## Wheat Price Support Level Set at \$1.79 per Bushel for Castro County

The basic minimum price support rate for the 1960-crop wheat in Castro County will be \$1.79 a bushel, Charlie Hill, secretary of the county Agricultural Stabilization and Conservation office announced this week. This is three cents below last year's standard of \$1.82 less storage.

This rate is based on the minimum average wheat support of \$1.77 a bushel for the 1960 crop announced last summer. Loans will be available at the minimum rate early in the price-support period. The final national and county rates will be determined on the basis of supply and parity figures as of July 1, and any loans made at the minimum rate will be adjusted as necessary at that time.

In addition to the county rate, the ASC office now has information on minimum rates for support wheat stored in terminals. Farmers needing terminal rate information may obtain it at the county office. In general, the terminal rate exceeds the county rate by the amount of handling and freight charges necessary to get the wheat to the terminal.

As in previous years, the price

## Present City Hall Is Up for Sale

The City Commission announced this week that it was ready to discuss the sale of the present City Hall and Fire Station with any interested buyer.

Prospective buyers may leave their bids at the city hall anytime in the near future with City Manager E. B. Noble. The City has set no price for the building and grounds, but will accept bids instead.

Delivery of the building would be within six to nine months, depending on when the new City Hall is completed.

Reason for the need to line up a buyer now for the property is that the Commission needs to know how much revenue they will need from the sale of bonds to complete the new City Hall. Cost of the new building will be about \$100,000 by the time all fees, real estate, furniture, equipment and odds and ends are paid for. The total of these expenses, less whatever amount is brought in through the sale of the old City Hall, will be the amount of bonds to be sold.

Noble said this week he has no idea what the old building and grounds is worth. It is located at 216 East Bedford and is of brick construction with a 25-foot front and adjacent parking lot.

## Rev. Hugh Blaylock Assumes Duties as Methodist Pastor

Rev. and Mrs. Hugh F. Blaylock and daughters, Judy and Charlotte, moved to Dimmitt last week where Rev. Blaylock has assumed the pastorate of the First Methodist Church. The Blaylocks have two sons and one daughter who reside in Friona and a daughter who resides in Amherst. The Blaylocks moved to Dimmitt from Friona where he has been pastor the past five years. He was active in Civic and fraternal organizations including Lions Club, Boy Scouts, Masonic Lodge and the American Legion. He was chaplain for the Friona football team.

Rev. Blaylock received his B.A. degree from McMurry College, Abilene; he studied two years in the Perkins School of Theology in Dallas and served three and one-half years as Chaplain in Japan and Korea. Other pastorates served by Rev. Blaylock include Earth, Anton and Miami.

"In the short time we have been here, we have found the people of Dimmitt to be very friendly and already we feel very much at home," stated Rev. Blaylock. "I sincerely hope that our family will be able to find a place of citizenship with the people of this community."

Mrs. Blaylock is the former Mrs. Bock of Earth, Texas. Her chief civic interest in youth and children's work. Charlotte and Judy have been active in girls' basketball in Friona where Charlotte was chosen for the All-State Basketball team. She will be a freshman in Texas Tech this fall and Judy will be a junior in Dimmitt High School.

## Swimming Instructions Begin Monday, June 13

Registration for swimming classes will begin at 9 o'clock on Monday, June 13 at the high school. Coach J. D. Covington and Jim Wilson will be instructing children's classes and Mrs. J. D. Covington will be instructing a ladies' class. Covington stated he preferred not to take children under 5 years of age for instruction. Lessons will cost \$10 for two weeks and instruction is to be completed before July 1.

## Work Starts Anew on Dimmitt Country Club

Fresh promotional work began last week aimed at the forming of a Country Club in Dimmitt.

The work was dropped late last year with some 110 of the required 200 members signed up. The new drive has begun and will endeavor to complete the necessary membership early this summer.

Most of the earlier plans remain in effect. The country club will sell memberships at \$500 each with a \$100 down payment required for persons using the time payment plan.

The club facilities will be located on the Joe Butler place near the southwest Dimmitt city limits. It will consist of a golf course, a club house, tennis courts, a swimming pool, a fishing pond and any other facilities deemed necessary and which can be paid for.

The \$500 fee will cover the entire immediate family and permit the use of all facilities by any member of the family.

Sponsors of the project are taking their cue from other nearby towns, such as Olton, Muleshoe and Littlefield, who formed Country Clubs of this nature to provide recreational facilities for their people of their towns.

Optimism is running high among people working toward a country club. Sales were not completed last year mainly because of the hail and other adverse crop conditions that left many people unable to

afford the price of a membership. With good crop prospects this year promoters hope to have an easier time selling memberships.

Anyone who has not signed up for a country club membership may do so by dropping by the Chamber of Commerce office any week day or by calling Chamber of Commerce manager B. M. Nelson at night at 256.

Cost of the country club is estimated at around \$100,000.

It is expected that a decision will be handed down by the three-judge court by June 20. Hearing the case was Justices Alton Chapman and E. O. Northcutt. Chief Justice of the Court James G. Denton was not present due to the death of his father.

The case will, in all probability, be appealed to the State Supreme Court, regardless of the outcome in Amarillo.

Specifically, the Appeals Court heard oral arguments by attorneys for the "wets" and for the "drys" in Castro County Precinct 4, which okayed package store sales of liquor last fall.

However, the decision in this case is expected to have a direct bearing on other towns and precincts in the 'dry' South Plains area which either already have or may in the future vote to legalize liquor sales.

Roy Bass, Lubbock attorney for the dry forces, based his brief argument Tuesday on the wording of the State Supreme Court decision in a Dimmitt County case last summer.

1935 Amendment Cited  
Bass said the decision meant that justice precincts, towns and cities can vote "wet" only if the county in which they are located has voted "dry" since a 1935 Constitutional amendment allowing political subdivisions to do so.

The wording he referred to was the court's ruling that Dimmitt County had voted for prohibition since 1935.

However, Jim Witherspoon, Hereford attorney representing liquor dealers in Castro County, said he had "looked at the facts of the case" and that Dimmitt County was, in fact, dry prior to the election referred to by Bass.

Not True Local Option  
Witherspoon argued that the word "since" in the Supreme Court's decision was used meaning "in view of" the 1935 amendment. The record, he said, showed that Dimmitt County had been dry since before 1935 and that the election after 1935 merely continued prohibition.

The attorney for the wets asserted that the meaning of the amendment and of the Supreme Court's earlier decision was to allow "true local option". Unless the smallest political subdivision can decide either way on the question, he argued, it is not true local option.

If dry forces were correct in their assertion, he continued, then a county would have to hold an election and vote dry and then a political subdivision could "turn around and vote wet, but by no other method."

This would be absurd, Witherspoon said.

Several attorneys, including Garza County Atty. Carleton Webb, Post, were in the courtroom for the hearing. One precinct in Garza County recently approved legalized liquor sales and that case now is being contested in a lower court.

Judge Chapman questioned Witherspoon to bring out much of what the attorney for the wets had to say.

The fact that the court goes on vacation later this month bolstered observers' opinion that a decision will be handed down by June 20.

Castro County Precinct 4—including the community of Nazareth and a portion of Dimmitt—was the first precinct in the South Plains area to approve legalized liquor sales following the Supreme Court's ruling last summer in the Dimmitt County case.

Two other precincts—in Garza and Lubbock Counties—and the town of Dickens since have rejected legalized sales. Sundown and Andrews now have petitions being circulated seeking to call similar elections. Rumors that attempts would be made at several other points have been widespread.

No county in the South Plains area has had legalized sales since the 1930s. A number of attempts in Lubbock County all failed at the polls.

## First Load of Casto County Wheat Delivered Here by Carl Easterwood

The 1960 wheat harvest, as yet almost undiminished by hail, began Friday when the first load was delivered by Carl Easterwood to Dimmitt Wheat Growers Elevator.

After the first load, Easterwood continued cutting for Friday, Saturday and Sunday, but the rest of the county's wheat continued turning from green to golden and before much harvesting could get underway a series of rains began which dumped 2.44 inches of water on the county Sunday, Monday and Tuesday nights. Rainfall Sunday night was 1.15, Monday night 1.01 and Tuesday night .28, according to local US Weather Bureau representative Howard Cook.

Easterwood grain was dry. It tested 14 percent moisture and weighed 58 pounds per bushel. Easterwood's cuttings later in the day measured 12½ percent moisture and weighed 60 pounds per

bushel. He delivered the first load from his farm about six miles southwest of Dimmitt. He received a \$25 Stetson Hat and a 15 cent premium over the \$1.70 market price for the first load from Dimmitt Wheat Growers.

The first load of wheat into Hart came about 1 p.m. Saturday from the farm of Roy Pysent. He delivered it to Farmers Grain Company and it tested 16 percent moisture and weighed 56 pounds per bushel. Hail shattered a small amount of wheat in the Hart area.

Flagg Grain Company received the first reported load of Barley and it came from the farm of Bill Keller of Big Square about 8:15 Saturday morning. Moisture in the barley was 12.9 percent and the test weight was 52 pounds per bushel. It was watered one time and brought the 75 cent per bushel market price.

## Lions to Sponsor Local Variety Show

A "Variety Show" featuring local talent from all age groups will be sponsored by the Lions Club and presented in July. Proceeds from this show will go toward financing Dimmitt's foreign exchange student's fare to this country, and local talent for the show is being solicited by the Lions Club.

Any person who is interested in participating or helping with costumes and properties should call Dale Prather at No. 3. A practice session will be held Monday, June 13 at 8 p.m. in the high school auditorium.

James Bates is directing the show, and is asking for singers, actors and actresses. He stated that the grand finale will be the crowning of "Miss Dimmitt" and any single girl between the ages of 14 to 20 may enter the contest.

The tiny tots, which will include the pre-school age will have a chance to perform in the "Tiny Tot Revue." There will be revues for youngsters in the first through fourth grades and fourth through eighth.

## Kerbel Predicts Tough WT Teams In Future Years

"We may not win many games this year, but our opponents will know they have played a tough team," West Texas State College head football coach Joe Kerbel told the Dimmitt Lions Club Tuesday.

"Give us a little time and we'll win a lot of games," Kerbel continued, "and we'll produce teams that the people of this area will be proud of. We're going to have tough discipline all down the line and boys who play on our team will be hard workers and strict trainees or they won't be on our team very long," Kerbel continued.

"We are stressing schoolwork, training and loyalty to school and team," Kerbel said, "and I'll guarantee you the school is being loyal to the team. Dr. James P. Corne, president of West Texas State and Athletic Director Frank Kimbrough are giving us all the help we want. The cooperation everywhere is excellent . . . and it all adds up to our giving you a series of teams you can be very proud of in the coming years."

Commenting on this year's team, Kerbel emphasized that "we don't have any speed to speak of. Our success will depend on fielding a tough, hard team that will win in spite of its shortcomings. We may lose a lot of games now, but just give us a little time—we're scouting the high school field hard."

Kerbel, a 1947 Oklahoma University graduate, was recently hired by WTSC from his post as assistant coach at Texas Tech and the 1960 season will be his first for the Canyon school.

## Eight 4-H Boys Receive Sears Registered Gilts

Eight Castro County 4-H Club boys received a registered Chester White Gilt Friday, May 27th at the Fair Grounds. The 4-H Swine Program is sponsored by the Sears Foundation.

The boys receiving gilts this year were Joe Lynn Lively, Frank Dowdy, Fayne McClenny, Oliver Waller, Gerald Witkowski, Mickey Simpson, Steve Hughes and David Lively. The boys are to raise their gilts, show them in the fall at the county fair, and when they have raised a litter of pigs, return their choice gilt to the program next year. Boys returning gilts this year were Keith Johnson, Thomas Fowler, Rommie Hutchison, Richard Connell and Ronnie Sheppard.

## Dog Shots to be Given on June 15

It's vaccination time again for Dimmitt Dogs.

All dogs—both rural and city slicker types—are invited to the big vaccination party behind the second fire truck at the City Hall on Monday, June 15 from about 9 a.m. to about 6 p.m.

City dogs are required to have a dog tag, which costs fifty cents and can be acquired at the scene of vaccination. The shots cost \$2.00 which protects the animals from rabies.

Dr. Gene Cope of Hereford will administer the shots.

## Kent Hance in Run Off

Kent Hance, whom the American Legion sent to Boys State in Austin, wrote to Vice-Commander J. E. Wohlgenuth this week stating he was in the run-off for governor of the mythical state which the American Legion created for the purpose of effectively demonstrating how the state and local government operates. Young Hance stated that he was one of four in the governor's race, and that he was already a city councilman. There are four of these out of about 55 or 60 boys, Hance added.

## Two County Girls At 4-H Round Up

Lou Ann and Rita Witkowski left Monday for 4-H Round Up at College Station.

They will represent District 1 and Castro County in the State Contests in the safety division.

At the conclusion of 4-H Round Up Rita will go to Austin to attend Girls State.

Mrs. Sybil Stringer, home demonstration agent, accompanied the girls.

## Commission Names Builder Of New Dimmitt City Hall

The Dimmitt City Commission has agreed to offer the contract for building a new City Hall in Dimmitt to Southwestern Bricklaying Company of Amarillo.

The company's bid was \$77,750, according to City Manager E. B. Noble.

Noble pointed out that this bid did not mean this was the total cost of the job. Additional expenditures for the new building will push the total to almost \$100,000. However, it will not be necessary to sell this many bonds, Noble added, since the old City Hall and Fire Station should bring in enough through sale of lower substantially

the amount of bonds to be issued.

Other expenditures which must be taken from the recently-passed \$100,000 bond election includes \$1,350 for a City Jail, which has already been purchased second handed. The Architects fees will be 6 percent of the bid price, or \$4,665 and \$12,000 will be spent for real estate for the building and grounds. In addition to these expenditures will be those as yet undetermined such as for furniture and equipment and a parking lot.

The Southwestern Bricklaying was about \$1,300 over the lowest bid, but the City Commission visited numerous buildings in surrounding towns and came to the conclusion that Southwestern Bricklaying offered the most quality for the money in buildings it had constructed in the past than any of the others. So on the basis of value per dollar, the commission awarded the contract. There were nine bids submitted, ranging from \$92,462 down to \$76,450.

Work is tentatively slated to start June 20 and the contracting firm will be given 180 calendar days in which to complete the job. The contract had not been signed Wednesday, but all indications were that this would be just a formality and would take place in the near future.

The new city hall building will be one of the best in the Texas Panhandle, especially for a town the size of Dimmitt. It will be a modern, completely equipped building with offices for the city manager, fire chief living quarters, room for a police department and jail, stalls for three fire trucks, a vault, accounting and city service office, and a council room for the city commission. Changes may be made in this pattern, but these have been considered the primary objectives in the drive for a new city hall.

In general the new building will be a modernistic, flat-roofed brick building, L-shaped and attractive. Plans call for more than 7,500 square feet of floor space which would make plenty of room for the present over-crowded city government functions.

The new building will be located at the corner of Southeast Second and Jones Streets and will occupy a quarter of a block of property. The building will face north with the fire truck entrances facing west.

No arrangements have been made for the sale of the present city hall property.

## Wright and McLain Win Posts in Democratic Primary Runoff Election

Castro County voters elected two new commissioners Saturday and gave incumbent state representative Jesse Osborn a tight majority to help him return to office.

The good voting turnout of 1,082 persons showed up for the runoff primary.

E. I. (Tump) McLain, a write-in candidate in the first primary last month, eased by T. C. Ray 258-222. The voting went like this:

Voting precincts  
1 5 6 10 ab. T  
Ray 43 9 162 5 3 222  
McLain 11 53 151 34 9 258

Tightest race was between incumbent Olen Rice and his opponent J. M. Wright. Wright won the race 212 to 229. The voting went this way:

3 9 13 14 15 ab. T  
Rice 158 6 23 7 18 18 212  
Wright 106 39 43 33 8 8 229

Voting precincts  
Bryan Sinclair was elected Precinct 9 chairman in the only chairman's race in the county.

In the state representative race, Jesse Osborn of Muleshoe defeated Clarence Hamilton of Earth, 549-533 in the county and was returned to his office by the remainder of the district.

Lloyd W. Davidson of Lamb County took the lead in Castro County over W. T. McDonald of Brazos County for the position of Judge, Court of Criminal Appeals. The vote was Davidson, 517; McDonald, 480.

These races were held to decide which runoff candidate would appear as the Democratic party's candidate for the various positions on the general election ballot in November. The county and representative offices voted on here will almost certainly go to the runoff primary winners since local and state offices are essentially filled through the Democratic primaries and only confirmed during the November general election since the Republican Party has relatively little voting strength in Texas.

LEARNING THE KING'S ENGLISH—Spanish speaking children who will be first graders in the fall are being given a chance to learn to speak English before school starts so they will be better prepared to begin the regular term in the fall. In the past Spanish children have had to remain in the first grade two years because of the language barrier, according to Mrs. Helen Richardson, principal of the South Grade School, who has worked out this program, the first of its sort in the Dimmitt Schools. Mrs. Virgie Reno teaches the nineteen children whose names are Yolanda Sandoval, Marcia Aceveda, Patsy Anes, Rosalinda Salinas, Gloria Salinas, Isreal Garza, Guadalupe Garza, Reynaldo Cavazos, Guadalupe Barrera, George Basquez, Albert Davila, Bertha Davila, Mary Zapata, George Lopez, Javier Castaneda, Diana Saenz, Minerva Lopez, Judy Flores, and Juan Vasquez.

**Running Water Soil Conservation District News**

A most degree of interest in a new hybrid Bermudagrass is being generated among farmers and ranchers in Castro County. This grass, known as Midland Bermudagrass, is relatively new to this county although good results have been obtained in areas further South in the past couple of years.

"Several farmers in the county have already 'sprung' small acreages to this hybrid and more is expected to be put in soon," according to V. E. Wright, Soil Conservation Service Technician assisting the local Running Water Conservation District. Among those with their grass already in, include W. G. Sanderson, W. H. Jones, Jack Dyer and Buster Byrnes. Others planning to plant some sizeable acreages include R. W. Seagun, R. B. Haydon, Hubert Lilley and Fred Ase.

"Midland Bermuda," a cross between Indiana Common and Coastal Bermuda, is a hybrid which produces no seed. Therefore, there is little chance of infesting a farm with Bermudagrass through live stock or irrigation water. Due to this lack of seed, however, it is necessary to plant the grass by seeding at the rate of 8 to 10 bushels of seed per acre.

Results coming from areas just to the south of Castro County show a high carrying capacity for this grass and a high rate of gain per acre. "It's true that high yields are being obtained through very high levels of management through the application of fertilizers, water and proper pasture use to insure maintenance of the stand," cautioned Wright. "This is no 'wonder grass' that will cure all ills as so many grasses have been 'billed' in the past. It is just a grass with a high production potential that can be made to pay off through good management."

As many producers in Castro County are interested in Livestock Programs along with farming enterprises, this grass also offers a sound alternative for the use of land that is a bit too steep for efficient furrow irrigation. With its characteristic "matting" cover, it can be used to a good advantage on soils where the slope of the land that is a bit too steep for furrow irrigation, through the use of ed with some revision to bring it graded borders.

Two Local Seniors Win Music Grants

The Dimmitt High School graduates Lanelle Blanton and Pat Norris have been awarded music scholarships by the music department of West Texas State College.

Both have been quite active in high school. Miss Norris, daughter of Mr. and Mrs. J. E. Norris, was a member of the FFA, Pop Club, FFA, National Thespian Society, the regular Senior Trio, the Junior and Senior play casts and was a class favorite and adviser for two years.

LANELLE BLANTON

PAT NORRIS

U.S. solo contest, Lanelle received two Division I awards. She was for two years, and four years in the WTSC Music Camp Band. The saxophone, which she was a member, won a Division I award at the 2nd Festival. She also played with the Student State Band. Lanelle was a member of the High School choir for four years. In that time, she was twice selected for membership in the National Chorus. She was a member of the All-State chorus in 1958 and 1959, and made trips to Cleveland and Austin to sing in it. She received three Division I awards in U.S. vocal solo contests. She was a member with the 1960 WTSC Music Camp Chorus.

FLAGG NEWS

The Flagg Home Demonstration club met in the home of Mrs. Dale Winters, Friday, June 3.

There were nine members and two guests present. Roll call was answered with "A Current Event."

Madeleine Smith, daughter of Mr. and Mrs. Joe Smith gave a very interesting demonstration on how to make a green bean salad. Madeleine is a 4-H girl and belongs to the Square-Flagger club.

The club voted to enter the Rural Neighborhood Progress program for this year.

Plans were made to improve our road signs and to work on the cemetery.

Delicious refreshments of Sand-tray cookies, crackers, olives, pickles, tea and coffee were served to the following ladies: Mildred Bradford, Fay Dameron, Gay Lewis, Dee Yates, Darlene Wooten, Velma Birchfield, Janie Axe, Billie Gwynn, Janice, and Madeleine Smith and the hostess, Marie Winters.

The next meeting will be in the home of Mrs. Jesse Wooten on June 17 and all members are urged to be present.

Ricky Dee Yates, young son of the Robert Yates returned home last week after a nine-day stay in the Methodist hospital in Lubbock. Ricky had pneumonia. He has completely recovered from his illness.

Ben Hill, Ann and Bernice, Choc Lay and Chuck and Datt Giles fished at Conchas Tuesday. Several bass and pike were caught. Largest pike weighed about 6 lbs.

Chuck Lay pulled in a carp measuring 27 1/2 inches and weighing 11 lbs on a cane pole. Only one other carp larger than this has ever been caught and weighed at Conchas and is weighed 12 lbs.

Mr. and Mrs. David Axe and family of Amarillo, Tex. Mexico spent the week end with Mr. and Mrs. Marvin Axe.

Madeleine Smith, accompanied by her mother, Mrs. Joe Smith attended the 4-H roundup at Camp Don Harrington recently.

Mrs. Clyde R. Davis and Mrs. L. T. Smith were in Amarillo last Saturday.

Recent Sunday visitors in the C. T. Dameron home were Mr. and Mrs. John D. Dameron, and children of Claude, Mr. and Mrs. Clyde Harold Dameron and children of Dimmitt.

Mr. and Mrs. Gene Lewis and children were supper guests of the Bryce Doweils last Monday night.

Mr. and Mrs. Richard Wooten of Vinita, Oklahoma visited in the Jesse Wooten home last week.

They and the Jesse Wootens, the Job Hills and the Rex Wootens fished at Conchas Lake over the week end.

Mr. and Mrs. Rayphard Smithson and children spent three days last week visiting Mrs. Smithson's parents, the E. C. Hoffmanns of Shamrock.

Mrs. Lonnie Bell and boys and Barbara Williams of Oton visited Mrs. Clyde R. Davis one afternoon last week.

Visitors in the J. W. Birchfield home over the week end were Mrs. Curtis Owen and daughters of Fort Worth, Mrs. Arrie Gatewood, Mrs. Willye Trookes, and children, Mr. and Mrs. Edwin Axe of Hereford, Mr. and Mrs. Leon Birchfield and boys of Borger and Mr. and Mrs.

Glenn Youts Named West Texas CofC Director for Dimmitt

Glenn Youts has been chosen director of the West Texas Chamber of Commerce for Dimmitt.

Announcement was made by J. Carter King, Jr., of Albany, newly-elected president of the 132-county regional chamber.

Local directors of the WTCC represent local members of the regional chamber in meetings of the organization's board. They determine policy for the nearly 4,000-member body and are responsible for maintaining local financial support for the work of the WTCC.

Six major fields of activity for the organization are state and national affairs, community services, industrial development, agriculture and livestock and water resources.

The 42nd annual convention of the organization was held recently in San Angelo. The 1961 convention is to be conducted in Mineral Wells.

Fishing trip to Conchas. Ben Hill, Ann and Bernice, Choc Lay and Chuck and Datt Giles fished at Conchas Tuesday.

Several bass and pike were caught. Largest pike weighed about 6 lbs.

Chuck Lay pulled in a carp measuring 27 1/2 inches and weighing 11 lbs on a cane pole. Only one other carp larger than this has ever been caught and weighed at Conchas and is weighed 12 lbs.

Mr. and Mrs. David Axe and family of Amarillo, Tex. Mexico spent the week end with Mr. and Mrs. Marvin Axe.

Madeleine Smith, accompanied by her mother, Mrs. Joe Smith attended the 4-H roundup at Camp Don Harrington recently.

Mrs. Clyde R. Davis and Mrs. L. T. Smith were in Amarillo last Saturday.

Recent Sunday visitors in the C. T. Dameron home were Mr. and Mrs. John D. Dameron, and children of Claude, Mr. and Mrs. Clyde Harold Dameron and children of Dimmitt.

Mr. and Mrs. Gene Lewis and children were supper guests of the Bryce Doweils last Monday night.

Mr. and Mrs. Richard Wooten of Vinita, Oklahoma visited in the Jesse Wooten home last week.

They and the Jesse Wootens, the Job Hills and the Rex Wootens fished at Conchas Lake over the week end.

Mr. and Mrs. Rayphard Smithson and children spent three days last week visiting Mrs. Smithson's parents, the E. C. Hoffmanns of Shamrock.

Mrs. Lonnie Bell and boys and Barbara Williams of Oton visited Mrs. Clyde R. Davis one afternoon last week.

Visitors in the J. W. Birchfield home over the week end were Mrs. Curtis Owen and daughters of Fort Worth, Mrs. Arrie Gatewood, Mrs. Willye Trookes, and children, Mr. and Mrs. Edwin Axe of Hereford, Mr. and Mrs. Leon Birchfield and boys of Borger and Mr. and Mrs.

Bethel 4-H'ers Meet

Bethel Community 4-H girls met Tuesday, June 7. Roll Call was answered with a presentation idea for the home. The program was on good grooming and Mrs. Hestia gave a talk on Good Grooming and Clothing.

Members present were Victor Gene Hughes, Sup. LaNell McClenney, Heavers and LaNell McClenney. Refreshments were served and the meeting was adjourned by Victor Gene Hughes.

### Jane Dorris of Arney to Attend Legion Girls State

Jane Dorris, daughter of Mrs. Loretta Dorris of the Arney community leaves Amarillo Tuesday evening to attend Blue Bonnet Girls State at Austin. The sessions will begin on the 8th and continue through the 10th. Jane is sponsored by the American Legion Auxiliary 212 of Happy. The girls are elected to attend Girls State by their school on their leadership ability and on their scholastic rating.

## Ammonia produces more cotton per acre

Leading West Texas farmers like **FRED POPEJOY** use 100 lbs. of Phillips 66 Ammonia on cotton

Fred Popejoy of Hart, who has 800 acres under cultivation, has used Phillips 66 Ammonia successfully on a variety of crops. "With cotton following cotton I put down 50 pounds of ammonia per acre. On cotton following maize I apply 100 pounds of ammonia. This gives me about 1/2 bale per acre increase," he says.

"Maize land receives about 100 pounds of ammonia per acre. Yields have been up to 7000 pounds per acre . . . increases average about 2000 pounds per acre. Wheat is where you see the big difference with ammonia. It just about doubles the yields. I use about 80 pounds of ammonia per acre on wheat land," he reports.

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) produces more high grade lint (2) increases maize yields (3) boosts wheat and small grain yields (4) stimulates forage production.

See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

### Bonita Kern and Gordon Golder Exchange Vows in Impressive Nazareth Ceremony

The marriage of Miss Bonita Kern, daughter of Mr. and Mrs. Joe Warren of Nazareth and Gordon Golder, son of Mr. and Mrs. George Golder, 5808 Harrison, Kansas City, Missouri, was celebrated on Thursday, June 2nd in Holy Family Church, with the Very Rev. Peter Morsch officiating at the double ring ceremony.

Mrs. Leonard Conrad, organist, played the processional and recessional, and the Men's Gregorian Choir from Christ the King Church at Lubbock sang at the Nuptial High Mass.

Miss Dolores Warren, sister of the bride, was maid of honor and Mrs. Walter Kern and Mrs. Anthony Acker of Nazareth were bridesmaids. They wore identical dresses of pink organza over pink and white arnel, fashioned with a fitted bodice, a full skirt and puffed sleeves. Each carried one pink rose, their bridesmaids a flat box of pink organza.

Little Elaine Kern of Waterflow, New Mexico niece of the bride was flower girl, dressed like the bridesmaids, carried a basket of pink baby breath.

Roger Golder, brother of the groom was best man and James Golder and Eugene Kern were groomsmen. Ushers were Walter Kern and Don Golder.

Given in marriage by her father, the bride wore a gown of imported chantilly lace over taffeta, with scalloped Sabrina neckline. The

molded bodice had long sleeves that tapered to petal points, bodice terminating in a point at center front waistline. A lace skirt cascaded into tiered ruffles at the center back, sweeping to a court train. Her mantilla was designed of silk illusion banded by imported French lace. She carried a roadoub cascade bouquet atop a prayerbook the arrangement showered with pink satin streamers and maline puffs.

A reception was held in Community Hall after the ceremony, and Mrs. James Golder of Houston presided over the guest book.

The bride's traveling outfit was a pink linen suit with white accessories. Their wedding trip was made to Santa Fe and Red River, New Mexico, after which they will

be at home in Lubbock until September.

The bride received her B.A. degree from Mount Saint Scholastica's in Atchison, Kansas and her M.A. degree from Saint Louis University. She has been teaching at Lubbock High School the past few years.

The groom received his B. A. degree from Gannon College, Erie, Pennsylvania, and is finishing work toward his M.A. in Economics at Texas Tech. He will teach at Odessa College in Odessa, Texas beginning in September.

### Miss McElroy Honored With Bridal Shower

Miss Linda Sue McElroy, bride-elect of Mike McRee of Odessa was honored with a bridal shower Monday afternoon, June 6 in the home of Mrs. Keith Howard.

Receiving guests were Mrs. Larry Allen, Mrs. W. R. McElroy, the bride-elect's mother and Miss McElroy.

Miss Katherine King registered the guests and Miss Teresa Carr poured punch and served white individual cakes from a table decorated in coral and white, the bride's chosen colors.

Assisting Mrs. Howard as hostesses were Mesdames Homer Crum, Henry Howell, Woody George, Myrtle Cook, C. W. Walker, Noel Gollehon, Jack Bradley, W. F. King, Pearl Sheffy, Raymond Hance, Joy Lilley, Raymond Lilley, W. E. Beecher, Cecil Curtis and Weldor Bradley.

### Local Girl Attends Sorority Convention

Miss Charlotte McElroy, president of the Zeta Zeta chapter of Delta Zeta National Sorority, plans to attend the 25th biennial convention in Pasadena, California June 19 through the 24th. The main activities of the convention will be held in the Huntington-Sheraton hotel. Delta Zeta's from all over the United States will attend.

Aside from the many business sessions the highlights of the fun will be a trip to Disneyland and a Luau around the hotel pool sponsored by the San Diego Alumnae.

**NEW McCORMICK HARVESTER**  
with 46-inch cylinder, 181

It's bigger all over—inside, outside. McCormick No. 181 harvester—800 foot swath. Five big rotary straw cutters inside the big 46-inch wide engine. 25% more threshing and cleaning than big McCormick No. 151.

Grain tank is bigger too—holds 80 bushels. Cylinder engine develops 80 hp. Fuel tank holds enough gas to last all day.

Yes—the No. 181 is bigger all over—"as easily as a baby buggy." Compact foot platform. Come in and get the big new combine.

You can buy the No. 181 in farm equipment stores.

**Why "take chances" with a \$1,500 investment?**

This load of groceries is just one of the 52 or more carts full which the average family buys each year to the tune of about \$1,500.

An expenditure of this size merits mighty careful treatment when it comes to converting it into the family's meals.

So why risk cooking failures? A completely automatic, "kitchen-engineered" GAS Range—free standing or built-in—is your best assurance of consistent cooking success.

See us or a gas appliance dealer and find out about all the wonderful things that Gas Ranges can do these days.
