INTERURBAN LINE WILL NOT BE BUILT

Engineers Decide Proposed Road Between Tyler and Dallas Would Be Impracticable

TERRELL, Texas, Sept. 1. - Advices have been received in this city stating that the engineers' report on the proposed interurban line from Tyler to Dallas is unfavorable and therefore the proposed oad will not be built.

The engineers estimated that the road would cost \$1,823,530, and this, together with the cost of right of way, would necessitate an issue of \$2,250,000 in bonds The report shows that the proposed road would have a contributory population of only 466 persons to the mile and 1,375 persons to the mile including terminal population. It is held that 3,000 persons to the mile is necessary to make an interurban line profitable. The estimated cost per mile is \$18,235.93. The operating expenses would absorb 65 per cent of the gross receipts of the road, which are estimated at \$227,128.50, which would leave only 35 per cent of the amount to take care of the interest on the \$2,250,000 bond

The survey of the line extended from Tyler to Canton, Ben Wheeler, Wills Point, Terrell, Irish Ridge, Forney, Mesquite, Orphans' Home and thence to Dalhope that the road would be established.

PAINFUL PERIODS RUM AND RELIGION AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that men-struction is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering.
it is not the plan of nature that women
should suffer so severely.

Thousands of American women, however, have found relief from all monthly

medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to ather suffering women." ther suffering women."
Women who are troubled with pain-

ful or irregular menstruation, backache, bloating (or flatulence), leucor-rhos, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pink-ham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

PURE BLOOD INSURES A CLEAR SKIN

When Eczema, Acne, Tetter, Pimples, or other skin diseases make their appearance it is a sure sign that the blood is filled with humors and burning acids. These being forced through the pores and glands burn and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disfiguring and humiliating.

Years ago my blood was bad, as evidenced by skin eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles—do not remember now just how much—my blood was thoroughly purified and enriched and I was relieved of all eruptions and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine, and any one in need of such a medicine would do well to use it. They will find it a perfect cure as it proved to be in my case.

Bishop Potter's Famous Subway Tavern Proves Failure, and Has Been Sold

NEW YORK, Sept. 1 .- The subway tavern, which was opened eleven months ago with an address by Bishop Potter and the singing of the doxology, closed its doors at midnight for the last time as a "sanctified saloon." Today its proprietor will, it is stated, sign over the place to a man who has conducted the restaurant on the premises. The new wner will take out the "water wagon" sign and, after extensive alterations, will

un the place as an ordinary saloon. While all those connected with the esablishment who could be seen last night were reticent concerning the change, several employes in the tavern explained that there had not been sufficient income from sales to pay running expenses. Instead of the well known citizens who established the tavern drawing a 5 per cent dividend, as they expected, it was said that in the ast six months they had been compelled so often to go down into their pockets to make good a deficit that they had be- your imperial master has shown in so come tired and wished to be rid of the avern entirely.

Sympathy Allenated

"The people of the United States, as must be known to you, are close observers of all that is taking place in Russia during this momentous period of her existence. Their sympathies are for the time being alienated from Russia because, liberty and justice-loving, they have recoiled from the horrors of Kishineff and from the terrible conditions, which, though long existing, have only now been fully disclosed.

"Jewish influence in the United States, especially political, already carries great weight and is steadily increasing, being constantly recruited from the large immigration of Russian Jews.

"Can it be expected that the influence of the American Jew upon public opinion will be exerted to the advantage of the country which systematically degrades his brethren-in-race, making their lives almost unendurable?

"No matter how many Jews may emigrate, there will always remain a minimum of six or seven million Jews in Russia, and thus it appears quite evident that the Russo-Jewish question must be settled in Russia-settled promptly and thoroughly in the enlightened spirit which many other instances. This vexatious question will remove at once and forever a factor so damaging to Russia at home
