WINTER DULLNESS

Usual Quiet Months Will Not Be Experienced During This Year

NEW YORK, Sept. 14.-The Iron Age its issue of today says: A review of the whole fron industry justifies the general statement that it is

enjoying great present activity and a of work for the winter months have not even arisen this year and the outlook is for work at high pressure well into next spring. Added to this come reports of a distinct improvement in England, where business has been lagging until lately, the continent having sent cheerful reports since the early summer.

There have been further heavy purchases of steel rails, the Pennsylvania Company leading with over 179,000 tons, distributed among the mills on the line of the road, while the Missouri Pacific has added 25,000 tons to former orders and the Harriman lines 32,000 tons. The Soo line has purchased 10,000 tons and Wheeling and Lake Erie 5,000 tons. Tennessee Company has orders on its books aggregating over 210,000 tons, which will keep it busy well into 1906 while the Colorado mill is committed far ahead. It is understood that the New York Central is negotiating for 160,000 tons, and there are besides in the market one system for 35,000 tons and another for 50,000 tong.

An interesting situation is developing in relaying rails, which are very scarce because the roads, finding it impossible to secure prompt deliveries on new rails, are loath to part with what relayers they

ig Iron Contracts

It is reported that today negotiations will be closed for the sale to the steel corporation of 10,000 to 15,000 tons of Bessemer pig for September delivery During the past week some interests have taken smallers lots of 2,500 to 5,000 to \$14.90, valley furnace, and some fair sized lots of basic pig have also been placed. It is estimated that leading inrests will need between 35,000 and 40,-600 tons per month of Bessemer pig dur-ing the balance of this year. There are indications of renewed buying of basic pig fron by the eastern steel makers. One large plate mill in Eastern Pennsylvania has just purchased 20,000 tons, for delivery running into 1906, and there are feelers which will probably lead to large ness during the next fortnight. Some pretty large requirements for foundry trict, between 25,000 and 30,000 tons being referred to as the requirements of some large consumers. Some of the leading iters in the Chicago district are in the market in lots of 5,000 tons and under.

WITNESS DEFENDS USE OF SYNDICATE

Treasurer of Mutual Life Insurance Company Says Their Formation is Necessary

NEW YORK, Sept. 14.-A vigorous defense of syndicates and their operations in connection with the insurance business and a frank statement of personal profits gained through their operations made by Frederick Cromwell, treasurer of the Mutual Life Insurance Company, was the feature of yesterday's session of the special legislative committee appointed to probe methods of life insurance companies in this state. The defense of the syndicate was made by Mr. Cromwell soon after he was called to the stand in the morning. Before he was asked a question he begged leave to say a few words, and upon being directed to pro-

Insurance Company the total assets of our company were \$100,000,000. The transactions in my department now are over \$100,000,000 per annum. When our receipts were less-twenty years ago-it was quite possible for us to buy from bond dealers and pay the successive profits, but now it is absolutely impossible to buy advantage ously large blocks of securities except as they are floated by these combinations of capital popularly called syndicates, and we have to go into them to get out investments and get them in sufficient size and at 'ground floor' prices. We could not make our investments without syndicates and we are partners in every syndicate into which we go. I want to say further that unless we went into these syndicates we could not be able to invest our funds except by buying in small quantities and paying the successive profits of middlemen."

The Blood is the Life

Thus said one of the greatest physicians of modern times. If the Blood is pure, then the individual is strong and healthy. If the blood is impure, then there is sickness and decay in the whole system. The duty of the Kidneys is to filter the blood, which circulates through them for that purpose, cleansing it from all impurities, worn-out matter and uric acid, collected in its journey from the heart through the system. To ourify the blood we must first be sure that the Kidneys are in order. We cannot get pure water from a foul filter, neither can we get pure rich blood from diseased Kidneys. If the Kidneys are out of order, they cannot filter the impurities and uric acid from the blood, resulting in Rheumatism, gout, pain in the back, urinary troubles and kindred diseases. IRVING"S BUCHU WAFERS cure Rheumatism to stay cured, by removing the cause. They put the Kidneys in a healthy condition, enabling them to discharge the blood to the heart pure and healthful, with all uric acid, the presence of which in the blood is the cause of Rheumatism and all other blood diseases, eliminated. Mr. John Knowlton's experience, which he relates in a recent letter, is just the same as many others who have written in thankfulness for their cure. Mr. Knowlton says:

"As a sufferer from chronic Rheumatism for nearly twenty years, I think I may safely say that I have tried almost a hundred remedies; old women's recipes, physicians' prescriptions and patent medicines. Many of them relieved me for a time, but the first slight cold brought back the Rheumatism. One day I picked up a circular of Irving's Buchu Wafers and started to read it. I was not much interested at first, but when I began to read how the kidneys were responsible for Rheumatism, I began to pay attention and the common sense statements made such an impression that I immediately bought a box. Well, I took the whole box and had no Rheumatism for a month, but a slight cold brought it back, but not so bad as previously. This encouraged me, and I bought six boxes. I took them all faithfully, and it is now nine months since I had a twinge of the Rheumatics, so that I feel that I am really cured. After the experience that I had with other so called remedles for Rheumatism, you will understand how glad I am to be able to testify to the merits of Irving's Buchu Wafers. They certainly did all that is claimed for them

IRVING'S BUCHU WAFERS are nature's own remedy for the cure of Bright's Disease, Congestion of the Kidneys, Bladder troubles, Dropsical Swellings, Gout Gravel, Jaundice, Diabetes, Female Complaints and Irregularities, and are a positive cure for all Diseases and Blood Impurities which are directly or indirectly traceable to deranged action of the Kidneys. They are pleasant to the taste, being sugar coated, and are prepared by the Irving Drug Co., Philadelphia. Price, fifty cents. There are many imitations of the IRVING'S BUCHU WAFERS on the market, but do not be satisfied with anything but the genuine. H. T. Pangburn & Co., Ninth and Houston streets, Fort Worth, Texas.

TEXAS IN BRIEF

\$200,000 IN IMPROVEMENTS

MISUNDERSTOOD

A negro had been arrested for stealng money from his employer, a Mr. Appleman. The magistrate, who knew the extension to Cuero from San Antonio the prisoner, looked earnestly at him, and remarked, with real interest in

"Sam, I'm sorry to see you here Didn't you know that no good could ome from stolen money? There's a year's crop. Corn and oats good. Wheat curse on it." "Well, jedge," replied the prisoner,

"I didn't know Mistah Appleman stole rain; still dry and hot. Wichita Falls. Texas. It is to be 180 that money. I couldn't tell dat by jist miles long. Most of the incorporators are lookin' at it."

When the system has been weakened by sickness you will find the Bitters particuarly agreeable and beneficial. It restores the appetite, builds up strength and cures Heartburn, Bloating, Costiveness, Headache, General Debility, Indigestion, Dyspepsia and Female Ills. Don't fail to try a bottle.

"Please Smile Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked.

Fancy an attendant saying to the tortured woman, "Please smile and look pleasent".

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against Nature. Generally speaking, the racking pains of ill-health such as headache, backache and "bearing-down pains" are related to derangements or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as sacredly confidential.

sacredly confidential.

"It affords me pleasure to relate the wonderful merits of your great medicines, especially your 'Favorite Prescription,' writes Mr. J. Wesley Rhine, of Woodbury, N. Jersey, L. Box 262. "My wife has been using it for some time past, having suffered severely with bearing-down pains, aching in back, and many other complaints peculiar to women. She was very weak, could not do any heavy work or washing but can do all kinds of work now. She is soon to become a mother but we do not fear the result (as heretofore), all due to your wonder-worker, 'Favorite Prescription.'

"Your 'Pleasant Pellets' are also worth many times their price. I have used them for biliousness and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept."

Will men like these serve in the state

The suggestions of the Waco paper meet with the unqualified approval of The Telegram, as they will receive the indorsement of the people everywhere. The time has come in the history of Texas when the best interests of her people do not aspire to legislative office. They feel that to make the race for the state while they would be willing to serve in the event of election, they are not going out on the hustings and engage in a hu-

An increase of 19 per cent in population through reproduction and immigration is pointed to, an increase of 33 per cent in the wealth of the country, money in circuldation being 53 per cent greater in Moonshine and Musings volume and bank deposits 100 per cent more. A gain of 82 per cent in the production of gold, 77 per cent in pig iron and 80 per cent in coal is discovered by delving into the statistics of the decade ending 1904, as compared with the preceding decade.

These figures are followed by statistics for the slaughtering of cattle at Chicago and the principal markets of the west, in which it is found that the slaughter was less in 1904 than in any of the three preceding years, and was only 101/2 per cent greater in 1904 than in the year 1893, twelve years ago. This surely goes to show that the production of hides is not increasing commensurately with the increase of the wealth and consumptive the last month. capacity of the country, and when an ircrease of 143 per cent in the exports of leather and manufactures of leather is You know she used to be an actress. guessed, when his questioning of Mrs. | Lady Muriel Crawshay with attentions taken into account it will be seen that nel Dick Wynne as a candidate for gov- Krance as to her powers of sleep re- which she loathes, yet has to tolerate the available supplies of leather for a THEY LOOKED GOOD TO SHREVE owing to her father's foolish infatuation rapidly increasing population are, if this condition of production continues, to be-come inadequate to the requirements of in the evening when the streets had

Association races

Believed Dates Can Be Secured for Five-Day Meet

cing with membership in the Texas Racing Association and a regular meeting this fall, if such can be arranged as to make the dates favorable to conditions in

the Panther City.

Bob Barker of the Texas Racing Association was in Fort Worth Wednesday afternoon for the purpose of ascertaining the possibilities of Fort Worth entering the Texas racing circuit with a meeting this fall and had a long consultation with H. A. Lawler, secretary of the Fort Worth organization. It was almost definitely decided that Fort Worth would be represented in the circuit with at least five days' racing.

The ground for the track has been se cured and the work of getting it in shape has been started. The track will be in-

expressed the belief that the Fort Worth Carter for the locals. Driving Club would be ready by Thanksgiving Day. He will ask the Texas racing circuit for dates and expressed himself as believing that the meeting will be all that the club could expect.

It is expected that four running races and two harness events will be on the program for each day. This will make the meeting equal to any of the meetings in the circuit and place Fort Worth permanently on the map as a racing cen- yesterday, made the following score: ter. Alderman from Seventh Ward Will Not Stand for Fur-

ther City Office

Alderman J. F. Henderson, who repesents the Seventh ward in city counil, will not be a member of the next ldermanic board.

This announcement will prove a surprise to a great number of people in his and other wards of the city as he was counted upon for an easy reelection, while rumors were thick that though he might not return as an al-derman he would as mayor.

Mr. Henderson, however, says he is through with service in the council and will run for neither position. He admitted when asked in regard to the matter that he had been urged

to make the mayoralty race but had "Should I become mayor," he said, "It would require at least eight or nine

ARTIFICIAL LIFE SECRET IS SOLVED

stance Followed by Natural

Development, Says Loeb

the Tribune from San Francisco, Cal.,

Professor Jacques Loeb of the University of California has just made public another step in his work of producing life by artificial methods. He has found a reason for the appearance of the fertilization membrane which appears around the sea urchin and star fish eggs after they have been penetrated by the active element. He announces that fertilization of

the eggs is accomplished by the active 66 deaths. elements driving out some substance in the eggs which prevents fertiliza-

Professor Loeb found that the membrane is the result of extersion of substances from the egg which lifts it up from the surface. This makes up the fluid lying between the egg and the membrane, and appears to contain sub- death are reported here today. stances which, when in the egg, prevent its development.

It follows that any chemical which drives out these substances will reease the vital mechanism and proluce artificial life.

EIGHT HOUR FIGHT

Employers' Organization of

Niagara Falls Offers Bonus

for Printers Who Work

NIAGARA FALLS, No. 14.-At a meetng of the Employers' Association at Niagara Falls, representing \$30,000,000 invested in capital, the association resolved to stand by the newspaper publishers of this city in a fight against striking printers. A liberal bonus will be offered by the association to printers who work for

NEW HAVEN, Cong., Sept. 14.-Forty. various book and job printing establishments in this city, went out on a strike today on account of the refusal by the master printers to accede to the union demand for an eight-hour working day in piece work and placing the price from 371/2c per thousand ems to 40c. Five firms are affected. It is expected effort will be made to secure non-union men to take the places of the strikers.

Ready Mixed Paints—\$1.00@1.65. Window glass—90 per cent off January ARGENTINA TARIFF

Will Ask Secretary of State

to Stop the New Duty

NEW YORK. Sept. 14.-Cablegrams from Argentina were received yesterday by leading exporters in New York, say ing that government has given notice that it is to levy a prohibitive tariff tomorrow on all parts of agricultural and industrial machinery used in repairing, and calling on American manufacturers to ask the American government to intervene. The wires were kept hot all yesterday afternoon between New York and other chief cities and by nightfall arrangements had been completed to lay matters before the secretary of state to-

A representative of the American exporters said yesterday: To Seek Intervention

"This news is so sudden we hardly know which way to turn. We do not even knew if Argentina is to apply the prohibitive tariff to European and Australian exports, although we believe not. We will ask Secretary Root to direct the American minister at Buenas Ayres to "If this prohibitive tarff goes into ef-

fect it will be a heavy blow to American manufacturers. More than a thousand per gal, 21Z35c; prime reboiled, carloads of machinery are shipped every per gal, 23@24c; choice reboiled, carloads of machinery are shipped every profitable end of the business is in the export to Argentina of spare parts used for repairing, on which duty has averaged less than 25 per cent of the duty levied on machinery proper.

"It will be a pay or two before we find out if we can stop the new tariff or ascertain the motive of Argentina. She has practically no coal, iron or wood, except dye woods, so there is no opportunity for Argentina to build factories to compete with foreign makers of machinery. There must be some trick behind this

MARKET HOUSE PLAN

No Action Yet Taken by County Com-

Nothing definite has been done by the county commissionrs' court in regard to the market house. The court met again this morning to give the matter consideration. It was decided by the commissioners'

court to aid the enterprise if a way to do so can be devised. Every member of that body is favorable to the market house project. The representatives of the market houes company will again meet with

indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an ab-coss to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.). He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world. Sold by Covey & Martin, 810 Main street, Op-posite Hotel Worth.

Chamberlain's PASTOR CALLS FOR MORAL QUARANTINE

Feared Than Yellow

Fever Centers

A moral quarantine was discussed at

chapter of Second Kings.

The speaker then told of the eastern ital, custom of isolating a leper. He could not live with his family nor associate at all with others. He then told of the the moral lepers of Fort Worth who, he said should be shut out from decent society and quarantined from homes. He agent for the Yalu Lumber Company, are tection. spoke of how scared people were of a preparing to return here and friends of physical contagion, such as yellow fever. Russia are anticipating their arrival. and how careless they were of the moral contagion and said that two hundred saloons and nearly one thousand women selling themselves to shame was a more dangerous plague than the yellow fever

in New Orleans. The closing part of the sermon de scribed the leper Naaman healed by the power of God returning home, and a touching picture was drawn of the saved and cleansed sinner who could go home clean and washed in the blood of Christ residence, 810 Lamar St., phone 1034. Of- and fit for good citizenship and the as-

Services are being held each evening. The song service conducted by John W. Bradley begins at 7:30 o'clock.
