SAFELY THROUGH MOTHERHOOD WITHOUT PAIN.

What a wonderful message of hope and escape from suffering these words carry to that woman who is dreading the hour that shall proclaim her Motherhood. Perhaps for her it is the first time God has blessed her; with what awe and mystery and fear she contemplates the coming event which even now is casting its shadow before in the way of many painful discomforts? The hope held out in these words simply means that child-birth has been turned into an event of thanksgiving and joy, stripped of its agonies and dangers because of the learned skill of man

A six-mile logging line was the first railroad venture of Major J. D. Beardsey, who is now negotiating for the construction of a line between this city and Major Beardsley was born in Canada,

where much of his early boyhood was spent. He then moved to the state of Maine and later took part in the civil war as an officer in the Maine troops, rising to the rank of major. At the close of the war he was with his regiment in Louisiana and, becoming attracted by the possibilities of the country, decided to remain. He accordingly became interested in the lumber business and settled there. It was in the conduct of this business that his first railroad was built. This formed the nucleus of his rail system, which was gradually extended until it comprised 116 miles of track extending from Magnolia, Ark., to Natchitoches, La., and became known as the Louisiana and Northwestern.

This line was later looked upon as an important feeder by the Gould interests, who secured it for a price given at vari-Major Beardsley is now a resident of

NEW CONGREGATION

Portion of Congregation of Broadway Church With-

draws at Meeting

In order that a congregation may be formed in the western part of the Sixth ward and the territory formerly covered by the Broadway Baptist church, seventyfive members of the Broadway church, including F. M. Rogers, O. S. Lattimore and other well known church workers, were granted their letters for the formation of a church at a meeting held Wednesday night.

These persons will meet Sunday at the chapel of Fort Worth University and formally organize a new church. Withdrawal of the members from the Broadway church leaves that congregation with a membership roll of over 725, the church having originally over 800

members. The step was taken as a matter of expediency and resolutions expressing sympathy with the efforts of the new congregation were unanimously adopted. Services will be held temporarily at Fort Worth University chapel by the new organization

Broadway Baptist church. If all mothers trained their daughters to read the store ads, as regularly as they practice their music, fewer young men would shy at matrimony.

CLAIRVOYANT READ THE WRONG STAR

Chicago Man Whose Investment Falls to Materialize Invokes Aid of the Police

CHICAGO, Ill., July 20 .- Dr. Walter B. Metcalf, president of the Beaver Falls Mining Company, with offices in Chicago, and W. C. Barrett, secretary and treasurer of the company, have been arrested on warrants charging that they obtained money by means of a confidence game. Dr. Metcalf, who is a practicing physician and is well known in medical circles, and Barrett were released on bonds.

The attention of the police was called to the cases in a letter written by Robert Aird of Chicago, who invested \$300 in stocks of the Chicago Adirondack Gold Mining Company, which formerly occupled the present offices of the Beaver Falls Mining Company.

Aird replied to an advertisement of a clairvoyant, who informed him that his hand showed signs of great wealth in speculation. The clairvoyant then referred him to the Chicago Adirondack Mining Company. Aird invested \$300 in the stocks. He said he had no returns on his investment and the money paid by him was not used as represented.

Operating expenses of all roads have shown an increase of from 1 to 10 per cent, the increase being mainly to accommodate specific traffic. Some of the larger roads, however, have been able to bring the operating expenses below those of last year.
