

INVESTIGATION TO BE CONTINUED

New Orleans Using Tons of Sulphur in Work

GULFPORT IS INFECTED

Other Coast Cities Extend the Quarantine—Parish Rules Are Made Less Rigid

FEVER TO NOON.
New cases 15
Total to date 1,680
Deaths 6
Total deaths to date 238

NEW ORLEANS, Aug. 26.—There was no change in the fever situation here today. Two deaths were reported early today. Both occurred during last night. There was a normal number of new cases reported.

Because of the present difficulty in observance of the law of abstinence, Bishop Rouxel, administrator of the New Orleans diocese, has issued an order dispensing that law to all Catholics until the present fever is over.

Rev. J. C. Slight of the Louisiana Avenue Methodist church, who was a victim of the fever, has recovered and will return to his pulpit next Sunday.

NEW ORLEANS, Aug. 26.—Following the appeal of the marine hospital authorities a large number of householders today were engaged in fumigating their premises. Many others are expected to do so tomorrow. It is estimated 25 per cent of the householders disinfected last Sunday. If 25 per cent more do so today, this week there will be measurable satisfaction. Within the next two weeks it is anticipated that all the premises of New Orleans will be treated to the sulphur and bromine treatment. This should be, is considered essential to the success of the federal plans.

Professor Boyce of the Liverpool School of Tropical Medicine said from what he has seen here during his brief inspection everything possible is being done by the federal authorities to control the fever. The organization is excellent and there is every promise that the fever will be successful. Professor Boyce believes absolutely that the steomyia is the only means for transmission of the disease.

The announcement of yellow fever at Gulfport created no surprise here. It was anticipated from knowledge in the possession of local authorities. All the coast towns are now extending their quarantines to Gulfport.

Biloxi has been a cordon around herself, and Bay St. Louis, Pass Christian and other cities are following that course. There, however, will be no general quarantine by New Orleans against either Gulfport or Biloxi.

Nurses for Leveille
Dr. Marcour and his band of nurses are expected to reach the stricken town of Leveille today. President Souchon and party went to Patterson today and will determine whether the state board shall take full charge of the situation there.

Of the two cases that appeared in St. Tammany's parish, one of them died and the other recovered. Both are traced directly to New Orleans. Both developed in an isolated section of the parish and were thoroughly protected. So perfect is the confidence that the fever will not live in St. Tammany, owing to the absence of the steomyia, while thousands of New Orleans people are now located in St. Tammany, others continue to go there.

The authorities of St. Bernard parish have reconsidered their action in the matter of shipment of fruit from Chalmette. It has been demonstrated to them that there is no danger of infection under the present rigid rules of detention and precautions that will be taken by fruit companies, and the parish authorities have notified Dr. White of their willingness to let shipments land within the limits of the parish. One hundred cars have been screened for carriage of fruit to the west.

The city authorities have taken steps to supply mosquito bars to the parish prison, houses of refuge and jails, as a result of the recent report of the grand jury. The necessity for this has been emphasized by the appearance of two cases of yellow fever in the local prisons.

BISHOP TO AID FIGHT
NASHVILLE, Tenn., Aug. 26.—It is reliably reported that Bishop C. B. Gallagher, president of Vanderbilt University board of trustees, has cancelled all engagements and has gone to New Orleans to offer his services in fighting yellow fever, aiding the sufferers there. Bishop Gallagher had a very severe attack of fever in 1878.

DR. TABOR ENCOURAGED
AUSTIN, Texas, Aug. 26.—State Health Officer Tabor, in a letter to the Governor Latham regarding the quarantine situation, he stated that while he could not say that conditions in Louisiana were much improved, yet prospects for keeping fever out of Texas were far better now than at any time during the epidemic. He declared stringent measures were being taken to keep the scourge out of the state.

NEW CASES IN JACKSON
JACKSON, Miss., Aug. 26.—Four new cases of yellow fever were reported from Gulfport today, making seven in all. The infected part of the city lies one mile from the beach, in the northern section, and the infection is believed to have come from Mississippi City, which is only a few miles distant.

PATENTS FOR TEXANS
WASHINGTON, D. C., Aug. 26.—R. W. Bishop, patent attorney, reports the issue of the following patents to residents of Texas:

No. 797,591—Electrical railway signal, L. N. Lyon, Jr., Flatonia.
No. 797,593—Flow attachment, M. M. Pate and H. L. Ellison, Mount Pleasant.
No. 797,594—Switch, C. M. Hibberts, Washburn.
No. 797,597—Nut lock, E. M. Marx, Fortinet.
No. 797,598—Flow attachment, M. M. Pate and H. L. Ellison, Mount Pleasant.
No. 797,599—Residue crane oil burner, J. M. O'Neil, Dallas.

TROOPS WILL NOT BE SENT
CHATTANOOGA, Tenn., Aug. 26.—Governor Cox said he does not think it necessary to send troops to Tracy City, where two miners were assassinated, presumably by union miners. The governor may go to the scene of trouble.

He Won Prize in Land Drawing

RAY DANIELS.

PROVO, Utah, Aug. 26.—Hailed as the luckiest young man in the United States, Ray Daniels, 23, of this place has been announced as the winner of the first choice in the government's land drawing for the Uintah reservation. This means that Daniels has come into a fortune of anywhere from \$50,000 to \$100,000, for such is estimated the value of the first pick of the homesteads in the reservation. It means that he will have the first selection of 160 acres from the over 1,000,000 of acres in the reservation, and the thousands of others who want entries must wait until he has selected his land. He said he had been offered fabulous prices for his claim as soon as he can legally transfer it. It is probable that he will pick a claim covering the heart of a projected county seat, which will cost him only \$1.25 an acre and \$15 entry fee.

ROBINSON TO STAY IN AUSTIN COMMISSION

Reconsiders His Resignation at Solicitation of Friends—Tangle to Be Adjusted

AUSTIN, Texas, Aug. 26.—John H. Robinson, Jr., who a few days ago tendered his resignation as a member of the water and light commission, yesterday reconsidered his action and will remain on the commission.

When I have not officially announced my decision in the matter to the commission," said Mr. Robinson, "I have reconsidered my decision and will remain on the commission. The pressure that was brought to bear on me to reconsider was so great that I could hardly decline to reconsider," concluded Mr. Robinson. The decision of Mr. Robinson in the matter will be met with great relief by the people, as he refused to withdraw his resignation it would have further tended to complicate matters, just at a time when peace between the two branches of the municipal government was about to be realized. It is now a settled fact that at the next meeting of the city council an ordinance will be introduced providing for the appropriation of the \$100,000 now to the commission and the funds will be expended in bettering the plant and to make needed repairs thereon. The question of the election of a successor to Mr. Bachman will likely be taken up by the commission at its next meeting.

THOS. D. SCOTT DEAD

Was Secretary of Times-Herald Printing Company

DALLAS, Texas, Aug. 26.—After an illness of but a few days, Thomas D. Scott, secretary of the Times-Herald Printing Company, for many years a well known resident of Dallas, died yesterday at his home at 259 Caroline street. The deceased was 53 years of age and was born in Perth, Scotland, and came to America about twenty years ago and located at Austin and a little later secured an appointment as superintendent of the state asylum for the insane. He had been living in Dallas for seventeen years and for a while was in the stationary business here. For many years he was secretary of the Times-Herald Printing Company. He was a prominent member of the Knights of the Macabees and the Knights and Ladies of Honor. A mother, a brother and a sister, all of whom reside at Perth, Scotland, survive him. The funeral will be held at 3 o'clock tomorrow afternoon under the auspices of the Macabees.

GOVERNOR'S SON IS CHARGED WITH FRAUD

Federal Grand Jury Returns Indictment Just Before Time Limit Expires

PORTLAND, Ore., Aug. 26.—The Federal grand jury investigating the Oregon land frauds has returned true bills against Claude F. Thayer, the Tillamook capitalist, son of former Governor Thayer of this state, together with several other operators indicted with him. The significance of this action is emphasized by the fact that when the indictment was returned there remained but six hours until the law would have been powerless to reach the crime.

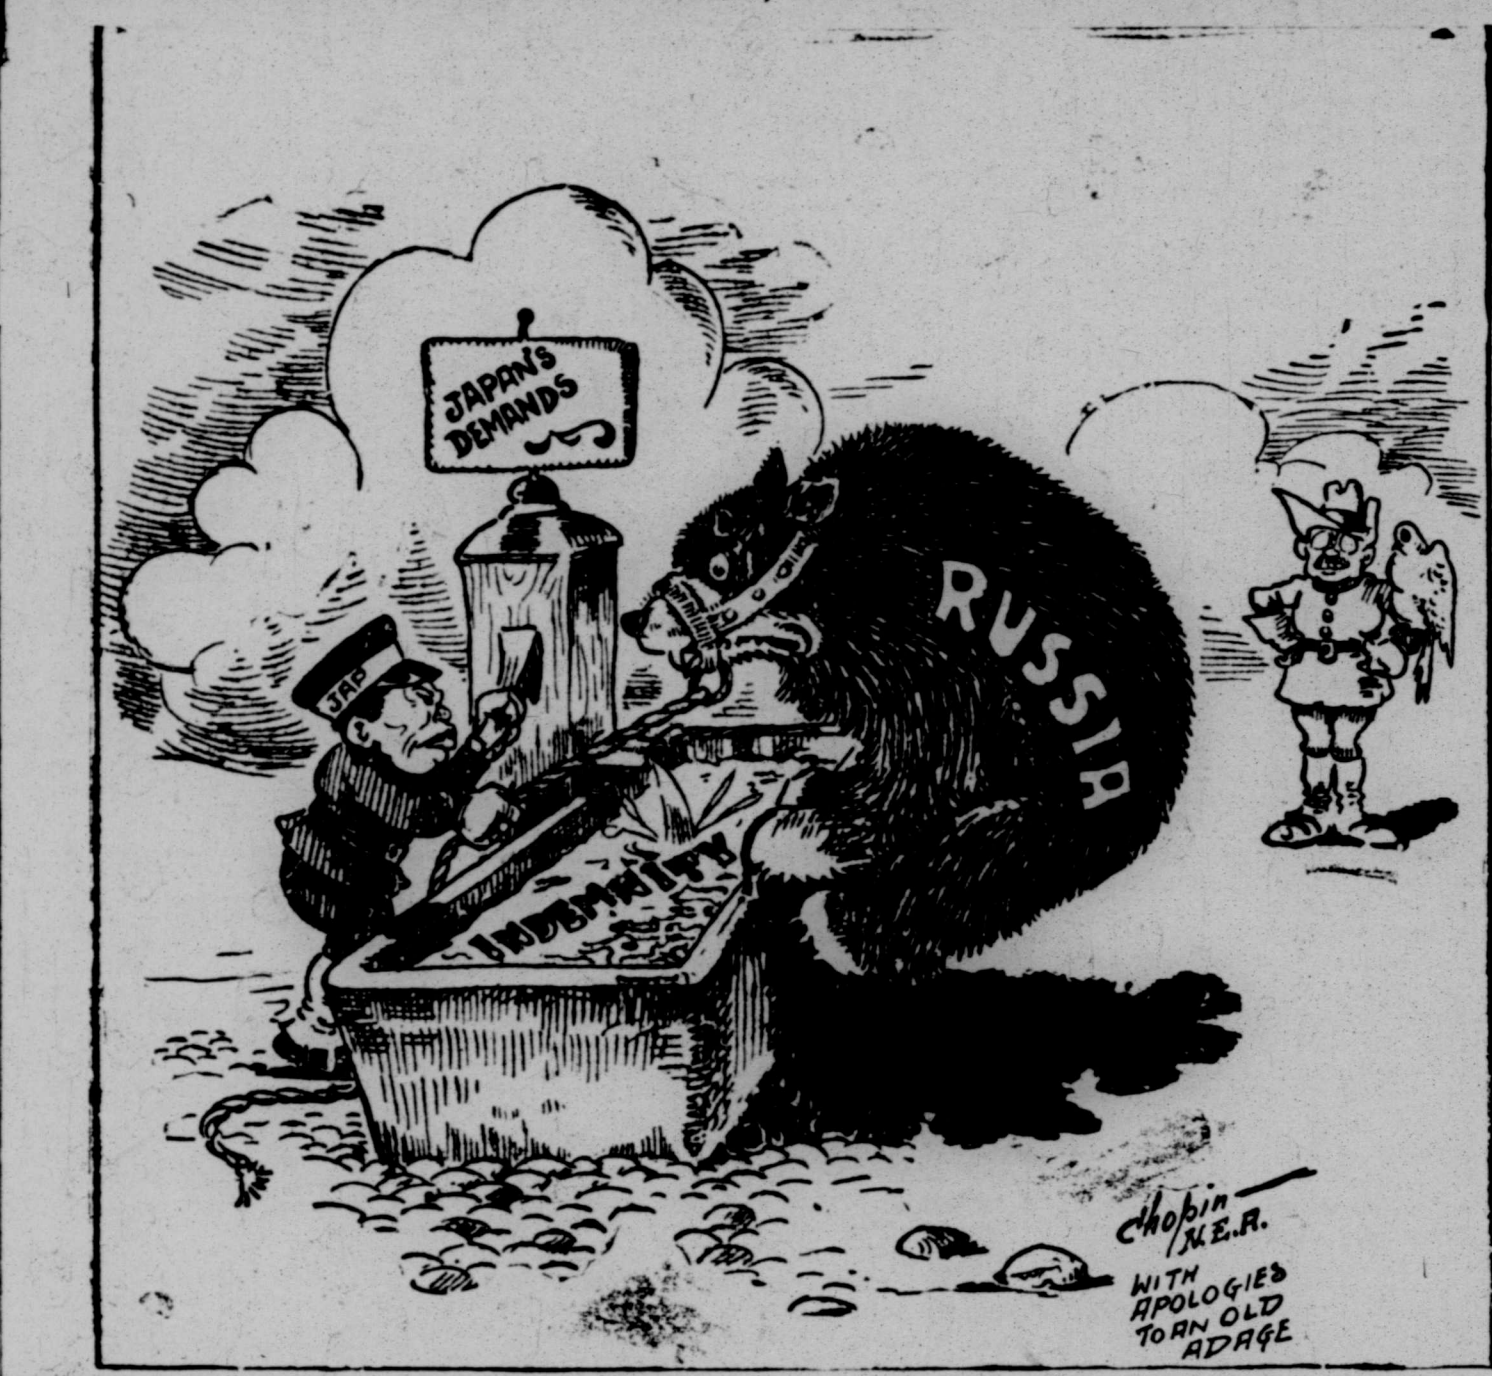

No Engineering Feature in Way
There is certainly no engineering feature against the canal and the only thing necessary is for the government to make arrangements to take care of its men and animals. It is doing worse. I believe that Colonel Gorgas has the fever conditions well in hand down there and I think that sanitary conditions will also be in such shape that it will not be very dangerous to live there.

HEAT CAUSES ILLNESS

Many Cases Reported Among Children at Waco

WACO, Texas, Aug. 26.—A good deal of sickness has been caused by the intense heat of the past ten days, and children have suffered in numerous cases. Most of the sickness has not been unusually busy. It is thought that a general rain or heavy showers over the country would tend to better conditions, and there is a great desire for rain. Reports from other places say that the heat conditions have caused trouble.

"YOU CAN LEAD A BEAR TO WATER, BUT YOU CAN'T MAKE HIM DRINK"

MINING ENGINEER ON SECRET MISSION

Caricristi Has Important Business in West Texas—Talks of Oil Fields

Special to The Telegram.
EL PASO, Texas, Aug. 26.—C. F. Caricristi, a noted mining engineer and mineralogist, left here last night for West Texas, somewhere on the line of the Texas and Pacific, but declined to state where he was going or what was his mission, simply remarking that he would be back in a few weeks and would give out some important news. He is a man who has written widely, circulated reports on mineralogy from various sections of the world and his articles in the Manufacturers' Record are standards of authority. What his mission here can be is mysterious and he gives not one hint of its character. That it concerns the development of the section, however, he admits, and he is quite enthusiastic and ventures the assertion that it will bring good results for the state.

ASYLUM ATTENDANTS CHARGED WITH MURDER

Arrests Follow Inquest Into Death of Dr. J. W. Jackson at Terrell

TERRELL, Texas, Aug. 26.—W. L. Smith, B. E. Johnson and J. H. Huff, attendants employed in the North Texas Insane Asylum in this city, have been arrested here, charged with the murder of Dr. J. W. Jackson, a patient in that institution, who died suddenly Wednesday night. Following the death of Dr. Jackson an inquest was held by Justice T. L. Frank at the suggestion of Superintendent Dr. J. S. Turner. Testimony in the inquest proceedings resulted in the arrests. W. L. Smith is from Mineola, B. E. Johnson from this city and J. H. Huff from Wills Point.

CATTLEMAN IS SHOT

Bud Ferris Wounded in Encounter With Marshal

LAWTON, O. T., Aug. 26.—Recent troubles along the line between Comanche county, O. T., and the Chickasha nation, I. T., have caused a number of United States marshals and local officers to keep close guard along the line to prevent the introduction of liquor by boot-legging into Indian Territory from what are termed the saloons that are just inside the limits of Oklahoma. Deputy United States Marshal Arnold yesterday attempted to arrest Bud Ferris, a prominent cattleman of Indian Territory. Ferris drew his revolver and in the encounter that followed was wounded in the leg.

Weather Spotter

Temperature at 2 p. m., 94 degrees. Wind, northeast; velocity, 12 miles an hour. Barometer, stationary.

NEW ORLEANS FORECAST

NEW ORLEANS, Aug. 26.—The forecast: Arkansas, Oklahoma and Indian Territories and East Texas (north)—Tonight and Sunday, generally fair. East Texas (south)—Tonight and Sunday, generally fair. Light to fresh northerly winds on coast.

INDIANS PETITION FOR PROHIBITION CLAUSE

Organization Representing 15,000 Persons, Sends Memorial to Roosevelt

MUSKOGEE, I. T., Aug. 26.—The Ketchowah convention which was held at Buck Tucker Springs, Cherokee Nation, and which was attended by 2,000 Indians, passed strong resolutions indorsing the separate state constitutional convention, in session in this city, and urged the insertion of a prohibition clause.

This was the annual convention of the Ketchowah Society, one of the strongest organizations in the Cherokee Nation, and the resolutions have been forwarded to President Roosevelt. The resolutions are as follows: "Be it resolved by the district captains of the Ketchowah organization of the Cherokee Nation, that we adopt the following memorial to the President and Congress of the United States: "Your memorialists, the Ketchowah organization of the Cherokee Nation, representing 15,000 persons who are in the main full-blooded Cherokees, respectfully call your attention to the numerous treaty obligations entered into with our people and the Indians of the other Five Civilized Tribes, whereby by the United States pledges its faith that no statute shall be created over the country assigned to us without our consent, and that intoxicants should be kept out of the country assigned to our people, do not consent to the passage of a statute which would permit the sale of intoxicants to our people, and we respectfully insist that this guarantee of the United States government be faithfully carried out. In the last days of our identity as an Indian government, when all solemn treaty guarantees have been laid aside for what is termed progress, we humbly pray that our people may be permitted at least to retain their minds as free as possible from the destroying influence of intoxicating liquors. With the dissolution of the Indian tribal governments and the passing away of institutions which we have long honored and loved, we earnestly implore you to yield self-government to the alien community of Oklahoma, whose laws and customs are entirely different from ours.

ROOSEVELT DIVES SUBMARINE VESSEL

Enjoys Maneuvers of Plunger Seven Fathoms Beneath the Surface

OYSTER BAY, Aug. 26.—President and Mrs. Roosevelt, with a party of friends and relatives, today witnessed a test of the sub-marine boat Plunger from the deck of the naval yacht Sylph. Yesterday the President himself made a dive in the Plunger and watched at close range the entrance to Oyster Bay. The test of the tiny vessel forty feet below the surface of Long Island Sound. The test of the Plunger took place in the waters of the sound a short distance outside of the entrance to Oyster Bay. The boat was operated in about seven fathoms of water.

"KOSHER" BUTCHERS TO AID TRUST FIGHT

Will Receive Carcasses from Independent Packers and Sell Them on Commission

NEW YORK, Aug. 26.—Retail "Kosher" butchers of this city, who recently formed an organization to act independently of the western packers, have opened their new abattoirs. On the opening of the latter yesterday 500 head of prime western cattle were slaughtered, dressed and carried into the refrigerating rooms, there to remain until Sept. 4, when the stockholders, who are also to be customers of the concern, will be allowed to come in and buy.

The killing is done by eight licensed slaughterers, under the supervision of the Rev. Phillip Klein, who see to it that every detail of the Mosaic law is carried out. In the near future the company intends to receive carcasses from independent packers in the west and distribute them on commission. The capacity is now 4,000 carcasses a week, although but 2,500 cattle will be slaughtered for some time.

CHINESE BOYCOTT HURTS FLOUR TRADE

Bread Makers in Canton and Hong Kong Shops Refuse to Handle American Produce

SEATTLE, Wash., Aug. 26.—Advices received yesterday by a large milling company state that the Chinese boycott of American goods has completely paralyzed the flour trade between Pacific coast ports and China. No sales have been made since July 15 and all orders for September have been cancelled. The company's agent writes the bread makers in the bakeries at Canton and Hong Kong refuse to handle American flour and smaller dealers dare not purchase it for this reason. Trade with the straits settlements and Indo-China is also threatened by reason of the fact that the flour supply for these countries is controlled wholly by Chinese merchants.

THREE DIE IN FIRE

Hotel at Lake Maranocook, Me., Destroyed

REDFIELD, Me., Aug. 26.—Three persons lost their lives early today in a fire which destroyed the Maranocook hotel at Lake Maranocook.

ENTERTAINED CALLERS IN PRISON CELL

Supernatural Testimony Given Regarding Conduct of Woman Condemned to Be Executed

BETHLEHEM FALLS, Pa., Aug. 26.—Sensational testimony concerning affairs at the state prison at Pottsville was given at yesterday's hearing of the Pennsylvania public institutions now being held by the state. Horace Boyd, a prison official, testified regarding the alleged conduct of Mrs. Mary M. Rogers, the English woman who was convicted of the murder of her husband, Marcus Rogers, in August, 1902, but not hanged. Boyd declared that Vernon Rogers, a convict who is serving a sentence of sixteen years, told him that the Rogers' cell by means of a key which he had made in the shoeshop of the institution.

The convict is not a relative of Mrs. Rogers. Officer Boyd further stated that Rogers and the condemned murderer had not conducted themselves properly. After Boyd had been discredited from the witness stand, the state made public certain evidence which had been taken in executive session by the special committee appointed by the legislature to investigate public institutions.

E. W. Oaks, former superintendent of the prison, testified at that session that Rogers had informed him that last March Fred Moran, an inmate prisoner, had given him (Rogers) a key which fitted Mary Rogers' cell. Oaks also said Rogers had told him that the latter's key opened the outside door of the cell, but would not unlock the inside door of the cell. The second door, the superintendent testified, was opened, according to the story, by Mrs. Rogers herself, who removed the screws in the lock by means of a pair of pliers. Oaks further testified that during the time of the alleged occurrences he was ill, and that the prison was in charge of the warden. When the superintendent heard of these irregularities, he said, he discharged the warden.

At yesterday's hearing the state officials also made public a statement made by Mrs. Rogers in writing to Matron Durkee of the prison. In the statement Mrs. Rogers said she had seen Vernon Rogers frequently in the corridors. The woman's statement then told of frequent meetings which she and Rogers had in her cell. The statement corroborated other testimony given concerning Rogers at the hearing as to the means employed to open the cell doors.

MAKING PLANS FOR STATEHOOD PICNICS

One Will Be Held in Each Recording District of Indian Territory Within Next Two Months

LAWTON, Okla., Aug. 26.—Arrangements are being made to hold a big single statehood picnic in each recording district of the Indian Territory during the next two months. Prominent speakers of Indian Territory, Oklahoma, Kansas, Missouri and Texas will be invited and the sentiments of the majority of the people learned.

MEYER VISITS LAMSDORF

ST. PETERSBURG, Aug. 26.—2:24 p. m.—Mr. Meyer, American ambassador, is holding an interview with Foreign Minister Lamsdorff.

FUTURITY WILL BE RUN ON A MUDDY TRACK

At Least Seventeen Starters Scheduled for Sheephead Futurity Event

NEW YORK, Aug. 26.—The great futurity stakes, worth about \$50,000, will be run over the six-furlong straight course at Sheephead Bay this afternoon on a heavy track. Seventeen probable starters have been announced and it is quite likely the number will be increased in spite of muddiness, so even if withdrawals are made the field is sure to be a large one. So open is the race few horsemen are willing to commit themselves as to the best in the field.

LAW IS OVERLOOKED

Nobody Seems to Have Remembered Recent Legislative Act

AUSTIN, Texas, Aug. 26.—An act was passed by the last legislature providing for recording notices of suits pending in the courts of the different districts of Texas where real estate is involved, and from information received here no attention has as yet been paid to this new law. It became effective on July 4, 1905, and yesterday County Clerk Corwin declared that up to the present time not one notice has been filed. The act provides that a plaintiff or defendant may file with the county clerk in the county in which the suit is pending a notice of the pendency of such suit, setting forth the number, style of the case, the court in which it is pending, the name of the parties and a description of the land affected. In fact, the filing for record of such an instrument is designed to have the same effect as an abstract of judgment.

NO CHANGE IN PEACE OUTLOOK

Only Favorable Prospect is for Further Delay

JAPAN MUST GIVE IN

Declared That Czar Will Not Recede From Position Regarding Indemnity

PORTSMOUTH, N. H., Aug. 26.—President Roosevelt's intercession at Peterhof and Tokio has not been successful as yet, but though progress has been made to insure prolongation of the negotiations beyond today. A certain result has been achieved at St. Petersburg, but if there eventually will be peace Japan also must change its attitude. The repurchase of the northern half of Sakhalin island still points a clear road to the only possible compromise, but it must be purely a commercial transaction, not a claim for indemnity in disguise.

There has not been the slightest indication up to 11 o'clock this morning that Emperor Nicholas would recede from his announced determination not to pay tribute under any form, and in the quarters most competent to judge, there is not the slightest prospect of a change. But if Japan would bend, if she would renounce formally her determination for "reimbursement for the cost of the war" by a withdrawal of the price she sets upon the northern half of Sakhalin and frankly make a proposition to sell the island on a commercial basis it is difficult to see how Emperor Nicholas could refuse.

KAISER NOT BLOCKING ROOSEVELT
BERLIN, Aug. 26.—The Associated Press today received the following communication from the foreign office: "The foreign office empowers the Associated Press to declare all reports of opposition of the emperor to the mediation of President Roosevelt is absurd. The emperor regards the endeavors of the President with admiration and takes the greatest interest in the success of his labors for peace in whose beginning the emperor personally assisted."

The emperor regards the endeavors of the President with admiration and takes the greatest interest in the success of his labors for peace in whose beginning the emperor personally assisted."

The impression in the foreign office today is that the negotiations at Portsmouth will not end immediately.

MEYER VISITS LAMSDORF

ST. PETERSBURG, Aug. 26.—2:24 p. m.—Mr. Meyer, American ambassador, is holding an interview with Foreign Minister Lamsdorff.

FUTURITY WILL BE RUN ON A MUDDY TRACK

At Least Seventeen Starters Scheduled for Sheephead Futurity Event

NEW YORK, Aug. 26.—The great futurity stakes, worth about \$50,000, will be run over the six-furlong straight course at Sheephead Bay this afternoon on a heavy track. Seventeen probable starters have been announced and it is quite likely the number will be increased in spite of muddiness, so even if withdrawals are made the field is sure to be a large one. So open is the race few horsemen are willing to commit themselves as to the best in the field.

Today's running of the futurity, America's richest 2-year-old stake, will be the eighteenth renewal. It is the banner event of the metropolitan racing season and always draws the largest and most representative crowd of the year. This year plans are being made to entertain at least 50,000 persons.

The going is certain to be slow and the record hung up last year by Artful is considered likely to remain unbroken. It is a well balanced lot of youngsters and none of those carded stands out prominently and the uncertainty thus given to the struggle makes it one of extreme interest.

KNIFE BETWEEN RIBS FOR SUSPECTED SPIES ON GENEVA'S REVOLUTIONIST GROUPS

MYSTERIOUS STRANGERS IN THE REFUGE OF NIHILISTS AND ANARCHISTS OFTEN FISHED OUT OF THE LAKE—VON PLEHVE PLOT WAS OVERHEARD BY TWO RUSSIANS, WHO PERISHED. SALES OF FORBIDDEN LITERATURE PRINTED IN SWITZERLAND. POWERFUL PAN-ISLAM MOVEMENT APPROACHING A CLIMAX

WOULD DOMINATE EASTERN EUROPE Preparations are now being made for a vast international congress of anarchists and European socialists to be held at Geneva next spring...

BY DON GLOVER.

Special Correspondence to The Telegram.

GENEVA, Aug. 25.—The revolutionary conspirators and refugees from the capitals of Europe at Geneva have for one of their mottoes "Dead men tell no tales," and a continual warfare is being waged between the spies and the spied on.

The day after the meeting on July 14, when resolutions were passed congratulating the Russian revolutionists, the bodies of two strangled revolutionists were found in the Rhone. They had been marked as spies, and they had been "silenced."

The arrangements for assassination of Plehve were made in a lakeside cottage near Geneva and also cost the lives of two Russian spies who were detected eavesdropping.

The regular meeting places of the socialists and revolutionists are in the private rooms of certain taverns where there are passages leading into three or four different streets or alleys. Among the best known of these are the Brasserie Handwerk on the Plain and the Landolt tavern facing the university.

The special secret meetings of the

HELEN LANGE.

Type of the Female German Socialist at Geneva.

anarchists, however, are never held twice in the same place. The rendezvous is always verbally communi-

cated to the chosen few at the very last moment.

A Deathbed Ruse.

In May the executive committee of the extreme Russian nihilist group received urgent orders to gather at Geneva for an important conference. It was thought wise to announce that the famous nihilist Vera Sassoulitch, was dying and that she wished to bid farewell to her friends.

The upper schools and college of Geneva, which are more than half filled by Russians, Poles, Armenians, Romanians and Turks, are hotbeds of plot and intrigue, and pupils and professors are to be found figuring both as plotters and as spies.

The chief honoree in chemistry and science are year by year taken by Russian and Polish girl students, and it is a significant coincidence that periodically a manufactory of bombs is being discovered at Geneva.

Another curious publication is the Tartar paper the Kaspij, of which an edition is issued at Geneva. This is the mouthpiece of the wide-spreading and dangerous Pan-Islam movement, which is now being most vigorously pushed throughout the Caucasus.

At Geneva are being daily printed enormous quantities of revolutionary papers for Russia, Turkey and the

Balkan states. These forbidden publications, printed on the thinnest possible paper, are smuggled over the various frontiers cleverly concealed in bales of merchandise.

The Tribune Russe is published at Geneva and Paris and directed by the prominent revolutionist Roubanovitch. Another leading organ of the socialists is the Russe Revolutionaire. It was formerly directed by Sidortchouk, the assassin of Kouliaroff. This paper is the medium of the propaganda in the Caucasus.

Two other noted Russian revolutionary papers printed in Geneva for wholesale distribution throughout eastern Europe are Le Proletaire, directed by the nihilist Oulianoff, and Iskra or La Flamme, directed by a Polish Jew named Axelrod, and to which Andreieff, the famous author of "Le Rire Rouge," is a frequent contributor.

The official publication of the Young Turk party, the Idjihat, owned and edited by Abdullah Djedvet Bey, created for a time a great stir at Geneva, but it was suppressed this spring owing to the pressure of the Turkish government, and Dr. Abdullah expelled from Switzerland. An edition is now being secretly printed in London.

For Pan-Islamism.

Another curious publication is the Tartar paper the Kaspij, of which an edition is issued at Geneva. This is the mouthpiece of the wide-spreading and dangerous Pan-Islam movement, which is now being most vigorously pushed throughout the Caucasus, Turkey, Arabia, India and Egypt, with the object of uniting all Mohammedan countries in one vast federation under a ruler chosen from among the true descendants of the prophet's family.

LIFE SAVED BY SWAMP-ROOT

The Wonderful Kidney, Liver and Bladder Remedy

SAMPLE BOTTLE SENT FREE BY MAIL

Swamp-Root, discovered by the eminent kidney and bladder specialist, promptly cures kidney, liver, bladder and uric acid troubles.

The mild and extraordinary effect of the world-famous kidney remedy, Dr. Kilmer's Swamp-Root, is soon realized. It cures kidney, liver, bladder and uric acid troubles under the eyes, suppresses the urine, or compelled to pass water often day and night.

Comment is unnecessary. Does Mr. Armstrong propose to import cheap labor to build his plants? The good book says, "By their fruit ye shall know them."

Armstrong and associates want the people to give them a franchise worth fifty or sixty thousand dollars. Are the people under any obligation to them to give them a small fortune? Mr. Armstrong evidently thinks so.

Armstrong is carrying on a lighting and heating business now under a franchise by which he is required to pay two per cent of gross receipts into the city treasury.

OF IRON MOULDERS' UNION, IN-UNION BANNER.

OPPOSED TO FREE GIFT

The question that confronts the citizens of Fort Worth is, Why should the city give away any more valuable franchises? Any of the franchises held or sought can be sold in the open market for enough to make any person comfortable for life.

RAILROAD COMMISSION FIXES ICING CHARGE

Shippers Have the Privilege of Preparing Cars at Point of Shipment

AUSTIN, Texas, Aug. 26.—The railroad commission late yesterday afternoon decided the refrigerating car matter and the figures are different from those expected and heretofore published.

Refrigerating tariff No. 1, effective Sept. 20, superseding and canceling circular No. 2,067, issued by the railroad commission of Texas, and to provide rules and to govern refrigeration of carload shipments of cabbage, together with all other rates, charges and rules applying in the matter of refrigerating car load shipments of perishable freight between points in Texas, which may be in conflict with the provisions of this tariff.

Slap at Car Lines This last is a direct slap at the private car lines, but the railroads will be enabled to employ the same service as now.

The circular was approved today by Commissioners Storey and Mayfield. Commissioners Coley is being out of the city. It reads as follows:

Refrigerating tariff No. 1, effective Sept. 20, superseding and canceling circular No. 2,067, issued by the railroad commission of Texas, and to provide rules and to govern refrigeration of carload shipments of cabbage, together with all other rates, charges and rules applying in the matter of refrigerating car load shipments of perishable freight between points in Texas, which may be in conflict with the provisions of this tariff.

Sec. 1. Explanation: The following charges in dollars per car shall be made

Sec. 2. Explanation: The following charges in dollars per car shall be made

Sec. 3. Explanation: The following charges in dollars per car shall be made

Sec. 4. Explanation: The following charges in dollars per car shall be made

Sec. 5. Explanation: The following charges in dollars per car shall be made

Sec. 6. Explanation: The following charges in dollars per car shall be made

Sec. 7. Explanation: The following charges in dollars per car shall be made

Sec. 8. Explanation: The following charges in dollars per car shall be made

by railroad companies for refrigerating car load shipments of perishable freight between points in Texas; these charges to cover entire refrigeration at point of origin and such reicing as is necessary between origin and destination; 200 miles and less \$25 per car; 400 miles and over 200 miles, \$30 per car, and over 400 miles, \$35 per car.

Sec. 2. Exceptions: Any and all shippers who may prefer icing the cars at point of origin at their own expense shall be accorded that privilege, but the carriers shall, when necessary, receive the same in transit, collecting from consignee the actual cost of the ice used in such reicing.

Sec. 3. General rules: Railroad companies shall in all cases where perishable freights are to be shipped in car load quantities between points in Texas, upon due notice or order of shippers therefor, supply the necessary refrigerating cars in which such shipments are to be loaded, whether the same are refrigerated by them or by the shipper.

CAR OF TABLETS TO SCRIBBLE ON

Approach of School Opening Casts Shadow Before It in Arrival of School Supplies

Approach of school days is shown by receipt of school supplies in the local market. A solid car of tablets to bear the sums and essays of students during the coming school term has been received by a local wholesaler and is now being broken up for distribution.

Other school supplies have already been ordered and the first of September will see the run begin.

Opening of the city school will take place Sept. 12, while private institutions and colleges will begin work for the year during the same month.

Bright prospects are reported by all institutions with every promise of greatly increased enrollment. Substantial building equipment improvements will be made at several such institutions. Work is progressing rapidly on the Fifth and Eighth ward public school buildings also.

Ben Hur Dance

Members of the Tribe of Ben-Hur held an enjoyable dance at Lake Erie Friday night, July 20, couples being on the floor at the pavilion. Fourteen numbers, with prize contests, were on the program. Prize waltz was won by Will Schaub and Miss Mamie Arroyer and prize two-step by C. D. Blount and Miss Effie Hargrove.

Bank Clearings

Bank clearings for the week ending today were \$3,678,228.70, as against \$2,388,197.54 for the corresponding week in 1904, an increase of \$1,291,031.16.

INSURANCE LAWS COMPILED

AUSTIN, Texas, Aug. 26.—Commissioner Clay of the department of agriculture, insurance, statistics and history, has compiled a complete digest of the insurance laws of the state, and is now at work on the index. This will be a valuable publication to the people, as it contains all the recent enactments of the Texas legislature on the subject of insurance, and insurance companies.

TEXAS IN BRIEF

4,000 AT REUNION

ATHENS, Texas, Aug. 26.—The reunion of the United Confederate Veterans and the old settlers here Thursday was a pronounced success. The crowd was estimated at 4,000.

TO SINK THIRD SHAFT

LYRA, Texas, Aug. 26.—The Strawn Coal Mining Company has material on the ground for shaft No. 3, which is located one mile north of shaft No. 2. Work will commence at once.

STOCK SHOW ORGANIZED

SAN ANGELO, Texas, Aug. 26.—The Carnival and Stock Show will be held Nov. 14 to 18, inclusive. Organization was perfected today. Charles B. Metcalfe is president. Seventeen hundred dollars was subscribed.

INJURED IN RUNAWAY

ENNIS, Texas, Aug. 26.—While Tom Little and Misses Josie Rowe and Ethel Banner, the latter of Fort Worth, were out driving here yesterday, one of the surrey shafts broke, scaring the horse, which ran and overturned the vehicle. Miss Rowe received painful injuries about the head and was rendered unconscious for some time. The other occupants of the surrey escaped injury.

TORPEDO INJURES SWITCHMAN

DENISON, Texas, Aug. 26.—As the result of an explosion of several railroad torpedoes in the yards here yesterday, H. Tiffany, a Missouri, Kansas and Texas switch foreman, was seriously injured, a piece of tin striking him in the side. It is supposed that the torpedoes were placed on the track by some one maliciously inclined.

TOMBSTONE FOR NEGRO

McKINNEY, Texas, Aug. 26.—As the result of an order made at the last meeting of Throckmorton camp, U. C. V., a contract was let for a granite tombstone to be erected at the grave of Uncle Joe Chamberlain, an old negro who died recently near this city at the advanced age of 107 years. This act on the part of Throckmorton camp was done to show the esteem in which the old-time negro is held by the southern people and the southern soldiers.

TO RUN ON ROCK ISLAND TRACKS

LAWTON, Okla., Aug. 26.—It is announced here on good authority today that next Monday the Santa Fe system will assume control of the short Rock

Island railroad from Chickasha to Paula Valley and that through trains will be run between these places. It is rumored that the Santa Fe is making preparations to build northwest from Chickasha and connect with their Colorado lines.

FIRE IN TEXARKANA

TEXARKANA, Texas, Aug. 26.—A residence belonging to W. C. Hardin, at the corner of Thirteenth and Maple streets, was destroyed by fire. Loss \$1,000. Insured for \$400.

OLD CITIZEN BURIED

TAYLOR, Texas, Aug. 26.—The funeral of G. W. H. Davis, a venerable citizen of this section for the past twenty-five years, who died at his home near this city Wednesday night, took place from the Presbyterian church.

ENGINEER CORPS AT WORK

WICHITA FALLS, Texas, Aug. 26.—W. E. Kaufman, secretary, and Sam Bellah, treasurer, of the Wichita Valley road were in the city yesterday and say that the engineer corps of the road has begun work on the extension from Seymour to Abilene, via Munday, Haskell and Stamford. The engineers are locating as they go, and the work of grading will follow in the near future. Mr. Bellah also things the connection between Byers and Oklahoma City will be built at the same time the Abilene line is built.

FIRST SALE AT DENTON

DENTON, Texas, Aug. 26.—The first bale of this season's cotton raised in this county was brought in yesterday by J. M. Matthews. The load of seed cotton weighed 1,500 pounds and, turned out a bale, weighing slightly less than 500 pounds. Matthews received a premium purse from the merchants and business men of this city.

PRAIRIE FIRE NEAR SHERWOOD

SHERWOOD, Texas, Aug. 26.—During a severe thunderstorm in this vicinity lightning set fire to the Sugg ranch, twelve miles northwest of this city, and before it could be known under control that part of the ranch known as the Culvert pasture, was burned. Several adjoining pastures owned by different parties were also greatly damaged.

Mr. Timmid—You are going to be married, I hear.

Miss Lovett—I sincerely hope to be.

Mr. Timmid—When, may I ask?

Miss Lovett (desperately)—You may ask me now, if you really care for me. —Philadelphia Ledger.

IN THE TERRITORIES

PARKER TO EXPLAIN TAXATION

LAWTON, Okla., Aug. 26.—Quannah Parker, head chief of the Comanches, came to Lawton today. In conversation with a newspaper man he said: "I am now on a trip among my people, the Comanches, explaining to them the matter of taxation. It is hard to make them understand it, particularly the old ones."

HOT IN SHAWNEE

SHAWNEE, Okla., Aug. 26.—Yesterday was the hottest day in the history of Shawnee, the thermometer in different parts of the city registering 110 degrees in the shade. Notwithstanding this excessive heat, no prostrations were reported.

POWER GIVEN LIVE STOCK BOARD

GUTHRIE, Okla., Aug. 26.—Attorney General Simons has rendered an official opinion, holding that the law passed in 1903 demanding that osteopath practitioners be examined before granted certificates does not apply to those practicing in Oklahoma. It is announced, however, that both a 54% of the question will be heard.

ROLLS OF THE DELAWARES

MUSKOGEE, I. T., Aug. 26.—Dana H. Kelsey, United States Indian agent, has issued notice that the rolls of the Delawareans, preparatory to the payment of the \$150,000 appropriation made by congress at the last session, will be made at Nowata, Dewey and Vinita next month. This roll is to be made up of registered Delawareans and their descendants, residing in the Cherokee nation and living Oct. 13, 1904, who have maintained their tribal relations with the Delawareans. Those who have become affiliated with other tribes or taken citizenship in other nations are excluded from participating in the funds.

FATHER SEEKING ABSENT CHILDREN

Boy and Girl Missing From Their Home for More Than a Week

J. D. Kilgore of 509 Fifteenth street, North Fort Worth, is searching for his children, who he reports have been missing over a week. Their departure from home he attributes to the action of women who, he says, urged the older of the children, a girl 14 years of age, to leave. A brother, Charles, 19 years of age, is also missing.

Both children disappeared Friday, a week ago, and since that time no trace of them has been found. The mother of the children lives in Dallas, but inquiry showed that the children were not with her.

Kilgore, with the children, lived together at the foregoing address, the girl cooking for her father and brother. No reason for the disappearance of the children, Mr. Kilgore declares, is known to him.

The girl is described as well developed for her age, weighing 120 pounds. She has short black hair and blue eyes. When she left she wore low quarter shoes, a blue striped lawn dress and a straw hat with green vine trimming. The boy took with him his old clothes and a gray cap. He wore no shoes. He has light hair and brown eyes.

Mr. Kilgore has requested that any information regarding them be addressed to him, 509 Fifteenth street, Marine, Texas.

FRANCHISE TO BE DISCUSSED TONIGHT

Alderman E. P. Maddox Will Preside at City Hall Mass Meeting

Alderman E. P. Maddox of the Sixth ward has been invited to act as chairman of the mass meeting to be held tonight in city hall to discuss the Armstrong franchise and has accepted. The meeting as announced will be the last for a discussion of the subject before the election of Tuesday, when the franchise will be acted upon.

No reply so far as can be learned has been received from Judge Armstrong to the invitation to be present in person or take part by a representative in the discussion. It is announced, however, that both a 54% of the question will be heard.

A number of matters not yet touched upon in the franchise matter, it is hinted, will be brought up at the meeting and some interesting addresses are expected. Among those who will speak will be Judge J. E. Martin and A. H. McCarty of the Third Ward Democratic Club.

An invitation by this organization to Judge Armstrong to attend a meeting and discuss the franchise led to the open meetings for its discussion by the people.

Complete canvass of the city with announcements has been made and a large attendance is expected at the meeting.

Previously announced at the office of Judge Armstrong this afternoon that he will be represented at the meeting tonight.

WARY OF OFFER

Editor Telegram: Judge Armstrong, I understand, is throwing a bait to the union men with the offer to use union firemen in his plant when it is erected and in operation. This is a worthy step upon the part of the new enterprise, but is it not a promise remarkably like many of those in the Armstrong franchise?

Mr. Armstrong has admitted that he does not intend to erect his gas plant until the other plant is in operation and no definite time is specified even after that. Few firemen should feel justified in waiting for positions on this ground.

Promise of cheap fuel based upon certain prices of Beaumont oil, reveals the joker. How many firemen will Judge Armstrong employ to shovel Beaumont oil into his furnaces? Engineers generally have charge of oil fed into furnaces.

The union man has little security that Judge Armstrong will not sell the plant, leaving him to hold the bag in which the franchise has been covered while it slipped past the ballot box.

Union men have learned in the past that they have friends today and enemies tomorrow. Empty promises will not satisfy them. Did not the old Knights of Labor favor municipal ownership? Are members of the American Federation of Labor ready to throw aside that banner?

HARD WORKER.

OPPOSE GRANT

On July 3 Mr. Armstrong gave out an interview in which the following language was used: "A German line of steamers is bring-

Grove's The-No-Cure-No-Pay Chill Tonic

The makers can with safety and do positively authorize all dealers to refund the money if Grove's Tasteless Chill Tonic fails to cure any case of Malaria, Chills or Fever. Dealers know that this is an absolute, lived-up-to guarantee. Drives Out Malaria and Builds Up the System. Sold by all dealers for 27 years. Price 50 cents.

PHWEN!! How That Prickly Heat Does Itch. Torture for the baby—misery for a stout person and thoroughly uncomfortable for any one. No use scratching; he more you do of that the more it itches. "Household Remedies" mean well; but they don't quite touch the spot. There is just one sure and absolute cure for prickly heat, hives and all acute and chronic skin troubles in old or young, whether caused by weather, chafing, heredity, contagion or impure blood and that is Littell's Liquid Sulphur. Stops Itching Instantly and is guaranteed to cure any skin disease on earth. Look for the trade-mark—picture of the devil. Buy a 50c. bottle to-day. RHUMA-SULPHUR CO. St. Louis, Mo.

BALLARD'S HOSEHOOD SYRUP PERMANENTLY CURES CONSUMPTION, COUGHS, COLDS, BRONCHITIS, ASTHMA, SORE THROAT, HOARSENESS, WHOOPING COUGH AND CROUP. DO NOT DELAY. Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and coils. To have good health it must be kept in good order. A GOLD is considered of no importance, yet if it was known by its proper name of "throat inflammation" or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Hoarsehood Syrup which will speedily overcome it. WHOOPING COUGH AND CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Hoarsehood Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP. BEST FOR CHILDREN. Mrs. Maud Adams, Goldthwaite, Tex., writes: "I have used Ballard's Hoarsehood Syrup and find it the BEST medicine for cough, croup and cold. My children use it and it is pleasant to take and quickly cures."

RAILROAD COMMISSION FIXES ICING CHARGE. Shippers Have the Privilege of Preparing Cars at Point of Shipment. AUSTIN, Texas, Aug. 26.—The railroad commission late yesterday afternoon decided the refrigerating car matter and the figures are different from those expected and heretofore published. The charges are accompanied by two important rules—that shippers shall have the privilege of icing refrigerating cars at initial point, but that the carrier shall do the reicing en route to destination, charging the actual cost of the ice; and that the railroads must furnish the refrigerating cars. Slap at Car Lines This last is a direct slap at the private car lines, but the railroads will be enabled to employ the same service as now. In contrast to the rates, in the circular there is but one rate in Texas for refrigerating car service and that is \$40 per car, regardless of the distance moved or the number of times the car is reiced. The circular was approved today by Commissioners Storey and Mayfield. Commissioners Coley is being out of the city. It reads as follows: Refrigerating tariff No. 1, effective Sept. 20, superseding and canceling circular No. 2,067, issued by the railroad commission of Texas, and to provide rules and to govern refrigeration of carload shipments of cabbage, together with all other rates, charges and rules applying in the matter of refrigerating car load shipments of perishable freight between points in Texas, which may be in conflict with the provisions of this tariff. Charges, rules and regulations to govern in the refrigeration of carload shipments of perishable freight of all kinds transported by railroads between points in Texas. Sec. 1. Explanation: The following charges in dollars per car shall be made

STATE COTTON CROP SHOWS REDUCTION

Heat Stops Work at Convict Farms and Is Injuring the Plants

Sam H. Fry of the state penitentiary board, returned Friday from Bosque county, where he went on a humane errand, the policy of the penitentiary board being that the convicts should be properly cared for while in the charge of the state. Mr. Fry said that he found all conditions satisfactory.

There are 125 convicts employed on the 2,500-acre sharing farm in Bosque county, and all of them are well cared for. During the present hot weather the men are not compelled to work during the heat of the day. They return from the field at 11 o'clock in the morning and do not return to work until after 3 o'clock in the afternoon. In this way they are not in the fields during the hottest part of the day. The convicts are now picking cotton.

The state will not receive as large a cotton output from the Bosque farm this year as last on account of the hot dry weather of the past ten days, which has materially damaged the crop, says Mr. Fry. Last year this farm yielded 950 bales of cotton off the 2,200 acres, but this year there will be over 800 bales with the same acreage.

Similar reports are received here by Mr. Fry of conditions on the reformatory farm. A letter received from the superintendent says that the hot dry weather of the past week or ten days has done much damage to cotton and that the yield will not be more than one-third of a bale to the acre. The state has over 900 acres planted in cotton on the reformatory farm, from which the superintendent estimates the state will receive about 325 bales this season. The hot sun, the superintendent says, is causing the cotton to shed and the stem is not good.

Mr. Fry says that conditions are practically the same on the other state plantations.

AMUSEMENTS

LAKE ERIE. Another big crowd saw a good vaudeville and moving picture show at Lake Erie last night. On private nights the curtain rises at 8:15 in order to get through in time for the ball. The prize ball benefit of the Ben Hur was well attended. Tonight the curtain rises at 8:30. It is beyond a doubt the best and finest free show ever given here.

GREENWALL'S OPERA HOUSE. The first ticket for the season of 1905-1906 was sold at the Greenwall opera house box office this morning by Aaron Laskin. Next Monday night Albert Taylor presents his stock company, being the first attraction to appear here this season. This season Mr. Taylor has made special efforts to secure a company of players that are well able to sustain the reputation of the Albert Taylor company, made in the past. A choice list of plays has been secured, each bill being presented with special scenic effects and elaborate stage settings and original costumes. A very strong cast has been selected headed by Walter Miller, who has a host of friends all over the state. The opening play will be the sensational comedy, "The Wages of Sin," a play full of interesting features, a pretty story and clever plot depicting the old saying that "love, honor and virtue will ever triumph over dishonesty and vice."

Between the acts high-class vaudeville features are introduced. As a treat to the ladies the management admits one lady free on Monday night, if accompanied by a person with a 30-cent ticket, purchased before 6 p. m. A special matinee will be given Wednesday afternoon.

19-YEAR-OLD GIRL TO SWIM CHANNEL. Annette Kellerman Says First Defeat Hasn't Changed Purpose to Establish Record. NEW YORK, Aug. 26.—Miss Annette Kellerman, the remarkable young woman who holds the swimming championship of Australia, says that she will swim across the English channel sooner or later. Her first attempt made a few weeks ago was unsuccessful because of a dense fog that arose after she had set out.

Miss Kellerman is only 19 years old. She weighs 148 pounds and is 5 feet 7 inches in height. Her figure is beautifully molded, and although gracefully feminine in its lines, suggests strength and power of endurance. Miss Kellerman has never been defeated in any contest of long distance swimming. When she was 15 years old she won the amateur mile championship of Australia in still salt water in 29 minutes. In long distance contests her records in Australia are five miles in 1 hour 48 minutes and 34 seconds and ten miles and a quarter in 4 hours and 23 minutes. In the Thames river in July last she swam 10 miles in 3 hours and 54 minutes and 16 seconds. This performance eclipses all previous feats under the same conditions, even that of the famous Captain Webb. Miss Kellerman came to this country in September to enter swimming contests. She has never been in the United States, but she is an enthusiast over all things American. Inheritance was part in her favor of the United States, for her mother came from Cincinnati.

RELIC OF FEVER DAYS. Newspaper at Marshall Recalls Epidemic of 1873. MARSHALL, Texas, Aug. 26.—There is an exhibition in the window of a hardware store in this city a copy of the paper published in this city during the yellow fever epidemic of 1873. The paper was published by Crockett Boone, who is still doing newspaper work in West Texas and visits this city occasionally, and bears the date of Saturday, Nov. 1, 1873. There is a death roll from the yellow fever published in this paper which shows while Marshall was only a small town at that time there were seventy-eight deaths, sixty-nine of which appear in the paper and nine others to a slip of paper attached.

A NOTRE DAME LADY'S APPEAL. To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, neuritis, neuralgia, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, brightens the eyes, giving health and happiness to the whole family. That's what Hollister's Rocky Mountain Tea will do. 25 cents, Tea or Tablets, J. P. Brushear.

THE BANKERS SHOULD INTERVENE Millions for peace, but not one cent for war.

That ought to be the ultimatum of the international bankers who may be called into conference by the commissioners in negotiation at this time representing Russia and Japan.

Any man of any acumen knows that the books used in the transaction of the state's business at Austin are public property and of easy access.

It begins to appear that Russia and Japan are not going to be able to agree on the terms of peace unless they are given some outside assistance.

Russia is dogged and sullen. Stripped of the fear and awe that has been inspired in other nations, she is none the less sullen and defiant.

She positively refuses to acknowledge that she has been whipped, and when her attention is called to the reverses that have continually attended her fighting machines both on land and sea, she stubbornly points to the great resources she can yet command.

She has met every cuff with a howl of impending rage and promise of future vengeance, and when there has been talk of peace, she has insisted on the right of naming the terms.

The attitude of Russia has been that of the victor instead of the vanquished, and apparently there has never been any appreciation of the real situation in that country.

Proud of her brute strength and reveling in the belief that she can win in the end, Russia cares nothing for the millions of human lives that may be sacrificed.

"Honor" is the thing that stands in the way of Russian acceptance of the real situation, and the insistence is steadily made that there can be no peace without honor to Russia.

And Russian honor is a most peculiar quantity. It seems to be composed almost solely of the men who remain at home, safely removed from the dangers of the firing line.

It is that form of honor that would be content to sacrifice the masses in order that the bureaucrats may maintain a semblance of standing among the powerful nations of the world.

But Russian ideas of honor cannot much longer prevail. The masses of that benighted nation are slowly forming some ideas of honor for themselves.

There must be a change in the Russian policy, or the results are going to be momentous. And Japan is also playing with a two-edged sword.

Believing that she is backed up and fortified by all the power of the British empire, the little yellow nation may be asking and expecting too much.

that Japan is the greatest fighting nation on earth, but there are others who regard them as very small potatoes and few in a hill.

And in the meantime, the civilized world should serve notice on both of the belligerents that their scrapping must cease.

Some of the partisan newspapers in Texas should proceed to turn Judge Brooks out of the democratic party.

There is no disposition on the part of any Texas paper to read Judge Brooks out of the democratic party.

Major Beardley, the Louisiana railway promoter, has finally signed a contract to build a line of railway north out of Abilene, via Anson, Haskell and Stamford.

There is a bonus of about \$50,000 hanging on the limb ready to be plucked by the first man who will undertake the building of an interurban line from this city to Mineral Wells.

Texas does not care where its immigration comes from, provided it is of the proper kind.

It was in vain that Mrs. Armytage protested. She told him he was a disgrace to the honored profession of literature.

She was forced to resort to strategy, and after many headachy afternoons of contemplation at last hit on a plan.

Then she looked about at innocent accomplices, in which fortune or was it providence?—helped her considerably.

"Not so fast," said the policeman, but he took the card. That altered the complexion of affairs a little.

"Why, Jack!" she cried, "how smart you look; quite military, I declare! Come, you shall take me to the theater this evening."

"Certainly," answered the policeman, "I will be glad to do so."

Fort Worth will be a great political center during the coming campaign.

Will the gas franchises meet their match?

Maybe the aldermen who voted to make the policemen sanitary officers had been reading about the therapeutic value of blue rays in killing germs.

Boll the mosquitoes.

UNCLE HENRY SAYS "Even wise guys sometimes let their tent fall."

TALK ABOUT LUCK A young lady went to Mr. Rose's store Friday, and had the good fortune of bringing back about 140 pounds of Bacon.

GLADYS—No, peace envoy is not an envoy at the end of a piece of poetry.

NOT AT ALL DILLATORY Louis Strecker is busy harvesting his pickle crop.

wise they will proceed to call a halt in the unholy campaign they have instituted in Texas.

The Texas railroad commission is going after the charter of the Houston and Texas Central railroad, and that of the Texas and New Orleans, on the ground that they are competing lines under the same management.

The Austin News-Tribune, the sprightly afternoon paper of the Capital City, has been reorganized, new and modern machinery purchased, and no effort spared to give Austin a thoroughly representative afternoon publication.

Judge Armstrong would have enlisted more support for his desired franchise if he had been a little more definite in stating what he would do for the people.

If Henry Watterson is nominated for governor of Kentucky by the democrats of that state he is sure of election.

Major Beardley, the Louisiana railway promoter, has finally signed a contract to build a line of railway north out of Abilene, via Anson, Haskell and Stamford.

There is a bonus of about \$50,000 hanging on the limb ready to be plucked by the first man who will undertake the building of an interurban line from this city to Mineral Wells.

TALK ABOUT LUCK A young lady went to Mr. Rose's store Friday, and had the good fortune of bringing back about 140 pounds of Bacon.

GLADYS—No, peace envoy is not an envoy at the end of a piece of poetry.

NOT AT ALL DILLATORY Louis Strecker is busy harvesting his pickle crop.

If the American people as a whole will make this "call" they may rake in a jack-pot that will put cash into the pockets of the many.

The esteemed Express seems to speak by the card.

A number of big revival meetings have closed in Navarro county, Texas, in order that "the brethren" and "the mourners" may have an opportunity to go into the fields and pick cotton.

Several extreme partisan papers in Texas are furious over the suggestion that a peep into the books down at Austin is what the people would like to have.

It is always best for all men to go on just as nearly a cash basis as possible.

C. K. Bell, candidate for governor, made a magnificent speech.

There is a very strong element of the best class of Texas citizenship ranging itself in the Bell column, and it is believed he has developed the most strength of any candidate before the people.

The three railroads giving smallest net profits were shelled corn (mud toll), corn and cob meal, and corn meal (hay chaffed).

The net profit varied from \$4.12 to \$3.84 per steer.

From the records of this experiment, \$3.26 per hundredweight should be added to the cost of feed.

The method of feeding steers may make as much as \$0.50 per hundredweight difference in the margin necessary for coming out even.

The results of this experiment are so striking that it appears that the grinding of corn for feeding choice 2-year-old steers during the winter season is not warranted.

The feeding of silage in moderate quantities is not especially conducive to heavy shrinkage in shipping or small percentages of dressed beef.

Many who advocate the feeding of ear corn to cattle if hogs follow, advocate the feeding of meal.

Since the profits in feeding shock or fodder corn and ear corn are approximately the same the writer is inclined to favor the feeding of ear corn in preference to fodder corn because in feeding fodder corn one is sometimes obliged to get on the land when it is too wet.

While the results of this experiment show that it does not pay to grind corn for winter feeding it should not be assumed that it does not pay to grind corn for cattle that are being fattened in summer on grass.

J. H. Gage got in Tuesday from a trip west on the Texas and Pacific railroad, going out as far as Big Springs.

"What a horrid scar Charlie has on his forehead, hasn't he?" "Oh, no! Not at all. Why, he got that in an automobile accident."

Verses That Ring

Don't forget to write a letter (By Julia E. Abbott.) In the dear old home they miss you.

One can see they're sad without you. Though they smile and do their best.

Do you know that since you've left home. In your mother's glossy hair.

When they sit around the fireside. And the shadows gather near.

Write a letter home to the dear ones. Who on their heads have something stayed.

It is easier to float a rumor than it is to sink the truth.

Instead of trying to kill two birds with one stone use a shotgun.

No man need hope to reach heaven by walking over his neighbors.

It's useless to call the cat when you spill the milk of human kindness.

Good intentions may do for paving material, but the streets get just as dirty.

Don't snub a man because he is rich. He may be as poor as you are some day.

Convince a man against his will and you'll have to convince him over again tomorrow.

Some men lose their health while acquiring wealth, then lose their wealth trying to acquire health.

After witnessing the average military drama it is easy to believe that war is what Sherman said it was.

Yes, the world may owe you a living, but you will starve to death if you sit down and wait for it to come around and settle.—Chicago News.

REFLECTIONS OF A BACHELOR Some people take a lot of satisfaction out of never being satisfied with anything.

It is a great economy to smoke cigars and feed the habit is so expensive you can't afford to own an automobile.

A girl is sure a man is going to propose to her when he doesn't like her little brother, but gives him nickels to prove it.

When women say a girl is awful good to her mother and has a sweet disposition they mean she has no chance to get married.

A mother's ambition for her son is to have him either be a clergyman or marry a rich wife, and her dream of heaven to have him do both.—New York Press.

middle of next month unless the market shows a good and unexpected upward trend in Chicago. Several years ago there were a number of cattlemen who probably won't ship.

CONTROLLING THE YARDS The beef trust owns and controls all of the stock yards in this country with the exceptions of the yards in Chicago and Kansas City.

WILL RACE UP PEAK COLORADO SPRINGS, Colo., Aug. 25.—Entries are about all in for the Pike's Peak or Bust automobile race to be held late in September.

Automobile Contest Will Be Held in September

DAILY FASHION HINT

SAFELY THROUGH MOTHERHOOD WITHOUT PAIN.

What a wonderful message of hope and escape from suffering these words carry to that woman who is dreading the hour that shall proclaim her Motherhood.

MOTHER'S FRIEND

is the name of the remedy which means so much to the expectant mother; she can apply it herself and feel no improvement at once which but forestalls the pain and suffering which it saves when childbirth takes place.

BRADFIELD REGULATOR CO., Atlanta, Ga.

NO. 2813-A TAILORED SHIRT WAIST

The season of shirt waists is here, and the well-dressed woman is beginning to replenish her stock with two or three smart blouses.

Send Pattern No. — Name — Address — Size — This pattern will be mailed by filling out the above coupon, inclosing 10 cents, and sending to The Telegram Pattern Department, Fort Worth, Texas.

and library is lavishly used daily, flowing into this sewer where it stands, making possible the conditions described. Last year there was a pool of stagnant water from which arose a veritable cloud of mosquitoes.

How can the citizens be expected to attend cleaning up, when the city fails to drain its own "frog ponds" said Dr. Chase.

"One who comes when all the world has gone out." In other words, One who would do for you what others would not do.

Let us tell you what we do: We supply you with everything in the way of Furniture or Carpets of such good quality and at such low prices that your complete satisfaction is a certainty.

Little Willie—Say, pa, what are the wages of sin? Pa—I depends on what kind of an office the sinner is elected to, my son.—Chicago News.

DOCTORS CONDEMN ACTION OF COUNCIL, Medical Association Expected to Take Cognizance of Recent Ordinance

It is learned that the Tarrant County Medical Association will hold a meeting Monday night and it is the general opinion among the medical profession that resolutions strongly condemning action of city council will be passed by the association.

It is the sentiment of those approached on the subject that the ordinance is not effectual, regarding the provision that each shall be under the orders of the city physician, inasmuch as this could and should have been done without taking the inspectors from under the city physician's authority.

Dr. I. A. Withers, who was formerly connected with the health department in the capacity of assistant to the city physician, in discussing the matter Friday said:

"To do good service, the sanitary inspectors ought to be under a health officer, where the health department needs police assistance they are supposed to receive it, and in assisting a health officer, a police officer is supposed to be under the direct control of the health officer.

Dr. R. Pollock stated that he was willing to go on record for Dr. Barber: "It was with no little amount of wonder, not to say amazement that I noted the passage of the ordinance mentioned in The Telegram this afternoon," said Dr. Pollock Friday.

Dr. I. C. McCoy said: "The sanitary inspectors of Fort Worth, to be of practical use to the preservation of and caring for the health of the city, ought to be directly under the supervision and control of the city physician."

In an interview on the same question Friday afternoon, Dr. I. C. Chase stated that the city ordinance requires individuals, within a certain number of days after notice and under penalty of fine, to abate nuisances and clean their premises.

MAN ABOUT TOWN

The first big nutting expedition of the season in Mexico is being inaugurated by Alex Waldered of Tyler, Tex., who is in the City of Mexico, having passed through here recently on his way to the republic.

Each year the pecan industry in Mexico is becoming greater. The United States places a slight duty on the nuts but not enough to keep the Americans out of the republic when they want pecans.

The people of Colorado can boast of their cool weather and of being able to snowball each other on the Fourth of July, but Texas excels that state when it comes to producing something good to eat.

Just why we melons should always show crimson meat inside the green rind no one seems to know, but for no other reason, for the sake of variety, some enterprising farmer has brought to the notice of the public a new variety. These melons are absolutely the very latest and newest thing in the fruit line that the market affords.

A SPOON SHAKER, Straight from Coffeedom. Coffee can marshal a good squadron of enemies and some very hard ones to overcome.

"I have always been very fond of good coffee and for years drank it at least three times a day. At last, however, I found that it was injuring me.

"I became bilious, subject to frequent and violent headaches, and so very nervous that I could not lift a spoon to my mouth without spilling a part of its contents; my heart got 'rickety' and beat so fast and so hard that I could scarcely breathe.

"So I quit coffee and got a package of Postum, which furnished my hot morning beverage. After a little time I was rewarded by a complete restoration of my health in every respect.

line, and although this variety of melon is very scarce and rare, the price is no higher than that charged for the ordinary kind. Only one carload of these "cream melons" have been received in Denver this season.

REAL ESTATE TRANSFERS

J. A. Lee and wife to Broadway Baptist church, 60x106-212 feet out of northwestern corner block 8, Felds-Welch addition \$750 00

PASSES SOLD

Santa Fe Puts Total Loss at About \$20,000. With the discharge of an employee of the Santa Fe in Chicago the discovery has been made that the railroads centering in Chicago have been systematically defrauded out of transportation to the value of \$20,000.

NEW ROADS

Texas and Territory Projects Ready for Construction. A railroad is being projected between Turner's Falls and Davis, I. T., in the Arbuckle Mountains, with an extension to Sulphur Springs.

POLYTECHNIC NOTES

Mr. Swackhammer and family have gone to Marlow, I. T. Mrs. J. H. Bennett and children have gone on a visit to friends in Decatur, Ill.

RAILROAD RUMBLING

An effort is being made to interest people living at several towns between Waco and Thurber in the building of a railroad with a branch to Glen Rose and

also one to three or four other places. A committee has been appointed to represent the several counties through which such a line would pass to investigate the proposition and make a report later as to results.

Friday night while hurrying to a car. She escaped serious injury. Chief of the construction department of the Southwestern Company could not be reached this morning by The Telegram, but it was announced that the matter would be reported to him.

Complaints of the condition in which the streets are being left by persons and corporations opening them is also being made to The Telegram, especially where the Houston street asphalt has been cut through.

\$100,000 OFFER REFUSED. Sysonby's Owner Says \$150,000 Wouldn't Buy the Horse. NEW YORK, Aug. 25.—It is very seldom that any one refuses an offer of \$100,000 for a horse, but that is exactly the amount James R. Keene declined for the amount James R. Keene declined for the Great Republic stakes at Saratoga.

Colt Has Promise of Following in Footsteps of Sysonby. SARATOGA, Aug. 25.—Racegoers had a chance to witness a colt run in the Hopeful stakes here that will perhaps follow in the footsteps of Sysonby.

Opened Streets Are Cause of Complaint. Injury to Woman Causes Storm of Protest Against Way Thoroughfares Are Left. Complaint was made to The Telegram office this morning of the dangerous condition of Jessamine street, between Hemphill and Lipscomb streets, through the digging of pole holes that have remained uncovered.

Fort Worth, Texas, May 30, 1905. C. H. Edwards Music Co., Dallas, Texas.

Gentlemen: I take pleasure in testifying to the excellent tone and good service I find in your piano sent me recently for practice in the school work.

With best wishes, I am, yours truly, H. A. Boaz

MOHAWK II LOOKS GOOD

Colt Has Promise of Following in Footsteps of Sysonby. SARATOGA, Aug. 25.—Racegoers had a chance to witness a colt run in the Hopeful stakes here that will perhaps follow in the footsteps of Sysonby.

"How do you explain these mutinies in the Russian navy?" "Very easily," answered the English fisherman. "People who can tell a trawler from a warship must be too nearsighted to recognize their own commanders."—Washington Star.

Ayer's Hair Vigor

Hair Vigor. Hair turning gray? Why not have all the early, rich color restored? Ayer's Hair Vigor will do this every time. Not a single failure. Stops falling hair also. Local Agents.

The Telegram's Financial and Commercial Page

STOCKS

THE WEEK IN STOCKS
NEW YORK, Aug. 25.—The week in the stock market was notable for the establishment of new high records in a number of important stocks and for a sensational upward movement in Reading.

NEW YORK STOCKS

Special to The Telegram.
NEW YORK, Aug. 25.—The past week has been one of considerable activity on Wall Street. All of the high-priced rails have commanded their usual attention, but above them all Reading has been the center of attraction for the speculative fraternity, starting with a substantial advance early in the week, this issue has gained steadily and all efforts to cause a break of any serious dimensions have been futile, and the close today shows a net gain of 3 1/2 points for the week.

During the hour the market grew stronger, a sudden spurt in Wisconsin Central carrying that stock up 2 1/2 points. Aside from this there were no features and the close was steady.

NEW YORK, Aug. 25.—Stocks ranged prices today on the New York Stock Exchange as follows:

Table with columns: Open, High, Low, Close. Lists various stocks like A. C. and F., Am. Locomotive, etc.

NEW YORK BANK STATEMENT
NEW YORK, Aug. 25.—The following bank statement was issued today:

Table with columns: Reserve, Loans, Deposits, Circulation. Shows financial data for various banks.

THE WEATHER

Slightly reduced temperatures are reported for Friday from Texas weather stations, the hundred degree mark, however, being reached in a number of places.

WEATHER FORECAST

The forecast for Texas east of the one-hundredth meridian, issued at New Orleans, is as follows:

Table with columns: Station, Sta. Max. Min. fall. Lists weather forecasts for various locations like Atlanta, Augusta, etc.

DEATHS

Will Carlock, 17 years of age son of Mr. and Mrs. R. L. Carlock of this city, who has been ill at Carlock, Tenn., died Thursday at that place.

DEATHS

Will Carlock, 17 years of age son of Mr. and Mrs. R. L. Carlock of this city, who has been ill at Carlock, Tenn., died Thursday at that place.

DEATHS

Table with columns: Name, Age, Cause of Death. Lists various deaths including San Francisco, Little Rock, Memphis, etc.

DEATHS

CLEVELAND, Aug. 26.—Upon entering a house to which he had been called to attend a person said to be critically ill, Rev. Benedict Rossinski, of St. Stanislaus Catholic church was today set upon by two men and a woman and robbed of \$1,000 in cash and two checks for \$600 each.

GRAIN

Special to The Telegram.
CHICAGO, Aug. 26.—The wheat market was extremely dull during the early part of the session. There was no news to turn opinion from the near side of the market other than the promise of rain in the northwest.

A SOP TO THE UNWARY

As to the gas franchise, there is scarcely a citizen in Fort Worth who believes that either Davidson or Armstrong contemplates building a gas plant. This was added mainly to catch votes, and was a second thought. It would cost half million dollars to compete with the present one. Can you point out any city either north or south, with two gas plants? No. Then it is useless to think that either Mr. Davidson or Mr. Armstrong will build one. But you are in a better fix on the gas proposition than most of you realize. The Fort Worth Light and Power Company's gas franchise expires in a few days, and will have to be renewed. In fact, it has already been before the present city council asking for it, and was turned down, because no dollar earnings tax or fixed price was specified at which gas was to be sold. Dallas got an extension on her franchise this spring by making a deal with the city by which she is now getting gas cheaper than before—by can do the same thing when an extension of this franchise is asked for, and, frankly, this is about the only relief that will come your way. Don't be deluded by big headlines of "One Dollar Gas," as promulgated by Armstrong, as it is to be found in but few of the largest cities in the United States.

Now, in conclusion, profit by the experience of others. Ask your Dallas friends to relate their experience. They will tell you they would gladly exchange for your present facilities and advise you to be content with well enough. Stop, figure—think, then vote.—George E. White.

The above extract from a circular issued by the president of the Citizens' Light and Power Company, is worthy of the consideration of the people of Fort Worth, even if it does emanate from an interested standpoint. We can all understand that President White has a purpose to serve in effecting the defeat of the Armstrong franchise, but that fact does not rob his utterances of their worth of consideration.

That promise of Dollar Gas made by Judge Armstrong on certain contingencies is a rider placed there for what seems to be an apparent purpose of hoodwinking the people. If Judge Armstrong had been sincere in his promise of Dollar Gas to the people of Fort Worth he would not have hitched the proposition to the shifting price of crude Beaumont oil. He does not say in his franchise, where he ought to say it, that he will furnish One Dollar Gas.

If Judge Armstrong was sincere in his promise of Dollar Gas, why did he not put it in the franchise with no strings attached to it?

The things that Judge Armstrong promises upon certain contingencies are not worthy serious consideration. If he had been sincere in those promises it stands to reason that he would

A CORRECTION
In Thursday's Telegram a statement was made relative to the Armstrong franchise election, to the effect that the cost of the coming referendum election will be borne by the city. Judge Armstrong and his associates, seeking the franchise, will stand the expense of the coming election, arrangements for which, however, are made by the city.

VOTE ON FRANCHISE IS URGED BY LEAGUE

The Fifth Ward Civic League met Friday night in rooms over Whittsett's Pharmacy, corner of Elizabeth and Boaz streets, about twenty-five members gathered at 8:30 o'clock. The meeting was called to order by President L. M. Whittsett, who stated the object to be the election of officers and devising the best means for ascertaining a voice from the people as to what name should be advanced for alderman at the December primaries.

The following were elected by a unanimous vote of the league: President, George Nies; vice president, T. J. Dooley; secretary, B. N. Leonard; treasurer, J. H. Sears.

Mr. Whittsett addressed the league on the matter of devising a plan to obtain a general expression from the voters of the Fifth ward as to a candidate for alderman. He stated that the movement to secure worthy names had already begun, and should shortly begin in the Tenth, Sixth and Eighth wards and said he had no name to present to the meeting last night. His remarks were received with favor by the members.

Mr. Nies spoke on the plan to secure a general expression from the people, before the Civic League took any action as to endorsing a candidate, and favored a general expression from the entire ward to the matter, stating that people on both sides of the railroad should be asked to express themselves on the matter. Mr. Nies embodied his views on the matter in a motion that a committee of seven be appointed not later than Monday whose duty should be to canvass every section of the ward and report to the next meeting of the league. L. C. Schuster seconded the motion and spoke in its favor. The motion prevailed.

An executive session was held, after which the following resolution was passed by acclamation: "That it is the sense of the Fifth Ward Civic League that the league urge all citizens in the ward to turn out on Aug. 29 and vote either for or against the Armstrong franchise in view of the fact that this

WHITE BOY KILLED; NEGROES ARRESTED

Robert Porter Fatally Stabbed Following Alleged Quarrel With Boys

Two small negroes are being detained at police headquarters following the killing late Friday afternoon of Robert Porter of Riverside, 12 years of age.

The negroes are Felix Reese, aged 14 years of age, and Arthur Palmer, 11 years of age.

The father of Robert Porter is William Porter of Riverside, who is a stone mason and works at the stone yards near the Frisco shops. Young Porter had driven in from Riverside after his father, as was his usual custom. He met two colored boys playing marbles near North and Vint streets.

Stories regarding the killing are conflicting. One is that during a quarrel Porter was stabbed just over the heart, dying almost instantly, without making a statement as to the cause of the trouble.

The two negro boys under arrest tell conflicting stories of the difficulty, each declaring he did not strike the blow.

The negro boys were taken to Chief of Police Maddox's office, where they were subjected to a rigid questioning. The stories told by them varied so such an extent the officers are, as yet, unable to reach a conclusion.

Justice Rowland was called, but was unable to conclude his investigation Friday night and is continuing it today.

Funeral of the boy was announced for 4 o'clock this afternoon from Robertson's undertaking rooms, Tenth and Throckmorton streets.

ALDERMAN MORELAND TO WED IN MICHIGAN
Bride-to-Be Visited Here Year Ago—Date Not Yet Announced

Alderman Q. T. Moreland of the Ninth ward, who is at present in Buffalo, N. Y., will be married in Bay View, Mich., before returning to this city. His bride will be Miss Genevieve Russell, who visited this city about a year ago.

Alderman Moreland, in a letter to friends in this city, received this morning, announces that owing to the illness of his first wife's mother, who, together with his children, is with him in Buffalo, he cannot fix the exact time for the wedding. It is expected to take place, however, early in September.

Mr. Moreland left this city a few weeks ago, going directly to Buffalo to join his children, who left Shreveport, upon the announcement of yellow fever in New Orleans. He is expected to return to Fort Worth about the middle of September.

INJURED MAN SHOWS UNUSUAL FORTITUDE

With Arm Severed and Severe Cuts About Head, He Exhibits Little Suffering

Shortly before 5 o'clock this morning a westbound freight train on the Texas and Pacific railway struck a young white man, who gave the name of J. L. Pierce and his home as Grapevine, Texas, the accident occurring near the Stove Foundry west of Fort Worth. Pierce was seriously injured, his right arm being cut off, his right eye knocked out and several large gashes cut in his cheek, with serious injuries about the head.

Conductor Ed Witherspoon reported that the man was lying with his head on the north side of the track when found. The only articles found by the train crew was a new pair of shoes which Pierce had with him. The section foreman at the Stove Foundry took the man to the section house and later brought him into the city in a farm wagon. He was still conscious and able to talk upon arrival at the city hall, and an ambulance conveyed him to St. Joseph's hospital, where Dr. Barber attended his injuries.

Pierce said that he had been employed at the farm of John Burford, about five miles west of the city, and was returning there from a visit to Fort Worth at the time the accident occurred. He exhibited wonderful nerve during the trip into the city and upon arriving at the city hall said that he could walk to the ambulance which was waiting to take him to the hospital.

He is 25 years of age and unmarried. At noon there is strong hope entertained for his ultimate recovery, owing to his fine physique and strong constitution.

Your Health Depends on Your Kidneys
Every Reader Should Test the Wonderful Merits of This Great New Discovery
IRVING'S BUCHU WAFERS

If you wish to be rich in health, you should be careful of your KIDNEYS as a good financier is of his cash capital. Your KIDNEYS are your capital. Your health depends principally on them. If you keep THEM well you may possess your health in safety. Now by this is not meant that good financing for your health is to overlook all the other organs and merely look after your KIDNEYS. Your other organs may need care, but your KIDNEYS most because they do most. If you are sick begin with your KIDNEYS, because just as soon as they are well, they will help all the other organs to health.

For a great many years it has been the custom for people to say: "My blood is out of order, it needs purifying, I feel all used up, my skin needs clearing, my brain feels tired." They are right, but do they act right? They generally go and get a laxative to purify their blood; but does blood run through the bowels?

Science proves that all the purifying that your blood needs, in fact all that can be done, must be done by your KIDNEYS. The KIDNEYS are filters. They strain and purify your blood. When your blood is impure nothing can purify but your KIDNEYS. When the KIDNEYS are clogged from overwork of any kind, worry, exposure or excesses, they can be set right by that wonderful new remedy known as IRVING'S BUCHU WAFERS. They are a small wafer and pleasant to take. They are not a patent medicine or secret remedy, and the formula is cheerfully furnished to the numerous physicians who prescribe them in their practice, recognizing the efficiency of their ingredients, such as Buchu, Juniper Berries, Agaricus and other valuable and pure vegetable extracts, which are so concentrated as to make them more than double their value.

Price 50c per Box
H. T. PANGBURN & CO., 9th and Houston, Ft. Worth, Tex.

Texas Cattle Raisers' Association, has gone to Loving's ranch, in Jack county, where he will spend a week or ten days on his vacation.

IN THE CHURCHES

Sunday at St. Paul's M. E. Church, corner of Seventh and Lamar streets, the pastor, Rev. J. F. Boyce, will preach at 11 o'clock a. m. from the theme, "Kept By the Power of God." At 8 o'clock p. m. the special service being given in "The Life of Christ in the Masters" will be continued. This contemplates presenting the story of the life of Jesus as represented by the great painters of the ages. Sunday night the special theme will be "The Sermon on the Mount, and the Galilean Ministry." The stereopticon is used in this service, and the singing is a special feature.

FIRST METHODIST CHURCH
Corner of Jones and Fourth streets, Rev. Alonzo Monk, D. D., pastor. Preaching by the pastor at 11 a. m. and at 8 p. m. Subject of the morning sermon, "Climbing," subject of the evening sermon, "Fathers." Sunday school at 9:30 a. m.; Epworth League service at 7:15 p. m.; prayer and song service Wednesday evening at 8 o'clock.

TRINITY EPISCOPAL CHURCH
"The Duty of Citizens in Regard to Franchises and Other Matters" is the subject of the 7:30 night service at Trinity church, Pennsylvania avenue and Hemphill street. The rector will give in the course of the sermon a somewhat novel application of the gospel for the day.
