HOMECOMING-Dimmitt's first Homecoming and Picnic was attended by about 200 persons Saturday—some coming from as far away as California and Idaho. Percy Hart was elected new president of the Homecoming Association, replacing Pres Dyer and Mrs. Wes Anthony was named new secretary replacing Mrs. Myrtle Sheffy. The new vice-president is Fred Hamm.
The oldest man at the Homecoming, predominently old settlers,
was James Norfleet, who was 100. Ralph Stapleton of Flomont, son of the first doctor in Dimmitt, spoke at the meeting which was presided over by Mr. Dyer.

Murry Brewer Leaves for Fort **Worth Seminary**

Rev. and Mrs. Murry Brewe and their two children have lef for Fort Worth where he will enroll in a Theological Seminary where he will continue his minis erial studies.

Rev. Brewer came to Dimmitt rom Kress in 1957 and took over the pastorate of the struggling Bethel Mission of the First Bapist Church. He operated an earth when the church began to require all of his time. When he arrived here after being an assistant pas tor in Kress, Rev. Brewer began building up a congregation of less when he left. The church was first cenamed the Lee Street Baptist Church after the congregation joined the Southern Baptist Conven tion as an independent church Later a site was selected on Lee Street and a new brick building was built, replacing the former surplus barracks building church. Several months ago the Brewers noved into a new parsonage purow grown into one of the largest Dimmitt.

Rev. and Mrs. Brewer have two ildren, Ricky, 12 and Larry, v. Brewer received a bachel A new pastor has not been so cted to take his place

These trails would shake the cab off an ordinary truck...but not our Chevy"

Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day . . . make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less exnse than trucks have ever done before, Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

"That 6-cylinder engine really per-forms," says Bobby Fox. "It's got the lugging power we need in the woods and walks right along with a full load

Applying ammonia helps produce 60-bushel wheat

Leading West Texas farmers like C. B. WILHELM apply 100 lbs. of ammonia per acre on wheat

C. B. Wilhelm, who farms 275 acres in Castro County, says: "Phillips 66 Ammonia pays profit returns on wheat. After pre-plant applications of 100 pounds of ammonia per acre, I've made 50 to 60 bushel wheat. Phillips 66 Ammonia is also used successfully on maize. I figure on increasing my ammonia application rate on maize this year to further increase yields."

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that this 82% nitrogen fertilizer (1) boosts wheat and small grain yields (2) increases maize yields (3) produces more high grade cotton (4) improves forage production.

See your local Phillips 66 Agricultural Ammonia Distributor now. You can depend on better ammonia service. Phillips 66 Agricultural Ammonia may be applied by you or your distributor.
