

NEW DIRECTORS OF EQUITABLE

Paul Morton Elected to Chairmanship of Board
GROVER CLEVELAND ONE
Says He Believes It His Duty to Accept Position
ALL ARE BUSINESS MEN
George Westinghouse to Act as Trustee of Equitable Company's Stock

NEW YORK, June 10.—A letter has been sent to Thomas R. Ryan by George Westinghouse of Pittsburgh, accepting membership in the board of trustees of the Equitable Life Assurance Society...

While the result of the directors' meeting was widely discussed in the evening wherever men of finance gathered, few of those directly interested cared to say much for publication. In the evening Mr. Morton attended the Pilgrims' Club dinner...

Charles Stewart Smith, an anti-Hyde director of the Equitable, who also attended the dinner, denied that he opposed in any way the election of Mr. Morton, as had been stated.

"I am perfectly satisfied with the result of the meeting," said he. "We have done everything that the public required of us, and more. We have complied with everything that public opinion demanded."

"I have had a talk with Mr. Morton concerning the resignations that have been placed in his hands. I have advised him strongly not to accept them all. When a man starts out to run an establishment he cannot afford to throw out all the old servants who know how the place ought to be run."

GIVES INTERVIEW

NEW YORK, June 10.—Paul Morton, the newly elected chairman of the board of directors of the Equitable Life Assurance Society, said today that in his plans for reorganization of the society he intends to consider first of all the interests of the policy holders.

George Westinghouse announced today he had accepted the trusteeship of the Equitable stock offered him by Thomas E. Ryan. Justice Morgan J. O'Brien also has agreed to act as trustee.

PRINCETON, N. J., June 10.—Former President Cleveland said today he had received official notification of his selection as one of three trustees of the Equitable Life Assurance Society and that he thought it his duty to accept the position.

PATRICK HAS NOT GIVEN UP ALL HOPE
Says He Will Try to Secure a New Trial on Newly Discovered Evidence

OSKING, N. Y., June 10.—Albert T. Patrick was informed today in his cell in Sing Sing prison of the decision of the New York state court of appeals sustaining the judgment of conviction in the first degree in the case of the death of William Marsh Rice, the aged millionaire, in New York city in 1900.

NEW INTERURBAN
GAINESVILLE, Texas, June 10.—The city council at its regular meeting by a unanimous vote granted Judge Hassinger and associates a franchise for an electric line. This is the Gainesville-Sherman interurban.

NATIVES ATTACK AMERICAN FORCES

Chief of the Rebels Is Killed and Many Natives Captured With Arms

WASHINGTON, D. C., June 10.—The military secretary has received the following cablegram from General Corbin, dated at Manila today: "Brigadier General William H. Carter reports that Captain Cromwell Stacy, with eighty men of company E, Twenty-first Infantry, and the Thirty-eighth company, Philippine scouts, were surprised at their main camp in the Pulajanes June 4, seventeen miles southeast of Catubig, Daguhob Pulajan, the chief, and forty private Pulajanes were killed and six captured. Arms and valued records were also captured. None were killed on our side. Two were wounded, but are doing well."

TRoublesome Fanatic
Daguhob's death does away with the most troublesome fanatic in the island of Samar. Operations are being carried on in support of and in conjunction with the civil authorities here.

PEACE OFFER SUCCEEDS

Russian Critics Surprised That Success Attended Efforts
ST. PETERSBURG, June 10.—The text of President Roosevelt's personal appeal to the sovereigns of the warring countries to arrange a meeting of plenipotentiaries for the purpose of agreeing on terms of peace, which arrived here this morning, convinced the skeptics at St. Petersburg, who refused to believe that President Roosevelt's efforts to bring the belligerents together could succeed, and it came like a bomb shell.

MOVING UPWARD
Stock Market at Tokio Has a Busy Day With Prices Soaring Higher Every Moment
TOKIO, June 10, 3:30 p. m.—The stock market has been showing a lively upward tendency since yesterday afternoon and prices continued to appreciate this morning. The afternoon session today had to be postponed for two hours, owing to a fire in the exchange which took place during the morning.

MARKET LIFELESS
Information Regarding Country's Harvest Cannot Be Had
NEW YORK, June 10.—The stock market has sunk into a lifeless and neglected state while awaiting definite shaping of the country's harvest, the future course of the iron and steel industry and the solution of the vexed problems involved in the Equitable life affair.

SHE'S HANDY WITH RIFLE
Miss Roosevelt Shows She's the True Daughter of a Sportsman
NEW YORK, June 10.—When Miss Alice Roosevelt visited Coney Island she showed that she could shoot a rifle like her father. She was chaperoned by Mrs. Lawrence Waterbury and escorted by Harry Payne Whitney, Lawrence and John Waterbury and M. S. Berger.

DEFINITE KNOWLEDGE
NEW YORK, June 10.—The Associated Press has definite knowledge that both the Russian and Japanese governments have accepted President Roosevelt's suggestions and a meeting of the representatives of the two contending powers is assured.

ENGLAND APPROVES
LONDON, June 10, 12:40 p. m.—The keenest interest is manifested in President Roosevelt's note endeavoring to bring Japan and Russia to an understanding. While the British government is not taking any part in the negotiations, it is giving its most cordial support to the president, of whose actions in the matter it has been kept fully informed.

IN HIGHEST TERMS
Diplomatic and official circles speak in the highest terms of the diplomatic manner in which the president handled the matter and fully accord with what they consider to be the only way in which the difficulty could be overcome.

ONE BILLION DOLLARS
Financial circles in London are of the opinion that the Japanese will demand indemnity amounting to about one billion dollars, that being their estimate of the Japanese of six months' fighting. This is considered in some quarters to be too large an estimate of the expenditure which is thought to be nearer \$600,000,000.

DEMANDS INDEMNITY
Her demands will include indemnity in an amount which has been fixed by the Japanese government and on this point the president is urging lenient treatment.

FELL FROM CAR
LOCKHART, Texas, June 10.—Fred Morris, aged 18 years, whose home is in Italy, Texas, fell from the top of a box car in the Aransas Pass yards here, from the effects of which he died at 10 o'clock.

JUDGE MARGUM WILL RECOVER FROM WOUND
Stabbed at Muskogee by a Dismissed Servant—Connected With Kentucky Feud

MUSKOGEE, I. T., June 10.—Colonel Thomas Margum, who was cut and seriously wounded by Jim Johnston, alias Thompson, yesterday, will recover. The wound is six and three-quarter inches long, the razor did not strike a vital spot. He rested well last night. He is a member of the Breathitt county, Kentucky, family implicated in the Hargis-Cockrell feud. His brother, J. B. Marcum, was killed by one of the Hargis clan, August, 1903.

RECEIVES ADDRESS
King Oscar Receives Address That Severs His Kingdom

CHRISTIANA, Norway, June 10.—An address of the Storting to King Oscar announcing the dissolution of the union between Norway and Sweden, which the king previously refused to accept, was handed to him yesterday afternoon at Stockholm by a representative of the Storting.

NEW ORLEANS FORECAST
NEW ORLEANS, June 10.—The forecast: East Texas (north)—Tonight, partially cloudy weather. East Texas (south)—Tonight and Sunday, partly cloudy weather, light to fresh southerly winds on coast.

NOT AVAILABLE
AUSTIN, Texas, June 10.—The appropriation for holding the state military encampment is not available until Sept. 1. The question of whether the event could be legally held in August and paid for in September has been submitted to Attorney General Davidson. It is thought that he will render a favorable opinion.

TEST CASE
CLEBURNE, Tex., June 10.—The court of criminal appeals has passed upon the test case taken up from Johnson county, and the second local option election is held to have been legal, which makes the county dry for the ensuing two years.

JAPAN AND RUSSIA WILL MEET TO TALK PEACE

RUSSIA AGREES

ST. PETERSBURG, June 10.—It was stated at the foreign office this afternoon that Russia is ready to appoint representatives to hear Japanese peace proposals, on being informed that Japan was nominating representatives.

JAPAN AGREES

TOKIO, June 10.—Japan has agreed to President Roosevelt's suggestion to appoint plenipotentiaries to meet Russian plenipotentiaries.

RADICAL PRESS HOUNDS RUSSIA

ALL PEACE EFFORTS ARE DECLARED OFF
Teamsters Union and the Merchants Will Fight for Victory in Chicago Strike

CHICAGO, Ill., June 10.—Peace negotiations between the teamsters and State street merchants, either individually or collectively, are at an end, and hereafter all meetings for the purpose of bringing the strike to a close must be arranged through John V. Farwell, Jr., chairman of the action committee of the Chicago Employers' Association.

ST. PETERSBURG, June 10, 12:35 p. m.—The radical press which hounds the government, no matter which way it turns, is seeking to take advantage of the new situation created by the possibility of peace. Although for months it has been preaching peace and abandonment of the whole Manchurian adventure at any cost, it has already veered around and pretends to be horrified at the fact that Russia can contemplate the possibility of surrendering her position on the Pacific and purchasing peace at the price of indemnity, after the sacrifice of millions of money and thousands of people's lives, and declares only the people shall decide whether the country shall submit to this humiliation.

View of the Manassas
These tactics will produce all the more effective result since so far as indemnity goes, the radical papers undoubtedly reflect the view of the masses of the Russian people as well as those prevalent in official circles. The statutes of Vladivostok and the question of indemnity are sure to be the main obstacles to the agreement, once the belligerents are brought together, but the crisis for which the solid elements of opposition are warring war against the government and trying to precipitate, constitutes the chief danger.

SOLEMN WORDS
Solemn words such as these uttered by the Moscow zemstovists and the mayors of principal cities who joined with them in all the Russian zemstvo congress cannot be lightly thrust aside although the government is getting accustomed to hard words. The organization known as the League of Professional Leagues yesterday at Moscow threatened to translate their words into acts unless the government yielded in its demand not only to inaugurate a strike of all professional classes but to arm in self defense.

REPORT INCORRECT
Russian Riots Were Not So Severe as Published
MINSK, Russia, June 10.—A report published in a London newspaper that one hundred persons were shot during rioting recently is incorrect. There was a street riot here Thursday on Cathedral Square between soldiers and Jews. It was provoked, according to officials, by the theft of a purse from a soldier off duty. His comrades beat the Jew, whereupon a crowd of about 600 of the latter's co-religionists gathered to rescue him. The Jews used stones and revolvers and troops were summoned.

EDITORS IN DALLAS
DALLAS, Texas, June 10.—The 600 or more members of the National Editorial Association will arrive in Dallas next Tuesday morning at 3 o'clock and will be the guests of the city until about 9 o'clock that night. No definite plans have been made for their entertainment.

FAREWELLS OF KING ARE VERY CORDIAL
King Alfonso Waves From the Train at Royal Family Who Stand With Bared Heads

LONDON, June 10.—King Alfonso left London for Spain this morning. He apparently thoroughly enjoyed his visit, and the character of the farewell testified to the cordiality of the feeling between host and guest. King Edward, the Prince of Wales and Duke of Connaught, accompanied the Spanish king to the railroad station, where they met the Spanish ambassador, Senor Polo de Bernabe, and the rest of the Spanish embassy. Foreign Secretary Lansdowne and others waved good bye.

WAVES GOOD BYE
As the train moved out of the station, King Alfonso stood at the window waving farewells to the members of the British royal family who stood bareheaded until the Spanish king disappeared from sight.

BANKER ACQUITTED
J. B. Young Was Acquitted Today of Charge of Conspiracy

GOLDFIELD, Nev., June 10.—The preliminary examination of J. B. Young of the Goldfield Bank and Trust Company, and Francis L. Burton, on the charge of conspiracy and obtaining money under false pretenses, resulted in their acquittal. Young was remanded into custody pending a trial on the charge of embezzlement. Cashier Boalts testified that the bank's capitalization, which was claimed to be \$100,000, was only in reality \$17,000 cash.

## \$5,000

Reward will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether or chloroform in any form in any of Dr. Miles' Remedies.

This reward is offered because certain unscrupulous persons make false statements about these remedies. It is understood that this reward applies only to goods purchased in the open market, which have not been tampered with in any way.

Dr. Miles' remedies cure by their soothing, nourishing, strengthening and invigorating effects upon the nervous system, and not by paralyzing and weakening the nerves as would be the case if these drugs were used.

For this reason Dr. Miles' Anti-Pain Pills are universally considered the best pain remedy.

"I have suffered for 25 years with severe pains in my head, heart and back, and have tried everything. I could get and could not find any relief until I got a box of Dr. Miles' Anti-Pain Pills. I suffered as long as 12 hours at a time with such severe pains that I feared I would lose my mind. The Anti-Pain Pills gave me relief in from 10 to 20 minutes. I do not have to use Morphine any more. I wish you would publish this so that other sufferers may find relief."

L. A. WALKER, Salem, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will give you relief. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

## STOCK SHIPMENTS ARE FALLING OFF

### Western Cattle Have About All Been Moved for This Year.

#### Few Cars Still Moving

EL PASO, Texas, June 10.—The flood tide of cattle shipments has definitely begun to recede. No railroad passing through the city has handled as large a volume of stock shipments as during the preceding weeks. An occasional train load from Marfa, Valentine or other West Texas ranch shipping point has reached El Paso on its way to the northern ranges or to California for slaughter, but the rest of the year is past.

From Mexico and from the territories to the west the spring deliveries have not been made. From Chihuahua and Sonora the ranches are shipping a few cattle north, both to the northern states of the United States and to Canada.

Over six hundred head from Geronimo, Ariz., passed through the city on the way to Kansas.

Another lot of about the same size came from Murphy and Walker of Marfa for delivery at Denver. The same company shipped about four hundred head to Kansas City.

J. K. Brown of Marfa shipped about two hundred cattle on the way to Kansas City.

W. R. Patterson of Los Angeles accompanied 1,500 head of cattle en route from Wilcox, Ariz., to Lamar, Colo., through this city.

Nearly two thousand five hundred head of cattle were shipped from Hachita, N. M., through this city to northern points.

The Chiricahua Cattle Company shipped 1,750 head of cattle from Wilcox, Ariz., to Oklahoma. This is the largest cattle company in Graham county, having two ranches, one in the Gila district and another near Cedar Springs.

A train load of choice steers was shipped from the Brown ranch on the San Pedro river, in Arizona, to R. F. Gardner of San Bernardino, Cal. In the train load were a couple of cars of cattle for slaughter, while the balance will be put on pasture.

In the San Pedro district the stockmen say that conditions are supreme, with an abundance of feed and good prices prevalent.

In spite of the belief that the Santa Fe railroad would be unable to handle stock shipments this year, the lack of cars has lately been remedied and a number of train loads of stock have gone out over that road.

One shipment was destined for Colorado points, the cattle coming from the Stockton Brothers, N. H. Anderson, Ed Elzace and Crain Brothers. Another lot was sent out by the Diamond Bar and Carpenter Companies and consisted of about six hundred head. The Chico Cattle Company delivered a large bunch to the Santa Fe railroad.

After being quarantined nearly a year, the quarantine on Arizona cattle has been lifted. Dr. P. G. Kampshmidt, the quarantine official in charge, has left Tucson, where he made his headquarters. The establishment of the quarantine resulted from the importation of eight bulls, which were affected with scab, from Kansas. The bulls were shipped to Wilcox, where half of them were killed. The balance recovered. As a precautionary measure, the government established a general quarantine over the entire territory. Inspection was required in all parts of the territory. When leaving Tucson, Dr. Kampshmidt pronounced the Arizona cattle in prime condition. Freedom from Texas fever, which is prevalent to a greater or less degree throughout this latitude, is not found in Arizona.

New Mexico cattlemen are already beginning their plans for their exhibits in the fall at the show of the New Mexico Live Stock Association, which will be held in Albuquerque in September. The management is planning to make the live stock show one of the most important features of the annual fair.

According to the statement of Carlshad, N. M., sheep rates, the sheep industry in the Pecos valley is in more favorable condition than it has been in the past twenty years. They support this statement by citing a canvass recently made by R. G. Dun & Co., through their cattle bad agency. Although there were heavy losses during the most severe part of the winter, the Pecos Valley as a whole has been free from disaster otherwise, while what sheep survived are in unusually satisfactory condition. The lamb crop has been large in the southern counties, and the wool crop, not only in the Pecos valley, but in the entire territory, is heavy. Prices are keeping up well and the sheepmen are making handsome profits.

A clip of wool made by William McIntosh of McIntosh, N. M., was sold to Meyer Friedman of Las Vegas. The clip amounted to 135,000 pounds. A smaller clip of about 100,000 pounds was sold by the John Becker Company of Willard, N. M., to Eduardo Chavez of Albuquerque. The wool in both cases brought 22 cents a pound.

H. E. Campbell of Flagstaff, Ariz., shipped over the Santa Fe railway a train load of twenty-two double-deck cars of sheep to Kansas City. Sheepmen say that from this district nearly five hundred cars of sheep, awaiting shipment, are being held back on account of the scarcity of cars.

Several of the territorial police unsuccessfully made a long chase after thirty-five head of cattle that had been stolen from the Chaves ranch near Pinos Wells. The trail was lost, and it was impossible to find any trace of either cattle or thieves. The Pinos Wells have suffered heavy losses from marauders.

## HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

Wat To Do

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water, a scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in The Fort Worth Daily Telegram. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Tillar of Colorado City 2,000 steers, delivered here and shipped to Texline.

Charles Derrick returned yesterday evening from Knox and King counties, where he received cattle from Roy B. Burnett and Frank Pitton for Lewis & Molesworth of this place. Both bunches comprised something like 1,500 head and are said to have been AI stuff. Both bunches were sold almost as soon as bought, the Burnett stuff being shipped from Estelline, while the Patton bunch went north from Childress. Mr. Derrick says he never saw the lower country in better shape. In talking to the Stockman-Journal reporter he said: "The Knox King county country is in especially fine shape this year, better I might say than I have ever seen it, and I have been keeping up with it pretty well for years. Grass in places is knee high and cattle are fat as can be. The cowmen down there sold pretty heavily last year and the pastures are not as well stocked as usual. This, with the good season, means that the lower country will have something good in a cattle way to offer the buyers next year."

To Drive Out Malaria And Build Up The System Take The Old Standard GROVES' TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simple Quinine and Iron in a tasteless form. The Quinine drives out the malaria and the Iron builds up the system. Sold by all dealers for 27 years. Price 50 cents.

## IMMIGRATION ADDS VALUE TO WEST LANDS

### Southwest Real Estate Is Too Valuable for the Raising of Cattle

SAN ANGELO, Texas, June 10.—With such splendid seasons and prospects for splendid crops this year, there is a noticeable increase in the immigration into West Texas and the price of land continues to advance. The stockmen say that land is becoming too valuable for use in raising anything but the best of stock and the old cattle ranches are giving way to stock farms and smaller places of restricted area which produce, however, better profits on the investment and raise altogether fine stock. Many ranchmen are each year being converted to the ranks of the farmers and this year a number of stockmen are putting in irrigation plants. G. W. Bradford of Menardville was here this week purchasing an outfit to irrigate 150 acres on his place six miles from Menardville.

The first trial of the dipping plant here for actual use was made this week, when J. B. Gailher of Monument, N. M., arrived here with a herd of 483 cows and twenty-eight calves he had brought across

the quarantine line. The cattle were dipped under the supervision of C. E. Maudlin, government inspector, and the vat worked like a charm. The cattle suffered no evil consequences from the dipping and passed inspection and were taken across the line at Sterling City.

The First Booking

The first booking of cars for shipment of fat range cattle to market is for June 17. There will be heavy shipments of fat range stuff this summer. If the market holds up, and after the 17th the shipments will go out right along clear on through until fall and perhaps until winter.

Twenty-eight carloads of fat range muttons went out last week and now seventeen cars are ordered for tomorrow. It appears that there are still a lot of fat muttons in the country to go to market. J. B. Kerr, the St. Joseph stock yards' efficient traveling representative, estimated while here last week that there were 20,000 muttons still to go out at that time. There are a world of fat muttons in the country. Sheep of all kinds are in heavy demand here, and at good prices and the sheepsman are making a good many trades among themselves. Ed D. Miller of Concho county bought of John Berry 2,300 dry sheep and 5,000 ewes and lambs, including 1,075 shorn muttons at \$3.25 each. Prices for other sheep not stated.

The sheepsman are expectantly awaiting the sale of the spring clip when a half million dollars and more will be turned loose in San Angelo with which the sheepsman will pay their debts and buy more sheep (if they can find them). Sheepsman's credit now is good anywhere. This last shearing of wool measures an inch to an inch and a half long.

E. Boatwright of Sweetwater was here during the week, looking for steers with which to stock the Ware Commission Company's big thirty-section ranch in Nolan county. Steers are hard to find, he said, but he had succeeded in getting 1,200 three- and four-yr.

## EDITOR DIES

William H. Rogers of the New York World Staff

NEW YORK, June 10.—William H. Rogers, for fourteen years a member of the editorial staff of the World, is dead from acute pneumonia. He was born in Janesville, Wis., in 1855, and was graduated from Beloit. Upon leaving college he went into the newspaper field at St. Paul and Minneapolis, shortly becoming night editor of the Chicago Tribune. In 1891 he came to this city.

## NICE TO FORGET YOUR STOMACH

You know anyone in perfect health never "feels" at the stomach; it's forgotten like any other part of a perfect running machine. No jar, no shock, no sensations at all; just easy, pleasant, restful work—duty well done.

## THE WAY

lies in the proper selection of food and drink, getting down to Nature's principles, plenty of good air, good water, and particularly plenty of good food that will easily digest, and nourish and rebuild, not clog up.

## A Food Expert.

Understanding how the body worked upon food and what kind of elements it required to rebuild itself, used this knowledge in a skillful way to produce a perfect food and called it

## Grape-Nuts

There is the natural Phosphate of Potash and Albumen, from which the life forces make the soft gray filling of nerve centers and brain, so brain fog and nervous prostration disappear for the user of Grape-Nuts.

Then again, in Grape-Nuts the starchy part of the Wheat and Barley has been changed into sugar by cooking at the factory, and, as that is exactly the condition which starchy food, bread, cake, oatmeal, potatoes, etc., assumes after the first act of natural digestion has taken place, so we find Grape-Nuts has passed through this process, outside the body and is therefore properly termed pre-digested, a tremendous help for those who are a bit weak in digestive power, and so comes

## The Old Joy

of health, with its youthful glow and warm, keen pulse of vigor and energy will come back. The years are forgotten, and so is the stomach, but you'll KNOW you have a strong, sturdy, well-fed brain, for all the important brain-building elements are there in GRAPE-NUTS. Dozens of choice recipes for fascinating dishes found in the pig.

## Trial 10 days of GRAPE-NUTS proves.

"There's a reason."

## Hold For High Prices

Cattlemen in Clarendon County Have Plenty to Sell

CLARENDON, Texas, June 10.—A peculiar condition of affairs prevails at present in the cattle circles of the Clarendon country. Buyers are plenty and here the stuff to sell is here in abundance, the desire to sell is pronounced, the price is really as good or better than could be expected, but still business in the cattle line has not been so dull since the coldest part of last winter. Various explanations are given for this state of affairs, the most feasible being the price asked for good stuff. Buyers seem anxious to get everything in the cow line that is for sale, but they seem to be afraid to tackle the proposition on a large scale at prevailing prices with the market in its present partially unsettled state. Nothing, so far as the Stockman-Journal's correspondent can learn, has been offered for sale but that there has been some one to pick it up at either a loss or a profit. No great amount of stuff is on the open market here at present, but what is there is rapidly being sold. About 4,000 steers are now on the market here and their sale is expected within the next few days.

Tom Adams was here from Knox county last week and sold a small bunch of 3 and 4-year-old steers to local buyers at satisfactory prices.

Harve E. Sparks of Clarendon was in Clarendon from his Matador ranch this week with a bunch of 1,000 yearlings, which he disposed of to a northern buyer at \$17.50.

Scoggins & Brown sold to northern buyers this week 3,300 steers, which were shipped from Estelline.

Harro & Stinson bought from Bush &

**NO SERVICE TONIGHT**

There will be no services at the tent meeting on East Leuda street tonight, but services will be continued over Sunday. Mr. Hamlin will preach in the morning at the tent and perfect some kind of oration for the coming week. All Christians who want to assist in this work are requested to meet for worship and work at 11 o'clock Sunday. The night service beginning at 8 o'clock will be a service for all people. Especial attention will be given to the song service and a great number of pictures of local interest will be shown on the screen. Pictures along Main street of the picnic party boarding the car for Handley and several views of the park at dinner and at sports about the park will be shown. "The Rock of Ages" will be illustrated and all those who have seen it before will want to see it again and those who have not seen it will be interested to know that these beautiful pictures can be seen. A number of pictures illustrating the Bible reading will also be shown.

THE BEEF TRUST QUESTION The investigation of the alleged beef trust was resumed at Chicago by the Federal government June 7, after a short recess, taken, it is believed, to enable the authorities at Washington to examine and pass upon the character of the evidence already secured.

It is believed that if the government had not become convinced that it was on a very warm trail there would have been no resumption of the Chicago investigation. Up to the moment of adjournment the investigation had already cost the government the sum of \$125,000, which is one-fourth of the total amount appropriated by congress to be expended in an investigation of all the trusts complained of in the country.

Parties who are in close touch with the president of the United States are authority for the assertion that he is very much displeased with the Garfield report, which has been construed into something of an official whitewash for the big packers. It is said that around Washington this report is looked upon as a genuine hoax, and is never spoken of except in terms of abject derision.

Representatives of the packers recently went to Washington to protest against the methods employed by the government in the pending investigation at Chicago, but the report is that they obtained very cold comfort. Their protests fell on deaf ears, and the idea engendered by the Garfield report that it was possible to explain away every appearance of collusion and operation in restraint of trade has gone up in thin air.

There can be no doubting or denying the fact that the men engaged in this government investigation have met former worthy of their steel. The big packers, if they are engaged in a combination, as is so generally charged and believed, did not enter into that combination with their eyes closed. They knew they were going up against the law of the land, and they have exhausted every art in an effort to cover their tracks so that evidence cannot be easily discovered.

Cattle men all over the country have not weakened a particle on the allegation that there is a beef trust in existence, and they are firmly of the opinion that the market is being manipulated every day in the week by the men who are so thoroughly in control of the situation. The recent improvement in the price of cattle, they assert, is but the natural result of shortness of the supply, coupled with the result that was naturally to be expected from the pending government investigation.

additional facts to light, and this, with the evidence already adduced, will be sufficient to break up the combination. Such is the hope that is now inspiring the breast of the average cattleman, but it will take time to fully demonstrate whether or not it will bring about the desired fruition. The alleged beef trust seems to be getting in a very close and uncomfortable hole.

THE FARMERS' UNION The daily newspapers which placed their columns at the service of the railway lobby in an attempt to defeat the rail measures passed during the late session of the legislature are highly elated at the discovery which they have just made that the Farmers' Union is going to the presence of the public and general organizer of the union at Austin, while the tax measures were under discussion, gave great offense to these organs. They were not at all disturbed by the hundreds of representatives of the railroads, working day and night for the notorious merger bill—who were there, but they viewed with grave concern the appearance at Austin of two men representing the farmers of the state. It was in this sign that the union had become a populist appendix, that it is going into politics, and that it must inevitably fall to pieces.

An energetic, aggressive farmers' organization, wisely conducted and most helpful influence in this state. The professional politicians have always opposed and will always oppose the growth of such an organization, because it operates as a straining influence upon the political and financial dealings with public service corporations. In view of the public interest which attaches to this last enterprise of the farmers, the lanterns have been put into the hands of the facts of the reported division in their ranks. The situation, boiled down, is this: At the last state meeting of the union a committee was appointed on amendments to the constitution of the order. This committee met and adopted certain changes in the constitution. On one side, it is contended that by the terms of its appointment these amendments go into effect at once; on the other, that it is necessary for the local organizations to meet before the changes shall become effective. This is the full extent of the controversy, which relates solely to a question of procedure. It will be finally settled at the next state meeting, to be held in August, and probably no more than would attend the settlement of a similar issue in the highest form of the Masons or Odd Fellows. Some friction is always aroused by questions of this sort, but the prophecy is wide of the mark that the union is going to dissolve in a fit of hysteria over a small matter. Its membership in Texas and elsewhere is rapidly increasing.—Dallas Lantern.

The Telegram is not among the easily offended of Texas daily newspapers referred to by the Lantern, which placed their columns at the disposal of the railroad lobby. But the Telegram has printed some suggestions to the members of the Farmers' Union, cautioning the membership against the apparent effort that was being made to land the whole organization, bag and baggage, in the populist camp. These suggestions were not intended as strictures upon the farmers' organization, but as a friendly warning against those who are seemingly bent upon the prostitution of its legitimate purposes.

The explanation made by the Lantern is a plausible one, but it does not go far enough. The division that arose among the officers of the organization is of minor importance and does not affect the public except to call to mind that old axiom that little birds in their nest should agree, and the further suggestion that a house divided within itself must surely fall. What the people of Texas who have been very friendly toward the farmers' organization want to know, is why there is an apparent consolidation of the organization with the remnant of the populist party? Why should the men who have long fought Texas democracy and who are fighting Texas democracy today, become so prominent in the affairs of the organization? Why was the Southern Mercury, the official organ of the populist party in Texas, made the official organ of the Farmers' Union?

If it was necessary to have a Dallas weekly paper as the official organ of the Farmers' Union, what was the matter with the democratic Texas Farmer, published by Farmer Shaw, who appears to be a wheel horse in the Farmers' Union? What was the matter with Texas Farm and Ranch, the peer of any agricultural paper in the United States, and which publication is doing more for the agricultural interests of the southwest than all other publications combined? What was the matter with democratic Frank Holand and his publication that it was not made the organ of the Farmers' Union? Was the Southern Mercury, published by Milton Park, the true and tried remnant of the populist party in Texas, the only available material out of which to construct an official organ for the Farmers' Union?

This is the occurrence that has caused the people of Texas to stop and think that there is something radically wrong with the situation, and to inspire the belief that the remnant of populism in this state is seeking to build itself up again by the absorption of this new farmers' organization. This it attempted to do with the grange, did with the alliance, and history has a wonderful propensity for repeating itself. The populist leaders realize that this is their last chance, and there can be no questioning the fact they are seeking to embrace the opportunity.

The people of Texas earnestly desire the success and prosperity of the Farmers' Union, but they demand and expect that success and prosperity to come to it outside the populist party. They desire that the farmers shall confine themselves to legitimate purposes and not become the tools of a few mossback and worm-eaten politicians who would sacrifice the new order any day to advance their own personal interests. The crisis so long expected in European affairs seems to have arrived in the declaration of independence by Norway, which country has just severed the bond that united it with Sweden. The announcement is made that England is prepared to back up the Norwegians in their action, while the German emperor has taken the side of Sweden in the controversy, and it is believed he will back his choice with force if necessary. The situation is one that is full of peril so far as the continued peace of Europe is concerned.

GLEANINGS FROM EXCHANGES

The Cotton Growers' Association is going to show Mr. Hyde that his estimate of 28,000,000 acres of cotton for this year is too large. Well, Hyde will not care if there is a rake off in future years. If the amounts away in their inside pockets.—Cleveland Review.

The cotton growers of the country seem to assume that the national government is their enemy and resent nearly all of its cotton figures. This is all wrong, for the government can have no desire in the premises except to make public the actual facts.

If the canal commission has a right to buy where it can buy the cheapest, why shouldn't the citizens have the same privilege? It is not very pleasant to have tariff and trust robbers going through your pockets.—Corsicana Courier-Light.

The government does not appear willing to take the same medicine it administers to the people. It seems to be a clear case of whose ox is gored.

WITH THE CATTLEMEN

DIPPED CATTLE THRIVING Leslie J. Allen, inspector of the bureau of animal industry, in charge of the government inspection at the dipping vats in the Osage and Kaw Indian reservations, has filed an official report with Colonel Albert Dean, showing the condition of cattle dipped in that district, as per government instructions, during the present season. This report is of unusual interest for the reason that many rumors have gone forth to the effect that the loss from dipping has been very heavy.

Mr. Allen, after enumerating the local pastures inspected by him, says: "The total number of cattle in these pastures is 14,388 head, and I found all doing remarkably well. As a rule, the dipped cattle are in better condition than those wintered in the reservations. This may be due, however, entirely to the fact that they were in much better flesh when put on pastures. In some instances it was impracticable to see the owner or party in charge of the cattle, therefore the information obtainable, was in some cases inaccurate, but such as to warrant the statement that the loss by death, from all causes, has to date been approximately 129 head—some what less than four-fifths of 1 per cent. I think it would be fair to conclude from the above that the loss by death by reason of dipping has not exceeded one-half of 1 per cent."

It appears that all herds were very much stiffened (probably due wholly to soreheads of the skin) for some ten days to two weeks after dipping. At this time, however, it is rare that any animal shows any signs of disease. Buried and dipped and the wintered cattle in this vicinity appear to be entirely free from tick infection.

KANSAS CITY, June 10.—H. Wigglesworth, of Cummings, Kan., a well known stockman, who has been a trader on this market for several years, arrived here yesterday from a two weeks' trip through Texas, including the Pecos valley. Mr. Wigglesworth went down to that country to look the cattle situation over, and while there he purchased thirty carloads of stockers and heifer steers.

"The prices of cattle are high all over that country by the ranchers at high prices. Of course a good many have been shipped to market, they got out about one month earlier this spring than usual on account of the good grass. And let me say right here that the heavy runs of grass cattle will be a month earlier this summer than usual. In former years we got our heavy runs along in August and sometimes in September, but this year they are bound to come right along early. Cows have been selling at \$16 down there, which is high, and yearling steers have been picked up at correspondingly high prices."

SUNFLOWER PHILOSOPHY In every newspaper a lot of space is wasted. Here is something new: an Aitchison fat woman is melancholy.

Nothing makes us quite so mad as to have people say: "What made you do it?" It is terribly hard to impress people with the importance of aiding in a good cause.

It is all right to do things for your town, but first do things for your home and family. Country papers are kind: When anyone dies, it is "a good soul gone to its reward." Nothing ever said about punishment.

STEPS NEEDED TO ADVANCE FORT WORTH

Editor Telegram, Concerning suggestions for the advancement of Fort Worth, I beg to make an earnest plea for more attention upon the part of our people from the esthetics. We may define esthetics as the theory or philosophy of taste, the science of the beautiful; that which pleases the eye, elevates the spirit, inspires the soul, and tends towards a higher development of those mental and spiritual influences which lead to the constant and daily enjoyment of life. In short, it means to put your properties in order and keep them so.

Suggests Competition If there was only some way to create a keen competition between the individual citizen in matters esthetic, I opine that it would soon be admissible to change our name from Fort Worth, the Panther City, to Fort Worth, the beautiful. And really when we come to think about it, it would be a very easy thing to do if once we could get started right. But in these matters the individual is rather apt to follow the example as may be set by the municipality in which he may live.

Prizes for Shade Trees If some acceptable prize could be offered each spring for the best half dozen one and two and three-year-old shade trees raised by the private citizen within the city limits, and if the city would have an arbor day each year and encourage the school children toward planting trees, the habit might become ineffective, and Fort Worth the beautiful become truly a reality. Every house in the city ought to be plainly and rightly numbered and the names of the streets should be properly posted at every crossing.

QUAKER REFLECTIONS

A put up job—awnings. Even the smallest men can do some tall lying. Some men are as hard to deal with as a worn-out pack of cards. It is necessary to raise the dust even before you buy an automobile. The hero of the hour is never much more than a nine days' wonder.

Most Anything A word from Josh Wise. Sometimes, if a fellow had only stopped to think, he wouldn't have fought; an' sometimes if he'd only thought a little longer, he'd have been sure to fight.

HOPELESS "Say, old man, why can't you join our Don't Worry Club? Can't you come over to our smoker tonight?" "No, thanks, old man, I'd much rather stay home and play with the children."

WHEN NEWS ARE SCARCE When news are scarce as they are at present, and editorials are not so suitable to the readers, and no excuse will be accepted, it puts the editor in no enviable position. Our aim is to please the people, not like all others, we sometimes miss the one mark. We might say a great deal, not all true, and that would be deceiving the people, which is not in any way right.—Bellbrook (O.) Moon.

TEXAS MELON CROP  
BEGINS TO MOVE  
Heavy Shipments to Northern  
Markets Begun Through  
This City

The watermelon crop has begun to  
move from South Texas to the northern  
markets and several car loads will be  
moved during the next few days. The  
melons will come from the Aransas Pass  
and Southern Pacific territory.  
Cucumbers, cantaloupes and potatoes  
are also moving in considerable quantities,  
while tomatoes are going to market from  
the country along the Cotton Belt and the  
International and Great Northern lines.  
Much of this stuff is going to market  
via Fort Worth.

BROWNSVILLE ELECTION  
Thomas H. West Member of Executive  
Committee

Stockholders of the St. Louis, Browns-  
ville and Mexico Railroad Company have  
just held their annual meeting and elected  
the following directors: B. F. Yoakum,  
S. W. Fordyce, Thomas H. West, Uriah  
Lott, Jeff N. Miller, R. J. Elberg, Robert  
Driscoll, John G. Kennedy, John B.  
Armstrong and P. Ytiria.  
The stockholders then elected the fol-  
lowing officers: B. F. Yoakum, president;  
R. J. Elberg, first vice president; Jeff N.  
Miller, second vice president; H. W.  
Adams, secretary, and J. D. Finnegan,  
treasurer. The executive committee con-  
sists of S. W. Fordyce, chairman; B. F.  
Yoakum and Thomas H. West, with Ed-  
ward C. Elliott of St. Louis, general at-  
torney, and Duval West, assistant general  
attorney.

No action was taken as to the location  
of the general offices and shops, but will  
be held in an early date. Houston  
will probably be chosen.  
Thomas H. West, mentioned above in  
the list of directors and officers, is a  
Fort Worth man.

CLOSE COMPETITION  
Santa Fe and Southern Pacific After  
Truck Business

The Santa Fe and the Southern Pacific  
roads are waging a relentless war-  
fare in an attempt to control the ship-  
ments of green products that are coming  
from the Sacramento River Valley coun-  
try. Every effort possible is being made  
by the officials of these roads to control  
the shipments, which are a big thing.

Until last year the Southern Pacific had  
a monopoly of this business, which proved  
most lucrative. By chartering a river boat  
last year the Santa Fe was able to divert

NATURE TELLS YOU,  
As Many a Fort Worth Reader Knows

When the kidneys are sick;  
Nature tells you all about it.  
The urine is nature's calendar.  
Infrequent or too frequent action;  
Any urinary trouble tells of kidney ills.  
Doan's Kidney Pills cure all kidney ills.  
Fort Worth people testify to this.  
N. F. Fogle, bricklayer by trade, residing  
at 1508 Calhoun street, says: "Doan's  
Kidney Pills, sold at Weaver's Pharmacy,  
have benefited me in every way and I  
can without hesitation to any one needing  
a good remedy for the kidneys. Off and  
on for more than a year I have suffered  
from irregular action of the kidney secre-  
tions. This was particularly noticeable  
during the night, when my rest was so  
disturbed that I rose in the morning  
feeling tired and unrefreshed. A dull  
aching pain seated itself in my back, and  
in spite of plasters and different remedies  
that I used the trouble still remained. I  
had read a great deal about Doan's Kidney  
Pills being good for the kidneys and I  
procured a box. They relieved the diffi-  
culty with the kidney secretions and the  
backache which had annoyed me so much  
disappeared entirely and up to date there  
has not been the slightest indication of my  
old trouble."

A part of the 1,000 car loads of green fruit  
to its lines. The Santa Fe had five  
boats especially adapted for fruit traffic  
constructed. It has three decks and a  
carrying capacity of 600 tons. To offset  
this move the Southern Pacific has an-  
nounced that it will build a railroad  
through the fruit section now reached only  
by river boats.

ANOTHER SYSTEM  
It is said here that at the annual meet-  
ing of the Colorado and Northwestern  
to be held at Boulder, June 20, it is more  
than likely the directors will vote to turn  
the property over to the Colorado and  
Southern, and that the road will then be-  
come a part of the great system being  
planned by Messrs. Yoakum and Moore.  
The road is being made into a three-rail  
line between Denver and Boulder.

WOODLAKE EXTENSION  
The Frisco will run a "breezy" excu-  
sion from Fort Worth to Woodlake Park  
near Sherman, Saturday, June 17, at  
popular rates. The train will leave this  
city at 8 a. m., and the rate will be \$1  
for the round trip. Returning the train  
will start from Woodlake at 7 p. m. For  
the amusement of the excursionists there  
will be ball games, foot races, boating,  
etc. No baggage will be checked on these  
tickets. There will be quite a large  
crowd going from this city and surrounding  
places.

REDUCED SERVICE  
On June 15 the double passenger train  
service between Laredo and the City of  
Mexico on the National lines of Mexico  
is to be discontinued on account of the  
light travel during the summer months.  
This service will be again resumed in the  
fall. By that time new steel rails will  
be laid, which will permit of a speed  
of sixty miles an hour.

ROCK ISLAND CASHIER  
Announcement has been made that O. E.

agent of the Rock Island-Frisco office in  
Dallas, will come to this city June 15  
to become cashier of the new freight office  
of the Rock Island in North Fort Worth.

GROCCERS' MEETING  
FULL OF INTEREST  
Co-operation in Union Meas-  
ures to Be Urged by Fort  
Worth Member

The fifth annual convention of the  
Texas Retail Grocers' Association will be  
held at Mineral Wells, June 13 to 14.  
The sessions will be held in the new  
Chautauqua assembly hall, which has a  
seating capacity of 2,500.

It is estimated that the attendance will  
be the largest since the organization of  
the association five years ago. Delegates  
will come from all parts of Texas, among  
some of them being Fort Worth, Dallas,  
San Antonio, Denison, Waco, Tyler, Cor-  
sicana, Waxahachie, Greenville, Galnes-  
ville, Cleburne, Midlothian, Texarkana,  
Temple and Austin. Some of these dele-  
gations will arrive in Fort Worth Sunday  
in special cars. From Dallas there will  
be something like eighty members, while  
Fort Worth will send in the neighborhood  
of fifty.

The train for Weatherford will leave  
over the Texas and Pacific about 7:30  
o'clock and will be met at Weatherford  
by a special delegation of Mineral Wells  
grocers and business men, headed by  
Mayor Highsmith.

To date there is but one town that has  
publicly announced its candidacy for the  
1906 state convention of grocers, and that  
town is Denison. Secretary J. C. Martin  
of the Fort Worth association says it is  
likely that there will be other city in  
the race for the next meeting.

Delegates from Fort Worth are: R. H.  
Griffin, H. H. Pittman, J. C. Martin,  
Henry Hammann and H. J. Adams. The  
alternates are: T. F. Murray, J. H.  
Sears, J. L. Sealey, O. E. Colvin and M.  
P. Ferris.

The convention will be called to order  
at 9 o'clock Tuesday morning, June 13,  
by President E. E. Smart of the Mineral  
Wells association. The address of wel-  
come will be delivered by Mayor F. C.  
Highsmith on behalf of Mineral Wells.  
The response will be by Julian Capers of  
Dallas. The address of welcome on be-  
half of the Mineral Wells grocers will be  
made by City Attorney M. H. Baughn, J.  
P. Kline and "Credit," by A. P. Foutte  
of Fort Worth.

Following Mr. Kline the annual address  
of President James H. Riley of the state  
association will be delivered, after which  
the president will appoint the standing  
committees. Reports will occupy the af-  
ternoon session. In the evening, beginning  
at 8 o'clock, a smoker and Bohemian  
lunch will be served at Sangre Spruvel  
halls.

On the second day at 7:30 o'clock in the  
morning the visitors and delegates will  
be tendered a "donkey" ride on East  
mountain, and at 9:30 o'clock the regular  
session of the convention will begin. The  
first order of the day will be reports of  
special committees, followed by an ad-  
dress on "What the Association is Doing  
in Texas," by Julian Capers of Dallas.  
Other addresses in the forenoon are: "The  
Development of the Retail Grocery Busi-  
ness in Texas," by W. E. McConnell of  
Palo Pinto, and "Credit," by A. P. Foutte  
of Fort Worth.

The order of business in the afternoon  
of the second day will be: "Business Life  
As a Profession," by Albert Stevenson of  
Mineral Wells; "Fraternity," by Fred  
Hanson, secretary of the National Association  
of Retail Merchants. The election of offi-  
cers and selection of the next meeting  
place will then take place, and at night  
the delegates and their wives will be  
tendered a grand ball at Hawthorn pavilion.

IMPORTANT QUESTIONS  
It cannot be stated in advance of the  
convention just what legislative matters  
are to be discussed, with the exception of  
a few which J. C. Martin of Fort Worth  
will bring up. "One is in reference to a  
more equitable garnishment law," said  
Mr. Martin. "It is likely that a commit-  
tee will be appointed to prevail upon the  
state legislature to repeal all the exemp-  
tion laws now in force in Texas, for the  
purpose that all men shall be equally re-  
sponsible before the law. The matter of  
supporting the child-labor law and a  
compulsory education law will probably  
come up for consideration by the conven-  
tion."

The association may also give consid-  
eration to a measure looking to opposition  
to all measures that tend to tear down  
the business of the home merchant and  
manufacturer and build up the non-resi-  
dence houses in consequence, and also to  
discourage trading with non-resident cat-  
alogs, peddlers and transient  
merchants.

matter of giving preference to union-made  
goods, all things being equal, and favor  
legislation along the lines of furnishing  
better factory inspection and protecting  
the lives of employes.

The Grocers' Association of Iowa has  
taken up these matters in conjunction  
with the State Federation of Labor and  
appointed a joint legislative committee,  
which will go before the legislature of  
that state in an effort to have their  
desires incorporated into law.  
It is Mr. Martin's idea that the same  
action should be taken by the Texas  
Grocers' Association with the joint assist-  
ance of the Federation of Labor, and  
with this end in view will bring the mat-  
ter before the Mineral Wells convention  
for its indorsement of the plan.

CREWS RELEASED  
Man Who Has Had Three Trials Out on  
Bond

After an imprisonment in the county  
jail for two years, Andrew Crews was  
given his liberty Friday evening on a  
\$1,000 bond.

Crews was indicted for complicity in  
the murder of Hendricks Long in this  
city in 1903.

Long was a young farmer who came to  
Fort Worth with a load of charcoal from  
Aale. Soon after reaching this city he  
suddenly disappeared. The finding of a  
span of mules he drove was the first clew  
led to the belief that Long has been  
officially murdered. An investigation by  
the officers showed strong evidence that  
he had been murdered and his body was  
found in the river below the bridge back  
of the county jail.

Crews was tried in the Seventeenth  
district court on a charge of murder and  
given a life sentence. He was given a  
second trial, which resulted in a hung  
jury. A third trial resulted similarly.  
After his release from jail Crews  
left with friends for his old home at Ber-  
wyn, L. T.

FACTORY CLUB AT WORK  
Secretary Issues Statement to the Mem-  
bers

Secretary Hard Butler of the Home  
Factory and Industrial Association has  
issued the following announcement to  
members:

"To each and every member of the  
association is being extended a pressing  
and cordial invitation to pay the office a  
visit, even though for only a few min-  
utes. It is one of the objects and pur-  
poses of the association to make it a  
mutual organization for the betterment  
of our city. The greater the number who  
will kindly call to exchange their ideas  
and views as to the needs of the city,  
the greater will be the good our associa-  
tion will be able to do.

"So we cheerfully recommend that all  
members who wish to see Fort Worth  
people take the time to either call in per-  
son or call up by phone, thereby rendering  
service not only to self, but for the gen-  
eral welfare and upbuilding of an asso-  
ciation of our own city."

"The object for which the association  
was organized is being met with much  
success. We already have under consid-  
eration the locating of a wholesale saddlery  
house, home furnishings factory, a box  
factory, a rug factory, a cotton factory and  
other enterprises of worth. We have  
also many inquiries for literature and  
data as to advantages offered by Fort  
Worth."

POLICE MAKE ARRESTS  
Two Men Charged With Robbery Under  
Bridge

Two men have been arrested by local  
police officers and detectives, charged  
with robbery. Frank Morgan, a farmer  
from Sherman, who says he was robbed  
under the Hattie street bridge, Thursday  
night, and for whom a \$500 reward has  
been offered, is held in the city. The  
men arrested with working a game on  
him securing \$200.

Friday, in working on the case, Detectives  
Allen and Ray and Policeman Temes  
traced Morgan to a building in Houston  
street. In searching the place they  
did not find the men, but discovered three  
"hop" or opium outfits which were con-  
fiscated.

The detectives then left the place,  
leaving Officer Temes watching at the  
foot of the stairs. While Temes was on  
guard three men came down the stairs.  
The officer succeeded in catching one of  
them. The other was later arrested at  
step 3 on the Interurban by Detective  
Talbot.

COMMITTEES NAMED

NEW DIVISION ON  
SANTA FE MADE  
Its Territory Will Be From  
Belleville South—Other  
Railroad News

On June 30 the Santa Fe will create  
what is to be known as the Galveston di-  
vision, to be composed of the territory  
south from mile post 108.68, or from Bell-  
ville south, including the Houston branch  
of the road, as well as the entire Cane  
Belt railway. The new headquarters will  
be Belleville yards in Austin county, and  
the Eagle Lake headquarters of the Cane  
Belt will be abolished.

A. E. Hurchison, at present one of the  
trainmasters of the southern division, is  
to be trainmaster of the new division.  
The change of the division will necessar-  
ily bring about several changes in the  
train crews, etc. The acquisition of the  
Cane Belt and increased business of the  
Santa Fe has made necessary this di-  
vision change.

DOWIE RAILROADING?  
Prophet's Council Denies He Is With Syn-  
dicate

Judge V. V. Barnes, legal advisor for  
David Diaz City, to be established in  
Mexico, denies that Dowie is working  
with a railroad syndicate, and that the  
Mexican government has withdrawn any  
of the concession granted him.

In a dispatch sent from Galveston un-  
der date of May 28 it was stated that  
Dowie has impeded his standing with  
the Mexican government after having  
been granted a 2,000,000-acre concession  
in the state of Tamaulipas, on the Gulf  
coast. Dowie, the dispatch stated, was  
authorized by President Diaz to build  
railroad lines within his immense con-  
cessions, but that it had been discovered  
that the surveys had been made 100 miles  
beyond the Dowie grant, which aroused  
the belief among the Mexican authori-  
ties that Dowie was operating in connec-  
tion with a large American railroad syn-  
dicate. The statement was made that the  
concessions had been withdrawn by Presi-  
dent Diaz. At this, says Judge Barnes,  
it is untrue that the concessions remain in-  
tact and there is no friction between the  
Mexican government and Dowie.

POLK AT WORK  
Colonel L. J. Polk is still pushing his  
railroad enterprise from San Antonio to  
Rio Grande City, a distance of about 250  
miles. He is now securing bonuses and  
right-of-way through Live Oak county.  
The people of that county lack \$20,000 of  
the required bonus to insure the road  
being built through that county.

TRADES ASSEMBLY  
Communication Addressed to Fort  
Worth Factory Club

The question of "open" and "closed"  
shop came up for discussion in the  
Fort Worth Trades Assembly Thursday  
night, caused by an announce-  
ment that a Chicago factory was seek-  
ing a location where it could run an  
"open shop" and that the Factory Club  
might try and locate it in this city.  
The Trades Assembly instructed its  
secretary to notify the Factory Club  
that "open" shops could not be run  
in this city—that an institution might  
run a union or a non-union, but there  
could be no combination of the two.  
This decision was reached after some  
discussion, believing it best for the  
Factory Club to be made aware of the  
real conditions.

Labor Day committee reported that  
progress was being made; that they  
had been promised a speaker from one  
of the international executive boards  
and that they had the assurance that  
all of the union farmers of this county  
would participate in the celebration.

THE GREATEST EPOCH  
OF MARRIAGE  
The first is the most crucial time.  
If for the first time the greatest  
event in your married lives is about  
to occur, how expectant, how wrapt  
up in it you find yourselves.  
You try to overlook, but in vain,  
that element of uncertainty and dan-  
ger that you have been led to expect  
from the experience of those mothers  
and fathers who have struggled  
through this ordeal in ignorance of  
Mother's Friend  
what it is, and what it does.  
If at this time every expert man  
and wife, might know of this greatest  
purpose of alleviating and dispelling  
the suffering and consequent danger  
of child-birth, how quickly would all  
doubt and worry be dissipated.  
Mother's Friend is an invaluable  
liniment for external massage, through  
whose potent agency countless moth-  
ers have been enabled to experience  
the joy of parturition for the first  
time without danger to themselves or  
their offspring.

**DOG TAXES PAID**

Sale of Tags Reported by City Collector of Taxes  
Despite the fact that the city council has taken no definite action this summer in regard to resuming dog catching, citizens who have untagged canines are beginning to purchase licenses.  
Reports from the city assessor and collector's office this morning are to the effect that the dog tax business is beginning to increase since the coming of the hot days.  
The matter of again sending the dog catcher on the street is in the hands of the police committee, which will bring the question up for settlement at the next council meeting.

**DOG TAXES PAID**

Sale of Tags Reported by City Collector of Taxes  
Despite the fact that the city council has taken no definite action this summer in regard to resuming dog catching, citizens who have untagged canines are beginning to purchase licenses.  
Reports from the city assessor and collector's office this morning are to the effect that the dog tax business is beginning to increase since the coming of the hot days.  
The matter of again sending the dog catcher on the street is in the hands of the police committee, which will bring the question up for settlement at the next council meeting.

**FIGURES DISBELIEVED**

Government Estimate Causes Comment in This County  
Speaking of the matter of the government cotton report, E. Forrester, a prosperous farmer living in this county near Oak Grove, said today that if the government report had placed the reduced acreage of cotton at 40 per cent rather than 14, it would be nearer the truth, so far as the judgment goes. He said: "On account of the backwardness of the crop and the further fact that constant rains have forced the growth of weeds to such an extent that cotton has been, in many localities, choked completely out, the yield will be very light all over the cotton districts and the acreage consequently greatly reduced from present expectations."

**CIRCUIT NOT SOLD**

Phil W. Greenwall Says Report is Erroneous  
Phil W. Greenwall returned Friday afternoon from New Orleans and denies emphatically a fair report sent out from that city that the Greenwall circuit had been sold. In regard to the matter, he said: "The report possibly originated from the publication of an item to the effect that the New Orleans Greenwall theater would be leased for burlesque shows, to complete a circuit, including New York, Chicago, Cincinnati and other cities, but this negotiation resulted in no deal. "The Greenwall circuit next year will be looked after just as it has in the past. Some of the larger attractions for next season have already been contracted for. The list will be all that theater-goers can ask for and will include not a few of the best attractions in the country."

**GRAIN HEADQUARTERS**

**MAY BRING FARMERS**

**Believed Union Offices Will Be**

**Established as Result of Dealers' Action**

Decision of the Texas Grain Dealers' Association to locate its headquarters in Fort Worth may lead to the establishment here of the headquarters of the Farmers' Union of Texas. For some time the members of the Tarant county union, aided by the members of other unions, have been working to have Fort Worth named as the place for the state headquarters and they believe that the location here of the central office of the grain dealers' organization will materially help them in their work, for the idea of having the producer and dealer closer together will be a strong card in favor of Fort Worth.

C. W. Woodman, county editor of the Tarant County Farmers Union, will leave some time in September for Texas, to attend the meeting of farmers' unions, when a movement will be started to form a national farmers' union and Texas is at present the strongest state in farmers' unions, an effort will be made to make Fort Worth national headquarters as well as state headquarters.

At the present time the farmers have unions in Texas, Louisiana, Mississippi, Alabama, Georgia, North and South Carolina, Missouri and Indian and Oklahoma Territories, with a total membership of nearly three-quarters of a million, of which Texas has more than 200,000.

At the meeting to be held in Texarkana there will be representatives from all these unions and it is almost a foregone conclusion that a national organization will be formed. Tarant county members will continue a vigorous campaign to land the state and national headquarters for Fort Worth.

**UNIONS PLANNING FOR STATEHOOD**

**Important Clauses Will Be Demanded in Territory Constitution**

C. W. Woodman, representative of the American Federation of Labor, has returned to Fort Worth from South McAlester, I. T., where he attended the convention of the Twin Territorial Federation of Labor. He says that the trades unionists of the territories, numbering about 20,000 persons, anticipating the admittance into statehood of Oklahoma and Indian territories in the near future, have begun work on a number of matters that they hope to have incorporated into the prospective state constitution that will settle at the outset things which have caused trouble in other states.

These measures include an eight-hour labor law, the initiative and referendum, and compulsory education.

These several matters will be put in the shape of questions to be presented to all candidates for office in the constitutional election and all candidates who declare themselves as being opposed to them will be fought by the trades unionists. The trades unionists announce that they will be aided in their campaign by the members of the Indian Farmers' Union, made up of 10,000 farmers in the two territories. This great power promises to work in conjunction with the trades unionists for the acquisition of the laws which the trades unionists have outlined as questions for the candidates.

A discussion of these questions took up a great amount of time at the convention of the territorial unionists and will play a conspicuous part in the convention of the Farmers' Union, which is to be held next month.

Woodman says that the members of the Farmers' Union and trades unions are determined to make a strong fight for the adoption of laws along the lines they have outlined and believe that they will have the support of the entire voting population of the two territories.

**OUR CAR HAS ARRIVED**

This is the second one this year—three last year; that alone should convince you that "PALACE CAR" READY-MIXED PAINT is being used extensively by the people of Fort Worth. Five solid car-loads, and not one single complaint—and remember also the popular price—\$1.50, not \$1.65, but \$1.50. We are satisfied with a living profit, and pleased customers. We need room badly—fire damaged goods are in the way. The price this week will move them all. Come early.
