## NON-UNION ARMY TO TRY BREAKING CHICAGO STRIKE

Special Trains Carrying Hundreds of Workmen Toward Illinois Metropolis—Forces of Strikers Grow Steadily

## NEGRO DRIVER IS CHASED BY CROWD

Strike Breaker Farley Arrives from New York and May Take Charge of Efforts to Straighten Out Situation

CHICAGO, Ill., May 1.—Wholesale importation of non-union men from St. Louis and the arrival of "Strike Breaker" Farley from New York gave a new turn today to the teamsters' strike here. Immediately on his arrival Farley held a conference with representatives of the employers. Plans for putting him in charge of all "strike breakers" are said to have been decided on. Farley managed the non-union men in the New York subway strike. The non-union men in forces said to be almost unprecedented are on the way to Chicago.

475 FROM ST. LOUIS  
It is reported a special train bearing 475 men left St. Louis over the Illinois Central road early today. Another train with 500 men is being prepared. The work of mobilizing the men in St. Louis is conducted in secrecy. Half of the men are taken from Southern Illinois and Kentucky. Many of them are negroes. One hundred strike breakers employed by the American Express Company and the Pacific Northern and National Companies went on strike today to enforce a demand for \$5 a day for drivers and \$4 a day for conductors and helpers, with an allowance of 50 cents for luncheon and extra pay for overtime. The increase was granted and the men returned to work.

CROWD CHASES NEGRO  
Tumultuous scenes were witnessed today at Jackson Boulevard and Franklin street, near the headquarters of the Employers' Teaming Company, an organization formed to supplant the striking teamsters.  
John Williams, a colored non-unionist driver, was sitting on one of the wagons of the Employers' Company, waiting for the caravans to be formed. A crowd of several hundred persons gathered and he was being pelted with stones and bottles. Suddenly a bottle thrown from a window in the upper story of a neighboring building struck Williams on the head. The negro instantly drew a revolver and fired toward the window from which the bottle was thrown. The action of the colored man angered the crowd and a concerted rush was made toward him.

Williams jumped from his wagon and fled down the street. The mob soon caught him and he was being savagely beaten when the police rescued him from the crowd.  
Williams was arrested, charged with disorderly conduct and with carrying concealed weapons.  
The wholesale grocers and coffee, tea and spice houses are more or less completely tied up today by the spreading of the teamsters' walkout.

MORE MEN GO OUT  
A strike was called against Charles Meatz, teaming contractor, employing thirty drivers and serving a number of wholesale grocers. Thirty-five teamsters employed by Durand & Kasher also went out. Meatz did teaming for Walsh & Boyle and several other well known houses. Drivers for other grocery firms, including Franklin McVeach and William Hoyt & Co., did not report today.

The death list in the teamsters' strike is growing. Police Sergeant Richard Cummins, who was injured while in charge of a squad guarding a number of wagons on their way to the strike-ridden business houses, died today. During one of the many riots growing out of the strike he was knocked under the feet of a horse attached to a cart and crushed beneath the vehicle's wheels. John Cessa, the driver of the cart, was arrested and is being held under heavy bonds.

ST. LOUIS, Mo., May 1.—A special train bearing 475 men left here early today over the Illinois Central railroad for Chicago, where they expect to take the places of striking teamsters. It is said 500 more are expected to depart tonight. The work of getting the men into and out of this city is conducted with the utmost secrecy. Half of the men are from Southern Illinois and Kentucky; most of those from the latter state being negroes.

## LEAKY TANK CAR CAUSES \$50,000 FIRE

Several of the men gathered about the scene of the disaster and there are reports that the leaking tank car was carrying a quantity of kerosene. The cause of the fire is being investigated by the city fire department.

## LAREDO SLOWLY RECOVERING FROM STORM'S EFFECTS

Total Death List in American and Mexican Towns Placed at Twenty-One—More Than a Hundred Injured

LAREDO, Texas, May 1.—This city is again beginning to assume its customary appearance despite the great havoc wrought by the storm of Friday evening last. Large forces of laborers have been busily engaged in clearing away the debris, which filled the streets, and it is now possible to drive to almost any portion of the city.

The Western Union Telegraph Company has re-established communication with San Antonio from its city office and the electric light company has been so energetic that the city is now practically lighted.  
Incoming passengers from Mexico state that the storm was very severe in the neighborhood of Lampazos, but that no loss of life resulted. Communication with Mexico is still cut off, as is also communication to the lower country over the government military line. The worst is now over, and it will be but a few days when business will resume its usual course.

While it is estimated that fully one hundred persons were injured, it is not expected that any more deaths will result. The number of dead remains at sixteen, and five lives were lost in New Laredo.

It will be several months before the international foot bridge can be reconstructed in the meantime the only means of reaching the sister city of New Laredo will be by means of small lifts.  
Leaving out the hundreds of houses wholly or partially unroofed and the immense damage done to the contents of dwellings by the floods of water that poured in by the five-inch rainfall that accompanied the storm, the larger items of loss can be enumerated as follows:

Fort McIntosh, \$15,000; St. Peter's Cathedral, \$1,000; Al MacDaniel's residence wrecked, \$1,000; brick yards, \$1,000; International tramway bridge, \$40,000; Richter's department store, \$15,000; city hall, \$500; Mexican National shops, \$6,000; Hotels Hamilton and Ross, \$2,000; water works, \$300; ice factory, \$500; electric light and street lines, \$500; Southern Telephone Company, \$300; pumping stations and houses on onion farms, \$5,000, and the Laredo Methodist Missionary Seminary, \$15,000.

It is impossible to get a correct estimate of the heavy loss sustained in New Laredo, which was considerable.  
The storm seems to have originated in the mountains at Lampazos, Mexico, seventy miles southwest of Laredo, and its path was not over five miles wide, and from all reports did but small damage after leaving Laredo in a southeasterly direction.  
Many more injured have been found, which in both cities will probably number over 175.

## TO ENLARGE HOSPITAL

New Wing to Be Added to St. Joseph's Infirmary  
An addition to St. Joseph's Infirmary in this city will be made by the Sisters of the Incarnate Word in addition to the hospital addition in North Fort Worth, as previously announced in The Telegram.

Plans for both structures are being made in San Antonio, where the headquarters of the order is stationed. The hospital addition will consist of a three-story brick wing, to be erected at a cost of about \$30,000.

## 14 KILLED IN TERRITORY MINE

Explosion Near Wilburton Shakes Earth for Miles in Vicinity

WILBURTON, I. T., May 1.—Degnan & McConnell's mine No. 19, two and a half miles west of Wilburton, was wrecked by an explosion early Sunday morning. Fourteen miners are known to be buried, and there is a strong probability that there are more men entombed. There is very little hope that the bodies will be recovered for several days, as the shaft is 300 feet deep, and the whole lower part has caved in. There is no hope of any of the buried miners being recovered alive, as the force of the explosion was felt for a distance of several miles and a blaze of fire shot from the mouth of the tunnel. A great distance, carrying stone, props and debris with it.

Thousands of people are gathered about the scene of the disaster and there are reports that the leaking tank car was carrying a quantity of kerosene. The cause of the fire is being investigated by the city fire department.

## CLOSING SCENES IN DRAMATIC TRIAL OF NAN PATTERSON BEGUN

(Picture Copyrighted, 1905, by W. R. Hearst.)  
NEW YORK, May 1.—The third trial of Actress Nan Patterson, accused of killing Bookmaker Caesar Young in June, 1904, is drawing to a close. Twice before has the Florodora girl gone through the ordeal of facing a jury of twelve men sworn to decide the merits of her case and return a verdict either restoring her freedom or branding her as the slayer of the man she loved.

Once the trial ended abruptly in the critical illness of a juror. Another time the jury disagreed. The general opinion is that no matter what the verdict, the present trial will be the last attempt of the authorities to convict the fair prisoner whose case has attracted attention throughout the entire country.  
The element of mystery in the case; the death of Bookmaker Young from a pistol wound, received while in a cab with the actress, early on the morning of the day when he was to sail for Europe from New York with his wife, the beauty of the prisoner accused of the crime, her evident love for the man who died in the cab beside her; the grief of her aged parents; the transfer of the atmosphere of stageland to the grim interior of a court of law; all have given absorbing interest to the preceding trials, culminating in even more speculation as to the outcome during the last session.

The outlook is that the case will be ended within 48 hours. No evidence will be introduced in the actress' defense. Her attorneys will rely on the allegation that the prosecution has failed to make a case.  
The prisoner, herself, is sure of acquittal.  
"I feel that I have spent my last Sunday in the Tombs," she said today while making ready to go to court. "Tomorrow I will go home."

## 31 KILLED IN CLASH ON WARSAW STREETS

WARSAW, May 1.—Thirty-one persons were killed and many wounded in a conflict here this afternoon between troops and workmen at the corner of Zelazna and Jerosolinka streets.

A procession of workmen carrying red flags was stopped by cavalry and infantry. The cavalry charged and the infantry fired a volley, with the result cabled. Fifteen of the wounded were removed to an hospital, but many others were taken to their homes.  
Business here is entirely suspended. No tram cars or cabs are moving. The authorities have stopped telephone service. Streets are crowded.  
Many patrols are on the streets and a strong force is guarding the Jewish quarters.

## Quiet in St. Petersburg ST. PETERSBURG, May 1.—Glorious Easter weather is reported generally throughout European Russia, with bright, warm sunshine in St. Petersburg. Everything was perfectly calm during the early hours, crowds devoting themselves to feasting and traditional merry making. Here and there children were dancing in the streets and court yards to the accompaniment of music of accordions and Russian guitars.

## FARM WORKERS BUSY

CHILDRESS, Texas, April 29.—The Panhandle stockmen's convention at Amarillo was a decided success in every sense of the word. Buyers were there in abundance, cattle values decidedly stronger and quite a number of sales were made.  
Rains in the plains country were never more frequent at this time of year. The whole country is thoroughly water-soaked and immense lakes may be seen all over. Weather up to this date is chilly and rather hard on poor cattle. Grass has hardly made any headway, but as soon as a few warm days come it will grow rapidly.  
Farm operations in the Panhandle are backward and there is a great demand for men to put in feed crops. Wages are \$20 to \$25 per month and board at Amarillo, Childress, Goodnight and other points. Farm hands are badly needed.  
Weather here from Washburn, Texas, that thirty-five head out of 165 oil dipped cattle were dead in the cars when they arrived and several more have died since unloading.

## ADDITIONAL MAIL CARRIERS AT WORK

Employees on the South Side were greeted by five new mail carriers today. It was impossible to make two complete deliveries in some parts of the South Side.

The new men who went on duty are: D. H. Hill, J. V. Lane, A. K. Williams, H. H. Hill and W. A. Williamson. With them will take a route to South Park, during the absence of S. A. Brown. The former is now on duty at the post office, and will be on duty at the post office in West Park.

## Prosecutor Rand Making His Plea Against Actress Nan Patterson

## VISITED LAREDO JUST AFTER STORM

Rev. J. T. Moses Says Work Wind Was Strangely Erratic

Rev. Jasper T. Moses, missionary of the Christian church at Monterey, Mexico, who is in the city visiting Rev. S. G. Inman, passed through Laredo on his way to this city but a few hours after the storm passed over that place.

The storm, he says, seemed to have had a most irregular course, substantial, well-built buildings being wrecked while frame buildings apparently of little strength adjoining or near them being unharmed. The majority of the buildings wrecked were upon the Mexican side of the river.

The Methodist Seminary buildings, easily viewed from the railroad, seemed to have suffered much of the brunt of the storm, Mr. Moses said this morning, being unroofed and the walls partially thrown down. Considering the fury of the storm as shown by the buildings he considers it miraculous that more lives were not lost.

The wagon bridge across the Rio Grande, consisting of six spans, had two spans completely torn away, while other parts of the bridge seemed in good condition. The railroad bridge and tracks suffered practically no damage, though heavy rains between San Antonio and Milano had placed the International and Great Northern tracks under water for much of the distance and badly damaged crops.

JUST MISSED TORNADO  
Oswald Wilson, statistical agent for the United States department of agriculture, with headquarters in this city, passed through Laredo but five hours before the storm broke. At that time, he said this morning, there was no indication of the impending calamity, the weather being clear, though hot and sultry.

After leaving Laredo the train encountered heavy clouds, followed by a heavy thunderstorm, not of sufficient severity, however, to indicate a tornado in the vicinity.  
Mr. Wilson reached this city late Saturday night from a trip into Mexico, investigating mining properties.

## APRIL BREAKS RAIN RECORD

Total Precipitation of 7.73 Inches Recorded at Local Weather Bureau

Seven and seventy-three hundredths inches of rain fell in the city of Fort Worth during the month of April. This breaks all previous weather bureau records here by .39 inch, the next greatest amount, 7.34 inches, being recorded in April, 1900.

Almost one-third of the entire number of days in last month there was rainfall, rain being recorded on nine days out of a total of thirty.  
The excess over the average for the month of April is almost three inches, 2.97 inches being the exact figure.  
The highest point reached by the mercury last month was 88 degrees, April 8. The lowest temperature during the month was experienced on April 16, when the mercury went to 36 degrees. The greatest range of temperature was 52 degrees, on April 7.  
Thirty-eight miles was the highest velocity attained by the wind; this on April 24.  
Fifteen clear days are recorded, ten cloudy and five partly cloudy days.  
May began bright and clear this morning. The forecast is fair and warmer tonight, partly cloudy Tuesday.

In a pinch use ALLEN'S FOOT-EASE.

## BEAUMONT OIL SUCCESSFUL DIP

More Than 80,000 Southern Cattle Treated Without Unfavorable Results

## WHY AMARILLO CATTLE DIED

Stock Yards Manager Says They Were Unfit for Shipment When Moved

Complaint comes from Amarillo regarding the death of many head of cattle as a result, it is alleged, of being dipped in Beaumont oil at the Fort Worth stock yards, as prescribed by the government. The claim is made that out of 161 head of cattle immersed sixty-two died, some after reaching Amarillo and some while en route. The cause of the death of the cattle is ascribed by a veterinarian to be inflammation of the nostrils, as a result of being dipped.

Similar reports also come from Washburn, where thirty-five deaths out of a bunch of 165 head occurred after the cattle had been dipped.

## KATY HAS NO COMPLAINT

This matter was reported to General Live Stock Agent Galbreath of the Missouri, Kansas and Texas, and he was asked for a statement regarding the Amarillo report. Mr. Galbreath said that his company has dipped many thousand head. In fact, the number he said, was much larger than at any other sections, and he has yet to receive an adverse report as to the condition of the cattle following the immersion.

Mr. Galbreath said that Beaumont oil is being used exclusively at all dipping vats in the Territory, according to the provisions of the Federal government, and he does not apprehend any serious results. He says that where cattle are properly dipped and permitted to rest at least three days following the dipping in dry pens, there is hardly a likelihood of loss. It is essential, however, that the cattle thus dipped be in good condition. Cattle that are thin should not be dipped, as was the case with the cattle that went to Amarillo. General Manager King of the Fort Worth Stock Yards Company insisted that the Amarillo cattle should not be dipped, as they were not in good shape, but he says the owner insisted and they were immersed.  
"This statement," said Mr. Conway, "is in conflict with the live stock industry, says Mr. King, it should be done with judgment and discretion, and when it is there will not likely be serious results."

## SANTA FE EXPERIENCE

There is much discussion here among railroad men.  
Speaking of the matter Live Stock Agent Conway of the Santa Fe Railroad Company said today that his company has dipped about forty thousand head in the Territory and to date no deaths to exceed 1 per cent have occurred. "Dipping has come to stay," said Mr. Conway, "this statement having been made recently by Albert Dean of the bureau of animal industry west of the Mississippi river, who says that it is necessary to prevent the spread of infectious diseases among cattle above the quarantine line." Mr. Conway says that the government is still conducting experiments in this regard, hoping to perfect the system so that there will be no bad results from the immersion whatever.

Mr. Conway, however, believes that if there have been cattle losses from dipping it was due to the fact that the right kind of oil had not been used. He thinks, though, that the thin condition of the cattle dipped has more to do with the deaths than any other cause.  
Mr. Conway has just returned from a trip into the Cameron country, and says that the heavy rains there have washed at least half of the crops out of the ground.

## COLONEL DEAN TALKS

A dispatch from Kansas City says: Colonel Albert Dean, chief of the bureau of animal industry, returned home from the Texas Panhandle and Oklahoma points Saturday night. Colonel Dean was at his office this morning and gave out some very cheerful news concerning the dipping of Texas cattle, according to the government's rulings, in the Indian Territory, preparatory to their entrance to the pastures in the Osage Nation.  
"Reports to me," said he, "show that fully 45,000 head of cattle have been dipped at stations located on the Missouri, Kansas and Texas railroad, according to Federal specifications—in Beaumont crude oil—and out of that number not a single animal has died as a result of the dipping. My reports indicate that stockmen are exceedingly well pleased with the cleansing of their cattle. The record shows that 597 animals were dipped in two vats in one hour. The condition of the cattle so dipped will be watched while they are in the pastures."

## IMMIGRANTS COMING BY THE THOUSAND

Authorities at Ellis Island Preparing for Record-Breaking Invasion  
NEW YORK, May 1.—On twenty-two steamships due to arrive in port this week from Great Britain and the continent is the biggest crowd of immigrants ever scheduled to enter during such a period of time. The horde numbers nearly 25,000. At Ellis Island arrangements have been made for their prompt handling, because the detention of any part would at once tax the facilities of the immigration station far beyond its limits.  
Figures for the week that has just closed were close to 25,000, showing that the rush has kept up for a longer period than ever before and it is likely that the total immigration for the spring will far exceed any previous year.

## CHRISTIAN CHURCH LOCATION CHOSEN

Glenwood and Union Depot Congregation Will Have First Service

Decision to place the new Christian church, comprising membership in the Union Depot addition and Glenwood, on a lot secured at 1161 East Leuda street, was made at a meeting held Sunday afternoon at the residence of H. M. Ash, 925 East Leuda street.  
Work on the building will commence at once, the first service being held next Sunday morning. A frame church costing approximately \$1,000 will be erected.  
The congregation organized under the direction of Rev. E. R. Hamlin will have a membership of over 100.

THE FORT WORTH TELEGRAM

DELEGATES TO GALVESTON

E. C. Orrick to Address State Convention Knights of Columbus

Tuesday the state convention of the Knights of Columbus will begin a three days' session at Galveston...

Fort Worth will be represented in the convention by District Deputy T. P. Fenelon and Grand Knight A. W. McElwee...

HAS STOOD THE TEST 25 YEARS GROVE'S TASTELESS CHILL TONIC

Capt. Glenn Appointed

Becomes Aide on Staff of General Cabell

Captain C. V. Glenn of this city has just been appointed aide-de-camp on the staff of Lieutenant General W. L. Cabell...

Captain Glenn will soon begin a campaign throughout the state looking to the formation of new camps and the reviving of those already organized.

COLLEGE TEAMS PLAYING BALL

Fort Worth University and Polytechnic College Meet on University Campus

Fort Worth University and Polytechnic College are playing the second in their series of baseball games on the university campus this afternoon...

Polytechnic—Sensabaugh, third base; Speaker, shortstop; Dempwolf, right field; Cannon, center field; Detheridge, pitcher; Maner, left field; Tandy, second base; Parsons, first base.

BIG PARADE IS ARRANGED

Reviewing Stand and Line of March Decided Upon at Meeting With Commander Shipp

A reviewing stand for the Elks military parade will be erected at Seventh and Houston streets, from which C. E. Shipp, commander of the state army of Elks, together with his officers, will view the antlered ones in line.

This, with other matters pertaining to the convention, was decided at a meeting held at the Elks club rooms Sunday morning with General Shipp of Dallas present.

The parade will form at Seventh and Houston streets, go up Houston to the court house, thence to Main along Weatherford, on Main to the Texas and Pacific station, then up Houston again to the reviewing stand.

Kellers 15, Rosen Heights 0

By the one-sided score of 15 to 0, Kellers Carriage Works team defeated Rosen Heights on their own grounds Sunday afternoon.

A HOPELESS FIGHT

It is as impossible to conquer the king of diseases—Contagious Blood Poison—with Mercury and Potash as it would be to conquer the king of the forest in a hand-to-hand encounter...

SSS S. S. S. while eradicating the poison of the disease will drive out any effects of harmful mineral treatment. A reward of \$1,000.00 is offered for proof that S. S. S. contains a mineral ingredient of any kind.

CITY BRIEFS

Crouch Hardware Co., 1907 Main street. Cut flowers at Drum's. Phone 161. Boaz's Book Store, 402 Main street. For messenger service, phone 589. Piano tuning, Prof. Lamb, 533 Taylor. J. W. Adams & Co., feed, produce, fuel and ice. Phone 539. A picnic at the City Park will be given by the History Club Thursday. Bowden Tins saves you 10 per cent on lumber; 711 W. R. R. Av. Both Phones 711. Pictures and frames at Brown & Vera's. See Joe T. Burgher for real estate buildings, and fire insurance, Bewley Building, corner Eighth and Houston. Miss Mabel Johnson of Corsicana is visiting in the city. We have the soap and water and know how. Modern Laundry. Phones 737, 738. It will always be found a little better and perhaps a little cheaper at the William Henry & R. E. Bell Hardware Co., 1615-17 Main street. Mrs. T. A. Morrison and daughter of Colorado, Texas, are visiting in the city. I have no city representatives and if you call at the works I can save you 20 per cent on all monument work. Fort Worth Marble and Granite Works, E. T. Bergin, Proprietor, corner North Second and Main. Fred Howard and Dell Howard of the Howard-Smith Furniture Company would like for their friends to call on them at their new store, 1104-06 Main street. Phone 3798. Mrs. F. E. Dietrich has returned from a visit to her mother in St. Louis. J. M. Daugherty, a prominent cattleman of Abilene, is in the city. Rev. R. R. Hamlin, pastor of the First Christian church, is conducting revival services at Denton. A meeting of the Priscilla Club will be held Wednesday at the residence of Mrs. H. S. Bunting. Annual election of officers will be had at the meeting of the Jewish Women's council, being held this afternoon at the residence of Mrs. M. Alexander. Detective Allen of the local police force left for Dallas this morning in charge of Roy Johnson, arrested on complaint from that city. May Day will be celebrated at Fort Worth University tonight with a May Day party, a feature of which will be a Maypole. Refreshments will be served. H. Lederman has been issued a permit to erect a frame dwelling to cost \$2,500, at Vogel and Henderson streets, in the Sandage addition. Rev. Jasper Moses, missionary of the Christian Church at Monterey, Mexico, is visiting Rev. S. G. Inman, 1210 Fifth avenue. Wanted—Twenty boys to distribute circulars in the city. Apply at rooms 218 and 209, Fort Worth National Bank building, tomorrow (Tuesday) morning at 7:30 o'clock. May 1, 1905, has come and Dr. Broiles is still in Dundee Bldg., cor. Houston and Seventh streets. Old phone 1623-2. Office hours 8 a. m. to 6 p. m. A meeting of the Fort Worth Rescue League will be held at the Taylor Street Cumberland Presbyterian church Tuesday afternoon at 4 o'clock, following the meeting of the board at 3 o'clock. A reception will be given at the Christian Tabernacle Tuesday from 4 o'clock to 7, for Rev. Jasper T. Moses, missionary in Mexico of the church since last September. Rev. Mr. Moses is visiting Rev. S. G. Inman, pastor of the Tabernacle. A joint rehearsal of singing clubs of this city will be held tonight at the First Presbyterian church under the direction of Fred J. Dexter, director of the Elks Singing Societies in preparation for the Houston festival. John W. Springer of Denver, one of the most prominent stockmen in Colorado, arrived here Sunday and was the guest for a time of his friend, Rom Graham. Mr. Springer was on his way to Dallas to visit his daughter and the family of Colonel Hughes. Word has been received in this city of the death at Parsons, Kan., of Mrs. George Fritz, formerly of this city. Funeral services were held in Parsons Sunday morning. Her death occurred after a long illness, her chances of recovery to Kansas having been made in an effort to benefit her health. If sick get well by eating BUTTER NUT BREAD, and if well stay so by eating BUTTER NUT BREAD.

WATERWORKS DAM BROKEN BY FLOOD

Trinity River, Swollen by Rains, Destroys West Abutment—No Longer Used by City. Swollen by the heavy rain of Saturday night and Sunday morning, the Trinity burst its bonds Sunday afternoon, completely washing away the west abutment of dam No. 1, just south of the water works and west of the city park. No one was injured. The dam was built ten years ago under the direction of Captain Sobel, as water works superintendent. It is 109 feet long and twelve feet high, and had a fall of over fifteen feet. Mayor Powell and H. L. Calhoun, secretary of the water works department, said this morning that in all probability the dam will not be rebuilt. It was constructed at a time when the city depended on the river for water supply. Mead system makes demands on the river unnecessary.

SAYS ICE CASES WILL BE PUSHED

Despite the fact that there is much talk in court circles among the friends of the parties who are being prosecuted for connection with the alleged ice trust in Fort Worth, prosecuting attorney Jeff D. McLean stated this morning that he would proceed with the cases and that they will probably be set down for a second hearing week after next. Further than this statement Mr. McLean would not talk.

Postal Clerks' Picnic

Under the direction of R. B. Crow and W. A. Terrell, the railway postal clerks of the city are planning for a picnic to be held at Lake Erie next Friday afternoon. The clerks with their wives will leave the city in the afternoon for Lake Erie, where a tall game will be played and outdoor refreshments had. As yet the ball game has not been matched.

IN THE COURTS

The court approved the appointment and the appointee at once qualified and entered upon the discharge of his duties. The bond of the auditor is \$5,000. The sureties are Paul Waples and G. C. Mountcastle. The new auditor has been a life long democrat.

COUNTY COURT

Seventeen cases were docketed in this court today, following arrests made by the police Saturday night. MARRIAGE LICENSES Wash Webster and Mary Bell Nelson, colored. Levi Moppins and Katie Hughes, colored. Pink Battle and Pinkle Thompson, colored. Will Bennett and Lillie Barnes, colored.

RECORD OF BIRTHS

To Mr. and Mrs. James Coats of Fort Worth, a boy. To Mr. and Mrs. William Melton, 615 Henderson street, Fort Worth, a girl. To Mr. and Mrs. George McCollough, near Mansfield, a boy. To Mr. and Mrs. Joe G. Wilhoit, 1113 East Bluff street, Fort Worth, a boy.

BOLD HIGHWAYMAN ATTACKS TWO WOMEN

Mrs. L. M. Walker Robbed Within a Few Feet of Car Filled With Passengers. Within a few feet of a street car full of passengers, Mrs. L. M. Walker of 1428 Lee avenue, was attacked by a negro on Evans avenue Saturday night, rendered unconscious by a blow on the back of the head, and robbed of her purse and bundle. Her assailant, after snatching a satchel from the hand of Mrs. Walker's woman companion, disappeared in the darkness. The purse contained but a small amount of money. Mrs. Walker's screams soon aroused the residents and she was taken to the residence of Dr. J. A. Kelly, where the wound on her head was dressed. The police are working on the case, but as yet have made no arrests. Mrs. Walker, though still suffering from the nervous shock, is not in a serious condition.

NEGRO ATTACKS WOMEN

Mrs. J. W. Messick Fails Efforts to Steal Purse. By striking her negro assailant in the face and at the same time struggling to free herself, Mrs. J. W. Messick failed an attempt to rob her Saturday night at Fifth and Burnett streets as she was on her way to her home at 917 West Fifth street. Miss Nellie Knoblock was with Mrs. Messick when she was attacked by a negro, who grasped her throat and attempted to grab her purse. Mrs. Messick bravely defended herself fighting off the man, who fled without securing his booty. The screams of the women soon brought help, but the negro escaped.

Epworth League Rally

Frank Jensen, president, and Alfred Smith, secretary of the State Epworth League, accompanied by George Nies, spent Sunday at Denton where they went to conduct an Epworth rally. All three returned to Fort Worth this morning. Mr. Jensen reports that the rally was a decided success, much enthusiasm being shown in the meeting, which was held in the Methodist church. Mr. Nies delivered an interesting address.

GRADE UP THE HERDS

Now that there is a gleam of light through the rift that has been made in the clouds that have so long hung over the great live stock industry in Texas and the southwest, there should be a resumption in the process of herd improving that has been too generally neglected during the period of depression.

One of the main characteristics of the strikes usually inaugurated in Chicago is mob violence, and procedure of this kind never fails to weaken the cause of the strikers.

There is a disposition on the part of the railways of this state to slowly descend from the high horse they mounted with reference to the new tax bills that were passed by the regular session of the state legislature.

A whisper comes from Austin of determination in certain quarters to force still another session of the state legislature, and for the sake of common decency it is to be hoped this report is without foundation.

There will be another big crowd in Fort Worth this year, and it will be something of a record-breaker itself.

The death of Fitzhugh Lee is very generally regretted. He was a man who had been very thoroughly tried in all the walks of life.

Now that the cycle of depression seems to be ended, there is but one thing for the Texas ranchmen to do, and that is to again take up the tangled skeins of herd improvement and go forward with this great work.

Under the improved conditions that are already manifest in the markets, it is certain that there will be a considerable revival in the cattle business.

Reports to the effect that the Japanese government intends to send a commission over here for the purpose of studying the Roosevelt method of going after and getting bear, are denied at Washington.

that the work that had been so generally laid aside must now be resumed with renewed energy and determination.

After much effort Dallas has at last raised the \$66,000 necessary to obtain the federal appropriation for Trinity navigation and the amount has been forwarded to Washington.

The railways of the country have become so thoroughly alarmed over the spread of public sentiment in favor of government regulation and control that they have gone to the trouble and expense of employing an expert to begin a systematic effort in the direction of counteracting the existing sentiment.

As yet, it must be owned, she is not in love. A girl cannot be expected at once, at an hour's notice, or a week's notice, to love a man who is in love with her.

It is rather early for gubernatorial candidates, but we have a half dozen in Texas and more will follow.

Not much danger of that, from the fact that several of the gentlemen who now think they are running are going to gradually awaken to the fact that they are only walking.

As soon as the extra session of the legislature was called a majority of the members lit out for home to look after their private affairs.

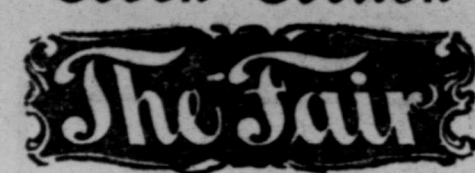

It is time for the landless to begin to study the land question. It can be done better now than at any later period.

Reports to the effect that the Japanese government intends to send a commission over here for the purpose of studying the Roosevelt method of going after and getting bear, are denied at Washington.

The news that Charles Schwab is to build a new navy for the Russian government does not create any consternation in Japan.

Representative Williams estimates that the intangible assets bill, which goes into effect the first of next January, will yield revenue to the state amounting to about \$400,000.

Cleanings From the Exchanges

It's rather early for gubernatorial candidates, but we have a half dozen in Texas and more will follow.

Not much danger of that, from the fact that several of the gentlemen who now think they are running are going to gradually awaken to the fact that they are only walking.

As soon as the extra session of the legislature was called a majority of the members lit out for home to look after their private affairs.

It is time for the landless to begin to study the land question. It can be done better now than at any later period.

Reports to the effect that the Japanese government intends to send a commission over here for the purpose of studying the Roosevelt method of going after and getting bear, are denied at Washington.

The news that Charles Schwab is to build a new navy for the Russian government does not create any consternation in Japan.

DECIDING BETWEEN SUITORS

Shall Molly Favor Spectacular Will or "Old Foggy" Jack? People of Diverse Temperaments Happiest in Marriage Rejected Because He Wore Baggy Trousers Prospect of Funds to Keep the Pot Boiling

BY MARGARET E. SANGSTER. (Copyright, 1905, by Joseph B. Bowles.)

A girl has two suitors. Both appeal to her, but she cannot make up her mind which to accept. She is still in maiden meditation, fancy free. In the morning, she thinks, she prefers Jack. By evening the scale tips in favor of Will. Jack is a solid, sensible, practical fellow, steady-going as a clock, a man with no nonsense about him.

Jack is silent and cannot talk, unless on a serious subject, that he knows all about. The two are in contrast at every point. Jack never takes risks; he is cautious incarnate. Will is never more himself than on the verge of peril. He does not know what caution means.

Molly, both lovers are impeccable. They are clean, wholesome, loyal and manly. Both have a right to the title of gentleman. Physically, each belongs to the finest flower of the modern athletic development.

When Cupid succeeds in breaking down her defenses and sends an arrow into the guarded citadel of her heart, she will have no more vacillation. She will know whether to take Jack or Will. Romantic girls will not believe me. But there are preliminary stages in wooing, at which Cupid may receive some assistance.

When a girl attaches so much importance to accidents of this sort, she would better remain a spinster. Older people than Molly are apt to say that whether she shall accept Jack or Will ought to depend somewhat on the income. Love in a cottage is very well, if there be funds to keep the pot boiling.

Nature indicates the law of opposites as better than the law of exact resemblance. A tall man likes to tuck a little woman under his arm. A little man struts complacently beside a grenadier of a woman. The gypsy will tell you as she crosses your palm, if you are fair, that a dark man will come courting you before twelve months are over. But if you are a brunette, it is a fair-haired viking that she bids you expect.

If Molly be light and mercurial, spontaneous and quick, a being of flashing smiles and ready wits, she will do better to trust herself to Jack, the steady-going, then to Will, the reckless. He will give her the pulse she needs; he will perhaps not always keep pace with her changeable caprices, but he will admire and love her and, proud, through them all, if she be calm, prudent, of tranquil nature, and pliant turn, she would better take headlong Will, who in the humdrum round of life will keep things moving, and make the home bright and the day buoyant, finding in her his counterpoint. People of decidedly diverse temperaments are happier in marriage than people who are almost precisely alike.

Sometimes the question is further complicated to a girl, by matters that seem superficial, but in a way are vital, denoting as they do points of character. A girl wrote to me that she was sure she loved a certain youth, but that he made mistakes in grammar, "not," she went on to say, "through ignorance, but through pure carelessness. Can I spend my life," she said, "with a man as good as gold, who will mortify me by saying 'and' instead of 'were,' and 'aint,' instead of 'aren't'?"

She had, as Molly has, another lover, by no means as good as gold, whose English was faultless, and she thought she would marry him. Probably the first man made mistakes because as a child he had grown up among people who did not know much about correct speaking.

He had heard colloquial errors at his mother's knee, and the schools had not sufficed to unlearn in him what he had learned there. I have heard a girl declare in perfect seriousness that she could never have married an excellent man, because he habitually wore baggy trousers, and an ill-fitting coat. Though he had houses and lands, and a college education, she could never overlook the question of costume.

When a girl attaches so much importance to accidents of this sort, she would better remain a spinster. Older people than Molly are apt to say that whether she shall accept Jack or Will ought to depend somewhat on the income. Love in a cottage is very well, if there be funds to keep the pot boiling.

COLEMAN & MEXIS. RIFLE AND PISTOL SHOTS

At Lake Erie Sunday night Edward Coleman picked up a sixteen-shot Winchester and emptied the whole cylinder in rapid succession at his wife's breast. When the smoke cleared away the wife stood unhurt. Coleman did the shooting before a crowd at Lake Erie. It was part of Coleman and Mexis, interesting act of Coleman and Mexis.

Cherry Pectoral. Doctors have used it for over sixty years. We are willing, anxious that you should ask your own doctor about your using it for coughs, colds, bronchitis.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhoea, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others. They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Boston, tells women how to avoid such suffering; she writes: Dear Mrs. Pinkham:—I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health.

Miss Pearl Ackers of 327 North Sumner Street, Nashville, Tenn., writes: Dear Mrs. Pinkham:—I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you. Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your suffering to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass. Miss F. Orser of 14 Warrenton Street, Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

THE LIVE STOCK MARKET

Heavy Run of Cattle Received—Market Slow—Good Line of Hogs

NORTH FORT WORTH, May 1.—The cattle run today assumed large proportions, around 6,000 head, against 4,217 the opening day last week, 1,793 Monday a month ago, and 2,463 the corresponding day of the week a year ago.

THE LIVE STOCK MARKET

The market started off slow, buyers taking their time. Straight grassers sold at \$3.50@3.90, with medium steers around \$2.92.25.

THE LIVE STOCK MARKET

Some fine leads of fairly good grass cows came in, the rest of the butcher supply being of the common sort, not very much of that, and coming in priced loads.

THE LIVE STOCK MARKET

The bull trade was very slow. Only one lead was in, along with some in mixed loads. Steady prices prevailed, sales going between \$2.15@2.50.

TODAY'S SALES

Table of today's sales for various types of livestock, including steers, hogs, calves, and sheep, with prices and quantities.

## R. E. LEE CAMP NAMES DELEGATES

Louisville Party Will Be Headed by Gen. K. M. Van Zandt.  
Sons Name Sponsor

Lee camp, United Confederate Veterans of this county, is making preparations to attend the coming general reunion of the organization to be held at Louisville, Ky., June 14, 15 and 16, and forty delegates and alternates were appointed Sunday. Texas will have the largest representation at Louisville of any state, and it is the desire of Lee camp to send the largest delegation of any camp in Texas.

The camp, as well as that of the Sons, will go to the reunion in a special train, headed by General K. M. Van Zandt, commander of the Texas division, and W. P. Lane, commander of the Sons in Texas. The various camps throughout the state are now voting on the official route. Last year the Cotton Belt was selected. It is believed that while several roads will be recommended to the camps, the members will be left to select their own route.

Following are the delegates: K. M. Van Zandt, George Jackson, R. E. Beckham, J. W. Adams, William Barr, J. B. Littlejohn, E. M. Daggett, J. C. Richardson, E. W. Taylor, W. M. McConnell, H. C. Cantrell, E. W. Yeates, John L. Daggett, W. K. Logan, B. E. Paddock, H. L. Abston, L. H. Attwell, C. Adams, J. R. Johnston, W. B. Hurley, J. C. Terrell, C. V. Glenn, T. M. Freeman, W. T. Shaw, M. J. Pankey, James Eubanks, H. B. McGarr, W. D. Farris, J. T. Pulliam, M. D. McNeely, A. P. Brown, C. C. Cummings, J. A. Martin, E. McDaniel, H. C. Edgington, M. E. Loyd, W. J. Boez, Tom Cross, R. R. Keith, W. E. Jones, W. J. Boaz, L. A. Tremble.

Chaplain Wright opened the meeting with prayer.

The minutes of the previous meeting were read by Adjutant McConnell. It was announced that the Daughters of the Confederacy will give a picnic May 13, for the entertainment of members of Lee camp. The place has not yet been selected.

The mortuary committee was instructed to have the graves of soldiers cleaned up preparatory to holding of memorial services May 24. J. J. Melton is chairman of the mortuary committee.

Under the head of "Good of the Camp," solicitor funds for the Reagan monument made a report through J. B. Littlejohn that the sum of \$35 has been secured. The matter of finally disposing of the contribution was deferred until next Sunday.

Under the head of "Good of the Camp," Historian Cummings urged that members live in the period of today, and not in the past. He was replied to by Commander Taylor, who insisted that he was living in the past, and said that it was just forty-one years ago that he took part in the battle of Jenkins's Ferry, Ark., which he said was one of the bloodiest conflicts of the war. For that reason Colonel Taylor reiterated the fact that he would always continue to live in the past, in remembrance of that event.

J. A. McGregor then read a poem, "Land of Washington," and Dr. A. P. Brown entertained the members by reading several extracts from history.

THE SONS MEET  
Miss Alice Eve Robinson was elected as sponsor for the Sons to the Louisville reunion at a meeting held Sunday afternoon.

Colonel Abe Harris and Dr. A. P. Brown addressed the camp briefly on facts relative to the war between the states.  
Miss Mabel Abston recited.  
Healthy, happy babies. Mothers say that Hollister's Rocky Mountain Tea is the greatest baby medicine in the world. Makes them strong, well and active. 35 cents, Tea or Tablets. Ask your druggist.  
Dr. Ray, Osteopath, telephone 553.

## FRISCO GETS LUMBER ROUTE

Contract with Kirby Company Approved by Master in Chancery

The contract between John H. Kirby, the Kirby Lumber Company and B. F. Yoakum, whereby the Frisco will take over the extensive tram properties and terminals of the lumber company, has been approved by the master in chancery and will also be approved by the court, according to a statement that has just been made.

The deal is a large one and will mean the consolidation of the tram roads and the extension of the Houston, Beaumont and Northern to Houston on the west end to a connection with the Memphis-New Orleans line of the Frisco.

Under the deal the Frisco is to have the routing of the immense tonnage of lumber manufactured by the Kirby company.

### ROCK ISLAND VS. SANTA FE

Both Lines Believed to Have Secured Santa Fe Control

Since the sale of the Santa Fe Central was announced there has been much speculation as to who the purchaser is. Both the Santa Fe and the Rock Island are said to have bought the road. However it is believed that the latter is the real purchaser. It is believed that the Santa Fe Central will be extended to Roswell. This plan was to have been carried out under the old regime and with the completion of the Santa Fe Central to Roswell the Rock Island will gain an entrance into three prominent cities in the territory formerly exclusive Santa Fe territory. These are Santa Fe, Albuquerque and Roswell. It is said in connection with the above move that the Rock Island will, as soon as it reaches Roswell, build a line from that point into El Paso through Chaves. Then by acquiring the El Paso-Northeastern from Santa Rosa, to Terrell or building down the Pecos Valley from Santa Rosa to Roswell a through line from the east will be obtained, almost as short as the present route and having several distinct advantages over the present traffic arrangement with the El Paso-Northeastern.

A line from Roswell to El Paso, in connection with the Santa Fe to the northeast end of Roswell would give a much shorter route between Chicago and Kansas City and El Paso and Northern Mexico than even the Rock Island using the Northeastern system part of the way. For these reasons there is also belief that the Santa Fe has bought the Santa Fe-Central. Interesting announcement of pending changes in railroad circles in West Texas and Eastern New Mexico may therefore be expected at any time.

### APPOINTMENTS MADE

The Denver and Rio Grande announces the appointment of E. R. Hunt as traveling freight agent of the company, with headquarters at Butte, Mont. He succeeds George W. Fitzgerald, resigned. E. S. Spencer is also traveling freight agent of the Rio Grande, with offices at Ogden. He succeeds E. R. Hunt, transferred. These appointments are effective today.

### NOTES AND PERSONALS

E. S. Benson, auditor of the Southern Pacific at Houston, has tendered his resignation, and it is reported that Auditor C. E. Seger of the Pacific system of the same company is to succeed him. The latter is due to arrive at Houston this week. Auditor Benson came to Houston from Portland, Ore., only a few months ago. At that time he was general auditor of the Oregon Short Line.  
The Rock Island announces a round trip rate as per convention excursion rate to Houston on account of the English Singing Societies, May 8 and 9. Quite a large number of musically-inclined people will attend the festival from Fort Worth. Re- may festival at Dallas, May 5; for the State Federation of Labor convention at Denison, May 1 to 5. There will also be a large crowd of union labor people going to Denison to attend.  
The Industrial Agents' Association of Texas will hold a meeting at Corpus Christi July 12. A program is being arranged by L. C. Hill, industrial agent of the Santa Fe. Among those on the program are E. B. McKay of the Denver road, James Brooks of the San Antonio and Aransas Pass and T. L. Peeler of the Missouri, Kansas and Texas.  
The Cotton Belt has issued an official circular authorizing reduced round trip rates to the following events: English Singing Societies at Houston, May 8 and 9; Federation of Women's Clubs at Corsicana, May 3 and 4; street fair at Tyler, May 8 to 13; Gatesville district conference at Meridian, May 16 to 17; State Survey school convention at Waco, May 30 to June 1; Benevolent Protective Order of Elks at Fort Worth, May 8 and 9.

### SCOTT GOES NORTH

Leaves Texas to Take Important Position  
W. B. Scott, general superintendent of the Central-East and West lines, who was recently appointed assistant general manager of operations and maintenance of way of the Harriman syndicate of roads, passed through Fort Worth Saturday night on his way to Chicago, where he takes charge of his new position today.

Mr. Scott, who succeeds Mr. Scott, assumed charge of the work Saturday last.

C. E. Johnson succeeds Mr. Hawks. It is said that other changes will be made on the Central-East and West lines today, but they are not made public.

### NEW COTTON BELT AGENT

J. Rounsaville Assumes Charge of Office Today  
John M. Adams, city passenger and ticket agent of the Cotton Belt, was checked out Sunday and was today succeeded by J. Rounsaville, who arrived Sunday from Greenville, where he has been located as ticket agent for

### LETTER TO FORT WORTH LAWYERS

Dear Sirs: What's the penalty for selling adulterated paint in your state?  
Is clay paint? Is chalk paint? Is bar-tint paint? Is lime paint? Is benzine? Is water? Is soap? Is mud?  
We know what is; what is not is the question. Apparently nothing is not; but we're only a paint-manufacturer, not lawyer.  
Devote is paint, all paint; and full measure; no whitewash; no nothing. We know what is; what is not is the question.  
Yours truly,  
F. W. DEVOLVE & CO.  
P. S.—Brown & Vera sell our paint.

# Burton-Peel Dry Goods Co.

## Clothing Quality Combined With Low Cost

The Clothing Department of this store is one of the main features of this business. It occupies nearly half of the entire first floor space, which is crowded with every worthy style of men's wear.

We realize that fact that the old-timers of this city have been hung up and think there are but few clothiers. We are daily convincing new patrons that we are "it" when it comes to clothing, and we'll convince you, if you will kindly call.

It's a fact we buy and sell more clothing than any exclusive clothier in the state of Texas. "It's a fact, too," we buy them cheaper. "It's a double fact" we sell them cheaper. No better clothing made than we handle, nothing more convincing than a visit of inspection, comparison of quality and price. We invite you to see our clothing.

Mens Double and Single-Breasted Two-Piece Suits, \$5 on up to \$25

Mens Double and Single-Breasted Three Piece Suits, \$7.50 on up to \$25

## ECONOMY IN PANAMA HATS

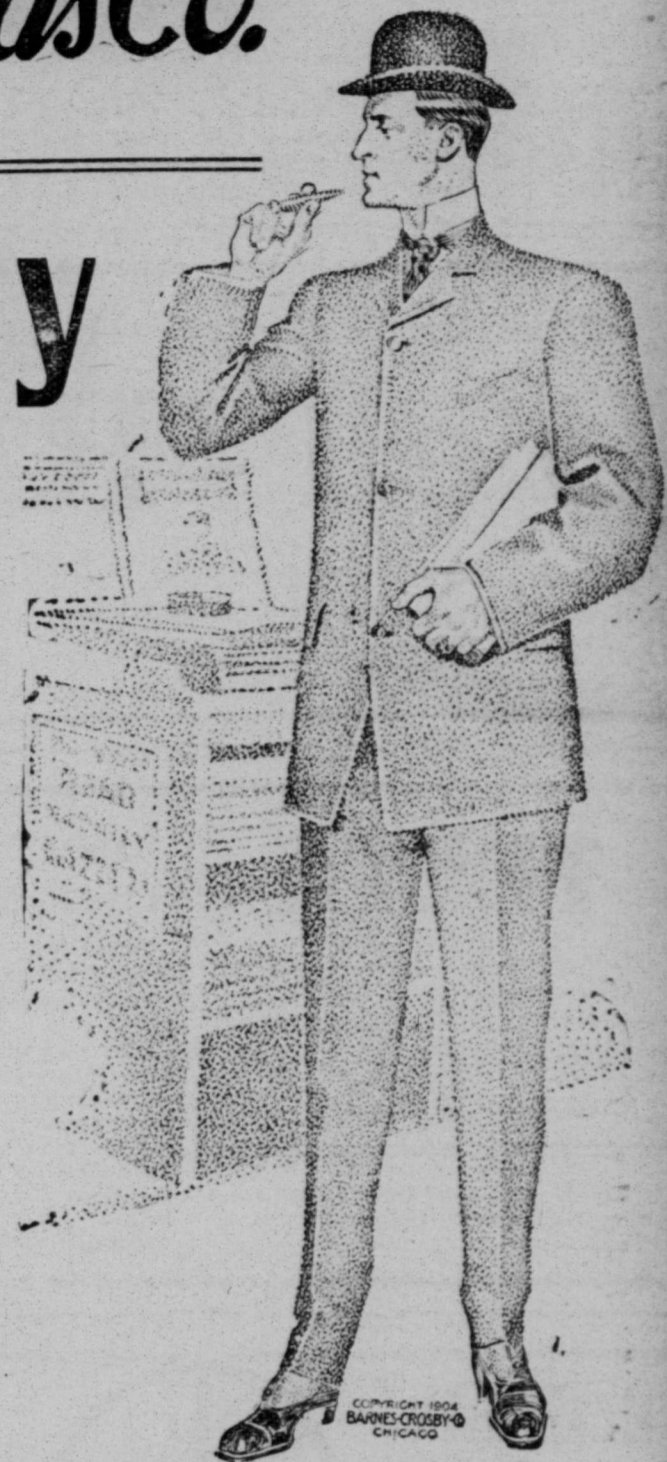

Cheapest head piece you can buy. Can't wear them out, and can always have them shaped to your taste. But aren't you paying too much for your Panama? We know you are; we're calling your attention to this fact and will convince you if you will come and investigate. Every man's taste doesn't run in the same channel. Hence we've provided many other makes and styles of Straw Hats from 50c to \$5.00. Here's a few Panama examples:

The real Panama Hats, without bands. These you see in other places at \$3.50; our price is ... \$2.50

Superfine Panama Hats, fine finish—the \$7.50 to \$8.50 values; our price is only ..... \$5.00

The finer finished Panama Hats, with gros grain silk band; the \$5 hat store price, we sell at \$3.50

Extra superfine Panama Hats, the grade that sells at \$15; we secured a lot; our price to be but ... \$10

## TINNERS ARE OUT: THREE FIRMS GRANT DEMANDS

Indications today are that the tinner's strike in Fort Worth will be of short duration, and that the men who went out this morning will probably all be back at work within the next few days.

Three firms have already signed the agreement asked by the union tinner. They are the Lewis Hardware Company, W. H. Little and Fear & Register.

The tinner's held a meeting in Labor Temple this morning and discussed the situation. Committees were appointed to wait on other firms and if possible induce them to sign up a scale of prices. The scale has been 37 1/2 cents per hour, or \$3 per day. What the men want is 45 cents per hour, or \$4.50 a day.

That part of the agreement referring to the pay union men are to receive for out-of-town work has been misquoted by some papers, in that it was stated tinner's demanded board while on this character of work. This is an error. The only thing the men ask is that their time dates from the time they leave the shops until their return, in addition to traveling expenses.

The case of Willie Tigh, the 9-year-old son of Mr. and Mrs. W. H. Tigh of 916 Bryan avenue, who it is alleged was excessively whipped by a Third grade teacher at the Fifth ward school some weeks ago, was referred to the committee on grievances. William Capps, chairman of this committee, was absent. Mr. Armstrong, a member of the committee, said that an investigation of the matter would be made as soon as Mr. Capps returned to the city. It is the purpose to hold an investigation with the child, the teacher, the parents and all witnesses present. The committee will then make its report to the board.

At the meeting this morning steps were taken for the first time toward the proposed shortening of the school course from eleven to nine years. The committee on organization, comprising Trustees Thompson, Armstrong and Van Zandt, was instructed to look in the advisability of shortening the course and to confer with teachers and principals on the matter.

For some time it has been the opinion of the board that the city public school course is too long; that it becomes a luxury of the few in the upper grades to the great number of pupils who drop out at the end of the ninth year. It is the plan to condense the course, including all practical and most of the higher branches, and to eliminate a few of the higher branches.

### CANAL STAFF OFFICER DIES ON THE ISTHMUS

NEW YORK, May 1.—A dispatch received here from Panama announces the death there of yellow fever of Chief Architect Johnson, attached to the canal staff. He was formerly employed as architect by the Illinois Central railroad. His work included the designing of new buildings needed along the canal and the repairs for the old buildings. Johnson, who was a native of Kentucky, had been on the isthmus since last July.

The price of a pretty face is \$1.00—three packages of Hollister's Rocky Mountain Tea. Brings red lips, bright eyes and lovely color. 35 cents, Tea or Tablets. Ask your druggist.

## 57 LOCOMOTIVES ON WAY TO JAPAN

Made in America. They Will Be Used on Plains of Manchuria

SEATTLE, Wash., May 1.—Carrying a cargo of 24,000 tons of freight and fifty-seven locomotives for Japan, in addition to a large passenger list, the steamship Minnesota will clear this port today for the Orient. The locomotives are consigned to Yokohama and are to be used on the railroads of Japan and Manchuria. They are of the Japanese standard gauge, three feet pinions. Five more will be shipped from Tacoma soon.

# We Will Buy

A 50c Bottle of Liquezono and Give it to You to Try

We want you to know about Liquezono, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-sized bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Liquezono does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquezono.

We Paid \$100,000

For the American rights to Liquezono. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquezono destroys the cause of any germ disease.

Liquezono has, for more than twenty years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and fourteen days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquezono—like an excess of oxygen—is deadly to vegetable matter. There lies the great value of Liquezono.

It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

## Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezono attacks the germs wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

- Asthma
- Abscess—Anaemia
- Bronchitis
- Blood Poison
- Bright's Disease
- Bowel Troubles
- Coughs—Colds
- Consumption
- Colic—Croup
- Constipation
- Catarrh—Cancer
- Dysentery
- Diarrhea
- Dandruff—Dropsy
- Dyspepsia
- Eczema
- Erysipelas
- Fever
- Gall Stones
- Goitre—Gout
- Gonorrhea
- Gleet
- Hay Fever
- All diseases that begin with fever—all inflammation—all catarrh—all contagions

diseases—all the results of impure or poisoned blood.

In nervous debility Liquezono acts as a vitalizer, accomplishing what no drugs can do.

## 50c Bottle Free

If you need Liquezono, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquezono is, and what it can do. In justice to yourself, please, accept it today, for it places you under no obligation whatever.

Liquezono costs 50c and \$1.

## CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to The Liquezono Company, 458-464 Wash-bash avenue, Chicago.

My disease is.....  
I have never tried Liquezono, but if you will supply me a 50c bottle free, I will take it.  
626  
Give full address—write plainly.  
Any physician or hospital not yet using Liquezono will be gladly supplied for a test.
