Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Falling of Womb, and Leucorrhea, that, after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which he cannot cure.

IT STANDS ALONE. - The "Pavorite Prescription" stands alone, as the one and only remedy for these distressingly common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as we, the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of \$500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee no other medicine for woman's ills is pos sessed of the unparalleled curative prop erties that would warrant its manufacturers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Therefore, insist on having Dr. Pierce's Favorite Prescription and turn your back on any unscrupulous dealer who would insult your intelligence by attempting to foist upon you some inferior substitute, under the plea that "it is just as good." Your doctor says you must take cod liver oil. Probably he means Scott's Emulsion because you cannot take the clear oil; no one can take the clear oil who needs cod liver oil. The doctor understands that and doubtless means Scott's Emulsion of cod liver oil which everybody can take because it is emulsified and prepared so that it can be very easily digested by the most sensitive stomach. Most everybody likes it.

WITH ALL EXPENSES PAID

No Paper in the Southwest Has Ever Made Such a Remarkable Offer as the Fort Worth Telegram Does in this Great Popular Young Ladies Voting Contest Which Begins May 1, 1905

Who do you think is the most popular lady in Texas, Oklahoma and Indian Territory? Your opinion is just as valuable to The Telegran as that of any other person, so send in the name of your favorite on the nomination blank below, and if possible place enough votes to her credit to put her in the lead the first announcement. The Telegram will publish her name with the number of votes she has along with the other ladies who have their names sent in by their respective friends.

The Trip in Detail

The names of the young ladies who have entered this contest will be published with the number of votes they have received beginning Monday, May 1, and will continue each day throughout the contest. The contest will begin on Monday, May 1, and the eight young ladies in Oklahoma, Indian Territory and Texas who secure the largest number of votes between the above date and midnight, Monday, July 31, will have the pleasure of being entertained in the mountains of Colorado for two weeks, with all expenses paid. The trip to Colorado will be made from Fort Worth over the popular great Rock Island system, leaving Fort Worth about August 1. The eight young ladies who are successful in securing the largest number of votes in this great Colorado Contest will be brought from their home town to Fort Worth and will be entertained in Fort Worth for one day and while in the city will attend the theaters, view the city by means of a tallyho ride, and take a trip to Dallas, a listance of thirty miles, over the Electric railway. After a pleasant one day's stay in Fort Worth, the party will leave for Colorado, where a two weeks' vacation will be spent with all expenses paid by The Telegram. The expenses will consist of railroad and Pullman sleeper fare to and from Colorado, meals on train, hotel and railroad transportation while in Colorado and other entertainments. When one realizes the fact that the expense to The Telegram will mean something over \$1,000 it can readily be seen that nothing will be left undone or no expense spared to insure the successful eight young ladies the most pleasant and profitable trip of their lives. Send in the name of your favorite. Do it now. Read the conditions below carefully and you can readily see how many votes you can give your favorite for each cent paid to The Telegram on subscription. The party will be chaperoned by the publisher of The Telegram.

Une of the Popular Founts For the Summer Girl The Best Finest Quickest Line to "CoolCol." Is Via Rock Island R.R.

A Few Facts About the Great Rock Island System

The greaf Rock Island system has been an important factor in the development of tourist travel to Colorado. It is the greatest system in America, with over 17,000 miles of road. It was the great Rock Island system which first gave Colorado its popularity and attracted pleasure seekers to that state. In the matter of train service, it has also been a leader. As good a line as any other line from St. Louis and Chicago to Denver and it is distinctly the best line from Fort Worth to beautiful Colorado.

Denver, Colorado Springs, Manitou and Glenwood, which are reached by the great Rock Island system, are the best known and most popular Colorado resorts. From Fort Worth to Colorado, the Great Rock Island system penetrates the enormous territory which includes the garden spot of all America, the rich fields of central Kansas and Oklahoma, the black waxy belt of Texas, the fecund fields of eastern Oklahoma and all of Indian Territory. And, in fact, has the grandest scenery along its lines of any rail-road running to Colorado.

The well known inducements which the Rock Island system always offers the traveling public find their most satisfactory expression in its Colorado train service, which is designed and managed with the consideration demanded by its importance on the line in all respects best adapted for the tourist en route to the wonder state. This season, as heretofore, at all times it is and has always been their aim to give studious attention to the comfort and general wellbeing of the passengers and another one of the most important objects is speed, safety and adherence to time schedule, and whichever train or route is used the passenger may feel assured that every precaution has been taken for their comfort and general de-

And this is the great railroad that the eight young ladies, who are winners in this popularity voting contest, will travel over from Fort Worth to Colorado and return.

How the Votes Count

For every cent received on subscription between now and midnight, Saturday, May 27, five votes will be counted for the lady of your choice; four votes between May 27 and midnight, Saturday, June 24; three votes from June 24 to Saturday, July 15, and two votes from July 15 to midnight, Monday, July 31.
