He'll Not Retract Statement About Memphis

SITUATION IS IMPROVED

No Increase in Fatalities at New Orleans Despite the Cooler Weather

NEW ORLEANS, La., Aug. 29.—Up to noon there were twenty new cases of yellow fever and five deaths.

Dr. C. Milo Brady returned today from an inspection tour of Bayou Barataria, having gone about twenty miles from the city.

Considerable interest was manifested here today by local physicians in the announcement that charges would be preferred against Surgeon White for reporting to Surgeon General Wyman that the city was infected, based on the case of Mrs. Guerin, who developed yellow fever shortly after her arrival here.

Authorities continue to have a great deal of trouble with the Italians in the parishes just above New Orleans.

The appearance of the fever at Natchez and Lake Providence has caused Monroe to put on a tighter quarantine.

THE effect of the action of the latter state threatens to annual traffic over the Iron Mountain. A train of the road passing through Natchez has been stopped by the Arkansas line and turned back.

The SUN'S ECLIPSE ON AUGUST 30

The eclipse of the sun early on the morning of Wednesday, Aug. 30, will be visible in some partial stage over most of the United States.

The line of total eclipse will pass far to the north in Canada. The partial eclipse in the United States will start a few minutes before the sun rises.

The dotted line in the lower part of the map marks the southern limit of the eclipse. People living south of that line see nothing at all of the eclipse.

LITTLE INTEREST IN FRANCHISE ELECTION

Light Voting Under Referendum Reported at All City Polling Places

POLLS CLOSE AT SEVEN

Heavier Vote Expected Late in Afternoon and Tonight.

Flurry Over Ballots

You have until 7 o'clock tonight to vote. Don't neglect your first opportunity to ballot under the referendum.

The vote on the Armstrong light and power franchise proposition being taken today is the first election under the referendum clause of Fort Worth's amended charter.

Reports Conflict

It is a difficult matter to conjecture as to the result of the election. There are those who maintain that the franchise proposition is carrying two and three to one, while the opposition are claiming similar figures.

In the First ward only 34 votes had been polled up to 12:30 p. m.

Flurry Over Ballots

Considerable excitement was caused this morning by the discovery that the official ballots, which were being made at a large number of ballots had been cast in some of the wards and it was thought for some time that the election would be void as far as the gas franchise. Later it was discovered that the wording of the proposed franchise in regard to the gas franchise which included all kinds of light and would thus include a privilege to use gas.

Union Men Approached

Secretary Jack Thompson of the local teamsters' union said today that he was approached by a representative of Judge Armstrong who handed him a card urging him, as a union man, to vote for the franchise. Secretary Thompson replied that the card presented here no indication of having been printed at a union typographical shop and was therefore a poor vehicle for appealing to union men of the city.

Looses Life in Attempting to Effect Rescue of Four Children

CHICAGO, Aug. 29.—Groping thru a smoke to the top floor of the barns of a department store in North Clark street, to rescue four children whom he believed to be cut off by flames, Lieutenant William M. Mayor of the fire department last night was suffocated by smoke.

While a fire was blazing in the barns, spectators called out that the family of Louis Nelson, the foreman of the barn, had been cut off by the flames. Mayor learned that the rooms of the family were on the third floor in the rear. Without waiting for any of his men to accompany him he seized an ax and dashed into the building. The fire, which was blazing in the hay, gave out a thick smoke. Groping along, he managed to find his way to the rooms only to discover that the family already had escaped. Overcome he fell face downward in the room and died.

DEATH WAITED AT END OF THE "GAP"

Boy Trying to Emulate Circus Feat, Fatally Injured at Evansville, Indiana

EVANSVILLE, Ind., Aug. 29.—Arthur Heeger, 15 years old, was fatally injured yesterday trying to "loop the gap."

Should the first proposal be refused the information of the Associated Press was that Baron Komura would then play his last trump, a wholesale proposal to arbitrate all unadjusted propositions before the conference. It is hardly conceivable that the emperor would dare to place before the author of The Hague tribunal such a proposition. To do so would be for him to court both for himself and his government a universal outburst of denunciation.

COMPLETE HARMONY REACHED PORTSMOUTH, N. H., Aug. 29.—At the session today the peace conference arrived at complete accord on all questions and it has been decided to proceed to the elaboration of the treaty.

JAPANESE YIELD EVERYTHING PORTSMOUTH, Aug. 29.—The Japanese plenipotentiaries yielded everything today. They accepted the Russian ultimatum and the division of Sakhalin without the payment of redemption.

The Japanese also yielded the interned warships and limitation of naval power. The delegates will be called in at the afternoon session and the actual work on the elaboration of treaty will begin.

News that peace had been agreed upon caused the most intense excitement at the hotel where the envoys have been staying. Everywhere was a delirium of jubilation.

An armistice will probably be arranged this afternoon.

PORTSMOUTH, Aug. 29.—The session of the peace conference this morning began shortly after 10 o'clock. The Russians arrived at the navy yard in their motor car by 9:30 and the Japanese were there a few minutes after that.

Baron Komura, accompanied by Minister Takahira and Mr. Sato, left the hotel in an automobile at 8:55 for the navy yards. Mr. Witte left at 9:10 o'clock, also in an automobile, accompanied by Baron De Rosen and Mr. Naboukoff.

Crucial Hour Realized

When the peace plenipotentiaries started for the conference room today there was recognition on both sides the decisive hour in the fate of the peace conference had come. Mr. Witte seemed not in a pleasant frame of mind. He received new instructions during the night reiterating the old. They left him no leeway. Unless the new Japanese proposal met the emperor's ultimatum, as given to President Roosevelt through Ambassador Meyer, for no indemnity but the session of half of Sakhalin without money payment. Beyond that for the maintenance of Russian prisoners and that involved in the cession of the Chinese Eastern railroad, he considered he had full authority to reject it flatly without reference to St. Petersburg.

Mr. Witte considered the emperor had figuratively burned his bridges behind him in the replies he had given to the head of the American republic.

His superior having thus committed himself, Mr. Witte felt himself tied hand and foot. Unless the Japanese proposal this morning, therefore, would come strictly within the instructions he, according to his views, would not only be justified in refusing but compelled to refuse it. Diplomatically he would, according to the Russian counsel, have that right. To a proud man like Witte that position is insufferable.

He was playing a "dog's comedy," he said to a friend. But he is a man of passion, a man who acts sometimes upon sudden impulses, and he is quite capable at a critical moment of disregarding the letter of instructions and laying them at the feet of his majesty and thus in the face of the world causing the emperor to take the responsibility. But there are motives that might impel in the other direction. None knows so well the hostility which exists at court against him.

None knows as well that the emperor's advisers are trying to poison his majesty's mind against him. None knows as well as the military party is demanding the continuation of the war, and if he disobey the letter of his instructions he will be charged with being willing to make peace at any price. No plenipotentiary at such a crisis was ever placed in so difficult a position. Court intrigue, the court of Russia, is again at play. Even members of his entourage could not fathom his intentions when he went to the conference today. One of them said, "If you want my opinion it is 95 chances out of 100 Mr. Witte will not even consider the Japanese proposal."

Should the first proposal be refused the information of the Associated Press was that Baron Komura would then play his last trump, a wholesale proposal to arbitrate all unadjusted propositions before the conference. It is hardly conceivable that the emperor would dare to place before the author of The Hague tribunal such a proposition. To do so would be for him to court both for himself and his government a universal outburst of denunciation.

NEGRO BOY IS HELD UNDER \$7,000 BONDS

Felix Reese Bound Over to the Grand Jury on Charge of Stabbing Robert Porter

Felix Reese and Archie Palmer, the two colored boys who are being held on a charge of causing the death of 12-year-old Robert Porter, white, were given a preliminary examination before Judge Reese today.

On account of the interest in the case the hearing was held in the county court room in order that those who wished to hear the proceedings might be accommodated.

Quite a number of witnesses were placed on the stand. The testimony adduced was of such a character to convince the court that Reese should be held and Palmer discharged, which was done.

The evidence of the witnesses showed that Reese had the knife with which the killing was done and the further fact that on one of his shoes were spots of blood.

Palmer's evidence was in accordance with the foregoing testimony. His story was corroborated by witnesses, Mrs. W. R. Mignon, Chief of Police Maddox, Annie Palmer, mother of one of the accused boys, and Jane O'Brien.

Young Palmer testified that he did not do the killing, that he was on an errand for his mother when Reese stopped him to play. He said he did so when Reese asked for some of it.

Prosecuting Attorney J. D. McLean held that the case was a bailable one and suggested the court set the bond at \$7,000, but it was finally made \$7,000.

SUCH A FINE ADMIRAL
WOULD DER KISER MAKE

Emperor William carries a revolver. In this respect he resembles President Roosevelt, but is probably unlike all his brother monarchs in Europe. He is said to fear that he will die by the bullet of an anarchist. He is extremely skillful in the use of the revolver. A body servant is charged with the duty of seeing to it every morning that the weapon is in working order.

While the Hamburg was prim and clean as a warship in honor of the royal passenger, the quarters of the emperor were, by his order, severely plain. These comprised a parlor, dining room, bedroom containing an ordinary brass bed and a bath room. The furniture was reduced to the bare necessities of the emperor and the rooms were heated by electricity.

The emperor rose at 6 o'clock every morning. Calling was unnecessary, for he seems to have the faculty of awakening at any hour he desires. After a cold shower bath he would wrap himself in a dressing gown and take a seat in the barber's chair beside the dressing table.

Francis Haby is the court barber and follows the emperor everywhere except at sea. Francis is a poor sailor and is by special permission excused from exposure to the terrors of seasickness. On the trip to the Mediterranean Adolf Mueller, the regular barber of the Hamburg, had the honor of attending his majesty. In preparation for this duty, he had been in conference with Haby for instruction as to the emperor's peculiarities and the etiquette to be observed between a barber and the chief of an empire.

Mueller found the emperor a very agreeable patient. He was not impatient if the razor was keen and Mueller did not go over the royal face more than once.

FORT WORTH MAN WINS
SUIT IN TERRITORY
Case Decides Question Whether Solicitors Must Take Out License

MURKOGEE, I. T., Aug. 29.—Judge Raymond has filed a decision in the case of E. P. Ratner vs. C. W. Robertson Jr., city marshal of Tulsa, which is one of the most important decisions that has been filed for a long time, as it affects the city ordinances of practically every town in Indian Territory, and protects interstate commerce of this country as based on the constitution of the United States.

WOMAN WALKS FROM BRIDGE TO DEATH
Efforts of a Dozen Life Savers Fail to Effect Rescue
CHICAGO, Aug. 29.—In sight of hundreds of passengers crowded about the rail on the steamer Eastland, a woman walked from the partly swung bridge into the river at Wells street last night as the bridge moved back into place after the passing of the excursion boat. The efforts of a dozen life savers who leaped from boat and docks to the river were futile as the victim failed to rise to the surface after the fall.

Auditorium Notes

Much encouragement has developed today in the auditorium contest. Every Secretary Brown Harwood yesterday evening. "It is now a daily occurrence that something encouraging happens and the committee feels very hopeful that its efforts will be crowned with success ere long. There was never a more earnest, loyal set of young ladies on earth than the young ladies who are in the auditorium contest. Each and every one of them occupies a very warm space in the hearts of the committee, and it is regrettable that we cannot give a grand prize to each of them. Votes came in today during the day amounting to several hundred, but the liveliest time is yet to come. The contest for the house and lot is creating quite a little attention, there being two young ladies who are working hard. This house and lot will be given to the persons who sell the most coupons, and is not restricted to the young ladies, but any gentleman may compete for it. It is a very valuable prize; in fact, the most valuable one that the committee will give away in this contest, and will make a comfortable home for the winner. Someone will win it, and the sooner your work starts in this direction the better it will be. It is not too late now; make up your mind to work for it and start now."

A New Back for an Old One—How It is Done in Fort Worth
The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing hot pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Fort Worth citizen:
S. J. Huff, carpenter, of 210 Pine street says: "If I stooped over at my work or lifted any heavy weight it started an aching in my back and in spite of numerous plasters and different remedies I used nothing seemed to do me any real good. I was in this condition off and on for more than three years. The kidney secretions were irregular and distressing. I also suffered from headaches and spells of dizziness. A friend finally recommended Doan's Kidney Pills to me, stating that he had used them with good results, and I procured a box. They acted quickly and permanently and soon relieved me of the backache as well as the kidney difficulty. I am pleased to recommend them to others."
For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

BOY'S HEAD ONE SOLID SORE

Hair All Came Out and He Suffered Very Much—Under Doctor Three Months and No Better—Permanently Cured at Expense of \$2.

CUTICURA REMEDIES WORK WONDERS

Mr. A. C. Barnett, proprietor of a general store in Avard, Oklahoma, tells in the following grateful letter how Cuticura cured him and his son of terrible eczema: "My little boy had eczema. His head was one solid sore, all over his scalp; his hair all came out, and he suffered very much. I had a physician treat him, but at the end of three months he was no better. I remembered that the Cuticura Remedies had cured me, and after giving him two bottles of Cuticura Resolvent, according to directions, and using Cuticura Soap and Ointment on him daily, his eczema left him, his hair grew again, and neither he nor myself have had any eczema since. As to his own case, Mr. Barnett says: "I suffered with eczema, a burning, itching, breaking out on my face for more than a year. I took treatment from physicians for several months, which did no good. I was then advised to try Cuticura. I took six bottles of Cuticura Resolvent, and used Cuticura Soap and Ointment freely every day. I began to improve soon after starting to use them, and when I had taken the six bottles of the Resolvent my face had become clear, had good color, and all eruptions had left me. We use the Cuticura Soap and Ointment in our family now for general use, and it keeps our skin soft and healthy. I cheerfully recommend the Cuticura Remedies for all cases of eczema. (signed) A. C. Barnett, Avard, Oklahoma, Mar. 30, 1905."

THE TELEGRAM'S SHORT STORY

THE STORY OF WIDOW GREYSON

(Copyright, 1905, by the Newspaper Enterprise Association.) Edith Greyson was a widow. As she stood by the side of the crib where nestled a rosy boy of three summers, the teardrops fell thick and fast upon the face of the little sleeper.

GOD—BLESS—YOU—BOTH.

Edith shed no tears as she took the boy from Ellerton. She knew the child was dying, but she seemed powerless to feel. Medical aid was summoned, but a few hours until death relieved his agony.

**LITTLE CREDCENCE IN REPORTED KATY SALE**

Local Railroad Men Don't Believe Story of Illinois Central's Purchase

Very little credence is placed in the report current in Texas that the Illinois Central has gobbled up the Missouri, Kansas and Texas system. Well posted railroad men here say that the report is without foundation.

Some weight is given the rumor, says the Houston Chronicle, by a high official of the railroad known as a most excellent railway property. Generally the road reaches splendid traffic producing sections. The system has been ably managed under the regime of its present president, Stuyvesant Fish.

The Katy has more than 3,000 miles to its credit, and the stockholders in this system are chiefly bankers of Holland.

**RACE TO BEAT DUTY**

Freight Shipments Being Rushed Across Mexican Border

Shipments are being rushed by the railroads across the Mexican border on which the duty is to be materially advanced Sept. 1. In order to not be subject to the heavy increase the railroads have been pushing business for some weeks, but it is conceded that quite a large number of carloads of merchandise will not reach the border in time to escape the increased duty.

Reports from all ports of entry since the first of August indicate that the importations have been remarkably heavy and have steadily increased up to the present time. The busiest period for the railroads in the United States that run to the boundary line between the United States and Republic of Mexico in connection with this matter will be from now to the end of the month.

**IT'S WOMAN'S GREAT GAME**

BY CYNTHIA GREY.

Written Especially for The Telegram.

To dress well is a great game. The woman who plays the game with skill must master its tricks.

The woman with the most tricks is the best dresser.

She gathers her tricks by watching other women play the game.

There is a woman who looks like a fright. The woman who is up to the great game studies her until she finds out why.

There is a woman who looks like a queen. The woman who plays the game with a skillful hand studies the queen until she discovers her tricks.

Watch, watch, watch! That is how they learn the game.

They watch their friends, their visitors, the newcomers to town, and they watch the photographs in books and magazines.

There is the red-faced woman. She always looks cool and comfortable. How does she manage it?

Simple enough when you have discovered the trick of it.

She never wears coral beads or pink ribbons. She never puts on herself any color that matches that hateful red in her face.

There is another with just the faintest pink in her cheeks. She never looks pale and washed out.

It's just a trick. She matches her ribbons and dresses to that wee bit of

SCHEME OF A BARONESS.

traveling from cinders and dirt are done away with almost entirely.

The Central first designed to use steel tanks at points along the road, but this has been changed and instead several large earth and stone reservoirs are to be constructed. Work on the tanks is now under way at Aguascalientes.

By March next Central expects to have all trains between El Paso and the City of Mexico operated by oil.

**NEW QUARANTINE**

Oklahoma Now Requires Health Certificates

Latest bulletin on the yellow fever quarantine is the one issued Sunday and made public today, and affects travel from Texas into the Oklahoma country.

This morning General Passenger Agent Phil A. Auer of the Rock Island was advised by General Passenger Agent W. S. Keenan of the Santa Fe as follows regarding quarantine conditions:

"The Oklahoma territory board of health has quarantined against Texas and Louisiana, effective at once. Passengers from Texas going into Oklahoma territory must hold health certificates issued by local county or city health officials under seal, showing name of passenger, age, height, weight, race, color, blonde or brunette, with affidavit that they are free from infectious or contagious diseases, and have not been exposed to the same within a period of ten days preceding. Passengers from Texas not presenting these credentials will be refused admission to Oklahoma territory."

**NEW DINING SERVICE**

The general passenger department of the Rock Island this morning received advice from Passenger Traffic Manager John Sebastian of Chicago that a new dining car service has been inaugurated on the main line between Kansas City and Denver and Colorado Springs, Colo., on trains Nos. 15 and 16. This service is to be first-class and will be appreciated by the patrons of the Rock Island.

**COTTON PICKERS' RATE**

The cotton planters of Oklahoma are asking for pickers and will make an effort to bring large numbers of colored laborers into that country from this state. The railroads will be asked for a low rate for these pickers, who will be needed in large numbers, as labor is reported very scarce in that country. The Rock Island has already been asked to put on a rate for pickers.

**COMMITTEE MEETING CHANGED**

On account of the yellow fever in Louisiana the place for holding the Louisiana freight committee meeting has been changed from New Orleans to Denver. The date will remain the same, Sept. 14. It was decided by Chairman Berry that it would be better to make this change which has been ordered. The New Orleans members of the committee will leave for Denver one week ahead of time so as to comply with the quarantine regulations.

**NOTES AND PERSONALS**

J. Alfred Smith, connected with the local freight department of the Rock Island, spent Sunday in Dallas with friends.

Frank G. Savage, traveling freight agent of the Pere Marquette route, headquarters at St. Louis, is in the city today on business.

D. E. Milliken, traveling passenger agent of the Rock Island, who has been sick some days, is able to be at his post of duty today.

**ROUND TRIP RATE FOR LABOR DAY HERE**

Local Unions Expect Large Crowd of Visitors as Result of Reduced Fare

The Rock Island today announces a reduced round trip rate for the Labor Day celebration to be held in this city Sept. 4, and as a result labor unionists are anticipating a very large crowd from near-by towns. Word received from several points indicate that here will be many people who will observe the day in Fort Worth.

Other lines have also authorized reduced rates for the same occasion, and the Rock Island also announces a reduced rate for the round trip to leading cities in the republic on account of the Mexican national holidays, Sept. 15 and 16, and one-way class colonist rates to California, Arizona, New Mexico and Old Mexico will be effective Sept. 15, with a return limit of Oct. 31.

**DRIVING CLUB TO MEET**

Lovers of Horses and Good Racing Invited

A called meeting of the Fort Worth Gentlemen's Driving Club will be held in the parlors of the Worth hotel Wednesday evening, Aug. 23, at 8 o'clock. A general invitation is extended to horse and good racing is invited by those promoting the movement. It is expected that complete organization of the club will be effected at this meeting.

As has been told exclusively in The Telegram, a ten-year lease of a thirty-acre tract of land near the bolt factory

In South Hemphill has been secured, and it is planned to construct a half mile track and grand stand in time for races immediately following the close of the Texas racing circuit this fall.

It is believed that one hundred members necessary for the successful formation of the club can be secured easily.

**ONE WEEK REVERSES WEATHER CONDITIONS**

Now Cool in Texas and Warm in Colorado, Opposite of Last Week

Speaking of weather conditions, a Denver official said today that there is a reversal of hot weather. Up to the first of last week it had been exceptionally cool in Colorado, while it was very warm in Texas. This week the situation has reversed sides and Texas is cool and Colorado warm. A letter received from Colorado Springs this morning verifies this statement.

On Monday the temperature at Textline was 88, Amarillo 83, Childress 88, Wichita Falls 88 and Fort Worth 90.

This morning's Denver report of the weather indicates that it is a little cooler, the thermometer registering 69 at Textline, 69 at Amarillo, 70 at Childress, 70 at Wichita Falls and 75 at Fort Worth.

Today it is generally clear and calm from Fort Worth to Textline.

**DEATHS**

**R. M. FLETCHER**

R. M. Fletcher, cashier of the local branch of Water-Pierce Oil Company, aged 49 years, died Monday at 3:15 o'clock p. m. from typhoid fever. Mr. Fletcher had been in the employ of his company for nearly thirty years and had been in this city for the past two years, coming here from Denison. His wife survives him.

The funeral was attended by a number of friends and took place from the chapel of Robertson's undertaking establishment at 9 o'clock Tuesday morning. Interment followed in Oakwood cemetery.

**FUNERAL OF MRS. JERE LEHANE**

The services attending the funeral of Mrs. Jere Lehane were conducted at St. Patrick's church Monday afternoon at 4:30 o'clock and were attended by a large number of friends and relatives of the family. Rev. Father Byrnes officiated at the church and the pallbearers included E. C. Orrick, J. B. Laner, J. O'Dowd, R. L. Carr, E. T. Bergin and James McNamara. The floral offerings were numerous. Interment took place in the Catholic cemetery.

**FUNERAL OF WILL CARLOCK**

The funeral of Will Carlock, aged 17 years, took place yesterday afternoon at 4 o'clock from the home of Mr. and Mrs. R. L. Carlock, 609 Penn street. Mr. Carlock died several days ago in Tennessee and the body arrived in this city accompanied by his parents Sunday.

Pall bearers were O. W. Gillespie, T. J. Powell, Leroy A. Smith, J. F. Hovenkamp, J. E. Burton and S. L. Samuels. Interment took place in the First addition cemetery.

**FOUND BABY ON DOORSTEP**

Richard L. Carr is the proprietor of the Annex Bar at 115 East Front, and resides with his family at 112 Galveston avenue. Mr. Carr rises quite early in the morning of each day for the purpose of going to his place of business.

On Monday morning when he rose, Mr. Carr, upon going to his front door, was surprised to find a baby girl of probably three or four weeks on the doorstep. The child was taken into the house and is being cared for pending further developments.

No traces as to who placed the child on the steps, or as to her identity were left and the entire affair remains a mystery.

"BOBBY" - BY - Stuart Maclean

I'm feelin' mighty fine today; First time I made a double play. The ball just smoked! I made a chase, An' soaked it down to second base, An'-Pa told me he'd hate to say He'd saw a finer double play.

PANTHERS SHUT OUT MALONEY'S GIANTS

Land Ten Hits Off Farris. Schwenck Holds Visitors Down to Three

Fort Worth, in an errorless game, making also ten hits against three, and with Farris in the box for the visitors, shut out Dallas in the game here yesterday afternoon.

During the first three innings Dallas came up to the bat and went down in one, two, three order. In the fourth, the third man up, Rickey, walked, Sullivan hit safe for an advance movement, but Andres struck out.

In the fifth, Gfroerer, two men being out, landed safe past Andres. Appropriated second and was advanced to third on Cavender's hit into the right garden. Maloney missed Boles' long hit to center and the Panthers scored double.

Boles made the third for this inning on a short hit by Wilson.

In the eighth, after two outs, again, Fort Worth recorded three singles and a two-bagger by Firstbaseman Willis brought in two more runs.

The last game of the season between the Panthers and Giants will take place this afternoon and the record crowd of the season is expected.

Fort Worth having shown great form and the great majority of the fans only wondering how Dallas made out to defeat the locals in the past.

CHAMPION CRESCUS TO BE AUCTIONED

CRESCUS 2:02 1/4.

CRESCUS, the greatest trotting stallion the world has ever known, is to be sent to the block for disposal.

The "golden chestnut whirlwind," who a few years ago held the record for trotters and who today holds the mark for stallions, is to be disposed of at the Fasig-Tipton sale in New York by his owner, George H. Ketcham of Toledo.

During his career on the trotting turf, Crescus established thirty records, and harness horse history does not contain the name of a gamer or a greater performer than the son of Robert McGregor and Mabel.

INDIAN GIANT WOULD FIGHT WITH JEFFRIES

John Middle Sky, Weighing 420 Pounds, Goes Into Training in the East

PHILADELPHIA, Pa., Aug. 29.—When Jeffries said that he had not seen any one on the list of horizon worthy of meeting him he forgot all about John Middle Sky.

John Middle Sky is a Cochopau Indian, and only a short time ago he was a member of the Indian police force at Umatilla, his home, that he first sighted the heavyweight.

It was while railroading in Arizona that H. F. Blackwell ran across his find. At once recognizing the possibilities, the railroad man took the Indian to San Francisco, where the sporting fraternity went wild over the prodigy.

Purity above everything—distinguishes Schlitz beer from the common. There's a difference, of course, in the barley, the hops the yeast. We use the costliest materials. We age the beer for months to prevent biliousness. But the healthfulness of Schlitz is mainly due to its purity. Phone 13 The Casey-Swasey Co. 1001 Jones St., Fort Worth

# DUAL TARIFF WOULD MAKE GERMANY SIT UP AND THINK

BY GILSON GARDNER.  
 Staff Correspondence of The Telegram.  
 WASHINGTON, D. C., Aug. 28.—The "dual tariff" plan which has been put forward by the Chicago reciprocity convention is not a new scheme in congress. A bill has been introduced in the house by Representative James A. Tawney of Minnesota, a member of the ways and means committee, and by

tariff. So long as no rate can be altered without congressional enactment, or by a treaty ratified by the senate, there is no way to meet the changing attitudes of foreign governments. For example, Germany is preparing to raise their rates 50 to 150 per cent on all the principal articles bought from the United States, and there appears to be no way to adjust our tariff to

THE KAISER—"DON'T SHOOT, THEODORE, I'LL COME DOWN."

Senator Cabot Lodge of Massachusetts, embodying the idea of the maximum and minimum tariff schedules of the dual system. There are also some influential members of the house and one or two senators who are openly in favor of the plan.

The idea is to fix by congressional enactment two rates, one high and the other low, and to authorize the president or the secretary of the treasury, under the president's direction, to adjust the duties against foreign countries within the two limits. A country which permits us favorable trading relations would get our best terms, and a country which put up the barriers against us would have the barriers put up to the maximum as fixed by law, or as high as the president might think necessary.

The advantage of the system lies in the fact that it would correct the hard and fast inflexibility of the present

placate or retaliate.

But congress as a whole, and particularly the senate, will be found to be opposed to the maximum and minimum, or "dual" tariff plan. The reason is the same which causes the "stand pat" sentiment there now, and defeats any move toward revision or change of the tariff. The American Protective Tariff League—and behind them all the trusts and vested interests which profit by the exclusion of foreign competition—is unwilling to take any chances of a lowering of the present tariff rates.

The "dual" tariff plan would take the "control of the ball" from congress and give it to the president, or the executive branch of the government. With such a law particular tariff schedules could be elevated or lowered—within the two limits fixed by congress—at the discretion of the executive.

But what if there should occur an election by which a democratic president came to the White House? Or what if a republican were elected on some collateral issue and then he turned out to be in favor of "downward" revision of the tariff? He would not have to ask the consent of congress, but could go to work and reduce all rates to the minimum by executive

## JOLLY GOOD FELLOW NEW VICEROY TO INDIA

EARL OF MINTO AND LADY MINTO.

BROKE THE CANADIANS ALL UP WHEN HE QUIT BEING GOVERNOR GENERAL—DEMOCRATIC AND TACTFUL, IT IS BELIEVED HE WILL KNOW HOW TO HANDLE KITCHENER—LADY MINTO ALSO KNOWS HOW TO KEEP FOLKS GOOD NATURED.

The earl of Minto, who has been appointed to succeed Lord Curzon as viceroy of India, is one of the popular men of England who is always holding down a big job, merely because he is a good fellow.

His term as governor general of Canada expired late in 1904, after several extensions. The Canadians made vigorous efforts to keep him, but it was against the policy of the British government to keep him there longer.

He is a generous spender, democratic, tactful and diplomatic. The general opinion is that he will manage his conduct so that there will be no chance of a quarrel between himself and the stern and silent Kitchener.

Lady Minto has superintended the social side of their lives with the same skill that her husband has displayed in politics.

The earl of Minto's full title is Sir Gilbert John Elliot Murray Kynynmound, P. C., G. C. M. G., Roxburgh, Viscount Melgund, of Melgund county of Forfar, Baron Minto, of Minto, Roxburgh, and a baron of Nova Scotia.

He is a B. A. of Cambridge university; was formerly attached to the

Scots Guards, attached to the Turkish army in Russo-Turkish war, 1877 (medal); served in Afghanistan, 1879 (medal); in Egypt, 1882 (medal); in Canadian rebellion, 1885 (medal); military secretary of Lord Lansdowne, governor general of Canada, 1883-1886; governor general of Canada, 1898; late captain reserve of officers, late colonel and brigadier general commanding Scottish Borderers Volunteer infantry brigade; was born July 9, 1845; succeeded his father as fourth earl of Minto in 1891; was married July 28, 1887, to Mary Caroline, daughter of General Hon. Charles Grey; has two sons and three daughters.

## OF INTEREST TO THE CATTLEMEN

ALPINE, Texas, Aug. 28.—J. D. Jackson sold to Oliver Billingsley a car load of cows for the El Paso markets at \$18.50 per head.

A. M. Turney went to Marfa last week to deliver 608 head of steer yearlings he

and his brother, W. W. Turney, sold to Murphy & Co.

W. T. Henderson sold a car load of cows to Oliver Billingsley at \$18 per head for the El Paso markets.

J. D. Jackson went up to Valentine last week and shipped to the Goddard-Crowley Commission company two car loads of calves for J. R. Holland.

Clyde Buttrill is shipping two car loads of calves today.

At the last meeting of the Cattle Raisers' Association, J. D. Jackson of this county introduced a resolution to the effect that the stock yards at Fort Worth be asked to reduce their charges on cattle, with the result that the request was readily accepted and the shippers have been benefited many thousands of dollars thereby. This could not have been accomplished only through the association.

As an example as to the benefit to the stockman, last week Mr. Jackson shipped 94 calves to Fort Worth and the charge for yardage was \$3. This same amount before the new ruling went into effect would have been \$14.25. This averages up quite a saving to the stockman and Mr. Jackson is to be congratulated upon his successful efforts in their behalf.

J. B. Gillett is here from Roswell, N. M., to round up and brand his calves.

Oliver Billingsley bought two cars of cows from the Cattle Cattle company for the El Paso markets. The price paid was \$18 per head.

Quite a number of applications for school lands are being filed, but in a majority of cases the applicant refused to tell what tract he desires to purchase.

R. L. Nevill has leased thirty sections from O. E. Lockman.

Quite a number of ranchmen are preparing to sow the seed of Alfalfa and are very hopeful of making a success at it. It has obtained quite a good start in Brewster county already and stock of all kinds thrive and fatten very rapidly on it. It is said to be more flourishing in dry weather and for this reason should be experimented with extensively in this section of the state. Hogs are said to be more numerous than ever and are to be killed unless taken off. The start in this country is supposed to have been brought in by sheep from Arizona and New Mexico, where it grows luxuriously.

**JOKE ON WILSON**

A great joke on Secretary Wilson developed from a recent cabinet meeting at the White House. The department of agriculture recently distributed a very attractive illustrated bulletin on Angora goats, which his species was also included, but was valuable as a clearer-up of beaver and brush land. One of these bulletins fell into the hands of a New Englander who wrote the President the other day the following letter:

"Mr. President: I regret to call your attention to the Angora goat department of the bureau of agriculture. It has spread broadcast a document commending Angoras to the farmers of the country. This contains three landscapes.

"1. 'Before Goating,' showing a dense jungle, suggesting the average New Hampshire pasture.

"2. 'One Year After Goating,' showing the same land producing a valuable crop of bean poles.

"3. 'Two Years After Goating,' showing a lawn suitable for golf links.

"I procured a flock of Angoras at considerable cost. The result of the first inventory of my dog and the buck caused me to name the latter Togo. His views on the subject of race suicide, I think, would receive your approval. The dog shamelessly that I fear they may belong to female goat club.

"I enclosed the flock with a goat fence highly recommended to me by the American Steel and Wire company. I now suspect that this company may be a trust and should be investigated. The goats went through, under and over one fence.

"I make no complaint that they ate a valuable rose garden belonging to a neighbor, but their conduct in my own vegetable garden entitles me to relief.

"I leave the matter, Mr. President, to your sense of justice. A consulate near good fishing ground would be appreciated by yours, with great respect.

**BIG WYOMING SALE**

A Council Bluffs dispatch says: M. K. Parsons, receiver for the Green Cattle company, yesterday morning sold at auction several thousand head of stock and the ranch property, located at Dixon, Wyo., to Ora Haley of Laramie, Wyo., for \$71,000.

There were but two bids presented for the property, that of Mr. Haley and another from E. G. Gould, a ranchman of western Nebraska, offering \$70,200.

JUDGE ARMSTRONG ENDS FRANCHISE CAMPAIGN

Addresses Crowd of Voters in Front of City Hall on the Proposed Ordinance

Fort Worth's first referendum campaign on the question whether Judge G. W. Armstrong and associates should be granted a light and heating franchise, came to an end Monday night with a speech by Judge Armstrong to a moderate-sized crowd of voters in front of the city hall.

Today the proposition which has excited so much local interest, probably more in some respects than the average campaign for municipal officers, is being decided by Fort Worth voters at the various polling places of the city.

At the beginning of his address Monday night Judge Armstrong announced that he had offered to divide time with a representative of the Fort Worth Light and Power Company, but none appeared. Fort Worth, he said, needs an electric lighting plant, although the demand for that is not as great as it is for steam heat and gas.

One of the objections made to the Armstrong franchise is that it contains no provision stating what the charge will be. Judge Armstrong claimed that based on the present cost of fuel his company will sell gas at \$1. However, inasmuch as the price of oil fluctuates from time to time he said he was unable to state just what will be the minimum or maximum price for gas, as that commodity is used freely in the manufacture of gas.

Two, or three seats behind was a Fort Worth physician who had listened to the conversation with a good deal of amused interest. Beckoning the conductor, he whispered a sentence that caused the latter to smile, although he returned to the side of the "doctah" with a face as solemn as that of a judge. "Do you ever administer any a plumbum unum in cases of appendicitis?" he asked.

MAN ABOUT TOWN

Parents of North Fort Worth Physician Have Been Wed Fifty Years

Dr. and Mrs. J. R. Frazier and family of North Fort Worth left this morning for Morgan, Bosque county, Texas, where they are to attend the golden wedding of Dr. Frazier's father and mother, Mr. and Mrs. J. C. Frazier, who reside on the ranch near that place. The affair, besides being attended by five generations of the family, among whom there has never been a death, will be enjoyed by some fifty of the friends and distant relatives of the family from Waco, Texas.

The children of Mr. and Mrs. J. C. Frazier are as follows: J. M. Frazier of Bolton, who has seven children and one grandchild; Mrs. Ellie Little, "Temple" two children; Dr. J. R. Frazier, North Fort Worth, five children; Thomas Frazier, Morgan, four children; Miss Kittie Frazier, Morgan; Mrs. Fannie Moss, Hico, two children; Mrs. Bonnie Ansell, Texas, and Frank Frazier, Morgan, Texas.

The oldest is 48 years of age and the youngest 23. Mrs. Thomas Moore of Waco, widow of the late Dr. Moore of that city and well known throughout the country, who is the mother of J. C. Frazier, will be present. She lived to see her sixty-third wedding anniversary, which took place before the death of Dr. Moore in 1898.

The reporter walked around and on his return to the city he found a chorus written. When the reporter read it he said: "Have a good air put to that song and it will make a hit."

"I'll get Professor Eppstein to write the air to the song and send it to New York to have it published, and may be make something out of it," said Burton.

"No, I don't care to sell it. I wrote it for Lake Erie here in Texas, and will publish the song and give a copy to everybody desiring one. It will be some time to get the plates and photographic reproductions in shape and as soon as the slides are ready, I will have the song with illustrated slides here every night. The chorus is simple and catchy and I will state there will be no extra charge for teaching the audience to sing the chorus."

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

THIS is unquestionably the most successful medicine in use for the bowel complaints, and it is now the recognized standard over a large part of the civilized world.

There's a pretty place I cherish, No matter where I roam, And oft times it reminds me There's no place better known. The crowds they visit daily, Many strangers you can see, And if you're out for a good time, Lake Erie's the place to be.

Chorus— Take me to Lake Erie, Erie, That's the place for me, Where we'll see a good show daily, You may not sail the wide world over, And satisfied you'll be— There's one place, Lake Erie, That's good enough for me.

The moon shines brightly nightly, Birds sing their little lay, How I love to listen to them, And drive all dull cares away, Enchanted by their sweet music, To make it all seem the same, Come take a trip to Lake Erie On the Interurban line. "I guess I have said enough for this time, but by the way, have a cigar?" said Manager Burton.

He took one, lit it and said, "that's a good one." Burton replied, "Yes, you see I have four boxes left that we could not use at the rack, so I give them away to my friends."

Arrangements for Beginning Daily Sprinkling Service Practically Complete

The movement which has been in progress for some time looking to arrangements for the sprinkling of the streets of North Fort Worth is still going forward. Alderman Mulholland stated this morning that he understood the subscription list was about complete so far as ways and means are concerned and that the only thing now lacking is making the proper and available arrangements with some parties to do the work of turning the water on.

Matter Likely to Come Before Early Meeting of City Council For Action

SEPARATE SEATS FOR NEGROES ADVOCATED

The matter of properly appointing the street cars in Fort Worth in order to separate the whites from the colored people, is being pretty generally discussed among citizens and it is more than likely that the subject will come before the city council at an early date for decision.

COMBINATION HALL PLAN MEETING FAVOR

Auditorium and Market-place Building Would Fill Popular Demand

Interest in the Auditorium proposition is growing daily and it has every appearance of finally being a success. The necessity for such a convention hall is apparent to every thinking citizen and with the proper efforts can be built.

There are varied views on the character of Auditorium that should be built, but the consensus of opinion is that some character of Auditorium is needed and badly at that. The time has arrived when some sort of place suitable for holding large gatherings and present movement bids fair of being eventually a realization.

Colonel E. W. Taylor, discussing the situation, said today that he is heartily in favor of the Auditorium proposition and was willing to do what he could to aid it.

WIND DESTROYS FRUIT Damage Reported in Eastern Washington and Oregon

LA GRANGE, Oregon, Aug. 29.—The worst windstorm in the history of the Palouse country has passed over this section, doing much damage to fruit. In some orchards the whole crop is practically a loss, while in other sections, little fruit is left on the trees. Rippe grainfields are also much injured.

GLENWOOD YOUTH ESCAPED EXPLOSION

Wilson Large Was at Mare Island Yard When Cruiser Bennington Blew Up

A letter has been received by Mrs. W. H. Large of Glenwood from her son, Wilson, who was at Mare Island navy yard when the cruiser Bennington blew up off San Diego, Cal., recently. Young Large had several friends on board the cruiser, some of whom were killed. The letter follows:

Only last year you wanted \$30 for this mule, and now you've raised to \$60. "That's natural—it's a dedicated mule now. Ever since John came from college he's been scowling at the mule in six languages."—Atlanta Constitution.
