

CZAR AND KAISER
THIRD CONFERENCE

Rulers Meet Near Island of Bjorkoe Off Swedish Coast

TALK OF PEACE

German Emperor Said to Be Counseling End of Hostilities in Far East

BERLIN, July 24.—The foreign office here is advised that the meeting between Emperor William and Emperor Nicholas took place early today off the Swedish coast near the island of Bjorkoe.

The meeting is the sequel to the correspondence that has been going on between the two emperors concerning peace, in which Emperor William urged Emperor Nicholas to take steps toward peace.

Emperor William was then co-operating with President Roosevelt, seeking to bring the belligerents to discuss the terms of peace and in the present meeting the Associated Press is authoritatively informed that Emperor William will continue to advise peace, should the Russian emperor ask his further views and it will be very natural that Emperor Nicholas should do so as the development of correspondence which already has taken place.

Emperor William went to the meeting, as the Associated Press is officially informed, prepared to say that he thought Emperor Nicholas could maintain a full understanding and reconciliation with the discontented portions of his people only through reforms. The German government is prepared to say that he thought Emperor Nicholas could maintain a full understanding and reconciliation with the discontented portions of his people only through reforms. The German government is prepared to say that he thought Emperor Nicholas could maintain a full understanding and reconciliation with the discontented portions of his people only through reforms.

LEAVES ST. PETERSBURG

ST. PETERSBURG, July 23, midnight.—On the eve of the peace conference, and with a suddenness already disconcerting to diplomatic and court circles, the emperor left St. Petersburg today on the imperial yacht Polar Star for a conference with Emperor William, who is cruising on the Hohenzoellern in Finnish waters.

The emperor is accompanied by his brother, Grand Duke Michael Alexandrovitch, and a considerable suite, including Count Benckendorff, marshal of the imperial chancery, Admiral Bireford, minister of marine, Captain von Essen, who commanded the battleship Sevastopol during the siege of Port Arthur, Captain Chagin, who commanded the Albatross, and the admiral of Admiral Rojestvensky's fleet to reach Vladivostok after the battle of the Sea of Japan; Captain Hintz, naval attaché of the German embassy, and a large party of court officials, which a guard of marines.

COUNTRY NEEDS BUSINESS REVIVAL

James J. Hill Says We Live in a Period Which Breeds Pull

LENOX, Mass., July 24.—"We are in a period which breeds pull, and pull in turn promotes graft," says James J. Hill in a remarkable interview given at his home in Lenox today. "There are too many quack political theories which clash with sound business. Individual effort is restrained by political theorists and demagogic leaders. In Germany the emperor himself is guiding and fostering commercial development in which we are following behind. We are dilly-dallying with South American trade and trying to build the Panama canal. We have not the ships nor the protecting laws for a merchant marine."

"In England and Germany the guilty are punished and pull and graft do not prevail. But here the political problem will have to solve itself, guided by public demands. While I see no danger should ahead in the business and financial situation, what is needed the country over is a great awakening, a sort of revival in its business and higher commercial standard or tone. This will have to come before we are a world-power."

NEW YORK PAINTERS THREATEN TO STRIKE

Employers Say If Brotherhood Strikes the Amalgamated Painters Will Fill Their Places

NEW YORK, July 24.—Preparations are being made for a strike in this city by the Brotherhood of Painters, with a membership of 4,500.

The union demands that the Master Painters' Association shall submit a proposed trade agreement to the arbitration board of the Building Employers' Association. The demands have been made on the Interior Decorators' and Cabinet Makers' Association.

YELLOW FEVER FOUND ON PANAMA SHIP

Firemen Discovered to Be Suffering from Dread Malady—One Death Reported

NEW YORK, July 24.—Before the Chamber Squared called for the north Saturday, says a Herald dispatch from Panama, a fireman was discovered suffering from yellow fever. He was immediately taken ashore and this evening the vessel was fumigated. Latest reports give two cases of fever, one of those stricken having died.

COMIC OPERA BY A TEXAS WOMAN

Miss Clara Driscoll Goes East to Sell Her New Three-Act Comedy

AUSTIN, Texas, July 24.—Miss Clara Driscoll, the talented Texan authoress, is now en route to New York city where she goes to enter the Schuerts rights in a comic opera which she sketched while in Mexico and the scene of which is laid at Cuernavaca. In which city Miss Driscoll recently spent a week. Letters have recently received here by bonds which state that she believes that the Schuerts will produce the opera some time this fall. The score will be written by Robert Smith, who has achieved some little fame as a composer.

According to Miss Driscoll's plans, the new opera is to contain three acts, the different scenes of which will be laid at Cuernavaca. The theme of the play has not been divulged by her inasmuch as she wishes to submit it first to the New York management who might have certain changes to make in it. By those who have discussed the coming production with Miss Driscoll it is said that the piece cannot fall to take because of the quaintness and charm surrounding the plot and the fact that the characters will be as near to the original as it is possible for them to be. This last visit of the authoress to Mexico was for the purpose of getting certain local color which she had observed on former visits, and in her belief that she has succeeded in surrounding the play with an atmosphere of Mexican characteristics as to make it a success.

TOBACCO ACREAGE

Department of Agriculture Makes Final Report, Which Shows a Considerable Decrease

WASHINGTON, D. C., July 24.—A final report on tobacco acreage and condition has been issued by the department of agriculture, the report having been made up as the result of the discovery and correction of certain errors in the computations for the report of June, 1905. The preliminary report on tobacco acreage was based solely on information received from a corps of special tobacco correspondents located in the tobacco growing states, and, as made up and published, showed a large increase in the acreage over that of the preceding year in the district of Kentucky, Ohio, West Virginia and Tennessee. The showing made by the report was criticized by persons cognizant of the actual conditions in these districts and as a result of complaints made to the department, Secretary Wilson determined to have made a special investigation.

The corrected figures for those districts show a much smaller acreage than that indicated in the preliminary report.

NO FALL CARNIVAL

San Angelo Decides Not to Hold Annual Attraction

SAN ANGELO, Texas, July 24.—The fall fair and carnival which it was planned to hold at San Angelo this year and which is usually held here every year, will not be held this year. It was planned to give a fall carnival, but the people did not manifest enthusiasm and it was found that it would be hard to raise funds, so the project was abandoned. There will be other fairs and carnivals held in this western section this fall. Coleman is advertising a grand barbecue and fall carnival for Aug. 17, 18 and 19. The attractions will include baseball games, broncho busting, tennis, and riding and other sports. Coleman is planning for a grand "West Texas Fair," to be held Sept. 7, 8 and 9, and the people of that section are expecting a splendid time, as the country surrounding it is in a most prosperous condition this year and they will celebrate the splendid financial condition of things.

PATRIOTISM LEADS TO FATAL QUARREL

Two Men Dying and Another Wounded as Result of An Argument Over Norway

NEW YORK, July 24.—Two men dying and a third seriously wounded was the outcome of an argument in Brooklyn early today between four Swedes about the secession of Norway from Sweden. The men who are dying in a hospital are Karl Anderson and John Tromler. Ludwig Tegel was seriously hurt. Victor Lindquist was captured after a chase by a policeman, who pointed his revolver at him. He is charged with having done the shooting.

As learned by the police, the men, all intimate friends, met for a dinner at a restaurant early this evening. An argument about the proper course to be taken by their country in the present crisis found Lindquist taking one side and the three the other.

The quarrel became bitter and was continuing as they left the house to go to a ferry nearby. Suddenly, it is alleged, Lindquist turned on his countrymen and shot them. The prisoner strenuously denied the charge when he was locked up pending a hearing.

POLICE THINK HIM ANOTHER BLUEBEARD

Frederick Carleton in Brooklyn Jail Suspected of Long Career of Misdemeanors

NEW YORK, July 24.—Frederick Carleton, alias Edward Martinez, alias many times over, in Brooklyn jail charged with robbery, is, if the theory of New York detectives is to be believed, an archfiend, guilty of the murder of at least two wives, the desertion of many more, and innumerable cheating femininity. He has been readily recognized as the Edward Martinez who some four years ago tried to victimize the Cincinnati Post with a fake story of the murder of Governor Grosh, by whom the Post exposed, together with a past record teeming with wife desertion, bigamy and trickery.

He stopped at the Rand hotel in Cincinnati and together with one of his wives started a matrimonial agency.

When arrested in Brooklyn hundreds of love letters from different women were found in his trunk, together with evidence that he had advertised in marriage papers throughout the country in the effort to widen his acquaintance with easy victims of confiding femininity. One Brooklyn woman to whom he made love while his last wife was dying asserted the belief that he conquered her by hypnotic powers.

He's Here Again---The Man Who Rocks the Boat

SATURNIUS N.E.A.

LABOR OPPOSED TO RATE ADJUSTMENT

Grand Master of Trainmen's Brotherhood Says Union Men Would Suffer

CLEVELAND, Ohio, July 24.—P. H. Morrissey, grand master of the Brotherhood of Railroad Trainmen, discussing with a representative of the Globe what he considers the most important matter now before railroad employees—the proposition to regulate railroad rates by a government commission—said:

"The strength of unions has developed in the United States, and particularly that of railroad unions, because of the ability of the unions to demonstrate to the railroad officials the soundness of any proposition it may be necessary to present. By care in selection of members and by presenting only proper claims, the unions have arrived at a position where the railroad officials respect them, the more because they have shown that there is a mutual interest between the railroad management and the unions. It is this mutual interest that leads me to deplore from our usual customs and discuss this railroad rate regulation, although, as a rule, I am averse to newspaper controversies."

"Railroad employees cannot expect high wages and reasonable hours unless the railroads are making money. It has been stated that if rates were reduced—and rate regulation means nothing else—the first reduction in expense would be a cut in wages. This is not so, and proper consideration of the situation will prove it. The railroads realize the necessity of employing intelligent, experienced men and of having them satisfied both with their work and with their wages. The result of a cut in wages would be, first, to dissatisfy the employees and make them seek employment elsewhere, and, second, to force the railroad officials to accept in their places men who are inferior both in mechanical work and in judgment—which is a necessity to every man who works on a railroad."

"The railroads would never do this—if for no other reason than because they appreciate that the pecuniary disadvantages which would result from the employment of incompetent help would more than offset the difference between the wages now paid and those which would be paid if a cut were made. So it is not the viewpoint of inferior personal injury that we are earnest in discussing this matter, but from the viewpoint of the greatest good to the greatest number."

SECRETARY HAY'S WILL

Beneficiaries Are His Widow and Brothers and Sisters—Executors Are Named

WASHINGTON, July 24.—The will of John Hay, late secretary of state, has been filed for probate in the office of the register of wills for the District of Columbia. The beneficiaries are his widow, Leonard Hay, and his sister, Mary Hay Woodfolk, are given all of the property at Warsaw, Ill., and the sum of \$25,000 each. His brother, Charles Edward Hay, is given \$50,000, and Harwood Otis Whitney of Keokuk, Iowa, \$2,000. All of the rest of the property of any description is left to Clara Stone Hay, his widow. Nothing is contained in the will to indicate the value of the estate. Faye Whitney and James Wadsworth Jr., sons-in-law of the deceased, are named as executors of the estate.

PUG DOG WITNESS DECIDES THE CASE

Two Families Claim Dog Who Was Put on the Stand—Picks Its Owner

NEW ORLEANS, La., July 24.—A pug dog was the witness who caused a suit to be settled in quick order in the civil district court, Judge Henry L. Lazarus said. His brother, Charles Edward Hay, is given \$50,000, and Harwood Otis Whitney of Keokuk, Iowa, \$2,000. All of the rest of the property of any description is left to Clara Stone Hay, his widow. Nothing is contained in the will to indicate the value of the estate. Faye Whitney and James Wadsworth Jr., sons-in-law of the deceased, are named as executors of the estate.

DETENTION CAMPS AT NEW ORLEANS

Government Aiding Local Authorities in Preventing the Spread of Yellow Jack

WASHINGTON, D. C., July 24.—Surgeon General Wyman of the public health and hospital service, who has been absent from the city on official business, is now on his way to Washington and upon his arrival will give his personal attention to the yellow fever situation in New Orleans.

Meantime the service under the direction of Dr. Glennan is in co-operation with the New Orleans authorities to prevent any fresh outbreak. There are half a dozen trained members of the force in that city, and they are now giving their special attention to getting the suspects away and without endangering other communities. A large number of detention camps will be established outside the New Orleans city limits. In these refugees will be held for sufficient time to protect those with whom they may later come in contact.

TEXANS AFFECTED

HAVANA, July 24.—On account of the extension of yellow fever at New Orleans, quarantine has been declared against that port. The Southern Pacific line, Excelsior, which is due here Monday, has sixty young women students from a Texas college on board. The officials say they will be required to remain on the vessel or to undergo the usual five days' detention at the quarantine station.

CITIZENS CONFIDENT DISEASE IS CHECKED

Federal, State and Municipal Authorities Working to Free New Orleans from Fever

NEW ORLEANS, La., July 24.—A thorough system of inspection is being put into effect here by the state, city and Federal authorities, with a view to prompt report of new cases of yellow fever in the event that there is any spread from the district now under control. The situation will be well in hand about French Market, where the disease had its origin. Meanwhile there is widespread confidence in the ability of the United States marine hospital service surgeons, White and State, and the city authorities to successfully apply the mosquito theory.

NO EXODUS FROM CITY

There has been no exodus from the city. Large numbers of home people are returning to New Orleans from the surrounding resorts in order to avoid being separated from their families owing to the rigidity of the quarantines that have been put into effect. The state board of health is in session today. The city council will meet tomorrow and pass a mosquito ordinance, which has been recommended by the health authorities.

ARMY SURGEON ARRIVES

United States Army Surgeon Moss of San Antonio arrived here today with a view of examining into conditions with health in session today. The city council will meet tomorrow and pass a mosquito ordinance, which has been recommended by the health authorities.

Property Transfer

F. G. Meek of this city has purchased from J. F. Moore, through Tempel, Dickson & Modlin, 7x75 feet at the northeast corner of Fifteenth and Throckmorton streets. Terms of the trade are private.

AMERICAN VESSEL FLIES SPANISH FLAG

Stolen with Its Rich Cargo and Sold by the Crew

SAN FRANCISCO, Cal., July 24.—Sailing somewhere in the tropical seas is the American vessel Robert Genter. At its mast floats unlawfully the flag of Spain. Heavily laden with wines and rich in cargo, on last Jan. 7, this vessel, manned by a crew of Cubans, sailed out of the port of Tampa, Fla. consigned to Antonio P. Garcia, one of the wealthiest merchants of Sagua, La Grande, Cuba. Since that date nothing has been heard of either the crew or vessel. St. J. Hulse, the owner of it, has appealed to the Federal authorities at Washington and they in turn have notified the local Federal officers to try and locate the missing boat and bring its crew into the toils of the law.

For two days previous to the departure of the vessel from the Florida port the members of the crew spent their nights in the wine rooms and gambling dens of Tampa. Their money was all spent, and they made friends with several South American sailors, who it is believed, induced them secretly to sell the ship. It would be impossible to make this wrongful sale while in port, so it was apparently agreed to carry out the transaction on the high seas.

Weeks went by and the owner received no notice of the arrival of the vessel at the Cuban port. He became uneasy and called on the Florida authorities. Through them it was learned that not only had the vessel never reported its destination, but that a boat answering its description had been seen off the coast of one of the South American ports flying the flag of one of the Spanish domains. The crew when last seen was engaged in riotous revelry. Descriptions of the boat and orders to immediately seize and arrest its crew have been sent to all of the ports in the United States.

SENATOR UNDER SURGEON'S KNIFE

George Peabody Wetmore of Rhode Island Undergoes Operation in New York

NEW YORK, July 24.—United States Senator George Peabody Wetmore of Rhode Island, who came to this city a few days ago for the purpose of undergoing a surgical operation, is stated to be recovering. He expects to return in a few days to his home in Newport.

News of the senator's visit was suppressed and it has just been learned that he submitted to the surgeon's knife early last week. Mrs. Wetmore said last night that in 1893, while driving in Newport, he was thrown to the roadway and sustained a fracture of the right upper arm, which was complicated by a dislocation of the shoulder. The difficulty of setting the bone and later of reducing the dislocation caused him much pain at times and made the present operation necessary.

ROBBERS TORTURE VICTIM TO DEATH

Open Arteries in Arms and Leave Him to Die After Taking Valuables

CHICAGO, Ill., July 24.—The police believe that the death of John Tesmer, at the county hospital yesterday, an hour after he had been found in a doorway at Ashland avenue and Emily street, was due to torture inflicted by men who attacked and robbed him. Tesmer, who was a prosperous real estate owner, had collected rent at several places and was going to his residence when he was attacked by highwaymen. He fought the robbers, but was worsted. A blow on the left eye, which left an ugly cut, proved to have knocked him unconscious. He was dragged into a hallway, where he was found several hours afterward.

Several cuts were found on Tesmer's arms and hands. Two long gashes, which opened the arteries of his wrists, are believed to have been inflicted deliberately while the man was in the clutches of the robbers. After the robbers had taken Tesmer's watch and \$25 from him they sat him up in an upright position in the doorway and left him to bleed to death from the severed arteries in his wrists. Search for Tesmer's assassins has been so far unavailing.

CRAW-DAD IN HIS EAR

Boy Complained of Earache After Returning from a Swim

PITTSBURG, Pa., July 24.—Clifford, the 10-year-old son of Postmaster John Grien, of Homestead has been suffering for the past two weeks with violent pains in his right ear, and only obtained relief this morning when Dr. C. C. Huff of Homestead removed from his ear a small crab. The family was unable to ascertain the cause of the boy's pain, and after using oil and other home remedies in vain the family physician was consulted. This morning the crab was extracted and the boy was at once relieved.

Two weeks ago he was swimming with some companions, and upon returning complained of earache.

FIRE AT WHITEWRIGHT DOES MUCH DAMAGE

Total Loss Estimated at Over \$20,000—General Store the Heaviest Loser

Special to The Telegram. WHITEWRIGHT, Texas, July 24.—Two buildings in the business center in West Main street were burned at 2 o'clock Sunday morning. The fire originated in the building occupied by H. M. Horn, general merchandise, and burned the entire stock, valued at \$12,000; insurance \$7,000. It also burned the entire stock of saddlery, harness and buggies owned by Christian Brothers, valued at \$5,000; insurance \$2,000. The fire damaged the stock of T. Moore, general merchandise, and John McMurray, groceries, to the amount of \$5,000; also damaging cables belonging to the Whitewright Telephone Company to the amount of \$500.

Autos Have Killed 7

CHICAGO, Ill., July 24.—The Tribune today says: Seven persons killed and fifty-four injured is the record made this year so far by automobilists in Chicago. Although the year is but little more than half over, the figures show an appalling increase over last year's record of one killed and seventy-three injured.

FIVE PERISH IN FIRE AT HUMBLE

Negro Laborers Seeking to Prevent Spread of Oil Field Blaze Cut off in Trap

HUMBLE, Texas, July 24.—Covering an area of three quarters of a mile square with a great canopy of smoke covering two square miles, the oil tanks of the Texas company continue to boil and bubble under the great heat of burning oil, the fire having burned all night. When it can be extinguished no one guesses. Certainly not until it has burned all of the oil in the eleven big tanks which held 2,500,000 barrels when lightning struck them Sunday afternoon.

FLAMES SPREAD

Fire Breaks Out in Tanks of Texas Company, Mile from First Starting Place

It is now known that five of the negro workmen perished and the rumors place the number of dead as high as fifty, though this number is confirmed. There are hundreds of homeless people, many of them only awaiting a train to go to Houston for shelter. They were living in tents and shacks in the oil field and fled for their lives to the town away from danger.

All Belongings Destroyed

They left all their belongings and they have been destroyed by fire, which runs out toward the town. Some of the tanks of the Texas company continue to boil and bubble under the great heat of burning oil, the fire having burned all night. When it can be extinguished no one guesses. Certainly not until it has burned all of the oil in the eleven big tanks which held 2,500,000 barrels when lightning struck them Sunday afternoon.

It is now known that five of the negro workmen perished and the rumors place the number of dead as high as fifty, though this number is confirmed. There are hundreds of homeless people, many of them only awaiting a train to go to Houston for shelter. They were living in tents and shacks in the oil field and fled for their lives to the town away from danger.

Forty Mules Burned

Shortly after the big tank began to blaze 200 workmen with 75 mules were hurried to the place to throw up earthen embankments to confine the fire to the tank which it originated. Suddenly the oil gave an upheaval, bubbled and lifted a great mass of fluid bodily out of the tank and the fire was communicated to three other tanks. The burning oil caught the men and mules and hemmed them in. There was a wild scramble for safety, men dropping their scrapers and reins and fleeing. Some of them mounted and got out, but at least forty of the mules balked and were cremated. Five negroes were seen to go down and it is not believed possible they could have escaped. While all of the men have not been accounted for, these five are all that are certainly known to have perished. Fire broke out in the steel tanks of the Texas company at the pumping station, a mile from the original fire.

FORTUNE FOUND IN MOLDY BILLS

Three Hermit Brothers Hoard Wealth in Safe—Amounts to Big Fortune

LORAIN, Ohio, July 24.—Nearly \$70,000 in moldy bills and ancient securities have been taken from the safe in a house ten miles from the village of Lorain. The three brothers named Meach had hoarded their wealth for more than a quarter of a century. When John Meach, last of the family, died about two weeks ago leaving dozen distant relatives, an effort was made to open the ponderous safe that had stood in the house for years. The effort was futile until an expert was summoned. No gold was discovered, but as it was known that John Meach exchanged several hundred dollars in bills for gold shortly before his death, the heirs have concluded that, fearing burglars, he buried it about the premises and a search is now being made in the house and the farm. In old rotting pocketbooks, carefully deposited in many compartments, were found bank notes and mortgages amounting practically to \$69,000. Many of the bills dated back to war times while the annotations and indorsements upon these securities showed that thousands of dollars in interest had been paid upon them. The opening of the safe revealed also brought to light an ancient document signed by the Meach brothers years ago in their youth, at the time their parents died, in which they agreed to marry, to live together in the farm house and save their wealth, for each other, so that it would never pass from their hands until the last one died.

FOUR YEARS' WORK FOR ONE CENT

Hack Driver Gets Contract to Carry the Mails on a Bid of One Cent

WASHINGTON, D. C., July 24.—Auditor McCarry of the postoffice department has signed the smallest government warrant ever witnessed in payment of services actually rendered. It was for 1 cent and will pay for the delivery of the mail by a hack driver in New Hampshire for a period of four years. The warrant was made to the order of Adriel L. Stuart of Freedom, N. H., who was the lowest bidder for the contract for carrying mail from that town to a village seven and a half miles distant. The terms of contract call for daily service, except Sunday, so that Stuart will be required to cover the fifteen miles six days a week. A number of contractors competed for the work, but Stuart's bid of one quarter of a cent per year was exactly the lowest.

THE WEATHER SPOTTER

NEW ORLEANS FORECAST
NEW ORLEANS, July 24.—The forecast for the southwest is as follows:
East Texas (south)—Tonight and Tuesday scattered showers. Light to fresh variable winds on the coast.
Arkansas, Oklahoma and Indian Territory and Eastern Texas—Tonight and Tuesday scattered showers.

Temperature at 2 P. M., 84 degrees. Wind north-west, velocity 3 miles an hour. Barometer stationary.

THAMES BLACKHEADS

Cuticura SOAP

To treat Pimples and Blackheads, Red, Rough, Oily Complexions, gently smear the face with Cuticura Ointment, the great Skin Cure, but do not rub. Wash off the Ointment in five minutes with Cuticura Soap and hot water, and bathe freely for some minutes. Repeat morning and evening. At other times use Cuticura Soap for bathing the face as often as agreeable. No other Skin Soap so pure, so sweet, so speedily effective.

COTTON GOOD IN SAN ANGELO COUNTRY

Average 25 Per Cent Larger Than Last Year and Crop 50 Per Cent Better

Special to The Telegram. SAN ANGELO, Texas, July 24.—E. F. Tillman, former live stock agent of the Missouri, Kansas and Texas, who had a severe attack of stomach trouble at his ranch near Sonora some time ago and later went to Battle Creek, Mich., for treatment, has returned much improved in health. He has gone back to his Sonora ranch.

Shipments of live stock from here: William Anson, one car of fat calves to St. Louis; C. B. Metcalfe, one car of horses to Bonham; Jack Russell, one stallion to Bonham; W. G. Ainsworth, two horses to Temple.

John Giddens of Ellis county sold his ranch of 19,000 acres in Irion county to Fayette Tankersley, a wealthy stockman and president of the Western National bank of San Angelo, for a consideration of \$35,000.

A. H. Moore of San Angelo has leased the Cooper ranch near Water Valley from Newsome & Son and has stocked it with big steers.

Reports from some sections of this western country are to the effect that the ranchmen are feeling the effects of the dry weather and some of them are having to cut their feedstuff crops. There will be good crops of feedstuffs, however, and some ranchmen will have fine prairie hay crops.

Mrs. Mary W. Allen has sold to J. C. Hurd of Van Zandt county a 666 1/2-acre farm, located six and a half miles from San Angelo, on the Water Valley road, at \$18 an acre. This is fine land and very suitable for cultivation.

Conservative estimates agree on an increased cotton acreage through this section this year. There is probably 25 per cent increase over last year, while at this time the crop is in 50 per cent better condition than at a corresponding period last year. A splendid crop of the fleecy staple is looked for, although at this time a good rain is needed.

George Hagelstein, a hardware merchant of this place, who is also engaged in the cattle business, to some extent, has been to Sterling City, where he purchased the Andy Jones stock of cattle, horses and mules for a total of \$12,000. There were some five hundred head, including a fine Kentucky thoroughbred stallion named "Dallas."

Car loads of watermelons and cantaloupes are being shipped from Ballinger to present. The Ballinger melons are famed for their excellent qualities and it is said that the finer melons are raised in the south than those produced on the sandy lands of the Colorado river bottoms. A splendid fruit crop has been produced this year all through this western section. Fine fruit is raised in this western country whether on irrigated soil or dry land and the farmers and ranchmen with orchards are reaping very profitable returns.

WILLIAMSON FARMERS TO TRY FOR PRIZE

Exhibit of Agricultural Products Will Be Entered in Competition at San Antonio

Special to The Telegram. GEORGETOWN, Texas, July 24.—The Williamson County Farmers' Institute elected the following officers Saturday: J. I. Solyer, Jonah, president; F. W. Caruthers, Georgetown, C. C. Hooper, Taylor, J. J. Fomela, Granger, and C. A. Nelson, Round Rock, vice presidents; Lee J. Roundtree, Georgetown, secretary; Jno. H. Griffith, Taylor, treasurer.

On Saturday about \$500 in premiums were awarded and the farm, garden and orchard exhibits were the finest in the history of the institute.

About 3,000 pounds of this exhibit was shipped yesterday to the Texas Farmers' Congress at the college, to compete for the \$50 prizes offered by the San Antonio and Dallas Fair Association. The exhibit was in charge of Messrs. J. B. Solyer, Lee J. Roundtree, F. W. Caruthers, J. H. Piper and C. L. Shell.

At the recent institute meeting it was decided to compete for the \$500 prize offered by the San Antonio fair in October. Williamson county has three times won the first prize of San Antonio and last year furnished the foundation for the Texas agricultural exhibit at the World's Fair.

BALFOUR DECLARES HE'LL NOT RESIGN

House of Commons Packed to Hear Government's Answer to Demands of Liberal Members

LONDON, July 24.—The government has no intention of resigning in consequence of Thursday's adverse vote. This was the gist of Premier Balfour's eagerly anticipated statement in the house of commons this afternoon. Although it had been generally understood that such would be the decision of Premier Balfour, there was eagerness on all sides to hear the exact terms of his statement. The house was literally packed. Every gallery available to the public was crowded and there had not been such an attendance of members during the life of the present parliament.

LOSS AT LEAST \$750,000

HOUSTON, Texas, July 24.—The fire which started in the Humble oil field yesterday by lightning, is still raging with no prospect of immediate control. It is believed that the flames will be confined to the tankage district. There are three million barrels of oil in storage tanks all of which will be destroyed. Today the losses are estimated at three-quarters of a million dollars or more, practically no insurance. The reports of fatalities have not been verified although a number of men are missing.

An estimate of the accumulated capital of the United Kingdom puts it at about \$90,000,000,000.

Perfect womanhood depends on perfect health. Nature's rarest gift of physical beauty comes to all who use Hollister's Rocky Mountain Tea. Bright eyes and red cheeks follow its use. 35 cents. J. P. Brashear.

BENNINGTON DEAD ARE LAID TO REST

Funerals of Forty-Seven Boiler Explosion Victims Held at San Diego, Cal.

SAN DIEGO, Cal., July 24.—The sunboat Bennington's dead were buried yesterday. Forty-seven in a common grave on the crest of the promontory of Loma, high above the waters of San Diego Bay on one side and within sound of the booming surf of the Pacific on the other.

Without the crash of drum or parade, yet with simple impressiveness, all honor was paid to the nation's dead. All about them lie those who died in the nation's service in more exciting times. Gravestones, yellow with age, bear the names of men who died at Montgomery in the Mexican war; others who gave up their lives in the conquest of California and who followed Commodore Stockton at Old San Pascual. These are their neighbors in death.

Army and Navy Pay Tribute. Army and navy paid their last tributes, no less sincere than the simple grief of the representatives of the people, who made the long journey around or across the great bay. From Fort Rosecrans came the One Hundred and Fiftieth company of coast heavy artillery, from the city of San Diego the naval reserves, from the Universal Brotherhood's home on Point Loma a company of khaki-clad representatives and from the government ship Fortune a dozen of the sailors. But the most impressive body of mourners was the fifty-two men from the battered Bennington. Besides these there were hundreds of civilians, who, unthought-of of the fatiguing journey from the city, brought their offerings of flowers to lay upon the graves.

The deep trench in which the bodies were placed in rows feet to feet is sixty feet wide. It was finished only a few minutes before the arrival of the first load of bodies. Around it were drawn up in long lines the artillery company from the fort, seventy-five strong; on the west the naval reserves, bearing armfuls of flowers; on the north the Bennington's crew, in khaki uniforms; outside the simple picket fence inclosing the burying grounds gathered the public in solid masses on all sides.

This was a setting for the most impressive spectacle of the culminating scenes of San Diego's week of sorrow. Without a moment's delay the work of lifting the coffins from the wagons and carrying them to the trench was carried on. Shipmates from the Bennington performed this sad duty. Squads of six came forward from the ranks in rapid succession, lifting the caskets gently, entered the trench at the head and deposited the bodies as directed by Lieutenant Tabin, and saw that the board placed at the head of the casket was properly marked and numbered. In just one hour and fifteen minutes the last body had been deposited in the trench.

It only remained for the representatives of the church to pronounce final blessings on the dead. Rev. J. A. M. Richey, rector of St. Paul's Episcopal church, read the burial service, the twenty-first Psalm, and repeated the Lord's Prayer for the most impressive duty by casting a handful of earth upon the coffins.

Father Adubach of the Roman Catholic church, attended by two incense bearers, led the choir in a rich and resonant voice he read the service of the dead and blessed them with holy water and incense.

Final Ceremony

Believing it was all over, many turned to go. There was yet to come the most impressive incident of the scene. Commander Young of the Bennington stepped out from the group of officers at the head of the trench, and raising his hand, commanded instant attention.

In a deep, gruff voice, the voice of a typical sailor, he said: "Captain Scott, commander of Fort Rosecrans and his successors, I commit to your tender care the bodies of our unfortunate shipmates and patriotic dead. May their graves never be forgotten by the hand of affection. May there rise above their last resting place, marble slabs to mark the place as sacred to the nation's care, and may the morning sun ever kiss the green sod above their dust emblematic of our love and affection."

"I accept the sacred trust of the honored dead," replied Captain Scott. The service ended with the firing of three volleys over the dead. The dead were officially announced makes these corrections: EDWARD BREWSTER FERGUSON instead of B. Ferguson, FREDERICK JOHN GEISS instead of G. J. Geiss, OSCAR FREDERICK NELSON, not C. F. Nelson, MICHAEL GEORGE QUINN, not N. G. HARRY FAT SAUNDERS, not A. F.

Head of State UNIVERSITY DEAD President Wm. L. Prather Expires Suddenly in Austin from Heart Failure

Special to The Telegram. AUSTIN, Texas, July 24.—President W. L. Prather of the State University died at 7 o'clock this morning of heart failure. He was well known in southern educational circles.

Colonel Prather was born near Paris, Tenn., May 1, 1818, and moved in Texas in 1855. He was educated in Washington & Lee University of Virginia, under General Robert E. Lee. He married Miss Fannie Kirkpatrick of Lexington, Va., Feb. 3, 1875. He leaves a widow and five children, all grown.

He was the son of Rev. George W. Prather, who was one of the early settlers in Waco. He was regent of the state university several years and president of the board of regents before his election as president of the university. He was connected with many of the larger enterprises of Waco and was one of the best known attorneys in Texas.

Auditorium Notes

Brown Harwood, secretary of the auditorium committee, announces that a meeting will be held in his office at 5 o'clock this afternoon to start a campaign among local secret societies and social organizations for the purpose of having them give at times benefit entertainments to the auditorium fund.

Plans for this move will be discussed at this afternoon's meeting by members of the auditorium committee and representatives from the Factory Club.

THE PRIZES

First Prize.—The young woman who secures the largest number of votes between July 15 and Sept. 9, 1905, will receive a \$750 piano. This piano has been donated by the Ross-Heyer Music Company.

Second Prize.—The young woman who secures the next largest number of votes between July 15 and Sept. 9 will receive one \$100.00 to Portland, Ore., and \$100 in gold. This round trip ticket will also include ten admission tickets to the Lewis and Clark Exposition.

Third Prize.—A handsome horse, buggy and pearl ring; value \$150, donated by Leonard Davidson. This ring will be on display at Greer's jewelry store Monday.

HOW THE VOTES COUNT

For every 10-cent Auditorium coupon received at the Auditorium headquarters between July 15 and 10 p. m. July 21, ten votes will be counted; five votes between July 21 and 10 p. m. August 15; three votes between August 15 and 10 p. m. Sept. 9. This contest will close at 10 p. m., Sept. 9, 1905.

Special prizes to be given away during this contest are: House and lot, donated by Capps Land Company, and the lumber and paint donated by the Gernsbacher Bros.

Gold medal, given by William Reeves. \$5 gold piece. Kodak, given by Brown Harwood. Life size doll, given by Gernsbacher Bros. Haviland dinner set, given by The Fair. A \$50 gold piece, given by Dr. E. D. Capps.

MAN DRINKS SEVEN GALLONS IN ONE DAY

Geo. Dennis of Dallas Swallows 85 Glasses of Mineral Water and Establishes New Record. MINERAL WELLS, Texas, July 24.—Today marked a new record at the Wells for drinking water. Some time with a man drank 85 glasses of water in a man drink 85 glasses of water from Dallas, Geo. Dennis, tried to surpass this and began early in the morning to drink Carlsbad water and at 8 p. m. he and the manager of the Carlsbad bar say he had drank 85 glasses.

FLAT OWNER GIVES PRIZE FOR BABIES Milwaukee Has Queerest Landlord in U. S.—Stork's Visit Means Month's Rent

Special Correspondence to The Telegram. MILWAUKEE, Wis., July 24.—This city is the happy possessor of a new kind of philanthropist, to wit: The baby-flat landlord.

General Louis Auer, ex-politician, national guard officer, real estate man and good feller, is building five apartment houses in Center park. Each will hold 30 families. These are the baby flats.

"I am a great believer in babies," said General Auer in talking of his buildings. "Some people might think my views somewhat antiquated, but this question of race suicide is greater than people think."

"I am thoroughly in earnest when I say I am in favor of every child born in the apartments. The family without children will not be barred from the buildings, but we especially intend to help families with children, many of them."

"No expense has been spared in making our flooring as noiseless as possible. We claim that the buildings are as complete as possible in this respect. Let the youngsters romp."

"But the big feature is to be the playground in the rear. When the apartment buildings are all complete there will be a big square. This is for the exclusive use of the children. All the paraphernalia of an up-to-date playground will be provided."

"When the expenses and income of the flats have adjusted themselves, I may see fit to increase that prize for babies."

RIOTERS CONTROL RUSSIAN TOWN

Citizens of Nishni Novgorod Attacked, Many Being Killed in Their Homes

ST. PETERSBURG, July 24.—A telegram from Nishni Novgorod says the town was for five hours yesterday in the hands of thousands of roughs, who murdered and attacked every respectable person they met in the streets. A number of persons were killed and many were injured, the rioters breaking into their houses in pursuit of their victims.

ON HIS WAY TO THE EAST

Baron Kumura, Japanese Minister of Foreign Affairs, Passes Through Chicago

CHICAGO, July 24.—Baron Kumura, the Japanese minister of foreign affairs and plenipotentiary in the pending peace negotiations with Russia, arrived in Chicago today from St. Paul. He left for the east in one hour.

A couple were recently married at St. Peter's church, Dorchester, whose respective names were Charles Rose and Rose Charles.

Sister of Mrs. Anthony J. Drexel of Philadelphia, who has become a member of the divorce colony of Sioux Falls. DECLINE IN CATTLE VALUES
The arrangement of the beef trust by C. E. Russell of Chicago that has been appearing serially in Everybody's Magazine is concluded in the current number of that publication.

DECLINE IN CATTLE VALUES (continued)
In the three years ending Jan. 1, 1905, the value of the beef cattle of the United States declined \$153,000,000. I call attention to this fact, what shall we do? It is pivotal. The whole discussion turns upon it.

DECLINE IN CATTLE VALUES (continued)
Here, then, is the great, significant truth we are to face: The cost of the raw material has diminished. The price of the finished product has increased.

DECLINE IN CATTLE VALUES (continued)
In the history of commerce no such condition has existed without designed and abnormal control and manipulation. Without abnormal manipulation no such condition would be possible.

DECLINE IN CATTLE VALUES (continued)
There can be no question as to the depreciation of cattle values during the past three years. That is a fact that has been too painfully apparent to the producers of the country to admit of the peradventure of a doubt.

DECLINE IN CATTLE VALUES (continued)
The interest manifested in the meeting held in this city Saturday morning is ample guaranty of favorable action, and when Fort Worth takes an interest, in any kind of a proposition there is always something doing.

DECLINE IN CATTLE VALUES (continued)
It is true that conditions have since improved to some extent and there has been some appreciation in cattle values. But as a matter of fact, the producing cattlemen of the southwest still firmly believe they are being continually mulcted in the marketing of their stock.

DECLINE IN CATTLE VALUES (continued)
The trials of the parties under indictment will not occur until some time during the fall and winter, and during the interim there is nothing that can be done but wait and indulge in the blessings of hope.

romantic life may be large, fine and splendid to you.—Texas Farmer.
The suggestion to young men to slow up and set their backhands back just a few notches is quite timely. The average young man of the day is too swift in many things and not swift enough in others.

hard and scabby washing in warm water and soap just previous to dipping will be an aid to thorough work. All badly diseased spots should be hand rubbed. A second dipping in three or four weeks is amareilly.

AMARILLO YARDS ARE READY
W. P. Anderson, special live stock agent of the Pecos Valley lines of the Santa Fe, with headquarters at Amarillo, Texas, is here. He said:

AMARILLO YARDS ARE READY (continued)
"The new Union Stock Yards at Amarillo, Tex., are jointly the Pecos Valley, Southern Kansas and Texas, Fort Worth and Denver and Choctaw, Oklahoma and Gulf, are completed. These yards were constructed at the suggestion of Avery Turner, one of the most experienced general officers of the Santa Fe railroad who has contributed as much as any other man to the development of the live stock department of the Santa Fe system.

AMARILLO YARDS ARE READY (continued)
The yards are in the center of the pasturage system of the Panhandle of Texas and when the Belen cut-off is finished, placing Amarillo on the main line of the overland route of the Santa Fe, they will become the most important live stock center of the whole southwest. The present accommodation, besides the large receiving and counting pen, will care for over two hundred cars of cattle at one time.

SOMETHING VERY UNPLEASANT ON HAND.

To R. E. Peary.
En route to the North Pole:
A little bit off the top for me, please.

"What a sharp, keen fellow that man Messer is."
"I guess he is. He's always making cutting remarks."

Scotty, the miner, is writing articles for a New York newspaper. Didn't we tell you so? And let him stay there a few weeks longer and he'll be sweeping the streets.

SAYS LITTLE WILLIE

I woshit I wuz a Eskimo.
Some polar bear a-skinning'.
You bet I'd pack my fur clothes up.
An' only wear th' linen.

Senator Dewey is on his way back to the United States—from the frying pan into the fire.

There's one good thing about this John Paul Jones business. There won't be any old school teachers bobbing up with stories of his early pranks.

QUAKER REFLECTIONS

It takes the rain to raise crops and ambrellas.
It takes two to make a bargain, but one can break it.

The man who tries to do others often finds himself undone.

The man who is on the level should have smooth traveling.

It is seldom the high flier who gets to the top of the heap.

There is no reason why the bill poster should feel stuck up.

We all aim at the target of success, but few of us hit the bull's eye.

We are all obliged to take what is given us in the matter of ancestors.

Every fellow has a future before him, if he can only catch up with it.

A woman will flatter herself if she can't get anyone else to do it for her.—Philadelphia Record.

CURIOS CONDENSATIONS
A huge electro-magnet has been set up in a certain hospital in England. It drew out splinters of steel which had become lodged in the eyes of patients.

In one instance it drew out a piece of a hammer head which had been driven into the muscles of a patient's upper arm and in another case drew out a piece of a cold chisel in a forearm.

The word "billion" in England and the colonies means a million millions. In France and on the continent, as well as in the United States, it means a thousand millions.

Buckwheat is a corruption of "beed-wheat." The corn is so called from the similarity of the shape of its grains to the mast, or nuts, of the beech.

With the CATTLEMEN

According to a bulletin just issued by the Minnesota experiment station manure in cattle may be recognized by the formation of dry, brownish scabs on the face and sides of the animal.

When a man gets into a bad skin condition he can do nothing for him. Of course you can sympathize with him, but that doesn't help.

When people are cross their friends say "If he had a different wife, or if she had a different husband," it would have been different. The wrong kind of a wife or the wrong kind of a husband seems to be a handicap that no one can overcome.—Atholton Globe.

Swift's Premium Hams and Bacon

make the finest kind of eating for any meal and any day. Their quality, flavor and appearance are unsurpassed. Each piece is branded on the rind with the **SWIFT'S PREMIUM** Silver Leaf Lard U.S. 1257 D. In 3, 5, and 10-pound air-tight tin packs. SWIFT & COMPANY, U.S.A.

ONE OF THE THINGS WHICH HAPPEN OCCASIONALLY TO THE MOTORIST

THE WRECKED AUTOMOBILE.

Put one serious accident marred the Chicago-St. Paul endurance contest. The big \$12,000 specially constructed Columbia car, owned and driven by L. E. Meyers, secretary of the Chicago Automobile association, and containing Mrs. Meyers and their chauffeur, went over a 29-foot embankment near Charles City. Mrs. Meyers was buried under the tonneau and it was feared she was killed. After a trench had been dug, however, she escaped from her uncomfortable position unharmed. The chauffeur went to a hospital with a broken leg, and Meyers was uninjured. The car is a wreck.

ASPHALT URGED FOR CITY STREETS

Ardmore Mines Will Ask City to Use It in Improvement Districts

D. R. Lester of Ardmore, I. T., one of the owners and promoters of the Rock Asphalt Company, which owns several asphalt mines in the vicinity of Ardmore, is in the city conferring with officials in regard to using asphalt for street improvement.

Mr. Lester hopes to have asphalt used instead of brick when the city begins the expenditure of \$200,000 for paving under the improvement district plan.

The asphalt, according to Mr. Lester's statement, is the only rock in the country which can be transferred from the ground to the street by simple crushing, no heat or complicated process of preparing being necessary. He says that it can be crushed and rolled on the street and afterwards returns to its former hardness.

Mr. Lester is today conferring with the city engineer.

RAILROAD NEWS

ICING CHARGES

Railroad Commission to Take Up Private Cars Today

The Texas railroad commission will begin an investigation of the private car practices on Texas roads at Austin today, and some interesting facts are expected to be developed.

Several work has been prosecuted nearly two months by commission experts, aided by representatives of the fruit and truck growers' associations. These investigations have developed the charge that icing charges, in many instances, have been double the freight charges on shipments of perishable freight. It has been declared that some shippers have been compelled to pay, in some cases, as high as \$2 per hundred.

WILL OBEY LAW

Railroads to Observe Twenty-Eight Hour Regulation

The Southern Pacific Railroad Company has given instructions that the twenty-eight hour law must be observed on that line hereafter, in the strictest sense, and employees have been notified that cattle must not be permitted to remain in cars longer than twenty-eight hours at a time. The Missouri, Kansas and Texas has also given orders that this law must in the future be rigidly enforced and to meet the requirements the company is now building stock pens at advantageous points on the road between Texas and St. Louis, at which cattle may be unloaded and receive feed and rest every twenty-four hours. This company, as first announced in The Telegram, will spend more than \$100,000 in providing stock pens. Other lines have also given notice that the law must be met in all its requirements.

The railroads are given no discretion in the matter and the Federal government officials will follow up all violations of the law from now on. A violation of only a few minutes will be sufficient to lay the railroad company liable to a fine of from \$1 to \$500 for each offense. Federal officials are said to be keeping a close tab on all shipments to see that the provisions of the law are not violated.

WAGES INCREASED

A new wage scale has gone into effect between the Central railroad of Mexico and the conductors employed on that

TOO MUCH MEDICINE

The excessive and indiscriminate use of medicines, in these days, cannot be too strongly condemned. The food you eat, if properly digested, is all the tonic you need.

The system is continually wronged by over-eating and over-drinking, and the debilitated condition aggravated by dosing with harsh, nauseous drugs and medicines.

Only common sense is needed. The food must be digested and the bowels must not be allowed to clog. Preserve your health by preventing these conditions.

Constipation surely leads to indigestion, biliousness, etc., and these conditions when neglected affect the condition of the blood, debilitate the system, rendering it susceptible to more serious ailments, and less able to resist such attacks.

CALIFORNIA PRUNE WAFERS if taken as directed, will positively cure the most obstinate case of indigestion, Torpid Liver, Constipation, Biliousness, etc., so as to stay cured. 100 wafers, 25 cents. H. T. Pangburn & Co., Druggists, corner of Ninth and Houston streets, Fort Worth, Texas.

VETERAN DIES SUDDENLY

J. J. Winters Found Dead at Home in This City

J. J. Winters, a Confederate veteran, 74 years of age, died suddenly this morning of heart failure at his home, 709 Florence street. His funeral will be held from his family residence Tuesday morning at 10 o'clock, members of R. E. Lee camp, U. C. V., of which he was a member, being in attendance. Interment will be made in Oakwood cemetery.

J. J. Winters was born at Knox City, Tenn., Jan. 1, 1831, and enlisted in the Confederate army in Navarro county, Texas, in April, 1862, joining company E,

RAILROAD NOTES

The excursion run from Fort Worth south to Galveston Sunday was largely patronized. There was also a large number of people from the territories in the excursion party. The rate was one fare for the round trip from Purcell south to the Gulf.

ALBERT T. PATRICK GETS ANOTHER STAY

Motion of David B. Hill, Attorney for Condemned Man, Affirmed

NEW YORK, July 24.—Justice O'Brien of the court of appeals has granted an order staying the execution of Lawyer Albert T. Patrick, convicted of the murder of the aged millionaire, William M. Rice, in this city, pending the hearing and the determination of the argument upon a motion for reargument of his case. The time for reargument was fixed for Oct. 2.

The application for a stay of execution was granted on the contention of David B. Hill, counsel for the condemned man, that important points have been overlooked by the majority of the court in affirming judgment of conviction. Copy of the papers in the motion for a stay, together with a copy of the order of Justice O'Brien, was served on District Attorney Jerome today.

REVIVAL SERVICE

The special revival at Allen Chapel, A. M. E. church, First and Elm streets, was successfully begun Sunday with two conversions and two additions. Presiding Elder Rev. A. G. Scott of Dallas will preach tonight at 7:45 o'clock.

VALUABLE LETTER GIVEN WRONG MAN

Arrest of Boy Follows Double Calls for Registered Mail Containing Money at Postoffice

Will Carey, a young man 18 years of age, was arrested at the postoffice this morning by United States Deputy Marshal W. O. Thomas. He was placed in the county jail, charged with violating the postal laws.

Securing by some one of a registered package at the postoffice, alleged to belong to J. A. Kirkland, a section boss for the Houston and Texas Central railroad, had been the cause of Carey's arrest.

Deputy Marshal Thomas said this morning that a registered letter containing \$15 was sent from Nashville, Tenn., to this city for J. A. Kirkland. Through similarity in names the letter was shown at first to a man having a name resembling that of Kirkland. Later a younger man called at the office, and giving Kirkland's name, secured it. The letter has not been recovered.

MILITARY CONVICTS MAKE GOOD ESCAPE

Saw Their Way Through Heavy Iron Bars and Jump Out of the Window

SPOKANE, Wash., July 24.—Five military convicts escaped from the guard house at Fort Wright last night. They were all men whose sentences were for desertion from other army posts. Their names are Frank Burston, Joseph Carroll, James Collingwood, Herman W. Lamp and Harry Linden. The outbreak was one of the most daring ever attempted at Fort Wright. While the privates were out enjoying the evening air and from six to ten guards were in adjoining rooms, the men sawed their way through iron bars three-quarters of an inch thick and escaped through the window.

MAC STEWART COMING HERE

Famous Mexican Prisoner Recently Released Will Join His Advocate

Dr. R. B. Lignoski of Houston, the man through whose efforts Mac Stewart, the Confederate veteran, was released from prison at Chihuahua, Mexico, is in the city today waiting to be joined by Stewart, when the two will proceed to the Confederate veteran reunion at Menard, Texas.

Dr. Lignoski is 62 years of age and served during the war with Ross' brigade, company K, Third Texas cavalry. He enlisted when a boy, 16 years of age, at Tyler, Texas.

In speaking of the release of Stewart, Dr. Lignoski said this morning that he never heard of Stewart until 1897, when Stewart wrote him a letter asking his aid. Stewart had then been in prison since May 21, 1855.

Dr. Lignoski, who is also the father of the Confederate pension bill in the state, immediately took up Stewart's case. He first succeeded in having the death sentence commuted and Stewart transferred from Parral to Chihuahua.

On June 18, 1905, after Stewart had been in prison ten years and eighteen days, he succeeded in getting his release. Mac Stewart, himself, will arrive in the city this afternoon. Dr. Lignoski, when seen by a Telegram reporter this morning, was writing to Chillicothe, Texas, fearing that Stewart had not yet started.

MELLIN'S FOOD

The quantity of the food taken is not the measure of its nourishment. The quality is what counts. Many babies take large quantities of food and get a small amount of nourishment. Mellin's Food babies take a small quantity of food and get a large amount of nourishment. Send for our book "Mellin's Food Babies."

Mellin's Food is the ONLY Infant's Food which received the Grand Prize, the highest award, at the London Exhibition, London, 1883, and the highest award as a gold medal.

Mrs. Richard Yates was robbed of \$2,000 worth of gems while the ex-governor was in Kentucky last month as counsel for Caleb Powers.

TEXAS HOOD HOOD TO TAKE TRIP

Delegation to National Convention Will Support Oklahoma City for Meeting

One hundred members of the Texas Hood Association will form the state delegation to the national meeting to open at Portland, Ore., Sept. 9. The party will go in a special train of Pullman sleepers over the Santa Fe. It is being arranged to start from Galveston Sept. 3 and arrive at Portland, Sept. 7, going via Fort Worth, Oklahoma City and Denver. From this point the trip will be over the Union Pacific and the Oregon Railroad and Navigation Company lines.

The train will be designated by the Santa Fe as "The Southwestern Hood Hood Special," and is scheduled to go through to destination on quick time. Besides the Texas delegation those of East Louisiana, Arkansas, Indian and Oklahoma territories and Kansas will also go to the Texas special.

J. R. Dillon of this city, vice regent snark for North Texas, is conducting negotiations for the trip and his correspondence indicates that there may possibly be many more go than the 100.

The delegates from the southwest expect to work to bring the next annual convention to the south, possibly Oklahoma City. A large delegation of representative citizens and business men of that city will attend the Portland convention to present the claims of Oklahoma City. It is understood that the Texas delegates will support the Oklahoma City Hood Hood in their efforts to land the 1906 meeting. It was once held in Texas—at Dallas in 1901.

Mr. Dillon said today that there would be about six hundred delegates in the convention, and that with visitors and lumbermen not members the attendance will likely reach 1,000.

PRETTY BABY GIRL LOUISVILLE'S MASCOT

With Little Edna in the Stand Orville Woodruff Wins Close Games

LOUISVILLE, Ky., July 24.—A black-eyed, black-haired baby girl has been installed as the mascot of the Louisville team. She is Edna Woodruff, the 2-year-old daughter of Orville Woodruff, third baseman of the Hoopsters.

Woodruff is a model domesticated ball player. He loves the game, but when the last inning has been played, he rushes to the club house, and after getting into his street clothes, joins his wife and baby, who wait for him at the exit. Woodruff goes to morning practice, wheeling the little one in her go-cart, and she coos and makes friends with the players while they are going through their work.

As a mascot, the little girl has proved a success. Louisville was playing Toledo recently, and, after a game, uphill struggle, tied the score in the ninth inning. With two men out and man on third, Woodruff came to bat.

The little girl, leaning out on the arms of her mother, who was seated in the grandstand, cried out a greeting to her father as he stepped to the plate. Woodruff hit the first ball pitched to right field for a clean single, and won the game.

Her latest feat as a mascot was on the afternoon of July 4. Louisville was playing Indianapolis, with Cromley and Kenia pitching magnificent ball and the score a tie in the tenth. Quinlan singled to center. Two men were out. Woodruff came to the bat. As he walked from the bench to the plate he turned half around and waved his hand to the little girl, whose eyes were alone on her father.

Little Miss Woodruff responded with her little bonnet, shaking it and laughing in an answer. She tossed her father a kiss, and Mrs. Woodruff is entering to Woodruff smashed a ball to the right field fence for three bases. Quinlan crossed the plate, and the game was over.

Now the players regard Edna as their mascot, and Mrs. Woodruff is expected to attend every game with the little one.

AMUSEMENTS

LAKE ERIE

In spite of the inclement weather, quite a large crowd witnessed the excellent performance at Lake Erie pavilion. The program commenced with a fine concert by the Lake Erie orchestra, followed by "Rehearsal" with his wonderful walking, talking and mechanical figures and made quite a hit. Honegger, the monoped gypsy, next, gave a very neat Roman act. He was followed by the three Ronalds, who closed their engagement tonight. The Mike and their chummy boxing bout, were also well received. The moving pictures and illustrated songs were all well received. The same program for tonight, followed by a public dance.

PASSENGER MEN MEET

General Agents Leave for Southwestern Association Meeting

The semi-annual gathering of the general passenger agents of the Southwestern Passenger Association will be held at Eureka Springs Tuesday.

There will be quite a large attendance from Texas, most of the lines being represented. General Passenger Agents Phil Auer of the Rock Island, A. A. Gilston of the Denver road and C. W. Strain the Frisco left here this morning for Dallas, from which point the Texas representatives will start for Eureka Springs this afternoon on a special train.

Mr. Auer said that the business before the association will concern general routine matters, especially those allied with the passenger traffic.

BAPTISTS FORM A CONGREGATION

Church Council Approves the Plans of New South Side Church Members

Organization of the new Baptist congregation formed of members withdrawing from the Broadway Baptist church was effected Sunday at a meeting held in the chapel of Fort Worth University.

Officers of the organization were then elected, being: W. J. Rogers, moderator; Charles Keith, clerk; J. L. Johnson, treasurer; a devotional committee consisting of W. J. Rogers, Mrs. O. S. Latimore and J. L. Johnson.

Action in the formation of a new congregation was not taken until after the appointment of a council to consider the matter. Members of this council were: Rev. J. W. Gillon, pastor of the Broadway Baptist church; Rev. E. N. Bell, pastor of the North Fort Worth Baptist church; Rev. J. R. Touchstone, pastor of the Kentucky Avenue Baptist church; Rev. G. I. Brittain of the Grace church; Deacon E. L. Huffman of the First Baptist church, and Deacon T. A. Cullip of the Kentucky Avenue Baptist church.

Upon their report the action was taken. Rev. J. R. Touchstone read the articles of faith, which were subscribed to by those present. The congregation was then recognized by the council and short religious exercises, including prayer by Rev. G. I. Brittain and a short address by Rev. J. W. Gillon, was had.

Final organization will be effected at a meeting to be held Thursday night.

Cabbages were introduced into England in the sixteenth century.

THE WEATHER

Rainfall for the week ending at 7 o'clock this morning amounted to 2.43 inches. The average daily precipitation was .48 inches. Total precipitation for the month is now 8.34 inches.

From March 1 to the present date the total precipitation has been 27.60 inches as compared with 17.21 inches for the same period in 1904.

Average temperature for the week was 82 degrees. The maximum temperature for the week occurred July 21, when the mercury went to 95 degrees.

For the same week last year the average temperature was 80 degrees, with a rainfall of .57 inches.

PRECIPITATION IN THE CITY SUNDAY. From 6:30 a. m. to 6:30 p. m., the precipitation was .48 inches.

WEATHER FORECAST. The weather forecast until 7 p. m. Wednesday for Texas east of the one-hundredth meridian, issued at New Orleans, is as follows:

WEATHER CONDITIONS. D. S. Landis issued the following statement of weather conditions this morning:

Low pressure areas are noted in the extreme northwest and southwest, also in the north lakes and in the upper Missouri.

Thunder storms occurred at Havre, Helena, Winnemucca, Dodge City, Memphis and Washington, D. C.

The Pacific coast country is generally cloudy, also the northeast coast States, and limited clear areas are noted in the middle Mississippi valley.

The wheat and cotton belts are partly cloudy to clear.

Texas is generally cloudy, except on the immediate Gulf coast.

Rain is falling this morning at Abilene, Palestine and Naacogdoches. Dallas reports 2.76 inches and Dublin and Corsicana had over an inch. Temperatures continue about normal.

WEATHER RECORD

Following is the weather record for the twenty-four hours ending at 8 a. m., seventy-fifth meridian time, Monday, July 24, 1906:

Temperature, Rain, State of Sky. Stations—Min. Max. Wind. Rain.

COTTON REGION BULLETIN

Following is the cotton bulletin record for the 24 hours ending at 8 a. m., seventy-fifth meridian time, Monday, July 24, 1906:

Temperature, Rain, State of Sky. Stations—Min. Max. Wind. Rain.

Mexican Cotton Crop

Reports received here from the Republic of Mexico touching the condition of the cotton crop of that country is to the effect that it will be about as large as the estimates made several months ago. It is said that the total amount of cotton produced throughout the Republic this season will approximate 100,000 bales.

There are some estimates that make the total 150,000 bales, but by conservative people this is thought to be entirely too large an estimate. The 100,000-bale crop will, it is said, come nearer to the facts.

Price of cotton in the Republic continues to range from \$20 for superior grades to about \$14 for the less desirable kind.

KANSAS CITY GRAIN AND PROVISIONS

KANSAS CITY, Mo., July 24.—The grain and provision markets ranged in prices today as follows:

LIVERPOOL COTTON CLOSURE

LIVERPOOL, July 24.—Wheat closed 1/4 off. Corn closed 3/4 off.

DOLAN LEAVES DENVER ROAD

General Superintendent Announces He Will Go to Rock Island Next Month

Frank T. Dolan, general superintendent of the Fort Worth and Denver City railroad company, headquarters at Fort Worth, has resigned.

The report recently made to this effect was confirmed this afternoon by Mr. Dolan himself, who said that while it was true, he was not in position at this time to make public particulars of the matter.

"I have tendered my resignation to Vice President and General Manager J. M. Herbert of the Colorado and Southern and the Denver Road, at Denver, but thus far I have received no reply," said Mr. Dolan. However, he expects to be relieved by August 1.

Mr. Dolan is to become general superintendent of the southwestern district of the Rock Island system, with headquarters at Topeka, Kan., to succeed to the position made vacant by J. O. Crockett, who has accepted service under Engineer Stevens, recently placed in charge of affairs of the Panama canal project by the federal government.

Mr. Dolan said that the official announcement of the change which takes him from Texas will be forthcoming from Topeka headquarters of the Rock Island, and may be announced any day. He admits that he will go with the Rock Island, the position of general superintendent of the southwestern district having been tendered him. His duties will be very important as he will have jurisdiction over 1,500 miles of road. His successor will be named by General Manager Herbert and approved by D. B. Keeler, vice president and traffic manager of the Denver Road.

NEGRESS HELD ON MURDER CHARGE

Easter Jones, colored, charged with the murder of her husband, Lee Jones, early Sunday morning, waived examining trial before Judge Charles T. Rowland this morning. Her bond was fixed at \$700, which was furnished.

Testimony adduced at the coroner's inquest to the effect that the killing was done in self-defense. Frances Jones, the wife, his successor will be named by General Manager Herbert and approved by D. B. Keeler, vice president and traffic manager of the Denver Road.

PRATHER FUNERAL NEXT WEDNESDAY

Remains Will Be Shipped to Waco Where They Will Be Interred

Special to The Telegram. AUSTIN, Texas, July 24.—William Lambdin Prather, aged 57 years, president of the University of Texas, died suddenly this morning at 6 o'clock of heart failure at his residence in this city.

CASES FILED

Following cases were filed in the county court today:

MARRIAGE LICENSES

Marriage licenses were issued to the following today:

Mexican Cotton Crop

Reports received here from the Republic of Mexico touching the condition of the cotton crop of that country is to the effect that it will be about as large as the estimates made several months ago. It is said that the total amount of cotton produced throughout the Republic this season will approximate 100,000 bales.

There are some estimates that make the total 150,000 bales, but by conservative people this is thought to be entirely too large an estimate. The 100,000-bale crop will, it is said, come nearer to the facts.

Price of cotton in the Republic continues to range from \$20 for superior grades to about \$14 for the less desirable kind.
