins case for the purpose of placing newly found testimony before the jury followed by a sworn affidavit setting forth an outline of the new testimony, which the defense considers of striking importance, caused a new sensation today in the remarkable trial which has engaged the attention of Fort Worth since a week ago yesterday.

The jury has been out since Saturday evening and counsel for the defense said this morning, in addressing the court, that the indications pointed to a hung jury.

Before making the motion in court, Judges W. R. Parker and Robert Seay, for the defense, were closeted together for an hour in the private office of Judge Mike E. Smith, which they borrowed while the judge was on the bench.

PRESENTED BY PARKER Judge Parker presented the motion. He asked the court to reopen the case and issue attachments instantly for H. O. Ledgerwood, George Littlefair, L. B. Comar and George Barnhart.

Judge Parker thereupon proceeded to recite his reasons for wishing to have the case reopened. He alleged that the defense had been in possession of new and important testimony. The testimony, he said, would go to show that the railroad company paid a large sum of money for Colonel Wynne's affidavit and affidavit, but did not show that Colonel Wynne personally received the money. A relative of Colonel Wynne's was named in the motion. The motion was signed by Seay and Parker.

After reading the motion, Judge Parker addressed the court. He said that he believed there was a statute governing such cases as this, under which the court might decide not to reopen the case, but he wished to say that this was an unusual case and one in which the court should use discretion. If this testimony is true, he said, the jury ought to hear it. Then, again, the saving of time and money which would be expended in another trial ought to be considered. He said that County Attorney Lattimore ought not to resist the motion, but in the name of fairness and justice ought to be willing for the jury to hear the new testimony.

Judge Parker's motion was two-fold—first that defendant be permitted to withdraw her announcement of "ready," which would mean an entire re-trial, or that the case be reopened and the present jury permitted to hear the new testimony.

OPPOSED BY LATTIMORE County Attorney Lattimore vigorously resisted the motion. He said that it showed an utter lack of good faith, or merit. "They don't swear to their infamous charge," he said, "and they dare not do so."

"We are willing to swear to the information," said Judge Seay.

Mr. Lattimore characterized it as "but another of their clever, insinuating attacks on Colonel Wynne," and argued against the admissibility and materiality of the described testimony.

Judge Seay said that he understood that Mr. Lattimore was in possession of the information all along.

"You have no right to understand anything of that kind, Colonel Seay," said Mr. Lattimore.

Judge Smith said that if the motion was presented in proper form, properly sworn to, he would hear argument on it.

Judges Parker and Seay thereupon retired to draw up and swear to an affidavit.

THE AFFIDAVIT Just before the noon recess Messrs. Seay and Parker presented their sworn affidavit, which was as follows:

"Now come W. R. Parker and Robert Seay, who state upon oath that they are the attorneys for Mrs. Nellie Hoskins in

the case of the state of Texas against the said Mrs. Nellie Hoskins on a charge of conspiracy to swindle the Fort Worth and Rio Grande railway and the Red River, Texas and Southern Railway company.

"That since the jury has been retired in this case they have been informed by credible persons as follows:

"That prior to the time that Colonel R. M. Wynne made an affidavit and testified on the motion for new trial in the civil case referred to in this proceeding, Percy Wynne, a son of Colonel R. M. Wynne, made a contract with the said railway company that for \$5,000 he would furnish evidence to obtain said new trial. They are further informed and believe that the said railway companies agreed to pay this amount, whereupon said Percy Wynne demanded more money. That after this had occurred, Colonel R. M. Wynne did furnish the affidavit and testimony which secured a new trial in said case and set aside the judgment of \$35,000 therein obtained, and which said testimony was afterward given by Colonel Wynne to secure an indictment against this defendant and was given against her on the trial of this case. Affiants further state that they never heard of this testimony until October 12, 1903, after this case had gone to the jury on October 10, 1903.

"Affiants further state that the party who communicated this information to them obligated affiants upon honor not to divulge his name, but said party is absolutely reliable, and your affiants state upon oath that since receiving said information they have sought from other sources to find that said information is true. And they now state to this court that they believe there is absolutely no doubt of such negotiations having been entered into between said Percy Wynne and the said railway companies to furnish the said testimony for a renewed consideration. The full extent of said negotiations they are unable to give, but affiants state that the witnesses Ledgerwood and Littlefair, together with the other witnesses mentioned, know the full details thereof and will state them to this court, and they are credibly informed that said Ledgerwood and Littlefair, who were the employees of said railway companies at the time and who were witnesses in this case, made the agreement above referred to with said Percy Wynne.

(Signed) "ROBERT B. SEAY, "W. R. PARKER."

"Sworn to and subscribed by said W. R. Parker and Robert B. Seay before me on this 13th day of October, 1903.

AMARILLO, Tex., Oct. 12.—Among the thriving and rapidly enlarging towns of the Panhandle, Dalhart, Amarillo, Clarendon, Canyon City and Hereford, Amarillo is the largest and probably the wealthiest. The firm of Dentz & Isaacs, which conducts a large wholesale and retail dry goods business, is probably the largest and most up-to-date in the entire Panhandle district. Mr. Isaacs came to Amarillo only a few years ago, a poor boy, and today his connection with the firm and his place as one of the most progressive citizens of the town furnishes a striking illustration of the opportunities furnished by an industrious business man who would seek to better his fortunes in Texas.

The Equitable Life Assurance society of New York has an office here, under the management of Claude Walcott, general agent. Mr. Walcott is the possessor of a large number of friends, and has been prominent in Amarillo for a number of years.

J. A. Taylor, formerly chief clerk in the office of the comptroller, is also engaged in the insurance business and is exceedingly successful.

Amarillo boasts a barber shop—the Imperial—which is one of the most unique tonorial parlors in the state. Things in Amarillo move swiftly these days, and reckoning along this line, the proprietor of The Imperial, J. W. Blackwell, has arranged the shop so that while a patron is enjoying a bath, he can get his clothing pressed and cleaned. All the other features of the shop are equally up-to-date.

DALHART Dalhart is located in the extreme northwest portion of the Panhandle, within a few miles of the border of Oklahoma and New Mexico, and a comparatively short distance away are the lines of Kansas and Colorado. The altitude at this place is about 4000 feet above sea level, and the air is very pure.

The primary cause of Dalhart's existence is the crossing of the two railway systems, the Rock Island and the Fort Worth and Denver City. Prior to two years ago Dalhart was hardly known, but when the Rock Island road came through and opened a great grazing and farming section up to the farmer and cattleman, Dalhart started and grew almost day and night ever since, until it has reached a population of about 2500. It has never had a boom and excitement does not want one. It grows rapidly enough and it has a future exceedingly bright. The Rock Island railroad maintains its division point here, and general offices working a very large number of men. The pay roll is about \$10,000 per month, and the railroad is constantly increasing its force and equipments.

The farm and ranch property is being rapidly taken up near to Dalhart and is becoming the homes of hundreds of farmers and ranchmen that will be constant feeders to Dalhart.

And the rush and rapid growth of Dalhart, churches and schools have not been neglected. It possesses a good school.

Several denominations have built churches, as follows: Methodist, Methodist South, Baptist, United Methodist, Mission and Catholic churches are under construction. The Christians and Presbyterians are organizing and preparing to erect churches at an early date.

MEETING OF THE CLERKS Initiate Forty-Eight New Members—To Have Monthly Dances

The local union held one of the liveliest and most enjoyable meetings in its history last night. To begin with, forty-eight new members were initiated, and one of the largest stores in the city unionized. This was one cause for celebration. Then, after the business meeting there was a dance which was so thoroughly enjoyed that by resolution it was determined that hereafter the union shall give a dance once a month.

The "Mattress Makers' union last night elected S. R. Smyers president, vice R. P. Wilson resigned. It also adopted the universal working card.

Seven new members were taken into the Bricklayers' union.

PANHANDLE TOWNS ARE ENJOYING PROSPERITY

AMARILLO, Tex., Oct. 12.—Among the thriving and rapidly enlarging towns of the Panhandle, Dalhart, Amarillo, Clarendon, Canyon City and Hereford, Amarillo is the largest and probably the wealthiest.

The firm of Dentz & Isaacs, which conducts a large wholesale and retail dry goods business, is probably the largest and most up-to-date in the entire Panhandle district.

CLARENDON Clarendon is the county seat of Donley county, and is on the southern edge of the Panhandle. It has a population of about 2500, has a good school, and is in every respect a progressive town. Clarendon is in the center of a great farming country. More hay, kafir corn and sorghum are raised near Clarendon than in perhaps any other section of the Panhandle.

CANYON CITY Canyon City gets its name from the Paludosa canyon on which it is situated. The town is seventeen miles southwest of Amarillo on the Peas Valley railroad. The town will soon become better known as an educational center, as the Baptist association recently decided to build a large college there. The population of Canyon City is about 1200, but it is rapidly increasing. A number of prominent breeders of pure bred cattle have their ranches near here, and as it is far enough above quarantine, the cattle raised near here enter competition at some of the largest shows in the country and help disabuse Northern people that longhorns are the only kind of cattle that can be raised successfully in Texas.

PLAINVIEW Plainview is now about fifty miles from any railroad, but it will not be so long. A good road is now under construction from Amarillo to Plainview, under the direction of Major E. C. Gordon. When completed it will penetrate a rich farming and cattle country. The soil near Plainview is remarkably fertile and it is said crops of onions as high as 500 bushels per acre have been raised. All other vegetables are raised successfully. The land is irrigated from wells, water being obtained at a depth of from forty to seventy feet. The shallow wells make irrigation easy, and when the railroad reaches Plainview and gives farmers an outlet for their crops, the section promises to become noted as a truck-growing section, all over the Southwest.

EXPRESS MEN'S STRIKE The Threatened Difficulty Has Not Yet Materialized

Local officials of the Pacific Express company said today that the threatened strike of express messengers on that line has not materialized as yet, and it is not known here when it will, if it ever does. A conference of official heads of the express company and the Brotherhood of Railway Messengers of America was held last week in St. Louis, to consider the troubles now pending, the men demanding an increase in salaries of 20 per cent. What action, if any, the express company has taken in the premises has not reached Fort Worth, and express officials here say they have not been advised as to the present status of conditions. In the meantime it is understood that the express company is going right ahead and employing men to take the places of those who may quit their positions in case a general strike is ordered by the Express Messengers' Union of America.

POLYGAMY IS PREFERABLE TO DIVORCE

So Says Bourke Cockran in An Eloquent Address Before Knights of Columbus

NEW YORK, Oct. 12.—In an address before the Knights of Columbus, gathered in Carnegie hall to celebrate the anniversary of America's discovery, W. Bourke Cockran reviewed the march of civilization and declared that the only blot to be seen at the present day is the divorce practice. The great private fortunes he considered to be of value to the nation, while the labor problem, he said, is only a step in the march of progress.

"There has been growth," he said, "since the beginning of the world, progress is the law of the universe, and the nations who came before this one, the men who lived and accomplished things before Columbus, were simply the links in a chain which has not yet been completed. When we know that this work is all for mankind then we can understand that his was a mission of commerce and of religion, and that mission marked the dawn of justice.

WEALTH A BOON "The present condition of society here is full of promise. We have the greatest fortunes of the earth—greater than Roman ever dared dream of—and though philosophers say that where wealth accumulates men decay, I see no cause for despair. When a large fortune is not gained by robbery, by fraud, or by the manipulation of the laws, then it can be but a boon to the nation. My neighbor's prosperity increases my own and that of the earth.

"Nor do modern fortunes tend to the increase of luxury. On the contrary, men become more self denying. I see no sign of decay in the human race here. The labor question is in process of solution and every row is a step toward this. A laborer cannot get more pay than the value of his product, for then the product ceases to be made. Nor can he get much less, because of the element of competition. The laborer of today is not a servant, but a partner of his employer, and their good rests in a mutual understanding.

DIVORCE A BANE "But the blot I see upon our civilization is the increasing number of divorces. In the ancient state the supreme importance of life was to increase the importance of the state. Today the end of life is the individual good. But the individual good lies in the prosperity of the family, and it is at this that the divorce strikes. If not checked it will destroy the family. The remedy to this, as I see it, is to realize that matrimony is a state, not a contract, and divorce must be stopped. Divorce strikes at the virtue of our women, and this virtue is what preserves the state. Divorce is the one foul growth upon our soil, and upon its riddance depends the fate of our future.

"If we are to choose between divorce and polygamy, give us polygamy."

LIQUOR SELLING CASES List of Indictments by Federal Grand Jury Not Yet Returned

HOLDENVILLE, I. T., Oct. 12.—Several citizens of this place, who have been in attendance upon the grand jury at Muskogee have returned. The grand jury has handed in its report in the bunch of cases to the judge of the Federal court for the Western district, Hon. Charles W. Haymond, but he has not as yet given it out. A member of the staff of the United States attorney general at Washington, in the district, and in full charge of the prosecution and it is supposed that he is responsible for the delay in publication. Fourteen Holdenville men were examined as witnesses in the liquor cases of this vicinity. The cases will come up for hearing in the district court at Muskogee, near here at the next term of court, which will open October 26. The grand jury has yet touched upon the liquor cases in the district, and they will continue to be busy with them for some days. After finishing them it will take up the regular criminal work, so that this session will be an extended one. It is estimated that several hundred cases will be disposed of at this meeting.

The searching investigations through out this district on the liquor question have unearthed a large amount of business for the authorities, and the presence of the Washington official at Muskogee proves that the national authorities have concluded to go to the bottom of the matter. The United States anti-liquor law in force here was formulated many years ago, when the Indians were in overwhelming majority, and was pre-eminently for their protection. Since then affairs have changed radically. There are 500,000 citizens now in the territory against only 90,000 Indians and mixed breeds, and it is probable that if the will of the majority of the people was consulted, the liquor law would not be so binding.

Ultimate conviction is so greatly feared by some of those indicted that

FRESH FEUD IN KENTUCKY MOUNTAINS

James Partin Killed by Sowers Boy in Fierce Battle of Two Families

(By Associated Press.) MIDDLESBORO, Ky., Oct. 13.—On the Clear Fork river in this county the Sowers and Partin got into a fight and one of the Sowers boys shot and killed James Partin. The feud had existed for years between these two families and the feeling had been growing fiercer. They met in the mountains and a general fight occurred. Grant, William, Henry and John Sowers; James Davis and Bob Tinsley were arrested and brought here. The feeling between the families is bitter and there may be more trouble.

FORGED PARDONS FOR PRISONERS

(By Associated Press.) SAN FRANCISCO, Cal., Oct. 13.—James Darling, Joseph White, Cornelius Cokes and John Moore, military prisoners at Alcatraz have been released by the authorities on pardons which are now discovered to have been forged. Fraudulent pardons were sent through the ordinary course, the soldiers' pardon bearing the regular seals and stamps and approved by the president, but by whose assistance the forgeries were perpetrated is a question yet unsolved. The four prisoners were sent up for five years' imprisonment and had more than two years' unexpired terms to serve. They were set at liberty October 7 and landed in this city on the government steamer McDowell.

SAYS PEACE WILL PREVAIL (By Associated Press.) BERLIN, Oct. 13.—Count Inoué, the Japanese minister, says everything in the dispute between Japan and Russia will be settled amicably.

NEWS AT LONDON (By Associated Press.) LONDON, Oct. 13.—The trend today in information regarding the far Eastern situation is less alarming. The Frankfurter Zeitung, whose sensational announcement of occupation of Manchuria by the Japanese yesterday occasioned disquiet, today publishes a telegram from Shanghai saying there is no confirmation of the reported occupation of that place, adding that Russo-Japanese negotiations at Tokio concerning the evacuation of Manchuria give the impression the political situation in Japan is quiet. A dispatch from Rome says fifty-five Japanese officials who have been studying in military academies at Modena and Raccogni have been called to Japan.

BERLIN NEWS MORE QUIET (By Associated Press.) BERLIN, Oct. 13.—The foreign office here looks upon the situation in the far East as being less grave. Both Japan and Russia appear to be willing to arrange a modus vivendi concerning Corea, which country and not Manchuria is the point of difference. Russia, it is asserted, would consider it a casus belli were Japan to land troops at Masanpo.

INFORMATION AT WASHINGTON (By Associated Press.) WASHINGTON, Oct. 13.—At a cabinet meeting this morning Secretary Hay said his information indicated that the Russo-Japanese troubles in the far East would be amicably settled.

Winchell's Promotion Is Generally Welcomed Among Railroad Men

The appointment of B. L. Winchell, vice president and general manager of the Frisco system, to the position of executive head of the Rock Island system in the west, is a well merited promotion. Mr. Winchell will assume charge of his new duties Thursday of this week and will temporarily direct the work from St. Louis headquarters until he takes up his residence at Chicago, which will be done soon.

The position to which Mr. Winchell has been appointed is a very important one, and is the same that C. A. Bird holds with the Gould system.

The official announcement of Mr. Winchell's appointment was made yesterday by President Leeds of the Rock Island.

The new head of the traffic department of the two great systems is well known in Texas and was for a number of years vice president and general manager of the Colorado and Southern Railroad Company. He came originally from the Kansas City, Fort Scott and Gulf, and is rapidly ascending to the top of the ladder in railroad circles. He has always been popular, not only with railroad officials but with the public generally, and his deserved promotion will be good news to his many friends in this state. His salary is said to be \$40,000 annually.

HEAVY IMPROVEMENT OUTLAY

Statistics that have just been made public at the general offices of the Harriman railroad system in San Francisco, show that during the past three years \$104,348,269 have been spent for betterments and equipment on the lines of this system, including the Southern Pacific, the Union Pacific, the Oregon Short Line, the Oregon Railroad and Navigation Company, Chicago and Alton and the Kansas City Southern.

On the Union and Southern Pacific lines alone the improvements have entailed an expenditure of \$86,503,928. The total improvements on the entire system, exceeding \$104,000,000, is accounted for in various heads as follows: Betterments, \$48,115,587; changes of lines, \$14,532,237; equipment, \$44,200,455.

The chief railway construction work has been known as the Salt Lake cut-off. Besides this, there is the cut-off on the coast line at Chatsworth Park, the purchase of a vast quantity of rolling stock and construction of new railroad sheds, the renewal of steel bridges and steel rails, construction of round-houses, etc.

The Ogden and Salt Lake cut-off, which will be completed and over which cars will be running the first of the coming new year, has cost to date \$4,400,162. Over 60,000,000 tons of steel have been put into the lines of the Southern Pacific system, making a consecutive string of first-class steel bridges and track from Ashland, Ore., to Houston, Texas; and from San Francisco to Ogden.

CHANGES IN POSITION. John J. O'Brien, for many years superintendent of the car department of the Terminal Association at St. Louis, has been appointed superintendent of the St. Louis, Troy and Eastern railroad, a coal line in operation. Mr. O'Brien has been connected with the Terminal company for twenty years.

James Donohue, assistant general passenger agent of the Frisco system at Kansas City, has resigned to go into other business. It is reported that J. C. Lovrin, district passenger agent at Joplin, will succeed Donohue, who has been in the railroad service twenty-seven years, fifteen of which has been spent in Kansas City.

GOES WITH THE "KATY". C. B. Briscoe has been appointed assistant ticket and passenger agent under T. T. McDonald in Fort Worth. He succeeds E. H. Hill, who resigned to accept service at Houston. Mr. Briscoe came from Italy, where he was station agent for the Katy for the past three years.

WINTER TOURIST RATES. The Katy will sell round trip tickets to San Antonio October 17 to 28 on account of the San Antonio fair. The rate will be \$9.05.

The Katy announces winter tourist rates to the following points: To Millford, \$23.00; to Arkansas Falls, Corpus Christi and Rockport, \$13.50; to Meridian, \$5.45. These rates are for the round trip.

WORLD'S FAIR RATES. Representatives of railroads have been in conference in Washington some days endeavoring to arrive at what rates shall be adopted during the St. Louis World's Fair. Up to yesterday no conclusion had been arrived at, but a plan was discussed to make the round trip rate about the regular half fare.

The plans discussed by these officials will substantially be submitted to the higher officials of the company for approval. The railroads are making great

Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What Swamp-Root, the World-Famous Kidney, Liver and Bladder Remedy, Will do for YOU, Every Reader of The Telegram May Have a Sample Bottle Free.

GENTLEMEN—Some time ago I was so run down that I lacked strength, had no appetite and could not sleep nights. Sometimes it seemed as though my back would break in two after stooping. I had to get up many times during the night to urinate and go often through the day. After having the best physicians prescribe for me without relief, I decided from my symptoms that the medicine I needed was Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. After trying a sample bottle with good results, I purchased six bottles of the regular size and after taking them was entirely cured. Swamp-Root is a wonderful remedy when a man is not feeling well, after exposure or loss of sleep and irregular meals. It is also a good medicine to tone up a man's system. Other members of the Police force are using and recommending Swamp-Root. They, like myself, cannot say too much in praise of this great remedy.

The Officers (whose signatures accompany this letter), as well as myself, thank you for the good you have accomplished in the compounding of Swamp-Root. We remain, yours very truly, William Moore Chief of Police, John W. Heath Patrolman, W. H. Fredenburg Roundsman.

To Dr. Kilmer & Co., Binghamton, N. Y.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often through the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

EDITORIAL NOTE—Swamp-Root, the great kidney, liver and bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonials received from men and women cured by Swamp-Root. In writing, be sure and mention that you read this generous offer in The Fort Worth Daily Telegram, when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A DISAPPOINTED ROBBER

(Copyright, 1903, by C. B. Lewis.)

I was a country boy fourteen years old when I went to pass the winter with Aunt Mary and do the chores and go to school.

I had been with her about a month when one afternoon a cousin living ten miles away arrived with a horse and buggy and reported that his wife was at death's door.

I didn't question his being the sheriff and I didn't dispute his right to take charge of the money.

Then Mr. Holt's patience gave out, and he showed himself in his true colors, though I had come to the conclusion that he was a robber.

HOSKINS JURY IS DISCHARGED AFTER FAILING TO AGREE

After receiving the affidavit filed by Judge Parker and Judge Seay in the Hoskins case, asking for a re-opening, Judge M. E. Smith in the Seventeenth district court this afternoon refused to grant the request.

With the consent of counsel for the state and the defense, the jury which has been out three days, was then called into the courtroom.

It was stated that the status of the jury at the time of its discharge was eight for conviction and four for acquittal.

Relative to the affidavit filed by Judge Parker and Seay in the Seventeenth district court, L. B. Comer, vice president and general manager of the Fort Worth and Rio Grande railroad, said to The Telegram this afternoon:

CITIZENS MAY SUE FOR DOGS THAT ARE DEAD

The dog-killing situation has taken a new turn, according to statements made this morning to The Telegram, which may result in suits being brought against the city by several citizens who have sustained the loss of valuable dogs within the past few weeks.

As is well known, there has been a wholesale slaughtering of dogs on the South Side and a number of citizens have lost dogs that are valuable.

Last night another dog was killed on Hemphill street. The method employed to put the canines out of the way is to saturate fresh meat with liquid poison of some character and then throw the meat over into the yard.

The matter has been carried on in such an open and defiant manner that several parties who have lost dogs are now considering the proposition of employing detectives to work up the case.

**SOL BRAUNIG WAGES A WAR IN CHICAGO**

Every Fort Worth theater-goer of several years' standing will remember Sol Braunig. He used to be treasurer of Greenwall's opera house and later on he branched out for himself and then the Braunig Stock Company became a figure on southwestern circuits. Sol Braunig owned the company and he produced plays—mostly old standbys rewritten by himself. They were nearly all melodramas and inasmuch as in re-writing the plays, Braunig kept a close watch on the climaxes his company waxed popular.

And now news comes from Chicago that he has a theater of his own in that city. And he continues to produce melodrama. To be sure he is not in control of one of the downtown theaters. His house is in Englewood, but the downtown house is almost in sight and those who know the indefatigable Sol, can easily see that the future holds for him nothing less than a whole circuit.

And being in Chicago, Sol, of course, is making a stir. He is having almost a pitched battle with a Chicago clergyman, and in the Inter-Ocean of a few days ago the excitement in Englewood is considered in a half page article, from which the following is borrowed:

Between the grace of God and the art of Theatricals there is a merry war at Englewood.

The lady war has all come about because the stage door of the Marlowe theater is just across a narrow alley from the coal door of the Englewood Baptist church.

The church is under the guidance of the Rev. H. Francis Perry, who declares that he is opposed to the theater any place in Chicago, but most of all in Englewood.

**ALFALFA AS A FOOD FOR HOGS**  
Effort Being Made to Have State College Investigate Its Value

An effort is being made to have the experimental station, in connection with the Agricultural and Mechanical College, conduct certain experiments regarding the raising of hogs, using alfalfa, milk maize and other products of the soil which are recommended.

The plan is to raise such feed stuffs as are profitable for hog raising, and to have hogs on these farms which will be fed on such stuff. Observations are to be made of the success, the weight and quality of each hog to be taken, the price at which the porker is sold, and the cost of the raising. Bulletins will then be used to show the farmers what can be done in this way. It is to combat the argument which has always been made that it is necessary to have corn to make hog raising profitable.

H. A. Judd, manager of the Armour packing house here, was asked about such a proposition. "I think it a good idea," said Mr. Judd. "If the government experiment station will take up such a question, it can be shown that hogs can be profitably raised without corn, and they will then be educated to the industry and will become one of the leading interests in Texas. At present there are not hogs sufficient to supply the two packing houses here. There never was a hog market which had enough, because whenever there are more hogs than the packing houses need there will be another packing house. Hogs will bring all they are worth, it matters not how many come to the market, and the packers will kill all they can get."

Mr. Judd said he had noticed the newspaper campaign which was being made throughout the state in the interest of hog raising and he was glad to see it. He will not only result in more hogs for the market, but it will benefit the producers in every way.

**HOW HEALTH IS GAINED**  
The story of a great deal of the unhappiness of women is a story of lost health. Women wonder how it is that little by little the form loses plumpness, the cheeks grow hollow and sallow, and they feel tired and worn-out all the time. In a large proportion of cases when women are weak, run-down and falling off in flesh and looks, the root of the trouble can be traced to womanly diseases. These undermine the general health. The proof of this is that women who have been cured of painful womanly diseases by the use of Dr. Pierce's Favorite Prescription have recovered their general health, gained in flesh and in appearance.

Dr. Pierce's Favorite Prescription cures the womanly diseases which sap the general health. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I suffered for three years with ovarian trouble," writes Mrs. Anna Quinn ("Treasure Woman's Athletic Club," 45 So. Second St., Milwaukee, Wis.). "The treatment I took did not do me a particle of good, until a good neighbor who had been using Dr. Pierce's Favorite Prescription advised me to give it a trial. The next day took my first dose, and it was my first step toward recovery. In nine weeks I was a different woman; my flesh which had been flabby became firm, complexion clear and my eyes bright. It was simply an indication of the great change within from pain and suffering to health and happiness."

"Favorite Prescription" makes weak women strong, sick women well. Accept a substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

There is a feeling of security, even though the baby is croupy or has a cold or whooping cough, when there is a bottle of Chamberlain's Cough Remedy in the house.

to win. One, to get the largest number of new scholars; the other, to maintain a perfect attendance of those already secured. A combination of both will win. The Sunday school had 200 in attendance last Sunday and the Rock had 25 majority. This is only the first inning, and there will be several nines, passed balls and fancy curves in the game before it is played out.

There was a beautiful service Sunday night at the Christian Tabernacle, which was out of the ordinary. Rev. James S. Myers delivered a sermon on "The Problem of the Young Woman." After the address there were a number of young ladies baptized. The members of the class of girls of the Sunday school had participated in the baptismal service, and they had covered the baptistry with beautiful roses and many palms.

**GEORGETOWN**  
Heavy Fines Are Assessed Against the Saloon Men

GEORGETOWN, Texas, Oct. 13.—During the month past the largest revenues have been realized by the county in any month in its history from causes other than the regular collection of taxes. County Judge Wilcox, on pleas of guilty, assessed ten fines against saloon men for selling without licenses and each fine was \$450, aggregating nearly \$5,000. Bell county having gone for prohibition the five saloons in that county in Bartlett have moved to the Williamson county side, increasing the county and state revenues something like \$2,000. The line of the two counties runs through the middle of Bartlett. Williamson went wet and Bell went dry. One saloon man just changed his bar in the same building about ten feet back in the same house and was in Williamson county.

**A SUNDAY SCHOOL WAR**  
Christian Tabernacle Organization Divided in Two Factions

It may not be generally known that the Sunday school at the Third Christian church, commonly known as the "Tabernacle," is in the throes of a civil war, but it is true, nevertheless. Two weeks ago the superintendent, Rev. James S. Myers, appointed John R. Reeves captain of the "Reds" and Mrs. E. K. Rea captain of the "Blues" and war was declared. The state of siege will continue for six weeks and the battle will be fierce. Each captain took eight teachers for lieutenants and divided the Sunday school in half. There may be a good many causes of Chills and Fever, and there may be a good many symptoms accompanying, but whatever the cause or symptoms, Chills and Fever can be cured and their return prevented by taking Dr. Thacher's Liver and Blood Syrup.  
A pretty broad assertion to be sure, but you will readily see how true it is when you consider that this excellent remedy contains a number of pure and perfectly blended ingredients which act directly upon the liver, kidneys, stomach, bowels and blood. By its stimulating, cleansing and tonic effect upon these organs, it contracts the poisons, drives out the chill germ and prepares the system to ward off disease.

Government Offers Prize of 25,000 Pounds for Cure  
 Five-sixths of South Africa is uninhabitable for horses, owing to a horse sickness which carries off at least 250,000 horses every year. The Transvaal government will pay 25,000 pounds for a cure of the disease. If any government had offered a like sum for a remedy that would cure Rheumatism, Catarrh, Constipation, Stomach Trouble or any Blood Disease that afflicts the human family, Dr. Burkhardt's Vegetable Compound would have won the prize. Last year 8,756,000 cases were treated with this great remedy, and 80 per cent were restored to health. A thirty days' treatment costs only twenty-five cents at drug stores.

**THE WILD WEST SAVAGE**

(Original)  
 When Major Henderson of the 4th United States cavalry was a second lieutenant serving on what was then always referred to as "the plains" he one day came upon a party of Arapahoe Indians who were about to burn a young Ute at the stake. Indeed the flames were curling about the boy's legs, and he was beginning to feel the agony of burning. Henderson, who had sufficient troopers back of him to warrant interference, dashed in, kicked away the fagots, cut the thongs and set the boy free. Then he took the Indian to camp, where a surgeon dressed his wounds and after his recovery sent him to his tribe.

When Henderson left the army he gathered a number of Indian implements of various kinds, which he took with him to his home. There were blankets, feathers, moccasins, beads, pipes and a few weapons, such as were used before the red man got the rifle, including bows and arrows. These the major hung about the walls of his smoking room, a profusion of calumets being especially appropriate.  
 The curiosities were of especial interest to the major's little boy, Russell, who was never so contented as when his father told him stories about them—stories usually invented by the father, for he knew but few incidents connected with them. Nevertheless the yarns delighted the boy, who had all a boy's love for adventure, and when it was announced on the billboards that a wild west show was coming to town Russell Henderson was wild with expectation. His father promised to take him out to see the procession of cowboys, Indians and "plains" people generally enter the city and afterward to give him an opportunity to see the performance.

When the show made its formal entrance the major was standing on the sidewalk, his little boy holding his hand, the youngster's eyes big as saucers and watching eagerly for the Indians. At their passage there was an element of surprise which neither father nor son had counted upon. An Indian suddenly threw himself from his horse, made a dash for the major and, extending his hand, said excitedly:  
 "How?"

Henderson stood looking blankly at the brave, who explained in a few words that he was the Ute whom the major years before had snatched from the burning. The Indian was so demonstrative, so delighted at meeting the man to whom he owed his life, that the major invited him when not engaged in his duties to come to his house. The invitation was accepted, and the Ute, who was not in good health, remained after the show had departed. Little Russell was at first very much terrified at him, but when his fright wore off depended upon him for most of his amusement, the Indian telling him more wonderful stories about the decorations of the smoking room than the major had ever dreamed.

Russell became much attached to the Indian, and the Indian, who worshiped the major, seemed eager to give the little fellow all possible pleasure not only from gratitude to the father, but affection for the son. Time slipped by, and the Ute, who was suffering from malaria, remained at the home of his benefactor.

One evening Major Henderson came in before dinner and, going into the smoking room, found the Ute bending over Russell, who was standing near a table on which rested an arrow. Both the boy and the Indian were looking at the tip of one of Russell's fingers. On it was a red spot, about which the flesh was slightly swollen. A terrible anxiety was depicted on the Ute's features. As the major entered the Indian cast a glance at him, then at the arrow on the table, then back at the major.

"You saved me from a torture death. In return I have brought death on your idol. That arrow was poisoned; the child in handling it has pricked his finger. He will die."

This was what Major Henderson read in the Ute's face. Then suddenly, without a word, the Indian seized the boy's finger and, placing it between his lips, began to suck the wound, pulling so hard that the child cried out.

The poison was drawn from the wound and, entering the thin coating that lined the Ute's mouth, was quickly absorbed. A doctor was summoned and arrived in a few minutes. He administered a drug to the boy, then advanced to do the same to the Indian. His offer was refused. Indeed by this time, though Russell showed no signs of poisoning, the Ute was giving evidence that the deadly weapon of the savage had entered his system.

He began a low moaning which soon took the form of a chant in a tongue which no one present except the major understood, and even he only here and there caught a few words and expressions. The dying man recited the principal events of his life, dwelling upon his capture and intended burning by his enemies, the young "white brave's" sudden coming and the release. Then he sang of himself cared for when all by the white brave, his affection for him and his son and the sin of having permitted the child to touch the poisoned arrow. At last the strain grew wild and triumphant as he described the sucking of the wound, the saving of the boy and his own coming death. Here was his satisfaction. He had created a new debt, but he had paid both. Then the song died away as his breath grew slower and longer and at last ceased. He was dead.

**Dr. Miles' Nervine Gave Back My Health.**

It is not always severe manual labor that breaks down the health. Mental strain, worry, anxiety, the cares of business or the home, have an equally strong tendency towards undermining the nervous system, upon whose vitality the health of the body depends. When you find yourself unduly fretful, anxious, easily excitable; when your sleep is troubled and you can get no rest; if you have frequent headaches, are losing your appetite and are getting thin, you should begin at once a thorough course of treatment with Dr. Miles' Nervine. There is no nerve tonic so good, so sure, so safe. It speedily restores the weakened nerves to healthy action, and builds strength and tissue.

"I was raised on a farm at hard labor, and when I left the farm and began preaching, the change of occupation and excessive study shattered my nerves and impaired my memory. I began taking Dr. Miles' Restorative Nervine, and after using two bottles I could see a decided improvement, and I continued until I had used nine bottles, when I considered myself completely cured. That was seven years ago so that I know my cure is permanent. My health has been excellent ever since. I am glad to add my testimony to the merits of this wonderful restorative, and trust that other sufferers may receive the same benefit from its use that I have."—REV. W. L. SINGLETON, Duluth, Ga.

**WASHINGTON IS NOW IN FRANCE**

Negro Educator Registered Under Name of Jones in a Paris Hotel

PARIS, Oct. 13.—Booker T. Washington is visiting Paris. He is registered at a hotel under the name of Jones. He said: "I have had a delightful holiday. The reporters have not detected me under the name of Jones."

"The negro problem in the United States will be, in being solved, not by politics but by education and industry. In America we can discuss everything calmly except politics. Lynchings are becoming fewer in the South. This year there have been only two in Alabama. The influence of the press and of leading men in the country have been powerful help in decreasing lynchings. They will disappear altogether. Remove the cause and the effect will not follow. The cause can be removed by education. The school term needs to be lengthened. We need better teachers and better school houses. Something is being done, but we ought to move faster. In public schools, even primary schools, elementary industry ought to be taught."

"I have been through Normandy, studying the system of butter making in the hope of finding new ideas for our dairy in Tuskegee, but I am not sure Normandy can teach us anything. The general education board has been doing good work among our people. All the teachers in colored schools ought to get such training as we give at Tuskegee, Hampton and the other technical schools are good for the black people as well as white. Mr. Schwab's advocacy of them is helpful. Our students do not experience difficulties at northern universities, but we are not rich enough to send many students to them."

"We want university trained men for professors, if we can get them. There is lucrative employment in the South for every colored student who graduates with trade. This is not so in the North, there colored men are debarred from many trades. Here in France I do not find any prejudice against colored men."

"In my country we have solved problems bigger than the negro question. I will continue preaching education, education, education. Intelligent people know this and are generous to us. The last contribution I received before leaving home was from Mrs. Phoebe Hearst."

**THE DELINEATOR FOR NOVEMBER**

The Delineator for November contains, in addition to its superb presentation of the incoming winter styles, stories by prominent writers, strikingly illustrated articles and papers by experts on topics of interest to the home and household. In fiction, the chief feature is the second installment of "The Evolution of a Club Woman," a bold narrative by Agnes Surbridge, purporting to be fact and describing various incidents connected with the rise and progress to power of the president of one of Chicago's leading clubs. There is also a clever love story by William MacLeod Raine, a Western tale by Minna C. Smith, and a pathetic story of a little Yorkshire terrier by Lillie Hamilton French. In an interesting paper J. C. Hemment, the well-known illustrative photographer, relates his adventures with the camera in search of "material" for the big newspapers and magazines, and N. Hudson Moore writes charmingly of christenings. Clara E. Laughlin has an inspiring paper on "Conflicting Tendencies." Miles Bradford tells the story of an old-fashioned Thanksgiving, in the unique cookery series, "Charlotte and L." and a "House Small but Artistic" is pictured and described. For the children there are entertaining pastimes and amusing stories, and the departments contain matter of interest to all women.

**FOR FASHION'S LATEST FADS**  
 "Just get The Delineator"

What is being made abroad is told in our letters from London and Paris, and what is to be worn here this Winter is fully pictured and described in detail. Many pages are devoted to illustrations of fashionable hats, creations of the best houses, and the newest dress fabric, trimmings and accessories. The Dressmaking and Needlework departments are invaluable to the woman who would be well gowned.

**FOR HOUSEHOLD HELPS**  
 "Just get The Delineator"

"Household Helps" is a trite expression. Far from trite are the helps continually offered in The Delineator by able writers who suggest new thoughts in cooking, happy arrangements in furnishing and short cuts in all branches of housekeeping.

**For Children's Stories and Pastimes**  
 "Just get The Delineator"

The Delineator's juvenile stories can really be enjoyed by children who read or are read to. The many suggestions offered keep little hands amusingly occupied, and teach while they amuse.

**FOR BRIGHTEST FICTION**  
 "Just get The Delineator"

The cleverest story writers assist in making The Delineator's pages entertaining. In November, Lillie Hamilton French tells of "An Interrupted Honeymoon"; Minna C. Smith of "The Little Mail Carrier"; William MacLeod Raine of "An Unpremeditated Engagement"; and then the serial story, "The Evolution of a Club Woman," about which everybody is talking, is continued.

**FOR WOMAN'S SOCIAL DOINGS**

**THE NEW BRUSH FENDER**

Protection Is Afforded by Bass Instead of Brass Fiber

Bass and not brass fiber, as was stated in The Telegram, is the source of protection on the new rotary brush street car fender which J. H. Ricker of this city has invented, and which will be given a practical test on the lines of the Northern Texas Traction company here soon. Since the publication of the article describing the invention in last Sunday's Telegram, Mr. Ricker has received many favorable comments from local business men who were struck by the feasibility of the plan and its manifest simplicity. Mr. Ricker expects St. Louis street car officials in Fort Worth in a few days to witness the test and is confident that the demonstration will be satisfactory enough to secure the adoption of the fender on the St. Louis lines.

**ADA, I. T.**

ADA, I. T., Oct. 13.—The trial of Goff for the killing of — Brady near Jesse, I. T., ended at this place, after the case had been on trial for five days. The case went to the jury at 4 o'clock on Friday and a decision was reached on Saturday at 6 o'clock, the jury having found the defendant guilty of manslaughter. This case has been of unusual importance owing to the fact that at the time of the said killing there were about six parties present on each side of the affair which resulted in the shooting of Brady, about five of whom have been indicted for murder and this is the first trial of one of the defendants.

**TWO THOUSAND WITNESSES**

ADA, I. T., Oct. 13.—Federal court has been in session here two weeks. There have been in attendance upon the court for the two weeks about two thousand witnesses in the various cases. The court will continue one more week and it is estimated that more than twenty-three murder cases on docket here only about five of them will be disposed of at this time; however, the civil docket is almost clear for the first time since the court was established at this place.

**ADDITION MAY BE CONTEMPLATED**

ADA, I. T., Oct. 13.—There was an unusual surprise when two members of the Dawes commission met a large body of the representative citizens of Ada here Saturday evening at 8 o'clock. The purpose of the meeting, though not yet made public is known to be the promotion of another and important addition to the town of Ada, I. T., on the south of the town. The addition will embrace a large portion of a beautiful residential section of the city.

**ADA RAILROAD NEWS**

ADA, I. T., Oct. 13.—The Katy depot is now being constructed at this place and it is said that Katy road will run trains here in thirty days more. The new line will come from Coalgate, I. T., and extend to Oklahoma City by way of Shawnee, O. T.

It is authoritatively stated here that the Frisco system has let a contract for the construction of a line almost parallel to the Katy from Coalgate to Oklahoma City. The contract was let last week and work will soon be begun on the new line.

**GRANDVIEW**

Cotton Gins Are Now Being Run Day and Night

GRANDVIEW, Texas, Oct. 13.—Local gins are running day and night. There are three gins in the city. They ginned over one hundred and fifty bales Saturday. Left several bales standing in their yard that they could not reach before midnight.

Grandview is receiving from one hundred to two hundred bales daily. Our merchants buy all the cotton and always pay the highest market price. Farmers are too busy to gather corn. Very little has been gathered. There is plenty for home and some to spare. It is selling for 35 cents per bushel.

Cotton is making upon an average of one half bale per acre. In some sections they claim they will make two bales to three acres. Cotton pickers are coming in from the south and they find plenty of work. Farmers here can give employment to as many as will come. Every train brings in crowds of dusky pickers, without baggage, except a cotton sack.

**DENTON**

Lots Sold at Auction Brought Good Prices

DENTON, Tex., Oct. 12.—W. H. Wattman's lot sale, which had been extensively advertised, came off yesterday in the southwest part of the city, Captain J. A. H. Hosack of Cleburne acting as auctioneer. The land was formerly a fruit and vegetable farm, but owing to the fact that the city has grown so rapidly the last year or so Mr. Wattman thought his place had come into demand for residence lots. The lots sold fairly well and brought a good price.

**BOARD HEARS TOBACCO MAN**

Adaptability of Soil in This Vicinity to be Discussed by L. H. Shefler of Washington

There will be an important meeting of the directory of the Fort Worth Board of Trade held this afternoon at 4 o'clock, and Secretary Paddock requests that there be a full attendance, as matters that are considered important to Fort Worth are to come up for consideration. L. H. Shefler, a government expert on tobacco, from Washington, is to be present at the meeting and will discuss North Texas in connection with the culture of tobacco. Mr. Shefler comes to Texas for the purpose of studying carefully the adaptability of this soil to the culture of the finer grades of tobacco, and he will give special attention to the soil of this immediate locality. It is on this subject that he is to address the meeting this afternoon.

Secretary V. S. Wardlaw of Fort Worth Live Stock Exchange, has appointed Secretary Paddock of the Board of Trade as one of the committee of seven to look after the entertainment of the delegates to the convention of the National Live Stock Exchange, which is to be held in Fort Worth November 17. In this convention will be representatives from all the important live stock exchanges located in the larger cities of the United States. It will be recalled that the last meeting of the national association was held in Pittsburg and was reported a grand success.

The committee referred to is composed of Messrs. J. W. Montague, Ireland Hampton, G. T. Reynolds, R. Barse, Jacob Washer and J. W. Spencer. Elaborate preparations will be made to entertain the delegates to this convention and they will have no occasion to regret their choice of Fort Worth as the 1903 meeting place.

There will be a rehearsal of the St. Cecilia society Wednesday night at 8 o'clock at Mrs. Ducker's, 912 Burnett street. Professor Krejssig desires a full attendance to arrange for the coming federation.

**TABERNACLE IS AGAIN OPENED**

Renewal of Associate Memberships Depends Where Arions Will Sing

At a meeting of the officers of the Christian Tabernacle last night a resolution was unanimously adopted whereby a former resolution closing the tabernacle to entertainments by societies not connected with the church, is amended. Under the resolution of last night the tabernacle will be rented for musical and vocal recitals when given under proper auspices.

This will be welcome news to the Arions, the St. Cecelias and other Fort Worth singing societies, which, with the Tabernacle closed to them, were without a good auditorium in which to give their entertainments, except the opera house be used.

The Arions already have made an agreement with the opera house management for the use of the auditorium three nights during the winter.

**ASSOCIATE MEMBERSHIPS**

W. J. Estes, president of the Arions, said today:

"In view of this action by the Tabernacle officers, I am not in a position to say just where our concerts will be given. We intended to use the opera house and will do so if the subscriptions for associate memberships are liberal in number. A number of last year's associate members have renewed, but there are many others who have not done so. If we find that we can afford to use the opera house we will do so; otherwise the Tabernacle will be engaged."

The first concert will be given the latter part of November or the first part of December. Early in December a fine Chicago quartet, including Genevieve Clarke Wilson, soprano; Eleanor Kirkham, contralto; Holmes Cowper, tenor, and William Beard, baritone, will be in Dallas, and it is likely that the Arions will engage these four for the opening concert. Three concerts are planned by the Arions for the coming season.

**WOODMEN'S UNVEILING**

COLORADO, Tex., Oct. 12.—Sunday was a big day in Colorado among the Woodmen of the World. The occasion was the unveiling at the graves of L. W. Delling and James H. Gardner. A big barbecue dinner was served to the Woodmen and their families. About 400 participated. Supper was also served. A large number attended from Abilene, and some were here from the Eskota, Dunn, Roby and Gail camps.

**GRASS BURNING SUIT**

In the county court today two damage suits against the Texas and Pacific railroad for grass burning were tried. The judge reserved the announcement of his decision till tomorrow.

**COLORADO NOTES**

COLORADO, Tex., Oct. 12.—Some months ago Sam Singleton filed suit in the justice court against E. W. Bounds for \$100, but the jury gave Bounds a judgment against Singleton for \$150. Today the case was tried in the county court and Singleton obtained a judgment against Bounds for \$50. Notice of appeal was given.

Today M. V. Dillingham of Comanche county bought a nice little stock farm of Marion Dorn, consisting of 320 acres nine miles southwest of town, at \$1,200.

Leon Smith, ranchman of Scurry county, was in town today.

W. L. Ellwood of Dekalb, Ill., owner of the Rendbrook and "49" ranches, is in town today. He comes down every year on an inspection tour and always finds his interests in prosperous conditions with D. N. Arnett as manager.

In the county court today M. V. Brownfield got a judgment for \$300 for damage to cattle while being shipped to market.

**SUNDAY SCHOOL DAY**

Observation Planned for Next Sunday at Trinity Chapel

Next Sunday being the day set apart for intercession on behalf of church Sunday schools all through the United States, the occasion will be suitably commemorated at Trinity church, Hemphill street and Pennsylvania avenue.

After morning prayer at 11 o'clock there will be a celebration of the holy communion, with special prayers for parents, teachers and scholars, and the pastor will preach a sermon bearing on the subject. In the afternoon at 4 o'clock there will be a united service of the Trinity and

Renewal of Associate Memberships Depends Where Arions Will Sing

At a meeting of the officers of the Christian Tabernacle last night a resolution was unanimously adopted whereby a former resolution closing the tabernacle to entertainments by societies not connected with the church, is amended. Under the resolution of last night the tabernacle will be rented for musical and vocal recitals when given under proper auspices.

This will be welcome news to the Arions, the St. Cecelias and other Fort Worth singing societies, which, with the Tabernacle closed to them, were without a good auditorium in which to give their entertainments, except the opera house be used.

The Arions already have made an agreement with the opera house management for the use of the auditorium three nights during the winter.

**ASSOCIATE MEMBERSHIPS**

W. J. Estes, president of the Arions, said today:

"In view of this action by the Tabernacle officers, I am not in a position to say just where our concerts will be given. We intended to use the opera house and will do so if the subscriptions for associate memberships are liberal in number. A number of last year's associate members have renewed, but there are many others who have not done so. If we find that we can afford to use the opera house we will do so; otherwise the Tabernacle will be engaged."

The first concert will be given the latter part of November or the first part of December. Early in December a fine Chicago quartet, including Genevieve Clarke Wilson, soprano; Eleanor Kirkham, contralto; Holmes Cowper, tenor, and William Beard, baritone, will be in Dallas, and it is likely that the Arions will engage these four for the opening concert. Three concerts are planned by the Arions for the coming season.

**WOODMEN'S UNVEILING**

COLORADO, Tex., Oct. 12.—Sunday was a big day in Colorado among the Woodmen of the World. The occasion was the unveiling at the graves of L. W. Delling and James H. Gardner. A big barbecue dinner was served to the Woodmen and their families. About 400 participated. Supper was also served. A large number attended from Abilene, and some were here from the Eskota, Dunn, Roby and Gail camps.

**GRASS BURNING SUIT**

In the county court today two damage suits against the Texas and Pacific railroad for grass burning were tried. The judge reserved the announcement of his decision till tomorrow.

**COLORADO NOTES**

COLORADO, Tex., Oct. 12.—Some months ago Sam Singleton filed suit in the justice court against E. W. Bounds for \$100, but the jury gave Bounds a judgment against Singleton for \$150. Today the case was tried in the county court and Singleton obtained a judgment against Bounds for \$50. Notice of appeal was given.

Today M. V. Dillingham of Comanche county bought a nice little stock farm of Marion Dorn, consisting of 320 acres nine miles southwest of town, at \$1,200.

Leon Smith, ranchman of Scurry county, was in town today.

W. L. Ellwood of Dekalb, Ill., owner of the Rendbrook and "49" ranches, is in town today. He comes down every year on an inspection tour and always finds his interests in prosperous conditions with D. N. Arnett as manager.

In the county court today M. V. Brownfield got a judgment for \$300 for damage to cattle while being shipped to market.

**SUNDAY SCHOOL DAY**

Observation Planned for Next Sunday at Trinity Chapel

Next Sunday being the day set apart for intercession on behalf of church Sunday schools all through the United States, the occasion will be suitably commemorated at Trinity church, Hemphill street and Pennsylvania avenue.

After morning prayer at 11 o'clock there will be a celebration of the holy communion, with special prayers for parents, teachers and scholars, and the pastor will preach a sermon bearing on the subject. In the afternoon at 4 o'clock there will be a united service of the Trinity and

Feel cold shiverings, aching in the bones, lack of energy, headache, and great depression? These symptoms will be followed by violent headache, high fever, extreme nervousness, a condition known as malaria. Herbine cures it. Take it before the disease gets a fair hold, though it will work a cure in any stage. J. A. Hopkins, Manchester, England, writes: "I have used your great medicine, Herbine, for several years. There is nothing better for malaria, chills and fever, headache, biliousness, and for a blood-purifying tonic there is nothing of good." 50c at H. T. Pangburn & Co's.

**COLORADO STOCK AND RANGE NEWS**

COLORADO, Tex., Oct. 12.—J. S. McCall will leave for his Fisher county ranch tomorrow to vaccinate his calf crop on that ranch, which is said to be the best the country has seen for years.

H. C. Beal has just shipped four cars of fat cattle from Stanton to St. Louis. A train of fourteen cars left Midland at the same time. Mr. Beal, who has just come in from Stanton, says the outlook for winter out there is not now so gloomy as it was a few weeks ago.

Harry Landers commenced branding his calves today. His cattle are in fine condition, all healthy, no screw worms among them, and his calf crop an unusually large one. He thinks of putting some sheep among his next year's cattle.

Charles T. Ware of Fort Worth spent a few days here recently. He has a pasture in the southern part of this county, and he came out to deliver some steers to E. B. Harold that he had previously sold him. There were about 900 of these steers and they were said to be the best lot of steers that have been shipped from this city for many years. They were choice feeders and will be fattened at Italy.

Eugene Hopkins of Sweetwater bought this week seventeen head of horses from W. K. Shipman for \$800.

A. A. Bailey yesterday shipped two cars of calves to St. Louis.

Charles Wulffen shipped one car of calves yesterday to St. Louis.
