Evidence for Both Sides Concluded in Austin Trial

This Morning

Special to The Telegram. AUSTIN, Texas, April 21.-Both side osed at 11:45 o'clock this morning in he case of the state against John H. Kirby and A. S. Vandervoort, charged with bribing a judicial officer, on trial in he Twenty-sixth district court.

After both sides closed the attorneys or the defense announced that they ase to the jury without argument, but this did not suit the views of the state's attorneys, who insisted on arguing the case before the jury. After a lengthy onsultation between the lawyers for the state and defense it was finally decided that twelve hours shall be expended on arguments by both sides, and a night ession will be held tonight, so, it is figared out that the case will reach the jury about 4 o'clock tomorrow afternoon. County Judge J. W. Hornsby was exmined by the state this morning to show that he had aided the defense in selecting jury. Hornsby admitted that he had. Mrs. Frank Glover was placed on the stand and testified about the telephone conversation which she said Moore and er husband had when the grand jury s about to make an investigation of deged bribery, at which time the witess testified Moore said to Mr. Glover that he thought it best that they should

not be seen together on the street. Attorney Sam Kemp testified as t Moore's cursing McFall in the witness' presence, and Moore saying McFall was fore because he (Moore) had not divided

Kalamity Bonner was the last witness placed on the stand and he testified as o several trips he had made to Houston about the time that the jury was to take up the matter. His testimony was along the same lines as he gave in the Moore case. He denied that he had assisted the state in the selection of jury for the Kirby-Vandervoort case.

Baptist Minister Cured of Consumption

Rev. H. G. Reed, Eminent Divine, and Editor of the Sunday School Lesson, Restored to Health and Strength by Duffy's Pure Malt Whiskey.

"I owe my life to its use. I have lost one daughter by consumption and I believe had she had Duffy's Pure Malt Whiskey she would be alive today."

Gentlemen—For several years I have suffered greatly with throat trouble and weak lungs. The doctors said I had consumption. I was able to keep up with my work with great difficulty, but I finally got so bad that I had not strength to deliver an address. A member of my congregation recommended and brought me a bottle of Duffy's Pure Malt Whiskey. I took that one, and later on several more bottles, according to directions,

And it has completely cured me.

I am opposed to whiskey as a beverage, but I know that your whiskey, which is sold as a tonic, is a most valuable medicine. I feel that I owe my life to it. I have lost one daughter with consumption, and I believe that had she had Duffy's Pure Malt Whiskey she would have been alive to-day. I trust that I can be of service to others by recommending your great medicine to them before it is too late. Rev. H. G. REED, Baptist Minister and Ed. Sunday School Lesson.

**Duffy's Pure Malt Whiskey** 

Consumption seldom attacks until the system is run down and weakened by sickness, overwork, worry, exposure or inherited tendencies. Duffy's Pure Malt Whiskey is the greatest strengthener and health builder known to medicine. It not only checks the ravages of the disease itself, but replaces the weakened, destroyed tissues; helps the stomach to more perfectly digest and assimilate food in order that more, richer and purer blood will come from it; and regulates and governs the heart's action, so that the circulation will be strong and powerful, carrying health and vigor to every organ

and part of the human body.

Duffy's Pure Malt Whiskey is absolutely pure and free from fusel oil—the only whiskey recognized by the Government as a medicine. It has been prescribed by doctors of all schools and sold by reliable druggists and grocers everywhere for over 50 years.

CAUTION—Be sure you get the genuine Duffy's Pure Malt Whiskey, manufactured by Duffy Malt Whiskey Co., Rochester, N. Y., and put up in sealed bottles, with the "Old Chemist" trade-mark on the label. Beware the many substitutes and imitations offered by unscrupulous dealers, because of the extra profit. They not only will not cure, but are positively dangerous.

GENERAL WEAKNESS AND FEVER DISAPPEAR TOO.

How a Woman Was Freed from Troubles That Had Made Life Wretched for Many Years.

The immediate causes of headaches vary, but most of them come from poor or poisoned blood. In anæmia the blood is scanty or thin; the nerves are imperfectly nourished and pain is the way in which they express their weakness. In colds the blood absorbs poison from the mucous surfaces, and the poison irritates Ice Cream, wholesale and rethe nerves and produces pain. In rheumatism, malaria and the grip, the poison in the blood produces like discomfort. In indigestion the gases from the impure matter kept in the system affect the blood in the same way.

GOOD BLOOD

And tells it eloquently in the bright eye, the supple,

elastic movement, the smooth, soft skin, glowing with

health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to per-

form the duties and capacity to enjoy the pleasures of

life. The blood is the most vital part of the body;

every organ, muscle, tissue, nerve, sinew and bone is dependent on it for

nourishment and strength, and as it circulates through the system, pure and

strong, it furnishes to these different parts all the healthful qualities nature

intended. When, from any cause, the blood becomes impure or diseased, it

tells a different story, quite as forceful in its way. Itching, burning skin

diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of

a deeply poisoned blood circulation. These may either be inherited or ac-

against battleships.

The largest is in the shape of a box 32 feet long and 12 feet on each side. It will be ballasted so as to stand upright in the water, leaving exposed 12 feet of its length, the free board of an ordinary battleship. The draught of the target, 20 feet, is about that of a battleship, so it can be towed to any point where such a vessel might go. Steel plates an inch thick are the material of the target's construction. These are similar to the skin of a

heavy warship. There are watertight compartments, so the effect of perfections by shot and shell below the waterline may be noted. With its ballast the target weighs 100 tons. Naval constructors and ordinance experts have calculated the power of re-

Is best and easiest settled by a visit to our mammoth assortment of Clothing. We have no hesitancy in saying it is the most comprehensive display in the city, including a color, a style, and a price to please every man.

The styles and workmanship cannot be doubted when the product of such renowned makers as STEIN-BLOCK & CO., and L. ADLER BROS. & CO., who have marched in the front ranks of clothes makes for more than half a century.

OUR SUITS FOR \$12.50, \$15.00 AND \$20.00 include a magnificent assortment of the extremely fashionable grays and blue serges, in the new long coats with wide lapels, that are to distinguish this season's garments.

OUR SUITS AT \$22.50 TO \$35.00 are the crowning efforts of the tailors' art. They embody all the features of the custom tailor, are hand-fanished through and through, and have that loose, graceful hang-that air of stylishness characteristic only of clothes of the highest order. Colors include all one's heart could desire.

### Easter Furnishings

Are shown in such profusion it's difficult to particularize. We have Shirts in hundreds of neat effects, in printed madras and plain white negligees with plain or plaited bosoms, at \$1.00, \$1.50, \$1.75 and \$2.00. You can't help finding the one you wish. Sizes 14 to 20.

Correct Neckwear for this great dress occasion is displayed in many new and novel effects, from the half-inch Midget String at 25c to the 21/2-inch Four-in-hand for \$1.00. Some beauties in the Printed Foulards with soft ends at 50c.

### New Hats

The finishing touch of man's dress—the making or marring of his appearance. So much depends on this one little article of attire, no man who is at all particular about his appearance can afford to take chances on his old one being good enough.
