Dimmitt Motor Co. Furnishes New Pick Up to 4-H Clubs

Through the courtesy of Mr. Carl Kemp of the Dimmitt Motor Company the Castro County 4-H Club boys are driving a new Chevrolet pick-up. The pick-up will be used by the County Agent in his work in the county.

The first major trip in the pick-up will be to the State Fair at Dallas where 4-H Club boys will exhibit 43 head of livestock next week. Show equipment and the boys will be taken to the show in the pick-up.

Castro County Activities to Be on K. A. M. Q.

A 15 minute broadcast about Castro County Activities will be on radio station K. A. M. Q. Amarillo at 11:45 A. M. Saturday October 15.

The program is the regular program of Zeke Brown in the "Farm Editor Speaks".

Jack Gregory Visits Purina Research Farms

Jack Gregory has returned from a visit to the Purina Research Farm, Gray Summit, Mo., near St. Louis, where they saw practical feeding and management operations designed to help farmers produce more meat, milk and eggs.

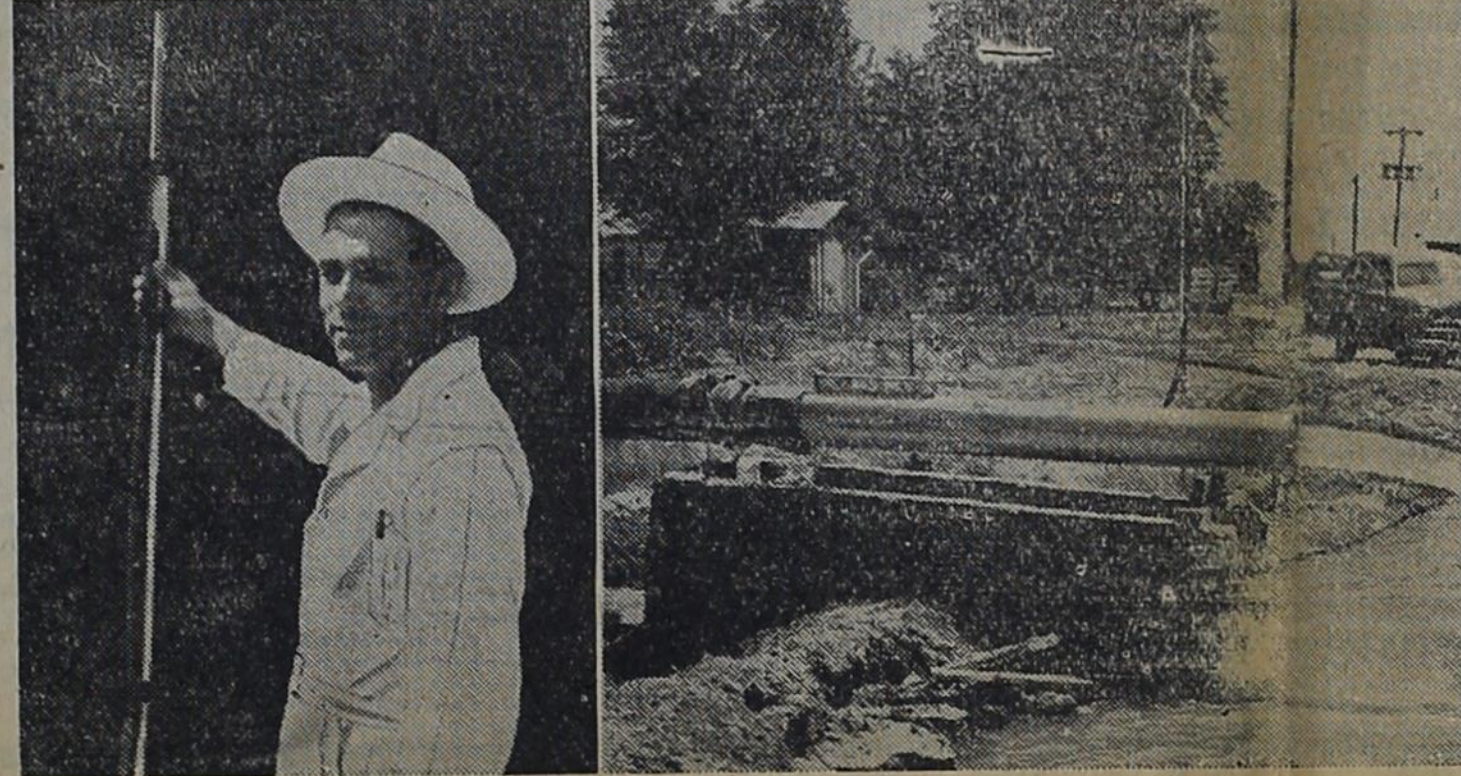

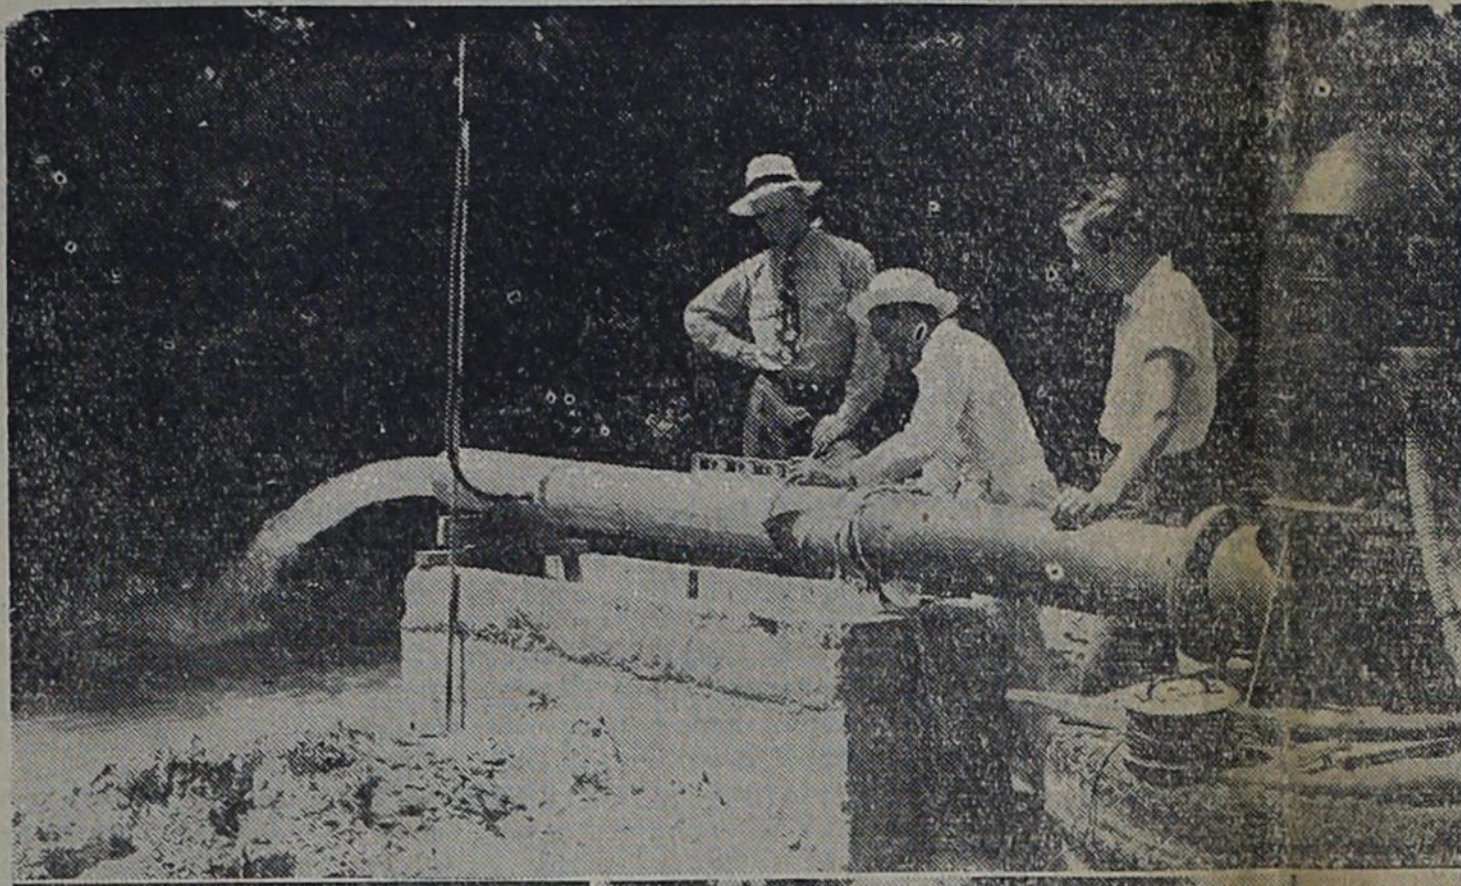

On the farm of 738 acres, new rations and new methods of feeding were explained to those on the tour. Some of the accomplishments of the Purina Program of feeding, breeding, management and sanitation which were pointed out, were dairy heifers raised on dry feed that were ready for breeding at 12 to 15 months; sows from which an average of well over 17 fat hogs a year were farrowed, weaned and raised to market age; and broilers that grew to an average of 3 to 3½ pounds at 11 weeks of age on 10 pounds of feed.

A banquet was held at the Ralston Purina Co., St. Louis in honor of the visitors. They were also taken for tours of the Purina Chow Mill and Purina Research Laboratory.

Mrs. John G. Davis returned home Monday after visiting in Big Spring and Snyder with relatives and friends. She also attended the centurana in Big Spring during the centennial celebration.

Local Farm Youths To Appear on Radio Program Saturday

Two Castro County farm boys, Bobby Warren and Herbert Howell will match experiences with two farm boys from Wisconsin, on the Southwestern Crop and Stock program Saturday morning, Oct. 15, at 10:45 on K. A. M. Q., Amarillo, 10:10 on your radio dial.

Dimmitt Bobcats to Tangle With Olton Mustangs Here Friday Night

The Dimmitt Bobcats will tangle with the Olton Mustangs on the local gridiron at 8:00 p. m. Friday in what might prove to be the deciding game in the selection of the District Champion football teams. Both teams have a perfect conference record, and will be fighting for the top spot in the conference race.

The Bobcats won a hard fought contest with the Farwell Steers last Friday night when they gained an early lead which they held throughout the game. The final score was 20-12. Partial statistics on the game appear in the Bobcat Tales in this issue of the News.

MOVING TO OKLA.

Mr. and Mrs. Otto Gilliland and family will move to Eldorado, Oklahoma, Saturday, where they will make their home. Mr. Gilliland has been employed in the mechanical department of the Dimmitt Implement for the past several years.

Mr. and Mrs. Dixon Celebrate 60th Anniversary

Mr. and Mrs. W. S. Dixon celebrated their sixtieth wedding anniversary with a family reunion, and open house for their friends, in the home of their son Elmer Dixon, Monday, October 10. Scene of their sixtieth wedding anniversary is the beautiful new home of Mr. and Mrs. Elmer Dixon located on the site of the old Dixon home place, where Mr. and Mrs. Dixon settled in 1902. It was there that the Dixon family was reared and some member of the family has lived there ever since.

In commenting on the dinner and celebration Mr. Dixon declared, "We had a beautiful day for the occasion. Between 150 and 160 of our old friends, acquaintances and relatives, were in attendance. I want to thank all of our friends who contributed so many fine cakes and pies to help out with the feast. I want to especially thank Mr. Edwin Ramey and Mr. Jack Trimble for cook-

Local Farm Bureau Intercedes In Quest For Farm Labor

Because it appeared that several hundred acres of lettuce might be lost in our county for lack of field hands, the Board of Directors of the Castro County Farm Bureau Federation met on the night of October 6, with representatives of The Texas State Employment Service from Lubbock Hereford and Littlefield.

Mr. O'Connell of the Lubbock T.S.E.S. Office outlined the general features of the program under which Mexican National farm workers might be brought in to our county for the cotton harvest. Since the procedure by both our government and that of Mexico, is time consuming it was concluded that Mexican Nationals could not be processed in time to save the lettuce crop, but that application should now be made for hands for the approaching cotton season.

Accordingly, Mr. T. R. Davis, President of the Local Farm Bureau, signed an application for 500 cotton pickers. In the event the hands are not needed, there will be no obligation on the part of the Farm Bureau or anyone else; Mr. O'Connell was very specific about this particular point.

Since more immediate action was demanded in order to save the lettuce crop, Mr. Eugene Ivey, Secretary of the Castro County Farm Bureau, had the Congressman representing this Farm Bureau District on the telephone in a few minutes. This U. S. Congressman was quick to recognize our problem, and said he knew how to help.

On Monday of this week, Mr. Ivey received a wire from his Congressman to the effect that the particular source of labor sought would in fact be available.

However, through the special efforts of Mr. McFarland of the Hereford TSBS Office and Mr. Jordan of the Littlefield Office about twenty hands have been made available in this instance and are now working in the lettuce in the Dimmitt area. The Special source of labor sought through the help of the Congressman may not be needed.

The incident and the meeting described above, together with the results flowing therefrom, again clearly illustrates the long established and well-accepted fact that The Farm Bureau Federation is an organization for effective action for our farmers,—on a National level, on a state level and on a local level.

Farm Roundup Drive Plans Are Completed Thur.

Final plans for the Fall Round Up Drive were made Thursday night Oct. 6 by the directors of the Farm Bureau. The directors are urging that every farmer and every one whose income is affected by farm income, whether directly or indirectly, that they become a member of the Farm Bureau. The Farm Bureau makes every effort to represent the farmers in all legislation affecting the farming industry whether local statewide or national.

Committees in each community in the county were appointed to be responsible for the membership drive in their respective communities. It is hoped that every farmer will be contacted in this membership drive.

Public Service Employee Perfects Well Testing Device

A new water well testing device, which gauges not only the flow of a well, but through a series of computations will reveal the percentage of efficiency at which a well is operating, has been perfected by Earl Lewis, of the Utilization Department of Southwestern Public Service's Plainview office.

The device, which actually is a simple arrangement, was put to test at several wells in the Plainview-Floydada-Muleshoe irrigation belts during August. Company officials announced that a testing service is now available to irrigation farmers, without charge.

The measuring device consists in the main of a seamless aluminum tube, 8 inches in outside diameter, equipped with a 6-inch circular outlet. In installing it for test, one end of the tube is slipped into the end of the discharge pipe on the pump and the joint made water tight with packing and clamps. The tube, a little less than 8 feet in length, is equipped about two-thirds of the way toward the outlet end with a small pipe, about one-half inch in size and a few inches long. A few feet of rubber hose (flexible) is attached to the small pipe and the hose is secured to a brace pipe so it will be elevated, something like three feet above the outlet tube.

Height of water in the small side tube is used for computation of quantity of water from the well. Actually, it is a velocity test, Lewis will explain, and rise of the water in the tube is sometimes influenced by turbulence or lack of turbulence of the stream coming from the pump. However, the test will average within two percent of actual flow. Meantime, tests are made on water levels in the well, and total efficiency of the well is based on a series of computations, not so complicated, but hard to explain in words, that are made from per minute outflow of the well, and static (pre-pumping) water level and amount of drawdown of the water level. Also included in the calculation is the amount of effort contributed by Reddy Kilowatt, the well known electric power gnome.

Letting on the plentiful list also may be cooked as well as served raw. Cook it slowly in a covered frying pan with a little fat.

Mr. and Mrs. Jack Summers visited Mr. and Mrs. W. L. Bradley in Portales, N. M. last week end. Mrs. Bradley is Mrs. Summers' sister.

Castro County 4-H Club Boys to Exhibit At Dallas State Fair

Castro County 4-H Club boys will exhibit 36 head of pigs, 6 lambs and one calf at the Junior Show at the State Fair at Dallas. The animals will be hauled to Dallas in a pick-up and six wheel truck. The 4-H Club boys will make the trip to Dallas go in the new Chevrolet pick-up recently furnished to the club boys by the Dimmitt Motor Co.

Included in the animals to be shown are Chester White, Poland China, Hampshire and Duroc hogs, Southdown and cross bred lambs, and Hereford calf.

John Bridges of the Hart 4-H Club will exhibit most of the animals. He will show four lambs, 3 pigs and 1 calf. Other boys who plan to exhibit at Dallas are Gilbert and Floyd Schulte, David and Dennis Acker, Jack Kenneth Floyd and Tom Acker and Luke Acker of the Nazareth 4-H Club, John Bridges and Joe Percy Hart of the Hart 4-H Club and Bill Behrends, Stanley and Ronald Henderson of the Dimmitt 4-H Club.

The Castro County group will be accompanied to Dallas by County Agent, R. L. King and Mr. Hubert Lilley. All animals in the Junior Division will show on Thursday and Friday October 20th and 21st and will sell Saturday October 22.

Hart P. T. A. Pie Supper Benefit School Heating

The Hart P. T. A. sponsored a pie supper on Tuesday night at 7:30 for the purpose of buying a new heating system for the high school auditorium. A large crowd attended and the president and finance committee wish to express their appreciation to all those who bought pies and cakes, and to those who purchased pies, making the project a huge success. They also want to express thanks to Mr. Ershman who auctioned the pies.

Miss Sarah Alice Garrison won the contest for the most beautiful girl over Miss Leta Mae Moss by a small margin, and Mr. Herbert Williams was winner over Willis A. Hawkins, Jr. for the ugliest man.

The P. T. A. served coffee and all present joined in the fun of eating and visiting.

Bobcats Trip Steers Pep Rally

The Dimmitt Bobcats eked out a 20-12 victory over the Farwell Steers in an important district tussle here Friday night.

The Bobcats scored once in the 2nd quarter and twice in the 3rd to go ahead 20-0 before Farwell scored their first TD. Soon after in the last quarter they scored again to keep their victory hopes alive.

Dimmitt received the opening kickoff and ran it up to the 30 yard line. They couldn't make the needed yardage and punted to Pool who returned to Farwell's own 30. After an exchange of punts Dimmitt made a determined touchdown drive and ran it over on an end around by Leasure. Dennis passed to Dale Maxwell for the extra point and the score stood 7-0. Dimmitt kicked off and Farwell returned to their own 30 yard line. They managed two first downs but fumbled, Dimmitt recovering. Gene Easley galloped to the 7 yard line. The half ended.

(Editor's note: Due to conditions beyond his control our reporter was unable to report on the last half—but we sure won anyway.)

Here Comes the Band

The Dimmitt Band, director, Mr. Nolan Froehner, along with a large group of boosters went to Amarillo Thursday to play at the fair held last week. Among the many selections played were "Activity", "Project", "Victory March".

The first appearance of the Band in a marching unit performed during the half Friday night. The band marched around the field and up to the opponents 50 yard line. Their formation turned and stopped before the Dimmitt grand stand. The Band played "The Star Spangled Banner" and marched from the field. We know the band showed us their efforts well spent.

Dimmitt F. H. A. Goes To Fair

The F. H. A. girls went in a group of cars to spend a day at the Amarillo Tri-State Fair. The main event of the day was the "Grand Ole Opera" show put on for all the 4H'ers, F. F. A. and F. H. A. boys and girls. The girls enjoyed all the exhibits and various shows. It is requested by the club that all dues must be paid by next Friday, October 21.

Gossip

This must be the month for the love bug to be biting the kids. Anyhow they seem pretty happy.

At the skating rink Monday night Lloyd and Jacqueline seemed to be having fun. Rusty and Babe were making the rounds to Sunday night Farren Broadstreet and Margaret Truelock, Jack Hodges and Janet McMahon were seen together.

The ole steadies Bobbie and Junior, Lloyd and Pat Youts, Jessie and Yvonne were seen together Tuesday night.

Rebecca Winnett and Harold Keys were seen together Wednesday night. (Could this be serious???)

Phyllis and Dale Allen went to the fair in Amarillo Wednesday night.

After the ball game Friday night couples together were Lanelle and Charles Houtchens, Phyllis and Taylor Norman, Billy and Pat, Rae and Charley, Rusty and Babe, Howard and Mona, Della and Rex.

Phyllis and Dale were seen in Hereford Saturday and Sunday nights, (these kids get around).

Rosalee LaPlant and J. D. Morton were together Saturday and Sunday. (Rosalee's boy shyness must be disappearing.)

Jimmy and Sonnye, Bobbie and Junior were together Friday and Saturday nights. (What nix?? Wedding Bells???)

Christine Anderson and Lindell Warren (from Hart) were seen together Saturday and Sunday.

Pat and Billy Hodges were seen in Hereford Sunday night. (Can this be love so soon?)

Kenneth Howard and Margaret Truelock, Everett and Dalvia, Marlin and Lucy Brown were together Saturday night.

A new couple together Saturday night was Perva Jean Daniels and Rex Easterwood.

Hazel and John Mahues were seen at church Sunday night. (Mark em up one.)

Coach Bunton and wife went to Dallas over the week end to the State Fair and also to see their parents.

Harold Keys and Rebecca Winnett were together Friday, Saturday and Sunday nights. (I guess it is serious!!!)

Howard and Mona, Rex and Della were together after church Sunday night.

Katy's eyes seemed to be shining very much Saturday night. Why not! She was with Morris Powell.

Dale and Mary Catherine were seen together Saturday night. (Where's Tillie?? Away Toiling??)

Babe and Rusty, Pat and Billy were seen at the Preview Saturday night.

School Song

The following song has been selected for school song. Let's all learn it and let it be of significance to us. Let's show our respect by removing our hats and standing up when we hear it.

Hail to Dimmitt High
 We raise our voices Hailing
 Be our loved and honored school
 Long May our voices ring
 As we our praises bring
 Hail to Dimmitt High
 Of thee we sing

They're Singing

Ruth to Kenneth—"Again"
 Phyllis to Dale Allen—"Slipping Around"
 Margaret Mitchell to Melvin Witt—"A Lonely Heart Knows"
 Babe to Rusty—"Always"
 Decimae and Beth—"We're Strictly on the Corny Side"
 Pat Tate to Billy Hodges—"Some Enchanted Evening"
 Jane to Guy Cox—"Its Been a Long, Long Time"
 Charles to Jolene—"I'll Be Seeing You"
 Phyllis to Burleigh—"Take Me Back and Try Me One More Time"
 Mary Smith to Dale Maxwell—"Give Me a Hundred Reasons"
 LaNora to Bill Hunter—"Night After Night"
 Loyd to Pat Youts—"Till the End of Time"
 Lanelle Walthall to Hazel—"3 o'clock in the Morning"
 Jacqueline to Loyd Truelock—"Room Full of Roses"
 Charlene to Mary Ann—"My Best to You"
 Jane to Jackie—"Mind Your Own Business"
 Phyllis, Hazel, Lanelle to, all concerned—"Take an Old Cold Tater and Wait"
 Doc to John Gilbreath—"Let's Get Together"
 Mr. Braly to Plane Geometry Class—"Still Water Runs the Deepest"
 English 4 to Mr. White—"In the Mood"
 Mrs. Stalcup to Jane—"You're Breaking My Heart"
 Sunnye to Jimmy—"I'll Always be in Love With You"
 Fayrene to Donna Lee—"Twenty-four Hours of Sunshine"

We'd Like To Know

Who will win the ball game Friday night?
 How flies taste? (Just ask Beth)
 Why Lanelle and Hazel were out so late Saturday night?
 Why all Raisin Bran isn't crispier, crispier, crispier instead of soggy, soggy, soggy?
 What Pat, Babe and Della have to say in Journalism that's so funny?
 Why Charles doesn't go to Springlake more often?
 What goes on in some people's mind?
 Why Mr. Bunton doesn't buy the football boys some Ranch Style Beans?
 Why Sunnye can't work Algebra 2?
 Why Gene isn't bashful?

PURINA MILKING CHOWS

The results of twenty-one years of dairy feeding research covering about 2000 cow years, are in every Checkerboard Bag of Purina Milking Chows. Proof of the results of the Purina Dairy Program are found in the record of the Purina Research Farm Herd—the herd average production has increased from 6800 lbs. to 14,167. This is a grade herd and no female replacements have been purchased.

Many dairymen the country over are also getting excellent results. Come in, let us tell you about the Purina Dairy Program.

THAT'S WHAT I CALL REAL SERVICE And You ALWAYS Get It When You Use McCormick Equipment

One day, right in the middle of harvest, a customer hurried in and asked for a replacement part for his 10-year-old combine. I went to the parts bin, and as I came back and plunked the part down on the counter, he grinned and said: "That's what I like about using McCormick equipment. When I do need a part, you always have it or can get it right quick." He started to walk out, and I said, "How about letting our service man put that part on for you? Your machine might need a little adjustment here and there, and he can do that at the same time." He thought it over for a minute, and laid the part back on the counter. "Go ahead," he grinned. "I've got a couple of other things to take care of here in town anyway. The combine is standing in the field south of the house." He turned to go, and I mentioned, "If you're not at home by the time he puts on the part, I'll have him try the combine and look it over thoroughly and give you a report. Maybe we can get together and arrange to fix it ahead of time for next season and save you time and trouble." "Go ahead," he agreed again. "That's what I call real service!" "Just a part of our regular IH 5-Star Service," I said.

WE THOUGHT EVERYBODY KNEW REDDY!

A recent national survey showed that 20% of business-managed electric company customers either think their electricity comes from a government operation, or *don't know* what kind of company serves them.

That came as quite a surprise! One out of every five customers didn't know *who* Reddy Kilowatt works for! We thought *everybody* knew that wherever you see Reddy you see the symbol of *business management*... free enterprise... in the service of *all* the folks in the community.

Yes, and that's what your Public Service Company is... a *home-operated* company... *business managed*... ever striving to bring more and more dependable, low-cost service for better living—electrically—to everyone.

You ought to be driving a **49 PONTIAC**

Here's Where the Best Begins!

Most people look no further after they've had a good look at a 1949 Pontiac—they know that the best begins here! Here is the best in beauty—with a "Silver Streak" personality all its own. Here is the best in performance—thanks to Pontiac's great engines, straight eight or six. Here is the best in comfort, luxurious detail and appointments. And here is the best in real economy—a sensible price to begin with and the famous Pontiac record of rolling out miles and miles and miles with only routine servicing. The best begins right in our showroom—come in and see!

THERE'S MORE COMFORT IN A PONTIAC!
It's so much nicer to ride in a Pontiac—there's loads of head- and leg-room, the doors are wide for easy entrance and exit. Every mile is smooth and comfortable.

Lockjaw Germs Are Hazard In Injuries

Austin, Texas—Lockjaw, or tetanus, is a very serious disease caused by a tiny germ that looks like a stick with a ball on one end—something like a microscopic lollipop, says Dr. Geo. W. Cox, State Health Officer. This ball is

called a spore and it is the seed of the germ. Lockjaw germs are found in the soil, especially in manured soil of the barnyard or garden; in blank cartridges; etc.—in fact, just about everywhere. These germs grow best in wounds where there is considerable tissue destruction and in which chips of glass, wood splinters, or grains of dirt have been embedded.

Every accident seen by the physician must be considered from the lockjaw angle; and whenever there is any question, tetanus antitoxin should be given, for it is the antitoxin that has helped to keep the incidence of lockjaw at its low level. Your physician will advise you as to its use. Its disadvantages are that it gives only temporary protection; it does not get rid of the lockjaw germs in the wound; and it does sometimes cause hives and other disagreeable symptoms for a few days, particularly if the subject has had previous injections. Should lockjaw develop, it requires much antitoxin and entails great expense; and even then, not all cases can be saved.

It is not possible to free the environment of lockjaw germs, but now there is a method of active immunization. The subject

becomes his own manufacturing establishment for antitoxin to combat lockjaw poison.

One nice feature about the treatment is that it can be combined with diphtheria and whooping cough prophylaxis. The concurrent immunization is, preferably, carried out in infancy. Should a child already have had his diphtheria toxoid and whooping cough vaccine injections, he can take the lockjaw toxoid injection alone; and these can be given at any time with very little discomfort.
