

HEAVY RAINFALL CAUSES WRECK

All Railroads Entering Sherman Affected by High Water and Washouts

4 INCHES IN FIVE HOURS

H. & T. C. Fireman and Engineer Injured Near Sherman. Creek Out of Banks

Special to The Telegram.

SHERMAN, Texas, July 8.—As a result of a rainfall of four inches in five hours this morning every railroad entering Sherman from the north is tied up today and interurban connection with Denison is also broken.

The rain caused washouts on the Houston and Texas Central and Frisco railroads. While southbound Houston and Texas Central passenger No. 2 was coming into Sherman this morning it was wrecked three and a half miles north of here on the Missouri, Kansas and Texas tracks, which it was using, and as a result of the wreck traffic on that road is also blocked temporarily.

In the wreck the engine, tender and baggage car of the train left the rails. The fireman, J. V. Martin of Ennis, was seriously injured and the engineer, W. S. Manning, also of Ennis, was slightly hurt. Both men were taken to Denison. Several of the passengers were shaken up, but none was seriously hurt.

The rainfall this morning was accompanied by hail and a heavy electrical display. The Red river is reported to be rising rapidly and Choctaw creek is out of its banks.

As a result of this morning's storms crops are greatly damaged.

ELKS BEGINNING TO FILL BUFFALO

Program for Big Convention Begins With Reception Sunday

BUFFALO, N. Y., July 8.—While officially Elk week does not begin until Tuesday, official Elkdom began to come into town today for the annual grand lodge session and reunion. Many of the national officers were among today's arrivals.

Most of the delegations will come in tomorrow evening and Monday morning, when it is expected that no less than 10,000 Elks, with accompaniments, will be in the city. The preparations to greet them have been completed and the business section of the city is already blossoming out in purple and white, the colors of the order. The program for the week embraces the four days' session of the grand lodge and unlimited entertainment for the members of the order, who will have an immense variety to select from, all being free to those wearing the badge of the order. Outside of the grand lodge the most interesting attraction will be the contests of various sorts for prizes.

The social program throws open all resorts of the city to any one wearing an Elk's official registration badge. The completed program for the week is as follows:

Sunday—Reception of grand lodge members as they arrive. Automobile rides about the city through the courtesy of the Buffalo Automobile club.

Monday—Boat excursion from 2 to 6 on the steamer City of Buffalo.

Tuesday—Opening of grand lodge session at convention hall at 10 a. m. by Governor Higgins. Addresses by Mayor Knight and Wilard H. Tickner, exalted ruler of Buffalo lodge. Organized by the Hon. Simon Fleischmann on the Pan-American organ. Singing by the Buffalo Glee club and a chorus of 200 trained voices. 2 p. m.—Election of grand lodge officers. 4 p. m.—Band concert.

Wednesday—Annual parade of the order with lodges from all over the world and fifty bands in line. Grand ball at the Seventy-fourth regiment armory.

Thursday—Trip to the Lackawanna Steel Plant by trolley or boat. Picnic for the families of the visiting Elks at Park Lake.

Friday—Special excursion to Niagara Falls. The Niagara Falls Elks will entertain the visitors while at the falls.

Following the close of the reunion there will be special excursions to Chattanooga, Ocean Beach, Toronto, Fort Erie and other points of interest.

TWINS 88 YEARS OLD

Benham Brothers of Connecticut Celebrate Birthday

BRIDGEPORT, Conn., July 8.—Junius N. and Julius H. Benham, probably the oldest twins in America, today celebrated their eighty-eighth birthday by giving a shore dinner to their numerous relatives and friends.

The two brothers were born July 8, 1817, at Middlebury, Conn. They came to this city early in life and for half a century have been prominent in the building industry. They come from a long-lived family. Their grandfather lived to be ninety-four. Their father was eighty-eight at the time of his death and their mother lived to the age of ninety-six.

Their only brother died at the age of eighty-six. They are strictly temperate and regular in their habits and all their lives have been industrious workers. Both men are over six feet tall and not only look alike, but also dress alike so that it is almost impossible to distinguish one from the other.

WEEVILS IN OKLAHOMA

Greer County Man Hires Weevil and Weevils to Destroy Weevils

GUTHRIE, O. T., July 8.—The boll weevil is said to have put in its appearance in the cotton fields in Greer county, and, with the web worm, which has been causing so much damage, is expected to do great damage to the cotton crop in Southwestern Oklahoma. A rigorous quarantine law against the introduction of cotton seed from infected states was passed by the legislature last winter. The pest has not become prevalent in Oklahoma in previous years.

PRESBYTERIANS GET GIFT OF \$100,000

Wealthy Atlanta Man Turns Over Fortune to Church Before Going Abroad

ATLANTA, Ga., July 8.—Hugh T. Inman, the well-known Atlanta who is now in Europe, is understood to have made before his departure a donation of \$100,000 to the cause of education in the southern Presbyterian church. An elder in the First Presbyterian church of this city, Mr. Inman has not only maintained a deep interest in the welfare of his church, but recently an especial interest in ministerial education.

The offer of Mr. Inman was made conditional on the raising of a similar sum elsewhere and a dispatch from Louisville, Ky., last night stated that a part of the additional \$100,000 had already been made. The offer of the well-known Atlanta citizen was made to the executive committee of ministerial education and religion of the southern Presbyterian church with headquarters at Louisville. Like most of his donations, Mr. Inman enjoined that nothing be said of it, but the facts were brought out last night as the result of a brief Associated Press dispatch from Louisville.

WOMAN ASKS \$30,000; IS AWARDED \$2,000

Damage Suit Against I. and G. N. Railway Decided by Jury at Georgetown for Plaintiff

GEORGETOWN, Texas, July 8.—Lee J. Rountree of this city has been invited to address Camp McCulloch, United Confederate Veterans at the annual encampment at Drippingwood, Hays county, on August 10, 11 and 12. Among the speakers for the three days' encampment are: Congressman A. S. Buchanan of Austin, Thos. M. Campbell of Palestine, Senator A. B. Davidson of Cuero and Judge Clarence Martin of Fredericksburg. Annually this encampment is attended by thousands of people.

Judge M. M. Brooks of Dallas, candidate for governor, is here. The jury in the case of the heirs of Mrs. Mary Ellyson, who was killed in a wreck on the International and Great Northern railway near Lewis switch, and suing for \$30,000, returned a verdict against the defendant company for \$2,000 yesterday.

ASSOCIATE STATISTICIAN SUMMARILY DISMISSED

Secretary Wilson Takes Action on Report of Secret Service Men in Cotton Crop Scandal

WASHINGTON, D. C., July 8.—Secretary of Agriculture Wilson, acting on the report of secret service officers who investigated the cotton crop report scandal, has summarily dismissed Edwin S. Holmes, associate statistician, from the government service.

Holmes is dismissed on the charge of having sold advance reports of the cotton crop to New York speculators and of having falsified the figures in such a way as to aid persons who had bought or sold cotton on the information furnished before the department by Mr. Cheatham.

PEACE ENVOY ARRIVES

Baron Rosen Will Represent Russia in Conference

WASHINGTON, D. C., July 8.—Baron Rosen, who will succeed Count Cassini as ambassador of Russia to the United States and who comes to this country in the dual role of diplomatic representative and one of the Russian peace plenipotentiaries to the conference, reached Washington yesterday.

He will remain in Washington for not more than two or three days, during which time an appointment will be made for the presentation of his credentials to the president.

The new ambassador has taken temporary quarters at the New Willard hotel. His first official action was to call on Count Cassini at the Russian embassy. Later in the day he paid his respects to Acting Secretary of State Pierce, who will communicate with President Roosevelt for the purpose of fixing a date for Baron Rosen's departure.

When he goes, Oyster Bay Baron Rosen, in addition to presenting his own credentials, will convey Count Cassini's letter of recall.

CAT FALLS 19 STORIES

Oyama, a Pittsburg Cat, Misses the Elevator and Falls

PITTSBURG, Pa., July 8.—Oyama is the name of the black tomcat which for the past year has been an occupant of the nineteenth floor of the Frick building.

Oyama has always taken a great interest in the elevators. He has heard people yell "Down nineteen" so often that he conceived a little man of his own which sounds just like the request to be taken down. Today he stood in front of the elevator and gave his meow.

The elevator boy stopped about six inches above the floor and the doors opened. Oyama darted through. He didn't stop falling until he reached the sub-basement, which is two floors under the street. One of the janitors over there stood Oyama, looking a bit shaken up, but still as pert as ever. He hadn't even broken a leg.

GHOST WITHOUT A HEAD

Gives Three Unearthly Shrieks, and Then Disappears

LA PORTE, Tex., July 8.—The neighborhood about Flaherty's Siding is greatly excited over the doings of a ghost which has materialized in the form of a headless man. According to stories from the scene, the ghost has been seen several times lately near the old water tank, which was formerly used by the Lake Erie and Western.

Some nights ago it was seen by Frank and George Place, who allege that it gave three unearthly shrieks and disappeared in the direction of the river.

Some years ago an employe of the Erie road was run over by an engine at the spot, the head being completely severed from the body. It is asserted that the body afterward stood erect and walked several yards from the spot, falling against the water tank after emitting a terrible shriek.

FINE FOR THE YELLOW MAN

SECRETARY TAFT ARGUES THAT THERE SHOULD NOT BE A TOO RIGID ENFORCEMENT OF THE EXCLUSION ACT.—NEWS ITEM.

RIVER PROPERTY CAUSING DISPUTE

City of San Antonio Likely to Be Forced to Defend Its Claims

return to the Mexican Central will be followed by the announcement that the Frisco has bought the Sap and will incorporate it into its system, in conjunction with the Mexican Central. If this plan were carried out it would be necessary to build only from Brady to some point on the Sap, which would give a connection with Brownsville and Mexico. B. F. Youkum and associates have recently purchased some large tracts of land in southwest Texas.

KNOCKOUT KILLS HIM

Denver Fighter Succumbs to Blow Received in Ring

TACOMA, Wash., July 8.—Fred Ross, who was knocked out by Jack Danz in the sixteenth round of a prize fight at Aberdeen on Monday night, is dead. His neck was dislocated and a blood clot gathered on the brain. Danz is from St. Louis and Ross was from Denver. The referee has ordered the arrest of Danz.

HOUSTON COMMISSION IS NOW IN CONTROL

Mayor and Four Aldermen at Head of City Affairs After Long Fight in Courts

HOUSTON, Texas, July 8.—After repeated injunctions and many legal battles in the courts, Houston's new form of government is now installed, the scrapping aldermen who attempted to hold on to their places having been forced out last Thursday.

Baldwin Rice, Houston's new mayor, and a millionaire, with his four aldermen, who compose the commission now, have the reins full in hand. A new order of things is to be brought about. The affairs of the city have been divided into bureaus. Alderman Thompson was named the head of the bureau of water, light and health. Alderman Gaston the head of the bureau of police and fire. Alderman Gaston the head of the bureau of finance and Alderman Marrison the head of the bureau of streets and bridges. These heads are responsible for the efficiency of their respective departments.

A great deal of interest is manifested by the public in what the outcome of this new order will be. There seems to be strong public confidence in the ability of the commission to elevate the city from the rut into which she had been dragged by mismanagement.

PROPERTY ON THE RIVER

A question has been raised as to the right of the city to control the banks of the San Antonio river. It is the contention of the city that it owns a strip seventy feet wide along the meanderings of the river. This leaves a considerable margin of dry ground on each side of the stream which is not owned by the city. D. M. Book, a capitalist, now proposes to erect a building on a lot which abuts on the river and he claims that he only owns to river bank, but also to the center of the stream. To show that he owned the land he cut down some trees that stood on what was supposed to be city property, and denied the police to arrest him. He was not arrested, so at present he has the best of the argument. The question is a very important one, as a great deal of business property abuts on the river and owners will be quick to take advantage of it if they believe they have a right to build to the water's edge.

The general belief that the Frisco is getting ready to do something in this section is encouraged by the fact that it has rented commodious quarters on Atlantic northwardly winds on the coast.

East Texas (south)—Tonight and Sunday showers and thunderstorms; cooler in eastern portion tonight.

Arkansas—Tonight and Sunday showers and thunderstorms.

HE ASKS STATE TO MAKE RESTITUTION

Georgia Man Served Term in Prison for Murder Which Another Committed

ATLANTA, Ga., July 8.—Bent with age, penniless and just out of the hospital after months of illness, Charles Franklin, a man who was sentenced for life to the penitentiary for murder, and who served twenty-one years before his innocence became known when the real murderer confessed his guilt, came to Atlanta yesterday to appeal to the legislature for recompense for his twenty-one years of false imprisonment. He is 65 years of age.

REAL MURDERER CONFESSES

In February, 1901, Fred Knight, while on his death bed in Augusta, called for his sister and asked her to write down his dying confession, which was, in effect, that he had killed Bryant and had put it on Franklin. He committed the murder and got John Dayhawk to swear against him. His confession closed with the appeal:

"Put him loose, turn him loose, for I am dying, and I'm miserable."

The letter was sent to the proper authorities, and the wronged man was given his freedom after having served exactly twenty-one years and eleven days. At the lumber camp at Adrian, Franklin fell into the machinery and lost his left hand.

When Franklin came out of the penitentiary his health was broken. Most of the time of the two years or more that he has been free has been spent in the hospital. He nearly all the time and with one hand gone, he has been compelled to depend on charity for his scanty living.

Franklin got out of bed to come to Atlanta to appeal to the legislature for some manner of recompense for his imprisonment. He spent his last cent last night for supper and was forced to appeal to the desk sergeant at the police station for lodging last night, which was cheerfully given him.

TOURISTS SPEND MONEY

\$100,000,000 of American Money Will Be Left in Europe

LONDON, July 8.—Tourists' exchanges estimate that at least 100,000 Americans are now in different sections of Europe. Not so many are to be found in London during the heated season as in the provinces and on the continent. It is estimated that each American traveler expends on an average at least \$1,000 while on this side of the Atlantic. According to these estimates of experts upon foreign exchange, Europe this year will be \$100,000,000 richer by reason of the influx.

CHANGE FOR H. C. ARCHER

Special to The Telegram.

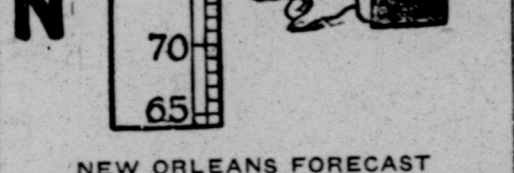

HOUSTON, Texas, July 8.—It is announced that Harry C. Archer, general agent for the Kansas City Southern, who retires Aug. 1 as a result of the change in the management of the road, has been named general agent for the Mexican Central, with headquarters at Mexico City.

NEW ORLEANS FORECAST

NEW ORLEANS, July 8.—The forecast for the southwest is as follows: East Texas (north)—Tonight and Sunday showers and thunderstorms; cooler in eastern portion tonight.

Arkansas—Tonight and Sunday showers and thunderstorms.

THE WEATHER SPOTTER

UNCLE SAM'S GIRLS GETTING MARRIED

Women Clerks in Pension Department Falling Victims of Cupid's Arrows

WASHINGTON, July 8.—There has been a fluttering of hearts in the pension office this week. Being the last of the year, the usual annual announcements of promotions has come, and with it the decision on the part of a remarkably large number of "old maid" clerks not to take them, but to surrender to Cupid and withdraw from the public service.

The first "girl" to go asked for her annual vacation, and said that as she had been engaged twenty years she thought it was about time for her to get married—but she would hold on until the end of her vacation, anyway. Her time was up the other day and she did not return. A day later came a letter announcing that finally she had foreclosed her engagement and was a happy bride.

In rapid succession seven old maids in the pension office have followed. Captain Warner says he has had several more warnings. The women clerks are in a state of excitement over the matter, and every morning there is some exciting exchange of gossip in the hope of learning who is next.

CANADIAN CREW ARE IN REVOLT

Complain That Decks Leak and Hammocks Are Unfit for Use

HALIFAX, N. B., July 8.—An attempt by the government to transfer Barrington from the Allan line turbine steamship Virginia to Sydney and thence to Montreal developed the fact that the crew of the Canadian government cruiser Canada are in revolt against Captain Knowlton, who is in command of the vessel. Five of the crew are now in jail for refusing to perform their duty.

The men allege bad treatment, that the decks leak, making the use of hammocks impossible, and the bedding has not been changed for months.

DARING HOLD-UP BY LONE HIGHWAYMAN

Stage Driver Compelled to Cut Mail Sacks Open for the Bandit

MEADOWS, Idaho, July 8.—The stage from Warren to Meadows has been held up by a lone highwayman near Resorts Station. The bandit covered the driver with two automatic revolvers and compelled him to cut open the mail sacks and throw them down. Then he removed all the registered letters.

Two passengers and the driver were lined up and relieved of their valuables. The robber then coolly walked away with the plunder, amounting to \$1,200 or \$1,500. He was unmasked.

NEGRO WOMAN WANTS TO VISIT PENITENTIARY

Says She Has Never Had a Happy Day Since She Left the Prison Walls

Special to The Telegram.

HOUSTON, Texas, July 8.—An unusual case has developed here, wherein a colored woman has committed a crime that she may go to the penitentiary. She is Ella Williams, an ex-convict, having until a few months ago been in prison for many years. She committed a theft and permitted herself to be caught. She says she has never seen a happy day since she left the walls and she pines to get back.

OIL WELL ERRATIC

Flow Ranges from 2,000 to 10,000 Barrel Rate

HUMBLE, Texas, July 8.—The Howard Hughes well in Dunham tract has proven one of the marvels of recent operations in this field. It is now yielding about 5,000 barrels daily, but the flow is very irregular. At times it strikes a 10,000-barrel clip and the oil comes with terrific force. Again it will settle down to about a 2,000-barrel clip. The well came in this week with almost volcanic force. It blew out the ten-inch casing pipe, shooting it as a ramrod from a gun. Then followed rocks in chunks larger than a man's head. These were cleared out of sight. In their descent they actually tore trees in the vicinity into fragments.

GALOLINE STOVE STARTS COSTLY FIRE

Explosion Results in Blaze Which Destroyed Residence in Terrell Avenue

Fire completely destroyed a dwelling owned by H. Molder at 1102 East Terrell avenue yesterday afternoon. Explosion of a gasoline stove in the kitchen started the flames, which gained such headway that the fire department was unable to get them under control. The house, which was occupied by Irbey Scott, was valued at \$1,000, with \$400 insurance.

SURGEONS IN SESSION

Pension Examiners Meet to Discuss Diseases of Old Soldiers

CHICAGO, July 8.—The National Association of Pension Examining Surgeons has convened here for a two days' session with 125 pension examiners, representing 4,500 members of the pension boards in attendance.

In order to further the movement toward doing away with whatever friction exists between the pension boards and the pension authorities at Washington, Dr. Sam Houston, medical referee of the pension bureau, was invited to attend the convention.

RIVER CRAFT IN FLAMES

Blazing Hay Barges Drift Perilously Near Valuable Ocean Liner

NEW YORK, July 8.—Fire on several hay barges in the North river has furnished a spectacular and dangerous blaze. Fire boats fought the flames, which were extinguished after a long and difficult fight. One of the blazing barges drifted alongside the Canadian steamer Slavonia which was scowled by the flames. Commodore Fenary's ship, the Roosevelt, also had a narrow escape.

YOUNG MAN STABBED

WAXAHACHE, Texas, July 8.—News was received here this morning from the Ike community, stating that a young man named Lewis was fatally stabbed during a difficulty, a knife blade penetrating one of Lewis' lungs. He will probably die.

ALDERMEN AFTER STREET CAR CO'S

Better Car Service for South Side Residents and Pair of Track Wanted

One of the surprises of the city council meeting held Friday night was a resolution introduced by Alderman E. P. Maddox, requiring the Northern Texas Traction Company to run cars both north and south on Hemphill street or suffer forfeiture of franchise. Without comment the resolution was referred to the judiciary committee.

DISCUSS ST. SPRINKLING

Committee Appointed to Investigate Cost of Establishing Municipal Service

Another measure affecting street car transportation was taken, the petition for separate compartments in cars for negroes and whites being read and referred to the judiciary committee.

The resolution following the recent expression of opinion of South Side residents in The Telegram after the change of system in the running of cars on Hemphill street is considered most significant.

Other resolutions regarding the condition of streets adjoining trolley tracks of both companies were adopted. The Northern Texas Traction Company was instructed to place the tracks on the new Eighth avenue line in good condition and both companies were called upon to fix the streets as required between their tracks and adjoining the city.

Another measure affecting street car transportation was taken, the petition for separate compartments in cars for negroes and whites being read and referred to the judiciary committee.

NEW FIRE HALLS

As forecast in The Telegram of Friday, construction of a new fire hall for Company No. 6 was ordered at a cost not to exceed \$100,000. Alderman Henderson then referred to a serious fire of Friday afternoon, in which a building was destroyed for lack of proper fire protection, and declared that the people of the Seventh and Eighth wards were entitled to protection before amounts other than absolutely necessary were expended elsewhere.

A resolution that estimates of cost of constructing fire halls in these wards be obtained and securing of locations was passed.

"And the Ninth ward, too," said Alderman Moreland, and that ward was included.

STREET SPRINKLING

Street sprinkling matters were brought up through a resolution of Alderman Maddox that a detailed statement of streets sprinkled be compiled and printed for six consecutive days in to papers of the city, so that complaints might be made to be heard before any bills were paid. Alderman Waggoner said the plan would necessitate the expenditure of at least \$70 a month and said that as a substitute it would be better to employ an inspector to see that the work was properly done. The city engineer, he reported, made out the sprinkling bills at present.

Alderman Lehane also opposed the resolution, claiming that his confidence in the integrity of the city engineer, mayor and city auditor, all of whom he said must pass upon the sprinkling bills before they were paid, together with the expense involved, would prevent him voting for the resolution.

"The records are here in the city hall," he said, "open to everyone and any citizen who thinks sprinkling should be paid for his ward that is not done should come here and look into the matter. I know I should. One trouble here is that people who know about the council never come to a meeting and see what we are doing. I am sure that if the records are here and the records are here in the city hall," he said, "open to everyone and any citizen who thinks sprinkling should be paid for his ward that is not done should come here and look into the matter. I know I should. One trouble here is that people who know about the council never come to a meeting and see what we are doing. I am sure that if the records are here and the records are here in the city hall," he said, "open to everyone and any citizen who thinks sprinkling should be paid for his ward that is not done should come here and look into the matter. I know I should. One trouble here is that people who know about the council never come to a meeting and see what we are doing. I am sure that if the records are here and the records are here in the city hall," he said, "open to everyone and any citizen who thinks sprinkling should be paid for his ward that is not done should come here and look into the matter. Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

Throckmorton; thence north on Throckmorton to Jennings at Tenth street; thence south to Texas street; thence west to the place of beginning.

DAILY REPORTS Alderman Henderson introduced a resolution that the heads of all city departments file a daily report of work with the mayor, showing the amount of work done and materials used.

WATER CONSUMERS Report on water consumers outside the city limits as asked by Alderman Maddox was made by the committee recommending that those now getting such service be permitted to continue service in view of the fact that they had made considerable expenditure for connections.

MORE STREET LIGHTS Application of residents at Broadway and Jennings avenue for a street light at that place resulted in a discussion of the need of additional dynamo capacity to increase the number of street lights and instructions to the committee to ascertain the cost of an additional dynamo.

IMPROVEMENT DISTRICTS Owing to conflict in the boundaries of improvement districts, as outlined at the preceding meeting of council, new ordinances correcting the error, but including no new ground, were adopted.

STREET FLUSHING Purchase of two street flushers now in use by the city at a rental as ordered, the total cost being \$1,200. At present the rental is \$8 a day.

ROUTINE BUSINESS Petition of M. S. Gray for reduction of taxes, approved by the finance committee, was allowed.

PETITION OF A. M. McELWEE for change in taxes was received and filed on committee recommendation.

PETITION OF J. P. WARE on taxes was granted.

One hundred dollars was accepted in payment of taxes against the Tanner property on committee recommendation.

Claims and pay rolls were allowed to the amount of \$14,921.15.

Reports of horses in the street and fire departments as made in The Telegram of Friday were received and filed.

The matter of condemning property of R. L. Cantelero in lot 12 block B4, Daggett's addition, brought up by Chief Bidder of the fire department, was referred to the fire committee.

Report on the residence of Ike Cooper, sanitary officer, making showing him to have been a non-resident at the time of appointment. The committee reported, however, that intention to retain residence in the city being shown by poll tax receipt in accordance with the ruling of the attorney general, he be permitted to continue in service.

Application by the Rock island for a spur track to Seventh and Calhoun streets, though approved by the street and alley committee, was denied by them on the grounds that it must properly be referred to the people under the referendum.

Application of L. L. Hawes and others in a similar case for a switch across Henderson street, went the same way.

Removal of a building at Peach and Harding streets was ordered on recommendation of the street and alley committee acting on petition of citizens.

Change of the name of Holt street to East Hattie street was ordered on committee recommendation.

Petition of colored citizens for opening and proper numbering of Tyler street was received and filed with a statement that all information for proper numbering is on file in the office of the city engineer.

The city attorney was instructed to introduce proceedings in the name of the city to collect paving charges for the Parker-Washington Company.

An appropriation of \$1,500 was made

to secure special council in Galveston to aid in the collection of taxes against the Sarah C. Ball estate.

Request of the special census committee for a estimate of the cost of taking such census was referred to the finance committee.

Report of the health committee was received and filed.

Appointment of Sanitary Officer Oglesby was approved.

J. H. Carmichael was allowed \$15 for injuries received by a horse ridden by a policeman in an emergency.

Request of \$2,200 from the Texas and Pacific Railway Company in payment for their share of the Hill street viaduct was reported.

The city attorney was instructed to proceed against the Frisco road and collect its share of the cost.

City Secretary Montgomery reported the sale of a "three-legged" mule for \$25, in accordance with a recent resolution of council.

Jim Moses, Wesley Carpenter and W. L. McCarty were appointed special policemen at the City Park without pay.

On request of the board of equalizers the city attorney was ordered to meet with them when his advice was wanted regarding tax matters.

An invitation to the meeting of the National Municipal League at Toledo, Ohio, Aug. 23, 24 and 25, was accepted and the city was requested to attend, an appropriation for his expenses being authorized.

An ordinance submitted creating an examining and supervising institution of plumbers was referred to the judiciary committee.

Petition for the removal of three small houses at the end of Burnett street was referred to the streets and alleys committee.

Residents filed complaint of the condition of New York avenue south of Magnolia avenue. Referred to the streets and alleys committee.

Petition for free use of water in the new Y. M. C. A. building to be erected at Texas and Monroe streets was referred to the water works committee.

A petition calling attention to the growth of canal thistles on the Texas and Pacific right of way was referred to the sanitary committee.

Filling of East Sixth street requested by citizens was referred to the streets and alleys committee.

On motion of Alderman Moreland the city attorney was requested to prepare an ordinance prohibiting the feeding of horses on the main streets, complaint being made that flies were drawn by the practice.

An appropriation asked by the Fort Worth Benevolent Home was referred to the finance committee.

Petition that the hack ordinance be changed to include Ninth street went to the street and alley committee.

On motion of Alderman Moreland the electrical committee was requested to take up the matter of reduction of head lights on interurban cars within the city limits, to prevent frightening of horses.

On motion of Alderman Maddox a resolution was passed calling for a settlement with the Capps Land Company on a bill of \$25 due the city.

Hill street bridge approaches were reported dangerous and explanation made that fixing of them awaited materials.

WASHINGTON, July 8.—Alligators are becoming scarce, and cannot long escape extermination.

Such is the opinion of the scientists of the Smithsonian Institution. In order, therefore, that the knowledge of the alligator and his habits may be preserved for posterity, Professor Albert M. Rees of the Syracuse University has been dispatched to Florida to collect eggs of the alligator with which to work out its embryology.

No scientific information can be obtained of the alligator in captivity. Therefore Professor Rees will hunt the 'gator in his lair and make a study of his habits.

Twenty-five years ago the reptile existed in great abundance in its range, from North Carolina to the Rio Grande of Texas. It is said that the alligator has never been seen in the Mississippi river north of Rodney, Miss. As an alligator leather became fashionable, the demand has reduced the supply by an estimated 98 per cent. It is said that a person may now travel from Jacksonville to Miami, Fla., without seeing an alligator.

PARROT FLAGS A TRAIN Then Swears at Engineer for Making a Fuss

NEW YORK, July 8.—Engineer Rafferty, while taking his train down Red Ant hill, near Suffern, N. Y., today split on the track before him a small, brightly colored object. Although the train was going at a high rate of speed, the engineer put on the brakes and stopped it within a short distance of what proved to be a voluble parrot.

Tolly never moved a feather, but seemed highly delighted at the commotion she caused. Cocking her head to one side she shrilly called out: "What's all this damn fuss about?" and before she could be caught flew off to a neighboring tree. By this time many of the passengers had come up to inquire the cause of the stoppage.

DAILY FASHION HINT

A MODISH NORFOLK COSTUME For the girl as well as her mother there is nothing smarter for general wear than

a trim coat-suit. The broad box pleats of the Norfolk have a youthful becomingness which is especially appropriate for the young girl. The suit shown here has a full box-pleated skirt which is a popular model for spring. Cheviot, covert or Scotch tweed may be used to develop this suit in a medium size, the pattern requires four and a half yards of forty-four-inch material.

Pattern No. 2887 is in three sizes from 12 to 16 years, as is Pattern No. 2934. Either or both of these patterns may be obtained, postpaid, in any of the above sizes, by sending 10 cents for one, or 20 cents for the two together, and the size, name and address to The Fashion Department of The Telegram, Fort Worth, Texas.

Send Pattern No. Name Address Size This pattern will be mailed by filling out the above card including 10 cents, and sending to The Telegram Fashion Department, Fort Worth, Texas.

BILLS WERE NUMEROUS ON CLEVELAND TEAM

During the spring practice of the Cleveland team in 1904, at San Antonio, all the players were in uniform one sunny morning, when Jess knocked a high infield fly.

"Bill" Waddell pitched the ball. "Bill" Waddell pitched the ball. "Bill" Waddell pitched the ball.

"Here, Connie, old boy," he said cheerfully, "these are for you. Just look me over with mud and burrs. Had an awful time getting the birds; tramped twenty miles for half a dozen. I was thinking of you all the time. In fact, old man, that's why I went after 'em. I knew you liked 'em. You haven't been looking very well lately, and they'll do you good."

"Connie looked at the big fellow a minute. He knew the 'Rube' was laying it on, to escape a calling down for skipping the day's practice, but what could he say under the circumstance. He started to reply, but Waddell cut him off.

"Oh, that's all right, Connie, don't mention it. I'd do it again for you any time."

"And Mack was only able to bow his thanks and conceal a smile behind his hand."

FARMERS ALONG BRAZOS ARE PLANNING LEVEES

WACO, Texas, July 8.—A movement which will probably become much more pronounced as the years go by is noted among the larger farmers and plantation owners on the Brazos about Waco, especially those who have low lands. It is to levee and keep flood waters of the river from coming in on them and injuring or ruining crops.

Some levees have already been completed and other land owners are estimating the cost, making preliminary surveys, etc. Many of them say that they are tired of taking chances on having an overflow and will levee as soon as practicable.

The first having determined through engineers the most satisfactory way of handling the situation. The rich lands of the Brazos bottom are getting to be valuable to the extent that levees along old lines, and it is believed that extensive and far-reaching changes will be made in the way of providing embankments during the next few years.

NATION'S EXPENSE EXCEEDS INCOME

Postoffice Ran Away Behind—Navy Bill Higher—Pensions Fall Off

WASHINGTON, July 8.—The following statement of the operations of the treasury for the fiscal year ending June 30 has been made public.

The treasury deficit for the year will be approximately \$245,000,000. This amount is subject to a slight, but not material, change. The last report of the secretary of the treasury estimated a deficit for this fiscal year of \$18,000,000, the actual deficit exceeds by \$5,500,000.

The receipts for the fiscal year have been about \$543,000,000, \$2,000,000 more than the receipts estimated by the secretary of the treasury in his last report. The expenditures have been \$567,500,000, or about \$5,500,000 more than was estimated. The month of June just closing shows a handsome surplus of nearly \$12,000,000 and reduced the deficit from \$279,000,000 to \$245,000,000.

A comparison of the receipts of this fiscal year with those of the preceding year shows remarkably small changes.

A comparison of the expenditures of the two years shows wider variations. Civil and military expenditures in 1904, excluding payment for the right of way of the Panama canal and the loan to the Louisiana Purchase Exposition Company, were \$322,400,000; this year they were \$117,200,000, an increase of \$5,000,000, of which more than half is an increase in the postal deficit. War department expenditures in 1904 were \$115,500,000; this year \$122,400,000, an increase of \$7,000,000. Navy department expenditures in 1904 were \$102,800,000; this year \$117,300,000, an increase of \$14,500,000. Indians in 1904, \$10,400,000; in 1905, \$14,500,000, an increase of \$4,200,000. Pension payments in 1904, \$142,000,000; in 1905, \$141,700,000, a decrease of \$1,000,000. Interest payments were the same for the two years, \$24,500,000.

GOING AFTER TARPON Dallas and Houston Fishermen Leave for the Gulf

HOUSTON, Texas, July 8.—A party of Dallas and Houston tarpon takers left Houston today over the Aransas Pass for Rockport and Tarpon Inn. The Dallas contingent, which led in numbers, was headed by Colonel Bill Sterrett. The first capture of the Dallasites on reaching Houston was Colonel T. H. Ball, who was placed aboard the Sap Train. The party

ATTEND BAR CONVENTION ST. LOUIS, Texas, July 8.—Judge L. J. Storey, chairman of the railroad commission, is not fully determined, but his present purpose is to attend the meeting of the state bar association to be held in Sherman August 12.

Judge Storey enjoys the distinction of having been a member of the association since its organization in about 1885 or 1886 and is therefore one of the few original members.

HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or setting indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in The Fort Worth Daily Telegram. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CZAR GRINDS OUT A FEW VERSES

Poem Dashed Off After Battle of Mukden, Reads Like a Dark Brown Taste

ST. PETERSBURG, July 8.—Nicholas II, whose first efforts as a poet appeared in foreign newspapers about two years ago, has, according to St. Petersburg gossip, consigned himself more than once during the past year of trial by writing verses.

A short poem, alleged to have been written by him shortly after the battle of Mukden, is being circulated here. Russian critics affirm that though it shows no originality of thought or imagery, the style is finished and musical.

Our melancholy destiny Has spun a long, labyrinthine thread And vainly hopes to find its ending In seeking the sad, inglorious end.

We cannot evade it; We are too weak to brave it, face it, And we are too cowardly to hide it, Saddest of all being those who bear The burden intolerable.

If we lay down the burden intolerable We face a mystery inscrutable, A mystery in death, as mystery is in life—Joy without end, or woe all-overwhelming.

But being in life, we must live and suffer; And, having borne the burden of misfortune, Saddest of all being those who bear The burden intolerable.

Poetical talents of a kind are not uncommon in the Romanoff family. The Duke Constantine, in addition to being one of the greatest Shakespearean scholars in Europe, has written lyrical poetry of great merit; and the bluff Grand Duke Vladimir, the author of a number of imitations of Cossack songs.

ARMOUR ATTORNEY VISITS STATE CAPITOL

Collecting Facts for Defense of His Company in Federal Investigation at Chicago

Special to The Telegram. AUSTIN, Texas, July 8.—Charles G. Wilson of Chicago of the law department of the Armour Packing Company, reached here yesterday.

Wilson believes they will put a quietus on the investigation now in progress.

RUSSIAN REFUGEES REACH HOME PORT

American Captain on Whose Vessel They Sailed Had to Place Many of Them in Irons

SEATTLE, Wash., July 8.—Russian refugees being taken from Shanghai to Odessa on the Seattle steamship Garonne became so riotous between the China port and Singapore that Captain Robert Lawe, master of the ship, was forced to place the ringleaders in irons.

Upon arriving at Singapore, Captain Lawe appealed to the Russian consul to have the more turbulent of his passengers taken from the ship. His request was refused, and he promptly purchased enough rifles and ammunition to arm his crew. Then he clapped more disturbers in irons and subduing the rest by a show of arms, continued on his voyage.

Reaching Odessa the Garonne found the town in a state of siege and accordingly went to Theodosia, where she arrived in safety, according to a dispatch from Captain Lawe to Frank Waterhouse, owner of the Garonne.

KING EDWARD SETTLES ASTOR FAMILY FEUD

Bitter Quarrel Commenced in America Twenty Years Ago, Ends in England

NEW YORK, July 8.—The feud of twenty years between the Astor families has been ended. The peacemaker was no less a personage than King Edward VII himself.

This is hailed the most bitter quarrel the New York "400" ever knew. It virtually caused the expatriation of Mrs. Astor in 1890. It was a more famous feud than even that of the Mrs. Cornelius Vanderbilt family.

The climax of the feud came in 1890, when William Waldorf Astor transferred his allegiance to the British crown and made England his permanent home. Two years after he had settled in England his wife died.

His daughter, Pauline, became popular in London society. She did young William Waldorf, who astonished his father somewhat by announcing that he wished to become an American.

John J. Astor, who is now en route to London, has taken the same branch from his aunt and accepted an invitation to visit his brother.

"BLOODY HAND" WAS BEAR'S PAW

Corisicanna Postoffice Sensation Turns Out to Be Successful Hunter's Practical Joke

CORISCANNA, Texas, July 8.—For a few hours the other morning the Corisicanna postoffice had a genuine sensation, but later developments cleared up the mystery and developed a huge joke on the postoffice force.

As the postoffice clerks were assorting for distribution the mail that had come in on the early north bound Central a package was picked up that was considerably moist and in handling it the contents fell out of the paper in which it was wrapped and landed at the feet of the gentleman handling the mail.

Now, C. E. Middlebrooks is a young man who was born in the Re community and the first thought was that he had been killed and his hand sent home by mail.

Finally, but not until the dreadful news had been gotten to his friends at Re, a well known physician of the city went into the office and examined the "hand," which he at once pronounced a bear paw.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Fort Worth Citizen's Experience

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the indorsement of friends is. Now supposing you had a bad back, A lame, Weak or Aching one, Would you experiment on it?

It's different when the indorsement comes from home. Easy to prove local testimony. Home indorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case: J. E. Gaskill, a well known carpenter contractor, living at 701 Hattie street, says: "More than a year ago I was racked by an aggravated attack of back-ache by the use of Doan's Kidney Pills, which I had procured at Weaver's Pharmacy on Main street. At that time I thought so that others suffering from kidney complaint in any of its various forms might have the benefit of my experience. My opinion of Doan's Kidney Pills is the same today as it was when they were first brought to my notice. The cure has stood the test of a year's time."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

PLANNING EXTENSION

Katy Officials Go Over Route From McKinney to Denton

McKENNEY, Texas, July 8.—Messrs. J. W. Allen of Dallas, general freight agent of the Missouri, Kansas and Texas railway, and J. T. Bates, traveling freight agent, came up Thursday and held a conference with Messrs. Jesse Shain, J. L. Lovejoy, J. L. White and J. S. Heard regarding the feasibility of the extension of the road from McKinney to Denton.

Take Courage!

If you are naturally not as strong as your more fortunate sisters, and for this reason experience dread rather than joy at the prospect of becoming a mother, take courage and assurance from this fact: Mother's Friend is meant for you, and by its use you may pass through that glorious martyrdom which is yours by divine right with no more discomfort than that experienced by those who by nature are possibly more adapted for the role of motherhood.

MOTHER'S FRIEND

is a liniment of proven merit, and its great worth can be no better attested to than by the countless strong and healthy children who through its kindly offices have entered this world unhandicapped by any deformity or weakness. It is a liniment which by external application acts upon the abdominal muscles and permits of a painless parturition.

WINDOW SMASHER DOES NOT APPEAR

Mrs. Lynn Not on Hand at Brown & Vera's This Morning

The small crowd that collected in front of Brown & Vera's store at 1105 Main street this morning, and, despite the heavy rain, waited patiently for Mrs. J. T. Lynn, who had vowed the afternoon previous that she would appear on the scene with a hatchet, smash the window and remove certain pictures, was disappointed when no woman appeared and the large plate glass window remained intact. A Telegram reporter finally telephoned to the Richelieu hotel. He was informed that Mrs. Lynn was ill and not able to leave her room. Mr. Lynn then

came to the phone and said that his wife could not go out in the heavy rain.

Another reason given by Mr. Lynn for his wife's failure to carry out her declaration of Saturday is that she had determined that it was a violation of the law to burn the pictures in the street. "We aren't through yet," said Mr. Lynn this morning. "My wife will explain to you as she has some other plans."

MONTAGUE COUNTY CALLS FOR HELP

Mayor of Bowie Calls on Mayor Powell for Aid for Storm Victims

Mayor Powell this morning received a long distance telephone call from Mayor Boedeker of Bowie, asking for aid for the stricken people of Montague county, who are suffering from the recent disastrous cyclone. Scores of families in the county are without homes, and the poorer of these are in need of food and clothing, he reports. "Let us help these stricken people," Mayor Powell said. "They are Texans whose interests are common with ours. Fort Worth has never been backward in giving aid to the needy and in this case let us unite in helping Montague county overcome her misfortune."

Subscriptions may be sent either directly to Mayor Boedeker of Bowie, to Mayor Powell at the city hall or to The Telegram.

SITES SECURED FOR NEW FIRE STATIONS

Alderman Reports Grounds Ready for Halls to Be Erected

Though resolutions to learn cost of building fire stations in the Seventh, Eighth and Ninth wards were passed by the city council only Friday night, Aldermen from the two wards mentioned last have already decided on the sites for the structures.

Alderman Moreland of the Ninth ward announces that the station for that ward will be situated near the Peach street crossing of the Santa Fe. Mr. Moreland says that two lots, one east and one west of the track, are available. It has not been decided exactly which one will be used.

The site of the station in the Eighth ward will be on the east side of Lipscomb street, just north of Laurel street. Alderman Henderson says that the site of the Seventh ward station has not been decided upon. It will be determined by the fire committee.

HORSE FALLS IN PLUMBING DITCH

Earth Sinks in Refilled Hole Causing Serious Injury. Driver Is Unhurt

Arthur Davis of 1212 King street reported to the city authorities this morning that a horse he was driving was badly injured this morning at the corner of Henderson and Peter Smith streets, by falling in a ditch in the road. Mr. Davis was not hurt.

Davis says that plumbers have been laying pipe across the street and that the heavy rain of this morning softened the earth in the ditch which was only recently filled up. As he drove across it the soggy earth gave way and his horse sank.

MAJOR BEARDSLEY FAVORS NO ROUTE

Says Matter Will Rest With Engineer When Bonus Has Been Raised

Major J. D. Beardsley, promoter of the proposed interurban line between Fort Worth and Mineral Wells is ready, whenever the \$100,000 bonus and right of way for the road are assured, to go ahead with the laying out of the route of the road. Major Beardsley arrived in Fort Worth Friday night from Gibbsland, La., and after conferring with persons here interested in the project, will leave this afternoon for Mineral Wells, returning again Monday.

This morning Major Beardsley, in reply to a question, said that he had not decided on any specific route for the road, and that he would have his engineer go over every available route before he would choose any one. Major Beardsley said that Rosen Heights might be chosen as the route if he could get a 1 per cent grade.

Since the publication of the Rosen offer there have been a number of persons who have signified their willingness to subscribe to the bonus and give a right of way for the road. George W. Armstrong, speaking of it, said: "If the road is run over Rosen Heights I will give \$1,000 and right of way." Major Jarvis, a big landholder between Fort Worth and Azle, has also expressed his willingness to contribute to the bonus and grant right of way through his property.

Major Beardsley still holds his request for the \$100,000 bonus, and said this morning, in speaking of it, that the money should have been raised before now.

"That money," said he "could have been raised in ten days if the people really wanted to do it."

It was in this connection that Major Beardsley said: "I would not, at this time, venture to say anything about the route of the road, because I only know the country from a superficial examination. Whenever the people have their opinion made up, I will get my engineer here and let him go over the ground. And when the route is chosen you may rest assured that it will be the best one possible, for the engineer will spend three or four weeks in his work. My idea about choosing a route would be to go out of the city about twelve miles and then, by scientific investigation, decide which is the most feasible. In choosing the route a great many things will have to be taken into consideration, among them the cost of grading, the soil and the distance that may be saved by any one of several routes that may enter the city. I do not know enough about the country to even surmise what route will be taken by the road, but will leave that entirely with the engineer. If the Rosen Heights route is found to be more favorable than others, I will not

hesitate to run the road over there and the same applies to any other route. But I could not afford to go out and spend a lot of money surveying routes unless I knew that the bonus and other things were assured."

A meeting of the committee having in charge the raising of the bonus for the road will probably be held some time next week. Captain Paddock, chairman, is sending out letters to the members of the committee with a request for them to meet and discuss the proposition as it stands now.

FARMERS PICNIC DESPITE RAINS

Mayor Powell Among Speakers at Grapevine Meeting of Farmers' Union. Other Addresses

Quarterly meeting of the Farmers' Union held at Grapevine Friday was a big success, although the rain put a damper on the picnic features. The rain came up about 1 o'clock, when the picnic portion of the program was far from completed.

The petition for a market house in Fort Worth was freely signed and will be presented to the commissioners' court in the near future.

The attendance was estimated at 2,500. Farmers were there from all parts of the country. A large delegation of members of the trades unions and prominent business men of Fort Worth helped to swell the attendance.

Addresses were made by Mayor Powell and C. W. Woodman in the morning. These addresses were followed by recitations. In the afternoon the Farmers' Union called its meeting to order and Mayor Powell again spoke. John O'Brien, international president of the Retail Clerks' Protective Union, was asked to make a speech. Mayor Powell, who returned to this city for council meeting Friday night, said:

"We had everything at the picnic that we could possibly wish, and there were more pretty girls present than I ever saw before. We enjoyed every minute of our stay in Grapevine and the occasion will long be remembered as a most agreeable one."

DECREASE OF DEBT SHOWN BY REPORT

Mayor Powell Issues a Statement of Bond Refunding by City Council

Complete report of refunding operations of the city was filed with the city council Friday night by Mayor Powell.

The report says in part:

"At the time the refunding proposition was started the bonded debt of Fort Worth was \$1,919,000. The annual interest charge was \$119,300. The annual sinking fund was \$38,380, the total fixed charges on the debt being \$157,680. The bonded debt now is \$1,820,000. The annual interest charges are \$91,920. The annual sinking fund charges are \$36,400. This shows an annual saving in fixed charges of \$20,360.

"The total cost, including everything in connection with the refunding bonds was \$16,048.75.

A statement was then appended showing the number of each series of bonds refunded, the total being \$754,000. The report continues:

"This will leave two bonds of the first series of the redemption issue that have not been refunded because they have not been located, but upon which the interest stopped May 1, 1905. This winds up the refunding of city bonds for some years and results show the wisdom of the city council's decision to undertake such a gigantic proposition. The saving of \$20,360 a year will amount to an enormous sum before the sinking fund, which should be rigidly and faithfully levied each year, can discharge the debt. During the time since the refunding proposition was started no new bonds have been issued, and yet the city has expended \$500,000 in permanent improvements."

LIGHTNING STRIKES GRAPEVINE COLLEGE

Bolt Hits Flag Pole and Tears Walls and Chimneys Open by its Force

Persons returning to this city from the farmers' meeting at Grapevine Friday report that during the rain and electric storm last Monday afternoon the Grapevine college was struck by lightning, tearing large holes in the roof and two sides of the college building. The bolt struck the flag pole, shattering it half away. After passing into the roof the bolt divided, tearing the shingles away and following the tin valleys down to the southeast and northwest corners. On the southeast corner the brick flue was torn half open and scattered over the assembly hall. The southeast wall of the assembly hall was torn half away and the weather-boarding torn away clear to the ground. A heavy ceiling partition between the class rooms downstairs was shattered and scattered all over the rooms. On the northwest corner the ceiling and weather-boarding were torn away and about eight windows were broken out. The lightning followed a private wire between the college and dormitory, making quite a hole in the latter building, where the wire led to a house. No one was injured. The damage is estimated to be \$200.

REV. J. F. SMITH TALKS OF PRAYER

Dallas Minister Begins Revival Service at Cannon Avenue Church

Rev. J. Frank Smith, pastor of the Cumberland Presbyterian church of Dallas, opened the revival services at Cannon Avenue Cumberland Presbyterian church Friday night with a sermon on "Prayer." He took for his text Psalm XCIV: 9.

Dr. Smith divided his subject into four parts and these were again subdivided, the whole going to show the value of prayer and the necessity for it. He spoke of aspiration and the fact that all nations pray. This latter fact, he said, went to show the authority of prayer and its results.

His second part was: History Attests the Value of Prayer. He took two examples in this part, choosing St. Augustine from ancient history and George Muller from modern history as two who had proven the value of prayer.

Part third: The Bible Recognizes Prayer. Dr. Smith proved by showing that God commands it and promises to answer it.

"Experience Proves Its Value" was the fourth part of the sermon and was the best chosen, for, said Dr. Smith, "what a man experiences he knows, and we receive knowledge through consciousness."

Only a moderate crowd heard Dr. Smith's opening night, but Rev. Mr. Chandler, who is conducting the services, believes that with more favorable weather conditions better crowds will come, for Dr. Smith is one of the leading ministers of his faith and is a magnetic speaker.

Dr. Smith took charge of the Cumberland Presbyterian church of Dallas about ten years ago. At that time the church was small, but Dr. Smith is a lover of men and the greater part of his time and efforts have been in the interest of men.

Rev. Dr. Smith is a graduate of Bethel College of McKenzie, Tenn.; Cumberland University of Lebanon, Tenn.; and of the Union Theological Seminary, New York city. He is a well traveled man, having toured Europe and the Holy Land. He is looked upon as one of the leading pulpits orators of the country, and while he is not what might be called a disciple of modern theology, he uses as many present day examples as possible and seldom defers into the past for his comparisons. He is an intense speaker.

The revival meeting will continue two and possibly three weeks at Cannon avenue church. Rev. Dr. Smith will preach all during this time and John Bradley will conduct the song service.

RAIN AND HAIL IN NORTH TEXAS

Windows Battered From Cars by Terrific Storm West of Fort Worth

A rainfall of over two inches in this city this morning put the record for the week far in advance of the usual monthly precipitation.

Severe hail accompanied this West Texas storm in many places, the Texas and Pacific train reaching this city Friday night from the west presenting a battered appearance.

But few windows were left in any of the cars but the Pullman and passenger reports that when the storm was encountered shortly before noon the small stones were blown through the windows and clear across the cars.

The southwest in general is dominated by low pressure conditions. The lake regions are influenced by low barometer.

The northwest quarter of the country has high barometer, and generally clear, cool weather prevails.

The country as a whole, is generally cloudy from the Rockies to the Atlantic with the exception of a clear belt bordering the gulf coast.

Rain is falling this morning in Oklahoma, South Dakota, Texas and North Carolina, Tennessee, Arkansas and Colorado.

Denver reports a wind velocity of 40 miles. Abilene, Texas, had 3.16 inches of rain at 7 a. m. and rain yet falling.

Following is the weather record for the last twenty-four hours—minimum and maximum temperature, wind in miles per hour at 7 a. m., and rain in inches:

MAN MEDICINE FREE

Young Manhood Back Again

Are you going to keep on the way you are—weak—powerless—hopeless—and unable?

Or shall the great Man Medicine give you once more the gusto of joyful satisfaction, the pulse and throb of physical pleasure, the keen sense of man sensation, the luxury of life, the snug and snap of body power and comfort—free?

It makes man mighty in man strength and man force. It restores the ability of youth—cures nervous debility and man weakness.

You feel again the glow and gleam of lively living. The proof test of Man Medicine is yours to prove and try without a dollar or a cent to pay. We send it free—plain wrapper—sealed—prepaid—delivered.

It will do what you want it to do. Man Medicine does what Man Medicine should do.

It makes men real men—man-like—man-powerful—refreshes the well-springs of body sources and keeps them full.

Your name alone—and where to send the Man Medicine—that is all you have to do or send or ask. We send it free to every discouraged one of the man sex.

MISS ROOSEVELT AND TAFT PARTY OFF FOR ORIENT

PRESIDENT'S DAUGHTER HAS FINEST SUITE ON NEW MAIL STEAMER MANCHURIA, BIGGEST PASSENGER BOAT THAT CROSSES THE PACIFIC OCEAN

SAN FRANCISCO, Cal., July 8.—When Miss Alice Roosevelt sailed from this port for Manila today she occupied the handsomest suite that any of the giant steamers of the Pacific Mail afford. The Manchuria, one of the largest vessels afloat, will carry Miss Roosevelt and the other members of the Taft party to the Orient and elaborate preparations have been made to insure comfort for the distinguished travelers.

MISS ROOSEVELT'S BOUDOIR.

Miss Roosevelt will not be limited to a stateroom when she wishes to retire or seclude herself from the scores of guests to accompany her and Secretary Taft. On the high "bridge deck" she will have her suite, consisting of a sleeping room with comfortable brass bed instead of the crowded bunk. To insure her keeping within the bounds of her soft mattress, when the sea might be rough, brass rails will rise on each side of her couch. A pair of white curtains hung upon a brass rod may be drawn to screen her from the sea breezes should they blow too cool. At her left hand she will have an electric button with which she may, without rising, call her maid, and above her pillow she will have an electric lamp, with opaque hood, to be turned on with a button should she care to read herself to

THE PACIFIC MAIL STEAMER MANCHURIA.

by a door at the foot of the brass couch, will be fitted with a writing desk, extra wardrobe and sofa, all of mahogany. The paneling of the sides and ceiling of her little suite will be painted white, and costly rugs will cover the floors. In each of the three rooms will be a large circular window or "side light," giving a view of the broad expanse of ocean, when the red curtains are drawn aside. Either of the sofas may be made up into a berth for the maid or companion of the first maiden of the nation. A suite similar to Miss Roosevelt's, will be occupied by Secretary Taft. The Pacific Mail steamship Manchuria, on which the president's fair daughter sailed is a brand new vessel, launched at Camden, N. J., only a year ago. If stood vertical, with its keel against the Washington monument, its bow would tower fifty feet above the apex of that tallest of steeple structures built by man.

in the city and are guests of Mr. and Mrs. B. F. Elkin, 1069 Lamar street. Mrs. L. O. Tillery and son, J. L. Tillery, who have been in the city visiting R. L. Tillery and L. D. Hahn, will return today to their home at Coleman. County Commissioner Duff Purvis and wife left Wednesday for San Antonio where they will spend a few days visiting. Dr. H. Perry Hurley returned yesterday from Atlanta, where he went to see Mrs. Hurley, who is improving rapidly. Mrs. C. S. Chappel and daughters, accompanied by Dr. A. J. Chappel, left Wednesday for Vermont, where they will spend the summer. R. H. Van Zandt, who has been appointed United States bank examiner in the city from Abilene en route to Little Rock, where he will take up his new duties. Mr. Van Zandt is a son of Major K. M. Van Zandt of this city. Special service for the old folk will be held at the First Methodist church Sunday. Old-time songs and church customs will characterize the meeting. Dr. Monk, pastor of the church, has requested the congregation to make use of its vehicles in bringing the old and decrepit to the church. T. T. Murphy, transfer clerk at the Texas and Pacific station, and party returned Friday from a fishing trip, up in the Concho country. Mr. Murphy reports having caught twenty-eight bass in one forenoon, and a yellow cat-fish weighing seventy-five pounds. He says that he lost about 100 pounds of fish by the snakes and turtle eating them.

FIRST BAPTIST CHURCH. The public committee of the First Baptist church will be ready to report to the church next Wednesday night, July 12, at 8:15 o'clock. A full attendance of the church membership is desired, so that all may have an opportunity to take part in the election of a pastor. OLD STORY STICK TO COFFEE and sick all the time. There's an easy way out. USE POSTUM Food Coffee Mallory Line Arrivals Special to The Telegram. GALVESTON, Texas, July 8.—The Mallory liner "Denver," H. W. Barstow, master, arrived from New York this morning with the following list of cabin passengers: Galveston—Miss Helen L. Sherrill, Miss Ida K. Brook, Mr. A. K. Brown, Mr. W. M. Council, Mr. A. B. Orr, Miss

REBOUND OF NAIL MAY COST AN EYE Simon Ehrenstein of Glenwood suffers Accident Which May Have Serious Result Simon Ehrenstein of 113 Vickery Boulevard will likely lose an eye as the result of an accident occurring at his home on July 4. Mr. Ehrenstein was spending his holiday in fixing a rabbit pen in his yard when a nail rebounded, striking him in the eye. At the time little was thought of the accident and he prepared to return to work on the day following. Inflammation of the eye, however, forced him to consult a specialist. The eye has been growing steadily worse and today fears were expressed that he would lose it entirely.

CITY TICKET OFFICE Cotton Belt Plans Additional Improvements at Waco Special to The Telegram. WACO, Texas, July 8.—Officials of the Cotton Belt railway who were here a day or two ago have decided on improvements to be added to the city ticket office of the company, making it correspond with the proposed new passenger station, the site for which has just been cleared. The city office will be made a thing of beauty, and will be a little over a block from the passenger station, on the same street.

UMBRELLA CAME BACK Was Stolen From Its Owner Twenty-Nine Years Ago LITZ, Pa., July 8.—Captain J. B. Brooker of Warwick was shocked this week by the return of an umbrella that was stolen from him twenty-nine years ago. He found the umbrella on his porch, and to it was attached this anonymous note: "Dear Friend—I have had the umbrella since July 4, 1876. Please excuse me for not returning it sooner, and please have it fixed up as soon as possible, as I may need it again next Fourth." Captain Brooker says he does not know whom the thief is, but if he makes his identity known and calls at the house he will receive a good meal.

No torture to that of a rheumatic. Prescription No. 2851, by Elmer & Amend, quickest relief of all. For sale by all druggists.

The liner ads contain "News of Necessities." People who are forced to sell things usually offer real bargains, and enable you dollars to do double duty.

Clearance Sale Phaeon Bargains, Phaeon Bargains, Phaeon Bargains. Now on at KELLER'S, Second and Throckmorton Streets.

TO BUILD STORES Throckmorton Street to Receive Substantial Improvement It is reported that Messrs. Stephens and Love, purchasers of the Washer property at Fifth and Throckmorton streets, as announced in The Telegram of Friday, will erect a three-story brick building on the ground, the lower floor to be divided into three stores and the upper floors to be used as apartments. For the present the buildings on the ground will be permitted to stand as they are. This building, when completed, will be an addition to Throckmorton's fast growing strip of business houses and will do much to improve the property surrounding it.
