The doctor claimed that my liver was inactive, and that this affected my kidneys somewhat. He prescribed for me and I took his medicine for over two months. Finding that this brought no relief, and that I was getting worse, a Lodge friend advised me to try Dr. Caldwell's Syrup Pepsin. Wine of Cardui is the medicine for every woman.

Wine of Cardui builds up a woman's strength and makes her fit for any duty. If she is ailing it puts her in the best health. If she is sick it cures her of such troubles as irregular periods, bearing down pains and all the weaknesses of womanhood.

But you do not have to be sick to take Wine of Cardui. This natural female tonic is beneficial at any time. Periodical use of Wine of Cardui is necessary for most women who are burdened with social duties, women who have the care of young children and have to do their own work. They find this great tonic a grateful support at times when they are tired, nervous and worn out.

Will You Give Wine of Cardui a Trial?

# A LIVE THING IN HER STOMACH IS THE REPORT

DES MOINES, Ia., Nov. 16.-A live animal, as large as a half-grown cat, without earthly shape or specie, was taken from the stomach of a little girl, Tuesday morning, and killed by Dr. Joseph H. Drake. The thing is nameless, and no one has yet dared to say what it is. The loss of the thing caused the girl to die. The distended tomach collapsed and stopped the heart action.

The thing is not mentioned in mediave thus far discovered, and baffles the medical fraternity of Des Moines. The little girl died a few hours after its removal.

The girl was Stella Weston, 15-yearold daughter of E. J. Weston, a teamter. The operation was performed at Dr. Drake's sanitarium, nearby, by Drs. Drake, A. M. Linn, president of the in session there this week, state board of health, and Dr. Hallo-

The little girl's stomach was large, and of late months her school mates sometimes grieved her by inquisitive intimations. It worked dreadfully upon her mind. We took her to Dr. Drake. He took the horrible thing from her, and she is dead."

Confidence Game Which Was Played on a Youth Relieves Him of Eight Dollars in Money

are exceptionally lucky, if they evade the latest and newest methods of being separated from their money.

The latest, the very latest game of the season is the stairstep game. Only two are necessary to play this game. The way it is done is such a novel one that after a stranger has been relieved of his money he must stop for a while and catch his breath and by that time the main guy, the fellow who works the game, is gone.

Yesterday an unsophistocated youth from the rural regions in the vicinity of Dublin reached Fort Worth. His arrival was not announced in The Telegram, as no one here was acquainted with the young man. Today, however, he knows one or two persons and has had some experience besides that acquired on the farm while following an old gray mule in one of the cotton patches of Erath county. In fact, he paid for about eight dollars worth of experience and then luckily got the money back through the shrewdness of Officer Pete Howard, who nipped the man who was getting the innocent

youth's money, while the innocent

youth got the experience. While near the depot the young man was approached by a fellow who wished to know if he wanted a job. Now, of course, the fellow wanted a job, for that was his reason for coming to Fort Worth. His purpose in coming COUNTY ATTORNEY IS least by the city if properly managed. but all three were gone.

About this time Officer Howard came n sight and to him was told the story of the misplaced confidence. The officer at once started in search of the grafter and soon on the description of the man given him by the Erath county boy found him hanging around one of the cheap joints and took him to the city hall. The youth recovered a part of his money and was mighty glad that he got the \$5 he did back, besides learning the "stairsteps" game.
