# DENSE FOG

LONDON, Nov. 17 .- King Charles and Queen Amelia of Portugal passed in procession through the streets of London today and had luncheon at Guild hall as the guests of the lord mayor and the corporation. As the pageant of royal procession passed through the lamplight of the streets of the city it could not be regarded by even the most enthusiastic as a success. The opaque fog at some parts of the route was so dense it was impossible to see more than fifty yards ahead and veiled the overhead decorations and troops lining the route and escorting the sovereign hid their bright uniforms under their heavy great coats. The crowds were not large, but nothing was lacking in the warmth of the reception accorded to their majesties. Addresses were presented to them by the local authorities at various points along the route. One of these was typical of all. It neatly referred to Queen Amelia as follows: "Sprung from France, born in England, wedded to Portugal, she linked three nations, which we trust will always be found in close association with one another "

# HAVE BANQUET AT DELAWARE

A Large Number Have Accepted the Invitation and It Is Expected It Will Be a Big Affair

Extensive preparations are in progress for the banquet to be given Fricepted and the evening promises to be one of much oratory and a good time in general. The committee in charge of the speakers and guests have pre-pared and sent to President Roosevelt and Vice President-Elect Fairbanks telegraphic invitations. They have not heard in reply, but it is improbable they will attend. Among the list of distinguished

guests who have accepted invitations to be present and partake of the hospitality of the club and answer to toasts are Colonel Cecil A. Lyon, the state and national chairman, of Sherman; W. H. Atwell of Dallas, the district attorney for this district; Bird S McGuire, the territorial delegate from Oklahoma; Charles Ogden, a prominent attorney of San Antonio; George If. Greene, United States marshal, Dallas; D. A. Robertson, postmaster at Dallas; J. G. Lowden, late republican candidate for governor, of Abilene, and Judge McCormick, a candidate on the republican ticket for supreme judge of the state, besides many other persons of prominence who have not as yet accepted the invitation.

The committee expects to have a list of oratorical talent Friday night that will make the banquet one of the most memorable in the history of the party in the state and is putting forth many inducements to get the prominent men of the party to attend. When replies have been received to all the invitations it is expected that over two hundred will promise to be present.

Dr. Cooper will act as toastmaster and the following speakers have been threatened to kill. announced by Judge Moore: Cecil A. AN INQUIRY I see by your issue of the 15th inst. that the republicans of Fort Worth are to celebrate their "victory" of the8th by a banquet at the Delaware hotel on the 18th. I would respectfully ask the celebrators how many such victories (?) can the republicans of Fort Worth stand? In 1896 Mr. McKinley received approximately 1,600 votes under the management of E. H. R. Green, state chairman. In 1900 he received about 1.200 votes under the state manage ment of Cecil Lyon and in the recent election Mr. Roosevelt received about 450 under the same state management, with the national committeeman added. Inder such conditions, how long, O Lord, will republicanism flourish in Fort Worth. Now; what is the cause of such falling off in the voting strength f the party? Of course the Terrell election law will have to be blamed for it, although it is the best that Texas has ever produced for the safety of ballot, but instead of the law being to blame is it not the utter ignor-

ing of it by the local and state management the cause? Having gagged the people at the primaries and conventions they in turn, refuse to vote for their nominees? Now instead of celebrating by a "banquet," would it not be more appropriate to conduct a funeral? But probably they intend to have a band to play a dead march with colors furled and draped as they proceed to the banquet hall. Yours,
