

FRENCH SILENT ON DISCLOSURES

Reputed German Alliance Provokes No Comment

KAISER BLOKED GAME

Newspaper Says Offer Made by England to France Caused Delasse to Resign

PARIS, Oct. 12.—The French government continues silent concerning the alleged revelation that Great Britain would offer naval and military aid to France if Germany assumed a belligerent attitude over the Moroccan question.

The Figaro gives a detailed version even more sensational than the previous alleged disclosures in the Matin. It says the previous report that Great Britain is offering to mobilize her navy and land British troops in Germany is not correct.

Before the Moroccan crisis became acute the British government made three distinct overtures to Great Britain. It was desirous to conclude a treaty for a defensive alliance. France declined to consider the question.

The German ambassador in London, Count Wolff-Meternich, learned of these assurances and informed Berlin. Emperor William decided on a counter move and made Italy the medium of his execution.

BANKERS END MEETING

Annual Convention in Washington Comes to a Close

WASHINGTON, Oct. 12.—The American Bankers' Association will conclude its thirty-first annual convention today with a discussion of practical banking questions by delegates, an address on "Our Commerce," by Harvey D. Gouder of Cleveland, Ohio, and the election of officers.

The report of the currency committee, which was submitted yesterday, may also be taken up for discussion and disposal. Besides conducting the conference, the bankers also will conclude an elaborate program of sight seeing and entertainment.

PAPERS WORTH \$4,000 BURNED IN RUBBISH

Gymnasium Fund of Southwestern University Seigniously Depleted Through an Accident

GEORGETOWN, Texas, Oct. 12.—In making some changes at the Southwestern University the other day a box containing the sum of \$4,000 in checks and notes belonging to the gymnasium fund of the institution was hauled away with the rubbish and burned in the bonfire built for the purpose of getting rid of the trash.

LAWYERS ADJOURN TO SEE FOOTBALL GAME

Hearing of Railroads' Suit Against State Suspended on Account of State University Match

AUSTIN, Texas, Oct. 12.—Arguments were resumed this morning in the injunction suits of allied railroads against the state, requiring the collection of tax under the "Love bill." The entire morning session was consumed by Judge H. M. Garwood, general attorney for the Southern Pacific. His argument was devoted to the constitutionality of the act, and that the law was contrary to federal constitution.

ADJT. GEN. HULEN RETURNS FROM EDNA

Leaves Thirty Soldiers and Twelve Rangers to Guard Monk Gibson—The Town Is Quiet

AUSTIN, Texas, Oct. 12.—Adjutant General Hulen said that he did not know what disposition would be made of Monk Gibson, but believed that he would be taken to Houston. He said that everything was quiet at Edna and there was no fear of trouble, although thirty soldiers and twelve rangers had been left to guard the prisoner.

Student's Room Robbed

SAN ANTONIO, Texas, Oct. 12.—While the football eleven of the West Texas Military Academy practicing yesterday the room of a student named Leona, from Beaumont, was ransacked and \$25 in cash and \$300 in diamonds and jewelry stolen. The police suspect another student.

COTTON GOODS RATE WILL BE RAISED

Will Affect Shipment to China From Southern Mills and Will Become Effective July 1, 1906

NEW YORK, Oct. 12.—It was stated yesterday, says the Journal of Commerce, by an official of a prominent house carrying on a large trade with the Orient, that representatives of the leading Suez steamship companies and transcontinental lines had decided to raise the rates on cotton goods to China. The new rates will go into effect July 1, 1906, this informant stated. They will be as follows from southern mill points:

Overland rates, \$1.25 per hundred pounds and 6 1/2 cents a 100 via Suez canal. The present rates are about \$5.62 1/2 per ton. The measurement basis of cost will be abandoned entirely for the basis of weight, as the latter is considered more just.

DISASTROUS FIRE VISITS HILLSBORO

Four Business Houses Thought to Have Been Set Afire—Loss \$14,000; Insurance \$8,600

HILLSBORO, Texas, Oct. 12.—The most disastrous fire that has visited Hillsboro in recent years occurred here Thursday, four business houses being destroyed, the stock in all but one being completely destroyed and in that one all not destroyed outright being seriously damaged.

The contents of the two grocery stores and Chumbe's stationery and confectionery, were almost entirely consumed, while Mr. Wilder lost twenty-two pianos and organs, besides a large amount of other stock and had a number of pianos and organs badly damaged. Hardly any of his household goods were saved, though he secured his books and papers, including notes and invoices. His stock was estimated at from \$3,500 to \$4,000 and was insured for \$2,000; Chumbe's stock and fixtures, valued at \$2,500 and insured for \$1,800; Mrs. Scroggins' stock was valued at \$2,500 and insured for \$1,800. Mr. Wilder stated that he could not give an estimate of his losses until he examined his invoices.

The buildings were owned by A. J. Thompson. They were damaged to the amount of \$7,000 and were insured for \$1,800. The fire is believed to have been the work of an incendiary. A cash register in the store where the stock had been robbed of a small sum of money.

BANK BOOKKEEPER DIES FROM BROKEN HEART

Worked With Peoria National Fifty-One Years and Could Not Stand Dougherty Case Disclosures

CHICAGO, Oct. 12.—A dispatch to the Inter-Ocean from Peoria, Ill., says: Heartbroken over the closing of the Peoria National Bank on account of the alleged defalcations of Professor Newton C. Dougherty, its president, Calvin C. Linn, for fifty-one years' bookkeeper and officer of the bank, died last night at his home.

Mr. Linn resigned his position with the bank the first of last January and has retained his connection as a stockholder and director. From the time that the alleged machinations of Professor Dougherty became known, Mr. Linn began to sink.

HANDLED MILLIONS; GOT \$55 A MONTH

Investigation Discloses That Missing Pittsburg Express Clerk Was Under Only \$2,000 Bond

CHICAGO, Oct. 12.—A dispatch to the Record-Herald from Pittsburg, Pa., says: Investigation yesterday into the recent Adams Express robbery, when G. E. Cunniff, a money clerk, disappeared at the same time \$119,000 was discovered missing, brought to light that this clerk, though handling perhaps a million dollars yearly, was paid but \$55 a month in salary and was under only \$2,000 bond.

ACTRESS LOSES POINT

Order in Edna Wallace Hopper Case Is Held Void

SAN FRANCISCO, Oct. 12.—The superior court yesterday decided that the order issued by Superior Judge Coffey appointing special administrator of the estate of Edna Wallace Hopper to take charge of the property of her stepfather, Alexander Hopper, was void. Judge Coffey's order was issued after Hopper's petition for the appointment of an administrator, which she had filed on the ground that the law was contrary to federal constitution.

PIGEON CHEATED TOWN OUT OF HOUR

Perched on Hands of Court House Clock and Made All Kinds of Trouble as Result

LOGANSPORT, Ind., Oct. 12.—Three pigeons perched on the minute hand of the court house clock last night, stopped the clock for an hour. Lawyers, stenographers and business men accustomed to quit work at 5 o'clock wondered why the day seemed so long. Finally the birds flew away and the clock resumed the measuring of time and at 6 o'clock struck five. Scores of persons found their suppers cold or went without.

Killing Frost at Lawton

LAWTON, Okla., Oct. 12.—The first real killing frost of the fall came Tuesday evening. Wednesday morning on the lowlands the white king was almost as heavy as a light snow. The small bolts and leaves of the cotton have been killed. With a few days of sunshine all mature cotton bolls will open readily and can be picked more easily than before.

MURDERED ITALIAN A VICTIM OF MAFIA

New York Police Think Political Plot Inspired Killing of Brooklyn Butcher

NEW YORK, Oct. 12.—That Gaetano Costa was murdered in his butcher shop in various places—some had been compelled to leave all their worldly goods behind them in the haste of flight, and went west to begin life anew. Among these were Costa's two brothers, Giuseppe and Luigi. With the exodus of the three men, however, the Mafia apparently did not drop the matter. Three years later, according to the narrator, the body of Giuseppe Costa was found in Jackson park, Chicago, lying on a sidewalk, with wounds. Around the waist was a blue sash, placed evidently as a warning to other Italians who knew the methods of the Mafia.

About a year after that three Italians were mysteriously murdered at Riverdale, Ill. Not long after that Luigi Costa was killed at Geneva, Ill. Finally a few months after that the headless body of a man was found at Erie, Pa. Also with a blue sash around the waist.

In the light of these events and the peculiar circumstances surrounding the murder of Gaetano Costa, the Chicago Tribune says that the Mafia in Brooklyn is convinced he fell a victim to the same vendetta.

COURT THROWS OUT BOY'S DAMAGE SUIT

Lad Fails to Recover Damages for Loss of Eye Caused by Breaking Torpedo with Stone

WACO, Texas, Oct. 12.—An interesting and novel suit was settled in the Ninth district court yesterday. Herbert Thompson, a boy about 19 years old, was plaintiff by next friend. Herbert was saying on the tracks of the Santa Fe at McGregor about two years ago, when he found a railroad torpedo, the kind used in giving signals. The tin attachment interested him and he broke it open with a stone, an explosion following, which put out his eye. Plaintiff claimed that the road was negligent in allowing torpedoes to be left where children often passed and that torpedoes were dangerous and yet readily attracted to children.

LAWTON SIDEWALKS MUST BE KEPT CLEAR

Warrants Issued for Arrest of Several Merchants Including Two Members of City Council

LAWTON, Okla., Oct. 12.—Warrants were issued today by City Attorney W. H. Linn for the arrest of M. B. Rilling and William Klueck, both members of the city council from the Fourth ward, charging them with violation of the city law in obstructing sidewalks in front of their places of business. Rilling operates a general merchandise store in E avenue and Klueck is a groceryman in D avenue. Both complaints were signed by W. F. Riley, city clerk. City attorney W. H. Linn has a warrant for arrest has also been made.

Warrants were issued yesterday for the arrest of Lewis Brothers and J. E. Jarrett, proprietors of C avenue. They were arrested today by Policeman Talmadge and gave bond for their appearance before Police Judge Morgan. It is said that warrants have been issued for other business men of the city, whom it is alleged have violated the same ordinance, but no other arrests have yet been made.

FRENCH IMPATIENT AT VENEZUELA PRESIDENT

Apology for Action Toward M. Taigny Is Yet Forthcoming and Officials Are Angry

PARIS, Oct. 12.—Official quarters here show a growing impatience at President Castro's failure thus far to withdraw the offensive action toward M. Taigny. Although no definite determination has been reached, intimations are made that the situation may not permit an indefinite delay, as President Castro's action is amounting to a refusal to withdraw the offensive action and may lead French public opinion to require the government to adopt more decisive measures to secure redress for the offense.

SWEATSHOPS IMPROVED

Chicago Inspector Says Conditions Are Getting Better

CHICAGO, Oct. 12.—Material improvements in the sweatshops of Chicago have been made in the past year according to the chief factory inspector, Edgar T. Davies, who has been given a report of the results achieved in his crusade against sweatshops.

LAND VALUES JUMP

Panhandle Soil Worth Ten Times More Than Four Years Ago

The Western Trail, a paper devoted to industrial matters in connection with the railroads, published at Chicago, contains a lengthy article on the Texas Panhandle, particularly that part of the Panhandle in the vicinity of Amarillo and Dalhart. One of the most important references made to that section of the Panhandle in the article is the fact that four years ago school lands sold at from \$100 to \$200 a section. Now this same land is being sold at from \$1,000 to \$2,000, and the prediction is made that four years hence these same lands will increase in value at even a greater rate.

Italian Cotton Mills Burn

NEW YORK, Oct. 12.—A cable dispatch from Milan to the Herald says: The cotton mill of Signor Cantoni, the largest in Italy, situated at Busto Arsizio, has been destroyed by fire, throwing 3,000 men out of employment.

BUSIEST YEAR FOR THE AMERICAN DOLLAR

Nation's bank clearings for week ended Sept. 30 were \$2,547,000,000; a 25.8 per cent increase over 1904. Minneapolis is having "million-dollar days." Railroads swamped. Standard Oil increased exports since Jan. 1, 60,000,000 gallons. Pennsylvania railroad has ordered 175,000 tons of steel. Biggest order ever given. Foreign sound raw mills filling order from China for 25,000,000 feet of lumber. Day, night and Sunday work can't fill foreign orders for electrical apparatus. Eighty-four railroads show increase gross earnings of 10.10 per cent for first half of 1905. Wheat crop worth \$80,000,000 more than in 1904; corn \$50,000,000 more. Raw silk imports for 1905 six times greater than in 1885.

TARRANT VALUE INCREASE GREATEST IN STATE

AUSTIN, Texas, Oct. 12.—The tax rolls of Tarrant county were received by the comptroller. They show a total valuation in 1905 of \$30,619,540, an increase of \$1,577,600. This is the greatest increase of any county in the state.

Man and Wife, Estranged After Years, Fight Duel to Death at Home

HEAVY WIND STORM BLOWS DUST CLOUDS

Indications Point to Cold Weather Before Final Cotton Picking Is Over

March mixed dates with October today. The day began with a disagreeable windstorm at an early hour today. The wind increased in velocity from ten miles an hour at 7 o'clock this morning to twenty-eight miles an hour at noon. The dust of the streets made travel somewhat unpleasant and lowering clouds made pedestrians betook themselves of umbrellas, raincoats and overcoats. Reported indications are to the effect that showers will probably occur tonight and tomorrow morning.

The passage of the high barometer area over Texas to be followed by rain, together with the fact that a high condition appears to be again spreading over the Pacific coast region is taken to indicate that colder weather will follow the anticipated rain tonight and Saturday.

\$100,000.00 FIRE AT FARMERSVILLE

Entire Town Has Narrow Escape From Flames

ORIGIN NOT DETERMINED

Departments From McKinney and Greenville Arrive Just in Time

Special to The Telegram.

FARMERSVILLE, Texas, Oct. 12.—But for the timely aid rendered last night by the fire departments from Greenville and McKinney, there seems little doubt the entire business part of Farmersville would have been destroyed by a fire of undetermined origin, which started shortly after 9 o'clock in the Neathery & Bumpass hardware store on the east side of the square. The flames were not controlled for an hour and a half, and in that time property valued at nearly \$100,000 was destroyed. Probably half of the loss is covered by insurance.

Recently the Farmersville fire department secured several hundred feet of new hose, but through some oversight it had never been tested with the new hydrants. As a result, when the fire broke out, it was found that the new hose would not fit the hydrants and was therefore useless. This seriously handicapped the firemen.

Both departments responded quickly, and by their aid the fire was finally gotten under control. The fire destroyed practically all the buildings on the east side of the square. During the blaze one man received a fractured leg and several other persons were slightly hurt.

Summary of the Losses. So far as has been prepared, the list of losses is as follows: Neathery & Bumpass, loss \$25,000, insurance \$15,000; Neathery Brothers, loss \$25,000, insurance \$15,000; Wink & Harvey, loss \$5,000, insurance \$3,000; Bank building owned by Dr. Neathery, loss \$7,000, insurance \$3,500; D. H. Penolton, loss \$10,000, insurance \$5,000; Farmersville Times, loss \$3,000, insurance \$1,500; Hudston & Lacy, loss \$100 (office furniture), no insurance; Dr. Burd, loss \$100 (office fixtures), no insurance; First National Bank, loss \$7,500 (fixtures), partially covered by insurance.

DR. GIVNS REASONS FOR RACE SUICIDE

Speaker at Michigan W. C. T. U. Conference Says Both Men and Women Are to Blame

DETROIT, Mich., Oct. 12.—Race suicide has been one of the principal topics under discussion at the district conference of the Woman's Christian Temperance Union which will close tonight at Wyandotte, a suburb of Detroit. Dr. Mary A. Willard of Detroit, of the conference, was the most extreme type of race suicide was the investing of ignorant foreigners with the right to vote while the intelligent women of the country were denied the franchise. "I will not attempt to deny that few children are born into American homes, for it is a lamentable fact, too patent to be contradicted. There are two reasons for this. One of them is that life is becoming too strenuous for the modern woman and she has not vitality enough to make her prolific in child bearing, and the other is that men sacrifice upon the shrines of Bacchus and Eros until they are powerless to lay upon the altar of wedded love the piped to that town and as soon as the news spreads there will be much excitement here. The flow of gas in the Santa Fe well was not controlled up to noon."

COOL WEATHER STILL RULES IN LOUISIANA

Rapid Diminution of Fever Cases and Lifting of Quarantine Is Expected

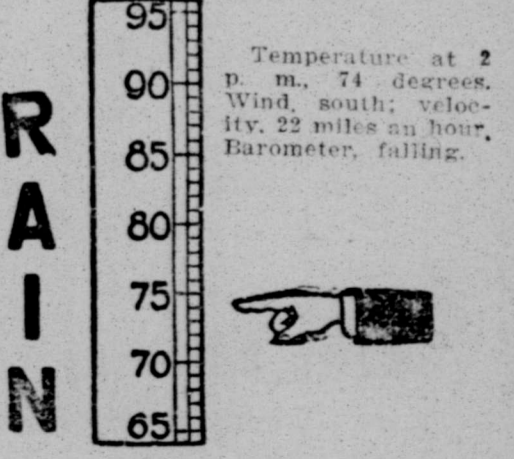

NEW ORLEANS, Oct. 12.—The weather continues cool here today and cold throughout most of the rest of the state and except for the fact that the nest of the fever has been discovered at New Iberia the yellow fever situation is cheering. Eighteen cases are now under treatment at New Iberia, and they all have been reported within the past two days, indicating the disease prevailed there for a long time. The failure to discover it before is explained by the fact the disease is exceedingly mild. A light frost is reported in the town and vicinity and it is anticipated the fever will be speedily wiped out, although at present there is some excitement and business is suspended. One of the three cases at Tallulah, where frost has been reported, is Miss Mass, a trained nurse, who was sent from New Orleans to assist in nursing the sick. Franklin, La., where one case has been diagnosed, is not far from Paterson, where the disease has been long prevalent. Franklin is the home of United States Senator Foster, who reached that town yesterday from his trip to the Philippines. The appearance of frost over a large section of Louisiana and Mississippi promises immediate results in modification and lifting of quarantines at present. Reports from today threw open its doors to the world. Several parishes have announced that communication will be restored next week. The express companies give notice that a large number of towns that have been cutting difficulties in the matter of handling express matter have removed all restrictions.

Roads Convention Ended

Special to The Telegram.

TEXAS GOOD ROADS ASSOCIATION finished its annual convention here yesterday evening. J. H. Bright of Houston was elected president and Wilson Shugart secretary. The meeting place for next year was not chosen. The delegates present expressed much pleasure at the fine showing made by Hays county in the good road building demonstration.

FARMING COURSE URGED BY HOUSTON

President of State University Addresses Railroad Industrial Agents on Subject

Agricultural education in rural public schools was discussed at the meeting of railroad industrial agents in this city Thursday afternoon.

The meeting was well attended by members who are connected with the industrial department of the different railroads of the state, eleven in number.

It was said efforts in the direction of inducing industrial enterprises to locate in Texas have already shown good results and the intention is to redouble efforts in this direction during the ensuing year.

O. H. Bowser of Dallas made a talk on the good roads proposition and said the state legislature should make an appropriation to aid the work. He suggested that the state should employ a competent engineer whose duty would be to keep the public roads in good repair.

David F. Houston, president of the State University, addressed the meeting along the line of teaching agricultural subjects in the public schools of Texas. He said that the matter was of vital importance to the state and should receive the widest consideration and discussion in the country schools throughout the state. Nothing of definite conclusion was reached by the meeting on this subject.

The next meeting of the association will likely be held in Dallas. The date will be decided in a few days by the executive committee.

DAVIDSON HERE

Frisco President Investigates Terminals at Dallas

A. J. Davidson, president of the Frisco, reached Fort Worth Thursday night from Dallas, where he spent most of the day investigating matters having reference to Frisco terminals in Dallas.

Touching this matter Mr. Davidson had nothing to say while in this city.

SWEENEY AFTER BONUS

Trinity and Brazos Investigates Waxahachie Property

General Manager Mike Sweeney of the Trinity and Brazos Valley railroad, headquarters at Cleburne and Fort Worth, is at Waxahachie this week conferring with the citizens of that place with reference to the Dallas extension touching Waxahachie. The settling committee has been at work securing the required bonus and is reported to be meeting with very fair success.

When in this city a few days ago Mr. Sweeney made the statement that he was well pleased with the progress the committee has already made and believes that it will be able to secure the bonus asked by the railroad company. He says:

that Corsicana has about completed its plans.

It is the plan of the company to commence work on the extension to Dallas as soon as the matter of bonuses has been settled and he thinks this will be very soon. When this part of the matter is settled the company will at once decide on the final route the road is to go from the main line of the Brazos Valley to Dallas. This point as yet is undecided. President Trumbull, when in Fort Worth recently, said that the starting point of the Dallas extension had not yet been settled, and when asked if he thought it would deflect from the main line at Mexia said he thought not. It will probably start at a point further north than Mexia, and the settlement of the bonuses of both Waxahachie and Corsicana will more than likely determine this point.

PROSPEROUS YEAR

Rock Island Officials Pleased at Record of Road

Local officials of the Rock Island system are feeling good over the record made by that road during the past year as shown by the annual reports of the officials, which indicate that the year was the most prosperous in the history of the company. The gross earnings were greater by \$12,000,000 than they were the preceding year, when they were \$16,000,000.

The net earnings of the year before were about 22 per cent of the gross earnings, but there will not be a correspondingly large increase in the net earnings for the last year, as in the gross earnings because of the great amount of money expended in improvements. Nevertheless, the net earnings are large.

TRAIN FOR PRESIDENT

Congress May Provide for Executive Trips

There is talk at Washington that during the winter session of congress a bill will be introduced for an appropriation to provide a special train for the use of the President and members of his cabinet whenever they may have occasion to travel in any part of the United States. Provision is also to be made for the operation of the train.

This action is to be taken to avoid similar embarrassment which President Roosevelt experienced in using special trains which he finds it impossible to pay for personally.

RAILROAD Y. M. C. A.

Organization Now Has 74,000 Paid Up Members

More than 74,000 railroad men are paid up members of the railroad department of the Young Men's Christian association, according to a recent statement made at the annual convention of the association. The membership has increased 12,000 in two years. Buildings to the number of 150, and valued at over \$2,500,000, are occupied. During the past 2,600 men have followed definite courses of study in the railroad department's educational classes. Successful organizations in three cities have demonstrated that this work is adapted to the needs of street railway men also. Six traveling railroad secretaries are employed by the international committee. Treating of the

work in general, the statement says: "The Railroad Young Men's Christian association movement has so fitted into the needs of railroad service that it has now come to be regarded on many roads as an essential factor in the railroad operation. It has demonstrated the practicability of interesting and uniting men from all departments of service in an organization that wins their enthusiastic loyalty and support in an effective stand for bettering physical, social, intellectual and spiritual conditions."

DO NOT WANT SAP

From Houston comes denial of a report that B. P. Youkam of the Hawley-Youkam syndicate is negotiating for the purchase of the San Antonio and Ataransas Pass road, which is to be a connection for the extension of the system into southeastern Texas. Vice President and General Manager Monserrate makes the statement that he does not believe that any such deal providing for the sale of the road to the Youkam people is being considered.

EXPRESS CHANGES

A. H. Hyslop has been appointed agent for the Wells-Fargo Express company at Galveston to succeed C. H. Theobald, and assumed charge of the position Wednesday morning. Mr. Theobald has been promoted to be route agent for the company under the direction of Superintendent G. A. Taffy of Houston.

BYRNE PRESIDENT

St. Claire Byrne has just been made chief clerk in the office of General Freight Agent Turner of the International and Great Northern at Palestine. He succeeds T. Ellis, recently named as traveling freight agent with headquarters at Houston. Mr. Byrne is well known in Fort Worth railroad circles.

James Hughes Testifies

Mr. James G. Hughes, Watchman Since 1861 at the Grain Elevators in Milwaukee, Wis., Who Used Duffy's 20 Years, Heartily Recommends the Great Tonic as a Positive Preventive for Coughs and Colds.

"I am now in my 66th year, strong, hale and hearty, and I regard Duffy's Pure Malt Whiskey as the one reliable family medicine." He writes:

"For more than twenty years I have used your great medicine for coughs and colds, and whenever my system became run down, and whenever I was acquainted with Duffy's when I first became acquainted with Duffy's when I was threatened with pneumonia. I am now in my sixty-sixth year, and although I have been exposed to all kinds of weather, for I have been a watchman at the grain elevators here since 1861, I am strong, hale and hearty. I regard Duffy's Pure Malt Whiskey as the one reliable family medicine."—James G. Hughes, 623 Walker St., Milwaukee, Wis., May 5, 1905.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malt without fusel oil. It arrests the progress of physical decay, strengthens the heart and enriches the blood. Doctors say it is "a form of food already digested," as it agrees with the most delicate stomach.

It is recognized everywhere as the unfailing cure for colds, bronchitis, consumption, nervousness, malaria, every form of stomach trouble, all diseases of the throat and lungs, and all run-down and weakened conditions of the body. It returns youthful vigor to the old and maintains the strength of the young. Duffy's is prescribed by doctors of all schools, is used in all the leading hospitals, and is the only whiskey recognized by the Government as a medicine.

BEWARE OF dangerous imitations and substitutes. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and are positively harmful. Look for the trademark, the "Old Chemist," on the label and be certain the seal over the cork is unbroken. All druggists and grocers, or direct, \$1.00 a bottle. Medical booklet free. Duffy Malt Whiskey Co., Rochester, N. Y.

GOVERNOR McCURTAIN'S SON PRAISES TELECONI

Gives a Remarkable Statement to the Press in Regard to the Treatment of His Wife by J. Austin Lawson

Two Statements Follow. One at Time Treatment Was Given and the Other After Course Was Completed

SOUTH McALESTER, I. T., Aug. 12.—(Special interest is felt in this city in the phenomenal healing power possessed by a man by the name of Larson, especially since some of the most prominent citizens of the Cherokee country have been cured by his magic touch. One case in particular that is attracting widespread attention is that of Mrs. McCurtain, wife of D. C. McCurtain, one of the most prominent attorneys in the territory, a son of Governor G. C. McCurtain. When seen at his home here, Mr. McCurtain's reply as to how much benefit Mrs. McCurtain had received from Prof. Larson's treatment was: "She is getting along fine. She has suffered from constipation from early childhood and has had to depend on medicine to superinduce an action of the bowels. Each remedy would soon lose its effect and then she would have to try something else. Under this treatment her old trouble has disappeared, and she is much better in other ways. Speaking for herself, Mrs. McCurtain said she was very much improved, was stronger and not nearly so nervous as she had been before she began the treatment. This man Larson has been doing a wonderful work in Kansas for the past two years and some of the people of South McAlester, who have known of his work seem to have faith in his ability to raise the dead. Be that as it may, he is certainly performing some very remarkable cures here.

Delaware Hotel Thursdays, Fridays and Saturdays of Each Week.

THE RESULTS ARE LASTING
The confirmatory statement of Mrs. McCurtain made after the course of treatment had been completed, shows that the cures effected by Larson are not for a day or a week, but are permanent. Answering an inquiry as to the results obtained, she said: "I am perfectly well now, and I consider this man's work little short of miraculous. I was skeptical at first, but the improvement was so certain from the first that I was soon fully convinced that I had at last found a cure. Now I know it, for as the weeks pass I have not the slightest symptoms of my old troubles." The above statement can be confirmed by writing to Governor McCurtain, South McAlester, I. T., his son, D. C. McCurtain, or any bank or business house in South McAlester. After Oct. 1, D. C. McCurtain can be reached at Washington, D. C., by writing him in care of the secretary of the interior, as he practices law before the department of interior during the meeting of congress.

Prof. Larson's treatment is entirely without medicine and his success is due to great personal power which has been fortified by education and personal experience.

CUTICURA CURED AT ONCE
"My child was a very delicate baby. A terrible sore and humor broke out on his body. Looking like raw flesh, and causing the child untold agony. My physician prescribed various remedies, none of which helped at all. I became discouraged and took the matter into my own hands, and tried Cuticura Soap and Cuticura Ointment with almost immediate success. Before the second week had passed the soreness was gone, not leaving a trace of anything. Mrs. Jeannette H. Block, 281 Kosedale St., Rochester, N. Y."

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Mrs. J. W. Lang and Mrs. S. Frake

Of all the diseases known, with which women are afflicted, kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so-called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing down pains, urine too frequent, scanty or high colored, producing scalding or burning, or deposits like brick dust in it; unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back running down the inside of her groin, she may be sure her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's ills.

CIGARETTE DEFENDED BY INDIANA DOCTOR

Says No More Harmful Than Any Other Form of Tobacco, Tea or Coffee

INDIANAPOLIS, Ind., Oct. 12.—The feature of Wednesday's session of the annual convention of the Mississippi Valley Medical Association was a defense of the cigarette by Dr. William B. Fletcher of this city, who declared that years of observation and experiment had convinced him that cigarettes were no more harmful than any other form of tobacco, tea or coffee.

Dr. Fletcher's treatment of the subject created a mild sensation among the 200 physicians present during the discussion which followed, several eminent

members of the profession agreed with Dr. Fletcher that an unreasonable prejudice exists against the cigarette, which they contended has been made a "scapegoat" in order to cover up some personal vice of the smoker.

Shooting of Cattle Thief Results in Banker's Arrest—More to Come

ST. PAUL, Minn., Oct. 12.—A special from Fargo, N. D., says: Stockmen of Montana and North Dakota are interested in a big cattle stealing sensation which is brewing in the northwestern part of the state, near the Montana line. A banker has been arrested in connection with the affair.

The attempted escape of a cattle thief who was caught by detectives employed by Montana stockmen led to his being shot, and on his person were found letters implicating the banker.

It is said a full exposure will involve dozens of men, one of whom is a United States official.

New Yorker Buys Plant

Sale of Shawnee Light and Power Company Is Made

SHAWNEE, Okla., Oct. 12.—The Shawnee Light and Power Company's property has been sold to Charles A. Frenau of New York City. The company went into the hands of a receiver after the J. J. Henry element got through with it over a year ago and J. W. Fisher was appointed. After months of trial and constant work the sale order of the court was made and the property passed over to its new owner, who will take charge as soon as the necessary preliminaries are arranged, which may require only a few days. The plant was appraised at \$150,000. Mr. Frenau, the new owner, is a capitalist of New York City.

LARGEST SHIP SAILS

Hamburg-American Steamer Amerika Bound from New York to Hamburg

HAMBURG, Oct. 12.—With her full capacity of passengers on board, the Hamburg-American liner's new steamer Amerika sailed for New York Wednesday. Her Ballin, a director of the line, was among the passengers.

The Amerika, the world's largest ship, is of about 22,000 tons register and is intended for the service between Hamburg and New York. She can carry 16,000 tons of cargo and about 4,000 passengers and crew. She is 687 feet long, 74 feet 6 inches wide and 53 feet deep.

LORD, THE OPTICIAN 713 Main Street

CATARRH FIRST A COLD THEN CATARRH THEN CONSUMPTION

A cold in the head is a common ailment, but it rarely ever stops there. It often grows stubborn and protracted, the mucous membranes, or inner lining of the body, become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and soon produces that disgusting disease, Catarrh. Then follow the unpleasant symptoms of "hawking and spitting," ringing noises in the ears, headache, poor appetite, mucus dropping back into the throat, and a feeling of general debility. Every day the blood becomes more heavily loaded with these poisonous secretions, and if the trouble is allowed to run on, the lungs become diseased from the constant passage of poisoned blood through them, and then Catarrh terminates in the most dreaded and fatal of all diseases, Consumption. The only way to get rid of Catarrh permanently is to cleanse the blood, and S. S. S. is the ideal remedy for this purpose. It soon clears the system of all impurities, purges the blood of all Catarrhal matter and poisons, and effectually checks the progress of this dangerous and far-reaching disease. S. S. S. keeps the blood in perfect order so that Catarrh cannot remain; and as this pure, healthy blood goes to every nook and corner of the body, the entire system is strengthened and invigorated, and the symptoms all pass away. Book with information about Catarrh and medical advice free.

POLY STUDENTS TO HAVE PARADE

Will March in Main and Houston Streets Headed by College Band

Plans are being made by Polytechnic College authorities for a big celebration in the city within the next two weeks. Special cars are to be hired to bring the entire body of students into town. When the cars arrive at the Texas and Pacific passenger station they will leave the cars and march up Houston street to the court house, and then down Main street, where the cars will again be taken for a ride around the City Belt and then out to North Fort Worth, where a party will be made through the packing houses. After that the cars will again take the students back to the college.

The students will be led in the parade by the college band, which is composed entirely of college boys. At present there are nineteen pieces in the band, which are rehearsing daily. The college band was organized for the first time last year, and proved to be a tremendous success. It is now the pride of the institution.

The enrollment list is still going steadily toward the 600 mark set at the beginning of the year. The attendance mark is now at 485 and is being added to almost daily.

Enlarge Music Department. The music department is having trouble to keep pace with the increased demand. The allotted space has been filled to overflowing three times this year and more time more space has been given. Work of fitting up a set of new rooms for its use is going on rapidly and within a few days there will be room for all.

No Students Hit. One of the most pleasing features of the college this year is the absolute freedom from sickness prevailing. There has not been a single case of illness among the students or teachers since the opening school.

Girls' Society. Thursday was the day of meeting of the girls' literary societies. These societies have rooms on either side of the auditorium on the top floor of the new building. They are models of neatness and precision and are the pride of the members of each society. Each society has a piano and excellent pictures in the wall.

The program of the Kappa Alpha society yesterday dealt with Robert Burns. The program was as follows: Sketch of Life of Burns—Pearl Brown; Demo solo—Luelle Coffman; Reading—Nell DeKey; Journal—Lilly Melan; Poem—Myrtle Layton; Music—Cady Smith.

Boys' Societies. The two boys' societies meet on Monday mornings. The program of the Philanthropic society for next Monday is as follows: Declaration—J. W. Hawkins; Music—Philo Quartet; Oration—B. E. McGlamery; College Clean-up—R. A. Dunn; Debate—Resolved, That the Government of the United States is Preferable for a Progressive People to the English Government; affirmative, C. C. McKinney and N. A. Martin; negative, A. V. Dowdy and M. J. Latham.

The program of the Adversity society for next Monday is as follows: Oration, "The Temple of Fame," H. C. Sterling; Story—G. P. Nelson; Music—Adversity Quartet; Debate—Resolved, That Our Government Should Discontinue Gathering and Publishing Crop Reports; affirmative, G. W. Ward, Edwin Denton and Edgar Hamilton; negative, N. D. Wells, Hans Green and Buford Brown.

The Pike at St. Louis, S. G. Hays. College Notes. The college girls have organized three tennis clubs and will shortly start a tennis tournament.

DR. PRICE'S Cream Baking Powder

A PURE, WHOLESOME, RELIABLE CREAM OF TARTAR BAKING POWDER

Its superiority is unquestioned Its fame world-wide Its use a protection and a guarantee against alum food

Cream of tartar is derived from grapes. It is used in Dr. Price's Baking Powder in the exact form and composition in which it occurs in that luscious, healthful fruit. A pound of rich, ripe grapes contains a quantity of cream of tartar equivalent to that required to make baking powder sufficient to raise a dozen ordinary-sized hot tea biscuit. The healthfulness of Dr. Price's Cream Baking Powder is beyond question.

Alum Baking Powders are Condemned by Physicians

Fifty-two different brands of alum and alum-phosphate baking powders were recently analyzed by an official chemist. In every one of these fifty-two different brands sulphuric acid was reported in large quantities, frequently greater than twenty-five per cent of the whole weight of the baking powder!

Chemical tests show that a portion of the alum from alum baking powder remains as such and unaltered in the bread.

Alum baking powders are extravagant. They cost but two cents a pound to make, yet they are sold at twenty-five cents a pound, or twenty-five ounces for twenty-five cents.

But, can the housewife afford, no matter at what price, to use a baking powder which puts alum and sulphuric acid in her food?

Roosevelt Loved by the Entire World

Belgian Monarch Has Picture in His Bedroom—Kaiser Looks Like President. WASHINGTON, Oct. 13.—Representative Bartholdt of St. Louis, chairman of the American delegation to the interparliamentary conference at Brussels, who had an extended interview with President Roosevelt today, informed the President that he was held in the most cordial estimation by the rulers of European powers. The king of the Belgians, Mr. Bartholdt said, has hanging in his bedroom a handsome portrait of the President, and he assured Mr. Bartholdt the portrait was the first object he saw every day. He presented a personal message of felicitation from Emperor William of Germany. Mr. Bartholdt said to an interviewer: "The German emperor is the most intense American in Europe. He is genial and democratic, chats frankly, and really reminds one strongly of President Roosevelt. The king of Belgium is charming in demeanor and frank in conversation but does not shake hands with his visitors. Americans are admired in Belgium and it is to be noted that English—the English of the United States—is spoken very generally in the country."

TEXANS ELECTED

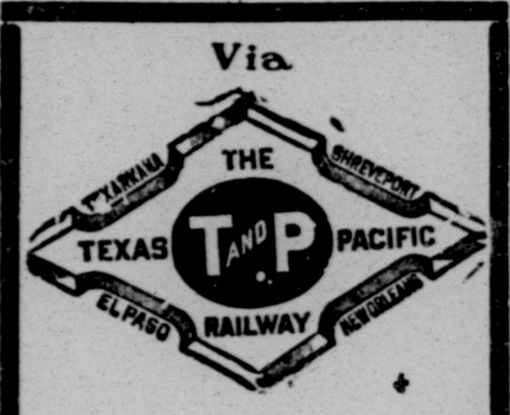

Two Texans have been elected officers of the Colorado chautauqua at Boulder. Eowin Chamberlain of San Antonio as president and Professor J. L. Long, superintendent of public schools at Dallas, one of the three-year-term directors. The annual board meeting has just been held at Boulder, at which arrangements were completed for pushing the work for the year 1906, which session will be the ninth of that association, originally known as the Texas-Colorado Chautauqua. A guarantee fund committee was selected for the purpose of making certain the money required for the 1906 meeting. It is the intention of the association to make the coming session one of the most successful yet held. The Colorado and Southern Railroad Company has agreed to make its usual donation to this fund. New Company Formed. The Texas Advertising and Manufacturing Company has been organized in this city with a capital stock placed at \$50,000. Officers of the company are: Amos G. Carter, president and manager; Floyd A. Demier, vice president; George L. Bowdler, treasurer, and Hard Butler, secretary.

THE ROOT OF THE MATTER

He Cured Himself of Serious Stomach Troubles, by Getting Down to First Principles. A man of large affairs in one of our prominent eastern cities, by too close attention to business, too little exercise and too many club dinners, finally became very nature's law, leaved in the form of chronic stomach trouble. The failure of his digestion brought about a nervous irritability making it impossible to apply himself to his daily business and finally compelling the kidneys and heart.

GALVESTON IS NEXT IN COTTON EXPORTS

In Past Twelve Months Texas Gulf Port Has Sent Out 60,308 Less Than New Orleans. GALVESTON, Texas, Oct. 13.—According to the census report of the bureau of statistics as published Wednesday the port of New Orleans took first rank in foreign exports of cotton. According to the census figures New Orleans exported 247,721 bales of cotton during the twelve months ending Sept. 1, 1905, as against exports from the port of Galveston of 2,287,413 bales, or 60,308 bales less than was exported from the port of New Orleans. Again taking the government figures for comparison as per the report of the bureau of statistics, department of commerce and labor, Galveston exported 1,252,796,745 pounds of cotton valued at \$121,581,047 for the year ending Sept. 1, 1905, as against exports from New Orleans of 1,104,584,532, or a difference in favor of Galveston of 145,212,213 pounds and a value of \$8,232,154. In other words, the cotton bales exported through the port of Galveston were heavier. According to the weights given by the bureau of statistics the bales ex-

We know of nothing that would improve our product. Perfection in the distiller's art has been reached in HAYNER WHISKEY, which goes direct from our distillery to YOU, with all of its original purity, strength, richness and flavor. It doesn't pass through the hands of any dealer or middleman to adulterate. You thus save the dealers' big profits. You buy at the distiller's price, at first cost. Don't you see the economy in buying HAYNER WHISKEY, as well as the certainty of getting absolutely pure whiskey?

HAYNER WHISKEY

GARAGE COMPANY ORGANIZED HERE

Automobile Owners Subscribe Stock of Institution and Name Directors

The automobile owners met at Worth hotel Thursday night and completed arrangements for the new club and garage. The meeting was the most successful in the matter of attendance that has been held since the plan was first started. A large number of owners of machines in the city and Arlington Heights were present. The capital stock has now all been taken up by the different owners interested in the organization.

Three directors for the club were chosen at the meeting last night, to have charge of the matter of applying for a state charter and the selection of a site for the garage, which is to be built. The company will be chartered with a capital stock of \$10,000. The directors chosen at the meeting were M. B. Sanguinet, A. B. Wharton and C. P. Reimetz.

The directors will hold a meeting in the near future to decide on the site of the garage. Several places are now under consideration, and the one most convenient to the most members of the club will probably be chosen. Work on the garage will be pushed as fast as possible.

BOY CRUSHED UNDER IRON STREET ROLLER

Roger Purcell Killed Almost Instantly Thursday Night While at Play

Roger Purcell 5 years of age, lost his life Thursday afternoon about 6 o'clock while playing at the corner of Sixteenth and Calhoun streets. A wagon passed pulling a heavy roller used in paving.

Forrest Calvin, who was driving the wagon, had his attention attracted to the boy just as he fell, and although he was moving at a very slow rate, he could not stop the team in time to save the child. The roller had already passed over a sufficient part of the body to cause fatal injuries and death resulted a few moments later.

The inquest was held Thursday night. The boy lived with a relative, R. C. Healey, 209 East Fifteenth street. Funeral arrangements have not been made yet, as the boy's parents live in St. Louis and have not yet arrived.

AMUSEMENTS

"BLACK PATTI TROUBADOURS"

The Black Patti Troubadours, from whose ranks have developed many illustrious and accomplished stage geniuses, and which is considered the most perfect and best equipped aggregation of colored singers and dancers in the world, will be the attraction at Greenwall's opera house Monday matinee and night, Oct. 16. The company this season includes Black Patti (Mrs. Sissieretta Jones), the greatest singer of her race; John Rucker, "The Alabama Blossom"; Al Watts, the dramatic; Harry Kration, the wonderful hoop roller; Chauncey Ver Valin, the musical wizard; and two score others will be seen in the embellished laughing and sweet specialty hit—"Loney Dreamland"; "The Pinafore Review"; "Southland Scenes" and a very fine vaudeville olio.

All the acts will be presented with appropriate scenery, costumes and illuminating effects and an augmented chorus. Black Patti will appear as Josephine in the 15-minute review of Gilbert & Sullivan's "Pinafore," also in the "Southland Scenes." The latter number will introduce the accomplished star in a series of picturesque scenes illustrating the negro folk songs and dances. "The Swanee River," "Kentucky Home," "Dixie," and other old-time darkey melodies will be rendered by Black Patti and the stinging forces in the "Southland Scenes," followed by characteristic dances.

"AN ARISTOCRATIC TRAMP"

"An Aristocratic Tramp," with Kilroy and Britton heading a big company of the best talent from the east, will be the attraction at Greenwall's opera house Tuesday matinee and night, Oct. 17. "An Aristocratic Tramp" is unlike any other play with a so-called tramp title in that it appeals to and pleases the mother, father, son and daughter alike. It fields a beautiful story and makes an evening entertainment worthy the careful attention of every amusement seeker.

Bridge Breaks

A. E. Kujawski of 1413 Main street has made complaint to the county commissioners of the condition of a small bridge on the Randall's Mill road, about six miles from this city. Tuesday night while driving along the road with Lucid Dillard, a fine luggy horse recently purchased by

Druggist R. A. Anderson Says He Does Not Charge Anything for Vinol Unless it Gives Satisfactory Results

When asked by a reporter of The Telegram how he could make such a broad offer in regard to any medicine, Mr. Anderson replied: "If Vinol were a patent or secret preparation it would be another thing, but it is not, everything it contains is named on the label.

"Vinol is simply the up-to-date form of administering cod liver oil, which for centuries has been recognized as the grandest of all body-building agents for wasted human strength and vitality, and during the last five years we have seen it produce such grand results that we are now willing to back it with any kind of a guarantee.

"In Vinol we have simply done away with the useless, system-clogging oil and have given to the people all the medicinal, body-building elements of cod liver oil in a highly concentrated and deliciously palatable form, and we have never sold in our store a medicine of more curative and strengthening value than Vinol, and if the people of Fort Worth only realized its value we would not have clerks enough in our store to supply the demand for it. In a natural manner Vinol tones up the digestive organs, makes rich red blood and creates strength. We can only ask the people of Fort Worth to try it on our guarantee." R. A. Anderson, Druggist.

FOUND IN LAKE WITH ROPE ABOUT NECK

Chicago Detectives Begin Investigation of Mysterious Death—Man Thought to be Laborer

CHICAGO, Oct. 12.—The body of an unidentified man with a rope tied about the neck was found in the lake at the foot of Twelfth street yesterday. Detectives have begun an investigation to determine the manner of death. Apparently the body had been in the water for several days. The body was that of a man about 30 or 35 years old, 5 feet 10 inches in height and of a heavy build. The hair and mustache are brown and the face is tanned. The police believe the man was a laborer.
