

WORK ON TREATY IS NEARLY DONE

Expected Document Will Be Signed Tuesday

HITCH OVER SAKHALIN

Japanese Finally Yield and Conditional Agreement Is Reached

PORTSMOUTH, Sept. 2.—It is expected the text of the treaty between Russia and Japan will be completed today. Only two articles remain to be drafted. Two calligraphers from the state department are already here to begin the work of engraving and everything now indicates the ceremony of signing the treaty can take place Tuesday at the latest, possibly Monday. The statement in the Associated Press dispatches last night that a series of conferences which continued until almost to midnight related to difficulties over the article concerning the division of Sakhalin is fully confirmed. The Japanese at first were inclined to be obdurate but an arrangement mutually satisfactory was provisionally agreed to and is expected to be finally ratified by the chief plenipotentiary during the day. The article relating to Sakhalin will be in accordance with the original agreement, namely, a mutual obligation not to fortify Sakhalin and an obligation on the part of Japan not to fortify La Perouse Straits. The only other question which remains to be resolved is involved in the details of the evacuation of Manchuria. Troops are to be immediately withdrawn, the Japanese to the line of Mukden and the Russians to Harbin. Details of the subsequent withdrawal have not yet been arranged.

TROLLEY TO JOIN ILLINOIS AND N. Y.

Electric Line From Chicago to Gotham Promised Within a Year

CHICAGO Sept. 2.—The Record-Herald says today: Continuous trolley rides from Chicago to New York, over two routes and between Chicago and Cincinnati are among the transportation probabilities of the near future. William S. Reed, a builder of railroads, who has an office in the First National Bank, has organized a syndicate which has purchased the Chicago Electric Traction Company and has organized two other companies which will complete the gaps which now bar a continuous ride on electric coaches between the cities named. Mr. Reed claims that these transportation feats will be made possible by next June and that the traveler may go from Chicago to New York by way of Buffalo and then through New York state or may branch off at Cleveland and take a long distance riding through Pennsylvania, and soon to the metropolis. The Chicago Electric Traction Company, which is now in the hands of a receiver in Judge Kohlenstein's court, is to be taken out of litigation and will then be absorbed by the Chicago and Southern Traction Company, a new Indiana corporation, which is capitalized for \$2,000,000. The latter company is to construct a line from Harvey to Kankakee, a distance of thirty-six miles. Other lines then will take up the connection, completing the route between Chicago and New York.

KILLED BY STONE

Italian Girl Said to Be Victim of Boy's Revenge

NEW YORK, Sept. 2.—Holding her doll in her arms, Rosie Griffo, 14 years old, was instantly killed yesterday near her home in Fifty-ninth street by a stone alleged to have been hurled by Charles Gillette, an Italian of 18 years. The boy escaped. Still clasping the doll, the body of the little girl was taken to her home and detectives were searching for the boy all night. Gillette is the leader of a band of young Italians who have given the police much annoyance. For a long time they have harassed keeper of a small store, who finally got a policeman to drive them off. Gillette returned soon afterward and crept up near the store. Rosie Griffo, who was a favorite in the neighborhood, sat on the steps of the store, singing to her doll. Muscarello, the storekeeper, sat near her. Armed with a large stone, Gillette, it is said, crept stealthily along the opposite side of the street and when Muscarello's head was turned, threw it with all his strength. The missile struck the little girl squarely in the temple and she fell to the sidewalk, dying instantly. A crowd of several hundred quickly gathered and gave chase, but Gillette evaded them and is still at large. Neighbors say Gillette was engaged to marry the dead child's sister.

NEWS OF PEACE WAS FLASHED THROUGH AIR

Ships at Sea Exchanged Wireless Message Telling Russo-Jap Agreement

NEW YORK, Sept. 2.—How the news of the Russian-Japanese peace agreement was flashed about the Atlantic ocean and received by vessels still several days out of port and hundreds of miles beyond direct communication with wireless telegraphy stations on land was reported by the steamship La Lorraine which arrived here today. Last Thursday while the La Lorraine was about 800 miles east of New York the peace message was suddenly caught on the wireless instruments and the sender was learned to be the steamship Kron Prinz Wilhelm bound for Europe, and already about two days out of New York harbor.

FEAR OF FEVER IS DECREASING

Louisiana Parishes Modify Quarantines

NEGROES DO GOOD WORK

Aid to Federal Authorities Is Praised—Public Interested in Sanitation

NEW ORLEANS, La., Sept. 1.—Up to noon today there were ten new cases of yellow fever and three deaths. Restrictions Modified. The faith of the country outside of New Orleans in the reports of the marine hospital service is beginning to be shown in the modifications of the quarantines. Only here and there are communities tightening restrictions, but now the pace is set and it is expected that there will be a general modification in the second half of the present month if there is no unfavorable turn in the situation. An instance of returning sanity was shown by Manchac, La., which has removed restrictions, expressing confidence in the work of the men of science here. Lafayette, La., is so convinced that it is possible to control and stamp out the fever if taken in time that it has revised its regulations. Other towns are taking similar action. Vardaman Converted. Governor Vardaman has highly commended the work of the marine hospital service and has asked Surgeon Wyman to give his co-operation in the movement of freight for Natchez and Vicksburg. Early in the excitement Governor Vardaman commended the prudence of citizens of Mississippi in not accepting freight from New Orleans, but the success of the campaign that has been fought by Dr. White modified his views. Oct. 1 is moving day in New Orleans. There is apprehension that extensive moving on that day all over the city may militate against the good work that has been done, and Dr. White and the parish medical society are considering an appeal to the authorities and tenants to postpone moving for thirty days, as was done in 1897.

NEGROES' WORK PRAISED

Excellent work has been done for the past six weeks by the negro population of New Orleans. Leaders of the race, together with their ministers, have preached to their people the necessity of obeying the rules of the authorities, and the advice has been followed. Colored physicians have promptly reported cases and have taken all precautions. Dr. White said he desired to praise the energy and intelligence displayed by the negroes, which has been of material assistance in the campaign. Great interest in sanitation has been developed in New Orleans by the fever. It is expected with the passing of the fever there will be legislation which will tend to vast improvement of local conditions. There is a demand that sanitary and health officials attend attention directed to the crowded foreign quarters where the fever started this year, to the end that the authorities may at all times be in touch with the health conditions in these localities. In connection with sanitation, a meeting has been arranged to take place on Monday evening in the city council chambers, at which Professor Boyce of Jovian, that specialist in the study of the sanitary methods in Liverpool and other British cities. Mayor Behrman will preside. Priest Does Good Work. Rev. William of the Jesuits has returned from Patterson and Riverside, St. Mary parish. He went there with marine hospital officers and, speaking Italian fluently, was able to explain the work among the people of the infected districts in both places.

MARSHALL FIELD TO WED MRS. CATON

Chicago Merchant Prince Will Marry in England Next Week

NEW YORK, Sept. 2.—Marshall Field, the wealthy Chicago merchant, has been granted a special license to marry Mrs. Della Spencer Caton, also of Chicago, according to a cable dispatch from London. The wedding will take place at St. Margaret's church, Westminster, next Tuesday. Mr. Field has been a widower for some years. Mrs. Caton's husband, Arthur, a well known whip and sportsman, died suddenly at a hotel in this city during the horse show last winter. Her wealth extends into the millions. Since the death of her husband she has held aloof from social functions, and in the latter part of June left for Europe with her sister. She met Mr. Field in Switzerland after he went abroad in July. Since then the party has toured through Spain, Italy and the Alps. They were last heard from by their friends at Barca, Switzerland. ALLEGED BIGAMIST HELD IN INDIANA. Charles Fuller Said to Have Been Married Five Times and to Have Four Wives Living. CHICAGO, Sept. 2.—A dispatch to the Tribune from Indianapolis, Ind., says: Charles Fuller is under arrest here on a charge of bigamy. The police claim to have secured evidence of his marriage to five women, four of whom are living and one divorced. His first wife was Miss Bessie Davis of Springfield, Ill., who is dead. His second was Jane Reed, whom he married at Monticello, Ill.; his third, Mamie McGee; his fourth, Elizabeth Brown, whom he wedded at Arcola, Ill., and his fifth and last, Eliza Lane, whom he married at Sullivan, Ill. All the marriages took place between 1877 and 1902. When arrested in this city he was living with No. 2. Two of his wives are coming here to identify him.

ROUGH RIDERS' NEW STEED

OHIO POSSE OUT TO CAPTURE A MANIAC

Insane Man Charged With Arson, Attempted Murder and Plot to Wreck Train

LORAIN, Ohio, Sept. 2.—A posse of men today is scouring the country in Avon township near here in search of Peter Pitts, Jr., an alleged maniac, who has been terrorizing the people throughout the district for several days. Pitts is heavily armed and it is believed he will be captured only after a desperate fight. The citizens forming the posse are armed with rifles and revolvers. Pitts is charged with setting fire to a farm house Wednesday night. The building was destroyed and the inmates narrowly escaped with their lives. Since then he is accused of having attempted to wreck the Toledo Limited on the Lake Shore Electric railway, by piling ties on the track. The motorman, however, discovered the ties in time to avoid a wreck. Other officials also said to have attempted to kill several women and children by shooting at them. A report reached here early today that the posse had surrounded Pitts in a corn field.

SHANGHAI FLOODED

Typhoon Causes Water to Rise Three Feet

SHANGHAI, Sept. 2.—Shanghai was visited by a typhoon last night and this morning the entire city was flooded, the water rising to a height of three feet. This is the first flood which has occurred here within the last fifty years. The citizens forming the posse are armed with rifles and revolvers. Pitts is charged with setting fire to a farm house Wednesday night. The building was destroyed and the inmates narrowly escaped with their lives. Since then he is accused of having attempted to wreck the Toledo Limited on the Lake Shore Electric railway, by piling ties on the track. The motorman, however, discovered the ties in time to avoid a wreck. Other officials also said to have attempted to kill several women and children by shooting at them. A report reached here early today that the posse had surrounded Pitts in a corn field.

BICYCLE COP USED WHEEL FOR LADDER

Lone Policeman Makes Melodramatic Arrest at Fashionable Residence

NEW YORK, Sept. 2.—Another big robbery and a melodramatic arrest last night in the aristocratic residence district of West End avenue following the discovery of a \$100,000 burglary in the home of Joseph Aymer, caused considerable stir last night among the police. How much loot was procured in the second case, in which the home of D. E. Seymour Willard, a broker, was ransacked from top to bottom, cannot be learned. The Willard residence is in West Eighty-first street. The thieves are supposed to have gained entrance during the family's absence late on Wednesday night or early Thursday morning. A survey of the house after the burglary was discovered showed that the robbers, while probably amateurs at the work, were connoisseurs, for they had carefully selected the goods they wished to take and left the rest spread over the floors. So large an amount was taken that a wagon must have been used to cart it off. The caretaker carefully inspected the mansion Wednesday night. On returning Thursday, he could scarcely open the door because of a barricade of furniture. From cellar to attic, everything in the house had been moved and all articles which might have held anything of value had been examined. The burglars took paintings, rugs, small pieces of furniture and bric-a-brac and breaking open several trunks, managed to find a case of jewels which had been hidden away. The robbery of the home of James E. Marshall, also a stockbroker, furnished the material for melodramas. A bicycle policeman was informed by a pedestrian that some one was prowling through the broker's home in the absence of the family. The officer placed his wheel against a ten-foot wall surrounding the back yard, and, using it as a ladder, scaled to the top. Crouching behind the wall was a man who surrendered at the point of the policeman's revolver. The officer reached down, took the interloper by the collar and raised him to the top of the wall, from which the two men dropped to the street. On being searched at the station, the man declared he had stolen \$2,000. The man claimed to be a French sculptor. General Grant lived for some years in the house he had robbed. Another big loss of jewels was reported late last night by Mrs. William C. Dewitt, the wife of a Brooklyn attorney. She stated that her trunk had been broken open at a summer hotel on Shelly Island and diamond rings valued at \$5,000 stolen. No trace of the thieves could be found.

VOTERS AGAIN TO DECIDE FRANCHISE

Arlington Heights Street Car Franchise to Be Submitted at Election Nov. 4—City Plans Big Storage Reservoir

"JIM CROW" ORDINANCE IS AGAIN POSTPONED

Removal of Unused Street Car Tracks Provokes Warm Controversy and Is Shelved for Further Conference

The calling of a referendum election for Nov. 4 upon application of the Arlington Heights Traction Company, adoption of plans for a rearrangement of city hall and partial approval of plans for the construction of a 2,000,000 gallon reservoir for storage of water, together with steps toward the adoption of a Jim Crow law, as forecast in The Telegram, was a part of the action taken by the city council in regular session Friday night. Discussion of narrow gauge tracks remaining in Front street led to a single track line into an exchange of personalities, the matter finally being held over on a resolution of Alderman Zurn who acted as peace-maker. Referendum Election. Returns of the referendum election upon the Armstrong franchise were canvassed at the opening of the session, showing the correct figures and total as first given in The Telegram. Official passage of the ordinance as directed was then made by the council, all voting aye. The Arlington Traction petition which came up later provided for the construction of a single track line into the city with a loop, following the course first announced in The Telegram. No change is made in the ordinance, provision for franchise tax of street rental being absent. One clause provides for the beginning of construction within six months and completion within one year. Date of the election was fixed as Nov. 4. Reservoir Plans Repealed. In a communication from Superintendent Calhoun of the water works announcement was made that plans had been prepared by the city engineer for a 2,000,000 gallon reservoir to be used in connection with the proposed 1,000,000 gallon storage tank. Explanation was made that the pumpage capacity during certain parts of the day is not sufficient to meet the demand and that with the present 1,000,000 gallon reservoir but that amount could be gotten ahead at night. Under the provision of the plan suggested the city engineer is to make an estimate of cost and then advertise for bids. The matter is to be taken if below engineer's estimate. If above estimate the work is to be done by the city. Objection was made by Alderman Maddox to action upon such a matter of bond, but the measure went through with the understanding that final action can be taken by council when estimate is made and bids received. City Hall Plans. Successful arrangement of city hall and calaboose quarters including the plan of permanent prison out of the center of the city, as outlined in The Telegram by Chief Maddox. Under this plan as reported in the corporation court file was moved to the auditorium; the temporary calaboose will be moved to the present court room; the plumbing department will occupy present calaboose quarters; Chief Maddox will occupy present plumbing quarters; City Auditor Nunnally will move to present chief of police's office and his office will be used for additional room; the water works office, permanent prison at the old water works or some other such place was recommended in the report which was adopted. Abandoned Tracks. As forecast a warm fight developed over the recent bill between city and the Northern Texas Traction Company relative to narrow gauge tracks in Front street. A resolution citing parts of the city ordinance regarding franchise was determined. It was introduced calling for the removal in fifteen days of the tracks and replacing of the street in original condition. Alderman Waggaman first spoke on the matter, declaring it ought to go to the city attorney or judiciary committee. The city must be lenient with some corporations if some matter was a technical violation there were more flagrant violations every day by eight or ten corporations around the place where the tracks were. Alderman Maddox urged that the law was stated plainly in the ordinance and that he had also requested the city attorney to have a statement read and insisted upon action to determine if Parker accounted efforts to secure street car extension into the Third Ward and declared he had it at last secured if the council would not spoil the record by passing a law that would prevent the tracks from being needed, not less, and called attention to Seventeenth street, used by the people in reaching his ward, and declared there was constant violation of strict law there by loading platforms along each side of the street with cars standing for days on sidings. "Why do you not see that the law is enforced in this particular if you will such interpretation?" he asked. He declared himself in favor of leniency where it harmed no one, in order that business may be successfully carried on. Alderman Maddox declared he was informed by an official of the Texas and Pacific railway that the moment the Northern Texas Traction Company began to use the tracks in Front street for a loading place for the interurban express they would place box cars in Front street and keep them there, loading as long as desired. That the Traction Company was not acting in good faith, he declared, to be shown by the doubling of the force of men at the track after promise given by Mr. Mapledoram that the work would cease. Alderman Zurn then offered a resolution providing that the matter remain in statu quo until a consultation of the parties interested are had. In the meantime the Traction Company be required to replace the bricks removed. He then Portsmouth the aldermen who had reached personalities despite the warnings of Mayor Fro. Tom. Lane and secured adoption of his resolution. A similar resolution calling for removal of tracks in Seventh street

WOMAN'S JEALOUSY BLIGHTS GIRL'S LIFE

Beauty Ruined by Wife of Man Who Is Said to Have Admired Her

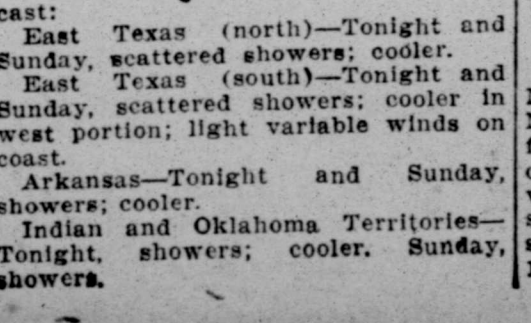

NEW YORK, Sept. 2.—Mary Fagilla, a beautiful Italian girl of Brooklyn, was shockingly mutilated today by a woman who is said to have been made jealous by her husband's admiration for the girl's pretty face. Miss Fagilla was in her own home when the woman attacked her with a razor and slashed her face terribly, inflicting three long gashes, one across the temple, another opening her cheek from ear to mouth and the third almost severing the end of her nose. Miss Fagilla declared she did not know the cause of the assault, but a relative who saw Mrs. Francesca Delmontio disappearing over the fence when she responded to the screams of the injured girl supplied the accepted motive and the police searched for Mrs. Delmontio, but could not find her. Miss Fagilla was not fatally hurt, but was disfigured for life. She declared she would settle her account with her assailant without the aid of the police.

SAYS "NO" TO POWERS

Porte Refuses to Accept Financial Scheme

CONSTANTINOPLE, Sept. 2.—The Porte has replied to the note of the six embassies, declining to accept the scheme proposed by them for the financial control of Macedonia. The powers insist on the acceptance of the scheme.

WEATHER SPOTTER

NEW ORLEANS FORECAST

NEW ORLEANS, Sept. 2.—The forecast: East Texas (north)—Tonight and Sunday, scattered showers; cooler. East Texas (south)—Tonight and Sunday, scattered showers; cooler in west portion; light variable winds on coast. Arkansas—Tonight and Sunday, showers; cooler. Indian and Oklahoma Territories—Tonight, showers; cooler. Sunday, showers.

YELLOWSTONE POPULAR

Twenty Thousand Persons Have Visited Park This Year. SALT LAKE CITY, Utah, Sept. 2.—More Americans have visited Yellowstone National Park this summer than ever before, according to M. H. Albin, manager of the Monida and Yellowstone stage line, who is now in this city. Fully 20,000 persons have visited the park since the season opened. The record for last year was 13,000.

SCREENING ORDINANCE

Alderman Parker's screening ordinance, reviving the pestiferous mosquito, and providing for the covering of all receptacles for water, as outlined in The Telegram, was passed under suspension of rules. Another suggestion of Alderman Parker that steps be taken to increase the lighting facilities of the city for the street illumination was adopted and the matter turned over to the water works and finance committees. Building Permits. Final action removing the charge for building permits and calling for strict enforcement of the requirements were taken, not having been finally disposed of at the previous meeting, as reported in The Telegram. City Marshal Maddox announced that the enforcement would be looked after and that there would be no fining. The first person we get will be fined, he declared. Water Main Extended. Despite the complaint of Alderman Waggaman, which came too late, that the Eighth ward was getting all the plum, an extension of water mains on Fifth avenue from Terrell to Magnolia and on Meade from Magnolia to Farwell was ordered. Street Sprinkling. The committee recently appointed, after great agitation, calling for an investigation of street sprinkling, was received, reported inability to find discrepancy in but one place—on St. Louis avenue between Railroad and Market streets, where there was being sprinkled by abutting property owners, causing the mistake in the reports. Daily reports on new sprinkling were requested. To Repair Street. On complaint of the Southwestern Telephone Company the city attorney was instructed to see that proper repairs were made to Houston street where paving has been cut to place mains, etc., underground. As announced in The Telegram, the telephone company says they have not been permitted to have their openings repaired by other companies and have been unable to have the original company get at the work. Penalty of recourse to the city attorney was made in the action taken by council. Miscellaneous. On recommendation of the claims committee claims to the amount of \$14,995.66 were ordered paid. James O. Pennington was appointed special officer without pay. The sum of \$900 was voted by J. J. Kelley in payment for a well-drilling outfit. It was announced the machinery would be resold for \$600. The sum of \$1,314.50 was allowed the Fort Worth Street Sprinkling Company for work done during the last quarter. The city engineer was instructed to have obstructions placed in the street at the intersection of Terrell and Hemphill streets removed. A resolution by Alderman Zurn, setting forth that the Northern Texas Traction Company has donated this ground to the city and asking that this work be ordered done, was read. The matter of condemning certain buildings went over on suggestion of the city attorney, who had a report showing exactly what must be done to condemn structures. A resolution employing J. C. Terrell Jr. to revise and codify the city ordinances (Continued on page 5).

GIANT ENGINES TO PULL "CANNON BALL"

Will Have Seven-Foot Drive Wheels and Make Mile a Minute

Two Atlantic type locomotives are being built by the Texas and Pacific shop at Marshall, Texas, to be used for the fast passenger trains—the Cannon Ball. In the past the Cannon Ball has been pulled by consolidated engines, which are not to be compared with the Atlantic type when it comes to speed. One of the leading features of these new engines is the diameter of the drive wheel. Heretofore fifty-five or sixty inches was considered an enormous diameter for a drive wheel, but on the Atlantic type locomotive they are eighty-four inches, or a foot higher than a tall man. The whole engine is built in proportion to the Atlantic type, which gives the locomotive remarkable strength and pulling capacity. These kind of engines are now in use on the Big Four and the New York Central on trains that are making the fastest time. They can pick up nine cars and easily make sixty miles an hour with a good track. The Texas and Pacific expects to have these two new engines out of the Marshall shops by Jan. 1, at which time they will be put into immediate service.

BROKERS TALK BACK

Threaten to Make Trouble for Texas Railroads
War between the railroads and the El Paso ticket brokers promises to be an interesting one in the near future. The latest move on the part of the scalpers is to serve notice on the railroads that if they continue to interfere with their business suit will be brought for damages. Besides this the brokers also threaten to report to the Texas railroad commission that the Texas railroads are in a combination to prevent competition in passenger rates, thereby violating the anti-trust law of Texas. The brokers also say they may be forced to take the matter into the Federal courts and ask for a mandamus restraining the roads from interfering with the ticket brokerage business and to break up what is called a combination which exists in violation of the Sherman anti-trust act. The trouble between the railroads and the brokers of El Paso was precipitated recently when an effort was made by citizens of that place to have the railroads grant reduced rates for the coming winter because the brokers would handle the tickets. The brokers say they propose to stand their ground and maintain that they are not going to be put out of business and will fight to the bitter end.

RAIL CONTRACT LET

Southern Pacific to Use Fifty Thousand Tons in Mexico
It is learned here that the Southern Pacific has already let the contract for rails to be used in building the line between Guaymas and Guadalajara and three ships are now being loaded with the rails, one at Antwerp, another at Glasgow and a third at Bilbao, Spain. The contract calls for 50,000 tons of these rails, to be delivered by the close of the present year.

Henry Lund of Mexico is the contractor for supplying the rails for the extension. He has placed the contract with the Krupp of Germany. None of the rails will be furnished by American companies. There is a full corps of engineers in the field now and selecting the final route. When this has been determined the statement is made that grading will at once commence. It is believed that active work on building the extension will be under way within the next two or three weeks. Work is to begin at Guaymas.

ROAD BEING EXTENDED

\$75,000 a Month Spent on Mexican Central
Monday it is said that construction north of the Manzanillo extension of the Mexican Central will commence from Colima toward Tuzupan. The contractors have been working southward on this extension. Some 1,800 men are now working on the road near the Tuzupan river and on an average of \$75,000 worth of work is being done on the extension monthly. In addition to the 1,800 men now at work the contractors say they can give employment to at least 2,000 more, as they are under contract to have the extension completed within twenty-four months.

Agents of the contractors are scouring this country as well as Mexico in search of laborers and it may be necessary to put Japanese and Chinamen to work in the near future. The grading is very heavy work. Many tunnels will have to be blasted through solid rock, making construction very difficult. The longest of these tunnels will be 830 feet. A contract has been let to the Missouri Valley Bridge Company of Leavenworth, Kan., to supply twelve steel bridges for the extension. One of these bridges will be the highest in the North American continent and will be built over the Santa Rosa cañon, 275 feet high. The total length of the extension will be fifty-nine miles.

CHEAP RATES DRAW

Large Crowd Expected to Go to Galveston
A large number of Fort Worth people will take advantage of the cheap round-trip rates effective tonight on the roads leading to Galveston and Houston. The rate will be \$1.60 to Houston and \$1.85 to Galveston. The limit for return will be Monday night next. A number of amusement features have been arranged for the North Texas visitors, among them sailing on the bay and golf, bathing, fishing, etc. The different roads have been besieged with applications for reservations and the indications are that the crowds will be very large.

ONE MILE GRADED

Work Progressing on Beaumont and Great Northern
Rapid progress is being made by graders on the Beaumont and Great Northern out of Trinity. Over one mile of track has been graded already. Switches are being put in at Trinity by Superintendent T. C. Radley on the new

HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the Fort Worth Daily Telegram. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ROAD LEADING OUT FROM THE INTERNATIONAL AND GREAT NORTHERN

Work to Begin on Extension from Stockdale
Material is being rushed to Stockdale for the extension of the San Antonio and Gulf railroad to Cuero.

It is understood that J. P. Nelson will be the contractor and that work on the new road will commence not later than next Monday morning.

Railway Managers Here

General Manager Mike Sweeney of the Trinity and Brazos Valley road, was in the city Thursday night. He left in his private car for South Texas yesterday. Nothing of his movements could be learned at the Denver road headquarters today. General Manager Leroy Trice of the International and Great Northern arrived in Fort Worth Thursday night from the north and left for Palestine yesterday.

NATIONAL COMMISSION PASSES ON DRAFTING

All Players Will Be Given to Clubs Securing Them in Legitimate Manner
CINCINNATI, Ohio, Sept. 2.—The investigation of the drafting of players for next season was the most important matter to come before the National Baseball Commission, which was called to meet in this city yesterday. Before the meeting was convened it was said that all players secured in a legitimate manner will be given to the clubs that claim them, but where there is a flaw in the deal or the same is proved not to be bona fide the commission will declare such transaction void.

The first important business transacted was the adopting of an amendment to the drafting rule, offered by August Herrman of Cincinnati, intending to give better protection to the players and to prevent covering up players by drafting. The rule as adopted is as follows: Whenever the minor league player has been purchased by a major league club such player can not revert back to any minor league club during the year following such purchase, unless all major league clubs in both the National and American Leagues shall have waived claim to his services. And if such waiver can not be secured, then the player shall either remain with the club having purchased him or be transferred to give better protection to the players and to prevent covering up players by drafting. The rule as adopted is as follows:

The commission gave out a list of players purchased by the National and American Leagues, included in which are the following:—By Brooklyn from Memphis, Pitcher Suggs; Pittsburg from Atlanta, James Archer.

American League—By Philadelphia from Shreveport, Harry; New Orleans, Williams, Dygett; Birmingham, Niles and Regan. By New York from New Orleans, Ed Hahn; Birmingham, Clark, Roy Montgomery, Delahanty. By Cleveland from Atlanta, Jordan, Raymond and Bureau. By St. Louis from Dallas, Harry Ables.

By Chicago from New Orleans, Robe. By Washington from New Orleans, Stanley. The following drafts were allowed: National League—St. Louis from Shreveport, Swann; Nashville, Bennett. Philadelphia from Atlanta, Moren; Macon, Sentell; Savannah, Haff. American League—New York from Atlanta, Archer.

Washington from New Orleans, Manuel; Montgomery, McCoy and Sarkell; Atlanta, Charles Smith. Detroit from Fort Worth, Christmas, Nashville, Jennings. Chicago from Dallas, Rickey, Andrews.

IN THE TERRITORIES

HUNTING FORBIDDEN
LAWTON, Okla., Sept. 2.—An order has been issued by the commanding officer at Fort Sill, forbidding the hunting of deer, turkeys and prairie chickens on the military and game reservations.

CHARGED WITH HORSE THEFT
LAWTON, Okla., Sept. 2.—G. H. Taylor was arrested in this city yesterday on the charge of having stolen a horse from a Comanche Indian. The Indian's horse disappeared about two years ago and when he observed Taylor riding it yesterday he at once recognized the animal. Taylor has been placed in the county jail.

1,000,000 ACRES SURPLUS
ARDMORE, I. T., Sept. 2.—It is learned that there will be one million acres of surplus lands in the Chickasaw nation and there are many forces at work to divert its use in different directions. An effort is being made to have all Chickasaw children born up to March 4, 1906, given an allotment of 20 acres. Those who have married into the tribe since 1902 under the trust act have not been organized and have employed attorneys in an attempt to secure the rights of citizenship. Many of the Indian statesmen favor the equal division of the surplus among those who are approved as citizens and the white settlers are memorializing congress to induce that body to purchase the land and allow actual settlers to homestead.

INVESTIGATING AYLESWORTH
ARDMORE, I. T., Sept. 2.—News reached here today from Aylesworth that a number of railroad officials were in that town and had gone by private conveyance

THE OUTING MAGAZINE

Edited by CASPAR WHITNEY

SOMETHING FOR EVERYBODY In the September Number

NO magazine keeps so fully abreast of the times—so up with every advance in the art of printing—and none has a better or broader literary scope.

AMERICA—OUR COUNTRY
OUT-DOOR LIFE
VIRILE FICTION
TRAVEL AND ADVENTURE IN REMOTE CORNERS OF THE WORLD
MANLY AND WOMANLY SPORT
COUNTRY LIFE AND NATURE

THE OUTING MAGAZINE appeals to every lover of

We are reaching into every part of the world for entertaining and instructive material. Soon we shall have some material from Dillon Wallace, who is again in Labrador for us, and from Caspar Whitney, giving an account of his recent venture on the headwaters of the Orinoco River. This month we present "LONDON FROM THE TOP OF A BUS," by Ralph D. Paine, an article which Mr. Paine was especially commissioned to get for us. London is full of strange types, and neither Paine nor his camera missed many of them.

All magazine readers like good, short stories. We propose to serve our readers with the best. In this issue, read

"THE RIDE OF HIS LIFE"

by Sewell Ford. It is a clever thing in Mr. Ford's best vein, replete with fine humor. Among other good things, this issue contains the story of "THE LAST WAR OF THE CATTLE RANGE." This is full of the romance and vigor and action of those pioneer days of the West when men were killed before breakfast and no especial concern was had as to their burial.

THE BACKBONE OF OUR NATIONAL LIFE

is the farmer. All wealth proceeds from the soil, and that nation which neglects to make agriculture a chief concern among all its industries cannot maintain a first rank in the family of nations. The United States looks after its farmers and as a result we feed the world. Yet comparatively few farmers, and much less the average citizen, know what the Government is always doing to help the agricultural interests of this country. "WHAT THE PLANT BUREAU IS DOING FOR THE FARMER" tells the story in a way that will interest every one.

There are no more engrossing chapters in the stories of nations than those that tell of the period when Russia was making history—infamous history, by the way—in the Far East. In

"OUTLAW HUNTERS OF RUSSIA"

Agnes C. Laut gives the second paper in this series, and one that is full of adventure and human interest. The pictures accompanying this are remarkable as being the actual ones taken by the Siberian exiles so many years ago.

Besides all the above, the September number contains "THE FALLACIES OF ROUGHING IT," a story of the woods. "PHEASANT SHOOTING IN CHINA," a paper for the sportsman. "WHERE TWO GREAT RIVERS MEET," a story of human life, with a strong, especial appeal to the Middle West. "MISTAKES OF THE AMATEUR DOG-TRAINER," a paper that will appeal to every one who owns a dog. "TOLL FROM THE SALMON HOST," a tale of salmon fishing in Puget Sound. "WHEN THE RAILROAD CAME," a story of pioneer railroading.

This number contains, also, the closing installment of "THE ROMANCE OF RED FOX," the brilliant animal story by Chas. G. D. Roberts, and an article on JOHN PAUL JONES—the man. All that has been published of this famous sailor has had to do with his achievements on the sea,—but this story tells of the surroundings and the upbuilding of the boy who grew into the man we know.

The departments, which are the helpful ends of the magazine, are particularly full and valuable. These range from everyday woodcraft for everyday people to practical hints to help automobile owners. Of course, the interests of the outdoor man are served seasonably in the field of fishing, of camping, of his dogs, of lawn tennis, of golf, and, in the college world, of football. In a word it covers all topics touching broadly upon our national life and literature. It is intensely American and

SEEKS THE HEART OF THE LAND

In fact, "Something for everybody, and all of the best," is the motto upon which we are building THE OUTING MAGAZINE, and winning monthly new friends by the thousands. Now we want YOU!

PANTHERS MAKE IT STRAIGHT, ON MY! Boll Weevils Were Just as Easy as Chinch Bugs After a Rain

Fort Worth fans went to the game yesterday afternoon with fear that Temple would get the game on a close margin. This would have been accepted with more or less resignation on the part of many, although there were a few who would not have been nearly satisfied had not the Panthers taken the fourth and last game in the series with Temple. The fear that the game might go to Temple was somewhat increased when, after waiting fifteen minutes overtime for Spencer, who was detained by illness, the crowd saw Burns toying with the indicator in a manner that seemed to say to the assembled press, "Now, will you be good?"

THIS IS THE WAY THE FANS CAME HOME. evidently wanted to send the Boll Weevils to Dallas in a desperate game of mind and, not content with a score of three to one up until the seventh inning, two runs were chalked up in the seventh and, really and truly, don't you know, three more in the eighth. Vitter Demonstrates

Outside of the regular proceedings incident to the disgrace of Temple during the four games at Fort Worth is to be mentioned the head work of the Panthers' second baseman, Vitter. Besides being the big fellow yesterday he worked a trick of trade that is rarely seen performed with such nicety and which could not be caviled at under any of the strictest decisions of even the judicial Burns himself. It was like this. Vitter struck at a medium high ball and fouled high. He looked up to see it coming down over the first baseman, who had the ball almost potted. Vitter, thinking that it might prove a fair ball and seeing, maybe (?) that the first baseman to handle the ball, struck out by Stovall 7, by Porter 3; bases on balls, off Stovall 5, off Porter 3; double play, Bero and Ury; stolen bases, Sullivan, Myers, Bero 2, Porter 2, Higbie; batter hit, Metz, head as Vitter ran by him toward first base.

After the first inning, Lewis managed to hold Fort Worth down pretty well for the next five, but after that it was all off. Temple Opens With Run To describe the performance briefly, Temple squeezed in one run in the first inning. It was on a pretty error by Boles. Fort Worth came up smiling and the fun began. Grover, Cavender and Boles landed successfully, the last making a sacrifice. Boles hit safe and Grover scored. Boles took second, Wilson went out at first on a drive to Clayton, Vitter came up and worked Shelton as before mentioned, made a two-bagger and scored. Boles, Wills walked, Markley hit to second and Vitter was put out at second.

In the eighth inning Erwin got to first on a passed ball, Schwencck attempted to sacrifice, ball was thrown to Clayton, muffed, and Erwin went third. Grover landed safe, Erwin goes out at home, Schwencck scores while Grover attempts to put out Grover. Grover scores on a safe hit by Boles, Cavender following, while Boles is caught. Wilson ends at first, ending the story. Official score: FORT WORTH AB. BH. PO. A. E. Grover, cf. 4 1 3 0 0 Cavender, lf. 3 1 4 0 0 Boles, ss. 5 2 1 0 0 Wilson, rf. 5 1 0 0 0 Vitter, 2b. 5 1 0 7 1 Wills, 1b. 3 0 17 0 0 Markley, 3b. 3 0 0 4 0 Erwin, c. 3 0 0 0 0 Schwencck, p. 4 0 0 1 0 Totals 35 7 27 18 2

TEMPLE AB. BH. PO. A. E. Coyte, 2b. 4 1 5 1 0 Aiken, ss. 4 2 3 6 0 Shelton, 1b. 4 0 15 0 0 Clayton, 3b. 4 1 0 3 1 Kalkhoff, c. 4 0 0 0 0 Powell, cf. 4 0 0 0 0 Salm, lf. 4 0 0 0 1

Table with columns: Name, AB, BH, PO, A, E. Rows: Polndexter, rf. 3 0 3 0 0; Lewis, p. 3 0 0 1 1; Totals 32 4 24 15 4

NOTES OF THE GAME One of the many fouls, among his two baggers, was sent through the netting of the grand stand by Vitter, but none was injured. Hanlon states all his objections to the umpire—personally. Wills played at first for the Panthers—if you don't think he was really there, look at his put outs in the official score. Query: Do Markley and Wills always use the same bat? Kalkhoff would perhaps like to have Shelton's place, from the number of direct kicks he registered. Temple played very poor ball in Fort Worth this week—no arrests have been made.

WACO 4, DALLAS 3 DALLAS, Texas, Sept. 2.—Despite the fact that there were many hits and errors, the game here yesterday afternoon was interesting in that Stovall managed to redeem the Tigers in a game won from the Dallas Giants on a score of 4 to 3. Official score: DALLAS AB. BH. PO. A. E. Andres, 2b. 4 1 1 1 0 Ury, 1b. 5 1 13 1 0 Rickey, c. 5 1 3 0 0 Sullivan, lf. 3 2 0 0 1 Maloney, cf. 6 2 2 0 1 Myers, rf. 5 2 2 0 0

PANTHERS HEAD FOR HEAD OF THE LEAGUE Eight Consecutive Victories Make Pennant Look Sure for Fort Worth

Falling to count a few double-headers as more than one game in the percentage, errors have crept into the Texas League standing, the revised and corrected standing being reported below. Monday's games, as reported in Tuesday's paper, showed as follows: Temple and Dallas had played 122 games each, Temple having won 69 and Dallas 62, while Fort Worth had played 124 and won 65. Tuesday's games, as reported Wednesday, show that each club played single games, Fort Worth and Waco being the winners. The games of Wednesday, as reported Thursday, should have shown that two double-headers were played, Fort Worth winning two and Dallas doing likewise. Thursday's games, as reported Friday, showed a double-header, while Fort Worth and Temple only played one game. Friday's games were one each, Fort Worth and Waco being the winners and correct standing to date shows that Fort Worth and Temple, under the generally accepted rules of figuring percentages, are exactly a tie, the fractional difference being in the case of the Panthers, more than one-half toward 543 and, in the case of the Weevils, a great deal less than half over 543.

WACO HERE TODAY Waco arrived today and the fans are hoping, trusting, watching and believing that the Panthers will begin the closing work of the season, which, it is now believed, will win for Fort Worth the 1906 pennant.

THE CURING POWERS OF THESE WAFERS ARE VERY SIMPLE TO UNDERSTAND. They are natural in their workings and effects, taking up the work of the worn and wasted stomachs, digesting the food thoroughly and completely. British Pharmaceutical Co., Milwaukee, Wis., Distributors. Price 50 cents a box. For sale by Read Telegram LINER ADS

Valuable 3 PRIZES FREE! Commencing Sept. 1 and continuing to and including the issue of Sept 30, certain words will be misspelled in the advertisements on the Liner (classified) page of The Telegram every day. Only misspelled words count. Incorrect abbreviations or addresses do not count. Some of the errors may be unintentional, but they count just the same. The three subscribers to The Telegram who turn in the largest list of errors found between Sept. 1 and Sept. 30 will receive:

- For the largest correct list of errors, \$5.00 fine pair Ladies' Shoes, latest style, value \$5.00. (Or order for same amount on any Fort Worth merchant.)
- For the second largest correct list of errors, fine pair Men's Shoes, value \$5.00. (Or order for same amount on any Fort Worth merchant.)
- For the third largest list of errors, fine Ladies' Shirt Waist, value \$4.00. (Or order for same amount on any Fort Worth merchant.)

Should more than two correct lists be received, they will be thrown together in a basket and one withdrawn by a disinterested party to win the first prize, and so on for the other prizes.

Read the ads. carefully. Do it every evening. Keep a record of the ads. every day as they appear. Send your complete list to The Telegram office as soon after the issue of Sept. 30 as you can. No answer will be received after 12 o'clock noon, Oct. 2. Announcement of winners will be made in the issue of Oct. 2. Remember, every error you can find will count. If the same error occurs in more than one issue it will count every time you find it. All answers must be enclosed in an envelope addressed to "Contest Editor Liner page," Telegram. All incorrect words must be listed carefully and neatly on a sheet of paper each day by itself.

REORGANIZING THE DEMOCRACY

The reorganization of the democratic party is still progressing in the effete east, where the object of the reorganization is the elimination of Bryanism and Bryan.

Only a little more than a decade has come and gone since the democratic party was virile and victorious. On a full vote Indiana was democratic and so were Ohio and Illinois.

But in those states the democratic party is only a memory. It makes nobody afraid. And this is shown in the way some of the republican brethren are talking of and concerning their colored fellow citizens.

Things have changed since Betsy died. Twenty years ago the republicans of Indiana—unless here was some tall lying negro engaged in the work of calibrating negro voters from Kentucky, and the democrats used to fill their newspapers with news of the party.

It is a universally known and conceded fact that the democratic party has been guilty of making some very serious mistakes. The late President Grant once said the democratic party could be depended upon to do the wrong thing at the wrong time, and he came very near expressing the complete situation in that famous epigram.

There are those who are coming to the front with the annual prediction of a very hard winter and a big die-up of cattle in consequence. These direful predictions are made just about the time every year, and come with such unvarying regularity as to indicate the prognosticators are not easily discouraged in their direful forebodings.

There is nothing the matter with the democratic party except its fool disposition to scrap within itself. There is too strong a disposition existing to pass

the question of party success in favor of individual predictions, and this never fails to invite and bring disaster. So long as democracy is united it is triumphant, but when division comes it never fails to go to pieces in the most thorough manner.

While the changes enumerated by the Post have occurred in the states named they have been the result of various circumstances. The antipathy toward the negro is but the natural result of closer association, and in the matter of turning from democracy and from Bryanism, as it is termed, it will be readily noticed that those states have been more loyal to Bryan than to the conservatives of the party as reflected in the last democratic nominee and platform.

William J. Bryan is a democrat and he is the recognized leader of his party. He is the only man who has had the nerve to attempt to lead his party out of the wilderness where the conservatives left it. The real democrats of the country are still pinning their faith to Bryan and will stay with him during the coming campaign.

As a general thing, the reports that come from the Texas range country are quite encouraging as to the winter outlook for cattle. The present year has been a very favorable one from the very beginning. The fine rains which began in the winter, extended through the spring and summer, and only failed during the month of August, provided an abundance of stock water and made grass the best the range country has known for many years.

While the cattle came out of the last winter quite thin in many instances, they had the benefit of early grass and began to take on fat much earlier than usual. The season last spring was about two months ahead of its customary appearance, and cattle all over the range country had advantage of that fact.

A leading ranchman in giving expression to his appreciation of the situation said the other day that grass was more plentiful out in the range country now than he had seen it in twenty years. There had been rain enough to keep it growing in the best of shape practically until about the first of August, and the growth had been so good that even if there was a deficiency in the usual fall precipitation, the cattle would be in fine shape to go through the coming winter.

The range country, however, usually has abundant rains from the first to the fifteenth of September, and this affords ample time for the making of fine winter grass, and always insures late feed crops. There is complaint in some localities now of dry weather, and late feed crops do not present a very inviting appearance.

It is probable there is plenty of feed already made and saved in West Texas to answer all the demands of the coming winter, but there is also a big late crop, which will only serve to make assurance doubly sure in the event the expected rains materialize.

The matter of producing forage crops is a growing proposition out in the range country. Ranchmen have learned that cattle must have feed during the hard winter months, or there will be losses sufficient to play havoc with the matter of profits on the operations of the year.

The late President Grant once said the democratic party could be depended upon to do the wrong thing at the wrong time, and he came very near expressing the complete situation in that famous epigram. But The Telegram is not prepared to concede that there has been any decadence in the democratic party or the democratic leaders.

There is nothing the matter with the democratic party except its fool disposition to scrap within itself. There is too strong a disposition existing to pass

have two severe winters in succession in Texas. The last one was hard enough to answer for the one coming, and the general expectation is that the coming one will be milder than usual. At any rate, cattlemen generally seem well pleased with the outlook. They are not losing any sleep over the situation at this time, and all of them seem of the opinion that no matter what the weather may be the country is going to be in such condition as to have nothing to really fear. Cattle are in better condition than for many years at this time of year.

There has been a great deal published concerning the existence of graft and corruption in high places at Austin, and so brazenly has the work been done that it attracted the attention of the governor, who very promptly proceeded to call these calculators of the state to time, in response to the governor's demand for specific information, the Tyler Courier says.

Governor Lanham is standing up for a fight. He challenges the candidates for governor, or any newspaper or individual, to point to a single wrong in his administration or any department of it. The Courier is not hunting for a scrap, but it accepts the challenge, and points to one wrong at a time.

First—An election law was passed by both branches of the legislature, but before it reached the governor's desk it was tampered with. The reading and meaning of the law was changed, and after being apprised of this offense, Governor Lanham approved the measure and caused it to be placed on our statutes.

The demand that the legislature be re-elected to right this wrong and to place the guilt where it belongs has been made on the governor, yet he refuses to permit this outrage to be investigated. He stands in defense of the crime and for a law on the statute books that never passed the legislature.

What did Governor Lanham and the state administration have to do with the mutilation of the election law? As a matter of fact, did not the governor re-convene the state legislature in special session and submit the Terrell election law for the second time in order to have it engrained upon the statutes of this state?

But the Tyler paper says the governor approved the Terrell election law and permitted it to become a law after his attention had been directed to the flagrant outrage that had been perpetrated upon it. Yet, the Tyler paper failed to state that the governor first submitted the matter to the attorney general of the state, who very promptly advised him that the mutilation was not fatal.

The mayor of Fort Worth is well enough satisfied with his administration of city affairs to offer himself as a candidate for congress, in opposition to another Fort Worth man.—Brownwood Bulletin.

The mayor of Fort Worth has yielded to the solicitations of many friends and consented to make the race for congress in accordance with their desire. And if honored as his party's choice, he will reflect honor and credit upon the entire district.

The franchise question is one that is attracting a great deal of popular interest in Fort Worth now, and the people of that city are gradually coming to a realization of the fact that the day has come when valuable rights and privileges should not be conferred for the mere matter of asking.—Quanah Observer.

So far, there has been no information relative to people crippling themselves in an effort to purchase that school land that came on the market the first of September.

THE TELEGRAM'S SHORT STORY

METAMORPHOSIS OF MR. KLINE

Something Entirely Unexpected Occurred When He Was Asked to Sing

By J. W. BRYCE.

(Copyright, 1905, by the Newspaper Enterprise Association.)

Are the blessings of music in its influence upon our souls well understood? I have thought not, albeit a most unmusical person myself, at least so far as talent and cultivation in the science are concerned.

Let me give an interesting reminiscence of my student life while talking of music.

When I was at B— college, Kentucky, I had a friend who drew as largely on my love and esteem as ever did fellowman, and well was he worthy to have settled between them and they became estranged.

"Will you be so good as to say to your friend Mr. Kline, that we will be happy to see him?" The request was conveyed in such a quiet, matter-of-fact tone that I could only acquiesce.

"Well, Jack, I will certainly go with you. I need a little recreation!" The party was a magnificent one and everybody seemed to enjoy it.

"Do me away," she exclaimed. "I do not like it at all. It is too bad to expose him so."

"I led her to the conservatory, and no sooner had we entered the cool retreat than we heard the tones of a rich, manly voice swell through the rooms.

"How shall I describe Hetty Buford, with her dancing eyes and shiner of golden curls that fell around her pretty little head, sylph-like form that floated in graceful undulations, and the bewitching smile that beamed from her rosy lips!

Strange to say, however, there was no subject on which a profound sympathy did not seem to exist between them, and that was music.

He began to look like Fort Worth still has enough public spirit to build an auditorium.—Brownwood Bulletin.

The mayor of Fort Worth has yielded to the solicitations of many friends and consented to make the race for congress in accordance with their desire.

The franchise question is one that is attracting a great deal of popular interest in Fort Worth now, and the people of that city are gradually coming to a realization of the fact that the day has come when valuable rights and privileges should not be conferred for the mere matter of asking.—Quanah Observer.

The fact that a man is a member of congress should not protect him from operation of the law. In fact, men who have been so honored and have proved recreant to the trust of the people should be made an object lesson in every possible instance.

Fort Worth patrons of street cars want separate compartments for whites and negroes. As a matter of fact they ought to have them.—San Angelo Standard.

"Old Politician" Wynne interview exploded a bomb-shell in the camp of the Tarrant county democratic politicians.

The road is open to Colonel Wynne. The expounder of true democracy can always gain the ear of Texas people.

Fort Worth decided yesterday to grant the Armstrong franchise by a majority of about two hundred, there being only about ten hundred votes cast.

Verses That Ring

PEOPLE WILL TALK

You may get through the world, but 'twill be very slow If you listen to all that is said as you go; You'll be worried and fretted and kept For meddlesome tongues must have something to do—

And people will talk.

If quiet and modest, you'll have it presumed That your humble position is only assumed. You're a wolf in sheep's clothing, or else you're a cat in a hat,

And then, if you show the least boldness of heart, You'll find a slight inclination to take your own part. They will call you an upstart, conceited and vain; But keep straight ahead—don't stop to explain.

If your dress is in fashion, don't think to escape. For they criticize then in a different shape— You're ahead of your means, or your tailor's unpaid; But mind your own business, there's naught to be made—

For people will talk.

Now, the best way to do is to do as you please. For your mind, if you have one, will then be at ease. Of course, you will meet with all sorts of abuse; But don't think to stop them—it's not 'ry use—

For people will talk.

REGULAR DISORDERLY CONDUCT

This week is court week. Some of the boys are afraid of being summoned to court. There is no more fighting here than any place I ever saw, but it don't amount to very much after all, for the most of it is fighting "flea and chins"—Pittsburg correspondence Squaquee (Term.) News.

THE BUBBLE CAR

Bubble, bubble, little car; How I wonder whose you are; Hit me hard and laid me low How I'd like to have your No.

CIRCUMSTANTIAL EVIDENCE

Mrs. A. G. Parker and daughter-in-law must surely aim to keep boarders in this winter, as you can see strings of dried beans hanging around. I think they will last all winter, as all the boys are at home.—Roopa correspondence Squaquee (Term.) News.

UNCLE HENRY'S PRIMER

This is a wash-board. It is a house-hold im-ple-ment. The wash-board has about six octaves. Ask sister to play some-thing sweet and low on it.

With the CATTLEMEN

Officials of the Lewis and Clarke exposition are greatly pleased with the fine show to be held at the exposition from Sept. 19 to 23, and are confident that the large number of entries assures the success of the undertaking.

REFLECTIONS OF A BACHELOR

Most family rows arise over each trying to prove the other makes them.

WYOMING COMMENT IN GREAT TROUBLE

Quarantine Against Mange and Lack of Dipping Facilities Hurting Cattle Industry

LARAMIE, Wyo., Sept. 2.—Ranchmen east of a line drawn north and south through Rawlins in this state are facing this fall a situation which practically precludes the possibility of their being able to ship their cattle to feeders this year. This condition is brought about by the fact that the government has quarantined the eastern portion of Wyoming because of the prevalence of mange.

The disease, which is caused by a parasite similar to that causing scabies in sheep, is said to have existed here for a number of years and the ranchmen having taken no concerted action for its extinction, the government has now taken a hand. No cattle of any kind can at present be shipped out of this portion of the state unless they have previously been dipped twice under the supervision of a government inspector, except fast cattle that are to go straight to the butcher's block. Cattle that are shipped to market and purchased for feeders must be dipped in the same manner at the stock yards at which they are sold.

The difficulty which more than anything else worries the ranchmen is the fact that there are but few dipping plants in the country and none at all at the shipping points. Several of the big cattle companies have in the last two years built dipping plants of their own and have dipped their herds as closely as they found it practical, but they say that the disease is being constantly communicated to their cattle afresh by the herds or the stray cattle of the smaller ranchmen upon the same ranges. The smaller ranchmen on the other hand say that the expense of building dipping plants makes it impossible for them to dip and that in any case the stray cattle of the big ranchmen would communicate the disease to them afresh.

The situation is serious in that the chief source of income for many of the ranchmen of this section has been the shipping of feeders to Nebraska, Kansas and Iowa and the present quarantine will practically put a stop to the trade and to the selling of stock straight to the feeders, a great deal of which has been done in former years. The same mange itself is not as a rule dangerous to the cattle except in the winter and in the early spring months if the cattle are in poor condition, when the constant irritation causes the stock to remain poor and in extreme cases a scheme has been formulated to provide dipping plants at suitable locations and that a concerted effort must be made in conjunction with the government to eradicate the disease and have the state declared clean.

IN THE CHURCHES

FIRST METHODIST CHURCH

Corner of Jones and Fourth streets, Rev. Alonzo Monk, D. D., pastor. Preaching by the pastor at 11 a. m. and at 8 p. m., subject of the morning sermon, "On the Mountain Top," subject of the evening sermon, "Mothers." Sunday school at 9:30 a. m. Epworth League service at 7:15 p. m.

FRISCO SYSTEM

BERLIN, Sept. 2.—The ministry of the interior has issued a notice assuring the public there is no reason for anxiety on account of the appearance of cholera in German territory. The government has long reckoned on the present situation. A circular dispatch was sent by the imperial department of the interior to the confederated states in January calling attention to the possibility of cholera and requesting them not to be unprepared to deal with the infection.

ALLAYING ALARM

German Ministry Issues Statement on Cholera

"Existing the disease of cholera," an official declaration says, "will become much easier under the imperial epidemic law of June 30, 1900, giving the health police proper powers. These powers have been fully exercised in sequestering persons who have cholera or have been exposed to it or who have doubtful symptoms, and in watching over persons and property employed in the traffic on the rivers Weichsel, Brake and Netze and on the Bromberg canal."

RECEIVER REPORTS

Charges That Denver Bank's Affairs Were Mismanaged

DENVER, Sept. 2.—Receiver Stevick of the suspended Denver Savings bank has reported to the district court on the condition of the bank. He believes that the assets of the bank will pay 75 per cent of depositors' claims, and asks authority to declare a dividend of 10 per cent at once. The reports reads in part:

"I am convinced that during the past few months the affairs of the bank have been conducted in gross and willful violation of the banking laws of the state. Loans have been made to persons associated with and to companies officered by the same persons who made the loans as officers of the Denver Savings bank and such loans were made either without any collateral or upon collateral which was only a flimsy pretext.

"On the books of the bank appear entries of loans to banks and commercial houses in Indian Territory and Texas."

"The Lady—Ah, my poor man, I am glad to hear you say you never miss a bath. Grity George—No'm. I haven't taken one in ten years and I don't miss it a bit.—Chicago Daily News.

Women's and Misses' Shirts 11c

FIGHTING ARMIES HEAR OF PEACE

First News of Agreement Published in Army Organ at Ganshu Pass

GUNSHU PASS, Sept. 2.—The first intimation of the agreement between the peace plenipotentiaries was printed in today's issue of the army organ. But Witt's message to Emperor Nicholas received today was held over for tomorrow's. From various sources the news of the agreement percolated into the communities at Kochintien and Tumen, but it was not until today that it was withheld pending military sanction for publication and the news is yet too vaguely known or realized to note its effect. Arrangements, however, already have been instituted for the establishment and maintenance of a neutral zone between the armies pending demobilization. The army has had ample time to accustom itself to the idea of peace. Many have followed the discussion as closely as the delayed dispatches permitted and it was evident the idea of paying indemnity

RECEIVER REPORTS

Charges That Denver Bank's Affairs Were Mismanaged

DENVER, Sept. 2.—Receiver Stevick of the suspended Denver Savings bank has reported to the district court on the condition of the bank. He believes that the assets of the bank will pay 75 per cent of depositors' claims, and asks authority to declare a dividend of 10 per cent at once. The reports reads in part:

"I am convinced that during the past few months the affairs of the bank have been conducted in gross and willful violation of the banking laws of the state. Loans have been made to persons associated with and to companies officered by the same persons who made the loans as officers of the Denver Savings bank and such loans were made either without any collateral or upon collateral which was only a flimsy pretext.

"On the books of the bank appear entries of loans to banks and commercial houses in Indian Territory and Texas."

"The Lady—Ah, my poor man, I am glad to hear you say you never miss a bath. Grity George—No'm. I haven't taken one in ten years and I don't miss it a bit.—Chicago Daily News.

FRISCO SYSTEM

BERLIN, Sept. 2.—The ministry of the interior has issued a notice assuring the public there is no reason for anxiety on account of the appearance of cholera in German territory. The government has long reckoned on the present situation. A circular dispatch was sent by the imperial department of the interior to the confederated states in January calling attention to the possibility of cholera and requesting them not to be unprepared to deal with the infection.

ALLAYING ALARM

German Ministry Issues Statement on Cholera

"Existing the disease of cholera," an official declaration says, "will become much easier under the imperial epidemic law of June 30, 1900, giving the health police proper powers. These powers have been fully exercised in sequestering persons who have cholera or have been exposed to it or who have doubtful symptoms, and in watching over persons and property employed in the traffic on the rivers Weichsel, Brake and Netze and on the Bromberg canal."

SISTER: READ MY FREE OFFER

Wise Words to Sufferers From a Woman of Notre Dame, Ind.

I will mail, free of any charge, this Home Treatment with full instructions and the history of my own case to any lady suffering from female trouble. You can cure yourself at home without the aid of any physician. It will cost you nothing to give the treatment a trial, and if you decide to continue it will only cost you about twelve cents a week.

Thousands besides myself have cured themselves with it. I send it in plain wrappers.

TO MOTHERS OF DAUGHTERS I will explain a simple Home Treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young ladies. It will save you anxiety and expense and save your daughter the humiliation of explaining her troubles to others.

Wherever you live I can refer you to well-known ladies of your own state or county who know and will gladly tell any sufferer that this Home Treatment really cures all diseased conditions of our delicate female organism, thoroughly strengthens relaxed muscles and ligaments which cause displacement, and makes women well. Write today, as this offer will not be made again. Address

MRS. M. SUMMERS, Box 422, Notre Dame, Ind.

STOCKS

Special to The Telegram. NEW YORK, Sept. 2.—Better support was awarded the market during the brief session today, all issues developing some strength from covering by shorts and the market in general reacted slightly from the exceedingly low level of the previous day.

Table of stock prices including Am. Locomotive, Atchafalpa, B. & O., Canadian Pacific, C. & N., C. & O., Erie, Illinois Central, L. & N., Metropolitan, Mexican Central, M. & T., Missouri Pacific, N. Y. Central, N. and W., O. & W., People's Gas, Pennsylvania, Reading, Rock Island, Southern Railway, S. P., St. C. & I., Texas Pacific, Union Pacific, U. S. Steel, Wabash, Wisconsin Central.

NEW YORK BANK STATEMENT. NEW YORK, Sept. 2.—The following bank statement was issued today: Reserves, decrease to \$3,479,300; Less U. S. decrease, 3,471,775; Loans, decrease, 1,440,400; Specie, decrease, 5,613,100; Legals, decrease, 1,440,400; Deposits, decrease, 14,490,800; Circulation, increase, 784,800.

FROM COW PUNCHER TO DISTRICT JUDGE

Remarkable Career of the Man Who Raised Money for the Purchase of the Alamogordo

EL PASO, Texas, Sept. 2.—Judge Clarence Martin, of Fredericksburg, Texas, the man who started the movement among the legislators and politicians of the state that finally led to the appropriation of sufficient money to purchase the Alamogordo site in San Antonio and save the territory, is in El Paso, accompanied by Mrs. Martin, on a visit.

Judge Martin is a native Texan, and one of the youngest district judges in the state. His father, Judge W. W. Martin, Judge Martin was born at San Marcos, Nov. 26, 1858. His parents removed to Blanco county in 1874, and resided at Blanco until he was of age. In the early life, while a mere boy, he went to Colorado City, and after about six or eight years to work upon the large cow ranches of that day, working all over the western portion of Texas; also in New Mexico, Colorado, Wyoming, Indian Territory, and also spent a short time in Old Mexico, along the border near El Paso. In this work he obtained a practical knowledge of events and persons that was of much material benefit to him in his later life.

PEACE NOT BRACING

Market Failed to Overcome Reactionary Tendencies. NEW YORK, Sept. 2.—The event at Portsmouth was the dominant feature of the week in the stock market. Its reception was, however, disappointing to those who expected that higher prices would be maintained.

HOME DESTROYED

Home of G. W. Starns in Hattie Street. Fire Friday night totally destroyed the home of G. W. Starns, 1220 East Hattie street, the long distance run giving the flames too great headway before the arrival of the department.

15 HURT IN COLLISION

Two Sections of Bar Harbor Express in Wreck. SOUTH GARDINER, Me., Sept. 2.—The second section of the Bar Harbor express on the Maine Central railroad, bound eastward, crashed into the rear of the first section at Gardiner, today.

AGENT AT ROWE HURT

Denver Road Employee Seriously Injured. CLARENDON, Texas, Sept. 2.—E. L. Sanders, agent at Rowe, who was knocked off the track last night by a south-bound train while trying to get something off the track, is seriously hurt and not expected to live.

Ultimatum to Sultan

PARIS, Sept. 2.—The government has addressed to the sultan of Morocco another peremptory note amounting to an ultimatum. This note says the release of the imprisoned Algerian citizen Bouzian is not sufficient and demands in addition, first, the payment of indemnity; second, the punishment of the man who made the arrest, and, third, a public apology. If all these demands are not granted in a brief time the French minister will be ordered to leave Fez preparatory to the adoption of coercive measures.

Oliver Eliason, Broker

Cotton, Grain, Provisions, Stocks and Bonds. Members Kansas City Board of Trade. We trade in 50 bales cotton on \$1.00 margin, 1,000 bushels grain, 10 shares stock and upward. Private parties to get leading market quotations. 114 West Fifth St., Fort Worth, Texas. Old phone 613.

GRAIN

Special to The Telegram. CHICAGO, Sept. 2.—Wheat was strong on good local buying for long account, and considerable covering by shorts. The bullish sentiment which was manifested early in the week was not so much in evidence today. The northwest reports unsettled weather today, the close showing a net gain of 3-8 for all options. Local receipts were twenty-six cars, five of which were contract grade. Thirty-five cars are expected Monday.

Kansas City reports receipts of 261 cars, with 365 estimated for Monday. The northwest received 413 cars today, against 198 cars last year. Corn was steady on buying for future delivery. Local receipts amounted to 516 cars, of which 241 cars were contract grade. Kansas City received 261 cars of corn and expects seventy-five cars for next Monday.

Oats were easier, influenced by the strength in wheat. The close was steady but not unchanged to 1-4. Receipts amounted to 286 cars, forty-eight of which were contract grade. Kansas City reports nine cars, with fifteen expected for Monday. Provisions were steady, with no changes of note. Pork was firmer. Eleven thousand hogs were received here; 29,000 are expected Monday. Kansas City reports 2,000. Omaha reports 3,200. Monday being a holiday, account of holiday.

CHICAGO GRAIN AND PROVISIONS

Table of grain and provision prices including Wheat, Corn, Oats, Pork, Lard, Ribs, September, October, November, December, January, February, March, April, May, June, July, August.

COTTON

LIVERPOOL COTTON CABLE. LIVERPOOL, Sept. 2.—The spot cotton market was strong. Middle grades at 5.80s. Sales amounted to 9,000 American bales. Imported were 4,000 American bales.

Table of cotton futures prices including August-September, September-October, October-November, November-December, December-January, January-February, February-March, March-April, April-May, May-June, June-July, July-August.

PANHANDLE CATTLE ARE BEING KNOCKED

Commission Firms Alleged to Be Discriminating Against the Texas Product. CLARENDON, Texas, Sept. 2.—The northern commission firms, from some cause, seem to want to "knock" Panhandle cattle. Why is a question that is hard to answer, and can probably be answered only by the "knockers." In his issue of tomorrow the Banner-Stockman, official organ of the Panhandle Association, will contain the following article, which is from the pen of one of the best posted cattlemen in the state. Its authenticity is vouched for by such reliable authorities as Richard Walsh and others.

"Recently for some reason there has been a studied effort to give the Panhandle steers a black eye. The circulars sent out every spring by the aforesaid firms are marvels of classical cattle literature. The circulars are so worded that the buyers rush over each other to get these commission firms to buy for them at so much 'less than last year,' as they know just where, when, why and the kind to suit, etc.

The past spring season was the first in many years that the steers of Southwest Arizona, Southwest New Mexico, and the Texas country adjacent to the El Paso and the Rio Grande, and the Rio Grande, were sold to the best feeders in the states. The Panhandle steers are now being used by the ranchmen of this district, but he forgets that the Panhandle was supplying these bulls from the north. This is a matter of fact and record. The Panhandle will still continue to raise the best cattle on earth, and still continue to brag about the good bulls brought in, as the demand for calves for Iowa, Illinois and Ohio is such that the Panhandle steer calf brings almost as much as the average north-bound 2-year-old steer—often not 20 difference.

FOREIGN MARKETS

CHICAGO LIVE STOCK. CHICAGO, Sept. 2.—Cattle—Receipts, 3,000; market opened steady and unchanged. PRECAUTION AGAINST CHOLERA

BREMEN, Sept. 2.—The United States board of immigration has ordered all steerage passengers for the United States shall be held at the port of embarkation six days prior to sailing.

LIVESTOCK

SATURDAY'S RECEIPTS. Cattle, 1,955; Hogs, 290.

SATURDAY'S REVIEW AND SALES. Receipts of cattle today were liberal for the last day of the market week, though not equal in volume to other days.

The steer run was so small as to be almost a minus quantity. However, 12,000 of feeder stuff finally sold at \$2.65. 12,500 head, and the week's total aggregated 16,500.

Cows and Heifers. Cows were in better form than on some former days, and one notable load of heifers was good enough to sell at \$2.45. The trade in cows was active, prices were mainly steady with the week's decline and a quick clearance was effected.

Calves. The early run of calves began selling steady with the week's advance. Later the supply was doubled with some very good quality stuff from above the line, and these sold quickly and at a price steady with the morning sales.

Hogs. The hog supply was short, about 300 head, with all offerings from Texas points and a few from other points. All hog markets north were on the run, and prices here dropped another dime, making a full quarter for the week.

TRADE ITEMS. Feed your rams generously but not too late. An over-fed, pampered ram is of no earthly use anywhere.

At weaning time separate the cull ewes from the hog market is on the downward trend, he prevents increase in consumption, which, instead of checking, accelerates the downward tendency of the hog market.

Experience, energy, ability and square dealing make a man strong in the stock business, or in anything else.

An egg broken in the feed of the horses occasionally is a good thing to them, having a tendency to clean up the skin and make their hair fall out a bright healthy look.

W. G. Mulky of Quanah, Texas, broke all records in the way of getting returns from sheep shoring. Not long since Mr. Mulky sheared seven yearlings and got 15 1/2 pounds of wool. The average is 12 pounds.

CHICAGO LIVE STOCK. CHICAGO, Sept. 2.—Cattle—Receipts, 3,000; market opened steady and unchanged. Hogs—Receipts, 10,000; market opened weak to 5c lower, closing weak; mixed and butchers, \$5.60@6.15; good to choice heavy, \$5.70@6.15; rough heavy, \$5.40@5.60; light, \$5.75@5.95; bulk, \$5.70@5.95; \$5.40@5.55. Estimated receipts tomorrow, 27,000.

KANSAS CITY LIVE STOCK. KANSAS CITY, Sept. 2.—Cattle—Receipts, 8,000; market steady and unchanged. Hogs—Receipts, 2,000; market steady; mixed and butchers, \$5.75@5.90; good to choice heavy, \$5.85@5.90; rough heavy, \$5.65@5.80; light, \$5.75@5.95; bulk, \$5.80@5.95; \$5.40@5.55. Estimated receipts tomorrow, 2,000.

ST. LOUIS LIVE STOCK. ST. LOUIS, Sept. 2.—Cattle—Receipts, 2,000; market steady; mixed and butchers, \$5.75@5.90; good to choice heavy, \$5.85@5.90; rough heavy, \$5.65@5.80; light, \$5.75@5.95; bulk, \$5.80@5.95; \$5.40@5.55. Estimated receipts tomorrow, 2,000.

BEANS. No. 1, navy, 3 1/2c per lb.; No. 1 Lima 7c per lb.; No. 1 pinks, 3 1/2c per lb.; No. 1 black-eyed peas, 4 1/2c per lb.; dry peas, 4c per lb.; Bayo, 3 1/2c; English peas, 5c; split peas, 5 1/2c; lentils, 6c.

Auditorium Notes

Only seven days remains until the contest closes, seven days of hard work, but the prizes are worth the effort. Every dollar that these prizes bring mean just that much more toward the building of a grand Auditorium and every day's work done is for a good cause. That Fort Worth needs a building of this kind is admitted by every one and the committee are meeting with great encouragement on the part of the citizenship. We need not have an Auditorium, so let's all pull together now and our efforts will not be in vain. The young lady contestants were all very busy yesterday preparing for the lawn social given by the Auditorium committee in their honor last night at the corner of Fourth and Lamar.

NATURE'S WARNING

Fort Worth People Must Recognize and Heed It

Kidney ills come quietly—mysteriously. But nature always warns you through the urine. Notice the kidney secretions. See if the color is unhealthy. If there are settlements and sediment. Passages too frequent, scanty, painful. It's time then to use Doan's Kidney Pills. To ward off Bright's disease or diabetes. Doan's have done great work in Fort Worth. J. Higgins of 107 North Weatherford street, mason by trade, says: "I was a sufferer from my kidneys for more than five years. Often the trouble was so bad that I could hardly get around to do my work. A dull, heavy aching pain over my kidneys annoyed me constantly and made me so nervous that I could not rest at night, but lay awake, twisting and turning about in the attempt to find a comfortable position. The kidney secretions contained a sediment like brick dust, and there was a scalding sensation in passing. When Doan's Kidney Pills were recommended to me I had no faith in them, but deciding to try them, I got a box and used them faithfully. They have cured me. The aching in my back has disappeared entirely, the secretions are clear and natural, and I can sleep and rest well at night. Doan's Kidney Pills must have all the credit for this result." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

NOMINATION BLANK Date I nominate as the most popular young lady in Fort Worth. Name Address

AUGUST PROVED HOT AND DRY

Meteorological Summary of Weather Bureau Shows Total Precipitation Was Little Over Half an Inch

The monthly meteorological summary as given out by D. S. Landis, official in charge of the local station of the United States weather bureau, for the month of August shows a higher mean temperature than 1904 by 2 degrees, the mean for this year being 83 degrees. In 1902 it was 82 degrees, although 1901 and 1902 were respectively 86 and 87 degrees. For the past eleven years the mean temperature at Fort Worth, including this year, is 84 degrees, showing that 1905, while considered in the month of August rather warm, is 1 degree of heat less than the mean temperature for more than a decade past. The absolute minimum for August temperature during the past seven years is 42 degrees, while the maximum is 100. The total amount of rainfall for the month was .56 and the greatest amount in twenty-four hours occurred Aug. 12, the amount being .53, showing that, with the exception of that day, the total rainfall for August, 1905, was three-hundredths of an inch. In 1903 and 1904 the precipitation was respectively 1.57 and 2.26. During the past ten years the greatest precipitation occurred in 1898 when the total was 4.78. The least rainfall was in 1899, when the total was .02. The August winds have been pleasant. They were needed. The wind blew on an average of a fraction over eight miles an hour during the entire thirty-one days and the greatest velocity, according to the report for the month was thirty miles an hour, from the north, on Aug. 29, during a thunderstorm which occurred on that day. The summary shows that Fort Worth had sunshine twenty-two days out of the month, nine partly cloudy days, a maximum heat of 102 degrees, Aug. 15, and a minimum of 62 degrees, Aug. 28. The largest daily range in temperature did not occur on the warmest day, but on Aug. 21, and was 27 degrees. The least was 10 degrees on Aug. 7.

COLD NIGHTS HELP COTTON CONDITION

Commercial Agent Dolard of Katy Discusses Outlook as Found on Trip Through State

J. F. Dolard, commercial agent of the Katy, who has just returned from an extended trip over considerable territory in this state, made the following statement regarding the condition of cotton as he saw it in his travels: "In traveling over the country I find many complaints from farmers regarding the cotton crop. They all seem to think the crop has deteriorated during the recent hot weather. But reliable cotton men say the crop will be large regardless of numerous hot summers. "The cold nights during the last week have been very beneficial to the crop and another rain will make a heavy crop for the coming season. Most of the south Texas crop is now determined and in many places doubled the crop in that section last year. We expect to get very busy this year hauling the cotton crop and will put on special trains to expedite the movement."

FLANAGAN LEAVES COTTON BELT ROAD

Recently Appointed General Passenger Agent Resigns. Possible Successor

The announcement of the resignation of General Passenger Agent J. W. Flanagan of the Cotton Belt, headquarters at Tyler, as foreshadowed in The Telegram Friday, caused considerable comment in local railroad circles today. The resignation is effective at once. Mr. Flanagan came to the Cotton Belt a few months ago from the Southern Pacific. He was general agent for the company at Havana, Cuba. Publication that Mr. Flanagan had accepted service with the Panama canal commission is said here to have been premature; that Mr. Flanagan has not decided to go with the commission and his movements in the future are not now known. General Freight Agent J. F. Lehane is spoken of as again assuming the position, but when seen regarding the matter said he knew nothing of it. Mr. Lehane was joint freight and passenger agent of the road in Texas prior to Mr. Flanagan's connection with it.

Littell's Liquid Sulphur

ABSOLUTELY PREVENTS MOSQUITO BITES This splendid germicide is being used extensively in New Orleans by citizens and in hundreds of cases by physicians and in every instance has proved an effectual preventive of yellow fever.

A LARGE BOTTLE Sufficient for long continued use, costs 50c at the drug store. Buy a bottle today and feel safe. Bottle and booklet give full directions for using.

Rhuma Sulphur Co., ST. LOUIS, MO.

GRAND ARMY MEN OFF FOR REUNION

Texas Delegation to Denver Gathering Mobilizes Here and Leaves for Denver

About seventy-five members of the Grand Army of the Republic occupied two extra chair cars and one Pullman, leaving for the Fort Worth and Denver City railway at 9:45 a. m. today. The veterans, headed by members of the camps at Dallas, Waco, Sherman, Paris and Fort Worth and go to the annual convention of the G. A. R. in Denver, Colo., which meets during the coming week. A large attendance is the forecast for the meeting, the time to be given over to transaction of such business as may properly come before the national body for adjustment and action, speech-making by various public men of note and social entertainment of the veterans by the city of Denver, for which great preparations are said to have been made.

MAN ABOUT TOWN

Upon the desk of a prominent and successful business man of this city is a little card that spells his road to business success. Propped up so as to be always visible it confronts him on all occasions. The sign, printed in neat type, merely says: "What are you doing toward keeping your goods before the Architects? Draymen? Veterinarians? Electricians? Restauranters? Trainmen? Ice-men? Saloon Men? Expressmen?" The acoustic with its initial word "Advertise" is equally applicable to all business men, just as the purchasers to whom he refers are specially important to his line of business. G. J. Bryan of this city, who represents the Southwestern University of Georgetown, has just returned home from a successful trip in the interest of that institution through the Panhandle, and along the Santa Fe and in Central Texas. Mr. Bryan said that the prospects for a first-class year were very encouraging and he believes that the enrollment of pupils this year will be the largest in the history of the school. He says that there will be at least six hundred in the academic department. The managers have just completed an addition to the girls' dormitory that cost approximately \$25,000 and that even with this additional room the university will not be able to accommodate the young ladies who want to attend the school. A similar report of large attendance is made by the managers of the Fort Worth University and of the Polytechnic College of this city. The enrollment of both these schools will be far in excess of last season, and with additional facilities for handling scholars the coming scholastic season promises to be an unusually successful one.

AUDITORIUM SOCIAL

A lawn social was given by the Auditorium committee Friday night at the corner of Fourth and Lamar streets, attended by a large number of citizens interested in the building of the Fort Worth Auditorium. Secretary Brown Barwood said to a reporter for The Telegram that the social that the committee had spent money and valuable time in preparing for the affair and expected to realize a handsome profit out of the proceeds. Refreshments were served during the progress of the evening and those who were present report an enjoyable time. Toastmaster W. B. Paddock made a few appropriate remarks and addresses were also delivered by Judge N. B. Moore and Messrs. W. G. Turner and W. F. Young. Although there appears to be a lack of interest in the contest during the past week, the committee believes the citizens will respond until this thing is put through," said Secretary Barwood, "and I am more determined than ever to aid to the best of my ability in the building of an Auditorium in Fort Worth."

THE MOSQUITO IS RESPONSIBLE

for the spread of yellow fever. This has ceased to be a theory, but has been actually proved by scientists who have made it their study at a close range and is the keynote of the fight of the United States health authorities against the epidemic in New Orleans. This is the way infection is carried: The mosquito bites a sufferer with yellow fever and after a period of incubation of ten to twelve days, it bites a well person, injecting directly into his blood the fever germs. In from three to five days' time he is taken sick with the fever. Now, while great work is being done in the extermination of the mosquito and preventing further propagation, there still remain myriads that have not and cannot be touched. As a result science has sought for something that would prevent mosquito bites at the same time rendering the blood immune to yellow fever infection. It has been found in

MAIL CLERK HURT

Receives injuries by Stepping from Frisco Train

J. A. Wright, a railway mail clerk on the Frisco between Fort Worth and Brady, sustained severe bruises Friday night about 9 o'clock upon getting out of his car, where a meeting was to be made with another train in order to facilitate handling the mail.

It being very dark along the side of the track, he was unable to see a large hole on the side where he stepped from the car, the result being that he was sent tumbling into the hole, a distance of fifteen feet. His injuries were painful, but not serious.

Best for rheumatism, Eimer & Amend's Prescription No. 2851. Celebrated on its merits for many effectual cures. For sale by all druggists.

Take your down-town lunch at the Delaware Cafe. Dr. Ray, Osteopath, telephone 532.

Both phones 711. M. E. Smallwood of Houston is in the city. John M. Wyatt, a banker of El Paso, is here on business. H. R. Reddick and family of Carlsbad, N. M., are visitors in Fort Worth. L. E. Thomas of El Reno, Okla., is in the city. Miss Mollie Childress of Benbrook is in the city visiting friends. J. W. Heffington of Smithfield was a business called in Fort Worth yesterday. Harry Cook arrived from New York this morning. Mrs. George E. Nies and son, Charles, are in Dallas visiting friends. Miss Lovelady of 1301 North Henderson street has returned from West Texas. H. B. Gately, manager for Dun & Co. here, has gone on a business trip over the northwestern section of the state. Mrs. J. A. Smith of 700 West Second street has returned from a two months' visit to relatives in Kearney, Neb. Miss Lillian Helmcamp, who has been visiting her cousin at Azle, returned home yesterday. Dr. and Mrs. E. D. Hamner of Galveston are in the city, visiting their daughter, Mrs. E. E. Frost. Jacob Schreiner of 804 West Weatherford street returned last night from a two months' vacation. R. J. Sullivan, superintendent of the Missouri, Kansas and Texas railroad at Denison, was in the city Friday. Mrs. L. A. Fowler of Willis Point, wife of Conductor Fowler of the Texas and Pacific railway, is in the city, the guest of friends. J. A. Hills and wife arrived this morning from Green Castle, Ind., where they have been on several weeks' visit to relatives. W. H. Robb, United States immigration agent with headquarters here, with his family has gone for a thirty days' vacation to the north. Mr. and Mrs. W. G. Ramsey of Newark are in the city visiting their son, George D. Ramsey, county superintendent of public instruction. Rabbi Joseph Jasin has returned from a vacation spent in Cleveland and Cincinnati. When away he attended the central conference of American rabbis. Miss Myrtle Hess of Chicago arrived in the city Thursday night. She is here on account of the death of her cousin, Miss Myrtle Cook. D. C. Bomar has returned from a trip on the Denver road, having accompanied Mrs. Bomar a part of the way on her trip to Los Angeles. Leon Gross of Washer Brothers has returned from New York and other eastern markets, where he has been for several weeks. Miss Lenora Popplewell leaves this morning for Birdville, where she will spend two days visiting her sister, Mrs. R. A. Autrey. It will always be found a little better and perhaps a little cheaper at the William Henry & R. E. Bell Hardware Co., 1415-17 Main street. Assistant Superintendent A. S. Roberts

of the Railway mail service at Austin, spent Friday night in the city and returned to his home in that city this morning. C. E. Mitchell, one of the railway mail clerks at the transfer station at the Texas and Pacific passenger depot, has returned from his summer vacation, spent with relatives at Alley, Mo. The Postal Telegraph Company has moved the office that has been in the McCord-Collins building on south Main street over to East Front street, near Houston. Work started in the new location yesterday morning. Oscar Lenglet has sent a check for \$11 to Chief Biddeker of the fire department in recognition of the excellent work done by the department a few days ago when his new house caught fire. The department confined the flames to the roof of the building. The Western Union Telegraph Company and the Santa Fe railroad are jointly repairing the telegraph system along the Santa Fe's right of way. All the old poles are being replaced with new ones and defects all along the line are being put into first-class shape. The Ladies' Aid Society of St. Paul's Methodist church has remodeled the chapel. Everything has been painted and cleaned and a new carpet put down, adding greatly to the beauty of the inside of the church. They are now raising money to renovate the whole church. E. A. Gillette has been in the city for several days, securing laborers to work on the construction of from sixteen to twenty new iron bridges, for the placing of which he has the contract on the main line of the International and Great Northern railroad between Austin and Palestine.

AMUSEMENTS

The Albert Taylor Company No. 1 came from Dallas this afternoon for a matinee engagement in "Lost in Boston." Mr. Taylor taking the role of Daniel Barrett. The second company, which has been at Greenwall's opera house all week, closes its engagement tonight in "Texas, or the Siege of the Alamo." Friday night the company gave "A Struggle for Gold." Judging from the size of the past week's houses, the company is in no danger of enacting the melodrama in real life, for a fat box office has been the rule every night.

Monday will be Labor Day indeed for the "Uncle Josh Perkins" Company, which will play matinee and evening engagements at Greenwall's. Uncle Josh is old and ever popular. These are some of the cast in "Lord Baltimore," which comes to Greenwall's Tuesday night, Sept. 5: Leon Allen, Frank Elmore, Walter Potts, Jap Renfrow, Albie Herbert, Willard Mattew, Birde Allen, Georgiana Eddings and many others. "Hooligan in New York" is the bill for Wednesday night, Sept. 6, at Greenwall's. Will Hill Wheeler will be "Happy."

ROSEN HEIGHTS PIKE Coolness and comedy combined is marking the productions of the Hawthorne Theatre Company at Rosen Heights Pike, the cool ride to Rosen Heights with a fine production at the end causing liberal patronage of the enterprise. Perhaps the greatest hit of the week is being made by Alan Wisheart, a towering young giant in a side-splitting rustic performance. "Hey, Mr. Joshua" and "That's What, By Josh" as sung by him are receiving frenzied encores and loud applause. A perfect make-up and good action makes his act a rousing one. "Maple Heath," a pastoral drama in four acts, will be presented tonight. Do you suffer with indigestion, constipation, feel mean and cross, no strength or appetite? Hollister's Rocky Mountain Tea will make you well and keep you well. 35 cents, Tea or Tablets. J. F. Brashear.

Ayer's Sarsaparilla. The doctors' Sarsaparilla. The tested and tried Sarsaparilla. The Sarsaparilla that makes rich, red blood; strengthens the nerves; builds up the whole system. J. C. Ayer & Co., Lowell, Mass.

Money! Money!! Large or small. See SIMONS, the Reliable Pawnbroker, 1503 Main Street.

Staver Buggies, Studebaker Spring Wagons and Harness. First-class articles at reasonable prices. Terms made on anything in the vehicle line. Texas Implement & Transfer Co., Corner Belknap and Throckmorton Streets.
