### Says President's Appointment of Stuart Does Not Atone for Crum

# AGAINST 15TH AMENDMENT

### Would Rather Have Reduced Representation Than Pres- ent Race Equality

JACKSON, Miss., Jan. 19.—Governor Vardaman was shown the Washington special containing an interview with Judge Thomas G. Jones, ex-governor of Alabama, in which Judge Jones stated that President Roosevelt had said to him: "I am opposed to any legislation cutting down the representation of the southern states in congress and in the electoral college." When asked what he thought about it, Governor Vardaman said:

"I am not at all surprised at this declaration from President Roosevelt. The social and political equality plank of the republican platform has served Mr. Roosevelt's purpose, and he is now willing to repudiate it. I shall not discuss the moral side of this question, but of course it is gratifying to know that President Roosevelt has reached a rational conclusion on this subject. Whatever attitude the president may have formerly sustained for the south, however improper his conduct to that section of our common country may have been, I, as much as any other American citizen, will rejoice to see him do the proper thing in the discharge of his duties as his office. If he shall adopt democratic principles and pursue democratic policies, he will have the approval and co-operation of all good people in the south. But the president must understand that the south does not regard it as a kindness for him to appoint a distinguished ex-Confederate soldier and along with him an offensive and impudent negro to office. The mixing does not make the dose any more palatable than if it were all negro. The truth is, if he pursues that policy, no self-respecting southern white man will accept an office at his hands. There is but one end to that policy, and that is social and political equality.

"The president says that the idea of him favoring the amalgamation of the races is preposterous. Now, let us see how the president's former conduct squares with that statement. He has insisted on putting negroes in office, and in one instance has abolished the social equality plank of the republican platform. He has appointed a negro to the position of postmaster. Applying his rule of political equality to the western portion of Mississippi, where the negroes are largely in the majority, let us see how he would work. All of the offices of the district attorney down to sheriffs, clerks of the courts, members of the boards of supervisors, justices of the peace, mayors of cities and towns and marshals—all would be filled by negroes. This would be all right, if the machinery of the court, with the exception of the judge, would be negroes. Does any body imagine that a white man residing in that section of the state would be permitted to live with his wife and children in the same house with a negro? Of course not. But if the white people should acquiesce in that, what would follow? Social equality—amalgamation of course. What would follow that? Racial deterioration. What would follow that? The lowering of the standard and the degrading of the white man's civilization, and in its stead African barbarism. I am glad to observe this moral and intellectual awakening on the part of the president. It follows that the pursuit of the 15th amendment regarding our peculiar condition down here. And after he shall have obtained that information, having determined not to be a candidate again, he may have the courage and the manhood to do the right thing. God knows I hope so."

**WOULD REPEAL AMENDMENT**

Governor, now that the president is opposed to the Crumpacker proposition, do you still favor the passage of a resolution by congress repealing the 15th amendment and in event that any of the states of the south should disfranchise by law or constitutional amendment the negroes as a race, would you be willing to surrender our representation in congress based upon the population?"

"Yes, I am more in favor of it than ever before. With the partisan of the Crumpacker type eliminated, the atmosphere will be clarified and the subject may be settled without passion or prejudice. I think it is the duty of southern congressmen to propose and urge the passage of a resolution repealing the 15th amendment. It is the most important question today before the American people. The fact is, this question can never be settled until the 15th amendment shall be repealed. Understanding as I do the racial inferiority of the negro, knowing his unfitness, absolutely and unalterably, for the performance of the supreme function of citizenship in a republic, and knowing also, as I do, that he will never again be permitted to share in the government of the southern states, the rational, just and humane thing for congress to do would be to repeal the 15th amendment and to leave the states free to determine the question of suffrage as it was prior to the civil war.

"The negro is a peculiar creature. His civilization lasts only so long as he is in the hands of the white man who inculcated it. When left to himself he has in all the ages of the world invariably gone back to barbarism of the jungles. The negro does not do right because it is right, but because he has been trained to do right. He is not so much immoral as he is un-moral. The fact is, the average negro never felt the guilt of sin. The rasping and reproach of an outraged conscience are as unknown to him as the political economy of the planet Mars, and you can not by education or training supply that inherent moral defect in his character. Notwithstanding millions of dollars have been spent for his education he is growing

more criminal every year. The only hope for the civilization of the negro is intelligent and humane restraint exercised by the white man. With the fifteenth amendment in existence it is impossible for the people of the south to legislate to suit the moral and intellectual qualities of the negro. That removed, all the friction which has heretofore existed between the races will cease. The negro will be protected in the enjoyment of his life, liberty and pursuit of happiness and the white man will govern the commonwealth. The white man is going to do that anyway, but he is now forced to resort to subterfuge and schemes, often to violence, which necessarily have a moral deteriorating effect upon the white man, destroys the negro, and brings about commercial and business demoralization. By all means, let some Southern congressman recognize the importance of this matter and present a resolution to the congress at once.

**EDUCATION DOES NOT QUALIFY**

"I would have two congressmen and two senators with the 15th amendment repealed and the negro forever eliminated from politics, than to have sixteen congressmen and four senators with the present conditions. I will say this in conclusion, for the benefit of our northern friends, that education does not qualify the negro for the ballot. That the objection to the educated negroes participating in the government of the country is just as strong with the white people, probably been so since the time of the illiterate, patient, old time 'nigger'. The latter is the better man of the two, for the reason that his heart was properly trained by his white master, his body was kept clean and the principles of right living were instilled into him when a child, and he has not forgotten them. I am sure a great many of them think that unreasonable, but if they knew the facts as I understand them they would think they may understand them. But whatever they may think about it, it is a fact that it is the fact that is going to predominate and control matters at the south—and if he, leaving out of consideration the white man altogether—they will repeal the fifteenth amendment."

**TO PURIFY SLEUTH BUREAU**

Police Commissioner McAduo of New York Said to Be Contemplating Sweeping Reforms

NEW YORK, Jan. 20.—Reports that Police Commissioner McAduo will ask the legislature to pass a bill that will correct the alleged evils of the city detective bureau have been confirmed by that official. The bill, which may even go so far as to abolish the bureau in its present form, will be prepared next week, and hurried to Albany for legislative consideration.

At police headquarters it is generally believed that Mr. McAduo will endeavor to free the central office of those detective sergeants who were given their positions by a former police commissioner, many of whom it was said at the time met with political favor, but had little or no real detective qualifications.

The decision to reorganize this important branch of the police department grew out of a conference between the commissioner and Mayor McClellan. The commissioner pointing out where the difficulties lay that forbade a complete rehabilitation of the department without legislative help. The subject of proposed charges against certain members of the force was likewise discussed.

# PARCELS POST OPPOSED

### Wholesale Dry Goods Men Holding Convention in New York

NEW YORK, Jan. 20.—Representatives of the leading commercial houses in the country are in this city to attend the annual conference of the Wholesale Dry Goods Association. J. N. Burnham of Kansas City, president of the association, occupied the chair and many new faces were enrolled at the opening session.

Subject of importance to the trade were informally discussed and committees appointed to bring up reports at the session, at which a number of papers will be read and formal speeches delivered while an invitation has been issued to prominent New York manufacturers and commission merchants to meet the members of the association for the purpose of discussing sales by commission houses and manufacturers to retailers, a method of doing business which the association does not wish to see developed.

One of the chief topics for discussion at the first session was that of the parcel post. Several speakers expressed the belief that the association should make overtures opposing any action on the part of extending mail facilities for such a purpose.

### Conference to Be Held Between Pennsylvania Manager and Union Representatives in Philadelphia

PHILADELPHIA, Pa., Jan. 21.—The board of adjustment with Grand Master Morrissey and First Vice Grand Master Lee, went into session at the Hotel Royal at 9 o'clock today.

Mr. Morrissey said, while he expected to see General Manager Atterbury of the Pennsylvania railroad during the day, he had no positive engagement with him. It is understood, however, that Mr. Atterbury has set a time when he will receive the members of the board.

It is believed the proposition which Mr. Morrissey will make to Mr. Atterbury is that extra firemen be placed at various points along the Pennsylvania railroad, where it is necessary for regular firemen to have assistance.

This, it is said, is what the board of adjustment had in view, and the board claims that it is not only practicable, but an easy way out of the difficulty.

The conference, which was adjourned at 11 o'clock, Grand Master Morrissey and First Grand Master Lee immediately returned to their hotel. They refused to make a statement as to what had been discussed during the morning. General Manager Atterbury has fixed 2:30 this afternoon as the time for the conference with the board of adjustment and Mr. Morrissey and Mr. Lee.

# CHOSE CIGARETTES TO HUSBAND'S LOVE

### Chicago Woman Addicted to Smoking Bled Life When Upbraided for a Practice She Refused to Break

CHICAGO, Jan. 20.—Because her husband upbraided her for smoking cigarettes, a habit which had undermined her health and which she could not conquer, Mrs. Sadie Thompson, wife of Robert Oliver Thompson, sexton of the Oak Park Episcopal church, swallowed a dose of corrosive sublimate and died a lingering illness. While she was in the fatal grip of the drug, the sight of her grief-stricken husband and little daughter renewed her desire for life, and although a physical wreck, she prayed that she might live for her family's sake.

According to the testimony of Mr. Thompson at the inquest, his wife had been addicted to the cigarette habit for seven years. "We have often had angry words over it," said Thompson, "and she often had tried to break herself of the habit, but she would always go back to it again. She was nervous and irritable because of the smoking and once before, four years ago, she tried to kill herself by taking morphine."

# NEW PRESENTMENT IN TALBOT CASE

### Charges Include "Lying" and "Violation of Ordina- tion Yows"

NEW YORK, Jan. 20.—A second presentment to be brought against the Rt. Rev. Ethelbert Talbot, bishop of the diocese of central Pennsylvania, upon charges made by Dr. Ingram N. W. Irvine, which is now being prepared as the result of a conference held in this city, contains, it is understood, in the main only two charges. The first is said to be "immorality," meaning "lying," and the second "violations of ordination yows."

The first charge is based principally on the Upjohn letter, and contains nineteen counts, but more may be added before the paper is finally sent to Presiding Bishop Tuttle of St. Louis.

Charges of "violation of ordination yows" rest solely on the unbecoming conduct of Dr. Irvine and draws the Episcopal divorce canon, which was recently enacted, into controversy. The charges against Bishop Talbot in connection with Mrs. Elliott of Huntington, are reiterated and several new side features have been added.

There may be, it is said, a third charge, but the presentors have not yet decided on this.

Much difficulty was experienced in obtaining two presbyters in Bishop Talbot's diocese to attach their names to the paper, but according to the canon it is understood it is not necessary to have the signatures of that district. Any priest at present employed in missionary work who is connected with the diocese of the accused may be eligible.

# NEGRO FIEND AT LARGE

### Beate Woman Into Insensibility at Lexington, Ky., and Seriously Wounds Man Defending Wife

LEXINGTON, Ky., Jan. 20.—C. A. Wagoner, a carpenter, was perhaps mortally wounded in his own home early today. He told the police that a negro wife and in his endeavor to protect her he was shot by the negro, who made his escape.

Sixteen men have been arrested in connection with the crime and the police are investigating the crime and the police are investigating Wagoner's story.

It was learned later that half an hour before the negro attacked Mr. and Mrs. Wagoner he also attempted to attack Mrs. Jones, living five squares from the Wagoners.

In the struggle Mrs. Jones seized the negro's revolver and he pulled a "black jack" out of his pocket and beat her into insensibility.

It is feared she will die. Mrs. Jones' husband, who is a railroad man, had just left the house on a call to go to his train. Passersby rushed in and the negro ran. Bloodhounds have been sent for.

# ALLEGED BILL RAISER CAUGHT IN ILLINOIS

### Secret Service Men Say They Have Enough Evidence to Send Him to Prison 1,000 Years

CHICAGO, Jan. 20.—Representing himself to his wife of a year as a government secret service agent and living in a luxurious apartment in Prairie avenue, but in reality declared to be the cleverest bill raiser who has worked in the west in recent years, having made, it is said, \$8,000 since last January, the story of the career of W. S. Kirk has come to light.

Kirk's bail was raised by Judge Sanborn of the United States district court for \$5,000 to \$10,000 after Thomas I. Porter of the secret service had testified to his operations.

Kirk was arrested in Aurora, giving the name of Charles Clemons. He was brought to Chicago.

Kirk is wanted in almost every large city of the west on a charge of passing raised bills.

It is said to have worked under the names of Charles Clemons, W. S. Kirk, Eusendath, Clason, Larson and W. H. Lehman.

"There are enough charges against this man," said Secret Service Agent Porter, "to keep him in the penitentiary for 1,000 years. For each he may be imprisoned fifteen years."

A concurrent resolution was introduced in the senate yesterday providing for the appointment of a committee of five senators and ten house members to pass upon all amendments that are likely to be offered to the Terrell election law while it is under fire in either branch of the legislature. It is thought that such a policy will simplify matters and will enable the two houses to make better progress in considering the bill.

The senate finance committee has been the work of preparing its general deficiency bill, and it is admitted that the total amount represented therein will be close to \$300,000. This will represent deficiency warrants only, and should not be mixed up with the general deficiency now existing in the state treasury. Some of this amount represents claims several years old that were allowed by the last legislature, but stricken out by the governor or passed up by the legislature for want of funds to meet them.

Senator Faulk has introduced a bill into the senate which has for its purpose a paroling of convicts in the state penitentiaries with a view of enabling them to return to their homes and engage in regular work there so long as their behavior is good. The bill provides that after a convict has served one-fourth of his term, if his conduct has been exemplary, he shall be paroled for the remainder of his term, and upon the completion of his term his citizenship shall be restored. The only exceptions are the convicts convicted of murder and assault to rape. Senator Faulk is very much wedded to this bill as one of his real pet measures, and will exert himself to see that it receives prompt and favorable consideration.

The fact that the anti-pistol totting bills have met their death in the house committee room has not deterred the friends of the measure, who were busy yesterday trying their best to get a reconsideration of the proposition, with a view to having the house proper consider it.

**KANSAS CITY GIRL TOURING WITH MELBA**

KANSAS CITY, Mo., Jan. 19.—Elizabeth Parkinson, a Kansas City girl, who studied singing abroad and is now making an international tour with Melba, received in her home town a welcome warm enough to turn the head of any one. Ten thousand people turned out to hear her sing, and Melba, her patroness, not only made her wear medals the kings of England and of Sweden had given Melba, but literally and figuratively took a back seat. Melba played the accompaniments for Miss Parkinson, as Miss Parkinson calls herself. Miss Parkinson is a graduate of the local high school. Hundreds of her former schoolmates called on her and found her the same "Bestie" Parkinson she always was. Melba and Parkina are billed for concerts in California and then will go to Hawaii and Australia, whence they will return to London. Press critics say Miss Parkinson is destined to be in the front rank of lyric artists.

 WASHINGTON, Jan. 20.—The only information the state department has officially regarding the exciting incident in St. Petersburg yesterday is a cablegram dated last evening and received today from Ambassador McCormick stating that during the ceremonies connected with the blessing of Neva some shots from a shooting gallery struck the pavilion which the czar and the royal family occupied. The ambassador's message does not indicate whether this was by design or accident.

## MAN FOUND GUILTY OF KILLING SON

John Martin Speyer Convicted of Murder in First Degree at Kansas City Two Years Ago

KANSAS CITY, Jan. 20.—John Martin Speyer, formerly of New Orleans, who killed his young son while showing a Kansas City two years ago today, was found guilty of murder in the first degree. At the first trial he was given a sentence of twenty years in the penitentiary and appealed. Officers had gone to the circus tent to serve a warrant upon Speyer, charging him with attacking a young girl and a mob threatened to lynch him when he broke away, cut his child's throat with a razor and then tried to commit suicide. Speyer said he killed the boy to save him from disgrace.

## What To Do For Heart Trouble

Back Up My Advice With This Remarkable Offer. A Full Dollar's Worth of My Remedy Free to Prove That I am Right

I ask no reference, no deposit, no security. There is nothing to promise, nothing to pay—either now or later. To any heart sufferer who has not tried my remedy—Dr. Shoop's Restorative—I will gladly give, free, not a mere sample, but a full dollar bottle.

I am warranted in making this unusual offer because mine is no ordinary remedy. It does not vainly try to stimulate the heart. Such treatments are worse than useless. It goes straight to the cause of all heart trouble—the heart nerves—and strengthens them and vitalizes them and restores them. Then that is the end of heart diseases.

For the heart itself has no more self-control than a common spigot. It is not to be scared by a tender nerve so tiny that it is scarcely visible to the naked eye. Yet ten thousand times a day it expands and contracts.

The heart is about the size of your clenched fist. Open and close your fist a dozen times, even, and you will see the monstrous labor this little nerve must do.

The heart nerve is only one of the branches of the great sympathetic nervous system. Each branch of this system is so closely allied with the others that weakness or irregularity at any point is apt to spread. Heart trouble frequently arises from stomach trouble through sympathy, and kidney trouble may also follow.

The bond of sympathy between the nerves that operate the vital organs has a useful purpose, as well. For what will cure weakness in one branch will surely cure weakness in every branch—what will restore one center, will surely restore them all.

There is nothing new about this—nothing any physician would dispute. But it remained for Dr. Shoop to apply this knowledge—to put it to practical use. Dr. Shoop's Restorative is the result of a quarter century of endeavor along this very line. It does not dose the organ or deaden the pain, but it goes to the nerve—the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

If you have heart trouble and have never tried my remedy, merely write and ask. I will send you an order on your druggist which he will accept as gladly as you would accept a dollar. He will hand you from his shelves a standard sized bottle of my prescription, and he will give you this bottle of my remedy made only to strangers to my remedy. Those who have once used the Restorative do not need this evidence. There are no conditions—no requirements. It is open and frank and fair. It is the supreme test of my limitless belief. All that I ask you to do is to write—write today.

For a free order for a full dollar bottle you must address Dr. Shoop, Box 10, Racine, Wis. State which book you want. Book 1 on Dyspepsia. Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

## WOOLDRIDGE CUT OFF MILLION A YEAR REVENUE

CHICAGO'S SECRET SERVICE DETECTIVE IS DOING HIS BEST TO KEEP CREDULOUS PEOPLE FROM FOOLING AWAY THEIR MONEY

CHICAGO, Ill., Jan. 19.—The first annual report made by Detective Sergeant C. E. Wooldridge reveals the fact that Chicago has a secret service.

Unlike Russia's third section, which ferrets out political offenders, or Uncle Sam's department, which deals with counterfeits and protects the president, Chicago's secret service deals with get-rich-quick schemes of every character.

Wooldridge's report for 1904 shows Chicago to be the home of "marriage bureaus," wild-cat insurance companies, fake advertising agencies and banks, turf investment swindles, bogus tropical plantation companies, "home finding associations," lotteries that have no drawings, bucket shops, fake employment agencies, manufacturers of adulterated drugs and nostrums, and miscellaneous confidence games that have turned millions into the coffers of big and little grafters.

During 1904 Wooldridge raided twelve large "marriage agencies" which sent broadcast pictures of beautiful young women, comely widows and fins looking for husbands, to a syndicate of men who made immense fortune by issuing worthless policies, were raided and closed.

All the work of raiding the headquarters of the swindlers and obtaining their conviction was done by Wooldridge personally. He has stopped the operations of men who derived probably a million dollars a year from the gullible public.

## SEVEN WORKMEN KILLED

Buried by Rock and Dirt in Cave-in Near Antoine, Ark.

LITTLE ROCK, Ark., Jan. 20.—A special to the Gazette from Antoine says: Seven men were buried under a great mass of dirt and rock as the result of a cave-in yesterday in a deep cut five miles north of Antoine, on the Guerdon and Port Smith railroad.

All were white men. It is not known here where the homes of any of them are, nor whether they have any families or other relatives. All of the men who were killed came here with a large number of others from St. Louis, and nothing was known about them locally.

The accident occurred about 10 o'clock. One hundred and fifty men were working in the cut at the time. The cut is about fifty feet deep at that point, and the seven men who were caught in the cave-in were buried under some twenty feet of rock and dirt. A force of men was put to work at once clearing away the debris in which they were buried.

COTTON LETTER (By Private Wire to M. H. Thomas & Co.) FORT WORTH, Texas, Jan. 20.—Our New York correspondent wired us as follows:

Cotton trading was again of limited volume and the extreme range of fluctuations confined to a half dozen points. The announcement of the failure of a small bank at Jennings, La., had little or no influence on the market, as the bank was not located in the cotton belt. It also developed that the American National bank at Abilene, Texas, which suspended early in the week, had had on only 300 bales of cotton, of which the bank had advanced only \$30 per bale, and the statement the Texas bankers now have more money to lend than they ever before.

Table with columns: No., Ave. Price, No., Ave. Price. Rows: STEERS, COWS.

NORTH FORT WORTH, Jan. 20.—The cattle market looks like a short story today. Receipts light, around 1,200 head; demand slack, and general lassitude reigning on the trade.

But for the opportune driving in of some seventy head of good fed steers the beef trade would have been short, indeed. A train of coast cattle, grass fed and long horned, came in, that were due to sell at \$2.50. The fed stuff was slow in finding buyers. Sales were finally made at \$3.75 to \$2.60. Cows of good quality were very scarce, and trading was slow, but at steady prices. Medium and common cows were hardly looked at. Salesmen were complaining of the lack of interest on the part of buyers. Top cows sold at \$3. Calves were short in supply, no car lots coming in. Some 200 odds and ends were picked up, and a demand developing for good weaners and fancy calves. This sort sold steadily to strong. Top calves sold at \$4.75, the bulk between \$3 and \$4.25.

HOGS Something like 1,700 hogs were on the market, a large proportion of which were from the piney woods of east Texas, being razor backs and light stuff, and coming late in the day. A good demand existed for heavy hogs and this part of the supply was taken early. Prices ruled strong to a shade higher on heavy corn-fed hogs. Lights were steady to a shade weaker and pigs sold steady all round. Top hogs were \$4.85; light hogs sold around \$4.55, and pigs between \$4.10 and \$4.25.

SMALL MOVEMENT SURPRISES TRADE

Spots, However, Are Reported Easy and Offerings Were Heavy

NEW ORLEANS, La., Jan. 20.—Spots are reported easy this morning, with about 2,000 bales sold at a decline of 1/4c. At present the insight indicates that there will be about 100,000 bales less than year than at the same time last year. The small movement has surprised the trade. The movement is expected to continue light on account of the small shipments of planters, and it is believed it will take two or three weeks to get the market in motion.

The New York market is steady on New Orleans buyers. On account of the reported failure of a small bank at Jennings, La., the market declined at New York, but afterward advanced to above the opening. Great interest is manifested all over this part of the state in the coming convention here. News has been received that Superintendent North of the census department and Expert Hyde will probably be present. More cotton is now offered on the market for sale than for some time.

WHEAT ADVANCES OVER YESTERDAY

Prices Ruled Higher and Demand Was Stronger—Kansas City Dull

CHICAGO, Jan. 20.—Wheat made a decided gain today, opening at \$1.14 3/4-c and ruling at \$1.15 around the close. It looks as if all the surplus wheat here is off the market. At Minneapolis the cash wheat is very dull and there is no demand. At Kansas City sixty cars of wheat were carried over unsold. Late sales there were from 1c to 2c lower with no demand. Minneapolis stock is reported decreased 250,000 for the week. Receipts today were: Kansas City, 74 cars; St. Louis, 46,000 bushels; Duluth, 45 cars; Minneapolis, 435 cars; Chicago, 20 cars.

TO ESTABLISH QUARANTINE

Government Regulations to Protect Cattle Effective Feb. 1, Issued by Department of Agriculture WASHINGTON, Jan. 20.—The department of agriculture has issued regulations establishing on Feb. 1 next a Federal quarantine against the spread of the south and parts of other states to prevent the spread of splenic or southern fever among cattle. The quarantine lines are largely the same as adopted last year. The quarantined territory embraces the eastern part of North Carolina, all of South Carolina, Indian Territory, Alabama, Mississippi and Louisiana; that part of Virginia below the James River and running to the northeast corner of Bedford county; all of Georgia but Uniontown and Rabun counties; all of Arkansas except the two northern tiers of counties, which are left outside the quarantine, during February and March, but are placed within the quarantine period; that the rest of the quarantine period; and the counties of Oklahoma, most of Texas, except the Panhandle and the lower part of California.

FARMERS PLEDGE HEAVY REDUCTION

Reports Received Indicate Only 17,000 Acres for State of Texas

Oswald Wilson, secretary of the National Cotton association, continues to receive encouraging letters from cotton growers throughout this state and other sections of the country favoring the movement to reduce the acreage during the coming season.

Reports now on file with Secretary Wilson indicate that last year the cotton acreage of Texas was approximately about 25,000 acres. If the proposed reduction in acreage as now planned is carried out there will not be over 17,000 acres planted making a reduction of about 45 per cent.

Reduction reports received to date are: Kaufman county, district No. 78—Acreage 1904, 2,116; pledged 1905, 1,541. Burnett county, voting precinct No. 20—Acreage 1904, 1,879; pledged 1905, 1,404.

#### SOUTH TEXAS LEAGUE MEETS

Baseball Season for 1905 Will Open April 29

HOUSTON, Texas, Jan. 20.—Last evening the South Texas Baseball league held the first meeting of the year in this city. There was a full attendance, those present being Marceño Johnson of Galveston, President Gorham of Beaumont, Manager Blackburn of San Antonio and Manager Reiley of Houston. The old officers were re-elected—Gorham, president, and Skinner, treasurer.

The season will open April 29, with Houston at Galveston and Beaumont at San Antonio. The representatives of the several clubs all reported having secured their teams and each claimed to have the pennant winners. It was decided to have only one series this year—not two, as heretofore.

The committee on schedule will meet in Beaumont Feb. 19, and make the schedule. The matter of securing umpires and fixing salaries was left to President Gorham. Manager Blackburn reported that San Antonio Street Car company would put the park in first-class shape. Manager Reiley reported that he would begin work on his proposed park next Monday. Manager Johnson reported the purchase of ground for a new park.

President Gorham regards the outlook very bright for the year.

### CHILD ABANDONMENT

#### A COMMON PRACTICE SAYS I. Z. T. MORRIS

Well-Known Worker in Behalf of Homeless Infants Declares No Laws Exist Which Deal Adequately With Situation

Systematic abandonment of undesirable infants is being carried on to an alarming extent in this county, says Rev. I. Z. T. Morris, whose principal duty for several years has been the caring for abandoned waifs.

From the circumstances surrounding many cases of abandoned infants found, he is convinced that the abandonment in but few instances is made directly by the parents. That a regular traffic is carried on in this line he is convinced.

The finding of two infants Wednesday night in an abandoned house on the Mansfield road of such ages as to preclude all possibility of their relationship as brother and sister, as reported exclusively in The Telegram, he cites as an instance to establish his position.

Legislation on the subject he declares is lacking, and that although cases have been carried before the grand jury, nothing can be done to stop the practice. "I do not think that orphans' homes are a solution to the problem," said Rev. Morris this morning, "and although I am one of the directors of the county orphanage, I do not approve of that method of handling such cases. In the first place there should be a law making it a penal offense to abandon children, so if the county has to care for the little ones their parents will have to help support them by working on the public roads. Then children do not do well in a home where there are so many. A child should be placed in a home where it can have all the attention it needs for its welfare. There are plenty of homes where there are no children that would be willing to take all the little waifs who have no homes. My work is not one of orphans' homes, but is to find suitable homes in private families for the little wanderers."
